Impressions of a visitor

By Darlene Damp
I was just visiting at the Independence Township Board meeting. Heard there was going to be a clash. The local citizens were demanding the heads of Pine Knob officials for what was called the devastating July 10 affair, when the James Gang appearance turned into

a mob affair. Instead, I saw people afraid, afraid for themselves, their families, and their property. Anger must have only been a first reaction. Pine Knob people referred to Monday a week ago, as 'that disgusting night,' making every effort to listen and apologize.

Thought there would be a lot of name calling... only one man denounced the Pine Knob people, saying vehemently, "You're a liar!" Everyone managed to stay calm and still get the ball rolling for improvements. Here's wishing Independence not too many more hard rock concerts.

Jim's Jottings

By Jim Sherman
1972 - the year of the politician.

Personally, I'm about as close to being in public office as I care to be. I've been on the Oxford

Township Park committee since its inception in 1957 and the other 3 members insist I'm chairman.

We've had an outstanding park manager in recent years and he's held trouble to a minimum. His being an Oakland County Deputy on a full time basis has helped. His being big and strong has helped, too.

As Park chairman the first phone call of complaint, for help or approval or just passing along information comes to me.

An example of the latter came Friday. Acutally, the first call was Monday. It seems that when park manager Jim Stites got to the beach Sunday he found a man there.

The park was not yet open, yet this man was there with his dog, 4 suit cases and had some clothes on

hangers hung up on the fence.

Jim checked the man out and deposited him in the middle of M24. Then a routine check was made through the sheriff's department. By Friday the intruder was found to be wanted in another state for armed robbery, B & E, and theft. He's in jail now. Monday our manager's wife saw a black man taking pictures of people on the beach. She questioned him. He said he was a government man and was allowed to go anywhere he wished.

After a little more questioning the man took off on a run.

The worst calls to receive concern the water. The committee and manager do everything they can to promote safety in the water. All insurance requirements are met and more.

There have been 4 drownings off park property in Stony Lake since 1957, none of which could have been prevented through our management.

We've had near drownings. One man was pulled up and brought around by a lifeguard and didn't even say "thanks". Several young people have been brought back to shallow water. In some of these cases parents had used the lifeguards as baby sitters.

This is a practice that should stop, regardless of what beach is involved.

But being on a public committee has one disadvantage elected officials don't have. We're appointed and its easier to reappoint than find a new candidate.

Eclipse of the sun

This is a blowup about 1,000 times the size of the original negative shot by Gary Worden of 7000 Tappan Drive during the eclipse of the sun Monday, July 10. Worden, an amateur photographer who has gotten serious about the field in the last year, said he shot the picture from his front yard, using the visor of an arc welding helmet over the lens to cut down on light. He shot the picture with an F stop of 3.5 at 1 second exposure and again at half a second exposure, he reports.

Mill Pond under study

An attempt to identify sources of pollution in the Mill Pond has been undertaken by the Village of Clarkston.

County sanitarian Jim Webster and Gar Wilson of the village maintenance department are currently engaged in

distributing dyes to all homeowners and businesses on the Mill Pond.

The owners will be asked to put the dye in the toilet tank, and a later survey of the pond should show which septic systems are leaking into the water, they feel.

Village President Richard Johnston said when sources are identified, he will ask the county health department for recommendations leading to temporary relief.

He said it would be unfair to uproot whole septic systems now with sewer completion due in a year.

Several people were at the council meeting last week to learn about the Mill Pond condition.

The word is, Johnston said, that it's about the same as last year, and it is recommended that there be no swimming in the pond.

Park vote in August

Besides being asked to vote for the primary candidate of their choice, voters in the August 8 primary will be asked to approve a one-quarter mill property tax increase for the Huron-Clinton Metropolitan Park Authority.

A quarter mill is presently levied to finance the five-county park system around Detroit. The additional quarter mill would finance development of three new park sites, one in an unspecified location in Oakland County, and the leasing of Belle Isle Park in Detroit.

Each of the new sites is expected to cost \$12 to \$15 million over a period of 15 or more years, according to authority spokesmen. The Belle Isle project is seen as costing as much as 40 million over the next 15 to 20 years.

CLARKSTON

That business of teacher negotiations

By Jean Saile, editor

Clarkston teachers and the Board of Education are now in the process of negotiating new teacher contracts for the coming school year.

The negotiations drag on—largely because those involved don't know until later how much state aid they will receive—what the rate of delinquent tax returns will be—how much money will be in the budget.

Teachers feel they have a stake in the programs offered as well as in the salary portion of the budget.

Teacher demands start high and are maneuvered lower. The board starts from its position or the preceding year. The sides meet somewhere in the middle, and the teachers gain.

An ever-increasing and increased state aid has allowed them to progress without increases in the tax millage here in the Clarkston district. An efficient administration has also been instrumental.

Some insight into the thoughts of both sides are offered here by The Clarkston News. The representatives were interviewed separately by this newspaper.

Has the county's Committee of 28—a group of representative school board members organized for the purpose of negotiating teacher salaries—become passe or is it still vital and functional?

"It's now an overreaction," states George White, ex-president of the Clarkston Education Association and chief negotiator for the 220 teachers the CEA represents here.

David Leak, the Clarkston Board of Education member who serves on the committee, disagrees.

Leak explains the organization's beginnings. "If we were going to look out for the interests of the people, we had to be as good at bargaining as the competent state teacher union machinery," he said.

He contends the committee has been able to provide school districts comparative statistics which show what professionals are paid in industry and has thereby developed realistic guidelines for all school bargaining.

White contends that the Committee of 28 was largely discredited during the Waterford teacher strike of last fall. He

George White

contends the committee and its guideline writer had to fall back on most every position.

Leak admits that Clarkston, despite the school strike of 1970, has the most reasonable salary schedules in the county, and he credits that fact to Clarkston having had "reasonable people on both sides."

He feels however, the guidelines are still necessary. Leak points out that 70 percent of any school budget goes for teacher salaries, 80 percent for the total salary package including administrators.

White says teacher salaries make up 60 percent of the salaries, excluding fringe benefits.

Leak charges that teachers bargain for the money available, and White agrees with him. Leak feels that method is wrong. White sees nothing wrong with it.

White, while admitting the CEA is a union, contends that its prime emphasis is on the general improvement of education for the young. It's secondary goal, he says, is the improvement of teacher standards which affect items like class size and teacher salaries.

The CEA was organized in 1961, and White admits that during its first years of bargaining it made great strides in improving teacher salaries. He now feels teachers are paid at near equity. He is still interested in reducing class sizes (which

David Leak

causes the hiring of more teachers) and in providing good classroom materials.

However White admits the district teachers look to surrounding school districts and bargain from the point of what teachers in other like circumstances are receiving. While he considers Waterford, Rochester, Lake Orion, Brandon, Holly and Oxford as comparable school districts, he says he does not include Birmingham or Bloomfield.

He likes to point out that teachers have a conscience, and that most Clarkston teachers are Clarkston area taxpayers.

That in turn leads him to the point that Clarkston School District taxpayers

pay the second least amount towards the education of their students of any district in the county.

He thinks more money might be wisely spent in the improvement of education, such as books and instructional materials.

As it is now, Clarkston taxpayers ante up only 38 percent of the cost of the schools. The remaining 62 percent comes from state and federal sources.

Leak feels any extra money should be used, not so much for teacher salaries, as for improving other aspects of the educational program.

He notes, "School boards' ability to negotiate effectively with teachers relates to their willingness to take a strike."

"I wonder sometimes how effective a strike is. Teachers are now well paid and they always teach a full year after the strike has ended," he muses. "If taxpayers support the school administrators and the board, the administrators can do an effective job. If not, the school board settles for more money than it might otherwise do and there goes the ballgame."

Leak contends that service increments (automatic pay increases for each year's service in the system) are not limited by the federal wage-price freeze guidelines. The increments are not included in the allowable 5.5 percent raise, and Leak contends that teachers who seek 5.5 percent raises in the schedule, are in fact asking for 10 to 12 percent raises.

White responds, it's true. Teachers have been primarily interested in raising the whole salary schedule.

Paulette Poole, Kim Wheatley and Conrad Smith play a game of Dark Shadows during the recreation program hours at Andersonville Elementary School.

Lake control project started

William M. Richards, Oakland County Drain Commissioner, has announced that on August 11, bids will be accepted for construction of the Multi-Lakes Level Control Project. This project has been delayed by litigation since May 1970.

Included in the project is replacement of the Van Norman Lake Dam at Dixie Highway and Andersonville Road, which controls levels in Cemetery, Dollar, Greens, and several Waterford Township lakes.

Richards said: "The Van Norman Dam was built more than a half a century ago and has been studied by our consulting Engineers. In their opinion it is in an advanced stage of deterioration and could collapse."

Richards said his staff has been monitoring the dam since the study and has determined that the dam is becoming worse. Immediate replacement to prevent catastrophic release of water into lakes below the Van Norman Dam has been recommended.

Richards added: "The Drain Commissioner's Office is proceeding with all haste to remedy this dangerous situation and provide the citizens of the area with safe, efficient lake level controls."

Rock is out

Hard rock is out at Pine Knob.

Following what was described as a "horrendous" traffic jam Monday night as more than double the saleable crowd turned out to hear the James Gang, theater owners have agreed to stop rock concerts until the roads are widened.

The traffic jam for the James Gang lasted more than six hours and left an estimated 500 cars abandoned on I-75 as occupants made their way overland to the amphitheater.

It aroused the criticism of neighbors who had to bear with the noise and the debris created by the debacle.

Public hearing on Pine Knob

Independence Township Planning Commission was to hold a public hearing Thursday night on the rezoning of 40 acres to allow expansion of Pine Knob ski runs.

Also due for consideration are some stipulations regarding the operation of Pine Knob prior to further site plan approvals.

The commission will also be making a decision on site plan approval for a modular classroom at Calvary Lutheran Church and conceptual approval for condominiums in the Jaber development which is in the area of Dixie Highway and White Lake Road.

Isaac Hayes in concert

Isaac Hayes—the "Black Moses"—will make a two-night appearance at the Pine Knob Music Theatre Thursday and Friday, July 20,

and 21 at 8:30 p.m.

Issac Hayes, composer of the "Theme from Shaft," and winner of the 1972 Grammy Award, originally attained much recognition from his "Hot Buttered Soul" album which received a gold record for sales exceeding a million dollars. His three following albums—"The Issac Hayes Movement," "To Be Continued . . ." and "Shaft,"—all received platinum records for reaching the two million dollars sales figure.

Considering everything that he has accomplished thus far, Issac Hayes will certainly reign as one of the phenomenons of the 70's.

Appearing with Hayes will be the female trio "Hot, Buttered and Soul," who have backed him up on recordings.

It was gusts, some funnels

High winds, gusting to an estimated 50 miles per hour, did damage and were the cause of tornado reports in the Dixie Highway - M-15 area last Wednesday.

Independence Township firemen were called to the scene when a tree toppled on telephone lines which set off the burglar alarm in local banks.

Tom Ritter of Ritter's Farm Market said the high winds stripped all the market's petunia plants of their blossoms, upended 30 percent of their shrubs, and toppled a newly erected wall across the street where a new McDonald's Restaurant is in the process of construction. Part of a railing around A & P store was shattered.

Sheriff's officials confirmed they had been called about a tornado in the area; but several homeowners reporting toppled trees.

Deadline

Candidate stories for the August 8th local elections will be printed in the July 27 issue of The Clarkston News. All material to be included in that issue of the paper must be on hand by Friday, July 21. Those who have been sent questionnaires are asked to complete them and return them by that date.

EDITORIAL

A lesson to benefit

Independence Township has had its first taste of that "giant step forward" that leads to full development of an area.

It's got Pine Knob, and concerts that draw people from all over Southeastern Michigan.

And while few of us could have turned down such a center within the township while it was in the planning stages, there are people living near the center who could now gladly live without it.

So far developers have promised cooperation, and that's fine. Now it's up to the township to see that it gets the cooperation that's going to alleviate traffic and noise and litter; and while officials are at it, they'd better be taking notes.

If the lessons are learned well now, it could prevent replays ad infinitum.

This could be the lesson that more than any other affects the course of future development here.

Drops candidacy *Letters*

Dear Editor:

Having found another Democratic candidate, that has a platform with which I am in total agreement; I would ask all my friends and supporters to vote for Luther (Lucky) Fletcher on August the eighth.

She agrees

To the editor,

I have just read "Candidate Speaks" by Ed Manley in the July 13 issue of the Clarkston News.

To those people who have read this article and those who do not know Ed, I assure you, this man says what he means and does what he says. He has put in many, many hours for our children, for all children as chairman of the Clarkston National Action Group. He is a strong leader and will be a great asset to the township board.

We need more men like this who will serve the people. Please show your support and vote August 8 Ed Manley for trustee.

Donna Ross
5298 Frankwill

1. Both of us believe that, there is immediate need to stabilize the sky-rocketing costs in the local government.

2. We do not believe the township needs the service of six lawyers, to survive or conduct the necessary business of government.

3. We do not believe the retirees living in the area, should be driven out by a reckless and indifferent scheme of the local head of government.

4. The people, that have lived in Independence and raised their families here, shall have priorities in the future of Independence Township. Their priorities shall come before the pressure of big money from outside the area.

5. The constitutional rights of the people living in Independence Township shall be considered before any further continuation of the so called Master Plan.

There are many other failures under the present leadership, but the problems listed are of first importance and need immediate remedy.

Sincerely,
James Harmon,
8665 Lakeview Drive,
Clarkston, Michigan 48016

Rhoades speaks

To the Editor:

After 18 years of public service here in Independence township, I now for the first time said "Dear Editor". I mention this for I feel it must be some sort of record.

It's my record that I want to tell you about, and the reason I believe I can best fill the chair of township trustee. I really do feel a little bashful in telling of all my good qualities because I am sure all my friends will josh me, and cause me to blush, but of course I must forsake them for this short time because they already know of my good record, and its you, dear Editor, whom I wish to inform.

I am an experienced taxpayer here in Independence, having started in 1923 and still paying on the same piece of property today. This makes me sound like a very old man; no so, I started paying at age 12, I am now 61. This again may be some sort of record.

I was a summer resident here for many years, spending most of my time in Royal Oak, my home town, that is, after my folks moved there from Detroit, the place of my birth. Being one of 6 children where helping out at home was a must, I found myself eventually, at the tender age of 14, working at the Henry Ford Trade School and at the same time going to high school nights, and on into classes at the Wayne University. My record here will show 4 years at the Ford Trade School, 2 years at the Fort Apprentice School, and about 10 years of night school trying to better my lot in life.

This must be terribly boring to you, but I must continue, and I will be a brief as possible.

I have for the past 36 years operated the Rhoades Machines Works, Inc. in Berkley, Michigan. In 1949 my wife Fern and son Jack and myself moved to

Independence on a permanent basis. I was active even before this time in civic affairs, having been a member of the Berkley Chamber of Commerce, where I served as vice president in charge of industrial affairs. During this same time I quarterbacked the beginning of the Sunny Beach Property Owners Association. This was in 1943, and its been doing a fairly good job ever since. It was in 1954 that I was appointed by Judge Moore to serve as a member of the Independence Township Zoning Board. For you who remember, Dr. Tucker was our chairman at that time. During the ensuing 18 years, I have served about 12 years as the commission chairman. This, of course, made me a member of the zoning Board of Appeals. There, again, I served as its chairman.

Now after sitting in about 900 meetings you may wonder why I want to continue for another 4 years as trustee. Well, for you or your readers who may not have attended the township board meetings in recent months, let me say that I just cannot pass up the challenge to come to the aid of my township at a time she is to storm beaten and needs leadership so badly.

Some of my close friends wanted me to run for supervisor, this I refrained from doing for two reasons: first, time would not permit me and then I feel that we will wind up with a good supervisor who can offer us good leadership and who I can assist as trustee.

And now, dear Editor, if you feel the foregoing has merit and you don't want to keep it our secret, you may tell the other subscribers and I will be happy to tell them myself if they will phone me at 394-0105.

Yours for a better township
Joe Rhoades

Letters to the editor

(Editor's note:

The Clarkston News will continue to carry letters from candidates for local office in its Letters to

the Editor column through the July 26 issue. In keeping with past policy we will print no political letters the week of August 2, just prior to the primary.)

"If It Fitz . . ."

Color me red, with CRAYOLA

By Jim Fitzgerald

And then I wrote . . .

It was the first registered letter I'd ever received and I was naturally excited, gee. Someone had paid 90 cents for a signed guarantee that I had received his message.

Before I was excited, of course, I was worried. I figured it was a dun, probably from that record club whose computer won't believe I resigned in 1952 because I couldn't wash the sugar off their Doris Day records.

But the return address said this letter was from C.W. Montgomery, corporate secretary of Binney and Smith Inc, which is on Madison Avenue in New York City 10017. I didn't owe them any money. This was obviously a really important communication.

Anyway, to make a short story long because this is a slow week, it was with trembling fingers that I tore open Mr Montgomery's 90-cent letter. It was a 2-pager! 11 paragraphs

with one enclosure and the initials CWM:je at the bottom to let the world know that Mr Montgomery does not type his own letters, je does it for him.

(Leave us pause a moment to ponder upon the anonymous je, a big city secretary. jean eagle? joan eastway? Perhaps janice enclave, a pouty blond who used to be a Playboy bunny until she was fired for refusing to allow a staple in her navel. Does Mrs Montgomery understand Mr Montgomery? Is je jacob english?)

(And how come je has no middle initial? Big shot CWM has one. And how does he rate the capital letters while je is lower case? Who types all the lousy letters without any mistakes, anyway? What kind of discrimination is this? The riot begins at noon in front of Binney and Smith's, girls. Don't forget your signs, upper case).

By now, you are doubtless going nuts trying to figure what old CWM had to say in his 8 paragraphs. I hope you are ready

for this:

Mr Montgomery said I have not been coloring with crayolas all these years. I have been coloring with Crayola crayons.

CWM reminded me that recently I wrote a terrible thing. I advised children to draw pictures with "red crayola."

"CRAYOLA is our trademark," wrote upper case CWM. "Ordinarily, it is preferable if our trademark is completely capitalized, i.e., CRAYOLA. If this is not feasible, we request that in addition to being followed by the applicable generic term, at least the initial letter "C" of our trademark be capitalized."

How about that? For a guy whose secretary is je, Mr Montgomery can get pretty stuffy about capital letters.

CWM concluded: "In the absence of hearing from you to the contrary, we shall assume that you are in agreement with our position."

I would not dream of being contrary about CWM's position

on CRAYOLA. In fact, I have not been so ashamed since I spelled Cellophane with a dinky c, the same c I have too often used when writing Coke. I mention these other transgressions against non-generic terms so CWM will realize I have nothing personal against CRAYOLA. I have been a complete idiot about many words. I even used to call every refrigerator a frigidaire, may God have mercy. And I was a long time learning that all paperlike tape is not Scotch tape.

I am so dumb, in fact, I think a manufacturer should be pleased that his mousetrap is so popular the average consumer thinks there is no other way to catch mice. He should appreciate his good fortune (\$\$\$\$\$) and forget the silly 90-cent letter about capital letters.

But what do I know? If I worked for Binney and Smith, I would be jf.

But maybe je would understand me.

Supervisor speaks

Pine Knob concerts

TO WHOM IT MAY CONCERN:

Due to the number of phone calls and obvious problems that have arisen at the intersection of I-75 and Sashabaw and surrounding areas, several meetings were held with the following agencies: the Oakland County Sheriff's Office, the Michigan State Police, the Oakland County Road Commission, the State Highway Department, the Health Department, Pine Knob officials, and the Township.

Each of these agencies have expertise in their own field, and are striving to deal with that item . . . e.g., State Police and Sheriff's Patrol - traffic control, Oakland County Road Commission - widening of roads, State Highway Department - exit ramps on I-75, the Health Department - sanitation, Township and Pine Knob - all inclusive.

The following specific undertakings should visibly relieve some of the problems immediately, while other alternatives will be perhaps a couple years in coming. Unfortunately our foresight is never as good as our hindsight, but direct communication and immediate attention is and will be given to the problems such as:

1. At the north entrance on Pine Knob Road, proper signing will be installed and permits taken from the Oakland County Road Commission. The county will also make recommendations for this control as relates to stop signs, and etc. Contact Mr. Folkers, P. E., at 338-4571 for any questions concerning this item.

2. Blazer signs will be installed by the county, marking alternate routes to I-75; the cost of which will be borne by Pine Knob. These will improve exiting congestion caused by inadequate road markings as Clarkston-Orion Road is being utilized as an egress. Man in

charge - Mr. Folkers, Oakland County Road Commission.

3. Road Improvement Estimates

- a. Sashabaw widening
- b. Pine Knob Road improvement from Clarkston-Orion, south to north entrance. Again - Oakland County Road Commission.

4. No Parking areas to be delineated and signed. This will provide that shoulder parking along Sashabaw, I-75, and similar locations will not occur.

5. Classes and instruction will be given to parking attendants working for Pine Knob. Various routing and traffic patterns have been recommended and Pine Knob will hire traffic control personnel to be in attendance at points of congestion such as the I-75 ramp and on Sashabaw Road.

6. Chloriding for dust control is also being studied by Pine Knob.

7. The State Highway Department will undertake a study of the north bound exit ramp of I-75 at Sashabaw and future improvements that will be needed; such as extending the merging lane on I-75 and the addition of cloverleaves.

8. The Township will pursue the following:

a. Installing a street light at Sashabaw and Waldon for better visibility of this intersection.

b. Studying the desirability of having a professional traffic study done to show and prove need to obtain state and county priority for improvements. This is very important in light of the fact that one thousand apartments will be built in the near future because of the rezoning in the last six months.

c. NOISE: Section 8. Zoning Ordinance No. 51, provides decibel levels allowed at common lot lines.

I will immediately purchase an audio output meter, approved by the Bureau of Standards, to measure the sound levels and continuously ticket the violations that occur. The Oakland County Sheriff's Department will be assigned the meter, a ticket book, and a copy of our ordinance for enforcement. In response to Marathana Baptist Church, I have instructed Leo Hazen, Oakland County Sheriff's Department, to provide Sunday and Wednesday night attention to the Flemings Lake Road - Sashabaw intersection so that evening services will not be hindered.

I appreciate all of the calls and constructive suggestions that have come via the Township Offices from the residents of the Township. I feel that you have rights as to your property and peace of mind. I have spoken briefly with the

Township Attorney, and will be meeting again with Mr. Joe Locricchio to obtain, in writing, certain understandings, so that the health, safety, and welfare of Independence Township residents can be assured. Perhaps the most decisive and constructive change that has come thus far is the fact that Pine Knob will not hold any more "rock concerts" in their facility.

Hoping this letter will in some measure display the efforts that are being put forth by all concerned in behalf of our residents.

Respectfully yours,

Gary R. Stonerock, Supervisor

P.S. Mr. Joe Locricchio and Mr. Nederlander will be at the Township Board meeting on Tuesday, July 18th, at 7:30 p.m. If you wish to attend, please come with a spirit of constructive participation and a mutual feeling that we can reason together.

Lawyers pick judges

The Oakland County Bar Association announces the results of a preference poll recently conducted relative to candidates for the two new Circuit Judgeship positions in the County.

The poll was conducted by contacting all candidates for the position requesting that they fill out a five (5) page

questionnaire which went into extensive detail as to their qualifications for a Judicial post.

Exact copies of these questionnaires completed by all candidates were then mailed to the 980 members of the Oakland County Bar Association

requesting that they vote for the two (2) candidates they felt were best qualified. Five hundred twenty-five (525) ballots were counted and the results of the poll are as follows:

Candidates	No. of Best Qualified Votes	% of Best Qualified Votes
John N. O'Brien	281	53.6
Julian A. Cook	240	45.7
Clarence A. Reid	199	37.9
Alice L. Gilbert	124	23.6
Harvey F. Tennen	84	16.0
Richard D. Kuhn	44	8.3
William A. Ortman	39	7.4
Marvin S. Shwedel	39	7.4

Copies of the candidates questionnaires are available in the Bar Office.

Mrs. Gordon Bailey (left), 6442 Amy, treasurer of the South Oakland chapter of the Children's Leukemia Foundation of Michigan, was recently honored by the Police Officers Association of Michigan. She received tickets to the association's circus, continuing through Sunday at the Michigan State Fairgrounds, and her children, Sandy, 10, and Teresa, 3, (at right) were presented stuffed animals by Police officer Leo Kozuk of the Association.

Sergio Mendes here

Sergio Mendes and Brasil '77 will appear at the Pine Knob Music Theatre on Saturday, July 22 at 8:30 p.m. Also appearing Angelo, a new talent especially selected to appear with Mendes.

Tickets at \$7.00 and \$5.00 and \$3.00 are available at the Fisher Theatre Box Office and all J. L. Hudson stores.

Sergio Mendes has been credited with placing the bossa nova sound in contemporary and popular music. Brasil '77 retains a sophisticated, tight sound while still displaying exciting arrangements by fusing and blending

Drops out

Jim Harmon, a Democratic candidate for the position of township supervisor, has asked his supporters to cast their votes for Luther Fletcher, another Democratic contender running in opposition to incumbent Supervisor Gary Stonerock.

Harmon said yesterday he fully agreed with Fletcher's platform. Both he and Fletcher are residents of the Woodhull area.

A little "homework" watching the Clarkston News classifieds can bring "top grade" results.

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS
 July 19, 1962

Mr. Gordon Kelly Jr. graduated last Friday, July 13th from DeVry Technical Institute with an Associate Degree.

Elizabeth Russell and Susan Yoh are spending the week at the Pleasant Hills Sutheran Camp at Bass Lake, Mich.

Birthdays being celebrated this week are: Kristine Altman, July 12th, and Kathleen Altman, July 22nd.

Mr. and Mrs. Frank Kelly of Hillsboro Road have bought an aqua patio to enjoy on the lake.

25 YEARS AGO IN THE CLARKSTON NEWS
 July 25, 1947

Evelyn McCrum returned to her home Wednesday after attending the three day Oakland County 4-H Club Camp on Island Lake.

On Wednesday afternoon Mrs. C. J. Cheeseman entertained at a one o'clock luncheon in honor of her daughter, Mrs. Birdsell Corliss, who with four of her youngest children have been visiting for the past two weeks.

Wedding invitations and accessories quickly, precisely printed at the Clarkston News, 5 S. Main, Clarkston. 625-3370.

ABC Pictures Corp. presents

WALTER MATTHAU as "KOTCH"

Walter Matthau in a role only he could make so excitingly different... you'll start talking about it from the opening scene.

Jack Lemmon directs. He takes his talent "behind" the camera for the first time to add a new, fresh dimension to his brilliant career.

St. Daniel's peace dove was the winning float in the Fourth of July parade. It was put together in the parking lot at St. Daniel's by members of the parish. The picture is courtesy of Joe and Sallie Bishop.

The cold facts

A hot day and millions of people expect to swim, camp, sail, golf - in short, to enjoy. But millions are miserable with summer colds.

Actually, young children have the most colds. Pre-schoolers get an average of 6 to 12 colds a year. Parents of young children have about six colds a year, whereas other adults have only two or three. People over 45 have the fewest colds.

According to the Common Cold Research Unit at Harvard Hospital in Britain - where they have injected more than 11,000 healthy volunteers with cold viruses - most people have their own specific cold "personality". Some almost always have head colds. Others get congestion in the chest. Some ache all over and have scratchy symptoms in the eyes. The one almost universal complaint

is a runny nose.

There are at least 80 different known

cold viruses, and scientists think there are many more. Immunity to one virus is no asset against fending off the other 79. As a result, there is little optimism about the future success of cold vaccines. The best protection is to stay as healthy as possible and avoid crowded places.

Research shows that people pick up colds in crowded places from other people who have infections. Coughs and sneezes are perfect transportation for cold viruses. An uninhibited, uncovered sneeze travels at the incredible speed of 103 miles per hour, say researchers at the Cold Unit. Some viruses die after a few minutes in the air, while others live for hours.

Mr. and Mrs. Robert M. Gibson of Kohler Street, Drayton Plains, have announced the engagement of their daughter, Jocelyn Frances, to Roger Alan Price, son of Mr. and Mrs. Moreton B. Price of Nearbrook Road, Bloomfield Hills. An August 26th wedding is planned by the former Ferris State College students.

Like to harmonize?

Pontiac Chapter of Barbershop Singers, a Clarkston community backed charitable and educational society, will conduct auditions for new members at 8 p.m. Friday, July 21, at the Metropolitan Club of Pontiac. Special guest quartets and choruses will

provide an evening of barbershop singing. Each new member present will have an opportunity to add to the evening's entertainment.

Further information is available from Lee Frayer, 625-5147.

Around the township

Four area couples participated in the Etobicoke Duplicate Bridge Tournament this past weekend. All four came away winners. They were Dom and Louise Mauti, Bill and Mary Ellen Hanson, Jim and Barb Cowen and Ron and Juanita LePere. The group left Friday noon traveling by motor home and picnicked during the trip. Ron LePere was driver and Jim Cowen was tour director.

In spite of the busy tournament schedule Jim arranged a side trip into Toronto to visit Ontario Place and the Civic Center. The group enjoyed the subways and trolley cars. Friday evening they dined at the elegant Black Angus and Saturday at Ed's Warehouse, leaving there to see Margot Fontayne in the ballet.

All four couples enjoyed the trip immensely and, if they are invited again, plan on returning for more of Toronto's culture.

Sisters Sue McMahon and Frances Mary Kernasovics of the Oxford Dominicans were entertained at a housekeeping shower in their honor Monday night by members of St. Daniel's parish. The nuns have taken a cottage at 94 Holcomb. They are in Clarkston to supervise St. Daniel's Church School program.

Mr. and Mrs. Ralph Thayer of Clarkston were among the more than 3,652 travel trailer families attending the 15th International Rally of the Wally Byam Caravan Club in Louisville, Ky., June 28 through July 4. They were accompanied by their grandson, Jeff, to the rally.

Katherine Mayo, daughter of Mr. and Mrs. John Mayo, 6872 Bluegrass, has been accepted into the 1972 Northern Michigan University "Wildcat" Marching Band. Katherine is a clarinetist who played previously with the Clarkston High School Band.

Mr. and Mrs. Gar Wilson, 5741 Chickadee, are the proud parents of twins — a boy and a girl — born at 7:35 and 7:42 a.m., July 17 at Pontiac General Hospital. The boy, first on the scene, weighed 6 pounds, 14½ ounces and was 19½ inches long. His sister, weighing 7 pounds, 1 ounce, was 21 inches long. The new babies, as yet unnamed, will join Cherie, 8, and Steve, 6, at home.

Township Trustee Keith Humbert, 6440 Snowapple, is confined to bed for 30 days with a case of mononucleosis, his friends report.

Mr. and Mrs. James Carr, who have been residents and recreation activities directors of the Greens Lake Apartments, have recently moved to Mt. Clemens. There they will be managing a two-hundred unit apartment complex.

Herb and Alma Harthun of Orion Road, gathered 35 members of Herb's family July 2 for a reunion. Sisters traveled from Illinois, Wisconsin and California to unite with kin from Detroit, Southfield, Roseville, Bear Lake, and Mom, from Northport. The family feasted on a favorite dish to pass from each family and extend their praise to

Luncheon to benefit scholars

The Lake Orion Woman's Club will sponsor its annual "Day in the Country" luncheon and style show at noon August 18 at Indianwood Golf and Country Club. Reservations are required by August 11.

Fall fashions will be presented by Carmell's of Bloomfield at Miracle Mile Shopping Center. Dresses, suits, coats, formals and sportswear will be shown.

Models will include Mrs. Jack Hodges, her daughter, Mrs. Loren England; Mrs. Ralph Shell, her daughter, Mrs. Louis Leverenz; Mrs. Mildred Edward and her

granddaughter, Linda Light; Mrs. Orin Thomas and Mrs. Carl Ruebelman.

Proceeds will benefit the club's scholarship fund. Each year the group awards \$400 to a deserving student. Sara-jo Hauser, a graduate of Lake Orion High School now a junior at the University of Michigan where is studying to be a nurse, is a current winner.

Further information about the luncheon is available from Mrs. Thomas at 693-2752 or Mrs. Harry Slater at 693-2703. Mrs. Slater is general chairman of the event.

What's happening?

Summer camp will be an international experience for many area youth who are attending summer camp at Lost Lake Reservation near Clare. Swimming instructors include Takeshi Naki from Okinawa and Lars Gunnar Anden from Sweden.

Dr. Forrest D. Hunt of Clarkston, council camping chairman, has selected a competent staff headed by Tom Schneider of Waterford. His staff of 30 specialists include those with considerable experience in program direction, nature, field sports, handicrafts, ecology, aquatics, and other skills.

Dr. Hunt reports the Lost Lake Reservation has a 40 percent increase over last year's registrations.

Oakland GOP Chairman Sheldon R. Smith was named recently as the Michigan representative to the Committee on Permanent Organization and Order of Business of the Republican National Convention.

Smith, age 34, is a delegate from the 19th Congressional District. He was named to the committee at a special meeting of the Michigan GOP Delegation to the Lansing home of Governor William G. Milliken on July 13. Milliken is also a delegate to the convention.

The GOP National Convention will be held in Miami Beach during the week of August 20th.

Kris Kristofferson and Rita Coolidge will appear at the Pine Knob Music Theatre on Sunday, July 23 at 7 p.m. All tickets are priced at \$4.00 and are available at the Fisher Theatre Box Office and all J. L. Hudson Stores.

Kristofferson's style has been described as soft-rock with a country flavor. Included among his hits are "Mr and Bobby McGee," "The Silver Tongued Devil and I," and he composed "Help Me Make It Through The Night," which was a million-selling recording for Sammi Smith.

Fun with bridge

By Shanna Nadolsky

625-2837

Rudy's for the excellent main course preparation. The reunion was by no means a one-day activity. Alma recalls at least a week's worth of pre and post reunion picnics and visits acquainting out of town arrivals with Michigan. It sounds as though the Harthun's had been planning this event for some time.

Camp Sherwood is the center of activity for four local Girl Scouts. Katie Pappas, Kim Schebor, Karin Schebor and Robin Bisha left Sunday for two weeks of camping, swimming, boating, arts and crafts, and a good time. At least one of the girls has to come home with a tale of someone putting a snake or other such creepy creature in her sleeping bag. We'll see...

Roger Johnson, son of the Howard Johnson's on Church Street, and former Clarkston High graduate, is on the move. Roger is employed by Travelers Insurance Company of Hartford, Connecticut. South Bend, Indiana, has been his home for the last eight years where he has worked in a managerial capacity for that area. Recently, Roger received a promotion making him the company's district manager in St. Louis, Missouri. Roger is married and has two children, Kelly and Scott. And for those of you who are trying to place the face — he graduated in 1955, played football, basketball, and baseball for the Wolves, and had very notable red hair. Got 'em? Congratulations, Rog.

Friends and neighbors will be glad to know Mrs. Gilbert Hellman (Pat) of Parview is back home again following surgery at Pontiac General Hospital. She is feeling pretty good and is fortunate to

have her mother-in-law from Clearwater, Florida here to help out for a while.

For many years Dave and Fran Stewart's neighbors were the Fred Steiners, then the Harvey Schroeder's, and now Bob and Jane Missel and children, Chris 13, Carrie 12, Amy 10, and Jennifer who will be 9 in August. The Missel's are delighted with their new Parké Lake, Orion Road location. They have come from Dearborn; however they consider Rochester their home town.

Bob is employed by Ford Motor Company, a somewhat foreign name in this GM community, but I am sure they will find ways to overcome. I speak from first hand knowledge... when my parents, the Stewart's, returned from their most recent vacation, they found one ever so neatly broken window with an ever so feasible explanation on a paper nearby. It seems the accident was the result of a misguided boomerang. The incident has been settled peaceably. However, the Missels are still determined to meet their other new neighbors. If you live in this area, might I suggest you just call Bob and Jane or stop by to say 'hello' — lest they try to visit you first! Welcome Bob, Jane and kids, really. I enjoyed talking with you.

Following the Jaycee National Convention in Atlanta, Georgia, Jerry and Adele Powell and daughter, Kyle, drove further south to Montgomery, Alabama, where they spent a couple days visiting Clarkston's athletic hero, Dan Fife. They were able to watch Dan steam the Tiger Farm Club, play a ball game, and also saw Dan's folks who were also there visiting

"And we'll be jolly friends forevermore"

The Fishmans want friends

Barbara Fishman is probably too pretty to be so practical. She and her husband, Lionel, and their two daughters, Lisa, 5, and Holly, 22 months, hadn't been in their new home a week until Barbara decided something had to be done about getting local playmates for the girls.

She advertised — in The Clarkston News.

"5 year old girl and her little sister are new to the Clarkston area and would like to find children to play with. Anyone interested in sharing children call 625-2962."

"I figured there must be some other children who are relatively isolated," said Barbara.

The young family has moved to 7285 Sagamore overlooking Deer Lake from a more populous area in West Bloomfield Township. There aren't very many youngsters in their new neighborhood and the houses are relatively isolated.

Barbara has already made several trips back and forth to West Bloomfield Township, carting friends over to spend

the night and keeping the girls happy in their new surroundings.

Lisa, her dark hair in two pony tails — a missing tooth showing through an impish grin — says she likes it in Clarkston and is looking forward to starting first grade in the fall at Andersonville School. Holly, short haired — her conversation limited to a few essential words — likes anything Lisa likes.

While Lionel is at work for a mortgage company in Flint, the three spend the day getting settled.

Barbara has plans to start work for her master's degree in social work this fall at Wayne State University. She's worked for the Head Start pre-school program in the past.

She and her husband like to ski and sail, but they're not joiners, she says.

She hails from Mount Clemens, her husband from Montreal, Canada.

And the girls — they like to play with clay, ride bikes, draw and paint. Anyone want to join them?

Spiritual Message

"Because the Lord hath been witness between thee and thy wife . . . the wife of thy covenant."

Malachi 2:14

June, traditionally, is the month for weddings. By force of numbers or the power of advertising by the suppliers of wedding finery a special aura is attached to the June bride, but, of course, a June wedding is no more beautiful,

sacred or binding than one at any other time of the year. Each in its own way is beautiful; each embodies a sacred agreement in which rings given and received are tokens and pledges, signs and seals, of a union of heart and purpose; each is intended to be binding, involving mutual responsibilities and satisfactions.

Besides the month of June and weddings normally being linked, gifts and weddings likewise always have gone together and, as we all know, the choosing of an appropriate wedding gift isn't an easy task. A good gift isn't a matter of chance but an achievement which a sensitive, loving person accomplishes through concern for the needs and desires of the intended recipients. But, regardless of the gifts, the brides and groom receives from family and friends, the greatest gift, the most important gift, at any wedding is the gift of themselves to each other.

This is the gift of which God in His love is the life-giving spirit and it epitomizes the best of all gift-giving wherein we give of ourselves, for only such giving is capable of smoothing the rough edges of our relationships with one another.

Malachi spoke of marriage as a covenant, a sacred agreement, an agreement to which, as I said, God is a party. Unfortunately, however, it is being thought of more and

more as merely a civil contract, a legalism, in which God has no part. Only too often there is little understanding of or feeling for its sanctity, its purpose in God's scheme of things, its enduring spiritual bond. In truth, marriage is a gift of God. Everyone married before God's altar has said "Amen" to this. Wherever this vision has faded, or has never existed, it may be that these people are too far removed from that holy ground.

Airman Lawrence C. Graham, son of Mr. and Mrs. Rexford C. Graham of Mounted Route, Gladstone, Michigan, has completed his U.S. Air Force basic training at the Air Training Command's Lackland AFB, Texas. He has been assigned to Keesler AFB, Miss., for training in communications-electronics systems. Airman Graham is a 1969 graduate of Clarkston High School. His wife, Heather, is the daughter of Mrs. Elnora Stuetzer of 9440 Bridge Lake Road, Clarkston.

Airman Bonnie J. Crosby, daughter of Mr. and Mrs. Joseph Crosby of 8660 M-15, Clarkston, Michigan, has completed her U.S. Air Force basic training at the Air Training Comand's Lackland AFB, Texas. She has been assigned to Keesler AFB, Miss., for training in the communications field. Airman Crosby is a 1970 graduate of Clarkston Senior High School.

Sheriff Joe Higgins of TV commercial fame demonstrates the advisability of carrying a fire extinguisher on board a boat. He was in Oakland County recently for a water safety demonstration.

Independence Township firemen set fire to farm building on M-15 south of Oakhill Road recently as a part of the township's condemnation program for unfit habitations. The department kept watch as the barn (pictured above) went up in flames and smoke.

by Bob & Marvel White

Some things about a house may be overlooked as defects that will not seriously damage the value of a house. Among these are the wrong color paint on the walls and/or broken gutters if they can be easily repaired. Cracked window panes, one or two are not serious, but broken or missing panes are. Wear on door sill and on floors is sometimes unavoidable and is usually not a serious defect.

Let BOB WHITE REAL ESTATE, 5856 S. Main St., 625-5821 use our professional knowledge and experience to find the right home for you. Or we can aid you in developing your land, no matter how large or small. And call us first with your listing; after appraising your home for full market value, we'll show it to our large backlog of qualified buyers. Hours: 9-8, Mon. - Thur.; 9-6, Fri., Sat.; 12-5, Sun.

HELPFUL HINT:

If any defect is extensive on any building you are considering, it's best to look elsewhere for your purchase. Paid Adv.

GRASSROOTS OPINION

"A visitor to the United States from abroad had become deeply impressed by the very important political campaign now in progress throughout the country. In conversation with a distinguished officeholder he stated that he was much impressed by the extreme generosity displayed mutually by the gentlemen who designate themselves as Democrats and Republicans. Being somewhat surprised at the visitor's comments, the politician said: 'I don't quite see where you get that generosity idea.' 'Why, my friend' the visitor began, 'I am surprised that you should fail to note how industriously each party points out to the other exactly where it is making its most serious mistakes'."

GET IT OFF YOUR CHEST!

Enriched, fortified, or restored?

Do you know what you're getting when buying a food product labeled "enriched," "fortified" or "restored?"

Iron and three B-vitamins (thiamine, niacin, and riboflavin) have been added to foods labeled "enriched," explains Sheila Morley, Michigan State University

consumer marketing specialist. Bread, flour, macaroni products, corn meal and rice are commonly enriched foods.

The term "fortified" indicates that one or more nutrients not normally present in that food have been added. Milk, for example, is commonly fortified with

Vitamin D. The body needs Vitamin D, which does not occur naturally in milk, to absorb and use the calcium present in milk, Mrs. Morley explains.

When certain nutrients lost in refining or processing are replaced, the food is labeled "restored".

In most cases, when a food has been enriched, fortified, or restored, the information is on the label, the specialist says. Labels on bread that is manufactured and sold in Michigan, however, are required to list only preservatives.

**"People
who

hill'n gully

"Hoorah, the power went out!"

by Jean Saile

Everybody's got a little pioneering spirit, and none more so than the Saile troops.

Last week's freak storms alternately raised and dashed their hopes. The power went out — "Hoorah, the power went out!" — but it didn't stay out long enough to warrant digging out the candles or the campstove.

And even I, as someone old enough to remember when candles weren't just ornaments and a cooking fire for breakfast meant stoking up the range at night, have got to admit they're fun.

I think it's that old 'man against the wilderness' syndrome that takes over — even as a freezer full of meat turns soft and the toaster won't toast.

Bereft of our 'automatics', we turn to each other and the sky.

Somehow rushing through breakfast to get on with the rest of the day is not so important during a bad storm. We've concocted and relished some delectable menus

over a two-burner stove.

And the sky — we suddenly realize it's there to be read.

Perhaps that's a symptom in the Saile's love for camping. Things

Community Calendar

The North Oakland YMCA, 131 University Drive, Pontiac is accepting registrations from teen for a 12 day camping trip around Lake Michigan.

Teen Travel Camp 1972 is the 4th annual Great Lakes trip sponsored by the local 'Y' but this year's trip is open to girls for the first time.

The trip begins July 31st and participant activities include; fishing, swimming, rock hunting, a 300 mile train trip into Ontario, and visits to local points of interest.

For more information call the 'Y' at 335-6116.

A camp for the deaf and hard of hearing is to be held at Grass Lake, Michigan, (Near Jackson) from August 6-13, 1972. The camp is for all ages. However, children under nine years of age must be accompanied by an adult.

For a free brochure giving further information, you may write to:

Ray L. Jones, 36970 S. Huron Road, New Boston, Michigan 48164.

Union Lake Business and Professional Womens Club will sponsor its fourth annual art exhibit during August. Entries in oil, drawing, graphics and pastels, water colors, mixed media and sculpture will be accepted Monday, August 14, from noon to 9 p.m. at St. Partick's Catholic Church Annex, Union Lake Road at Hutchins Road. Mrs. Elton Black, chairman, said the work of artists under 18 will be judged separately.

In 1970, United Community Services agencies, which are funded by the Torch Drive, directly served 732 residents of Independence Township. Agencies most frequently utilized were the American Red Cross, the Boy Scouts, and Family Services of Oakland County. This figure does not include services from Michigan United Fund agencies or the Michigan Cancer Foundation and the Michigan Heart Association, which are also Torch Drive supported. The figure also does not include indirect services such as research.

Get your BRISTOL BOARD, colored or white at the Clarkston News Office, 5 South Main.

we're too busy to notice the rest of the year are suddenly very important.

We've camped in the mountains of Vermont and had a raccoon join us for a midnight snack. We've counted fireflies in Pennsylvania, picked shells in Florida, and fed wild donkeys in South Dakota.

We've also abandoned flooded campgrounds, swatted bugs, run out of white gas, and lain awake to the sound of transistor radios, electric guitars and wild parties.

But the bad places need only be one-night stands. The good ones are those where the kids drop off to sleep around a friendly fire — their conversations diminishing in ratio to the activity of the day.

And their dad and I look at each other, and we know that life is good.

Township has complaint session

Pine Knob officials have promised to take action at a complaint session with local residents to alleviate the problem created by the Pine Knob amphitheater.

Special time was allotted before the requested Independence Township board meeting Tuesday, to discuss last week Monday's rock concert at Pine Knob.

Local residents in the area surrounding Pine Knob and Pine Knob owners and managers were present for the complaint session.

Mrs. Fred Kluesner of 7350 Pine Knob Road presented a list that she had compiled concerning problems in her area.

"I want to know what you're going to do about signs on the roads; those curves are very confusing. Your employees are speeding down the road with trucks and heavy equipment. I want to know what you're going to do about that," said Mrs. Kluesner.

"Also we noticed that you take your garbage out every day and leave it in the work area. Already I've seen the dogs in it. Your people are leaving the gate to the lagoon open and I'd hate to see my children wander in there. Your sanitation is a stinking rotten mess," she continued.

"And although you stated you've lowered the speakers, we're still getting the noise and the vibration, so much so, that we can't even use our yard this summer."

Bob Nederlander, Pine Knob amphitheater owner, told residents that signs would be installed and road chloridation would be done twice a week if necessary.

"What about the marijuana? My daughter went there for a concert and it was so thick she got dizzy from the smell. A doctor confirmed that this could happen," another woman said. "What are you going to do about that?"

"We're trying to prevent this," said Nederlander. "We've hired off-duty Oakland County sheriff's men, besides having state public and narcotics agents patrol the grounds."

Fred Kluesner, 7350 Pine Knob Road, introduced a resolution not to open additional recreational activities until this problem is resolved.

"We want the township board to spell out what these organizations can do and to limit the type of commercial recreation," he said. "We could have a race course in here."

No action was taken on this resolution. Gary Stonerock, supervisor said, "This is the beginning of a great growth in our

community and problems too. We've found these people from Pine Knob extremely willing to listen to our complaints.

"I think that they have adhered 95% to the injunction that we filed against them. The improvements have been 110% since they took over."

A woman from the audience stood up and asked if it was true that 2300 tickets were sold for the James Gang concert.

"We're trying to have a policy not to have tickets at the door when there is a possibility that we might be sold out," said Nederlander.

"We just can't understand what happened last Monday night. The James Gang is only a third rate hard rock group. The only thing we can figure is that the kids must really have needed a place to go."

"Well, why have you upped the price of parking?" asked a man from the audience. "This is only going to encourage young people to park on the shoulder of the road instead of paying to park."

"We did that to discourage that element we all saw here last week. We

Parents without a Little League game to attend these warm summer nights are in the minority. "Play ball" is the phrase heard in every playfield of the area, and some 700 youngsters do.

have also raised the price of lawn tickets to discourage walk-in and people from loitering."

"We were considering having the Rolling Stones here for a concert even before their American tour was announced, but we won't be playing anymore hard rock this summer," stated Nederlander.

Joe Loccrichio, owner of Pine Knob, explained that police will be patrolling

the shoulders of the road.

"This meeting has given us a better feeling for the concerns of the community," said Loccrichio. "We pride ourselves in community involvement and we were appalled by July 10. We hope

that we won't have concerts to attract that element again."

Nederlander said people with complaints could call 394-0000.

obituaries

Nora Hamilton

Former Clarkston resident Nora S. Hamilton, 79, of 2300 Watkins Lake Road died Tuesday, July 18. A retired school teacher, she was a member of St. Daniel's Church.

Surviving are two daughters, Mrs. Joseph (Jean) Hendricks of Davisburg and Mrs. Raymond (Carol) Landgraf of Seattle, Washington; a son, Dr. Alfred S. Hamilton of Clarkston; 14 grandchildren; six great-grandchildren; two sisters, Mrs. Bernard Serry and Mrs. Raymond Fleming, both of Connecticut; and a brother, William Shea of Connecticut.

The funeral will be 10 a.m. Friday at St. Daniel's Church with burial in St. Joseph's Cemetery, Hackensack, New Jersey. Rev. Fr. Francis Weingartz will officiate. Arrangements are by the Lewis E. Wint Funeral Home.

Baseball carnival Saturday

Little League in action

Independence Township Recreation Department will host its first baseball carnival and fun day Saturday. All 49 teams, 700 boys in all, will take to the fields starting at 1:30 p.m. They will play until dark for friends and relatives.

Special contests and games of chance will highlight the day's activities. Tickets at \$1 can be purchased from any player or manager.

DNR report

A recent survey by D.N.R. Fisheries crew revealed 6-7" bluegills are waiting to be caught in Big Silver and Loon Lakes in Waterford Township. Try crickets or worms fishing in deep water. Large bass are being taken on the Holly Millpond. A few bass, panfish, and bluegills are being caught on Deer, Loon, and Maceday lakes. Union Lake reported nice bluegills are being caught. Reports from Lake Orion were fair bass fishing, fairly nice size rock bass, small bluegills and poor carp fishing.

"The men and women who have reached a high degree of success in the great things of the world have been people who have studied themselves. They learned how to strengthen their weak points, cultivate their capabilities, and arouse their efforts to become something worthwhile in life, they have developed strong characters which enabled them to reach the top of the ladder in their particular line."

Western 4-H group started

The Flying M 4-H Club, a new group for Western horsemen and women only, will have an organizational meeting at 2 p.m. Sunday, July 23, at Flying M Ranch, 5813 Honert Road.

The ranch features indoor riding facilities, and is located off Sawmill Lake Road, which is in turn off Hadley Road.

Club members will be trained in halter, pleasure, horsemanship, reining, cutting, roping and contesting.

The club will be active in horse shows and endurance rides. Year end trophies will be awarded for group projects. A junior rodeo is planned for the first of October.

Further information is available from leaders, Dale Moss, Bill Dale or Lee Packman. They may be reached at 693-8920.

Tennis team loses first match

Clarkston's newly organized tennis team lost 13-4 to Hazel Park in its first time out in tournament play. The team is comprised of those students taking lessons at the high school in the Independence Township Recreation Program.

Winning for Clarkston were Steve Yantiff and Scott Domiroff who took doubles play for boys 13 and under. Yantiff also won his singles match.

Mike Foote and Chirs Kuechle won in doubles for boys 16 and under and Nancy Foster won for girls 16 and under.

Tim Doyle, township recreation director, says the program still needs players in the 13 and under and 16 and under categories.

The next match will be at 10 a.m. Friday at Oak Park. Anyone interested in playing or providing transportation is asked to contact Doyle at 625-5111.

Football signup

Boys interested in playing for the Independence Township Chiefs football team may sign up Monday, July 31, at the township hall between 7:30 and 9:30 p.m.

Boys must be nine years old weighing between 65-105 pounds; 10 years old weighing between 70-115 pounds; or 11 years old and weighing less than 90

pounds.

Any boy in the above categories who lives in the township and did not play with the Chiefs last year is eligible to sign up.

Further information is available from Fred Dyke, 674-3375, or Bob Pearson, 623-0107. Membership fee of \$10 per family will be due later.

Boom times just around the corner

If Michigan's unexpected vacation travel increase registered so far this year is any indication of the state's economic health, then boom times are just around the corner, according to Automobile Club

of Michigan General Manager Fred Rehm.

Rehm told Auto Club executives meeting in Detroit recently that 1972 requests for domestic travel information on North America from Michigan AAA members are up 21 percent as compared with the first four months last year.

"Even more surprising is the 30 percent jump in the number of members served through our World-Wide Travel Department," said Rehm.

Rehm said that during the first third of this year, Auto Club members have requested 115,000 domestic routings, up 20,000 requests for the same period last year.

Requests for general information on Michigan's travel have risen 64 percent for the Upper Peninsula and 23 percent for the Lower Peninsula.

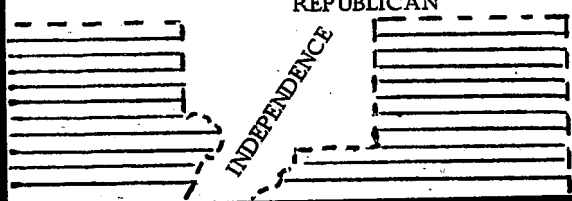

Rehm added that the most asked-about state besides Michigan was Florida, with a 32 percent increase in inquiries, due mainly to the new Disney World.

Members inquiring about California rose 24 percent. Eastern Canada inquiries rose 33 percent while Western Canada had an increase of 29 percent. Requests for information on Mexico rose 41 percent.

"Many of the major resorts across the nation are already being booked for the summer tourist season," Rehm said. "This means that anyone planning an auto trip should make sure that advance motel and hotel reservations are obtained."

Rehm concluded that to travel comfortably on vacation by car this summer, couples can expect to spend an average of \$46 daily. This allows \$16 for food, \$17 for lodging, \$9 for gas and oil and \$4 for tips and miscellaneous.

"We have another important election-year fact. The city of New York has a special department that is charged with the responsibility of cleaning up after 'relieved' dogs. In 1969 the budget for that department exceeded one million dollars. Some of you politicians might keep that in mind."

Sewer saga underway

Harry Kopko, job superintendent for Lerner Linden Inc. oversees work on four dewatering wells now being drilled off Main Street by the Clinton River. The wells are necessary to lower the water table, so that a pumping station may be constructed.

The \$10 million project known as the Clarkston-Independence Township System of the Clinton-Oakland Sewer Interceptor is now a seeable, hearable operation.

Construction companies are at work in many parts of the southern half of the township, laying pipe, building pumping stations, and digging wells.

The roar of giant machinery, big trenchers, bulldozers, sand carriers and trucks, fills the air. Lawns are being temporarily disturbed, roads roughened and traffic blocked off, but the process means that within a year many people of the township will find septic tank problems behind them.

Residents of the Orchard, along Snowapple and Cramlane, have experienced firsthand the upheaval of sewer construction. Lawns have suffered, traffic has had to be detoured, and the rumble of giant machinery is a continuing item. By next year, sewage should be flowing to Detroit in the pipes now being laid.

When you have a paint brush you want to soak, say, overnight, before you use it again, turpentine is one of the best solvents for keeping the brush soft and usable until the next time. Simply pour the turpentine into a tin can or milk carton that has been cut to proper size and thoroughly cleaned. Push a wire through opposite ends in the top of the container, and string the handle of your brush onto this to keep the bristle from touching the bottom of the container.

You can buy all your paint and painting materials from BOB'S HARDWARE, 60 S. Main St., 625-5020. In addition to the complete line of Sherwin-Williams paint including Kem-Tone, Kem-Glo and Kem-Enamel, we also feature Rogers Paints, Minwax wood finishes, Rust-oleum, Fabulon fast-dry wood finish for floors, and antiquing supplies. And we'll help you select just the right paint for the job. Hours: 8-6, Mon. - Sat.

HELPFUL HINT:

Cleaning hands of paints and finishes is much easier if you have rubbed on a little cleansing cream before you started the job.

NOTICE

CLARKSTON

Village Taxes are Payable to:

Village Treasurer
P.O. Box 207
Clarkston, MI 48016

OR

55 West Washington
Monday and Wednesday
9:00 a.m. - 11:00 a.m.

Village of Clarkston
Minutes of Regular Meeting
Village Council
July 11, 1972

Meeting called to order by President Johnston. Bruce Rogers, the new Village Clerk, was sworn into office. Roll: Present - Basinger, Jones, Tower, Weiss, Wilford. Absent - Auten. Minutes of the last meeting were read and approved. Moved by Basinger, "That the following bills be paid:"

Police Dept	\$877.77
P.E.P. Wages	722.51
Municipal Services	208.40
Administration	277.20
Clarkston News	187.20
Insurance	77.00

Seconded by Wilford. Roll: Basinger, aye; Jones, aye; Tower, Aye; Weiss, aye; Wilford, aye. Ayes 5, Nays 0. Motion carried.

Trustee Tower gave a report on the Sanitary Sewer Committee. Jack Hagen was present to discuss his sewer hook-up location. A discussion followed. The Sewer Committee will set up a meeting with the Dept. of Public Works to resolve the following items: the sewer hook-up of Mr. Hagen's residence and the depth of sewer lines to be installed in the Middle Lake Road and Overlook Road Area.

Trustee Basinger gave a Planning Committee report. The Council felt that it would be best not to have any moratorium on re-zoning at this time.

Moved by Jones, "That the lot split request by Russell Colton on Lot 102, Assessor's Plat of Clarkston be approved." Seconded by Basinger. Motion carried unanimously.

Jim Webster from the Oakland County Board of Health was present to discuss the pollution problem of the Clarkston Mill Pond. There was also a discussion from some residents on this problem. It was decided to conduct some testing of the septic systems along the Mill Pond.

The annual Village Financial Audit was distributed to the Council members. Keith Hallman was present to inquire about the Village Septic System Fund and special assessment districts. Specific questions regarding the fund were, the necessity of assessments for 1972, and the method of allocation of these assessments to the users of the system. The Council will check this out and get back with Mr. Hallman.

Harold Reekwald was present to inquire about County notification of location of sewer lines at the rear of his building on S. Main Street. His questions were added to the list of questions to be discussed with the Department of Public Works.

Trustee Wilford wanted to know if there is any money in the budget to begin work on the Village sidewalks, as per the Sidewalk Survey. This will be checked into. Part of this work will be undertaken immediately.

A letter of resignation from Mary Ann Pappas as the Village Treasurer was read by the Clerk. Moved by Tower to "accept the resignation with regrets." Seconded by Wilford. Motion carried unanimously.

Moved by Weiss to appoint Artemus Pappas as the new Village Treasurer. Seconded by Tower. Motion carried unanimously.

Moved by Tower to grant the request from the Clarkston Jaycettes to use the Village Parking Lot for two car washes, the dates being July 29 and August 19. Seconded by Weiss. Motion carried unanimously.

Meeting called adjourned by President Johnston.

Bruce Rogers
Village Clerk

The independent view

by Jean Saile

I am now an honorary Irish citizen, courtesy of Chuck McBride. Chuck presented me with the certificate of citizenship, signed by Lord Mayor Sullivan of Cork. Besides a lot of blarney, the certificate gives me the right to march in St. Patrick's Day parades, drink Irish whiskey, read James Joyce and William Butler Yeats, listen to "Dublin in the Green" and use some blarney myself. I like it.

Mervyn J. Weber of 5612 Pine Knob

Road is upset about "the runaround" he gets from township and county officials. He cites the case of a tree in his yard, partially uprooted by sewer construction. Next day the tree was put back in proper shape by construction crews, only to be cut down shortly thereafter. He says he's been referred to so many departments in the matter of the tree, he's lost track. "Nobody seems to want to pay attention to the taxpayer of this county. I want some questions answered and the treatment I get is ridiculous." Amen.

Bruce Rogers is the cameraman par excellence who took the pictures of the Civil Air Patrol rocket launch in last week's paper. Bruce, who confessed himself a rank amateur when he first took pictures for us of "The Walk for Mankind", now has all the earmarks of turning into a pro.

A last call for 1957 graduates of Waterford High School has been issued by Jim Beebe at Haupt Pontiac and Marlene Williams, phone 627-3026.

The class plans a 15th reunion at 7 p.m. July 29 at Addison Oaks in Addison Township.

The Gar Wilsons of Chickadee, parents of a new set of twins, planned things just right. Their two older children, Cherie, 8, and Steve, 6, are just about the right age to help out with the babysitting.

Paul Frechette, owner of the Clarkston Golf Course, is getting a little bit tired of vandals. For the third time in a month someone has attempted to blitz his watering system, and they succeeded the last time. It's going to cost him plenty for a new pump motor, but he's willing to pay another \$500 reward for information leading to the arrest and conviction of whoever's doing it.

Gary Himes of 5532 Dvorak has a new respect for residents of Clarkston and, he says, so do the nurses at the Red Cross blood donor station in Berkley. A call for 30 pints of blood went out recently, needed fresh for open heart surgery Tuesday.

With the plants not working, donors were hard to find and Himes was among those contacted. He considered the matter and went. He learned he was the 20th donor, nine before him having come from Clarkston.

Like he says, the nurses were impressed about this town and its people.

SPORTS Go-Round

by Jerry Savoie

One of the greatest of all sports today in this country, fishing, was thought to be a stern duty by early colonists who would not openly admit that they enjoyed it. Fishing and hunting too, for that matter were not to be thought of in any other way or manner than a means to an end. The origin of American sports plus hundreds of interesting sidelights and personal experiences of world-renowned athletes of our time and generations gone by will make for a wealth of informative topics, which will appear in this column regularly. Won't you make it a reading habit?

SAVOIE INSULATION CO., 64 S. Main St., 625-2601 makes it a habit to provide information for the do-it-yourselfer. We carry fiberglass and cellulose blanket and blown-in insulation and invite you to consult Richard Boyle, our insulation specialist for do-it-yourself information, or let our experienced crew do the work for you. Hours: 7:30 - 5:30, Mon. - Fri.; 8-12, Sat.

HELPFUL HINT:

Dip rusted metalware in pure cider vinegar, then let it dry for a few days. Wipe away remaining loosened rust particles. Paid Adv.

Behind the Counter

From Keith Hallman

Aspirin

Aspirin is the most widely used drug in this country, but you'd be surprised at some of the uses to which it is put. It seems human imagination has no limits in conjuring up exotic uses for those familiar little white tablets.

One of the most enduring bits of floral folklore is that a couple of aspirins added to the water in a vase of cut flowers will make the blooms last longer. Botanists say the aspirins will only help if the flowers have a headache.

Some home-canning enthusiasts have tried putting aspirin in beans and tomatoes, corn and piccalilli. Home economists warn against this practice, even though the salicylic acid in an aspirin tablet has antiseptic properties and was once used to preserve milk and meat. That was a long time ago, and better preservatives are now available.

Some fishermen say an aspirin or two in their bait buckets keep the minnows in a lively state longer than usual. A spokesman for the Nevada Fish and Game Commission suggested that if aspirin works, a shot of rum might be better. Local fishermen say they have other uses for rum.

And while you've been reading this, another 800,000 aspirin tablets have been consumed—mostly to relieve aches and pains.

Hallman's
Apharmacy

4 SOUTH MAIN 625-1700

"While it seems in this day and age everyone is quick to condemn youth, we should remember there is probably no more than 2 percent of the entire youth population causing today's 'turmoil' in the eyes of society. That's a pretty good percentage when you figure the remaining 98 percent are left to carry on the American way of life. The young people of today have accepted more responsibilities, solved many problems and shown more initiative than many of their critical elders."
