## Big Lake couple wins \$200,000

by Jean Saile

It wasn't so long ago that Dominic Pittiglio of Big Lake, Springfield Township, bought a whole book of Michigan Lottery tickets -- 250 of them.

Out of the batch, there wasn't one winner -- "not even on the bonus," he remembers.

Things have changed now. There's a sign in the window of Sharon's Short Stop grocery at 1537 Cass Lake Road that proclaims, "WE WON -- \$200,000!"

And they did Thursday in Troy during the Michigan Lottery Drawing.

"It was scary," says Sharon, who operates the market. Her husband is the data process manager for Farber Cycles of Detroit, but helps at the market mainly on weekends.

It was there they purchased the winning ticket, so they also claim the \$500 award to the seller.

Friday the store was overrun with well wishers and three of the Pittiglio's five children.

Chris, 17, who works there during the summer announced he wants a raise since good fortune struck. A student at West Bloomfield High School, he's got an old MG that could stand some reconditioning.

Kim, student at Clarkston Junior High, mainly wants to go to Cedar Point this summer.

There's some mention about horses from Cheryl, who with the younger children, Dino and Rene, attend Andersonville School.

And from Dominic comes a grin and a mention of a cabin cruiser. "Small," says his wife who thinks maybe in a few years they'd like to visit Italy.

The Pittiglios moved to Springfield Township 2½ years ago and live with his parents, Mr. and Mrs. Nicholas Pittiglio who not long ago converted a summer cottage into a year round home on Big Lake.

The younger couple are in the process of building a home in Troy, and don't expect to be living in the area too much longer.

Thursday was also the senior Pittiglio's 38th wedding anniversary, and it was the day that Sharon finally received \$25 she'd won on another lottery drawing.

"I waited and waited for it," she remembers, her brown eyes sparkling, "and then when it came it seemed like an anti-climax. It was there when we got back from Troy."

Dominic is 34, his wife 31. They're a nice young couple who've worked hard for what they have. Sharon's had the market for two years, and at one time had a second store in Drayton Plains.

To share their good fortune, they were offering coffee and doughnuts Friday to all takers.

Shouts of congratulations and a lot of laughter emanated from the store.

The Pittiglios of Big Lake and three of their five children dispensed doughnuts Friday from Sharon's store. They were still in shock then after winning \$200,000 in the Michigan Lottery.

### We're going to be in the movies!

So you want to be in the movies?

You'll have your chance the morning of July 6 at Clarkston High School football field.

The Bill Sandy Co. of Detroit is filming a promotion for a major auto company in Clarkston on that day, and they're hoping at least 400 men, women and children turn out for the crowd scenes at the field.

The whole village is to be featured, according to Steve Israel of the film production crew, Clarkston having been chosen by the company for its "City Portrait" in the 35-minute production.

Through arrangements with Village President Keith Hallman, the company has agreed to donate \$200 to the Clarkston Area Bicentennial Committee, the film perhaps to serve as a bicentennial reminder of life in our town.

David Seago is directing the production. Nobody is telling yet which major auto company the film is sponsored by, but it's intended for national showing with a private screening for the hometown folk, Israel said.

# Pine Knob still expected to pay deputies

Oakland County officials have given Pine Knob owners yet another week to pay last year's bill for traffic and crowd control at the music theater.

They were hopeful the \$34,000 debt to the Oakland County Sheriff's

Department would be paid by the end of the music theater's second week of operation this year.

An agreement to provide sheriff's deputies at the theater this year was reached late in May and was contingent

on the owner's paying the outstanding portion of last year's \$42,000 bill.

The fact that the bill has not been paid may be due to a mix-up when an employe of Indusco Corp., owners of Pine Knob, paid \$38,000 to the county treasurer's office. The money was credited to Indusco's property tax account, which also is in arrears.

The county board of auditors was characterized as "trying to be patient" but "getting very, very weary of this" by Assistant County Civil Counsel Jack Hays.

"If it was an honest mistake, I

appreciate that you don't come up with \$34,000 every week," Hays said. "However, the deal is we would like to be paid for last year before we get very far into this year."

Patience is being exercised with Pine Knob because "we all have more to gain if we just get the money and keep going," Hays said.

Daniel T. Murphy, chairman of the board of auditors, noted that negotiations with the organization are continuing.

"We're not completely satisfied with everything's going like it should be, but we're giving them this week," Murphy said. "We're close enough to them to believe they're sincere. Also, they're in no position to horse around."

Murphy said he was hopeful the sheriff's department bill would be paid by the end of this week.

"If they don't pay it, we're going to have to consider some other action," he said.

His confidence in Indusco Corp. was bolstered by the \$38,000 payment made on June 3.

"That to me showed they really intended to give the county its money," he said.

## Sign ordinance changes work of committee

Revisions in Independence Township's sign ordinance as proposed by a group of officials and businessmen seem likely to be included in the new master zoning map when it is adopted in the next two or three months.

The suggested changes involve provision for more sign area in shopping centers and on corner parcels, removal of most of the bonding requirements, and clarifying the language so as to make the ordinance more understandable.

J. Edwin Glennie, a member of the committee which was chaired by Tom Ritter, said, "It was probably the first time businessmen had sat down and gone through the ordinance line by line. They found there was more sense to the ordinance than they had originally believed."

The committee, which also included Edwin Manley, Dr. Forrest Hunt, Ken Winship and Keith Humbert, was formed last December. It held five meetings to iron out problem areas in the ordinance protested by businessmen of the community.

Their recommendations have been

reviewed by Richard Campbell, township attorney, who commented, "I believe the sign committee's comments were excellent, and I much appreciate their input. As (my) summary (of the ordinance) indicates, we adopted nearly all of their suggestions."

With regard to shopping centers, the committee recommended and Campbell approved that in addition to a 100-square foot total sign surface, individual business signs may also be erected.

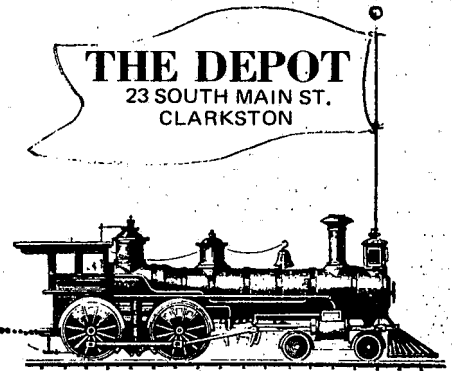

Winship, a member of the committee, said, "We came up with what we thought was a fair plan for treating shopping centers and another for treating any future malls. We believed they should have one major sign and then individual signs, but not necessarily on the road."

He added that the business objection to bonding had concerned the need to continue a bond after the township had approved the sign. That part of the ordinance has for the most part been done away with.

One of the most important jobs of the committee, Winship believes, was in clarifying the meaning of the sign ordinance.

## Jury says Schwartz not guilty of assault

A District Court jury has found Morton Schwartz not guilty of assault and battery. Schwartz, owner of Medallion Homes on the Dixie Highway, was accused of assaulting Sheriff's Deputy James Peloguin when township officers, operating on a Circuit Court order, last February cut down the non-conforming sign in front of his business. The trial was Wednesday.

Have you looked at your elbows lately? Sometimes elbows look anything but lovely. If you think yours need improvement, here are some tips: If elbows are discolored, or very rough, wash gently with a fine abrasive powder each day until they are baby smooth. After each rinsing, thoroughly massage a good tissue cream, or a skin and tissue oil into your elbows. Always massage from the wrist up the forearm and over the elbows, way up to your shoulders.

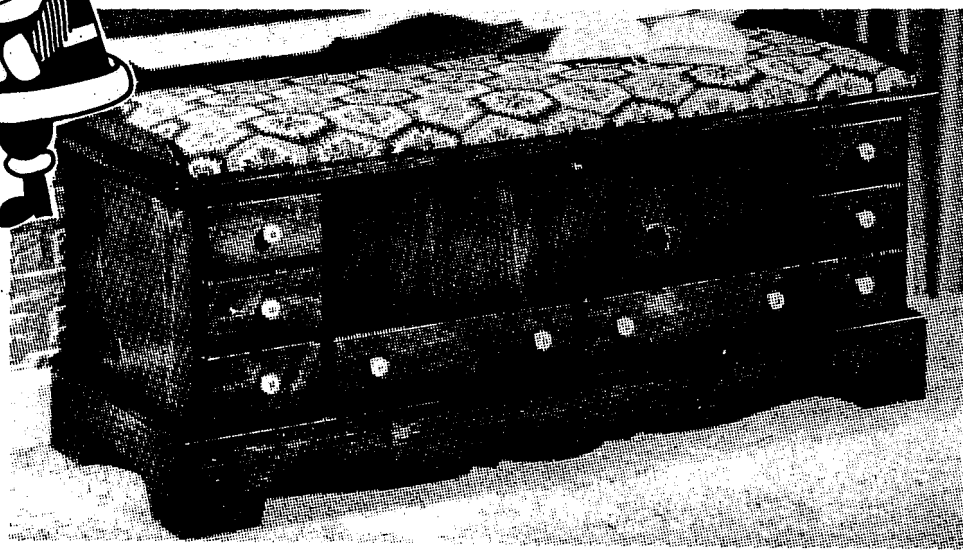

Pay attention to all parts of your body. Have your hair conditioned at "SALON OF BEAUTY" BONNIE JEAN'S HAIR STYLISTS, 5488 Dixie Hwy., Waterford. Open 7-8:30. Sat., 7:30-3. All phases of hair styling. Sale and Service of Hairpieces. Tel. 623-1411.

# Garner gets go-ahead on single family development at north end of Deer Lake

Independence Township Planning Commission, following executive session, voted unanimously Thursday night to approve the tentative preliminary plat of Developer Hubert Garner which, when completed, will allow him to construct 115 single family homes on 66 acres off Holcomb at the north end of Deer Lake.

The action was taken despite planner Larry Burkhart's recommendation to deny on the basis of lack of a master plan for the whole 372 acres which Garner has optioned in the area and lack of plans to connect the homes to sewers. A provision of the approval was that these problems be resolved.

The plat was approved once before, back in 1969, according to Jim Scharl of Kieft Engineering who addressed the commission in company with Garner and Garner's attorney, Joe Galvin.

Lack of available mortgage money has caused the developers, not then Garner, to let the two-year time limit on the approval expire and when Garner sought to have it reinstated earlier this year, the township voted against extension.

Scharl said the plat is basically the same as it was at the time of prior approval.

Attorneys for the township, the homeowners association of Deer Lake and the developer were in court Wednesday as the township answered a writ of mandamus which would have compelled the issuance of building permits on 43 acres of the property now zoned multiple at the tip of the lake.

The case was deferred for two weeks by Circuit Court Judge Arthur Moore.

Litigation in federal district court involved the developer's contention his civil rights have been abrogated by the township's refusal to act on a site plan for the development.

While the Circuit Court cases proceed, the developer -- whose options include 13 acres at the Dixie Highway and I-75 in Springfield Township -- has succeeded in getting that township's planning commission recommendation for rezoning of the property from agriculture to commercial. He has planned a shopping center and a hotel on the property which lies adjacent to his land in Independence Township.

The single family portion, to be known as Deer Hills Farms, has also been the subject of Clarkston Village Council discussion regarding annexation. One lot and parts of others and the main access road from the property onto Holcomb lie within the village.

The specter of unmanageable traffic from the whole 372 acres has led the council to consider annexation of the single family portion in an effort to head off connecting roads from other Garner land which would eventually empty into Clarkston streets.

Scharl pointed out to the commission the area would be serviced by a 12-inch well. He said another lot has been left vacant for water storage and would be deeded to the township if the township thought the elevation suitable for a storage tank. A third lot is designated as park.

Curbed and guttered asphalt roads ranging in width from 27 feet to 36 feet are planned for the area. They would connect the largely cut-off 26 homes in Deer Lake Knolls to hard surface streets.

Erosion, which proved a problem in 1970 as initial street work on the plat was begun, will be under the control of the county under provisions of the new state soil erosion act, Scharl said.

He said an enclosed drain down the hill behind St. Daniel's Church would take most of the run-off from the

property to a 2-or 3-acre pond at the north of church property. Other water would fall towards Deer Lake, winding up in a tamarack swamp about 400 yards from shore. Scharl said.

Fears of traffic on village streets and silting into the Upper Mill Pond, now the subject of bids for a special assessment financed cleanup, where the main fears expressed by the individual commissioners.

Ed Manley also pointed out he felt three of the plated lots to be non-conforming, and Scharl was asked

to investigate. The township had planned to serve the area with sewers from a barrel which will end at Deer Lake Beach. There is a village owned, Holcomb road sewer which comes closer to the property, it was pointed out.

Galvin objected to the commission's statement that no master plan for the 372 acres has been prepared. Such a plan was included in the now aborted consent judgement, he declared, and had been refused by the township.

Putting pennies in circulation

Rosie Lambert and Loraine Johnson of Pontiac State Bank Clarkston Branch do some penny sorting during the shortage.

## Barry is surprise in county candidates

The deadline for filing nominating petitions at 4 p.m. Tuesday for county and state offices probably provided its biggest surprise when Dan Barry, ex Republican drain commissioner removed from office three years ago following grand jury investigations into unethical practices, filed for the county executive spot on the Democratic ticket.

Barry will be vying with Eugene

Kuthy of Orchard Lake and John Grubba, executive director of the Oakland County Road Commission, for the Democratic nomination.

Having filed on the Republican ticket are Daniel T. Murphy, chairman of the county board of auditors and acting county executive, and George Kuhn, present county drain commissioner. Kuthy has a background

as a governmental consultant, business manager and attorney.

Also on the August 6 ballot is the question of whether the county executive should be appointed or elected. If the election route is approved by voters, the nominees will vie for office in the November election.

Other county races of interest to area people include:

**County Commissioner District 1:** Richard Wilcox, R, 981 Hummer Lake Road, Brandon Township, incumbent; Gary Stonerock, D, 7990 Ortonville Road, Clarkston; David W. Kiser, D, 10040 Ellis, Clarkston.

**County Commissioner District 2:** James Dunleavy, R, 825 Helen, Highland Township, incumbent; Frank Crowley, D, 7341 Deer Lake Road, Clarkston; David Youngquist, D, 17070 Coventry, Holly; Charles M. Oaks, D,

2462 E. Duncan, Highland.

**County Commissioner District 3:** Niles Olson, D, Lake Orion, incumbent; Irene McCabe, D, Pontiac; Karl W. Randall, D, 2732 James, Pontiac; Bruce H. Yuille, R, 2600 Patrick Henry, Pontiac.

**60th District House of Representatives:** Loren D. Anderson, R, Waterford Township, incumbent; Claude Trim, D, 5969 Ware, Davisburg; Donald L. Collier, D, 1458 Nancywood, Pontiac.

**17th District State Senate:** L. Harvey Lodge, 5881 Dixie, Waterford; Robert C. Irwin, R, 127 Illinois, Pontiac; Kerry Kammer, D, 202 Cherokee, Pontiac; William A. O'Brien, D, 2932 Lola Court, Drayton Plains; William D. Munro, D, 5894 Andersonville, Waterford; Richard G. Marion, D, 270 Carriage Circle, Pontiac; James Devault, D, 376 Shorewood Ct., Lake Orion.

## Independence ballot full

**Supervisor:** Robert Vandermark, R, 6657 Snow Apple, Clarkston, incumbent; William E. Patrick, D, 4900 Ennismore, Drayton Plains.; Jean C. Benzing, D, 5429 Williamson.

**Treasurer:** Elizabeth J. Hallman, R, 6024 Overlook, Clarkston, incumbent; Donna M. buhl, D, 9383 Eston Road.

**Clerk:** J. Edwin Glennie, R, 6900 W. Church St., Clarkston, incumbent; Lolita E. (Sally) Horsch, D, 6595 Eastlawn Drive, Clarkston; Stanley H. Darling, R, 6094 Cramlane Drive, Clarkston; Robert J. Garner, D, 4930 Cecelia Ann, Clarkston.

**Trustee:** William H. Abare, D, 6187 Havelock, Clarkston; Edwin L. Manley, R, 6570 Green Haven Drive, Clarkston; Frederick P. Ritter, D, 6674 Dixie Highway, Clarkston; Chester G. Hensley, D, 6643 Balmoral Terrace, Waterford; Charles T. Whitlock, R, 5364 Drayton Road, Clarkston; Keith A. Humbert, D, 6440 Snow Apple,

incumbent; Robert W. Kraud, R, 7840 N. Holcomb.

**Constable:** John Harding, R, 6351 Peach Drive; Tommie R. Fiorini Jr., D, 6750 Wellesley Terrace, Waterford; Harry W. Yoh, R, 7 Buffalo.

## Springfield races interest many

The race is wide open in Springfield Township this year for three positions, including that of supervisor.

Claude Trim's decision to seek election to the Michigan House of Representatives has paved the way for the filing of nominating petitions by two Democrats and three Republicans.

The Democrats include Roger Horton, who is not seeking reelection as a trustee in order to run for the larger office.

Treasurer Margaret Samuel's decision not to seek reelection has inspired two Republicans and two Democrats to

file for her office.

**Supervisor:** Glenn Underwood, R, 9230 Dixie, Clarkston; Roger Horton, D, 8484 Eaton, Davisburg; Donald Rogers, D, 9254 Semindale, Clarkston; Alfred Lopez, R, 9715 Rattalee Lake, Robert Rothermel, D, 10685 Dixie.

**Treasurer:** Mildred Chanter, R, 7900 Ormond, Davisburg; Anna Marie Quinlan, D, 11316 Ember, Davisburg; Calvin Nelson, D, 7273 Crosby Lake Clarkston, incumbent; Patricia Kramer, R, 11501 Ely, Davisburg.

**Clerk:** Calvin Walters, R, 7225 Ormond, Davisburg.

**Trustee:** Glen Vermilye, D, 12601 Andersonville, Davisburg; David Youngquist, D, 17070 Coventry Lane, Holly; Dennis Omell, D, 10203 Graham, Clarkston; William Harris, D, 5929 Morning, Davisburg; Wanda Rothermel, R, 10685 Dixie, Davisburg; Frederick Drovillard, D, 5380 Ormond, Davisburg; David Field, R, 6651 Ormond.

**Park Commissioner:** (Two openings for six years) George Thompson, D, 8086 Marquoit, Davisburg; Charles Going, R, 4151 Parker, Davisburg.

**Constable:** Charles Ball, R, 8974 Patrick, Davisburg.

# Village annexation would be legally simple

Were Clarkston Village Council to proceed with plans for annexing the single family home development contemplated for the north end of Deer Lake off Holcomb, the procedure would be relatively simple.

Jeff Kaczmarek, Oakland County Planning Commission coordinator, points out the General Law Village Act gives the right of determination to the County Board of Commissioners.

"There appears to be no method for relief to aggrieved parties," he reports.

Council members recently proposed annexation as a means of controlling traffic on village streets were the Deer Lake development plans of Hubert Garner to proceed. Garner has asked for single family, apartment and commercial site plan approval from the township, and the case is now tied up in Circuit Court litigation. Village officials have indicated that Access to village streets for all but the single family portion could be denied if the property were annexed.

One home site and parts of three others

have the access road onto Holcomb lie within the village limits. Development plans for the entire 372 acre parcel on the lake have ranged from 900 to 1500 living units.

The general law section pertaining to annexation reads as follows:

Sec. 6. Whenever the council of any village shall determine by resolution to alter the boundaries of such village, either by taking in lands and premises adjoining thereto or by taking out any lands and premises included in such village, or both, they shall petition the board of supervisors of the county in which such lands and premises affected thereby are situated to make such change. Such petition shall contain a description by metes and bounds of the lands and premises proposed to be added to or taken out of such village, and shall set forth the reasons for the proposed change, and shall contain a copy of the resolution of the council in relation thereto, and shall be signed by the president and clerk of such village. Before such petition shall be presented

to the board of supervisors, notice shall be given by the clerk of the time and place when the same will be presented for consideration, by publishing the same in a newspaper published in such village for at least 3 weeks immediately preceding the presentation and at least 3 of the most public places within the village, and in at least 3 of the most public places of the territory directly affected thereby. Such notice shall also contain a description of the premises proposed to be taken in or out of the boundaries of such village. At the time of presenting such petition all parties interested may appear before such board of supervisors and be heard touching the proposed boundaries of such village and after such hearing and due consideration of such petition, it shall be the duty of the board of supervisors to order and determine as to whether the prayer contained in the petition or any part thereof shall be granted, and they shall make an order of such determination, which order shall be entered upon their records and

thereupon the boundaries of such village shall be fixed and shall exist as provided in such order, and a certified copy thereof shall be transmitted to the clerk of such village and to the secretary of state, and such order shall be prima facie evidence of such change of boundaries of such village and of the regularity of such proceedings in all courts and places.

## YWCA seeks reader aides

The Pontiac YWCA is currently recruiting volunteer tutors for their Summer Reading Workshop. The program will be aiding children on the first through third grade reading levels, for two hours per day, July 8 through August 2.

Volunteers must be 16 or older and willing to come for an interview and orientation. Two hours per day will be the time required to volunteer.

# Something about our sports department really turns us on.

Maybe it's because all us Dealers Four like cars that look and act like winners. Chevy's 1974 All-Star Sports roster, for example.

Cars that are as much fun as they are fine.

Like our whippy little scatback—the Vega GT—with the racy new nose. Like the Camaro Type LT Coupe—the one that looks like it can make all the right moves... and does. Or the Chevelle Laguna S-3 and the Nova SS—both ready

to handle the opposition as easy as they do your favorite stretch of road.

So, come on in, sports fans. We've stocked our Sports Department with as solid and exciting a lineup as we've ever before assembled.

And remember one thing. When it comes to contract talking and working out the numbers, we're the easiest people to get along with in Northern Oakland County.

## Ackron put on notice to finish sewer work

Ackron Contracting Co. of Belleville which had the contract to install sewers in Birdland, Clarkston Gardens, and around the Woodhull and Lake Oakland areas has been given until Jun 20 to finish cleanup.

The Oakland Department of Public Works has informed the company if large crews are not on the site by that time, steps will be taken to recover the

bond money posted by the company. Yard work, grading and ditching are among items the company has left unfinished, according to Township Supervisor Robert Vandermark. He said it had been nearly seven months since the company has made any effort at all to complete its Independence Township work.

"Residents are irritated," Vandermark said.

The DPW has indicated it has received notices of cancellation of insurance for the company, and work that a bonding company investigation is pending.

Vandermark has indicated the company is on the verge of bankruptcy.

## This mess has an odor

Businessmen along the west side of Main Street will be happy when sewers are connected. The stench from the overflowing village septic field gets ripe in warm weather.

## District in good financial shape

A Clarkston School District financial report presented recently to the Board of Education shows that district schools are running on a balanced budget and should have \$700,000 to tide them over until December tax collections begin to arrive.

Operating this year on a \$6.5 million budget, the district has until September 1 to decide what is bond levy for the coming year will be. A cut from the currently levied 7 mills is required by state law.

The 1974-75 operating budget is estimated at \$7 million.

Considered for that budget are increased home economic and indus-

RUBBER STAMPS made for every business. Personal or professional. Clarkston News, 5 S. Main Street.

trial arts accounts. The price of food and wood during the past year has meant increasingly limited programs, according to Louis Jarvis, district business manager.

Special education is also expected to take a bigger bite due to increased state requirements and the need for expanded programs.

Band instruments are seen as a need, as are vocational programs, however Mrs. Jarvis pointed out that approximately \$12,000 available from the federal government for approved programs will be plowed into the program.

Having the greatest impact on the budget is the outcome of current teacher salary negotiations. Salary consumes 89 percent of the budget, Mrs. Jarvis said.

## Saving's not everything

To not spend money is a popular thing for elected officials to do. Electors appreciate economy, particularly as it concerns their tax bills, but sometimes spending it might have benefitted them more.

We're talking about attempts to purchase and preserve for use the Hawk Tool Co. property on Washington and the park-like area behind it.

Seen as a likely site for village offices, the district court and probably the last chance of keeping a new Post Office within village boundaries, the possible purchase merits more than passing consideration.

The property, now for sale, could be used for a less desirable industrial operation than the Hawke's have run, or it could be rezoned for apartments, and the park area destroyed.

We believe future generations would appreciate the foresight of village officials who move now to do all in their power to preserve the area, as it is, in the heart of the village.

' If It Fitz . . . '

## Be prepared? Not me

by Jim Fitzgerald

The Boy Scout scandal prompts me to proverbial:

The higher you fly, the bigger grease-spot you make when your parachute doesn't open.

Or: The purer you aspire, the more heads you turn when you suffer an attack of gas.

Or: Mud looks worse on a white suit.

I could open a lot more Confucius cookies but that's enough wisdom for now. You get the idea: When a truck driver murders his unfaithful wife, it is back-page stuff. But when a U.S. Senator clings on a love triangle, Walter Cronkite is there before the body stops twanging.

The point of all this is really more of a hope. Perhaps now my mother will finally forgive me for quitting the Boy Scouts 35 years ago, before I even made Tenderfoot. I knew what

I was doing. I was seeking the security of obscurity rather than risking the possible shame of fame.

Everybody read about the Boy Scouts last week. Their top leaders were caught cheating and the nation gasped. It was though quintuplets were born to the president of the Planned Parenthood League.

Some Boy Scout leaders borrowed a trick from politicians who dig votes out of cemeteries. Paper scouts were created to meet membership quotas, impress the brass at national headquarters, and qualify for a bigger allotment of sticks to rub together.

This is not nice, of course. Mythical Boy Scouts leave a lot of knots untied, and a lot of flags unsaluted. But in padding membership rolls really a front-page sin, deserving of nationwide scorn and ridicule?

hill'n gully

## Upward mobility

by Jean Salle

There's a stairway crisis developing at the Sailes'.

The problem is that it's getting harder and harder to get up and down the back stairway, because of all the kids' clothing that has been piled there awaiting their "next trip upstairs."

The big mistake, I think, was in reopening the front stairway after a long remodeling job. It is now possible to avoid the back stairway entirely except for such mundane purposes as dressing, finding lost tennis shoes, or yelling down, "What'd yah do with my cut-offs?"

The problem is complicated with the reinforcement of my annual vow which states, "During the summer thou shalt not go upstairs. They can either live with it, chuck it out, or eat it."

Unfortunately they tend to take the option that says, "Live with it," and you know what that means. I have to live with it, too, and while the problem may be somewhat remote, it's there.

Actually Jim and I could have avoided the unnecessary work and expense of installing closets upstairs or even of purchasing dressers. A table top to dump stuff on and let it fall to the floor from there would have served as well. The handrail on the stairway makes an admirable closet pole, and the steps themselves even allow for a certain compartmentalization of belongings.

On those occasions when it becomes evident that my vow must be broken and I go upstairs to chuck down all the dirty laundry and bed sheets that have somehow missed the chute, one misplaced throw down the stairwell can send the whole house of cards tumbling.

I have developed a certain skill in wrapping odds and ends in a sheet, lobbing it downstairs to clear the piles, and having it land within arm's reach of the laundry room door.

This skill did not come easily. There have been times I have had to sort the clean clothes from the dirty ones at the foot of the stairs.

Since Wednesday and Saturdays are the only days I am home, and since the cleaning woman positively refuses to go above the first level, the kids have a certain amount of protection. They know that relics have to be removed only on Tuesday and Friday nights to avoid the vacuum sweeper. During the summer, there is even more leeway.

Once one kid kept a whole zoo up there for two days before I wised up.

## Dig out those pennies

Pontiac State Bank has offered to help penny savers count their unwrapped loot in an effort to put more of the copper pieces back in circulation.

The bank branches will be offering Certificates of Special Citation for all those bringing in \$25 worth of pennies during the month of June.

President Edward E. Barker Jr. reports 30 billion pennies are out of circulation, stashed away in bureau drawers, foot lockers, earthen crocks and other ingenious places.

He reports the pennies are not really worth much -- one at a time. "Coins like these have no extra value for collectors, because there are so many. As for the metal, it's not even worth as much as the penny in spite of high copper prices," Barker said.

He continued, "Our stores and businessmen truly need more pennies, but the Treasury Department would have to spend \$300 million in tax money and waste natural resources in the process to replace the hoarded coins."

It has asked instead, he said, for the cooperation of good citizens willing to trade in their pennies at the bank.

ever expected much of me anyway. That's the way I planned it. I lived my formative years so as to make my adult year look good by comparison. My family and childhood companions have to be proudly surprised at anything I accomplish outside the occupational therapy room at the state penitentiary.

There will be none of those screaming "Ex-Eagle-Scout-Robs-Bank" headlines about me. If my misdeeds are recorded at all, it will be in my school alumni newsletter under "Class prophecies fulfilled."

Which is not to say I have grown up to be an all-bad person. The truth is, I sometimes do good deeds today to make up for all those yesterdays.

My mission this week is to rescue all those little old ladies stranded on curbs by mythical Boy Scouts.

Only if you're a Boy Scout.

Get the idea, Mother? Your son, like a lot of sons, has always been leery of lofty goals.

Boy Scouts must pledge to keep themselves "physically strong, mentally awake and morally straight." For me, it is a weary thing to even think of keeping such a ramrod pledge. I was always a skinny kid, who fell asleep reading dirty books.

But what if I had stuck it out and slept in the woods and sung by the fire and earned all those badges? What if I'd become a leader? What would I be doing today? I'd be sharing the shame of all Scouts who now must prove they don't say "HERE" 6 times when the membership roll is called.

I've done a lot worse things than multiply when I should have subtracted. But who cares? Nobody

# Letters to the editor

## Variations decried

Editor,

I would like to make every property owner in Independence Township aware of the actions of some builders and/or speculators (I call them vultures) dealing in property in the township. These vultures visit the township office and look over the tax rolls searching for vacant land, and they obtain name and address of owners and then contact them. If land is buildable they pester them to sell the land to them; if the land is not buildable they obtain option to buy and then apply for variance to build using the fact that owner had paid taxes for so many years and should be granted variance. If variance is granted they then buy and build; if adjoining property owners object to variance they have the option of buying the property at high inflated prices from the vultures. This, to me, will eventually ruin this township far faster than any county controlled land-fill etc.

Recently a neighboring property was up for variance. Adjoining property owner contacted vacant property owner with intention of purchasing rather than have a house built on top of his. Owner told him he would sell for \$2000, at rather high price for 50x120 feet of land, but was unable to do so inasmuch as these vultures had the option to purchase providing they could obtain variance.

When the Board of Appeals met for this variance, this fact was made known

to them. With all neighboring property owners against granting this variance, the board postponed action for one month to allow adjoining property to purchase the land.

Now, the board was aware of the fact that the owner of the land could not sell while the vultures had the option to buy and that the adjoining property owner would be forced to do business with the vultures. Since then the vultures had contacted adjoining property owners at least three times offering the land for \$3000 much larger than the amount would be if the variance was refused in the first place.

This leads me to believe that the Board of Appeals is either ignorant or is involved in some sort of payola for their actions. Adjoining property owner does not like the hold-up tactics of these vultures and won't do business with them.

Let's see if the board will violate the codes and grant the variance; if they do then I would like this newspaper to institute some sort of investigation action and find out exactly how and why this board wants to ruin the township. The case I refer to is Case #A-308 but there probably are plenty of similar cases. My advise to homeowners with vacant property beside them is to ascertain the owner and purchase property before these vultures get their hands on it.

Walter F. Grogan

## About face for Norma

Dear Jean,

Well, I've done my share of griping in the past, now I'm doing an about face.

I wish to congratulate the Clarkston News on two recent issues of your paper.

The Memorial Day coverage and pictures were great. The reading of the Gettysburg address by Mr. Butters had become a tradition of this community and thru the years I've heard almost everyone dating back to when I played in the High School band. Now, that's a long time. I'm sure everyone missed Mr. Butters as I did.

I must thank Rev. Somers for giving a very moving and thoughtful rendition of the address. Let's hope he will be back next year.

Thanks also to the Legion members, band, and Choral group and speakers etc. for contributing to a sad but beautiful ceremony honoring our dead.

The High School graduates should be proud of their paper for honoring them in the way only a newspaper can. A job well done.

This was the first graduation exercise I have attended since my own - 31 years ago. I must say, I was very impressed! This community is lucky to have such an ideal and beautiful setting for it. Thank you Indusco.

Again, the singing of the Battle Hymn of the Republic brought tears to many eyes. It was beautifully done.

Norma O'Roark

## Use millage wisely

To the Editor,

With the approval of the latest millage request, the voters must have been saying "yes, upgrade the quality of education for our children."

We believe that the busing of grade school children any further than their nearest school and even up to nine miles away is not beneficial to the children or the school district.

More classrooms and/or special service rooms are needed at several of our schools. The student-teacher ratio is being exceeded in most of our classrooms, and even with the proposed redistricting will continue to be higher than the desired level.

The only permanent solution is a new grade school in the northwest sector or more permanent classrooms at the existing schools. The second alternative does not, however, alleviate the busing problem.

The board's concern over the problem of empty buildings existing within 20 years seems futile when you

consider the fact that the present Clarkston Junior High will be phased out within 10 years. A small elementary school, now, could be enlarged into the necessary junior high school at that time. Over a period of 20 years, a whole batch of children can be denied a quality education with so many overcrowded classrooms.

Modular or temporary classrooms would provide the needed space immediately, along with solving some of the busing problems, and allviate creating anymore hard feelings caused by "splitting communities." The health, safety and welfare of the students would be served and the burden on the teachers would be lessened.

The next line of business should be a capital program to provide facilities and/or teachers for the basic physical education and art classes that are so essential to a quality education.

Sincerely yours,  
Mr. and Mrs. F.J. Dobson

## Modulars over busing

As a registered voter in Independence Township, I was very pleased to see the school millage passed and that Mr. Leak was returned to his position on the school board by a substantial margin.

It is my hope that the board will now seriously review Mr. Vaara's proposal for removing the South Walters Lake area students from Bailey Lake Schools. Mr. Leak stated recently at the "Meet the Candidates Night" that if the millage vote passed there would be sufficient funds for modular classrooms to relieve over crowded conditions at Bailey Lake. This seems a much better solution than shifting ninety five students from their neighborhood

school.

My son and his neighborhood classmates will be going into the sixth grade this fall. If they were transferred to North Sashabaw as Mr. Vaara proposes, it would mean an adjustment to new surroundings, faculty, friends, etc. for one year only. The whole adjustment process would then be repeated the following year when these students go to junior high school.

I suggest using some of this additional millage for the most practical solution: "Millage for modulars at Bailey Lake School."

Sincerely,  
Mrs. Nancy J. Frady

## A dedicated teacher

Dear Editor:

There is one teacher in Clarkston High School who really cares about his students, and that is Mr. William Smith (the German and English teacher). He deserves to be respected and listened to by the younger teachers. He has really great ideas, and he puts the students first. He goes all out to help the students. Many of the students have

been rude and mean to him, I feel sorry for them not to see the goodness of Mr. Smith. He has suffered many things and we as students should show him the courtesy and respect due him. I loved him as a teacher and I thoroughly enjoyed my German class I took. Mr Smith is a dedicated teacher and a great man.

A German Student

## Something special

Dear Jean:

Once in while something happens as a result of some people putting forth a very special effort and this certainly was the case with Mr. Tim Doyle and Mr. Clark in regard to the launching at the beach on Memorial Day Weekend.

Because there was a problem of shifting sands in the ramp, several cars had gotten stuck in trying to launch boats. After a call to Tim Doyle, Mr. Clark came down to the beach with the

back hoe and repaired the launch site on his own time. This made it possible for boats to get in and out and literally saved the day!

I think these gentlemen deserve a very special pat on the back and certainly have gotten a real vote of thanks from all of the members of the sail club. Their help will not be forgotten by our members.

Most Sincerely,  
Brooke Bennett

## All those criminals

Dear Editor:

All residents of this township are now faced with fingerprinting and their detailed statement to the local head of police. What a marvelous way to begin a police state.

As the Soliciting Ordinance No. 78 indicates, all the little leaguers, scout groups, church workers, Political Workers and the neighbor's kid that passes down the street looking for a lawn to mow or snow to shovel, must not go to our noble head of police to be fingerprinted in the same manner as a common criminal and tell that Director of Police all about their past criminal career (Sneaking a cigarette not included).

Now if these kids don't have a police card with them, they can be sent over the road for 90 days or fined \$500 or both. You kids under ten may be in jail a long time, for few children under ten have \$500.

The preamble of the Ordinance indicates the reason for its existence is, that so many of the people coming to your house are criminals planning a crime. Come to think of it, most of those Little Leaguers and their Dads and Moms do look like hardened criminals.

Those Scout cookie sales girls - you never saw such hard looking criminals. I always get took for the price of three or four boxes of cookies. It's a crime - it's crime. The real ringers are those church criminals that drop by

asking people to turn to God for salvation.

These are the ones that should be fingerprinted, mugged and even bonded. All of these church workers have small beady, shifty eyes and they appear to be hardened criminals. I am sure 80% of them are armed - armed with a Bible that is.

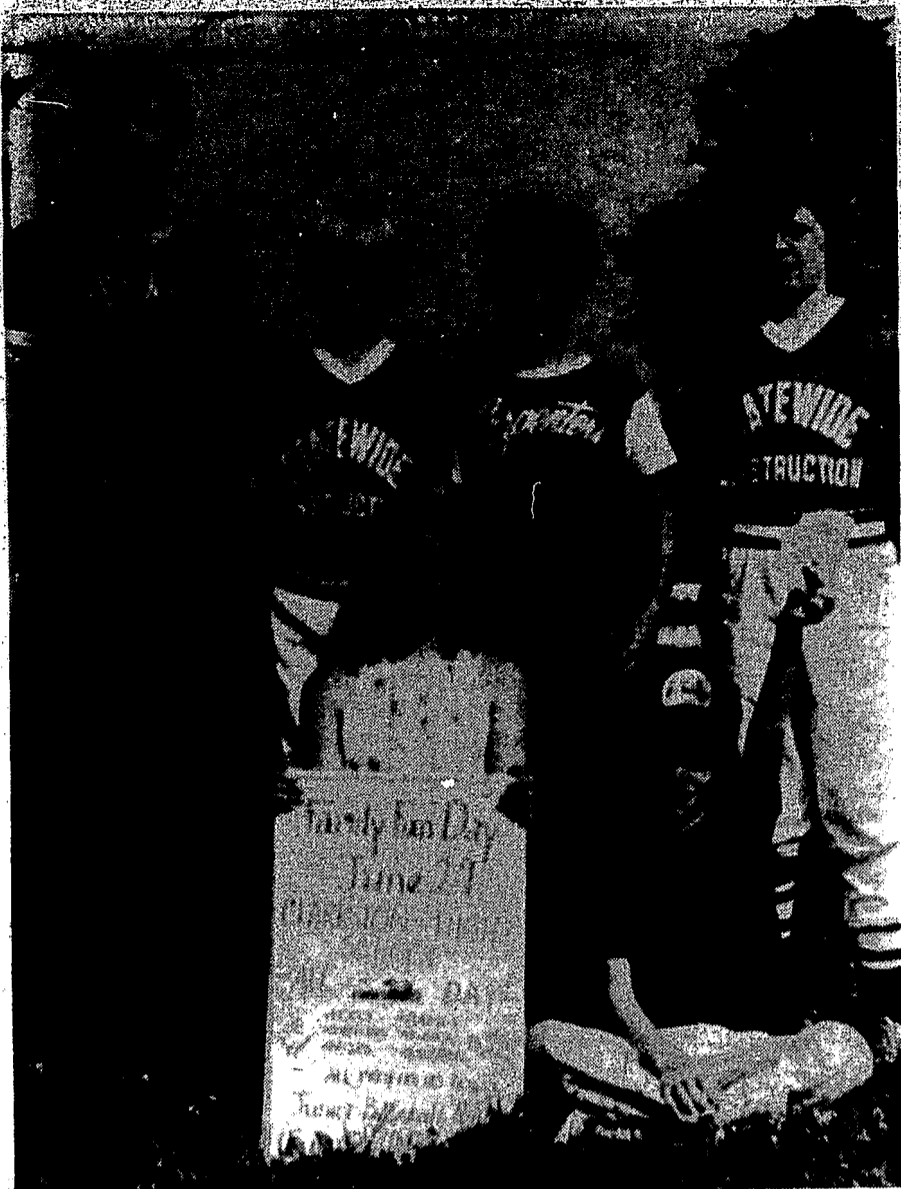

If these church workers don't have their card you should call McCall immediately, providing it is before midnight; after midnight call the supervisor, for he is our chief law enforcer. I am not going to discuss the criminals among the Avon girls, the Fuller Brush boys, Watkins Liniment boys of the Tupperware party girls.

Right here and now, I am going to say what I think. I think the supporters of this ordinance are nuts. This ordinance is kindred to the old infamous Green River Ordinance which has been beaten in court time and time again.

I have news for this local Police State, 31 days from the date this Ordinance was published I will be soliciting in the Township and daily thereafter. What is more, I expect the same type of brutal police assault that they gave to a Dixie Highway businessman while he was legally defending his property from the police. This man was later found not guilty.

A Believer in the Constitution.  
Lucky C. Fletcher

PAGINATION ERROR

Peddling tickets for Little League Fun Day June 29 at Clarkston High School area a bunch of young sportsmen: Mike Bradley [rear from left] Midget League, Richard Lamphere, Widget League, Ron Davis, PeeWee League, Ray Davis, Widget League and [front] Debbie Lamphere, girls' softball, and Tommy Bennett, T-Ball.

### Little League plans Fun Day

Little League Baseball will host its annual Fun Day beginning at 10 a.m. June 29 at Clarkston High School. Contests in pitching, throwing, and running bases will be offered in addition to carnival-type booths. A concession stand, a bake sale and a pickpocket lady are also to be featured. Little league members are now selling \$1 tickets to the event, the boy in each league selling the most tickets becoming eligible for a new bike to be awarded as prizes. The \$1 tickets can be turned in at the field for 10 cent games and booth tickets, according to Linda Lamphere, publicity chairman. Other 10 cent tickets will be available at the site.

### Bay Court day camp postponed

The start of a 3-week Day Camp Program at Bay Court Camp on Andersonville Road has been postponed until Monday, June 24, Timothy Dolye, Independence Township Parks and Recreation director, said Tuesday. Doyle said the program, sponsored by Independence Township, has not yet had a large enough sign-up of interested children, and urges anyone who is interested in attending to contact the Parks and Recreation Department in the township offices in Clarkston.

### White sets new record

by Mike Jewell  
Rob White set a new Men's League basketball scoring record last week as he poured in 60 points to lead Griswold to a whopping 116-35 victory over Independence. The old record was 56 points set by Dan Fife during the winter league play. Helping out White were Gary Hayward with 26 points and Tim Doule with 16 points. High scorer for the Independence team was Craig Kottke with 17 points followed by Ken Durham with 10 points.

In the other game Jerry Olson scored 25 points for Action Trucking leading team to a 112-94 victory over Village Clinic Larry Sherill was right behind Olson with 21 points along with Dave Partlo's 18 points. Also helping out were Chris Wakefield with 16 points, Dave McDonald with 12 points, and John Craven with 11 points. Leading the way for Village Clinic were Steve Mauti and Chuck Jorgensen with 20 points apiece followed by Steve Philpott with 17 points. Gary Mason helped out with 16 points while Daryl Brittain added 12 points.

### HEALTH HINTS

BY Keith Hallman, R. Ph.

Child's curiosity often leads them to chew plant roots, fruits, flowers and stems, whether they happen to enjoy the taste or not. Also, thousands of people will experiment with wild plants and berries as foods, teas and folk-medicine "cures". In either case, uncomfortable or dangerous poisoning can result.

## Letters to the editor

### Scouts are honest

You are probably extremely concerned about articles appearing in newspapers concerning "cheating" on membership rolls in a few of the 431 Councils in the Nation.

Here are some facts you should know about Clinton Valley Council, and share with your readers or fellow Scouters.

1. All of our membership can be verified, and our membership books are open upon request.

2. Every registered boy member can be verified with actual name and address, which is part of our membership accounting.

3. All membership practice of Clinton Valley Council, and method of

reporting are as prescribed by the National Council, B.S.A.

4. Our Council has not received any Federal Funds for Council operations.

Since we are both the highest growth Council among 79 Councils in the six-state midwestern region, and almost the most underfinanced of all 58 like-size Councils in the Nation -- it is important that public and Scouting trust be fully maintained concerning the integrity of our own Oakland-Macomb County Operation and organization.

Sincerely yours,  
Stanley L. Sowerwine  
Scout Executive

### Orion group unhappy

Open letter to the Orion Township Board

The Orion Citizen's Association, representing a majority of Orion Township's residents, wishes to go on record by stating that the use of Orion Township as a dumping ground for the entire Oakland County represents a serious and objectionable reduction in land use.

It will lower all property values within the township and serve to initiate even further encroachment on Orion Township in cases of future land dedication. It is in name and purpose an obnoxious use of our beautiful Lake Orion countryside.

We have stated many times at other public hearings and meetings that Orion Township is fortunate to have a unique character, with beautiful natural resources not found in many areas. It is a well-known fact that such natural resources are a scarcity in our land today and it is imperative that our

elected officials devote their best efforts to prevent encroachment upon these lands, whatever the cost.

We urge the Trustees of this township to make themselves heard at the County level, immediately, by such public statement to the effect that the residents and officials of this township will not tolerate broad encroachment of our township. The residents of Independence Township have been listened to—we Orion Township residents demand the same solicitude.

At the existing dumping ground, east of M-24, there is sufficient area to accommodate Orion Township's wastes, not more, if the dumping was restricted to our use only.

We, the residents of Orion Township will do everything in our power to prevent Oakland County to use our township for a dumping ground.

Sincerely,  
Orion Citizen's Association  
Peggy Teague, President

## Wonderful Chinese Recipes

### STIR-FRIED CHINESE CABBAGE

- 1 medium size Chinese cabbage
- 2 tablespoons peanut oil
- 1 teaspoon sugar
- 2 tablespoons dry sherry wine
- 1 teaspoon soy sauce
- 1 teaspoon salt
- 1/4 cup chicken broth

Cut off green-leaf part of cabbage and chop coarsely. Slice the white part in rounds 1 inch wide. Heat oil in skillet and sauté (stir-fry) white part for 2 minutes. Add green part and stir and turn over high heat for one minute more. Add all remaining ingredients, mix, cover and cook one minute. Serves 4-6. 75 calories per serving. Note: So-called Chinese cabbage (actually celery cabbage) available in supermarkets may be substituted, but increase broth to 1/2 cup.

### BEEF HO-YO

- 1 pound flank steak, cut in very thin one- or two-inch slices
- 1 medium-size onion, sliced thin
- 1 clove garlic, crushed
- 1 tablespoon Ho-yo (Chinese oyster) sauce (available bottled in Chinese groceries)
- 1 teaspoon sugar
- 1 teaspoon powdered ginger or 1 slice minced fresh ginger
- 1/4 cup dry sherry wine
- 1/2 cup chicken broth
- 2 tablespoons cornstarch

Sauté (stir-fry) garlic and onion over high heat for 2 minutes. Add beef, continuing to stir for 2 minutes more. Add soy and oyster sauces, sugar, ginger and broth. Dissolve cornstarch in wine and add, stirring until slightly thickened—about a minute. Serves 4-6. 255 calories per portion when serving 4.

## INVEST IN YOUR FUTURE

## INVEST IN Wedgewood Country

### GONE BY MONDAY

1. Is our prediction for this spotless custom brick & aluminum ranch on a large well landscaped Lake Orion Township lot, 3 bedrooms, beauty with quality throughout. Extras include: built-ins, walkout finished basement, electric garage door opener, workshop, large patio area, and many more. Out of sewer area. \$31,900 with land contract terms.

### ANXIOUS SALESMAN

2. at our Oxford office will help you locate a buyer for your home. Interested? Call 628-4818.

### HAD COLUMBUS DISCOVERED

3. This choice land but a few miles from civilization and out of the dense pollution, he'd have settled to watch the rest of the world go by. He didn't, but you can. Choice 10 acre parcels priced from \$19,900.

### UNWIND GOING HOME

4. To this cozy 3 bedroom, aluminum & brick ranch located on almost 5 acres of wooded, rolling property. Features: 1 1/2 baths, 2 fireplaces, finished walk out basement, oversized garage, and a flowing stream. Too good to be true? Come & see for yourself.

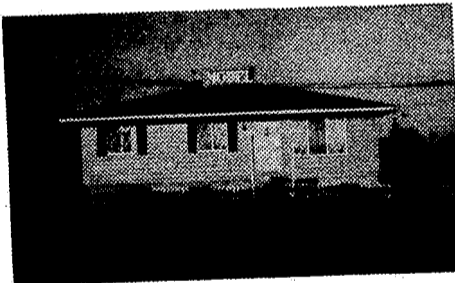

### BUY OLD AGE INSURANCE

5. By buying a new home located on an acre of Wedgewood country. How could you invest any wiser? For your investment you can also have the enjoyment of a spacious 3 bedroom ranch featuring full basement, attached finished 2 1/2 car garage, 1 1/2 baths, and a family room with a brick fireplace. All of this for a total investment of under \$45,000.

### NOT MUCH YARD

6. Well, anyway, who wants to spend all weekend in the yard. You can spend your leisure time entertaining & enjoying your friends in this charming family style colonial featuring 3 bedrooms, formal dining room, brick fireplace with built-in bookcases, large garage & finished basement. Liberal land contract terms!

IS THIS A PICTURE  
OF YOUR HOUSE? IT COULD  
BE IF YOU LIST WITH  
WEDGEWOOD REALTY

ASK ABOUT  
OUR GUARANTEE PLAN

### TIME IS MONEY

8. Don't wait any longer, you can't afford it. New home prices subject to change any day. Pick your lot and freeze the price now. Ranch, tri-level or colonial. Stop by and see our Crestwood model. OPEN DAILY 2-5. You'll be glad you did. Just go N on M-24, in front of Alban's Country Cousin.

### A HOME FOR ALL REASONS

9. Because our 3 bedroom, all brick ranch is located on over 4 acres of Wedgewood country with a stocked pond and acres & acres of state land surrounding it. Other features include: 1 1/2 baths, separate dining room, full basement, attached garage and an inground swimming pool, much more. Call for your personal appointment.

### FASTEST KITCHEN ALIVE!

10. For the discriminating woman who leads an active busy life! Formal dining room for your guests! Price of \$22,800 includes 74x225 anchor fenced lot, electric built-ins in convenient kitchen, 12x12 workshop, 1 1/2 baths and large laundry room. Don't delay, call now, tomorrow will be too late.

### FROG AND PRINCE

11. Remember the story? After painting and fixing this 2 bedroom bungalow, you will have a prince of a home located on a 90'x180' secluded lot located in beautiful Wedgewood Country. Lake privileges on Long Lake. A bargain at \$16,200.

### ALLERGIC TO WORK?

12. Move into this 3 bedroom maintenance free ranch. Located in a quiet Lake Orion area on a large fenced lot, this home offers all you might expect for \$31,900 including a formal dining room, brick fireplace in carpeted living room, full basement, 2 1/2 car garage and lake privileges on beautiful Long Lake. Sure to please your family! ACT NOW!

### HOW MUCH?

13. Hard to believe you can still find a 3 bedroom ranch home for only \$18,500? You bet! Harder yet to believe is that for a very reasonable down payment you could assume low monthly payments on a 5 1/4% land contract. Many fine features.

### EVERYBODY LOVES

17. A bargain... when prices all seem sky high and you need a home... and you would love to live on a lake, a big lake where you could swim, fish, ski and relax in your boat... Do we have a buy for you!!! A ranch with over 1100 sq. ft. including 3 bedrooms, a 10 x 10 workshop, and an exposed lower level. All of this for less than \$20,000 with an assumable mortgage.

### SURE IT'S FATHERS' DAY

18. - But Mother would love to have this 3 bedroom, 1 1/2 bath, aluminum ranch located on a spacious country lot. Dad will love the low down payment to assume the present mortgage with very reasonable monthly payments. Not to mention that the children will go wild over the 16x32 pool. Call now! This can't last!

19. WEDGEWOOD REALTY IS NOW A MEMBER OF TWO LISTING SERVICES, WHICH MEANS YOUR HOME WILL BE SOLD TWICE AS FAST. IS YOUR BROKER A MEMBER????

### SPECIAL OF THE WEEK LIKE COUNTRY LIVING?

20. See this 5 acre mini-barn and a pond. Located in lovely Brandon. It's featured as this week's special because it probably will be sold before next week. Act now!

### INVESTMENT OPPORTUNITY

14. 2.4 acres plus 40x60 barn plus 2 homes. There are many possibilities for a business to be started on busy M-24. As a starter for a factory. Perhaps making use of the existing barn structure. Meanwhile let the income from the 2 homes make your land contract payments.

### IF WE DON'T HAVE IT OR CAN'T FIND IT FOR YOU IT AIN'T AVAILABLE

15. Call now and tell us your needs. We have 2-3-4 bedroom homes to choose from. Put one of our professional salesmen to work for you.

### COMMERCIAL ON M-24

16. Over 1/2 acre of property with an unbelievable 1900 sq. ft. quad-level home! It is certainly no overstatement that you must see this home. Custom throughout. Included: air conditioner, washer, dryer, stove, fireplace fixtures, bar stools, gas grill, water conditioner, telephone jacks, triple track Anderson windows and built in stereo. More, more, more. Ideal office location. Only \$49,900.

### ARRIVING OR LEAVING

21. WEDGEWOOD COUNTRY? Let one of our professional sales associates aid you in your move. Leaving, we will be more than happy to help you establish a fair market price and market your home to the public. Arriving, come to those that know and love Wedgewood Country:

# Six girls named "all league"

The 1974 Sashabaw Junior High School baseball team, from top left are, Ron Fraley, Captain, Glen Curtis, Don Blower [MVP], Kevin Brennan, Duane Dubay, Jerry Walker and Scott Traver, manager. Middle row: Scott Hool, manager, Jeff Leach, Rick Langdon, Rick Hensley, Mark Czinder [MEP], Tom Gay and Bill Eibergen, manager. Front row: Jeff Mausolf, Dave Callahan, Greg Pearson, Doug Sorles and Paul Wenzel.

## Sashabaw honors spring players

by Ken Woven

The freshman baseball team at Sashabaw Junior High School was honored at the Spring Sports Awards Banquet held at the school June 4.

The Cougars, who compiled a 5-7 win-loss record this season, established two new records--most runs scored in one game (23) and beating Clarkston Junior High at Sashabaw for the first time in history.

Team captain as selected by his teammates was Ron Fraley. In spite of arm trouble all season, Fraley was the team's catcher and a spark all season

long. Selected as Most Valuable Player by his teammates was Don Blower. Blower, one of the two main pitchers, compiled a 3-3 record and also played shortstop. He led the team in five areas: a .486 batting average, five home runs, seven stolen bases, 18 hits, and 15 R.B.I.'s. Mark Czinder won the other trophy as the team's Most Exemplary Player. Czinder, the other main starting pitcher, compiled a 2-2 record and also played outfield and shortstop. He had the best earned run average with 2.45.

Six Clarkston softball players received recognition last week as the coaches of the Wayne-Oakland League selected all-league teams. Cathy Bunton, Sheryl Stickley, Cindy Hunt and Autumn Matlock were selected for first team honors. Billie Carroll was a second team selection, and sophomore Dede Miller received honorable mention.

Seniors Cathy Bunton, Sheryl Stickley and Billie Carroll will be greatly missed next year. Cathy "Ace" Bunton plays an outstanding centerfield, was voted Most Valuable Player, and has maintained a high school batting average of .513. As shortstop, Sheryl Stickley has been running around the infield backing up everyone for three years, while maintaining a .510 career batting average. She was awarded the Senior Athletic Award and has been first team all-league selection in all the sports in which she participated. Pitcher Billie Carroll will be greatly missed as she carries a high school pitching record of 13-3, and a batting average of .514. Billie has an amazingly fast delivery and has struck out 70

opponents in her high school career. Returning next year will be Cindy Hunt, a junior, and sophomores Autumn Matlock, and Dede Miller. With her quickness and strong throwing arm, Cindy Hunt has made it almost possible for any baserunner to steal against Clarkston. Cindy has scored 30 runs, collected 25 RBI's and hit 2 home runs this season. First baseman Autumn Matlock, although only a sophomore, made first team as a result of her fine stretches at first base and her heavy bat. Doing the splits at first has become normal procedure for Autumn, who also collected 29 RBI's as clean-up batter. Sophomore Dede Miller received honorable mention this season and will probably be an important factor next season as she is the only returning pitcher. As a pitcher she compiled a 2-1 record and frequently pitched Clarkston out of dangerous situations. Clarkston will be losing one other fine player in senior second baseman Jane Church. Jane has played for three years and has become famous for her one-handed "scoop" catches.

# District Court's a busy place

## New reporter learns the ins and outs of the judicial system

By Mary Warner

Walking into the Clarkston District Court for the first time presents one overwhelming first impression—there's lots of blue uniforms walking around! It's hard to remember that Owen Marshall does not represent the epitome of court life, and that much of the routine court cases include the appearance and testimony of the police.

But when one of the court clerks informed me that lots of people are still in awe of the courts, I knew what she was talking about! The sight of all those police sent chills down my back.

But this was no ordinary day that I wandered in on. It was jury week, and the court docket had jury trials scheduled all day. Hence the guys with the badges and guns. On other days and other weeks, the court hears civil cases, small claims, municipal ordinance cases, and many other things.

I immediately began a "did ya know" session with myself, dealing with several topics such as "did ya know there were only six jurors to a jury trial in Michigan District Courts?" "Did ya know that many people appear before Judge Gerald McNally for the first time charged with such serious offenses as drunken driving, possession of marijuana and even escaping from prison and they are not accompanied by a lawyer, and don't even know where or how to retain one?" or "Did ya know that some guys conduct their own defense, and have to ask themselves questions on the witness stand? (One man did that very thing Wednesday, and by gosh, he was acquitted!)"

I do know one thing—Judge McNally takes the time to find out a person's financial status before he sets bond or issues a fine—which set him on the right side of my heart. Backing up my high estimate of him was lawyer John H. Murphy, who was there defending a man charged with drunken driving. Murphy said that McNally was well-liked by lawyers in this area. "When he ran for re-election" Murphy said, "he was unopposed. To me that's a very high compliment from his peers."

Murphy contradicted my opinion though, that the about twenty-foot square courtroom was a bit small, saying that other district courts in the area, three in the 52nd district alone, are even smaller, and that the court room was well-structured to try cases.

HMMM. Well, could I find anything else to pick on? "What about the caseload?" I said. "Aren't the courts supposed to be back-logged as far as two years?" The caseload was described by one of the clerks as "phenomenal," but Murphy said the problem would be partially abated by the recent creation of two more courts in the district by the state legislature.

Journeying upstairs, I discovered several desks and several more court clerks—there are eight working in the building altogether—and found out even more interesting things. Like "did ya know that the court has a small claims division where lawyers are not allowed and people can sue for damages not exceeding \$300? That juveniles can be sued, as in the case of two boys who broke a picture window and a judgement of \$62 was rendered against them? That there are persons around this area who consistently take advantage of the poor and uneducated such as the young man who performed \$120 labor for a man who never paid him?"

Head of small claims division Audrey Toutant, who is very enthusiastic about her division as the place where "the little guy can come and settle his grievances without the expense of a lawyer", said that as a result of recent publicity, more people are coming to her for help in settling their claims.

Mrs. Toutant also said there is a division in the court called the "Animal Kill" division (the name is joked about, Mrs. Toutant said, because "it sounds like we're killing animals"). Actually the division is connected with the Oakland County Animal Welfare Bureau, and provides a means for livestock raisers to be reimbursed for any damages incurred by dogs on livestock.

Back downstairs, I once again watched as Judge McNally juggled jury cases around while arraigning other alleged offenders and setting trial dates for people who appear on traffic tickets. McNally is very busy. He says much of his time is taken up with administration of the court and correspondence. I looked at the caseload for the day, totaling some twenty scheduled cases. I picked up my camera and started out the door. "Come back tomorrow!" the nice people chorused as I walked out the door. You know, I think I might.

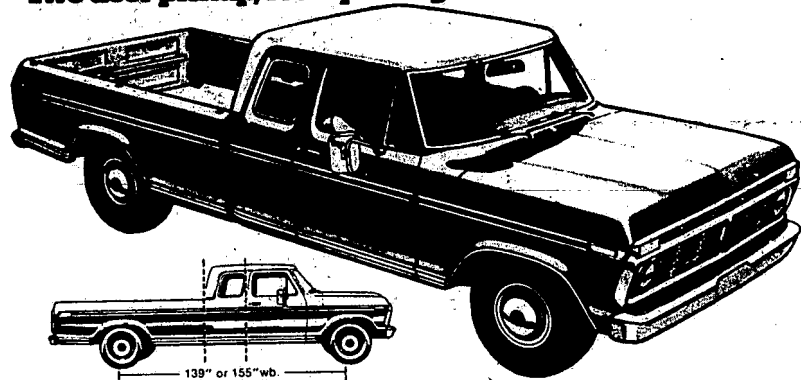

Much of the action in the Clarkston District Court takes place in its entrance hall, where lawyers, policemen, witnesses, defendants and visitors wait for various cases to be called.

See it at Skalne Ford

## Ford's New SuperCab Pickup

Two door pickup, roomy enough for a back seat.

Here's the new two-door pickup that can seat a family of six! It's Ford's new SuperCab with lots more room—for people or things. Objects as long as 5 1/2 ft. and over 2 ft. wide can fit behind the front seat. Or take your choice of a full-width bench seat or facing jump seats. SuperCab pickups come with 6 3/4 or 8 ft. box. GVW's up to 9,300 lbs. for campers as long as 11 ft. Come in today.

3 ways you can use Ford's extra room:

Foam-padded rear seat (optional) folds flat like a station wagon's to make load floor for cargo. Facing jump seats (optional) have foam-padded cushions and backs, fold out of way for cargo. Big 44-cu. ft. cargo space is easy to reach from either side of split-back front seat with low flat floor.

## Two fires minor

Two fires last weekend did minor damage to the Nickelodeon Tavern in northern Independence Township and to the home of Township Trustee Keith Humbert on Snowapple.

The fire at the Nickelodeon, 10081 M-15, late Friday afternoon was confined to an electrical junction box in the kitchen, according to Township Fire

Chief Frank Ronk. Started by a short in the box and not spreading from it, the fire was "just smoldering by the time we got there," Ronk said.

The chief estimated damage to insulation in the attic of Keith Humbert home at \$50.

Ignited by a gas torch Humbert was

using on a plumbing project at the house, 6440 Snow Apple, the blaze was limited to the insulation in the attic, Ronk said.

Three trucks responded to the 9:59 p.m. alarm and were at the scene until 10:44 p.m. The main task of firemen was to tear out the hot insulation, according to Ronk.

For a dollar a week, you can reach 10,000 people in over 3,400 homes every week with an advertising message on this page. Call 625-3370 and place your message today!

## Y offers swim, fitness classes

The Extension Department of the North Oakland YMCA will offer two new classes in the Clarkston area this summer.

Swimming lessons for pre-school age children ages 2½ - 6 years will be offered on Friday mornings beginning July 12. The five week course will be held at a residence on Parke Lake. Emphasis will be placed on watermanship survival swimming and endurance. Parent participation will be required for those 2½ - 3½ years. Course fee is \$7.50. The half hour classes will be limited to 10 in each class.

A co-ed fitness class will be offered at Colombiere College beginning Tuesday, June 25 at 6:30 p.m. The class will be organized for husbands and wives and include stretching exercises followed by a choice of volleyball, tennis, jogging, walking or swimming. The fee for husband and wife for 6 weeks is \$10.

For further information contact John McClure, YMCA Extension Director at 335-6116.

### Radio operators to stage emergency

A simulated national emergency will be enacted by members of the Oakland County Amateur Radio Society during an international field day beginning at 2 p.m. Saturday and lasting for 24 hours.

The exercise, using emergency power and portable equipment, will take place in a field at Hummer Lake and Hadley roads, near Ortonville.

Operators will attempt to contact as many other operators through the country as possible during the practice with the goal of maintaining communications under adverse conditions.

# INDEPENDENT

view

by Jean Saile  
and Pat Braunagel

Clarkston Area Jaycees are asking that participants in the May Walk for Independence Center leave the money they earned at the center on Maybee Road. "We've only managed to collect a third of that pledge so far," said Rick Screves of the organization.

Jim Briney, who was reportedly considering a Senate race for the seat now held by Harvey Lodge, will run instead in his old House district in Waterford and Pontiac. A Republican, he will face Charlie Harrison, incumbent.

Three windows were broken at Clarkston Elementary School Saturday afternoon, and three boys spent a couple of hours being questioned by their parents and Oakland County Sheriff's deputies.

The boys—aged 8, 9 and 10—were stopped as they walked away from the school as deputies responded to the burglar alarm at the building at 1:45 p.m.

They told deputies they had broken the windows, entered the building but

taken nothing—a claim confirmed by a check of the school.

The boys were turned over to their parents.

A couple of two by fours in the roof caught fire during a cremation Tuesday afternoon at Ottawa Park Cemetery, 6180 Dixie Highway. The Independence Township Fire Department responded, but the fire was already in check as a result of efforts by cemetery workers with a garden hose.

Just a reminder to all would-be treasure seekers: St. Daniel's Church will conduct its second annual treasure hunt at 8 p.m. Saturday, June 29 beginning at the church. The \$9 price includes a route that includes more walking than last year. That's for the exercise and the ecological minded.

Even though two new district courts have been approved by the state for the 52nd Court District, it won't be affecting Clarkston. Rochester will pick up another bench as will Walled Lake. Judge Gerald McNally is going to have to continue holding down this area alone.

## Stone qualifies for seminars

Dr. Thomas K. Stone, 80 Robertson Ct., Clarkston, has just become a Human Potential Seminar (HPS) Project Trainer, certified to prepare others to be leaders of Basic Seminars. He was honored as he successfully completed co-leading a Basic Seminar and Workshop in Evanston, Illinois, becoming one of a select few HPS trainers in the United States.

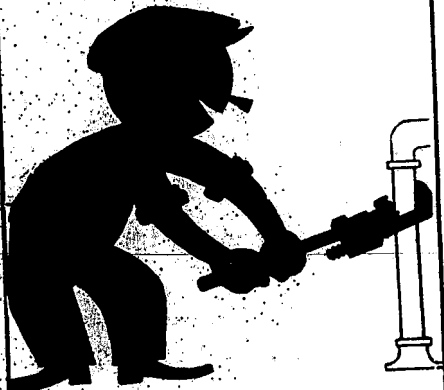

A Professor and Admissions Counselor at Oakland Community College, Dr. Stone is on the staff of the Highland Lakes Campus in Union Lake.

The goal of the Seminars is to provide a structure within which students can generate and share extensive positive information about themselves. Such an activity of mutual and self-affirmation introduces students to a greater awareness of and respect for their own and others' potentials. Specifically, seminar participants are enabled to list extensively and in detail their values, satisfying and successful experiences, personal strengths, and life-goals.

The Seminars are time-limited, supervised, and positively oriented human development courses composed of a series of specific activities designed to help persons toward greater self-regard and regard for others. The process is based on these two assumptions: (a) that most persons use only a small part of their innate capabilities and (b) that there is something right with everyone.

The final goal of the seminars is to encourage each participant to translate his increased awareness of goals, values, strengths, and motivators to a more satisfying style of life beyond the group.

## ELECTION NOTICE TO THE ELECTORS OF THE TOWNSHIP OF SPRINGFIELD, OAKLAND COUNTY, MICHIGAN

NOTICE IS HEREBY GIVEN, that at a special election to be held at

**PRECINCT NO. 1 650 BROADWAY, DAVISBURG**  
**PRECINCT NO. 2 650 BROADWAY, DAVISBURG**

in said Township of Springfield, on Tuesday, the 6th day of August, 1974, the following question will be submitted to you:

Do you favor the confirming of a franchise to THE DETROIT EDISON COMPANY, granting permission to erect, construct, lay, operate and maintain, within the TOWNSHIP OF SPRINGFIELD, all needful and proper poles, towers, mains, wires, pipes, conduits and other apparatus requisite for the transmission, transforming and distribution of electricity for public and private use, subject, however, to all conditions and restrictions, of said franchise, as passed at a session of the Township Board of said Township, held on Wednesday, the 5th day of June, 1974.

A copy of said franchise is on file with the Township Clerk, and it is open to the inspection of the electors of said Township.

At said election the form of ballot will be as follows:

Confirming grant of franchise to THE DETROIT EDISON COMPANY for the purpose of the erection, construction and maintenance of towers, poles, mains, wires, pipes, conduits, apparatus, etc., requisite for the transmission, transforming and distribution of electricity for public and private use.

YES ( )  
NO ( )

The polls of said special election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. on said day of election.

### REGISTRATION NOTICE

The Township Clerk will be at the Township Hall, 650 Broadway, Davisburg, on Monday, the 8th day of July, 1974, from 8 o'clock in the forenoon until 8 o'clock in the evening for the purpose of completing the registration of electors of said Township.

Dated this 5th day of June, 1974.

J. Calvin Walters,  
Township Clerk

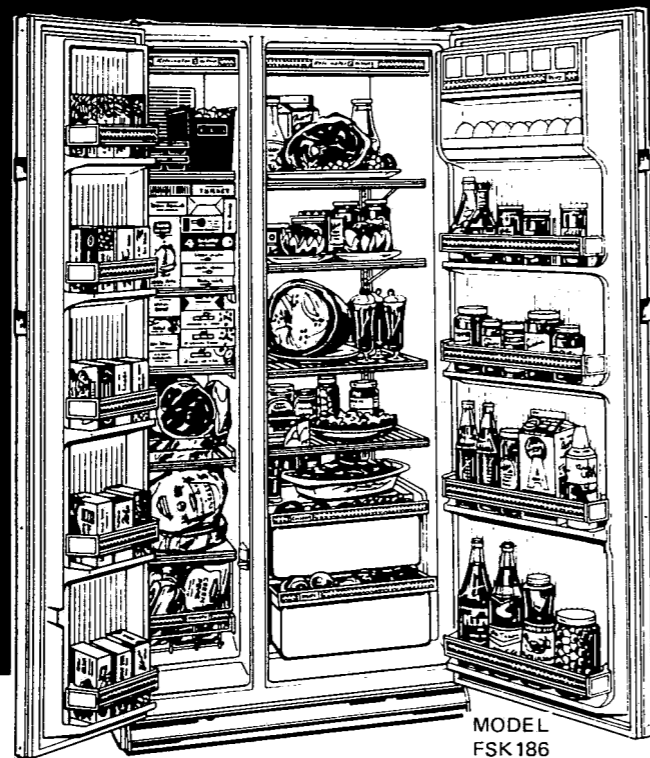

I hereby certify that the foregoing is a true copy of resolutions adopted by the Township Board of Springfield Township, Oakland County, Michigan, at a special meeting held on Wednesday, the 5th day of June, 1974.

J. Calvin Walters,  
Township Clerk

# They're fighting crib death

By Pat Braunagel

Last Sunday--Fathers Day--was Jim and Sandra Whitlow's first wedding anniversary.

It was also the third weekend after the death of their baby son.

Jimmy had died quietly during the night, leaving parents filled with sorrow and laden with guilt.

The complex emotions involved in mourning and dealing with guilt can force a heavy burden on a couple--one which has ended in divorce for some.

However, Jim and Sandra are dealing with their sorrow by supporting each other and turning their attention outside of their immediate family to help other parents whose children were victims of Sudden Infant Death Syndrome (SIDS) or crib death.

Quietly, steadily, Sandra recalls the night her seven-week-old son died.

The Drayton Plains couple had been out for the evening, leaving a sitter in charge of the baby and the two children from Sandra's previous marriage.

Chubby and energetic, Jimmy had finally run out of steam about 11:30 p.m. and allowed the babysitter to put him to bed.

An hour later, his mother checked on him and found him to be sleeping peacefully.

When the alarm went off at 6:30, I thought it was unusual that he wasn't awake yet, because he usually woke up before the alarm," Sandra said.

"I went in to check, and he wasn't in bed. I started out of the room, thinking my 10-year-old had gotten him up. Then I noticed all of his blankets were at the end of the bed and he was under them."

Crib death, which strikes quietly and without warning, remains a mystery to medical science.

Yet the disease accounts for an estimated 85 percent of infant deaths in the United States, perhaps as many as 25,000 a year.

"The disease happens within seconds," Sandra said. "If a doctor had been holding him at the time, there wouldn't have been anything he could have done."

Immediately after discovering their dead baby, the Whitlows were beset with guilt. They had been responsible for this helpless infant, they reasoned, and his death must have been their fault.

Jimmy a week before his death—happy and healthy. "He was an angel," his mother says.

Sandra wondered if she put too many blankets on him.

"Why didn't I hear him?" she asked herself.

The Whitlows took their questions to authorities who have witnessed these tragedies before, including the family pediatrician, Dr. James O'Neill of Clarkston.

They learned there was nothing they could have done to prevent the disease.

But they also knew from experience that the parents of crib death victims need help, and they need it as soon as possible.

"The worst time was the first two hours, the two hours it took for the medical examiner to arrive," Sandra said.

The Whitlows are active supporters of the International Guild for Infant Survival and hope to get a guild started in Michigan. Toward this goal, they will have a booth at the Oakland County Fair at the CAI Building this weekend.

The national organization sponsors research about the causes of crib death, but it also deals with psychological support of the surviving parents.

"The main thing is that people have to be comforted," Sandra said. "They need to have the knowledge that they couldn't have done anything."

Jim and Sandra believe the best

persons to supply that comfort are others who have gone through the same experience.

"I'll never forget the frightful morning when I found him. It was a frightful experience," Sandra said. "Another person can put their arm around you and say they're sorry, but only a SIDS parent can understand and say, 'I know how you feel because it happened to us.'"

Attempting to initial guilt feelings, Sandra was fortunate to have "the most loving husband."

Other men, she said, have blamed their wives for being bad mothers when their children were stricken with crib death.

Both Jim and Sandra are willing to help other parents with whom they have the same tragedy in common.

They have distributed cards with their telephone number - 673-5504 - to several area police and fire departments and are attempting to distribute information through agencies like the Oakland County Health Department.

"We're also going to have some brochures in Dr. O'Neill's office," Sandra said.

Meanwhile, the Whitlows are available by phone on a 24-hour basis.

"Hurt doesn't come at one specific time," she said. "It happens all day and all night long."

## Landfill plan

By Pat Braunagel

A solid waste management plan for Independence Township was approved by the township board Tuesday night, just a dozen days before it is due in Lansing.

The plan, designed to meet minimum requirements of the state by the July 1 deadline and thus help to stave off location of a county landfill here, was put together in a little over a week by consulting engineers at Johnson and Anderson Inc.

The "relatively simple" recommendation explained by Donald Johnson of the engineering firm calls for the acquisition of a landfill site large enough to serve the township's needs through 1990.

Once the township had improved the site to meet Department of Natural Resources requirements for licensing a landfill, the township would contract a private firm to operate it.

The proposal, which Johnson said normally would take about four months to prepare, is subject to amendment as further studies are made.

It includes an implementation schedule which calls for the landfill to be in operation by April 1975.

If the initial proposal is approved by the DNR, the next step would be location and purchase of a landfill site, which has been unofficially estimated to be in the range of 30 to 60 acres. The county plan to locate a landfill in the

northwest portion of the township would have called for about a 200-acre site to serve at least 11 other north Oakland County communities.

One alternative to a landfill operation was described to the board and the more than 30 persons in attendance at the meeting by Richard Ankerson.

He said Ankerson Resource Systems Inc. now is operating a plant on South Boulevard in Pontiac which has a solid waste capacity of 25 tons per hour or 650 tons a day and refuse by heat to about 2 per cent of its former volume.

The residue, Ankerson said, is a substance "very much like black sand" which can be used as an aggregate for road paving or in concrete blocks.

Ankerson charges \$6 to \$6.50 a ton, approximately three times what area landfills charge for dumping.

Johnson said that about 40 tons of solid waste is generated daily in Independence Township, although not all of it is disposed of at a public facility.

Board members, who commented they had previously been given the impression by a county spokesman that Ankerson's idea was in the research stage, indicated enthusiasm for further investigation of its feasibility.

After current expansion, it will be able to handle 1,200 tons of solid waste a day by the end of the summer, Ankerson predicted.

# The Leaks are collectors

Country living

by Mary Warner

You have to catch Mr. and Mrs. Keith Leak quick, if you want to find out about their lifestyles. Together the Leaks travel all over the country, play host and hostess to two sons and a daughter and eight grandchildren, play golf, and in between all that find time for the care and loving of a large apartment in Independence Square Apartments on the Dixie Highway in Clarkston.

"My daughter-in-law tells me," Helen Leak laughs, "that she's always calling to invite me somewhere, 'But Helen,' she says 'I have to get up before eight o'clock to catch you!'"

Luckily, the Leaks were home last week to show their home, filled with antiques, and mementoes of almost 46 years of travels and loving friendships.

Actually, though, Mrs. Leak qualifies the beautiful tables, secretaries, cabinets, chairs, and dressers made of walnut, mahogany, and cherry wood, are really only "just plain good furniture that had been badly handled and I made nice furniture out of it."

Mrs. Leak has refinished each of the pieces she has in her home by herself. She and her husband have picked them up over the years in their travels around the world, and in excursions in small second hand stores and antique shops all over Michigan. She tells the story of the breakfront cupboard she found in a barn in Lapeer which had been made out of cherry wood right on the farm. And of the Victorian settee and man and ladies chairs she found in a friend's attic.

As a matter of fact, almost everything in the Leak's home has a story - the blue china bowl on the dining room table found in Japan, the secretary in the living room which was "almost in pieces" and was purchased for- hold your hats-\$15. The cabinet in the kitchen complete with ratholes left in for authenticity, after Mrs. Leak antiqued it and turned it into a striking symbol of her own ingenuity.

But hidden behind the Leak's den door is what Mr. Leak jokes of as his own antique--a plaque representing Mr. Leak's 38 years of service with Pontiac Motor's as an engineer. Before that, he and his wife lived for a year in Moscow, Russia, where Mr. Leak

One of the Victorian chairs the Leaks found in an attic; on top of the organ are gifts and other objects purchased in their travels.

helped set up an automotive plant. During that time, the couple found many things in Moscow's Thieves Market they now have in their home.

Mr. Leak was also active in setting up a job rehabilitation program with the Michigan State Mental Hospital, and since he retired from Pontiac Motors has been active in Boy Scouts.

Both are active members of

Clarkston United Methodist Church, and will be celebrating their 46th anniversary this July.

And don't go away, there's more. Mrs. Leak has done decoupage, shown

in one of the accompanying pictures).

As you can see, the list of Mr. and Mrs. Leak's activities goes hand in hand with the myriad of interesting objects in their home.

Mrs. Leak's decoupage artwork.

Mexican wicker chairs grace the Leaks' balcony.

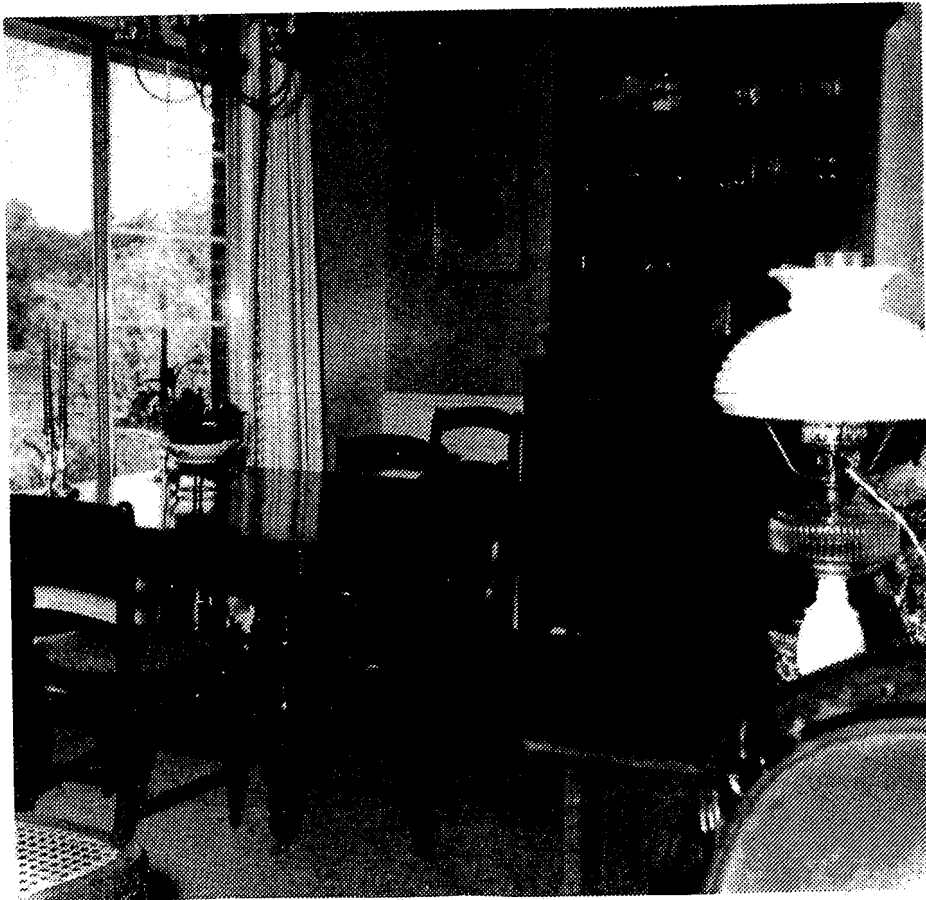

# Refinishing "finds" is a hobby

## Country living

A matchstick castle from Sweden reigns over the study.

The rosewood cupboard (rear) was redone by Mrs. Leak.

### The Art of Home Decor

by Boris B. Bronson

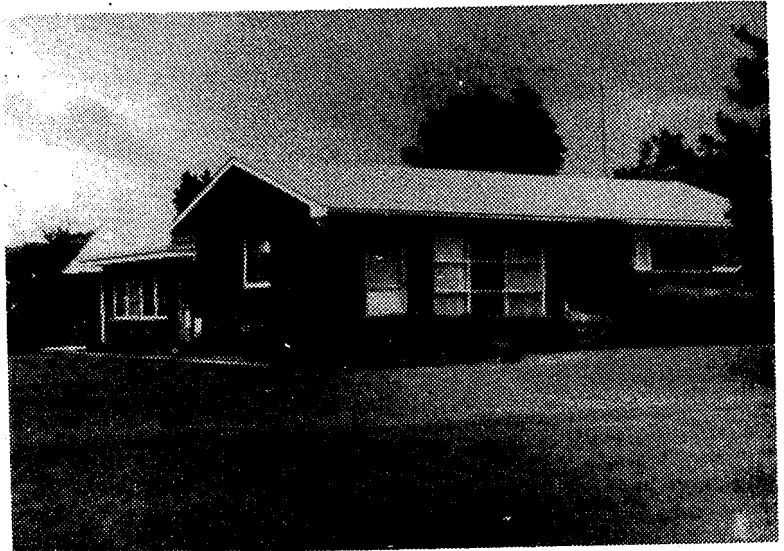

Before you begin decorating, there are some decisions you should make. What will the room be used for: Who will use it: When will it be used? Prepare a model with cut out circles and squares so you can move the elements around. Establish the center of interest and relate the furnishings. Place large pieces first, then lamps and smaller pieces. Distribute the weight to keep balance. Provide space for movement and traffic. Be sure lighting is good . . . study light should be better than the soft lights chosen for visiting rooms. Remember comfort and livability. Look to the future and your family's future needs.

And when you do begin decorating, make HOUSE OF MAPLE, 6605 Dixie Hwy., 625-5200 your first stop. You'll find Michigan's largest selection of early American and colonial furniture to choose from. We welcome browsers and invite you to join us for a cup of coffee. Revolving charge available. Hours: daily 9:30-9; Tue & Sat til 9.

**HELPFUL HINT:**

If you are papering your own walls, rolling it on with a paint roller is the thing. Paper is smooth, no wrinkles, and it doesn't tear while applying.

John Priebe (left) and Carl Cascaddan welcome friends at their new office.

## Office machines dealership opens

In business since March at the lower level of 6575 Dixie Highway is Oakland Office Machines Inc., a venture of Clarkstonite John Priebe and Carl Cascaddan of Oxford.

The two, formerly associated with a dealership in Pontiac, carry and service typewriters, adding machines, calculators, and copy machines bearing the names of Remington, Facit and Casio.

They have a Remington franchise for a three-county area of Oakland, Macomb and Livingston.

Though dealing primarily with commercial firms, Priebe says they're happy to undertake meeting the machine needs of individuals, as well.

Priebe does the selling and Cascaddan the servicing while duties are handled by Margaret Priebe and Ruth Dutcher.

Their office is located in the same building as Custom Home Design.

## Answering, secretarial service started

A new secretarial and telephone answering service has been initiated at 8060 M-15 in the former Frick Electric building recently purchased by Dale and Evelyn Millward. The Millwards are also proceeding with plans for construction of a small service-type shopping center across the street.

Mrs. Millward will manage the new service. She says she will operate the secretarial service much on the line of the Kelly-Girl System, and is now recruiting qualified workers who can be sent out to various offices when needed.

The answering service will begin with a 30-button line, Mrs. Willward said. She will have the capacity to handle 28 accounts with opportunity for later expansion.

## Down in front!

by Phillip Purser

The crowds came to Pine Knob Music Theater June 13, for one reason only. That was to see one of America's most undeniably talented artist, Sammy Davis Jr.

Appearing before him as part of the Sammy Davis Jr. Show were some fine performers, but they were not what this audience, predominantly middle-aged and white, came to see.

For the next hour and fifteen minutes, Davis with his brilliant ability to gain rapport with his audience took some of the chill out of a cool June evening.

Davis reminisced at various times during the performance about other incidents in his life; his many years on the road with his father and uncle in the Will Mastin Trio, his relationship with Bill "Bojangles" Robinson, and his Broadway career. He mentioned to great applause that this was his forty-fifth year in show business. Backed by the excellent orchestra conducted by his long-time arranger-conductor, George Rhodes, Davis made several songs sound uniquely like his own. "The Lady is a Tramp" and "As Time Goes By" for examples.

Sammy Davis, Jr.

**Service news**

Navy Ensign Terrance L. Rickey, son of Mr. and Mrs. Norman V. Rickey of 615 Airport Drive, Drayton Plains, Mich., made his first solo flight in a Navy aircraft at Pensacola, Fla. Soloing is a major step towards becoming a Naval Aviator.

Marine Lance Corporal John R. McAlevy, son of Mr. and Mrs. John R. McAlevy of 6379 Eastlawn, returned to the Marine Corps Base, Camp Lejeune, N.C., after a seven-month deployment to the Mediterranean. While deployed, he helped provide flood relief in Tunisia; participated in "Operation Nimbus Star", which involved the clearing of mines from the Suez Canal; and took part in amphibious training exercises, some of which were in conjunction with NATO forces. McAlevy, as a member of the 32nd Marine Amphibious Unit, also visited France, Spain, Italy and Greece during the cruise.

Selling a house on your own may not be as economical as you think. Suppose you hit it lucky and the buyer says yes? Do you know how much of a deposit you are entitled to? Do you know how to write a contract that will be valid? Do you know how to secure financing to expedite the sale? Don't lose the sale by playing broker. Leave it to the professionals. Your professional knows the ins and outs of selling, the pitfalls and the rules and regulations.

Why not call BOB WHITE REAL ESTATE, 5856 S. Main St., 625-5821 today with your listing and leave it to our professional staff to find the right buyer. To avoid dozens of unnecessary people tracking through, we will bring only qualified buyers to see your home. 24 hour answering service. Hours: 9-8 Mon-Thur; 9-6 Fri; 10-4 Sat; 2-5 Sun; & by app't.

**HELPFUL HINT:**

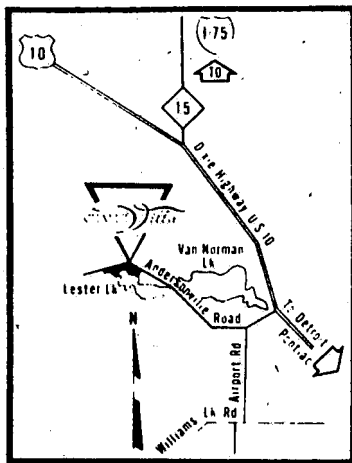

Overpricing may extend the selling time of your house, as well as creating much inconvenience by extended showings.

# Jim's Jottings

by Jim Sherman

Last week the press was guest of Greenfield Village and Henry Ford Museum. It was to be an introduction to their latest development, Suwanee Park. Had I been planning such a preview it couldn't have gone more wrong.

To begin with there has been a builders' strike and the walks were still cinders. Blacktopping was promised the following Monday.

The raft that was to take us to Suwanee Island broke down the previous day. Three machines in the Penny Arcade were out of order and the authentic old merry-go-round had but 2 of its forty animals refinished.

## CAP openhouse

Clarkston Composite Squadron Civil Air Patrol will entertain parents of members at an open house 7 p.m. June 26 at Clarkston High School. The opportunity will be offered to meet senior members and learn a little about the program which consists of aerospace education, military and moral leadership and physical training.

However, though public relations man George Lawrence apologized for the delays, he needn't have. There is no question this addition to Greenfield Village will live up to the reputation of the rest of the 280 acres.

This was my first visit to these grounds in Dearborn. The wife and kids have made the trip, but never I. I was impressed no end.

Henry Ford had remarkable foresight. He began collecting things in 1905 for something that was not to become a reality until 1929. October 21 of that year coincided with the 50th anniversary of the discovery of the electric light, and dignitaries including the president and Thomas Alva Edison were at the site to celebrate.

These facilities are headed toward self sufficiency. They are still living to some degree off designated funds. The new Suwanee Park is another step toward self support. There will be charges for carousel rides, there is a restaurant, penny arcade and a really elegant ice cream fountain.

Of course, there is a charge for the train ride to get you to the Park, but you can walk. You can't walk to the island, though, and the raft ride will cost something.

There is much to see without pay, except to get in. 300 years of history are spread over numerous shops of crafts—glass blowers, printers, coppersmiths, blacksmiths, etc.

Then there are the homes. Birthplaces of Wright brothers, Noah Webster, Luther Burbank and of course Henry Ford. There are others, some less reknown.

And there are just things... like

an electric generating unit, Cape Cod windmill, covered bridge, and school houses.

Individually, I suppose Henry Ford Museum would have to be singly most impressive. I felt it was better than the Smithsonian in Washington. That could have been because it was more condensed, but

it is certainly complete.

Henry Ford said of the museum, "It is to be an institution of learning... for everybody who wants to know the greatest of our country and what has made it great."

The Museum and Greenfield Village certainly do that.

## Charlie Gardener Sez:

Still time to get a lot done before hot weather. Have you fertilized the lawn yet? You can still use Weed Killer for dandelions and weeds and do them both at once.

Late June and Early July is a good time to prune trees, shrubs and evergreens. If a pruning cut or injury is over 1/2", it is best to treat with a tree Wound Paint. DO NOT use regular paint or Tar, this could burn the plant tissue.

Don't let insects enjoy your garden more than you do. Jacobsen's has a good selection of Insecticides and Fungicides.

**FOR LAWN:** Use a fertilizer high in nitrogen, such as: SCOTT'S 23-7-7 or AGRICO 24-4-8. (with Fertilizer the first number means the total nitrogen, the second number means the total phosphorous and the third number means the total water solution potash.

If you use a lawn fertilizer on your vegetables you get beautiful big plants but not many vegetables.

JACOBSENS has a fertilizer for every purpose.

Flowers and vegetables, lawns, trees, Evergreens and acid plants such as Azaleas and Rhododendron.

Jacobsens has Petunias, Annuals and Perennials still on SALE.

**SO YOU'VE GOT YOUR GARDEN IN!** Don't forget to fertilize those vegetable plants, it sure makes a difference on whether you get a hand full or bushel of vegetables. Be sure to use the right kind of fertilizer for vegetables. Use a fertilizer low in nitrogen, such as: 5-10-5 or 4-12-12.

Hundreds of Potted Rose Bushes are loaded with buds, ready to bloom. Better make your selection before they are picked over. Terrific bargains on evergreens and shrubs, plant now before hot weather.

**CHARLIE GARDENER SEZ:**  
Still time to make your world a little brighter with the beauty of flowers.

## Tools stolen

Storage sheds at a Mann Road residence and at Ottawa Park Cemetery were broken into last week, and tools were stolen from both.

A chain saw valued at \$252 was taken from a storage shed at the cemetery, 6180 Dixie Highway, Wednesday night or early Thursday morning, according to Oakland County Sheriff's deputies. They said the lock on the side door of the shed had been pried off.

William Kildow of 2858 Mann Road told deputies a tool box and tools valued at \$500 were stolen from a shed behind his home while he was in the house Friday morning.

## Vet Set car wash

Gary Best of 4340 Elmdale reminds area residents of a chance to help the Cystic Fibrosis cause June 22. His Wide Track Vet Set Club will be conducting a car wash on that day at the Shell Gas Station at M-59 and Pontiac Lake Road. Two Corvettes from the Autorama at Cobo Hall will be on display.

## Four want to be precinct delegates

Candidates from both parties have filed to run for precinct delegate in each of Springfield Township's two precincts.

Seeking the Democratic spots are Calvin D. Nelson, 7273 Crosby Lake Road, in Precinct 1 and David B. Youngquist, 17070 Coventry Lane, in Precinct 2.

Republican precinct delegate candidates are Gary Duncan, 9274 Big Lake Road, in Precinct 1 and John H. Sexton, 9725 Ellis Road, in Precinct 2.

## Symphony at Springfield-Oaks on July 4

The 53-piece Detroit Concert Band will appear July 4 at Springfield-Oaks Park, according to Gerard Lacey, park manager.

A carload of six will be admitted for \$3, Lacey said.

This is part of the regular summer outdoor concert schedule undertaken by the Detroit Symphony, Lacey said. The band opened last weekend at Belle Isle and will move from there to the Michigan State Fairgrounds and then to Springfield-Oaks, he reported.

## Mobiles on view in Pontiac

Area residents have been invited to visit the Oakland County Parks and Recreation Department's mobile fun units which will be on display from 1:30 to 4 p.m. Saturday in downtown Pontiac.

On display and available for free use are the skatemobile, the fashion, puppet and movie mobiles. Gerard Lacey, chairman of special events for the Downtown Pontiac Wide Track Summer Festival, said the units would be located on urban renewal area inside Wide Track.

Several of the mobiles have been scheduled into Independence Township this summer.

The skatemobile, for roller skating, will be at Sashabaw Elementary School June 24 from 2 to 4 p.m. The puppetmobile will be at Clarkston Elementary School on July 1 from 3-4 p.m.

# Rosevear-Kippen rites

Nancy J. Kippen, daughter of Mr. and Mrs. Daniel W. Kippen, 6623 Greenhaven, became the bride of David T. Rosevear of Flint June 15, in ceremonies at St. Mary's in the Hills Church.

The groom is the son of Mrs. John D. Rosevear of Fort Lauderdale, Fla. Both are graduates of Central Michigan University.

Karen Rymer served as matron of honor and Kriss Klimm, Nancy VanEss and Pamm Webb were bridesmaids.

The groom was attended by John Travis with Jack Kippen, John Rosevear and Norm Innes seating guests.

Approximately 175 attended the reception which followed at Roma Hall, Detroit.

The newlyweds will live in Flint.

## Bible school

A Bible School for all ages will be conducted at Andersonville Community Church, 10350 Andersonville Road, beginning at 7 p.m. Sunday, June 23.

Services will be continued at 7 p.m. each night through June 28. Designed to last two hours, they will feature James R. Calhoun of the Moody Bible Institute. Wallace Duncan is pastor of the church.

## Quartet booked at First Baptist

The Pillsbury Men's Quartet will be presented in concert at 11 a.m. June 23 at the First Baptist Church, Clarkston. Traveling with the quartet is Raymond Pratt, dean of students and a professor of Bible at Pillsbury. He will address the congregation following the concert.

## The mill stream

# Blue eyed and bouncy

by Mary Warner, phone 625-3370

I think I'll preface this column with a plea for help! I have a feeling you readers are hiding from me all kinds of interesting things you are doing or have done. So all I can say is "keep them calls coming in!" I need all the help I can get to find out what all youse guys are doing! And thanks ever so much to those who have helped me thus far.

After waiting three years, Mr. and Mrs. Boyd Ferguson of 5428 Williamson, Clarkston, have received a small bundle of joy. Last Wednesday they picked up a bouncing blond hair and blue-eyed four-month-old baby girl from an Oakland County adoption agency. Mrs. Ferguson said they were thrilled to have this new addition to their family. The Fergusons have one other child, five-year-old Jeffrey. Mr. Boyd is a journeyman welder at the Buick Motor Division in Flint.

Four young men from Winterhaven, Florida, flew up to Clarkston last Monday to visit old friends and relatives they knew when their family lived there. Eric Young, 16, Tracy Young, 14, Bob Young 18 and Jeff Shell, 17, all from the same family, will be staying with friends and relatives for about a month while they renew old acquaintances. They moved to Florida with their parents last June.

Mrs. Pat. Leslie, 6315 Snowapple Drive, Clarkston, just returned home last Wednesday after a two-week stay at Pontiac General Hospital after a gall bladder operation. Mrs. Leslie still has some more recuperating time to put in, and says her 16-year-old son Cary has been a big help so far. Here's a wish from us to get well quick.

Coaches from the Clarkston Junior High gathered together last Tuesday night, June 11, for dinner at the Clarkston Cafe. The dinner is an annual event each spring after the last sporting events are completed. They ate shrimp and filet mignon, and chatted about--what else?--sports.

The Clarkston United Methodist Church is busy with its Vacation Church School which lasts this week and next. Over 100 children will be attending the Bible School. The church is also sponsoring an ice cream social--a genuine old-fashioned one--immediately after the fourth of July parade at the church. Sandy Cool, of Perry Lake Road in Clarkston is in charge.

A group of Independence Township Firefighters Association members and their wives attended the Sammy Davis concert at Pine Knob Music Theater last Thursday night. Mrs. Cliff Irwin of 6665 Laurelton St. in Clarkston said the group received free tickets from the firefighters association, and said that although the night was a little chilly for an outdoor concert, Sammy Davis was good and everyone enjoyed themselves.

Neal and Karen Sage, of Holcomb Street in Clarkston celebrated their first anniversary last Friday night with a get-together including some of the members of their wedding party. They were married June 16, 1973 in Farmington. They are both teachers. Neal at the Sashabaw Junior High in social studies, and Karen at the Brandon Middle School in Ortonville teaching English.

Sam Savas, 7125 Bridge Lake Road, has been named Master Mechanic of the car assembly at Pontiac Motor Division. He's a busy man, working very hard along with other members of St. George Greek Orthodox Church right now in preparation for the church's first annual Ethnic Festival June 21, 22 and 23 on the church grounds, 1515 Woodward Avenue, Bloomfield Hills. Authentic Greek dancing, including instructions, good Greek food, and colorful costumes will be part of the scene, Sam promises.

A group of over 100 kindergartners from North Sashabaw Elementary walked over to the home of the Larry Sherrills on Pine Knob Trail last Thursday afternoon to have an outdoor picnic. The picnic was organized with the help of Mrs. Sherrill and two elementary teachers, Mrs. Davidson and Mrs. Richardson. The kids ate sack lunches and drank juice provided by McDonald's restaurant. The kids had fun, Mrs. Sherrill said, but some were picked up by parents worried about an impending thunderstorm. After an hour and a half, the kids walked back to school and played games for the rest of the afternoon, and ate pop-sicles given to them by their teachers.

Scot Martin Milne, 5765 Chickadee, and Robert Joseph Wooley, 9333 Rattalee Lake Road, have been placed on the Dean's Honor List for the winter term at the University of Michigan.

What a nice surprise George and Marion Lawson had a week ago Friday! They'd just returned from a few days up north when a car pulled in their driveway, and there were George's sister and brother-in-law, Joyce and Ray Grundy of Anaheim, Calif.

Another sister and her husband, Helen and Bill Miller of Fort Lauderdale, Fla., arrived in Sawyer, Mich., about the same time to visit Alice Shriber, another of George's sisters. They arrived in Clarkston within the week for a family reunion and to attend Ray Grundy Jr.'s graduation from Michigan State University. He's now a veterinarian.

The graduate's sister and family, Mr. and Mrs. Allan Vallad and daughter, Lori of Holcomb Street were in Lansing for the big occasion, too.

While Joyce was here, she was unable to meet many of the former Clarkston Bank employes which whom she's worked. They gathered at the Clarkston Cafe.

Sounds like quite a week!

A group of Clarkston High School students took early advantage of their new summer freedom last Friday, and drove down to the Cedar Point Amusement Park in Sandusky, Ohio.

Eleventh graders Cindy Beadle, Mark Pampid, Steve Palace, Bill Palace, Ben Bullen, Jill Brown, Mike Sloan, and sophomore Jean Brown started out early Friday and spent the entire day at the park, "eating a lot" and at one point getting trapped on top of a broken "Jumbo Jet" park ride.

Jayne E. Lafnear, daughter of Mr. and Mrs. James Lafnear, 6434 Simler Drive, will participate in the Norwegian Language Village Program this summer at Turtle River Lake, Bemidji, Minn. Festivities will mark national holidays and heros, fold dances, music, movies and plays during her time at the camp.

Two Clarkston area students have been named to the cumulative dean's list of John Wesley College. David Wright and Margaret Wright children of Mr. and Mrs. C.L. Wright, 8530 Perry Lake Road, earned 4 points and 3.4 point grade average to qualify. Both students also spent four weeks in England and Wales with the John Wesley College Foreign Travel Study program.

Several Clarkston area students have been named to the academic honors list at Central Michigan University for the winter semesters.

They include seniors Lynn S. Benson, 6092 Middle Lake; David E. Erickson, 6140 South Main; John Daniel Hux, 6907 Snow Apple; Gergory A. Matzelle, 6636 Northview; and juniors Claudia R. Christie, 6725 Laurelton; Katharyn J. Fletcher, 6498 Phelan; Douglas W. Kath, 5860 Hummingbird and Corena J. Kojima, 7885 Perry Lake Road; and sophomore Cynthia A. Waterbury, 6561 Phelan.

Among the thousands of delegates attending the UAW National Convention of Los Angeles the week of June 2 were Jerry Fisher of Snow Apple and his wife, Barbara. Their first trip to California they enjoyed seeing Universal Studios, Disneyland and visiting Jerry's aunt and uncle, his brother and family. On their return trip they stopped in Las Vegas where they endured 101 degree weather and enjoyed the many highlights of the city.

Calvary Lutheran congregation will meet for its annual picnic at 1 p.m. Sunday, June 23 at Cooper's Park (formerly Larsen's Park), 6991 West Church. Games, swimming and softball are planned.

Jody I. Hawke, a senior at Albion College, has been named to the Dean's List there for the spring semester. She is the daughter of Mr. and Mrs. Earle G. Hawke, 5646 Hummingbird.

Marcia Fahrner, daughter of Mr. and Mrs. Harry Fahrner of Robertson Court, had her picture in Pontiac General Hospital's monthly bulletin recently. She was given a monetary award for her suggestion regarding the installation of an IV pole on the nursing unit heart carts. Marcia graduated last year from Hurley Hospital School of Nursing in Flint.

How does a 10-year reunion sound to members of the Clarkston High School's Class of '64? Anyone who graduated from CHS a decade ago and is interested in getting together can call Nancy Crosby Duckett at 673-8306 in Drayton Plains or Beverly Gilligan Sherman at 627-2533 in Ortonville.

Engagement  
announced

Mr. and Mrs. Fred Beardsley, 6230 Oakhill Road, Ortonville, have announced the engagement of their daughter Christine Jean, to Daniel R. Wamhoff, 130th Ave., Hopkins. Daniel is the son of Mrs. and Mrs. Raymond Wamhoff of Hopkins. Christine and Daniel are both 1974 graduates of Michigan State University, and are planning a July wedding.

Mr. and Mrs. William G. Morse, 7141 Glenburnie Lane, Clarkston, have announced the engagement of their daughter Carol Jean to Richard John Fox, 10961 Big Lake Road, Davisburg. Richard is the son of Mr. and Mrs. Richard Fox of Davisburg, and is a 1970 graduate of Clarkston High School. He is currently employed at the State Tire Co. in Pontiac. Carol is also a 1970 CHS graduate, and is working for Jack W. Haupt Pontiac, in Clarkston. The wedding date is set for October 19.

**FLOWERS OR PEOPLE?**

One Spring morning when nature was blooming  
There was a sight with a message in view  
I walked 'round a spacious new flower garden  
I will share all my vision with you:

It was a budding new garden  
Numerous varieties, sizes, and hues.  
The gardener was diligently weeding  
To keep creeping ugliness from view.  
As I began looking more closely  
Flower heads started drooping and swaying  
I heard some unpleasant complaining;  
Just listen to what they were saying.  
All were envying the flowers around;  
Blue flowers wanted to be red,  
Short ones wished to be tall or majestic  
Fragrant ones dispised bees on their head.  
While looking around they stopped growing  
Envy and unacceptance wallowed there.  
God noticed, and felt deeply grieved  
He had given each a unique beauty to share.  
He wanted to catch their attention once more  
So He sent splashing rains with a chill;  
They began tucking their heads and looking inward  
The complaining became close to nil.  
Then their Maker began flooding with sunshine,  
The flowers bathed in warmth from on high  
They opened their arms wide to heaven

Their blossoms looked up toward the sky.  
They shifted their gaze off themselves  
Giving thanks to their Creator above;  
They felt beautiful and sprouted new buds  
New freedom to grow in his love.  
There still was a need for some weeding  
Weeds were sneaky and rapid to grow  
But the flowers kept their gaze on their God  
There came a richness and depth to their glow.  
Mavis Sturgis

Yes, God is our Creator and has greeted each one of us as we are—with a plan and a purpose. The prophet Isaiah expressed the need for us to accept ourselves as God's creation as follows:

"Woe to the man who fights with his creator. Does the pot argue with its maker? Does the clay dispute with him who formed it, saying: 'Stop! You're doing it wrong!', or the pot exclaim, 'How clumsy can you be?' Woe to the baby just born who squeals to his father and mother, 'Why have you produced me? Can't you do anything right at all?'" Isaiah 45:9,10

Would you take a moment just now and thank God for making you just like you are?

### Holly Greens adds new rooms

Things are beginning to shape up after a total remodeling job of the clubhouse of Holly Greens Golf Course on Holly Road in Springfield Township, manager Lance Van Natta said last Thursday. A new wing was constructed, which houses the banquet room shown here, and offices and storage space. The pro shop was also expanded, and the sundeck made into part of the lounge. Van Natta, [pictured in the rear] said \$300,000 was spent on the project. The management is going to open the banquet room to evening dining and live entertainment in October.

### TO WHOM IT MAY CONCERN

To the Township Board, it's Legal Staff, The Police Effort and all other people concerned:

The following is an excerpt from a previous communication that was directed to me. The subject was on Ordinances that are similar to the Township New Ordinance No. 78 herein the following I quote.

#### PERMITS, PHYSICAL EXAMINATIONS, ELABORATE INFORMATION ALSO INVALID

6. State laws or Municipal Ordinances which seek to interfere, burden or regulate interstate sales, by requirement of permits, physical examinations, health certificates, elaborate reference and personal information or other conditions of restrictions, even though a tax or license are not charged, are invalid and unenforceable.

Real Silk Hosiery Mills vs. City of Piedmont, 274 U.S. 723, Pictorial Review Company vs City of Alexandria, 46 F (2D) 337, Nippert vs City of Richmond, 327 U.S. 416, 427. Jewel Tea Company vs. City of Norman, Equity Case No. 219, U.S. District CT., Western District, Oklahoma, decided 10-23-17. Jewel Tea Co. vs Mapleton, Equity Case No. 294. U.S. District Court Northern District, Iowa Western Division, Decided 6-27-31.

#### POLICE POWER-NOT BASIS FOR BURDENING INTERSTATE COMMERCE

7. A state or municipality can not, under the guise of police power, impose licenses, burdens or other requirements as a condition precedent to engaging in or entering into interstate commerce.

Signed:  
Lucky C. Fletcher  
A Believer in Democracy and The Constitution

### In wrong race

Changing Orion's state senatorial district from the 17th to the 18th has fouled the political ambitions of at least one candidate.

James DeVault of 376 Shorewood Ct., Lake Orion, paid his \$100 filing fee to run as a Democrat against incumbent Harvey Lodge (R) in the 17th District. It was nothing new for DeVault. He did the same thing four years ago.

However, Orion is no longer part of the 17th district. Redistricting has placed it in the eighth district.

"I was aware of changes," said DeVault Tuesday evening, "but I didn't know it included the surrounding areas, just Lake Orion."

DeVault said when he paid his filing fee and gave his address no one informed him he was not living in the 17th district.

### Open house for Trim

An open house for Claude Trim, Springfield Township supervisor who seeks the Democratic nomination in the Aug. 6 vote for the 60th District House of Representatives, will take place from 4 to 7 p.m. Sunday, June 23 at the Home of Mr. and Mrs. Acie Anderson, 10200 Andersonville Road. Candidates for office in both Independence and Springfield Township have been invited to appear and speak.

### Swim lessons

Independence Township Parks and Recreation's Mary Ann Hennig reports a lot of openings in the department's first swim session beginning June 24.

## Piland-Bratt vows said

Diana Lynn Bratt became the bride of Gregg M. Piland in a June 1 ceremony at St. John's Lutheran Church, Rochester.

The daughter of Mr. and Mrs. Dale Bratt, 6536 Church, chose an empire waist gown featuring short full sleeves, a lace bodice and A-Line skirt with full lace train. She carried daisies, white stephanotis and apricot baby carnations.

Barbara J. Smith was maid of honor. Melinda and Gale Bratt, sisters of the bride, and Debbie Crocker, her cousin, served as bridesmaids.

Barry Johnson was best man for the groom, son of Mr. and Mrs. Louis

Piland, 2641 Roxie, Bloomfield Hills. Seating guests were Mike Winborn, Doug Hummel, and Jim Peloquin.

Following a reception in the church parlor, the newlyweds left for a honeymoon in Canada.

## Engaged

October 12 is the date set for the betrothal of Miss Linda Sue DeLude, 7354 Deer Lake Road, Clarkston, and Mr. Marvin Gene Pacer, 3663 Bird Road, Clarkston. Linda is the daughter of Mr. and Mrs. John C. DeLude, was graduated from Clarkston High School in 1971 and is currently employed at the Larden Plastics Corp. in Davisburg. Marvin is the son of Mr. and Mrs. Arnold J. Pacer, was graduated from Brandon High School in Ortonville in 1971 and is now working at G.M.C. Truck and Coach in Pontiac. The wedding will be at the Clarkston United Methodist Church.

## Couple celebrates anniversary

Long-time Clarkston residents Mr. and Mrs. Allen E. Hawke, 42 West Washington St., are celebrating their sixtieth wedding anniversary this Thursday. They will be guests of honor at a buffet reception given by their children, grandchildren and great grandchildren at the Clarkston United Methodist Church.

The Hawks were married on June 27, 1914 and have been living in Clarkston since 1949. Mr. Hawk is the former owner of Hawk Tool and Engineering in Clarkston. They have three children, Allen W. Hawke and Earle G. Hawke of Clarkston and Mrs. Jay M. Blaine of Austin, Tex., nine grandchildren and three great grandchildren.

### PLANNED USE REPORT GENERAL REVENUE SHARING

General Revenue Sharing provides federal funds directly to local and state governments. The law requires each government to publish a report of its plans for the use of these funds to inform its citizens and to encourage their participation in deciding how the money ought to be spent. Within the purposes listed, your government may change this spending plan.

PLANNED EXPENDITURES		
CATEGORIES (A)	CAPITAL (B)	OPERATING/ MAINTENANCE (C)
1 PUBLIC SAFETY	\$	\$
2 ENVIRONMENTAL PROTECTION	\$ 17,035	\$
3 PUBLIC TRANSPORTATION	\$	\$
4 HEALTH	\$	\$
5 RECREATION	\$	\$
6 LIBRARIES	\$ 2,607	\$
7 SOCIAL SERVICES FOR AGED OR POOR	\$	\$
8 FINANCIAL ADMINISTRATION	\$	\$
9 MULTIPURPOSE AND GENERAL GOVT.	\$ 48,499	
10 EDUCATION	\$	
11 SOCIAL DEVELOPMENT	\$	
12 HOUSING & COMMUNITY DEVELOPMENT	\$	
13 ECONOMIC DEVELOPMENT	\$	
14 OTHER (Specify)	\$	
15 TOTALS	\$ 68,141	\$

### THE GOVERNMENT OF INDEPENDENCE TOWNSHIP

ANTICIPATING A GENERAL REVENUE SHARING PAYMENT OF \$68,141 FOR THE FIFTH ENTITLEMENT PERIOD, JULY 1, 1974 THROUGH JUNE 30, 1975. PLANS TO SPEND THESE FUNDS FOR THE PURPOSES SHOWN.

36 Thurs. June 20, 1974 The Clarkston (Mich.) News

Henry Kissinger will resign, but not now and not over the current controversy. It may be due to his wife's health when he does.

I still do not believe that President Nixon will make it to Moscow. I see him doubled up with stomach pains.

I believe Clarkston will have a peaceful summer. The economy is not so bad as to stop anyone from buying and selling, and there will be plenty of that.

Within two years, there will be a big move to the suburbs, but I believe after that the trend will be back to the cities.

I see everything going well for the township and village for the next three years. Business will prosper. There may be some disappointments.

The rest of the nation will be in trouble, but the township will escape and the village will do even better.

I believe the village will purchase the former Hawk Tool property, but there

will be some kind of legal hangup and it will be vacant until later in the summer when some work will be done. Part of it will still be vacant during early winter. I don't see it full for several years.

I believe the Post Office will locate there because I see one of my favorite rural mailmen entering the building. I still continue to see telephone trucks parked in the area, however.

The present Post Office building will become empty and stay that way for a while.

# New employes named

Governmental manpower needs in a growing community came under consideration at Tuesday night's Independence Township Board meeting as five personnel changes or additions were approved and the enlargement of the zoning board of appeals was discussed.

Warren Temple, currently a part-time employe was named to the \$14,000-a-year fulltime plumbing inspector's post created earlier this month because of the increased calls for checks of sewer tap-ins. Officials had noted at the June 4 board meeting that the township had paid as much as \$1,800 during a recent 21-day period for plumbing inspections.

The board named Sushil Lahiri, head of the township library, as director of library services, making that a management position. It also approved moving the Department of Police

Service's co-op student into a fulltime clerk I job, a position which had been included in the budget.

Approval was given to the hiring of a co-op student for the fire department and of a new clerk I in the Department of Public Works to replace Betty Herner, who is retiring.

Supervisor Robert Vandermark asked the board to consider increasing the zoning board of appeals from three to five members, a move which he said has been made by several townships in the area to allow for broader representation.

Although Trustee Keith Humbert and a representative of the Sunnybeach Subdivision Association said they supported the idea of increased representation, varying degrees of opposition to the idea were expressed by the other members of the township board and zoning board of appeals.

## VILLAGE OF CLARKSTON MINUTES OF REGULAR MEETING

Meeting called to order by President Hallman.

Roll: Present—Basinger, Granlund, McCall, Thayer, Weber.

Absent—Schultz.

Minutes of the last meeting were read and approved.

Moved by Thayer that the following bills be paid:

Street Wages	\$ 963.47
Municipal Services	15,018.54
Administration	735.20
Clarkston News	90.20
Legal Fees	137.50

TOTAL \$16,944.91

Seconded by Basinger. Roll: Ayes, Basinger, Granlund, McCall, Thayer, Weber. Nays—none. Motion carried.

Some village residents were present to complain about the slowness of restoration work and the slowness of sewer construction around Pinehurst St. President Hallman said that the contractor would be made aware of these complaints.

Treasurer Art Pappas gave the council a financial report and mentioned that \$25,000.00 had been invested in a short-term Treasury Note from the expired Certificates of deposit.

President Hallman gave a report to the council on the possibility of the village purchasing the Hawk Tool property. Among the possible uses for it would be district court offices, a post office, increased parking, village offices, and a bandshell and park. Financial Consultant Billie Farnum was present and said that the village could incur such a bonded indebtedness due to recent amendments of state acts. He also mentioned the possibility of the village creating a building authority.

Moved by Weber to have Billie Farnum do a preliminary cost of a feasibility study on the possible village purchase of the Hawk Tool property. Seconded by Granlund. Roll: Ayes, Basinger, Granlund, McCall, Thayer, Weber. Nays, none. Motion carried.

Trustee Basinger reported that the village should consider purchasing the old Methodist Church and restoring it as a historical site and possibly using it for village offices. After council discussion, it was decided to have trustee Basinger arrange for the council to tour and inspect the church.

Gar Wilson was present to show the council some bids he had received on an air conditioner for the village hall, trees for the village, and a new village truck. These items were discussed by the council.

Moved by Weber to authorize Gar Wilson to purchase an air conditioner for the village hall from Keasey Electric Co. and to have it installed by the next meeting. Seconded by Thayer. Roll: Ayes, Basinger, Granlund, McCall, Thayer, Weber. Nays, none. Motion carried.

Moved by Weber to purchase ten large trees and ten small trees from Ritter's as the start of the village tree re-planting program. Seconded by Basinger. Roll: Ayes, Basinger, Granlund, McCall, Thayer, Weber. Nays, none. Motion carried.

Moved by Thayer to purchase the available truck from Rademacher Chevrolet at a cost of \$10,756.95 minus a \$2000.00 trade-in of the old village truck. Seconded by Weber. Roll: Ayes, Basinger, Granlund, McCall, Thayer, Weber. Nays, none. Motion carried.

Moved by Thayer that upon receipt of the new truck, Gar will have it Ziebarted and snow tires installed. Seconded by Weber. Roll: Ayes, Basinger, Granlund, McCall, Thayer, Weber. Nays, none. Motion carried.

Moved by Granlund to replace with pre-cast curbing, the area along E. Washington from the alley to Buffalo on the south side at a cost of one dollar per foot. Seconded by McCall. Roll: Ayes, Basinger, Granlund, McCall, Thayer, Weber. Nays, none. Motion carried.

President Hallman read a letter of resignation from the planning commission by L. Fred Davidson. Mr. Davidson will soon be moving out of the village. A new appointment was discussed, but will be decided upon at a future meeting.

Meeting called adjourned by President Hallman.

Bruce Rogers  
Village Clerk

## LEGAL

The Clarkston (Mich.) News - Thurs., June 20, 1974 39

### STATE OF MICHIGAN THE PROBATE COURT FOR THE COUNTY OF OAKLAND

No. 116,566

Estate of Evelyn R. Heullmantel, deceased.

#### NOTICE OF HEARING

**TAKE NOTICE:** On the 12th day of June, 1974 at 2:00 p.m., in the Probate Courtroom, Oakland County Court-house, Pontiac, Michigan, before the Honorable Eugene Arthur Moore Judge of Probate, a hearing was held on the petition of Louise Howlett. The Will of the deceased dated March 21, 1963 was admitted to Probate. Administration of the estate was granted to Louise Howlett the executrix named in said Will. Creditors of the deceased are notified that all claims against the estate must be presented said Louise Howlett at 325 S. Roslyn, Pontiac, Michigan and proof thereof, with copies of the claims, filed with the Court on or before September 4, 1974. Notice is further given that a determination of the legal heirs of said deceased will be made on said date at 9 a.m. Notice is further given that the estate will be thereafter assigned to the persons appearing of record entitled thereto. Dated: June 12, 1974

J. Edwin Glennie  
Township Clerk

# No more school!

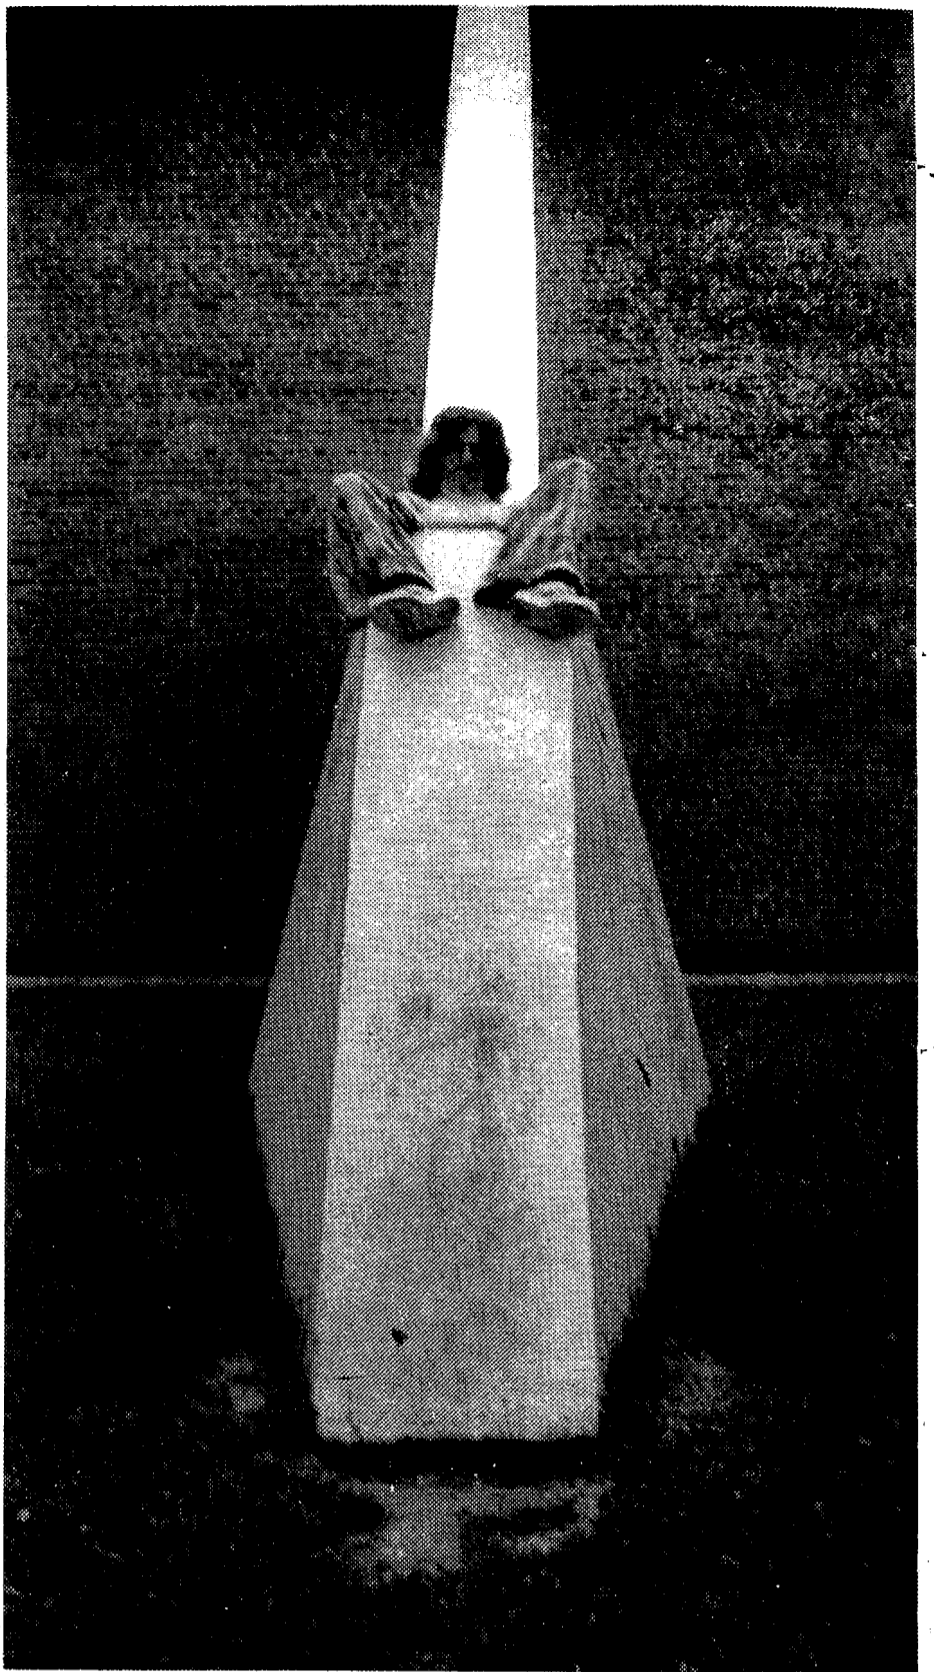

Students rushed in masses down the hall of the Clarkston Junior High School to the cafeteria to eat their last lunch there for the whole summer!

Sitting with two pretty ninth grade girls brightened up phy. ed. teacher Larry Sherrill's last day of teaching.

Making a break for freedom were two CJH students who didn't wait around long enough to be identified.

Lounging around on top a pillar was CHS 11th grader Jeff Weisel's way of waiting out the day's end.

Towels in hand, some students executed a get-away to Deer Lake Park.
