## Junior Miss contestants

Seeking to win the title of Clarkston's Junior Miss are 11 young ladies from the area. "Up, Up and Away" is the theme of this year's Jaycee-sponsored pageant, to be held Nov. 18 in the Clarkston High School Little Theater.

## Jim's Jottings

By Jim Sherman

When a gal handed me a card at Ford Hospital last week she said, "You'll need that when you come back." I quickly blurted, "I'm never coming back!"  
For a country boy to visit Ford

is a confusing, then frightening experience.

Tranquilizers should be dispensed upon entering the parking area.

I wasn't sick, I just needed a test. Had I been sick someone else would have had the worry. The maze of corridors, bubbled out with waiting areas. The mass of people, unsmiling whether patients, workings or visitors.

And the waiting. On your first visit to Ford Hospital you're supposed to arrive an hour before your appointment to fill out forms. The form filling took about 3 minutes. Their typing it up took about 20 minutes.

Then upstairs to a waiting room. My appointment was for 1:30 p.m. so I didn't mind watching people until about 1:40. I have a thing about appointments. I feel they should be kept.

Right or wrong, I run by the clock. If someone is to pick you up at 7:45, or vice versa, be ready. Not doing so is breaking an agreement.

It's disrespectful... discourteous. I don't understand why people plan something for 3 weeks then are 10 minutes late.

As you can see I have a hang up about appointments. So, as the time dragged on my mind wondered about this unknown physician I was to see.

Do doctors ever apologize for not keeping an appointment? (Do patients?)

I began to build up a dislike for the man for his taking our appointment, thus me, so lightly. He was showing no consideration to me.

Each glance at the clock brought more unkind thoughts.

Does he think his time is more valuable than mine? We were all

created equal so he is no better than I. On and on it goes until by 2:12 my feelings bordered on hate.

Finally, my name was called by a gal in white. "Follow me." Why not, I say, all I was doing is waiting for a doctor. Then, into the doctor's private waiting room. Oh, boy! Another long wait.

But, no. The Professional Man comes to the door. He glances at your medical folder, looks into your eyes and says, "Mr. Sherman, I'm Dr. O'Gawa. Please come in."

All the animosity evaporates. Professional manner has dispelled your thoughts of the doctor's ancestry and replaced it with confidence.

No need for anyone to concern himself with my hospital visit. I was only using it as an excuse to get strokes from golfing opponents. I don't recommend it if you play against the snivelers I do.

## Two stalwarts in Players' "Dracula"

By Nancy Frady

The Clarkston Village Players could not present their play "Dracula" without the technical skills of Lee Brown and Jim Sanford.

### Civic Club

The Independence Township Civic Club has invited all persons interested in joining the club to attend its Friday night meeting.

The program is scheduled for 7:30 p.m. at the Independence Center, 5331 Maybee. Aims and purposes of the organization will be discussed with prospective members.

Anyone wanting further information can contact Richard Weld, membership chairman, at 625-4185.

Lee, who is a teacher at Bailey Lake School, is equally at home behind the scenes as well as on stage. Clarkston audiences will remember her as the little old lady in "Save Me a Place at Forrest Lawn," and also as the staid matron in favor of twin beds, in "You Know I Can't Hear You When the Water's Running." Backstage credits in production and technical duties are in order for "Fantasticks," "A Fate Worse Than Death," and "Mousetrap."

Lee has an equally talented partner in the production of "Dracula." Jim Sanford, also a teacher in the Clarkston System, has worked on "Fantasticks," "The Odd Couple" and "You Know I Can't Hear You When the Water's Running." Jim says that he is happiest at the lighting and sound board at the Depot Theater and has no desire to be a star in front of the footlights.

Both Lee and Jim are hard at work making "Dracula" a truly eerie production. Use of special green lighting is being used — the only problems they have encountered — is that in addition to "Dracula" looking ghostly — the rest of the cast have taken on a green palor.

All in all, "Dracula" is a fun evening for the whole family.

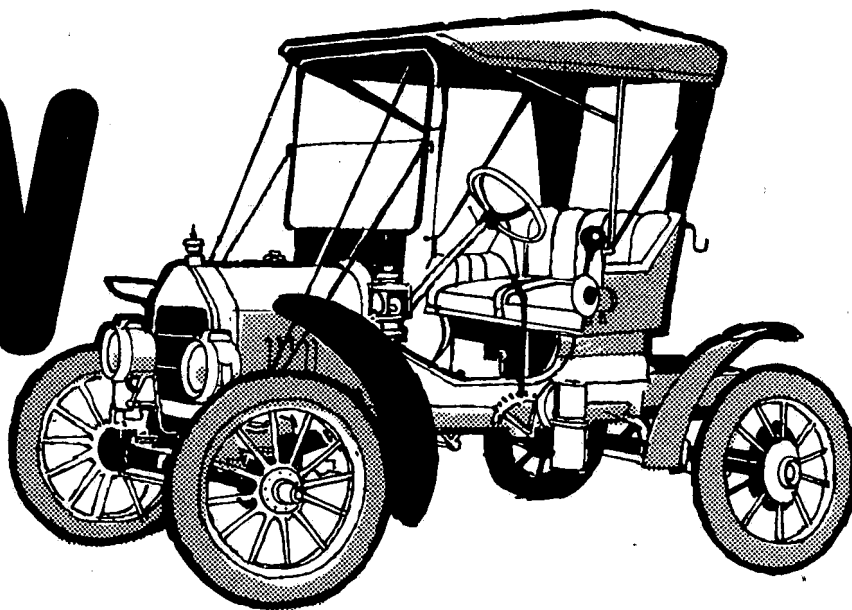

Busy with last minute technical duties for the Clarkston Village Players' presentation of "Dracula," are Lee Brown and Jim Sanford. "Dracula" will open Friday, November 3 at the Depot Theater on White Lake Road. Other performance dates are Saturday, November 2, 10 and 11. Curtain time is 8:30. Tickets are available for this play at Dr. Denne's office in Clarkston, or may be purchased at the door.

# Meet the candidates

Independence Township candidates for public office in the November 7 election have answered a questionnaire sent them by The Clarkston News.

They were asked about qualifications they felt they had for the office and how they would vote on the three township proposals which will also be on the November ballot.

The first question deals with a 1-mill tax increase for the Township Fire Department; the second with a 1-mill tax to finance road improvements; and the third with whether the township should purchase land in its geographical center for use as future township office construction.

**GARY STONEROCK - D**  
Incumbent Supervisor

As a candidate for reelection for the office of Supervisor, I feel that my qualifications are reflected in my two years as Supervisor of Independence Township. Having fulfilled the majority of the campaign promises of my first election is evidence of my ability to handle the job. Keeping the people informed and being able to cope with the controversy, moving forward instead of maintaining a status quo are much easier to me than dealing with apathy.

Now that we have a full time planner, I feel that the assignment of his task must be outlined so that he can logically and meaningfully bring about specific projects that have been initiated by both the Board and the Planning Commission. By a copy of this letter and unless you could give reason for different priority, I am assigning the various tasks to be completed as follows in order of their importance:

- a. Ordinance change in C-5 district (to allow private clubs), in progress.
- b. Wetlands Ordinance, 95% complete.
- c. Mobile Home Ordinance, 85% complete.
- d. Multiple Density Reductions, 50% complete.
- e. Cluster Housing Ordinance, 55% complete.
- f. Dixie Highway Study, 75% complete.
- g. Residential Districts
- h. East 1/2 of Section 27 (Rezone comprehensively), 75% complete.
- i. GS Districts (continuously seek suitable locations).

In regard to the three ballot issues, my personal feelings have little to do with whether the taxpayers will approve one or all of the proposals. I would select the road millage as being the best deal for the taxpayer because for every dollar we raise, the county will match it with a dollar; so if we vote one mill, we get one mill free, with the monies being earmarked for road improvements on the more traveled and congested thoroughfares not yet improved.

There is no doubt in my mind that the Township Offices should be relocated within the central area of the township and that land should be purchased at this time for such a center. The existing hall

should become a community activities building, and a source of revenue for the township. I could never, in this short space, explain the tremendous need for more room both for citizen activities and the expanding governmental needs. In my mind, the case can be stated quite simply - WE PLAN NOW OR PAY LATER. Even if the Township Hall were remodeled, an efficient and economical operation would still be lacking. The money it would require to fireproof and renovate the existing hall would soon have been better spent on a newer building, designed for governmental office purposes. More important than all the other reasons put together is the fact that it becomes too convenient for the local elements to again perpetuate their wishes with little regard to the overall township. Township government belongs to the township!

**ROBERT VANDERMARK - R**  
Supervisor

Vandermark, 32, of 6657 Snowapple Drive has been a public official for Troy, Berkley and Independence Township over the last six years.

He reports, "I have three years credit at Wayne State University majoring in political science and public administration. I have 13 additional courses in accounting, business administration and assessment administration. I have qualified as an expert witness in court in regard to values zoning and municipal finance. I am a certified Level IV assessor, the highest level attainable. I am a certified personal property auditor.

"I am relatively new to the community and I think that this is an asset. I have not become deeply entrenched with any particular interest group. I have been involved in the preparation and administration of municipal budgets. I have participated in binding arbitration hearings on police union contracts.

"I know how communities in Oakland County have solved and sometimes failed to solve their problems regarding taxes, sewers, zoning, police protection, water bills and many others. I also know as an involved member of the community how our citizens feel about these things."

Vandermark supports the fire millage. "The greatest loss in operating the Fire Department is in equipment and buildings. The current buildings are in very poor shape and much of the equipment is old. Our current fire fund is very low and may have to borrow from the general fund this year. This will be difficult to get approved."

He opposes road millage, "I believe that we can get developers in conjunction with the Road Commission and the Highway Department to pave large parts of our through streets. A more rapid paving of our main roads will draw traffic, development and sewers faster than we need."

He favors a central geographical location for township offices. "I am giving a qualified 'yes' because I believe that the township would be wise to anticipate future land needs. I have not

yet been able to get an answer from anyone as to whether such land would be absolutely committed to this use and no other."

**J. EDWIN GLENNIE - R**  
Incumbent clerk

Glennie, 30, of 6900 West Church was a professional pilot for about seven years and a residential real estate salesman a year and a half before being elected clerk last spring.

"I have had a lot of experience in directing the activities of others, (the Independence Township clerk is the supervisor of the cemetery and water and custodian departments) and also in highly important decision making and holding a position of great responsibility.

"As a clerk I am both an administrator and a legislator. Any legislator in a growing community like ours must have knowledge of property value and land uses when the township board is considering such important subjects as lot splits, subdivision plat approvals, requests for rezoning, approving amendments to the master plan and the rural zoning ordinance, etc.

"Finally, I have now had the experience of being the township clerk for over six months (during very distressing times) and have successfully directed three elections and going into the fourth while at the same time performing all the other normal functions of the clerk's office. I am now beginning to feel acquainted with the job."

Glennie favors both the fire and road millage.

"In view of the growth that this township is going to be experiencing in the near future, our fire department has got to gear up now. Unfortunately we can't get tax dollars before buildings (which will need protection) exist, so the only way to be prepared is to increase the capabilities of our department by providing trucks and equipment, additional fire hall sites and more men.

"As our population increases and continues to move into the rural areas of the township, the narrow gravel roads become more hazardous and less acceptable to all concerned. Maybe all of our rural roads should not be paved, but certainly the major high traffic dirt roads should be and of course, the fastest way to make these improvements is to have a millage to support this construction. This would seem an intelligent way to spend money for direct improvements to our own community, especially in view of the fact that our dollars for road improvements will be matched on a "dollar for dollar" basis by the Oakland County Road Commission."

Glennie says he will vote no on relocating township offices. "When the time comes that a new office building is an absolute necessity, then the township board or the building authority should not have any geographic limitations as to where to look for property, as long as it is within the township. It would seem possible that an excellent deal may have to be passed up because a parcel

may not be near the geographic center. In addition to that, in the fiscal condition the township now finds itself, we should not even consider purchasing property anyplace."

**KAREN HERRON - D**  
Clerk

Karen Herron of 6315 Maybee Road has approximately 20 years' experience in typing and shorthand. She has participated in township meetings and been active in local politics for 12 years.

"My shorthand will be an improvement at board meetings. I will vote with the people's wishes against more multiple zonings. I will improve voter registration by no restrictions on registrars whatsoever."

On the proposals, Mrs. Herron states, "Road millage is a good investment because we will get matching funds to go with our own. It will be unfortunate if necessary improvements should be made and we are unable to do it. With the state of rising taxes though, this may be unpopular with the people, and the probability of passage is not too likely.

"I believe it is vital that we purchase land now for a new town hall site. We are bursting the seams of the old building, with the Building Department now pushed down in the basement, Recreation and Water Departments pushed out in the library annex, facing possible condemnation due to necessary repairs, and not even adequate parking facilities for attendance at large meetings. Even if we don't use it right away, the best investment we could make right now is land. We would have nothing to lose by purchasing a site at this time.

"As for my opinion on the fire millage, I do not approve of the way the fire chief was hired, but storming the meeting and demanding a fire chief at \$14,500 a year, which we now have to ask for millage to cover. I guess it will be up to the people to decide whether they like this way of ramming through a really large expenditure without consulting the public or even putting it on the agenda."

(Continued on page 7)

## School menu

November 6-10

**MONDAY**-Sloppy Joe on bun, hash brown potatoes, cabbage salad, brownie and milk.

**TUESDAY**-Vegetable goulash, lettuce salad, bread & butter, pineapple crunch and milk.

**WEDNESDAY**-Baked beans and franks, bread & butter, applesauce, cake and milk.

**THURSDAY**-Meat loaf & gravy, rice supreme, buttered carrots, fruit and milk.

**FRIDAY**-In Service Day. No School.

GUEST EDITORIAL

## Chief discusses fire millage

Editor's note: One of the questions on the November 7 ballot concerns the levy of another mill (\$1 per \$1,000 state equalized valuation) for the support of the Independence Township Fire

Department. The department is currently funded on a 1 mill special levy voted by the people some years ago. One mill in Independence Township raises approximately \$60,000 per year.

\*\*\*

By Fire Chief Frank Ronk  
We would like to inform you, the voters in the Township of Independence, of the need by the Fire Department for the one mill tax you will be voting on next week at the general election.

This department as a unit is not politically moved in any direction. We answer all calls to the residences of this township regardless of their beliefs or political feelings.

We would hope that the voters would not make or try to make the Fire Department or the mill vote a political issue. There is much more at stake with this department than political issues. We have never taken a political stand as a department on any issue other than our own proposals or requests for assistance to further our need to provide the best possible fire service to this township.

At the present time your Fire Department consists of 50 dedicated men who respond from three stations located in the most populated areas of the township. We have nine pieces of fire apparatus of which three are outdated and must be replaced over the next three to four years.

These three trucks were all front line pumpers that have been moved to backup pumpers behind tankers because of their age. One is a 1940 pumper, one a 1954 pumper and one a 1950 tanker-pumper. The pumps on all three of these trucks have been rated as not Class A

pumps because of their gallon per minute output. This rating is placed on equipment by the State of Michigan.

The estimated cost of these pumpers would be \$30,000 to \$40,000 each. There are several other needs of this department that are also very expensive and necessary. Radios, rescuitators, smoke masks, hoses, nozzles, etc. are just a few of them.

Due to the growth in the area and the added obstacles and problems of larger buildings and shopping centers, we have needs for more specialized tools and equipment to provide the necessary and required protection.

Much of our older small equipment has been outlawed by federal law for the protection of firemen. These older style smoke masks, extinguishers, helmets, boots, etc. must be replaced.

Our department is doing its very best to supply you with the most up-to-date and complete fire service possible. We hope that when you vote you will think about the child in your family or fire in your home or even your own life that you may ask us to save when and if the time should come.

Please do a little soul searching with yourself and we feel you will see the need to vote yes for the fire millage.

Thank you for taking the time to read this article and understanding the needs of this, your Fire Department.

## Don't forget Proposal E

Michigan voters on November 7 will have an opportunity to ratify or cancel a Legislature-approved program that would provide a bonus and educational benefits for veterans of the Vietnam conflict.

Possibly because the other issues on the ballot are considered more controversial, Proposal E has received relatively little attention so far.

Michigan's program would provide a cash bonus of \$500 to combat veterans and a maximum of \$360 for noncombat veterans. In addition to this cash bonus, the program would provide an incentive grant of \$500 per year for four years to those who elected to go to college instead of taking the cash bonus.

The Michigan program also includes educational benefits for the families of prisoners of war and those missing in action. Michigan would finance the program by borrowing \$266 million, making principal and interest payments over a 20-year period.

When signing the legislation that placed the question on the ballot, Gov. William G. Milliken said: "The

State has an obligation to help provide both jobs and education for those making up what we all hope will be the last generation of American war veterans."

Arguing against the plan, Civic Searchlight's 1972 Committee on Candidates and Ballot Questions says the real cost of Proposal E, including interest on 20-year obligation bonds, could be as much as \$394 million.

The Committee adds: "With the pressing needs of State government in areas such as mental health and environmental control, and the urgent need for State aid for our public schools, Michigan can ill afford a cash gratuity to those citizens who were called to duty by the U.S. government."

Meanwhile, veterans, business and labor groups in favor of this proposal argue that it is only fair to give veterans of an unpopular war equal treatment to that accorded by Michigan to veterans of earlier conflicts.

The choice whether to approve or cancel the Legislature's program is up to Michigan voters. You owe it to yourself to be concerned, to make a decision and to vote.

## PEEKIN' into the PAST

25 YEARS AGO IN THE CLARKSTON NEWS  
October 31, 1947

A big time is planned for the annual Halloween party at the school, tonight, sponsored by the Clarkston Rotary Club.

Mr. and Mrs. James Shoats of Whipple Lake marked October 25th as their 15th wedding anniversary.

"If It Fitz . . ."

## Duffy's off his pom pom

By Jim Fitzgerald

Some terrible things are happening at our institutions of higher learning. And I guess I could feel guilty about it.

Duffy Daugherty, football coach at Michigan State University, blames the alumni for his poor teams. He says MSU graduates don't help him recruit good football players.

"Other schools have the alumni help more in recruiting," Duffy told a newspaper reporter. "They go to the local alumni club in a town where they want a player and have the club get the guy a summer job, or talk up the school. We need more of this kind of thing . . . I'm not interested in moral support. I'm interested in financial support."

I must confess: my hands are not clean. I have been an MSU alumnus for 20 years and I have never once patted a high school quarterback on the rump and offered him \$500 a week for changing light bulbs in my

darkroom if he would fight, fight, fight for MSU.

I'm in trouble closer to home, too. A member of the local school board has rapped the school administration and her own board as a bunch of losers. One thing that disturbed her is that the high school band couldn't find time in its Homecoming schedule to furnish accompanying music while the pom pom girls pomed their poms.

Again, I must blush guiltily. Once I watched through my back window as my daughter and her pom pom team practiced. They jumped up and down and waved balls of shredded paper in the air.

"It is hard to believe," I told my wife, "but I think it might be possible that pom pom girls are as boring as baton twirlers."

(It must be pointed out here that I play no favorites. My other daughter was a baton twirler. I

mention these things as part of my usual head-em-off-at-the-pass policy. The theory is that angry parents won't hit me on the head for knocking what their kids do as long as my kids do it too.)

At any rate, there is obviously something wrong with me.

I don't really care if Duffy Daugherty never wins another football game. He is well paid and so are his assistants and his players. They are involved in a business that is about as amateur as General Motors. If Duffy and company can't fill all the seats in the stadium, then the MSU trustees should hire someone who can.

I've been one of the rah-rah fans at Michigan State games for almost 30 years. But I don't kid myself that the MSU Spartans are much different than the Detroit Lions. They are all professional entertainers, competing for fans' dollars.

And if the Lions coach

blamed me when he lost, I'd tell him to take a head-first dive into his water bucket. Duffy Daugherty can go dive in the same place.

Likewise, I can't get upset about the plight of the pom pom girls. It is dismaying that a school board would spend time arguing about such nonsense. I strongly favor school sports, with all the trimmings. They can be fun and I'm all for having fun. But first things first . . .

The other day a guy tried to sell me a \$100 ticket on a Cadillac. The money would go to a worthy cause, he said — to buy football uniforms for 8th graders.

I told him to come back when he was raising money to improve the curriculum so that Johnny might be able to read and write on his graduation day. He looked at me as if I were nuts.

According to the rest of the world, I guess I am.

## Letters to the Editor

### \$25 reward for vandals

To the editor:

Again this year some persons have broken into the Clarkston Athletic Booster Club refreshment stand at the Clarkston High School football field.

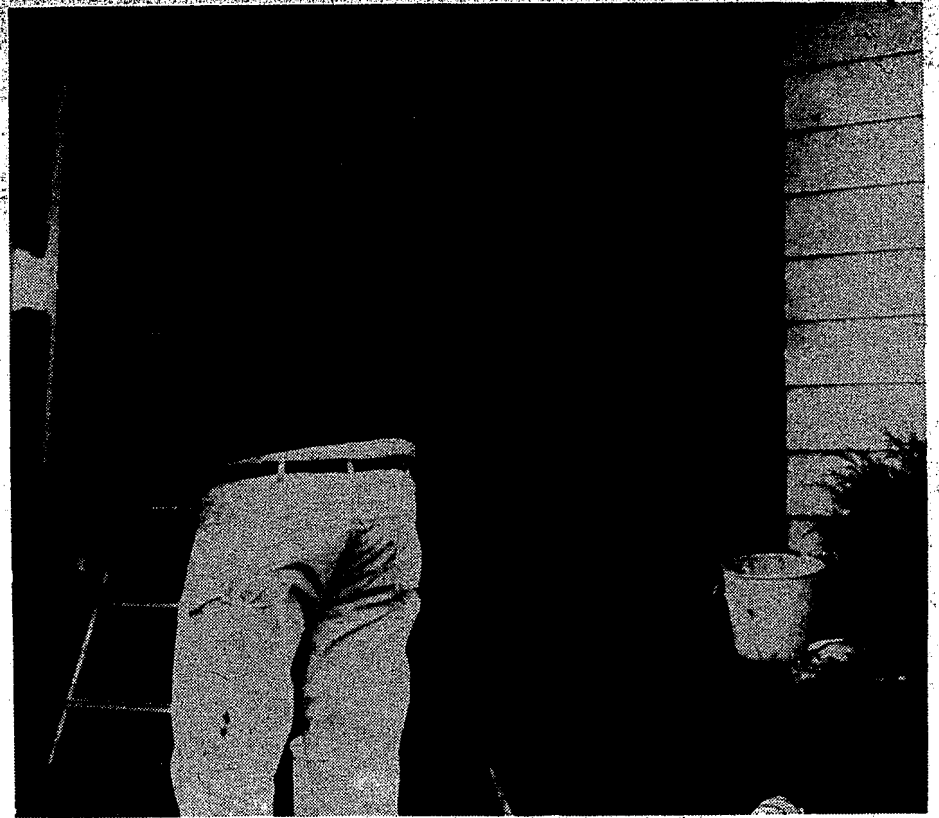

The break-in happened either Sunday, Monday or Tuesday night last week. The Booster Club lost candy and gum that cost the club at least \$45.

Some parent or other person should have knowledge of some boy coming home with some or all of the following list of candy and gum:

- 17 boxes of Mouthful bubble gum
- 108 bars of \$100,000 candy
- 108 bars 3 Musketeers
- 200 packages of M & Ms

15 packs of Spearmint gum  
It is quite disappointing to the Booster Club members who have worked so long and hard to provide the service at the football field. We have earned and donated over \$8,000 since May, 1966, to help and further athletic activities in Independence Township and yet someone can't leave someone else's property alone.  
I am offering a reward of \$25 of my own money to anyone who will furnish some information that will lead to the arrest of the persons involved.

Del Walter  
Clarkston, Mich.  
625-1978

Workmen use muriatic acid to remove the yellow paint splashed and written on the brick fireplace wall at the James Mahar home, 46 Miller Road. The paint had also been used on siding, shutters and fence during a vandalism attack Thursday night. Sheriff's deputies were alerted to look for the vandals, Mahar said. He said he knew of no specific reason why the attack was made, and as yet had no idea of the cost of repair involved.

### It's an historic site

Dear Readers:

The Independence Township Office building was erected on Main Street sixty years ago. During that time it has served its purpose well, first as a school and more recently as government offices. Next week voters will decide on a proposal to purchase land for a new, larger site in the geographic center of the township, outside the village.

While certainly not the geographic center, the village is the historic nucleus of Independence Township. With serious planning and a little ingenuity, the present township building can be given sufficient interior alterations to adequately and comfortably house the

necessary offices. The problem appears to be one of organization and arrangement, not necessarily physical space. The building is not a fire hazard. It has convenience, accessibility, charm, memories, and a formidable design.

It is so effortless to build a shell, devoid of memories, with only offices to fill it. How much more meaningful and worthwhile it would be to explore every possible means of preserving and utilizing the Independence Township building's present function.

Progress does not always have to mean a change to something new. It can also mean a change to keep something that is old.

Mrs. Bryan Prucher

### A quotable quote

To the editor:

I just uncovered a quotable quote. "Jesus said, "Let him who is without guilt cast the first stone." True then, true now.

John F. Belby  
4791 Mohawk  
Clarkston

### South Sashabaw voters get free baby sitting

Free babysitting service will be offered to voters balloting at South Sashabaw Elementary School on Maybee Road Tuesday.

The service will be provided by Girl Scouts of Troop 985 to voters in Independence Township's Precinct 2.

Electors can take advantage of the service from 3:30 to 8 p.m. Leaders in charge of the program are Mrs. Vern Armstead, Mrs. Lawrence Labarge and Miss Debbie Weber.

PD. ADV.

How to get a creak out of your stairs? With someone standing on the faulty tread to hold the tread to the riser, drive a finish nail (2-inch) through the tread and into the riser. You may also use cement coated nails. These should be driven in every four inches. Nail heads should be sunk below the surface of the wood stair with a nail set and hidden with plastic wood. Screws may also be used, but should be sunk below the surface.

Get the supplies you need for all your little repair jobs, from BOB'S HARDWARE, 60 S. Main St., 625-5020. We stock a large inventory of plumbing and electrical supplies; Amerock cabinet hardware; National Lock furniture hardware; wood and aluminum stepladders; and Kordite plastic bags. See us too, for Trex carpet shampoo and rental shampoo machine. Open 8-6 Mon-Sat.

**HELPFUL HINT**  
Varnish may be washed with soap and water and then re-varnished.

## VOTE REPUBLICAN NOV. 7th

## More candidates

**DONNA M. BUHL - D**  
Treasurer

Mrs. Buhl lives at 9383 Eston Road. She says, "A bookkeeper working toward higher accounting, I will establish

the proper controls and safeguards for our tax dollars which have been recommended by the auditors. The clerk's books and the treasurer's books are intended to be a check against each other.

"We are not getting this important check in our township. We have had the treasurer doing bookkeeping which was the clerk's duty. We have the Cemetery Superintendent collecting money on cemetery lots which should be a task of the treasurer's office. The treasurer should be furnishing a report of detailed receipts to the clerk's office to be used for entry in the accounts receivable records, not look to the clerk's bookkeeper to find out what his balance should be, as he stated at the last township meeting.

"We deserve better accounting for our money than this. Now that we have finally changed over to the State Chart of Accounts, which standardizes governmental accounting systems throughout the state, there is no longer a valid reason to have the same auditor audit the books year after year. Although Janz and Knight is an old reliable accounting firm, it would behoove us to have another auditor examine the books occasionally."

On the fire millage, she says she will leave it to us the firemen to convince the voters of the need for more fire mills. "I hope they will compare our need with townships of similar population and circumstances such as Orion rather than Waterford, which has a much larger population."

She will vote for road millage. "We will get matching funds from the county giving us two mills with which to build roads. We have many roads in the township which are difficult to maintain because of high traffic counts. The amount we can allow for road improvements in our budget will never match our growing needs. If you live on a little traveled road which you would rather have graveled, I hope you will think of us whose roads have passed the stage of scenic beauty by virtue of high traffic counts."

She will also vote for purchase of land in the geographical center of the township for township offices. "We are growing out of our present facilities in Clarkston and I do not believe relocating the township hall will hurt business in Clarkston. When I shop in Clarkston, it is only fair to the rest of the township residents to have the Civic Center conveniently located."

(Continued on Page 10)

## House race has 2 known names

Independence Township voters have the choice of two well known names in the race for the 60th House of Representatives District.

Incumbent Loren Anderson, Republican, is campaigning on the basis of a 12-year record of governmental service, and the role he has played in such issues as the adoption of snowmobile

controls and an effort to get statewide assessing equity.

His opponent, Ronald Farnum, a Democrat, is a newcomer to the political scene whose father, however, is a former U.S. Congressman and auditor-general of the state. Farnum is carrying his campaign to the people, submitting questionnaires which highlight the major concerns of area residents.

## Mrs. Jean Saile for Oakland County Clerk

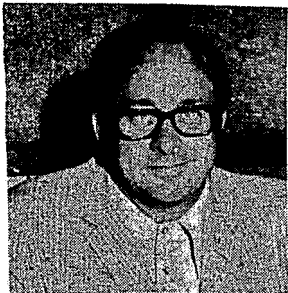

Mrs. Saile and friend sought the people's help in raising funds for her campaign.

# Help for handicapped

A new organization to help youngsters with a "new" problem is operating in North Oakland County.

It's the Association for Children with Learning Disabilities.

The problem these children have is not new — but it has only recently come to be identified and, to some degree, understood.

A child with a learning disability or "hidden handicap" formerly was often thought just to be "different," hard to manage and difficult to predict or understand.

His difficulty lies in his perception of the world around him and the way in which he thinks about what he perceives. He may have trouble distinguishing between sounds or holding his eyes on one line as he reads.

He may suffer from "word blindness" or "word deafness," Mrs. Bruce Pourcho explained.

Mrs. Pourcho, 7600 Dixie Highway, is membership vice president of the state association as well as being active on the local level.

She noted that Oakland County is one of the better informed communities in regards to learning disabilities.

But teachers and parents of these youngsters do need help.

"The children have visual and audio perception problems," Mrs. Pourcho said, "although they have average or above-average intelligence."

They need to be taught in the regular classrooms, but modifications must be made for them, she said.

Mrs. Pourcho noted that approximately 25 youngsters with learning disabilities have been identified in the Clarkston School District, although the national figure is thought to be about 10 percent of the enrollment in regular classrooms.

The local school district is working hard to help these youngsters, she said. The association is lending a hand by attempting to establish swim-gym-craft programs and volunteer tutoring.

It also is aiding parents by providing a forum for discussion of their common experiences, frustrations and successes.

Gerrard Everson of Auburn Heights is president of the North Oakland chapter.

The organization's next meeting is scheduled for 8 p.m. Dec. 5 at the Oakland Schools auditorium in Pontiac.

# Wed at Shrine church

## Calendar

### THURSDAY, NOV. 2

- Wa-Ki-Ya Campfire Leaders, 9:30 a.m.
- Clarkston Elementary PTA, 7:30 p.m.
- Clarkston Eagles 3373, 8 p.m.
- American Legion Post 63
- Clarkston Child Study Club, 8 p.m.

### FRIDAY, NOVEMBER 3

- Varsity football at Rochester Adams, 8 p.m.

### SATURDAY, NOVEMBER 4

- Clarkston Eagles 3373, Meet Your Neighbor, 7 p.m.

### SUNDAY, NOVEMBER 4

- Clarkston Flyers, 7 p.m. Lakeland Arena

### MONDAY, NOVEMBER 6

- N. Oakland Civitan, 7 p.m.
- Clarkston Farm and Garden, 12
- Rotary, 6:30 p.m.
- Joseph C. Bird 294, OES 8 p.m.
- Village Players, 8 p.m.

### TUESDAY, NOVEMBER 7

- VOTE
- Clarkston Co-op Nursery, 8 p.m.

### WEDNESDAY, NOVEMBER 8

- Clarkston Dance Club
- C A P, 7 p.m.
- Clarkston Co-op Nursery, 8 p.m.

Shrine of the Little Flower in Royal Oak was the scene October 21 for the wedding of Evelyn Ingeborg Hoffmeyer and John McIntyre Roeser.

The bride is the daughter of Mr. and Mrs. Clifford G. Hoffmeyer of 5342 Parview, Clarkston. Her husband is the son of Thomas G. Roeser and the late Mrs. Roeser of Marlette and Lincoln, Michigan.

Rev. Fr. Ronald Alder performed the traditional wedding mass before 120 guests, some of them from Norway, Chicago, Flint, Detroit and Marlette.

The bride chose an ivory delustered satin empire gown fashioned with pearl encrusted reembroidered Alencon lace on the bodice, a high crown collar and medallions of lace on the sheer Bishop sleeves and chapel train. Alencon lace bordered the fingertip length mantilla. She carried a cascade of ivory roses and magnolia leaves.

Krista Karhof of Flint, maid of honor, wore moss green velvet in an empire style with ivory lace trimming. Deborah Show of Rochester and Sandra Minnie of Flint, bridesmaids, were similarly attired and all carried matching muffs.

Amy Hiscock of Clarkston was flower girl.

Thomas G. Roeser Jr. attended his brother as best man. Guests were seated by Dale Rowland, Jack Fleming, Dennis Zorn and John LaGriff.

Following a dinner and reception at the Kingsley Inn's Athenian Room, the couple left for a wedding trip in Canada. They will make their home in Traverse City.

Only one out of a hundred Michigan citizens operates a farm, but each one provides enough food for 45 people.

## Parents to meet

Get-togethers in the homes of parents have replaced the regular meeting of the Clarkston Co-Op Nursery School this month.

Because the nursery has grown to 80 members, the four home meetings were scheduled to allow parents from each class to get acquainted in a closer atmosphere.

To be held at 8 p.m. Nov. 7 and 8, the meetings will include teachers. Hostesses will be Mrs. Bruce Wood, Mrs. Frank Chaustawich, Mrs. Wayne Viergiver and Mrs. Robert Dean.

The nursery also is currently organizing its fall conference workshop, to be held Saturday, Nov. 11 at the University Drive Church of Christ in Pontiac Township.

Anyone interested in attending the workshop can contact Mrs. Stephen Stamas at 625-3835.

## Around the township

# Dance club reunion

by Shanna Nadolsky

625-2837

The Wednesday Night Dance Club of Clarkston is thirty-three years old this December, and is staging its first reunion. All past and present members are invited to attend the gala dinner dance at Addison Oaks Sunday, December 3. Reservations are being handled by Phyllis and Charlie Robinson of Clarkston, and must be in by November 6.

Games, decorations, prizes and good food made for a good old fashioned costume Halloween Party at the Bill Halsey home on South Main Saturday evening. Among the twenty guests were some good disguises; a large white rabbit, a male nurse with a spotted patient, a variety of farmers, a cowboy, Daisy Mae, a big diapered baby boy, myself a Lucky Strike package, and my other half — the Out House. The Out House attracted so much graffiti on its walls throughout the evening that it was no longer suitable for my children to play with the following day as they had planned — but so goes it.

The Clarkston Elementary PTA meets this Thursday, November 2, at 7:30 p.m. It is the annual "Back to School" night where parents are able to visit their

child's room and see some of their activities. It is hoped moms and dads will attend.

Lew and Diane Wint on South Main have returned from a marvelous eight days in Hawaii. The trip, organized by the Shriners, took 342 people to Hawaii and made arrangements for the group to enjoy all the sights through various tours. Lew and Diane took several side trips on their own, one of which was a visit to the small island of Kauai, the Garden Island and the oldest island in the chain. While there, of course, they visited Fern Grotto and found it very impressive. The gorgeous flowers, the hospitality of the natives, the beautiful scenery and historic landmarks all made for this vacation not to be forgotten.

Residents of the area for approximately 20 years, Mr. and Mrs. Rod Topham on Paramus, are moving. Last Sunday the Tophams were dinner guests of their neighbors, Ralph and Doreen Chambers. After dinner, Doreen made arrangements for 15 neighbors to arrive for a "Desert Pot Luck" in honor of the Tophams. Both Mr. and Mrs.

Topham are retirees of Pontiac Motor Division and have been and will continue to travel — everywhere. Florida and the Southern states are winter targets, and summers — the sky's the limit. Happy traveling, and enjoy every day being Saturday!

And an update of Clarkston's latest open heart surgery case, Robert Jones. He is home now, nearly two weeks, and progressing "as expected." Still on a strict diet of plenty of rest, few visitors, and lots of mail to let him know where everybody is — cause we all know where he is!

I hope all the little witches and goblins had a fun and safe Halloween — now it's time to gear up for the day of the Turkey. Be sure to give me a call when your out-of-town guests arrive. And more immediate... make whatever arrangements are necessary now for you to go and cast your vote next week!

Deborah Hoopengartner of 6365 Orion Road, a student at Oakland University, has been chosen for the alto section of the Oakland University Singers. The

group is the second oldest musical group on campus and has performed throughout Michigan and neighboring states winning favorable reviews.

A letter from Mrs. Mabel Collins, 8215 Kearsley, Goodrich includes a couple of items which she believes might be of interest to Clarkston friends. The Collins lived in Clarkston for 13 years leaving in 1950.

Her son, James Collins of Riverside, Calif., who attended school in Clarkston for 10 years, is on a European trip, she reports. He left Riverside October 6, flew up along the West Coast over Alaska and the North Pole to Paris and has since sent cards from the Prague, Germany, Switzerland, Austria, Venice, Italy, Rome and Lisbon. He's due to return through London and Paris.

He reports the country is breath taking in the Alps, and that it was starting to snow there.

She also writes that she and her granddaughter, Shirley Brewer, gave a wedding shower October 22 for another granddaughter, Cindy Long of 5301 Heath Street. Eighteen, including a great grandson, Jeffrey Brewer, were in attendance.

# Springing up Marriages and homecomings by Betty Hecker

Married on Thursday, October 12, 1972 at Gethsemane Lutheran Church in Holly were Air Force Sgt. Larry Vess and Prateep Wunghahad from Thailand. Larry and Prateep, whose nickname is "Dang," met while he was stationed in Thailand. They now live at Selfridge AFB in Mt. Clemens. Jerry and Joan Vess held a wedding reception for the newlyweds at their home, 10700 Bigelow, Davisburg.

Air Force Sgt. and Mrs. Timothy Pierce and their two children, Scott, 2½ years old and Kelly, 2 months old, are here for a two week visit with her parents, the Herb Parkers of Davisburg, and his parents, the Henry Pierces of St. Helen, Michigan. While they were home, they were able to surprise her parents with a party honoring their 25th wedding anniversary. Mrs. Parker said it was "really a surprise! Really terrific! And I'm still on cloud nine." Also home to see his sister and to attend the party for his parents was Mark Parker, a student at Bob Jones University. Sgt. and Mrs. Pierce will leave Friday afternoon, November 3, to return to Frankfurt, Germany, where they are stationed.

Who is the bread baking champ in Springfield? My vote goes to Pat Purves, who shapes and bakes sixteen loaves of

bread each week for her family of five. She gives several loaves to friends, and modestly says, "It's easy, really, and only costs about 10c a loaf to make."

Sue Adams went to Washington, D.C. on Thursday, October 19. Sue of Springfield Township, Louise Bisogne of Waterford and Bonnie Chartier of Pontiac flew to Washington, D.C. to attend the national convention of Sigma Beta Sorority. They are members of the PSI chapter of Sigma Beta.

This was Sue's first trip to our nation's capital and she reports that "Washington is one of the most beautiful cities" she has ever seen. The ladies went sightseeing and were amazed at the taxi cabs. The cabs were clean, open cars with no meter boxes. Fares in the cabs averaged 70c or 75c per person, but there were no single passengers. Sue said once there were seven people in her cab, and the drivers are friendly, helpful and good natured. In fact, "this city of all nationalities" was very friendly, she said. Some of the other observations made by our trio were: Washington is an apartment city with almost no houses, except for the Embassies; there's an asphalt driveway at the White House; Venetian blinds are very popular - almost every window having them; and in the evening, the street lights

cast a soft orange glow giving the effect of a city in candlelight.

As part of the business, Sigma Beta selected charities for contributions for the year: \$6,000 donated to Indian Education, \$6,000 given to Cystic Fibrosis, and \$6,000 donated to the National Kidney Foundation. The five chapters in the Pontiac area were represented at the National Convention and locally they support RAP, (Residents Awareness Program).

On Saturday, October 21, Beverly, RaeAnne, Grant, and Ember Anderson took a ride on the AuSable Queen, a paddle wheel boat from Otsego. During the two hour trip, Grant (who was nine years old on October 25) saw salmon eggs on shore, a bald eagle, an Indian Reservation, and the Logger's Monument. Beverly saw "beautiful scenery and beautiful colors."

Joyce Adkins, 5850 Hillsboro Road, had surgery Thursday, October 26, at Pontiac Osteopathic Hospital and underwent further surgery Monday, October 30. Family and friends are all wishing you well, Joyce.

Seventeen Boy Scouts from 189 went on a weekend troop camp at McGinnis

Lake in the Holly Recreation Area. While the boys were on a Wilderness hike Saturday, they saw a 12-point buck. On Sunday morning, two does came into the camp of ten tents. They must like French toast for breakfast.

Triple happening! Steven was 8 years old and Jeffrey was 10 years old and it's Halloween time - so Saturday, the Jewells of 7758 La-Von, had a "double birthday/Halloween party."

## Miss Michigan in Holly

Miss Michigan, Terri Ann Cousino of Erie, will be at Hamilton's of Holly, 204 South Saginaw, Holly, from 2 to 8 p.m. Friday, November 3, during the firm's open house Friday and Saturday.

Miss Cousino earned the Miss Michigan title June 24 in Muskegon as Miss Monroe County, 1971. She was at that time personal secretary to the health director and medical examiner of Monroe County, Dr. Walter Meier.

The Rev. Alexander T. Stewart

### Spiritual Message

"Render to Caesar the things that are Caesar's, and to God the things that are God's."

St. Mark 12:17

This passage of Scripture, from whichever Gospel it might be quoted, long has been the Biblical authority for the Christian's duty to the state. And there is no need for us to enumerate these duties as

in good conscience we all know what they are. Not the least of them is our duty, and privilege, to vote.

Before another week is past the responsible citizens of our nation will have cast their ballots for the candidates of their choice of candidates presented to them but, nevertheless, following the dictates

of their consciences they will vote for whom they feel is most qualified.

Also on the ballots will be questions of taxation and other legislation, often with deep moral and spiritual involvements. And it is to these that the voter not only must turn his conscience but seek to discern what God's will and teachings might be regarding them. Unfortunately, only too often on these matters voters go no deeper than their own preferences, prejudices or self-interest. Little, if any, thought is given to the morality, the right or wrong, of the issues or to the effect that their passage or lack of it will have on society as a whole or any particular segment of it. In fact, I think it isn't too far off the mark to say that generally voting is determined by selfish motives of one kind or another and that emotions usually determine how a ballot will be cast.

If it isn't too late, I would request all who read this to detach themselves from their emotions and selfish interests and consider the candidates and the issues they will be voting on in an objective way, asking themselves who best will serve all the people in the office they seek and what God's will would dictate on the questions and propositions presented for their vote. In fact, I would suggest that they consider these matters in prayer, offering them up to God for His guidance. Then in good conscience, cast their ballots on Election Day.

I am reminded of something said by Daniel Webster in his Speech at Plymouth: "Whatever makes men good Christians, makes them good citizens." So, "Render, therefore, unto Caesar the things which are Caesar's, and unto God the things that are God's."

ELIZABETH HALLMAN — R  
Treasurer

Mrs. Hallman, 49, of 6024 Overlook has worked for the township the past eight years in the clerk's office, the water and building departments and served as

an election chairman for many years. She is a past president of the library board.

"I have worked under two supervisors and two clerks. I feel I have first hand knowledge of township government and administration."

Mrs. Hallman supports the request for a 1-mill increase for the fire department. "Our township is growing rapidly and our present fire equipment is not adequate. Several trucks date back to 1940. Two of our present fire stations are badly in need or repair. Due to our growth we are going to have to hire more men and they will need equipment."

She also supports the 1-mill tax for roads. "The Oakland County Road Commission will match any funds we raise from his millage, dollar for dollar, for the next four years. Not often do you get a 50 percent return on your money. We are in dire need of road improvements and if this proposal passes we will have twice as much money to work with."

She does not support the third question — that of purchasing land in the geographical center of the township for new township offices. "I don't like the

wording — geographical center.

To build a new township hall one mile from the present one, for the reason that it is centrally located, is ridiculous. I like the township office where it is. Our present office is in need of repair. I would rather see this done than spend the money for a new building. If additional space is needed, we can use the annex that the court is renting. It's fine for the township to purchase land, but I don't feel it should be designated for a new township hall."

(Continued on Page 12)

## Eagles sponsor neighborly meet

Area business people have received invitations to the Fraternal Order of Eagles third annual "Meet Your Neighbor Night" at 7 p.m. November 4. Dinner and dancing at the lodge on the Dixie Highway, just south of M-15, are the events of the evening, according to Jack Frost, event chairman.

## Township employes get contract

Independence Township employes have won their first union contract, calling for a five percent annual wage increase for the next three years.

In an amicable informal ceremony Friday night, the agreement was signed by township board members and representatives of Local 574, American Federation of State, County and Municipal Employees.

The bargaining unit includes 15 of the township's 35 employes.

"It's an excellent contract," Jim Carter, AFSCME business agent, said after six months of negotiating.

In addition to the five percent raise, the contract provides a cost-of-living factor and increased Blue Cross benefits, he said.

Employes covered by the contract also gained provision for time-and-a-half pay for overtime.

The three-year agreement is retroactive to April 1, 1972.

## Think of us as part of the family.

Family. Community. Whatever you'd like to call it. We're part of it up here in Northern Oakland County.

You see, a family is something people count on. Like us.

We've got a family way of doing business. Our prices and our deals always have you in mind. We slick up our new cars and trucks (and our used cars, too) like we were delivering them to a favorite aunt.

We handle our service the same

way. Because we've been around long enough to know that's where the family squabble can start.

So here we are. A big happy family ourselves. Just down the street — instead of 20 or 30 traffic-jammed miles away. Right where you need us — with as fine a selection of Chevrolet cars, trucks and recreational vehicles you'll find anywhere. All at prices that'll beat anything your brother-in-law says he can fix you up with.

## More candidates

**CHESTER HENSLEY — D**  
Trustee

Hensley of 6643 Balmoral Terrace is married and has two children. He has been a township resident for eight years, having attended Oakland University from 1959 to 1963.

"I am presently employed as a skilled tradesman at Pontiac Motor Division. I have served two years in the United States Naval Reserve. In the past I have held many positions in my church.

"I was director of Christian Education, superintendent of the Sunday School, and presently I am assistant superintendent and I am on the Church Council. I also have three years'

experience in the insurance field, from 1963 until 1965. I am also secretary of the Skilled Trades Equity Movement.

"I am endorsed by the Independence Township Democratic Club and I am also endorsed by the Independence Township Civic Club, a non-partisan political action club.

"I have no real estate interest in the township. I also have no business interest to promote in the township. I feel that I am the most qualified candidate for the office of trustee. Also I know that I am the most endorsed candidate for trustee. This township is facing many key rezoning issues now and I know that the community is in an era of dynamic growth. Let's make sure that we go in the right direction. If elected I will represent the interest of the people of the township.

"On the subject of the three referendums on the ballot, I would like to say that I am glad to see that the people finally have a chance to express their views on some key issues. I feel that the voters of this township are intelligent enough and also well informed that they can and should decide the merits of each issue. I, as trustee candidate, look forward to carrying out the voters' decisions on these three issues. A politician's views and voters' views often do not coincide. I hope that these three questions do not become someone's political springboard. Weigh the issues, and vote on them as you choose. I would like to see the people of this township have more say on critical issues."

(Continued on Page 13)

## Senior citizens

The monthly meeting of the Davisburg Joggers Senior Citizens will get underway Saturday with a noon potluck dinner.

All senior citizens are welcome to attend the event, to be held in the Springfield Township Hall. The dinner will be followed by a business meeting and program.

Michigan ranks third in the nation in total apple production but is first in Jonathans and Spies.

## UNICEF

### \$460 richer

More than \$460 was collected for UNICEF by youth from area churches Sunday.

The approximately 100 young people represented six churches — Calvary Lutheran, Clarkston United Methodist, Sashabaw Presbyterian, Salvation Army, St. Daniel Catholic and Church of the Resurrection, Episcopal.

## Business women

### visit Lansing

More than 200 Business and Professional Women and State Legislators joined together in the capital city Thursday, October 19, at a legislative luncheon in the Olds Plaza.

The luncheon, attended by Mrs. Joan Miller, Mrs. Frances Stewart, Mrs. Winifred Beach and Mrs. Patricia Beach of the Waterford-Clarkston Club was billed as a salute to the legislators of Michigan for the prompt ratifications of the Equal Rights Amendment.

The local club heard Don Place, chairman of the board of independence center, describe the service of the center at its October 26 meeting.

JERRY E. POWELL - R  
Trustee

Powell, 28, of 6023 Sunnydale is a lifetime resident of Independence Township.

"Having served on many civic and community projects, including past president of the Clarkston Area Jaycees, I feel that I have gained the leadership necessary to serve all the people of our township.

"The term, 'watchdog,' is often brought up in discussing the office of trustee. Having one self-proclaimed watchdog on the present township board is in my opinion more than enough. If I am elected it will be my goal to be responsive to the needs of the majority of the citizens of Independence Township."

On the fire millage, Powell reports, "It is my intent to support the 1 mill increase for our township fire department. As our township grows in population, excellent

fire protection for our residents should be a top priority. In spite of the additional cost to our residents, I would encourage all to vote yes on this issue because someday it may be their family or home that is threatened by fire."

On the road millage, he says, "I have mixed emotions... although it is extremely important to have good roads to entice good housing developments and to encourage people to move to our community, I do not feel that it is a top priority project. I will therefore vote no on this issue."

On land purchase, he states, "I believe the township should purchase land for the building of new township offices, but not necessarily in the geographic center of the township. Being known as a 'town kid' during my childhood days, I hate the thought of the township offices leaving the village confines. But as our township grows it is becoming physically impossible to run our township government effectively and the way I feel our residents feel is that it should be run in our present facilities. I am for the concept of new offices, but am against the wording of the proposal. I will therefore vote no on the issue."

(Continued on Page 14)

## PTA "back to school" night

Clarkston Elementary PTA will host a "Back to School" night at 7:30 p.m. Thursday, November 2. Parents will have the opportunity to meet their students' teachers, see the new library and meet the new principal, John Hayden. There will be no business meeting.

## Snowmobile class

Registrations now are being accepted for snowmobile safety classes to be sponsored by the Independence Township Parks and Recreation Department.

The classes, conducted by the Oakland County Sheriff's Department, will be held from 7 to 9 p.m. Nov. 14, 16, 21 and 22 in the Clarkston High School cafeteria.

The program is open to youngsters 12 to 15 years old, who will be required to have a state certificate to operate a snowmobile after Jan. 1, 1973, according to Parks and Recreation Director Tim Doyle.

He said completion of the class would be necessary to obtain the certificate.

Pre-enrollment in the class, for which there is a \$1 fee, is necessary because registration is limited, Doyle said.

Those wishing to enroll in the class can call 625-8223.

## Toy party

### to help Scouts

To kick off Christmas shopping, a toy party will be held Monday, Nov. 6 as a fund raising event for Girl Scout Troop 210.

The party will be held at 7 p.m. in the kindergarten room of Clarkston Elementary School on Waldon.

## Write in candidate seeks office

MICHAEL F. KING  
Supervisor

A non-partisan candidate running a sticker campaign for Independence Township supervisor is Michael F. King, 21, of 5980 Lakewood Boulevard, Clarkston.

Presently an employe of Kroger's in Auburn Heights, he is a past president of the Clarkston High School class, a volunteer at independence center, and has one year at Ferris State College where he was newspaper editor. He is now a

political science major at Oakland Community College.

King is in favor of one mill additional for the fire department. "It is very necessary because of the high rise buildings being erected in our township now and in our future."

He is not in favor of a voted one mill for roads. "The roads are in sufficient condition and I haven't heard any real complaints from others in our township."

He's in favor of purchasing land for new township offices. "I've been in the offices very recently and they look very cluttered. I think purchasing land for offices would be a very favorable move."

## New DeMolay officers installed

Russ Crowe

Russ Crowe was recently installed as the new Master Counselor of Cedar Chapter, Order of DeMolay. He is the son of Mr. and Mrs. Everett Crowe, 9424 Dixie Highway.

Installed as senior counselor was Greg Kenyon, son of Mr. and Mrs. Gerald Kenyon of 6760 Transparent Drive. David Lessel, son of Mrs. Fay Lessel, 4213 Ledgestone, Waterford, was named junior counselor.

Michigan produces almost 94 million pounds of cabbage per year.

## Wrestling featured

Pontiac Catholic High School will present its second wrestling show Friday, November 3, in the high school gym, North Perry and Giddings Roads.

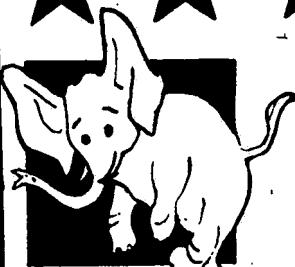

Headlining the show is Tex McKenzie versus Pompero Firko, wild man from South America.

The semifinals will feature a tag team match between Mighty Igor and the

600-pound Arkansas hillbilly, Haystack Calhoun, versus the German tag team of Karl Von Hess and Karl Von Schotz.

In other matches, Mighty Zulu clashes with Dr. X and The Psycho with Ivan Kalmikoff.

The first bout is at 8:30 p.m. Reservations are available by calling 373-5300.

TAX REFORM COMMITTEE  
OF THE  
Clarkston Editorial Association

# Springfield races of interest

Editor's note:

Only four Springfield Township candidates responded to the questionnaire sent by The Clarkston News.

Here are their comments.

**CLAUDE A. TRIM - D**  
Incumbent supervisor

Trim, 37, of 5969 Ware Road, Davisburg, is unopposed in the November 7 election. He is a lifelong resident of Springfield Township.

He has served as trustee, prior to becoming supervisor, been active in community organizations such as Little League, Boy Scouts, Boys Brigade and church. A certified assessor at Level II, he is employed at General Motors Truck and Coach as an experimental model maker in experimental engineering.

"The real reason for my involvement," he says, "has to do with inequitable assessments. I feel we need a change in our property tax base. We must change it before our good citizens revolt. It should be based on a per unit base with just how much services it takes to maintain it, not on the valuation base as it is done now."

"Now, when an owner improves his home, he gets penalized for it. The reason this has come about is that many of our legislative representatives have no real assessment procedure education."

Trim views a future Springfield as one he would personally like to see remain rural. "As I see people moving out here, I realize we need planning to preserve some of the valuable ecology we have now. The ideal future would be to have a well-developed industrial park, for tax base along with a centrally located shopping center and the remainder of the township developed in 1½ acre to 5 acre residential sites. This would be Utopia."

**MARGARET R. SAMUEL - R**  
Incumbent treasurer

Miss Samuel of 794 Broadway, Davisburg, has been a resident of the township more than 50 years. She is a graduate of the American Institute of Banking, equivalent to a four-year college

course which included two years of law and two years of accounting. She worked 16 years in a bank, 15 of them in the mortgage department.

She sees an ideal Springfield of the future remaining rural in nature, but with better roads and sidewalks to the school. She'd also like to see nature trails developed for bicycles and horses.

Miss Samuel says the township has enough tax free property now. "We have sufficient golf courses and recreation."

Michigan ranks fourth among the states in production of spearmint oil, producing 150,000 pounds of oil from 5,000 acres.

## Head fund educating nurses

The David Head Memorial Scholarship Fund, now being used to finance nurse's training for Dale Aulgur of Rochester and Benjamin Ozbun of Pontiac, will be augmented by some \$1,000 this week.

The money comes from ticket sales for a drawing being conducted by David's parents, Mr. and Mrs. Willard Head of Waterford Township. David, a 1966 Clarkston High School graduate, was a medic in Vietnam when he was killed there January 22, 1969.

Headquarters for the scholarship fund is Head's Barbershop at 5825 Andersonville.

Both young men now receiving financial assistance from the fund are training at Pontiac State Hospital and are expected to receive their R.N. degrees later this year, Head said.

"As soon as those two are graduated, we'll take on another two," the elder Head reported. Mrs. Head is an employe of Pontiac State Hospital.

Macomb and Berrien counties are the largest producers of commercial mushrooms in Michigan.

**DONALD WILLIAM ROGERS - D**  
Springfield Treasurer

Rogers, 28, of 9254 Semindale is married and has two children. He has been a resident of the township 10 months.

He is a graduate of Bentley High School in Livonia and attended Schoolcraft Community College and Lake Superior State College. He is presently treasurer of the Oakland County Jaycees, District 21.

He says, "The future of Springfield Township is held by those in political office. They will decide what will happen in the growth of our township. With the wrong people in office, Springfield

Township could be an eyesore, detrimental to those who live here.

"If elected to the office of treasurer, I plan to have the voice of the people returned as our Constitution so states. I would like to be your voice in the township."

"There will be regular office hours on or about the premises of the township hall. This has never been in Springfield Township to date. I plan to be available as your treasurer and as your man in office."

**THEODORE O. JOHNSON - D**  
Springfield Clerk

Johnson, 28, of 5912 Long Point Drive, is married and has lived in the township 15 years. He is a graduate of Clarkston High School with a B.A. from Wayne State University. A former volunteer for the U.S. Peace Corps, he is now a senior in the Detroit College of Law.

He says, "I'm certain we would all like to see the semi-rural character of our township preserved. I don't consider such a view to be unrealistic, in spite of the fact that we are now in the midst of a period of extremely rapid growth with no end in sight."

"With proper, foresighted planning and refusal to allow ecologically damaging industries to gain a foothold in the area, the township board can very definitely control future growth and essentially preserve the township's present character."

# Why five Democratic mayors are going to vote for a Republican Senator.

Five Democratic mayors have endorsed Senator Bob Griffin for reelection. It would have been much easier for them, politically speaking, to endorse the Democratic candidate. But their consciences wouldn't allow it. They know Senator Griffin is the better man.

They know Senator Griffin led the fight in Congress against school busing and he authored a constitutional amendment to prevent it — an amendment Kelley says he would vote against.

They know that Senator Griffin was instrumental in getting the auto excise tax repealed. (One reason he's referred to as "Michigan's Muscle.")

They know that he co-authored the Landrum-Griffin Act, the "bill of rights" for rank and file union members.

They know Senator Griffin has introduced legislation to *guarantee* that working men and women get the pensions they've earned.

So these five Democratic mayors are taking the hard way out. And putting people above party.

They're going to vote for Senator Robert Griffin next Tuesday. And they urge you to do the same.

# Open house for Springfield fire hall

by Betty Hecker  
The Springfield Township Fire Department Open House is planned for Saturday, November 4, from 1-5 p.m. The department moved into its new facility at Broadway and Eaton Road, better known as McNamara Corner, last July.

The property for the new building was purchased in 1971 by the township. The fire hall was built with monies from the general fund — about \$60,000 — no federal funds were used according to township officials. The fire department operating expenses have also come from the general fund. Beginning in the spring of 1973, one mill from the 1972 tax revenues will be set aside for a budget for the operating expenses.

The history of the fire department begins in the spring of 1947, when a few interested citizens of the township and township officials decided the time had come — fire fighting facilities were needed to properly serve the township residences. Previous to this, Independence and Holly Townships were contracted to take all Springfield Township fires.

Through the efforts of these citizens, 16 men signed up for duty as volunteer firemen. The proposal was taken before the township board, which promptly authorized the purchase of a fire truck. In February, 1948, a high pressure John Bean fire truck was purchased.

A firemen's association was organized within the department, electing Charles Hillman chief, and Jake Mereness, assistant chief. Marlan Hillman is the

present assistant chief due to the death of Mereness.

The big question was how fire calls were going to be taken and relayed to the fire department. The Bendell Funeral Home in Holly offered to take on this job, as they had 24-hour telephone service. Several years later, the equipment was moved to the Oakland County Road Commission garage in Davisburg. This service is now being handled by on-duty operators at the Holly Police Station in

## Little brother stars in flag football game

Gary Anderson scored two touchdowns to lead the Mauti Jets to a 14-6 victory over the Richardson Lions in Saturday morning flag football.

Gary, whose older brother Andy plays for the Clarkston Wolves, raced 30 yards for his first touchdown and scored his second on a 20-yard run in the last half. Another 20-yard touchdown was scored by Kim Allen for the Lions.

The Taylor Cowboys beat the Ruelle Vikings 6-0 in the other Pee Wee League game. Jim Moffatt scored for the Cowboys on a 25-yard run up the middle.

In the Midget League, the Cowboy-Dolphins defeated the Packer-Lions 16-2. Eric Moffat scored his third touchdown of the year on an end-around for 18 yards and added two points with a diving catch in the end zone.

conjunction with the Holly Township Fire Department.

In 1954 the fire department purchased a respirator, a portable pump, and a pickup truck. In 1965, the original fire truck was traded for a new John Bean. In 1967, a new Four Bi (also John Bean equipment) was purchased and its main use is for fighting grass fires. In 1969, the pickup truck was traded for a new GMC pickup. This past summer, a jeep was acquired from the state. This vehicle has been equipped for all terrain use in fighting grass fires.

Of the 16 original members of the department, six are deceased and only two have remained with the department over the years, namely, Charles and

Marlan Hillman.

Many fire calls have been promptly answered and thousands of dollars saved for the residences of the township, through the quick and efficient response of the department, proving a wise decision was made back in 1948. The present township board, as well as those in the past, is due a lot of credit for the foresight and cooperation with the department in the purchasing of new equipment and the new fire hall.

The new building has three bays above, a full basement with a kitchen and sleeping facilities. There are 20 volunteer firemen at the present time.

The department is looking forward to celebrating its 25th anniversary in 1973.

# Betty Hecker, Springfield reporter

Betty Hecker, Springfield reporter

Her real name is Elizabeth, but nobody ever calls her that, according to vivacious Betty Hecker who has recently assumed the job as Clarkston News Springfield Township reporter.

Involved in all kinds of activities in the area, she's married to Robert, a sheet metal mechanic for T. H. Brehm, engaged in the construction of commercial office buildings. They and their three sons, Robert Jr., 12, John, 10, and Thomas, 8, live at 6733 Bridge Lake Road.

Bob tends to call Betty "Lois Lane" these days as she makes the rounds of things happening in Springfield. A former employe of The Spartan, Michigan State University newspaper, she's enjoying writing again.

When she's not fulfilling Andersonville PTA duties, or Cub Scout Pack 133 den mother functions, or teaching Sunday School at Clarkston United Methodist Church, she's apt to be painting.

Betty, 34, works with oils and acrylics and last year copied what she thought was a marvelous idea stolen from Cape Cod gift shops for the church bazaar. She painted pictures of birds on rocks, but wound up giving them away to friends.

"In Cape Cod, I guess they buy them because they're from Cape Cod. Nobody seems to want a Springfield Township rock," she mused.

Betty grew up in Pontiac and took 12th grade at Clarkston High School after her parents, Acie and June Anderson, moved to their present home on Andersonville Road. She attended State, majoring in business administration, but left to marry Bob.

After short stays in Royal Oak and Warren, they "came home" to Springfield in 1969.

Betty, who admits to being crafty as well as crafty, says she just gave fifth grader John some trouble. He brought home a report card with a B on it.

"The rest were all A's. I say he takes after me. His father says he takes after him," she grins.

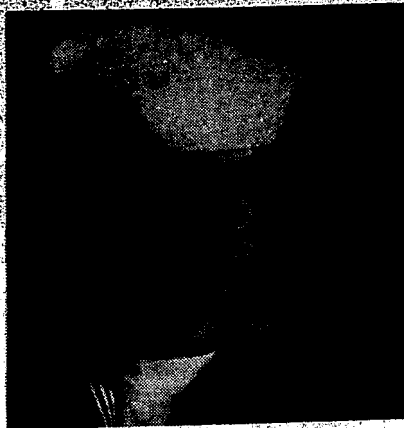

## Springfield offices close for election

by Betty Hecker

Springfield Township Supervisor, Claude Trim, feels it to be in the best interest of all the people to close his office on Election Day, Tuesday, November 7, 1972.

This decision was made due to the close proximity of the township offices to the polling booths in the Springfield Township Hall.

## Men in service

Petty Officer 3rd Class Richard Mielke was named Outstanding Sailor of the Quarter during an awards ceremony of Fleet Composite Squadron Five at Cubi Point in the Philippines.

Aviation Electrician's Mate Mielke was presented with the VC-5 squadron plaque, a \$25 savings bond and a 72-hour pass.

Stationed in the Philippines since March, he has experienced an earthquake, typhoons and the monsoon season.

He also spent a weekend with Rosie Remedios and her family in Manila. Rosie was one of the exchange students from the Philippines graduating with the Clarkston High School class of 1969. She made her home here with Mr. and Mrs. Leigh Bonner.

Mielke is the son of Mr. and Mrs. Richard A. Mielke, 8160 Foster Road.

Marine Pfc. Arthur B. Williams III, son of Mr. and Mrs. Arthur B. Williams Jr. of 5079 Parview Drive, Clarkston, was meritoriously promoted to his present rank upon graduation from basic training at the Marine Corps Recruit Depot in San Diego.

He received the meritorious promotion in recognition of his outstanding performance in all phases of recruit training.

## A street by any other name . . .

by Bob & Marvel White

Public hearing on proposed street name changes in Independence Township turned into a working session Friday night as township board members and residents attending the meeting went through the changes street by street.

Between 45 and 50 street names in the township were changed by the Oakland County Road Commission 20 years ago but apparently were not approved by the township board.

The new names were selected to avoid duplication within the township or between adjacent townships and are required if street signs are to be erected.

"The more people we get, the more problems we're going to have with this sort of thing," commented Township Trustee Keith Humbert.

Noting that there are four Hillcrest Streets and four Lakeviews in the township, Humbert said these and other duplications are confusing to persons looking for a particular street and possibly critical in the case of emergencies.

The situation is complicated by the lack of street signs, he said.

The township would pay for the new signs included in this name-change package, budgeting some \$2,500 for them in the next fiscal year.

Some of the more than 30 residents at the public hearing said they did not want

their street names changed and they would do without street signs.

Others said they welcomed the change, and still others said a change was all right but they would prefer another choice of name.

Official action on the changes will have to be approved at a regular township board meeting.

When one gets a mortgage loan today, it is usually for a period of ten or more years. Loans for single dwellings or one family houses are generally made for 15 to 30 years. Apartment house loans, on the other hand, are from 10 to 40 years. Commercial business loans are generally for shorter periods of time, usually from ten to twenty years in duration. Mortgages, you see, are long term investments. It is profitable for lending institutions to mortgage properties only if they themselves are long-standing institutions.

The knowledgeable staff at BOB WHITE REAL ESTATE, 5856 S. Main St., 625-5821 is experienced in handling the details of obtaining a mortgage and can provide invaluable assistance. Call us too, with you listing. With your permission, we'll gladly hold your house open for viewing and accept complete responsibility for access to your home while it is listed with us. Open: 9-8, Mon-Thur; 9-6; Fri, Sat; 12-5, Sun.

by Jerry Savoie

Perhaps one of the most thankless jobs in all of baseball is that of the umpire. The umpire must be full of courage, quick as to eyes, and have a complete knowledge of baseball rules. More than that he must have the ability to remain unruffled in the heat of the fray. He must be willing to listen to every side of the story, but he must be ready to stand by his calls as "official". Perhaps the cardinal rule for a good umpire is: never take your eye off the ball.

At SAVOIE INSULATION CO., 64 S. Main St., 625-2601, we're always "on the ball" in providing you service and quality. We stock both blanket and blown-in insulation of fiberglass or cellulose. Do-it-yourself or call on our expert installation crew. We also carry a wide selection of lighting fixtures for indoors and outdoors. Open: 7:30-5:30, Mon-Fri; 8-12, Sat.

## Through the classroom window

By Ruth Montney

Education is a constant process of reaching out to grasp new ideas and understandings. For May Lamberton's second graders at Pine Knob, last Friday's outreach was all the way to France. Children of Shirley Jones' class came to share the experience with them when

## EMU prexy to speak

Dr. Harold E. Sponberg

Dr. Harold E. Sponberg, president of Eastern Michigan University, will be the keynote speaker November 10 during the Clarkston School District in-service day for teachers.

He will speak at 8:15 a.m.

Having previously served as president of Washburn University in Topeka, Kansas, he was appointed to his Ypsilanti post in 1965.

Author of "The Meeting Will Come to Order," "Rules for Parliamentary Procedure," and "Liberal Arts Education for Adults," he served as a lieutenant in the U.S. Navy Submarine Forces during World War II and was decorated for meritorious service.

He is active in many educational associations and the Lutheran Church of America.

Dr. Leslie F. Green, superintendent of the Clarkston School District, will give the closing address during the day's program to all faculty and administrators. His talk will begin at 2:30 p.m.

Nelson Coleman brought his mother to school.

Mrs. Richard Coleman was born during the air raids over France in World War II. She came to live in the United States six years ago. She brought many picture post cards with her to use in explaining the similarities and differences between her native land and her adopted country.

The children learned that France has comparatively mild weather all the time — though it too has four seasons. Snow comes only in the mountain areas. During a large part of the year — particularly in Paris — people may eat outdoors in sidewalk cafes. Fast moving traffic clogs the streets, with many more adults there than here riding on motorcycles and bikes.

Mrs. Coleman related that although pork is eaten in France, she never had bacon there. Other foods she never knew before coming here were popcorn and breakfast cereal. She told the children that the French people never eat in their theaters, as we do here, and that very often they watch operas as well as movies. Visiting cathedrals is also a popular pastime.

## obituaries

### Reginald R. Bird

Reginald R. Bird, 61, of 7661 Allen Road, a retired Independence Township assessor, died suddenly October 28 at his home. He was buried Tuesday from United Methodist Church in Lakeview Cemetery. Rev. Frank Cozadd officiated and Sharpe-Goyette Funeral Home had charge of arrangements.

Mr. Bird was born in England and moved to Independence Township from Royal Oak. He was a member of Clarkston United Methodist Church and Pontiac Elks No. 810.

Surviving are his wife, Sarietta; his mother, Mrs. Margaret Bird of Delhi, New York; a son, Reginald C. of Geneva, Switzerland; a daughter, Mrs. Richard Williams of Waterford; four grandsons; three brothers, Vance of Laurens, New York; Ernest of Delhi, New York; Lawrence Rigas of Walton, New York; and a sister, Mrs. Elsie Currie of Delhi, New York.

Memorials may be made to Clarkston United Methodist Church.

# Jaycette president

Mrs. Jan Lopucki, 6341 Peach, has been named acting president of the Clarkston Jaycettes for the remainder of the year.

Mrs. Lopucki, formerly vice president of the club, assumed the presidency after the death of Mrs. Lana Appleton.

Members of the organization currently are busy assisting the Jaycees on the Junior Miss Pageant, to be held Nov. 18.

Eleven girls are vying for the title this year, displaying talents ranging from singing to gymnastics.

Theme of the event is "Up, Up and Away."

The Jaycettes have sold about 500 P.O.W. bracelets.

"We can't keep a supply in," said Mrs. Lopucki, who is chairman of the bracelet sale. She urged those who have ordered bracelets to be patient.

Under investigation as a possible future project of the Jaycettes is a child testing program. Preschoolers would be tested before entering kindergarten to determine their readiness for school. The program may be instituted next summer.

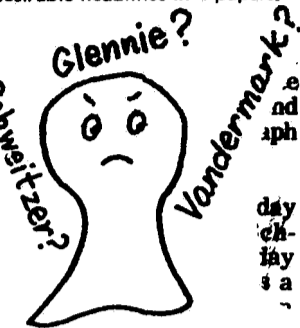

Also on the agenda for the Jaycettes is a "Bushel of Booze" raffle at Christmas time.

# A Tangled Skein of Yarn

1. Candidate Hensley asks about Glennie's under-the-table deal.
2. "Schweitzer" answers Hensley with false accusations.
3. \$100,00 Reward offered to prove accusations.
4. Supervisor Stonerock identifies Vandermark as ghost writer.
5. Vandermark admits writing a letter Stonerock saw, denies guilt in publishing letter by Schweitzer!
6. Glennie hand carried letter with false accusations to Clarkston News.
7. False accusations cause undesirable headlines in 4 papers.

er, lives at 6293 Crabapple.

The Clarkston News was unable to contact Schweitzer late Monday afternoon; however, Clerk J. Edwin Glennie, a Republican who delivered Schweitzer's letter to The News, said he had witnessed Schweitzer's signature on the letter.

Stonerock says he thinks Vandermark wrote the letter, Glennie helped supply the content, and Schweitzer signed it.

Glennie maintains that he talked to Schweitzer for the first time only after the letter appeared in the newspaper. Vandermark

In all this tangle, Hensley never got an honest answer — what about the deal for multiples at Holcomb and Bluegrass??

# LEO HAZEN

The kind of man you'd want for sheriff

What do you look for in a man who seeks the job of Sheriff of Oakland County? Experience? Achievement? Administrative skill? Professional dedication? Well, Leo Hazen has it all. He's the candidate with a solid 24-year career in the Sheriff's department, with actual experience in every phase of department operations. From the patrol car, through the detective bureau, to his current job as Undersheriff of Oakland County. Leo Hazen's the man who set up the Oakland County Trusty Camp. The man selected as sole advisor and consultant for the \$9 million New Oakland County Jail Project. And the man endorsed by Sheriff Frank W. Irons. Vote for Leo Hazen this November 7th. He's the kind of man you'd want for Sheriff.

# A Man To Represent YOU

## James Dunleavy REPUBLICAN

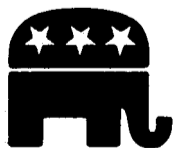

## County Commissioner

As Congressman, I am very aware of the fine job that Jim Dunleavy has done in Township Government. Jim not only says that he is concerned and wants to represent the people but actually does. Because of Jim's foresight in the growth of the area he represents the founding of the Planning Commission and is an active member. He was influential in establishing the Road Committee working to improve the roads and has fought for the property taxpayer for many years for a fair method of taxation.

I know that Jim is by far the most qualified candidate for County Commissioner in the Second District and we need him. Jim's honesty, integrity, business and government knowledge are essential to the people in the Second District.

I urge the people to vote for Jim and give me an opportunity to work with him for better local and county government.

Sincerely,  
William S. Broomfield  
Member of United States Congress

# Campus comments

By Margaret Vascassenno  
It's election week at CHS.

The high school paper, "The Paper," sponsored an election to see the students' choice for president of the U.S. and prosecuting attorney.

President Nixon came out on top with 105 votes. George McGovern followed with 40 votes while Gus Hall ran a close third with 37 votes. Gov. Wallace received 1 vote.

Brooks Patterson was voted prosecuting attorney with 124 votes. Thomas Plunkett got 66 votes.

"The Paper" will welcome any original student literature, such as poems or stories.

\*\*\*

The seniors had a class meeting October 30. They chose three flowers and three sets of class colors. A meeting is scheduled next week to vote on the final choice. The three flowers chosen were a red rose, a yellow rose, or a lily of the valley. The "nominated" colors are silver and turquoise, maroon and white, or blue and gold.

\*\*\*

Last week was a time of "music appreciation" for the students in the music department at CHS. They got an enjoyable hour of classical music, when Wesley Fishwick, pianist, came to our school. Grayce Warren, chorus director, stated, "He did a very professional job, and it was a good concert to expose the students to classical music."

\*\*\*

On Saturday, October 28 approximately 70 juniors took the PSAT test. The PSAT test is a Scholastic Aptitude test. It dealt in two major areas, English and math. There was an hour of each. Students could qualify for a scholarship if their scoring is high enough.

\*\*\*

Student Council had its first league meeting October 30. All schools in our league had representatives except West Bloomfield. The students elected officers and set-up future meeting dates.

\*\*\*

Oakland County has made the second largest contribution to Michigan State University's student body this fall, sending 5,475 students to the East Lansing campus.

Wayne County was responsible for the largest number: 7,361. Enrollment figures indicate that 85 percent of MSU's students come from Michigan, with the remaining 15 percent representing every state in the union and 80 foreign countries.

## Anesthetics

Physicians have searched for centuries for the "ideal anesthetic" — something that will provide freedom from pain, with minimal or no loss of consciousness, and no harmful after-effects.

Opium was one of the first, but its main drawback is that it can stop the breath and still the heart. Morphine (an extract of opium) is used for control of severe pain, but it is addictive and is no longer widely favored as an anesthetic.

Ether was first recognized as an intoxicant, which led doctors to try it (instead of whiskey, perhaps) first in minor and then in major surgery. Ethylene is a potent anesthetic, but is extremely explosive. Chloroform is non-explosive, but has been found to produce some liver damage, high blood pressure and heart problems.

Barbiturates are sometimes injected into the vein to produce anesthesia, but are most often prescribed as tablets to help pre-operative patients obtain a night of restful sleep before surgery.

Cocaine is useful in curbing pain, but is addictive. A synthetic version, procaine, is two or three times more potent and is less addictive; it's often used as a local anesthetic.

A new synthetic anesthetic drug, ketamine hydrochloride, has the advantage of stimulating respiration and heartbeat, instead of depressing them as most anesthetics do. It is remarkably fast-acting and its effect usually lasts five to 10 minutes per injection.

One side-benefit: vivid dreams in the last stage of "sleep."

The American Legion Campbell-Richmond Post No. 63 reports it made \$1,749.76 from the Labor Day corn roast. The proceeds benefit the new building fund. The main hall of the addition is now complete, but the bathrooms and kitchen along with fixing up the old meeting hall remain to be done. Meanwhile a Veterans Day dinner Saturday, November 11, is planned in the new addition. The new addition has been built by volunteer labor.

Somehow we left out the name of Pontiac's Assistant City Attorney Thomas Hunter from the list of occupants of the new Forrest Milzow building at 39 South Main. Tom and Gerry have lived in Clarkston for some years and have been active in many phases of community life. They are particularly involved in St. Daniel's Church affairs.

Yo-yos are all the rage among the school kids now. With five Sailes all trying their hand at a sport that grandpa can still outdo them at, it's hard to walk through our house at night. There are people "walking the baby," "sleeping" and plain yo-yoing all over the place.

Clarkston area telephone books are still available at The Clarkston News office. The books are being offered for the real bargain price of 50 cents each.

Clarkston High School was emptied for 45 minutes Friday morning while officials searched for a bomb which two anonymous telephone calls identified as having been placed in the school. The first call at 11 a.m. announced the bomb would explode at 11:15 a.m. The follow-up phone call at 11:10 a.m. stated there was just five minutes left, and "you know we mean business," according to Conrad Bruce, assistant principal.

Clarkston Area Jaycees in cooperation with independence center are offering a transportation — service for voters November 7. They'd appreciate it if you'd inform independence center, 673-2244, or call 625-5235 after 4 p.m., if you have information about anyone needing rides on that day.

Joe Ruhala, a senior at Clarkston High School, has picked up the News camera in the campaign hiatus that has come upon the editor and done a creditable job his first time out. You'll agree the pictures of high school activities in last week's News were just fine.

An immunization clinic offering shots against tetanus, measles and oral polio vaccine will be from 1 to 4 p.m. Thursday, November 2 at independence center, 5331 Maybee Road.

The service is being offered infants, preschoolers and school age children by the Oakland County Department of Health.

A soon-to-be new resident of the area isn't quite as excited about the prospects of moving out from Detroit as she was prior to Tuesday. Mrs. Dawn James, whose new home on Oakhill near Bird is to be completed within a couple of weeks, arrived at the site Tuesday to find youngsters had broken in during the night and smashed eggs on the windows, counter tops and floors. Entry was gained through the dining room windows which as yet have no locks.

"I guess we're fortunate none of the new light fixtures hung Monday were damaged and that they didn't write on the walls, but I had tears in my eyes when I saw the mess Tuesday," she said.

"I wonder what their parents thought those kids were doing Monday night," she asked.

# Three commission races

Residents of Independence Township will play roles in electing three county commissioners in Tuesday's balloting.

District 1  
The majority of Independence Township is included in District 1.

Richard R. Wilcox - R  
Two-term incumbent Wilcox is a former Brandon Township supervisor,

## Township recognized for road plan

Supervisor Gary Stonerock has received a certificate from the Inter-County Highway Commission of Southeastern Michigan marking local adoption of I.C.H.C. Plan and Right-of-Way Requirements.

The township is one of more than 110 local units of government that have cooperatively planned a seven-county regional highway system.

The I.C.H.C. Plan for southeastern Michigan has been developed through cooperation of the seven-county road commissions, planning commissions, local units of government, and the Michigan Department of State Highways. Through this cooperative planning, individual communities have retained their individuality and still are in agreement with adjoining local units of government.

The I.C.H.C. Plan is a continuous working program and is in constant development so that it may be related to the changes of the region.

representing the old District 23 prior to the redrawing of commissioner district lines. Publisher of the Ortonville Reminder, a weekly newspaper, Wilcox has served as chairman of the county's local affairs committee and vice chairman of its equalization committee.

Michael M. Pantel - D  
An attorney, Pantel is a former member of the Oakland County Prosecutor's staff. He is a graduate of Michigan State University and the Wayne State University Law School. He believes in strengthening law enforcement, expanding drug abuse programs and providing for orderly growth in the county, while protecting natural resources.

District 2  
District 2 covers southwest Independence and Springfield Township.

Alice M. Davies - D  
Mrs. Davies, president of the Huron Valley Board of Education, is a homemaker who has been active in the community since leaving teaching in 1962. Major concerns as she sees them are streets and roads, taxes and assessment practices, land use planning and the large areas set aside for recreation.

James W. Dunleavy - R  
Former member of the Highland Township Board, Dunleavy is a founding member of the Highland Planning Commission. He owns Dunleavy and Sons in Highland, and has been active in township Republican affairs.

District 3  
Southeast Independence Township is included in District 3.

Niles Olson - D  
Incumbent Commissioner Olson has served two terms on the County Board of Commissioners. He was credited with the successful fight against expansion of the Oakland-Orion Airport.

Eric W. Allen - R  
Allen is secretary-treasurer of the Wesley B. Allen Insurance Agency, Inc. in Lake Orion. He supports the neighborhood school concept, welfare reform, road system improvements and greater returns to municipalities from county taxes.

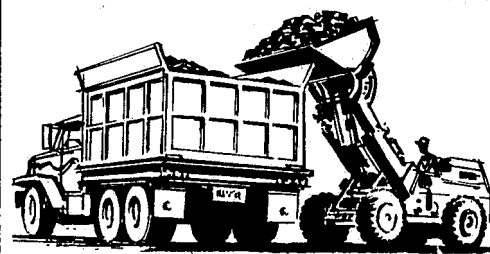

Barbara Maks, Eagles Auxiliary chairman, and Jack Frost, chairman of the Eagles' Meet Your Neighbor Night, invite Jim Stiles of Clarkston Shoe Service to an evening of dinner and dancing at 7 p.m. November 4 at the Eagles Lodge. Barbara will be the cook for this third annual event.

# State tax proposals MEA spokesman on taxes

The property tax as a method of raising revenue is being challenged everywhere with increasing frequency. The California and Texas Supreme Courts have already begun a trend which most likely will continue in other states in dealing with the question of the constitutionality of the property tax.

To try to guess what the Michigan Supreme Court will find in this regard is to engage in useless speculation and long odds. All that is certain is that they will say something. This something could range from no impact to a complete restructuring of taxation with no reliance on property taxes anywhere.

Proposal C is a "proposal to limit property taxes for school, county and township purposes and to provide that the legislature shall establish a state tax program for support of schools.

The proposed amendment would:

- (1) Ban a property tax for general school operation purposes;
- (2) Limit the property tax to allocated amounts for specified county, township and school purposes, the total not to exceed 26 mills; and
- (3) Require the legislature to establish a tax program for raising and distributing funds for public elementary and secondary schools; and
- (4) Require the legislature to provide for distributing supplemental funds, based on local need, for specified purposes." (Language as it will appear on ballot.)

As simple as the above seems to be, many confusing and contradictory, emotional elements have been thrown in by people whose only purpose seems to be to "muddy the water." Consider the following:

1.) Property tax relief. Proposal C offers tax "relief" to every property owner. Whether a property owner actually pays more, less, or the same in taxes will depend on his wealth and ability to pay rather than his ownership of property, such as a home. An actual savings will be realized by low and fixed-income taxpayers, particularly retirees.

2.) More equitable taxation. Proposal D will permit the Legislature to replace the lost property tax with an income tax that is graduated. In this way, the tax burden will be more fairly distributed among all taxpayers according to their wealth and ability to pay.

Proposals C and D are really part of a

package. Without Proposal D, Michigan will not be able to go all the way in getting an adequate and equitable tax. It will still be limited to a flat-rate income tax, which falls most heavily on low-income taxpayers and gets lighter as one's income goes up.

One important virtue of an income tax is that a man's tax bill for any given year rises, falls or stays the same accordingly, as his income rises, falls or stays the same. Under a graduated income tax, the lower a man's income, the smaller the proportion of it that he must pay in taxes.

3.) Busing possibility lessened. For those who are concerned with the possible effect of Proposals C and D on busing, a recent statement by Dr. John Porter, State Superintendent of Public Instruction, will be of interest. "There is simply no way in which the schools of Michigan can offer the kind of quality programs that citizens and the Board (State Board of Education) are fighting for without adequate and equal financing for our schools," Dr. Porter said. "Certainly, one very real factor involved in a favorable vote (for C and D) is the lessening of the need for massive busing to achieve equality of educational opportunity.

"The courts have ordered busing of school children in part on the basis that all must have equal opportunity to learn, not just to achieve racial balance. The current inequities of financing and the fiscal inability in some districts to supplement the educational benefits of the deprived have made the busing issue more pronounced," he said.

4.) Local options still open. The truth is, the two proposals in no way change the present structure of local control. They do open the way for local education to be better financed and therefore more easily managed on the local level. In addition, the state is funding the Clarkston schools with direct state aid to the tune of more than 60% now and exercising minimum control. If they are paying more than half now and not "controlling," it seems illogical to assume that changing to total state funding on an equitable basis is going to lead to total state control!

5.) And what about other services? Proposal C allows the county and township governments room for expansion over what is now being levied and spent, and in addition the people

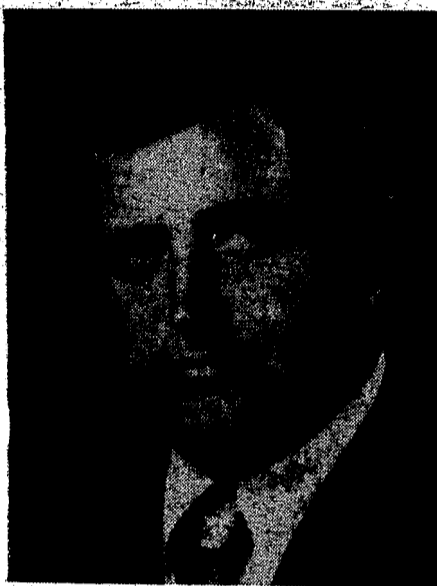

under C can vote an additional 6 mills for township and county operations. This would include fire, police, library and other services people want and need.

As to no limits for bonded indebtedness, Proposal C does not substantially change what is already in the Constitution in this regard, although

it does spell out more clearly this whole area. Copies of the old language and the proposed language are available on request.

Sincerely,  
Edward J. Meissner  
Executive Director, North Oakland County Associations, MEA

## Retain Your New Drain Commissioner

### RICHARDS

He's a Leader You can Trust!

Drain Commissioner  
William M. Richards

Vote Tuesday, Nov. 7th

Paid for by The Committee To Retain Drain Comm. Richards

The Independence Twp. Civic Club, a newly formed non-partisan organization of concerned citizens believes candidates should be elected on the basis of individual merit not party affiliation. They must provide leadership for the Township at a most critical period. We urge you to vote on November 7, and we believe the following candidates deserve your support.

## LET'S SPLIT

- Gary D. **Stonerock** Supervisor
- J. Edwin **Glennie** Clerk
- Donna **Buhl or** Treasurer
- Betty **Hallman**
- Chester **Hensley** Trustee
- Harry B. **Yoh** Constables
- Donald **Trarop**

- Proposal to add 1 mill for the Fire Department **Yes**
- Proposal to add 1 mill for Road Construction **No**

For additional information about the Independence Township Civic Club and its purposes we encourage you to call 625-4185 or 625-1739.

THE INDEPENDENCE TOWNSHIP CIVIC CLUB

# A board member's view

Dear editor,  
 We have a very important matter coming up in the November elections which will affect everyone in our area. I refer to Proposal C, which is commonly known as "Property Tax Reform." Although I seldom write letters to local newspapers, the large base of support our politicians give to this measure disturbs me, and I find myself compelled to examine the other side of the coin.

You recently published an in-depth study made by School Superintendent Dr. L. F. Green, which outlined very clearly the few facts that are known about this proposal and some valid assumptions. His report made it very clear to me that the voter is being asked to make a decision on an important matter without many facts.

All we can do, then is try to predict what will happen if the measure is passed. Here are my own predictions:

- Prediction No. 1: Taxes Will Go Up**  
 Most counties and townships are at their limits of taxation without referendum. They think they need more money and they have few alternatives:
- A. Place a referendum on the ballot (little chance it would pass).
  - B. Start a local income tax (not popular with the voters).
  - C. Develop more funds from the state (the state has no money).
  - D. Raise valuations more (the taxpayers are tired of this).
  - E. Find a way to raise taxes without the public being aware of it.

Aha! What if they could raise property taxes for their purposes at the same time school taxes were reduced?! Our local politicians support Proposal C because it raises taxes available to counties and townships under the guise of a reduction. They could immediately increase their taxes and take away our 25% of the 21 mill school tax reduction.

County	Present General Fund Millage Limit	Limit Under Proposal C	Mills	%
Township	5.26	8.00	2.74	52%
Schools	1.32	1.50	.18	13%
	1.91	4.50	2.59	136%
<b>Total</b>	<b>8.49</b>	<b>14.00</b>	<b>5.51</b>	<b>65%</b>

Note: We now pay other taxes to these entities as "Extra Voted Millage" which would continue.

Our state has its problems too! The political friends at the local level want state money. Many school districts in the high voter urban areas are running out of money. Although there are some inequities in some school districts, my judgment is that most of the districts are in trouble because of mismanagement or lack of local support. Did you know that we have one of the lower tax rates in the Detroit area and the Detroit School Tax rate is lower than ours?! I don't understand why the state feels the need to help a district that refuses to help itself! Votes maybe?

The state, therefore, sees tax reform as a good opportunity to raise taxes with happy voters. That's what tax reforms are made of! I am certain that any of us who are both working and rents or owns property will pay more total income and property tax under the proposed revision. Prediction No. 2: Clarkston Schools Will Get Increased State Aid

This is an obvious conclusion. Any district that is among the lowest tax rate and valuation per student is bound to benefit from the proposal. More school

money would be nice to have! We could do a lot of things to make school more fun. I doubt, however, if more funds would make an appreciable difference in the quality of education received by our children. I have every confidence that our voters will provide added millage when needed.

Prediction No. 3: The Taxpayer Will Lose Control Over Taxes and Spending.

Right now, the local taxpayer has control over how schools, villages, townships, and counties spend his money, as increases must be voted. By supporting this referendum, he gives up most of his control over school spending and some of his control over municipalities... at a time when he really should be demanding more control.

Prediction No. 4: School Funding Will Be in a Mess For Awhile

Dr. Green's report pointed out all the unanswered questions and unresolved details that have to be worked out. It will take our legislators five years of patching up allocation formulas before they get all the bugs out. In the meantime, many districts (probably not ours) will be in chaos trying to figure out how much state aid they will get and how to live with it. Prediction No. 5: The Referendum Will Pass

Alas, the politicians have done it before and they will probably do it again! Based on past performance, they'll get their added tax dollars and make us believe we're paying less.

David K. Leak

# 33-16 win for Wolves

By Craig Moore  
Clarkston's Varsity Wolves breezed past the Milford Redskins with an easy 33-16 victory to end Wayne-Oakland League play for the season with a 2-3 record.

Sophomore Mark Blumeneau scored 2 of the 5 Clarkston touchdowns, both being in the first quarter.

At the outset of the game, Clarkston took control. The Wolves recovered a Milford fumble on the Redskins' 10 yard line. Three plays later, Blumeneau carried

the ball 6 yards to score. The extra point kick was blocked and the Wolves led, 6-0.

Minutes later, Clarkston scored again. Blumeneau climaxed a 70 yard drive with a 21 yard carry into the end zone. Ken Foster kicked the extra point to give the Wolves a 13-0 advantage.

Dave Partlo presented the Wolves with another opportunity to score less than a minute later when he recovered Milford's fumble on the Milford 35. Five plays later, Partlo scored on a 7 yard push. Ken Foster's extra point kick was good and Clarkston held a commanding 20-0 lead at the first quarter's end.

Clarkston fumbled and Milford recovered to kick a 25 yard field goal which cut Clarkston's lead to 20-3 at the half.

In the third quarter, Steve Ogans recovered a Milford fumble on the Milford 10 yard line. Bill Hamilton grabbed quarterback Greg Swanson's 8 yard pass to score a fourth time for the Wolves. The extra point kick failed.

Milford closed the Clarkston 26-3 gap when quarterback Kevin Murphy scored on a 3 yard sneak and Mike Hefflebower grabbed an 8 yard scoring pass from Murphy in the fourth quarter.

Greg Swanson came into the end zone from 3 yards out to score the final touchdown and give the Wolves the 33-16 win.

## Chiefs banquet

On Sunday, October 29 the Independence Township Chiefs played host to the Madison Heights Wildcats. The 3-team Chiefs won 2 out of 3 games; Freshmen won 6-0; JV Lost 12-0; and the varsity unit won 41-6.

The second annual football banquet honoring the football players and the cheerleaders will be Thursday, November 9 at Waterford Mason Junior High starting at 6 p.m. Mel Larsen, former coach and principal at Pontiac Catholic High School, will be guest speaker. Dennis Moffett will be master of ceremonies. Film highlights of the football season will be narrated by Bill Foster. Carla and Jim Lowery and Joan and Bob Pearson are co-chairmen for the banquet.

Clarkston rolled up 258 yards on the ground and 90 yards in the air while Milford gained 70 yards rushing and 100 yards passing in the offensive contest.

The Wolves lost 1 of 2 fumbles but picked up Milford's 3 fumbles.

The win boosts Clarkston's season record to 3-4.

Friday, November 3, Clarkston travels to Rochester Adams. Opening kickoff is at 8 p.m.

## AUDITORS REPORT

JULY 5, 1972

The Auditors Report flyer cannot be disqualified before the Fair Political Practices Board of the Oakland Co. Prosecutor. It is a synopsis of the auditors report of July 5, 1972, a matter of public record.

For many years the auditors have listed many items which are improper and recommended improvements which are not made until the eleventh hour, if at all, as in the case of the new State Chart of Accounts which was done by the auditor and the new bookkeeper because no one took advantage of the training the state offered.

Why is the Cemetery Superintendent and the Clerk's office collecting monies? Their job is billing, the Treasurer collects.

I agree the Treasurer's job is something that can't be learned over night. This is why I returned to school to update my accounting skills and will continue to pursue the latest accounting knowledge by qualified teachers so my knowledge will grow with the township.

Mr. Johnson by his own admission stated he was training Mrs. Hallman for his job. If this line of training is Mrs. Hallman's qualifications, the corrections the auditors have been insisting on for years will not be accomplished. We don't want a continuation of past practices in the Treasurer's office. I intend to establish the proper controls to make the Treasurer's books and the Clerk's books a check against one another as they should be.

Your voting support will be appreciated Nov. 7th.

Application for Absent Voter Ballots for the General Election November 7, 1972, may be made in person or written request not later than 2:00 p.m. Saturday, November 4, 1972.

Application for Absent Voter Ballots may be made at the Township Hall, 90 North Main Street, Clarkston, Michigan for the following reasons:

1. Absent from the community on election day.
2. Physically unable to attend the polls without assistance of another.
3. Because of the tenets of one's religion.
4. 65 years of age or older.

J. Edwin Glennie, Clerk  
Independence Township

# Why We Should **NOT** Vote For Stonerock

When campaigning in 1970, Stonerock came out with five flyers.

No. 1 stressed "Eliminate the Credibility Gap." After two years I have to gag on that.

No. 2 "For the Kids - Dope?" This is the biggest juvenile problem we have as of today. The only thing he has done is to push through the purchase of a 40 acre park that will become the haven for all the "Dopeys" and undesirables for 50 miles around.

No. 3 "Our Taxes Keep Going Up, Where Will They Stop?" Aided and accelerated by Stonerock, the Sky Is The Limit!

No. 4 "A Fresh Approach" NOW HEAR THIS - "There is one campaign promise that every elected official must keep

- Answer all questions." Looking into the matter, "taking the problem under advisement" etc., are not answers. A column like "Contact 10" or Action Line to help solve the problems that come to the officials is necessary. We citizens need help from our elected officials. This is what Stonerock fed you in 1970. Are you going to believe this malarkey in 1972?

No. 5 called for "A Fresh Approach." Our incomes will be made available for scrutiny at Income Tax time. "We will have nothing to hide." I would love to peruse the tax returns of Stonerock, Lowe and Airland Surveys, wouldn't you? His fresh approach was his GAVEL, CENSORSHIP, TAX and TAX and SPEND and SPEND, Policy, plus trying to be a DICTATOR.

## WE FIND HE HAS ACCOMPLISHED THE FOLLOWING :

1. EVADED PERSONAL PROPERTY TAX in 1969 and 1970. Dunn & Bradstreet, in a Credit Report, shows his surveying business had assets of \$14,000.00.
2. ATTEMPTED TO HAVE HIS HOUSE REMODELED by Gavar without getting required BUILDING PERMIT.
3. VIOLATED Township Zoning Ordinance for over a year before PUBLICITY FORCED HIM TO MOVE.
4. ENJOYS A PAY RAISE RAMRODDED through the Annual Twp. Meeting in 1971 BY HIS LEGAL MOUTHPIECE CAMPBELL, Unethical to say the least!
5. Gave his buddy Gavar a \$2350 Contract to build a beach house WITHOUT CONSIDERING COMPETITIVE BIDS.
6. He has INCREASED THE TOWNSHIP BUDGET BY \$246,000.00 in the last two years but it still is not enough to support his reckless spending.
7. He just recently attempted to gouge the taxpayers another \$30,000 when he made a motion to charge YOU 10% collection fees when you pay this year's taxes.
8. HE IS THROWING GOOD MONEY AFTER BAD when he insists on appealing the Judge's decision re: The Gershenson case, which admittedly has already cost us in excess of \$20,000 in Legal fees.

# Confusion, confusion

by Pat Braunagel

We — like many other Oakland County families — recently received our annual appeal to purchase TB Christmas Seals, and we put it next to the checkbook on the desk.

A couple of days later, we — like many other Oakland County families — received a second solicitation for TB Christmas Seals. Confusion set in.

This was not a double mailing. These were not the same seals. They were not from the same organization.

What to do? Which organization had we contributed to in the past? Should we just pick one at random?

Or find another, less confusing charity? Or investigate?

Our investigation has left us better informed but, as is so often the case with knowledge, no less perplexed.

It seems that two years ago the Oakland County Tuberculosis Association, based in Birmingham, was one of six in Michigan that broke away from the National Tuberculosis and Respiratory Disease Association because of policy differences.

The national organization told its local affiliates to cease providing direct services and to turn their attention to educational-promotional work, according to Ronald Clair, executive director of the Oakland County association.

"We have been service-oriented for over 58 years, and we will continue to be," Clair said.

In its solicitation, the organization emphasizes contributions are for local services.

These include skin testing for tuberculosis, emphysema screening, school and community education programs, grants to physicians for medical education and a loan closet for intermittent positive breathing machines which are loaned on a permanent basis.

"We also cooperate with other agencies in the area of general health," Clair said. "We've conducted local research involving breathing improvement classes."

Clair expressed concern that the confusion over the two organizations making appeals in the county would cause people to ignore both.

His feelings were shared by Frank Buttler, public relations director for the Tuberculosis and Health Society, the other TB Christmas Seal organization.

"We both have one objective — better health care and respiratory disease prevention and treatment," Buttler said. "These diseases don't start at a county line, and neither does air pollution."

The organization Buttler works for is called the Tuberculosis and Health Society of Oakland on its local solicitation, the Tuberculosis and Health Society of Wayne County on the information operator's list and the Tuberculosis and Health Society (Serving Wayne and Oakland Counties) on its public relations releases.

The organization Buttler works for is called the Tuberculosis and Health Society of Oakland on its local solicitation, the Tuberculosis and Health Society (serving Wayne and Oakland Counties) on its public relations releases.

It is affiliated with the national organization, which requested it to add Oakland County to its service area a year and a half ago.

The Southfield address to which we are requested to send contributions is the organization's regional Christmas Seal office serving 13 states.

However, the society does plan to open an Oakland office, Buttler said, adding that money collected in Oakland County "will be used for Oakland services, except for nine percent which is sent to national."

The organization's solicitation says, "Community needs vary widely. Your Christmas Seal association will use your contribution where it is needed most."

Services listed by Buttler include adult breathing classes, 30-day loan of breathing equipment to patients, smoking withdrawal clinics, posters and booklets supplied to schools and businesses and a hospital consultation program to upgrade the quality of respiratory care.

"We also were influential in the state air pollution control law passed this summer," he said.

"We have better resources than just a local agency," Buttler maintained. "Through national, we can fund a better research program and get a better quality of educational brochures at a lower price."

In our investigation, we were unable to find any knowledgeable third party who would make a recommendation one way or the other as to whose seals we should put on our Christmas mail.

As a spokesman for the Oakland County Health Department commented, "A dollar spent for health is a dollar well spent."

**INDEPENDENCE TOWNSHIP BOARD**

**Regular Meeting**  
**October 17, 1972**  
**Synopsis**

Present: Bullen, Glennie, Johnson, Humbert, Stonerock  
Minutes of October 3, 1972 meeting approved as read.  
The Board unanimously agreed to the following:  
Motion to set public hearing on street name changes for Oct. 27, 1972, 7:00 p.m. and special Board meeting immediately following for the purpose of ratifying union contract.  
To accept deed covenants (Case No. 151) as filed and recorded, as a requirement rezoning approval.  
To adopt resolution regarding Pine Knob stating the Board's position regarding future concerts catering to young audiences.  
To delay removal of street lights adjacent to property ingress and egress from Pine Knob Elementary, Clarkston Jr. High and No. & So. Sashabaw El. Schools until such time as projected new lighting by the Board of Education is a reality in order to best determine which lights must be removed or relocated.  
To approve and authorize signing of Deer Lake Beach agreement.  
To approve a concourse license for Howe's Lanes.  
To cancel regular Township Board meeting of Nov. 7 due to general election.  
To approve pay for election workers for Nov. 7 general election.  
To give Board approval to Johnson & Anderson's fee schedule as proposed effective Nov. 1, 1972.  
To investigate the cost of microfilming township records so that this cost could be budgeted in the 1973 budget.  
To transfer \$30,000 from the township revolving fund to the general fund.  
Motion made and supported to hold up payment of police contract pending satisfactory clarification of responsibilities in regard to the contract. Ayes: Glennie, Humbert, Johnson, Stonerock; Nay: Bullen. Motion carried.  
Motion made and supported not to levy the 1% tax collection fee. Ayes: Bullen, Glennie, Humbert, Johnson; Nay: Stonerock. Motion carried.  
Meeting adjourned 10:35 p.m.

J. Edwin Glennie, Clerk  
Independence Township

**VILLAGE OF CLARKSTON**  
**Minutes of Regular Meeting**  
**Village Council**  
**Oct. 24, 1972**

Meeting called to order by President Johnston.  
Roll: Present - Auten, Basinger, Jones, Tower, Weiss, Wilford. Absent - none.

Minutes of the last meeting were read and approved.  
Trustee Weiss mentioned that a starting date still hasn't been set for sewer construction in the Village.

Trustee Wilford gave a report from the Planning Committee. She had gotten prices on trees from some nurseries and presented them to the Council. The Council discussed landscaping the Village Parking Lot, and making other improvements, as well as planting some trees there. Trustee Wilford will check on getting a plan on what would look best in the Parking Lot from these nurseries and report back to the Council.

President Johnston discussed the Village Planner's recommendation that the Village form a Planning Commission. There will be nine members on such a Commission. Some possible names of members were mentioned. The Clerk was instructed to send a letter to the Village Attorney requesting his review of a possible Ordinance for a Planning Commission.

Trustee Auten gave a report on the Clarkston Police Dept. He mentioned that the Police Dept. has hired two more men which gives them twelve members. They want to hire two more. Sgt. Jack McCall requested that the Village get a sink for the Village Hall for cleaning purposes. The Council approved this request. The Council discussed getting different insurance coverage for the Police Dept. which would include False Arrest Insurance. Some companies have been mentioned, and more will be looked into. Sgt. McCall mentioned that he had gotten some prices on a radar unit that ranged from \$975 to over \$2,000. The Council felt that such a radar unit is needed due to increased speeding problems in the Village.

Moved by Weiss to approve the purchase of the radar unit for \$975.00. Seconded by Jones, Roll: Ayes - Auten, Jones, Tower, Weiss, Wilford. Nays - none. Absent - Basinger. Motion carried.

The Clerk was instructed to send a letter to the State Highway Dept. to request them to make some repairs on M-15 in the Village.

Copies of the Deer Lake Beach Lease recently approved by Independence Township were distributed to the Council members. The Clerk will review the Lease, comparing it to the previous one. Action on the lease was deferred to the next meeting.

Meeting called adjourned by President Johnston.

Bruce Rogers  
Village Clerk

## Confusion? No, it's education

"Coffee. Where's the coffee?  
WHERE'S THE COFFEE?"

"We took the dessert out of the freezer  
too soon. It's melting!"

"Here come two more customers.  
Who's a waitress?"

The name of the establishment was  
"The Confused Cafe" and it was living up  
to its name at Sashabaw Junior High  
School Friday. Faculty members feasted  
at the restaurant, a project of the ninth  
grade food service class.

The 17 pupils planned the menu  
(which featured beef stroganoff),  
prepared the food, served it, took care of  
the cash and cleaned up afterward.

And they learned from the experience.

"The girls were nervous and anxious,"  
said teacher Mrs. Phyllis Zavislak. "But  
it's good preparation for any job where  
you have to move on your feet and be  
quick."

Dishing up the main dish was one of the tasks performed by Sue Thomas.

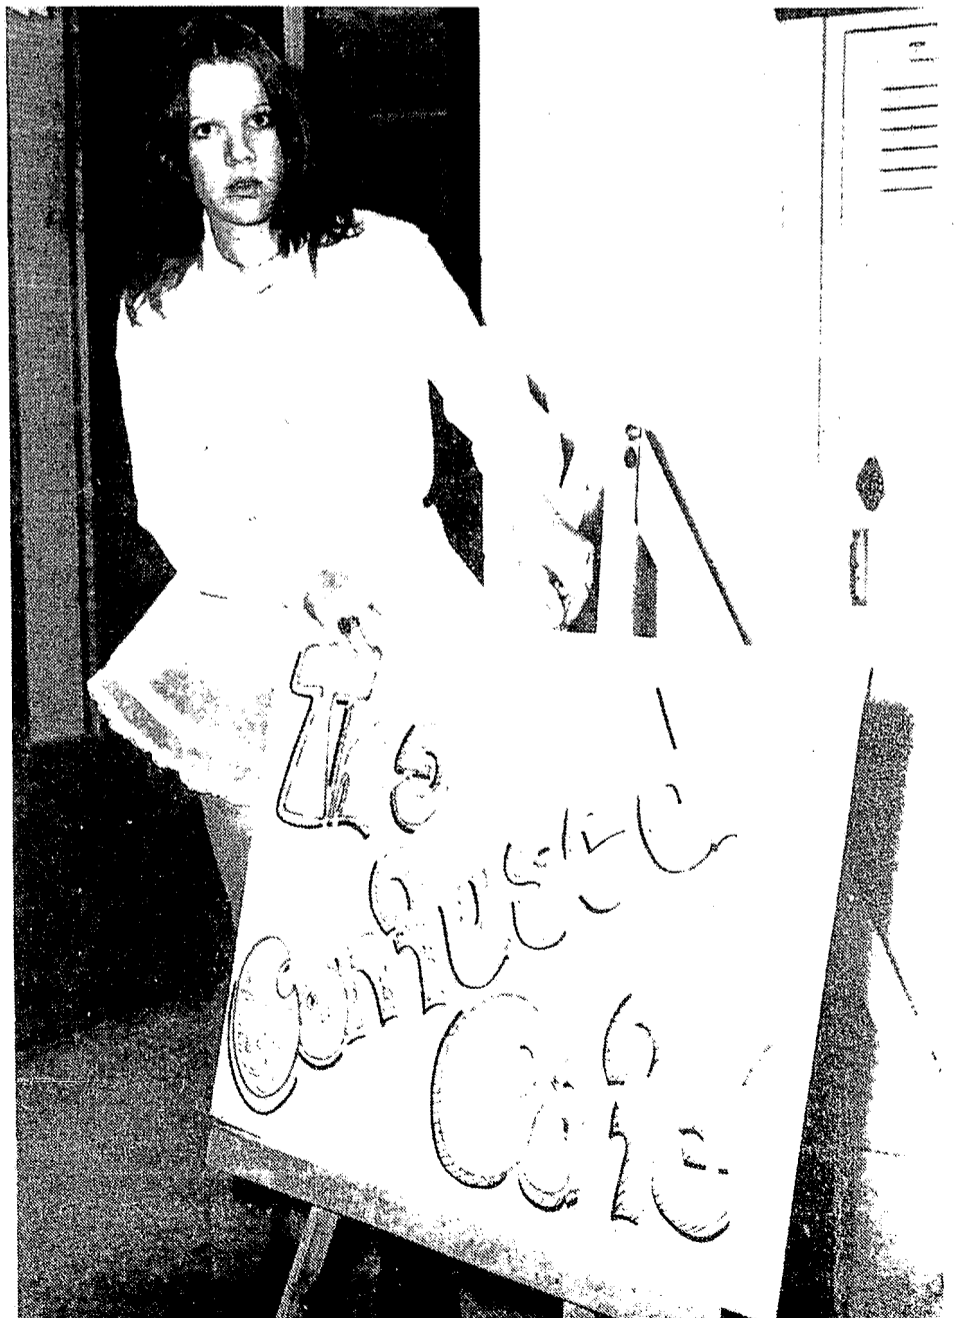

Bonnie Thompson serves a delectable dish to teacher Mrs. Victoria Montgomery, one of the customers at "The Confused Cafe."

Carla Bell takes muffins from the oven to be served at Sashabaw Junior High School's food service restaurant.

Autumn Metlock (left) gives Denise Gee encouragement as she stirs noodles for the stroganoff.

Greeting luncheon customers at the restaurant is Roxann Simpson.
