Queen Ann's Lace

All the pretty flowers, in fact, probably too many for four year old Lisa Byron of Church Street to gather all in one day.

I got another offering from Oxford's Bill McGlashen to pass along—

It's been almost two hundred years since Mrs. Patrick Henry allegedly said, "Give me Lib or give me death," and now here is a story about one man's experience with a

wife who joined Women's Lib.

Not mine, you understand. Thank goodness my wife Catherine still believes in the old standard. But this unnamed friend of mine has been keeping me posted on what it's like living with a wife who believes in Libbing it up.

Sharing the work load hasn't been too big a problem although some of the neighbors look at him sort of funny after seeing his wife out mowing the lawn while he was inside doing the dishes. Still, all people being equal, they figure it's a matter of getting her muscles toned up so she can get rid of that false label, weaker sex.

Since the word "master" became a no no, he has to be careful about referring to it as the master bedroom, although he did confide to me that he wasn't exactly the master of that situation anyway.

And since she is no longer a slave, she had to give up her role of being a slave to fashion, saving a

considerable amount of money right there. He likes the idea that he doesn't have to open doors for her any more, but they did have a little spat when he refused to open the door for her when her hands were full while carrying out the garbage.

But, what the heck, a rule is a rule, he says. Whenever he forgets and gets his cigarette lighter out to help her light up, she makes him put it back in his pocket and then she lights up her own cigar.

Helping with the cooking and laundry turned out to be the easiest part of his new life style. He claims that he can do a TV dinner up as brown as any feminist and can stir up a Betty Crocker mix for the lightest pancakes this side of Uncle Johns.

Doing the laundry at the local wash-a-teria is hardly a problem. Any number of helpful females from the old school come to his rescue, undoubtedly assuming that he is a poor lonely bachelor or

a poor lonely widower.

In fact, since the day his wife dropped in at the laundromat and saw how much help he was getting, he has been excused from any further duties with the laundry.

They take turns babysitting since she attends quite a few meetings besides the Lib get togethers and she actually insists that he take his nights out, like attending a meeting of the Society for the Prevention of Cruelty to Husbands or attending a meeting of the ecology group that is trying to find a better way to retrieve the broken glass along our highways than by picking it up in our tires.

Those nights out with the boys are unproductive and are worthy only of male chauvinistic pigs. The last time I saw my friend, he was coming out of a lawyer's office but tight lipped about it. Like I said, I'm glad my wife still subscribes to the master plan. She doesn't allow me out of the house after dark unless she's with me.

Sophs register

Bottles and newspapers

next week

Collection drive Saturday

The Clarkston Community Women's Club will sponsor the collection drive for Bottles for Building Saturday, August 20 from 9 a.m. to 2 p.m.

"We're also going to try newspapers this time, but we want to stress that all newspapers should be tied in bundles,"

said Carolyn Place, chairman of the project.

"We also want to remind people that all metal should be removed from the bottles and jars they bring to the collection centers."

Collection centers will be located at Food Town on Sashabaw and Maybee Roads, First Federal Savings and Loan at the M-15 shopping center, the fire hall and the township hall.

"I think people should know that we're the only community in Michigan which has worked on a cause like this for so long. In 19 months, we, in Independence township, have collected 14½ million bottles or 485 tons of glass or 970,000 pounds of glass which figures

out to 25 tons of glass a month," explained Mrs. Place.

"This has netted us \$4,000 in trust which citizens have earmarked for a community activities building."

Chairing the drive this Saturday will be Stan and Joann Darling.

Everything collected will be taken to the new Oakland County Recycling Center in Pontiac.

Clean-up slated for Saturday

Independence Center will sponsor a clean-up, painting and repair session starting at 9 a.m. August 19 at the center on Maybee Road.

"Bring a lunch and we'll supply the coffee and lemonade," said Lynn Thompson of the center.

The clean-up is to ready the building for its open house September 10. Two clean-ups have already taken place.

"All we ask is that the volunteers bring brushes and pails and we'll supply the rest."

Pond to be lowered

The Mill Ponds will be lowered September 5, 6, and 7 according to Bruce Rogers, village clerk. The decision was made at the last village meeting, August 8.

Correction

Variations, not lot split, was the issue before the judge," said Carl Brendle, attorney for the residents of Sunny Beach Country Club number 2 vs Mr. and Mrs. David Marietta.

"The decision was on the neglect of the Board of Appeals to inform the residents of the area in regard to variance on non-conforming lots of 8,000 feet."

The ordinance requirement is that a building site be not less than 12,000 square feet.

The judge ruled that a public hearing must be held within 45 days.

William Dennis, principal of Clarkston Senior High School, announced that letters sent through the mail to new sophomores concerning the orientation program were incorrectly worded.

"The sophomore orientation program will be Tuesday, August 22, for those with last names beginning A thru J and Thursday, August 24, for those with last names K thru Z," Dennis said. "Both sessions begin at 9: a.m."

Students will be able to pick up schedules, fill out registration information and locate classes and lockers during the orientation program.

More information can be obtained by calling the high school office at 625-5841.

CLARKSTON

Sewers cause ruckus, rate increase delayed

Over 50 people from the Cranberry Lake area appeared at last night's township board meeting to protest Stage 2 sewers proposed for that area by the Independence township board.

Originally, John Halveston, the developer, had only asked for a forced main for the area. At the time of his request, the Stage 2 sewer system was proposed instead of the forced main by the board.

A petition was filed with the clerk from homeowners in the area stating that there was no need for the next stage.

"We are 200 feet above the lake and regardless of the money, we still don't feel we need it," said Art Ripley, a homeowner in Cranberry Lake subdivision.

The request was temporarily withdrawn until a study has been made.

Richard Svetkoff of 6597 Snow Apple appeared before the board to question the clerical and maintenance costs of the water system.

"I want to know why the cost is rising when there are still 691 wells in the present system. I think the board should

do a feasibility study of an outside source handling our system," he said.

The board moved to deter the rate increases on the water system until a study has been made.

"Where has our \$39,000 in trust gone? By now it should have added up to \$60,000," Svetkoff continued.

"I want you to know that we looked at a series which were larger than the rate we finally approved which was one that would break even," said Tom Bullen, trustee. "I feel we're obligated to break even. I'm afraid a study isn't going to bring your money back."

A resolution was passed by the board to have the Oakland County prosecutor investigate possible plat violations and to prosecute violating property owners in the Deer Lake Knolls subdivision.

Presently, there is only one ingress and egress road for the use of the homeowners.

The township board will meet to continue with the remaining items on the agenda next Tuesday, August 22, at 7:30 p.m.

A grass fire off Clarkston-Orion Road.

Leif Gruenberg, 13, and Erik Braun, 13, practice their skills from their life-saving class by watching a group of swimmers.

Lifesaving class

Another set of eyes

"We want people to know that those kids with the red cross T-shirts are life guards in training," said Mary Ann Henning of the Independence township recreation department.

"People have asked us what those young kids are doing hanging around the lifeguard lookout stand and we want them to understand that they are there helping us."

The lifeguards in training range from 11 and up, both boys and girls, who are getting on the job training and filling a class requirement.

"We have 18 students and we require them to spend two to three hours at Deer Lake observing. We feel it's good experience for them to be down there watching. It may also help them get a job later on."

Miss Hennig explained that the students act as another pair of eyes.

"The class also helps us in general pick-up of the beach and enforcing the rules," she said.

The class is divided into two groups, the Junior lifesavers from 11-14 and the Senior lifesavers from age 15 and up.

"The students must be strong swimmers and take a comprehensive test at the end. The test is to determine how well they react and evaluate a situation," Miss Hennig explained.

"The students will continue to be another set of eyes for us even after the class has ended. They're really eager to get this type of experience."

Miss Hennig, Jane Richardson and Charlie Horsch are the instructors.

We are concerned, but it takes time

by Darlene Damp

Some people are concerned.

Last week, the News ran a picture of the upper Mill Pond with a cutline that asked whether anyone was concerned with the pollution.

Several phone calls and visits to the office later from Upper Mill Pond homeowners led the News to believe something is being done.

During the second week in September, the ponds will be lowered three feet to examine the silt accumulation. This will help to determine the method of silt removal.

Over half of the neighbors on the Upper Mill Pond have been canvassed for their reaction to cleaning the ponds themselves.

"People keep crying for state and federal funds, but it's up to the individuals to take some action instead of waiting around for something to happen," said Norman Rousseau, one of the homeowners who contacted the News.

Checks have been made with the Water Resources Commission that revealed financial help was unavailable because of the multitude of lakes in the county let alone the state.

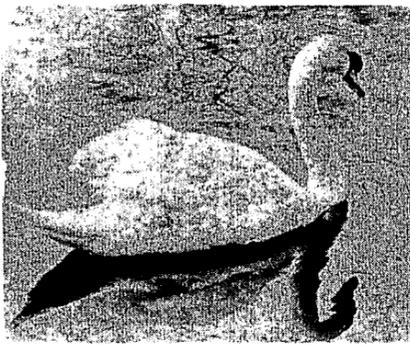

The Oakland County Department of Health has inspected the water and found it pure enough for swimming.

According to interested neighbors all that remains is getting a final figure on the cost of the project to each homeowner on the Upper Mill Pond and what method will be used for silt accumulation removal.

Back to table for negotiations

"On the recommendation of the state mediator we will go back to the bargaining table," said George White, negotiator for the Clarkston Education Association.

"The state negotiator felt we were a little premature in bringing him in and recommended we go back to the table. We will meet to discuss the contract negotiations August 22."

hill 'n gully

The night we cliff-hung

by Jean Saile

It was while I was still swirling about three feet off the floor at 4 a.m. last Wednesday that someone said to me, "The work is just beginning."

It had taken us until just about 4 a.m. to decide that I really was going to win that cliff hanger race for county clerk on the Democratic ticket. My adviser was already thinking of the big November race ahead.

Down at Democratic headquarters many of us who had fully expected to be helping Prosecutor Tom Plunkett celebrate his victory were still in shirtsleeves and attached to telephones and calculators in the small, wee hours.

Cigarette smoke filled the air, there were Big Boy wrappers lying around, some empty beer cans and a well-tapped bottle of stronger spirits. But there was really no party mood. It was a sweat-it-out session.

About 1 a.m. - I'm really not clear on time sequences - the Independence Township returns came in showing that I was clearly in the lead here. The elation and gratitude I felt was enough to sustain me through the rest of the night. I danced - I hugged people - I jumped for joy.

Besides friends and election workers, campaign headquarters housed a worried husband, and my daughter Pat and her boy-friend.

The kids were all worked out. They just sat and watched, but Jim

was keeping his own running tally which kept fluctuating from 200 votes behind to 200 votes ahead.

He'd remained out of the campaign as much as possible, mainly because I knew he could face whatever he had to face for himself but I didn't want him to have to face it for me.

To have a wife run for political office takes a very strong man. Thank goodness I married one.

In odd moments there was the time to look back over the preceding six weeks - to mentally thank friends and supporters who had gone all out in my behalf - to swallow a lump in the throat as it appeared that some were losing in their own races. I knew how hard many of them had worked.

And there was exhaustion - creeping up in everyone's eyes. Finally at 4:30 a.m. we left for home and found Saile-children still wide awake with their ears glued for radio reports which were no longer coming in.

It took until 5 a.m. for everyone to settle down, and at 7:45 a.m. there was a knock on the door. It was Mike Kowalsky, my scheduler during the campaign, reporting in with eyewitness final totals.

We had really won!

And now after a short family vacation, there's November ahead and another election night.

My adviser was right. The work has only begun.

Editor:

Taxes seem to be a four letter word. Just about every tax proposal on the August primary got defeated. We, in Township Government, can not raise, or lower, taxes; we must make do or do without. This is a little confusing because by real estate taxes (just like yours) keep going up every year - but this is due to the County which determines the tax rate for the townships to charge each year. If your property tax was \$400. the township got only \$24 of it, the rest goes to the County and to the schools.

We got about \$90,000 in property tax,

and \$252,000 from the state last year in so called revenue sharing, or sales tax fund. We got much less than the cities, but fortunately we don't have the welfare and the crime. We try to spend wisely. The new recreation director has proved his worth. A large amount is going for attorney fees now to defend the referendum we had last year. Gerstensen is trying to put the K-Mart on Waterford Hill Golf Course through the courts. He told us if he wasn't wanted, he would go

PEEKIN' into the PAST

25 YEARS AGO IN THE CLARKSTON NEWS

August 22, 1947

All who attended the old white schoolhouse on N. Main St. in Clarkston, are urged to attend the reunion on August 27.

Mr. and Mrs. Maurice Ogden announce the birth of a daughter, Nancy Ann, on August 13th. She weighed 7 lbs., 13 oz. at birth.

"Boys here is your chance to make some dough. Just catch some crickets by the toe. Rush them right down to our store. Will pay two cents for every four." Dixie Bait Store.

10 YEARS AGO IN THE CLARKSTON NEWS

August 16, 1962

Sue Allen, Beverly Pulman and Evonne Beni attended Majorette Camp, All American in Hartland, Michigan.

Announcing the birth of their 3rd son are Mr. and Mrs. Robert E. Tilley of Transparent Dr. Gordon Paul was born August 9th.

During gubernatorial candidate George Romney's tour of Oakland County last Sunday he received a larger welcome and crowd in Clarkston than at any other place in Oakland County.

Sue Logan hosted a camping out party on the lawn of her Cramlane home August 9.

"If It Fitz . . ."

Golf needs medical help

By Jim Fitzgerald

A surgeon has suggested there should be no pitchers in boys' baseball because it is bad for the kids' arms. He said a machine should be used to hurl the ball toward the batter.

I'll go along with that, happily. My motive is simple: I hope the idea will catch on and possibly spread to golf.

Dr Joseph Godfrey is the surgeon who wants to bench young pitchers. He is chief of orthopedic surgery at Buffalo Children's Hospital.

"No kid of mine would ever pitch Little League baseball," he said. "The possibilities of sustaining permanent elbow restrictions of motion may definitely stem from throwing overhand at an early age."

I got to thinking about Dr Godfrey while playing golf the other day.

My partner and I were riding in an electric cart, naturally. I haven't carried a bag around 18

holes since the invention of the wheel. I hired a caddy only once. I didn't mind the little kid snickering at my swing but it was too much when he began hollering across fairways to his buddies to "C'mere, ya gotta see this!"

Anyway, this was a beautiful day, the day I decided golf could use a Dr Godfrey. The sun was warm but there was a sweet breeze. The grass was lush. It would take a poet, not a scribbler, to describe the lovely view down the fairways, over the ponds and traps, to the greens. When Mother Nature gets time off from margarine commercials, I'll bet she hangs around a golf course. When the weather is right, and the greenskeeper is ambitious there is nothing prettier.

Also, we were packing a sloshing thermos which dispersed cold gin and tonic at the bend of an elbow which

fortunately, wasn't bugged up 35 years ago pitching baseballs.

"You know, I could really get to like golf," I told my partner as we drove along, sipping, "If I could just hire some husky kid to hit the ball for me."

That wouldn't be possible, of course. You start bringing kids along, the first thing you know they'd want to ride the cart and share the slosh. A guy could get arrested for contributing to delinquency and I already gave at the office.

But why couldn't a medical man with Dr Godfrey's credentials look into golf? It might be better if he were a psychiatrist. There is no denying that golf drives people nuts, especially overweight, middle-aged businessmen.

Certainly the sanity of this nation's merchants and leaders is as important as the elbow of some little leaguer. How many

worthwhile deals have gone sour because of tempers lost in the rough? How much commerce has been stalled because a duffer has become so deranged he still believes, after 30 years, that he can cure his slice if he just plays enough?

This would be a better world if a Dr Godfrey would proclaim something like this: "No stockbroker of mine would ever swing at a golf ball. The possibilities of sustaining permanent mental restrictions of thought may definitely stem from taking a 9 on a par 3."

The solution is obviously automation. I envision a cannon-like contraption mounted on the front of the golf cart. It would shoot the balls directly where aimed and suck them back when necessary. There would be no reason to get out of the cart, except to get more ice.

Onward and Upward.

More
Letters

(Continued from Page 4)
elsewhere. So we know how to trust him!
"Tax base" is supposed to be the answer to all problems. "If we just had more building we could do so much with all that tax money!" What? build more roads? Build more schools? Increase our fire, police and township employees? Growth will come, we can't stop it. But measured growth seems to be the consensus of people I talk with. Nothing is as sure as death and taxes, but more "tax base" will be the death of Independence Township as we know it now.
Keith A. Humbert, Trustee.

After the election

Editor:

Now that the excitement has died down after the Primary Election, I'd like to take the opportunity to thank all those who became involved in community affairs as a result of the recent campaign.

While we all were disturbed by the actions of a few irresponsible people, it was heartening to find many people who were concerned about the problems of the township, and who will work hard to solve them.

Personally, I got a great deal of enjoyment out of stopping to talk with all of you, whether in the supermarket or out mowing your lawn, and I was impressed by the tremendous number of young couples who have moved into the Township. From my point of view, the campaign was well worth it just in terms of the number of new friends I've made.

However, we did have two important by-products of the campaign. Because all the candidates talked about fiscal responsibility, I made up a form for the Township to get bids on equipment and services... which will hopefully save us some money in the future.

And because the candidates said we have a problem with drug abuse in the Township... I donated to the Public Library a set of Mike Whorf's "Kaleidoscope" programs on drugs and alcoholism. This will serve as the

beginning of an adult education program as well as a cassette program for the Library, and I hope that those of you with cassette players will check these out.

If you see any of my posters that I miss as I take them down, please rip them down with my blessing. I hope that everyone will get out and actively support the candidates of his choice, regardless of political party. The more involved citizens we have, on both sides of the fence, the more the Township will benefit.

Dick Weld
(625-4185)

Sewers bring problems

To the Editor:

In the Woodhull subdivisions, the sewers are going into ground, but with more failures above the ground than there should be.

The county engineers out of the DPW came along, after various indications for a sewer depth of ten foot for basements. The sewer is not ten feet deep in front of my house.

I have one house and one consolidated property but they gave me three taps to the sewer. If a tap costs the property owner \$700, who pays \$1,400 for the two taps that I don't need?

They damaged several mailboxes, but to this date have done nothing to repair them. I had to install a new post on my mailbox.

The contractor damaged two trees on my property, both will die. Careless and indifferent handling of equipment was the cause of the damage. It seems quite apparent, there is a thought, that the people must make all the sacrifices.

For several weekends the people of this area have had to strangle in road dust. The roads are treated with chloride but then they are graded to remove some of the depressions caused by the work. This grading removes the chloride.

If this type of a performance continues, with its total disregard for the people's welfare and rights, I am sure that DPW and the contractor will face a court action to establish the rights of the people. It is our belief that the contractor and the Department of Public Works shall not continue as they have in this area.

Sincerely,
Luther C. Fletcher,
Chairman of
Concerned Property Owners

Clarify difference

Editor:

Well this week, there it was again. — a picture of the swamp on the north side of Miller Road and the words "Mill Pond,"

Most of us who reside on 'the Clarkston Mill Pond' wish you would clarify, for those outside the Village, the difference since this business of the Mill Pond started all the news items in the papers. The Pontiac Press, Detroit News, Clarkston News have shown pictures of the Mill Pond then gone on to describe the mess at the north end. Some of us on the Mill Pond have also had water samples taken and our samples came back almost pure enough for drinking water. There is one area at the very southern end that is bad and than has no where to go; as you must know, water flows down stream so there is only one place it can come from. We also did some water samples behind the new homes which came back as raw sewage pollution, so don't keep saying it is always the older homes. You sound like the next step may be to get urban renewal going in the Village and do away with all that is old.

One statement was made that made the Village sound almost unco-operative as

far as this mess is concerned. The Village has been trying to get going on the dye tests, but the county is the one dragging it's feet with excuses.

In Mr. Becker's article to the Detroit News July 24, 1972, he states that Mr. Henry Ford created the Mill Pond in 1940. Wrong again; check your facts. Coffey Dam broke in 1941; Mill Pond went out with heavy rains that year. That which you call Upper Mill Pond was a no-name waste land swamp in which horses and mules used to get mired. It was never used for swimming because you couldn't get near it. The first houses didn't go up there until 1960 on North Holcomb Road and you used to have to stand along Miller Road to fish for the large pike that were in there, hence the name Pike Pond.

The Pike Pond also had a purpose as most swamps do, as a place for bugs and things for the fish and birds to feed on rather than weed killer and lawn fertilizer as it is now.

Next time please don't describe 'the Mill Pond' situated in the heart of the Village as a weedy, murky disgusting place Mr. Becker, instead tell it like it is.

Mrs. Jack Hagen

Real Estate

HAPPENINGS

by Bob & Marvel White

Do you know that you can sell your home or vacant apartment much more readily if you do some decorating? Touch up nail holes in walls, clean scratched woodwork, do some painting, and your residence will seem that much more attractive to prospective buyers. If a place seems dirty or just uncared for, buyers are apt to think it is not worth looking at. So take care to make your property as attractive as possible before you put it on the market.

And then call BOB WHITE REAL ESTATE, 5856 S. Main St., 625-5821 with your listing. We'll appraise your home for full market value and bring only qualified buyers to see it, thereby avoiding dozens of people unnecessarily tracking through your home. We also get many referrals through our nation-wide transfer service, and will be glad to hold your house open at a time convenient to you. Hours: 9-8, Mon. - Thur.; 9-6, Fri., Sat.; 12-5, Sun.

Temperature control is a big factor in determining a house's livability. Paid Adv.

Cadet attends officers school

Civil Air Patrol Cadet Captain Mark Peters, 3723 Maiden, is attending August 7-19 in Cadet Officers School at Maxwell Air Force Base, Alabama.

The curriculum for the two week course includes psychology of leadership, problem solving techniques, public speaking, physical fitness and orientation trips.

Mark, a four year member of Clarkston Composite Squadron CAP, is a senior at Clarkston High School this year. He is the son of Mr. and Mrs. James F. Peters.

Warrensburg, Mo., Star-Journal: "The national debt limit is now \$450 billion or, for all practical purposes, the sky."

Take a day off mothers, church provides day center

Starting September 19, the Clarkston United Methodist Church will sponsor a Mother's Day Out program every week except during school vacation.

Mothers will be able to leave children ages 2½ to 5 years old at the church for part or for the entire day.

"Because of licensing procedures from the state, we require a health form to be filled out by a doctor before the child is left with us," said Mrs. James Benson, an organizer.

The forms are attainable from the church office.

"The program will include a hot lunch, cots for rest periods, and some type of

planned program. However, it won't be too structured," explained Mrs. Benson.

The Mother's Day Out program had its beginnings when the women from the church were trying to make use of one of the church buildings.

"We wanted to take advantage of the room and provide some type of service for the community," she explained. "We investigated day care centers for working mothers, but found it to be too big a project.

"This Mother's Day Out program is for any mother, not just the working mother," she continued. "We recognize the need of a mother to get away from

her child — to do some shopping or go to the doctors. She may not have a family to fall back on or she may have a husband who works long hours and is away from home."

Mrs. Benson said two women will supervise and possibly three if the maximum number of children, 15, are attending the program.

"Mothers should call the church office, during the week, prior to the day they want to leave their child," she said.

To cover costs, there will be a charge of \$4.75 for the entire day and \$2.00 for a half day.

Whatever home improvement you have in mind, improve it now with the help of Community National Bank.

Simply stop in at any of our 22 convenient locations and talk with the Loan Officer. Give him the necessary information. He'll arrange for your loan as quickly as possible.

At Community National Bank, we try to make loan-getting a quick and painless process. Our thousands of satisfied customers are good evidence of the fact.

Member F.D.I.C. F.H.A. terms available

Clarkston receives

\$2,981 from highway

Second quarter Motor Vehicle Highway Fund Collections are being distributed to Michigan counties, cities and villages, the State Highway Commission reported today.

State Highway Director Henrik E. Stafseth said net receipts of the Highway Fund during April, May, and June amounted to \$99,699,514, an increase of \$8,424,019, or 9.2 per cent, over the same period of 1971.

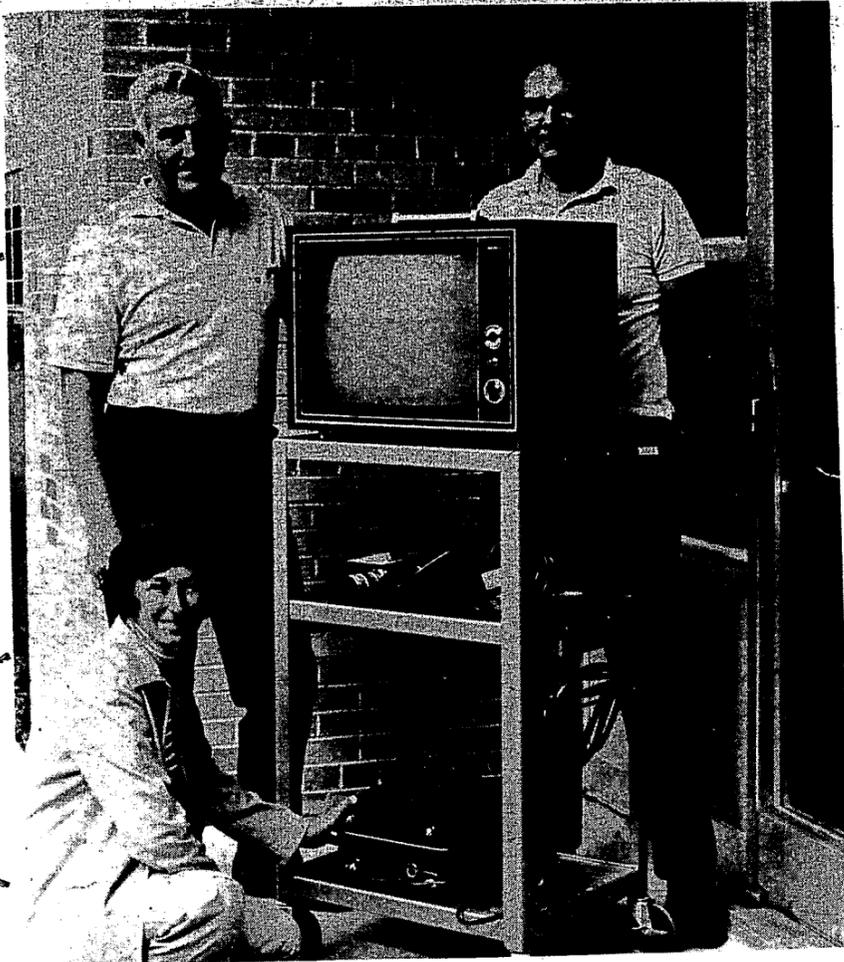

Oakland County's share totaled \$2,514,034 while Clarkston received \$2,981.

All State gasoline and diesel fuel taxes

and license plate fees go to the Motor Vehicle Highway Fund.

After deduction of collection costs and the Waterways Commission's share, the 46 per cent of the proceeds are distributed to the Department of State Highways, 34 per cent to the State's 83 counties and 20 per cent to the 529 incorporated cities and villages.

Under this formula, the Highway Department will receive \$45,861,776 as its share of the second quarter collections. The counties will receive \$33,897,835 and the incorporated cities and villages will get \$19,939,903.

Pictured with the newly donated video playback tape machine are Booster club members Mrs. Sylvia Harvey, Del Walters, and B.J. Hanson, athletic director.

Booster Club donates video tape machine

Clarkston High School will have a video playback tape machine this fall compliments of the Clarkston Athletic Boosters Club.

The club is a non-profit organization formed in 1966 by parents interested in helping the athletic program in Clarkston.

Since its beginning the club has helped financially with the athletic program, purchased a weight machine for the high school, pole vaults for both Clarkston and Sashabaw junior high schools and donated two scholarships per year.

"To see how our club operates, please feel free to attend one of our monthly meetings. We meet the last Monday of every month at 7:30 p.m. in the Clarkston Senior high school library," said Mrs. Sylvia Harvey. "We're looking forward to having more parents taking an interest in the youth of today."

Oakland University is offering non-credit courses suitable for personal and professional development through its Division of Continuing Education. Other courses are designed for "fun and recreation." For more information contact Oakland University, Division of Continuing Education, Rochester. Classes begin the week of September 25.

Oakland Republicans will sponsor a fund raising clam bake August 27 in Orchard Lake. The clam bake will include hot and cold buffets, entertainment, swimming, water skiing and float boat rides on Pine Lake. Tickets are \$100 each or \$175 per couple available at Republican Hdqts., 245 S. Woodward, Birmingham or call 646-8414.

SPORTS Go-Round

by Jerry Savoie

Fishing, as the best fisherman knows, takes a maximum amount of patience. All you have to do is wait and when the time is right, the fish will bite. So a young fisherman of St. Petersburg, Florida caught a fish weighing some 15½ pounds. When he discovered that it was not as large as the record catch: 22 pounds, four ounces, he took the fish off the hook and put it in a small pool in back of his home. He intends to wait until the fish weighs about 23 pounds before he catches it again!

There's nothing fishy about the excellent service and quality merchandise at SAVOIE INSULATION CO., 64 S. Main St., 625-2601. We carry blanket and blown-in cellulose and fibreglas insulation. We invite the do-it-yourselfer to consult our insulation expert, Richard Boyle for information, or you may have our experienced crew do the installation. Hours: 7:30 - 5:30, Mon. - Fri.; 8-12, Sat.

HELPFUL HINT:

A polishing job on your car should include a light coat of wax: your car finish will look better and last longer.

From left to right are Jason and Sabrina Sawyer, Chris and Bob Munchausen, who are attending camp in Indiana for eight weeks.

Four attend camp

Four Clarkston students are attending Culver Summer Schools in Culver, Indiana.

They are Jason and Sabrina Sawyer and Chris and Bob Munchausen, all the children of Mr. and Mrs. J. H. Munchausen of 8790 Ortonville. The four are attending an eight week

session which includes Woodcraft camp for boys 8-14, Naval School and the School of Horsemanship for boys 14-18 and Summer School for girls 14-17.

The camp offers flying, sailing, horseback riding, theater, water skiing and languages to mention a few. Over 1,000 students attend the camp during the summer.

Around the township

Fred and Yvonne Davidson and son Michael of Robertson Court have returned from a two week visit to Europe.

Switzerland was the first stop before going on to England where they discovered just how small the World really is. While watching the changing of the guard with mobs of people, a fellow near the front asked Michael if he would like to stand with him for a better view. The brief encounter proved the point — the fellow and his new bride, Mr. and Mrs. Lee Stewart of Ortonville, were on their honeymoon. It's really incredible, a Clarkstonite and an Ortonvillite stumbling over each other in London.

The Davidson's also spent some time sight-seeing around London with the vacationing Ivan Rouses of Clarkston.

Mr. and Mrs. Elroy Trim of 9136 Crosby Lake Road will celebrate their 59th wedding anniversary August 20 at their home. Helping them to celebrate will be their son, Russell and his wife Dorothy, also of Crosby Lake Road.

Mr. and Mrs. David Hockey announce the birth of their third son, Thomas Dale. Thomas arrived July 4 weighing seven pounds twelve and one half ounces.

Big brothers Randall 7 and Steve 3 are pleased with their new addition as are grandparents Mr. and Mrs. Lyle Smith and Mrs. Charles Hockey all of Pontiac.

Mr. and Mrs. George Lawson of Orion Road and Mrs. Alice Shriber of Sawyer, Michigan have returned from a beautiful trip thru the Canadian Rockies viewing

the Stampede at Calgary, Heritage, and the zoo.

On the homeward route, they visited Glacier National Park, Yellowstone and in South Dakota stopped in Mitchell at the Corn Palace.

The Black Hills, Mt. Rushmore and the Badlands were all interesting and breath-taking sights. Mrs. Lawson reports weather was perfect for the entire trip.

Shortly after their return home, George's sister, Mrs. Joyce Grundy of Anaheim, California and niece Mrs. Shelia Lawson of Phoenix, Arizona spent several days with them. It all sounds busy and very enjoyable.

Gene Schidgall, a student at Clarkston High School, won the Drum Major of the 1972 Clinic at the fifth annual Turman's Baton Twirling and Cheerleading Clinic at Eastern Michigan University.

Mrs. Howard Sage of North Holcomb has been busy these last couple weeks. Her daughter and family from South Carolina have been here visiting and keeping things hopping.

They purchased a motorcycle while here which I think is some souvenir of any vacation. My kids are missing them greatly already and are counting weeks left before they will be back for another visit.

August 6, six pound eight ounce Jonathan Frederick was born. Proud parents are Randy and Carol Heltman of Center Street. Big sister Arika, all of sixteen months herself, is already busy trying to help mom around the house. Delighted and surprised grandparents are

Notes from a mother

by Joan Peters

The BACK TO SCHOOL ads have started, and the shock waves are beginning.

The thought of outfitting six kids in new shoes, makes me want to hide my check book. And why can't four brothers all be size "regular," so they could sing the HAND ME DOWN CLOTHES song. Do you know it is impossible to find size 11 slim trousers?

Now that our baby is in first grade, another thought staggers my summer worn nerves. LUNCHES.

Unless my math fails me, (and it could) I shall pack 1,080 lunches between September and June. Looking at it from the poor kids angle isn't much better. I pack simple lunches. Although I remind

them that P B and J sandwiches are very nutritional, I'm sure they have a sneaky suspicion there are other things you can put in brown bags.

A consolation of sorts, the eldest graduates next June, and every second year hence another will graduate from the lunch brigade. Even so with 6,120 lunches behind me already, and a-a-a+, Oh! Good Grief an astronomical amount ahead, I'm sure the Peanut Butter Business will hold out better than I.

Just some thoughts of an over worked mother. Any greasy spots on paper are purely coincidental, because we have just had lunch. P B and J of course.

Church sponsors homecoming

The annual homecoming of the Seymour Lake Methodist Church is scheduled for August 19 at the church located on the corner of Seymour Lake and Sashabaw Roads in Ortonville.

A dinner will be served at noon by the Women's Christian Service. Following the dinner, a program will be presented featuring the Rev. Kyle Elliott, former pastor.

New baby

John and Brenda Jasso of 4733 Waldon are proud to announce the arrival of Wendy Yvonne Jasso. She was born July 29 at Pontiac Osteopathic Hospital. Wendy weighed seven pounds, three and a half ounces and measured 19½ inches long.

Wendy is the new granddaughter of Mr. and Mrs. Lonnie York and Mr. and Mrs. Michael Jasso, Sr., both of Troy.

Pam Allen, 18, daughter of Mr. and Mrs. Taylor Phillips of 5860 Waldon Road has received a four year fully paid scholarship to North Central Michigan University in Petoskey. Miss Allen will start school in September with her studies emphasizing English, drama and journalism.

European visit

by Shanna Nadolsky

625-2837

Mr. and Mrs. Edwin Corbishdale of St. Clair Shores and Mrs. Claretta Heltman of Waterford. All were surprised because Jonathan was not expected until late September.

Brian D. Bissell, of 6315 Crab Apple, attended a three day orientation program at Western Michigan University to register for classes and four the campus. Classes begin August 30.

The annual Jaycee Tigers Game Outing took place last Friday Night. Eighteen couples boarded a bus in the Village lot and rode to the Stadium.

Aside from the Tigers losing 5 to 1 and a fire breaking out in one of the bleacher sections, and several having difficulty locating the bus after the game, and having a rookie bus driver give them a scenic tour of Hamtramak on the way home, I repeat, aside from a few unfortunate incidents, the group had a good time.

And we Nadolsky's spent the week-end in the North country. Leaving Clarkston in the darkness and quiet of three a.m. Saturday, we arrived in Tawas for breakfast and a beautiful sunrise over Lake Huron. With full stomachs and the whole day ahead we followed the Huron coastline north, up and around to Lake Michigan.

We followed this coast thru Harbor Springs, Petosky (lunch time), Charlevoix, and to Traverse Bay. From this point we went back across the state to Whittemore, near Tawas, to visit the Bill Halsey's who were at their trailer for the weekend.

After some resting up we were, off for

the Thumb, following the Huron coast line again all the way to Port Huron. From there we headed home and arrived at 9 P.M. Sunday. A full couple days, indeed, but a beautiful trip. But now, back to work . . .

"What reaction? I was so shocked I didn't know what to do," said Skip Williams, of Haupt Pontiac who landed a double eagle on the golf course a couple of weeks ago. It was a first for him.

Six Clarkston young people attended the DeMolay State Conclave at Central Michigan University August 9-13.

They are Doug, Kathy, and Ray Anderson, Gerald and Greg Kenyon and John Mayo.

Doug Anderson was the outgoing state representative and Ray Anderson took over as the new state representative. He then flew to Marquette to attend a music camp at Northern Michigan University, this week, August 13-19.

The August meeting of the Clarkston Farm & Garden Club was held at the home of Mrs. Arthur Rose. Attending was the Garden Club's scholarship student, Miss Jane Richard, daughter of Mr. & Mrs. Vincent Richard. Following desert Mrs. Carter presented a flower arranging demonstration.

Mrs. Walter Cattin of 8150 Holcomb Road will serve on the tea committee for the 19th annual international tea sponsored by the Michigan division of the Woman's National Farm and Garden Association at Meadow Brook Hall October 12.

Mrs. Steven E. Janis

Stitt - Janis married in afternoon ceremony

A late afternoon wedding united Mary Ann Stitt of Sashabaw Road and Steven Eugene Janis of Ypsilanti in marriage August 12 at the Clarkston United Methodist Church.

She is the daughter of Mr. and Mrs. George R. Stitt of 9428 Sashabaw Road and he is the son of Mr. and Mrs. G. J. Janis of 9828 Sashabaw Road.

Performing the ceremony before 300 guests was the Rev. Frank Cayadd.

The bride wore a princess styled gown, designed and made by her mother, of madeira embroidery on silk organza over peau de soie. The gown had a mandarin collar with bishop sleeves. A silk illusion veil was held in place by a cap made of the dress material and trimmed with pearls.

Janet Stitt, sister of the bride, was maid of honor. She wore a gown of pale green flocked nylon over taffeta and a straw picture hat with net bands trailing in the back. She carried a basket of fiji mums and daisies.

The bridesmaids, Sandy Murphy, Sheryl Cronk and Val Tannehill were

gowned in yellow flocked nylon over taffeta with yellow straw hats. They carried baskets of yellow fiji mums and daisies.

The bride's cousin, Alene Gibbons, and the groom's niece, Theresa Janis, were the flower girls, gowned like the bridesmaids, carrying tiny baskets of daisies.

Blair Warren served as best man. Craig Baker, Mike Stitt and Larry Janis seated the guests.

The couple left for a honeymoon on the southern and eastern coasts of the United States after a reception at the Knights of Columbus Hall on Maybee Road.

Both are graduates of Clarkston High School and Ferris State College. They will make their new home at 1515 Ridge Road in Ypsilanti.

"You shall not kill." - Exodus 20:13

LIFE BELONGS TO GOD,
NOT TO MAN

A number of people today misunderstand the ownership of human life. They think that life belongs to man. Therefore, they do not realize that drunkenness, reckless driving, the killing of an unborn baby, the killing of a person

dying of an incurable disease and the neglect of health by the wrong and excessive use of drugs are contrary to the moral law. Life belongs to God, not to man. And God commands us to take proper care of our lives and the lives of others. He says: "You shall not kill." God means this. Life really does not belong to us. It does not

even belong to the State. Life belongs solely to God. It is God's property. Man may not take life away. God alone is the AUTHOR and the OWNER of life. Almighty God tells us in the Bible: "Learn then that I, I alone, am God, and there is no god besides me. It is I who bring both death and life" (Deuteronomy 32:39)

Pine Knob hosts Chicago

Chicago, the seven man instrumental/vocal group, will appear at Pine Knob Music Theatre at 7:30 p.m. August 15 thru 19.

"Tickets will be sold in advance only."

WHAT'S HAPPENING—

August 15 is the last day for acceptance of entry forms for items to be entered in the Needlepoint and Crewel Exhibit at Meadow Brook Hall September 12-14. For entry forms write or phone Meadowbrook Hall, Oakland University, Rochester, 337-3140.

No tickets will be sold at the door," said Pine Knob officials. "The Friday and Saturday performances are sold out."

Chicago, one of the most successful show business acts in the country, has been turning out hit singles and albums including, "Does Anybody Really Know What Time It Is," "Beginnings" and albums Chicago I, II, III, IV.

The just released Chicago V on Columbia promises to be another gold-seller for the group.

For further information, call 559-9111.

Chicago, the seven man instrumental/vocal group

The proven road to sales success!

Fact: over 94% of everybody uses the Yellow Pages. 70% of those make calls to firms while 30% go directly to the advertiser without calling. Smart businessmen know the Yellow Pages reaches customers, **produces sales!**

That's why they've found it pays to feature addresses and slogans prominently in their ads . . . to use display ads to stress reliability and to let buyers know the range and variety of brand name products sold and serviced. They also include days and hours open, if delivery service is available, what credit cards they'll accept. And they're represented under all headings pertaining to their business.

Now's the time to expand—or begin—advertising in the Yellow Pages. Just contact your representative—in the Yellow Pages under "Advertising—Directory & Guide". Call soon. Beat the deadline. Join the following businessmen who travel the Yellow Pages road to sales success:

LANDSCAPE CONTRACTORS—

Stone Age Landscape Supplies, Van Dyke, Utica—Mr. John J. Merle
"It took us only one year to prove the value of the Yellow Pages. Being new in business, and a new advertiser, we kept close check on what the ads were doing for us. Based on our survey, we determined about 50% of our calls came from the Yellow Pages."

MOTORCYCLES—Detroit Honda Stores, Chalmers, Detroit—

Mr. Gil Engles
"Yellow Pages advertising motivates a person who is ready to buy to call us, or come in and see us, and buy from us rather than another dealer. Because of our locations on Detroit's east side, and in northwest Detroit, Warren and Romulus, we advertise in the Detroit Yellow Pages, all six of the metropolitan directories and the Ann Arbor-Ypsilanti Yellow Pages. Our phones ring constantly and I must credit this primarily to our Yellow Pages program."

CONTRACTORS—GENERAL—

Nick Manzella & Daughter Improvement Co., S. Mill, Pontiac—Mr. Nick Manzella
"I've always made a point of finding out where my customers come from and how they found me. Since I changed locations early in 1970, between 70 and 80% of my business has come from the Yellow Pages."

LUMBER—RETAIL—

Tela-Warren Hardware & Lumber Co., N. Telegraph Rd., Dearborn—Mr. Leonard Zucker
"Two-thirds of my advertising budget goes into the Yellow Pages. And my business increased 27% during 1971! Most of that increase can be directly attributed to increasing the sizes and placements of ads in the Yellow Pages."

HALLS & AMPHITHEATRES—

Camron Hall, S. Telegraph Rd., Taylor—Mr. William J. Campbell
"I placed an ad in the West and Downriver directories and, within a few months after they were out, my date book was filled for the remainder of the year. Business hasn't let up since. I started asking every customer how he or she happened to find us and knew I had made a wise move when 90% of the people said they found us in the Yellow Pages."

DOORS—Doors Galore Inc.,

Schoenherr, Warren—Mrs. Bernice Osborne
"Since we've placed display ads in the East Area, North Woodward Area and Detroit Yellow Pages, about one-third of all our new business can be traced directly to the Yellow Pages."

TOWING—AUTOMOTIVE—

Shelton Towing Service, Marion, Redford—Mr. J. C. Shelton
"The first year I advertised in the Yellow Pages my business doubled as a result of my ad! No other advertising has ever performed for me like the Yellow Pages."

Successful business people

travel the Yellow Pages Road.

Judy Collins, singer, guests at Pine Knob

Judy Collins

Judy Collins, folk singer, will appear in concert at the Pine Knob Music Theatre, Sunday, August 20 at 7:30 p.m.

Although she is a composer, she has made the work of other writers familiar to audiences. Judy Collins has successfully interpreted songs by Bob Dylan, Richard Farina, Leonard Cohen and Joni Mitchell.

In fact, it was through Judy's recording of Leonard Cohen's "Suzanne" and Joni Mitchell's "Both Sides Now" that both of these writers gained national prominence.

The music Judy plays and sings on her most recent albums is lyric and poetic and her repertoire now includes not only Dylan, Cohen and Mitchell, but also Jacques Brel, Berthold Brecht and of course Judy Collins.

For further information, call 559-9111.

Screw drivers wear too. You can tell that yours is worn when it begins to start out of screw slots easily. Using a worn screwdriver makes tightening difficult and may damage screw heads. Occasional filing with a flat file can keep your screwdrivers in good condition. Be careful when filing to keep the original shape of the screwdriver including the flat bottom. File across the tip at right angles.

For a fine selection of screwdrivers and other tools, shop at BOB'S HARDWARE, 60 S. Main St., 625-5020. We carry Stanley hand tools and Sentry power tools, garden tools, wood and aluminum stepladders, and Master Padlocks. Your Hodell welded and weldless chain center, we feature jack chain, sash chain, safety chain and machine twist link. Hours: 8-6, Mon. - Sat.

HELPFUL HINT:

If your hammer handle is loose, soak it in a bucket of water until it has swelled to fit the head. Paid Adv.

Area residents

invited to visit

new office

Clarkston area residents are invited to visit the new, larger Social Security office at 142 Auburn, Pontiac, which opened to the public last Monday.

"Come in to see us anytime you want information or help with Social Security or Medicare", said District Manager, Eino Heino.

The latest figures show that 1172 people in the Clarkston area are receiving monthly Social Security checks.

"The average retired worker in this area receives \$158.00 per month", Heino said, "and this will go up to \$189.60 beginning with the check due October third, when everybody entitled to benefits will get a 20 percent increase.

A visit to Pontiac's new Social Security office can be an important one, if you want to get benefits, a Social Security card, or just information. But almost anything you want to do about Social Security can be done, or at least started over the telephone. Our address has changed, but not our telephone number, it is still, 334-4711".

"Office hours are from 8:30 a.m. to 4:30 p.m., Monday through Friday", Heino said.

Name change for Independence House

A general membership meeting for Independence Center was held on Wednesday, August 9 at the Center on Maybee Road. Because of a conflict of names it was necessary to change the name from Independence House to Independence Center. The name Independence House is in use by another organization.

Several revisions in the by-laws were approved by the membership including monthly general membership meetings for the first months that the center is in operation.

Our first fund-raising project is to sponsor a game booth during Labor Day week-end. The Jaycees have been kind enough to help us with this project. We hope to realize enough money from this to expand services planned for the first year.

Several agencies have sent representatives to meet with the Board of Directors. Those who have expressed an interest in providing services are: Oakland County Health Department, North Oakland Community Mental Health Center, Pontiac State Hospital Pre and After Care Clinic, Family Service of Oakland County, Fish, Birthright, Rap, and Catholic Social Services of Oakland County.

Other agencies and services will be contacted and offered when needed. Seminar Series on special interest areas for adults and teen-agers will be offered throughout the year.

We are in dire need of office furniture for our agency representatives and chairs and tables for our meeting area. Any donations will be appreciated. We will be most happy to pick up any donations anyone might have available. Volunteers of any age are needed to answer telephones, help with clerical work, do carpentry, etc.

September 10th is our Open House and everyone in the community is invited to attend. This is an opportunity to see the facility we have, thanks to the kindness and concern of the Sashabaw Presbyterian Church members, and to view the programs planned for Independence Center.

Jr. golfers place high in Ohio

Clarkston junior golfers participated in two Ohio tournaments — one in Fostoria during July and another in Fremont August 2, 3, and 4.

In Fortoria, Mary Jane Anderson placed second in the 13-15 age group with a total of 176 for 36 holes of golf. Teri Thomson place fourth.

In Fremont, Cindy Booker took first place in the 16-18 age group with 155 for 18 holes.

With only a field of 15 in the 13-15 age group, Mary Jane Anderson had 194 for 18 holes coming in fifth. Virginia Booker was third with a score of 190 for 18 holes.

Eric Booker placed fourth in the 10-12 age group with a score of 189.

The entourage of Clarkston junior golfers consisted of Keith Hart, Chris Skellenger, John and Mary Jane Anderson, Teri Thomson and Cindy, Vivian, Allison and Eric Booker.

TB

In areas where there is apparently very little tuberculosis, the tuberculin skin tests has become one of the most important ways of diagnosing and controlling the disease. It is also helpful in determining the trends of TB infection in a community, at different periods of time.

The test is based on the fact that infections with TB bacterium produce a specific reaction to certain products of the organism, called tuberculins. It was first used to identify tuberculous cattle in the 1920s, but it took 30 years for the test to be applied to humans.

A "positive" reaction doesn't mean the person has TB (except in the very young) but only that he or she has been exposed to it. In some cases, it is possible to tell when the exposure took place, from the type of reaction. A chest X-ray is usually made, just to be sure there are no active, unhealed TB lesions.

Every child should have a tuberculin test before entering school, and many doctors perform it routinely every year or two, to recognize an infection early enough to start the necessary treatment.

DNR reports

A few nice bass are being taken in the area lakes by fishing a rubber worm in deep holes. In the Holly area lakes fishing has been real good. Fish for bass and pike in the deep water. Bluegill fishing has slowed down. Fair catches of panfish from Holly Millpond. Fishing in Union Lake has slowed down but a few nice bluegills are being taken.

Be a snowmobile queen

A Michigan-wide contest is underway to locate the state's most attractive 18-24 year-old to serve as 1973 Michigan Snowmobile Queen, it was announced today.

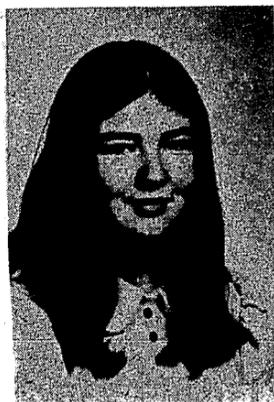

Conducted by the Michigan Marine & Snowmobile Dealers Association, winner of the competition will receive a \$500 check in addition to the title.

She also will reign during the association's three-day Greater Michigan Snowmobile & Winter Sports Show which opens at Detroit's Cobo Hall Friday, September 15, according to Show Chairman Larry Johnson, "and will also be invited to participate in various winter sports promotions throughout the state during the year."

The snowmobile queen competition is open to all single young women, 18-24 years of age who are Michigan residents. Entrants, according to Johnson, should send a glossy photograph along with name, address, phone number and other pertinent information to: Michigan Snowmobile Queen Committee, P. O. Box 534, Bloomfield Hills, Michigan 48013. Deadline for entries is Tuesday, August 29.

A screening committee of association directors will reduce the number of entries to 12 semi-finalists with the winner to be selected at a noon luncheon at the Detroit Press Club Tuesday, September 5.

CAP cadet awarded trophy

Cadet T/Sgt. Sheila Cavender of Clarkston Composite Squadron Civil Air

Patrol received a trophy August 5th for being the outstanding female cadet of the 1972 Michigan Wing CAP Cadet Summer Encampment.

The one-week training program, held at Phelps-Collins Air National Guard Base, Alpena, drew nearly 250 Civil Air Patrol cadets from units throughout Michigan.

Sheila, who will be a senior at Waterford-Mott High School in September, is the daughter of Mr. and Mrs. Kenneth Cavender of 3416 Shaw, Drayton Plains, Michigan.

Child prodigy performs at Meadow Brook

The remarkable basso voice of Jerome Hines and the singing clarinet of jazziest Pete Fountain are two of the highlights of the eighth week of the Meadow Brook Music Festival. Other featured artists will be exciting Italian conductor Bruno Maderna, romantic pianist Earl Wild, and 13-year-old piano prodigy Rita Reichman.

Bruno Maderna, a member of the Italian avant-garde and a distinguished composer of exciting contemporary works, will conduct the Detroit Symphony Orchestra Thursday in two different programs on Thursday and Saturday evenings at 8:30. His Thursday concert will include the works of Bartok, Berlioz, and Schubert, and his guest soloist will be handsome Metropolitan Opera basso Jerome Hines, long a Detroit favorite.

Maderna's Saturday concert will feature the Detroit premiere of his own exciting new work, "Biogramma," and pianist Earl Wild in Paderewski's Piano Concerto in A minor.

On Friday night at 8:30 New Orleans

phenomenon Pete Fountain and his clarinet return to Meadow Brook of a greatly anticipated session of Bourbon Street jazz. Only lawn seats are available for this program.

The Sunday Pops concert at 6:30 will feature Arthur Fiedler, beloved conductor of the Boston Pops, in a program of Offenbach, Mozart, Bizet, Youmans, and Simon & Garfunkel. His guest artist will be the sensational young pianist, Rita Reichman, who came to critical attention while studying at the national Music Camp at Interlochen, Michigan, and is now appearing as soloist with nationally known orchestras. She will play the Mozart Piano Concerto No. 21 in C major. The theme from the film

"Elvira Madigan" was taken from this concerto.

For ticket information, call 377-2010.

Keep cool, waistline too

Trying to keep your cool and your waistline in the hot summer weather can be a real dilemma, says a Michigan State University consumer marketing information agent.

Some of those summer coolers like beer and soft drinks are as calorie laden as a piece of pie, warns Miss Ada Shinabarger.

"You can't beat a tall glass of plain water for a calorie-free drink," she says.

"Iced tea or iced coffee - if they're left unsweetened - add no measurable calories to your diet. But once you start teaspooning in the sugar, you're adding calories at the rate of about 15 calories per spoonful."

Powdered fruit-flavored drinks, so popular with the small fry during summer, also furnish calories with each sip. The sugar in the mixture is the main reason.

So-called diet soft drinks can be villains too, Miss Shinabarger says. Some run as high as 96 calories per 12-ounce bottle. Regular soft drinks in 12-ounce bottles carry around 150 calories per bottle.

Twelve ounces of beer by the can, bottle or stein represents 150 more calories.

Preserve flowers now for a winter day

Carry a bit of summer all through the winter by picking and preserving flowers now, says J. Lee Taylor, extension horticulture specialist at Michigan State University.

The best way to preserve a blossom's shape and color is by drying it, he says.

Flowers like cockscomb (celosia), goldenrod, bittersweet, statice, salvia, yarrow and hydrangea respond best to the hanging method of drying.

Pick them just before they reach their prime and strip off any leaves. Tie small flowers together in bunches so that the heads do not touch and hang them head down in a dry, dimly lighted place for two to four weeks. Hang larger flowers singly.

For flowers like foxglove, petunias, snapdragons, gladioli, lilies, delphinium, coral bells and pansies, Dr. Taylor recommends the drying mixture method.

Pick before the flowers have reached maturity. Cover the bottom of a box with one inch of silica gel or borax. Place the flowers in the box and cover them by gently sprinkling additional drying mixture over them. Store the boxes in a

cool, dark place for two weeks or until the petals feel crisp.

To preserve foliage, crush or split the ends of the stems and stand the plants in a three to five-inch deep solution of two-thirds glycerin and one-third water. Within a few days to two weeks, tiny beads of moisture will appear on the leaves. This indicates the foliage is ready to use. It will last indefinitely, Dr. Taylor says.

For more detailed instructions and more complete lists of the flowers best suited to each method, Dr. Taylor recommends Cooperative Extension bulletin E-410, "Flower Arranging," available for \$1.50 from your local Cooperative Extension Service office.

Good ol' days best?

With conditions of employment very much a topic of conversation, a document headed "Office Practices" and dated 1852, found in a building recently demolished makes interesting reading.

Godliness, Cleanliness and Punctuality are necessities of a good business.

This firm has reduced the hours of work and the Clerical Staff will now only have to be present between the hours of 7 a.m. and 6 p.m. on weekdays.

Daily prayers will be held each morning in the Main Office. The Clerical Staff will be present.

Clothing must be of a sober nature. The Clerical Staff will not disport themselves in raiment of bright colours, nor will they wear hose unless in good repair.

Overshoes and topcoats may not be worn in the office, but neck scarves and headwear may be worn in inclement weather.

A stove is provided for the benefit of the Clerical Staff, coal and wood must be kept in the locker. It is recommended that each member of the Clerical Staff bring four pounds of coal each day, during the cold weather.

No member of the Clerical Staff may leave the room without permission from Mr. Rogers. The calls of nature are permitted, and Clerical Staff may use the garden below the second gate. This area

must be kept in good order.

No talking is allowed during business hours.

The craving of tobacco, wines or spirits is a human weakness and, as such, is forbidden to all members of the Clerical Staff.

Now that hours of business have been drastically reduced the partaking of food is allowed between 11:30 a.m. and noon, but work will not, on any account, cease.

Members of the Clerical Staff will provide their own pens. A new sharpener is available on application to Mr. Rogers.

Mr. Rogers will nominate a senior Clerk to be responsible for the cleanliness of the Main Office and the Private Office, and all Boys and Juniors will report to him 40 minutes before Prayers and will remain after closing hours for similar work. Brushes, brooms, scrubbers and soap are provided for the owners.

The New Increased Weekly Wages are as hereunder detailed:

Junior boys (to 11 years) .15

Boys (to 14 years) .25

Junior Clerks 1.05

Senior Clerks (after 15 years with the owners) 2.50

The owners recognize the generosity of the new Labour Laws but expect a great rise in output of work to compensate for these near Utopian conditions.—Courtesy of Schumacher Hardware.

Village of Clarkston Minutes of Regular Meeting Village Council August 8, 1972

Meeting called to order by President Johnston.

Roll: Present, Auten, Basinger, Jones, Tower, Weiss, Wilford; Absent, None.

Minutes of the last meeting were approved.

Moved by Jones that the following bills be paid:

P.E.P. Wages	\$ 849.24
Municipal Services	193.40
Police Dept.	465.89
Administration	302.96
Clarkston News	84.90
Insurance	144.00

TOTAL\$2040.39

Seconded by Auten. Roll: Auten, aye; Basinger, aye; Jones, aye; Tower, aye; Weiss, aye; Wilford, aye. Ayes 6. Nays, 0. Motion carried.

The Council discussed the sewer pump problem that will occur with four homes on Middle Lake Rd. No action was taken.

There was a discussion on Mr. Milzow's verbal agreements on the alley at the rear of his new office building. This referred to the width of the alley, and the amount of land needed to shore it up. The question on what the Council should do with the alley came up, and it was decided to have the Planning Committee set up a meeting with the parties involved to see what the Council will do with the alley and a walkway beside it.

Further discussion on Mr. Milzow's new building included: architectural changes which had been done on the outside of the building, the charge of \$200 from the architect to a group of citizens who had requested these changes, and if Mr. Milzow meets the fire and interior building codes.

Moved by Tower to deny giving Mr. Milzow a Certificate of Occupancy until the building access, public walkway, and landscaping is settled. Seconded by Jones. Motion carried unanimously.

It was announced that the Council will have monthly meetings with Mr. Kilroy, the Village Planner, beginning on Thursday, Sept. 14th, at 7:30 p.m. The other five meetings will be on the first Tuesday of each month thereafter, also at 7:30 p.m.

Zoning application fees were discussed. No action was taken.

Trustee Auten mentioned that dye-testing of septic systems on the Upper Mill Pond by the County hasn't started yet.

Mr. Herschel Fry and Mr. Norman Rousseau from the Clarkston Mill Pond Improvement Association were present to discuss the silt accumulation in the Upper Mill Pond. They want to clean out this silt at the adjoining property owners expense. Price estimates they've received so far range from \$6000 to \$10,000. They requested permission for lowering the Pond about three feet for a few days to have a contractor determine the make-up of the bottom of the Upper Pond so that they can determine the most feasible way to clean out the silt. They had already checked with Mr. Hawke on lowering the Pond and he indicated that it was agreeable with him.

Moved by Auten to allow the lowering of the Mill Pond approximately three feet for boring tests at the Upper Pond, the dates being Aug. 21, 22, and 23. Also, the Clarkston News will be informed of these dates so that they can notify the residents in the newspaper. Seconded by Tower. Motion carried unanimously.

Moved by Weiss that the following Resolution be passed:

WHEREAS, the Calvary Lutheran Church Youth Group did recently clean out the weeds in the Clarkston Village Parking Lot, and

WHEREAS, the Clarkston Village Council recognizes the effort undertaken on such a project, and

WHEREAS, the Council wishes to show its appreciation for such efforts, therefore be it

RESOLVED, that the Clarkston Village Council does thank the Calvary Lutheran Church Youth Group for cleaning the Parking Lot of weeds, and further

RESOLVED, that the Council commends the Youth Group for its efforts, and further

RESOLVED, that this Resolution be made a part of the official Village Record by entering it into the Minutes.

Seconded by Wilford. Motion carried unanimously.

Mr. Milzow's Sewer Stub location request for his new apartments to be built off Surrey Lane was discussed. Trustee Tower will refer it to the Oakland County Dept. of Public Works.

The reply from the Oakland County Drain Commission on the Multi-Lakes Level Controls was discussed. There will be a public meeting on August 25th at the County to discuss affected property owners assessments.

The rezoning request of Lots 1, 2, and 3 of Clarkston Estates from Residential to Business and Commercial was discussed. A letter will be sent to the Township to inform them of this request, since it borders the Township line.

Moved by Tower to refer this request to the Zoning Board of Appeals and to have them notify us of the date of their meeting on this request. Seconded by Auten. Motion carried unanimously.

Meeting called adjourned by President Johnston.

Bruce Rogers
Village Clerk

STATE OF MICHIGAN
In the Circuit Court for the
County of Oakland
DELOS C. HOOD and
AMIE A. HOOD, his wife, ORDER TO ANSWER
Plaintiffs

vs. Case No. 72 88857
WARREN D. NEJEDLO, VIOLET
N. BERSCH, VERNA N. HENDERSON,
the sole heirs-at-law of
ANNIE NEJEDLO, Deceased, or
any other unknown heirs,
devises, legatees or assigns
of Annie Nejedlo, Deceased,
Defendants

At a session of said Court held in the
Court House in the City of Pontiac, Oak-
land County, Michigan, this 25th day of
July, A.D. 1972.

PRESENT: THE HONORABLE WILLIAM
R. BEASLEY, Circuit Judge.

On the day of July, A.D. 1972 a
Complaint to Quiet Title was filed by the above
named plaintiffs, DELOS C. HOOD and AMIE
A. HOOD, his wife and against the above
named defendants, WARREN, D. NEJEDLO,
VIOLET N. BERSCH, VERNA N.
HENDERSON, the sole heirs-at-law of ANNIE
NEJEDLO, Deceased, or any other unknown
heirs, devisees, legatees or assigns of Annie
Nejedlo, Deceased, said Complaint to Quiet
Title seeking a Decree of this Court that title
of the following lands and premises described
herein be decreed to be the plaintiffs', DELOS
C. HOOD and AMIE A. HOOD in fee simple
and the title to the same may be forever
quieted by such decree, said property described
as follows, to wit:

Lots 73, 74, 80 and 81 of "Supervisor's
Plat No. 6", according to the plat
thereof recorded in Liber 66 of Plats,
Page 30, Oakland County Records,
together with that portion of Westview
Road shown upon the plat of said
subdivision lying southerly of the
northerly lines of Lots 74 and 80
extended to the center of said road.
Subject to easements and restrictions of
record, and the rights of others in and to
that portion of Westview Road above
described.

It further appearing to this Court that
personal service cannot be made on any of the
unknown heirs, devisees, legatees and assigns of
Annie Nejedlo, therein, except for three of
said heirs, WARREN, D. NEJEDLO, VIOLET
N. BERSCH, AND VERNA N. HENDERSON,
and it further appearing that this is a civil
action in which personal jurisdiction of said
defendants is not required and the Court being
fully satisfied and advised in the premises.

NOW, THEREFORE, IT IS HEREBY
ORDERED AND ADJUDGED that the above
named defendants, WARREN D. NEJEDLO,
VIOLET N. BERSCH, VERNA N.
HENDERSON, the sole heirs-at-law of ANNIE
NEJEDLO, Deceased, or any other unknown
heirs, devisees, legatees or assigns of Annie
Nejedlo, Deceased shall answer in the above
Court or take such action in this cause as be
permitted by law on or before the 6th day of
September A.D., 1972.

IT IS FURTHER ORDERED AND
ADJUDGED that the failure of any of the said
defendants to comply with this order shall
result in an order of this Court awarding title
to said lands and premises above described to
be decreed to be in the name of the plaintiffs,
DELOS C. HOOD and AMIE A. HOOD, his
wife, in fee simple and the title to be the same,
may be forever quieted by said judgment.

IT IS FURTHER ORDERED AND
ADJUDGED that in addition, this Court shall
enter an order directing that such person as the
Court may subsequently determine to receive
from the plaintiffs the land contract balance due
of \$274.37 and to retain said funds for the use
and benefit of the three known heirs of Annie
Nejedlo, Deceased, said heirs being Warren D.
Nejedlo, Violet N. Bersch, and VERNA N.
HENDERSON.

WILLIAM R. BEASLEY
Circuit Judge

HARLIE ARNOLD, Plaintiff

vs.
MAUDE ARNOLD, Defendant.
Order To Answer
File No. 72-88347

On July 10, 1972, an action was filed by
Harlie Arnold, Plaintiff, against Maude Arnold,
Defendant, in this Court to obtain a Divorce
from the bonds of matrimony.

It is hereby ordered that the Defendant,
Maude Arnold shall answer or take such other
action as may be permitted by law on or before
October 27, 1972. Failure to comply with this
order will result in a judgment by default
against such Defendant for the relief demanded
in the complaint filed in this Court.

James S. Thorburn
Circuit Judge.

Date of Order: Aug. 10, 1972.

Thanks

A very special thanks to the Police and
Sheriff's Dept., The Fire Dept. and our
friends and neighbors who helped in the
search for our missing son last week. It
was deeply appreciated.

The Schatz Family

Men in service

Specialist Five Joseph W. DeNeen, 23,
Son of Mr. and Mrs. Dent Deneen, 7217
Sashabaw, Clarkston, Michigan, recently
completed the 12-week noncommissioned
officer education system basic course at
the U.S. Army Air Defense School, Ft.
Bliss, Texas.

The course is part of the Army's new
noncommissioned officer education
system and trains the soldier for
supervisory duties from the squad level
through high-level staff positions.

Spec. DeNeen entered the Army in July
1968 and completed basic training at Ft.
Knox, Ky.

He is a 1967 graduate of Clarkston
High School, and attended Ferris State
College, Big Rapids, Michigan

His wife, Claudia, was with him at Ft.
Bliss.

Navy Petty Officer Third Class Randall
A. Carter, son of Mr. and Mrs. Harmon C.
Carter of 6220 Snowapple Drive has
returned to his homeport at San Diego
after a short deployment to the Western
Pacific aboard the aircraft carrier USS
Ticonderoga.

U.S. Air Force Captain Dennis D.
Carpenter, son of Mr. and Mrs. Ward
Carpenter, 6910 Bridge Lake Road, was
among outstanding Strategic Air
Command (SAC) combat crewmembers
who recently participated in the Second
Air Force Top Crew recognition and
career enrichment program at Barksdale
AFB, La.

Captain Carpenter is a KC-135 pilot
with the 520th Air Refueling Squadron at
Wurtsmith AFB, Michigan. He met with
headquarters staff members and his peers
in an informal seminar atmosphere
providing opportunity for free exchange
of ideas and suggestions.

Carpenter's unit is a part of SAC,
America's nuclear deterrent force of long
range bombers and intercontinental
ballistic missiles.
