Police tax support is unanimous

By Julie Campe

On the Nov. 4 ballot, voters will be asked to approve an additional 1.5 mills for three years for the Independence Township police fund.

Township officials, Oakland County Sheriff's Department deputies and the leader of a citizens' police study group agree that more money to pay for more police coverage is necessary.

The 1.5 mill increase (\$1.50 per \$1,000 of assessed property valuation) means that a homeowner with a \$90,000 home assessed at half its market value (or \$45,000) would pay an additional \$67.50 a year.

Sheriff's deputy Jim Snover, a township resident, and has worked in Independence nine years. He supports the millage request.

"I feel sorry for the people in Independence Township," said Snover. "They are not getting the coverage they need."

"In the next three years, we're supposed to see a tremendous amount of growth for Independence Township. We're understaffed now. What are we going to have in three years?"

The current ratio of one officer per 3,800 residents is significantly below the FBI recommendation of one officer per 1,500 people, said Snover.

Fire hall bid approved—again

By Julie Campe

Construction of the new Independence Township fire hall at Sashabaw and Clarkston roads is back on schedule for this fall.

The township board originally approved a bid last summer, but the contractor quit shortly after beginning the job, said Fire Chief Dale Bailey.

The board took new bids for the job and rejected all of them at the Oct. 7 meeting. The action followed acceptance of a bid by O'Brien Waterford Construction Co. and some heated discussion.

Two of the three other low bidders, Cedroni Construction and John Stewart Associates, had one or more mistakes in their bids, said township Supervisor Frank Ronk.

Cedroni's bid was the actual low bid if it had been corrected, said owner Peter Cedroni.

"I don't see why I wasn't given the project," he said. "I've got the men. I can start immediately. . . ."

I will be taking it to court."

After a closed session to discuss an unrelated lawsuit, the board reopened and approved the motion to reject all bids.

"It was just kind of a mess trying to sort out the inequalities of the bids," said Supervisor Frank Ronk after the meeting. "We rejected all bids so we could study them."

The same bids were back on the agenda at a special meeting Oct. 14, and the board again accepted O'Brien Waterford Construction's bid of \$531,000 after defeating a motion to accept corrections on the Cedroni and Stewart bids.

The 6,400-square-foot brick hall, on the same site as existing fire station No. 2, is to include living quarters and offices, truck bays and a training area.

The cost includes demolition of the old building after the new one is constructed.

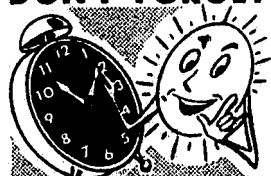

Now's the time

Remember the hour of sleep you lost in the spring when Daylight Savings Time struck?

On Sunday, Oct. 26, **DON'T FORGET** you'll get it back. The official change takes place during the wee hours, so you may want to set your clocks back before you retire Saturday night.

And for memory's sake when dealing with the time changes, you can memorize this ditty: "Spring forward; fall back."

Happy sleeping in!

Police tax support unanimous

[POLICE TAX, continued from Page 1]

Because the township is spread out over a large area the need for more police coverage is magnified, he said.

"I can honestly say the deputies here are doing the best they can," he said. "In the past few months, we've been going from call to call to call to call, but we haven't been able to do the follow-up work."

Ideally, the deputies would like to enforce ordinances, check up on problems, as well as answer calls, he said.

Township officials are also pushing for approval.

"If the millage fails in November, I think we will be forced to lay off one, maybe two deputies," said Clerk Richard Holman. "We just don't have the resources."

No one knows just what to expect from the voters, however, who have defeated a police millage increase seven times since 1976, he said.

Some people have the idea that the extra money needed would have to come from the fire department if the millage is defeated, he said.

"That just isn't the case," he said, because the fire fund is entirely separate, and nothing could jeopardize it.

The township supplements the current 1 mill for police protection with money from the general fund. Due to federal cuts, they won't have enough money next year to continue the practice, Holman said.

Consequently, if they don't lay off one or two deputies, they'll have to cut a different fund, and there is no place left to cut, he said.

Supervisor Frank Ronk agrees. "It's ludicrous to rob other funds to pay for police," he said.

For example, he said, if they take money from the Department of Public Works to pay for police coverage, then the sewers or water will have problems.

"If we're going to have police service in Independence Township, people have got to pay for it. If

they want the service, they're going to have to get out and vote the service in," said Ronk.

"They're (the sheriff deputies) doing as good a job they can do with what they've got to work with. Right now, we've got some very good officers assigned to our township. It would be a shame to pass them on."

The request is for an increase for three years only, said Ronk. By that time, the township board should have a recommendation from the police study committee and will have a definite strategy for police coverage.

The citizens police study committee, chaired by Frank Millard, is currently studying the township's police coverage problem.

One of their goals of increasing police service would be met by the millage approval, Millard said.

Crime is on the increase, and the population is increasing, he said.

"Nobody realizes just how poorly we're covered out there," he said.

People see patrol cars on their routes to other townships—M-15, Dixie Highway, Sashabaw Road—and it gives people a false impression, he said.

The millage increase is "a good start," he said.

The current 1 mill for police protection raises about \$276,110 annually. The mill is up for renewal in 1990.

Approval of the Nov. 4 millage request would bring the total police millage to 2.5 mills, which would raise \$704,000 annually and would allow the township to increase police coverage from six to 10 or 12 officers.

In the past, the \$300,710 raised from property taxes, liquor licenses and charges to the Village of Clarkston have been supplemented with federal revenue sharing funds. Last year, the extra \$33,090 came from the general fund.

This year, an additional \$76,200 is needed to maintain current coverage.

Township seeks levy this year

If the 1.5 police millage increase is approved by Independence Township voters Nov. 4, the taxes cannot be levied until 1987 by state law, said township Clerk Richard Holman.

Consequently, the township has asked for special permission from the state Legislature to begin collecting this year if voters approve the tax increase, he said.

The Legislature doesn't convene until Nov. 12, so the outcome of the request will not be known until December at the earliest, he said.

If the millage passes and the Legislature approves the request, then the township board would increase the deputies from six to at least 10, perhaps 12, he said.

If the voters pass the millage and the state doesn't approve the request, there would be a deficit of about \$77,000 this year to maintain the current coverage of six sheriff's deputies, he said.

Water pressure

The controversy continued to flow and scuba divers continued to search for a way to repair Clarkston's Mill Pond dam last week.

A hearing on a lawsuit filed by the Village Council seeking repair of the dam was postponed Oct. 15 in Oakland County Circuit Court following testimony by attorneys before Judge Alice Gibert. The new date is Dec. 15.

The weekend before and after the matter landed in court, divers Vic Dawson and Roger Bower tried to remove for repairs the mechanism that controls the dam's water level.

The dam and water rights are owned by Lehman Investments, which also owns the Clarkston Mills Mall, a former Ford factory.

Dawson, an insurance agent whose office is in the mall, said he volunteered, out of curiosity, to look at the dam built in the 1940s to generate electricity for the former Ford plant.

Media reports on dam repair efforts have been one-sided and unfair, he said.

"I think (the owners) are doing the best they can under the circumstances," Dawson said.

Circumstances include a lack of drawings for the mechanism that controls the water level and water so murky that visibility is zero 25 feet down, where the mechanism is located, he said.

After several dives both weekends and unsuccessful attempts to move grating so the mechanism could be reached, the plan is to dive again the first of November and to remove the entire grate.

The village council's lawsuit seeks repairs for two Mill Pond structures: the broken water control gate in the cofferdam adjacent to Washington Street and the spillway on the west side of Main Street that allows water to flow into Parke Lake.

The uncommon waterflow has created erosion around the spillway, creating a potentially dangerous situation, said village attorney John Steckling.

The council voted to file suit last summer when they received no response from the mall's owners about repair plans.

In addition to Lehman Investments, the suit names the Oakland County Drain Commission and the state Department of Natural Resources (DNR).

The drain commission was named because they may want to take over the dam and the DNR is responsible for monitoring water levels, Steckling said.

Jon Gaskell, attorney for Lehman Investments, said the dam and the water level in the Mill Pond are not dangerous.

He compared the cofferdam to the drain in a bathtub and the spillway to a tub's overflow valve.

With the divers out of sight, their presence in the murky water marked only by bubbles, these three gather on the cofferdam to discuss the situation. From left are village resident Herb Zachmann; John Comies, a curious scuba diver from Springfield Township who stopped by

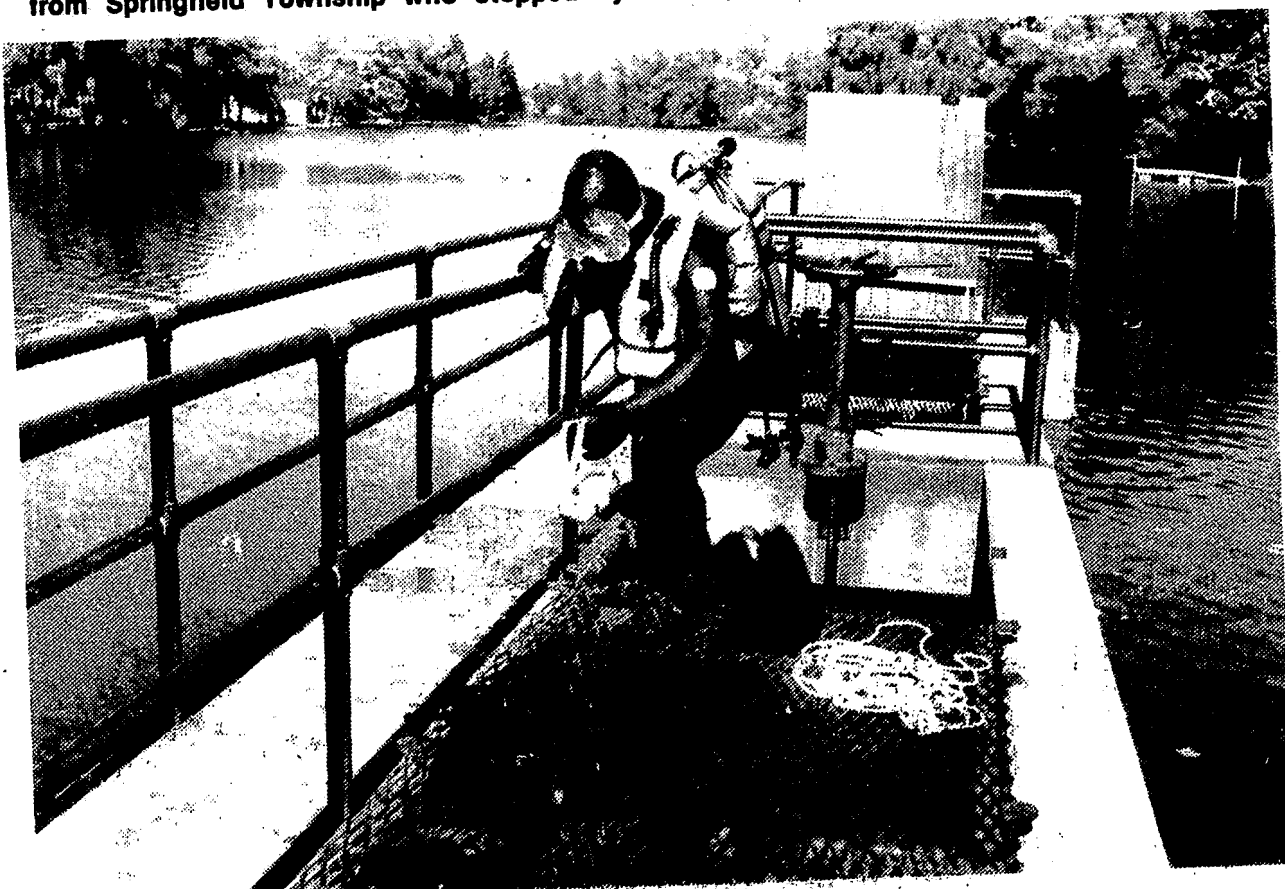

while in town; and the tow truck operator, Terry Ayotte. Said Ayotte regarding the broken mechanism that is supposed to be used to raise and lower the Mill Pond water level: "Everything about it is in the dark." [Photos by Kathy Greenfield]

Vic Dawson [left] and Roger Bower prepare to dive.

Visibility through the water inside the cofferdam quickly dwindles from about five inches to zero after the scuba divers descend 25 feet and stir up the water.

The space is narrow and once inside the cofferdam structure, there are metal beams and two

layers of grating to deal with. Roger Bower begins to inch his way down.

The above information was compiled from reports at the Oakland County Sheriff's Department.

Bomb case charges

William Clifford McInnis of Clarkston and Gerald Roland Adler of Pontiac were bound over to Oakland County Circuit Court on a charge of possession of a Molotov cocktail Oct. 16.

McInnis, 30, and Adler, 25, had been injured Sept. 22 when the homemade bomb went off in McInnis' home on Holcomb Street. They were treated and released at the National Institute for Burn Medicine in Ann Arbor.

Both men are free after posting a \$1,000 bond. The arraignment date has been set for Nov. 3 before Judge Hilda Gage. The felony charge carries a maximum four-year penalty.

Man dies in car crash

Jeffrey David Kaer, 29, of Independence Township was killed Oct. 20 when he lost control of the car he was driving on Baldwin Road and crashed into several trees.

According to the accident report, Kaer was driving by himself northbound on Baldwin, north of Waldon Road, at about 2:30 a.m. Monday.

He passed a vehicle in front of him at a high rate of speed and lost control of the car in a curve, the report said. The car then struck several trees.

Drug case bound over

A Farmington man was bound over to Oakland County Circuit Court on a possession of a controlled substance charge.

Michael Marok is charged with possessing cocaine at the Pine Knob Music Theatre on Aug. 29.

Marok is free on a \$1,000 personal bond. His arraignment is set for Nov. 3 in front of Judge Gene Schnelz.

Dan Fife surveys the damage to a green at Spring Lake Country Club while golfers play around the mess. "It's been so good," says

Fife, noting that it's been seven years since the course has suffered major damage by vandals.

\$20,000 worth of damage

Vandals strike Spring Lake

By Kathy Greenfield

Damage to five greens at Spring Lake Country Club last weekend could put an end to community use of the area for winter recreation activities.

Damages amounted to roughly \$20,000 when a small truck or Volkswagen was driven over the greens late Friday or early Saturday, said Dan Fife, an owner of the golf course off Maybee Road in Independence Township.

Fife said he suspects the vandalism is connected to teen field parties that took place the last three weekends near the golf course boundaries.

Unless someone was "drunk or high," good judgment would prevent such senseless destruction, he

said.

Insurance will cover \$5,000 of the cost, Fife said. Placing a precise figure on the ultimate expense is difficult because "people come and play courses. If your greens are bad, they don't play them," Fife said.

In order to restore the greens, reseeding or replacing the top layer is required, he said, and the type of grass used on greens is expensive and difficult to obtain this time of year.

"It's just going to take time, just like a sore, to heal," he said, projecting a two-year time period for restoration.

The only way to stop the problem is to put a fence around the golf course to keep people out, he said.

The stink

**Kathy
Greenfield**

I ask myself, should a person who smokes write an opinion about the stink raised by a student caught chewing tobacco at Clarkston High School and, consequently, dismissed from the football team?

I answer myself, sure.

There were, after all, persons who smoke who had a say in the student's punishment. All of them, that I know of, upheld the decision for harsh punishment.

The case interests me for two reasons: its social implications and its Clarkston High School implications.

Socially, smoking has become unacceptable behavior in many circles. Laws now exist banning the habit in public places.

Many adults who smoke are determined to keep children from getting hooked on tobacco, and their attitude is rational and wise. They, better than anyone, know smoking is an unhealthy, horribly difficult habit to break.

The ruling also indicates that a change is taking place at Clarkston High School. Under the helm of a new principal, the school has turned tough. Rules will not be broken. Period. That appears to be the message, and I have no problem with it.

Students and parents were aware of the rule now under debate, and no one can change the fact that it was broken.

Still, with such a strict enforcement policy, the need is created to take a long, hard look at the rules. When parents, students and community members ask for such a review, an effort should be made to do so.

In discussions I've heard, no one has suggested that smoking or chewing tobacco should be allowed. No one has suggested that rule-breakers should go without punishment.

But, it seems to me, the whole issue revolves around a rule that should never have been written; never approved; and from what I can gather hasn't been strictly enforced in the past.

I can understand why, for it's nasty in its harshness.

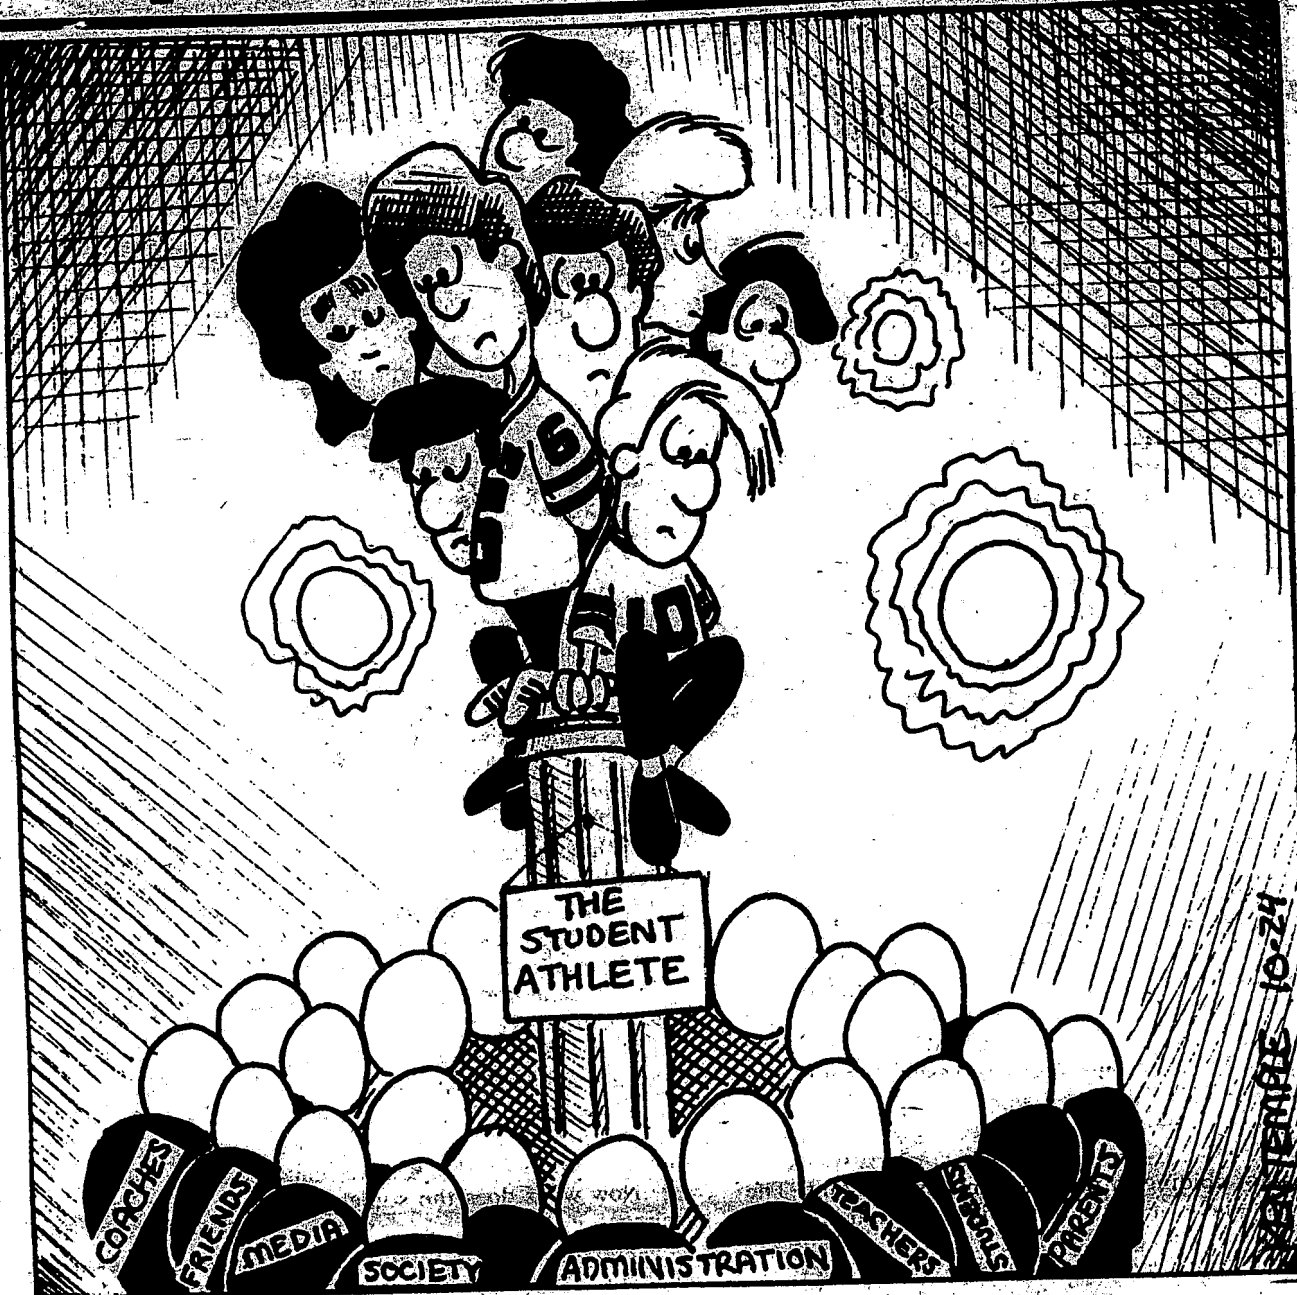

I ask myself, do I feel this way because I smoke?

I answer myself, I'm certain that is not the case.

A three-day suspension from school, which I believe should stand, is a strong sentence and one that should deter smoking and chewing tobacco. If the rule was followed to the letter, I believe it would work.

My reaction, I feel, has everything to do with supporting a humane approach in helping children grow up.

Opinions

Jim's Jottings

Jim Sherman

The Iceland Summit timing was bad. A few months ago President Reagan thought it was bad . . . to the extent he said he would not go to a summit until after the November election.

Now, having gone to the early October meeting, the president is in a position of having to proclaim progress just because admitting failure would reflect on all Republicans seeking office.

There's no doubt in my mind what happened in Iceland. It was all over the face of Secretary of State George Shultz when he spoke to the press immediately following the meeting's break up.

He looked, and sounded like he just came from his mother's funeral. He was dejected. He was weak. He was beaten.

Then the president addressed the nation from his Oval office Monday night. Goodness, gracious, permanent world peace is practically assured.

Such is the persuasiveness of our leader. "We are closer than ever before to agreements that could lead to a safer world without nuclear weapons," he said.

An analysis of that statement shows it to be true, just as every day we are not at war we are closer to peace . . . of course, we are also closer to war, whichever comes first.

President Reagan is so darn convincing. Local Democrat Bob Dick said, "He even has me nodding my head in agreement, when I don't even want to believe him." Actors have a way of doing that.

Reagan said, "We are dealing from a position of strength, and for that reason we have it within our grasp to move speedily with the Soviets toward even more breakthroughs."

What breakthroughs? Certainly none at Reykjavik. "Move speedily." Then why is there no date mentioned for a future meeting between the two heads of state?

"Our ideas are out there on the table. They won't go away . . . There is reason, good reason for hope," the president told us.

Things laying on tables around our house have a way of falling on the floor when the table is nudged. There is reason to hope. I'll catch them before they hit the floor, but I've never caught whatever falls in a non-election year.

This whole affair is bewildering. Here we are talking nuclear disarmament, doing away with the possibility of the two most armed nations in the world destroying/killing each other . . . and a meeting is called in haste, to a meeting place that requires neither leader to travel farther than the other lest he be looked upon as giving in by his followers, then require all the staffs to work more than 36 hours without sleep to record and analyze all the words.

All the pressure in such a small time span to try to solve such important questions. Why? Isn't saving the the United States and the Soviet Union from destruction worthy maybe a little more time both before and during the meeting?

Like I said, the timing was bad.

Letters to the editor

She praises anti-tobacco stand

I wish to go on record as approving the firm stand which the Clarkston School Board and administrators have taken in regard to the rules about the use of tobacco in the high school.

I feel that the rules were not established capriciously by the board, but they were established for good and sufficient reason—the health and welfare of the high school athletes.

My older brother started smoking when he was a teenager. He was a fine athlete—swimming and baseball. He died of cancer at the age of 52.

During the years he started smoking, not much was known about the use of tobacco and its effect on health. Smoking was generally regarded as a harmless, somewhat messy, smelly pastime indulged in by most men.

In recent years, a tremendous amount of research has been done in regard to the use of tobacco in its several forms—cigarettes, cigars, pipes and chewing tobacco.

It was firmly established that there is a close link between tobacco and cancer. It was shown that chewing tobacco is no less harmful than smoking cigarettes—possibly even more harmful.

I am sure the school board was well aware of this research when they passed their rules.

I feel saddened by the actions of Mike Norman's parents in attacking the high school administrators and coaches for their enforcement of the rules against the use of tobacco. I regret that Mike may not be allowed to play for the rest of the season. I regret even more that he was using tobacco.

However, whether the suspension would have been more fair if there had been a token suspension, instead of abiding by the rules, misses the point. The real issue here, it seems to me, is what kind of signal do the protestors give to Mike and other students?

Is this the message? "Using tobacco is OK as long as you don't get caught. If you get caught, tough it out, yell 'foul!' Your parents and friends will back you up and if you all yell loudly enough, you may still get your way."

Is this the signal you wish to send to the athletes and students at Clarkston High School?

A loving parent is concerned for the health and welfare of his son or daughter. A loving parent has respect for the actions of his children. If the parent is

not pleased with the actions, he tries by persuasion and good example to change the behavior.

A loving parent who signs a commitment honors his commitment because it is right and his son, in turn, may learn to do the same.

A child does not grow up because he smokes; he grows up because he learns to accept responsibility for his actions.

If rules seem unfair, the parent, with the help of others, tries to change the rules. But it is important to be sure that the proposed rules are better in every way than the old ones.

I am glad our Clarkston School Board stood firm, voting to do what is right for the students under their care.

The ball is now in the parents' corner. Will they score, or will they forfeit the game?

Aileen Haeusler

'D-' for policy

Our present school board feels there should be two standards for our children.

Athletes are penalized like all other students, plus they are suspended from the sport they play for the remainder of the season. We believe these students are discriminated against.

The Clarkston School Board gives money to Clarkston Area Youth Assistance to help kids in trouble.

What do they do to a student who has never been in trouble and makes a mistake? They nail him or her to the wall. They suspend that player from the sport for the rest of the season. There are no second chances in Clarkston athletics.

We believe the school board has its priorities messed up. We thought athletics were to build character and keep students off the streets and involved in a worthwhile pastime.

What does the school board do when a student makes a mistake? It takes everything away from him. This is supposed to be positive reinforcement.

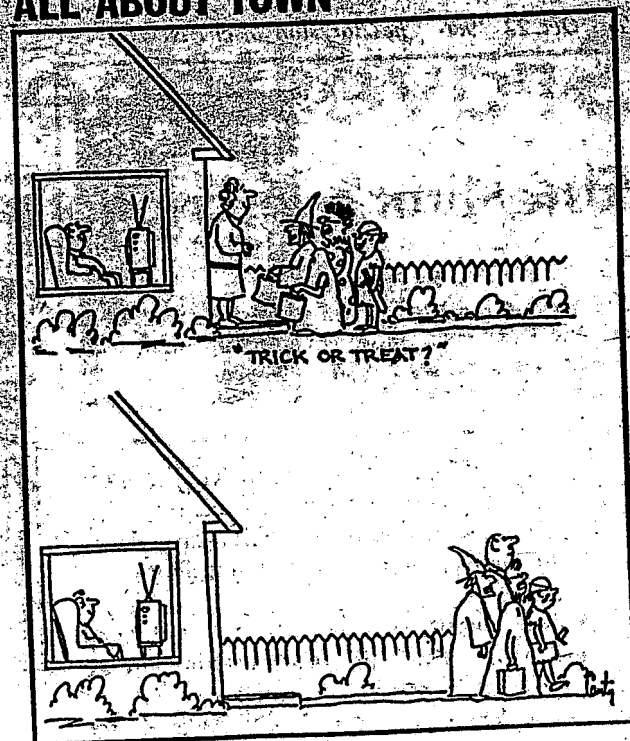

Now what does the student have? A lot of bad feelings.

The school board should have suspended the student for two games. Sitting on the bench, not being able to play is going to be a much better motivator than never being able to play again.

A real lesson could have been taught here. Instead it taught the student "don't get caught and if you do, lie. Your past history of good behavior means nothing to the school board. In Clarkston athletics, there is no room for mistakes; therefore, no room for growth we all learn from our mistakes."

Most parents at the last two meetings felt the

punishment did not fit the crime.

We would like to see a review board set up to review punishments administered.

We should be looking at students' past records and looking at the degree of the offense. Administrators, parents and coaches should be on this review board. We feel two of each is a good way to start.

At present, our school board gets an "A" for educating our children and a "D-" for its discipline policy.

The parents would like to thank the two board members who voted to lower the suspension; and to the other board member who passed it on to the coaches, good job on passing the buck.

Enforce the rules

I support the Clarkston school administration and board actions regarding the enforcement of existing rules.

I believe that one of the most important lessons we can teach our children is to think about the consequences before doing things. Make decisions, don't just do things because everyone else is doing them, or because you DID NOT THINK you would get caught.

Looking past the Band Aid

Jim Fitzgerald

When we returned home Sunday evening, the doorman gave us a friendly smile and wave as we drove past him into the basement garage. He didn't understand at all.

"He thinks I've been out somewhere having a good time, maybe at a football game or party," I said to my wife. "He has no idea what I've been through today."

"Show him your Band-Aid," she said.

For the past four hours, I'd been in a hospital emergency room, or an adjacent hallway. For the first time in my 60 years, I'd been a hospital patient. I know I should have reacted bravely, without complaint, and thanked a higher power for my previously good health.

But there was one hospital employee who recognized me. "You look just like your picture in the paper," she said. At the time, I was searching the hallway for the door to a bathroom. I was wearing nothing except an open-back gown, a frantic expression and black socks.

And I was surrounded by other patients, who made it difficult for me to feel properly sorry for myself, although Lord knows I gave it my best effort. I kept telling myself that maybe my intestinal discomfort wasn't as colorful as bloody heads and broken limbs, but inside me, where no

one could see it, was real suffering. I was missing an American League playoff game on TV. Later, it was described as one of the all-time best baseball games.

I WAS IN the hospital because my wife treats me like a little boy. I knew all I had was the flu, but she said a week was too long to have it. So she called the doctor, who, after hearing her prejudiced description of my physical condition and mental attitude, assigned me to the emergency room, where it would be determined if I should be admitted to the pediatrics ward.

I spent most of the four hours lying on a gurney in the hallway. The hallway is where hospital employees put a patient they never want to see again as long as he or she may live.

Supposedly I was waiting "about an hour" for the results of tests being made on several gallons of blood that had been sucked out of my arm, leaving behind an ugly wound that was barely covered by the Band-Aid at which my wife later sneered so heartlessly.

After the first hour, I grabbed a passing green uniform and demanded something to read. I was given a November 1985 issue of Detroit Monthly. Out in the

waiting room, my wife was reading that day's newspaper and watching the playoff game on TV.

I was trying to pay no attention to the young woman sitting on the gurney across the hallway. I'd overheard enough to know that the infant she was holding was only 16 days old. And I'd heard the doctor say, "I'm concerned about the baby's blood count."

AFTER THE DOCTOR left, the mother began sobbing quietly. She kept kissing her daughter and whispering into her tiny ear. There was no crying from the baby; she was too quiet. It looked like real trouble. I didn't want to think about it.

Finally I was sent home to await further diagnosis. I was so glad I didn't have to spend my first night ever in a hospital that I found it almost difficult to snarl at my wife for ruining my precious afternoon. But I managed.

As we drove out of the parking lot, I saw the young mother again. She was sitting on the curb in front of the emergency room entrance, without her baby, still sobbing.

I've been thinking about her ever since. I also think a lot about what an insufferable jerk I can be.

Gravestone graffiti

Yesteryear's inscriptions give glimpse of people from Clarkston's past

By Pat Young

Graveyards, especially old graveyards with tilted stones and time-worn buildings standing silent vigil, are frequently associated with Halloween.

But there's a lot more to be gleaned from old graveyards than ghost stories.

"It seems like all of a sudden there is such an interest in cemeteries," says Linda Richardson, superintendent of Lakeview Cemetery in Independence Township. "People looking for their roots drive through collecting genealogical information."

And then, maybe some folks just like taking a long look back in time. Weathered tombstones, some simple slabs and others elaborately carved tributes, represent a wealth of history, and more.

Lengthy inscriptions, once popular but usually too expensive to pursue nowadays, according to Richardson, shed a little light on the character of bygone generations.

Unfortunately, inscriptions on the old stones, frequently carved from limestone, have in many cases weathered beyond recognition.

In an older section of Lakeview Cemetery, which was established in 1850 but has graves dating back to the early 1800s, several interesting and still-readable inscriptions can be found.

One stone, dated Sept. 22, 1877, reads: "He was blind on Earth, but the Lord hath given him light in Heaven."

A soldier's grave is marked by a worn inscription, which reads, in part, "A brave soldier who died in his country's cause."

Another soldier's grave reads: John Knox, Brevet Major of the 5th Mich. Vol. Inf., Died Washington D.C. April 13, 1877. Battles that he fought in are listed on the stone.

Yet another soldier's tomb bears the following inscription: "His toils are past, his work is done, and he is fully blest. He fought the fight, the victory won, and entered into rest."

A mausoleum is inscribed: "Built by L.F.R. Bellows in memory of The emigrant John Bellows, 12 years olde, untended, who landed at Concord, Mass. on April 8, 1635 and founded the American branch of our family."

A small grave in another section of Lakeview Cemetery bears this tribute to a 2-year-old who died in 1871: "He was our sunbeam, the light of our dwelling."

Occasionally newer stones have short inscriptions, according to Richardson.

"One recent stone bears the person's nickname, 'Zombie,' and people really wonder when they see that on the stone," Richardson says.

Another newer stone reflects a mother's memory of a favorite word her son always used. The stone is inscribed, "Later."

The Sashabaw Plains Cemetery in Independence Township is a registered Michigan Historic Site. It was founded in 1849 by residents who formed "Sashabaw Burial Association," but burials were

done in the cemetery as early as 1836. Lots were \$1.

This small cemetery on Maybee Road contains numerous poignant inscriptions to loved ones and many stones marked, simply, Grandma or Grandpa, Mother or Father.

The 1896 grave of Moses Taylor is inscribed: "God in his wisdom has recalled, The boon his love has given. And though the body slumbers here, The soul is safe in heaven."

The Sashabaw Plains Cemetery has many headstones with tributes to soldiers, naming wars and battles and troops they marched with. Miniature American flags wave over several of these graves.

One 1857 stone, half hidden under a bush but well preserved, gives food for thought: "Remember

Dixie Highway and White Lake Road in Independence Township.

me as you pass by. As you are now, so once was I. As I am now, soon you must be. Prepare for death and follow me."

On a large Beardslee grave this message is chiseled: "In 1832, Petere Voorhies, great-grandfather of Oliver and Edgar B., pioneered the N.W. one-quarter sec. 36 Ind. Twp. His descendants have since resided on this soil."

Another Beardslee stone reads: "I sleep in Jesus blessed sleep, From which none ever wakes to weep."

"Gone but not forgotten" is a common inscription, as is "Rest in Heaven" and "Heaven is my home." But perhaps one old stone, cracked and leaning in its old age, best sums up what so many seem to say. It reads, "Gone Home."

activities), or whether the punishment fits the offense, the football players were given a set of rules at the beginning of the season and asked to READ and SIGN them. Their parents were asked to read and sign them also.

To not enforce the rule at this time would give the football players (all of our children) the message that they can select which rules to follow and which rules to break without fear of punishment in the latter case.

I believe this would be a terrible message to give our children.

Vote 'yes' on tax

The upcoming election of Nov. 4 will provide the citizens of Independence Township an opportunity to directly affect the security of their township and its residents.

The township board has placed a proposal on the ballot seeking a 2.5 mill increase for additional police services.

Success of this proposal will allow for the much needed expansion of the township's present police service as contracted for through the Oakland County Sheriff's Department.

Passage of the proposal will put two deputies on duty 24 hours a day, seven days a week; or in effect, would double the township's present police coverage for most shifts.

With projections indicating that Independence Township will double in population within the next decade, now is the time to strengthen our long neglected police service and plan for the future development of our community.

On Nov. 4, vote "yes" for the increased security of our homes, our families and our businesses. Vote "yes" on the Police Millage Proposal.

Frank H. Millard

Wallace backs off

On Oct. 13, the Oakland County Road Commission determined that the Clarkston Road Safety Path will be safe and issued a permit.

There will be no further hearings; the path will now become a reality. We will not press this matter further, although I believe it is wrong.

Forty-nine thousand dollars, plus as much as \$15,000 more, will be spent for just one-quarter mile of "safety path" and unfortunately will prove unsafe. When that happens, a path will be necessary on the alternate route behind the library where there is no traffic and no wetlands.

Although I believe some bad decisions have been made, I appreciate the opportunity to be heard.

Nor, am I bitter about the political game playing that will always be the legacy of this path. It is a part of the process that we all experience sooner or later.

Also, I appreciate the efforts of Tom Biehl, the township engineer, for his redesigning of the path to minimize the adverse impacts on the environment.

Just two hours before the road commission meeting, a motorcycle left the south side of Clarkston Road, failing to negotiate the curve, going through and beyond the proposed location of the path and requiring the attention of EMS, two patrol cars and the fire chief.

Hopefully, that will be the last accident of that sort for a long, long time.

Neil E. Wallace

We know Guv

Governor Blanchard could very well win reelection by default.

Many Republicans will likely stay away from the polls rather than vote for either candidate: Bill Lucas because he's black, and Jim Blanchard because he's a Democrat.

There's no question race is an issue. It's a popular belief on talk radio and television, as well as letters to the editor. Of course, writers for newspapers have brought it up, too.

There are, however, good reasons and bad to vote for both men. Lucas is articulate, well educated, good at delegating responsibility, and has a broad background in police work . . . and with crime the people's number one concern, that's important.

Blanchard, except for the unnecessary tax hike he foisted on the citizens, has done a creditable job in Lansing. His Yes Michigan (copied from the previous administration), his efforts in the commerce department, budgeting, and increases in aid to education are plusses.

His 4-year term in office has been pretty trouble free.

On the other hand, budget problems, crime, and leadership in Wayne county's board of commissioners are weak recommendations for a Lucas vote.

Just as weak is Blanchard's claim to bringing more jobs to Michigan when he came in at a time GM, Ford, and Chrysler were on the climb to record earnings.

Sifting through as much as we could through reading, listening, and watching, we lean toward returning Gov. Blanchard to Lansing for another term. We know what we got, and can live with it.

Toxic waste dump studied

The \$9 billion Superfund toxic waste cleanup bill, signed into law last Friday by President Ronald Reagan, will allow continued study of the Springfield Township toxic waste dump, according to township Supervisor Collin Walls.

"The cleanup is already done, but a continuation of the study will ensure that no conditions exist we don't know about, and make sure there are no problems for adjacent residents," Walls said.

According to Walls, the toxic waste dump on Shindler Road is listed on the Superfund list because the Federal government inspected the site the way it was in the summer of 1979. The cleanup of the site took place between late 1979 and the early 1980s.

"While the new Superfund law will have little effect on Springfield, it will have a major effect on Michigan," Walls said. "I think it was essential that President Reagan signed the bill."

Nov. 4 jobs open

Precinct workers are needed for the Nov. 4 election in Independence Township, said Rosemary Howey, election organizer.

Many people are ill this year and are not able to work the 15- to 18-hour day, she said.

Precinct workers process voter applications, help voters into the machines, and tally the votes after the precinct closes.

Workers must be registered to vote in Independence Township. The position pays \$3.60 an hour with a minimum of \$40 for an election day.

For more information on how to apply, call Howey at 625-5111.

Signs may shrink

Permanent ground signs in Independence Township may become smaller and shorter.

Reducing clutter and improving the landscape are the reasons the township board approved the first reading of an amendment to the ground sign ordinance, said township Supervisor Frank Ronk after the Oct. 14 special meeting.

Under charter township rules, two readings and approvals are necessary for any adoption or amendment of an ordinance.

The amendment would limit ground signs to 6 feet in height and 50 square feet per side of sign, he said. The present ordinance permits signs up to 20 feet high and of various widths.

The 6-1 approval at the meeting followed some discussion.

Trustee Dale Stuart, who cast the only dissenting vote, questioned the rigidity of the amendment. Unlike the current ordinance, it doesn't make exceptions for the size of plot or other irregularities, he said.

It's going to be difficult initially, but in time the improvements will be well worth their effort, said Trustee Carol Balzarini.

"I like the ordinance," said Trustee William Vandermark. "Its simplicity is almost unique in government."

The second reading is to take place at a special meeting Monday, Oct. 27.

Clarkston High School

Oct. 13—Gunnar Karlstrom fires a 73 to win low medalist honors and the Wolves finish second in the Greater Oakland Activities League tourney at Edgewood Country Club.

Waterford Kettering captures the team title with a 314 score, compared to Clarkston's 327. The Captains' Mike Kenny shoots a 74.

Lake Orion is third at 331 as John VanSteenis has a 79. Waterford Mott is fourth with a 337 as both Phil Fugate and Tom Weaver shoot 81s and Pontiac Northern has a team score of 477, with Ryan Woods shooting a 105.

Oct. 17—Kathleen McInnis, Kate Conlen and Merideth Green run 1-2-3, but the Wolves lose the Oxford Invitational team title by two points to Grosse Pointe North.

Jim Hotary and Jeff Funck finish in the top 25 for the boys team. Brian Baert sits out the race with a twisted knee.

Wolves 24, Lake Orion 31 (Girls)

Lake Orion 15, Wolves 49 (Boys)

Oct. 14—McInnis wins yet again to lead Clarkston past the Dragons.

She runs a 21:38 and is followed by Green (22:40) and Conlen (23:15). Melissa Elfes is eighth at 25:22 and Amy Rice runs 10th at 26:10.

Baert paces the boys team with a 19:25 time and finishes seventh. Hotary (20:18) and Funck (20:39) are ninth and 10th.

Football

Clarkston Junior Varsity

Wolves 6, Lake Orion 0

Oct. 16—Rob Brown scores on a one-yard run in the second quarter for the only points of the game.

Brown rushes for 102 yards on 20 carries for the Wolves, 4-3.

"The defense played extremely well, led by Rob Karp, Jamie Flanigan, Chris Ketzler and Scott Davis," said JV co-coach John Craven.

The Wolves play without five starters due to injury or illness and Davis plays out of position, being moved from defensive end to cornerback.

"We needed it after losing two in a row," said Craven.

Clarkston Junior High

Wolverines 27, Mason 12

Oct. 15—Running back John King scores three touchdowns and goes over 1,000 yards rushing for the season for the Wolverines.

King gains 188 yards and scores on three short runs as Clarkston, 3-4, leads the whole way.

Guy Kennedy runs for 78 yards in the game and Fritz Lamm returns a fumble 35 yards for a touchdown.

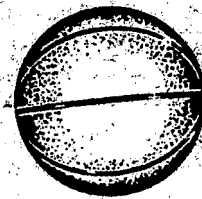

Basketball

Clarkston Junior High

Wolverines 43, Lakeland 36

Oct. 15—Rhonda Jokisch scores 13 points and grabs 15 rebounds to lead Clarkston, 3-7.

Celeste Steinhilper also hits in double figures with 10 points and 13 rebounds. Julie Barnett scores eight and Jody Lopucki scores six points and gets 10 steals.

Pierce 36, Wolverines 21

Oct. 13—The Wolverines get off only 12 shots in the first half and fall behind, 26-5, at halftime.

Jokisch scores nine and Barnett four for Clarkston.

Springfield Christian Academy Varsity

Eagles 54, Spring Vale 47

Oct. 18—The Eagles improve to 14-1 with the victory over Spring Vale of Owosso. SCA had earlier defeated Temple Christian, 57-15.

The Eagles will move into regional playoff action this Saturday, hosting Bethany Christian of Troy at 4 p.m.

The junior varsity squad drops to 2-9 for the season with losses to Spring Vale and Temple Christian.

Soccer

Springfield Christian Junior Varsity

Eagles 4, Langsbury Christian 1

Oct. 17—The JV Eagles even their final regular record at 9-9 with the win. Earlier in the week, they had beaten Ann Arbor Greenhills, 3-1, and lost to Clarkston, 5-1.

The junior high team is 7-8 after wins over Brandon, 3-0, and Highland Hills, 6-0, and a loss to Southfield Christian, 2-0.

Winning week for Wolves:

The Clarkston (Mich.) News Wed., Oct. 22, 1986 17

Clarkston wins GOAL crown

Clarkston's defense digs in against Lake Orion last Friday night. The Wolves stopped the

Dragons three times from the one-yard line to preserve a 17-14 win in double overtime.

By Chris Gerbasi

The game ended with quarterback Mike Smith and three Lake Orion teammates lying at the goal line, hoping, perhaps, for the touchdown signal.

But it never came and Clarkston won the Greater Oakland Activities League championship with a 17-14 double overtime victory over the Dragons last Friday.

The Wolves stopped Lake Orion three times from the one-yard line to preserve the win after Dan Jokisch had kicked a 20-yard field goal for the go-ahead points.

The GOAL title is the second for Clarkston during coach Walt Wyniemko's eight seasons. The Wolves also won it in 1981.

Clarkston is 4-0 in the GOAL and 6-1 overall, while the Dragons are 1-3 in the league and 4-3 for the season.

"The defense did a great job at the end," said Wyniemko. "Our goal was to win the GOAL, and we went after it and we got it."

The game-ending goal-line stand added drama to an otherwise almost uneventful contest.

The teams traded touchdowns in the second quarter, with the Dragons getting on the board first. Smith found Jim Manzo for an 11-yard scoring pass with 5:03 left in the half.

Clarkston then moved downfield aided by two 26-yard completions from Josh Newblatt to Jim Hall and then to Craig Chamberlain.

The pass to Chamberlain put the ball at the nine and Stacy Turner took it in from there to tie the game.

Turner carried much of the running load with Mike Gilbert on the sidelines. Gilbert injured his knee at Flint Central and will miss the remainder of the season.

Girls pay back Kettering

By Chris Gerbasi

Usually, after a home game, Clarkston's girls basketball players slip on their warm-ups and slip out of the building quickly.

Last Thursday they hung around a while, receiving congratulations and savoring their 49-39 victory over Waterford Kettering, played before a good-sized, semi-boisterous crowd.

"We're really happy we won," said Wolves guard Michelle Baker, in a bit of an understatement.

The Wolves improved to 9-2, while Kettering fell to 8-3.

Clarkston burst out to a 28-16 halftime lead and hung on for their lives in the second half as the Captains chipped away at the lead.

Just when it looked like the Wolves might lose their composure, they came up with the defensive rebounds and key free throws.

There would be no extra sessions this time, as there was in the teams' last meeting, a 52-48 double overtime win for Kettering last year in the district finals.

But the Captains tried.

"We knew they would come back, no doubt about it," said Missy Odell, who played the second half on a painfully sprained ankle.

Kettering cut the margin to 35-26 after three quarters behind three hoops from Kris Davis.

Then the Captains' press got going, they came up with some steals and pulled to within four points, 35-31, with 6:30 left in the game.

Odell hit the court on a fast break and came up limping, but then made a base line drive. That hoop was followed by three Clarkston free throws and the Wolves were up 40-31 with four minutes remaining.

But the Captains weren't through yet. Two rebound baskets by Kelly Kraft helped them close to 41-37 with two minutes left.

The Wolves then hit six-of-six at the line to seal the victory.

Jane Selent, who was coming off a 20-point effort against Pontiac Northern, led Clarkston with 15 points. Michele Wyniemko scored 12 and had 14 rebounds.

[See GIRLS, Page 18]

Michele Wyniemko heads to the hoop ahead of the Waterford Kettering defense last week.

Wyniemko scored 12 points and snared 14 rebounds as the Wolves won, 49-39.

Wolves win in OT, 17-14

[WOLVES, continued from Page 17]

The teams exchanged punts and turnovers in the second half, but the Wolves had a chance to win it in regulation.

After recovering a fumble, they took over at the Dragon 13 with 1:50 left in the game. But an alley-oop pass to Jokisch was intercepted by Manzo in the end zone.

Lake Orion went on offense first in overtime and on third down, Smith hit Steve Dawson for a 10-yard touchdown pass.

Newblatt responded with a six-yard scoring strike to Chamberlain and Clarkston went into its second double overtime game of the season.

Turner ran three times for seven yards and on fourth down, Wyniemko called on Jokisch for the field goal try. Jim Turk normally handles the kicking duties, but Wyniemko explained that Jokisch is better at angles.

On the Dragons' possession, Dan Vackaro burst through the middle for nine yards on first down, providing three cracks at the game-winning touchdown.

Smith was stopped on second down, Vackaro dove but was pushed back on third down and Smith kept it again on fourth down, only to come up inches short.

Lake Orion coach Doug Fraser put up a mild protest to the officials as the game ended and Clarkston players began to yell, "We're the GOAL champs."

It was the third overtime win for the Wolves this year and the second in double overtime.

"There's no secret to that," said Wyniemko. "The kids just work harder in that situation."

On deck

Clarkston takes its 6-1 record to Midland Friday at 7:30 p.m.

Midland is 5-2 for the year, with a 33-19 loss to Kalamazoo Central and a 14-0 loss to Flint Northern.

The Wolves return home for a Halloween matchup with West Bloomfield at 7:30 p.m. in the last game of the regular season.

Correction

In last week's Clarkston-Flint Central game summary, Clarkston's Stacy Turner and Mike Gilbert should have been credited with one touchdown each.

Girls down the Captains

[GIRLS, continued from Page 17]

Kraft hit for 10 points and Davis scored eight for Kettering, which played without starter Kristi Lyons, who was sick.

"Selent is just starting to come on," said Wolves coach Dave McDonald. "That gives us three up front they have to worry about."

Selent has improved rapidly, considering she wasn't even a regular starter on the junior varsity team last year.

"I played a lot at summer camp," said Selent. "When you play with better players, that makes you better."

The speed on defense of Selent, Baker and Lisa Ladd proved to be too much for Kettering in the first half. Ladd had six steals for the game.

"In the first half, we put it to them," said Baker. "Everybody did well on defense. I think defense is where they need me most."

Kettering's comeback may have brought back memories of the double overtime game, when Clarkston had several late leads.

"We were so nervous," Baker said.

"We got back in it, but we couldn't sustain it," said Captains coach Charlie Shires. "They hit their free throws and that was the big difference."

The Wolves made 10 of 12 free throws in the fourth quarter. Meanwhile, Kettering hit just 18 of 59 shots from the floor for the game.

"When you struggle shooting-wise, that makes the whole game very difficult," said Shires.

"We didn't play exceptional," McDonald said. Shires might disagree.

JV Wolves can't catch the Captains, lose 29-27

The ending was not so sweet for Clarkston's junior varsity girls basketball team, as it lost to Waterford Kettering, 29-27.

Jenny Grohs missed an 18-footer on the last play of the game, which could have sent the contest into overtime.

"Grohs had a heckuva ballgame," said Wolves coach Larry Sherrill. "She's going to feel bad, but I expect her to take the shots in those situations."

Grohs paced Clarkston with 12 points and Evonne Atkin scored seven. Stacy Shurtz and Cindy Beal had 10 rebounds each.

The Wolves trailed 22-14 going into the final quarter, but twice cut the lead to two points.

With 1:31 remaining, Grohs hit the second of two free throw attempts to make it 27-26 in favor of Kettering.

Rachel Hahnfeld then made two free throws with 50 seconds left for what proved to be the winning points for the Captains. Shauna Ferguson led Kettering with seven points and Deanna Crane had five.

The Captains went up 15-11 at the half and never trailed the rest of the way.

"That's the whole story of the ball game, 11 points in the first half," said Sherrill. "If you had told me we'd hold Kettering to 29 points, I would have thought we'd win easily."

"We'll get 'em next time," he said.

Jenny Grohs breaks away from the Captains on her way to two of her 12 points. Grohs' effort was not enough as the junior varsity Wolves could not overcome an eight-point deficit in the fourth quarter.

7th and 8th graders to get hoop squads

Seventh- and eighth-graders in the Clarkston school system will now be able to look forward to a basketball season.

In a 6-0 vote Oct. 13, the school board decided to implement a program for seventh- and eighth-graders to play area schools rather than just an intramural schedule.

The intramural program will remain intact, but the new teams will face competition from Waterford, Lake Orion and West Bloomfield. The Waterford school system, for example, begins programs in elementary school.

"We need it to compete, but also to develop some skills," said Clarkston athletic director Paul Tungate. "The intramural program does that to a certain extent, but this carries over from year to year."

About five years ago, Clarkston schools had seventh- and eighth-grade teams, but that only lasted one year, said Tungate.

The boys season will run from January through February and the girls program will begin next October.

There will be a 10-game schedule and 15 players on a team. A "second-quarter rule" will be used where any player who did not play in the first quarter will play in the second.

"We want to de-emphasize the intensity and emphasize skills and fundamentals," Tungate said.

The first-year cost for the program will be about \$9,000, which includes cost for uniforms, according to Tungate. After the first season, costs will be \$5,000 to \$6,000.

For Information

There's a Med School classroom inside this house on Clarkston Road.

The folks who live here have always planned on sending their daughter to medical school. But they worried about the expense. Until they found all the money they needed right inside their own home. We call it Pontiac State Bank's Money from Home.

Our Money from Home account lets you open a revolving line of credit secured by your home. It's a variable-rate, simple-interest loan, beginning on the date of your transaction.

The interest rate is just 2% above the prime rate as published in *The Wall Street Journal*.^{*} And you pay only 2% of the unpaid balance or \$90 per month, whichever is greater.

Pontiac State Bank's Money from Home gives you new financial flexibility. With Money from Home, you may never have to apply for a loan again. Just open your checkbook and write a check for anything you want.

Come on in and talk to a friendly

banker at Pontiac State Bank today. You've made a lot of mortgage payments over the years. Now, enjoy your home for all it's worth.

Kickers spiked

Scoring one goal in three games does not make for a good week for a soccer team.

Clarkston's one goal came last Friday in its 1-1 tie at Lakeland. Neither team could break the deadlock in overtime.

Curt Caruso scored the Wolves' lone goal, while Lakeland got on the board on a penalty kick.

There were two fewer goals scored in Clarkston's match against Springfield Christian Oct. 14. The teams kicked their way to a 0-0 tie.

"They (Springfield) had a pep rally, they had a big circle for the players to run through. . . . They really wanted that," said Clarkston coach Neil Granlund.

More frustrating, however, for the Wolves was the 11-0 shellacking they took at the hands of Troy in a district playoff opener Oct. 13.

Troy is consistently ranked among the best teams in the state and Clarkston may have been a little intimidated by the reputation.

"That's the worst we've played all year," said Granlund. "That's the worst we've played in four years."

Troy scored two goals in the first 5:10 of the game and added a third less than 10 minutes later.

The Wolves were 7-4-2 heading into Monday night's game at Oxford.

While there'll be no further playoff action for Clarkston, Springfield Christian (14-5-1) began play in the Christian schools districts this week.

'Force' wins title

The Clarkston Tae Kwon Do club came out of Akron with 33 trophies and a nickname last weekend.

The club competed in the U.S. Open 16th Annual Tae Kwon Do and Hapkido Championships in Ohio last Saturday.

Instructor Joe Sanders brought 25 members, ranging in age from 7 to 45, and they captured 11 first-place trophies, 12 seconds and 10 thirds. They won the team title and Sanders was named Instructor of the Year.

Those are lofty accomplishments for a club that has only been in existence for one year. It has participated in three tournaments and has won each time.

When an Akron sportscaster suggested to Sanders that the team must be a force to be reckoned with in Michigan, Sanders liked the phrase and the name "Force" has stuck with the team.

In Akron, 671 competitors performed in four divisions: breaking (bricks and boards, for example), weapons, form competition and fighting.

The Force is run by Sanders and sponsored by Clarkston Community Education. The club had previously won regional and tri-state championships.

Two heads are better than one on this play for Troy against Clarkston in district playoff action

last week. The Colts stepped on the Wolves, 11-0.

PREP PROFILE:

A Run DMC fan

Mark Whitcomb is the senior goaltender for the Clarkston Wolves soccer team. He has helped the Wolves to a 7-4-1 record this season. He also skis recreationally.

Thousands of runners will be keeping up with these Joneses, Fred, Jill and Frank, in the

Chicago Marathon Sunday. The Joneses hope that not too many will pass them up.

Runners set off for Chicago

By Chris Gerbasi

Marathon runners conjure an image of strict discipline, dedication and inner strength.

"We'll go anywhere for a party," said Frank Jones, one of several local runners headed for the Chicago Marathon on Oct. 26.

Frank Jones, along with couples Fred and Jill Jones, Dick and Pat Portenga and Gordie and Jane Bovee, all of Independence Township, will run in the Windy City.

Together they make up the nucleus of the WGAS running club. WGAS is an acronym for "We Go All Speeds," or "Who Gives A S---," depending on the mood of the runners.

"It's more fun to run together than by yourself," said Fred Jones.

"It takes your mind off how much you hurt," added Jill Jones.

The group was formed in 1981. While it's been almost as much of a social club as a running club, these are serious runners. They run five or six days a week and up to 60 or 70 miles weekly. But it's sometimes hard to find the time to train between work and family life.

"People are working more," said Pat Portenga. "A lot of people have gotten away from serious running."

The club usually runs in one marathon a year. This year, they'll run in Chicago rather than their usual appearance at the Detroit Free Press Marathon. The Bovees ran in Chicago last year and decided to get a contingent this time around.

"They said that for the whole race there's a lot of spectators," said Jill. "They said that helped a lot. You don't want to walk because you're too embarrassed."

The Chicago race route will go through several ethnic neighborhoods and attract about 10,000 runners. Gordie Bovee is generally the fastest among the WGAS runners, but finishing is the first priority.

"The first time, you go to complete the distance," said Frank Jones. "So much of it's mental."

Mentally, the runners will have to battle an unfamiliar route and, physically, possible cold and windy weather.

"After 20 miles, it's no longer a party," Frank said.

The Pack is Back

What's this, the Packers won a game? And Clarkston beat Waterford Kettering in girls basketball in the same week?

It's true and while the Packers' victory is upsetting, particularly to a Browns fan such as myself, the Wolves win was no upset.

The connection is that an area sportswriter had written that a Clarkston win over Kettering would be comparable to winless Green Bay beating undefeated Denver.

That didn't sit well with the Wolves, who went in to the game with an 8-2 record, the same as Kettering.

"When we saw that, it really got us going," said Clarkston guard Michelle Baker.

The Wolves came to the game armed with "Green Bay Packers" and "Beat Denver" signs.

The Wolves also came to play, as the saying goes. They showed they had as much speed as James Lofton and they're probably as tough.

Just look at the front of a program, with seniors Gina Houck, Michele Wyniemko, Lisa Ladd and Missy Odell posing. They're either trying to look tough or they were all depressed that day.

Nobody wants to say it too loudly, but some people are saying that this is the best girls team Clarkston has had for some time.

Now if the Packers could just win two in a row.

The girls basketball team wasn't the only Clarkston team to get riled by a newspaper article. After the football team lost to Flint Central two

weeks ago, there was some talk that the Wolves had been "fortunate" to start the season 5-0.

Well, the Wolves have won several close games. And some would say that if they were a real state powerhouse, they wouldn't have had to go into overtime three times to win.

But you don't just happen to win three overtime games, twice in double overtime.

Coach Walt Wyniemko calls it hard work. After Clarkston moved into the state rankings, he said, "That just means we have to work harder."

Wyniemko seems to be on an even keel. Win or lose, he has the same expression and tone of voice.

He reads the papers, but probably doesn't worry about what they say and he doesn't want his players to get caught up in them, either. He just wants his team to work hard and win football games.

Which it did last Friday at Lake Orion to win the GOAL championship.

But the game was overshadowed, literally, by the wonderful Lake Orion Band's halftime spectacle.

I was fortunate enough to have an up-close sideline view of Lake Orion girls twirling flaming batons, with the stadium lights turned off, as the band played a stirring rendition of "Light My Fire."

Jim Morrison must have turned over in his grave. Then, whoever pulled the plug on the lights must not have been able to find the outlet again because the band played in the dark for about 15 minutes.

The teams came out onto the field for the second half and the lights still hadn't come on. Eventually they did, but the game could have been called on account of flaming batons.

McInnis is in the limelight

Kathleen McInnis may have thought she was a little underrated going into the Oakland County cross country meet, but after winning it, she won't be taken lightly again.

McInnis has not lost a race this season and she ran third in the county meet last year, but a newspaper rankings story had curiously omitted her name.

"It said anyone who finished above sixth last year had graduated," said McInnis, a senior. "But I'm still here."

The two-time all-stater made her presence known at Marshbank Park, the site of the county meet, Oct. 11.

"I felt confident," she said. "I knew I had to stay up there with the other girls. We all had the same chance, it was just who had the best day."

McInnis didn't have her best time, 20.02, but it was good enough for first. Clarkston coach Mike Kaul called it the "culmination of her high school career."

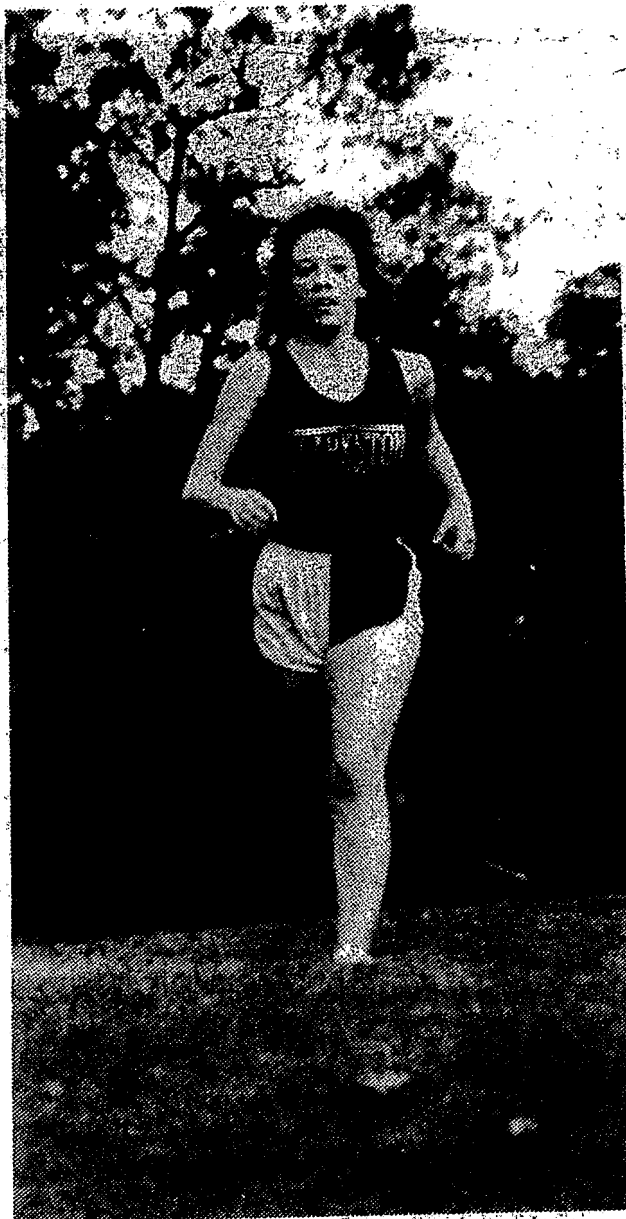

"It's a big highlight," said McInnis. "The last two years I was third and to come in first, I was real happy."

But her career is far from over. She maintained her perfect record last week with wins over Lake Orion and at the Oxford Invitational.

This Saturday she'll run in the regional meet, where a top 10 finish will get her into the state competition. McInnis has finished seventh and fifth in the state the last two years and is looking for a top three performance this year.

McInnis also runs the mile and two-mile during the track season, although she prefers the longer cross country distance because of her endurance.

She really will graduate this school year and then won't deserve a place in the county rankings, but she will continue running in college, preferably at Michigan State.

[Photo by Don Rush]

Kathleen McInnis makes her way to the finish line at the Oxford Invitational last Friday. McInnis won the event and has not lost a race this season.

Cheerleading clinic

Children in grades one through eight can get some cheerleading experience in three clinics led by Clarkston High School varsity and junior varsity cheerleaders.

The annual winter Cheerleading Clinics are scheduled Saturdays, Oct. 25 and Nov. 1 and 8, from 10 a.m. to 1 p.m. at Clarkston Junior High School on Waldon Road.

The cost is \$3 for each clinic. Participants may attend one, two or three sessions. They should bring tennis shoes, shorts and a sack lunch. The cheerleaders will provide the beverage.

Registrations will be taken at the door.

Proceeds from the clinics will be used to help cover expenses for the CHS squads to attend the national cheerleading competition in Nashville, Tenn., in December.

They became eligible for the national contest by winning first-place honors at cheerleading camp this summer.

Path approval

A complete safety path from the Village of Clarkston to the Independence Township Library is soon to be a reality.

The Oakland County Road Commission gave final approval for construction of the path along Clarkston Road on Tuesday, Oct. 14.

"It's a good thing," said township Supervisor Frank Ronk, referring to the path and his reaction to its approval.

The path also received approval from the Department of Natural Resources.

Township Planning Commission Chairperson Neil Wallace still has objections concerning the safety of the path, but he doesn't plan to pursue them, he said.

The one-quarter mile of path will cost \$49,000 plus as much as \$15,000 more for related expenses, he said.

Construction is to begin this fall or next spring, said Ronk.

Scary stuff

OK, all you Halloween fans: There are places to go for fun and frolic, and places to go for fright. We've compiled a list of Halloween tricks and treats, so to speak. Help yourself!

The Haunted Forest: Thursday, Oct. 23, through Sunday, Oct. 26, the Waterford Parks and Recreation Department dares the brave to take a walk. Admission is \$2. Hours are 6:30 to 10:30 p.m. and to 9:30 p.m. on Sunday. The forest is located in Herrington Park on Lochaven Road, Waterford Township.

Haunted Gym: Friday, Oct. 24, through Oct. 31, the Oxford Jaycees and Lions host visits to the renovated eerie-looking Washington Street Gym at 96 N. Washington, Oxford. Tours, which last 5 to 6 minutes, are \$2.50. Hours are 7 to 10 p.m. through Oct. 30 and 8 to 10 p.m. Halloween night. A special lighted tour for children, with friendly monsters, is planned Sunday, Oct. 26, from 1 to 2:30 p.m. It's free for children ages 8 and under.

Haunted Forest: Saturday and Sunday, Oct. 25 and 26; from 6:30 to 10 p.m.; and Wednesday and Thursday, Oct. 29 and 30, from 6:30 to 9:30 p.m., the Brandon Band Boosters plan a spooky outdoor adventure. Admission is \$2.50 and refreshments can be purchased. Take M-15 to Ortonville Road, turn onto South Street near the A & W, turn right onto Varsity Drive; and park in the lot of the H.T. Burt Community Services Building Complex.

Pumpkin Carving Contest: Saturday, Oct. 25, from 10:30 to noon, young people are invited to show their skills. Bring a pumpkin and a knife; and children under age 8 must be accompanied by an adult. The free contest at the Church of the Resurrection on Clarkston Road, Independence Township, is sponsored by the township library. Prizes will be awarded for the scariest, funniest and most original carvings. (625-2212)

Halloween Costume Party for kids: On Saturday, Oct. 25, the Independence Township Library is hosting the bash for kindergartners through sixth-graders from 2 to 3:30 p.m. at the Church of the Resurrection on Clarkston Road, across from the library. The free party includes a magic show, movies, prizes and refreshments. (625-2212)

Halloween Costume Party: Saturday, Oct. 25, the Michigan POW, MIA organization is tossing the party from 6:30 p.m. to 1 a.m. The \$10 admission includes a buffet, snack table and beer at the Disabled American Veterans Hall, 1185 N. Perry St., Pontiac. (627-2155)

Enchanted Pumpkin Patch: Tuesday, Oct. 28, children ages 10 and under can visit the friendly patch from 6:30 to 8:30 p.m. at McDonald's, 5625 Sashabaw Rd., Independence Township. Admission is 50 cents. Profits go to the Detroit Ronald McDonald House.

Halloween Party for Preschoolers: Wednesday, Oct. 29, during the Preschool Story Times at the Independence Township Library at 10 and 11 a.m., there will be a party for 3- to 5-year-olds. Costumes can be worn. The free party includes songs, games and treats at the library, 6495 Clarkston Rd. (625-2212)

Members of the Hardy family pose for a picture behind their home on Foster Road. Jenni is holding Taffi, the cat, and Ric is standing next to her. Their mother, Kathy, is whispering words

of encouragement to their dog, Patti, who is a little camera-shy. Patti is wearing her gold sweatshirt for the photo session.

Wonder dog almost human

Irish setter loves sweatshirts

By Julie Campe

Sweatshirts are Patti Hardy's favorite attire.

The 11-year-old Irish setter loves to be outside with her family, but she gets cold, said her owner Kathy Hardy of Foster Road, Independence Township.

So the Hardys dress her in a nice, thick sweatshirt and roll up the sleeves.

She has a wardrobe of sweatshirts including pink, gold, blue and even a red Fiero sweatshirt.

It makes her look almost human—and she acts human. She loves ice cream, for instance.

It all started when Patti had to take heartworm pills. It was a challenge for members of the Hardy family.

"She'd never take her heartworm pills unless it was with ice cream," said Jenni, 17.

"We'd try different things, even meat, but she'd always pick it out," said Ric, 18.

Patti also loves to ride in the car, sitting up front, they said.

Sometimes, they stop at the Dairy Queen, and Patti eats a small cone. The Hardys order it for her, of course.

And she remembers where the ice cream places are, they said. Now, if they drive by the Dairy Queen without stopping, she starts to whimper.

"She salivates whenever she sees it," said Jenni.

Patti's accomplishments include a first-place ribbon for "Best-Looking Dog" in a neighborhood dog show. And she helped Ric and Jenny get an "A" on a Clarkston High School demonstration speech on dog grooming.

She also gets along well with Taffi, the family cat.

Taffi, not to be outdone by Patti, feeds herself at mealtimes. Unassisted, she opens the cupboard where her food is kept in a dish, so Patti, who also likes cat food, won't eat it.

Twice the space: Calvary's addition is done

By Pat Young

Three years ago, members of Calvary Lutheran Church began planning for an addition to the church. At Eastertime last year, according to the Rev. Robert Walters, they began a fundraiser to get the project going.

One year ago, ground was broken for the the \$450,000 project, and last Sunday the finished addition was dedicated, coinciding with the church's 25th anniversary.

The construction project, at 6805 Bluegrass, Independence Township, added 4,000 square feet of space to the church and involved extensive remodeling of the existing structure. The addition nearly doubles the size of the building.

The only area of the church untouched by the year-long construction project was the worship area. The narthex, or entrance to the church, was enlarged and the office area redone. Classrooms, offices, a lounge and a fellowship room were added.

Two new offices were added, Walter's office and a second area for an assistant.

"The interesting thing about my new office is that it has pieces of all three building projects in it," Walters said.

The original building was built in 1962, with modular classrooms added outside in 1972. An addition to the church was finished in 1978, and now this second addition has been completed.

A music room and workroom were added as a result of the office remodeling project, and other remodeled areas of the building increased classrooms from seven to 12.

"We have already filled all our new classrooms," Walters said.

The church nursery has been remodeled to include a bathroom, sink and cabinet area, and large dutch door.

The main part of the addition involved a spacious fellowship room with cathedral ceiling and remodeled kitchen. A new entranceway and restroom facilities

The Rev. Robert Walters is pleased with the newly added lounge at Calvary Lutheran Church. The lounge, complete with gas log fireplace, is part of the \$450,000 addition.

round out the changes.

"The new fellowship room made it possible for us to have seat 250 people at our anniversary dinner last Sunday," Walters said. "That's twice the capacity we had before."

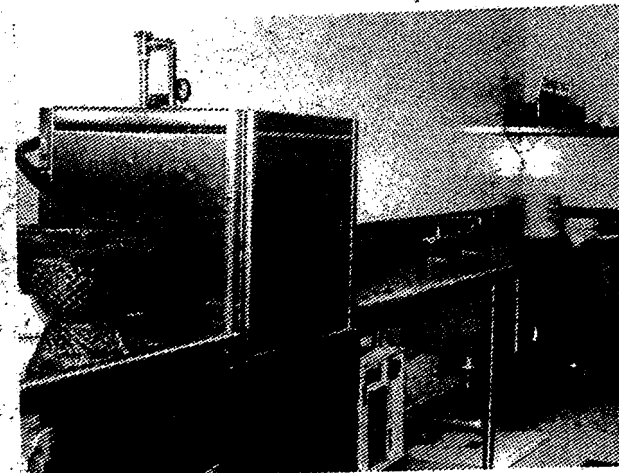

The nicest effort in the project, according to Walters, is a lounge given by Gene Flynn in memory of his wife, Helen.

"This is the room that is more than just utilitarian," Walters said. "It is a warm, special room for meetings and classes, and for gatherings before and after church service."

The lounge is finished in red brick and warmed by a gas log fireplace centered between built-in bookshelves. The three crosses of the Calvary have been incorporated into the fireplace design.

"The whole building is insignificant compared to the people who use it," Walters said. "The people are the church and the building is just a tool."

"But this tool makes it so that our learning and fellowship, administration and worship can be enhanced," he added. "And the neat thing is that, in spite of all the inconveniences of construction for the last year, our church school has grown."

The renovated church kitchen nearly doubled in size as a result of the recent building project. New equipment was also added.

We call it Trans-Van

A versatile new way to get around town and country.

Whatever your needs are, Champion's new Trans-Van Motor Home fills them:

As a transportation vehicle it combines the best in handling, maneuverability and styling. Almost every driver in the family will be comfortable handling it. What's more, the Trans-Van Motor Home can easily be used for most types of towing when equipped with the proper towing package.

Plus, as a luxury van, Trans-Van gives you more interior room and luxury appointments like color-coordinated interiors, thick carpeting and plush fabrics than a van conversion. And, the exterior has two-tone paint striping using color-coordinated metal-flake colors.

As a motor home, Champion's Trans-Van has all the conveniences of home. Compare it to converted van campers. You'll find that the self-contained Trans-Van gives you a lot more for your money with extra liv-

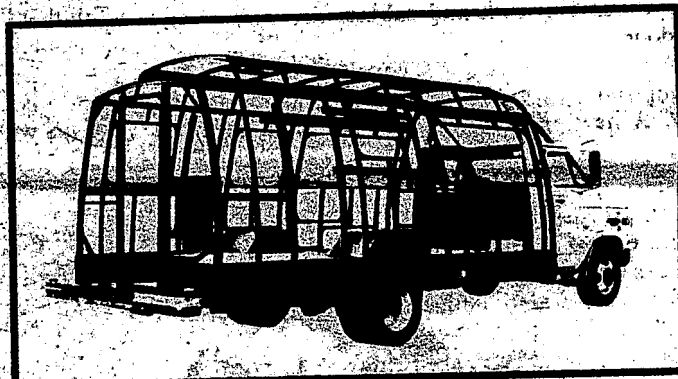

ing room (it's 8" wider than a standard van). Plus, you get the comfort and convenience of six feet of stand-up headroom and more storage space throughout.

Some of Trans-Van's outstanding standard features include a bath, thermostatically controlled furnace, water heater, L.P. tank, holding and fresh water tanks, refrigerator, range, and hot and cold running water. Its dinette converts into a bed offering sleeping arrangements for up to four

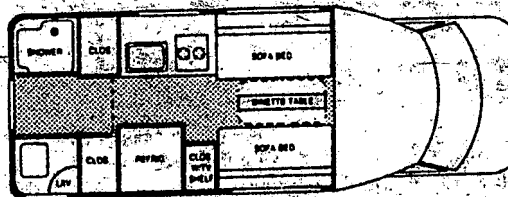

people depending on floor plan.

Trans-Van adds up to big savings when you travel. You can cut lodging and food bills and sleep snugly in its heated, fully-insulated, steel-framed cabin. Try that in a van conversion!

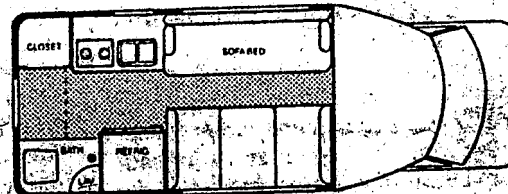

Compare Champion's versatile Trans-Van Motor Home. You'll have more in styling, transportation value, room and especially construction quality! It's a new experience in traveling.

Champion's quality engineering starts with steel-cage framing plus a steel-reinforced chassis—features that make a difference.

Monday through Thursday
Oct. 27-30

6:30pm—This Is the Life: "The Shame of My Father" is this week's episode in the drama series sponsored by St. Trinity Lutheran Church of Independence Township. A young man embittered by his father's embezzlement of city funds cannot forgive him for the crime he committed.

7pm—Microwave Plus: Home economist Betty Wagner's son Ron Wagner Jr., a college student, helps present "Student Apartment Survival."

7:30pm—Independence Update: Bob Heath from American Body Building and Fitness of Clarkston makes a guest appearance. The local news and feature program is produced and crewed by Clarkston High School Media II

students.
8pm—Oakland County Parks and Recreation Presents: This week's program is "Pioneer Practices" with naturalist Kathy Thomas.

8:30pm—World of Glass: The new eight-week series is hosted by Rocky Martina, owner of "A World of Glass" in Waterford. This week's topic is "What Is Stained Glass?"

9pm—Shirley's World: Independence Township psychic Shirley Lynch and her guest Kathy Drew discuss "World Peace."

9:30pm—Clarkston United Methodist Church presents "Catch the Spirit," a program about worship, fellowship and education at the church.

Independence Township cable channel 11 programs are broadcast Monday through Thursday evenings. Other times, the station features a billboard with community service announcements and the schedule of the evening's programs.

Working to finish before the ice cream melts, Brad Blake quickly stacks layers of sweet things for apple strudel parfait.

... for opening

The student-staffed Northwest Inn opens Tuesday, Oct. 28, inside the Northwest Oakland Vocational Education Center in Springfield Township.

For the past eight weeks, food service students from Brandon, Clarkston, Holly, Our Lady of the Lakes and Waterford high schools have been working toward the goal of preparing and serving lunches to the public.

When the restaurant's doors open at 11:45 a.m., the menu will include a variety of sandwiches, salad specials, soups, homemade bread and rolls, and a daily hot entree served with salad and bread.

Coming up is the annual Thanksgiving Bake Sale with pies, cookies, rolls and muffins. The items will be available Wednesday, Nov. 26, until the freshly baked supply is gone.

Students will also prepare special orders of hors d'oeuvre trays, appetizer trays, and ham and cheese sandwich trays.

Following the Oct. 28 opening, the Northwest Inn, inside the vocational school at 8211 Big Lake Rd., will be open Tuesday through Friday when school is in session. Diners are seated from 11:45 a.m. to 1 p.m. Call 625-5202 or 625-5363 for more information.

Laura Brown: 'I enjoy people'

By Julie Campe

Laura Brown has the perfect temperament for her job.

A bagger at Food Town on Sashabaw Road in Independence Township, she enjoys helping people, she says.

She bundles up groceries for shoppers and checks in bottles. She runs errands for the cashiers and checks prices.

"I do everything I have to do here because just about everyone is my boss," says Laura, laughing. "I enjoy people, mainly just doing things for them, making people happy."

She especially likes baby-sitting, and she's taking child care classes through Clarkston Community Schools Adult Education.

"It's neat to go baby-sitting, . . . and to see kids excited to be with me," she says.

In the summers, she works with Clarkston SCAMP, and she particularly enjoys working with handicapped children.

"It gives me a chance to express myself as being caring for others," she says. "It's just a way to show how much I like people and how much I care for them."

When she's not working, Laura hooks rugs, reads magazines, bakes cookies, plays basketball, rides a bike and plays the flute. She's in the orchestra at the First Baptist Church of Pontiac.

"She's friendly with everyone," says Food Town cashier Pat Welsbacher. "We enjoy her. She's a good little worker. She keeps everybody laughing."

Laura Brown likes her job at Food Town.

Do you know someone who works in a Clarkston area business and deserves recognition for a job well done? We'd like to share your praise. Call The Clarkston News at 625-3370 weekdays from 8 a.m. to 5 p.m. or drop us a line at 5 S. Main, Clarkston, MI 48016.

M-15 group in action

The M-15 Clarkston Study Committee will soon be ready to take up issues again, said Village Council Trustee Eric Haven.

The group didn't meet all summer, but Haven plans to gather them together again to study remedies to M-15 traffic volume.

The village council formed the committee to study traffic problems and to recommend solutions.

Included in their studies will be the proposed widening of M-15 between Paramus and Dixie Highway and a possible traffic signal at Clarkston Road and M-15, he said.

In the past, the group studied the Waldon Road/M-15 traffic light soon to be installed.

For more information or to join the study group, call Haven at 625-3807.

Students can take trip

Kim Hassinger is planning a three-week trip to Europe for high school and college students.

Hassinger, 30, of Royal Oak is a placement counselor with the Clarkston Community Education Department.

She stresses that the trip, planned to begin July 15, is not school-sanctioned. But the emphasis will be on education, she said.

"It's valuable . . . that as a student you get to see Europe," she said. "I've done it myself."

The cost per student will be \$2,039, according to Hassinger. She will make the arrangements through the American Leadership Study Groups of Worcester, Mass.

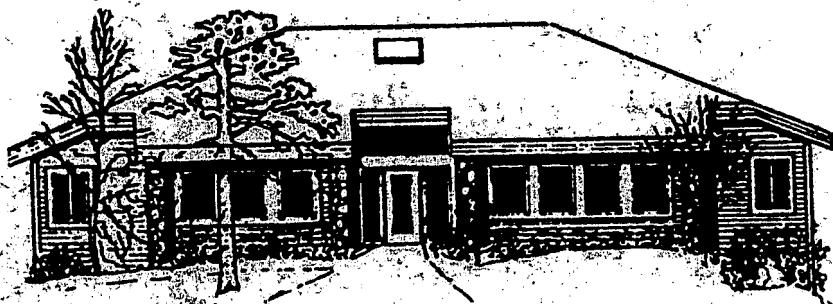

"I've been on other trips and thought theirs was the best," she said.

The trip itinerary includes visits to France, England, Austria, Italy, Switzerland and Germany.

For more information, call Hassinger at 674-4791 or 288-6591 after 5 p.m.

Pinehurst Bridge declared safe

The Pinehurst Bridge has been deemed safe by Clarkston Village engineer Mike Powell.

The private bridge meets village building requirements, he said at the Oct. 13 village council meeting. He recommended 50-ton load limit signs be posted, to be paid for by the residents.

After two and a half years of debate over ownership and the responsibility of fixing it, Pinehurst Road residents fixed the bridge themselves.

Pinehurst Road resident Bud Campbell wasn't surprised by the engineer's positive findings.

"It's better than they would have ever done," he said.

The project cost \$3,700, and the five Pinehurst Road residents paid the bill.

Earlier this fall, the village council denied Campbell's request that the council reimburse them for half of the costs.

Since the bridge was repaired without proper permits, the council directed Powell to perform a structural analysis of the bridge to make sure it met safety standards.

MASON OFFICER: Carl S. Hobday was elected 129th Grand High Priest by The Grand Chapter of Royal Arch Masons of Michigan at the 138th Annual Grand Convocation in Kalamazoo on Oct. 4. A 10-year resident of Clarkston, Hobday was born in Warwickshire, England. He is employed by Volkswagen of America at its corporate offices in Troy. Hobday has served as the head of many Masonic organizations and in recognition of his service, he has also been elected to receive the "Order of the Purple Cross," the highest honor given by the York Rite Sovereign College of North America.

Surplus food

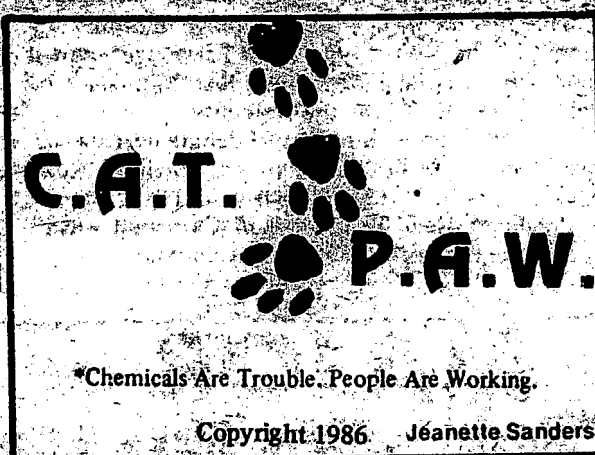

Surplus commodity food (cheese, butter, cornmeal, rice and honey) will be distributed to income eligible Oakland County residents the week of Oct. 27-31.

This is the first month of the 1986-87 program and all persons must be registered if they did not pre-register in September. Required for registration are proof of income, personal ID and social security card.

Homebound persons not registered should call 858-5121. Seniors should call their nearest senior center, in Independence Township 625-8231.

Others who wish to register or do not know the times and date foods will be distributed at their assigned sites should call 858-5121.

Does marijuana cause cancer?

Dear Cat Paw:

What's the difference between a crack spot and a base house?

Curious

Dear Curious:

Crack spots are joints where you pick up your supply of crack, then go someplace else to use it.

Base houses are more like nightclubs in that there is a cover charge for getting high there, in addition to the charges for the crack and for using equipment.

These places, I am told, are like forts, with armed guards, sophisticated surveillance systems and reinforced doors with peepholes for passing money and drugs back and forth.

Dear Cat Paw:

When a person dies from crack, what actually kills them?

Curious

Dear Curious:

There are a number of possibilities. A user can die from heart attack, cardiac arrest, stroke, suffocation (the cocaine causes brain seizures that disrupt breathing and stop lungs), overdose, a fatal reaction to impurities in crack or from accidents while under the influence.

Nationwide, cocaine deaths have tripled in three years.

Dear Cat Paw:

Does marijuana cause cancer?

Curious Smoker

Dear Curious Smoker:

Studies show that marijuana smoke contains cancer-causing agents more potent than those found in tobacco cigarettes. Pot also weakens the body's immune system that protects against disease.

Dear Cat Paw:

Can I get some help for my drug problem without going to jail?

In Trouble

Dear In Trouble:

Federal law requires doctors, psychologists and drug treatment centers to keep confidential any information received from drug patients if the drug treatment program is federally assisted.

Any information to other doctors, insurance companies, etc., can only be given with the patient's consent.

Dear Cat Paw:

How do you define dependence on drugs and addiction?

Want to Know Where I Fit In

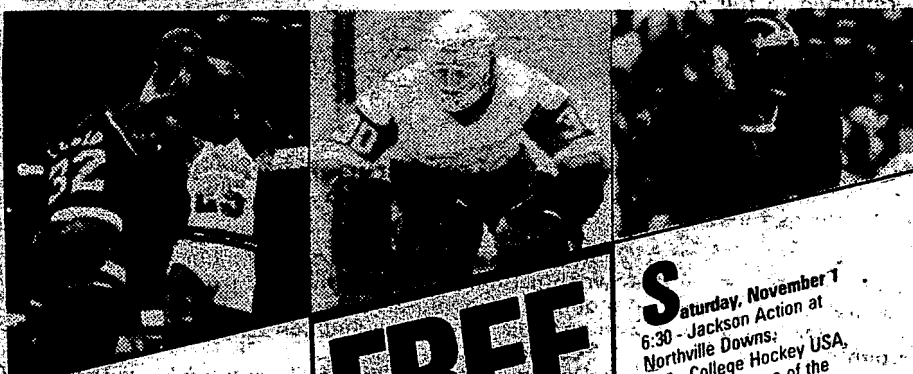

Dear Want to Know:

Drug dependent individuals continue to take drugs in the absence of medical indications, often despite adverse social and medical consequences, and they behave as if the effects of the drug were needed for continued well-being.

Addiction is when compulsive drug use coupled with a high tendency to relapse after withdrawal pervades the total life activity of an individual.

With either problem, you need help. Go get it!

Cat Paw author Jeanette Sanders, a Springfield Township resident, is a state certified drug abuse counselor and a member of the Clarkston Area Chemical People, an organization devoted to the prevention of substance abuse among the community's young people.

Clarkston drug education series opens Oct. 27

A nationally known drug and alcohol education speaker opens "Are You Concerned About Drugs and Alcohol," a five-part evening series at the Northwest Oakland Vocational Education Center.

The Clarkston series begins Monday, Oct. 27, at 7:30 p.m. and continues at the same time on consecutive Mondays through Nov. 24.

It is open to all including young people junior high school age or older. The cost is \$6 per household for all sessions or \$2 per household per session. The program is free for senior citizens and students. The vocational school is at 8211 Big Lake Rd., Springfield Township.

Sis Wenger, community education coordinator for Henry Ford Hospital's Maplegrove Center, is the first speaker. Her topic is "Alcoholism/Chemical Dependency: The Disease—its early indicators, progression and physical complications." Included in the presentation is the movie "I'll Quit Tomorrow" plus ample time for questions from the audience.

Topics of the following sessions include "Alcohol, Drugs and Teens" on Nov. 3; "Impact on the Family" Nov. 10; "Intervention" Nov. 17; and "The Community's Response" Nov. 24.

The series is presented by Henry Ford Hospital's West Bloomfield-based Maplegrove Centers for treatment of chemical dependency.

It has drawn combined audiences of more than 7,000 in some 20 communities in the metropolitan area. This fall, presentations are planned in Rochester and Huron Valley as well as Clarkston.

Sponsors of the Clarkston series are the Clarkston Area Chemical People, Clarkston Community Schools, Clarkston Area Youth Assistance,

Clarkston Rotary, Clarkston Optimists, Consortium for Human Development, the Clarkston High School S.E.A.R.C.H. Program and Independence Township Ministers Association.

For more information on the Clarkston series, call the Rev. Bill Schram, chairperson of the Chemical People, at 673-3101.

For information on other Maplegrove Community Education Programs, call 661-6170.

OFFICIAL NOTICE

Charter Township of Independence Notice of Proposed Zoning Ordinance Amendments

At a special meeting held on October 14, 1986, the Township Board of the Charter Township of Independence approved an amendment to the Township Zoning Ordinance #83, as amended:

Section 5.04.3a
(Delete existing Section 5.04.3 and replace with the following)

The proposed zoning ordinance amendment pertains to ground signs, Section 5.04.3.

- a. "Ground Signs"
 1. All letters, figures, characters or representations in cut or irregular form, maintained in conjunction with, attached to or superimposed upon any sign shall be safely and securely built or attached to the sign structure.
 2. Ground signs shall conform to the following height, size and setback requirements:
 - a. In all Zoning Districts, one (1) free-standing ground sign shall be permitted per development site.
 - b. Ground signs shall not exceed a height of six (6) feet.
 - c. Ground signs shall be set back a minimum of fifteen (15) feet from all road right-of-ways.
 - d. In the C1, C2, C3, C4 and MS Districts, ground signs shall have a surface area not exceeding fifty (50) square feet for a single face sign and one hundred (100) square feet for a double face sign.
 - e. In the O, ML, MH and RO Districts, ground signs shall have a surface area not exceeding thirty-five (35) square feet for a single face sign and seventy (70) square feet for a double face sign.
 - f. The ratio of the width to height of the sign face at the widest and highest points shall not exceed three (3) to one (1).
 - g. For ground signs constructed on a berm, the berm shall not exceed a height of two (2) feet above the average finished grade within a fifteen (15) foot radius of the location of the sign.

The proposed zoning ordinance amendments will be voted upon on October 27, 1986 at 7:00 p.m. at the Independence Township Hall Annex, 90 North Main, Clarkston, MI 48016. A complete copy of the proposed zoning ordinance amendments is available at the Clerk's Office, 90 North Main, Clarkston, MI 48016 from 9:00 a.m. to 5:00 p.m.

Respectfully submitted,
Richard A. Holman
Township Clerk

VILLAGE OF CLARKSTON

Village of Clarkston minutes of regular meeting, October 13, 1986, 375 Depot Road, Clarkston, Michigan 48016.

Meeting called to order by President Catallo at 7:35 p.m., followed by the Pledge of Allegiance to the Flag.

Roll: Present: Haven, ApMadoc, Basinger and Catallo. Absent: Schultz, Millard and Roeser.

Minutes of last meeting were considered and approved. The agenda was added to and approved.

Motion by Basinger to approve the bills with the new total of \$34,831.79. Seconded by Haven. Motion carried. ApMadoc to check on Bordines' bills and bill from Chemsearch.

Federal Revenue sharing will discontinue this month. Monies for police will have to come from somewhere else.

Designs for gazebo for park are in the closet at Village Hall.

Haven advised a meeting is scheduled for Wednesday, October 29th at 7:30 p.m. in the Village Hall to reinstate the M-15 Study Committee.

Schultz and Roeser arrived around 7:45 p.m. Motion by ApMadoc that Gar obtain the emergency light and larger backup lights for the village's new truck. Seconded by Schultz. Motion carried.

Basinger advised as of August the cable system is completed in the township with 141 subscribers. The board voted to ask the township to set aside 40% of the funds to support the public access channel. The original agreement called for 2% of the funds.

Millard arrived at 8:04. He advised the board of his communication to Supervisor Ronk on police funding and coverage in the village during the daytime.

Catallo advised she has written the O.C.R.C. reference the work on the village roads. Nothing has been received from them, thus it was decided to hold up payment on the bill until the matter is straightened out.

Motion by Haven to send a letter to the resident owners of the private bridge on Pinehurst to install load signs consistent with the recommendations of JCK & Associates and attach correspondence from the firm. Seconded by Roeser. Motion carried.

John Steckling, the Village lawyer will write a letter to Village Murrer stating the board will allow them to leave the gas sign in front of their business and paint a sign on the building, thus removing the lighted sign on Clarkston Road.

Village has filed suit against Adler on the Mill Pond Dam and a show cause hearing will be held on Wednesday, October 15.

Motion by Schultz to make Mr. Goldsmith replace the trees he removed from village property with two 4" trees plus costs for stump removal and planting. Seconded by Millard. The motion was amended by Basinger to make Mr. Goldsmith purchase one 4" and give the village the money to purchase one 3" per this years price. Seconded by Haven. Schultz opposed. Motion amendment carried. Vote on original motion was unanimous.

Haven will contact MDOT reference M-15 construction and the removal of 3 parking spots in front of Dr. Ushman and the Clarkston Conservatory.

Motion by Haven that, consistent with the new amendment to the lot split ordinance No. 62, we approve the request of Mr. Jackie Hagen to split subplot No. 16 of lot No. 34 as per the diagram submitted with the request. Seconded by Millard. Motion carried.

Community Development funds were discussed. ApMadoc advised the board of monies that can be used for the S. Holcomb drainage project. She also advised there should be a meeting soon on 1987-88 funds. The public hearing will be scheduled for November 10th.

Motion by Haven to waive requirements for temporary sign permits of the sign ordinance for the election of November 4, 1986. Seconded by Basinger. Motion carried. At a later date, the board will review the entire sign ordinance.

Two copies of the BOCA regulations for existing structures will be purchased. This may aid the board in handling problems with village structures and their maintenance.

Catallo will write a letter to the businesses and perhaps the apartment residents who use the dumpsters behind the fire station. Complaints have been received about the smells and condition of this area.

It was suggested that we start towing vehicles that are blocking the Mill Street alleyway as they don't heed warnings by the Village Marshal.

A vehicle was discussed for the Village Marshal. It was suggested the Village might look at the purchase of the Fire Dept. station wagon soon to go up for bids.

Ted Thompson advised the board of a jacuzzi at a residence in the village and inquired of any ordinances we have to cover this possible problem.

John Steckling advised the board of the sidewalk problem with the Haupt property north end of village. Whatever legal path is taken against the county and/or township, it will be difficult.

Motion by Basinger to adjourn the meeting at 11 p.m. Seconded by Haven. Motion carried.

Norma Goyette
Village Clerk

Incredible edibles Halloween party scene enhancers

Planning a Halloween party? Spice it up with goodies selected from the "Incredible Edibles" cookbook published by the Clarkston Community Women's Club.

The recipe for Pumpkin Bars was submitted by Phyllis Karpovek of Clarkston and Spiced Cider is from the kitchen of Julie Hughes of Holly.

PUMPKIN BARS

- 4 eggs
- 2 cups sugar
- 1 cup cooking oil
- 2 cups pumpkin
- 2 cups flour
- 2 teaspoons baking powder
- 1 teaspoon soda
- 3/4 teaspoon salt
- 2 teaspoons cinnamon
- 1 cup chopped nuts or raisins

Frosting:

- 3 ounces cream cheese, softened
- 1/2 cup butter, softened
- 1 tablespoon milk
- 1 teaspoon vanilla
- 2 cups powdered sugar

Beat eggs until foamy; then add sugar, oil and pumpkin. Beat 2 minutes at medium speed. Add dry ingredients, then beat 1 minute at low speed. Add nuts and/or raisins.

Pour into greased 15-by-9 inch pan. Bake at 350-degrees 25 to 30 minutes. Cool before frosting.

Frosting: Beat cream cheese and butter until fluffy. Add milk and vanilla. Blend. Add powdered sugar and blend until smooth. Spread over cooled cake.

SPICED CIDER

- 2 gallons cider
- 1 pound cranberries, rinsed
- 4 to 5 whole cloves
- Sliced apple

Heat, do not boil, for 45 to 60 minutes.

Proceeds from the sale of "Incredible Edibles" cookbooks are used on community service projects. The \$6 books are available at the Independence Township Library, Village Book Store, Carol's Village Grill, Gayanne's Floral Concept and Pontiac State Bank's downtown Clarkston branch.

PRAYER TO THE Holy Spirit. Holy Spirit you who make me see everything and who show me the way to reach my ideal. You who give me the divine gift to forgive and forget the wrong that is done to me and you who are in all instances of my life with me. I in this short dialogue, want to thank you for everything and confirm once more that I never want to be separated from you, no matter how great the material desires may be. I want to be with you and my loved ones in your perpetual glory. Amen. Thank you for your love towards me and my loved ones. Pray this prayer 3 consecutive days without asking your wish, after the third day your wish will be granted, no matter how difficult it may be. Then promise to publish this prayer as soon as your favor has been granted. Wish granted. ILLX42-2

OH HOLY ST. JUDE Apostle & Martyr great in virtue and miracles, near kinsmen of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known and cause you to be invoked. Say three Our Fathers, three Hail Mary's and Glorias. Publication must be promised. St. Jude pray for us and all who invoke your aid. Amen. This novena has never been known to fail. This novena must be said for 9 consecutive days. Thank you St. Jude. ILLX11-2*

PRAYER TO THE Holy Spirit. Holy Spirit you who make me see everything and who show me the way to reach my ideal. You who give me the divine gift to forgive and forget the wrong that is done to me and you who are in all instances of my life with me. I in this short dialogue, want to thank you for everything and confirm once more that I never want to be separated from you, no matter how great the material desires may be. I want to be with you and my loved ones in your perpetual glory. Amen. Thank you for your love towards me and my loved ones. Pray this prayer 3 consecutive days without asking your wish, after the third day your wish will be granted, no matter how difficult it may be. Then promise to publish this prayer as soon as your favor has been granted. Wish granted. K.E. ILLX42-2

125- CARD OF THANKS

WE WOULD Like to thank all of our friends who were there for us during our time of sorrow. All the flowers, food, and especially friendship were greatly appreciated. A special thank you to the Rev. Paul Hanes for a beautiful service and to Tom Griffin for being so very helpful to all the family. Family of Melissa Gabbard. ILLX42-1*

130-IN MEMORIAM

IN LOVING MEMORY of my husband Cecil O. Ludeman, Cy: who passed away Oct 23, 13 years ago today. God looked around his garden and found a empty space. He then looked down upon this earth and saw your tired face. He put his arms around you and lifted you to rest. God's garden must be beautiful because he only takes the best. Forever remembered and loved by your wife Neena. Your step son Robert Douglas Price & family. ILLX42-1
