The beach at Woodhull - improving fast.

Remember to vote August 8

Jaycees say "Get out and vote"

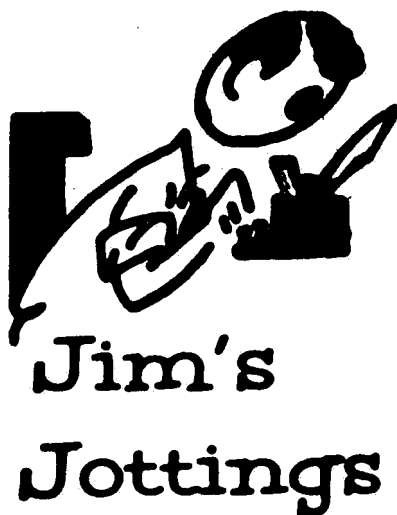

The Clarkston Jaycees, in cooperation with ten other Jaycee Chapters, are organizing a campaign to improve voter participation in the August 8 primary.

The Jaycees urge all registered voters to vote on August 8th. If any voter will be out of town on primary day, he or

she should obtain and fill out an absentee ballot.

The ballots can be obtained by calling

the township clerk at 625-5111 or going to the township hall, 90 N. Main, until Saturday.

By Jim Sherman

This is the season for political hopefuls to make their rounds of country newspapers.

It must be that the dailies have worked out a system of spotting

them at the front door, hustling them down a long hall and out into the rear parking lot. They all show up here and we haven't worked out any way to give them a fist shuffle.

Some of them are my friends, genial folks and very entertaining. Most of them I've never seen before and find some of their conversation about as exciting as watching a glass of beer go flat.

These strangers are the ones most likely to greet me with great enthusiasm and hearty handshakes. "Jim, old boy" they'll cry out with uncontrollable glee, "long time no see". How right they are.

"Got a little run down here" they'll say, patting a pocket.

"Should make pretty fair reading for your readers."

Then the joker will pull out a half dozen pages describing how as a poor farm boy he decided that when he grew up he was sure-enough going to fight the good fight for the farmers and the factory workers and the young and the old and all those folks that never get a fair shake.

After thumbing through the six pages of mumbo-jumbo and half pretending to speed read them, I'll ask, "Want the whole thing set as a political ad? Take a lot of space. Be pretty expensive. Page and a half, maybe."

"Well now," the jovial candidate says, getting a bit more serious, "didn't exactly think of this as a paid ad. It's not really hard sell.

More like kind of an unbiased biography."

"Sounds pretty biased to me", I tell him. "Reads like you're just short of being a saint, except you're ready to go to war for the downtrodden voter. Straight political. No news value. May all be true but we don't have the space to run cradle-to-the-grave reviews on all candidates. Want an ad or not?"

"An ad?" he'll gasp like he doesn't believe I'd have so much nerve. "How much would a one column by 2 inch ad run?"

\$4.00 in the Ad-Vertiser and \$2.25 additional if you run it in the Leader or News, too."

"Six and a quarter," he muses. "Well, let's try it out just in the Leader. You said \$2.25?"

"Yes," I tell him, "and in advance."

HORSE-PULLING — Joe Willson of Oxford practises with his team for the horse-pulling contest at the Oxford Gravel Festival August 4, 5 and 6. The festival will also include a parade, the opening of the Historical museum, donkey baseball, a water fight, carnival and many others.

Gravel fest this week

The Oxford Area Jaycees will hold their second annual 'Gravel Festival' this year Friday, Saturday and Sunday. This festival is held in honor of the gravel industry in Oxford which is the largest in the world.

The festivities will begin on Friday with the opening of the carnival and an old fashioned sing-along. Saturday will include a parade, horse pulling contest, donkey baseball, helicopter rides and free bus tours of the gravel industries. Sunday will be children's day, featuring 'Bozo' the clown, and games and entertainment for kids of all ages.

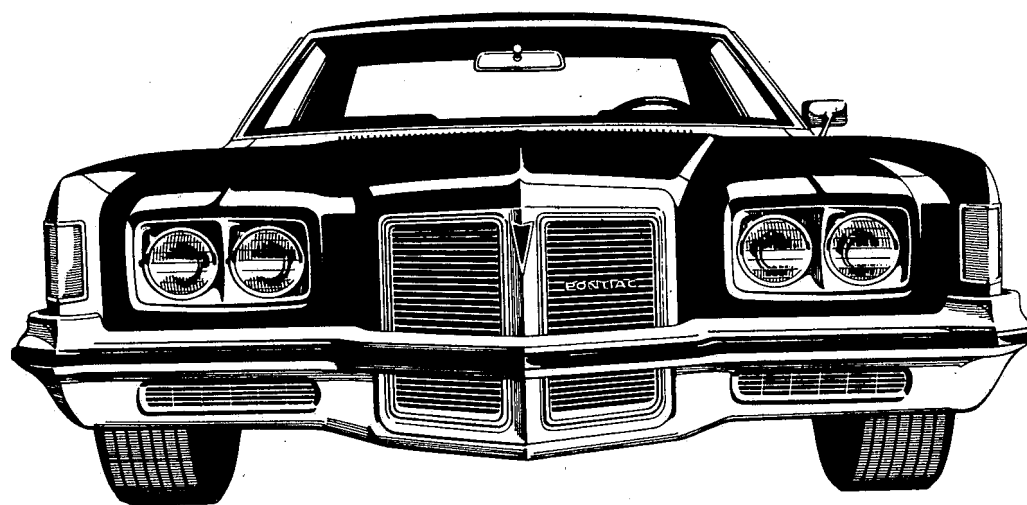

The Northeast Oakland Historical Society will use this occasion to open up their new museum located in Oxford on Saturday.

It's "no go" for buses

Bus trips scheduled by the Independence Township Recreation Department to the Detroit Historical Museum, Tiger Stadium, Wildwood Park and the Detroit Zoo have been cancelled.

The buses, which Recreation Director Timothy Doyle believed available from the Clarkston School District, are not.

Superintendent Dr. Leslie F. Green has written Doyle that since field trips during the school year have been held to a

minimum and recently eliminated "due to the need to curtail expenses, it would appear unwise if not illegal" to furnish them during the summer recreation program.

Doyle said he'd made application for the buses the day of the last school board meeting July 10. It may have been the late application had something to do with the turndown, because Assistant Superintendent Milford Mason said state

law requires that buses can be used only if a formal agreement has been worked out between the participating groups.

He noted however that the school board lets the insurance on the buses lapse during the summer.

Doyle counters that Supervisor Gary Stonerock had informed him the township could add a rider to its insurance policy to protect the buses and their passengers. He said the recreation

department expected to charge its youthful passengers a nominal fee to cover the cost of drivers on any of the excursions.

It is possible the matter might be considered again at the August 14 school board meeting, however spokesmen for either side are making no promises.

Doyle's reaction to the roadblock: "I'm amazed. I didn't think there would be any problem at all. It's the way summer programs are run all over the country."

Doyle said hopes to have a bus available for inter-playground activities were dashed at the same time.

"It would have been nice to load the kids in a bus and take them all at once when it became necessary to go to another playground; in place of our directors taking an hour and half to transport all the children by car," he said.

'independence house'

Pastor Mark Caldwell of Sashabaw United Presbyterian Church turned over the keys to Don Place, chairman of 'independence house' last week. First meeting in the now official headquarters will be at 7:30 p.m. Wednesday, August 9, at 5331 Maybee. Anyone wishing to help at the community 24-hour crisis center, due to open in September, is invited to attend the meeting.

Vandalism

high at Sashabaw

Neighbors around Sashabaw Junior High School and North Sashabaw Elementary School have been asked to be on the lookout for vandals who have caused an estimated \$1,200 window breakage over the past few weekends at the school.

Milford Mason, assistant superintendent of the Clarkston School District, said every full door glass has at least one rock hole in both buildings. He said the district is not covered by insurance for glass breakage and the repairs will cost the taxpayers of the district.

Appeals board changes made

Herb Stone, chairman of the Independence Township Zoning Board of Appeals, has resigned to a change in jobs. Robert Beattie of Kingfisher has been appointed in his place to the board. Mel Vaara has been named chairman.

Sage property rezoned apartments

Forrest Milzow, Clarkston builder, has permission to erect apartments on the Sage property behind Holcomb Road. The property, about three acres, is adjacent to Milzow's Sueery Lane development on the north and Times Realty managed apartments to the south.

The rezoning was approved by the Clarkston village council which met last week. Several people were present in the audience, but few objections were registered once Attorney Jack Banycky explained that to deny the zoning would only result in a losing court battle.

Mrs. Lucia Wilford, councilwoman, spoke against the rezoning contending its

effect on the population density would be detrimental, that it would use up existing open space, and that traffic would be worsened on Holcomb.

Ed Thompson of the Village Zoning

Farnum heads Montgomery campaign

George Montgomery, unopposed Democratic candidate for Congress from the 19th District, announced this week that Billy Farnum has agreed to act as Honorary campaign chairman. Farnum was the congressman from the 19th District in 1965 and 1966 and has also served as Michigan's Auditor General.

Montgomery also announced the appointment of Roe VanFossen, a local computer expert, to serve as Campaign Director.

"My campaign will center on those issues that most closely effect the residents of the 19th District," Montgomery said. He pointed out that all too much money has gone from the people of Michigan to Washington and all too little has come back in recent years.

Board of Appeals explained that group's recommendation to allow the rezoning. He said not a single member of the appeals group thought it a good move, but the legalities of the situation could not prevent it.

Milzow then told the council he was proceeding on an agreement which would cause him to construct stairs at the side of the new office building he is erecting on Main Street. The stairs, between the new structure and the Clarkston Conservatory, would eventually lead to village-owned park land behind. Milzow is thereby gaining access to the rear of the building under construction.

Both endorsed

Both Democratic candidates for Independence Township trustee have received the endorsement of the township Democrat Club.

(Last week the News reported that the Club made no endorsement in this race.)

Mrs. Karen Herron said the Club does not make a choice between 2 candidates from the Club when they are running for the same office.

The 2 Democrat trustee candidates are Chester Hensley and Richard Weld.

Hotline information

George White of the Clarkston Education Association has announced that beginning next week residents of the school district will be able to get information about teacher negotiations through a PN Hotline.

The hotline, the number yet to be announced, will play recorded progress reports on the negotiations. PN stands for professional negotiations, according to White.

Jim Klark, Woodhull playground director, has a friend.

EDITORIAL

Promises, promises

The air rings with the promises of would-be political types to heed the wishes of the taxpayer. Anyone attending any of the current political rallies would be inclined to believe this has got to be the year of the "little man."

Unfortunately he's most often home, perhaps bogged down by bad roads. He may know roads are financed primarily by state gas and weight taxes, but it doesn't really occur to him to excuse the local officials when he loses an exhaust system to a chuckhole.

Taxpayers tend instead to mentally add up recent tax bills and

wonder where the money went.

There have been moves on the part of county commissioners in the last few years to supplement the state road funds with local money, and we applaud it.

What we need now is a healthier share of those state funds, as provided for in measures before the legislature, and we also need more local money shoveled into the road kitty.

Otherwise it's possible we're going to be isolated in our suburban 'ghettos' because of the difficulty in getting anywhere.

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS

August 2, 1962

Mr. and Mrs. Francis Davis of Snowapple Dr. announce the birth of their second son, Kenneth Paul, at Pontiac General Hospital July 29.

The Job's Daughters of Clarkston Bethel No. 25 will sponsor a Cake and Ice Cream Social Sunday, August 5 at the Clarkston Masonic Temple.

Recent house guests of the Keith Humberts of Snowapple Dr. were his brother and family, Mr. and Mrs. Norman Humbert from Sacramento, California.

Mr. and Mrs. John Foggarty, of LaVon Dr., Cleveland celebrated their 15th wedding anniversary July 29th.

August 8, 1947

Young swimmers, and in fact the adult swimmers as well, are thankful to the village council and the local P.T.A. for the improvements being made at the Deer Lake beach. Those in charge were Robert Waters and Ralph Thayer.

Mr. and Mrs. William H. Diebolt of Detroit were weekend guests at the home of Mr. and Mrs. Thompson Miller.

"If It Fitz . . ."

Jacks is my game

By Jim Fitzgerald

I'll tell you one thing, Buster. No one ever shot the star on fivesies by mail. You had to be there.

I mean, how about that Bobby Fischer? He won a chess game and he wasn't even there. He wasn't even there sitting in his special chair flown from New York to Reykjavik because there wasn't a chair in Iceland that fit Bobby's rump right.

Fischer wrote a chess move down on a sheet of paper flown from Sweden for the occasion. He put it in a sealed envelope and had it delivered to his opponent, Boris Spassky, at the chess arena where hundreds waited to watch the big match. Thousands more wanted to watch on TV.

Spassky read the note, conceded defeat, and left. Fischer showed up an hour later to take a bow and drink some orange juice flown in from Florida. There was no one there except Gudmundur Arnlaugsson, deputy referee of the match. He

was still trying to get his name spelled right on the official score sheet.

Sort of reminds you of the time Ty Cobb mailed that stolen base to the New York Yankees, doesn't it? Or that time Arnold Palmer sent a birdie to the National Open via Western Union (of course it was never delivered because it was a weekend but that wasn't Arnie's fault).

Jacks is my game. (The Birds is coming).

My children always look a little ashamed when I tell them I was jacks champ of my block 35 years ago, edging Mary Margaret Moriarity in a showdown match that lasted 3 weeks and delayed the opening of the yo-yo season.

My kids share the popular opinion that jacks is a girls' game. Which is nonsense. They should just ask Mary Margaret, if she has come out of seclusion yet. Championship jacks takes a lot of stamina and gut-level coolness. I'll never forget that battle with Mary Margaret.

The park vote

To the Editor:

August 8 the Huron Clinton Metropolitan Authority will ask taxpayers for a millage increase. Recent news coverage points out serious flaws in H.C.M.A.'s organizational set-up. There is no similar tax supported public agency with as much autonomy, power, and money, and as little social or political accountability to taxpayers as H.C.M.A.

The Authority functions with 7 commissioners, 5 of them from member counties, 2 governor's appointees. They don't run for office, are not required to report back to governmental units, and are appointed practically for life.

They meet monthly but are otherwise busy, working people.

Consequently H.C.M.A.'s efficient staff functionally insulates the Commission, screening public reaction, and guides the Authority with concurrence of the commissioners. Their disregard for public opinion and lack of public input in their decision making process is incredible.

Twice in recent years H.C.M.A. has refused opportunities to acquire large park acreages near Detroit (Bonny Brook Golf Course and Maybury Sanitarium) although begged to do so by Detroiters, the U.A.W., etc.

Presently H.C.M.A. and U.S. Engineers plan filling valuable Pointe Mouille marshland with polluted Detroit River dredgings. Eventually, H.C.M.A. plans an intensive use, water oriented park on the fill. Environmentalists, conservationists, sportsmen and local government all strongly oppose the filling, but H.C.M.A. has yet to respond to the public hearing or suggest alternatives.

H.C.M.A.'s proposed Mill Creek park, 63 miles from downtown Detroit, involves 4500 acres in one of the few

remaining stable agricultural regions in the 5 counties. There's strong opposition from the local governments, environmentalists, agricultural groups, and professional planners.

The park as planned would bring difficulties to the township, cutting off primary roads, ruining circulation, conflicting with the agricultural environmental quality, and creating unfeleivable interchange problems. H.C.M.A. appears indifferent to retained planners' recommendations and is proceeding with land appraisals despite severe adverse implications for the region.

One cannot deny H.C.M.A.'s expertise at developing and operating parks. The value of the Belle Isle project is unquestioned. However, approval of the millage would not only double H.C.M.A. tax revenue, but would also double their power and autonomy.

The people should first require accountability, perhaps as follows: a. Include H.C.M.A. under the States' Administrative Procedures Act, regulating State agencies' operations.

b. If (a) is not feasible, H.C.M.A. being regional, amend H.C.M.A.'s enabling act to require public hearings.

c. Broaden representation to the Commission, perhaps on a population basis.

d. Require preparation and publication of environmental impact statements on all projects before land acquisition.

H.C.M.A.'s indifference to values other than their own, and disregard for public expression should be corrected before giving them additional tax revenues.

Sincerely,
David D. Bacon
President,
Mill Creek Research Council

A thank you

Dear Editor,

The officers, Board of Directors, and members of 'independence house' wish to thank the people of our community who participated in the "Walk for Mankind", and the Clarkston Area Jaycees who promoted the walk.

Those who walked and those who sponsored walkers have helped us toward our goal of a September opening. We

received 40% of the money raised during the walk.

There will be a General Membership Meeting at 'independence house', 5331 Maybee Road, August 9 at 7:30. Anyone interested in helping people on a person to person basis are invited to attend. We need you.

Sincerely yours,
Don Place

The arguing went on 15 weeks and finally went to binding arbitration by Johnny Miller who was deputy referee until 8 o'clock each night when his mother made him go to bed.

Once the match began, Mary Margaret's dad started taking pictures with his Brownie while I was doing eggs-in-the-basket. I walked out and didn't return until he agreed to crouch in the kitchen cupboard and shoot his pictures through an opening in the breadbox.

That'll give you an idea of the strain I was under. But I won, mostly because Mary Margaret was no match for me in the impromptu, or free figure competition. She conceded defeat when I tossed the ball high, put all 5 jacks in my mouth, spit them into my shirt pocket one at a time, and then caught the ball before it hit the floor.

I'd like to see Bobby Fischer mail that in.

First there was a terrible argument about the playing field - wood, concrete or Reynolds Linoleum? We finally compromised and played on our kitchen floor which had all 3 surfaces. The roll of the jacks determined how the ball would bounce and whether your knuckles were scraped, splintered or waxed.

Then there was posture. I favored the kneeling position because it allows greater reach. But Mary Margaret insisted that we sit on 1 buttock each, and play side saddle. We finally compromised by alternating the 2 positions during the first 2 weeks and sitting Indian style the 3rd week. It is terribly difficult to play jacks sitting Indian style, unless you don't have any knees.

Mary Margaret wanted to use red jacks and a blue ball. This was spite. She knew I detested red and blue. I wanted green jacks and a white ball. Again, we settled the dispute by alternating. But it wasn't easy.

Letters to the Editor

No hit pitcher

Dear Editor:

While it is not the practice to have accounts of Little League games in the paper, I feel that the following performance should be acknowledged.

Our team BaronSales & Engineering plays in the Pee Wee League and is made up of 8 and 9 year old boys. Last Wednesday, July 26th, we had the finest game of our season, thanks to eight year old Rickie Davies.

Rickie is our pitcher and that night, he pitched a no hit - no run game. Because of the continuous rain, the game only lasted four innings.

Rickie struck out nine and only walked two. He fielded a bunt cleanly and made a perfect throw to first base to get the runner.

Besides his pitching and fielding abilities, Rickie hit a grand slam home run making the score 7-0 at that time.

Needless to say, Rickie's teammates did their part to help by scoring runs and making only one error in support of his fine effort. The final score of 9-0 is a

Rickie Davies

tribute to the whole team.

Stan Schnabel, Manager
5395 Chanto Drive
Clarkston, Michigan 48016

Shocked and surprised

To the editor:

We were shocked and surprised to read Mr. Keith Humbert's letter in the July 27, Clarkston News. You state Mr. Humbert, that you tried to fulfill a campaign promise by putting the issue of multiples on the ballot - well, what about your promise, before you were elected; to try and help solve the traffic problem through Green Acres Subdivision from the rapidly growing, unplatted subdivision on Deer Lake, Deer Lake Knolls? Have you forgotten your (and Mr. Stonerock's) conversation with us before we decided to back you for public office? It was, in fact, because of your sympathy and interest that we did agree to vote for you.

This traffic problem does not, as you infer, concern only Green Acres; but even more the residents of Deer Lake Knolls. These people must travel either a road that is narrow and very hazardous; or a dirt "path" opened between their

subdivision and ours by the landowner. This "road" is unmaintained - it is dusty and bumpy in the summer; and muddy, snowy and slippery in the winter-sometimes impassable. The narrow entrance servicing the whole area off Holcomb constitutes a grave danger to all of us in the event of an emergency.

Mr. Glennie was truly reluctant to become involved in the situation - fearing perhaps the unfair charges he has had leveled against him; but because he is truly trying to do the job he was elected for, he has tried to help. He's not playing politics Mr. Humbert; he's just doing the very thing you promised to do - the best he can for the people that elected him.

You can sign us - Keith Humbert's Disillusioned, Former Friends in Green Acres.

Mr. and Mrs. William H. Maier
6723 Langle

The Mill Pond story

To the editor,

I suppose we have to spend millions or billions to help our friends in the free world and go to the moon, but what about a cesspool in the middle of our township?

The Upper Mill Pond in Independence Township (north of Miller Road) is listed by the county as polluted to a point where it should not even be touched. The Lower Mill Pond is thus further polluted - plus all downstream waters.

Why? The homes on the Upper Mill Pond were all built under county supervision so the septic systems are adequate. Silt from the construction of I-75 and other upstream projects is the basic cause. This silt then encourages and supports aquatic growth - and ducks.

The decay of the water lilies and duck droppings have combined to render this body of water a safety hazard. It is judged by experts that removing the silt would remove the problem.

Who pays? The homeowners are ready to do their fair share. They have already done a considerable amount of work gathering information.

These homeowners bought a problem unbeknown to them. No governmental agency is available to help clean up this health hazard caused by others. Even the ducks are federally protected and therefore a federal problem.

We are working to arrive at an equitable solution before hepatitis strikes.

Keith A. Humbert, trustee

Disappearing signs

To the editor,

Democracy should be people of a community equally represented without any privileged class and with respect to all political views. This is not so in Independence Township. Some who would campaign for office and try to get their name before the public with signs or posters do not receive a fair deal or equal representation.

By driving through the township you can see only Republican signs. All the

democratic signs have been torn down and even removed from private yards and usually only a matter of hours after they have been put up. Even places in the village who display a Democratic sign find it is gone before a day has passed. The biggest sham of all is the open endorsement all over the village REAL ESTATE OFFICE, for Republicans, who I am sure all candidates would claim absolutely no real estate interests!

Behind the Counter

From Keith Hallman

Teeth

What diseases are the most universal of mankind's problems?

According to the National Institute of Dental Research, they are dental caries (or tooth decay) and periodontal disease, which includes gum disorders and infections. Both arise from dental plaque, the adhesive film found on the surface of teeth.

Caries is the most common disease of the mouth. For example, less than 4% of America's high school population is free of dental decay. We can't even count the millions of cavities that need treatment in the U.S. today.

However, more teeth are lost from periodontal disease. In our middle age, teeth are usually attacked by some form of this disease, which affects the supporting structure of the tooth.

It may be a mild inflammation of the gum around the neck of the tooth (gingivitis), on through to severe disorders such as pyorrhea or trench-mouth, which can destroy the structures which anchor the teeth in the jaw.

If not treated promptly by a competent dentist, the result is loss of teeth.

By age 50, at least half of all Americans have had some form of this gum disease, and it affects almost everyone by the age of 65.

Pine Knob

Richie Havens and Sha-Na-Na

Richie Havens, Sha-Na-Na and The Fabulous Rhinestones will appear in concert at Pine Knob Music Theatre on Monday, August 7 at 7 p.m.

Richie Havens has been one of the most phenomenal performers of the 70's remembered for his hit single "Here Comes the Sun" and "Alarm Clock" album. Havens also was a smash at Woodstock.

Sha-Na-Na are 12 guys who banded together to preserve "Good Old Rock and Roll" of the 50's. The group also appeared at Woodstock and received 10 standing ovations at the Fillmore East.

Sha-Na-Na appears with slicked back DA haircuts, gold lame suits, undershirts and jeans. They carry packs of cigarettes in their shirt sleeves. The group is packing concert halls for every performance to audiences who are into the 50's nostalgia trip.

Completing the bill is another rock and roll group, The Fabulous Rhinestones, a six-man group who have been playing together in Big Indian, New York.

Men in service

Navy Airman Apprentice Kirk A. Williard, son of Mr. and Mrs. James A. Williard of 7587 Greene Haven Dr., Clarkston, has completed the Aviation Structural Mechanic School at Memphis.

Aviation Structural Mechanics maintain hydraulic systems, fuselages and wings aboard naval aircraft.

He is a 1970 graduate of Clarkston High School.

Jean Saile rated 'qualified'

Jean Saile, editor of The Clarkston News and Democratic candidate for Oakland County Clerk-Register of Deeds, has received the "qualified" rating from The Oakland County Citizens' League.

She is the only Democratic candidate for clerk to receive the rating from the non-partisan citizens group. The rating is given on the basis of informational data, a personal interview with League personnel, and personal reference.

Haupt to build

The Independence Township zoning board of appeals has granted a variance permit to Haupt Pontiac to allow construction of a six-stall used car fix-up shop across Main Street from the present dealership.

The variance permits construction to be of steel as opposed to cement block or brick. A site plan is yet to be approved.

Mrs. Saile has also been endorsed as a preferred candidate by the Oakland County Democratic Party.

She faces opposition from four other Democratic candidates in the August 8 primary.

A Veterans Administration publication reveals nearly three million veterans and servicemen have trained under the current G.I. Bill since June 1966.

Mrs. Fern Wertman cut the cake celebrating her 87th birthday Sunday at an openhouse at the home of her son and his wife, Mr. and Mrs. Robert Wertman of Glenburnie. Friends and relatives were present to help mark the day.

Jaycettes adopt POW

Clarkston Jaycettes have adopted Captain J. Davies of the Upper Peninsula as their prisoner of war in line with a program to write letters and circulate petitions to send to chief delegates of North Vietnam and the United States.

Jan Lopucki, club publicity chairman, said the letters and petitions will be sent en masse each month in an effort to get the POWs released.

More information about the program or where to purchase bracelets is available from Jan at 625-4709 or Jan Robinson, 625-4907.

Another withdrawal

Betty Van Kleek, Democratic candidate for township clerk in the August 8 primary, has announced she is withdrawing from the race.

Previously James Harmon announced he was withdrawing his Democratic candidacy for supervisor.

Both are part of the so-called Woodhull Democratic slate. Remaining in the race from that area are Betty Mulherin, running for treasurer, and Luther Fletcher, a supervisor candidate.

WHAT'S HAPPENING

The Platform Committee of the Republican State Convention will hold open hearings in Oakland County on Monday, August 14th at 8:00 p.m. in the Community-Student Activities Center of the Highland Lakes Campus of Oakland Community College. The announcement was made recently by Sheldon B. Smith, Chairman of the Republican Committee of Oakland County.

In making the announcement, Smith stressed that the hearings were open to public participation and that individual citizens as well as Representatives of special interest groups would be welcome to testify before the Committee.

Mrs. Robert V. Taylor Jr.

Taylor-Smith vows exchanged

Waterford Community Church was the scene July 29 of the wedding of Pamela Joyce Smith, daughter of Mr. and Mrs. Harold Smith of 9885 Reese Road, and Robert Vernon Taylor Jr., son of Mr. and Mrs. Robert Taylor, 1227 Tull Road.

Rev. Roger Campbell performed the ceremony before 250 guests.

The bride chose a floor length white gown of silk organza with a full skirt. It was styled with a bodice of venetian lace, Gibson girls sleeves, and a square neckline. Her mantilla was edged with matching lace and fell into a chapel length train. She carried white roses.

Kendra Solberg of Pontiac was maid of honor. She wore a long pink crepe dress

and white picture hat, and carried a basket of pink chrysanthemums and tinted purple daisies.

Violet dresses with white picture hats were chosen by bridesmaids, Sandra Hunt, Linda Brandel and Carol Taylor and by junior bridesmaid, Jill Herbert. Kelley Hubbard of Union Lake was flower girl and Michael Herbert of Pontiac was ringbearer.

Rodney Smith, the bride's brother, was best man. Jack Powell, Tom Fowler, Bill Taylor and Steve Taylor seated guests.

Following a reception at the church, the couple left for a trip into Northern Michigan. They will live at 6055 Northrup, Waterford.

300 witness Maas-Leslie vows

Some 300 guests saw Linda Kay Leslie and Paul David Maas exchange wedding vows July 22 at Clarkston United Methodist Church. Rev. Frank Cozadd performed the ceremony in a church decorated with white gladioli and chrysanthemums.

The bride, daughter of Mr. and Mrs. Kenneth Leslie of 6315 Snow Apple, chose an A-line gown of organza with chantilly lace trim. The gown featured a wedding ring neckline, matching bridal sleeves, an empire bodice and a chapel length attached train. A tiara of pearls and petals secured her elbow length illusion veil. She carried white carnations, orchids and stephanotis in a cascade arrangement.

Beth Ann Eisenlohr of Clarkston, maid of honor, wore lilac chiffon with white lace trim. Her picture hat was trimmed with lilac ribbon streamers and she carried a wicker fireside basket of asters

and daisies.

The bridesmaids, Teri Smallwood of Flint, the bride's cousin, Kathy Williams of Pontiac and Sandra Redenius of Pontiac, also a cousin, wore orchid chiffon in a style similar to that of the maid of honor.

Flowergirl Annette Lester of Clarkston wore a white floor length gown of organza and a miniature tiara with ribbon streamers. Charles Redenius of Pontiac, the bride's cousin, was ring bearer.

The bridegroom, son of Mr. and Mrs. Gerald Maas of Popular Bluff, Missouri, was attended by Michael Jostock. Charles Boggs, John Maas and Cary Leslie seated guests.

Out-of-town guests were from Ohio, Florida, Washington and Missouri.

After a reception at Waterford-Oaks, the couple left for a wedding trip to Florida. They will reside at Nob Hill Apartments in Pontiac.

Around the township

Home on leave

by Shanna Nadolsky

625-2837

Pvt. John L. Ruelle, who is a graduate from the 1971 class of Clarkston High School, is home for a fourteen day leave after finishing basic training at Fort Knox, Kentucky. He is visiting his parents Mr. and Mrs. Richard L. Ruelle, Sr., brother and four sisters of 5510 Mary Sue. John will leave August 5 to take up carpentry at Fort Benning, Georgia. Good to have you home, John.

Carl and Ginny Hansen, newlyweds of nearly three weeks were recently surprised by neighbors and friends arriving at their home on North Holcomb. Champagne, wedding cake and home made ice cream was the fare which delighted the surprised Hansens. Arrangements for the afternoon were made by the James Schultz's of South Holcomb and the Art Pappas's of West Washington.

July 27, seven pound twelve ounce Chad Brandon McBride was born. Chad is the son of Chuch and Dawn McBride of South Main, and the brother of Sean, three years, and Kristen, twenty months. Chuck was very enthusiastic about the arrival of his second son as Pontiac General's policy now permits fathers in

the delivery room. Proud grandparents are Mr. and Mrs. S. E. McBride and Mr. and Mrs. Don Miller all of Flint. Congratulations Chuch and Dawn.

Mr. and Mrs. James Glennie of Cranberry Lake Road held an Open House last Sunday honoring Mrs. Glennie's mother, Mrs. Mabel Maytag Simmons, on her 89th birthday. Many friends, neighbors, and relatives arrived throughout the afternoon with good tidings. Mrs. Simmons daughter and husband, Dr. and Mrs. E. M. Blumberg from California and her grandson and wife Dr. and Mrs. Larry Blumberg from Texas were all very special guests.

The Luther League of the Calvary Lutheran Church enjoyed a weekend at the Lodge in Bloomer State Park in Ortonville July 21-22. Nine members from Pastor Walters previous church in Decatur, Illinois joined the group. Accompanying the thirty young people were Bob and Marietta Jones, Roger and Karen Graves, and Pastor Walters.

* Tim and Jennifer Jones, son and daughter of the Robert Jones, have returned from a fun filled week at Camp Michigan in Fairview. The Jones family

is busy getting unpacked and repacked to attend the "Lazy Summer Daze" in Greenville soon.

Mark Warren, 6266 Simler, has attended a summer orientation program for incoming freshmen at Eastern Michigan University, Ypsilanti.

Joy Wint, daughter of Mr. and Mrs. Lew Wint, was recently informed she'd won a free trip for two to Miami Beach, Fla., as a result of a drawing at the CAI fair. Because she's not 21, minimum age to go, she's giving the tickets to her parents in honor of her dad's birthday.

Mr. and Mrs. Morris W. Carlson, recently from Ohio and residents in Greens Lake Apartments, have moved to a new home at 6201 South Main. The Carlsons are the parents of Mrs. Wayne Vieregger of 7150 Deer Lake Road and Mrs. James Armstrong of 20 Buffalo.

Marine Pfc. David G. Dowdle, son of Mr. and Mrs. James Dowdle of 6180 Maybee Road, Clarkston, has reported for

duty at the Marine Corps Base in Camp Lejeune, N.C.

Mchele Nicole is the new arrival at the Hawaiian home of Sgt. and Mrs. Michael Mercier. His parents, Mr. and Mrs. David Mercier of Northview Drive left for Hawaii July 18 and were there July 19 when Michele made her debut. The senior Merciers are now back home again.

Jeffery Lawrence, son of Mr. and Mrs. Gerald Lawrence of 6651 Wealthy, Clarkston, is among a group of 60 Civil Air Patrol cadets from 32 states and Puerto Rico attending a week long Space Flight Orientation course at the NASA-Marshall Space Flight Center in Alabama. He's getting a good look at the future space program hardware.

Charles Horsch, a lifeguard at Deer Lake Beach, saw a toddler in an inner tube drifting out of control and brought him in to shore. Turned out the parents were at the opposite end of the beach. The lifeguards keep warning about keeping a close eye on toddlers. Their legs don't always reach to the sand below the water.

A December wedding is planned by Judith Marie, daughter of Dr. and Mrs. Paul Vanaman of 6600 Almond Lane, and Robert Thomas McCall, son of Mrs. Doris Mardis of Greenville, South Carolina. Miss Vanaman was a May graduate of Bob Jones University. Mr. McCall attended Bob Jones University for three years and is pursuing a career in business.

Mr. and Mrs. Andrew Body, 6805 Bridge Lake Road, have announced the engagement of their daughter, Christine June, to Lanny G. Jackson, son of Mr. and Mrs. Ernest Jackson of Clarksville, Arkansas. Mr. Jackson lives at 10685 Dixie Highway, Clarkston. A September 2 wedding at Central Methodist Church, Waterford, is planned.

Spiritual Message

WILL YOU HANG OUT IN MY ALLEY?

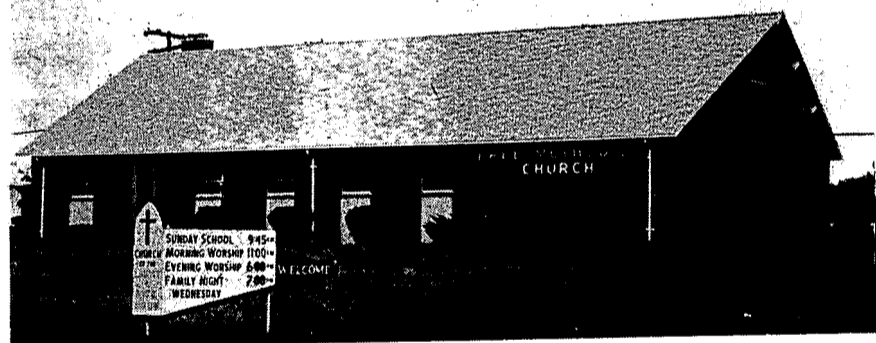

A small girl from the ghetto, shivering in the cold, hungry and tired, was strolling down the littered street aimlessly. She passed by a huge church and as she glanced through the open doors, she hesitatingly, then decided to go in and slipped quietly into one of the

back seats. In front of her, she saw many beautiful ladies with funny looking animals around their necks and accompanied by big strong men.

But she also noticed a man way up front standing on a box, talking, saying something about some one, and she missed the name, someone who was "the light of the world". And then being sleepy, she drifted off into slumberland.

When she awakened, the last few people were going out the door after having spoken with the man on the box. She slid from her seat and approached the man who had been talking from the box. Her eyes wide with curiosity, asked, "Mister, are you really the light of the world?" Understanding, he replied, "Yes, I an a light of the world, wouldn't you please come down and hang out in my alley. It's so dark down there."

Jesus said, "I am the light of the world; he that followeth me shall not walk in darkness, but shall have

DRAYTON HEIGHTS FREE METHODIST CHURCH
Clancy J. Thompson

the light of life." The little urchin was speaking of physical darkness, the darkness which engulfs many of our own city and suburban streets. But in her mind she feared darkness because of the evil which was active and dominated the darkness. Jesus spoke of an inner darkness and the evil which controlled and functioned in the darkness as opposed to light, His presence within the heart of a man and

woman, which could totally erase the darkness, the inner darkness which caused fear, and would reflect in outward conduct, even to the "lighting of dark alleys where these living lights were hanging out."

We can only "hang out and shine" if there is the "Lighting from within, because of the presence of Light." Can you hang out and lighten the alleys of humanity of our day?

Woodhull youngsters enjoy the summer

Clarkston boys to run for OCC

Fred Seyler, former Clarkston harrier who placed sixth in the Class A state race, is one of the stars Highland Lakes Coach Lynn Reed has pinned hopes on for the 1972 Oakland Community College cross country season.

Joining Seyler on the team will be Dave Heard, another Clarkston product

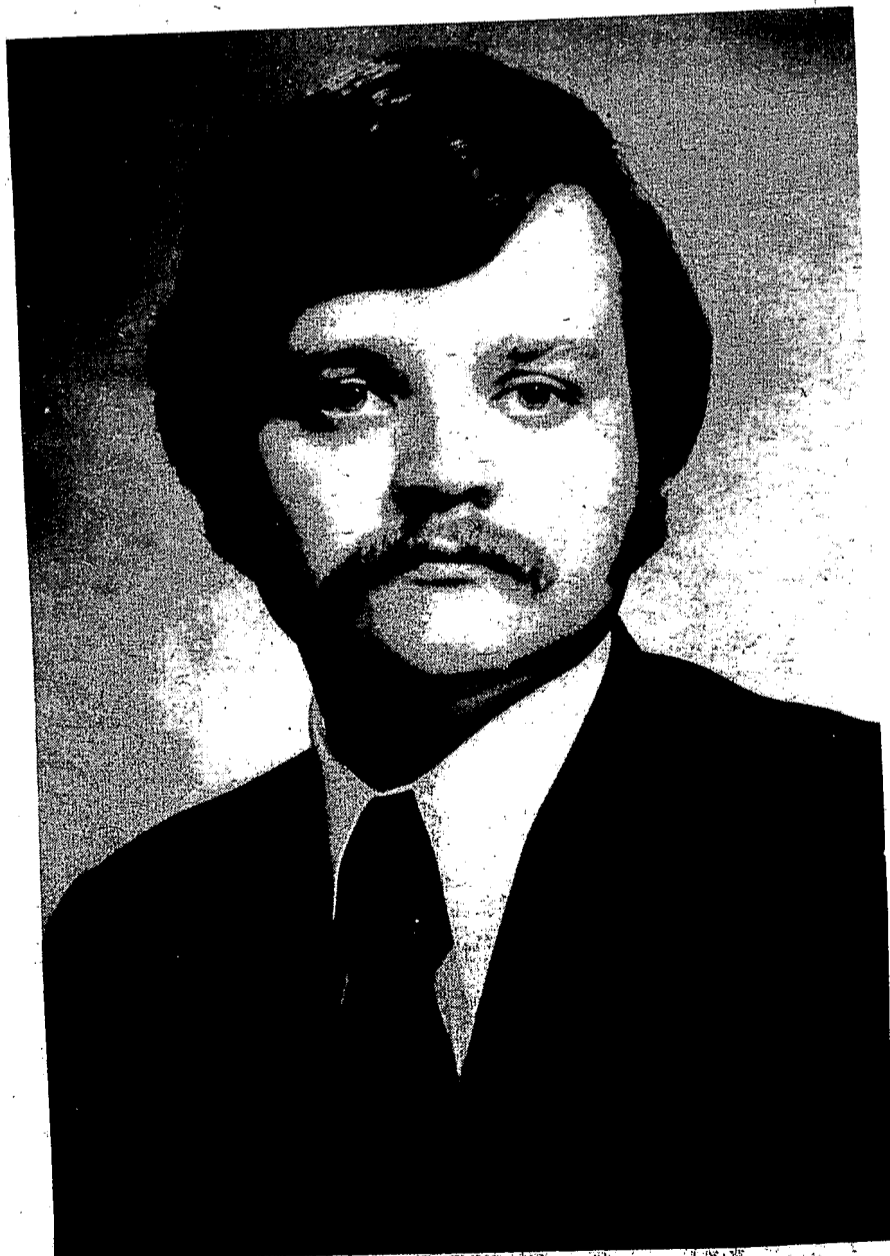

whom Coach Reed says could develop into an outstanding college runner.

"Dave has not come close to his potential as he just began running this year," the coach said.

Gerry Baker, also from Clarkston, is hailed as a very fine runner who is sure to have another outstanding year in 1972.

Basketball on the playground interests Woodhull youngsters involved in the Township Recreation summer playground program.

MY ADVISORS ARE THE PEOPLE

You have approved:

- Of quality education for all children in their OWN NEIGHBORHOOD SCHOOLS.
- Of more and better safeguards for the consumer.
- Of protection of our environment against pollution in all its forms.
- That we must receive a dollar of service for each dollar of tax.

THANK YOU FOR THIS ADVISE ON THESE AND OTHER MATTERS

As your State Representative I will continue to listen and work for your interests.

Your support and VOTE to ELECT ME your STATE REPRESENTATIVE, 60th District on August 8th is sincerely appreciated.

DEMOCRAT

hill 'n gully

It's been fun

by Jean Saile

I'll probably look back on this week the rest of my life as "This was the week that was!"

It's the final windup in an election campaign that has kept me busier than I ever dreamed possible.

It's been a campaign that had me up in front of groups speaking when everybody knows that anybody who pounds a typewriter for a living is a darn poor speaker.

We've been at shopping centers handing out material, outside gatherings of any large group of people doing the same, worrying about poster and sign placements, handing out bumper stickers — the whole route Oakland County is a big county and the energy necessary to cover it to any degree has got to be phenomenal. I now have a new respect for all political candidates, whatever their affiliation.

A campaign is one whale of a lot of hard work, but it's fun, too.

It's been a real delight to greet people, to hear their

comments — sometimes to hear that they've been reading my columns for years and that they like me and intend to vote for me — sometimes to hear otherwise. People are basically very nice. They hear you out, smile and contend they'll give you consideration. Some of them wish you luck and you think — the dear, sweet people."

At any rate the election is Tuesday. A primary vote — my first try at elections. It's going to seem a lot different than all the other elections I've covered for various newspapers.

I think I'll stay home that night, instead of taking my usual stand at the Courthouse.

I don't know whether I'm strong enough for on-the-spot coverage. At any rate, win or lose, I have worked hard for my candidacy and there have been a lot of others who helped.

We have done our best and now it's up to the voters.

The sewers are coming.

Lifting

According to statistics, over 85,000 injuries per year occur while people are lifting or moving objects around the home. Here are some ways to do more lifting with less danger.

FIRST: Test the object's weight. Are you strong enough to move it? Be realistic. It will save your back. Also, check for nails, splinters, jagged edges or pinch-points. Be certain the path is clear to your destination. Make sure hands and objects are clean and dry.

LIFTING: Bend knees and crouch before the load with feet 10-12 inches apart and keep your back as straight as possible. Get a good grip on the object. Raise the weight slowly; push up, letting your legs lift the load. To change direction, move your feet without twisting your body.

CARRYING THE LOAD: Hold the load close to your body, with elbows resting against your sides and the weight balanced evenly. If the load blocks your view or is unbalanced, put it down and get help.

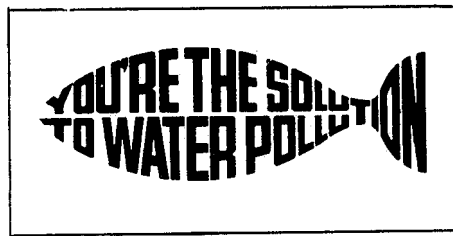

PUTTING IT DOWN: Getting rid of a heavy load can be as challenging as lifting and carrying it. To set the load down, reverse lifting procedure. Watch fingers and toes.

MOVING FURNITURE: One of the most common ways to injure your back is to move heavy or bulky furniture. Number one rule — get help. Don't attempt to move a large piece of furniture alone! It is awkward, often bulky, and should be handled by professional movers.

RAKING, DIGGING, GARDENING: These three activities can cause you as much muscle strain as lifting. Space jobs over a period of time and take rest breaks. Be sure your digging tools are sharp and in good repair. Raking is hard on your back if not done correctly. Stand straight. Have your tools the right length and weight. Wheelbarrows push easier and won't tip so readily if not overloaded.

Summer playground goes launch a friendly assault.

Twp. notes

Pine Knob has requested that Independence township take over the maintenance of a lagoon located on Pine Knob.

"The matter has been turned over to the county DPW because we have no DPW to handle this problem," said Gary Stonerock, township supervisor.

"The county will make the necessary formal arrangements and resolutions. The cost will be born by Pine Knob. This would only be until sewers are available."

The Independence township board refused Quik-Pik an SDM license which would allow the sale of beer and wine not to be consumed on the property and to be sold in packages.

All members of the board were present.

Buz Harig of Ogden Foods petitioned the township board for a full year tavern license for Pine Knob.

This would allow the three concession stands at Pine Knob to dispense beer and wine by glass.

"We would hope that this would eliminate the present problem of people carrying them in and finding them all over plus health hazards involved," said Harig.

The request was tabled for further study by the board until the August 15 meeting.

The board voted to put the advisory referendum for multiple zonings on the November ballot but to clear it up themselves.

"It would have essentially said let's build some before we zone more," said Keith Humbert, trustee.

Ron Rule, of the Jaycees, requested that the board postpone any action on the beach house for Clarkston Beach until they knew if they would have enough man power to build it themselves.

The Jaycees plan to build a cement block building which would replace the present metal beach house.

It would be used for storage of beach required items, shelter for the lifeguard, a first aid station and as a monitor for the ingress and egress of boats.

So far the Jaycees are committed to \$1 thousand toward the beach house to be built by them.

A dispute arose when an amendment to the building code was presented.

The amendment would provide for a five man board of appeals made up of the building superintendent and four people from local trades. It would be a new appeal board to hear variances of the building code.

Tom Bullen, trustee, asked if the board should not consider a new building code.

Stonerock thought the board should pass the amendment to stop the present board of appeals (a three man board) from allowing waivering of the building code.

The amendment was passed.

Water rates will increase for Independence township residents and in the very near future.

"Residents will be given 30 days notice by mail, the same way they receive their billing," said Ed Glennie, township clerk.

According to Gary Stonerock, township supervisor, water rates have remained the same for 15 to 16 years.

The increase would be \$4.50 for the first 1000 cubic feet of water and additional charge of 25c per 100 cubic feet over the minimum every quarter.

Residents now using the water system are charged \$4.50 for the first 1500 cubic feet of water and ten cents for every additional 100 cubic feet of water every quarter.

"We have given the situation a considerable amount of study and we find that the water system isn't supporting itself. Instead we are steadily dipping into a fund which was established to make up contingencies," Glennie explained.

The fund, which contains \$80 thousand, has now dropped to \$10 thousand in the bank.

"And we still haven't paid for the modernization of building sites," Glennie continued.

"We should take this as a trial rate to find out what direction thy board would want to go," said Tom Bullen, trustee. "The water system should support itself to the break even point now with this impending deficit."

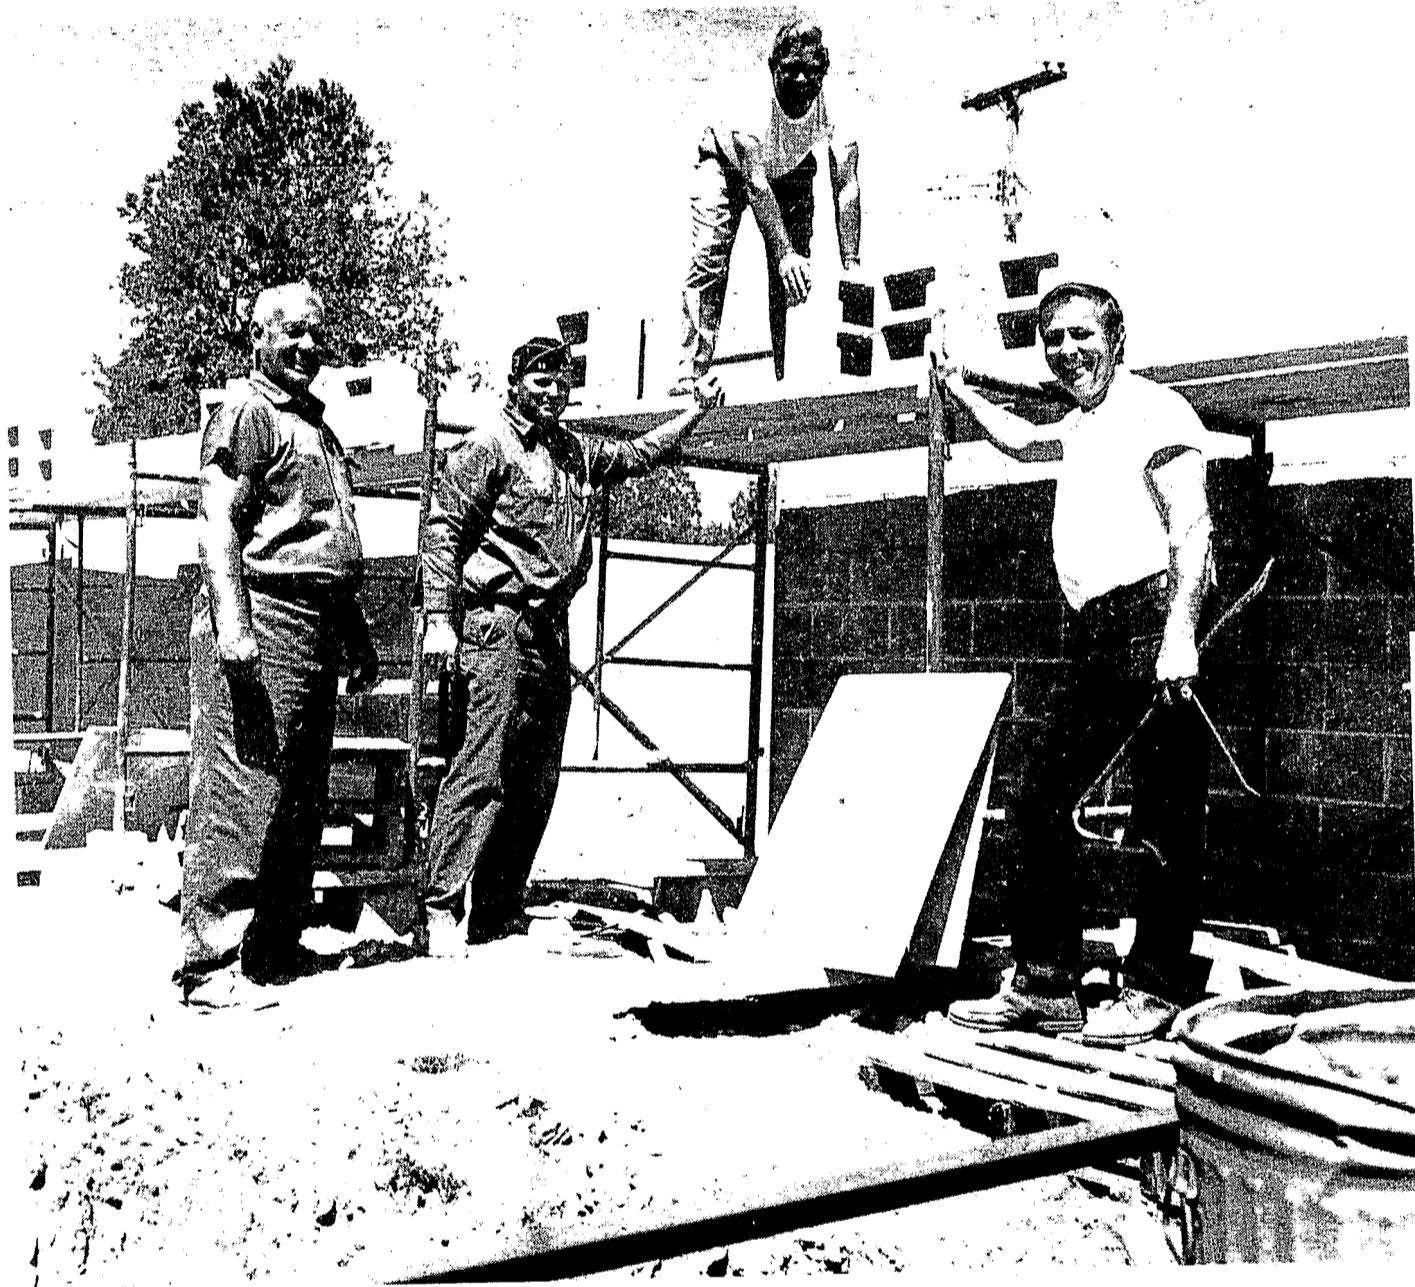

"Later, we can look for further reserves."

CLARKSTON NEWS

Post addition

Legionnaires Howard Pohl (from left), Commander Ernest Head, Pete Tindall and Lou Seffens donate their labor for a 4500 square foot addition to the Campbell-Richmond Post headquarters located on M-15 north of I-75. The addition will be used for increased meeting space and for a banquet room. It is to be ready for use about the end of October, according to John Adams, chairman of the Post 63 Building committee. American Legion Post 63 was established 42 years ago.

GI home loans increase in '71

A 14-year high in the number of GI home loans guaranteed was recorded in 1971.

Donald E. Johnson, administrator of Veterans Affairs, said the 284,000 home loans okayed by the Veterans Administration in 1971 exceeded the 1970 total of 167,000 by 70 percent, and represented the best year since 1957.

In Michigan, R. M. FitzGerald, director of the VA regional office in Detroit, said 8,802 home loans were approved for Michigan veterans in 1971. This compares with 5,245 approved loans in 1970.

The 1971 gain was attributed by Johnson to three factors:

(1) A great improvement in the general availability of mortgage money for home building and buying.

(2) The first full year of operation under the Veterans Housing Act of 1970 signed by the President on October 23, 1970.

The law restored eligibility for loans to veterans of World War II and the Korean Conflict, eliminated the one-half percent loan funding fee previously required by post-Korean veterans, and made other changes providing greater flexibility in the loan program.

(3) The first reductions in history in the maximum interest rate set for GI home loans. The administration lowered the interest rate from 8½ percent to 8 percent on December 2, 1970; from 8 percent to 7.5 percent effective January 13, 1971, and then down to the present 7 percent rate on February 18, 1971.

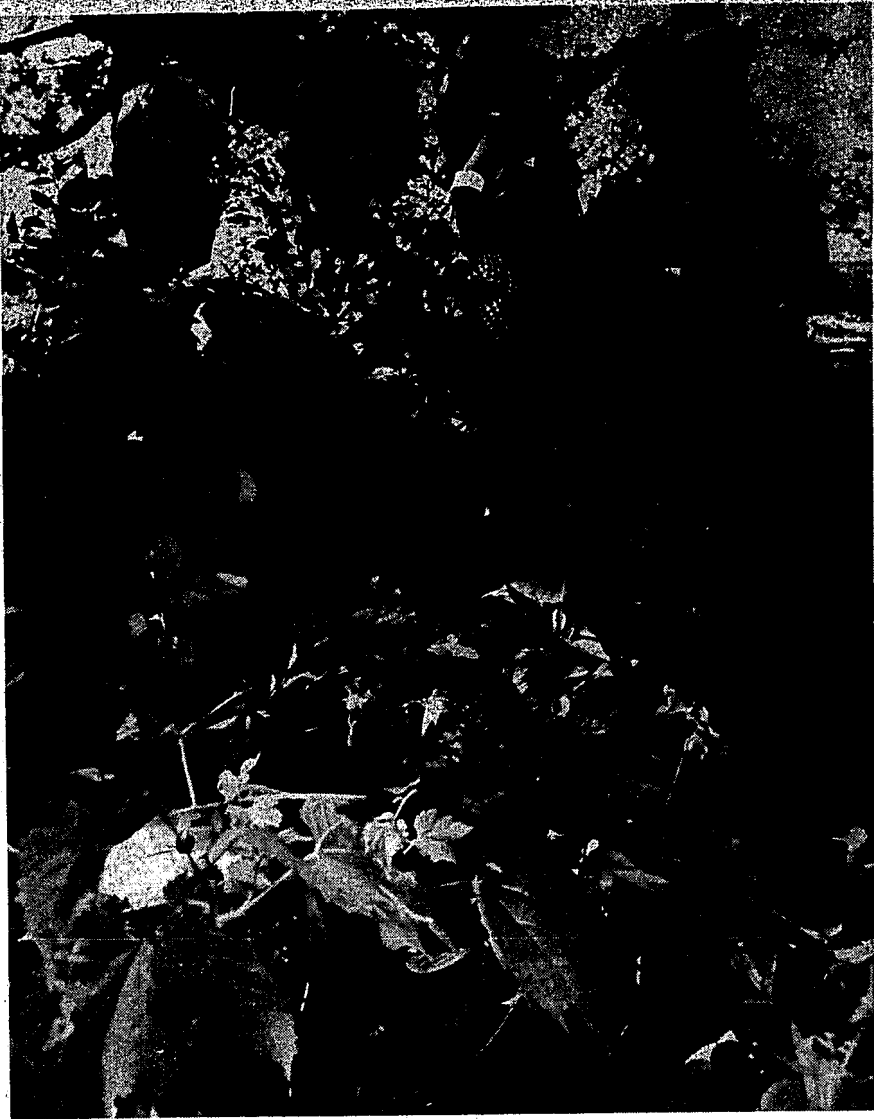

The VA head said big gains were also registered in other facets of the GI home loan program in 1971.

Some 820,900 veterans requested determinations of loan eligibility from VA (up 64 percent from the 500,000 total of 1970)... 368,300 applied for loans (up 90 percent from the 194,000

total of 1970)... and 625,000 requests for property appraisals were received (up 60 percent from the 392,000 total of 1970).

Although most GI loans continue to be made on existing homes, Johnson noted that there was a nearly 52 percent increase in appraisal requests on new houses, from 143,800 in 1970 to 217,900 in 1971.

The popularity of the GI loan program with younger veterans was underscored by the fact that about 70 percent of the 1971 home loans were made to veterans 35 years of age or less.

The 'gentle jazz' musicians.

Gentle jazz at Pine Knob

On Sunday, August 6 at 7:00 p.m. Pine Knob Music Theatre will present an evening of Gentle Jazz-Rock, presenting well-known entertainers and musicians from our area. All seats are priced at \$4 and are available at the Fisher Theatre, Hudson's and Pine Knob.

Headlining the eight-act show is Sam Locricchio's group "LORIO." Although this 4-piece group plays nightly at the Pine Knob Ski Lodge, August 6 will mark their debut on the Theatre's stage. In addition to Sam Locricchio, bassist and lead vocalist, other members are Pam Martin, vocalist; Terry Wayne, piano; and Ron Dunn, drummer.

Also on the bill, Tony, Linda, and the Tartans, a 5-piece group who have just returned from Las Vegas where they appeared at the Aladdin Hotel; The Austin Moro Band which has been cited by Stan Kenton as one of the most together bands in the country; Connie Graham, vocalist, who has appeared in Las Vegas and the Joey Bishop Show; vocalist Bob Anderson who recently has

been seen at the Moon Supper Club, The Winery, and at Windsor's Top Hat. Also appearing will be The Primo People, the well-known family who traveled with Englebert Humperdink and also appeared on his show as well as every major national TV show including Tom Jones; comic/impressionist, Joey Van, popular among the nightclub circuit; and Downbeatt's No. 2 flute player of a few years ago, Frank Morelli, round out the evening's bill.

New arrangements are being especially written for each group by David Vanepitte and Jeff Steinbery. All groups will use the Austin Moro Band.

This evening will give you an opportunity to see each act at their best with the professional touch of fine arrangements and first class conditions at Pine Knob Music Theatre.

Next Attraction At Pine Knob: Richie Havens, SHA-NA-NA, and The Fabulous Rhinestones. 7:00 p.m. Tickets: \$7, \$5, and \$3 (Advance Sale Only)

Climate effect on arthritis

Woodhull beach rules spelled out.

"It is going to rain tonight, I can feel it in my bones."

That's the kind of weather prediction you often hear from people with arthritis, and frequently they are more accurate than your favorite TV forecaster.

Unquestionably, many arthritis victims are extremely sensitive to variations in the weather, which can noticeably intensify the symptoms of their disease.

But does this mean that all arthritics should move to a warm, dry climate?

"Probably not," says Dr. John W. Sigler, President of the Michigan Chapter of the Arthritis Foundation.

"People in all parts of the world — including areas that are warm and dry — suffer from arthritis. The over 17 million victims of the disease in the U.S. are located in every state of the union."

Among the five million people with rheumatoid arthritis — the most painful and crippling form — about 80 to 90 percent, are sensitive to weather. Falling barometric pressure and rising humidity aggravate their symptoms.

Some of these patients say they feel definitely better in a warm, dry climate, Dr. Sigler reports.

But others find their symptoms are unchanged regardless of climate.

So what's the answer?

"First and most important," Dr. Sigler

says, "the person with arthritis should know that scientific studies show climate factors do not change the arthritis disease process."

Moving can mean a drastic uprooting, adjustment to a new job, new environment, removal from old friends and family. All this, Dr. Sigler stresses, may not be worth benefits gained. It is advisable before making such a move to discuss the advantages with his or her physician.

Further information on climate and arthritis and many other facts about this widespread disease can be found in the booklet, "Arthritis—Basic Facts." This and other free pamphlets are available from the Michigan Chapter of the Arthritis Foundation which is located at 27308 Southfield Rd., Lathrup Village, Michigan 48076.

Members of the Oakhill 4-H Club put the finishing touches on ceramics which will be displayed at the Oakland County 4-H Fair August 7 to 12, in the new fairgrounds near Davisburg. Left to right are Cheryl Williams, 12, Susan Morgan, 11, Coleen Mills, 13, Karen Pacer, 11, Bill Seavy, 10, and Mrs. Snell.

Michigan apples abundant

Unlike some fruits which suffered severe weather damage, Michigan apples, cherries and pears will be abundant this season, says Donald Ricks, Michigan State University agricultural economist.

Michigan farmers are harvesting large crops of both sweet and tart cherries, he reports. Most of Michigan's cherry crop is harvested in July, but the fruit is available until mid-August from northern farms.

Although the pear crop in western states is small this year, Michigan's supply is plentiful, the economist says. Buy Michigan pears from late August through September.

Apricots and plums shipped here from other states are plentiful this season. In fact, the U.S. Department of Agriculture includes plums on its July plentiful food list. But Michigan plums will be scarce. The Michigan plum season is from late August through September. Buy Michigan apricots from mid-July to mid-August.

Michigan blueberries and peaches will be relatively expensive home canning and freezing buys this year, Ricks says.

An unseasonable mid-June freeze severely damaged Michigan's blueberry crop, and usually cold temperatures last winter badly depleted the peach supply.

The state's peach harvest begins in early August and runs through September. Michigan blueberries are marketed from late July through August.

by Bob & Marvel White

Prospective home buyers often waste hours of precious time and drive many needless miles to look at homes they are not interested in. Many of them do not stop to think that this can be avoided. Ask questions on the telephone. This is the easiest way to avoid tasks that do not need to be done anyway! Decide what features are indispensable in a house, and always ask if these are included in the house before you go and look. You will make house hunting that much easier. Remember, too, your professional real estate agent can be of outstanding help and assistance to you.

We, at BOB WHITE REAL ESTATE, 5856 S. Main St., 625-5821, know the many important details involved in home buying and can guide you in avoiding many costly mistakes. And we provide complete assistance in obtaining your mortgage including all the processing. And be sure to call us first with your listing; you will receive full market value from a qualified buyer promptly.

HELPFUL HINT:

A kitchen that is centrally located is handy to all centers of activity in the home: a boon to the busy housewife.

"Did you get a thank you note from Upper Volta?"

Jack McDonald received highest rating, Oakland County Citizens League and Civic Searchlight...preferred and well qualified.

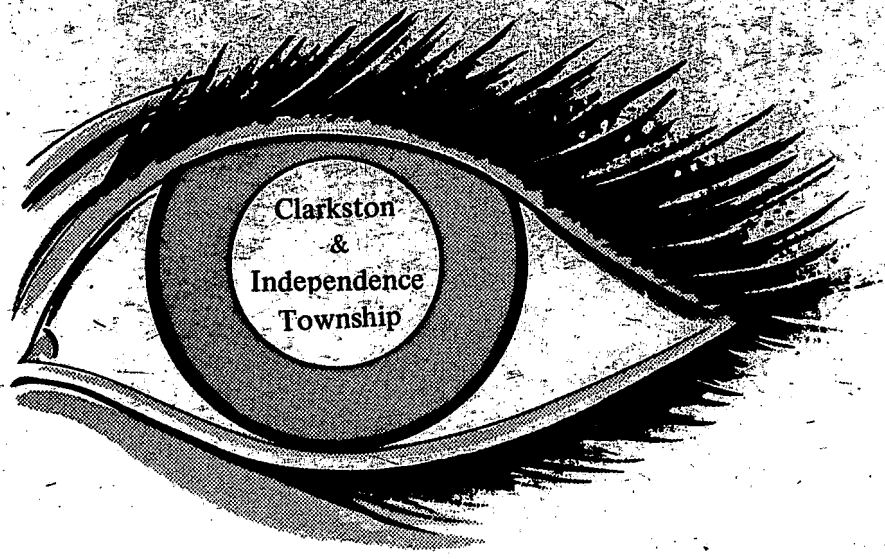

Did you know that the U.S. has spent nearly \$200 billion in foreign aid since the end of World War II? Much of it has gone to countries few of us have ever heard of. Your Congressman, Jack McDonald, has been fighting for tighter controls in foreign aid and government spending. He believes that we need to re-order our priorities so that more Federal funds can be directed to state and local governments. If you want something done about this incredible waste in government spending...

No guarantees with a bottle

You pay almost a thousand times the cost of tap water for commercially bottled water, yet you may not get better quality, cautions Michigan State University marketing specialist Maryann Beckman.

There are no federal standards for commercially bottled water, so it can range from pure water directly from the spring to filtered municipal water, the specialist explains.

Most bottlers do belong to the American Bottled Water Association, a voluntary trade organization which limits various chemicals and bacteria in bottled water. But the association's enforcement powers are minimal, says Mrs. Beckman. Withdrawal of certification doesn't halt plant operation.

If you buy water bottled in Michigan, you can be relatively sure of a safe product, although there is no guarantee of dietetic or therapeutic value. The Food Inspection Division of the Michigan Department of Agriculture periodically tests water bottled in Michigan against the standards for drinking water set by the U.S. Public Health Department.

Bottled water sold in interstate commerce is required by the Federal Food, Drug and Cosmetics Act to be drinkable and the labels factual. However, there are no routine inspections for compliance, the specialist points out.

Water on interstate carriers must meet U.S. Public Health Service drinking water standards. But these standards are not applicable to retail sales.

Increasing alluvence and concern over pollution have greatly boosted sales of bottled water recently, Mrs. Beckman reports. Cost of a gallon of bottled water is usually about 65 cents. Community water costs from 50 cents to a dollar for a thousand gallons.

ELECT

REPUBLICAN

DELOS HAMLIN

41 years of distinguished public service.

OAKLAND COUNTY
DRAIN COMMISSIONER

Endorsed by

- ★ Richard Sanderson, GOP Chairman, 19th Cong. District
- ★ John Cartwright, GOP Chairman, 18th Cong. District

- ★ Known as the "Father of modern Oakland County Government."

DELOS HAMLIN promises that, immediately upon election, he will transfer all the administrative functions of his office to the Department of Public Works.

This means that the Drain Commission will be under the direct control of the Oakland County Board of Commissioners and Board of Auditors.

Voters can be assured that, as a man of proven integrity, he will keep this promise and turn his powers over to the elected representatives of the people—the county commissioners—and to the financial scrutiny of the board of auditors.

Paid Pol. Adv.

Silent Observer, how it works

If you have facts which could help solve one of these crimes, you might earn a reward. Call the police in the community where the crime occurred and say you want to be a

"Silent Observer"
...You Need Not Give Your Name

The "Silent Observer," a program sponsored by the North Oakland Chamber of Commerce which gives an individual the opportunity to report crimes anonymously to his Police Department, has been in operation three months. To date 47 clues have been received, 12 arrests, 2 convictions, 1 reward paid, one waiting to be claimed, and 33 clues under investigation.

Although this program is showing results, a member of the "Silent Observer" Committee has said that the

numerous telephone calls being received by the North Oakland Chamber of Commerce indicate that many people do not know how it works.

To be a "Silent Observer" any person seeing a crime in process, or having knowledge of one that is going to or has happened in Pontiac, Clarkston, Sylvan Lake, Keego Harbor, Orchard Lake, White Lake, Bloomfield Hills, West Bloomfield, Bloomfield Township, Avon, Highland Township, Independence Township, Oakland Township, Lake Orion Village, Orion Township, Oxford Village Oxford Township, Waterford, Lake Angelus, Pontiac Township, Rochester or Holly should follow this procedure:

1. Call the law enforcement agency in the area where the crime will happen, is happening or has happened, identify yourself as a "Silent Observer".
2. Give your name if you so desire or a code number that you can be able to recall at a later date if you wish to remain anonymous.

3. Give the police agency that you are calling all of the information you have regarding the crime for their investigation.

If, as a direct result of your call, a conviction is made you could be entitled to a reward. Notice of such will be made through the news media with a telephone number listed that you call regarding arrangements for the reward payment.

Be a Silent Observer and help make North Oakland County a better place in which to live!

Help waiting at Catholic Services

Some families have troubles too big to handle themselves, says the poster. And it adds, for information about professional help call 332-8375.

That's Catholic Social Services of Oakland County, now engaged in an outreach program to residents of Independence Township.

The agency feels that where there's trouble, it can help.

A run down of services includes family and institutional placements, alleged father, alleged father's family, unmarried mother, unmarried mother's family, social illegitimacy, married parents requesting adoption placement of their child, homemaker requests, homemaker requests for the elderly, adoption both of older children and infants, out county and foreign adoptions, pre-marital counseling, marital difficulties, parent-child relationships, adolescent problems, personality adjustment, mental and physical illness or handicaps, old age, retardation, economic problems including employment and training, recreation, housing, out-of-town inquiries, alcoholics, volunteer programs, drugs, foster homes, preventive placement casework and outreach casework.

The list reads like a synopsis of the ills of our time, but the agency goes further. They say they can help if some of the

following cases sound familiar.

 My stomach's in knots again
 What's wrong with Judy and me?
 What's happened, all we do is fight
 I can't take much more
 What does she expect from me?
 She's got a good house, a good car
 Nothing to do except take care of the kids
 She's lazy! Always nagging after me
 Why shouldn't I take a drink
 Or two after work
 Who wants to go home to her
 And those noisy kids?
 Sure I love 'em all
 But I can't take it
 The dog gets treated better than me
 What do they expect?
 I sweat my guts out
 And they tell me I'm just a slob
 I've had it
 I was a fool to take this on
 But if we could get that old feeling back
 It sure would be great
 I've never asked anybody for help before
 But I'll give it a try
 Any port in a storm
 Can't hurt anything

I'm uptight about Mike
 Basically he's a good kid
 But nobody likes him much
 Helen stuck up for him with his teachers
 But they aren't buying it anymore
 All boys get in fights, they're
 All clumsy and sloppy aren't they?
 Most boys are slower to learn and
 To grow up
 So what - it's just a stage he's
 going through
 But is it?
 The mean way he acts - The
 Way he sass' back his mother
 When that kid gets bigger I

Won't be able to handle him
 Why isn't Mike turning out the way
 I want him to
 We must be doing something wrong
 He really tees me off when he slaps
 His sister around
 Is this a normal problem or should
 I do something to help Mike now?
 Hey, I saw that poster on the Union
 Bulletin Board!! Something about an
 Outfit in Pontiac, what was it again?
 Yeah, it has a picture of a kid on it
 I think I'll call them, yeah it was
 Catholic Social Services, FE 2-8375

If you're constantly depressed
 for any reason -
 Or you're mad at the whole world
 all the time, and think you always
 get a bad shake -
 Or if you really try to please others
 and they always take it wrong -
 Or if you hurt, either in your body
 or your head and the doctor says there's
 nothing wrong with you physically -
 If life is just one damn problem
 after another -
 If you drink heavily to forget
 or maybe pop pills to try to forget
 those nagging thoughts -
 And now you feel down to the nub -

no energy left, just a human machine
 grinding out the motions of life -
 who always asks "is that all there is?"
 If this hits you close to the belt -
 call us, there's a good chance that with
 our help, you can feel better about
 you and yours

There is nothing wrong with admitting
 you need a little help. Most people do.
 That's why it's nice to know there is a
 group of well-trained people waiting to
 help Pontiac-area residents with problems
 they are having difficulty handling.

Catholic Social Services of Oakland
 County has a staff of social workers,
 psychiatrists and psychologists who are
 members of a team ready to give help
 especially to you.

Every day, in strict confidence, these
 professionals help people wrestle with the
 problems of drinking, sexual hang-ups,
 marriage, feeling "nobody cares", drugs,
 and other human situations.

If you've been wrestling with any kind
 of problem and would like some help,
 remember that Catholic Social Services of
 Oakland County knows how you feel.

In the Pontiac area, they are located at
 53 Franklin Boulevard, call FEderal
 2-8375.

Meet Woodsy Owl.
 He represents a major step forward
 in our fight against pollution.

Over 1,000 fans watched their teams play during the baseball fest.

Fun day was a ball

Six hundred and fifty players and more than 1,000 fans turned out in the blistering heat July 22 to participate in the Independence Township Recreation Department's first baseball fun day.

Twenty-six games were played on the Clarkston High fields, ending with a Pony League All-Star game in the evening.

Eight of the games were decided by one run, and one ended in a 5-5 tie. Umpires took their turn at bat as did coaches, mothers, little sisters, and even a grandmother.

Soaking managers and umpires with water balloons became the sport of the day with \$26 in balloons sold. Five hundred hot dogs and 2,000 cokes were served by the volunteer mothers working the direction of Beth Ladd.

Little Leagues sold 1,243 tickets at \$1 a piece to raise funds for next year's baseball program. Several boys sold \$20 worth and received prizes for their efforts.

Ron Betts of Auten Furniture sold \$24 and led all leagues. Scott Gamble of Tally-Ho and Dave Brown of Waterford Hill Florist led the Widget division with \$21. Brad Townsend, Little A&A, sold 23 tickets to beat all Pee Wee League players.

The Armstrong Pee Wees won the free meal at McDonalds by selling 98 tickets. Auten Furniture sold 72 tickets and

Waterford Hill Florist sold 68.

The following list shows the individual league winners for the fund day contests. Each boy received a blue ribbon.

DNR report

Long Lake, Oakland County, was treated again this year to remove small panfish. The July 20 "thinning" project was more of a success than last year's with thousands of one to two-inch bluegills eliminated.

The lake users gave good cooperation in not swimming on the day of treatment and in cleaning up the dead fish.

This removal of smaller panfish and minnows should allow for better fishing because of increased growth of remaining fish.

FISHING:

Rainbows are still biting good in Proud Lake. White and Wolverine lakes report fair catches of bass and crappies. Reports from the Stringy Lakes were real good bluegill fishing on crickets, crappie fishing is real good on minnows, fair catches on bass, and pike fishing is quite slow. Good reports of crappies and a few bass in

Union Lake. Bass are starting to hit better in Lake Orion.

Ever hear of a challenge round? In the Davis Cup tennis competition, the challenge round allows the winner of all the competitions to be challenged by an outsider to win the cup. This has in the past generally meant that the winner of all the competitions, worn out by all the tennis he has played, must face a challenger fresh from practice, rested, at ease. The challenger also gets to pick the court he will use.

We challenge you to find better service or merchandise than at SAVOIE INSULATION CO., 64 S. Main St., 625-2601. We stock a complete selection of fiberglass and cellulose blanket and blown-in insulation and a wide range of aluminum products. See our aluminum custom-made shutters, available in white, black, gray, green, brown and brick red. They have a permanent galvanized finish and never need painting. Hours: 7:30-5:30, Mon. - Fri.; 8-12, Sat.

HELPFUL HINT:

Make a blackboard by coating wall board with two coats of flat black enamel. Paid Adv.

by Bob & Geri Wertman

Molding. These days it is seldom used in homes, but in bygone times the home without molding was not a finished home. Molding went between every wall and every ceiling. Sometimes it was painted to match the wall or the ceiling, and sometimes stained to match the woodwork. Molding went up and down stairways and was used to finish every stair tread. It was used around windows for a touch that was both decorative and extra insurance against inclement weather. Why not be the first one on your block to try molding in a new style?

And why not make BOB'S HARDWARE, 60 S. Main St., 625-5020 your homeowner headquarters? We carry a complete inventory of everything you'll need to keep your home in top condition. In addition to a very complete line of paints and wood finishes, we carry a wide selection of wallpaper as well as the necessary paste, brushes and equipment to put it up. And we'll be happy to help with your decorating problems. Hours: 8-6, Mon. - Sat.

MICHIGAN COMMUNITY BLOOD CENTER

The Michigan Community Blood Center at 3456 Woodward, Detroit, a statewide organization, is currently experiencing a heavier than usual call for blood at a time when many donors are on vacation.

As a result, blood reserves are at a dangerously low level, according to Uri Katz, managing director.

The Blood Center is non-profit, dedicated to research and education in the field of blood banking. It is licensed by the National Institutes of Health and affiliated with the American Association of Blood Banks.

New construction on the Dixie Highway

Rademaker's new Chevrolet dealership takes shape at the Dixie and M-15.

After having a brick wall blown down by high winds, the new McDonald's progresses on the Dixie Highway next to Howe's Lanes.

Consumer protection

On January 3, 1972, there went into effect a new law in Michigan giving to consumers added protection from abusive sales practices that take place in their homes.

Today Michigan consumers have the unconditional right to rescind any contract made in their home for the sale of goods and services over \$35.00. This right to rescind runs for three business days after you sign the contract in your home. The law does not cover sales of insurance, agricultural equipment, horticultural products, sales made pursuant to pre-existing revolving charge accounts, or sales made pursuant to prior negotiations at a local business establishment.

The law requires the contract taken in the home to contain a prominent disclosure that it is such a contract; and that the consumer has a right to cancel by giving written notice to the company's address listed. The notice to rescind does not require technical or specific wording, but a consumer may rescind by any form of written expression showing such a motive.

If a company delivers goods to your home before the cancellation period expires, and you do cancel within three business days, you are required to take good care of the goods and the seller must come and pick them up within 40 days. If he does not, you may keep the goods, or do with them as you desire.

Any services performed by a seller at a consumer's home during the three business day period, are free if the consumer cancels the contract in the time allowed.

Any seller or holder of a contract who later sues a consumer on a contract solicited in his home must also prove that they were at all times in compliance with the law, otherwise they are precluded from using the courts.

Finally, this new law recognizes that there will be some occasions when an emergency develops in the home, such as the furnace breaks down in wintertime, that a consumer who requests goods or services in such situations will not be given the opportunity to cancel their obligation to pay for these goods or services.

LEGAL NOTICE

Cooney, Bertucci and Gayette, Atty. 810 Pontiac State Bank Building Pontiac, Michigan 48058 No. 96,814

STATE OF MICHIGAN
The Probate Court for the County of Oakland
Estate of James F. Jaburek, Deceased.
It is Ordered that on August 29, 1972, at 9 A.M., in the Probate Courtroom Pontiac, Michigan a hearing be held on the petition of the fiduciary for license to sell certain real estate of said estate and that at such hearing all persons interested in said estate appear to show cause why such license should not be granted. Publication and service shall be made by Statute and Court Rule.
Dated: July 24, 1972
Donald E. Adams,
Judge of Probate.

49-3
At a session of said Court held in the Court House in the City of Pontiac, Oakland County, Michigan, this 25th day of July, A.D. 1972.

PRESENT: THE HONORABLE WILLIAM R. BEASLEY, Circuit Judge.
On the day of July, A.D. 1972 a Complaint to Quiet Title was filed by the above named plaintiffs, DELOS C. HOOD and AMIE A. HOOD, his wife and against the above named defendants, WARREN, D. NEJEDLO, VIOLET N. BERSCH, VERNA N. HENDERSON, the sole heirs-at-law of ANNIE NEJEDLO, Deceased, or any other unknown heirs, devisees, legatees or assigns of Annie Nejedlo, Deceased, said Complaint to Quiet Title seeking a Decree of this Court that title of the following lands and premises described herein be decreed to be the plaintiffs', DELOS C. HOOD and AMIE A. HOOD in fee simple and the title to the same may be forever quieted by such decree, said property described as follows, to wit:

Lots 73, 74, 80 and 81 of "Supervisor's Plat No. 6", according to the plat thereof recorded in Liber 66 of Plats, Page 30, Oakland County Records, together with that portion of Westview Road shown upon the plat of said subdivision lying southerly of the northerly lines of Lots 74 and 80 extended to the center of said road. Subject to easements and restrictions of record, and the rights of others in and to that portion of Westview Road above described.

It further appearing to this Court that personal service cannot be made on any of the unknown heirs, devisees, legatees and assigns of Annie Nejedlo, therein, except for three of said heirs, WARREN, D. NEJEDLO, VIOLET N. BERSCH, AND VERNA N. HENDERSON, and it further appearing that this is a civil action in which personal jurisdiction of said defendants is not required and the Court being fully satisfied and advised in the premises.

NOW, THEREFORE, IT IS HEREBY ORDERED AND ADJUDGED that the above named defendants, WARREN D. NEJEDLO, VIOLET N. BERSCH, VERNA N. HENDERSON, the sole heirs-at-law of ANNIE NEJEDLO, Deceased, or any other unknown heirs, devisees, legatees or assigns of Annie Nejedlo, Deceased shall answer in the above Court or take such action in this cause as be permitted by law on or before the 6th day of September A.D., 1972.

IT IS FURTHER ORDERED AND ADJUDGED that the failure of any of the said defendants to comply with this order shall result in an order of this Court awarding title to said lands and premises above described to be decreed to be in the name of the plaintiffs, DELOS C. HOOD and AMIE A. HOOD, his wife, in fee simple and the title to be the same, may be forever quieted by said judgment.

IT IS FURTHER ORDERED AND ADJUDGED that in addition, this Court shall enter an order directing that such person as the Court may subsequently determine to receive from the plaintiffs the land contract balance due of \$274.37 and to retain said funds for the use and benefit of the three known heirs of Annie Nejedlo, Deceased, said heirs being Warren D. Nejedlo, Violet N. Bersch, and VERNA N. HENDERSON.

**VILLAGE OF CLARKSTON
Minutes of Regular Meeting and Public Hearing
Village Council
July 25, 1972**

The Public Hearing was called to order by President Pro-Tem Ruth Basinger. Roll: Present - Auten, Basinger, Jones, Wilford. Absent - Tower, Weiss
A Public Hearing was held on the request of Mrs. Sage and Mr. Milzow to rezone Lot No. 1 of Supervisor's Replat of Northwestern Addition from Residential to Multiple.

Village Attorney Jack Banycky told the Council that the Village could not prevail in court if the property weren't rezoned by the Council.

Ted Thomson of the Zoning Board of Appeals stated that the reasons for the Board of Appeals approving this rezoning request were that the parcel is landlocked and surrounded by multiples on two sides. Trustee Wilford questioned the density of apartments that would be constructed on this property, the narrow road access, increased traffic on Holcomb Road, and the effect of property values on surrounding homes. She also wanted to know if the Council could defer any action on this matter until we got an opinion from a Planner. Attorney Banycky replied that this rezoning request has to be acted on under our existing plan.

Mrs. Jack Hagen, a near-by resident, wanted to know where the entrance to the new apartments off Surrey Lane would be, and if they would have to fill in the wetland near Surrey Lane. Mr. Milzow replied that the road wouldn't necessitate filling in this area.

Moved by Auten, that the rezoning request be granted. Seconded by Jones. Motion carried unanimously. The Public Hearing was adjourned.

The Regular Meeting was called to order by President Johnston. Minutes of the last meeting were read and approved.

Trustee Jones gave a report on the Sanitary Sewer Committee. He mentioned that dye-testing of homes along the Upper Mill Pond is supposed to start on Wed., July 26th.

The Council and Mr. Milzow discusses his new office building on S. Main St. and the parking facilities behind it. Trustee Wilford stated that she would like to see as many trees preserved as possible.

Mr. ApMadoc was present to request Council approval for his amended plans for the south 90 feet of Lot No. 36 on N. Main St. A discussion with the Council followed, and some of the set-backs were questioned. The Clerk will contact the Board of Appeals to see if these new dimensions are acceptable

Moved by Basinger to appoint Mary Ann Pappas as Deputy treasurer. Seconded by Wilford. Motion carried unanimously.

Moved by Auten to refer the rezoning request of Lots 1, 2, and 3 of Clarkston Eastates from Residential to Commercial to the Legislative and Planning Committee for their study and recommendations. Seconded by Jones. Motion carried unanimously.

Correspondence on Sewers was referred to the Sanitary Sewer Committee.

The Clerk read a letter from the Independence Township Clerk and a Resolution passed by the Township Board concerning the pollution of the Clarkston Mill Ponds. A discussion followed. The Clerk was instructed to write a letter to the Township expressing our concern and support of their efforts, and mentioning that we are going to begin dye-testing of homes along the Pond.

Tim Doyle, Township Recreation Director, was present to request some financial aid from the Village for the construction of a new storage building at Deer Lake Beach. Moved by Wilford that the Village Council give financial support in an amount up to \$500 for this building, the money being part of the \$500 that the Village Council had previously committed to landscaping of Deer Lake Beach. Seconded by Auten. Motion carried unanimously.

Moved by Basinger that the Council adopt Chapter One of the Growth Policies for Oakland County as follows:

- Policy 1.01 to not continue to increase population indefinitely.
- Policy 1.02 to not remain at it's 1970 population
- Policy 1.03 that Oakland County need not decrease it's population from that of 1970.

Policy 1.04 that the optimum population policy No. 1.04 be based on factors of the Community's capacity relating to it's public utilities and the prevailing social and commercial patterns already existing in the County.

Seconded by Jones. Motion carried unanimously.

Moved by Auten to approve the contract for planning services with Sterling/Lehoczky and Associates, to be executed on Aug. 1, 1972. Seconded by Basinger. Roll: Auten, aye; Bassiner, aye; Jones, aye; Wilford, aye. Ayes, 4. Nays, 0. Motion carried.

The Council discussed the recent Tree Survey and the possibility of buying some trees to plant in the Village.

President Johnston appointed Frank Ronk, Independence Township Fire Chief, as the Village Fire Officer. The Council approved Unanimously.

Moved by Wilford to adopt the Fire Prevention Code as recommended by the Village Fire Officer. (Copy on file at the Village Hall.) Seconded by Jones. Motion carried unanimously.

The Council discussed Building Inspecting fees and codes in light of the Township recently raising their fees. It was mentioned that perhaps the Village ought to raise their fees to make them parallel with those of the Township, and that maybe we ought to consider using Township Inspectors on a part-time basis if necessary. No action was taken.

Meeting called adjourned by President Johnston.

Bruce Rogers
Village Clerk

Town says goodbye to Klaus

About 200 people came Sunday to the Ray Loba home, 6062 Middle Lake Road, to say goodbye to Klaus Matthius, a Niederaudorf, West Germany, youth who attended Clarkston High School last year. He's now returned to Germany.

Klaus, a participant in the Youth for Understanding program, made his home with the Lobas and their children, Jim, Dennis and Sue.

While in the United States, Klaus was able to travel through 18 states, Canada and Mexico. He visited the Soo locks, both Disneylands and many other places.

Many weekends were spent at "Musket Shoots" with his two American brothers.

During the school year, Klaus participated in activities including the track team.

He reports he's really enjoyed his stay in Clarkston and hopes to return if he can in a few months, and he added, "I want to give thanks to my American family, the Lobas, for being so good to me."

Klaus' address at home is 8203 Niederaudorf, Instr 46, West Germany. He'd like to hear from his Clarkston friends.

Photos by Kathy Ronk

A Confederate flag, like those displayed in the Musket Shoots he took part in, is displayed by exchange student Klaus Matthius.

Klaus said goodbye to a lot of good friends Sunday.

Mr. and Mrs. Ray Loba and their "other" son, Klaus Matthius of West Germany, prepare to say goodbye.

The independent view

by Jean Saile

Chuck McBride, Republican candidate for Independence Township trustee in the August 8 election, got a split personality profile in last week's issue. Part of Chuck's story was on one page, his picture on another. It was Irish gremlins, Chuck.

For people interested in model airplane flying, it might be news that property out on Orion Road at Flemings Lake Road has been purchased for that purpose. The radio aviators can be found out there most any weekend.

Everybody remembers but nobody can find the copy of the agreement between the Village of Clarkston and Independence Township in regard to township lease of Deer Lake Beach. There's been some question about the increase in fees, and apparently there are those who want proof positive before they pay them. All the attorneys and the officials involved remember the agreement. Paul Mandel, township

attorney at the time the agreement was signed, told the village council, "Just have those people involved get together again and resign the agreement."

Tudor ApMadoc is proceeding with plans for an antique shop and home on property he owns just north of Clarkston Auto Parts on Main Street. He presented the site plan to the council last week.

Mary Ann Pappas still isn't free of the village treasurer's job: She took it a number of years ago on a "temporary" basis, and when her husband, Artemus, resigned as village clerk earlier this year, she foisted the job on him. Now that he's in Ann Arbor attending special classes all summer, somebody's got to sign the checks. It's Mary Ann, named deputy treasurer by the village council last week.

The survey we ran on page 2 last week was not written by the editor of this newspaper. It was a release by

Congressman Jack McDonald and in the hurry to get it in print while it was still news, the Congressman's name was inadvertently dropped from the byline. Sorry about that.

Out taking pictures in Woodhull Lake and I continue to be impressed about the improvements going on. The beach is in superb shape. It just needs some finishing touches. The overall area seems to be taking on new life. Now, all we've got to do is get rid of the garbage that is stacked here and there.

A resident there suggested that all those who have worked to improve Woodhull deserve the Woodhull medal of honor - a flattened beer can on a neck chain. Funny or not, they've proven that improvements can be made.

Can't help but think Clarkston and Independence Township need a "Newcomers Club" - a vehicle to absorb new residents into the life of the

community. I belonged to such a group once in Rochester and in less time than I care to remember I was totally involved in every segment of the community. Some of our clubs could use some of that fresh blood that's moving this way.

Brandon Cooperative Nursery still has openings for 3 and 4 year olds in their fall session. For more information contact Judy Carrico at 625-2697.

Mrs. Wayne Viergever of 7150 Deer Lake Road and Mrs. James Armstrong of 20 Buffalo are identical twins. About three weeks ago Brad Viergever, 11, broke his right arm. Sunday his cousin, Darcy Armstrong, 9, broke her right arm. The fractures are almost identical, the casts are, and the psychedelic decorations are common to both. Monday they were going to attempt swimming off the Viergever's property in Deer Lake. Sounded pretty soggy to me.
