Primary to decide issues, candidates

BY JULIE CAMPE
Clarkston News Staff Writer

Only Republicans are on the ballot for the Independence Township Board this year, and the sole race in the Tuesday, Aug. 2, primary election is between the six candidates vying for the four trustee positions.

In Springfield Township, the Republican primary will determine the sole candidate for clerk that on the November ballot, the Republican candidate for treasurer who will face a Democratic opponent in November and the six Republicans who will run unopposed for the park commission seats in November. The two Democrats on the ballot are unopposed in their political party.

Polls in Independence and Springfield will be open from 7 a.m. to 8 p.m.

Voters should remember that the voter machines automatically prevent people from voting in more than one party. The purpose of the primary is to nominate the candidates within each political party.

For example, if a voter chooses a candidate in the Republican Party, he may not choose a candidate in the Democratic Party or in the Tisch Independent Citizens Party, which is on the ballot but lists no candidates for U.S., state or local races.

Other issues on the ballot are as follows.

In Springfield Township are candidates for the Park Commission. (Independence Township does not have a park commission — the department is overseen by the Independence Township Board.) In addition, Springfield voters face three township proposals.

A request for a renewal of 1 mill for 10 years for police protection in Springfield Township would cover half the cost of police coverage, if approved. The remainder of the cost comes from an existing police millage.

One mill is \$1 for each \$1,000 of assessed property valuation.

For a new library fund, 1 mill is requested, from which money would be used for Springfield Township Library operations only. Currently, the library is funded through the township general fund.

To build a new library in Springfield Township, an additional 1 mill is requested for five years.

In Independence Township, voters are asked to renew a four-year fire millage of 3 mills and a 10-year safety path millage of 1/2 mill.

Following is a list of candidates that voters will see on the ballot.

Running unopposed in Independence are Supervisor Frank Ronk, Treasurer John Lutz and Clerk Richard Holman.

Hoping to fill four part-time trustee positions (salary, \$4,856 a year) are incumbents Carol Balzarini,

Daniel Travis and William Vandermark; and newcomers Frank Millard, Mel Leroy Vaara and George Vitinaros.

In Springfield, Supervisor Collin Walls, a Republican, is running unopposed. Incumbent Clerk J. Calvin (See *BALLOT*, next page)

Lightning strikes township home

By Pat Young
Clarkston News Staff Writer

Intense thunderstorms that moved through Oakland County Monday evening left their mark on the Clarkston area.

At 10:20 p.m. lightning struck the home of Bill and Jean Morse on Glenburnie Drive, Independence Township.

"It made a h-- of a bang," Morse said.

Relatives who had been visiting during the evening were just exiting through the garage when lightning struck the television antenna directly overhead.

Independence Township firefighter Bob Pursley was on duty when the fire call was answered. He said the lightning strike followed the cable line into the home, burning electrical wiring and blowing out some drywall.

There were some charred rafters and wall joists, but no flames. Damage was limited to smoke, damaged wiring, and some holes in the drywall, where firefighters inspected wiring for possible fires smoldering in the walls.

The strike blew plaster into the garage, family room, kitchen and "clear into the living room," Morse said. It caused a pot of dried flowers to catch fire, but his visiting brother promptly threw the pot from the house.

One of the first things Morse did when the smoke

alarm went off in the house was to grab a flashlight and run to the basement to check his prize bear. He shot the huge black bear while hunting last fall, and just got it back from the taxidermist last week.

"Five minutes earlier, we were all just sitting in the family room," he said of the lightning strike. "There's a lesson to be learned from all this. I'm going to ground the TV antenna wire."

Final concert Friday

The Emil Sutt Band, the entertainers that started the month-long Concerts in the Park series, will complete the circle Friday.

Music, of the Big Band variety, will begin at 7 p.m. in Depot Park, adjacent to Clarkston Village Hall, 375 Depot.

As usual, admission is free, and popcorn and soft drinks will be sold by members of the sponsors, the Clarkston Area Chamber of Commerce, to offset expenses.

Donations, which will help pay for next year's series, can be made in the Band-Aid boxes found in local businesses or by contacting chairperson Joan Kopietz at Tierra Arts in Clarkston.

See candidates on cable

Questions about growth, roads, condominiums, apartments, spending and more will be answered by six candidates for the four trustee positions in Independence Township.

The candidates were interviewed by Clarkston News staff members Pat Young and Julie Campe at the United Cable public access studio on Waldon Road, Independence Township.

Produced by Gary Polley, "Road to Independence" airs on Channel 65 at 9:30 p.m. Thursday and Saturday, July 28 and 30.

All the candidates are Republicans, so the race will be decided in the Tuesday, Aug. 2, primary election. Running are incumbents Carol Balzarini, Daniel Travis and William Vandermark, and newcomers Frank Millard, Mel Leroy Vaara and George Vitinaros.

Local, county and state hopefuls on Aug. 2 ballot

(BALLOT, from previous page)

Walters is running for the clerk position against fellow Republican William T. Watkins. The full-time clerk position pays a salary of \$27,100.

Fighting for the Republican nomination for the treasurer's seat on the August ballot will be Lois Stiles and Ruth Ann Hines. On the Democratic Party ballot, Joe Gorka will run unopposed and will run against the winner of the Republican primary race in November. The treasurer, a full-time employee, receives \$27,100 a year.

Five Republicans and one Democrat are running for the four part-time trustee positions. On the Republican primary ballot are incumbent Charles Oaks and newcomers Nancy Strole, Dennis Vallad and Margaret Bloom; and the sole Democratic candidate is incumbent Glen Vermilye. Springfield board trustees are paid \$850 annually plus \$63 per meeting, which totals about \$1,700 a year.

The seven Republicans vying for six park commission slots are Tim Holmes, Helen Vergin, Helen Craig, William Leddy and incumbents Robert Clark, Betty Hull and E. Roger Bower. The pay is \$30 a meeting, totaling about \$360 a year.

Voters in Oakland County are asked to select two judges for the Oakland County Court of Appeals for an eight-year and a six-year term. The candidates are: Marilyn Kelly, M. Richard Knoblock, Richard D. Kuhn, Ellen E. Mason, David M. Serotkin, Dean David Alan, J. Martin Brennan, Paul A. Cassidy, Mark J. Cavanagh, Patrick Cleary, Paul J. Fischer, E. Thomas Fitzgerald and Kathleen Jansen.

County voters may also choose one judge to serve a six-year term in Oakland County Probate Court. The candidates are: Hugh Dean, James P. Delaney, David I. Kaufman, Joan E. Young and Thomas M. Brennan.

In the Republican Party, the following are running unopposed in Oakland County: Executive Daniel T. Murphy, Sheriff John F. Nichols, Commissioner Richard D. Kuhn Jr., county treasurer C. Hugh Dohany, Clerk Register of Deeds Lynn D. Allen.

Fighting for the drain commission nomination are

George W. Kuhn and William N. Eckstein. Running for prosecuting attorney are Jeffrey M. Leib, Jack J. McDonald, Dick Thompson and Richard D. Fessler.

In the Democratic Party, the only primary election race in Oakland County is between Diana Trivax and Philip R. Marcuse, who are running for clerk register of deeds.

Running unopposed in Oakland County are Democrats William G. Wolfram, county executive; Barry E. Kraemer, prosecuting attorney; Tommylyle Dizotell, sheriff; Steve Allen, treasurer; Douglas E. Kuthy, drain commissioner; and Ken Schaffer, county commissioner.

Music and more for senior center

A piano, kitchen utensils and a Gestetner Scanner are the new items to be added to the Independence Township Senior Citizens Center this month.

The purchase of each item was unanimously approved by the township board July 29. The money is to come from the Community Development Block Grant Fund, which is funded by money allocated to municipalities by Oakland County.

The money may only be used for community services or planning and development or other categories determined by the county, said Treasurer John Lutz.

The \$2,600 Baldwin Hamilton piano is to be purchased by the low bidding Evola Music of Waterford Township.

Up to \$1,900 worth of kitchen utensils are to be purchased from kitchen suppliers, and a \$2,370 Gestetner Scanner will be used in conjunction with a Gestetner Duplicator to make newsletters for the senior center, said Director Rina Chemin.

The following Democrats are also running unopposed for state and U.S. positions: Donald W. Riegle Jr., U.S. senator; Bob Carr, U.S. representative in congress; and Bill Portugal, representative in state legislature.

In the Republican Party, Robert J. Huber faces Jim Dunn for the nomination of U.S. senator.

Running unopposed are Scott Schultz, U.S. representative in congress, and Mat J. Dunaskiss, representative in state legislature.

6-car pileup on M-15 kills 2 women

BY PAT YOUNG
Clarkston News Staff Writer

Two people died as a result of a grinding, six-car accident on M-15 north of Clarkston on Tuesday, July 19.

Traffic was tied up for hours in both directions as Independence Township Fire Department's emergency crews and Oakland County Sheriff's Department deputies worked to aid victims and clear wreckage just south of Hadley and Rattalee Lake roads.

Faith Ann Matas, 33, Independence Township, died instantly when her northbound 1985 Buick was struck from behind by a 1984 Ford pickup and forced across the center line into the path of Helen Schneider, 59, of Waterford Township, who was southbound in a 1979 Cadillac.

Schneider was admitted to Pontiac Osteopathic Hospital in critical condition and died early on Friday, July 22.

Also injured in the accident were Matases' two children, 7-year-old Hilary and 6-year-old Nathan. Nathan was treated for cuts from flying glass at Pontiac Osteopathic Hospital.

Hilary was trapped in the vehicle and had to be removed by Jaws of Life equipment. She suffered a fractured neck and right leg and is in serious but improving condition at Pontiac Osteopathic Hospital.

Sheriff's Deputy Thomas Poulin said the accident occurred when traffic slowed for a vehicle making a right-hand turn into a driveway off M-15. A 1983 Buick driven by Linda Rafferty of Ortonville braked for the turning vehicle, and the Matas vehicle, slowing down behind her, was struck by the pickup.

The pickup continued across the center line and struck a southbound 1975 Chevrolet driven by 28-year-old Gregory Atwell of Pontiac. Another vehicle, a 1984 Chevrolet driven by 37-year-old Robert Jones of Ortonville, went off the right-hand side of the road to avoid the collision and rolled over in the ditch.

Rafferty said after the accident that she thought

CAR CRASH VICTIMS receive emergency treatment on M-15 south of Hadley Road

traffic was approaching fast when she slowed for the turning vehicle and looked in her rear-view mirror. As soon as the car in front of her finished turning, she said she tried to accelerate to avoid the accident.

Rafferty, whose vehicle was forced into the ditch on the east side of M-15, suffered minor bruises in the accident.

Matas and her daughter were wearing safety belts

following the July 19 accident in Independence Township.

at the time of the accident, according to Poulin, but Schneider was not.

The driver of the Ford pickup truck, a 42-year-old Ortonville man, was treated and released from St. Joseph Mercy Hospital. His name is being withheld, Poulin said, because authorities are seeking a warrant charging him with negligent homicide in the accident. He expected the charges to be filed this week.

Emergency crews learn to cope

BY PAT YOUNG
Clarkston News Staff Writer

Emergency calls like the six-car fatal accident on M-15 come in, and they respond. But for emergency crews at the Independence Township Fire Department and others like them, it's part of the job.

"You just try not to think about it once you leave the area," says Capt. Mike Fahrner of the Independence Township Fire Department. "While you're there, you try not to think about anything but the injuries, and not relate it to people you know or family members."

"It's routine; it's part of your job that you try to get used to," he adds.

Fahrner was on duty at the Sashabaw Station when the accident occurred. He and other crew members from that station as well as the downtown Clarkston station responded to the call.

"Each scene is different," says Fire Chief Gar Wilson, who was also at the scene. "It's kind of hard, but that's what we're here for. You have to make decisions and go to the victims that need you the most."

"I think the worst thing is the kids," he says. "And you find out sometimes that the totally innocent person is the one killed. That bothers you."

Wilson said they were actually shorthanded the day of the accident, but many fire department volunteers and Oakland County Sheriff's Department deputies helped at the scene with victims.

Ken Bigger, who joined the fire department recently, was one of those at the scene.

"I joined to do community service like that," he says. "You just do what you can do."

Bigger says he has been on several fatality runs with the department, but stopped many times before to help at accidents when he drove an 18-wheeler cross-country.

"I've seen death before," he says. "You just have to stay detached. If you let it get to you, you can't function."

Linda Living-Hawley, a registered nurse and coordinator of the Emergency Medical Services at Pontiac General Hospital, developed a free community service program along with Maggie Gray, another registered nurse and counselor, to help emergency crews deal with the emotional stress of their jobs.

The program is called Critical Incident Stress Debriefing (CISD). It is available to all area emergency crews, Living-Hawley says. They were called upon to help the day of the Milford training fire tragedy, for instance.

"There's a lot of closure necessary in critical care work," she says. "Emergency care begins in the street, and it's the good work of the crews which get people to the hospitals."

Maintaining the emotional well-being of medics is very important, she says. There is a high turnover rate because of the emotional stress involved. People get caught up in the burn-out process.

The job of CISD is to try to alleviate the burnout, give them an avenue to ventilate, she says.

"Emergency crews are exposed, yet they keep coming back. They care and we want them to know we care. We want them to stay healthy," Living-Hawley says. "People who are emergency workers are very special people."

Township mom dies in crash

BY PAT YOUNG
Clarkston News Staff Writer

Nothing will lighten the tragedy of the Tuesday, July 19, accident on M-15 north of Clarkston that took the life of Faith Ann Matas. But the 33-year-old Independence Township mother left behind a lot of memories her family can be proud of.

She is described by her husband, John, as a devoted mother, busy with community activities, nursery school, Brownies and activities in her church, St. Trinity Lutheran Church on Sashabaw Road.

She was killed in the 2:35 p.m. accident just south of Hadley and Rattalee Lake roads when her car was hit by a pickup truck and forced across the center line into the path of an oncoming car. Six cars were involved in the accident, which also took the life of Helen Schneider, 59,

FAITH ANN MATAS, in a family portrait with her daughter, Hilary, and son, Nathan.

of Waterford Township.

"She was a devoted, meticulous person in the things she did," John Matas said. "She was an intelligent woman. She just did things well. And the focus of her life was the children."

Both children, Hilary, 7, and Nathan, 6, were injured in the accident. Nathan was treated for cuts from flying glass and released, but Hilary remains in serious condition at Pontiac Osteopathic Hospital.

"Nathan is doing fine," Matas said. "But with Hilary, it seems the longer we go, the more they find."

She suffered a fractured neck and right leg in the accident, and Matas said doctors also told him she has a broken clavicle and possible head injuries.

Both children are students at Bailey Lake Elementary School, said their father, who is an applications engineer for Step Engineering of California.

Faith was born in Garden City but grew up in Union Lake before moving to Independence Township with her family. She is described by members of her family as a person who loved the outdoors, and loved flowers and animals.

"Faith was an avid supporter of animal rights and kindness to animal groups," Matas said. "She was very much an animal lover."

Because of her concern for animals, he added, she was even a vegetarian.

"We've lived in Clarkston about six years," he said. "She enjoyed the community parades so much. We were always there on the sidelines watching. And she loved the concerts in the park. She just enjoyed being part of what was happening in the community."

Faith Ann Matas is survived by her husband, John; daughter, Hilary Amber; and son, Nathan John; her father and mother, Raymond and Joyce Donahoe of Brandon Township; and her sister, Hope Donahoe of California. She is the daughter-in-law of John and Clara Matas of Lapeer and the sister-in-law of Diane Kruger and her husband, Frank, who have one daughter, Adrian. They live in the Upper Peninsula of Michigan.

The funeral service was held Saturday at the Lewis E. Wint & Son Funeral Home in Independence Township. The Rev. Michael Klafehn of St. Trinity Lutheran Church officiated.

Sheriff's Log

Thursday, July 21, pop bottles were thrown at a vehicle on Andersonville Road, Independence Township, causing \$1,000 damage.

Thursday, after being told to wait outside, a salesperson followed an 11-year-old boy inside his Old Cove, Independence Township, residence, and used a sales pitch to wake up the boy's sleeping mother. The mother also had a difficult time making the salesperson leave.

Friday, a \$145 stereo and \$10 cash were stolen from a vehicle on Clintonville Road, Independence Township.

Friday, about 25 boards worth \$250 were stolen from a residence on Deer Ridge Drive, Independence Township.

Friday, a \$900 door wall was stolen from a residence on Maybee Road, Independence Township.

Saturday, a 23-year-old Waterford man was ticketed for driving under the influence of alcohol on Bigelow Road, Springfield Township.

Saturday, someone threw a rock and broke a \$400 window on a car parked on Farley Road, Springfield Township.

Saturday, two houses on Dark Lake Drive and one on Valley Park Drive were shot with red paint pellets.

Saturday, a \$1,600 western riding saddle and bridle and a \$1,200 riding saddle, tack and bridle were stolen from a barn on Pine Knob Road, Independence Township.

Saturday, a \$500 motor bike was stolen from a barn on Hadley Road, Independence Township.

Sunday, someone entered three unlocked cars parked at Lancaster Hill, Independence Township, stole six cassette tapes worth \$48 from one of them.

Sunday, a \$100 equalizer was stolen from a vehicle on Lingor, Independence Township.

Sunday, two emblems worth \$100 were stolen from a vehicle on Pinewood, Independence Township.

Sunday, emblems worth \$100 were stolen and the antenna broken on a vehicle on North Holcomb Road, Independence Township.

Sunday, two tires were stolen after the hours of a garage sale on Reeder Road, Independence Township.

Sunday, residents on Woodcreek, Independence Township, reported that their house had been broken into while they were on vacation. A bedroom was ransacked, and a video cassette recorder and strong box were stolen.

The above information was compiled from information at the Oakland County Sheriff's Department.

2 days of wandering end in Independence

A 79-year-old Hale woman was rescued on I-75 Saturday, July 23, when deputies found her sitting in her car near Dixie Highway, Springfield Township, with her headlights on.

Apparently, the woman had left her residence near Lansing, had become lost and had been driving around for two days, according to the report at the Oakland County Sheriff's Department.

Her husband was fishing in Lansing, and she didn't have any relatives nearby that she knew of, she told the deputies.

Police looked through an address book in her purse and found a distant relative in Grand Blanc who agreed to meet the deputies and his relative in Flint.

After-hours robbery

An unknown number of coins were stolen Friday, July 22, from vending machines at Sam's Town, a bar on Dixie Highway near M-15, Independence Township.

About 2:30 a.m., burglars broke into the building and stole coins from the shuffle board game, pool table, juke box and basketball game, according to the report at the Oakland County Sheriff's Department (OCSD).

A tray from the bar was also stolen, said OCSD Detective Steve Parker.

The theft is under investigation, and Parker asked that anyone with information call him at 858-4950.

Another truck rolls off soft shoulder of I-75

BY JULIE CAMPE
Clarkston News Staff Writer

No one was injured and no soft drink leaked when a truck carrying 38,000 half-liter bottles of Pepsi rolled over about 5:35 a.m. July 23 on I-75 near Sashabaw Road, Independence Township.

Southbound I-75 was closed almost four hours between 12:03 and 3:45 p.m. Saturday while workers uprighted the truck, said Sgt. Jack Riley of the Oakland County Sheriff's Department.

The driver, 29-year-old Randy J. Vandenboom of Munger, told the fire department emergency crew that he was not injured and that his only discomfort was hanging upside down in his seat belt, said Fire Chief Gar Wilson.

In the OCSD report, Vandenboom said he was driving south near Sashabaw Road when he was cut off by another vehicle. He swerved to the right and onto the soft shoulder in the construction zone, where the double-trailer truck fell to its side.

The 1,600 cases of Pepsi had to be unloaded by hand before the truck could be uprighted. Workers from Ajax Paving Industries, Madison Heights, part of the road-widening crew, placed barricades around one lane at the scene so the cargo could be transferred to another truck.

Riley said that area of the highway is a difficult spot for truck drivers.

"Apparently, it's got a real soft shoulder, and if you drop your wheels off onto a soft shoulder, you're in trouble," he said. "These trucks are so heavy, that's what happens."

The accident occurred just north of the I-75 site where a fuel truck rolled over June 10, spilling 1,500 gallons of jet fuel. Firefighters feared an explosion, so traffic on both lanes of I-75 was stopped for five hours until the truck was uprighted.

Since the fuel truck accident, nearby residents have feared contamination of their well water and have been drinking bottled water, but Riley said the Pepsi shouldn't pose any threats.

"I don't think they lost any (Pepsi) there," he said. "That would give them a fizz in their water."

Over the weekend, a dirt shoulder was added to the outside lanes of the construction zone on I-75 in an attempt to increase the safety, said John Baxter, resident engineer for the Michigan Department of Transportation.

"Normally, it wouldn't be done at this stage of the game," he said, adding they paid the contractor extra to do it now instead waiting until the final layer of asphalt

is finished.

"I don't know if it will help or not," Baxter said. "If it does help, we'll add this to future projects."

The real problem, though, is that drivers well exceed the 45 mph speed limit, he said.

"That end is the worst because they're coming out of the three-lane section and they're driving 65," he said. "We've got a good road surface, but on the right, there's no shoulder. On the left, there's trucks moving in an out. They've got to slow down to 45."

Springfield burn victim recovering

BY JULIE CAMPE
Clarkston News Staff Writer

Pete Noonan is still in a lot of pain, but he's on the way to recovery after suffering third-degree burns in a fire July 12 in his Bridge Lake Road home, said his wife, Mary.

A little humor and the kindness of friends and relatives have made the situation easier, she said.

"Neighbors, friends, everybody have come in and have been really great," she said.

Just before leaving her Springfield Township home for her daily visit to the burn center at the University of Michigan Hospital, Ann Arbor, she talked about her husband's status.

"He's in satisfactory condition, but he's in intensive care," she said, adding he suffered third-degree burns on 45 percent of his body.

The Noonans have used their humor to survive the crisis. Before the July 12 fire, a big family party was planned with Mary Noonan's relatives.

People were coming from all over to attend, and it couldn't be canceled after the accident, so Mary Noonan teased her husband about it, she said.

"You go to great lengths not to attend a Breault (Mary Noonan's family) party," she told him, laughing. She also praised the Springfield Township Fire

Department for saving their home, adding that it took about four days to realize their telephone wires had been burned.

Despite the lack of phone service and all of the confusion, they managed to sell furniture and other items that they had advertised for sale in The Clarkston News, she said, again laughing.

The July 12 house fire started when Pete Noonan, 63, was working on his tools in the garage under the house. He tipped over a gas can, and the fumes ignited from the water heater, said Mrs. Noonan.

Their son Douglas heard the explosion, ran downstairs and found his father trying to remove his pants and shirt, which were on fire. His nylon socks were melting onto his legs, she said.

Douglas Noonan got his father out of the house, extinguished the flames on him, and drove him straight to St. Joseph Mercy Hospital, Pontiac, where a helicopter immediately flew him to the Ann Arbor Burn Center, said Mary Noonan.

He hurts a lot, but he's going to be OK, she said.

The Noonan Family has lived in the area for about 30 years, and Pete Noonan used to own A & A Trenching on Dixie Highway, Independence Township - the current location of Tim's Towing.

"Lots of people in the township know him," said Mrs. Noonan. "Everyone has been great."

The Bud chronicles

Kathy Greenfield

The soft knock at our front door after 10 p.m. caused, of course, ferocious barking by Brandy ... an appropriate prelude for the news to follow.

I opened the door, and there stood my good friend and neighbor Ethel. (*The family names have been changed to protect me. I have to live in my neighborhood.*) She asked for my husband, so I knew, right off, that something unusual was afoot.

The story unfolded this way: Ethel's son, Ricky, brought home a puppy, named it Bud (*honest*), created a nest of cardboard boxes for the pup - and left to go to the movies. There was a definitive sign that the puppy had worms. Would my husband go down there and check it out?

Thrilled at the prospect, he did - along with me. I wanted to meet Bud, who was drooping on a piece of carpeting next to his nest of boxes. Later, after much fascinating discussion about dog diseases, Ethel made plans to truck Bud to the vet the next day. Bud was tucked inside his box bed, and we went home.

As the night rolled on, I ended up sitting in the 24-hour clinic while a doctor checked spots-on-tonsils found by our son around midnight. This is not a totally unrelated incident, for as we left the clinic, Ricky and his dad, Fred, appeared in the parking lot.

Ricky had sliced his finger while preparing a larger Bud-proof box so the puppy could not escape and roam the house doing puppy things during the night. A few stitches and a couple of hours later, it was back home to Bud for them.

Bud, by then, had perked up and howled as only puppies can until Ricky plopped him on his bed for a few then-precious moments of sleep.

Next day, Bud met the vet, got worm shot, was declared a keeper and discovered the world of material possessions. The vet bill, new cage, puppy collar, child-proof gate to keep him in the laundry room, doggy bones, et. al., quickly provided a permanent disclaimer for "free puppy."

My husband reported, later in the day, that he drove by our neighbors' home and saw Ricky and Bud on the front lawn. Bud was hugging Ricky in an illustration of "puppy love," the real thing.

As You Learn How to Swim ...

By Tom Erickson

Reaching for dreams, just out of hand.
Singing songs from the earth band.
Gripping tightly The golden keys
That open The doors ...
Entrances to The stages of life.
Entrances to Trances,
Levels and Planes of
Emotions ... Vastly colored oceans ...
Standing upon a beach and seeing the dreams
Just out of reach.
Dreams that come true
Washing toward the shore
As you learn to swim
As you learn to swim ...

Opinions

Editorial

Good reason to vote on Aug. 2

For voters concerned about having choices in township government board members, there's a reason to cast their ballots in the Republican primary election on Tuesday, Aug. 2.

The primary affords the only opportunity to make choices, barring the unlikely event of successful write-in candidates, in two local races: the Republican race for Independence Township trustees in which there are six candidates for four offices, and the Republican race for Springfield Township clerk in which there are two candidates and no opposition in the Democratic Party. The primary will also decide the Republican nominee for the Springfield treasurer, although there will be a race in the fall against the Democratic candidate.

The winners of the primary portions of the election will appear on the November ballot, but there will be no opposition then, making their elections virtual certainties.

The Aug. 2 election also has millage questions that will be decided and judges that will be elected on the non-partisan ballot.

We have some opinions on the millage questions for Independence and Springfield.

Vote Yes on Renewals

We recommend that the voters say yes on the renewal questions on the ballots.

Regarding the fire millage in Independence (and the Village of Clarkston) and the police millage in Springfield, it's our opinion that the voters should say "yes" unless they would like to see massive cutbacks in existing programs. In both cases, the services are needed.

Also in Independence, voters will be asked to renew the safety path millage. We think that's a good idea. The paths have a good beginning in the community, but they need to be connected and expanded. We shouldn't leave them hanging, literally and figuratively.

The library millages, one for operation and a separate one for a building, in Springfield Township have already been the topic of a letter of support by Supervisor Collin Walls that was printed in The Clarkston News. We'll go along with Walls on this one, since a good library is a wonderful asset to a community and it's one that can serve all ages.

We'll also watch with interest the outcome of the Springfield library millage, since Independence keeps moseying along with a less-than-adequate facility for its population, which is more than double that of Springfield. If Springfield voters agree to pay more taxes for a better library, you can bet Independence will soon be asking its voters to approve a similar request.

-KLG

Jim Sherman

Jim's Jottings

On Sundays preceeding the three summer holidays about 11 foursomes of Oxford-Lake Orion area people tee it up at Oxford Hills Golf and Country Club.

Sunday is picked so Memorial Day, Fourth of July and Labor Day can give us the rest for the energy source needed to work the following week.

A couple unfamiliar faces mixed with the 42 familiar ones on the July 3 occasion. The woman was Joan Schliebner, sister of Lynne Korneffel, owner of the Hallmark store of the same name.

I didn't know Mrs Schliebner when I walked up to her and her soon-to-be playing partner, Bob Lines. I introduced myself and she gave her name. Then she added, "I'm a new beginner at golf."

I said, "New beginner? Isn't that redundant, like shyster lawyer?"

She chuckled only slightly and said, "I'm a lawyer!"

I've put my mouth in motion before my brain is in gear so often I didn't even blush. I've had my foot in my mouth so often I only wear out one shoe.

There is a list on everything, including the top 500 independent restaurants in the country. Editors like Al Bransdorfer of the Clare Sentinel read such things and report what they think is interesting.

Al says the Embers in Mt. Pleasant ranks 168th on the list. They gross \$2,577,275 in sales in their 224 seat restaurant and averaged \$18.45 per dinner.

Frankenmuth had two top restaurants in the top ten in the nation. Zehnder's was 7th with sales of \$12,309,212 and the Bavarian Inn 9th with \$10,800,000.

Imagine ... over \$23 million being spent in these two restaurants in the little town of Frankenmuth? Talk about building mousetraps.

Who's number one? The Hilltop Steak House in Saugus, Mass with 1987 sales of \$47,143,002 in their 1,250 seat restaurant. They did it on an average meal price of \$10.

Here's some fascinating, if not earth-shaking things you might like to know.

- The buyer pumps 78% of all gasoline sold in the United States.

- The glue on the back of a postage stamp contains one-tenth of a calorie.

- Africa has the youngest population of any continent, nearly half of its population is under 16.

- In North Dakota, registered automobiles outnumber people by 27,000.

- Americans throw away 200,000 tons of edible food each day. They also spend 44 cents of every dining-out dollar at McDonald's restaurants.

Letters to the Editor

Drain creates loss

Once again beauty and nature have fallen victim to progress. What has taken years for God to nurture and develop has taken only minutes for man to destroy.

The M-15 drain project has begun and trees in its path fell along the wayside this past week.

For those of you traveling along the M-15, Dixie Highway corridor, take note of the construction in progress.

Isn't the drain route selected by the Oakland County Drain Commission and the Michigan Department of Transportation ironic?

Where there were virtually no trees along the east side of M-15, the chosen route along the west side necessitated the removal of many trees long a part of Clarkston's attractive scenery.

Since, for my own personal reasons, I have questioned the drain project's entire route, the destruction of the portion along M-15 has occurred comes as no surprise.

As usual, the wishes of our governmental agencies win out and the environmental and aesthetic values of our properties lose.

The trees have fallen and the drain will empty into Dollar Lake. Will the benefits of the project outweigh the long term losses?

Carol Swallow

Your vote counts

Everyone's vote counts. Voting is an important responsibility of every citizen. Voting helps ensure domestic tranquility.

Abraham Lincoln once said in a message to Congress, July 7, 1861, "Ballots are the rightful and peaceful successors to bullets."

Whatever we do not use we might lose. If everyone stopped voting, and if there were only totalitarian candidates available to be elected, what would happen?

We would, in fact, lose our right to vote. Rights such as this are hard to gain and can be easy to lose. Vote for your rights.

Good Republican and Democratic candidates work hard to inspire citizens to vote. Do not let them down. Abraham Lincoln said in a speech Oct. 16, 1854, "No man is good enough to govern another man without that other's consent."

George Vitinoros

Community kudos

The doors of Clarkston High School are closed, the shades are drawn and the halls are quiet and cool.

The Class of '88 has had its glory, and now all the echoes in the silence are the voices and laughter of the kids that made it such a wonderful year. To end their year was a wonderful graduation to store in their memories for a lifetime.

As the chairpersons for the CHS post-grad party, we hope the party memories also linger in their hearts and minds for a long time to come.

The students that attended the party can be proud of what terrific adults they have become. It was a memorable evening, with happiness and joy in abundance.

CHS Class of '88 seniors can be proud of the community in which they live, for without the support of this community's contributions of food, prizes and money there would not have been a post-grad party to remember.

We know the seniors share in our most sincere thank you to their community and especially to their fine principal, Dr. Bob Burek, for all his time and expertise to make the party and graduation perfect for us all.

We also thank all the wonderful committees that volunteered their time and effort to make the party a success: food, Candy Cruz; entertainment, Dick Beardsley and Jim Brueck; door prizes, Gini Beardsley; favors, Ann Tungate; decorations, Barb Hamaker and Peggy and Gary Kennedy; publicity, Linda Irwin; treasurer, Trudy Locher; security, Dave Galley.

We would also like to take our hats off to the Oakland County Sheriff's Department, which kept an eye on things throughout the evening.

We are all in agreement that a drug-free party, after graduation for seniors, is well worth any time, work or

dedication we all put into the effort.

Brent Cooley and Jan Gabier held vigil with us all night, also. We thank them.

To the '88 seniors, parents, teachers and especially the wonderful Clarkston community, you can be very proud of yourselves.

Sandy Nelson and Sue Rogers

Poetry shared

While at work recently (I'm an R.N. at Grovecare Center on Clintonville Road), I found the following poem, and was so touched by its beauty I thought it should be exposed to others.

It was written by the daughter of one of the residents of Grovecare. The poet is Kay Hackett, who wrote about her mother, Jaida Koenig. Jaida was a lovely lady who died recently.

Carol Gabriel, R.N.

Imagine getting old!

Shall we celebrate,

or shall we moan?

For our short-sightedness, we atone.

For the beauty of the earth

tells us clearly

worth takes time

aged is prime

accomplishment...sublime.

A river-worn gorge,

carefully etched out for eons,

grasps and holds dear

beautiful layers recording the years.

Unnumbered are days of sun and rain

to raise up a giant tree

of rugged bark

home of a lark

Noah's ark.

That wood freshly cut

rough, white and wet,

is loved the best

after smoothed and oiled dark with each caress.

Excellence is not instant

even when we dine

vintage wine

cheese that's fine

stew divine.

Your being too, is time layered,

etched by life's acids.

Sweet love shapes and molds

this lady, my mother, beautifully "old."

Like the tree through the elements

life challenges, teaches

giving, taking

kiss the aching

back breaking

You are the wood

loving touches have smoothed.

You are the vintage wine,

sparkling, aged and fine.

'If it Fitz ...'

Tiger games
over grime

Jim
Fitzgerald

While I watched on TV, the Tigers came from behind in the ninth inning to beat Seattle. Naturally, I yelled for joy and slapped my newspaper with great enthusiasm.

"I wish you could get that excited about my cleaning our home," my wife said.

She really said that.

What am I supposed to do, applaud her vacuuming? Three cheers for window wiping? The dear woman is getting a little strange in her advancing years.

She is particularly upset by the newspaper slapping. I swat it whenever something unusually good or bad happens to the Tigers. Sometimes I swat it across the room, and pages get torn.

"Why do you hit that flimsy newspaper?" she asked one evening. "Anyone can hit a newspaper and ruin it. Why don't you hit the phone book?"

Good Lord. I swat the newspaper because it's in my lap. The great thing about watching baseball on TV is it barely interrupts my reading. The only time I look up from the paper is when the play-by-play announcer stops talking about the Tiger trivia question or a free backyard barbecue grill if your name is drawn and a home run is hit. If I don't look up in time, there's always the replay, during which the color commentator speaks in beige.

It's not enough to be married to a woman who expects me to cheer her housekeeping, she also wants me to read the phone book during ball games. Nothing thrills like baseball.

My wife says the point isn't that she seeks plaudits for dusting, or finds it difficult to read newspapers torn in the agony of defeat. The point, she says, is that I don't get excited about anything except the Tigers' won-lost record, and it would be nice if I were a more well-rounded person, with more varied interests.

So I treated her to the greatest demonstration of well-rounded love within my economic means and emotional boundaries: I took her out to dinner and a show on a TV-game night. When we returned home late, I had no idea how the Tigers had done that night. I was prepared to go to bed and leave it to the morning newspaper to tell me the glorious or rotten news. Greater love hath no man - it's similar to waiting a week after the drawing to check if you won the \$10 million lottery.

But on the table just inside our front door was an urgent note from our youngest child. It said: "Dad: Tigers won 8-1, Robinson winner, HR's by Knight, Herndon, Lemon, Salazar and Heath."

Talk about emotional, I almost cried. My little boy was carrying on a family tradition. When I was a child, before the invention of night games, when my dad came home from work, I always told him how the Tigers had done that afternoon. I was 10 or 12 years old at the time. My son is 30. I know how to bring up a kid so he never forgets what's important.

Getting close doesn't count

That, unfortunately, brings us to last Saturday when my son and I took dates to the Detroit-Oakland game, which is unusual. Ordinarily, the women stay home to clap hands for each other's performance in the laundry room. You will be crushed to learn how terribly much this unlikely inclusion of women cost me in emotional suffering.

I've been attending Tigers games for 55 years, always yearning to catch a ball hit into the stands. But the closest I ever came was two years ago when my grandson, with the help of his dad, got a foul ball right after I left my seat to go buy beer. Until Saturday.

My wife was sitting next to our son and I was on her left. Oakland's Don Baylor attempted a bunt that somehow hit the ground behind him and bounced directly at my wife. My son caught it. "I've waited all my life for this day," he exclaimed. The young punk.

I told my wife if she'd stayed home to rehearse her carpet sweeping act, I would have been in her seat, and would have surely caught that ball. I was furious.

"If you'd brought a phone book, you could slap it," she said.

Onward and Upward, and DeJesus help me.

letter policy

We welcome our readers' opinions. Letters to the editor must arrive at The Clarkston News office by noon Monday to be considered for publication in Wednesday's paper. We reserve the right to edit all letters for brevity and clarity and to limit the number of letters from any one individual on any one topic. We discourage copies of letters sent elsewhere, and require all letters be signed and include a phone number and address. We may withhold names on request, but will not publish unsigned letters. Address all letters to: Letters to the Editor, The Clarkston News, 5 S. Main, Clarkston, MI 48016.

The Roads We Travel

Three choices

Brent Bair

We are all sensitive to the amount of taxes we pay, and some are downright upset. Statements similar to the following are frequently heard:

"I pay all these taxes; why can't I get my road fixed?"

Let's first look at which taxes go to maintain roads. The principal source of funding for the Village of Clarkston, Oakland County Road Commission (OCRC) and Michigan Department of Transportation (MDOT) to maintain respective road systems is the Michigan Transportation Fund (MTF), which is made up of the state fuel tax and license plate fees.

The state fuel tax has been at 15 cents a gallon since January 1984 and, thus, represents a fixed income to those entities.

In fact, if you have purchased a new car in the last few years that gets better gas mileage than your previous one, you may now be driving as much or more than before, but actually paying less in fuel tax to maintain the roads.

Some federal fuel taxes are available, but the bulk of those go only to MDOT for projects such as widening I-75.

Every city and village I know of supplements its MTF revenues with additional funds from its general fund or from some other source. They discovered long ago that the MTF revenues were not sufficient to maintain their street systems.

Since the OCRC is not part of the county general government, it has no general fund or other sources available to dip into.

A common misconception is that property taxes automatically go for roads. It is true that some of those general funds that the village might use on its streets could be property taxes. It is also true that if the township chooses to contribute to a specific county road construction project, it might use some property taxes.

However, by law, the share of your property taxes

that goes to the county cannot be given to the OCRC for road work. Thus, no property taxes are available to the OCRC for snow removal, pot hole patching, etc.

Some cities, villages and even townships have passed special millages for road improvements, but a vote of taxpayers was necessary. For example, several years ago Commerce Township voters approved three consecutive five-year special millages to get virtually every major road in the township paved.

We do pay a lot of taxes, so where does it go?

Upon reviewing the latest national data, it is interesting to note that Michigan ranks among the eight top states in terms of expenditure per capita for health, education and welfare. It ranks 48th in expenditure per capita for each road mile.

Obviously, Michigan's top priorities have not included roads. Thus, if you travel in another state that appears to have much better roads, it could be because roads have been higher on that state's priority list.

It appears to me that there are three choices: 1) Spend more on roads and less on health, education and welfare; 2) raise new revenues for roads; or 3) put up with our deteriorating road system. Which do you prefer?

In Oakland County, including our village and township, a large part of the problem has been the impact of all the development that has occurred in recent years. Unfortunately, road funding does not automatically benefit from development.

Also, Oakland County does not get back all the state fuel taxes and license plate fees it generates and sends to Lansing. I'll discuss what can be done about all this in future articles.

Next week: How much has traffic increased on roads in our area in recent years?

Brent Bair is chairman of the Independence Township Planning Commission.

Cash goes to volunteers

A new volunteer group won \$450 in support from Independence Township on July 19.

The contribution, duplicated by six other area townships, will comprise a \$3,150 annual budget for Northwest Oakland Community Services (NOCS), said Helen Vergin, a NOCS volunteer who asked the board for the money.

"We may have to have a couple years of support, but we will run on our own eventually," she said, adding the group was formed to fill in the gaps where other organizations don't provide services.

The group is to act as resource center to let area residents know where they can get help.

Other services include volunteer calling - currently, 27 volunteers telephone 40 senior citizens a week; adult literacy - currently, four literacy trained volunteers tutor six adults; and teen tutoring - seven specially trained reading volunteers are now tutoring eight teenagers in Clarkston and Holly school districts.

Board members voiced approval of the project.

"I think we should all support this because if it does nothing more than make people aware of the services we all pay for, ... it would be worth it," said Trustee Dale Stuart.

Chief urges yes vote

The Independence Township Fire Department's millage will come due on Dec. 31, 1988. With the support of all the residents of Independence Township, which includes the Village of Clarkston, we will continue to have the funds to operate the department and keep pace with the growth of the community.

We have built a fine department over the years with your support. We cover the 36 square miles of the township with three fire stations, 15 full-time firefighters and 35 on-call firefighters.

Since the 1980 millage passage, a breakdown of accomplishments, to name a few, is as follows:

- Purchased two medical/rescue trucks
- Purchased one 3,000-gallon tanker truck
- Purchased two pumper trucks
- Purchased one grass fire truck
- Purchased one captains' vehicle
- Purchased one fire marshal vehicle and one chief's vehicle
- Purchased a compressor unit for filling self-contained breathing apparatus
- Purchased 12 additional self-contained breathing apparatus (used by the firefighters in smoke and other hazardous conditions)
- Purchased a second set of Jaws of Life (used in extrication of victims in wreckage)
- Purchased computer system to keep data on hazardous materials stored in our community, state reports, dispatching, etc.
- Purchased large diameter hose for large water demand
- Reopened Station 320 and hired 3 driver engineers in 1982
- Hired 3 driver engineers as replacements for 3 firefighters promoted to captains in 1985
- Built a new fire station to replace old Station 320
- Upgraded all aspects of training to coincide with the state standards for fire departments

**By R.G. Wilson, Fire Chief
Independence Township
Fire Department**

-Continuous hiring of on-call firefighters to supplement our full-time firefighters

This department works in conjunction with the Building and Planning Department, Department of Public Works and the Township Board to develop additional water systems in the township.

As you know, the number of firefighters, hydrant systems, distances to fire stations from your home, fire equipment as well as quantity of gallons of water carried on the equipment, are all items used by the insurance companies to figure the costs of your homeowners insurance.

The following is a breakdown of 3 mills per the SEV (State Equalized Valuation - what your taxes are based on):

\$50,000 home = \$25,000 SEV = \$75 per year fire millage

\$100,000 home = \$50,000 SEV = \$150 per year fire millage

\$150,000 home = \$75,000 SEV = \$225 per year fire millage

Remember, we are asking for a RENEWAL of the existing 3 mills for four (4) years.

Please remember to vote on Aug. 2! Please vote YES for the FIRE MILLAGE RENEWAL!

What would happen if the IRS offered us our money back if we weren't satisfied with the government service?

Rezoning fee up

Fees for land development in Springfield Township are going up.

The township board approved, on second reading at the July 14 meeting, amendments to the fee ordinance that will increase the cost of rezonings, board of appeals reviews and other fees involved with the development of land.

The major area of increase is for rezoning, which increased from \$500 to \$750 plus \$10 per acre for each acre over five.

The increases were prompted by increased fees from the planner and engineer for reviews, said Supervisor Collin Walls.

"The township shouldn't make a profit, but on the other hand, tax money shouldn't be used to cover the cost," he said.

The increases are only intended to cover expenses, he said. Increases do not affect building department fees.

Walls said the fees compare favorably with neighboring municipalities.

SUMMER ENTERTAINMENT: Allan Watson is one of the cast members in the upcoming Clarkston Village Players Summer Youth Theatre production of "Hospital," a comedy by Tim Kelly. Thirty-three young people between the ages of 10 and 18 appear in the play directed by Sandy Sanford. Curtain time is 7 p.m. on Thursday, Friday and Saturday, Aug. 4, 5 and 6, at the Depot Theatre, 4861 White Lake Rd. Tickets, available from any cast member or by calling Marlene Sewick at 363-0188, are \$3 for adults and \$2.50 for children 12 and under. All proceeds go into a scholarship fund for Clarkston High School graduates. This year, Watson won a scholarship, as did Matt Ford, who also appears in the play. (Photo by Kathy Greenfield)

Board agrees on need for Sashabaw sewer

BY JULIE CAMPE
Clarkston News Staff Writer

A sewer is in the works for Sashabaw Road, despite confusion surrounding a July 12 Independence Township Board meeting, when the sewer proposal was denied in a split vote.

At the July 19 meeting, an attempt to table the issue failed, and a majority of the board voted to reconsider the issue.

After about an hour-long discussion, the board voted 6-1 to approve the sewer along Sashabaw Road between McDonald's Restaurant and Waldon Road.

Reversing their previous positions and voting in favor of the sewer were trustees Carol Balzarini and Daniel Travis. Also voting yes were Supervisor Frank Ronk, Treasurer John Lutz, Clerk Richard Holman and Trustee Dale Stuart. Trustee William Vandermark voted no.

A public hearing is to be scheduled in August or September to allow residents to talk about the costs, to be paid by property owners along Sashabaw Road who would benefit by the sewer. Their costs would be proportionate to the amount of benefit derived from the sewer.

To begin the discussion July 19, Ronk read a letter from planning commission Chairperson Brent Bair, who asked that the township reconsider the issue, citing Sashabaw Road as the focal point of growth in the township.

A sewer is necessary for good growth, and it makes sense to install it now - before property is developed on septic tanks and before Sashabaw Road is widened, said Bair in the letter.

Vandermark, who voted against the sewer every time, said he wanted more information on the percentage of property owners in favor of paying for the project.

"Knowing those percentages is important in having perspective on the necessity," he said. "If we don't have those facts, I don't see how we can vote intelligently."

Holman said the percentages were moot because the board's only action was concerning the necessity of a

sewer. The method of paying for it and estimated costs would come at a later meeting, when a public hearing would be held.

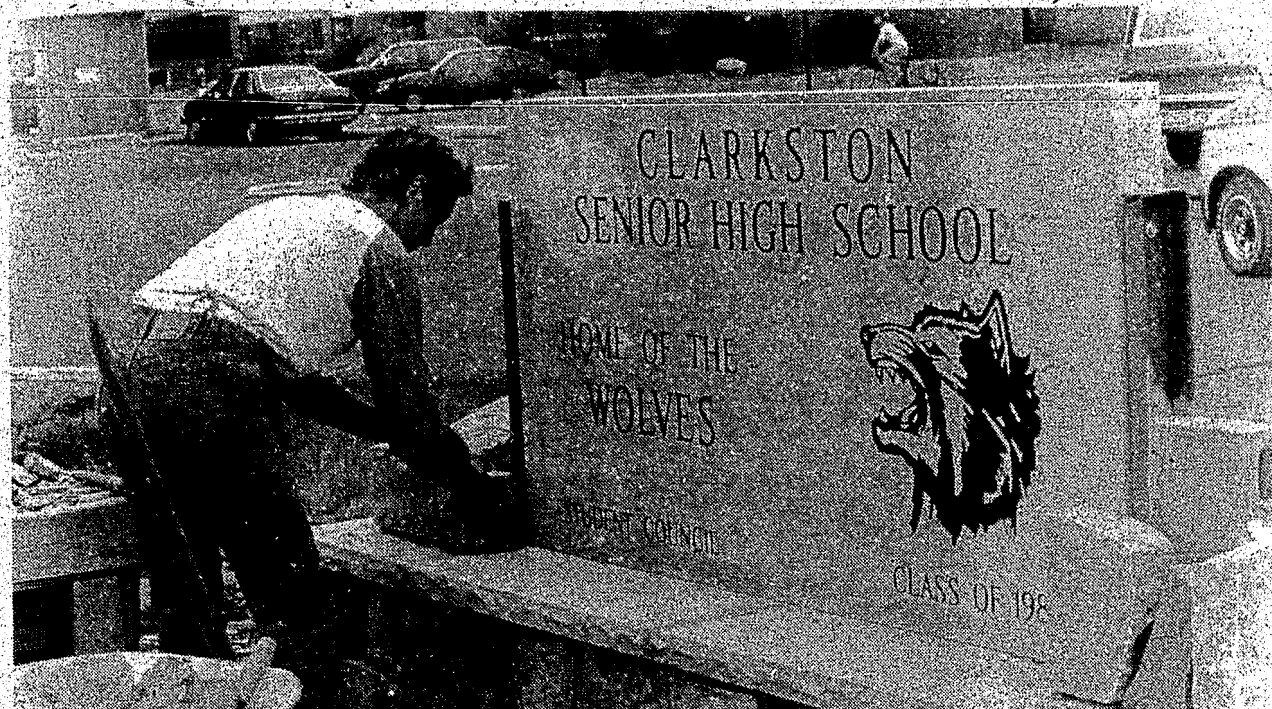

Vandermark also voiced disapproval over a special assessment district comprised of benefiting property owners, which would be unfair, he said.

Arkan Jonna, the developer of a shopping center at the southwest corner of Sashabaw and Waldon roads, began the sewer project and should pay for most of it, he said.

"We're allowing eight (large) parcels to control 32," he said, referring to a map showing property owners who signed a petition in favor of the sewer.

Stuart explained the rationale for most of the board members.

"This isn't the final word," he said. "We will have an opportunity to stop the project if we want to later. ... Sometime in the future, water and sewers would be a good thing to have in that district."

HOME STRETCH: John Shell, owner of Creative Stone masonry construction in Independence Township, puts the finishing touches on the light blue granite monument jointly purchased by the Class of 1988 and the

Student Council at Clarkston High School this spring. The sign, which cost \$2,500, rests on the corner of Waldon Road and Varsity Drive in front of the school. (Photo by Peter Auchter)

Site preparation begins for 800-seat church

BY JULIE CAMPE
Clarkston News Staff Writer

After three years filled with delays that aren't over yet, the earth is finally moving for the new Mt. Zion Temple in Independence Township.

Building permits are the last holdup, but church member Paul Jokisch's excavating company started July 18 to prepare the terrain off Maybee Road east of Clintonville Road for construction.

"We feel good now that we're seeing dirt move," said the Rev. Loren Covarrubias, founder of the nine-year-old church on Clintonville and Mann roads, just south of the Independence Township border in Waterford Township. "We were anxious to do anything we can, and just seeing it move is good."

If all goes well, construction of the 26,000-square-foot building in Independence Township should be completed by April 1989. Building permits will be issued

when all the plans are reviewed to be sure they meet all construction codes, he said, adding it had been a long three years.

"We've had problems with every step of the way," he said.

They began with plans for a 40,000-square-foot building with seating for 2,000 people and 1,200 parking spaces.

After Independence Township planning commissioners objected to the architectural style, the size of the project, the too intensive use of the land in a residential area and an erosion of the tax base, the plan was scaled down to seat about 800 people in a "colonial-type" building.

"We didn't like to change our plans, but the Bible says to submit to government, so we figured it was the will of the Lord," said Covarrubias.

"That's been our attitude, to cooperate, believing that whatever came was best for us. It's worked out well for us," he said. "It's given us time to raise more money."

The new \$1.2 million church, financed by donations from the congregation, is to be built on 20 acres of the 52-acre site near I-75.

It is to house a church only - no school, counseling center or public entertainment. The old church will continue to house those facilities, he said.

So far, the congregation numbers between 600 and 700 people, and they expect to grow even more, said Covarrubias, adding that's why they originally requested a 2,000-seat capacity.

"We're a church that strives to minister to people, and because we serve people's needs, we're a growing church," he said.

When walking over the rich soil overturned by Jokisch's bulldozers, Covarrubias couldn't keep the smile off his face. The location next to I-75 pleases him.

"The Bible says a city set on a hill can't be hidden," he said. "So that's our theme. You can't miss it coming to Independence Township."

Paving plans firm

Goodbye potholes, dust and bumps on Westview Road.

Construction was to begin this week for the paving of the road off Maybee Road in Independence Township.

The township board awarded the improvement and paving project to South Hill Construction Co. of Wixom, which submitted a low bid of \$85,360.

The construction cost to each resident on Westview ranges from about \$200 to \$365 per year for 15 years.

In a court hearing last week, the Oakland County Circuit Court converted the road from private to public status and gave it to the Oakland County Road Commission (OCRC).

OCRC is to be responsible for the road after it's improved to county standards. Right now, Westview residents are responsible for snow removal, grading and dust control, which will be taken care of by the road commission after the paving takes place.

AN ARCHITECT'S RENDERING shows the modified Mt. Zion Temple in a colonial style more suitable to Independence Township, said the Rev. Loren Covarrubias.

Computer to streamline book handling

BY JULIE CAMPE
Clarkston News Staff Writer

An \$11,225 computer system in the Independence Township Library will automatically register library users, maintain circulation records and provide a link between about 60 libraries in the area.

The township board unanimously approved the expenditure July 19. The system will take about a year to implement, said James Hibler, library director.

"I don't see it saving us a lot of money," he said. "It's more of an improvement over what we're doing."

Currently, about 100,000 items are checked out each year by about 5,000 patrons, said Hibler, adding items that are overdue are difficult to track down, and the staff spends a lot of time typing all information.

The new computer would improve the library check-out system, and inventory would be automatic because each book would have a magnetic strip and would be scanned with an instrument similar to scanners in a grocery store, he said.

Also, clerks would be able to search for a book by subject, author, title or keyword in a title. The computer would show if the book was checked out or not or if any of the other libraries in the linked system carried the book.

If another library has a book, a message may be sent through the computer to have it transferred to Independence.

Some board members voiced concern over the expense of the system but voiced approval over its services.

"It really opens the walls," said Trustee Daniel Travis. "It gives many more books that you could draw from."

Independence is the 59th of 60 libraries in the Wayne Oakland Library Federation to hook up to the system since the program began in the early 1980s, Hibler said. Garden City is the only library yet to connect.

With the new system, library users will be given a plastic membership card that may be used at any of the participating libraries.

Other libraries using the system include Orion, Brandon, Springfield, Waterford, Rochester Hills, Pontiac and West Bloomfield.

On a roll: Backyard ramp keeps boards off town sidewalks; maintains fun

BY PETER AUCHTER
Clarkston News Staff Writer

Tail Stalls, 50-50 and Rock 'n' Roll may sound strange to the average adult, but teens across the land recognize those unusual monikers as names of skateboarding stunts.

A group of Clarkston and Independence Township boys gathered at 11-year-old Alex Bruni's home on the corner of Main Street and Robertson Court last week to show off their best moves on a 32-foot-long wooden curved ramp designed especially for skateboarding. The structure includes two 5-by-8-foot platforms for the kids to launch from.

"There is no better place to skateboard," said Alex of his backyard skateboard structure.

Since the village of Clarkston recently passed an ordinance forbidding the use of skateboards on sidewalks adjacent to Main Street downtown, the boys were forced to find an alternative spot to have fun.

The large ramp, curved in the middle to resemble a bowl, took about seven hours to build and was completed on July 19. The boys have been testing it out ever since.

Sports

"We've been riding on it a lot," said Brandon Wichmann, 13, of Main Street. "We usually ride about one to three hours, six days a week."

All four boys at the Bruni residence on a recent weekday afternoon had less than two years' experience on skateboards, yet moved back-and-forth across the ramp on their fast-moving boards as if they were gliding on ice.

Trade magazines are a must for new and old skateboarders alike. They illustrate new and popular moves for some of the youngsters to try. Others let their imaginations run wild.

"You dream at night about these things," said David Byrne, 13, of West Church Street.

Dreaming about a fantastic move is one thing, but executing it is another story. A little perseverance helps skateboarders survive.

"It's really fun," said Robert Haley, 14, of Reese Road. "You may be scared of something and and fall down, and then try it the next week and do it."

Safety for all is stressed at the Bruni household, as all participants must wear protective padding and helmets for protection during those times when the move doesn't work out as planned.

With the proper gear, skateboarding is a fun way to spend a leisurely summer afternoon, Alex said.

"It's a sport," he said. "It's not a childish activity for hyperactive kids. Skateboarding is not a crime."

SKATEBOARDING is a new sport for 11-year-old Alex Bruni of Main Street, Clarkston, who began riding about six months ago, but he handles himself like an old pro on a curved

wooden ramp. Although his ramp is the largest, several other teens in Independence Township also have backyard skateboard ramps, Bruni said.

Chiefs can register

Sign up and physical night for the Clarkston Chiefs football league is set for Monday, Aug. 1, from 6 to 8 p.m. at the American Legion Hall on M-15 in Independence Township.

All boys and girls ages 8 through 14 can participate. Physicals will be available for \$5 a player. The cost of registration is \$25 for one participant or \$30 for two or more within the same family.

Each youngster should bring a copy of his or her birth certificate and a current wallet-size photo, and must be accompanied by a parent.

For more information, call Jeff Davis at 623-1595 or Harold Parkinson at 625-6120.

Pitching prowess

Joey White, an 11-year-old pitcher, provided his little league baseball team and fans a thrill last week by pitching a 1-hitter in the Widget National League.

White, who plays for the Dandy's Oil team in a league sponsored by Independence Parks and Recreation, pitched the best game of his young life July 21, striking out nine batters.

The Sashabaw Junior High School student resides with his family on Felix Road in Independence Township.

ALEX BRUNI prepares to launch himself into the air on his homemade wooden skateboard ramp built last week in his Clarkston back yard, as (from left) Dave Byrne, Brandon Wichmann and Robert Haley watch from the far platform.

Chance of upset ends with Coach's victory

BY PETER AUCHTER
Clarkston News Staff Writer

The Cinderella team of the Pony League pulled off one upset during the playoffs last week, but its lucky charm wore off during the championship game against Coach's Corner.

Coach's Corner topped Nu-Day Construction, 6-0, to win the Independence Parks and Recreation-sponsored league title on July 21.

Eric Phillips, Coach's Corner's top pitcher, paced the team to victory by tossing a 1-hitter. He struck out 15 batters.

Good pitching has been the team's key to success this season, said Coach Rick Williams.

"We have never been blown out," said the 17-year coach of recreation ball. "This is the best team I've had. We are tough on defense."

Ed Langton was the only batter to collect a hit off Phillips.

Coach's Corner scored twice in the opening inning, added one more in the second, two in the fourth and one more in the sixth against Nu-Day.

Matt Boucard had an RBI single and William Barrer drove in two runs with a hit. They were the big hitters for the victors. Derek Raymond scored the final

run of the game by stealing home on the front end of a double steal.

In the seventh, and final, inning Phillips allowed a walk and wild pitch before ending the game with a strikeout.

"It was a pitcher's game," said Jeff Murdoch, coach of the Nu-Day Construction team. "It was a good game. Jimmy Jenkinson played excellent defense. There were very few errors by both teams."

Nu-Day Construction, tied for third place in a four-team league before the playoffs began, beat the front-running Ozzie Jackson Real Estate team in the opening round of the playoffs July 20 at Clarkston High School, 6-2, to earn a berth in the finals. Coach's Corner topped the Blue Ribbon Group in its first playoff game of the summer.

Nu-Day started out of the gate fast against Ozzie Jackson Real Estate, scoring four times in the opening inning and twice more in the third for all of its runs.

After a rough start, pitcher Chris Wasilk settled down and tossed six shutout innings for Nu-Day. Tom Hackbardt had an RBI hit for the team against Ozzie Jackson.

JIMMY JENKINSON of the Nu-Day Construction Pony League team grounds out to second base during a championship game July 21 at Clarkston High School.

Benefit ball game

The annual benefit ball game for the Montgomery Developmental Training Center hits the diamond on Friday, Aug. 5.

Staff members from the center are challenging Home Care Inc.'s team at 7 p.m. at Schell Park on Dixie Highway in Waterford Township.

The training center, which is located in Waterford, serves severely handicapped children and young adults from northern Oakland County. Money raised will be used to purchase equipment for the school.

Game participants will ask for donations per hit, and there will be baked goods, soft drinks and snacks for sale.

Following the game, a get-together is planned at the Spring Lake Country Club on Maybee Road in Independence Township, and everyone's invited.

For more information, call the training center at 623-9660.

Peter Auchter is on vacation. Time Out will return next week.

YOUR VOICE IN TOWNSHIP GOVERNMENT

Paid For By The Committee To Elect Frank Millard

Clarkston News Voters Guide

The Clarkston News asked each candidate for nomination to the trustee positions on the Independence Township Board and on the Springfield Township Board and the Springfield clerk and treasurer candidates to answer three questions, each in 100 words or less. Thus, each candidate in a contested Aug. 2 primary race or who will be in a contested race in November was given an opportunity to address the issues.

Carol D. Balzarini

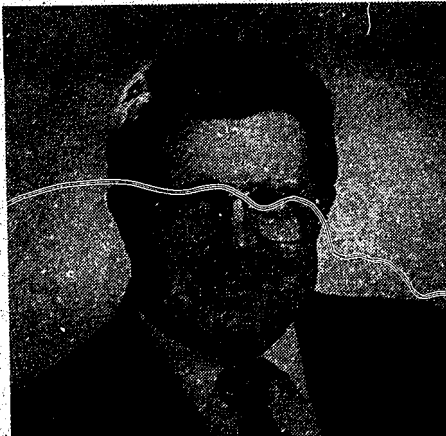

Frank H. Millard

Daniel F. Travis

Mel Leroy Vaara

William D. Vandermark

George Vitnaros

In Independence Township

6 vie for 4 Republican nominations for trustee

Six candidates for four Independence Township trustee positions are on the Republican Party primary ballot.

Carol D. Balzarini Republican

Carol D. Balzarini, 50, of 10270 Reese Rd. has served as a trustee on the Independence Township Board for four years. She also serves as vice-chairman of the Planning Commission and has served on other community committees and task forces.

She holds a bachelor's degree and elementary school teaching certificate from Michigan State University, plus advanced technical and professional training. She is a documentation specialist with Electronic Data Systems Corp.

She is a member of the Society for Technical Communication, Michigan Townships Association, Michigan Society of Planning Officials and several community organizations.

A 17-year resident of the community, she is married to Don Balzarini.

Independence Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain

the quality of life township residents are used to?

"The township board continually works to maintain the quality of life in the community despite the pressures of growth. The planning commission does the same. It is the responsibility of both to do just that.

"But the citizens themselves are a major factor in our quality of life. We have been blessed with people who support our schools, the SCAMP program, the annual community awards, concerts in the park, parades, and so on.

"The quality of life is really its people. As long as we continue to be active, caring people, so will the quality of life continue to be what it is today."

Considering the recent conflicts between the township and village (for instance, the police contract, Deer Lake Beach contract and village cityhood), do you think the relationship can be improved in the years ahead?

"At this time, I don't know if village-township relations will improve, but I think they can and must. Here again, people are the key to a successful relationship. What we need is a majority of people who believe that we live together and work together not as a village, not as a township, but as a community of people.

"We must preserve the unique character of the village and keep the development of the township in harmony with the village at the same time."

Some people are predicting a recession following

the November election. What do you predict for the township in 1989?

"I'm sure that whatever path the national economy takes next year, the township's economy will follow. It's not something we have a great deal of control over locally.

"We need to remember that it's the present strong economy that's maintaining the pressure on new development here in Independence Township and all over Oakland County."

Frank H. Millard Republican

Frank H. Millard, 38, of 168 N. Holcomb St. is an attorney in Pontiac. He is currently a trustee with the Village of Clarkston.

He holds a Law Degree from Detroit College of Law, a Bachelor of Arts degree from Oakland University and an Associate of Arts Police Administration from St. Petersburg Junior College.

He is a member of Fraternal Order of Police, F&AM, Scottish Rite, Moslem Shrine Temple, Clarkston Rotary and other community organizations. He

(See MILLARD, next page)

(MILLARD, from previous page)
served in the U.S. Navy.

A 12-year resident of the community, he is married to Linda L. Millard.

Independence Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"Quality of life is really one's individual perception. Residents of Troy or Detroit may love that busy and congested lifestyle but that is not for my family. Like most, we are in this township to take advantage of its pleasant setting and friendly, small town atmosphere. I do not want to change that."

"However, if, as Mr. Ronk has said in regard to development, 'We can't stop it,' we must then confront the issue head on. Steps must be taken now to avoid the results ill-planned and unrestrained growth will have upon us in years to come. I will not roll over for developers because we 'can't stop' them or to avoid the threat of a court fight - some things in life are more important."

Considering the recent conflicts between the township and village (for instance, the police contract, Deer Lake Beach contract and village cityhood), do you think the relationship can be improved in the years ahead?

"If the present attitude of the township board toward the village government is changed, relations can be improved. Currently however, there is a certain arrogance and insensitivity exhibited by the township board in its dealings with the village."

"The knowing disregard of village ordinance by the township supervisor and the board's insistence on the village council's blind acceptance of contracts presented to it for approval on important issues affecting the village residents are examples of the problem which exists."

"I would like to see the village and township governments resolve their differences for the good of the Clarkston community. This will depend on the wisdom and sincerity of all concerned."

Some people are predicting a recession following the November election. What do you predict for the township in 1989?

"The township board must place restraints on its present spending. If a recession is in the wind the board will most likely have to approach the residents for millage increases to make up for their lack of forethought and reckless spending in the past. Crisis management is rarely effective. I believe the citizens of this township will call on the board to explain and justify its liberal spending policies of the past four years."

YES

NO

Independence fire protection millage renewal What it says

Shall Independence Township continue the previously authorized levy of three mills for an additional four-year period commencing 1989 to provide fire protection. This levy would renew the \$3 per \$1,000 of state equalized value increase above the total tax limitation imposed by Article IX of the Michigan Constitution?

What it means

If renewed, a homeowner with a \$90,000 home assessed at half its market value (or \$45,000) would continue to pay \$135 per year in taxes.

The millage, affecting all township residents including the Village of Clarkston, would generate about \$1.1 million a year for four years to be used only by the Independence Township Fire Department.

"If a recession occurs it would follow that new construction would slow. This could be a blessing on one hand, for it would give the township board an opportunity to examine its policies in regard to future development, something which should be closely examined."

Daniel F. Travis Republican

Daniel F. Travis, 47, of 7973 Perry Lake Rd. is a regional manager for Asfor Steel Corp. He has served as a trustee on the Independence Township Board for eight years. He served on the Planning Commission for four years.

He holds a bachelor's degree in economics and English from Westminster College, and has advanced business administration courses from Washington University and Southern Illinois University, plus professional and technical training, and international studies in France.

He is a member of the Independence Land Conservancy, Oakland County Sportsmen's Club, and other community organizations. He is trustee of the Oakland Parks Foundation and a member of Christ Church Cranbrook.

A 20-year resident of the community, he is married to Elizabeth Travis.

Independence Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"It is implicit in my responsibilities as an elected official to improve, not simply maintain the quality of life in Independence Township."

"To illustrate: In the eight years I have served this community, we acquired over 500 acres of environmentally sensitive watershed and parkland, developed recreation and senior citizen facilities, provided monies to make private roads public for paving at residents requests, planned for growth by updating our master plan, strengthened our ordinances, expanded our library, provided support for the DDA to improve the aesthetics and safety of Dixie Highway and M-15, and completed nearly 25 miles of safety paths."

"Finally, we have updated buildings and equipment necessary to provide greater emergency police and EMS and fire services."

Considering the recent conflicts between the township and village (for instance, the police contract, Deer Lake Beach contract and village cityhood), do you think

Independence safety path millage renewal What it says

Shall Independence Township continue the previously authorized levy of one-half mill for an additional ten-year period for the safety path program, including construction and maintenance of safety paths and the acquisition of rights-of-way for such purpose. This levy would renew the 50 cents per \$1,000 of state equalized value increase above the total tax limitation imposed by Article IX of the Michigan Constitution and would commence with the 1990 tax levy?

What it means

If renewed, a homeowner with a \$90,000 home assessed at half its market value (or \$45,000) would continue to pay \$22.50 per year in taxes.

The millage would generate about \$180,800 for 10 years to be used for construction and maintenance of safety paths throughout the township.

Safety paths are the six- and eight-foot wide concrete or asphalt paths beside township roads that are used for walking or biking.

Residents in the Village of Clarkston cannot vote on the issue and will not be taxed for safety paths.

the relationship can be improved in the years ahead?

"Absolutely! I firmly believe we can. My family and I have lived in both municipalities and have friends throughout. We are in need of more communication and a consistent sharing of goals and ideas. We, as a governmental body, should also recognize the desire and right of the village to be self determining and mindful that they cannot grow although they must watch us do so."

"The village is the historic heart and identity of the township. Our size, 36 square miles, our population of nearly 25,000 and growing, and the traffic generated can certainly be viewed as threatening."

Some people are predicting a recession following the November election. What do you predict for the township in 1989?

"I would agree that after seven boom years, in spite of most economic predictions, a recession is more likely with a change in the White House, after mid-year. We are overdue for a downturn."

"In Independence, little change is predicted on the revenue side; however, housing starts for single-family and multiples will likely decrease, existing home sales will slow as interest rates stay high, commercial now planned will likely proceed."

"Hopefully, we'll see an end to the I-75 construction mess, a go-ahead on helping the people of Thendara Park finalize sewer and paving plans, a visible and positive improvement of curb-cuts, lighting and landscaping along Dixie Highway by the DDA using tax increment financing notes, a new I-74 ramp at Sashabaw, a method of crossing I-75 at or near M-15 by our safety path and some exciting and attractive renovations to the old Haupt Pontiac buildings."

Mel Leroy Vaara Republican

Mel Leroy Vaara, 55, of 6932 W. Church St. is the assistant superintendent of Clarkston Community Schools. He served on the Independence Township Planning Commission for 12 years, chairman for 10 years, and on the Board of Appeals 11 years, chairman for 9 years.

He holds a bachelor's degree from Northern Michigan University, and an master's degree plus 24 from Michigan State University.

He is on the board of directors and treasurer for SCAMP and is a member of Calvary Lutheran Church. A 33-year resident of the community, he is married to Josephine Vaara.

Independence Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"Of course -- that is why people remain here and why there are people constantly choosing this community in which to settle. However, we cannot remain stagnant. There has to be growth and change. But we certainly should have a choice of how these changes occur."

"We do not want to make the same mistakes surrounding communities have made by not controlling growth."

"For example, while serving as Planning Commission chairman, we, along with the township board were sued for a million dollars by a developer who wanted to put 1,500 apartments in the area that is now Deer Hills...a beautiful subdivision with open space. That is the kind of zoning for which I am willing to fight."

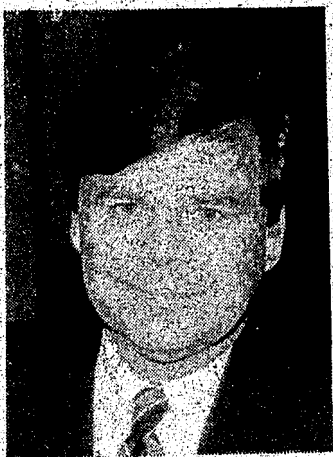

Considering the recent conflicts between the township and village (for instance, the police contract, Deer Lake Beach contract and village cityhood), do you think the relationship can be improved in the years ahead?

"Absolutely. The bottom line is that we want to keep the Village of Clarkston the special place it has always been while preserving the integrity of Independence Township. Some of the ways conflict can be resolved are:

"Joint meetings of both bodies, goal setting together, making use of information from the county and state, attending workshops and seminars and sharing information, surveying residents on what they want to see happen, keeping lines of communication open at all times, and special committees to help with investigative work to determine all sides of the conflicts as they arise."

Some people are predicting a recession following the November election. What do you predict for the township in 1989?

"I am a very positive person and I just do not go..."
(See VAARA, Page 28)

William T. Watkins

J. Calvin Walters

2 seek Republican clerk nomination in Springfield

Two candidates for Springfield Township clerk are on the Republican Party primary ballot.

J. Calvin Walters Republican

J. Calvin Walters, 53, of 7225 Ormond Rd. is the current Springfield Township clerk.

He studied business at Oakland Community College and is a member of the Davisburg United Methodist Church, the Oakland County Clerk Association, Michigan Association of Clerks and the International Institute of Municipal Clerks.

A life-long resident of Springfield Township, he is married to Carole J. Walters.

Springfield Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"Yes, as much as possible. We cannot stop a growing community so we need to continue to plan for the future of the township with the township master plan and regulate our growth with as much guidance and planning as possible."

Springfield Township recently approved an economic revitalization plan. Where would you like to see improvements in the township?

"The major transportation corridor within Springfield Township is Dixie Highway, which is the first and sometimes the only impression visitors have of our rural community."

"I would like to see more interest to improve this area, some of which would be for individuals to paint, clean up around their buildings and some possibly could use more rehabilitation and exterior appearance; also, to encourage new development to be planned cluster commercial areas rather than the 'strip' pattern."

"Also, I would like to see improvement in downtown Davisburg. I think this area could be a real tourist attraction."

Some people are predicting a recession following the November election. What do you predict for Springfield Township in 1989?

"Springfield Township will continue to grow in 1989."

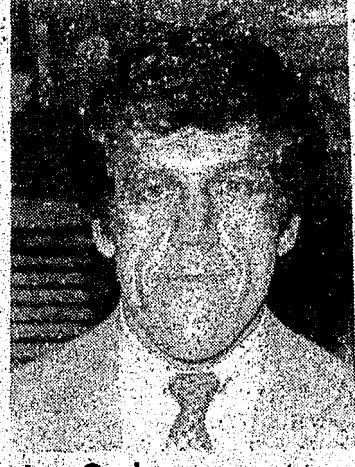

(See WALTERS, Page 31)

Ruth Ann Hines

Lois J. Stiles

Joe Gorka

3 candidates try for treasurer

Two candidates for Springfield Township treasurer are on the Republican primary ballot and one candidate for Springfield treasurer is on the Democratic primary ballot.

Ruth Ann Hines Republican

Ruth Ann Hines, 30, of 292 Broadway has served as a trustee on the Springfield Township Board since November 1986.

She holds an associate's degree in applied sciences from the Grand Rapids Baptist College.

Hines has served as the township board representative on the Springfield Township Planning Commission since January 1987.

A 24-year resident of the community, she is married to Richard Hines.

Springfield Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"As a township board member, I have accepted the responsibility and challenges of planning for and controlling the growth and development of the township."

"As a board member I must endeavor to promote development that is aesthetically pleasing while preserving a rural atmosphere and guarding the quality of life we as township residents enjoy."

Springfield Township recently approved an economic revitalization plan. Where would you like to see improvements in the township?

"The township board has confirmed our intent to implement the Springfield Township Economic Program by adopting the document as a policy guide, by accepting a proposal by the township planner to prepare a streetscape plan for aesthetic improvements along Dixie Highway and by waiving site plan review fees through the end of this year for projects designed to improve existing businesses."

"The board should aggressively work to improve the business climate in the township, and specifically concentrate our efforts toward economic stability and aesthetic improvements to businesses along Dixie Highway."

Some people are predicting a recession following the November election. What do you predict for Springfield Township in 1989?

"I do not feel Springfield Township will feel the effect of a recession in 1989."

"As a member of the township planning commission and township board, I have reviewed many conceptual and specific proposals for development in the township, projects which will not complete the planning process and be ready for development until next year."

"There are several residential projects in the planning stages, as well as some business endeavors being proposed. Therefore, I feel 1989 will be a year of continued growth for Springfield Township."

Lois J. Stiles Republican

Lois J. Stiles, 56, of 10735 King Rd. is employed by Springfield Township. She has served as deputy treasurer for three years.

She has attended Eastern Michigan University and Oakland Community College, where she received an associate's degree in June.

Stiles plans to volunteer with the adult reading program after the elections.

A 20-year resident, she is a widow.

Springfield Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"The board should not JUST maintain our quality of life but work to improve it. I believe in progress and growth, but growth should help us improve the quality of our lives while preserving the unique aspects of our community."

"My concern is that changes are occurring too rapidly. Although change and growth cannot be stopped nor should it be, we must examine all proposals carefully, thereby ensuring a logical development of our township with compatible growth in commercial and residential areas."

"The major issue for the board will be to make growth and a high quality of life compatible."

Springfield Township recently approved an economic revitalization plan. Where would you like to see improvements in the township?

"Because the Dixie Highway is the most visible area of our township to residents and visitors alike, I would like to see the township encourage and support those businesses which have already made a commitment to our township in terms of new or improved facilities, then the addition of some local service-oriented businesses would be of value to everyone."

"I would also support expansion of those businesses which provide employment for our residents."

Some people are predicting a recession following the November election. What do you predict for Springfield Township in 1989?

"The diversity of opinion among economists regarding an impending recession following the November election is unbelievable. It may be well into 1989 or 1990 before we will really know what is at hand."

"While I do know that recessions are always painful, a conservative approach to spending and saving will allow Springfield Township to maintain its financial integrity."

Joe Gorka Democrat

Joe Gorka, 34, of 13030 Woodland Tr. is president of Gorka & Associates Ltd. He has been a chairman of the Springfield Township Planning Commission since 1983.

He holds a bachelor's degree in accounting and financial administration from Michigan State University.

Gorka has helped establish the Springfield Township Youth Involvement Group, has represented Springfield Township on the Michigan Bell-sponsored "Business Retention and Expansion Task Force," worked against a Springfield Township location for the proposed county prison site and was a member of the Springfield Township Economic Development Committee. He is currently representing residents involving a remedy to the Rose and Springfield Township toxic dump sites, and

(See GORKA, Page 28)

5 on ballot for Springfield trustee nominations

Four candidates are vying for four Springfield Township trustee positions on the Republican Party primary ballot, and one candidate is on the Democratic Party primary ballot.

Margaret A. Bloom Republican

Margaret A. Bloom, 52, of 9100 Rattalee Lake Rd. is a secretary in the Springfield Township office.

A Clarkston High School graduate, she has attended Pontiac Business Institute and is involved with Boy Scouts, 4-H, Oakland County Farm Bureau, Springfield Township Historical Society and the Community Presbyterian Church of Drayton Plains.

A 46-year resident of the community, she is married to Robert A. Bloom.

Springfield Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"The Springfield Township Board should try to maintain and continually try to improve the township's quality of life by placing more emphasis on protecting our environment, striving to keep our rural atmosphere and placing a deeper concentration on better planning.

"Although growth is inevitable, it can be controlled by accepting only a density our land will support. The township should strive to provide services to meet the needs of the community."

Springfield Township recently approved an economic revitalization plan. Where would you like to see improvements in the township?

"The Springfield Revitalization Plan was developed to encourage business owners to update existing facilities with the township offering assistance.

"Visual improvements along the Dixie Highway corridor would not only improve the business climate but present a positive image for our community."

Some people are predicting a recession following the November election. What do you predict for Springfield Township in 1989?

"If there is a recession in 1989, I predict a general slowing down of building starts and probably some unemployment among our residents. "Years ago, the women put up extra preserves and made school clothing while their husbands turned to alternate means of gainful employment. Although times have changed, we are still an ingenious lot, resilient as ever."

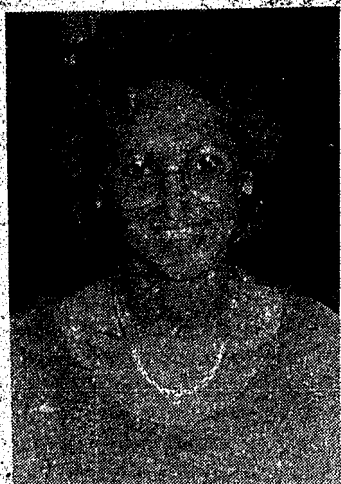

Charles Oaks Republican

Charles Oaks, of 906 Broadway, a current trustee, did not respond to our letter requesting biographical information and answers to our questions.

Nancy Strole Republican

Nancy Strole, 46, of 11990 Davisburg Rd. is a research and communications consultant.

She holds a bachelor's degree in international (See STROLE, Page 31)

"Back-to-School Fashion Shows"
MODEL AUDITIONS
Saturday, July 30 (12:30 pm)
 Attention all tots, children and teens!
 Everyone from ages 3 through 18 is
 invited to audition as models for Summit
 Place's fabulous "Back-to-School
 Fashion Shows"! Each of fifty winners
 receives modeling instruction from
 fashion experts Harriett Fuller and
 Margery Stearns-Krevsky and will appear
 in four spectacular shows (August 19 & 20).
 No prior modeling experience is necessary.
 Proper dress is required and prospective
 models must submit a recent non-returnable
 photograph at registration. Please call
 682-0123 for additional details.

EVANS & ASSOCIATES

Independence trustees

(VAARA, from Page 25)

along with the 'doom and gloomers.' Leading experts have predicted a recession for the past one and a half years and they are again predicting one in 1989. I do not believe that.

"If the media plays on this and people continually hear that there is going to be a recession, they may start believing it, which ultimately contributes to the factors involved with recession.

"Independence Township will continue to grow because of a good school system, good master plan, improved I-75, new businesses encouraged and supported, continued enjoyment of the topography of the land, and good sound zoning."

William Vandermark Republican

William D. Vandermark, 47, of 6594 Cherrylawn is a manufacturing engineer with W.E. Wilson Co. He is currently a trustee on the Independence Township Board.

He attended Wayne State University and Cass Technical School.

He is a SEMCOG delegate, and a member of the Independence Township Wetlands Board, the Society of Manufacturing Engineers, Society of Automotive Engineers and ex-president of Thendara Park Homeowners Association. He is a member of Calvary Lutheran Church.

A 16-year resident of the community, he is married to Jeannette Vandermark.

Independence Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"Yes, the quality of life should be of prime importance when planning our growth. This should be done as follows:

"New development should conform to the zoning and the township master plan for development. Zoning variances should be kept to a minimum. The master plan and zoning should be periodically reviewed to make sure they are working. By that, I mean they should provide a quality of life and a density that is desirable.

"This should give us a high quality, low density community with a good tax base and a low tax rate."

Considering the recent conflicts between the township and village (for instance, the police contract, Deer Lake Beach contract and village cityhood), do you think the relationship can be improved in the years ahead?

"I don't think the conflict between the village and the township have been major. I think they are indicative of the fact that both boards have changed dramatically

since the original beach and police contracts were signed, along with others.

"I doubt if any of the current board members were present when the original contracts were signed. The new people want to review them.

"The cityhood question may be a product of fear that the township will try to absorb the village. All of this is symptomatic of growth pressure and change. To improve relationships we need: planning, zoning, cooperation and communication."

Some people are predicting a recession following the November election. What do you predict for the township in 1989?

"I don't think we will see a recession. The economy will be about the same, which is good, or do better.

"If the Iran-Iraq war is settled and it looks like it will be, oil supplies will increase, causing lower prices. That could help fuel the economy."

George Vitinaros Republican

George Vitinaros, 29, of 6731 Transparent Dr. is employed as an apprentice engineer by C-P-C Pontiac.

He holds associate's degrees in liberal arts and industrial technology from Oakland Community College and is currently attending Wayne State University. He is a member of the OCC Alumni Association.

A 14-year resident, he is single.

Independence Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"Qualities to be maintained are peace and quiet, clean air, clean water, good landscape, good schools, good neighbors and low crime.

"I find that discouragement of the kind of growth that will threaten the desirable things in the township and encouragement of activities that will maintain the desirable things in our township will maintain the quality of life."

Considering the recent conflicts between the township and village (for instance, the police contract, Deer Lake Beach contract and village cityhood), do you think the relationship can be improved in the years ahead?

"The relationship between the village and the township is to provide their services efficiently and effectively to best suit the needs and wants of the majority of their residents at the lowest cost possible.

"Village cityhood may mean the new 'city' will provide the police protection more cheaply and efficiently. If this is the case, the city may be allowed to take over this service altogether, and there would be no conflict.

"The Deer Lake Beach contract is also best left to the new 'city' if it can provide the lake services better and at lower cost.

"Personal power and/or pride conflicts between the village or new 'city' officials and township officials is a conflict of interest."

Some people are predicting a recession following the November election. What do you predict for the township in 1989?

"If there is a nationwide recession following the election, we will certainly feel the effects in the township. If I am elected township trustee, I will use the limits of my authority to limit the effects of a recession in our area. I feel there will be a recession in 1989."

Springfield treasurer

(GORKA, from Page 26)

is a member of the Holly Area Schools "Our Schools Future" committee.

An 11-year resident, he is married to Laurel Larson.

Springfield Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"Springfield Township's board should continue working to maintain the quality of life as long as they represent a majority of residents who are taking time to vote.

"The board protects our quality of life by taking a realistic approach to growth that keeps our existence and character as a rural community through low density residential development.

"There's a strong link between protecting environmental resources, such as wetlands, groundwater systems, wooded areas, and protecting the community's rural character.

"The board needs to work for better roads maintenance schedules with the county road commission and maintain good police services."

Springfield Township recently approved an economic revitalization plan. Where would you like to see improvements in the township?

"We need to face-lift and improve the appearance of properties along Dixie Highway, Springfield Township's main visible entranceway.

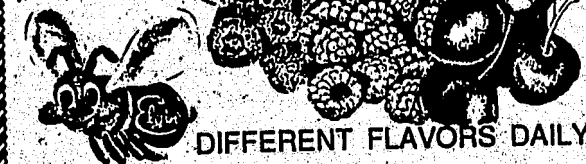

"The visual image of commercial and industrial properties along Dixie reflects on the business itself and the community. Our planning commission and board should continue working with developers and property owners along Dixie, offering incentives to improve landscaping and property maintenance.

"Downtown Davisburg is an untapped economic resource symbolizing Springfield Township's rural atmosphere.

"We need to maintain the character of downtown Davisburg while developing its economic potential to serve the community's residents and its visitors."

Arm and Shoulder Pain

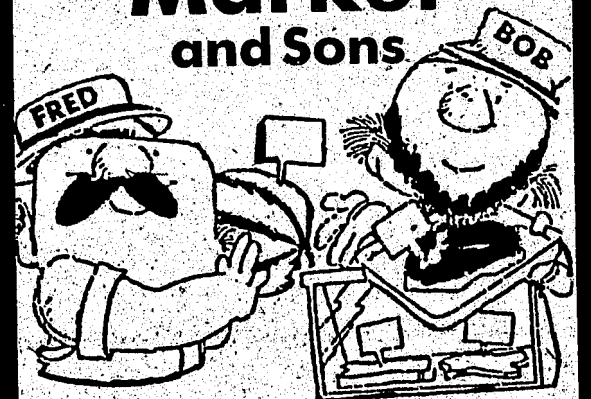

Why suffer from arm and shoulder pain when in most cases there is a ready explanation and treatment? The cause, quite often, is a misalignment of one or more of the spinal bones, which causes an impingement of the nerves that leave the spine radiating into the neck, shoulders and arms. A thorough examination and analysis by a spine specialist should give you immediate relief and help us find the underlying cause of the problem and correct it. Get relief. Give us a call today.

7 seek 6 Springfield park commission seats

Seven Republican candidates are vying for the six Springfield Township Park Commission seats in the primary election. There are no candidates for the position on the Democratic primary election ballot.

We asked each candidate to submit, in writing, biographical information and to answer in 100 words or less one question. Their responses follow.

E. Roger Bower

E. Roger Bower, 42, of 10975 Andersonville Rd. is a teacher for Clarkston Community Schools. He is seeking re-election to the park commission.

Bower holds a bachelor's degree in biology. He is a member of the Davisburg Rotary Club and is a Springfield Township Library volunteer.

A 10-year resident of the community, he is married to Kristy Bower.

Springfield Township purchased the Shiawassee Basin Preserve, a 400-acre park, in 1987. How would you like to see the park used?

"I think the portion that fronts on Davisburg Road would be ideal for additional community athletic fields, baseball, softball, soccer, basketball and tennis courts.

"The remainder of the property, I feel, should be used as a wildlife enjoyment area with hiking and biking trails, some picnic areas and fishing sites.

"All of these areas need to be planned and built with help and ideas provided by people and organizations within the community."

Bob Clark

Bob Clark, 62, of 9765 Andersonville Rd. is self-employed. He is seeking re-election to the parks commission.

Clark is a 1944 graduate of Clarkston High School. He is a member of the Austin Lodge No. 48 F&AM, Austin Elect No. 396 OES and Moslem Temple.

A 42-year resident of the community, he is married to Barbara Clark.

Springfield Township purchased the Shiawassee Basin Preserve, a 400-acre park, in 1987. How would you like to see the park used?

"The park is a very large area, containing wetlands and lakes. All uses should be considered carefully to prevent ecological damage and destruction or disturbance of endangered species, if any.

"Trails for hiking, nature study, horseback riding and cross country skiing could be established where there would be minimal environmental impact.

"The land presently leased for farming is suitable for ball fields, tennis courts and other organized sports.

"All uses will depend on funds available."

Helen E. Craig

Helen E. Craig, 49, of 8212 Tindall is employed by Davisburg Lumber and Hardware.

She has a high school education and is a member of the Jayettes and Bottles for Building. She has served on the Holly Ambulance Board of Directors 12 years and is currently treasurer.

A 25-year resident, she is married to Joseph R. Craig.

Springfield Township purchased the Shiawassee Basin Preserve, a 400-acre park, in 1987. How would you like to see the park used?

"I have talked to a lot of people in this area. We think and hope this land will be left as natural as possible. Walk paths and no blacktopped roads. Fishing but no hunting. No motorboats. No ATVs or motorcycles. Just hiking and fishing, no hunting."

Timothy Dean Holmes

Timothy Dean Holmes, 30, of 11792 Davisburg Rd. is an electrician at Pontiac Motor Division of General Motors Corp.

He holds an associate's degree in applied science. A two-year resident, he is married to Lisa Kaye Holmes.

Springfield Township purchased the Shiawassee Basin Preserve, a 400-acre park, in 1987. How would you like to see the park used?

"The purpose of a park should be as a refuge and recreation facility and/or as a preserve of our natural habitats. A park should encompass areas that can be used by the majority of the public, a majority of the time.

"I understand we have a need for more ball fields, but I would also like to see a large portion laced with hiking and biking trails.

"If possible, I would like to see some wooded picnic areas with a playground. My main objective would be to create a facility that is accessible and enjoyable for families."

Betty F. Hull

Betty F. Hull, 52, of 7660 Dille Rd. is a part-time clerk/teller at the Clarkston-Brandon Schools Credit Union. She is seeking re-election to the parks commission.

A 1954 graduate of Dominican High School, Detroit, she has taken some accounting courses.

She has been a member of the St. Rita Parish Council for two years, a teacher in the parish C.C.D. program 10 years, a member of the Christian Service Commission two years, Cub Scout den mother three years and co-chair of the Santa Booth for Neighbor for Neighbor two years.

A 13-year resident, she is married to Richard T. Hull.

Springfield Township purchased the Shiawassee Basin Preserve, a 400-acre park, in 1987. How would you like to see the park used?

"I believe the major portion of this Preserve should be exactly that - a preserve for the residents to protect and enjoy with trails available for an appreciation of the abundance of natural beauty.

"As a member of the parks commission, I am keenly aware of the shortage of adequate facilities for our baseball and softball programs. We also have no facility for soccer. I would like to see a small portion used to

alleviate these conditions in unlighted recreation fields for our residents.

"The publication of the master plan will allow us to address these concerns in an efficient manner."

William Leddy

William Leddy, 47, of 5521 Ormond Rd. is chairman of the mathematics department and intramural director at Lamphere High School. He is seeking re-election to the parks commission.

Leddy holds a bachelor's degree from the University of Notre Dame. He formerly served as a school board member for Our Lady of the Lakes in Waterford Township and is a Davisburg Little League past coach and past vice president.

A 12-year resident, he is married to Kathryn Leddy.

Springfield Township purchased the Shiawassee Basin Preserve, a 400-acre park, in 1987. How would you like to see the park used?

"The key word is preserve. It is essential that as Springfield Township develops, we preserve our natural areas.

"It is even more important that we preserve the areas adjoining the Shiawassee so as to maintain the purity of its water and the natural wildlife habitat. Any use of the Shiawassee Basin would be with this foremost in mind.

"We have some nice recreation areas already developed and I would like to see a steady improvement of these facilities."

Helen F. Vergin

Helen F. Vergin, 62, of 12561 Scott Rd. was sesquicentennial coordinator for Springfield Township.

She holds a degree in group-work education.

Her community activities include United Foundation and March of Dimes, and she helped organize the Davisburg Methodist Youth Church, Neighbor for Neighbor, Davisburg Christmas Craft Fest, Springfield Business and Garden Show, and Northwest Oakland Community Services.

A 31-year resident, she is married to Lloyd Vergin.

Springfield Township purchased the Shiawassee Basin Preserve, a 400-acre park, in 1987. How would you like to see the park used?

"I would like to see a master plan developed for the next 10 years.

"Some of the projects I would like the park commission to consider are: marked woodlands trails; fishing and boating sites with parking available; educational programs on gun safety, fishing, etc.; relocating natural game (turkeys and pheasants) back into the area; widening the entrance to the main building for fire safety; use of the Barker house for community needs.

"I would suggest restrictions on tree cutting and power motorboats as well as charge an admission fee or have residential cards available to help finance different projects."

Springfield trustees

(STROLE, from Page 27)

studies and communication from The American University, Washington, D.C. She is involved in Cub Scout Pack 192, is a co-founder of Residents Against Ineffective Detention (RAID) and a member of the Village of Holly Prison Fact-finding Committee.

A three-year resident of the community, she is married to Wayne Strole.

Springfield Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"Absolutely! Springfield Township offers a quality of life increasingly difficult to find in Oakland County.

"Springfield's emphasis on open space for preservation, its lack of congestion, its extensive park lands and recreation facilities, its friendly, unhurried atmosphere are the reasons families have lived here for generations and newcomers have settled here.

"The pressures on Springfield will be immense in coming years. And while it's unrealistic to think we can place Springfield in a time capsule, we must preserve its present character. I'm totally committed to that effort - because if Springfield's special assets are ever lost, they will be lost forever."

Springfield Township recently approved an economic revitalization plan. Where would you like to see improvements in the township?

"I'd like to see continued visual improvement along Dixie Highway and in attracting non-consumptive professional and light industrial business, such as Machine Engineering and Android, that are assets rather than a drain to our community.

"Residents would also benefit from a carefully planned and placed small neighborhood retail center on Dixie between I-75 and Davisburg Road.

"I'm opposed to strip retail development and large shopping malls, since these would adversely affect the township's infrastructure and quality of life.

"I'd also like to see continued improvements in the village area of Davisburg, which has a unique character and attractiveness."

Some people are predicting a recession following the November election. What do you predict for Springfield Township in 1989?

"I believe Springfield will experience continued growth pressures in 1989, although the pace might be temporarily slowed in the event of a recession.

"With respect to Springfield, a recession would likely affect housing starts/sales. The township's portion of state revenue sharing could also be affected.

"However, a recession is not inevitable in 1989. The nation as a whole has experienced the longest sustained growth period in recent history. During this time, economists' predictions have proven wrong too many times to count.

"Over the long term, growth pressures on Springfield will continue. Communities don't change by years. They change by decades."

Dennis J. Vallad Republican

Dennis J. Vallad, 35, of 8684 Sunset Cove, is a product engineer for General Motors Corp.

He holds a master's degree in mechanical engineering from the University of Michigan and a bachelor's degree in mechanical engineering from General Motors Institute.

An eight-year resident of Springfield Township, he is married to Jean Vallad.

Springfield Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"The township will continue to grow at a rapid rate as land for development along the I-75 corridor becomes scarce.

"People choose to move to the township for its quality of life, just as our family did eight years ago.

"I believe this quality of life can be maintained - even with continued, balanced growth - by following the

recently developed master zoning plans. This will be the most important function of the township board."

Springfield Township recently approved an economic revitalization plan. Where would you like to see improvements in the township?

"I would like to see improvement in the township's roads, an increase in fire and police protection, development of solid waste management plans and increased funding for parks and recreation programs."

"We must continue with our master zoning plans to maintain the character of the township."

Some people are predicting a recession following the November election. What do you predict for Springfield Township in 1989?

"A recession in 1989 would certainly slow down the tremendous growth rate the township has experienced in the last few years.

"Rural living requires a certain amount of self-sufficiency. The people of Springfield Township will display this characteristic if the predicted economic down-turn occurs. Township government must respond in kind with strong leadership under budget constraint."

Glen Vermilye Democrat

Glen Vermilye, of 12461 Scott Rd., a current trustee, did not respond to our letter requesting biographical information and answers to our questions.

Springfield clerk

(WALTERS, from Page 26)

"We may see some leveling off in the 1990s, but with the extension of the commercial, industrial and office buildings coming north on I-75, this will cause families to move to our rural community to enjoy the country setting, wildlife, wetlands, lakes, streams and varied topography, which provide very desirable home building sites."

William T. Watkins Republican

William T. Watkins, 40, of 12408 Carriage Trail Dr. is president of Great Lakes Medical Inc.

He holds a bachelor's degree from Chip University. A six-and-one-half year resident, he is married to Christine Watkins.

Springfield Township is rapidly growing as I-75 and Dixie Highway have been or will be expanded in the near future. Should the township board try to maintain the quality of life township residents are used to?

"One reason everyone is attracted to Springfield Township is the wonderful quality of life the township provides. There is no doubt this must be preserved.

"However, I would guard against efforts to prevent growth at all costs. Such would lead to community stagnation.

"In many regards, the old saying that if you're not moving ahead, you're falling behind is representative of how government must behave."

Springfield Township recently approved an economic revitalization plan. Where would you like to see improvements in the township?

"I feel an emergency medical facility is needed to address the community's health care needs.

"In a situation of severe trauma or heart attack, the closest facilities are currently over one-half hour away. This would address a community need as well as provide medical benefits.

"Dixie Highway is also the gateway to the township. Therefore, this asset must be monitored and enhanced as a showcase for the community."

Some people are predicting a recession following the November election. What would you predict for Springfield Township in 1989?

"I doubt if a recession will occur in 1989. While we are seeing a slowdown in some areas of the economy with the increased prime rate, and there is speculation that long bonds may reach into the 10 percent range, this is expected to be restricted to a short-term basis.

"With employment at record levels, the downturn will be short-lived, and the second half of '89 will be strong."

Springfield

Cop protection millage renewal

What it says

Shall a one mill levy upon all taxable property within the Charter Township of Springfield, County of Oakland be renewed for a period of 10 years, for the years 1989 through 1998 inclusive, for the purpose of maintaining, operating and improving Police Protection within the township?

What it means

Voters are asked to renew half of the police millage in Springfield Township in the Aug. 2 election. The police millage in Springfield is 2 mills, half of which expires in 1988 and the other half in 1995. One mill is \$1 for every \$1,000 of assessed property valuation.

The township has a contract for police coverage with the Oakland County Sheriff's Department. For 1988, \$257,000 has been budgeted for police protection.

Library millage for operation

What it says

Shall a library tax of 1 mill (one) be levied for operating purposes of Springfield Township Library, within the overall legal library tax rate limitation of 2 mills, commencing with the fiscal year starting January 1, 1988?

What it means

The Springfield Township Library, formed in 1975 as a bicentennial project, is asking for 1 mill for operating purposes, including salaries, new books, utilities, maintenance, etc.

Since its formation, the library has been funded through appropriations from the township general fund.

Library millage for building

What it says

Shall a library building tax of 1 mill (one) for capital purposes of Springfield Township Library be levied for 5 (five) years only, within the overall legal library tax limitation of 2 mills, commencing with the fiscal year starting January 1, 1988?

What it means

The Springfield Township Library has operated out of a historical building, the former Andersonville School House, since its formation in 1975.

Due to growth and increased services, the library has outgrown its present quarters, but cannot expand at the present site.

The library is seeking funding for a building on a new location within the township.

4-H provides family entertainment

BY PAT YOUNG
Clarkston News Staff Writer

The Keens of Davisburg has been involved in 4-H for the past 10 years.

"When you join 4-H, it becomes a family affair," says Mary Keen with a smile.

It all began when their oldest son, Ron, was an 8-year-old just starting in 4-H.

"He had two rabbits and a fishing project," Mary recalls. "It multiplied."

Ron Keen, now 18 years old, has worked on projects in 56 4-H categories over the years. As the 1987 4-H King, he will be on hand Aug. 2, along with 1987 4-H Queen Cheryl Teideman, to crown this year's 4-H royalty at the Oakland County Fair.

Ron is the 1987 state winner of leadership, the 4-H delegate to National 4-H Congress in Chicago, and he earned a state rabbit scholarship, a farm and garden club scholarship and is a finalist in the DNR Mich-Con conservation scholarship contest.

Recently, Ron has worked on a wetlands conservation project as well as a bluebird trails project.

"We all have bluebird houses in our backyards," says Ina Golden, a first aid project leader in the Davisburg Busy Bees 4-H Club.

Mary is the general leader of the club. She is also on the Oakland County 4-H Fair Board and has been on the state 4-H rabbit developmental committee three years. In conjunction with her family's 4-H rabbit projects, she is on the American Rabbit Breeders Association National Youth Committee.

Mary's husband, Ron Sr., is an archery project leader in the Davisburg 4-H club. Ron II is a rabbit project leader.

The Keens' younger son, Robert, 10, was just

named state runner-up in rabbits, earned a \$200 scholarship in the rabbit expo and has projects in conservation, archery, horses, pigs and goats.

Now, as their oldest son leaves the 4-H as a youth and begins work as a leader, the Keens are beginning with a new "batch" of youngsters in 4-H. Many of the youths in the Davisburg Busy Bees are 10 and 11, and some are as young as 8. There is now a "pee-wee," or "clovers" 4-H club for 8- and 9-year-olds, too.

Many, like Ron II, become leaders and stay involved in 4-H when they outgrow the club at 18 or 19.

A lot of them do stay involved, Mary says. They get to work with people, be involved and share things they are interested in.

What keeps kids in 4-H over the years?

"They can build on their strengths from the previous year," Ina says.

"It's the diversity that's attractive to kids," she adds. Ina has one daughter, 10-year-old Katy, in computers and clowning. Another daughter, 12-year-old Karen, is in cooking and crafts. Both are also in rabbits, and as active

(See ACTIVITIES, Page 45)

Events galore at 4-H Fair

Young and old alike can find something of interest at the Oakland County 4-H Fair, which opens Monday, Aug. 1, and runs through Saturday, Aug. 6, at Springfield Oaks County Park.

The park is located on Andersonville Road at Hall Road, near Davisburg in Springfield Township. Daily parking for the fair is \$4 per vehicle. A weekly parking sticker is \$6 if purchased before the fair and \$12 during the fair.

In addition to traditional livestock displays, competitions and exhibits, dozens of special activities are planned.

Aug. 1 kicks off the fair with Senior Citizen's Day. Activities include bingo for seniors from 2-4 p.m. Seniors will be admitted free to the lightweight horse pull at 7:30 p.m.

Country and Pageant Day is Aug. 2, featuring the crowning of the 4-H king and queen at 8:30 p.m. Tracey Lynn and the Mountain Express perform at 7:30 p.m.

Kids Day on Aug. 3 includes the pee-wee exhibits, two-for-one carnival rides, the Dare Devil and Thrill Show and an ugly truck contest.

Health Awareness Day takes place Aug. 4. The demolition derby is featured at 8 p.m.

Handicapper Appreciation Day highlights games and activities for the handicapped on Aug. 5. The evening's main event is the truck and tractor pull at 7 p.m.

The fair closes Aug. 6 with Agricultural Day. Livestock exhibits, a banquet and a livestock auction comprise the day's attractions. The final evening attraction is figure 8 auto racing at 8 p.m.

Exhibit hours during the fair are 9 a.m. to 9 p.m. Carnival rides open at noon.

More information about the 4-H Fair is available by calling 634-8830 or 625-8133.

DAVISBURG, 4-H'ERS Robert Keen and Karen Golden work on a 4-H poster for the

Oakland County Fair, which runs from Aug. 1-6 at Springfield Oaks County Park.

DUNLAP-DURBIN

FAMILY PLEASER

Spacious home designed for family living, sharp condition shows pride of ownership. Features include 4 bedrooms, 2 1/2 baths, family room with fireplace, plus lake privileges on 2 lakes. Just move the family in and ENJOY! Call now and ask for RDR-1094. \$135,000.

No bones about it

Kids fascinated by dinosaurs at library

Today's "space age" children learned about animals that roamed the earth 200 million years ago during the Independence Township Library Summer Reading Program when Kensington Metropark naturalist Bob Hotaling came to visit.

The grade school pupils heard some interesting facts about dinosaurs during Hotaling's slide presentation on July 19, after which he showed the children dinosaur models, fossils and bones.

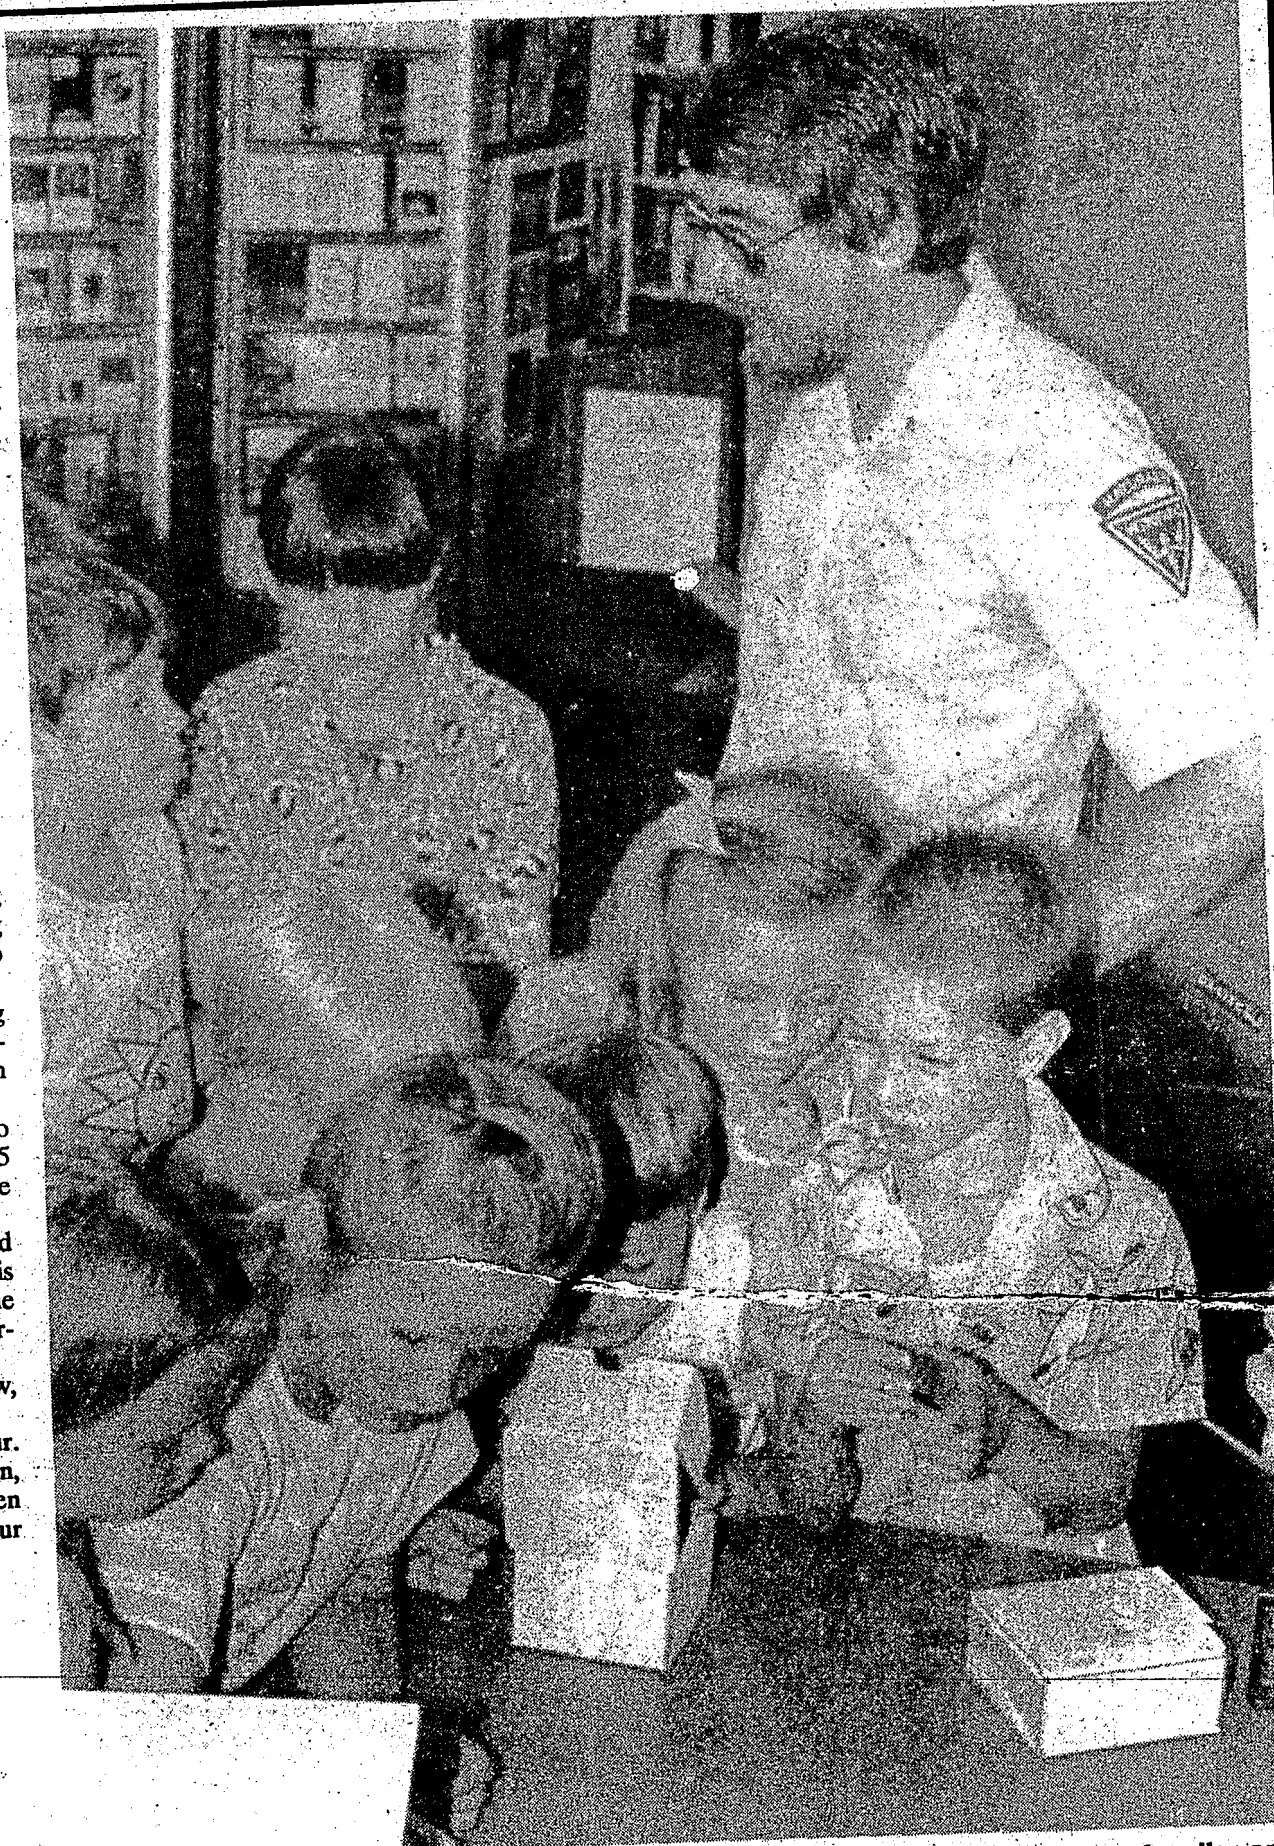

Dinosaurs - over 300 kinds have been discovered so far - lived for nearly 140 million years, up until about 65 million years ago. Not all of these dinosaurs lived at the same time.

Man is constantly learning about dinosaurs, and sometimes finds that information used previously is incorrect. For instance, Hotaling says many of the models of dinosaurs in museums are put together incorrectly.

Most dinosaurs were plant eaters. Some were slow, but some could move at 50 mph.

Birds could be descended from a type of dinosaur.

Michigan rock is too old to find dinosaur bones in, Hotaling told the children. (Most of the bones have been found in the western part of the country.) No dinosaur bones have ever been found in Michigan.

FIRST-THROUGH-THIRD-graders in the Independence Township Summer Reading Program were fascinated by plastic models of

dinosaurs and real dinosaur fossils and bones that naturalist Bob Hotaling brought in to illustrate his program on July 19.

German visitors to arrive this week

For the fifth consecutive year, visitors from Friedenskirche (Peace Church) in Biberach, West Germany, will come to Calvary Evangelical Lutheran Church.

Among the 20 Lutheran Christians visiting July 27 to Aug. 4 are 13 young people and seven adults, led by Pastor Eberhard Gohner and Walter Ruf.

When the Rev. Robert Walters (of Calvary) and Gohner met at the Lutheran School of Theology, Chicago, Ill., in 1958, they followed up with Christmas letters.

The Walters family renewed the friendship with a visit to Biberach in 1984. Ever since, members of the two churches have visited back and forth.

This year, Karen and Ken Simmons are coordinating the visitors' stay with members of the church on Bluegrass, Independence Township, and Calvary families are hosting the German friends.

To get to know each other, events planned include a canoe outing from Deer Lake to Van Norman Lake, a fellowship night at the church and a joint outing with members of the Trinity Lutheran Church in Windsor at Pointe Pelee National Park.

Gohner and his wife Ursi will remain when the group returns home. He is to share ministry with the Rev. Robert Walters for three weeks in September and three weeks in December, during which time they will compare the life and work of a pastor in Germany with United States.

The Gohners' daughter Gudrun is to study this coming year at Concordia (Lutheran) College, Moorhead, Minn., and the Rev. Eberhard Gohner will also be taking classes in the U.S.

In service

Thomas Thomson has been promoted in the United States Air Force to the rank of master sergeant. He is a weapons loading supervisor at Luke Air Force Base, Ariz., with the 58th Aircraft Generation Squadron.

A 1973 graduate of Clarkston High School, he is the son of Anne Thomson of Transparent Drive, Independence Township.

Jeffrey E. Ice has been promoted in the United States Army to the rank of specialist. He is a single channel operator with the 1st Infantry Brigade, West Germany.

A 1986 graduate of Clarkston High School, he is the son of Patricia Ice of Marenpo Road, Independence Township.

Marine Pfc. Paul T. Stephens recently completed the 13-week basic electronics course at the Marine Corps Communication-Electronics School in Twentynine Palms, Calif.

A 1987 graduate of Clarkston High School, he joined the Marine Corps in September 1987. He is the son of Holly Stephens of Fowler Road, Independence Township.

Navy Petty Officer 1st Class Peter J. Saile recently participated in port visits while stationed with the U.S. Seventh Fleet aboard the aircraft carrier USS Enterprise, homeported in Alameda, Calif.

Saile visited Pusan, Korea, and Subic Bay, Republic of the Philippines. The visits followed nearly four months of intense operations in the Indian Ocean and North Arabian Sea.

A 1979 graduate of Clarkston High School, he joined the Navy in September 1982. His parents are James and Jean Saile of South Main Street, Independence Township.

Grads

Kimberly Schulte was graduated with honors from Michigan State University, East Lansing. She received a bachelor's degree from the School of Natural Science.

She is enrolled in the Thomas M. Cooley School of Law, Lansing.

Engagement

WYSOCKI-EIDEN: Mrs. Antonetta Wysocki of Dearborn Heights announces the engagement of her daughter Lisa to Mark Eiden, son of Mr. and Mrs. John Eiden of Ellis Road, Independence Township. The bride-to-be is a 1988 graduate of Wayne State University, Detroit. Her fiancé is employed as a private investigator. An August wedding is planned.

A 1984 graduate of Clarkston High School, she is the daughter of Daniel Schulte of Bradenton, Fla., and Sandra Schulte of Waterford.

James Shift, son of Clarkston area residents Mr. and Mrs. John Shift, recently was graduated from Embry-Riddle Aeronautical University, Daytona Beach, Fla., with a bachelor's degree in computer science with aviation application.

His background is filled with aviation. He received his pilot's license in 1974 at the age of 17; the summer before his junior year at Clarkston High School.

He then worked as a helper for mechanics at the Pontiac Airport and, later, received his commercial pilot's license and instrument and multi-engine ratings from Ross School of Aviation, Tulsa, Okla.

A few years later, he enrolled at the FAA Mike Monroney Aeronautical Center in Oklahoma City, Okla., to become an air traffic controller.

Most recently, he has accepted a job offer from the Boeing Co. at NASA in the Kennedy Space Center, Fla., as a computer programmer.

Karen E. Sanderson of Church Street, Clarkston, has graduated from Eastern Michigan University, Ypsilanti, with a master's degree.

Alice Sutton is a member of the Class of 1988 of Kalamazoo College. Her bachelor's degree, with majors in history and French, was awarded June 11.

For her career internship, she worked on exhibits for the Kalamazoo Public Museum. She studied in Clermont-Ferrand, France, as part of the college's foreign study program. For her senior individualized project, she did research on Quebec nationalism.

She was on the dean's list and was a member of the Student Commission, Students for Alternative Entertainment. She also worked on the Index and the radio station.

In the fall, Sutton plans to leave for Metz, France, where she will be teaching English.

Clarkston area resident Annette Tenerelli has received a bachelor of business administration degree from The University of Michigan-Flint.

Honors

Robert Gitre is on the dean's list for academic achievement during the spring trimester at Johnson & Wales College, Providence, R.I.

A culinary arts major, he resides on Davisburg Road, Springfield Township.

Todd Sorgatz is on the dean's honor list for the winter semester at Mott Community College, Flint.

A 1987 graduate of Clarkston High School, he plans to transfer to the University of Michigan and major in business administration.

His parents are former Clarkston residents Dennis and Lynda Sorgatz of Davison.

Visitors

The Clarkston High School Class of 1967 reunion brought Herb Beach and his family home for a visit.

Herb and Joanne Beach and their daughters, Angie, 14, and Michele, 7, flew in July 13 from Arizona for a 10-day stay with Winifred Beach of Wampole Drive, Clarkston.

On July 17, Mrs. Beach held an open house for friends and relatives, whom he hasn't seen for several years, to greet Herb and family.

Club notes

The General Richardson Chapter of the Daughters of the American Revolution will meet Thursday, Aug. 4, at the Central United Methodist Church in Pontiac.

Mrs. George Bellairs will present a historical program entitled "Sheep and Wool."

Miss Dorcas Wolf is chairman of the luncheon meeting. Guests and prospective members are welcome.

New arrivals

Airman 1st Class William S. Bennett has graduated from United States Air Force refrigeration and air conditioning course at Sheppard Air Force Base, Texas.

A 1986 graduate of Clarkston High School, he is the son of James Bennett of Eckles Road, Independence Township.

Ryan Timothy Breen was born July 22, on his grandfather Jack Blaylock's birthday, at Pontiac General Hospital to Pat and Nancy Breen of Independence Township. Ryan weighed 8 pounds, 11 ounces.

Waiting at home for their new baby brother were Kevin, 6, and Andrew, 3.

Grandparents are Jack and Dolly Blaylock of Independence Township, and Jerry and Bea Breen of West Bloomfield.

Paul and Colleen Zuker of Clinton Drive, Independence Township, welcomed their son Andrew John into the world June 22.

Born at Crittenton Hospital, Rochester, he weighed 7 pounds, 8 ounces and measured 20 inches long.

His brother Jason is 2 years old.

Grandfather is Joe Zuker of Allen Park, and aunts and uncles are Mary Jo Murphy of Rose Center, Maureen Murphy of Ithaca, Michelle Murphy of Colorado, Andrea and Dave Hopper of Colorado, Mr. and Mrs. Dan Bragunier of Dearborn, Mr. and Mrs. Gary Templin of Allen Park, Mr. and Mrs. Mike Moran of Dearborn and Mr. and Mrs. Jim Parry of Ohio.

Around Town

Local events open to the public are printed in Around Town as a community service. Call 625-3370 or write to The Clarkston News, 5 S. Main, Clarkston, MI 48016 two weeks in advance.

Friday, July 29 - Photos taken by Oakland Livingston Human Service Agency photographers for Oakland County Senior Citizen Discount Program; seniors, age 60 and over, may have photo taken and laminated into ID card; free; allows seniors to take advantage of discounts offered by merchants; 10 a.m. to 2 p.m.; Independence Township Senior Citizen Center, 5980 Clarkston Rd., Independence Township. (625-8231)

Friday, July 29 - Emil Sutt Band ("Big Band" sound) is featured in the Concerts in the Park series; 7 p.m.; free; sponsored by the Clarkston Area Chamber of Commerce, with members of the organization selling popcorn and soft drinks and distributing programs; in Depot Park, adjacent to Clarkston Village Hall, 375 Depot, in the village. (Clarkston Area Chamber of Commerce, 625-8055)

Friday, July 29 - "A Visitor From the Past," a program at the Cohn Outdoor Amphitheater at Independence Oaks County Park; Baptiste, a French fur trader of the late 1700s, will illustrate life in early Michigan through Indian legends, songs and activities; audience participation will help bring alive the 7 to 8 p.m. program; \$1 a person plus park vehicle entry fee; tickets should be purchased in advance at the park nature center or reserved by calling 625-6473; off Sashabaw Road, 2 1/2 miles north of I-75.

Friday, July 29 - Picnic Dance, featuring "The Hits," a band with members from the Clarkston area who have played at the Fox and Hounds Restaurant for 2 1/2

years; \$10 donation, all proceeds go to the Clarkston Conservatory of Music; 7 p.m. to midnight; bring a picnic dinner; Cedar Crest Academy, 8970 Dixie Highway, Springfield Township. (625-3640)

Saturday, July 30 - Car wash and bake sale by the Clarkston High School cheerleaders; 12:30 to 4:30 p.m.; \$3 for car washes; \$5 for truck or van washes; money will go toward cheerleading camp expenses; First of American Bank, corner of Dixie Highway and Maybee Road. (673-5917)

"IN THE PITS" by Southfield resident Peter Lawlis will be on display with the work of five other artists involved in automotive art during the annual Meadow Brook Historic Races at Waterford Hills Road Racing Track in Independence Township. The fine art exhibit will be open to the public on Friday and Saturday, Aug. 6-7, from 10 a.m. until 6 p.m. Admission is included with the cost of a race ticket. Each artist can show up to six pieces of art, said Dave Pickering, director of marketing for the races. The Waterford Hills Road Racing Track is on the grounds of the Oakland County Sportsmen's Club on Waterford Road between Dixie Highway and Pelton Road.

BIKERS from a Livonia church youth group wheeled through Clarkston on July 21 during a 700-mile round trip bicycle journey to Lake Michigan. The 38 riders from Ward Presbyterian call themselves the Ward Cross-Country

Men and annually venture off to distant sites. Among the bikers was 20-year-old Bryan Hammond, the son of Cliff Hammond, owner of the It's About Time clock shop in the Clarkston Mills Mall. (Photo by Peter Auchter)

Circus is coming to Independence

Clowns, jugglers, elephants, aerialists and acrobats are coming to Independence Township with The Great American Circus.

Shows are planned for 5 and 7:30 p.m. Monday, Aug. 1, at the Clarkston Fraternal Order of Eagles, 5640 Maybee Rd., east of Sashabaw Road, Independence Township.

"Everybody ... is excited that it's going to be here," said Pattie Trevaskis, bartender at the Eagles.

"There's a lot of ... members who have kids. This is a family place, and (the circus) is for the whole family," she said, adding the circus is open to the public.

Tickets are \$7 for adults and \$5 for children, but coupons are available for free children's tickets and discounts on adult tickets.

Proceeds are to benefit the Pontiac Firefighters Local No. 376.

For more information, call 625-9838.

Scramble returns

The popular 3-man scramble golf tournament returns to Springfield Oaks early next month.

There is a 54-team limit for the Saturday, Aug. 6, tourney and there is a sellout every year, said Gary Berschbach, pro shop supervisor.

Golf scrambles differ from other tournaments, because all three team members take a swing but the team always plays the best of the three shots.

Prizes go to the top eight teams, and in a scramble, more teams have the opportunity to win because teammates can compensate for bad individual shots, Berschbach said.

The tournament cost is \$90 per team. For more information, call 625-2540.

Microwave Plus

Keeping cool

Beat the heat this summer by using cool microwave cooking.

Make your own refried beans in the microwave, top them with a few tasty items and you have an appetizer that could double as a side dish.

Party Potatoes are a favorite of many, but who wants to live with a 350-degree oven for one hour when the temperature is in the 90s?

FRIJOLES REFRITOS

I found this recipe in a newspaper, changed a few ingredients and adapted it to microwave directions.

1 pound dried pinto beans

6 cups water

2/3 cup picante sauce

1 small onion, chopped

3 large cloves garlic, peeled and minced

Rinse and sort beans. Place in large microwaveable bowl. Add water, picante sauce, onion and garlic. Cover; microwave at high power for 10 minutes. Reduce to 50 percent (medium) for 1 1/2 to 2 hours or when beans can be easily mashed. (I use a Foley fork or potato masher for the beans.)

MEXICAN LAYERED APPETIZER

1/2 recipe Frijoles Refritos* or 1 can refried beans

8 ounces sour cream, reduced fat sour cream or plain yogurt

3 small or 2 medium ripe avocados, mashed with 2 teaspoons lemon juice

1 package taco sauce mix

6 green onions, chopped

Picante sauce - hot, medium or mild, according to taste

Corn chips

Spread beans on bottom of large plate. Mash

avocado with 2 teaspoons lemon juice; spread on beans. Mix sour cream with taco sauce mix and spoon over avocados. Sprinkle green onions over sour cream. If desired, spoon picante sauce over top. Serve with corn chips.

*Use remaining half recipe of Frijoles Refritos for Mexican Lasagna or Manicotti.

PARTY POTATOES

Adapted from a recipe of Marie Laidler of Oxford.

1 1/2-pound bag frozen O'Brien potatoes, defrosted

8 ounces sour cream (or reduced calorie sour cream)

2 cups shredded Cheddar cheese

1 can cream of mushroom soup

2 sticks margarine, melted

Cornflake crumbs

Place one stick margarine in 8 1/2-by-12 1/2-inch Pyrex baking dish. Microwave at high for 30 to 45 seconds or until melted. Add defrosted potatoes, sour cream, cheese and mushroom soup. Mix well. Spread evenly in baking dish.

Melt remaining margarine in Pyrex measure or bowl at high power for 30 to 45 seconds. Sprinkle cornflake crumbs over potato mixture; pour remaining melted margarine over top. Microwave at high power 15 minutes. Turn dish around half way and continue cooking at high for 10 to 15 additional minutes.

Note: If edges of potato mixture begin to overcook, place a strip of foil over each edge of the dish. Keep the foil 1 inch from the sides of oven.

Home economist Betty Wagner resides in Independence Township. Her "Microwave Plus" cable-TV program airs weekly on Independence-Clarkston Channel 65.

Before you go . . .

When you return home from vacation, the last thing you need to see is a high energy bill or a burglarized home.

Consumers Power Co. offers the following suggestions for conserving energy and protecting your home while you're away:

Turn the temperature on your gas water heater to pilot.

Take your electric hot water heater off the circuit breaker or fuse.

If you have central air conditioning, turn it off. Set the cold control on your refrigerator at a higher temperature.

Unplug any sensitive equipment, such as your television or stereo, to eliminate the possibility of damage due to lightning strikes.

Let your neighbors know you'll be away and ask them to check your property regularly.

Stop mail and newspaper delivery, or have someone else pick these up.

Arrange to have the lawn mowed if you'll be gone over an extended period of time.

Install a timer to operate lights during evening hours to make it appear as if someone is home.

Fund-raiser for Wright

A barbecue fund-raiser for Tony Wright, the Libertarian Party candidate for the United States Congress 6th District, is planned Saturday, July 30.

A \$10 donation is suggested for the fund-raiser that begins at 5 p.m. at 322 Millington, south of Square Lake Road and east of Woodward Avenue, Bloomfield Hills.

Wright resides in Independence Township.

To RSVP, call 332-7834 or 674-0053.

The Postal Service reminds you that you can lose your home mail delivery if you don't restrain your dog. If your dog bites a letter carrier - as more than 3,000 dogs did last year - you can be liable for damages. Please keep your pet fenced or leashed.

Caring ministry program under way at church

BY PAT YOUNG
Clarkston News Staff Writer

A new lay ministry of caring - people to talk to during difficult times - is being formed by the Clarkston United Methodist Church, 6600 Waldon Rd.

The Rev. Doug Trebilcock and church member Chris Wyatt recently returned from a two-week leaders training course in Texas that will help them implement the new program. It is a system for training and organizing lay people to do caring ministry in their congregation and in the surrounding community.

"People in need will now receive even more personal care and love from (our church)," Trebilcock says. "There simply will be more ministers to go around."

St. Stephen was the first lay minister in the Christian church when it was formed some 2,000 years ago, according to Trebilcock. Appropriately, this modern-day lay ministry is called the Stephen Series. The copyrighted program is administered by Stephen Ministries of St. Louis, Mo., a non-profit, religious and educational organization that is transdenominational and international in scope.

Over 2,100 congregations, agencies and military base chapels all over the United States, Canada, Australia, the Canal Zone, Germany, Japan and the Middle East are using the Stephen Series, Trebilcock says.

At the two-week training session in Texas, Trebilcock says he and Wyatt were "equipped with the materials and knowledge to educate others in the art of Christian helping."

Part of the funds to start the Stephen Series at Clarkston United Methodist Church came from the church's Clark Fund, which was set up by descendants of some of Clarkston's founders for community projects.

"We feel this is a community outreach project," Trebilcock says.

Wyatt adds, "We heard about (the program) sev-

eral years ago. Our church realized the need to reach out to more people that are hurting."

Trebilcock and Wyatt both stress that this is lay person to lay person caring, not counseling.

"It's more a listening ear, someone who can be an objective listener," Wyatt says. "Sometimes, it's hard for a family member to do that."

As Stephen leaders, Trebilcock and Wyatt will train

A NEW LAY MINISTRY is being undertaken in the Clarkston United Methodist Church by the Rev. Doug Trebilcock and church member Chris Wyatt.

volunteers in their church to be Stephen ministers during a 50-hour training session. These Stephen ministers will be officially "commissioned" before the congregation next Palm Sunday, March 19.

"Our goal is to have 15 Stephen ministers at first," Trebilcock says. "And we have great dreams beyond that."

Once the program is in place, people may call the church office or be referred to the program by their church. Or lay ministers may observe someone in their own congregation who needs help. Trebilcock or Wyatt would explain the program to the individual. Then a Stephen minister would visit once a week, anytime, any place, for as long as the need is there.

"There is an opening and a closing to the program," Trebilcock says. "It is a structured caring, a format found to be effective, a care giving to those in need."

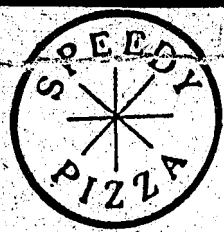

Trebilcock and Wyatt both indicated that they would be happy to discuss their new ministry with any interested persons, and may be contacted at the church, 625-1611.

Additional information on establishing a lay caring ministry using the Stephen Series as a resource may be acquired directly from Stephen Ministries, 1325 Boland Place, St. Louis, MO 63117 (314-645-5511).

Obituaries

Allen Russell Lewis

Allen Russell Lewis, 61, of Springfield Township died July 18. He was employed as a truck driver for Consolidated Packaging Corp. and was a veteran of the United States Navy.

Surviving are his wife, Joyclyn; children, Mrs. David (Kathy) Schrepfer of Ortonville, Gary Lewis of Tennessee, Mrs. Greg (Margaret) Wickline of Clarkston, Loretta Lewis of Springfield Township and Mrs. Bill (Marlene) Wilson of Springfield Township; eight grandchildren; three brothers; and six sisters.

The funeral was held July 22 at the Lewis E. Wint & Son Funeral Home, Independence Township, with Dr. Robert C. Hollis officiating. Burial was in Long Rapids Cemetery, Alpena.

Faith Ann Matas

Faith Ann Matas, 33, of Independence Township died July 19.

Surviving are her husband, John M.; parents, Raymond and Joyce Donahoe of Brandon Township; father- and mother-in-law, John and Clara Matas of Lapeer; children, Hilary Amber and Nathan John, at home; sister, Hope Donahoe of California; brother- and sister-in-law Frank and Diane Kruger of Rudyard; and niece, Adrian.

The funeral was held July 23 at the Lewis E. Wint & Son Funeral Home, Independence Township, with the Rev. Michael A. Klafehn officiating. Burial was in Ottawa Park Cemetery, Independence Township.

Notice Charter Township of Springfield PUBLIC HEARING

NOTICE IS HEREBY GIVEN THAT THE PLANNING COMMISSION OF THE CHARTER TOWNSHIP OF SPRINGFIELD will hold a PUBLIC HEARING on Tuesday, August 16, 1988, at 7:30 p.m. at the Springfield Township Hall, 650 Broadway, Davisburg, Mich. for comments related to the following:

1. Request by Mark A. Reis, P.O. Box 442, Waterford, MI 48095, to rezone the following described property from R-1 single family residential to R-3 single family residential, approximately 54 acres. Property located on the south side of Softwater Lake SW #07-23-226-002.

2. Request by Richard Howard, 4488 Walton Blvd., Drayton Plains, MI 48020 to rezone property located on Dixie Highway and Lavon Drive in Section 24, of Springfield Township. Said property is parts of lots 9, 10, 11, 12, and 13 approximately the southerly 308 feet containing 4.78 acres. To rezone said described parcel from R-3 single family residential to C-2 General Business.

NOTICE IS FURTHER GIVEN that the application for rezoning and additional information may be examined at the Clerk's Office, 650 Broadway, Davisburg, Michigan during regular office hours, Monday through Friday until the date of the public hearing.

J. Calvin Walters, Clerk
Charter Township of Springfield

OFFICIAL NOTICE

Charter Township of Independence PUBLIC NOTICE

Registered voters may vote absentee ballot in the August 2, 1988 Primary Election if they qualify in one of the following categories:

I expect to be absent from the community in which I am registered for the entire time the polls are open on election day.

I am physically unable to attend the polls without the assistance of another.

I cannot attend the polls because of the tenets of my religion.

I have been appointed an election precinct inspector in a precinct other than the precinct where I reside.

I am 60 years of age or older.

I cannot attend the polls because I am confined to jail awaiting arraignment or trial.

Independence Township residents who qualify and wish to vote absentee ballot should call the Clerk's Office at 625-5111 or write the Clerk at 90 North Main St., Box 69, Clarkston, MI for an application which must be signed and returned before a ballot can be issued.

The deadline for ballots to be mailed is Saturday, July 30, 1988 at 2:00 p.m. However, those qualified to vote absentee may vote in the Clerk's Office until 4:00 p.m. on August 1, 1988.

Richard A. Holman, Clerk
Charter Township of Independence

Notice Charter Township of Springfield PUBLIC HEARING

NOTICE IS HEREBY GIVEN THAT THE PLANNING COMMISSION OF THE CHARTER TOWNSHIP OF SPRINGFIELD will hold a PUBLIC HEARING at the regular meeting on Tuesday, August 16, 1988, at 7:30 p.m. at the Springfield Township Hall, 650 Broadway, Davisburg, Michigan. The Public Hearing will be for:

Amendments to Zoning Ordinance No. 26:

ARTICLE X-A-OS - OFFICE SERVICE DISTRICT

SECTION 10A.00 Intent: The O-S, Office Service District is designed and intended to accommodate office buildings and restricted related retail and service establishments. A major purpose of this district is to provide areas for office buildings and moderate land use activity in a low-density community.

SECTION 10A.01 - Principal Uses Permitted:

SECTION 10A.02 - Principal Uses Permitted Subject to

Special Conditions:

SECTION 10A.03 - Accessory Uses Permitted:

SECTION 10A.04 - Area and Build Requirements:

ARTICLE XIV - GENERAL PROVISIONS

Consider addition of Section 14.21 to ARTICLE XIV to allow for Temporary

Dwellings in Case of Emergency.

ARTICLE XVII - ZONING BOARD OF APPEALS

Revision of Section 17.01.5 of ARTICLE XVII of Zoning Board of Appeals regarding Zoning Board of Appeals Powers to grant temporary Dwellings and Structures.

NOTICE IS FURTHER GIVEN that zoning ordinance texts may be examined at the Clerk's Office, Charter Township of Springfield, 650 Broadway, Davisburg, Michigan, during regular office hours Monday through Friday until the date of the public hearing.

J. Calvin Walters, Clerk
Charter Township of Springfield

Synopsis of Action Taken by the Township Board of the Charter Township of Independence July 19, 1988

The meeting was called to order at 7:32 p.m.

Roll Call: Present: Balzarini, Holman, Lutz, Ronk, Stuart, Travis, Vandermark.

Absent: None.

1. Approval of agenda with the deletion of the Resolution Setting Public Hearing Date for Sashabaw Road Sewer.

2. Approval of minutes of July 5, 1988 as presented.

3. Approval of an amended list of bills in the amount of \$8,847,995.47.

4. No one spoke under the Public Forum portion of the agenda.

5. Adoption of a resolution confirming the Westview Special Assessment Roll contingent upon the entry of a court order declaring the roads public.

6. Adoption of an Eastview/Westview Road Resolution contingent upon entry of the circuit court.

7. Approval of motion to award the Westview Road paving project to South Hill Construction Company with a base bid of \$85,360.60.

8. Failure of a motion to table action on the Sashabaw Road sewer resolution.

9. Approval of motion to reconsider the Sashabaw Road sewer resolution.

10. Approval of resolution determining the necessity of improvements for Sashabaw Road sewer.

11. Approval of motion to award the 1988 Safety Path bid to Flat Rock Contractors, Inc., with the low bid of \$118,118.

12. Approval of motion to establish the Perry Lake Road hearing of necessity for August 9.

13. Approval of motion to establish the Clarkston Estates public hearing of necessity for August 9.

14. Approval of motion to authorize a \$450 expenditure to Northwest Oakland Community Services.

15. Approval of motion to authorize the Librarian to expend up to \$13,000 on the installation of an automatic circulation system at the Township library.

16. Approval of motion to authorize the Senior Citizen Coordinator to purchase a Gestetner Scanner with CDBG monies.

17. Approval of motion to authorize the Senior Citizen Coordinator to process the state grant for the senior citizen's purchases.

18. Approval of motion to authorize the purchase of a piano from Evola Music at a cost of \$2,600, the proceeds coming from the CDBG program.

19. Approval of motion to authorize the Senior Citizens Center to purchase various kitchen utensils out of the proceeds coming from CDBG.

20. Approval of motion to authorize Oakley, Olsen and Associates to offer a deferred compensation plan for Township employees.

21. Approval of motion to approve a temporary liquor license for July 27, 1988, to the Oakland County Sportsman's Club contingent upon receipt of the appropriate hold-harmless agreement and insurance requirements.

22. Approval of motion to adopt certain General Fund budget amendments.

23. Approval of motion to adjourn, the time being 10:00 p.m.

Respectfully Submitted,
Richard A. Holman
Township Clerk

Clarkston Community Schools ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the Board of Education, Clarkston Community Schools, Clarkston, Michigan, for Reroofing.

Not used.

Architects: Charles W. Sherman Associates, Inc., 35 West Huron - Suite 900, Pontiac, Michigan 48058.

Bids will be received until 2:00 p.m. EDT, July 28, 1988, at the Office of the Board of Education, 6389 Clarkston Road, Clarkston, Michigan, 48016.

Bidding documents will be available to Prime Bidders only, on or after July 14, 1988, at the office of the Architect. Only a maximum of two (2) sets will be given to Prime Contract Bidders.

A public hearing was held on July 12, 1988, at which time all interested persons were given the opportunity to be heard relative to the making of said improvements and to the special assessment district therefor.

A special assessment roll assessing \$190,000 of the cost of said improvements to the aforesaid special assessment district has been prepared and filed in the office of the Township Clerk.

PLEASE TAKE NOTICE that a public hearing will be held on Tuesday, August 9, 1988, at the Township Hall Annex, 90 North Main Street, Clarkston, Michigan, at 7:30 p.m. at which time any interested person will be given the opportunity to object to the special assessment roll as prepared by the Township Supervisor. A person objecting to the special assessment roll shall file the objection in writing with the Township Clerk before the close of the hearing or within such further time as the Township Board may grant.

The plans and cost estimate of the improvements are on file with the Township Clerk for public inspection.

Richard A. Holman
Township Clerk
Charter Township of Independence

Many activities for 4-H family

(ACTIVITIES, from Page 33)

4-H'ers, both have earned many awards.

4-H is not just for farm kids, both Ina and Mary stress. There are plenty of activities for "city kids" too.

In addition to the diverse activities mentioned above, there are "pocket pets," photography, rockets, horticulture and conservation projects.

Of course, many 4-H'ers participate in the familiar livestock projects.

For older 4-H'ers, there are careers unlimited, and peer plus, to learn about personal relationships. For younger 4-H'ers, there are flower and vegetable projects.

For all 4-H'ers, there are opportunities to travel. There are exploration days at Michigan State University. There is the capital experience in Lansing and in Washington, D.C.

"4-H offers so many opportunities to many different people," says Ron II, as he wraps up his long-time experience as a 4-H youth. "It's not just for farmers. There is a large segment for city people, too. I think it's one of the better organizations; it offers something to all youngsters."

Do you have a story idea?
We'd like to hear it!

Friend to Friend

What is a social drinker?

What is a social drinker? The question seems to be one that has many different answers.

"A social drinker is anybody who drinks to be sociable and some people are more sociable than others."

"A social drinker is determined by the amount he drinks, and if you get above a certain amount you aren't one."

"A social drinker is anyone who does not get drunk every day but gets drunk only on weekends."

"Social drinkers are those persons who drink only beer. It's the hard stuff that causes trouble."

These responses all have one thing in common: They are all wrong.

Social drinking can be described and analyzed from several perspectives. Social drinking by definition is drinking that is part of social activities. For example, "Having a beer at a basketball game" or "Drinking a highball at a private party."

In each case, drinking itself is part of the social activity, not the activity.

A social drinker has control over alcohol. He can predict with success the amount and frequency of his drinking. He can make three choices about this drinking. He won't drink a thing or he will drink a small amount and then quit, or he will get intoxicated.

However, a social drinker is not going to be getting intoxicated on a regular basis because of the nature of his drinking. He can't enjoy the party intoxicated, and the other social drinkers are not going to appreciate this drunk.

A social drinker is not going to drink more than he intends to. For example, a social drinker is not going to go out on a social occasion intending to stay sober and end up drunk, or a social drinker is not going to go out for two beers and then drink 10 to 12 beers.

A major determinant of whether a person is a social drinker or not is the results of his or her drinking. Drinking alcohol does not cause repeated problems in any area of the social drinker's life: family, health, finances, job, legal, marriage.

If drinking is causing problems in a person's life, he or she is not a social drinker. It doesn't matter how much alcohol the person drinks or what day of the week he drinks it.

A social drinker is not emotionally or physically dependent on alcohol. Emotional dependence means the person is using alcohol for all the wrong reasons and feels that he "needs" a drink to function in daily life.

These wrong reasons can be: drinking to deal with stress, tension or anxiety; to avoid problems; to overcome feelings of insecurity or inferiority; to feel good.

Physical dependence means that when the person does not drink alcohol his body goes into withdrawal. A person may physically shake, have delirium tremors or go into a seizure.

There are a number of symptoms or signs that indicate a person is not a social drinker.

1. Increased consumption with increased tolerance for alcohol. A person is drinking more than in the past, and because of high tolerance it takes more alcohol to get intoxicated than it used to.

2. Increased desire to get drunk demonstrated by gulping drinks. The drinker is now drinking not as a part of a social activity but is drinking to get drunk. Intoxication is the goal.

3. Loss of control. The drinker can no longer control the amount or frequency of drinking; plans to stay sober but gets drunk or intends to drink two beers and quit, but can't do it.

4. Blackouts - memory loss. A person does something while drinking during an evening and later on does not remember it at all or parts of the evening are blank.

5. Personality change. The drinker acts in a manner that is unlike his or her normal personality. For example, "Nice guy when sober but a mean, hostile, angry drunk."

6. Sneak drinking. Hiding a bottle? Concealing the amount or frequency of drinking from the family.

7. Inability to quit drinking. This person cannot stop drinking for any length of time.

8. Drinking becomes the No. 1 priority/activity. Family, friends, job, normal activities are no longer as important. Life revolves around drinking.

9. Drinking causes problems with the law, job, family, finances, health, etc.

10. Physical withdrawal occurs when a person is coming off alcohol - shakes, DT's or seizures.

Thomas Brown

By Jim Sanford

This week's teacher spotlight falls on Thomas Brown, sixth-grade teacher and Team "A" leader at Sashabaw Junior High School.

A product of the "UP" of Michigan, Tom was born in Bessemer, raised in Wakefield and attended Northern Michigan University in Marquette, where he received a bachelor's degree in elementary education. He has done postgraduate work at Michigan State University.

In working for Clarkston schools for over 20 years, Tom has served on numerous committees including curriculum and staff development.

When I asked Tom about any particular educational philosophy that he may have, he shared these words, "... to provide a variety of success-oriented activities in an orderly environment."

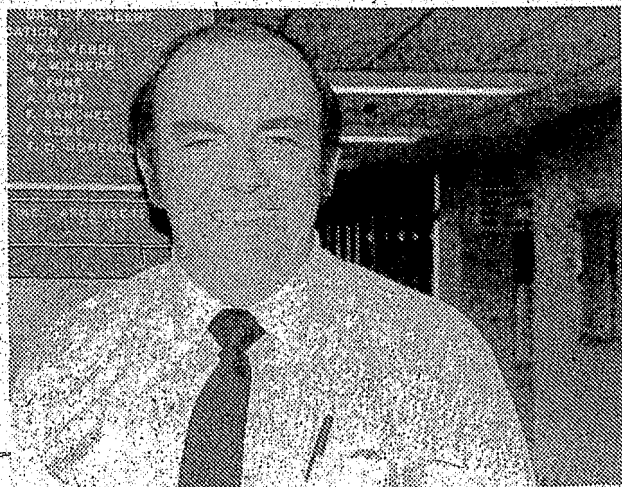

His love of music filters through his teaching and is reflected in his lessons.

To say that Tom is a hard-working teacher tells only part of the story. He was elected president of the Clarkston Education Association in 1969, has served as vice president since 1975, chief negotiator in 1970 and 1975 to present, and chairman of the grievance committee for years.

The is and has been a driving force behind the sixth-grade outdoor education program at North Sashabaw as well as here at Sashabaw Junior High.

He brings to this program his vast experience with camping gained from working with the Metropolitan of Detroit YMCA camping services, where he was director of the camping program at Camp Ohiyesa (Holly) for four years.

Married to Levenna, also a sixth-grade teacher at SJHS, Tom is the father of three children: Shane, an

A 20-year staff member of Clarkston schools, Tom Brown is vice president of the Clarkston Education Association.

eighth-grader at SJHS; and Jeremy, a fourth-grader, and Heidi, a second-grader, both at North Sashabaw Elementary.

Their family activities include Odyssey of the Mind, soccer and membership at Trinity Methodist Church of Waterford.

An Apple for the Teacher is provided through a committee of the Clarkston Education Association. This week's author is James Sanford, a sixth-grade teacher at Sashabaw Junior High School.

Pet of the Week

PETER RABBIT wants to hop to a good home.

A name to change

Peter rabbit just hopped up to the home of an animal-loving person, who brought the 6-month-old bunny, obviously a domestic pet, into the shelter. The staff is now attempting to find her a good home.

Peter is a dwarf, domestic female rabbit, very friendly and good with children. She has short, black and white fur. (A new owner would be welcome to rename her - the person who brought her to the shelter thought she was a he.)

This domestic bunny may be adopted at the Michigan Humane Society, 3600 Auburn Rd., Auburn Heights, 852-7420. Hours at the non-profit shelter are 10 a.m. to 4:30 p.m. Monday through Saturday.

The adoption fee for Peter is \$20, which includes her spaying, a rabbit cage and other rabbit supplies.

Commercial lots in Orion Twp.

ENJOY ENTERTAINING in your own spacious family room overlooking a spacious back yard. Three bedrooms, 1 1/2 baths, 2 car attached garage, partially finished basement. \$86,900.

BEAUTIFUL PARK SETTING with Clinton River in back yard. This 3 bedroom 2 bath home is located in a sharp area of Auburn Hills with Avondale schools. Priced to sell at \$84,900.

KYLE PRINZ couldn't decide which toy to play with first - there were so many options two weeks ago in the program run by staff at Oakland University, Rochester.

Class of 2001 learns the ropes

A SMALL SANDBOX in the middle of the room proves to be plenty of fun for Adam Duddles and Gwendolyn Kluwe during a pre-

kindergarten class at Bailey Lake Elementary.

PRAYER TO ST. JUDE: O Holy St. Jude, Apostle and martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present and urgent petition, in return, I promise to make your name known and cause you to be invoked. Say three Our Fathers, three Hail Marys and three Glories. Publication must be promised. St. Jude, pray for us all who invoke your aid. This novena has never been known to fail. IILX30-2

LAZY SUMMER DAYS are good for soaking up the sun and fishing. From Livonia

SCAMP, visitors to the park on Sashabaw Road are counselor Bassma Bashour,

stretched out on the dock, Nathan Baker (standing), and Kerry Juntunen.

Fish tales

FISHING'S GOOD from atop the dock fence post at Independence Oaks County Park. Michelle Pomeroy, 9 1/2, of Ortonville, has a line in the water, while Jennifer Wrobel, 9 1/2, of Autumnglo, Independence Township,

keeps a lookout for the hungry creatures. The girls were two of about 80 enjoying summer day camp, sponsored by the township parks and recreation department.

Photos by Julie Campe

CAREFULLY, TIM ROHLFING takes the fish off the hook. The 9-year-old Pheasant Run, Independence Township, resident caught several fish July 21 at day camp.
