ODDS AND ENDS

PICKED UP FROM

Remote Corners and Cubbyholes

Attention kids!

So far not enough kids have signed up for the promised Independence Township Recreation Department sponsored Clarkston Grand National Yo-Yo Contest, and Tim Doyle, recreation leader, says only those who have signed up will be permitted to participate.

He's got plans for an elimination contest by grade level and then for grand finals one night in a very public location. How many judges to choose, what building arrangements to make, all depend on how many kids sign up, he says.

He's hoping there'll be at least 500.

Call him. Phone 625-8223. He'll put your name on the list.

Santa Claus will receive the keys to Independence Township when he parades through Clarkston at noon Saturday, December 9 from Miller Road and Main Street to Clarkston Junior High. Supervisor Robert Vandermark will officially welcome the old boy. He will be accompanied by Clarkston Jaycee clowns, bands and floats. Junior Miss contestants will be on hand to assist the jolly old elf as he hears children's requests at the school.

The Christmas Kids Show, complete with Santa Claus will be December 16 at Clarkston Junior High School. Clarkston Jaycettes invite all children of the community to attend.

By Jim Sherman

Last week a dictatorship was voted in South Korea by an overwhelming majority. The vote was about 8 million to 642,241.

To the Koreans the referendum established a "Korean democracy" constitution, but some of the wording in the document is strictly one man rule.

One wonders how people could make such a decision, and so strongly. Skip Sandor, an Oxford grad is in Korea on a university exchange program. He's conducting seminars for graduate students and government dept. heads in the areas of export marketing, multi-national corporations and international management.

He sent a couple clippings from the two Seoul newspapers and a letter of some observations.

An added note said he'd learned it was standard procedure for mail leaving the university to be opened, so he mailed it from a military address.

Sandor said all newspapers besides the two mentioned have been closed by martial law. Therein is the background... the answer as to how the people could vote themselves into a dictatorship.

The government controls the press. Since only the news they wish to disseminate reaches the constituents ears they can be brainwashed.

Here is some of what the people voted:

The president appoints one-third of the National Assembly.

He can dissolve the National Assembly.

He can initiate referendums.

The president has emergency powers that take in the whole range of state affairs. This, the Korean Times said Nov. 9, gives the president "reinforced emergency measures designed to counter such threats effectively and speedily even before threatening events have taken place."

"It (the Constitution) is also designed to organize effectively the national power for the task of saving the nation with a democratic institution adaptable to the realities of the country."

In another clipping sent by Sandor it said "five rumor mongers" were given three to three and one-half years imprisonment for spreading groundless rumors among fellow villagers concerning

the Revitalizing Reforms (Constitution).

So, Korea has achieved what many country leaders want... quell the press to a point of control, then see that only the leader's views are exposed.

There are many people in our industry who feel this process toward government control of the news has begun here. The president has decreased the number of news conferences to practically nothing.

Newsmen and newspapers have been hauled into court and found guilty of reporting news men in our government have decided to keep from us, even news of no security value.

Courts are reversing prior court decisions that newsmen can protect their news source by withholding their names.

These things are happening right now. And, the worst part is that the people, could care less. They're apathetic about the whole thing. And, they are being brainwashed toward... who knows where.

Operation Red Ball— lifesaving

Operation Red Ball, a new safety program designed to identify children's and invalids' bedrooms in case of fire, has been launched in the Independence Township area.

The Red Ball, available at the village fire station, is a sticker, free for the asking, to be placed in the bedroom windows of children and invalids. The

stickers are provided as a public service by Clarkston Jaycees and the American Red Ball Transit Co.

The program has been endorsed by the Clarkston Schools, and stickers are being distributed by Independence Township firemen throughout the elementary schools.

Fire Chief Tink Ronk, Susan Bradley and Clarkston Jaycee Red Ball director, Terry Lopucki inspect Susan's window where a Red Ball, identifying the room as a child's bedroom, has just been placed in the window. Jaycees are trying to get all children's bedrooms in the area so identified for fire protection purposes.

If you're a winner

Winners in Friday's first Michigan lottery drawing have a year to claim their prizes.

Gus Harrison, lottery commissioner, said, "Those who hold \$25 winning tickets must go to a Claims Center, turn in their ticket and fill out a brief form which is returned to Lansing for validation.

"Once a claim is verified, we send a \$25 check to the winner. The check stub, remember, contains a new number which could win that person an invitation to our Million Dollar Drawing."

"Persons with tickets matching both weekly numbers and therefore qualifying them for the Super Drawing should also go to the Claims Center, which has access to a special 'hotline' to notify us of Super Drawing qualifiers," Harrison said.

He noted there could be up to 24 qualifiers for the first Super Drawing in Lansing November 30.

Claims Centers are located in branch offices of the Secretary of State. In this area, winners can take their tickets to 1124 South Lapeer in Lake Orion; 7 South Perry in Pontiac; 96 East Huron in Pontiac; 4520 Pontiac Lake Road in Waterford; or 329 Walnut in Rochester.

Food bargains, a co-op plus

Independence and Springfield Township residents interested in saving money on food bills through a cooperative purchase organization are invited to attend a meeting at 7:30 p.m. December 5 at independence center, 5331 Maybee Road.

Fresh produce will be purchased from the Detroit Farmer's Market and divided up among dues paying members of the club. Marge Batchelder, in charge of the project for independence center, said a similar organization in Lake Orion affords members two shopping bags full of goods for the weekly sum of \$3.

She said no attempt would be made to implement the program until after Christmas.

There's a new look to the Independence Township Board. Newly elected officers, Supervisor Robert Vandermark (left), Trustee Jerry Powell (second left) and Treasurer Betty Hallman (seated) joined incumbents Trustee Keith Humbert and Clerk J. Edwin Glennie for a first meeting last week. Glennie was reelected to his post. Humbert was the only member whose four-year term kept him out of the election November 7.

Township in the red

By Pat Braunagel

At its first meeting since the November 7 election, the new Independence Township Board found itself operating in the red.

"While we will have money coming in in December, we don't have the money to pay our bills now," Supervisor Robert Vandermark said.

If the board had emptied both the township's general fund and revolving fund, it still would have come up about \$2,000 short of meeting its current debts.

"This has never happened before," Vandermark said. "In the past, there has been a significant carryover in the revolving fund."

This surplus has dwindled to about \$5,000, he said. With only about \$15,000 in the general fund, the board could not pay its \$22,000 in bills.

"We're going to have to do some pencil sharpening for the next budget," Vandermark said. In the meantime, payment of some of the township's bills was postponed until tax revenues come in toward the end of the year.

On the suggestion of Clerk J. Edwin Glennie, the board voted to pay four current bills: fire, \$2,279.61; police, \$12,774; water, \$357.75, and insurance and pension payments for township employes, \$2,137.13.

The board approved pay raises for township employes not covered by a recently ratified union contract, also giving them the same fringe benefits negotiated for employes who are members of the union.

All township employes also will be held to the same restrictions and procedures spelled out in the contract, board members said.

Vandermark was given the authority to seek an employe for the township's assessing department. The new supervisor also is serving as assessor, the post he held before the election. His assistant, Reginald Bird, died last month.

The new employe would work toward state certification as assessor.

"You may be hiring our new supervisor," one member of the audience quipped to Vandermark.

To fill the vacancy created by the resignation of former Trustee Tom Bullen, who did not seek re-election, the board appointed new Trustee Jerry Powell to the township's zoning board of appeals.

The board also officially recognized about 40 road name changes throughout the township to conform to previous changes made by the county, with the exception of those objected to by residents at a recent public hearing.

Lot sizes altered north of I-75

By Pat Braunagel

In an attempt to keep all residential lots in the northwest portion of the township no smaller than one and a half acres, the Independence Township Board last week rezoned two entire sections.

The area, generally bounded by Holcomb, Allen and Rattalee Lake roads and the western township line, previously was almost entirely zoned for agricultural use — allowing lots no smaller than 10 acres. Some three acre lots were permitted.

However, approximately 41 acres was zoned to permit lots of 15,000 square feet.

To do away with this spot zoning, the Township Board changed the zoning in sections 7 and 18 to permit either one-and-a-half or three-acre lots.

The action was taken on an interim basis while the township planning commission studies possible rezoning for the entire northern portion of the township.

Two developers own parcels in the 41-acre area primarily affected by last week's rezoning. Effective date of the rezoning was set at Dec. 1 to allow one of them, Mattingly and Davisson Real Estate Co., to obtain building permits for three lots which do not quite meet the new minimum lot size.

Because the site plan which includes the three lots had been submitted before the rezoning was acted upon, the building permits would have to be approved anyway, according to Supervisor Robert Vandermark.

By postponing the effective date of the rezoning, Mattingly and Davisson are saved the time, trouble and money involved in taking the matter to the zoning board of appeals, he said.

The Township Board last Tuesday also gave preliminary plat approval to Mattingly and Davisson for the 34-acre Heritage Heights Subdivision, on the west side of Reese Road north of Holcomb.

In two other actions recommended by the planning commission and the Oakland County Coordinating Committee, the board reduced the density for multiple residential and trailer park zones.

Previously ranging from seven to 13 units per acre, the new multiple residential requirement is six or seven units per acre. The trailer park density went from six and a half to four units per acre. Vandermark noted that there is no land zoned for trailer parks in the township which is not already developed.

The new multiple residential requirements will not affect those developments for which site plans have previously been submitted.

School closings will be announced on radio

Clarkston Schools officials have advised parents to listen to WPON at 1460, CKLW at 800 or WTAC at 600 on their radio dials for announcements of school closings this winter.

Whether or not the weather is deemed inclement enough to close down schools will depend on morning checks by local officials and reports from various law enforcement agencies and the U.S. Weather Bureau.

The decision to close schools will be made prior to 6:30 a.m., it was announced.

"Should severe conditions occur after classes are in session, our general policy will be to keep bus students in their buildings until we can safely operate the buses," said Assistant Superintendent Milford Mason.

"Students will be released only to their parents, to approved adults, or by phoned parental authorization," he added.

Mason said questions would be answered at the transportation office after 7:30 a.m.

Bottle and paper drive Saturday

Springfield Township's bottles and paper collection will be from 9 a.m. to 2 p.m. Saturday, December 2, at Springfield Township Hall in Davisburg, Dixie and Norman roads and at the Clarence Gordon residence, 1608 Davisburg Road.

The collection is a cooperative venture with Holly and Rose Townships.

New Eagles

Michael Fahrner

Michael Fahrner, 15, son of Mr. and Mrs. Harry Fahrner, 10 Robertson Court, was awarded Eagle honors Tuesday, November 28 by Boy Scout Troop 126 at Clarkston United Methodist Church.

A ninth grader at Clarkston High School, he was a member of the football team and has been a scout for five years.

The award was presented by Jack Frost, former scoutmaster.

Rick Gunter

Rick Gunter, 15, son of Mr. and Mrs. Edmund Gunter, 6608 Eastlawn, and a 10th grader at Clarkston High School received his Eagle award Tuesday night from Boy Scout Troop 126 at Clarkston United Methodist Church.

Rick has been in scouting for four years. He was a member of the Clarkston Troop 126 last fall.

Bell rates going up

Because of growth in the number of telephones, Michigan Bell has asked the state Public Service Commission to reclassify the Clarkston exchange and 10 others around the state to the next higher rate group.

Local Bell manager Charles B. Woodhead said reclassification would mean, for example, monthly increases of 20 cents for residence customers with 1- and 2-party flat rate service.

He said suburban and rural zone customers would also be affected, though residence customers with 2-party budget service would not pay increases.

Rates for flat rate business services would increase; however, measured business services would not be affected.

The company is notifying affected customers of the request by letter, he said.

The request was made because the number of main telephones (main stations) in the local calling area has grown and has been over the top of the present rate group classification for the past two years, he explained.

The MPSC, in a 1970 order, specified that when the number of telephones in the local calling area of an exchange moves above or below the rate group limits for a period of 24 consecutive months, the exchange should be reclassified and placed in the proper rate group.

The number of main telephones in an exchange determines the rate group classification because, he said, as the number of telephones increases, so do the opportunities for local calling.

"As a result," he added, "the average calling rate goes up, and customers with flat rate services are provided more service for their basic monthly charge. Recognizing this, flat rate charges are higher in larger exchanges than in smaller ones."

The MPSC must verify and approve the request, and it is up to the Commission to determine when the changes are made.

EDITORIAL

A worthy cause

From now until Christmas is a happy time for most Clarkston and Independence Township residents.

It's not true for everyone, Mrs. Donald Tibbits of 5365 Guyette, reminds us.

She's accepting small contributions of handmade or new articles for the 1200 17-to-78 crowd and the 100 children (most of them in their teens) who are patients at Pontiac State Hospital.

Such items as homemade candy and cookies, unopened perfume,

thread, socks, hose, cigarettes, chewing tobacco, shaving lotion, Kleenex and hand soap could make their lives a lot brighter, she knows.

There's a collection box now in The Clarkston News for donations to the patients. Anyone needing pickup service may call Mrs. Tibbits at 623-1332.

Whatever you contribute will be much appreciated, and we think this is one of those situations where the giver will also benefit. There's a good, warm feeling in helping where help is really needed.

GUEST EDITORIAL

Giving of oneself

by Don Lytle

Sometimes I think "Merry Materialism" would be more appropriate at this time of year. Certainly we have wandered afar from the simple reasons for gift-giving at Christmas.

Emerson made much sense when he wrote: "The only gift is a portion of thyself. Thou must bleed for me. Therefore the poet brings his poem; the shepherd, his lamb; the farmer, corn; the miner, a gem; the sailor, coral and shells; the painter, his picture; the girl, a handkerchief of her own sewing. This is right and pleasing, for it restores society in so far to its primary basis, when a man's biography is conveyed in his gift..."

Now this is certainly a far cry from what our commercialism suggests we do: the more we spend, the greater our expression of love, Humbug!

Ideally, if men love, that is reward enough. If a person bids for my friendship by himself being a friend, his gift is the one of friendship and any exchange of tangible gifts by us would be a disappointment; for how can any gift contrived by a manufacturer fulfill my evaluation of his friendship? It would be better not to give a gift at all in this case. It would be a sin-offering at best.

But if a person must give a gift,

then let it be one that is fashioned by his own hands. The gift should reflect the feelings and abilities of the giver as well as those of the receiver. (That is not easy). And since each person is somewhat unique, the search for the expression of that uniqueness is us, and our friend or lover should be the subject of thought the several weeks before Christmas.

To those critics of ideas like this, I would say that you're right that complete application of an ideal at all times is impossible. But you have missed the purpose of an ideal. Ideals are not to obtain; they are to approach.

We do not in the long run judge ourselves and each other by our perfection, but by our proximity to perfection. Any other judgement is false and unfair. So why shouldn't we get excited about something as personally challenging as Emerson's ideal of gift-giving, especially if it makes sense to us?

Is Christmas a time when we simply become good consumers in the name of love and friendship, or should it be an occasion when we sacrifice our most precious commodities, time and creativity, and search out possible means of expressing our feelings for those we care for as only we can?

"A gift should be a portion of thyself. Thou must bleed for me."

"If It Fitz . . ."

Out of the shadows

If you're honest, you'll admit advertising has often prompted you to buy a certain product. But do you know whose idea it was that you take Alka Seltzer after winning the pie eating contest?

Or, to be more timely, let's say you voted for Nixon because you didn't want McGovern to dump 40% of Nixon's lead soldiers. Whose brilliant idea was that TV commercial showing McGovern playing with Nixon's toys?

Candidates don't have time to create their own ads or write their own speeches. Your bumpers owe their stickers to shadowy men behind the scenes. Who are these masked men?

You may soon know. A few days after election, this

ad appeared in Detroit newspapers: "Congratulations, Judge Charles L. Levin... We are proud to have been your advertising agency. Simons-Michelson Co Advertising."

Thus the world learned who put Levin on the Michigan Supreme Court.

If this public bragging catches on, future after-election ads may reveal such things as:

"Congratulations, Spiro Agnew, on being elected President of the United States, 2-0. We are proud to have been the chemical company which devised the gas that put the nation to sleep on election day. You and Mrs. Agnew are welcome to keep those gas masks as souvenirs of a great campaign. Consolidated Chemical Co."

kill 'n gully

That marvelous garage

by Jean Saile

Marvelous things were accomplished in our garage back on the farm. It rarely had room to house the car. There were too many other things going on there.

Back in one corner sat the old hand operated forge, its coals glowing red as metal replacement parts for one of the farm machines were heated to an incandescence.

My father would grasp the nearly molten material with long pincers, bend it over the anvil and hammer it into the required shape. And then he dunked it in a pail of water which stood nearby, and the resulting "hiss" was most satisfactory to six-year-old ears.

It was great fun to be allowed to operate the bellows on the forge. A hand-turned crank forced great gusts of air in among the coals and the flames burned bright.

Other operations carried out in our garage included the making of rope. Binder twine was strung from a fixed point to a curiously notched wooden peg, and somehow my dad could twist rope out of the bristly strands.

There's a great smell to fresh made rope. I can remember it yet.

Bird houses also grew in our garage. I may have been a girl, but

in that environment picking up a hammer came as naturally as picking up a dish towel.

But my birdhouses never hung together right. Sometimes the dishes didn't either, after I got through with them.

The parts that supplied our machine shop were cannibalized machines stored in a heap behind the garage.

The town machine shops were far away and delays while waiting for repairs could be costly.

From the accumulation of years, a part could generally be found which when treated with care became an ample substitute.

The ringing of ball peen on metal was a familiar sound.

Outside the garage sat a whetstone operated on the bicycle principle, and where everything from mower blades to axes were duly sharpened and returned to duty.

It was an era of self-sufficiency, and it's recalled fondly by a woman who too often stops in at the grocery store for pre-packaged dinners.

I wonder who among us would survive if returned to that day and its lack of "modern conveniences."

LETTERS TO THE EDITOR

To the editor,

The village parking lot. I would not walk or park in, with all the bums hanging around there, winter or summer. With the trees and bushes that are being planted there, it will be more dangerous. That is one gripe.

How come nobody wants a K-Mart out here in Clarkston on Waterford Hill. Just think of the taxes they would have to pay that, would benefit everybody. Anyway we need more places to shop. We just love

Parking lot

the new Clarkston Cinema. See, there is something we like out here.

We really do love it here in Clarkston, but it isn't all farm land now. So we need more stores to shop in. I just know someone is going to say, why don't I move back to Pontiac, but not on your life will I go back to shop or live.

Just think, I have only lived here just 1½ years and already I have something to complain about.

C. Johnson

By Jim Fitzgerald

your conservative views. We are proud to have been the actuary firm which convinced you John Wayne can't live forever. Allied Actuaries, Inc."

"Congratulations, George Romney, upon parlaying your HUD experience into the presidency of the Atlas House Wrecking Corp of Atlas, Iowa. We are proud to have been the opinion poll which convinced you there would be no trouble getting Lenore elected mayor of Atlas. Canter Opinion Poll, Inc.

"Congratulations, John Doe, upon being elected to the Smalltown School Board. I am proud to have been largely responsible for the historical event which made it possible for you to run on your war record. Hitler"

"Congratulations, Julie Nixon Eisenhower, on being elected U.S. Senator from Maryland and Virginia. We are proud to have been the public relations firm which convinced you it would be a bad idea to change your name to Julie Attila Mussolini. Parker Bros Public Relations."

"Congratulations, George McGovern, on being elected Governor of North Dakota. We are proud to have been the detective agency which advised you that Fidel Castro has a Communist background and thus would be a poor bet for Lt Governor. Dick Tracy, Inc."

"Congratulations, Ronald Reagan, upon resigning as Governor of California and returning to the movies which provide a larger platform for

County historians prepare Victorian Christmas party

A Christmas celebration that would warm the heart of Charles Dickens is being prepared by the Oakland County Pioneer & Historical Society for Sunday, December 3.

The setting for the fifth annual Victorian Christmas Party will be "Pine Grove," society headquarters, 405 Oakland Avenue in Pontiac, once the mansion of Governor Moses Wisner, who held office just prior to the Civil War. The party will be open to members and the general public from 1 to 4 p.m.

Society guides in period costume will be stationed throughout the mansion to interpret displays and answer questions. The mansion itself will be decked out in pine boughs, garlands, and beeswax candles, all centered around an old-fashioned decorated Christmas tree in the parlor. A collection of late 19th century toys will be on view from the estate of the late Sarah Van Hoosen Jones of Rochester. The society's Potpourri Shoppe will also be open for the visitor, offering an array of gift items with a historical flavor.

A musical program will be presented in the one room school on the grounds by the Chrystalaiers, a girls' chorus from Pontiac Northern High School. In addition, Merritt and William Olsen will provide dulcimer melodies, and Mildred Barnett will entertain at the keyboard of an antique pump organ in the mansion.

There is no admission charge for the party. Benefit contributions will be accepted and applied to the restoration of the Wisner summer kitchen, a brick structure behind the mansion which is believed to date back to the mid-1800's. Refreshments of hot mulled cider, punch, and cookies will be served.

Parking is afforded at the rear of the grounds, as well as at the United Presbyterian Church lot at 404 Oakland Avenue which can be entered from Pingree or Cadillac Streets, and on the adjoining Wisner School playground.

Pine Grove will be open for scheduled tours the week following the Victorian Christmas party, December 4 through 8 by appointment only.

Pam Leitner, manager of the new Quik Pik convenience store which opened last week at 5910 M-15, checks the frozen food counter. Come next week the store will be open 7 a.m. to 2 a.m. 364 days a year, with only Christmas free. The store carries groceries, frozen foods and party supplies.

PEEKIN' into the PAST

25 YEARS AGO IN THE CLARKSTON NEWS
November 28, 1947

Advent launched at Calvary

The "music and tradition of Advent" will be the theme at 6 p.m. Sunday, December 3 at Calvary Lutheran Church, 6805 Bluegrass.

After a potluck meal and Advent devotions, the congregation will be joined by the Junior Choir, under the direction of Jo Vaara, the Junior High Choir, directed by Karen Dryfuse, and the Senior Choir, directed by Bonnie Hartzman.

Sunday Church School students will also sing, and Pastor Robert Walters will share the traditions of Advent. A final feature will be several songs by Mrs. Hartzman.

Advent (which derives from the Latin "coming") is the season of preparation for the coming of Christ at Christmas. This year the season begins December 3 and includes the four Sundays before Christmas.

Many Advent customs, including the family use of an Advent wreath and an Advent calendar, help to keep the season centered on Jesus' birth.

Mrs. Easton good Scout

Mrs. James Easton, chairman of Clarkston Girl Scouts, was presented a Service Award at the recent annual council meeting of the North Oakland County Girl Scout Council.

The award was made in recognition of her contribution to the Girl Scout program. The citation which accompanied the plaque read, "For her interest and constant devotion to the Girl Scout activities as troop leader, council delegate, trainer, Clarkston Service Unit chairman, member of the program committee, liaison for senior national and international events, eco action Bottles for Building steering committee, Red Cross first aid instructor. Actively involved in Girl Scouting for 14 years — all milestones of success."

Among the new members elected to the board of directors are Mrs. Kelly Burnette of Clarkston and Mrs. Homer Richmond of Pontiac, formerly of Clarkston.

welcome seniors

Davisburg Senior Citizens Joggers will meet at noon Saturday, December 2 in the Springfield Township Hall for a potluck dinner. A business meeting and program will follow. All senior citizens are welcome.

Chrismons, Christ monograms, are displayed by Lee Bey (from left), Nancy Brancheau and Dena Kent of Calvary Lutheran Church. Each of the intricately designed pieces has been made by Calvary women headed by a group composed of Barb Olney, Barb Crick, Audrey Toutant, Carol Lippincott and Carol Wykoff. The symbols depicted by the Chrismons relate to the life and ministry of Jesus. The collection, now five years old but added to each year, was inspired in 1957 by a Virginia woman who didn't like gaudy, irrelevant decorations on church Christmas trees. Some of them are about to be displayed in honor of Advent.

Christmas tea

Northwest Oakland County Historical Society will gather for a Christmas tea from 11 a.m. to 4 p.m. Tuesday, December 5, at the holiday decorated farm home of Mrs. Thomas Seavey Sr., 1821 Rattalee Lake Rd., Holly.

Old toys on loan from members will be displayed and the new Historical Society cookbooks will be offered for sale along with handmade articles, homemade candy and baked goods.

Admission is \$1 and further information is available at 634-8313, 634-9156 or 634-8315.

Around the township

Holidays were enjoyed

by Shanna Nadolsky

625-2837

Mr. and Mrs. A. E. Butters of Church Street spent the holiday weekend in St. Charles, Illinois with their son, Spence and his family. Naturally the four grandchildren were delighted to have grandpa and grandma there for the day of the turkey — and a lovely vacation for the Butters.

The Jack Belbys on Mohawk and Jack's brother Lou and wife Laura were early to rise Thanksgiving Day and were downtown Detroit to see the Hudson parade first hand. The children were all eyes as the giant floats passed by, and of course, Santa's arrival was worth the whole trip. Lou and Laura were visiting here from Lafayette, Indiana.

After many phone calls all over the state

and much planning and arranging, Saturday was the day. King Robinson on Peach Street set up an entertaining day for ten college fraternity brothers and localites, Don Coltson and Jerry Powell. The men gathered at King's home to watch the Michigan-Ohio State game on television. Following the game, they boarded the well known O'Neill Realty bus and went to see the Detroit Red Wings beat the Philadelphia Flyers at Olympia Stadium. A great reunion for the brothers who came from Saginaw, Battle Creek, Lansing, Flint, Detroit and Defiance, Ohio.

The Don Place family on Chickadee spent the holiday weekend with Carolyn's parents in Schenectady, New York. Carolyn's sister and family from Syracuse

also joined the fun. While in New York, the Places attended Carolyn's twentieth high school class reunion, which turned out to be one of the highlights of the trip.

Cliff Irwin on Laurelton got himself a deer the weekend of the 17th near Mio, Michigan. Cliff and several other local men went up, but the others must not have had their rabbit feet with them as Cliff came home with the only trophy.

Thanksgiving was a real family gathering for all the Irwins as Cliff's brother Ron and family were here from Texas for the week.

Jim and Judy Huttenlocher had the family dinner at their home on Middle Lake Road Thanksgiving Day. Mums, dads, children and grandparents together

always make it a very special day. Friday morning Jim and Judy and children flew to East Troy, Wisconsin (near Milwaukee) for the weekend. There they met with friends from Rochester at a ski lodge to spend a very relaxing weekend. The children loved it, especially getting snowed in Sunday when it was time to leave. Flying conditions just were not good enough at both ends at the same time, so their return home was delayed until Monday morning.

Waterford-Clarkston Business and Professional Women toured the Oakland County Hospital recently, and saw a film depicting progress made by patients.

Four members of the Birmingham club were guests.

199112 111111

Mrs. Marietta Moore, president of St. Daniel's Women's Guild displays some of the items to be sold at the guild's annual Christmas bazaar from 10 a.m. to 5 p.m. Saturday, December 2 at the township hall. Knitted goods, ceramics, grab bags, home canned goods and baked goods will be offered for sale.

Springing up
by Betty Hecker

Beautiful fairy forest

We previously lived in subdivision city, Warren, Michigan. You know a subdivision city, where bulldozers are sent in to level everything, every tree and bush is removed, and the topsoil is pushed off to be trucked away — then after the houses are built, we can go buy back the topsoil. In Warren our one tree was a five foot high sycamore that the city planted. It died!

Now we live on a tree lined road, where branches arch overhead protecting, shielding and just being beautiful. Especially beautiful now that they are snow covered. A little three-year-old friend expressed my feelings perfectly as she saw the snow covered trees: "Ohhhh — it's a fairy forest."

Bob and Agnes Emory and their children went on a vacation/family deer hunting trip to Moorestown, Michigan, north of Cadillac. They stayed with Agnes' aunt and uncle, Joe and Deb Brown in their cottage and enjoyed being together. Eight-year-old Bobby Emory set up three traps — trying to catch a skunk (luckily he didn't trap one — for what do

you do with a trapped skunk?). They didn't get a deer, either; no deer, no skunk, no snow. They're glad to be home.

A wise decision was made in Wise, Virginia on November 30, 1936. Acie and June Anderson were married that day. Thursday is their 36th wedding anniversary. Happy anniversary, Mom and Dad. Love, Betty.

Chuck and Betty Miller, 9840 Dixie Highway, went to the 60th anniversary dinner of the Masonic Lodge in Royal Oak. Chuck has been a Mason for ten years. The dinner also honored "Old Timers Night" and one of the old timers was Past Master John Mow, who joined the Masons in 1912.

Friends — you make the news only when you let me know what's happening! Don't be like a friend who after telling me about the wonderful gift package of cheeses, cookies and little candies her brother-in-law had sent from Holland said, "Oh, don't print that, it's not interesting!" Your neighbor is interested. So, please call.

Spiritual Message

Another Vessel as seemed good to the Potter to make it." Jeremiah 18: 4

Brigadier Mary Aspden

How often the human clay cracks, and the Potter must take us, and putting us on the wheel of life, subject us to discipline that eventually brings about the best possible use for our life. The Heavenly potter uses human instruments to mould the muddy clay and bring out of seeming waste something beautiful and of great value. When young Eva Booth (who became general of the Salvation

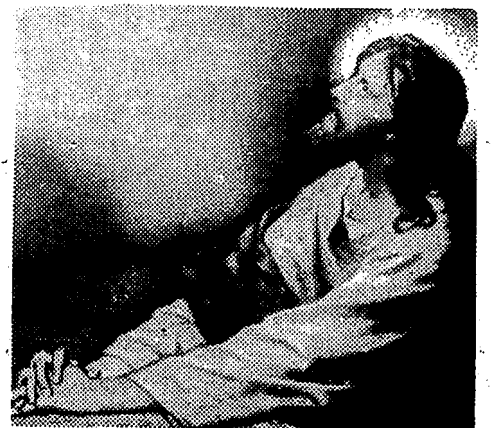

Army) stood outside a large prison in London, England, she saw two policemen holding a woman tightly by both arms. The woman was dirty and ragged, her face was covered with dirt and blood. Eva's heart reached out to the misery of her fellow female. Suddenly she rushed up and kissed the face of this woman.

Later when she visited her in prison she exclaimed, "No one has ever kissed me since my mother, who died when I was seven years of age." This woman became converted and lived a different kind of life under new circumstances.

The redeeming love of God can change the vilest sinner into a Saint. He can take the spoiled vessel and with love and patience, alter its destiny.

With His loving hands He can transform an ugly character into a thing of beauty.

There is no type of failure that His kiss of reconciliation cannot remake.

The size of bedroom closets depends on what your family needs. Some families have larger wardrobes than others. Some have the habit of storing every imaginable sort of thing in their bedroom closet. Before you shop for a new house, assess your family's needs in this area. You may find that extra space in bedroom closets is either a luxury or a hazard. Go ahead and measure closets and compare to make sure you are perfectly happy with what you get.

BOB WHITE REAL ESTATE, 5856 S. Main St., 625-5821 stands for service — personalized service with complete follow-through to attain the results you want. X-way lengthened Music is the key

A five-mile section of M-59 Freeway between Old M-59 (Auburn Road) east of Pontiac and Mound Road near Utica will be opened Dec. 1, the State Highway Commission announced today.

The new section, constructed at a cost of nearly \$9 million, exclusive of right-of-way and engineering, will extend M-59 Freeway from its present terminus at Old M-59 east to Utica. It will provide a direct freeway link between downtown Pontiac and Utica, with interchanges at Rochester and Dequindre roads.

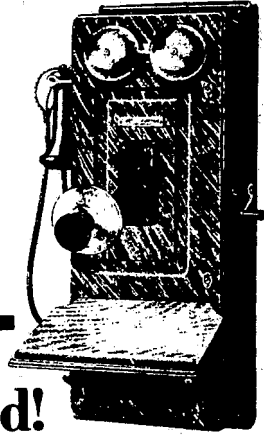

"Music is the Key to Christmas" say Clarkston Junior High sixth graders and the school's cadet band and wind ensemble. They'll be presenting a Christmas concert at 7:46 p.m., Tuesday, December 5, at the school.

Bart Connors will direct the program. Admission is 75 cents.

Conservatory offers children's show in Pontiac

The Clarkston Conservatory will present a Detroit area premiere performance of Barab's "Little Red Riding Hood," a comic chamber opera during Pontiac Creative Arts Center Christmas craft show at 3:30 p.m. Sunday, December 3.

Also billed is Monnotti's popular "The Telephone."

Featured musicians are Nancy Hoover, soprano, master of voice at Indiana University; Kenneth Young, baritone, soloist for the Detroit Symphony Orchestra; Diann Wolfe, soprano; and David Wilson, master of music, University

of Michigan.

There is no charge for the program. Children are welcome. Pontiac Creative Arts Center is located at 47 Williams Street.

Dianne Wolfe, soprano

SPORTS

Go-Round

by Jerry Savoie

Hockey, ice hockey, is the national winter sport of Canada, but for many Americans it is also the national winter sport of the United States. Amateur hockey is a favorite between many schools, colleges and clubs, and, of course, professional ice hockey is a spectator sport that for many ranks second to none. Hockey is also a part of the Winter Olympics, and there the game becomes an international favorite with many countries competing for the coveted awards. The game is full of speed and excitement: perhaps that is one reason for its popularity.

SAVOIE INSULATION CO., 64 S. Main St., 625-6201 is popular too, for its fine quality and service. We carry both blanket and blown-in fibreglas or cellulose insulation and a wide range of aluminum products. See us, too, for an excellent selection of lighting fixtures for outdoors and for every room in your house. Open: 7:30-5:30, Mon.-Fri.

HELPFUL HINT: White coated light bulbs are great for diffusing light but lose 15 percent of the bulb's lighting ability.

Directory available

A Tri-county Directory of Family Planning Resources, entitled "It's Your Choice," has been compiled into a 16-page booklet by Greater Oakland Zero Population Growth and Common Ground.

This booklet is written for the individual or agency seeking information about adoption services, birth control methods, legal abortion and male and female sterilization operations in the Wayne, Oakland and Macomb County area.

"It's Your Choice," sells for 25 cents and may be purchased at Common Ground, 2795 Woodward, Birmingham, or through Zero Population Growth, P.O. Box 602, Rochester. The 25-cent fee can be waived for individuals in need.

Regular Meeting Independence Township Board November 21, 1972 Synopsis

Present: Glennie, Hallman, Humbert, Powell, Vandermark.

The Township Board unanimously approved the following:

1. To sign water agreement w/Hillview Estates No. 1.
2. Sewer Agreement with Pine Knob Ski Resort, Inc.
3. Road name changes - to request OCRG to change Guelph (Clarkston Estates No. 2) to Paramus and Squirrel Hill Ct.
4. To pay Absent Voters Counting Board workers at the same rate as precinct workers.
5. To support Bottles for Building in their efforts to establish two collection and storage facilities.
6. To approve preliminary plat of Heritage Heights.
7. To rezone lots 4, 5, 6 of Drayton Highlands from C-1 to R-1A.
8. To approve interim rezoning of sections 7 and 18 from A & R1A to R1S & R1B, to be effective Dec. 1, 1972.
9. To approve pay schedule and fringe benefits for non-union employees.
10. Lot split, lot 30, Supervisor's Plat No. 11.
11. To approve hiring of field men for Assessing Dept.
12. To purchase or lease copy machine for township library.
13. To approve hiring of temporary help for Treasurer's Dept. during tax season.
14. To appoint Jerry Powell to fill vacancy on Board of Appeals.
15. To amend text of Ordinance 51, Sec. 5, Multiple Density, effective immediately.
16. To amend Ordinance 51, Mobile Home Park Density, effective immediately.
17. To appoint Robert Vandermark delegate and Jerry Powell alternate to Semcog.

Meeting adjourned 12:05 a.m.

There is nothing more frustrating than a lamp which is not functioning perfectly. Most often the cause of the malfunction is a simple one: there is a short circuit in the cord of the plug or perhaps the switch is broken. However, a bad lamp is often not only frustrating, it can also be dangerous as a shock or fire hazard. Always repair frayed electrical cords immediately to keep short circuits from developing. Simply wrap the fray in friction tape. For a longer range improvement, the whole cord should be replaced.

For the handyman on your Christmas list, BOB'S HARDWARE, 60 S. Main St., 625-5020 has a large selection of tools from Stanley and Sentry. We also feature a wide variety of plumbing and electrical supplies, Amerock cabinet hardware, and National Lock furniture hardware. Open: 8-6, Mon.-Sat.

HELPFUL HINT: Never unplug an extension cord by pulling on the cord: pull at the plug.

PUBLIC NOTICE

TOWNSHIP OF INDEPENDENCE
COUNTY OF OAKLAND, STATE OF MICHIGAN

ADOPTED: November 21, 1972
EFFECTIVE: Immediately

TITLE: A TEXT CHANGE TO AMEND THE INDEPENDENCE TOWNSHIP ZONING ORDINANCE NO. 51 - RELATING TO RM - MULTI-FAMILY.
TO WIT:

SECTION 5. DISTRICT: RM - Multi-Family (d) (j) (Single Family Dwellings: same as R-1A)

MAXIMUM USABLE FLOOR AREA AND ACCESSORY BUILDING FLOOR AREA IN PERCENT OF LOT AREA: 40%
MINIMUM YARD SETBACK IN FEET: Front yard 40
Side yards . . . Least one 10
Total of two 20
Rear yard 40

MAXIMUM BUILDING HEIGHT IN FEET 35
IN STORIES 2½

MINIMUM LOT SIZES . . . Area in sq. ft. (P.D.U.):
1 bedroom 6,000
2 bedroom 8,000
3 bedroom 10,000
Width, in feet 100

PARAGRAPH j: Multiple Family Residential lots sizes of:
3,000 square feet for 1 bedroom units
4,000 square feet for 2 bedroom units
5,000 square feet for 3 bedroom units

shall apply to all multiple zoned lands in the township upon which conceptual plans, or final site plans have been approved by the Planning Commission within the last 20 months of the effective date of this amendment.

This amendment is hereby declared to have been adopted by the Township Board of the Township of Independence, Oakland County, Michigan at a meeting thereof duly called and held on the 21st day of November, 1972, in order to be given publication in the manner prescribed by law. Said ordinance shall become effective immediately, which effective date of the 21st of November, 1972. Ayes: Glennie, Hallman, Humbert, Powell, Vandermark.

J. Edwin Glennie
Independence Township Clerk

Dr. William C. Taylor, executive director of Gov. Milliken's Special Commission on Land Use, will meet with members of the Citizens Council for Land Use Research and Education at 7:30 p.m. December 6 at the Bloomfield Township Library, Lone Pine and Telegraph. Public hearings on the draft of an omnibus land use and development act are now being conducted by Dr. Taylor throughout the state. Area residents are invited.

The Suburban Concert Ballet in cooperation with the Pontiac-Symphony Orchestra will present "The Nutcracker" December 12 and 17, with a special benefit performance for children and retirees at 10:30 a.m. December 16, in West Bloomfield High School. Tickets for the December 17 performance are still available by calling 626-5218 or 626-1893.

The Oakland University Singers under the direction of John Doyaras will present its opening concert of the fall season on Thursday, November 30, at 8 p.m. in Varner Recital Hall. The concert will include a special presentation of three poems by the famous Nobel Prize-winning poet, musician and philosopher Rabindranath Tagore sung both in the original Indian text and in English translation.

Places to go, things to do

Christmas comes to Greenfield Village December 9, continuing through the end of the month. Homes and shops in the Village are decorated in character with their period in American history. Visitors will see demonstrations of holiday cookery and crafts from Christmases past, enjoy old fashioned sleigh rides and the joyous songs of carolers while at the Village in Dearborn.

This year's Christmas exhibit theme at the Henry Ford Museum will be "Crafts at Christmas." It will feature craftsmen demonstrating the skills of our forefathers along the Museum's Street of Shops. Period decorations and Christmas music played on antique instruments will provide a nostalgic atmosphere. And, at the Henry Ford Museum Theatre, the Greenfield Village Players will present a witty and winsome musical version of the popular fairy tale, "Puss in Boots," December 16-31.

Direct from "Mr. Roger's Neighborhood" of network education television fame, the Bob Brown Marionettes come to the Detroit Youtheatre Saturday, December 9, with their Christmas special, "Santa's Holiday Circus." Performances at 11 a.m. and 2 p.m. are in the Detroit Institute of Arts auditorium.

Giant three-foot marionettes including roller-skating bears, dancing birds, juggling clowns, an elf Christmas band and Santa Claus himself make this show a seasonal treat for the entire family.

Tickets at \$1.50 (\$1 each for groups of 10 or more) may be purchased in advance either in person or by mailing a stamped, self-addressed envelope and check/money order payable to: Detroit City Theatre, Ticket Office, Detroit Institute of Arts, Detroit, Mich. 48202. For information phone 832-2730.

Immunization offered free

An immunization clinic, staffed by the Oakland County Department of Health, will be December 7 at independence center, 5331 Maybee Road. The service is free. Further information is available at the center, phone 673-2244.

Pills and Athletes

In the last few years, there have been several reports of athletes doping themselves with various drugs that are supposed to improve performance or add weight. This is now moving from the college campus and Olympic field to the high school locker room, says Dr. Fred L. Allman, of Atlanta.

He warned young men that they are endangering their present health and future condition with amphetamines ("pep pills") and anabolic steroids (synthetic male sex hormones).

The pep pills are supposed to improve performance by delaying fatigue. Dr. Allman said this can be done only by allowing the body to become used to the drug, or "habituated."

"Habituation is known to lead to insomnia, headache, acute anxiety states and collapse of the circulatory system. Also, a person's judgment can be impaired so that he overestimates the drug's 'beneficial effects' on performance."

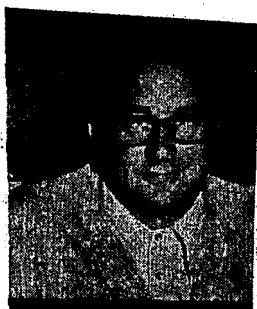

The anabolic steroids are being taken by some boys who want to gain weight for sports in which extra pounds are considered an advantage, such as football or wrestling. Dr. Allman said the practice started with "Muscle Beach boys" about 10 years ago, and spread to professional and college athletes. Now it's a high school problem, too.

Young athletes taking them run a definite risk both of stunted growth (due to premature closing of the bones' growth centers) and markedly suppressed male hormone production. Other disorders may be linked to uncontrolled use of the steroids, including prostatic cancer, but it can take years for such problems to develop.

Scouts right on target

The Clarkston Girl Scout Association Archery Program has just completed its fall session. What was supposed to be a six-week course was cut to four for the Saturday class, and five for the Monday class, due to damp, cold drizzly, blustery days.

Junior and cadette Girl Scouts, shooting at ten and twelve yards respectively, learned the fundamentals of archery and how to score.

Their goal was to shoot for a specified score when enabled them to receive a patch for attaining that score.

A spring session will be set up so that the girls may continue shooting for those scores which they left off with this fall.

Junior Girl Scout Troop 453 hosted a luncheon and Rededication Program for mothers on Saturday, November 18 at Clarkston United Methodist Church. The girls had been working on their cooking badge and spent three troop meetings making lasagne at Jo Vaara's house,

cloverleaf rolls at Judy Larsen's and hot fudge cream puffs at Joan Giegler's. They also had the help of Cris Kevern, Judy Huttenlocher, and Mary Vandermark. The mothers and guests who attended enjoyed the delicious food served by the girls.

We are so happy to have these new friends.

The independent view

by Jean Saile

Apologies to Mickey King, write-in candidate for supervisor. Mickey received 10 votes, four more than we credited him with.

Pine Knob principal David Westlund was wished a happy Thanksgiving last Wednesday by all the students in school. They all yelled it out over the PA system and a nearby phone picked it up. Dave is in Cleveland, where he was due to undergo heart surgery this Monday.

The pennies being sent anonymously and daily to Publisher Jim Sherman and me now total 88 cents. Monday's batch was accompanied by a "Smile" button,

and we are smiling. Those POW/MIA bracelets are getting closer, and our curiosity is getting wilder.

Who, oh happy, whimsical person that you are, are you?

Everybody sated on turkey? For the first time I began to feel like a matriarch. Pat, who is a sophomore, was home from Michigan State University, and Mike and Doug, who both hold part time jobs and rarely ever have the opportunity to eat with the family, were "home for the holidays." It was great. With grandma and grandpa and good friends to join in, it was a super Thanksgiving, marred only by the chest cold that struck Friday as we toured Hudson's downtown Christmas display with our younger brood.

I don't think I'll ever be too old to enjoy Christmas shows, and the one we saw Friday was not too crowded and lovely. First people we saw on the 12th floor, having ridden the escalator all the way up (that's half the fun according to the kids) were the Belbys from Independence Township.

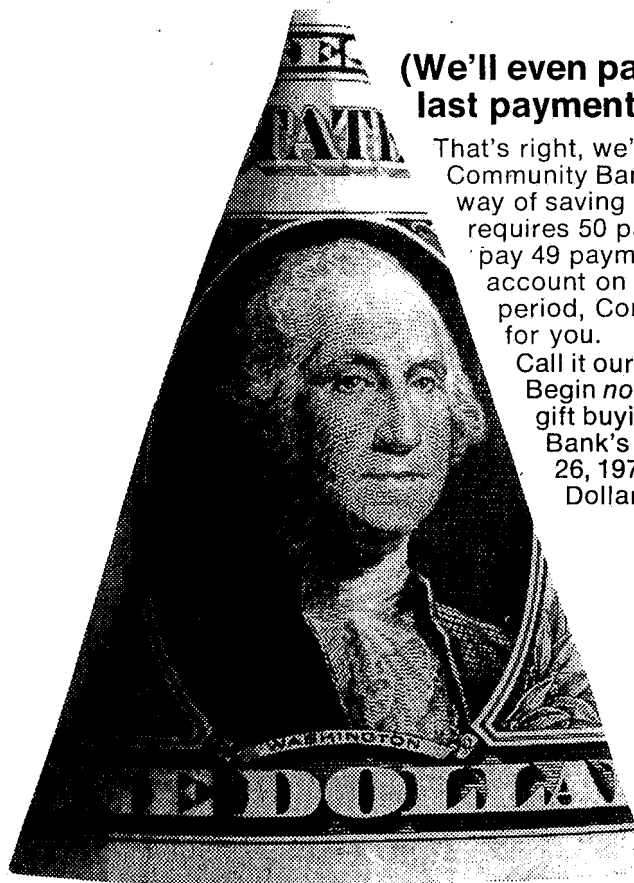

Things I never dreamed they'd do department: Polystyrene foam, the lightweight material used for insulation, packing material, Christmas decorations and a variety of other products, now forms the roadbase of a Michigan highway. Planks of the white stuff were bundled together to form a base up to five feet thick on the approaches of a newly constructed Chippewa County

bridge in the eastern Upper Peninsula. I hope they don't have a forest fire which might possibly melt the stuff.

Shanna Nadolsky is still Shanna Nadolsky and the writer of our Around the Township column. She has not changed her name, despite what we called her last week. Still, Shannon doesn't sound too awful, does it?

You will have noticed our old time makeup in this week's issue. It's been fun to hark back to the styles of yesteryear. If you like it and believe it in keeping with the traditions of Clarkston and the Independence area, we may stick with it. Let us know what you think.

For a green Christmas next year, join Community's 1973 Christmas Club NOW

(We'll even pay your last payment for you, free)

That's right, we'll pay it for you. Community Bank's helpful Christmas Club way of saving money for next year's expenses requires 50 payments. But when you faithfully pay 49 payments into your Christmas Club account on time, meeting every payment period, Community will pay the 50th payment for you.

Call it our Christmas gift to you. Begin now to make next year's Christmas gift buying more enjoyable. Join Community Bank's 1973 Christmas Club before January 26, 1973, so next Christmas will be green. Dollars-green.

STATE OF MICHIGAN
TOWNSHIP OF INDEPENDENCE
TRAILER PARK ORDINANCE
(AMENDMENT TO ORDINANCE NO. 51)

With Repealer of Certain Portions of said Ordinance

DISTRICT INTENT AND REGULATION
RMT - MOBILE HOME PARK DISTRICT

This district is intended to regulate the location and installation of mobile home parks, both transit and non-transit, to prescribe uniform standards and to provide conditions and limitations for the use of the land therein.

A. Definitions

The following special definitions shall apply to the interpretation of this district's regulations and are in addition to and supplement the definitions found elsewhere in this ordinance.

1. A "mobile home" is any vehicle or similar portable structure, sometimes called a trailer coach, mounted or designed for mounting on wheels, used or intended for use for dwelling purposes, either temporary or permanent, including structural additions, except parked and unparked camping type trailers. Any such vehicle or structure shall be deemed to be a mobile home whether or not the wheels have been removed therefrom and whether or not resting upon a temporary or permanent foundation, except as herein otherwise defined.

2. A "mobile home park" is a tract of land, sometimes called a trailer park, which has been developed with all necessary facilities and services in accordance with a site development plan meeting all the requirements of this ordinance and which is intended for the express purpose of providing a satisfying living environment for mobile home residents, whether transit or non-transit.

B. Permit & Fee

1. It shall be unlawful to use a mobile home as either a permanent or temporary dwelling place when said mobile home is located outside of a mobile home park.

2. It shall be unlawful for any individual, firm, trust, partnership, public or private corporation, to construct a mobile home park without first having obtained a permit from the township building department, which permit shall be in lieu of any other permits required by this ordinance. The fee for said permit shall be Fifteen Hundred (\$1500.00) Dollars.

3. Application for an initial trailer coach park permit shall be filed with the Township Building Department of Independence Township. The application shall be in writing on forms prescribed by the Building Department and approved by the Township Board, signed by the applicant, and shall include the items required for site plan review in accord with Paragraph (h) of the Notes portion of this section.

4. Before construction is begun, the Township Planning Commission shall review the above application in accordance with its powers of site plan review as provided by this ordinance. Further, the Planning Commission shall ascertain that the proposed construction is in accord with all applicable provisions of this and other ordinances, statutes, and regulations regulating Mobile Home Parks, and the Planning Commission shall confer with the Township Engineers, the Township Building Department, and such other sources as the Planning Commission shall deem necessary in making said determination. Upon receipt of a favorable report from the Township Engineers, the Township Building Department and any other requested source and approval in writing from any necessary officials, and upon satisfactory determination of compliance as per above, the Planning Commission shall authorize the Building Department to issue the permit. The licensee shall file a copy of the approved plans with the Building Department.

5. No mobile home space within the mobile home park shall be occupied for dwelling purposes until construction of all sewer, water, and electrical services, paving and street and parking area lighting have been completed and approved and the head of the Building Department or his agent has approved the premises for partial or total occupancy.

6. In addition to meeting the above requirements, the trailer parks must meet the requirements of the Independence Township Building Code as determined by day to day inspections by the Building Department.

C. Trailer Coach Lot Size and Like Requirement

1. There shall be no more than 4 mobile homes per acre in a mobile home park. In computing this density, the developer may include the land used for roadways, parking, sidewalks and recreation areas; however, the developer may not include the land used for office, administration, laundry, lavatory, service or other buildings of like kind nor may the developer include the land used for a buffer zone or zones but rather all such land for these latter uses following the semi-colon above shall be in addition to the land required to meet the 4 units per acre requirement.

2. Each mobile home coach site shall be occupied by only one (1) mobile home.

3. Each mobile home site shall be grass covered, covered with asphalt, or some dust-free material except for the space directly under the trailer coach, which shall be made of concrete of 6" thickness reinforced with 6"x6" 11 gauge wire mesh, and shall be of such construction as to be of a permanent nature considering the weight and size of the trailer.

4. No temporary structures of any nature shall be attached to any mobile home, nor shall any such structure be located on any mobile home lot.

5. No mobile home shall be located within 20 feet of any building in the park.

6. Recreation space shall be provided in a central location and at a ratio of eight hundred square feet per mobile home lot.

7. No mobile home shall be located closer than 30 feet to the buffer zone described below.

8. A minimum storage area of 800 cubic feet shall be provided for each mobile home unit.

D. Buffer zone

1. There shall be a fifty foot green belt established around the entire perimeter of the mobile home park. No building, structure, mobile home or other or like objects may be located on this greenbelt. Said greenbelt shall be occupied by greenery only, except that a sign in conformance with this ordinance may be erected in said zone identifying the mobile home park only. No other signs shall be allowed on this greenbelt. Trees and shrubs must be planted and arranged so that they will attain such heights as to effectively screen the mobile home from the surrounding areas, and the Planning Commission may, where the public health, safety and welfare are insufficiently protected, require a berm. Said buffer zone shall be maintained at all times by the park management.

E. Service Drives, Parking & Sidewalks

1. All vehicular arteries within the mobile home park shall be the private property of the park and shall be maintained by the management of the park; all such arteries shall be called, for the purposes of this ordinance, service drives.

2. All mobile home lots shall abut a service drive.

3. All service drives shall be constructed in accordance with the following standards:

(a) One way traffic SD with no parking, minimum width 16 feet.

(b) Two way traffic SD with no parking, minimum width 24 feet.

(c) One way traffic SD with parallel parking on one side only, minimum width 22 feet.

(d) Two way traffic SD with parallel parking on one side only, minimum width 30 feet.

(e) One way traffic SD with parallel parking on two sides, minimum width 32 feet.

(f) Two way traffic SD with parallel parking two sides, minimum 40 feet.

(g) All service drives shall be hard surfaced and designed and graded for proper drainage according to standard road building practice as developed by the Oakland County Road Commission and be approved by the Township Engineer both prior to the issuance of permit and prior to the opening of the mobile home park.

4. Mobile home parks shall provide an approved hard surface entrance road not less than 60 feet wide, and of sufficient length to properly disperse traffic, which design shall also be subject to the Township Engineer's approval.

5. Two hard surface automobile parking spaces shall be required for each trailer coach site. One such space may be placed in the service drives, provided parking is permitted on said service drives in accordance with the standards of this ordinance. Each parking space, wherever located, shall be a minimum of 20 feet in length and 10 feet in width.

6. Parking spaces on service drives and on parking areas shall be clearly marked.

7. All service drives shall be provided with curbs and gutters and be properly drained.

8. The service drives must provide a system for convenient access to all mobile home sites and to all facilities in the mobile home park. The street system shall provide convenient circulation by means of minor streets and properly located collector and arterial streets. Closed ends of dead end streets shall be provided with a turning circle of not less than forty feet outside radius.

9. In addition, concrete sidewalks not less than 36 inches wide and 4 inches thick and set back at least 36 inches from edge of roadway shall be provided from the mobile home spaces to the service buildings and in front of said mobile home site, and further, said sidewalks shall not be counted in any respect as a part of the public street, alley, or highway.

10. Street and yard lights sufficient to permit safe movement of vehicles and pedestrians at night shall be provided, and shall be so located and shaded as to direct the light away from adjacent properties.

11. No parking signs shall be erected on all streets where parking is not permitted by the terms of this ordinance and cars parked in said areas shall be considered to be in violation of this ordinance.

12. All paving shall be in accordance with Oakland County Plat standards for residential subdivisions.

E. Utilities

1. All electrical service conduits and other utilities shall be underground. Each mobile home lot shall be provided with underground electrical service. When separate meters are installed each meter shall be located on a uniform post on the lot line of each mobile home space. Wiring shall comply with the recommended standards of the local utility and the Independence Township Building Code and National Electrical Code.

2. All fuel oil and bottled gas tanks shall be located on each mobile home lot in a uniform manner. All fuel oil tanks shall be of an approved type to comply with the building code standards and shall be equipped with vent pipes and fused valves. Notwithstanding number 1, above, all tanks shall be elevated on noncombustible stands and placed on a concrete base.

F. Water & Sewage Facilities

1. The grounds of the mobile home park shall be graded to drain properly.

2. Prior to construction, all plans and specifications for water and sewage facilities shall have the approval of the Independence Township Health Department, Oakland County Health Department and the Michigan State Health Department. A certificate of approval from each of those agencies must be on file with the Township Building Department before final inspection of the completed facilities.

3. An adequate supply of pure water for drinking and purposes shall be supplied to meet the requirements of said mobile home park from the township water supply system or from a central system within the park.

4. Fire hydrants of a size, type and pressure as used by Independence Township Fire Department shall be placed within said trailer park so that no trailer site shall be located more than 500 feet from a fire hydrant.

G. Special Restrictions and Limitations

1. No business of any kind shall be conducted in any mobile home park, except that of a manager's office.

2. It shall be unlawful for any person to remove the wheels or other transporting device from any mobile home or otherwise to affix said mobile home permanently to the ground so as to prevent ready removal of such mobile home, unless a permit to do so is obtained as required for the construction of a new building. Any such alteration shall be constructed as converting the mobile home into a building and subject to the requirements of the zoning and building ordinance.

3. Nothing in this ordinance shall be construed to prohibit the storage of any mobile home for any length of time when said mobile home is not used for living or sleeping purposes, where said storage otherwise complies with the terms of this and other applicable Independence Township Ordinances.

H. Transit Trailers and/or Parks

1. This ordinance shall apply in all respects to transit trailer parks, with the following limitation:

2. If the park combines transit and non-transit uses, the transit area will be a separate area from any non-transit area. The time limit on a transit trailer in the transit area or in any transit park will be 21 consecutive days and once said 21 days have elapsed said transit trailer cannot come back into said park until it has been absent therefrom for 14 days.

I. Conflict With Other Sections or Sub-Sections

Wherever this RMT Sub-Section of Section 5 is in conflict with other Sections or Sub-sections of this ordinance, this Sub-section shall control.

ONLY PERMITTED PRINCIPAL USE:

Mobile Home Park, either transit or non-transit.

PERMITTED ACCESSORY USES TO PRINCIPAL USE:

1. Recreation facilities for the exclusive use of residents of the mobile home park and their personal guests.

2. Storage and service facilities for residents, except no such facility may be located in a mobile home.

3. Office and residence for manager.

OU expands evening credit program

Registration for Oakland University's winter term evening credit program will be from 5 to 9 p.m., November 27-30, and again Dec. 4-7, Dean Billie DeMont has announced.

More than 40 credit courses will be offered on the University's Rochester campus, Dean DeMont said. Registration will be held in Room 160, North Foundation Hall. Telephone calls should be made to 313-377-4010.

The 40 courses include offerings in the freshman through senior range. The on-campus courses are not to be confused with those 14 evening credit programs to be given during the winter term through an extension service at Shrine High School, Royal Oak, Dean DeMont said.

For the first time, it will be possible to study on campus for a degree solely through credit evening study, she said. Beginning with the winter term, an independent concentration or major in the Arts and Sciences and an English major are available to students through the

evening credit program. Additional majors and many more course offerings are planned for the fall of 1973, Dean DeMont said. Most of the winter term courses are for four credits and meet Mondays and Wednesdays or Tuesdays and Thursdays.

Credit courses are: Introduction to China; Introduction to Latin America; Introduction to the Slavic World; Roman Art; Art since 1945; Advanced Introductory Chess; Community Service (8 credits including a field term); Microeconomic Analysis; Management Information and Control Systems, and a computer laboratory for the course; Management Accounting for Decision Making; Organizational Behavior; Intermediate Computer Programming with Numerical Applications; Introduction to Engineering Design; Film Colloquium: Theory and Praxis.

Also: World Literature; Augustan and Romantic Literature; 19th Century American Fiction; Major American Writers, Hawthorne and Steinbeck;

Introduction to Russian History; Learning Skills; The Nature of Language and Its Theory; Introductory Mathematics; Elementary School Mathematics and the Computer; Mathematics Methods in Operations Research; Secondary Mathematics; Mathematics Methods in Engineering, II; Introduction to Philosophical Thinking; Astronomy; Foundations of Contemporary Psychology; Statistics in Research Design; Child Development.

Other courses are: Early Childhood Education; Social and Philosophical Issues in Education; Introduction to Music; Symphonic Wind Ensemble; Opera Workshop; University Orchestra; Afram Laboratory Band; Beginning Gymnastics; Advanced Gymnastics; Evolution of Man and Culture; The Family; Voice and Articulation; Topics in Communication Film.

Morris (Moe) Stelmach (right) of 9659 Pine Knob Road and his 16-year-old son, Gary, display 7-point and spikehorn trophies they shot near Standish on the opening day of the season November 15. Stelmach, who has hunted the area all his life, fears what a legal doe kill and the abundance of hunters will do this year. Two other members of the party, Moe's brothers Steve and Joe, did not fare as well. Joe had a shot, but missed his target.

CARPET CLEANING

Did you know that . . .

Quote: Parents Magazine

"85% of the dirt that accumulates in a room is concentrated in the carpets and rugs? The major cause of carpet wear is ground in dirt."

Now..

There is steam power extraction, a unique process of carpet cleaning which extracts all dirt from the nap and fibers of your carpets and rugs.

Brighten up your Carpets and Upholstery with our . . .

USES PERMITTED AFTER OBTAINING
BOARD OF APPEALS SPECIAL EXEMPTION
PERMIT (See Section 13):

Same as R1A, numbers 1 through 5.

THE AREA, HEIGHT, BULK, AND PLACEMENT REQUIREMENTS FOR
PRINCIPAL AND ACCESSORY USES SHALL BE AS FOLLOWS:

RMT - Mobile Home Park:

Maximum Usable Floor Space - Not Applicable

Minimum Yard Setback

Front Yard - 30 Feet

Side Yards - Least One - 15 feet

Total of Two - 30 feet

Rear Yard - 15 feet

Maximum Building Height in feet - 25

Maximum Building Height in stories - 1½

Minimum Lot Size - Not Applicable

All other districts shall remain the same.

SECTION 5, PARAGRAPH (i) b. 2 and 10 ARE AMENDED AS FOLLOWS:

2. Deleted.

10. In no case may a mobile home be placed closer than 80 feet to another property line or zoning classification. Said 80 feet may include the greenbelt and setback requirements elsewhere set forth.

SECTION 6, PARAGRAPH 8, THE WORDS "or Trailer Coach Park District" ARE HEREBY DELETED FROM SAID PARAGRAPH AND A SUBPARAGRAPH (b) IS ADDED AS FOLLOWS:

(b) For greenbelt requirements in RMT Districts, see the District, Intent and Regulation RMT District.

REPEAL OF PRIOR SECTIONS AND INCONSISTENT ORDINANCES.

RMT: Repealed in its entirety and replaced by this amendment which amendment adopts the designation RMT but completely amends the text of said district.

The repeal of said ordinances and amendments shall not affect or impair any act done, offense committed or right accruing, accrued or acquired or liability, penalty, forfeiture or punishment incurred prior to the time enforced, prosecuted or inflicted. Any ordinance provisions of the Township of Independence which are inconsistent herewith, are repealed as to such inconsistencies only.

DECLARATION AND EFFECTIVE DATE.

This Amendment to Ordinance No. 51 is hereby declared to have been adopted by the Township Board of the Township of Independence, Oakland County, Michigan, at a meeting thereof duly called and held on the 21st day of November, 1972. This ordinance to be effective immediately.

Ayes: Glennie, Hallman, Humbert, Powell, Vandermark.

Bottles For Building Collection Area

Township approves Bottles center

By Pat Braunagel

Bottles for Building Inc. is initiating a building project for itself — the organization is seeking government financing for two new drop-off centers.

Tentative approval for the project came last week from one of the sources to be tapped, the Independence Township Board. Township involvement in the construction is contingent on approval of the plans by the township building department and on participation by the Clarkston Village Council.

The proposal was to be presented to the Village Council this Tuesday.

With council approval, both units would jointly pay for the construction materials, landscaping and maintenance of the two centers. The 16-by-16-foot redwood sheds would be erected by members of the building construction class at Clarkston High School.

Estimated cost of materials for each center is between \$250 and \$300.

One of them would be located near the site of the only current drop-off center, a shed in the parking lot of the Township Hall. Bottles for Building would select the other site, with its first choice being the Foodtown shopping complex, according

to the organization's chairman, Mrs. Donald Place.

Mrs. Place noted that the request for township and village participation in the project is consistent with the volunteer organization's long-range goal "to involve government and industry to the full extent of their responsibility in the solution of solid waste management."

Nearing the completion of two successful years of glass recycling, the local group has collected almost 600 tons of glass and now has nearly \$5,400 in trust earmarked for a community activities building.

The organization has received a state award and national recognition for its work, which has motivated the establishment of five other Bottles for Building groups, Mrs. Place said.

"As a direct result of our combined efforts, we now have the first county-sponsored recycling center in the state of Michigan," she said.

The two new local drop-off centers will be open only at specified times, probably on Saturdays initially. Glass collected will be taken to the Oakland County Recycling Center by trustees of the Oakland County Trustee Camp at no cost to the township or village.

Robert Terry of Rochester, vice president and manager of the Clarkston branch of Pontiac State Bank, turns over responsibilities to Darwin Johnson, 3119 Schoolhouse Drive, Waterford, in preparation for his retirement at the end of the year. Terry who has been with the bank 16 years, the last 1½ years with Clarkston, has also served as manager of the Auburn Heights, Miracle Mile and Bloomfield Square offices. Johnson, a 13-year employe and manager of the M-59 Plaza office for nine years, has been elected vice president by the bank's board of directors.

Sand and gravel on Springfield agenda

Oakland County Planning Commission has indicated its interest in an environmental impact study of Springfield, White Lake, Groveland and Rose Townships in regard to a proposed sand and gravel operation in Springfield.

First action of the county body is to meet with the townships to explore the factors involved in such a study and what the cost might be, according to planning commission officials.

The sand and gravel operation plans were first presented to Springfield in a public hearing last May 8, at which time most residents in attendance voiced their objections.

Owners of the land, Dave Field, Emmett Leib and Earl Voorhees, have indicated better than 500 acres between Parker and Neal roads and Ormond Road and the Springfield-Rose Township line would be involved. They say, however, the operation will not get underway until I-275 is complete, in about four years.

Township Supervisor Claude Trim told The News rezoning to permit the operation is on the township board's

December 6 agenda. He said he would recommend no action until the impact study is determined.

The rezoning necessary to allow the sand and gravel operation was approved 4-2 August 15 by the township planning commission and referred to the County Board of Commissioners planning and building committee for its recommendation. The county group made no recommendation, but did ask for a study.

Safety program at Sashabaw

The Safety Patrol boys and girls who spend 3,780 man hours a year protecting students at Sashabaw Elementary School and their program will be the subject of the 7:30 p.m. December 11 PTA meeting in the North Sashabaw multi-purpose room.

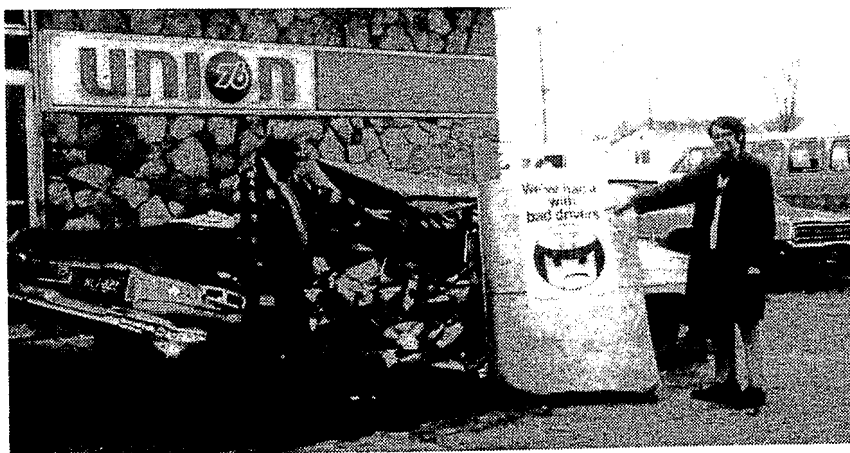

Michigan State Police Trooper Jack Hodges, Green Pennant officer for Oakland County, and Thomas Brown, school safety director, will head a panel composed of the safeties devoted to "How Safe Are Your Children at School?"

The safety team at Sashabaw has a perfect record of performance for the six years it has been in operation. A total of 48 boys and 30 girls from the fifth and sixth grades guard street crossings, kindergarten bus loading and unloading and help out in the halls.

Superintendent

Dr. L. F. Greene, superintendent of Clarkston Schools, will address members of the Independence Township Civic Club at 8 p.m., Friday, December 1, at independence center.

His talk will be the first of a series of community programs followed by informal question and answer periods to acquaint members of the club and the public with local issues.

Rex Eghes, left, owner of Rex Eghes Union Oil Station at Sashabaw and Maybee roads, and Ron Rule, external vice president of the Clarkston Area Jaycees, agree they've "had it with bad drivers." Jaycees are supporting the Oakland County Traffic Improvement Association's "We've Had It With Bad Drivers" program by handing out bumper stickers, pamphlets and posters at local gas stations where they are passed on to customers. The program is aimed at reducing the number of deaths and injuries caused by bad drivers. Last year alone, 168 lives were lost in Oakland County.

Independence center making headway

The new independence center, 5331 Maybee Road, in business as a volunteer agency serving a variety of community needs, is catching on in the community.

October calls to the phone center, 673-2244, included two for transportation, one pregnancy, a housekeeper request, house to rent for a large family, requests for clothes, food and Christmas baskets.

Three agencies are now meeting weekly with clients at the center.

But the facility needs help. There's a dire lack of funds, and spending has been halted until the reserves can be built up

some, according to the center's newsletter.

Meanwhile, using volunteers, the center intends to initiate a "Tele-Care" program in which daily calls will be placed to senior citizens who live alone and have no one to care for them.

The center has also offered its services as a central clearing house for Christmas baskets. Any organization or individual intending to give such a basket is advised to call the center to give the name of the recipient. Such calls would avoid duplication of baskets for some families while others go without.

Awards night at Clarkston High

Letters to dad

Why the fathers have to come to school?

Andersonville School
Philip Alexander
Grade 6

Dad,
Will you pick me up after school because we are having a carnival today. After all I let you cut my hair. If you pick me up I'll rub your back when we get home. But if you don't pick me up, I'll run away.

Thank You, Your Son,
Philip Alexander

Ricky Ollie
Andersonville School
Grade 6

Dear Dad,
Please come and get me. We are having a carnival and I am getting sick of decorating. I am depending on you.

I wanted to call you on the phone, but a certain person wouldn't let me. I don't want to mention any names, because the certain person might not like it.

A thief broke in, and stole the movie about "Gold" we were going to see.

There is a disease spreading around the school. Do please come and get me.

Ricky Ollie
P.S. The disease is getting to me!

Matt Grice
Andersonville School
Grade 6

Dad,
Come pick me up, I'll be outside the high school reading a magazine. If you are wondering why I want you to pick me up, here's why. In my English class my temperature rose 10 degrees and now I have a fever. Get a sub for your science class and come over. If you can't have someone collect money in the cafeteria for you at lunch time.

Matt

P.S.: This is a telephone recording!!

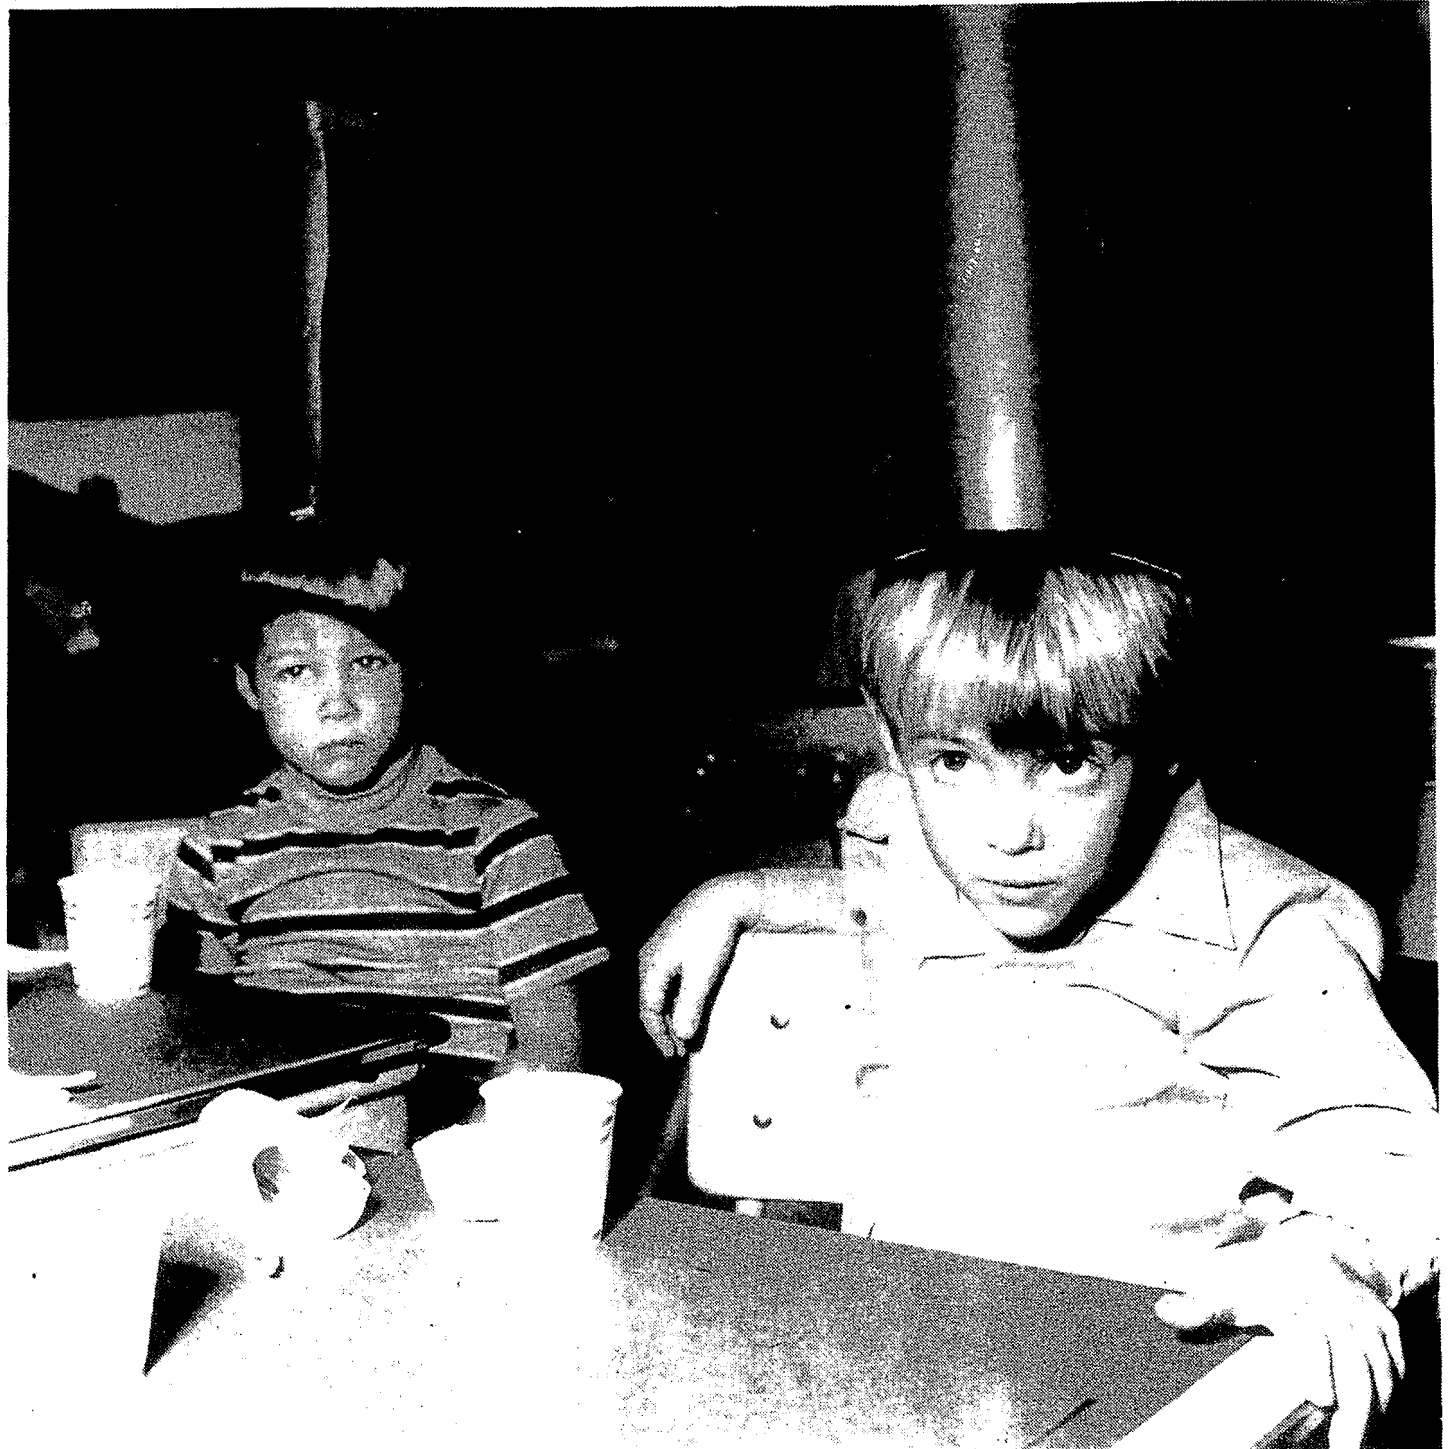

Colleen Miller
Andersonville School
Grade 6

Dad,
Could you come to school after work? I told Mom about it already. I'll tell you, too in this note. They're having a P.T.A. meeting tonight. If you and Mom want to join, I've got a notice for membership cards. If you can come to school after work, you could order the membership card sooner. There's a science magazine from the high school. There's also a medical book from a college teacher, that's about the worst disease. He will be the speaker. The students in my class built a snow fort called "The Pupil's Earthquake." We wished we could have a shovel here to help us. If you can't make it, telephone the office. It will be almost like a carnival with all the fun.

Love, Colleen

About Martians and butter pecan ice cream

If you met a Martian who couldn't taste, how would you explain to him the taste of butter pecan ice cream?

Tammy Newton
Andersonville School
Grade 6

First of all I would say, it would be a little cold. It will melt in your mouth. You will feel small hard things, that's the nuts. They will have sort of a sweet flavor but they won't taste very sweet. Then there's the ice cream, it will taste buttery. It really doesn't really taste that much like butter. Mixed together it would have a buttery nutty flavor. I think you'd like it if you could taste.

(The nuts would only taste a little sweet after you bit into them.)

By Kathy Luter
6th grade

There was an old guy,
Who loved to lie,
He wore an old tie
And always said kie.

He had a wife,
who played the fife,
She adored her life,
And carried a knife.

Julie Vyse
Andersonville School
Grade 6

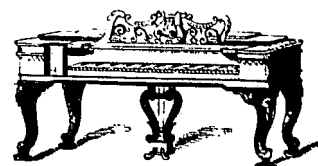

There was a Martian who didn't have the sense of taste. Now I have to figure out how to make him taste butter pecan ice cream.

First of all I would do is explain what taste is. Then explain what the four tastes are. They would be butter which isn't too good, salty which is pretty good on foods, sweet, which makes lots of things good, and the other I can't think of but those are three of them, I'll have to make him understand what those are now is the easy part. First of all butter to me, plain butter, is so good. Second, pecans are good, they're salty. Third, tell him about ice cream which is sweet if he can learn that he doesn't have to know what it tastes like, he knows it in his head.

Jeff Clements
Andersonville School
Grade 6

One day I was walking down an alley and saw something silvery. I went to see what it was. "It's a space ship," I cried. Then out jumped a Martian. "Who are you?" I asked. "B-peep-peep-Beep." he said. "What?" I exclaimed. Then he said, "I am a Martian." He was holding a ray gun. "Please put that down." I said. "No, you are an enemy," he said. No, I'm not. I tried to explain. Then he said, "If you're not an enemy what are you holding?" "Butter Pecan Ice Cream," I said. He said, "What is it like?"

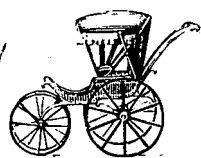

"Beep-Bee-peep?" "Here have some," I said. He tasted it, it doesn't taste like anything. He said, "Tell me what it's like." "Well," I said, "It's sort of creamy and, uh, has crunchy nuts in it that taste like butter sort of." He said, "What are nuts?" "They're crunchy things." "What is butter?" "It's yellowish creamy stuff!" "Oh, it's like Ma-derite on Mars." "Yea, I guess," I said. "Can I have that to take to Mars?" he asked. "Yea," I said, here. Then he took off. I told my mother what I had seen but she didn't believe me. I guess grown ups don't understand those kind of things.

WHAT CHRISTMAS MEANS TO ME

By Kelly Bigger
6th grade

Christmas means a child is born,
wrapped in a blanket that is torn.
Born in a stable cool at night.
Shepherds came because of a wonderful
light.

His name was Jesus Christ the Lord
born in a manger made of board.
Mary and Joseph were mother and father
the donkeys and rest did not even bother.
The wisemen came from far, far away
To see the baby on Christmas Day.

He was the most wonderful babe of all
He heard the coyotes outside of him call.
The wisemen brought gifts of silver and
gold

and went all around to people they told.
The shepherds came with flocks of sheep
and in his manger he went fast asleep.
A little drummer boy played for him
in a little light that was so dim.

People

People can be black or white;
People can live in towns,
the country or in cities
full o' fright;

People can be homely, rich or poor;
People can be beggars at your door;

People ask, "How and Why."
People can be sentimental and cry;

People honor our flag with joys;
Children honor it too, girls and boys;

People can be happy, sad,
People can be mad!

Population depends on People!

Super Goof
By Kevin Dennis
6th grade

Right in the sky there is a Poof!
The one and only Super Goof!
Up in the sky, can he ever fly,
To all the girls he's waving "goodbye."

He's got X-ray vision, he's seeing right through the wall,
It looks like he's going to fall!
He caught the robbers in one grab,
Wonder if his life's drab?

His "Super ears" can hear miles away you see,
If I yelled "help" He'd hear me.
His techniques have never failed,
And the robbers have never gotten bailed.

MERRY CHRISTMAS
the peddlery

the peddlery shopper's guide

CHRISTMAS IN THE GHETTO
By Chris Mills
6th grade

On Christmas morning some children don't get to wake up to a decorated Christmas tree and presents lying around it. These children are children who live in the poorer parts of a city. These families are too poor to feed themselves, let alone think about Christmas.

So you should be thankful that you have food to eat and a Christmas with presents. So during this Christmas morning pray for the children that don't have the opportunity you have.

MARVELOUS FOR SLEEPING?

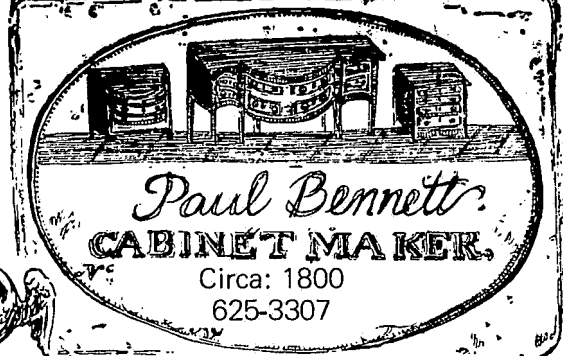

IT'S NOT ENOUGH ANYMORE. There was a time when a lovely thing like this would be confined to the bedroom. Not any more. Not only have women come a long way, so have their ideas about clothes. And we'd much prefer to see beauty out in the open. Instead of under the covers. For example, this abbreviated gown of Qayonara™, the silky Enkalure® nylon, plus sheer, gown-revealing peignoir. \$27.

AT THE **TOWN SHOP** 31 S. Main Street
Clarkston 625-2828

We have a large selection of sleepwear... new arrivals that you must come in and see!

Thanksgiving in the schools

Pine Knob was rife with Indians and pilgrims.

Bailey Lake School was rife with Indians for a pre-Thanksgiving play Wednesday. Students of Mrs. Karen Simmons' first grade played the drums.

Pine Knob Indians sitting in powwow included James Anderson, Renee Overboy, Lynn Pettinars, Brent Harvey, Margie Locher and Krista Stricklin. They're students of Mrs. Ruth Powers' first grade.

Teachers Mrs. Pat Smith and Mrs. Norma Stalions with their first and second grade classes and the help of four mothers, Mrs. Beverly Marshall, Mrs. Rachel Berry, Mrs. Barb Aikens, and Mrs. Sharon Barrett, made 11 pumpkin pies, 100 corn meal muffins and vegetable soup for a Thanksgiving feast Wednesday at the school.

South Sashabaw pilgrims and Indians drool over the pumpkin pie.
