Farewell faces

As the school year ends, it's almost time to say goodbye to South Sashabaw Elementary School, and last week, the school's 259 first-

through third-graders gathered to perform a tribute in song to their school which will close in June. Divided into three groups, one for each

grade, the pupils sang songs appropriate to the history of their school and of Michigan. There are more photos and a story on Page 40.

A touch of irony

Clarkston students can skip drivers' education

By Kathy Greenfield

There's a bit of irony in the new State Department of Education ruling that allows Clarkston school district students to pass drivers' education on the basis of competency testing.

"The law says that a student is not to drive until he or she has drivers' education—interesting?" said Jan Gabier, Clarkston High School assistant principal in charge of drivers' education.

"The reason this emergency ruling went into effect was a stop-gap ruling because state law says drivers' education is mandated, but it is not (totally) funded."

That's not to say the district is taking the responsibility of testing the 16- to 18-year-old students lightly, Gabier said.

The about 550 students who signed up for drivers' training this year have already taken the written test.

Those who passed the written test have the option of taking the regular drivers' education program, or

taking the road test which requires three-and-one-half hours with an instructor observing their driving skills.

If they fail that portion, they automatically are required to take the regular drivers' training program. But, if they pass, the next step is a required two-hour class in alcohol and drug abuse.

The school district then issues a driving certificate which must be used for a minimum of 30 days with a parent or legal guardian accompanying the students when they're behind the wheel.

The next step involves a change last year in the state law, which no longer requires a road test for new drivers. If they pass the written and vision tests given at the Secretary of State's office, and their parents sign their permission, they have their drivers' licenses.

"That put an additional burden on us. When we give that student a certificate, we say, 'You don't have to give that student a road test,'" Gabier said. "We are becoming a Secretary of State's office."

The changes have put the burden of responsibility on the parents, according to Gabier.

"As far as we're concerned, the key with this lies with mom and dad," she said. "It means that hours, many hours, of additional experience are necessary with parents or guardians, and that's important."

This year is the first school districts could apply to be allowed to give competency testing in place of the regular drivers' education program which includes 30 hours of classroom instruction plus six hours of behind-the-wheel experience on a driving range and the road.

The Clarkston program was approved by the state based on its objectives, Gabier said.

The district is to be reimbursed \$45 for each student who takes drivers' education, and the same amount of money will be received for those who pass competency testing rather than the full course.

Last year, the expense for each of the students in Clarkston who took drivers' training was \$62, Gabier said, and the cost is expected to be about the same this year. The difference is made up with money from the school district's general fund.

Small tractors rework the earth piled on either side of safety paths along Sashabaw Road. For the past two weeks construction crews have

been out on sites along Sashabaw, Maybee and Clarkston-Orion roads, working to complete the project which began last fall.

Safety Path cleanup underway

Tired of the mounds of upturned earth along the sides of Independence Township's first three miles of safety paths?

After fielding complaints from residents over the past six months, so is the township board.

It's an issue members hope to, soon put to rest as crews from Detroit Concrete Products Corporation of Novi are out leveling the mounds, raking and seeding, and won't be paid until "everyone is satisfied," said Treasurer Frederick Ritter.

Phase I of the path network cost taxpayers approximately \$200,000.

Last fall the firm began work on the paths along Sashabaw, Maybee and Clarkston-Orion roads, the first three miles of a proposed 50-mile safety path network, with the first 1.4 miles to be paid for with .5 mill approved by voters in August 1980. The millage, to be levied each year through 1990, should total \$1 million at the end of the 10-year period.

Township takes 'we won't call you' approach to quiet EDC

General consensus among members of the Independence Township Board is not to court new business to the area via the township's Economic Development Corporation (EDC).

That was the word at the May 18 meeting, as EDC chairman, Treasurer Frederick Ritter offered his status report and asked the board for direction in whether to approach businesses to locate here.

The EDC works to promote and control growth in the township by providing low-interest revenue bonds to developers. The organization's first and only project since establishment in 1980 has been the Clarkston Professional Plaza on M-15, north of Dixie Highway, the brainchild of orthodontist Charles Munk.

Ritter individually polled board members for their views.

"As I see it, it should be a matter of handling applications as they come," said Supervisor James B. Smith. "I don't believe in us seeking development."

Trustee William Vandermark criticized the EDC for encouraging the borrowing of money at a much lower rate at a time when money is already tight and interest is high for the common man.

"The EDC should be used discretely," he said. Trustees Larence Kozma and Daniel Travis agreed prospective developers approach the EDC, not vice versa.

Ritter reminded the board that the EDC is not discretionary in whom it aids with developments, and that low-interest loans are available to finance improvements to existing businesses.

Trim (D) seeks house reelection in same party

By Kathy Greenfield

Despite speculation he'd run for a State Senate seat and switch from the Democratic Party to the Republican Party, State Rep. Claude Trim (D-Davisburg) has decided to remain status quo and seek reelection to his present seat in the House as a Democrat.

"I'm very disappointed."

As Trim gears up for the primary race in August and, if he's successful in gaining his party's support for the House bid, the general election in November, he commented on the situation.

"I appreciate the support I've received from the Republicans throughout my area, especially their encouragement to run for the Senate seat. But when looking at population variances from the different townships throughout the district, all the

statistics show it would be impossible for a person from northern Oakland County to win the senate seat," Trim said, referring to the reapportionment of districts based on the 1980 Census.

"I'm very dissatisfied," he added. "I feel we'll (northern Oakland County) have a lack of representation in the Senate.

"As far as party affiliations, I believe my voting record has shown I represent the people of my district and, looking at the new reapportionment of the 61st District, I feel those needs will be compatible—we

share the same needs."

Trim seeks the seat in the State House for the 61st District which encompasses Springfield, Addison, Brandon, Independence, Oakland, Orion and Oxford townships.

He had originally intended to run for the Senate's 17th District seat. With the new reapportionment, Trim said it would have been extremely difficult for him to represent the district's diverse needs. The 17th District includes Bloomfield Hills as well as more rural northern Oakland County communities.

Waterford Hill to pursue liquor license

Waterford Hill Courts Inc. continues in its quest for a Class C liquor license and a plan to expand facilities for seating of 60 patrons, but a cautious Independence Township Board wants planning commission input before making a decision.

At the May 18 meeting board members hotly debated the planning commission's part in review of interior renovation, as the owners had not made plans to alter the exterior of the site, a routine review expected of the commission.

Supervisor James B. Smith remained steadfast in the need for the commission's look at the plans, even though the site is zoned commercial and fronts Dixie Highway, an established commercial strip, and has adequate entrances and exits.

After debate, the board voted 4-3 for planning commission review.

In another front, board members did not address a bid from township resident Michael Clark to hold a liquor license until January 1984.

The board took Trustee Larence Kozma's cue when he said Clark's bid should not be considered an official application until something "more concrete" develops.

At an earlier meeting, Clark had said Marriott Hotels and Holiday Inn were looking at 55 acres in a yet-to-be disclosed township site near the Pine Knob complex, and would consider locating here if the liquor license were available.

Currently Independence holds four available liquor licenses, newly allocated from the 1980 Census.

Village on move

Hugh Garner, owner of Winchester Realty, has taken the first concrete step toward developing his proposed \$24 million senior citizens village on land in Springfield and Independence townships.

At the May 18 planning commission meeting, members voted 6-1 to recommend the Springfield Township Board approve rezoning of 13.6 landlocked acres near Dixie Highway and I-75, according to township Clerk J. Calvin Walters.

The land, now zoned for high intensity commercial use, is targeted for codevelopment with Independence Township's 27 acres, bound to commercial development by a 1976 consent judgment.

Garner will have to re-negotiate terms of the judgment before building in Independence.

Gravel ordinance to get tough

Gravel mining and monitoring costs remain key issues at Independence Township Hall as the board scurries to revamp the mining ordinance after settling a several-month-old battle with Blount Materials of Michigan Inc., operators of the Salem Gravel Pit.

According to Supervisor James B. Smith, the township spent \$4,700 "...in a relatively short period of time on attorney fees" attempting to defend against an extension to mine the 200-acre site on Oak Hill Road and "...get the situation under control."

The issue was settled two weeks ago when company officials received a four-year mining extension after agreeing to post a \$650,000 bond to cover

reclamation costs and establish a \$24,000-a-year fund to finance reclamation monitoring, plus 25 percent for administrative costs.

Unwilling to put the township in an 11th-hour negotiating position again, the board is seeking to strengthen the current mining ordinance.

At the May 18 meeting, board members directed the township attorney to fold a mandate into the proposed mining ordinance amendment that would require the 6-cents-a-ton fee. If the operator objects, the alternative of paying cost of monitoring plus 25 percent administrative fee could be used, said township attorney Gerald Fisher.

The mining ordinance has been under planning commission scrutiny for the past several months, and will continue to appear before the board for review and amendments.

The board will have the final vote on adoption at a future date.

Spring strollers

Susan Tati holds 2-year-old daughter Morgan while they take in bargains at Sanderella's. Festive balloons drew shoppers' eyes to sidewalk sale tables laden with good buys during the business association's annual Spring Stroll in downtown Clarkston held Friday. The Tatis live on Washington Street, Clarkston.

PK OKs cop pay

Pine Knob Music Theatre and the Oakland County Sheriff's Department (OCSD) have made peace on this summer's police patrol.

A last minute struggle on the part of theater officials to eliminate plainclothes patrol in the theater went down to police defeat, according to Capt. Carl Matheny of the OCSD.

This year as in past years, Pine Knob Investment Co. will pay for uniformed deputies on traffic control outside the theater, while the Nederlanders, theater operators, pick up the tab for plainclothes patrol inside the gates.

Agreeing on a two-year contract, deputies will be paid \$19.80 per hour this summer, and in 1983 they'll be paid \$23.40, Matheny said.

Pine Knob jobs that mean time-and-a-half overtime pay for deputies, have traditionally been popular with deputies as a way to pick up a few extra dollars, Matheny said.

Crash claims life

A car crash claimed the life of a Pontiac woman shortly after midnight May 19 in Independence Township, when the car she was driving crossed the center line of Sashabaw Road near the intersection of Pine Knob Road and hit a car driven by a Brandon Township man.

According to police reports Alice Claire Steffens, 29, of Homestead Road was dead at the scene.

James Henry Hearner, 20, of Ivy Court, Clarkston Lakes Mobile Home Park, was treated at the scene and released.

Tanker on order

Within the year a new siren is expected to join the ranks of Independence Township Fire Department's fleet.

At the May 18 meeting, board members approved purchase of the department's new tanker for \$115,039 from Pierce Manufacturing Inc. of Wisconsin.

According to Fire Chief Frank Ronk, the custom, hand-built tanker should arrive within the year, and is tentatively targeted for Station 3 at the junction of Pine Knob and Maybee roads.

Board nixes liquor license for sit-down eatery

By Marilyn Trumper

There'll be no pitcher of beer chasers for hot and gooey cheese and anchovy pizzas ordered at Allie Assad's, and apparently no restaurant expansion, as the Independence Township Board soundly defeated his bid for a liquor license at the May 18 meeting.

Citing increased traffic, strong resident opposition and a variance that allowed the restaurant's expansion in the first place from carryout to sit-down, board members voted 4-3 to deny issuance of a tavern license which would restrict patrons to drinking beer and wine and would not allow liquor.

Assad has the right to appeal the board's decision and make the request again, which might prove to be

"favorable" if conditions in the shopping strip at the junction of Clarkston-Orion and Eston roads were cleaned up, said Supervisor James B. Smith.

The 30-plus member audience which had long opposed the license issuance, applauded as trustees Daniel Travis, Larence Kozma, Dale Stuart and Smith voted "no."

Trustee William Vandermark said, "I don't have any problem with the license."

Vandermark's "yes" vote was joined by Clerk Christopher Rose and Treasurer Frederick Ritter.

In early April, the zoning board granted Assad a variance to renovate his pizza carryout into a sit-down restaurant for 45 patrons. The liquor license was a crucial part of the plan to offer beer, wine and drinks with pizza, veal parmigiana and chicken cacciatore. The plan was to offer a full Italian cuisine menu.

Faced with the need to compromise, Assad said two weeks ago he would accept a tavern license instead.

It now appears the restaurant's expansion will not take place.

"I'm not going to spend 10 cents so the township can benefit tax dollars from me. I would have employed 20 people and spend \$100,000 to make all the necessary changes. It's going to stay as it is, at least for a while," Assad said following the meeting.

He charged the board with making a "political decision," saying, "...they were) afraid to say 'yes' even though there were 81 signatures against and 212 for. We offer nothing but the best. We would have enhanced the area 100 percent."

Beautification key to Clarkston's quaintness

ApMadoc calls for all to weed, plant and buy trees in Hillside Gardens

Dear Readers,

Once again I am back in the traces. Once again I am starting my campaign to beautify the Village and Clarkston Hillside Gardens.

In less than two days, I have been up one side and down the other side of our business section, and am extremely pleased and elated over the response from our local businesses to make Main Street a flower "Show Place."

In spite of slow sales, etc., these businesses are doing what they can to help. Let's help them by patronizing their businesses. Why go out of town if you can buy it here AND save gas?

Soon we hope to have a new and beautiful tree at

the corner of Main and Washington, thanks to the help of Tom Rademacher, the balance of our beautification fund and a little help from me.

Now I am going to ask for help from everyone who walks, jogs or strolls our village streets.

Please stop and pull a weed or two or three. Do as I am starting to do in the Main Street parking lot, pull a few and put them in a little pile. When time will allow John or Rick will pick them up.

We still need a lot of trees in Hillside Gardens. Don't you have someone that you want to plant a tree for?

I have 10 grandchildren. I have not been able to plant a tree for each one—yet—but some day there

will be a tree for each.

Or plant a tree just for the love of trees. Call or see Tom Smith of Bordine's. He has the landscape plans—make your choice. Send the check to the Village of Clarkston, Beautification, 375 Depot, Clarkston, MI 48016. It is tax deductible. We will not plant unless it is the right time.

Soon I am going to put canisters for beautification out again. Please help.

I am ready and eager to have suggestions on the things you would like to see have done.

Fontie Apmadoc
Chairman, Beautification
625-3480

Guest editorial

Don't plug emergency lines

By Gar Wilson

Editor's note: In addition to Letters to the Editor, readers of The Clarkston News may express their opinions in Guest Editorials. Articles may be submitted through the mail or by stopping by at our office at 5 S. Main, Clarkston.

This week, Gar Wilson writes about the countywide tornado siren system. A full-time driver-engineer for the Independence Township Fire Department, Wilson also serves as an inspector.

With your help, we can eliminate the problem! On May 19, at approximately 5 p.m., the Tornado Alert Sirens sounded. The problem then started for us at the Independence Fire Department.

The two emergency phones and the two business lines started ringing, and they rang continuously for better than 15 minutes.

We could not have received an emergency call if one would have been necessary in case of tornado disaster, fire or medical problem.

Please do not call the emergency fire number

unless you have an emergency. I'm sure your police and sheriff departments feel the same way.

A review on tornado procedure:

1. A siren monthly test is held on the first Saturday of every month at 1 p.m. The tornado siren is tested for a three-minute, steady blast.

2. A tornado watch (no siren) means to keep watch and listen to the news media.

3. A tornado warning means a tornado has been sighted, take cover. The siren will sound for three minutes.

When a tornado warning has been issued, residents should stay indoors to avoid wind-driven objects. If there is time, windows should be opened about an inch on the side of the home or mobile home away from the approaching storm to reduce inside air pressure. Cover should be taken in a storm cellar or basement. A battery-powered radio should be on hand. Residents should know where and how to shut off power and gas.

In office buildings, an interior hallway or the lowest floor are the safest places. A designated shelter area is the best bet in shopping centers. In schools, an interior hallway or lowest floor are the best and auditoriums or gymnasiums should be avoided.

Drivers should leave their cars for a safe location. Low, dry ground is best, away from overhead wires. If caught outdoors, lie flat on the ground—a dry roadside ditch or plow furrow offer some protection.

Mobile home owners should act now to properly block and tie down their homes. In the event of a tornado, more secure shelter should be sought if possible.

Bouquets

Hauntings were happy

Many thanks to the great group of parents and staff members at Bailey Lake Elementary for their help with the Haunted House. Your time, effort and enthusiasm made it a big success and fun for all.

Thanks also to Nancy and Bill Bildstein for their plans, props and helpful hints, to Gary Koop for donating his time and truck for cleanup, to Doug Doty for the spooky music and to Shirley Wilson for her costumes.

Mary and Frank McGeogh
Pam and Tom Bills

Poppy perfect

Our gratitude is extended to The Clarkston News, the merchants of the area for displaying our posters and to the many volunteers who gave of their time to sell poppies during "Poppy Days," May 20, 21 and 22.

The biggest bouquet goes to the fine people of our community, without whose generous support, "Poppy Days" would not have been such a great success.

Thank you,
Paul Pety, Poppy Chairman
Campbell Richmond Post 63 & Auxillary
American Legion, Clarkston

Jim's jottings

Working capital

by Jim Sherman

Today, folks, we're going to tell you why some small businesses fail . . . and some big ones too.

You've heard of 'cash flow', 'working capital', and 'starting up money'? As far as this lesson goes they are synonymous.

I learned the lesson very early in business. A businessman convinced me I had been working at the Clinton County Republican News (the word Republican has since been dropped) in St. Johns.

I'd told my publisher, Ink White, I'd bought The Oxford Leader and would be leaving May 13. I think it was May 11 that Ink called me to come to the office one night to discuss my purchase.

I had previously told him how much I had to pay down, how much money I had, and my payments.

He said, "Jim, you can't make it. You haven't got enough working capital." He offered to loan me \$10,000 and I agreed to his owning a percent.

We bought one very necessary machine for \$6,000 and in the first three months his \$10,000 was gone. However, from then on we kept even.

A company has to do two things: Have working capital and make a profit.

Every year, almost everyone who gives credit, as we do selling advertising and printing, has bills that are not paid.

Last year The Oxford Leader, Inc., that's the Lake Orion Review, Clarkston News, Oxford Leader, and Ad-Vertiser, had \$12,833.43 in uncollectible debts.

Of that, over \$3,000 was in want ads that start at \$3.00 a week.

A travel agency, an auto sales company, an

auto parts co., draperies, landscaping, restaurants, excavating, health studio and various other kinds of businesses stuck us.

In 1980 we had to absorb \$14,796.19 in losses, in 1979 it was a little less at \$8,046.44 and in 1978 only \$7,390.97.

That totals up to \$42,967.03, which averages \$10,741.75 a year.

Some of you are nodding your heads and mumbling, "Yeah, but he can write it off."

Yeah, I can write it off if there's a profit. A firm can write it off if there is a loss, too, but they can't stay in business if it happens very often.

So, in conclusion, folks, just hanging up your shingle and declaring yourself a business person isn't enough. You have to have working capital, and a better way than I to collect from deadbeats.

Shields and dog Heidi are partners

Pair track alleged criminals through woods and buildings—with success

By Marilyn Trumper

It was a night lit by a full moon, so bright, describes Deputy Damon Shields, "You could have played basketball" under its beams.

Shields, in charge of the Oakland County Sheriff's Department Canine Unit, recalls that moonlit night in Addison Township when he and dog Heidi ventured out into a field in pursuit of a felon.

Weighing each word carefully as is his style, Shields tells the story with tension so thick in the room a bird could land in mid-air.

Elephant grass, taller than a man's head, grew along the side of road. Police suspected a felon lurked inside, alleged to have broken into a house, assaulted and then raped a woman. Police had been told the man was armed with a .22 caliber revolver.

With the proper conditions, a trained tracking dog can pick up a man's scent in the air from a half mile away.

Damon Shields offers tracking dog Heidi some individual attention and whispers, "Pick up your ears" so she'll appear picture perfect.

Shield's eyes scanned the vast field. He saw and heard nothing. As police began to enter their cars giving up the hunt, Heidi gave the signal. The German Shepherd smelled a human out in that field.

Shields fastened the 18-foot nylon rope lead to her collar and Heidi took off like a shot. He followed quietly behind, physically blinded by the tall grass to any dangers that might be out there. Heidi was in the lead.

Boom!

"It was a gunshot. I stood perfectly still. Nothing else happened," Shields said. "We found the young man 127 feet away. He'd shot himself in the head."

For Shields and Heidi, similar scenes occur all over Oakland County.

Take the burglar walled up beneath a work table in Milosch Chrysler-Plymouth in Lake Orion. Deputies on three separate searches through the dealership failed to see the crouched figure. Heidi, first time through, spotted the huddled man hidden in the shadows with piled boxes and crates covering his form.

On another occasion, Heidi discovered a drunken kidnapper who smashed a car and crawled into a woods, promptly passing out.

Shields recalls a night a few weeks ago. He and Heidi were on routine patrol in Oxford Township. A station wagon was pulled off to the side of Lapeer Road and two figures played flashlight beams across a field.

"I stopped. It was a man and wife. I asked the man, 'Can I help you?' He growled back, 'No.' So asked him what he was doing.

"The guy looked at me kind of sheepishly and said, 'We were having an argument, and she grabbed the keys and threw them out the window.'"

Shields ordered the couple back to their car, to "cool off," and allow some time for the area, filled with human scent, to settle.

Minutes later, Heidi walked into the field and returned with keys in mouth.

With that feat, the partners may have saved a marriage.

Heidi is more than working partner. She's the family pet and is loved by Shield's wife Sue and their children, Rick, 15, Darren, 9, and Jeniffer, 7.

From the family home on Hadley Lake Road, In-

dependence Township, Shields talks about Heidi, and says, "Against any dog, she can hold her own."

Traditionally, police departments have used males for tracking because they're larger and have more presence. "They look the part," Shields said.

Female dogs are spayed, an expense the department can stay if male dogs are used.

But Heidi has turned her size into an advantage and can more easily scale a log and go through brush that would hinder a male counterpart, he said.

Most importantly, says Shields, "She has a super personality."

On call 24 hours a day, Heidi and Shields patrol regularly like all deputies, but appear for tracking morning, noon and night whenever and wherever they're needed.

Throughout the week Heidi is put through training exercises to keep her on top of tracking. Deer Hill has proven to be a prime area for the mock hide-and-go-seek games, Shields said.

Public parks, buildings and subdivisions are all used to put Heidi and dogs like her through the paces of tracking. Shields does not reward with food, but with praise.

"In training she always gets her man and I really lay the praise on her," Shields said. "So many times we'll go out on the real call and she'll do her best, her very best, but won't find the guy. She doesn't get praise then and it's really hard because she doesn't understand."

Shields was recently honored at the OCSO as "Patrol Officer of the Year," for what Sheriff Johannes F. Spreen called, "...dedication and commitment, so important to the preservation of order in our society."

Shields is humble and says instead that he'd like to see the return of what Oakland County Prosecutor L. Brooks Patterson calls "...putting the risk back into crime."

"We have to let the people understand that if they come up here to Oakland County, chances are much greater they're going to be caught."

"I could die tomorrow and not have any regrets," Shields said. "I'll never say, 'Gee, I've been around 36 years and haven't done anything for society.'"

"I've done more in my 13 years as a police officer than most people have in a lifetime."

'If it Fitz. . .

Answers from Ann

by Jim Fitzgerald

Dear Ann Landers:

I don't care how many times you answer this letter. I'm having two problems with my wife, and they may kill me. If I die, she will marry again. So if you solve my problems again in 1992, her new husband will benefit from your advice, and I will have done him a favor by writing to you 10 years earlier. And he will say I damn well owed him a favor to make up for dying and leaving a widow.

Neither of my problems is romantic. I recently read this quote from Monique Van Vooreen: "I'm really not interested in middle-age love . . . I don't particularly like seeing wrinkled lips kiss." Monique is a pea-brain. Middle-aged love is better than young love for the same reason veteran baseball players win more games than rookies do. A smooth complexion looks nice on the kids, but two people who wrinkle well together won't slide apart easily.

Who is Monique Van Vooreen, anyway? Why do the media quote what she says? I read that she is an actress and an author, but what did she act in and what did she write? I think it would make good sense to bury Monique and forget her. Zsa Zsa Gabor, too. They could be buried under 10 tons of People magazines.

(Ann, you are probably wondering why I'm writing all this wise philosophy instead of just getting

directly to my marriage problems. It's because I can't help thinking about all the people who may be reading my letter through the years. As I'm sure you must realize, writing for the ages is a big responsibility.

ONE OF MY marriage problems is that I like white bread better than brown bread. My wife knows this because I've told her 119,986 times. I also printed it on the refrigerator with black crayon. There are only the two of us at home, and she is always dieting and never eats bread of any color. But she always bakes or buys brown bread. When I ask her why, she says because brown bread tastes better.

That's what kills me, Ann: When my wife used to eat bread, she liked brown best, so she says I should eat it, even though I like white better. Is she trying to drive me nuts? Or is she leaving our marriage bed at 3 a.m. to eat brown bread in the kitchen?

The other problem is that my wife embarrasses me by saying outrageous things to strangers. For example, a young couple and a little girl, maybe 10 years old, joined us on the elevator in our apartment building. We'd never seen them before. The little girl had a terrible skin condition on her face. Politely, I didn't stare at her or otherwise react to her unfortunate blemishes.

My wife looked the kid straight in the eyes and said: "You had the chicken pox, didn't you, dear?"

MY GOD, Ann, that really killed me. That kid could have been a leper. She could have been suffering from some terrible disease that threatened to take her young life. The big man with her was obviously her father, and he could have socked my face for being married to a woman thoughtless enough to call public attention to his daughter's ugly, fatal affliction and make her cry.

My wife is not a dermatologist. She had no way of knowing for sure that chicken pox had messed up that kid's face. This time she was lucky. It was chicken pox, and the little girl and her parents laughed. By the time we reached the ground floor, my wife was showing them pictures taken of our children when they were chicken-pox age. If we lived in a taller building, she would have examined that little girl for surgery scars.

Later, when I remonstrated with my wife, pointing out the risks of diagnosing strangers' diseases on elevators, she scoffed. She said she knew chicken pox when she saw it. The same way she knows brown bread tastes better to me than white bread.

Ann, I realize my problems don't rank up there with the more important issues you regularly deal with, such as how to hang toilet paper, but please give them some attention anyway, at least once. I am

Desperate in Detroit

Sheriff's log

Wednesday, police recovered a bag filled with silverware valued at \$200 on Andersonville Road, Springfield Township.

Wednesday, would-be thieves attempted to break into a house on Deer Hill Drive, Independence Township. Unable to gain entry, they left after tearing off window screens.

Wednesday, vandals throwing rocks caused \$200 in damage when they broke the windshield of a car on White Lake Road, Independence Township.

Wednesday, a thief pumped \$5 worth of gasoline from the Clark Super 100 Station, 4951 Sashabaw, Independence Township, and drove off without paying.

Friday, thieves stole a \$75 bike from a yard on South River Road, Independence Township.

Saturday, thieves broke into a house on Oak Park Road, Independence Township, and stole a handgun.

Saturday, thieves broke into a garage on Dixie Highway, Independence Township, and stole \$400 worth of tools and a \$450 TV.

Sunday, thieves stole a picnic table from a yard on Shaffer Road, Springfield Township.

Sunday, vandals wielding a BB gun shot a window out of a house on Paula Road, Independence Township.

Sunday, an alarm thwarted would-be thieves attempting to enter a home on Sashabaw Road, Independence Township.

The above information was collected from reports at the Oakland County Sheriff's Department.

Rifle restrictions move closer to reality, in step 18 of 30

By Marilyn Trumper

Bending to recommendations from the Department of Natural Resources (DNR) and the Hunting Control Committee, the Independence Township Board voted 5-2 to ban center-fire rifles and to restrict rifle discharge north of I-75 to rim fire, except at target ranges registered with the clerk's office.

Rim and center fire are ways of igniting gunpowder, according to a DNR spokesperson. Center fire is used primarily in large caliber rifles, and the bullet travels farther, he said. Rim fire is confined to smaller caliber rifles and does not travel as far, making it the more favorable in areas that could be considered too populated.

The move marks the little over halfway point in 30 steps required to make the ordinance law.

The issue was spurred to life by township residents complaining of stray shot and trespassing hunters two years ago.

Trustee Larence Kozma, an assistant attorney in the Oakland County Prosecutor's Office, reminded the board that state statute prohibits hunting with rim fire south of the Bay City line.

At a special meeting in early May of the Hunting Control Committee, represented by Supervisor James B. Smith, a Michigan State Police trooper and DNR official, residents proposed the township allow discharge of rim fire north of I-75 because the area re-

mains relatively rural and has a significant number of parcels with large acreages.

Clerk Christopher Rose continued to favor a carte blanche ban on discharge of rifles except at approved target ranges, arguing the township's population is on the rise and that residents initiated the move because of problems with hunters and trespassers.

"Not only that," said Rose, "but I was at that DNR meeting, and not one of the people who spoke in favor of hunting north of I-75 owned any of those large parcels of land that were talked about."

Trustee Kozma, who cast the second "no" vote, agreed.

"I have a problem with hunting rifles anyway. A .22 rim fire can go far," he said.

Any time during review of the proposed law, the ordinance can be modified and the process would revert to step one.

There is no word on when the law will finally be adopted.

Board agrees to hear alternatives

School secretaries sound off

By Kathy Greenfield

The Clarkston schools board of education has agreed to consider alternatives to the planned layoffs of junior high school attendance clerks and media aides.

While the board unanimously approved layoff notices for the four employees at the May 10 meeting, President Janet Thomas directed the administration to find alternatives to the layoffs, stressing that the costs to retain the employees would have to come out of the junior high school budgets.

Before the plan for layoffs was discussed, Clarkston Junior High School secretary and member of the negotiating team for secretarial employees Sharm Blasey read a letter to the board.

She called the planned action "arbitrary and extremely unfair" because of an earlier agreement—this year the elementary schools' office staffs are to take eight weeks off without pay during the summer months and the secondary schools' office staffs are to take off six weeks without pay. With this action, the group of 26 will save the district about \$28,300, she said, and the agreement included that office staffs would not be cut.

"Now we feel we are being told, 'You are not important. We will take more of your time, eliminate one person from each junior high and eliminate other positions as we want,'" Blasey said. "The professional, efficient office personnel of Clarkston schools are being told, 'So what!'"

Blasey stressed that the office personnel are the district's public relations people because they have first contact with people who call and visit the schools, and that they provide services to the students in their roles as substitute counselors, nurses and mothers.

She also noted a series of meetings at CJHS this year in which parents voiced concerns about discipline in the school. If the attendance clerks are laid off, attention to who's at school will not be as intense, she noted, and the result would be a negative effect on discipline.

"Sometimes (administrators) forget what it's like to be on the battleground," she said, emphasizing the offices' frontline duties.

Superintendent Milford Mason acknowledged there was a verbal agreement that layoffs would not occur with the 1981-82 contract which shortened the work year for secretaries. While 18 non-instructional employees were laid off last year, none of them were in secretarial positions, he noted.

"In the process of reductions, we aren't going to cover lots of things the way we used to," he said.

CJHS Principal Duane Lewis and Sashabaw Junior High School Principal Gus Birtsas agreed they had recommended office staff layoffs when the administration requested lists of possible cutbacks. But, they said, the item was near the bottom of lists, and it

had not been discussed with them since they submitted the ideas.

"Prior to having attendance clerks, truancy was a serious problem, especially at the junior high level," Lewis said. "We are not going to be able to do the same things with one-third of the staff."

Birtsas agreed with Lewis' assessment of what would happen if attendance clerks were laid off.

"We will operate, we can operate, we will take attendance, we will handle discipline," Birtsas said. "But please don't expect it to be the way it was."

Board members added their concerns.

"The first contact the public has of any school is the secretary. This is an important aspect of their job," said Mary Jane Chaustowich. "I sincerely hope we might be able to find an alternative to this."

"I realize things are bad and we have to cut everywhere, but in this particular instance I question the loss of the personnel and what they contribute to the schools."

Board member Carolyn Place questioned the plan to eliminate the library aide positions.

"It seems foolhardy to put all that money into these materials and not get the best use of them," she said.

The board agreed give layoff notices to nine non-instructional employees, including the staff cuts caused when South Sashabaw Elementary School will close at the end of the school year.

After the vote, Blasey indicated she would keep track of plans underway to find alternatives to the planned layoffs of junior high clerks and media aides.

"We want to retain these positions," she said.

Election: \$4,300

The Independence Township clerk's office will handle the Clarkston Community School District election this year, as usual.

At the May 10 meeting, the board of education approved the \$4,300 fee which covers expenses for staffing precincts, preparing the sites and other details of the upcoming June 14 school election.

Start: 10 a.m.

**Memorial parade
Monday, May 31**

Clarkston will honor those veterans who gave their lives and those who gave service to their country during the annual Memorial Day Parade and Lakeview Cemetery service on Monday, May 31.

The tribute is conducted by the Campbell-Richmond Post No. 63, American Legion.

The parade is to begin at 10 a.m. at the corner of Church and Buffalo streets, to Main, north to Washington, west to Holcomb, then to Lakeview Cemetery where a memorial service is to be held.

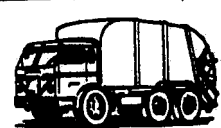

Commander Leon Johnston requests that no horses, autos, bikes, pets or floats enter the parade because of its solemn purpose. For more information, call the post at 625-9912 or John Lynch at 625-3994.

The tradition of decorating the graves of soldiers with flags and flowers which now extends to the graves of families and friends began in 1868 with this order: "Let no ravages of time testify to coming generations that we have forgotten as a people the cost of a free and undivided Republic."

In preparation for the Monday service, members of the Clarkston American Legion Post No. 63 will place flags on the veterans' graves in Lakeview Cemetery Sunday morning, May 30.

During the cemetery service Monday, the program includes the National Anthem by the Clarkston High School band, invocation by American Legion Post 63 Chaplain Paul Pety, the roll call of deceased veterans, the Gettysburg Address, placing of the wreath, a rifle volley and patriotic songs.

Scores confirm 'good school district' evaluation

But math scores for third- and fifth-graders are cause for concern

By Kathy Greenfield

The ability and achievement test scores of Clarkston schools pupils are down in black and white, the results have been reviewed and work is underway to use what the tests reveal.

"The most important thing, and the thing that happens most often, is that we verify we have a good school district and the kids are learning," said William Potvin, director of planning and evaluation.

The tests also point out problems. In testing of third- and fifth-graders, mathematics came through as a weakness; and for tenth-graders language was below ability for the group.

"You can't avoid it telling you your problems," Potvin said. "It tells us where our problems are and it gives us a very specific point for direction."

The tests—the Otis-Lennon for an assessment of how well the pupils can do in school work and the Metropolitan Achievement Test for academic knowledge—are compared to find if pupils are working to their abilities. The district's third-, fifth-, eighth- and 10th-graders took the tests. The national average for all tests is 50.

For the 390 Clarkston third-graders, the average ability score was 53.5. Ability tests in language (52.7) and science (53.3) fell within the expected range, while social studies (52.4), reading (51.3) and math (50.1) fell below expected levels.

"Our primary concern is reading, math and language—the basics—so we are concerned with math," said Potvin. He also noted the reading scores are lower than expected, but because they're the first test scores for the group of pupils, the district will watch to see if improvement is made in the next two years.

For the 527 fifth-graders tested, the average ability was 55. Achievement tests in all areas were below ability with reading 52, math 50.2, language 52.9, science 53.1 and social studies 52.6.

"As fifth-graders, they have a math problem," Potvin said, noting the group also tested low as third graders, and their scores have improved since then.

"People addressed the problem. They recognized a group of kids that were not achieving at ability and they made substantial improvements beyond what would normally occur," he said.

The 543 eighth-graders tested presented the best picture with an ability average of 51.5 and achievement scores in every area above the ability score—reading 51.9, math 53.4, language 51.9, science 54.2 and social studies 53.4.

"Eighth-grade is just a super picture. This is excellent," Potvin said, adding this is the first year these students have been tested.

"Subjects become very important in junior high and that begins to have a show in achievement tests," he added, explaining a possible reason why the test scores were higher than the lower grades.

For the 574 10th-graders tested, the average ability score was 52. In the three areas tested, achievement in reading (52.4) and math (51.5) fell within the expected range. Language (49.6) was lower than expected, and it is the only score in the entire district which fell below the national average.

Grammar is the weakness, Potvin said, but he is not unhappy with the language score, because teachers predicted students would not do well on that portion of the test, indicating work is underway to strengthen those skills.

JV girls softball league champs

The girls' junior varsity softball league championship belongs to the Clarkston High School Wolves who ended the season with a 7-1 record.

"This is the best JV team that's been at that school," said their jubilant coach, Don Peters. "This team had everything—it had good defense, really good hitting, and they were really fast. I think they'll be able to help varsity next year."

In addition to the Greater Oakland Activities League (GOAL) title, the team ended its season with an overall record of 11-3.

In its last week of games, the team rolled over opponents from Rochester and Waterford Mott high schools.

On May 17, Julie Marshall pitched a one-hitter for a final score against Mott of 17-1.

"The first time we played them, we won 18-17, so this shows how far we've come—we really went a long way," Peters said.

In addition to her pitching skills, Marshall chalk-

coach also praised Kim Lorenz, Stephanie Wagner and Kelly Keating for solid defense.

The league championship was won May 19 when the Wolves downed Rochester 11-3.

"They were really good—the only team they had lost to in the league was us," Peters said. "So the team that won, won the league championship."

Marshall, the winning pitcher, also slammed her 10th home run of the season. Janet Herron went two for three, Covert went three for three and had three RBIs, Michele Barks posted two for four and Pilditch performed well on defense, the coach said.

But it was Kelli Keating's three-run homer that cinched the title.

"That was probably the key hit in the game," Peters said. "It was a close game at that time, it kind of broke it."

Sports

ed up four RBIs, hit a home run and hit two for three at the plate. Cindy Covert hit two home runs, went two for three and posted four RBIs. Krista Pilditch hit a homer, went two for three and had five RBIs. The

Despite loss, coach says team made effort

Despite a loss to Rochester and fewer qualifiers for the state meet than expected, Clarkston High School Girls' Varsity Track Coach Gordon Richardson is pleased with the team's performances.

Strong wins

The Clarkston High School Girls' Varsity Softball team wrapped up the season with three strong wins, and placed second in the Greater Oakland Activities League (GOAL) with a 7-3 record.

Now, it's on to the predistrict game Friday at Independence Township's Clintonwood Park at 3:30 p.m.

A sudden-death tournament, if the Wolves win, they will go on in the district playoffs, and if they lose, the season will be over.

"We play Waterford Township, who has been a power in softball for many years," said Coach Carla Teare. "We beat them last year. It was the first time Clarkston had beat them."

"It won't be easy, but it's definitely in range with the team we have."

The Wolves started off the week trouncing Waterford Mott 14-5 on May 17.

Winning pitcher was Annette Ulasich, backed by outstanding performances by Audrey Campe who went two for two, Jeanne Herron with two for two and Lanette Whitehead with three for five including a double and two RBIs.

In the May 11 game against Rochester, the Wolves won 12-4.

Herron was the winning pitcher, Sandy Mason drove in a home run and 5 RBIs, Whitehead hit two doubles and Shaun O'Brien hit a double and had two RBIs.

On May 20, the contest against Birmingham Groves was mercied in the sixth inning when Lori Martin drove in two runs with a bases-loaded single.

Whitehead was the winning pitcher with three hits in four times at bat including a home run. Most outstanding player, Teare said, was Mason who went three for three, hit a home run, a double and tallied four RBIs.

Overall, the Wolves posted a season record of 18-5.

In the meet against Rochester May 18, the final score was Rochester 7 1/2, Clarkston 5 1/2.

"I was quite pleased. Last year those people beat us 99-23," Richardson said. "So we showed tremendous improvement and we showed good performances."

Posting first-place victories were Julie Beamer in the 220 low hurdles and the 110 low hurdles; the 880-yard relay team of Beamer, Wendy Hunt, Kris Tisch and Ronnie Barnard; Tisch in the 440-yard dash; Denise Giroux in the long jump and Kelley Craig in the high jump.

In the regional contest May 21 at Flint Kearsley High School, the team placed seventh in a field of 15.

"We probably could have done a little better, but these things happen," Richardson said. "We had good performances, extra good times. I was really pleased. The only disappointment was we didn't

qualify as many as we could for the state (meet)."

Beamer is the only team member slated to compete in the state meet June 5 at Flint Northwestern. She placed second in the 100-meter low hurdles, setting a school record of 14.72.

Barnard also set a CHS record in the 200-meter dash, for third place with a time of 26.45.

Also posting a third place was the 800-yard relay team of Barnard, Beamer, Hunt and Tisch.

K. Craig took a fourth place in the high jump. Jamie Howensteine broke 100 for the first time with a discus throw of 100 feet, 10 inches for a fifth place. Sixth-place victories were won by the 400-yard relay team of Paula Ziolkowski, Hunt, Giroux and Barnard and the 1600-meter relay team of Beamer, K. Craig, Sandy Craig and Tisch.

Twelve members of the team have qualified for the Oakland County meet to be held Thursday, said Richardson.

PK teachers 'aghast' over principal's demotion

By Kathy Greenfield

The proposed demotion of their principal was reason for protest by Pine Knob Elementary School teachers.

A letter, addressed to board President Janet Thomas, was read at the May 10 meeting by teacher Dorene Cutshall, and copies were distributed to all school board members. It was signed by a majority of

the teachers at the school.

"We, the teachers at Pine Knob Elementary that have endured the brunt of the administrative 'merry-go-round' for the past six years, are particularly concerned by still another possible impending change of leadership," Cutshall said.

"We are left aghast as to why our current principal, John Reabe, is targeted for demotion or possi-

ble layoff along with others that have given so many years of service to the educational needs of the youngsters of Clarkston.

"If demotion and layoffs are necessary within the administrative ranks, it is our position that seniority should be the basis for those demotions and layoffs...it is your moral obligation to commit yourselves to setting examples that epitomize fairness and justice."

Reabe, who has 22 years experience as a principal, was assigned to Pine Knob last year when the school's principal retired. He was one of four administrators the school board is considering for demotion to the teaching ranks.

The board did not comment on the letter which was read during the "questions and comments" portion of the meeting.

After the meeting, Superintendent Milford Mason said he has received communications from teachers at the school who did not agree with the letter, because they understand administrative cuts are necessary.

Seniority has never been included in contracts with administrators, he said.

Of the four administrators, two are to be demoted to teaching ranks, depending on the outcome of the decision of the school board and the decision of an arbitrator. The administration drew up a seniority list for the district which gave administrators teaching credit for years as administrators and it was challenged by the Clarkston Education Association.

The board is expected to decide which two administrators will be demoted at the regular June 14 meeting.

"It's the board's decision," Mason said. "They will make their decision in light of the arbitrator's decision."

"I've really made it known that I feel we'll have to reduce administration consistent with our reductions in other employe areas," he added.

A patriotic songfest by Clarkston Elementary fifth-graders and the special chorus was presented to parents this week at the Clarkston High School Little Theatre. The musical tribute to the history of the United States covered

times from when the colonies were first set up to the building of the railroad systems throughout the country. The photo was taken during a rehearsal last week.

Township makes shopping list

Independence Township is making up a shopping list, eyeing new library shelves, a mower, trucks and cars

At the May 18 meeting, board members approved purchase of \$7,525 worth of steel tracking shelves for the township library.

Director James Hibler said he intends to replace the library's free-standing wood shelves in the center of the room.

Director of public works, George Anderson, is planning the purchase of three sedans—one for the township supervisor, one for the building department

director and one for himself as DPW director. In addition, the department is targeted to receive three pickup trucks and one four-wheel-drive vehicle.

Board members briefly debated the pros and cons of lease vs. purchase and, after discussion, they directed Anderson to obtain bids on the lease and purchase of Chrysler X-cars and the Pontiac J-6000.

Finally, board members OK'd purchase of a new mower for \$8,489, which will be used to cut grass at all municipal properties, including township hall, the cemetery and the DPW building on Flemings Lake Road.

After 12 years on the job

SJHS librarian Ruth Eaton turns in her card

By Kathy Greenfield

After running the Sashabaw Junior High School Library for 12 of the 13 years the building has existed, Ruth Eaton is turning in her card and retiring at the end of the school year.

In her years on the job, the library's book inventory has doubled and the original inventory of 40 filmstrips has grown to 1,200.

"I've loved it," says Eaton about her job as librarian. "I'm getting very cold feet about leaving. I keep thinking, 'What am I going to do?'"

She does have plans, though. Her husband, Edward, works for General Motors Corp., and travels to

'I've loved it. . . What am I going to do?'

—Ruth Eaton

places like Europe, and Ruth would like to be able to go with him without worrying about not being at work.

"I feel if you have a job, you should be working at it," she says. "Plus the fact that this winter was horrible, and I want to go to Florida."

Her husband, an attorney, would like her to attend computer school and learn to do research for his cases, she says, although she has yet to agree with the plan.

"He said retreading a retread is going to be difficult," says Ruth, laughing, as she remembers going back to school at Wayne State University 13 years ago for her master's degree in library science.

"At Wayne I was a retread," she says, repeating the label tossed on older students. "I said (to a professor), 'I'm so old. Do you think there's any way I could get a job?' He said, 'Oh, yes, there's always a need for retreads.'"

Ruth, who lives in Orchard Lake, worked seven years as an English and history teacher in New Jersey, then took 18 years off when the Eatons' three sons were young before returning to the classroom at Wayne.

When she began her job at SJHS, Virginia Wilberg worked there as the library clerk. She has

Retiring SJHS librarian Ruth Eaton begins work on the year-end inventory of books for the last

time. Assisting is student library aide Christine Hulett.

since retired, and Ruth mentions a note she received from her former employe.

"You'll be so busy, you won't know how you had time to work," says Ruth, quoting what Virginia wrote. "I hope she's right."

One thing's for certain about Ruth's retirement—she'll leave with fond memories of the students and staff at SJHS.

"It's a good feeling. I've often said I couldn't get up and leave my house for some places, but I like coming here," she says. "I've really enjoyed it."

"I like the kids, I really do, I know some of them would never believe that, because they think I'm so mean and cross, but I do," she adds, referring to the years she's successfully maintained the proper atmosphere in the junior high school library.

Got a gripe?

Rep. Trim schedules public forums

Got a gripe on taxes?
Want to talk about pothole-ridden roads?
State income tax increase got you riled?

State Rep. Claude Trim (D-Davisburg) is hosting public forums for Springfield and Independence townships and Clarkston Village residents, and he wants to hear your views.

On Thursday, May 27, at 8 p.m., Trim is scheduled to be at Springfield Township Hall, 650 Broadway, Davisburg.

Tuesday, June 8, he's scheduled to appear at Independence Township Hall, 90 N. Main, Clarkston, to field comments from village and township residents.

"These are being held in response to phone calls

and letters from people who've asked that I attend township board meetings," said Trim, representative of the 60th district which includes Holly, Clarkston and Springfield, Independence, Brandon, Highland, Groveland, Waterford and Rose townships.

"I want people to come out and talk to me about what's on their minds. I've been urged to attend local government meetings, however, in view of the fact that there are eight townships and three villages in the district, it's extremely difficult for me to attend each meeting, given my commitments in Lansing."

For months it's been rumored Trim will vye for the state senate seat in '82, a matter he's yet to formally commit himself to while awaiting word on redistricting.

Obituaries

William G. Nelson

Memorial service for William G. Nelson of White Lake Township was held May 22 at the Lewis E. Wint Funeral Home, Independence Township, with the Rev. James Balfour officiating.

Nelson, 93, died May 20. He was a chemist and the retired technical director for U.S. Rubber Co. He was a member of Palestine Lodge No. 357 F. & A.M., the Detroit Consistory and Mahi Shrine Temple.

He is survived by his sons, Calvin of Clarkston and William of Coulter, Colo.; seven grandchildren; 13 great-grandchildren; and brother, Roy of Grand Rapids.

Following the service, entombment in Woodlawn Cemetery, Detroit.

Chad Robert Weiss

Memorial service for Chad Robert Weiss of Waterford Township was held May 25 at Goyette Funeral Home, Clarkston, with the Rev. Thomas Belczak officiating.

The infant died May 24. He was two days old.

Surviving are his parents, Mr. and Mrs. Timothy Weiss; grandparents, Mr. and Mrs. John Weiss of Drayton Plains, Mrs. Darlene Wilson of Lakeville and Marshall Wilson of Oxford; and great-grandmother, Mrs. Helen Orr of Waterford.

Following the service, burial took place in Lakeview Cemetery, Independence Township.

Supper club nets planners' approval

Russell Elkins' proposed supper club at I-75 and the Holly Road held a tinge of controversy at the May 18 Springfield Township Planning Commission, as members debated traffic increase and dangerous entrances and exits.

After discussion, members voted 4-3 to recommend rezoning of the 13-acre parcel from residential to commercial, according to Springfield Township Clerk J. Calvin Walters.

"Debate seemed to be traffic as much as anything," said Walters who was present at the meeting. "(Commission members) were concerned about the site plan and cars pulling out on East Holly Road. Some considered that to be a dangerous situation."

The Springfield Township Board will have the final decision on the rezoning, and it's not known when Elkins will appear, Walters said.

In April, Elkins, a Rose Township resident, sprung his plans for a supper club and put in his bid for liquor license at the board level. The board agreed to hold a license for one year.

Elkins, who holds an option to purchase the land contingent upon the rezoning, envisions the development as a barn-style dance and banquet hall, seating for 100-plus dining room patrons, seating for 240 at the bar and a dance floor.

The Clarkston High School Symphonic Band, under the direction of Clifford Chapman, is the

largest performing musical group in Clarkston High School. The concert, at a college campus

near Cassopolis, was the second stop of the spring band tour.

Chris Bisha takes his music seriously, both on and off stage.

CHS bands entertain many in Windy City

In mid-March, the Clarkston High School Wind Ensemble, Jazz Band and Concert Band traveled to Lansing and Cassopolis in Michigan and Chicago, Ill. The Wind Ensemble and Jazz Band received silver

medals for their performances and the Concert Band received a bronze medal. Some highlights of the trip were the many bus rides and a dance held Saturday night with other performing groups from the midwest.

—Steve Cipparone

The straight-down view from our hotel room.

Band members unload the travel coaches in Cassopolis to meet their hosts for the night.

The students stayed with residents who offered them accommodations during the tour.

Virginia Walter accepts her "Super Person" award from last year's winner, the Rev. Alexander Stewart, as the crowd rises to give her a standing ovation.

Outpouring of thanks to 26 named at Community Awards

By Kathy Greenfield

Russ Inman, moderator for the Community Awards Banquet, called it love.

The word was an appropriate one for the outpouring of thanks to 26 contributors to life in Independence Township through extra hours on their jobs or in volunteer work.

"These are our neighbors. These are the people who have broken their backs for us rather than what they thought they should do it," Inman said.

About 190 people attended the 10th annual event at the Deer Lake Country Club. This year's event was sponsored by the Clarkston Area Civic Center, the Clarkston Area Women's Club, the Michigan Week sponsored by the Michigan Week Committee, the Clarkston Area Jaycees and the North Oakland Civitans.

Receiving plaques in recognition of their contributions were "Super Person" award winner Virginia Walter; Outstanding Volunteers Carol Balzarini, Violet Biondi, Nancy Deloney, Karen Ohrnberger, Bev Palmer, Kay Robertson, Mary Jane Scharfenkamp, Joseph Stetz, Ray Welch and Carol Zorka; Outstanding Young Citizen Melissa Savas; Creative Arts Award winner Homer Biondi; Outstanding Government Official Fontie ApMadoc; Outstanding Clarkston Educator Clifford Chapman; Distinguished Service individuals Dr. Robert Buehrig and Dr. Rockwood Bullard Jr.; Distinguished Service group the Clarkston Community Women's Club; and Distinguished Project was Bottles for Building and its founder Carolyn Place.

Special awards in certificate form were presented to Clarkston High School Spanish teacher Virginia Addis, kindergarten teacher Mary Ellen Steele, CHS seniors Ron Wagner and Barbara Kevern, the Clarkston Rotary Club for its donation of van to the Independence Township Senior Citizens' Center and the Lighting Fund Project which raised over \$32,000 to provide new lights for the CHS football field.

Bailey Lake El

celebrates Grandparents Day

On the blackboard in the Bailey Lake Elementary School kindergarten room, the message was chalked: "God couldn't be everywhere. So he made grandparents."

And they were everywhere in the school Friday afternoon when the second annual Grandparents Day was underway.

An outdoor concert with choral readings and songs welcomed the about 200 visitors, and then they were treated to snacks and visits with their grandchildren in the classrooms.

"Grandma!" shouted Woody St. Croix as he spotted one of his favorite people walking into his kindergarten classroom.

He gave Tillie St. Croix of Hadley Road, Independence Township, a big hug, and escorted her in a tour of his classroom, proudly showing his projects.

The scene was repeated throughout the building, along with lots of hand holding, hugging and kissing, and good feelings in general.

The event began last year with "just a feeling I had," said Bailey Lake Principal Doris Mousseau. "Very often grandparents don't know what's going on in school today.

"It was a rare occasion when they really got invited and I thought they would like to see what's going on—and they do, they told me that. So many said, 'Please invite me back,' and we said, 'We will.'"

—Kathy Greenfield

Board bans smoking at township hall and new annex

Extinguish those burning cigarettes. Leave the pipes and cigars at home too. Independence Township is going to enforce its no-smoking policy and ban smoking during board meetings, in township hall and in the new annex meeting room when it opens.

At the May 18 meeting, board members voted to implement the ban, which existed under previous boards but was never enforced. They cited health of non-smokers, the meeting room under renovation in

the annex with its new paneling and carpeting, and the fact that smoking on the third floor of township hall, which has varnished walls, ceiling and floor, is against the law.

Kenneth Delbridge, director of building and planning, opposed the ban as did George Anderson, director of the township's department of public works.

"I'm speaking tonight as a public citizen," Anderson said. "These meetings are long, trying and

tedious and relief from the boredom is often to light up a cigarette."

Although no member of the township board is a smoker, Supervisor James B. Smith said he would not be adverse to holding a recess once an hour for smokers to step outside for a break.

After discussion, board members voted 4-3 in favor of enforcing the ban.

A similar ban at planning commission and zoning board meetings will be up to those members, the board agreed.

Rising star

Clarkston High School chorus students put in some practice time last week for their Talent Show coming up Tuesday, June 1. The show is to begin at 7:30 p.m. in the CHS Little Theatre. Admission is free. In the photo above, CHS choral music department director Grayce Warren plays the piano while Tim Kirby rehearses "I'm My Own Grandpa," a humorous song about a family.

Fire call

Thursday, May 13

4:34pm—Fire fighters extinguished a straw fire in a basement of a house under construction on Meadow Brook Court. Fire is believed to have been started by children playing with matches. No injuries were reported.

Friday, May 14

6:01am—Fire fighters responded with an assist to Waterford Fire Department at The Old Mill, 5838 Dixie Highway, on a report of a building fire.
8:30pm—Emergency Medical Services (EMS) responded to 5910 Ortonville on a report of an injured subject. Riverside Ambulance was also on the scene.
10:03pm—EMS responded to a residence on Buttercup Lane. Riverside transported a 69-year-old male patient to Pontiac Osteopathic Hospital.

Sunday, May 16

2:48pm—EMS responded to a residence on Waldon Road on a report of a medical emergency. Riverside transported 70-year-old female patient to Pontiac General Hospital (PGH).

Monday, May 17

2:40pm—Fire fighters extinguished a grass fire on I-75, south of Sashabaw Road.
10:03pm—Fire fighters responded to a residence on Sashabaw Road on a report of wires shorting on water heater.

Tuesday, May 18

9:41am—Fire fighters extinguished a vehicle fire on Dixie Highway south of Maybee Road. Estimated property loss was \$800. Cause was leak in gas line.
6:35pm—EMS responded to a residence on East Washington Street on a report of a medical emergency. Patient was transported to St. Joseph Mercy Hospital (SJM).
8:32pm—Fire fighters responded to report of utility lines down across Clinton Drive. Detroit Edison was

notified and fire fighters stoodby until they arrived.
8:38pm—Fire fighters responded to a report of wires arcing on Northview. Detroit Edison was notified.

Wednesday, May 19

12:04am—Fire fighters responded to 5591 Sashabaw on a report of a water problem. Upon investigation, found water from two-and-one-half inch hose line spraying water four feet high onto roadway. Problem was corrected and the Oakland County Sheriff's Department (OCS) was notified.
12:38am—EMS responded on a report of an auto accident on Sashabaw at Pine Knob Road. One subject was extricated from her vehicle. OCS was also on the scene. Riverside transported the patient to Pontiac General Hospital.

The Independence Township Fire Department has responded to 288 calls to date.

NOTICE OF A PUBLIC HEARING ON INCREASING PROPERTY TAXES

PLEASE TAKE NOTICE that on Monday, June 7, 1982, at 8:00 o'clock p.m. at 6389 Clarkston Road, Clarkston, Michigan the Board of Education of Clarkston Community Schools will hold a public hearing on the levying in 1982 of an additional proposed millage rate of 3.1094 mills for operating purposes pursuant to Act 5, Public Acts of Michigan, 1982.

The Board of Education has the complete authority to establish that 31.8105 mills be levied in 1982 from within its present authorized millage rate.

The maximum additional proposed millage rate would increase revenues for operating purposes from ad valorem property tax levies in 1982 otherwise permitted by Act 5, Public Acts of Michigan, 1982, by 10.8 percent.

The figure for increase in revenue for operating purposes is based on the latest estimate of state equalized valuation of property located within the school district. State equalized valuation will not be finalized until after the fourth Monday in May. In the event that state equalized valuation as finalized is for any reason higher than the estimate used for this hearing, the Board of Education must hold another public hearing before levying millage on any higher valuation.

Since the school district is an in-formula district, it should be noted that an amount equal to the proposed increase as finally levied on property within the district will be deducted from our eligibility for State Aid.

The purpose of hearing is to receive testimony and discuss the levy of an additional millage rate. Not less than seven (7) days following the public hearing, the Board of Education may approve all or any portion of the proposed additional millage rate.

This notice is given by order of the Board of Education.

Mary Jane Chaustowich, Secretary

EARL KEIM REALTY

Ten sites targeted for community trash days

Gather all your garbage, mattresses, sofas, broken washing machines and rubber tires for Independence Township's one-time-only communal garbage pickup June 19 and 20.

And the best part, the township's picking up the tab with \$4,000 in revenue sharing, which pays for 10, 40-cubic-yard dumpsters.

All those dumping must show proof of township residency.

Below follow the 10 selected dumping sites throughout the township:

- Northeast corner of Eston Road at Algonquin Road junction.
- Corner of Clarkston-Orion and Eston roads on grass median.
- Sashabaw Junior High School, 5565 Pine Knob, between the junior high and elementary school, in the parking lot.

•Pine Knob Elementary School, 6020 Sashabaw, in the parking lot.

•Junction of Sashabaw and Pelton roads.
•Independence Township Hall parking lot, 90 N. Main, Clarkston Village.

•Corner of M-15 and Deer Ridge Drive.
Junction of Flemings Lake and Clarkston-Orion roads.

•Corner of Maybee Road and Chestnut Hill Drive.

•Parview Road vacant lot, across from 5223 Parview where the Green's Lake canal abuts the road.

Independence Township is seeking volunteers to man the sites, aid folks in getting their refuse up and over the tall dumpsters' sides and keep general control of the areas.

Officials also stress the dumpsters will be at the locations June 19 and 20 only.

Those interested in volunteering to work may call the department of public works at 625-8222.

Watch the June 16 issue of The Clarkston News for a map targeting the dump sites.

Start your engines

Cut those weeds and mow those lawns!

That's the word from the Independence Township Building Department, swamped over the past few days with complaints of unkempt lawns and lots.

Township ordinance mandates properties be cut a minimum of twice a year, according to building and planning Director Kenneth Delbridge.

Violators face ticketing and an appearance at the district court, he said.

Jazz fest May 29

Music fans have a treat in store—the second annual Outdoor Jazz Concert on a hill overlooking Deer Lake. Members of the Clarkston High School Jazz Band will perform from a balcony above.

The benefit performance is planned Saturday, May 29, from 2 to 5 p.m. at 7500 Deer Park Trail, Independence Township.

Donations are \$3 for adults, \$1.50 for students and \$7 for a family, and concertgoers may purchase beverages and popcorn. For seating, bring chairs or blankets.

Tickets may be purchased in advance at Tierra Arts & Design, 20 S. Main, Clarkston, or they may be purchased at the concert.

Proceeds are to benefit the CHS bands.

In case of rain, the outdoor concert is to be held Sunday, May 30.

For more information, call CHS at 625-0900.

Honors

Clarkston High School student **Tanis Pettit** has been named a 1982 United States National Award winner in speech and drama by the U.S. Achievement Academy.

She was nominated for the honor by CHS teacher Barbara Gibson. The nomination was made because of her outstanding achievement in working with the school's theater group, Gibson said, noting that Tanis was the drama club president this year.

The CHS student's name will appear in the Achievement Academy's Official Yearbook, published nationally.

Tanis is the daughter of Carole and Russell Pettit of Warbler Lane, Independence Township.

Recipe file

By Lorna Bickerstaff

Attention soda bread lovers, Irish or not: This recipe is a good one to save for next St. Patrick's Day.

The recipe was given to me by Pat Higgins Blitvish of Wildewood Springs, Bradenton, Fla., following a St. Pat's party.

Pat, who was born in Cork City, Ireland, said every St. Patrick's Day she gets homesick for her native country.

IRISH SODA BREAD

4 c flour
2 c seedless raisins
3 t baking powder
1 t baking soda
¼ c sugar
1 t salt
1 T caraway seeds (optional)
4 T margarine
2 eggs slightly beaten
1½ c buttermilk

Combine dry ingredients and cut in margarine until crumbly. Add eggs and buttermilk and mix until blended. Knead for two minutes, shape into a ball and cut a shallow cross in the top. Bake at 375 degrees in a greased and floured 10-inch skillet for about one hour.

Library hosts bake and rummage sale

Shoppers can treat themselves to bargains and contribute to the Springfield Township Library at the Friends of the Library's annual Spring Rummage Sale.

There'll be baked goods, used books and rum-

mage items for sale on Thursday and Friday, June 3 and 4, from 10 a.m. to 4 p.m.

The library is located at 10900 Andersonville, Springfield Township. Phone 625-0595 for more information.

Sign up for Summer Reading Club

Reptiles, clowns, a paper airplane flying contest, a costume party and more await first- through sixth-graders who sign up for the Summer Reading Club at the Independence Township Library.

The list includes topics of some of the special programs planned along with a film every Wednesday from 1 to 2:30 p.m. from June 16 through Aug. 4.

Children may begin signing up for the Summer Reading Club on Tuesday, June 1, at the library, 6495

Clarkston-Orion, Independence Township.

Each time a child reads a book and presents a short report, he or she will receive a library lottery ticket to go toward drawings for prizes during the club's grand finale party.

At the party Aug. 4, each child who has read at least eight books will receive a certificate.

For more information, call the library at 625-2212.

At college

Jane Tatu, a senior at Lake Superior State College, is a member of the school's 1982 women's softball team.

A Clarkston High School graduate, Tatu is majoring in fisheries and wildlife.

Her parents are Wayne and Mary Tatu of King Road, Springfield Township.

Craig Verch won a Student Life Scholarship at Oakland University, Rochester. He is to receive \$1,000 a year for four years starting next fall.

A Clarkston High School senior, Verch received the award for his excellent record of high school and community activities and high grades.

He resides on Winell Road, Independence Township.

In service

Jack Beckman has enlisted in the United States Army Delayed Entry Program. A 1981 Clarkston High School graduate, Beckman was guaranteed training as an infantryman and assignment to the 82nd Airborne Division of Ft. Bragg, N.C. He is to depart for basic training in May. Beckman chose the Army's cash bonus

enlistment plan and he is to receive a \$5,000 bonus upon completion of training. He is the son of Mr. and Mrs. Frederick Beckman of Frankwill Street, Independence Township.

Norman Sumner Jr. has enlisted in the United States Army Delayed Entry Program. The Clarkston High School senior has been guaranteed training as a military police officer and assignment to Europe upon completion of his training. He is to depart for training in August. Sumner is the son of Mr. and Mrs. Norman Sumner of Clintonville Road, Independence Township.

Grads

Rob Kloustin has received his bachelor's degree from Albion College.

An economics and management major, he served as vice president and rush chairman of the Sigma Chi Fraternity.

Kloustin, a Clarkston High School graduate, has been accepted at Bowling Green State University, Ohio, where he plans to study for his master's degree in business administration.

Two local students recently received degrees from Bob Jones University, Greenville, S.C.

Elizabeth Jane Meeker received a bachelor's degree in business management. She was a member of Nu Alpha Phi Literary Society and was selected to appear in the 1982 edition of "Who's Who Among Students in American Universities and Colleges." Her parents are Mr. and Mrs. Ernest Meeker of Almond Lane, Independence Township.

Scott Lane Pitcock received a certificate of completion in automotive service. He was a member of the Chi Alpha Pi Literary Society. His parents are Mr. and Mrs. Forrest Pitcock of Foster Road, Springfield Township.

Timothy Fogg has graduated from Adrian College with a bachelor's degree in business-marketing. A Clarkston High School graduate, Fogg is the son of Max and Veronica Fogg of Kendallville, Ind.

Former Clarkston-area resident **Gary A. Mills** received his bachelor's degree in industrial arts education and graduated May 15 from Central Michigan University, Mt. Pleasant.

Gary resides in Mt. Pleasant with his wife Laura and daughter Christy Lynne.

He is the son of Dolores Alonzi of Perry Lake Road, Independence Township, and Albert Mills of St. James City, Fla.

Among Michigan State University, East Lansing, degree candidates for winter term commencement was **Leonard Loveless** of Independence Township.

Loveless was to receive his master's degree in educational administration.

He resides on Crabapple Road.

New arrival

Larry and Kay Hutchison of Hagerston, Ind., welcomed their first child into the world May 10.

David Wayne weighed in at 6 pounds, 14 ounces and measured 18½ inches long.

Grandparents are Mr. and Mrs. Bernard Space of Independence Township, and Luther Hutchison of Hagerston, Ind.

Great-grandmother is Helen Keck of Middleton.

Around Town

Local events open to the public are printed in **Around Town** as a community service. Call 625-3370 or write to **The Clarkston News**, 5 S. Main, Clarkston 48016 two weeks in advance.

Band aid needed

Band aid, as in music, is the request of the Clarkston Business Association as plans are underway for five free summer concerts in the village's Depot Park.

The concerts, scheduled throughout July, are financed through a grant from the Pontiac Federation of Musicians' Performance Trust Fund, and through business and individual donations.

To celebrate the village's 150th birthday and enhance the series, the plan this summer is to have theme concerts: Happy Birthday July 2, Balloon Night July 7, Disney Night July 16, Moonlight Madness July 23 and Western Night July 30.

Those wishing to make financial contributions to the third annual concert series may contact Joan Kopicetz at 625-2511.

Eyeing history

Downtown Clarkston's buildings and homes are the topics as three fourth grades and a sixth grade from Clarkston Elementary School participate in the Preservation Education Program sponsored by the Clarkston Community Historical Society. On Thursday, the sixth-grade class of Bernice Rynders split into groups and made the tour. Above, they look at the architectural features of a Main Street home and, at right, volunteer Karen Ronquillo points out some of the taken-for-granted features of the village like the old stone wall standing alongside the One More Time shop near the intersection of Main and Washington streets. In its third year, the education program includes a history discussion, slide presentation, walking tour and art project under the direction of historical society members who volunteer their time to share knowledge about Clarkston's past.

Peeking into the past

by Mary Fahrner

10 YEARS AGO May 25, 1972

David Cassidy will open Season 1 of the Pine Knob Music Theatre on Sun., June 25 at 3 p.m.

Present deputy chief and fire marshal, Frank Ronk, was appointed to replace retiring Fire Chief Don Beach.

Clarkston Area Jaycees say their \$6,000 renovation of Deer Lake Beach will be ready for use Friday.

Clarkston Varsity Wolves beat the Waterford Kettering Captains 5-1 in the State pre-district tournament.

Mr. and Mrs. William P. Kratt Sr. were enter-

tained at a party in honor of their 45th wedding anniversary Sunday.

25 YEARS AGO May 23, 1957

The Library Board is proud to announce that we have just received a set of the 1957 edition of the World Book encyclopedia.

Mrs. Bob Wilkinson gave a bridal shower for Miss Betty Lou Gardner, bride-elect of William Walker.

The first annual Mother Son Banquet of the Cedar Chapter of DeMolay will be held May 25 in the Clarkston Masonic Temple.

Miss Joan Humphrey journeyed to Grand Rapids to spend the weekend with a friend, Betty Jean Irvin.

May 30, 1957

The First Methodist Church of Clarkston was the recipient of a 6½ acre site, between Church St. and Waldon Rd., for the new church and parsonage.

Mrs. Albert DeConinck announces the engagement of their daughter, Barbara Jo, to Michael E. Thayer, son of Mr. and Mrs. Ralph Thayer.

Edward L. Jones received a Phi Beta Kappa Key at a banquet of the Alpha Chapter of MI Phi Kappa Society in Ann Arbor.

Ph. 625-3370 - Want Ads Reach 29,000 Homes

Covering these townships

Groveland	Brandon	Oxford	Addison
Springfield	Independence	Orion	Oakland

Trade area covered by The Clarkston News, Penny Stretcher and Ad-Vertiser. Over 29,000 homes receive one of these papers each week. Delivered by mail, newsstand, and carrier.

GREAT WANT AD BUYS
10 WORDS - 2 WEEKS \$5

10c EACH ADDITIONAL WORD
 (Commercial Accounts \$4 a week -
 10c each additional word)

Money-Back Guarantee

- If you run your ad for 2 issues of both Penny Stretcher and the classified section of The Clarkston News and pay within 1 week of the start date of the ad.
- If you fail to get any inquiries within 30 days after the stop date of the ad.
- After the 30 days, fill out one of our refund applications and mail or bring to us.

We will refund your purchase price (less \$1 for postage and billing costs) within 7 days after receipt of your application.

Please remember: We can guarantee only that you'll get inquiries. Since we have no control over price or value, we cannot guarantee that you'll make a deal.

You may pick up a refund application at The Clarkston News or you may write for one. (Please do not phone.) The guarantee applies to individual (non-business) ads. The refund must be applied for between 30 and 90 days after the start date of the ad.

All advertising in The Clarkston News, Ad-Vertiser and Penny Stretcher is subject to the conditions in the applicable rate card or advertising contract, copies of which are available from the Ad Dept., The Clarkston News, 5 S. Main, Clarkston 48016 (625-3370). This newspaper reserves the right not to accept an advertiser's order. Our ad takers have no authority to bind this newspaper and only publication of an ad constitutes acceptance of the advertiser's order.

It's easy to put an ad in The Clarkston News, Penny Stretcher and the Ad-Vertiser

- You can phone us - 625-3370 and our friendly ad takers will assist you in writing your ad.
- You can come into our convenient downtown Clarkston News office, 5 S. Main, Clarkston - we're on the main 4 corners, under the light.
- You can fill out the coupon in this issue and mail it to The Clarkston News, 5 S. Main, Clarkston, Mich. 48016 and we will bill you.

PROBATE NOTICE

STATE OF MICHIGAN
PROBATE COURT
COUNTY OF OAKLAND
NOTICE OF HEARING
FILE NO. 151,073

Estate of FREDERICK T. Schutt, Deceased.
TAKE NOTICE: On August 11, 1982 at 8:30; a.m., in the probate courtroom, Pontiac, Michigan, before Hon. Eugene Arthur Moore, Judge of Probate, a hearing will be held on the petition of Dorothy Roehl for the appointment of Darlene Terreault or some other suitable person as Personal Representative.

The decedent, whose Social Security Number is 386 01 0971; died on 1-27-82, a resident of Avon Township.

Creditors of the deceased are notified that all claims against the estate must be presented on or before August 11, 1982 to Darlene Terreault, c/o Mitchell Dechter, 21 S. Main St., Clarkston, MI 48016, and proof of service thereof, with copies of the claims, filed with the Court.

Notice is further given that a determination of the legal heirs of the deceased will be made at 8:30 a.m., on said date, August 11, 1982.

Notice is further given that the estate will be thereafter assigned to the persons appearing of record entitled thereto.

ADVERTISEMENT FOR SEALED BIDS

CLARKSTON Community Schools
Building Trades House

Notice is hereby given that sealed bids for the purchase of a house at 6706 Goldfinch, Clarkston, Michigan will be accepted at the Clarkston Board of Education, 6389 Clarkston Road, Clarkston, Michigan from 7:30 a.m. June 7 until 3:30 p.m. June 18, 1982. This house was constructed by Students in the Building Trades Class at Clarkston High School during the 1981-82 school year. The minimum acceptable bid must be at least \$75,900 (Seventy-Five Thousand Nine Hundred Dollars). A specific amount must be stated. All sealed bids must be accompanied by a deposit in the form of a cashier's or certified check for the amount of \$500 (Five Hundred Dollars) payable to Clarkston Community Schools. The deposit will be returned to all unsuccessful bidders and will be applied to the purchase price of the successful bidder.

The house is a Tri-Level Style on a 120'x150' lot. The house is 1960 square feet with three bedrooms, 2 baths 1 with jacuzzi, country kitchen, living room, family room with wood burner and wet bar, and laundry room. All rooms are carpeted or inlaid no-wax vinyl or wood flooring. The attached 2 1/2 car garage is drywalled and contains built-in storage. The interior of the house is energy efficient with thermal doors and windows. The house is fully poly-sealed with insulated walls and ceiling. The exterior is rough-sawn siding (painted) with brick. The front of the house is professionally landscaped including shrubbery and sod with sprinkling system. The house has gas forced air heat.

The house will be open to the public for viewing on Sunday, June 6, 1982 from 1:00 to 4:00 p.m. or by special appointment. Contact the person listed below for an Official Bid Form or for more information.

Mel LeRoy Vaara
Assistant Superintendent
Clarkston Board of Education
625-4402

May 26 & June 2

NATIONAL FLOOD INSURANCE PROGRAM Proposed Flood Elevation Determinations

AGENCY: FEMA.
ACTION: Proposed rule.
SUMMARY:

Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the nation. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES:

The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES:

See table below.

FOR FURTHER INFORMATION CONTACT:
Mr. Robert G. Chappell
National Flood Insurance Program
(202) 287-0230
Federal Emergency Management Agency
Washington, D.C. 20472.

SUPPLEMENTARY INFORMATION:

The Federal Emergency Management Agency gives notice of the proposed determinations of base (100-year) flood elevations for selected locations in the nation, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 44 CFR Part 67.4 (a).

These elevations, together with the flood plain management measures required by section 60.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or Regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

Pursuant to the provisions of 5 USC 605(b), the Associate Director, to whom authority has been delegated by the Director, Federal Emergency Management Agency, hereby certifies that the (proposed) flood elevation determinations, if promulgated, will not have a significant economic

impact on a substantial number of small entities. A flood elevation determination under section 1363 forms the basis for new local ordinances, which, if adopted by a local community, will govern future construction within the flood plain area. The elevation determinations, however, impose no restriction unless and until the local community voluntarily adopts flood plain ordinances in accord with these elevations. Even if ordinances are adopted in compliance with Federal standards, the elevations prescribe how high to build in the flood plain and do not proscribe development. Thus, this action only forms the basis for future local actions. It imposes no new requirement; of itself it has no economic impact.

Index Terms: FLOOD INSURANCE, FLOOD PLAINS.

The proposed base (100-year) flood elevations for selected locations are:

Proposed Base (100-year) Flood Elevations

 REGULAR MEETING OF
 THE INDEPENDENCE TOWNSHIP BOARD,
 May 18, 1982

SYNOPSIS

The meeting was called to order at 7:40 p.m. Roll: Kozma, Ritter, Rose, Smith, Stuart, Travis, Vandermark, all present.

1. Approved the agenda as presented.
2. Approved the minutes of the special meetings of April 26, 29, 1982.
3. Approved bills totaling \$57,145.55.
4. Defeated a motion to grant a tavern license to the LaPiazza Pizza restaurant. Votes for the motion: Ayes: Ritter, Rose, Vandermark; Nay: Smith, Stuart, Travis, Kozma.
5. Referred a second liquor license request to the Township Planning Commission for review. Ayes: Rose, Smith, Travis, Vandermark; Nay: Stuart, Kozma, Ritter.
6. Tabled action on the pay raises for on-call fire personnel.
7. Accepted the bid for the fire tanker from Pierce Equipment Company for \$115,039.00.
8. Approved rules regarding the closure of areas of the township for hunting. Ayes: Stuart, Travis, Vandermark, Ritter, Smith; Nay: Kozma, Rose.
9. Approved the bid for library shelving from Robert Casey & Associates for \$7,525.00.
10. Authorized the director of the library to seek bids for carpeting at the library.
11. Awarded the low bid to W. F. Miller for a lawn mower for \$8,489.00.
12. Defeated a motion to table action on the bids for township vehicles. Ayes: Stuart, Kozma; Nay: Ritter, Rose, Smith, Travis, Vandermark.
13. Authorized the seeking of bids for purchase or lease of several township vehicles. Ayes: Ritter, Rose, Smith, Travis, Vandermark; Nay: Stuart, Kozma.
14. Authorized the seeking of a bid for the lease or purchase of two pickups for the DPW Department. Ayes: Ritter, Rose, Smith, Travis, Vandermark; Nay: Kozma, Stuart.
15. Entered into an agreement with the Clarkston School System to conduct the school elections until May 31, 1983.
16. Discussed the townships' gravel mining ordinance.
17. Discussed the townships' Economic Development Corporation progress.
18. Agreed to enforce a ban of no smoking at township board meetings and public hearings at the township. Ayes: Rose, Smith, Travis, Vandermark; Nay: Stuart, Kozma, Ritter.
19. Adopted a resolution formalizes the review by Detroit Edison of township building permits provided there is an addition of a hold harmless agreement. Ayes: Kozma, Ritter, Rose, Smith, Travis, Vandermark; Nay: Stuart.
20. The meeting was closed to discuss fire union negotiations.
21. There was a short closed session. Trustees Stuart and Kozma left the meeting. The meeting reopened.
22. The meeting adjourned, the time being 12:07 a.m.

All votes were unanimous unless otherwise indicated. The next regular meeting of the Independence Township Board is scheduled for June 1, 1982, at the Independence Township Hall, 90 N. Main Street in Clarkston. Some tentative agenda items include:

1. Road paving.
2. National trust for historic preservation.
3. Steeple Ridge - Plat Extension.
4. Bids - Park fencing.

Christopher L. Rose, Clerk

NATIONAL FLOOD INSURANCE PROGRAM
Proposed Flood Elevation Determinations

AGENCY: FEMA.
 ACTION: Proposed rule.
 SUMMARY:

Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the nation. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES:
 The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES:
 See table below.
 FOR FURTHER INFORMATION CONTACT:
 Mr. Robert G. Chappell
 National Flood Insurance Program
 (202) 287-0230
 Federal Emergency Management Agency
 Washington, D.C. 20472.

SUPPLEMENTARY INFORMATION:
 The Federal Emergency Management Agency gives notice of the proposed determinations of base (100-year) flood elevations for selected locations in the nation, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat: 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 44 CFR Part 67.4 (a).

These elevations, together with the flood plain management measures required by section 60.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or Regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

Pursuant to the provisions of 5 USC 605(b), the Associate Director, to whom authority has been delegated by the Director, Federal Emergency Management Agency, hereby certifies that the (proposed) flood elevation determinations, if promulgated, will not have a significant economic impact on a substantial number of small entities. A flood elevation determination under section 1363 forms the basis for new local ordinances, which, if adopted by a local community, will govern future construction within the flood plain area. The elevation determinations, however, impose no restriction unless and until the local community voluntarily adopts flood plain

ordinances in accord with these elevations. Even if ordinances are adopted in compliance with Federal standards, the elevations prescribe how high to build in the flood plain and do not proscribe development. Thus, this action only forms the basis for future local actions. It imposes no new requirement; of itself it has no economic impact.

Index Terms: FLOOD INSURANCE, FLOOD PLAINS.

The proposed base (100-year) flood elevations for selected locations are:

Proposed Base (100-year) Flood Elevation

State : Michigan
 Township: Township of Independence
 County : Oakland County

Source of Flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD)
Clinton River	About 0.7 mile upstream of Woodhull Lake	960*
	Just upstream of Andersonville Road	970*
	Just upstream of Dixie Highway	975*
	Just upstream of Blue Grass Lane	1004*
Sashabaw Creek	About 650 feet upstream of Perry Lake Road	1012*
	Just upstream of Mann Road	962*
Walters Lake Drain	About 200 feet upstream of Maybee Road	973*
	About 600 feet upstream of mouth	1034*
Walters Lake	Just upstream of Eston Road	1040*
	Shoreline	1042*
Dennis Lake	Shoreline	1033*
Round Lake	Shoreline	1042*
Whipple Lake	Shoreline	1034*
Deer Lake	Shoreline	976*
Dark Lake	Shoreline	976*
Lester Lake	Shoreline	969*

School's doors slam shut

North Sashabaw students say 'bye to an old friend

"While it is only fitting that we should say good-bye to South Sashabaw, we should never forget our few wonderful years we had together and the memories we share."
—Narrator Aaron Meyer, a third-grader

Their voices—nearly 260 strong—filled the air as South Sashabaw Elementary pupils said goodbye to their school in song last week.

Due to close in June, the school fell victim to declining district enrollment, and it was slated for closure by the Clarkston schools board of education.

The children's farewell leaned heavily on history of the area and the state. Roses were presented to the nine teachers of the first- through third-graders and the school's secretary.

After the show, music teacher Janis Madden, director of the show, shared some of the information she gathered from the Sashabaw PTA History book written in 1948 and from other sources.

Sashabaw was a medicine man and Indian chief who was a relative of or next in command to Chief Pontiac and when Pontiac left or died, Sashabaw became the chief. He is buried near Silver Lake.

The first Sashabaw school building was built in 1834. There was only one teacher, a man, and the children never went to school during planting and harvesting seasons. Tuition was a cord of wood or \$1.35. The method of heating the school was used for 17 years, until the school board voted to use general fund money to provide the necessary wood.

In 1837, the school term grew from three months to seven months, meeting in split sessions to leave time for farming.

Only male teachers were allowed for a few years, but it was eventually decided women could teach during the summer sessions.

The first principal was Victor Kutchings.

The present school building was the fifth. It was dedicated in January 1950, and built at a cost of \$82,000 including equipment. Four rooms were added in 1954, the same year the school was annexed to the Clarkston school district.

The most recent principals, beginning in 1951, were George Barrie, Charles Hazel (1956), John Reabe (1960), Lynn Jervis (1964), Ruth Purslow (1972) and Jack Hayden (1979).

—Kathy Greenfield

Three youngsters sing about frontier days, back to a time when the first Sashabaw School opened—in 1834. Other songs recognized heritage and industry.

Honored guests seated alongside the piano during the farewell concert included (from left) the current school secretary, Hilda Lowrie; former principal from 1972-79 Ruth Purslow; and former secretary in the 1950s, Agnes DeNise...

How could anyone forget Michigan's sports teams with kids in uniforms singing songs about the Tigers, Lions and Red Wings?

...and former principal from 1956-59, Chuck Hazel; Alice Barrie; and former principal from 1951-56, George Barrie.
