Recognize any faces in this treasured photograph belonging to Mrs. Forest Jones. Some of the names have been written in on the picture.

A firefighter remembers the Don Beach days

Dear editor,

Your excellent article on Don Beach's memories of the Fire Department brought back an interesting sidelight pertaining to the purchase and operation of the first pumper.

As our village fire fighting equipment has deteriorated to 1 ladder - 16 12-quart pails and a hand drawn 50-gallon chemical extinguisher, something had to be done to upgrade the department.

Ben DeLisle, who was village president, heard of a pumper for sale at Orion. The whole council, of which I was a member,

motored over to that lake side city, and watched a demonstration of the machine. It was down by the lake and as they turned the hose on a nearby building, taking out a window, and as the stream mounted to the roof, the shingles flew off clear to the ridge, the then mayor who was the demonstration boss remarked,

"Now we have a \$50 damage claim to settle."

To make a long story short, we bought the machine for \$600. We had no money in the treasury. We had to borrow it. Mrs.

Read on Main Street loaned us the money, and it was her property that was saved by the same machine. This 2 a.m. fire started in the attached garage. As it was several long minutes before we could get water, owing to muck plugging the intake hose, while the firemen were

waiting for pressure, I overheard one of our lady citizens, who was noted for her sharp tongue, say, "Now, if they could only get that 'syringe' to work, maybe they could do something."

Well it worked, saved the house, but

the garage was gutted.

Another thing I remember was that all our big fires happened in the "wee, small hours" and we always had a good audience of ladies clad in nighties, robes and curlers.

That pumper with its powerful Buda motor, delivering 600 gallons per minute from 2 lines of hose, paid for itself many times over, and it was always in top working order, thank to Erwin Baker and Jud Skarritt, our village mechanics.

Yours truly,
Alton Wompole

Jim's Jottings

By Jim Sherman

One of our avid readers has bawled me out for giving so little good advice to our now graduated son, Jim, and others. Neither of the other two avid readers complained.

In my case, being in the publishing business has exposed me to a lot of profound writing and to a few wise people. That so little of the "smarts" has rubbed off on me (and, stuck) makes me humble in giving advice to others - particularly to those who see me on a day to day basis.

Now, first off, Jim is a pretty good, level-headed kid. By today's standards, he's given us relatively few bad times. He certainly isn't a square but he is a square-shooter.

That dates me but not him. Detailed instructions on how to wipe his nose may no longer be needed. He has not recently asked for this kind of parental advice.

Maybe my reader's complaint was really based on the now outdated concept that publishers and editors are supposed to have more common sense than the average man on the street.

One of the few gems of wisdom that does come to mind is a phrase that I heard years ago when I was working for the Clinton County Republican News. Maybe it was original with one of my bosses but more likely he heard it from his grandfather.

The wording of this philosophical jewel is simple, "plan your work and work your plan".

My big hang-up in passing on this wonderful guide-line to Jim or to anyone else is that I might then be asked how it has helped me. Maybe, then, I'd duck the question by mimicking the TV commercial and recommending "try it - you'll like it."

If that quip doesn't get me off the hook; if I'm still pressed for a direct answer; I'll be in bad trouble... If I am pinned down to report on a day or even an instance when I have completely planned my work and fully worked my plan - I'll just have to "eat the whole thing".

Trim will stay in Springfield

Springfield Township Supervisor Claude Trim has announced his withdrawal from the County Commissioner election in District 2 which includes Springfield Township as well as part of the Village of Clarkston and southwesterly section of Independence Township.

Trim, who also filed nominating petitions to regain his seat as township supervisor, has learned he faces no opposition in that race, either from among his own Democratic party or the Republicans. He has decided to return to the township, he said.

"I filed for District 2 County Commissioner because the northwestern part of the county is in a critical growth period," Trim said. "It needs qualified representation on the county level."

He continued, "Since Mrs. Alice M. Davies has filed for District 2 Commissioner, I am withdrawing my petition in full support of her for County Commissioner. Therefore I will seek the office of Springfield Township Supervisor.

"I feel with her varied experiences

and record as president of the Huron Valley School Board which has been outstanding, Mrs. Davies will be able to give us the representation that is needed."

Trim said he hoped to complete five projects in the township which have been initiated in the last two years.

They are, he said, setting up a state recommended assessment land and building file card for a more accurate and equitable assessment.

Converting the present assessment roll to the Sidwell system.

Revamping the building department to keep up with the rapid growth of the area. Having recently hired Ron Vore as an electrical inspector and Gary Lessel as plumbing inspector, this will give the township a 3-man team to enforce the building code, the supervisor noted.

The township is in the process of working on a master plan to protect the citizens from the influx of developers and to help plan future growth of the township.

The fire department is about to move into its new fire station and the township is in the process of setting up a budget for its operation, Trim concluded.

Sesame Street characters lit at the Lankton home at 9567 Andersonville Road recently to help Julie Lankton (from left, rear), Lisa Baker, Brad Black (and front row) Raymond Vandakolk, Denise Lankton and Dennis Lankton raise \$13 for the Detroit Zoo. The kids put on "Sesame Street" in the Lankton basement for 11 people. The money was raised from a 2 cents or more admission fee and donations.

Rosso elected

Larry Rosso has been elected president of the Clarkston Education Association for a one-year term. Assisting him will be Tim Kaul, vice president; Neil Granlund, treasurer; and Jan Kirchgessner, secretary.

Bill Rathburg was named Region 7 delegate.

Rogers named village clerk

Bruce Rogers

Bruce Rogers, a teacher at Clarkston Elementary School, has been appointed village clerk to replace Artemus Pappas retiring after ten years in the job. His appointment becomes effective July 1, according to Village President Richard Johnston.

Rogers, who lives at 29 E. Washington, is also a member of the Independence Township Building Authority.

Other changes will take place at the same time. Pappas, former clerk, has agreed to take on the treasurer's duties previously handled by his wife, Mary Ann, during the changeover.

Both appointments will be effective until the village elections next spring.

Hearing next

A public hearing on the rezoning of Sage-owned property adjacent to Surrey Lane off Holcomb is the next order of business for village officials.

Forrest Milzow, a builder, and Mrs. Howard Sage, owner of the property, have petitioned for rezoning of less than three acres from residential to multiple to accommodate more apartment buildings such as Milzow's Surrey Lane development.

The Village Board of Appeals has reportedly recommended approval of the rezoning. It will now be up to the council to schedule a public hearing before taking action on the matter, according to Clark Artemus Pappas.

The dries hit

County officials report three homeowners in the Maybee-Clintonville area have lost well water supplies as construction for the Independence arm of the Oakland-Clinton Sewer gets underway.

The families, according to County DPW Director R. J. Alexander, have been furnished with cans of water, courtesy of the DPW.

Alexander notes the depletion of wells is an unfortunate sidelight of construction — there are 75 families affected presently in the county, he says — but he says the wells always come back once work is complete.

The county has six 500 gallon tanks which it moves into areas where the affect has been severe; and hundreds of five gallon jugs which it delivers at the rate of five a day to dry families. It's a seven-day-a-week operation, the director said.

"It's an obligation we're not legally liable for," Alexander said. "We're supplying the water from a moral responsibility standpoint."

He said in some cases dry homes had been able to connect up with their neighbor's water system, and that some had purchased 200-gallon tanks which the county keeps filled.

Saving the land for future generations

People such as Nelson Kimball of 72 N. Main are part of a growing band of people dedicated to the idea that the open fields, the swamps, the stands of trees inherent to yesterday need not be lost.

Kimball is president of the newly organized Independence Township Land Conservancy, a non-profit organization set up for the express purpose of accepting or buying, if need be, deeds to land which its members and others feel should be preserved, both for the balance of nature and for esthetic reasons.

The group organized when Supervisor Gary Stonerock formed the Independence Township Association, Kimball recalls. He attended the ITA sessions and became involved with Jim Lowe in the mapping of the community.

When plans for development of a community land trust were discussed, he was asked to head the committee. Kimball found the goals interesting, but he felt the land group should be autonomous from all other township functions.

It was then, he recalls, that Carl Brendle set up the incorporation proceeding and the group attained its tax deductible status.

The Independence Township group got its first good boost at an Oakland University seminar as they heard William Whyte, author of "The Last Landscape," discuss his views; and they learned, too, that Independence Township was far ahead of other areas in the state seeking to do something about land preservation.

Independence was aware of an old 1911 law which set up the rights of a corporation to buy land and hold it for parks.

"The law was ideal for our purposes," Kimball explained.

"The principal problem was really in getting ourselves educated, and when we felt we had enough know-how, we printed our Land Conservancy booklet."

The booklet was authored by Kimball and Jerome Wilford. It was well accepted, Kimball recalls, by the township board and planning commission and by the village council.

Now, Kimball says, there is work underway to begin accumulating property. John DeLind owns a portion of the peninsula that juts out into Parke Lake, and he has reportedly offered it to the group.

Kimball notes the irony that there was a time when DeLind owned the whole peninsula and he offered it all to the village. It was turned down then, Kimball recalls, and DeLind sold a large part of it.

"Now we may have to buy it," he says.

As the book says, "Unless something is done that is not being done today, the open spaces of our countryside will be filled with buildings and the natural shorelines of our lakes will be replaced

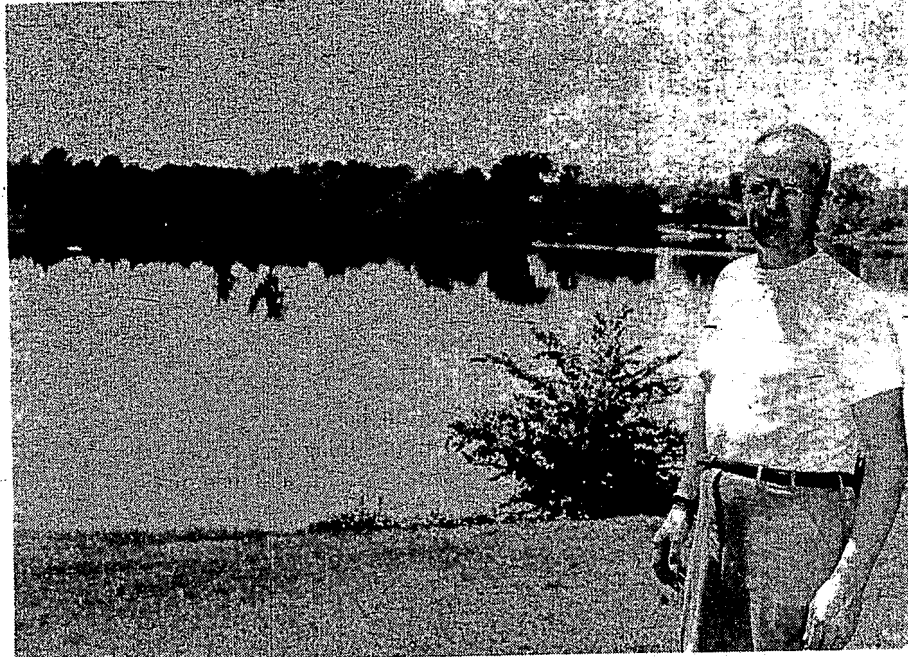

Join the parade, firemen ask

There's still time to enter a float in the Clarkston Fourth of July parade, according to the Independence Township Fire Department.

The parade, to feature the department's clown crew noted for its lavish distribution of candy, will start at 10 a.m. July 4 in Clarkston.

Theme of the parade this year is "Patriotism". Cash prizes will be awarded to winning entries as selected by a panel of judges.

Further information is available by calling 625-1924 or 625-4646.

Nelson Kimball surveys the Parke Lake peninsula his conservancy group hopes to acquire.

with condominiums."

The conservancy is dedicated to preserve the natural and historic resources of the township... including water resources, swamps, woodlands, open spaces, plant and animal life.

It is also dedicated to promote scientific study and to inform the public regarding natural, cultural and ecological values... and to use all property controlled by the conservancy exclusively for the benefit of all the inhabitants of Independence Township.

The conservancy group hopes to acquire land by buying it with donated

funds, by encouraging neighborhood groups to buy and donate local open spaces that are important to their environment, by receiving land from developers who want to comply with goals of planning boards, by accepting gifts of land from property owners who want to maintain the beauty of the countryside and who also want tax benefits.

They also hope to obtain property by working with individuals and organizations to create "living memorials", and by receiving bequests of land from civic minded individuals.

It's Deer Lake Beach

Clarkston Area Jaycees won't have the Deer Lake beach they've just reclaimed named after them, but they will get a plaque installed on the fence crediting them with their work.

Jaycees were also presented township resolutions last week thanking them for the recent \$6,000 improvement to the area.

The name Deer Lake Beach was chosen as the official designation for the area. Jaycee President John Sackrider told the board his main interest was in seeing the beach named, whether it was named for the Jaycees or not.

The area will also get a security-proof storage shed, designed to foil light fingered thieves who have in the past taken safety equipment stored in the present shelter.

A fight between Supervisor Gary Stonerock and Trustee Tom Bullen, which erupted over the supervisor's plans for remodeling at the township hall, ended with Stonerock's proposal that the \$950 set aside for township hall lot beautification be transferred for use at the beach.

Stonerock pointed out that sewer construction in the next year would likely destroy any beautification undertaken at the hall at the present time.

The money will augment \$1,000 which the Jaycees have set aside for the building of the shed.

Bill Halsey, the Jaycee member in charge of the beach project, assailed the township board for an alleged lack of maintenance at the beach and questioned whether or not shorter hours would be imposed at the beach.

He was told the beach will be in use weekday mornings for Recreation Department sponsored swim lessons, but the public will also be permitted to swim at the same time.

Timothy Doyle, recently appointed recreation director, said the budget is still in shape to pay for the lifeguards needed from 10 a.m. to 8 p.m. daily.

The slowness of grass cutting was admitted by Clerk J. Edwin Glennie. He said it was due to a shortage of employes, but he pointed out that it has been cut.

"I don't think you're justified in being this upset," he told Halsey who had threatened to turn in his beach key.

Promoted

Mel Vaara, 6932 W. Church, is the newly named curriculum coordinator for the Clarkston School System. Formerly principal of both Sashabaw and Clarkston Junior High Schools, he is now part of the district administrative staff with offices in the Administration Building on Clarkston Road. Vaara is married and the father of four girls.

We'll miss him

EDITORIAL

People of the Clarkston-Independence area know a good man when they see one. They turned out in force Tuesday night to honor retired Fire Chief Don Beach.

It takes a special kind of man to last 30 years at any job. One of the nature which Beach fulfilled

requires a personal dedication over and above the qualities written into the job description.

Beach was amply supplied with both ability and dedication.

The people of Clarkston and Independence Township will miss him. They said so in the best way possible Tuesday night.

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS June 28, 1962

Six girls from Clarkston Varsity Cheerleading Squad attended the Cheerleading camp at Hartland, Michigan. The Clarkston girls walked off with the third place trophy.

Mr. and Mrs. David McInnes of M-15 celebrated their 25th wedding anniversary June 19th.

The Max Foggs family of Peach Drive returned home from their two weeks vacation. The Foggs spent a week at Panama City, Florida then to Ardmore, Alabama.

25 YEARS AGO IN THE CLARKSTON NEWS June 27, 1947

Born to Mr. and Mrs. Frank Green a 6 lb., 12 oz. son, Melvin Dale, on June 19th at St. Joseph Hospital.

Several birthdays were recognized in the Methodist Sunday School last Sunday morning. Jean Porritt 10, Mary Jo Pettenfill 17, Marjorie Jones 17, Joan Johnston 17.

Mr. and Mrs. John Shaughnessy of Clarkston announce the engagement of their daughter, Nora Louise, to William Reuter.

Beverly Jean Cole, 8 year old granddaughter of Mr. and Mrs. Ralph Cole is beginning her singing career quite early. She is heard over the Flint station, WWOK every Saturday morning.

The Clarkston Methodist Church was the scene of a pretty wedding when Joyce A. Stitt and Richard E. Masters spoke their nuptial vows.

Among those who received awards at the Scout Camporee at Rochester was Roy Johnson of Explorer Post No. 49 of Clarkston who received the woodman rank.

"If It Fitz . . ."

How to tell a racist?

By Jim Fitzgerald

The U.S. Supreme Court, in its lofty wisdom, has ruled it is legal for the Elks and the Moose and other private clubs to refuse to serve booze to Negroes.

Isn't that marvelous? An important blow has been struck for the right of privacy.

This particular dispute was started by LeRoy Irvis, the majority leader of the Pennsylvania House of Representatives. A member of the Harrisburg Moose lodge invited Irvis inside for dinner. The lodge refused to serve him. Irvis is black. I guess Moose are white. I don't know for sure because I'm not positive I ever saw a Moose. Are they the ones that wear strange hats and shake hands funny?

Anyway, Irvis went to court. He charged that because the club held a liquor license from the state, it was subject to the 14th amendment guarantee of equal rights and could not practice racial discrimination. A lower

federal court agreed with Irvis, but the Supreme Court didn't by a 6-3 vote.

The majority opinion ruled the liquor license didn't make "the state in any realistic sense a partner . . . in the club's enterprise." In a losing cause, the dissenting judges said the liquor licensing lent state sanction "to the sordid business of racial discrimination."

OK, the majority has spoken, that's how the system works, and God bless all Nixon appointees who win Senate approval.

But let's get back to that part where I said I'm not sure what a Moose looks like. This hits on something that has bugged me for many years.

The bigots have a tremendous advantage over us bleeding hearts. They can recognize a Negro 2 blocks away, giving them plenty of time to turn their backs, hide their sisters, close the lights, or hang up the "no vacancy" sign. A really good

bigot also needs only 1 quick glance to recognize a Jew or a Puerto Rican or an Indian or a yellow gook.

But how can you recognize a bigot before it's too late? There are no distinguishing physical characteristics, such as purple complexion or vertical eyes. You might buy a guy a drink and invite him home for dinner before you learn that he genuflects reverently toward Argentina every noon just in case Hitler is still alive and well.

Rep Irvis probably had no idea he would be humiliated at the Harrisburg Moose lodge. I'm sure there are some Moose lodges that would have welcomed him. If he had known that these particular Moose were racists, he might well have eaten at Howard Johnson's instead. Few people want to go where they will be spit on.

There should be a law forcing the Harrisburg lodge and other

such clubs to hang out signs listing exactly which people are not welcome inside. This would save a lot of embarrassment. It would also let outsiders know where the local jerks can be seen, in case they have some spare time after visiting the zoo.

But this wouldn't solve the problem of quickly indentifying the individual racist once he has crawled out from under his marked rock. Perhaps he could be required to wear a special lapel pin. It could be sort of a ruptured Negro, with a boot kicking his fanny, with a swastika in the background.

Racists can tell at a glance who to hate. It should be equally as easy to spot a racist before he starts spitting. Fair is fair, as the Supreme Court should agree.

I don't want to guess who's coming to dinner. If it's a Harrisburg Moose, I want to know in time to paint my daughter black.

It is a good poem

The enclosed copy is a poem written by an unknown that was run in a 1971 monthly issue of this society's International magazine, "The Harmonizer".

I was so taken by this poem that I thought first of your paper in thinking that you might want to share it with your readers. Perhaps I should have thought first of the Oakland Press as we are chartered a Pontiac Chapter. However,

thinking back I remind myself of all the terrific co-operation your paper has given to us and the great help you have been with our annual show publicity (the Parade of Quartets) . . .

In all actuality, we the Pontiac Chapter S.P.E.B.S.Q.S.A. owe you a great deal of thanks.

Chord-ually yours
Lee Frayer
Public Relations

THE HELL BOUND TRAIN

A Texas cowboy lay down on a barroom floor
having drunk so much he would drink no more
so he fell asleep with a troubled brain
to dream that he rode on a hell bound train

The engine with murderous blood was damp
and was brilliantly lit with a brimstone lamp
an imp for fuel was shoveling bones
while the furnace rang with a thousand groans

The boiler was filled with lager beer
and the devil himself was the engineer
the passengers were a motley crew
church member, Athiest, Gentile and Jew

Rich men in broadcloth, beggars in rags
handsome young ladies and withered old hags
yellow and black men, red brown and white
all chained together, my god what a sight!

While the train rushed on at an awful pace
the sulphurous fumes scorched their hands and face
wider and wider the country grew
and faster and faster the engine flew

Louder and louder the thunder crashed
and brighter and brighter the lightning flashed
hotter and hotter the air became
till the clothes were burned from each quivering frame

And out of the distance there arose a yell
ah, ha! said the devil "we're nearing hell!"
then oh how the passengers all shrieked with pain
and begged the devil to stop the train

But he capered about and danced with glee
and laughed and joked at their misery
my faithful friends you have done the work
and the devil never can a payday shirk

You've bullied the weak, you've robbed the poor
the starving brother you've turned from your door
you've laid up gold where the canker rust
and have given freely of your beastly lust

You've justice scorned and corruption sown
and trampled the laws of nature down
you have drunk, rioted cheated and lied
and mocked at GOD in your hell-born pride

You have paid full fare so I'll carry you through
for it's only right you should have your due
why the laborer always expects his hire
so I'll land you safe in the lake of fire

Where your flesh will waste in the flames
that roar
and myimps torment you forever more

Then the cowboy awoke with an anguished cry
his clothes wet with sweat and hair
standing high

The he prayed as he had never prayed till that hour
to be saved from his sin and the demons power
and his prayers and vows were not in vain
for he never rode the hell-bound train!

unknown

Sewer information

To the editor:

I have been asked by several people about the Sanitary Sewer House Lead Location form distributed by the county recently. Answers to most of the questions follow.

This sewer is for house plumbing only. It is not a storm drain for ditches, roads, swamps, etc. The main line to Detroit should be done this August, but we will not hook up until August of 1973, and then only if you want to.

Generally the line is put on the north or west side of the road, and will be brought under the road to your front property line. If your street is 60 feet wide, the lead will stop approximately 30 feet from the center of the road. The county will not hook up to your house.

There will be approximately a \$3,000 tap-in fee. No accurate figures are available yet, but it will be based on tap-ins only, not frontage on the street. You will have to pay about \$400 to put the pipe from your property line to your house.

Can you do this work yourself? The township has not decided this as yet. I would hope so, of done under a permit with approved materials. The septic tank must either be removed or pumped out, then filled with earth.

As for the location of the lead, this is important enough to call the DPW at 338-7021, extension 35, if there is any question. Most of us have septic systems that are in the back yard, so plan on going around the house the shortest way. You will have to pay out of your pocket for any shrubs to be moved, etc., so this must be considered as well as any planned additions to the house.

In general, a six foot deep lead is adequate for a slab house. A basement house may require a 10-foot deep lead. To assure the lead is where you want it, put an old broomstick at your front line where you want the lead. Tie on it a tag with the depth desired - six feet or 10 feet.

Good luck and happy special tax assessment.

Keith A. Humbert

A government for the people

Dear Editor:

The above statement is one of Stonerock's Campaign statements in 1970.

On May 16 voters of the Township defeated a proposal he has championed to increase the Township trustees from two to four.

This did not phase our Dictator one

bit. On May 23 at the township meeting, he was voted down when he moved to have a trustee elected from each of four divisions of the township. He blatantly ignored the voters mandate.

A government for the people, or a government for Stonerock? Dictator? Bulldog? or Goat?

Paul Frechette

"Don't eat lettuce"

Dear Editor:

United Farm Workers: The lettuce pickers are asking that you not eat or buy any more head lettuce until they have won their rights.

A very small percentage of growers has signed collective agreements and that lettuce is marked with the Farm Workers Union Label, "a Black Aztec Eagle".

By not eating lettuce you will be telling the growers that you do not support their policy of exploitation, and

you will be telling the farm workers that you support their struggle for justice and dignity.

Giving up lettuce is a small price to pay for the freedom of the farm workers.

Caesar Chavez, President UFW, almost gave up his life in this fight. The least we can do is give-up HEAD LETTUCE.

Sincerely,
Don Constable
6140 Waldon Rd.

Letters to the Editor

Qualifications listed

Dear Editor,

I have been working for the township for some time now. I have had a good opportunity to observe the problems and conflicts that face the community. I feel that a good supervisor should have the professional competence, experience and background to win the confidence of those he works with.

He should be familiar with municipal budgeting and finance.

He should mix well with and be able to relate to all of the concerned people of the community, regardless of their views. He should be aware of the problems that will be coming as our community grows, and he should have the ability to anticipate and work with them.

He should be aware of the many valuable assets that the community now has.

It is with these things in mind that I have submitted myself as a candidate for township supervisor.

Following are some of my qualifications:

1. Three years, 120 hours credit at Wayne State University majoring in political science and public administration.
2. Twelve additional courses in accounting, appraisal, assessment administration and business administration at the University of Michigan, Oakland University and Oakland Community College.
3. Berkley City Assessor for two years.
4. Appraiser for City of Troy assessing department for two years.
5. Township assessor for 1 1/2 years.
6. Have testified as an expert witness regarding rezoning.
7. Have testified as an expert witness regarding the ability to finance in the 1969 Berkley police arbitration hearings.
8. State certified level IV assessor (highest level obtainable) certified personal property examiner.
9. Received commendation from the Berkley City Council for "assisting the citizens and taxpayers through fair and equitable assessment methods."
10. Have worked with many citizens of diverse economic, social and political views in this community and two others in Oakland County.

ROBERT VANDERMARK

11. Have been acting clerk of the township and conducted two elections.

12. Treasurer of the Clarkston Area Jaycees.

13. Active in local church work.

14. Have written specifications and made recommendations for major equipment purchases and insurance programs for Berkley City Council.

15. Have worked successfully with elected and appointed officials in three communities in Oakland County.

16. I have no outside business interests.

My wife and I moved to this community because of its beauty and residential rural character. We feel that it is an ideal place to live and to raise our two children. I would like to see the future development of the township preserve these things. I believe that good planning can avoid high population densities and heavy traffic and still provide the community with convenient services and diverse housing.

I have been working full time since I was a junior in high school and I share the feelings of most ordinary people who work for a living. I would like to hear from any citizen who has questions. Please call me at 625-1928.

Sincerely,
Robert Vandermark

hill'n gully

Onward and upward

by Jean Saile

I shall subject the readers of The Clarkston News to a very few political columns under this banner until the August and November elections have come and gone.

Publisher Jim Sherman, an avid Republican giving me all the support it would be possible to get from one's boss, says write a column about your decision to run.

How does a wife and mother of six very normal children, comfortable in her spot as editor of a country weekly, decide to take on the whole county in a hot election year? With great trepidation, that's how. But also with the innate

feeling that she's been building unconsciously towards this spot at this particular time for a long time.

Background - political. A father who was reeve of the municipality in our Saskatchewan days, active in the Wheat Pool there, active on the school board. A brother - active in Canadian politics. Twenty-five years of covering government in one form or another for various newspapers and radio stations. A stint at the British Consulate-General in Houston, Texas, where the diplomatic role of politics was much emphasized even to the lowly office workers. Inclinations - A people liker.

Happier writing stories about the good folks than all the scandals of a generation. Never known to shy away from a good fight. Proud of a "middle of the road" reputation. Proud of having "told it like it is" for a quarter of a century. Proud of an investigative role in reporting that has never been questioned in the courts.

Family - A Democratic husband who thinks it's a good idea I've finally aligned with a political party. Who says, "Go get 'em, tiger." A houseful of children who say, "What can we do to help?" A set of elderly parents living with us who say, "Don't worry about the house." A dog.

Support - Beautiful. Many people who helped in confirming the idea that this was the right time for the right move. Many more who called after the eventful decision to wish me well and offer help.

Personal reaction - Lying awake nights going over the exciting events of the preceding day, making plans for the next, boning up on issues that were once very familiar as I covered county politics and county government. Scared, but enthused. Ready to work as hard as necessary. The future? Who knows? Except that it's an opportunity that couldn't be foregone.

Lynn Race and her parents, Bill and Pat Race of 10000 Rd., have just returned from Columbus, Ohio where they attended the week long activities of the National Appaloosa Horse Association, reportedly the largest horse show ever held in the world. There were 38 queen contestants from all over the United States and Lynn represented Michigan.

The hassle hits again

Some \$7,000 of proposed partitions and alterations to Independence Township Hall triggered a rerun of the Supervisor Gary Stonerock - Trustee Tom Bullen feud last week.

Stonerock presented plans for a revamped first floor office, since the recent move of the building department to lower level quarters.

Bullen challenged him about moving the building department without board approval, and Stonerock who had called the Independence offices "one of the chintziest township facilities of any I've entered" lashed out at Bullen. He contended moving the department was within his rights, and further that any plans he had for the township were sure to be opposed by Bullen.

He said he had worked two weeks on the plans with township employees, including Treasurer Kenneth Johnson and Clerk J. Edwin Glennie.

The argument evolved into an exchange of such epithets as "fatso" and "ignorance - crassness", at which point Johnson got up and walked out saying, "I'll meet again with you when you can talk."

Glennie said he'd go along with the need for more space, but he advised waiting to see the effects of the building department move and a planned move of the water and recreation departments to the old library next door to the township hall.

After Johnson's departure the exchange halted temporarily, but picked up again when Stonerock proposed Holly Stephens of the Woodhull area as George Woody's replacement on the planning commission.

Glennie said he wasn't yet ready to vote, and Bullen said he still wanted the rural interests represented.

Stonerock said he'd refill the Woody vacancy with someone from the Woodhull area or he wouldn't refill it.

Bullen countered, "That might make

sense. There's an election in November and sometimes appointments are withheld until after an election. I feel it's a good idea, because I feel you won't be elected in November."

Bullen has declined to run again for the township board and his term expires in November.

Again the meeting cooled down, only to pick up again as plans for a security shed at Deer Lake Beach were discussed.

In less fiery action, the board voted to pay its \$979 dues to the Michigan Township Association. The sum includes \$89 to help Cooper Township in its fight with the State Tax Commission over whether the present 50 percent of market value required for assessments is legal. Cooper Township contends the price often includes realtors' fees, mortgage points, some equipment and furnishings, which do not represent true property value.

The board also commended by resolution the members of the township sewer committee which worked during the past year to draft a township sewer ordinance.

GET IT OFF YOUR CHEST!

Lot splits accelerated

It appears that it's going to be easier to get lot splits in Independence Township as a result of a recent attorney's ruling.

The township board last week approved three such splits on divided votes.

The first permitted Mrs. George Smith of Westview to get approval to create two 100-foot wide lots and a 200-foot wide lot out of a parcel 400 by 400. Trustee Tom Bullen contended the split would result in a non-conforming parcel, but Supervisor Gary Stonerock moved for approval on the basis of the attorney's opinion.

Clerk J. Edwin Glennie voted with Bullen.

The same vote lineup occurred as Jim Johnson got approval to split the 200-foot wide Lot 43 in Supervisors Plat No. 6.

Harry L. Mabry obtained approval to split Lot 67 of Supervisors Plat No. 6. The lot is located at Pine Knob Road and Pine Knob Lane. Bullen cast the lone "no" vote.

The board delayed action until the July 5 meeting on a request from Godfrey Janus that about 10 acres he owns on Sashabaw near Whipple Lake be rezoned from agriculture to residential and four lots created out of the present three.

CLARKSTON

Pam Toutant supervises an indoor session at Clarkston Elementary School as the summer playground schedule got underway.

KEEP BILL BROOMFIELD

Oakland County's
CONGRESSMAN

April 25, 1972

PRESIDENT NIXON SAID:

"Congressman Broomfield's years of public service comprise an enviable record of achievement for the State of Michigan and the nation, and are a source of pride to all Republicans and especially to those citizens of both parties whom he represents so ably in Congress."

VOTE AUGUST 8, 1972

Paid for by Broomfield Campaign Committee, Chas L. Lyle, Chairman

Quincy Jones at Pine Knob

Quincy Jones, performer, arranger, composer, will appear in concert with Andy Williams at the new Pine Knob Music Theatre (I-75 & Sashabaw Road) Tuesday thru Saturday, June 27 thru July 1, 8:30 p.m.

The Williams/Jones concert will mark the official opening of the outdoor theatre which will host top-name entertainers throughout the summer.

Quincy Jones has performed with every top musician in the world and has been in demand as a composer and filmscorer. His first effort in films was Rod Steiger's "The Pawnbroker" and then "Mirage" starring Gregory Peck. Other recent films which are indicative of Jones' talent include "The Hot Rock," "The Anderson Tapes," "Cactus Flower," "The Out of Towners," "Bob and Carol and Ted and Alice," "In Cold Blood," and "In The Heat of the Night."

His music has been honored with four Academy Award nominations, an Emmy nomination for the "Bill Cosby Show," two Golden Globe nominations and several Grammy nominations including two awards. Quincy's "Walking in Space" album was honored in 1969 as the best-jazz instrumental album of the year, and his album "Smackwater Jack" was named the best instrumental album in pop, rock or folk categories (1972).

Tickets for the Andy Williams/Quincy Jones concert are priced at \$7 and \$5 for reserved seats and \$2.50 for unreserved lawn seats. Tickets are on sale at the Fisher Theatre box office (Fisher Building, W. Grand Blvd. & Second Ave. in Detroit) and at all J. L. Hudson stores. For further information call 559-9111.

Roughtons in Farmington

Martha Reay Boggs, a 1970 graduate of Clarkston High School, became the bride of Robert Loren Roughton of Rochester in ceremonies May 27 at Sashabaw United Presbyterian Church.

Rev. Mark Caldwell performed the ceremony in a church decorated with baskets of daisies and pink rose buds. There were 150 guests.

The bride, daughter of Sara K. Boggs of 1623 North Telegraph, Pontiac, and Charles W. Boggs of South Lyon, chose to wear daisies in her hair in place of the traditional veil. Her gown was of candlelight antique lace in a floor length.

Mary K. Grant, the bride's sister, was

matron of honor, Charlotte M. Hieple, also a sister, was bridesmaid. Both girls wore Victorian pine and beige long dresses. They carried pink rosebuds and daisy nosegays.

Gerald M. Roughton was his brother's best man. Carl F. Dahlin of Pontiac seated guests.

A reception at the K of C Hall on Maybee Road entertained 250 guests. Following a wedding trip to Corpus Christi, Texas, the couple are living at 20832 Tuck Road, Lot 43, Farmington.

The groom, an installer for Michigan Bell Telephone Co., is the son of Mr. and Mrs. Fred Roughton of Rochester.

Bride wears her mother's gown

Mr. and Mrs. Salvador Garcia are touring Northern Michigan before returning to make their home in Pontiac.

The couple were wed Saturday, June 24, by Rev. Fr. Francis Weingartz at St. Daniel's Church. Pink and white carnations decorated the altar as 175 guests attended.

The bride, the former Kathy Cummings, daughter of Mr. and Mrs. Raymond Cummings of 4827 Clarkston Road, is employed as a key punch operator for Chrysler Financial Corp.

She chose to wear her mother's gown of ivory satin with long sleeves and beaded cuffs and collar.

Susan Haddix of Pontiac, maid of honor, wore an empire style pink nylon over pink crepe gown trimmed with ivory antique lace and nylon. Kathy Garcia of Pontiac, and Kathy Davis of Union Lake wore identical dresses to that of the maid of honor.

The groom, an apprentice at D. E. Hall Electric, is the son of Jesse Garcia of 4780 Houston, Pontiac, and Mrs. Harriet Cannai of Drayton Plains. He was attended by Gilbert Garcia of Pontiac. Tito Garcia and Wally Snuddon seated guests.

A reception followed the ceremony at Gingellville Community Club.

Seaman-Kent vows

Sara Elizabeth Kent of Delphi, Indiana, became the bride of Gregory Stewart Seaman of Snowapple Drive Saturday, June 24, at Waterford Community Church.

Rev. Ken Hodges performed the double ring ceremony in a church decorated with white daisies, carnations and glads. Three hundred guests attended.

The bride, daughter of Mrs. Louis Kent and the late Mr. Kent of Delphi, is a graduate of Ball State University in Muncie, Indiana. She wore white silk organza over peau de soie with appliques of alencion re-embroidered lace accented by seed pearls. The long empire gown featured a six foot train.

Mrs. Steven Takats of Portland, Indiana, Mrs. Richard Dildine of Long

Beach, California, and Amanda Hertler of Clarkston, bridal attendants, wore pink dotted Swiss adorned with tiny white flowers and broad brim straw hats. They carried white baskets with pink daisies.

The groom, a graduate of Eastern Michigan University, is the son of the Elwood Seamans of Clarkston. He was attended by Clay Wilson of Southgate. Mike Lowe of Clarkston seated guests. Danny O'Neill of Clarkston was ring bearer.

Dr. and Mrs. James O'Neill hosted the rehearsal dinner.

Following a reception in the church parlor, the couple left on a month's tour through the western states. They will live in a home on the Dixie Highway, Clarkston.

Wed at St. Dan's

Wed June 10 at St. Daniel's Catholic Church were Donna Marie Thompson, daughter of Mr. and Mrs. Raymond B. Thompson of 8535 Waumegah, and David Allen Rowden, son of Mr. and Mrs. Lloyd Rowden of Wealthy Drive. Rev. Fr. Francis Weingartz officiated before 200 guests.

The bride chose a floor length white chiffon with lace gown and carried white orchids and carnations. Matron of honor, Mrs. Terri Wood of East Lansing and Clarkston, wore a white gown with green flocked flowers.

Bridesmaids attired in light green

gowns with deeper green flocked flowers were Joan Swartout, sister of the bride, Jill Agar of Pontiac, Connie Rush of Clarkston, and Maude Haveman of Kalamazoo. All wore white picture hats and carried nosegays of white carnations and roses with baby's breath.

Joe Fredericks of Clarkston attended the groom while Ronald Rowden, his brother, Lynn Thompson, the bride's brother, Brian Agar and Dan Van Horn seated guests.

Following a reception at Waterford Oaks, the couple honeymooned in Northern Michigan and are now living in Pontiac.

Around the township

Not easy to forget

Bobbi Vastine, recently reinstated president of the Clarkston Community Women's Club, who will be moving soon to Cincinnati, Ohio, isn't apt to forget her last installation easily. Subject of such prank gifts as an onion which she allegedly sent home with Barb Gusie's Girl Scout, an empty flower fund tin can, and a poem, which delineated the Vastine's particular problems over the location of their house — part of it in the township and part in the village — Bobbi capped off her day by running out of gas on the way home from the program in Flint.

Reports are she couldn't find the gas tank, and when she finally found it, she couldn't find the spout on the gasoline can she got from an nearby service station.

Some paper hostess cups that had been kicked around during the day disintegrated as she and a helpful State Police officer tried to fill the tank. Bobbi climaxed the whole episode by driving off with her purse still sitting on the fender.

John G. Dark, son of Mr. and Mrs. Gerard Dark of 53 Robertson Court, was graduated from Oakland University this month magna cum laude and with departmental honors in psychology. His dad says he is preparing to transfer to Wayne State University in order to earn his doctorate.

Janie Leichtnam, Roxanne Head, Judy Swanson and Margaret Williams have recently returned home from a week of active government participation at Girls State, sponsored by the Michigan American Legion Auxiliary. The girls, who all won impressive title, are the daughters of Mr. and Mrs. Robert Leichtnam, Mr. and Mrs. Ernest Head, Mr. and Mrs. Herbert Swanson and Mr. and Mrs. Arthur Williams.

Mollie and Shannon Lynch, daughters of Mr. and Mrs. John J. Lynch of Eastlawn, were counselors at the session. The Best City Award was presented to the city. Mollie counseled. Shannon worked in communications.

Barrey E. Breidenbaugh, 6501 Maybee, was awarded a Doctor of Philosophy degree from Wayne State University this month. Breidenbaugh, a native of Indiana, did his undergraduate college work at Indiana State University. He earned his doctorate at Wayne State in educational psychology. Breidenbaugh and his wife, Patricia, have a 7-year-old son.

Raymond L. Chenoweth, 9531 Whipple Shore Drive, Gary E. Stelmach, 6305 Waldon Road, and Nancy A. Vollbach, 6371 Simler Drive, were recently named to the Academic Honors List at Ferris State College in Big Rapids.

Mrs. Milton Young, 3990 Sashabaw, librarian of St. Daniel's has just returned from Baltimore where she attended the fifth annual conference of the Church and Synagogue Library Association at the University of Maryland. The conference was based on the theme — "Getting in Touch with the World — Through Libraries."

Mr. and Mrs. R. E. Hyatt of 6512 Church recently spent three weeks traveling the Intercoastal Waterway along the Atlantic Ocean. They flew into Fort Lauderdale, Florida, and Miami to Charleston, South Carolina, with her brother-in-law and his wife, Dr. and Mrs. A.C. Adams of Flint. Leaving the Adams in Charleston, they continued to Wharton Creek, Maryland, with Mr. and Mrs. Vincent Richard of Cramlane Drive and returned home from there.

Mrs. Jenny Weichert, mother of Audrey Keyser, Roberta Allen and Shirley Pursley, spent three weeks traveling in Europe with her sister, Mrs. Mable Thompson. Visits were made to Holland, Germany, Italy, France, Switzerland, and England.

Mrs. Glenn Howland of 6795 Lingor is convalescing at home after spending nine days in Pontiac General Hospital.

Mr. and Mrs. Harold L. Lee of 6635 Laurelton have announced the engagement of their daughter, Vicki Jo, to Michael Clarence Howe, son of Mr. and Mrs. Clarence Howe of 4725 Kempf, Drayton Plains. No wedding date has been set. Vicki is a 1972 graduate of Clarkston High School and Michael is a 1972 graduate of Waterford Kettering.

Wedding plans are indefinite for Billie Jean Howland and Thomas Wade Stemple whose engagement has been announced. Billie Jean is the daughter of William Howland of Fairview and the late Helen Howland, former Clarkston residents. Tom, now stationed at Lowry Air Force Base, Denver, Colorado, is the son of Mr. and Mrs. Adrian Stemple of Fairview.

Spiritual Message

SOMEONE NEW

Buster was just a little fellow, curious and inquisitive as little guys are. Mother's china cabinet seemed to hold a special charm for Buster, but mother had repeatedly warned, "Buster, don't touch the china cabinet." You see, mother had many lovely china tea cups, and beautiful vases in the cabinet, but of all the things, there was one vase which was more precious than any

other. It was exquisite in design and beauty, and really, there was more sentimental value than material value.

One day mother was baking and ran out of an ingredient. She told Buster she would run down to the corner grocery, and added the now customary words, "Buster, don't touch the china cabinet." She left hurriedly. And Buster proceeded immediately to the cabinet, opened

the door cautiously, and with pudgy little grimy hands reached for mommy's lovely vase... He held it in perspiring hands, examining the vase enthusiastically, when the delicate piece of china slipped through his fingers, and shattered on the floor. It didn't bother Buster. "Buster fix, Buster fix" was the reaction.

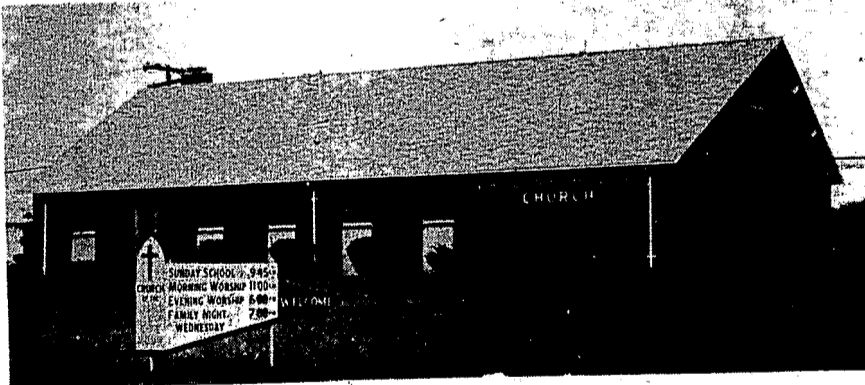

All the pieces were gathered onto the table top, a stool was put into

place, the glue was found, and the job was tackled with the words, "Buster fix".

Mother returned into the kitchen and heard the little voice saying "Buster fix". But with the combination of grim, sweat, glue and inability to restore, the voice softened from confidence to reality; from "Buster fix" to "Buster try, but Buster can't" with tears!

Our lives can be broken and destroyed by disobedience to God. This is sin. We pick up the pieces of our lives, and like Buster, try to repair, mend and put them together, but it doesn't work - and we know it.

The Word of God says there is only one way. That is to let Jesus Christ make us into new persons. The great Apostle Paul put it this way: "Therefore, if any man be in Christ, he is a new creature; old things are passed away; behold all things are new - they are now of God." You can be someone new!

In the good ole summertime Diamonds are a boy's best friend

Old Man Weather was the biggest "winner" in last week's Junior League Baseball program.

All 12 Thursday games were postponed until Friday and then were called again as cold weather and rain teamed up to completely shut out the four leagues. The games will be rescheduled for a later date in July.

Several changes have occurred in the program so far this year. Tim Doyle, director of recreation, has appointed Bob Davidson as commissioner of baseball. Davidson is an English teacher in Waterford and a new member of the community. He has had 17 years' experience working in recreation programs in Pontiac.

His job will be to schedule the 49 teams on the 14 school diamonds, supervise the 40 junior umpires, maintain the fields, and publicize the league standings and statistics.

Mike Dennis and Mike Humphreys are lining the fields each day and are in charge of all equipment. Humphreys with his orange VW is being called "Supermike", as he scurries from one field to another dropping off equipment and filling in for missing umpires.

The 40 umpires, age 14-18, also deserve a lion's share of credit, according to Davidson. "All of them have played baseball and all are trying to learn the rules and techniques of umpiring as fast as they can. I hope the managers and fans will remember that they are just boys in a learning situation," he said.

The most amazing thing about the program, according to Davidson, is the

spirit and attitude of the people involved, who donate their time and effort to work with the 700 boys playing games, two times a week.

The PeeWee League has 15 teams and is divided into the American and National divisions. Teams play on diamonds 2,6,10, and 14, four nights of the week. Boys 7, 8, and 9 years-old make up the PeeWee League.

All fields were numbered last week to help parents find the fields their boys will play on. The signs were donated by the Roy Bros. gas stations. Maps, pinpointing the field locations, are also available at the new recreation office or at the equipment room at Clarkston High School.

This year's Widget League (boys 10 and 11) is the largest ever with 17 teams and two divisions. They play just on Mondays and Wednesdays on diamonds 1, 3, 4, 7, 8, 9, 11, and 14.

The Midget League draws boys 12 and 13 and has 12 teams in one division. They play at fields 1,3,4,7,8, and 9 on Tuesdays and Thursdays.

Five teams make up the Pony League which plays at Clarkston High School's main diamond (13) four nights a week. The boys are 14 and 15 years old.

to summarize the first six nights of activity, Davidson reports that "1,402 runs were scored in 68 games. Two PeeWee teams scored over 40 runs in their games, and a 1-0 score highlighted play in the Pony League. With that many runs scoring, the boys must be having fun and a lot of ball is being played," said Davidson.

He asked that parents having a spare rake, shovel or wheelbarrow they would like to donate to the program give him a call. The tools are needed in diamond maintenance, he said. All coaches are presently carrying a shovel or rake in their car for any last minute maintenance needed prior to a game, he added.

Track men earn medals

Three members of Clarkston's track team won honors in the fourth annual Birmingham track and Field Championship meet, sponsored by the Birmingham Jaycees.

Dan Thomas, in the pole vault, and Jerry Baker, in the mile run, were gold medal winners. Joe Ruhala took a bronze medal as third place winner in the pole vault. All competed in the state meet next month in Grand Rapids.

As first place winners, Dan and Jerry will compete in the state meet next month in Grand Rapids.

Anderson will compete in Florida

John Anderson, 14, son of Mr. and Mrs. Gerald Anderson of Kingfisher Drive, will compete in the Orlando Jaycees' 26th international Pee Wee Golf Championships July 24-26 at Cypress Creek Golf and Country Club in Orlando, Fla.

The tournament, sponsored by the Orlando Jaycees, is one of America's top junior golf events, and the only one known to have golfers as young as 3 to 15 years of age. Some 300 contestants from the United States and foreign countries will vie in its six age brackets, in both boys and girls divisions.

John recently won a first place in the Clarkston Area Jaycee Golf Tournament at Waterford Hill Country Club.

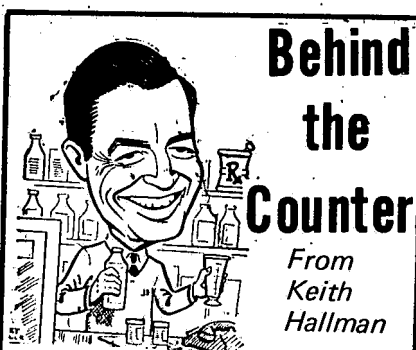

Tennis lessons postponed a week

The start of Independence Township Recreation Department tennis lessons has been postponed until July 5. There is still room for enrollment, according to Tim Doyle, recreation director.

The lessons will be offered from 9 a.m. to noon Monday, Wednesday and Friday for beginners and Tuesday, Thursday and Saturday for intermediate players.

Those interested may enroll by calling the Park and Recreation Department at the Independence Township office. A \$9 fee will cover six lessons and one tournament.

Lessons will be at Sashabaw Junior High and Clarkston Senior High Schools.

Flying Ailments

Do you have problems when flying, such as an uncomfortable "fullness" in the ears, dizziness or a "ringing" sound? Some people even develop severe pain or a temporary loss of hearing.

This condition is known as aerotitis, and it can be eased simply by chewing or swallowing.

It is really an inflammation of the middle ear, caused by the difference in pressure between air in the middle ear and that outside the ear drum. It occurs when the air flow through the eustachian tubes (which run from the back of the throat to the ear) is blocked.

If you have no other problems with your breathing system, such as a cold or a nasal allergy, eating gum or candy will help equalize the middle ear and cabin pressure. In most cases, the airline stewardess has a supply of chewables on hand.

You shouldn't fly when you have even a slight cold or an allergy. However, some experts say the use of nose-drops before take-off and landing may be helpful in such cases. Or you may need a decongestant-antihistamine pill.

All authorities agree you should not fly with a severe cold, under any circumstances.

Schools invited to share road costs

Clarkston Board of Education will be invited to share in the cost of paving a half mile of Pine Knob Road from Clarkston Road to Bailey Lake School.

If the board is not amenable, the township's share of the paving funds will probably be applied to an extension of the contemplated Pelton Road paving west of Sashabaw.

The township board decided last week since developers of a subdivision at the Clarkston-Pine Knob intersection have agreed to put up only \$3,000 of the total cost, the improvement might be impractical at present without school board assistance.

A decision is to be made at the July 5 meeting.

The board tentatively decided prior to last week's meeting that it would pave a half mile of Pelton. Using additional funds in that area could extend the pavement to Waterford Road, it was pointed out, and could therefore relieve

traffic headed for the Dixie Highway on Maybee Road.

In other business the board delayed a decision on a request from Chris Nicholas for a Class C liquor license at the old Tally Ho Bar at 6722 Dixie Highway.

Nicholas appeared with his attorney, Michael Pantel, to lay out plans for a paved parking lot and future intentions after a mortgage is paid off in three years to combine the Tally Ho Restaurant with the bar in a "Win Schuler" type development.

Pantel stressed Nicholas' 25-year residency in the area and said the bar, which will be operated by Nicholas' son, is necessary to the restaurant survival.

Supervisor Gary Stonerock pointed out the numerous liquor establishments along the Dixie Highway and that the Tally Ho restaurant sign is in violation of a township ordinance.

An attempt by Clerk J. Edwin Glennie to have restrictions attached to the board's recommendation to the Michigan Liquor Control Commission was disputed. The case wound up with a decision postponed until the July 5 meeting, at which time the township Planning Commission will have reviewed the site.

The board gave 3-2 approval, Stonerock and Trustee Keith Humbert voting no, on an SDM carry-out liquor license for Don Auten, Clarkston furniture store owner, who reportedly intends to build a party store next door to Al's Hardware on the Dixie Highway across from Independence Commons.

It was pointed out Auten had undergone investigation by the Oakland County Sheriff's Department and the policing body reported no objections. There is no quota on SDM licenses, it was reported.

Mrs. Fern V. Wertman (left) and Mrs. Mabel Hanson eye a birthday cake celebrating their forthcoming 87th and 86th birthdays, respectively. The two women were guests this week of the girls who work at Patricia's Beauty Salon. Mrs. Val Wagnon hosted the gathering at her home at 8004 Perry Lake Road.

Senator attends anniversary

An open house Sunday at the home of Mr. and Mrs. Albert W. Foster Jr. on Paramus marked the 50th wedding anniversary of Mrs. Foster's parents, Mr. and Mrs. Julius A. Griffin of Highland Township.

Co-hosting the party were the couple's three sons, Sen. Robert P. Griffin of Traverse City, Eugene M. Griffin of Waterford Township and Jerald L. Griffin of Midland.

The elder Griffins were married June 15, 1922 in Murphysboro, Illinois. They have resided in the Pontiac area for the past 32 years.

The Griffins were greeted also by Mr. Griffin's 91-year-old mother, Mrs. James Griffin of Dearborn, their 21 grandchildren and two great-grandchildren.

'independence house' newsletter

This newsletter is to bring you up-to-date on the activities of the Board of Directors of 'independence house'. Weekly meetings have been held and the following are highlights of these sessions. 1. Six committees have been established - Publicity, Fund Raising, Housing, Manpower, Agencies and Operations. Anyone interested in one of these areas should contact us in order that full working committees may be developed.

2. With Tom Hunter's help, we have filed forms for incorporation as a non-profit organization and applied for a tax exempt status.

3. We are negotiating a contract with the Presbyterian Church. Approval for use of the building has been granted by their church's Session.

4. The By-laws were discussed and several minor changes will be recommended at the next membership meeting.

5. Plans for remodeling have been considered. A plan has been agreed upon that includes three offices and an open area on the lower level and a meeting room on the upper level. We have evaluated the repairs necessary for opening - new doors, furnace room door, electrical wiring, outside work, etc., etc.

6. A bank account has been set up at Pontiac State Bank with the \$625.00 received to date.

7. We have tried to set up a budget based upon past church expenditures for utilities, insurance, phone, maintenance, etc.

8. After have prepared the budget, we realized the need for some immediate fund-raising projects. Any suggestions in this area would be deeply appreciated.

9. Personal interviews have been held with several agencies wishing to use our facility. We are truly encouraged by the prospect of bringing some of these services to our community. For example, the North Oakland Community Mental Health Center, which is funded by our tax dollars, has offered to have a staff member available one-half day per week at 'independence house'. Their representative will work with groups in the community to set up classed, lecture series, programs, etc.

10. We have set some specific goals for 'independence house' which include the use of the building. It will not be an open-house, drop-in type center. Rather, we will try to bring individuals in need of help in contact with other individuals

who can provide it. These may be staff people from agencies working at 'independence house', or people from our community. We also feel that this should be a community-centered operation working to develop resources within Independence Township area. There is a multitude of details involved in preparing for opening. We hope to set up and be ready to operate by the first week in September. There is some delay caused by vacations and lack of equipment.

'independence house' needs your continued interest and support. Your ideas are welcome and necessary to the development of this community facility. Please contact your friend, neighbors, or fellow club members and ask them to call us if they want to contribute services to 'independence house'.

The next General Membership Meeting will be August 9, 1972 at 7:30 p.m.
Holly E. Stephens, Sec.

SYNOPSIS REGULAR MEETING' INDEPENDENCE TOWNSHIP BOARD June 20, 72

Meeting called to order by the Supervisor Gary Stonerock.

Present: Bullen, Humbert, Johnson, Glennie, Stonerock.

Motion by Stonerock, supported by Johnson, to approve the split of lot 40, Supervisor's Plat No. 6 as requested. Ayes: Humbert, Johnson, Stonerock; Nays: Bullen, Glennie. Motion carried.

The 1973 road improvement program involving the paving of Pine Knob Road north from Clarkston Road was discussed. Motion by Bullen, supported by Glennie, to proceed with the paving of one full mile of Pelton Road west from Sashabaw, unless the Clarkston Schools Board of Education is willing to participate in the financing of the above mentioned section of Pine Knob Road. Ayes: Bullen, Glennie, Johnson; Nays: Humbert, Stonerock. Motion carried.

The Board unanimously agreed to vote upon a resolution by Mr. Glennie, supported by Mr. Johnson, to recommend granting a class 'C' liquor license to Mr. Chris Nicholas, at the July 5th meeting.

Motion by Johnson, supported by Bullen, to recommend to Michigan Liquor License Commission to grant a SDM license to Don Auten and June Auten. Ayes: Bullen, Glennie, Johnson; Nays: Humbert, Stonerock. Motion carried.

It was also agreed by the Board to vote at the July 5th meeting on a resolution by Mr. Stonerock to grant a rezoning request from Agricultural to Residential of lots 29, 30, and 31, Supervisor's Plat No. 11.

Motion by Humbert, supported by Johnson, to approve the split of lot 43, Supervisor's Plat No. 6 as requested. Ayes: Humbert, Johnson, Stonerock; Nays: Bullen, Glennie. (Noting that non-conforming parcels are being created under our existing ordinance).

The Board unanimously agreed to pay the annual dues to the Michigan Township's Association including an additional ten percent voluntary contribution to township's defense fund.

The Board unanimously adopted two resolutions at the request of the Supervisor: 1. thanking the members of the Sewer Committee in their efforts in creating a sewer ordinance and doing must investigative work for the township regarding our new sewers; 2. thanking the Clarkston Jaycees for their efforts in improvement of the Deer Lake Beach. The Board Unanimously agreed to name the beach facility at Deer Lake, "Deer Lake Beach" and further to place a plaque on the premises with the name Deer Lake Beach and in acknowledgement of the Jaycees work in reclaiming the beach.

Motion by Mr. Stonerock, supported by Mr. Johnson, to grant split of lot 67, Supervisor's Plat No. 6 as requested. Ayes: Glennie, Humbert, Johnson, Stonerock; Nays: Bullen. Motion carried.

The Board unanimously agreed to grant a special beer permit to the Oakland County Sportsmen's Club for their July 4 fun day.

The Board discussed possible partitioning of the Township Hall so as to create additional office spaces.

The Board unanimously agreed to approve the Articles of Incorporation for the Building Authority.

Mr. Stonerock requested the Board's consideration of an appointment to the vacancy on the Planning Commission.

It was agreed to reallocate \$950 previously allotted for the beautification of the Township Hall, for the building of a permanent building at Deer Lake Beach.

Meeting adjourned at 11:20.

J. Edwin Glennie, Clerk

Ticketed

Medallion Homes of Waterford Hill on the Dixie Highway has been ticketed twice for failure to comply with the township's sign ordinance, according to Richard Campbell, township attorney.

POSTER BOARD - white and colors, felt pens, red, blue and black, Clarkston News, 5 S. Main St.

NOTICE OF PUBLIC HEARING

The Planning Commission of Independence Township, Oakland County, Michigan will hold a Public Hearing on July 20, 1972 at 7:30 p.m. at the Township Hall, 90 North Main Street, Clarkston, Michigan to consider the following change in zoning districts:

Case No. 152 - From A (Agricultural) to C-5 (Commercial Recreation)

T4N, R9E, Section 23
SE ¼ of NW of Section 23 exc. 3 acres at farmhouse. 37 acres

A map showing the proposed change in districts may be seen at the Township Hall during regular office hours.

Mel Vaara, Chairman
INDEPENDENCE TOWNSHIP
PLANNING COMMISSION

VILLAGE OF CLARKSTON MINUTES OF REGULAR MEETING VILLAGE COUNCIL June 13, 1972

Meeting called to order by President Johnston.
Roll: Present - Basinger, Jones, Tower, Weiss, Wilford. Absent - Auten.
Minutes of the last meeting were read and approved.
Moved by Jones, "That the following bills be paid:

Police Department	591.82
Sewer Transfer	2,420.00
Clarkston News	69.60
P.E.P. Wages	849.24
Municipal Services	531.77
Administration	68.20

Seconded by Basinger. Roll: Jones, yea; Basinger, yea; Tower, yea; Weiss, yea; Wilford, yea. Yeas 5, Nays 0. Motion carried.

Trustee Tower gave the Council a briefing on the last meetings held with the County with regards to the Sewer program. A copy of the operating agreement was given to the Village Attorney for his study and review.

A letter, on file, from the Village Engineer was read with regards to a new connection to the Village septic system.

A discussion with local residents was held regarding pollution. Trustee Jones was instructed to contact Mr. Webster of the Oakland County Health Department to request his presence at the June 27 regular meeting for a report on the Mill Pond, Parke Lake, and Middle Lake.

Moved by Tower, "That the Village allow Mr. Milzow to tap in to the Village septic line from his new construction on South Main Street." Seconded by Jones. Motion carried.

A letter from the Village Attorney, on file, was read regarding the property belonging to the Village on the South side of Depot Road. The Clerk was instructed to furnish the Village Attorney copies of deeds on this property for further comment.

Several village residents were present to protest any sale of Village property. Among those present were: Mr. and Mrs. R. E. Spohn, Middle Lake Road; Mrs. Betsy Travis, Holcomb Street; Mr. Ivan Rouse, South Main Street; Mrs. Elizabeth Lambert, North Main Street; Mr. Charles Hansen, Holcomb Street; Mr. and Mrs. E. Thomson, N. Main Street; Mr. and Mrs. S. Vascasseno, Middle Lake Road; Mrs. Jeanette Hitchcock, N. Main Street. All of the aforementioned expressed disapproval of any sale of Village land.

Moved by Tower, "That the Village of Clarkston deny any requests for selling Village property, but investigate the possibility and/or the feasibility of an alley behind the business lots on the West side of South Main Street." Seconded by Jones. Motion carried.

This matter was tabled until the next special meeting, to be held on June 20, 1972. President Johnston requested that concrete proposals be offered at this meeting with regards to an alley running from Depot Road to an area behind Mr. Milzow's property on South Main Street.

A proposal from Sterling/Lehocsky was read regarding work on revision of the Village Zoning ordinance.

Moved by Basinger, "That the Village engage the firm of Sterling/Lehocsky as Village planner per the terms set forth by that firm's letter of June 7." Seconded by Wilford. Roll: Jones, yea; Basinger, yea; Tower, yea; Weiss, yea. Yeas 5, Nays 0. Motion carried.

The clerk was instructed to finalize the correspondence to the Oakland County Road Commission regarding the Village Council's decision not to participate in the Master Right-of-Way program.

A request from Mr. Russell Coltson regarding a lot split was presented to the Council. The Clerk was instructed to request opinions from the Village Engineer and Village Attorney on this matter, and also request a clarification on deed restrictions from Mr. Coltson.

The Council instructed the Street Committee to inform the full-time employee of vacation time for this year. One week vacation is to be granted this year, with two weeks beginning next year.

Meeting called adjourned by President Johnston.

Artemus M. Pappas
Village Clerk

Friday, July 7, 1972 at 8 p.m.

J. Edwin Glennie, Clerk
Independence Township

The independent view

by Jean Sale

Mrs. Mary C. Ogden, now a resident of Detroit, writes that yes, Mrs. Farmer Davies (her name was Carrie) was a member of the Clarkston Board of Education. "I don't know the date but it was after 1934," she remembers.

"She was at our home one night having been to a fruitful board meeting. She was highly elated and told dramatically how they had paid (I may be mistaken) but I believe it was the school bond debt," Mrs. Ogden recalls.

Thank you, Mrs. Ogden. It's all interesting.

One of the best toys we've found yet for the senior citizen set: A police call radio with the Clarkston Fire Department on it. Grandpa, who got one for Father's Day, stays glued to it much of the day. He is about to be made honorary star reporter of the Clarkston News.

Went to a wedding shower Sunday and was surprised to learn that the young marriageable set no longer counts the number of ribbons on packages the bride-to-be breaks. It used to be that was an indication of how many children she'd have. Probably Zero Population Growth had something to do with it.

My brother and his wife who were recently here visiting from Saskatchewan got a not-so-pleasant surprise as they returned home. Mel went straight from the airport to a doctor to see about a leg that had begun to bother him and he hasn't reached home yet. He's been in the hospital ever since. The visit was such a pleasant surprise, but I guess every silver lining has its cloud, too.

Boy Scouts of Troop 126, Clarkston United Methodist Church, want to thank the people who saved papers and turned their June 3 collection into a successful event. It was so good, they plan to do it again in the fall.

The same bunch of boys recently returned from a father-son weekend on the Rifle River. Turns out the dads were the cooks, and they weren't half bad.

Supervisor candidate Robert Vandermark has his work cut out. Bob's identical twin brother, Bill, is building a home on Walters Lake. He's threatened Bob he'll tell the people they can have any service they want, and he'll cut taxes, to boot. With relatives like that, who needs enemies?

Free to good home: An old Kelvinator chest type 12½ cubic foot chest type freezer that still works. Mrs. Harold Fitch, 625-1948, has bought a new one, and she'll give the old one away to anyone who wants one. There are a lot of Michigan strawberries that would taste good next winter if they were frozen now. All it requires is freezer transportation from the Fitch garage home.

Alan Rose (from left), Norman Galligan and Kirk Peters go over stage layouts for their Children's Theater presentation of "The Story of Old Aunt Fungus". The play will be presented at 9 and 11 a.m. July 1 and 8 and at 4 and 7 p.m. July 5, 6, and 7 at the Depot Theater on White Lake Road. Admission is 50 cents, 35 cents for children under 12.

At conference

Paul R. Stoppert, a partner in North Pointe Realty Company and Stoppert's Appraisal Service, 5904 South Main, recently attended a special six day seminar in "Modern Real Estate Exchanging and Counseling" at Stouffer's Northland Inn, Southfield.

More than 25% of New York City's Manhattan Island has been made by man's filling in surrounding waters, starting in 1683 when the British dumped dirt into the harbor for a gun platform to ward off an expected attack by the French.
