Hidden Springs water not at fault

BY TRACY KING
Clarkston News Staff Writer

The Hidden Springs swimming pond at Independence Oaks County park was reopened July 20 after tests failed to prove that the lake caused several children to become ill.

Hot wires trap people in homes

BY BONNIE WATTLEWORTH
Clarkston News Special Writer

About 25 Independence Township houses off of Maybee Road were surrounded by a fence charged with more than 13,000 volts of electricity July 20, thanks to Mother Nature.

The Independence Township Fire Department found several downed wires touching aluminum fences in the 5200 to 5400 block of Maybee Road, said Chief Gar Wilson.

"If a wire touches a fence, it charges the fence," Wilson said. "And if all the fences are tied together, it means electricity going down all the fences."

"What we had was a charged fence all around the area," he said.

A storm knocked down the wires and also caused a power outage in the area, said Benjamin Tallerico, director of customer and marketing services of Detroit Edison's Oakland Division.

Edison workers had power restored to the area by 5 a.m. Thursday, July 20, he said.

The wires were discovered while firefighters were responding to a reported house fire near Maybee Road, (See *CURRENT*, next page)

The Oakland County Health Department had tested for the shigella bacteria after about 25 people were diagnosed with symptoms of the infection.

Tests taken from water, sewer and concession samples showed that levels of fecal coliform were under the amount considered unhealthy, park officials said. An independent study of about 20 samples taken from the pond should be completed within a week.

Those infected with the shigella bacteria usually suffer from diarrhea, vomiting and fever. The bacteria is

commonly spread by insects or through human contact. The disease can also be spread by swallowing contaminated water, but Independence Oaks officials now say it's likely the pond is not the culprit.

"I honestly don't believe (the illnesses) stem from our particular park," said Brad Baker, assistant park supervisor.

"I don't proclaim to know about such things, but if there is an incubation period, and it went from July 1, (See *HEALTH*, next page)

FIREFIGHTERS worked to free Rochelle Soriano, 17, of Pontiac from the wreckage of an accident on M-15 and I-75 July 20. The car

she was riding in collided with an oncoming pick-up truck. She was treated and released from St. Joseph's Mercy Hospital in Pontiac.

Dixieland music to fill Depot Park

Dixieland music will fill Depot Park for the final concert in the July series this year. The Tailgate Ramblers are to play 7-9 p.m. in the Village of Clarkston on Friday, July 28.

The ninth annual concert series is sponsored by the Clarkston Area Chamber of Commerce, and organizer Joan Kopietz recommends concert-goers take a blanket, picnic dinner and bug spray.

Donations are accepted during the concert at the park and at area businesses. Private donations are needed to pay the Chamber's \$1,400 portion of the \$2,500 cost of the concert series.

Six are injured in M-15 crash

BY BONNIE WATTLEWORTH
Clarkston News Special Writer

Two Pontiac girls sustained injuries July 20 after the car they were riding in collided with a pick-up truck on M-15 north of the I-75 overpass, Independence Township. Four others sustained minor injuries.

Rochelle Soriano, 17, of East Rundell and Colleen Horsey, 15, of Wonnoh were treated and released from St. Joseph's Mercy Hospital, Pontiac, said a hospital spokesperson.

The accident occurred just after 1:30 p.m. last Thursday when the car, which was heading south on M-15, struck a wet cardboard box, according to an Oakland County Sheriff's Department report.

The vehicle then lost control and crossed into the northbound lane where it collided with the truck.

The car was occupied by six girls, all of whom were wearing seat belts.

The driver of the car, Salina Rivera, 16, of Glenwood, Pontiac, escaped without injury, while three other girls suffered minor injuries.

Charles Butler, 28, of Tappan Court, Independence Township, was the only occupant of the truck.

He sustained minor injuries that were treated by his doctor. He also was wearing a seat belt when the accident occurred.

Rivera was ticketed for driving left of the center line, according to the report.

Further charges are pending Butler's actions.

School staffing change planned

BY SANDRA G. CONLEN
Clarkston News Staff Writer

Two administrators could have new jobs in the Clarkston school district, and one administrator could be called back to work after being laid off last spring if the board gives its OK.

Superintendent Gary Haner plans to recommend the following changes to the school board, which is to consider the issues Monday, July 31:

● Jan Gabier, alternative education administrator and former assistant principal at Clarkston High School, move to assistant principal at Clarkston Junior High School.

● Ginny Farmer, assistant principal at Clarkston Junior High School, move to assistant principal at the high school

● Sharon O'Leary Johnson, laid-off coordinator of adult education, called back to work.

"Gabier's move will allow Sharon O'Leary Johnson to be recalled from the lay-off list, said Haner.

He said O'Leary Johnson would be recalled to a position of responsibilities similar to what she had this past year.

"These people will hold responsibilities commensurate with their salaries," Haner said.

The board recently cut \$1.6 million from the budget, and Haner is trying to place employees in positions with the least effect on the budget, he said.

With O'Leary-Johnson being recalled and the other two in different positions, it means that a new assistant principal would not have to be hired at the high school, Haner said.

Last spring, Gabier was transferred to an administrative position in the alternative education program after her contract as assistant principal at CHS was not renewed.

Clean bill of health at swim pond

(HEALTH, from previous page)
we've had a few thousand people in there -- it would be hard to pinpoint."

In addition to the closure of Hidden Springs on July 17, three swimming sights were closed on Cass and Trout Lakes after officials found high counts of coliform in the water.

Baker said a large bird population is suspected in those cases, but it's unlikely the case at Independence Oaks.

"We don't have an unusual bird population here. We really don't believe that is the problem," Baker said.

Although park officials can't pinpoint the problem, swimmers have returned in normal numbers Baker said. It rained the day the park reopened and was cold the following day, but a normal amount of people returned over the weekend, he added. The park received no calls from people who saying they've become ill after the pond was reopened.

Park officials are increasing the number of samples taken in the area from once a week to once a day and will continue the practice throughout the season.

"We want to get to the root of the problem, too," Baker said.

Electric current traps homes inside fencing

(CURRENT, from previous page)
Wilson said.

"When we got there, we found the wires were arcing and throwing a good bit of fire around," he said. They noticed the wires were touching the connected fences.

The firefighters located a break in the fence to determine where the electric current ended and if any aluminum-sided houses touched the fence.

If this had been the case, the house would have been charged also. Anyone trying to leave a charged house would have died, Wilson said.

The fire department called all affected residents shortly after 2 a.m.

"We called them to make sure they didn't come out of their houses," Wilson said.

The fire department guarded the area until Edison officials arrived. Wilson said the workers estimated that 13,200 volts were traveling through the connected fences.

"The Detroit Edison superintendent said it was the second time in his 25-year history that he's seen this done," Wilson said. "I'm sorry we had to wake everyone up at 2 in the morning, but I'm sure glad we did."

Village speeders beware -- enforcement stiffened

BY TRACY KING
Clarkston News Staff Writer

If you speed through the Village of Clarkston, there's now an increased chance that you will receive a speeding ticket.

Oakland County Sheriff's deputies agreed to beef up enforcement of downtown speed limits after a lengthy discussion among police, village and Independence Township Board representatives at the township's July 18 meeting.

Independence Township contracts with the Oakland County Sheriff's Department for police coverage, and the Village of Clarkston subcontracts with the township for police coverage.

Clarkston Village Council President Sharron Catalo initiated the discussion, telling the board that police enforcement has been lax in the downtown area.

"Our feeling is that we are not getting the kind of tickets written from the kind of traffic going through," Catalo said.

She referred to a police log recorded for the week of June 26 through June 30. Deputies patrolled the village for four hours a day, as required under a previous agreement made between the groups. During the five-day period, one ticket was issued. Revenue generated from the downtown tickets averaged about \$300 a month, Catalo said.

"Any of us could stand (downtown) for 10 minutes and see two tickets that could be written," Catalo argued. "For four hours a day, cars could run into them, and they could generate more revenue than \$300 a month.

"Our notorious no turn on red at Main Street and Washington -- it's like there not even there. We want it treated as a street people live on," she said. "We've talked about it before, but it's gotten to the point that we're fearful something terrible is going to happen."

Catalo presented the board with a petition signed by about 20 Main Street residents asking for help with volumes of traffic, increased truck usage and speed limit enforcement.

Two Main Street residents spoke out at the meeting, saying they feared for their children's safety.

"I have an 11-year-old and a nine-year-old," said Denise Symons. "I'm afraid to let them ride their bikes on the sidewalks. Numerous speeders go right by, and (police) never write a ticket."

An Oakland County Sheriff's Department (OCSD) representative explained some of the difficulties police deputies have with issuing tickets in the village.

"It's extremely difficult for an officer with moving radar to make a U-turn to go after someone," said OCSD Sgt. Robert Wark. He explained that if a speeder is driving at 45 mph, the officer may have to travel at 65-70 mph to catch up to the vehicle.

"If the officer thinks it's more dangerous to (make the chase), he'll let him go," Wark said.

The use of radar was limited because of faulty equipment, Wark said, adding that police were getting new radar equipment in the future.

"We want it treated as a street people live on. ... It's gotten to the point that we're fearful something terrible is going to happen."

Sharron Catalo

Photo by Sandra G. Conlen

Raked over the coals

DAVISBURG BASEBALL leagues combined talent to cook for the chicken barbecue served July 22 for the Hot Air Balloon Festi-

val. Dennis Vallad, trustee for Springfield Township, found this job to be hotter than the seat he fills on the board.

Village patrol was also made difficult by a lack of manpower, he explained. If two deputies covered the township, and one of those was required to be in the village from 4-6 p.m., for example, that left the other officer responsible for all other calls.

"So far tonight, we've had seven calls," Wark said. "We have a manpower problem with that."

Wark added that help would soon come from the state in the form of additional funding for road patrol. He suggested that residents could get a better idea of what police were doing by riding with an officer for an evening.

Township board members discussed the possibility of moving speed limit signs farther outside the village to give motorists more time to slow down and using radar to deter speeders.

"Two years ago, moving radar was quite effective," said Trustee Daniel Travis.

Supervisor Frank Ronk advised village officials to specify which hours they preferred the deputies to work and encouraged police to write more tickets in the village as a way to deter speeders.

Catalo told the board that it wasn't that the village missed the revenue from the tickets, but officials just wanted to make the village safe.

"We'd just like them to drive through at a decent speed," Catalo said.

Saturday is last day for cleanup

Saturday, July 29, is the last day to take advantage of Cleanup 1989, Independence Township's dumping program.

For a small fee, township residents may dump items at the township department of public works on Flemings Lake Road (off Clarkston Road, near Almond Lane). Hours are 8 a.m. to 1 p.m. Clarkston Disposal, owned by Rick Detkowski, won the contract to haul away the trash.

Following is the list of fees charged per type of load: automobiles, \$5; automobiles with single-axle trailers, vans and pickup trucks, \$10; pickups with single-axle trailers, flatbed single-axle trucks, dual axle trailers and five-yard pickup trucks all pay \$25.

Several materials are not allowed, including: fuel oil drums, barrels, propane cylinders, automobiles or vehicles of any kind and chemicals of any kind.

For more information, call 625-8222.

Landfill siting committee decision due next week

BY SANDRA G. CONLEN
Clarkston News Staff Writer

The Oakland County landfill siting process is going smoothly so far, and the procedures are fair to all in the county, according to two area people who serve on the advisory committee.

Springfield Township Supervisor Collin Walls and Clarkston Disposal owner Richard Detkowski of Independence Township were appointed to the Landfill Siting Advisory Committee of Oakland County earlier this year.

The 25-member committee has the job of choosing a landfill site "blind" -- without knowing where any of the

"We have to stand up and realize we generate waste, and we have to stop thinking we can dump it in someone else's backyard."

Supervisor Collin Walls

proposed sites would be located. They were given information on each site (without locations or identifying factors), and they set up criteria to by which to rank the sites for appropriateness for a solid waste landfill.

The committee's task was to adopt environmental and technical standards, and a computer is to then choose the site based on those standards -- probably within the next few weeks.

A representative from each municipality in the county served on the committee -- the first of its kind in Oakland County -- making the process fair.

Detkowski was impressed with the siting process

"This is the first time I ever felt my my job (of garbage collecting) has meant something."

Rick Detkowski

and with the people in the group.

"These are some of the most learned people I've ever known," he said, adding that he has learned a lot while serving on the committee.

"This is the first time I ever felt my my job (of garbage collecting) has meant something," said Detkowski.

Walls also thought the members were competent.

"These 25 on the committee are the best group I've ever worked with," said Walls.

About 600 acres is needed for the landfill that is to last about 40 years.

"The environment is driving this process -- not money," said Walls.

Walls said there is speculation that Springfield Township could end up the recipient of the landfill, but even so he is satisfied with the siting process.

"If this is the best location -- then so be it," he said.

Grant to create recycling plant

BY SANDRA G. CONLEN
Clarkston News Staff Writer

Richard Detkowski, owner of Clarkston Disposal, is preparing for the future, with a little help from Michigan's Quality of Life Bond Issue.

Detkowski, who plans to begin recycling waste products, recently was awarded a grant worth about \$410,000 from the bond issue approved by voters last November under proposals C and D on the ballot.

He said it took a great amount of time and effort to write his grant.

"I have a proposal that's about an inch and a half thick," he said.

After he was turned down twice for grants, he hired

"This is something we need to do -- I really believe in it," he said. "We can't play around anymore and wait until markets are created."

a consulting firm, Resource Recycling Systems Inc., of Ann Arbor, to help.

Detkowski was elated July 23 when he found that he was chosen for the grant money, he said.

He plans to build a processing facility in Springfield Township at the corner of Andersonville and Crosby Lake roads.

"These will be clean, recyclable goods -- glass, metals, plastics and papers; and it will be a drop-off center for used motor oil, tires, appliances and batteries," he said.

Detkowski also plans to buy trucks and bins for the recycling project, which requires residents to separate household waste into containers for glass, plastics and metals, and papers.

Pick up of such materials would be the same day as regularly scheduled trash pick up, Detkowski said.

"This is something we need to do -- I really believe in it," he said. "We can't play around anymore and wait until markets are created."

Detkowski said this was his chance to help the environment.

At the rate that humans are dumping in landfills,

"We have to stand up and realize we generate waste, and we have to stop thinking we can dump it in someone else's backyard."

The Landfill Siting Advisory Committee of Oakland County has set Thursday, Aug. 3, as a tentative date to announce the proposed site.

Walls said the committee may not reach a decision by then, and the members will continue until comfortable with what is done.

"We will know when we know," he said.

there won't be a future for children and grandchildren if something isn't done, he said.

To educate himself, Detkowski visited a center for hazardous household chemicals in San Francisco, Calif.

"It's the only one in the nation," said Detkowski. "They take in battery acids, paint thinners and chemical fertilizers."

While Detkowski's recycling project could brighten the future of his waste disposal business, it could also brighten everyone's future.

Two spots up on planning commission

If you live in Springfield Township and would like to become more active in the community, this could be your chance.

Two three-year spots on the Springfield Township Planning Commission need to be filled. The township board will either have to reappoint the current members or appoint two new members.

The two people who currently hold the positions are Lee Ann Oliver and Dave Field.

While no decision has been made not to reappoint Oliver and Field, anyone interested in a position should contact Supervisor Collin Walls at the township office.

Walls said the only necessary credential for the positions is interest.

"They need interest, and that's about it," he said. "The commission should represent the whole community."

Duties include a two-to-three-hour monthly meeting and a special meeting every other month. Meetings require three to four hours of preparation, Walls said.

Planning commission members do not receive salaries. They do receive nominal sums of money for attending meetings, but Walls said money should not be a factor when considering the position.

Transportation money

Springfield Township has good news for area non-profit organizations that need transportation.

For the 1990 fiscal year, \$6,149 in SMART municipal credits has been designated for non-profit organization use.

These groups can petition for funds to be used for chartering buses to travel to and from activities.

Village officials discuss recycling possibilities

BY PETER AUCHTER
Clarkston News Staff Writer

Curbside recycling is on its way to the Village of Clarkston.

As soon as Clarkston Disposal owner Rick Detkowski finalizes his plans, the Clarkston Village Council will put him to work.

"I'd sure like to be your test," said President

Paper can be reused

Rick Detkowski believes the time has come for recycling. Before speaking to the Clarkston Village Council Monday, July 24, he handed out an informational sheet explaining how much Americans waste. By the way, Detkowski noted, the paper he handed out was recycled.

"I practice what I preach," he said.

The list of items on the sheet follows:

* Every Sunday, more than 500,000 trees are used to produce the 88 percent of newspapers that are never recycled.

* We throw away enough glass bottles and jars to fill the 1,350-foot twin towers of New York's World Trade Center every two weeks.

* American consumers and industry throw away enough aluminum to rebuild our entire commercial airfleet every three months.

* We throw away enough office and writing paper annually to build a wall 12 feet high, stretching from Los Angeles to New York City.

* Americans go through 2.5 million plastic bottles every hour, only a small percentage of which are now recycled.

* Every year we dispose of 24 million tons of leaves and grass clippings, which could be composted to conserve landfill space.

* We throw away enough iron and steel to continuously supply all the nation's automakers.

Sharron Catallo when Detkowski presented his recycling ideas at the July 24 council meeting. "We'll work something out with you when you give us firm dates and costs."

"The village is ready to do something."

To start, leaves and grass clippings will be picked

"I'd sure like to be your test. ... The village is ready to do something."

President Sharron Catallo

up on three Saturdays in late October or early November and deposited in compost piles instead of landfills. Americans bury of 24 million tons of those compostable items in landfills each year, Detkowski said.

"We need to quit filling up landfill space," he said. "Oakland County will mandate curbside recycling."

The cost would be about \$10 per household for the three weekend pick-ups of grass and leaves. Catallo said the village would pay for it and then ban the burning of leaves.

Detkowski recently found out he received a \$409,000 grant to build the first recycling facility in Oakland County (see Page 4).

The building is planned for Springfield Township on the corner of Andersonville and Crosby Lake. He expects to be on-line in his new venture by January.

At that time, he'll offer all his customers curbside recycling of the following items: old tires, used motor oil, batteries, bottles, some plastics, newspapers, cans and computer/office paper.

Customers will have three bins to place their recy-

clable items in each week when they put out their regular trash. Everything will be picked up on the same day.

"It has to be as easy for the homeowner as possible," said Detkowski, referring to studies done in other places where recycling has already begun. "It's the only way it will work."

Customers would be charged an annual fee of roughly \$25 for the weekly recycling service.

"We (Clarkston Disposal) are not making any money on it, but we are saving the environment," Detkowski said. "I was in a position to do something good for the community. I think the people around here are ready for recycling."

Exchange students need Clarkston homes

Families in the Clarkston area are needed to host foreign exchange students arriving next month.

Pacific Intercultural Exchange (PIE) is looking for several families to take in students from Spain, Germany, Japan, Argentina and Brazil who will spend an academic year in Michigan studying in local high schools. For most, it will be their first trip to Michigan, perhaps to the United States.

The participants, all between the ages of 15 and 18 years, are fully insured and will bring their own spending money. Host families are asked to provide only room and board during the program. By hosting for PIE, a non-profit, tax-exempt organization, each family is allowed to take a \$50 per month tax deduction.

The program is quick to emphasize that there is no such thing as a typical host family. Working together with those interested in hosting, PIE has successfully matched students with single-parent families, retired couples and couples with young children.

For more information about PIE and the student exchange program call 616-527-0012 or 1-800-245-6232.

Opinions

Amen,
Brother

**Julie
Campe**

Being a first generation northerner, my brothers and sisters and I were exposed to the depths of southern culture (if you can call it that).

But there were limits to our southernness. For instance, I was never completely comfortable when I went to church with my grandmother when I was a kid.

My grandfather had started the church in Pontiac, and after he died, others kept it alive.

I would hold Grandma's gloved hand on the way from the parking lot to the door of the neat, white building; and people would call out in a slow, southern drawl, "How are you today, Sister Steward?" and "I see you got your granddaughter today, Sister Steward."

She would call back, "I'm fine, thank you, Brother Johnson," and "Yes, she's going to Sunday School today."

I never could understand why they called each other "Brother" and "Sister." During the minister's talk, I tried to figure it out.

But just as I decided that it was some sort of honorary title that maybe 10 or so of the members were called, I was interrupted by a piercing "Amen, Brother!" from the pew in front of me.

I looked quickly at my grandmother to see if she had jumped as much as I did, but she was intently looking at the minister.

Before I could get over the shock, someone else yelled out, "Praise the Lord!"

The minister seemed to respond to the yells from the congregation by raising his pitch and volume. And the louder he got, the more "Amens" came from the congregation.

Soon, the minister was as red as a watermelon and almost as watery-looking, he had so much sweat dripping down his face. You could see more of the whites of his eyes than anything else, and his neck was thick with veins.

On more than one occasion, a man or a woman would burst out crying and would moan and need the help of some of the Brothers or Sisters to reach the alter, where he or she could be saved.

That also puzzled me. No one ever needed "saving" at the alter at the Clarkston United Methodist Church, where I went with my family.

Plus, no one in the Clarkston United Methodist Church ever called out, "Amen, Brother!" during the minister's talk.

The minister never raised his voice, and he certainly didn't sweat. As a kid, I doubted that any Methodists sweat.

Music also was different. I liked the music at the Clarkston United Methodist Church, but I loved the music at Grandma's church. It was toe-tapping, top-of-your-lungs music; and the congregation put as much emotion into it as they did in getting saved.

But the most puzzling thing was still the "Amen, Brother!" bit. How did they know when to call it out?

At the Clarkston United Methodist Church, you were supposed to respond to the minister, but the words and the timing were all in the program, though I could never keep up when I was little.

Was there some secret clue at Grandma's church that signaled to some to yell out? Did the minister maybe wink at one or another to get them to call at the right time?

I never got to mull that over as a kid because by the time I got that far in the thought process, the sermon was over, and we were already singing.

Letters to the Editor

Right to choose is imperative to all

On this, the Bicentennial of the Bill of Rights, Americans should be celebrating the preservation of our fundamental rights of privacy.

We, the Young Democrats of Oakland County, are outraged that the highest court in the land has undermined one of the most fundamental rights of privacy, the right to choose a safe and legal abortion.

It is ironic that justices appointed by President Reagan, who ran on the platform of keeping government out of people's lives, have decided to permit government to interfere in one of the most personal choices an individual can make.

This decision does not make us a kinder and gentler nation. This decision will allow the wealthy to have abortions, while the poor and middle class will turn to coat hangers, cocaine and back-alley abortion clinics.

This decision does not make us a kinder and gentler nation where a teen-age girl who has been brutally raped cannot receive a safe and legal abortion.

This decision does not make us a kinder and gentler nation where unwanted pregnancy leads to poverty, abuse and neglect.

This decision does not make us a kinder and gentler nation where the state will force a woman to bear a child.

The decision to have an abortion is always difficult. Women who make the decision do so only after thinking long and hard about their options and then make the best choice that they can after considering what should be their own personal and private circumstances.

Each woman's feelings and beliefs will influence her choice to continue or terminate the pregnancy, and each will have to live with her decision.

After 16 years of upholding the position that a woman is the most qualified individual to decide whether to carry a fetus to term, the Supreme Court is now inferring that this same woman is no longer capable of making this decision.

As young adults who are most affected by the Supreme Court decision, we are offended that our right to choose has been endangered. Therefore, we urge everyone to contact their legislators in support of the freedom of choice.

Let's celebrate the Bicentennial of the Bill of Rights by protecting one of our most fundamental rights -- THE RIGHT TO CHOOSE.

Randall B. Pitler, Chair
Oakland County Young Democrats

Thanks to parents, coaches, sponsors

I'm writing in regards to the just concluded Junior Baseball/Youth Softball season.

The participants have experienced a very successful community project, which could not have been completed without the combined help of parents, coaches and sponsors.

These people volunteer with their time and money year in and year out to keep this program going. Without contributions of these people, the Junior Baseball/Youth Softball program would be "out" before it even got "to bat."

So congratulations and thank you to all of you, and see you next summer!

Mike Shore, Program Director
Independence Township
Parks and Recreation

Sherman**

Jim's Jottings

The other day Leon Storm told about buying some doughnuts with the holes bigger than the doughnut, and a picture snapped into mind of my mother letting me help cook dunkers.

I was just a lad. Had to stand on a chair to get high enough to look in the big pot of bubbling grease to see when to flip the doughnuts over.

Were they ever good, especially warm. I don't recall their being lightweights. I do recall that they were brown, crusty and super tasty.

Thinking about it again, I wonder if your mother was the world's greatest cook? Don't get into comparisons that will break up the happy home, just let your memory cover your pre-teen years.

Mother was the supreme high-being of gravy makers. My wife says her mother-in-law could cook a small roast and make enough delicious gravy for a banquet.

Gravy could well be my favorite food if it could be made like I remember mother's tasting. After getting done with potatoes and gravy, and bread and gravy, we'd just put the gravy on the empty plate and spoon it.

I tried to come up with other great dishes mother made and the only other one that can't be duplicated is her fried hamburger. On pay day she'd go shopping in Durand and sometimes returned with hamburger.

She'd arrive about the time we got home from school and fry up a batch. She'd mince it up and put it on a slice of fresh bread. I don't know what she did to it, but it was great. I've tried a dozen times to match it. Nothing.

The more I thought about mother's offerings, the more foods came into mind I didn't like. It was the early 30's and foods were stretched. There was also some improvising.

Beet greens for one. Haven't had 'em in 35 years and don't have in mind ordering them now. Even heavy with vinegar they were bitter.

Rutabagas, turnips, and rhubarb are a few more delicacies, I forgo. Back then, Dad insisted on rutabagas in the stew and I'd try to separate them onto the edge of my plate.

"Eat 'em or get to bed without eatin'," he'd say. I swallowed 'em.

Mother cooked heart, which I sorta liked, but the dumplings were too much. The only thing that saved them was the gravy.

Salt pork was on the menu rather frequently in those days. When it was in the baked or boiled beans I could put mustard on it and it wouldn't be too bad.

Fried it was good, but mother would make milk gravy that had to be put over it. That is the only gravy I can't make a diet of. Couldn't then either.

There were a few more foods that were common then and not served at home today. Corn bread had to be made when boiled beans were the main course. Gingerbread wasn't bad, home made bread was great and outstanding when warm, graham muffins are well behind me, as is head cheese.

Used to have a lot of head cheese after butchering the hogs. It filled many a lunch bucket.

One thing I just can't recall having as a boy at home is steak. Of course we didn't have lobster tail either . . . and maybe for the same reason.

Photo by Bonnie Wattleworth

THE NORTHWEST PROPANE little league baseball team had a pizza picnic at the Depot Park gazebo Wednesday to celebrate their

victory over the TCBY team. The gazebo sheltered the hungry players from the afternoon drizzle.

'If it Fitz . . .'

Ranked by
Republicans

**Jim
Fitzgerald**

Does President George Bush know his name was used by the Republican Presidential Task Force in a sleazy effort to suck money from an old, sick woman?

That was the question, and I didn't expect any trouble getting an answer. According to the signature on a letter to Ruth Minkler - and probably hundreds of other people - Scott Burch is executive director of the Republican Presidential Task Force. All I had to do was ask Burch if Bush was really told that Minkler had abandoned him.

That's what Burch said in his June 19 letter: "Dear Mrs. Minkler, I don't want to be forced to do this. But in 15 days, I'll be sending President Bush my updated Membership Status Report on Task Force Charter Members." (The bold type is Burch's, not mine, but you can read it if you want.) "Because you've served as a Charter Task Force Member since 1982, your name appears near the top of page one of my report. The last thing I want to do is write-in, next to your name, a note to President Bush that you've abandoned your commitment to him and the Task Force."

"... The enclosed Comptroller Statement shows that Senator Al Simpson and I have written you repeatedly asking you to renew your membership in the Task Force for 1989. AND WE HAVEN'T HEARD A WORD FROM YOU." (The capitalization is Burch's, but you can feel threatened by it if you want.) "... Please don't turn your back to us ... If you can't send your entire pledge of \$120 right now, at least send your first monthly installment of \$10."

Ruth Minkler, 78, lives in Glendale, Calif. Her daughter, Carol Batdorf of Grand Blanc, told me: "In 1982 and 1983, my mother sent over \$15,000 to various Republican committees of this kind. She thought we were on the brink of war with the communists, non-Christians or - worse - those wanting to do away with Social Security."

Batdorf answered her Burch's letter, in part: "Because Mrs. Minkler served as a 'Charter Task Force member' (read: easy mark) since 1982 she has been inundated with mail from you and others in the Republican party with lies, innuendo, threats and intimidation. This last mailing really takes the cake. In 1985 it was necessary for Mrs. Minkler to enter a nursing home ... She has been in physical and mental decline ever since. Since you had not heard from her in 7 years it wouldn't take a genius to guess that something like this has happened, rather than that she had 'turned her back' on President Bush."

"You should be ashamed of yourself for trying to make good people feel guilty ... I am surprised and disheartened to think that President Bush allows this sort of mailing to go out with his blessing."

But does the Republican Presidential Task Force really keep the president informed of tasks it performs for him? Burch's letter gave an address - 425 Second Street, N.E., Washington, D.C. 20002 - but no phone number. Information said there is no number listed for the force. Isn't that strange?

On the enclosed Comptroller Statement that listed Minkler's woeful payment record as though she were being dunned by the "Office of the Treasury," there was some tiny type that I literally had to read through a magnifying glass. It said the task force's mailing was "Paid for and authorized by the National Republican Senatorial Committee."

Now I was getting somewhere. I've often seen fundraising letters from the National Republican Senatorial Committee, which doesn't have the same address as the task force. Sen. Don Nickels of Oklahoma is the chairman. Information supplied a phone number for the committee, and when I asked to speak to Scott Burch, I was put through to a woman who said he was "out in the field."

When I identified myself and explained what I wanted, the line went dead. I called back immediately and got a recording asking me to leave a number. Three days later, no one had called back.

Batdorf is right. The Republican Presidential Task Force should be ashamed, and, apparently, it is. The same goes for the tiny-type National Republican Senatorial Committee. I'm still waiting to find out if President Bush also is swimming in sleaze.

From This Perspective

Fitting in

**Tracy
King**

So, how do you like Detroit?

That question was put to me by at least 20 different people this past weekend, and I struggled to come up with the type of answer they have come to expect.

I was among old friends. They've known me through moves to Louisville, Chicago and Grand Rapids and have watched the same process unfold over and over again. I move, grudgingly; I slowly learn to love the place; and I move, grudgingly, again.

When I heard last year that we would be moving to Detroit I felt the familiar dread, but I truly expected that, this time, I could never learn to like the Motor City.

I got the usual pre-moving treatment -- a special weekend at one of the city's premier landmark locations. In Detroit, the Renaissance Center was chosen, and I sat low in my passenger seat watching the long, gray walls of the Lodge Freeway pass by my car window.

"Ohio," I thought to myself. "Where among this bleak, gray landscape would we ever find a place to live?"

That weekend and several more passed, and we eventually found a nice apartment near my husband's Farmington Hills office. Detroit became gourmet

groceries, mile-marked streets beneath expensive cars, blossoming condo developments and piles of strip malls.

I was shown Joey's on Jefferson, Rhinoceros, and Floods -- the dressier side of Detroit -- by my friend Becky, a Detroit native who loves to dance.

I drove through Birmingham, Pontiac, Bloomfield Hills and Dearborn.

Since we've moved I've been boating on Lake St. Clair, along the downtown shoreline, past the Grosse Pointe Yacht Club and around Belle Isle.

I've cheered the Michigan Wolverines, the Spartans, the Red Wings and Pistons.

Eventually, I did some tour-guiding of my own, ushering my sisters from Chicago aboard the People Mover; hosting friends from Louisville at the Grand Prix and entertaining others from Ohio in Greek Town.

"Is there shooting?"

"Is it safe after dark?"

"Have you seen any crack?" they all seem to ask.

I envision their impressions as clearly as I saw my own one year ago.

No, I don't live in that Detroit.

I live in another Detroit. And the answer is I like it very much.

Voters say no because of high assessments, CHS controversy

BY SANDRA G. CONLEN
Clarkston News Staff Writer

High property assessments and controversy over the transfer of Clarkston High School's assistant principal topped the list of reasons why voters turned down two school ballot issues June 12, according to Durham Downs.

Downs, chairperson of the voter research committee for The Blue Ribbon Kids Committee, presented the list of reasons to the Clarkston school board July 10.

The voter research committee, comprised of volunteers, went door-to-door before the election campaigning for the June 12 ballot issues, said Downs. Some voters

"Taxation is a very difficult issue, full of emotion."

Durham Downs

gave reasons why they would not support the bond issue and Headlee Override.

According to the committee's findings, voters gave the following reasons for voting no to the June 12 ballot requests:

- Reassignment of the high school Assistant Principal Jan Gabier to another position became a controversial issue. Some voters linked the personnel matter to incompetency by the administration.

- Property assessment increases.
 - State school funding reform.
 - Fewer volunteer workers to help with communication.
 - Accountability issue for instructional staff.
 - Some voters thought last year's millage passage would be sufficient for some time and felt betrayed when asked to levy more taxes this year.
- In the recent school election, voters defeated a request for a \$68.8 million bond issue that would cover building a new high school and elementary school, plus some needed additions.

Also included on the ballot was a request to override the Headlee Amendment. The Headlee Amendment automatically rolls back millage rates whenever property values increase at a rate higher than the rate of inflation.

The override would have allowed the school district to levy the 38.83 mills voters approved in last year's election. Without the override, the school district will levy 34.95 mills. One mill is \$1 for every \$1,000 assessed property valuation.

Downs said the board is looking at alternatives.

"We have a very competent and highly professional administrative staff," he said. "Bill Jackson is doing an outstanding job with the revenue factor. We have to be content with it."

"Taxation is a very difficult issue, full of emotion. If we don't have people out there explaining about issues concerning school taxation, the information will be incomplete."

"The Blue Ribbon Kids Committee is supportive of the school board," said Downs. "We know they must satisfy many different sections in the community, and that's the difficult part of the solution. We're ready to help them."

4-H fair rides into town

The Oakland County 4-H Fair offers more than just farm animals when it rides into Springfield Oaks County Park next week.

Exhibits during the Tuesday through Saturday, Aug. 1-6, show include woodworking, flowers, photography, clowning, leadership and conservation. Livestock exhibits will feature goats, sheep and rabbits. Horse judging takes place Tuesday through Thursday.

Plus, a carnival, hay and pony rides, pig racing, games and food are offered throughout the week.

Each day, the fair offers a special theme.

Tuesday, Aug. 1, is Senior Citizens Day. Prizes will be awarded to the oldest 4-H alumnus, oldest man and oldest woman at the fair that day. Local celebrities will participate in a celebrity donkey race at 8 p.m.

Wednesday is Kids Day. Youngsters can enjoy pony rides, games and a puppet show. Evening entertainment will feature a rodeo at 8 p.m.

Thursday is 4-H Club Day, offering competitions for 4-H club members. A demolition derby is scheduled for 8 p.m.

Friday is "Country Day at the Fair." The Nolfs, a country-western group, will perform at 7:30 p.m., followed by country-western singer Ricky Skaggs at 8 p.m.

The fair ends Saturday on Teen Day, featuring pig wrestling, a talent show and a livestock auction. The main event of the evening is the figure 8 car race at 8 p.m.

Tickets for The Nolfs and Ricky Skaggs can be purchased from any Ticketmaster outlet. A \$4 parking fee will be charged daily.

Springfield Oaks, an Oakland County Park, is on Andersonville Road, near Hall Road in Springfield Township. For more information, call 634-8830 or 625-8133.

Students learn new leadership

BY PETER AUCHTER
Clarkston News Staff Writer

They sit behind the band during pep rallies in the high school gym. They rarely attend sporting events or other after-school activities.

They are the students who don't participate in the social life at Clarkston High School. Principal Dr. Robert Burek knows who "they" are, and for the last three summers has worked on getting them involved.

Instead of talking with the quiet students, Burek and the staff at the high school tab a group of 30 or so "outstanding leaders" who are entering their senior year for a two-day leadership seminar in hopes they will inspire their peers.

The student leaders came from after-school groups like Student Council, Blue and Gold, National Honor Society, Interact, D-Bug and band. Each came away from the seminar at the Oakland Technical Center-Northwest Campus with a goal for the upcoming school year.

"I'll respect people more," said Ron Gibson, a member of student council, N.H.S. and sports teams. "(This seminar) teaches respect for other groups."

Michele Driscoll, who is active in cheerleading and the Blue and Gold Club, wants to see new faces at after-school activities.

"I think there is work to be done," she said. "There is always room for more people to get involved."

"This will be a big year. I love to get involved. As a cheerleader, I want to see a lot of kids at the games. Different people, not just the same people."

During their two-day seminar, students viewed videos on leadership, brainstorm about problems at the high school and learn through hands-on experiences such as planning dances. On the flip side, the students also talked about positive things at the high school.

On the second day, Assistant Principal Brent Cooley spoke to the group. He told them he is a firm believer in the power of positive thinking.

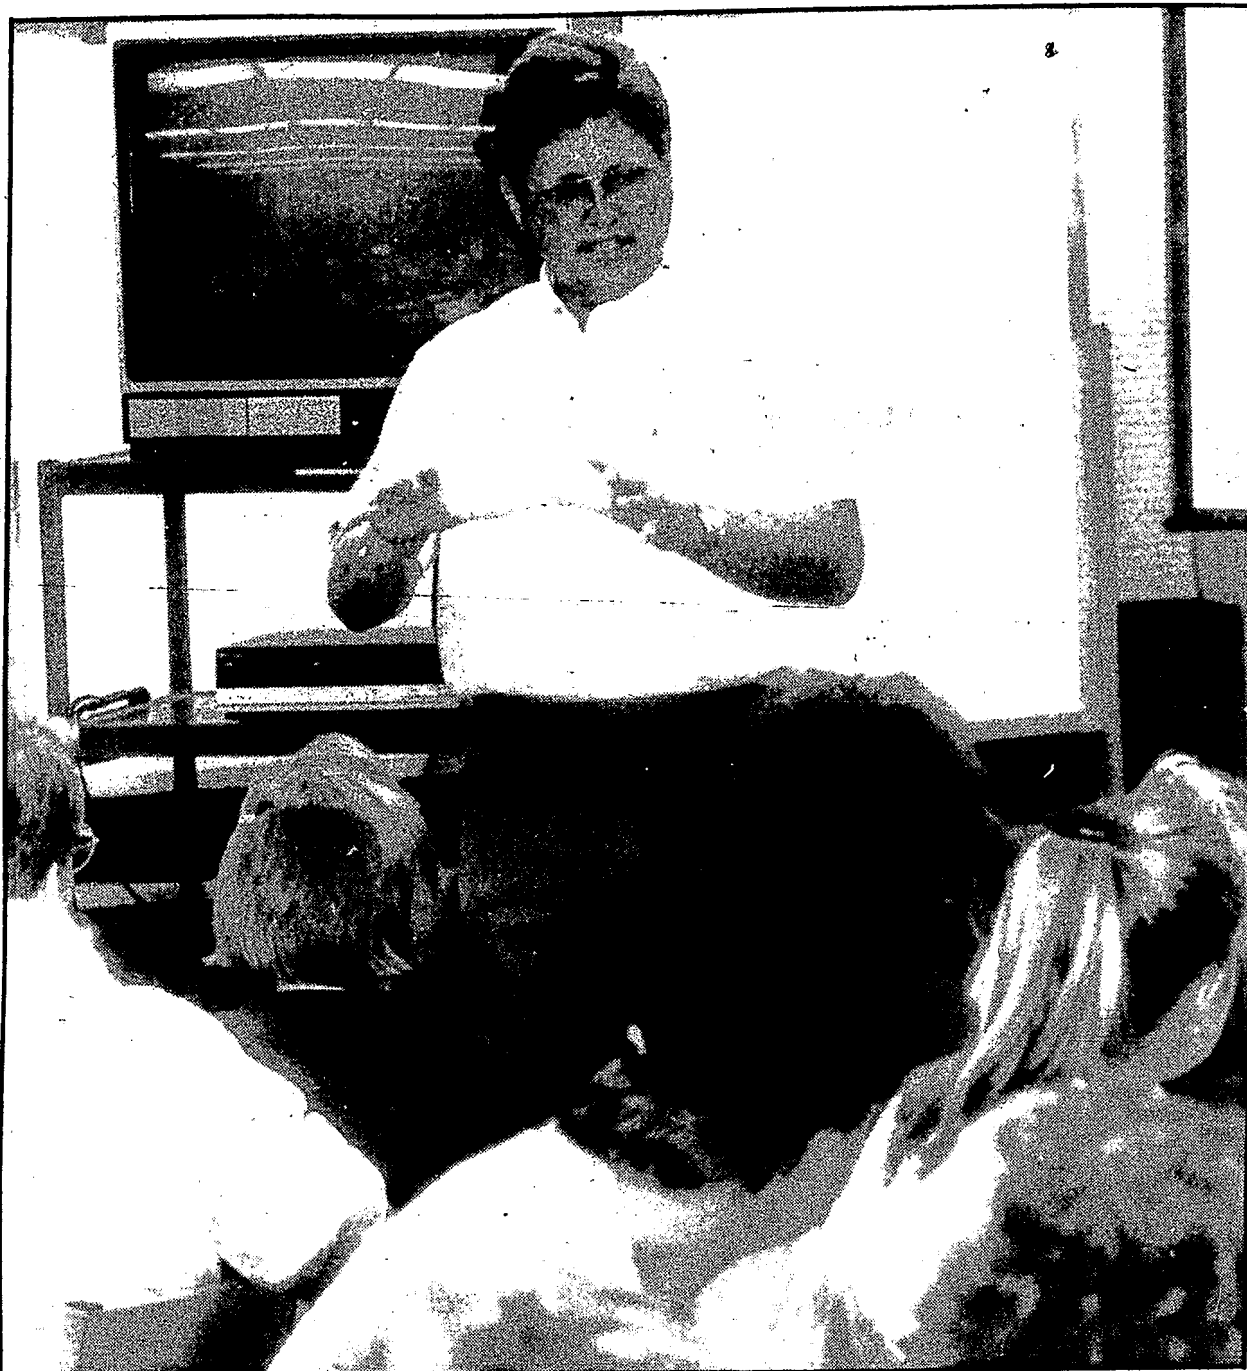

"When you feel good about yourself you can take a risk to confront those students in a positive way," he said. "We don't see them as losers. The only way we can empower others is to empower ourselves, and we empower ourselves by feeling self worth."

In its third year, Burek says the leadership seminar has been a resounding success. Last year, the students met once a month to discuss problems and listen to guest speakers such as Independence Township Supervisor Frank Ronk or state Rep. Mat Dunaskiss.

Burek decided to begin this program because "students are awfully important people," and it allows him to monitor the students' activity throughout the school year.

With help, he hopes the students can overcome the problems they will face in the upcoming school year when they try to implement their ideas.

"They will hit frustrations," Burek said. "But your support system will help you. It's not abnormal to be depressed."

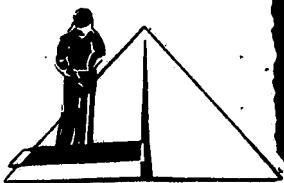

BRENT COOLEY speaks to a group of incoming Clarkston High School seniors last week during a two-day seminar at the Technical Center-Northwest Campus.

Sagamore resident against sewer

A resident of Sagamore Drive, Independence Township, continued his protest July 11 of a sewer line planned along his street.

Charles Myers appeared before the township board to speak out about the loss of trees resulting from the sewer project, among other things.

"I learned that in front of six houses there will be removal of 125 trees, most 6 inches, but up to 30 inches in diameter," Myers said, adding that at the end of the street a wetlands portion would be affected and another 175 trees would be lost.

A sanitary sewer line is being extended from

White Lake Road southwest of Dixie Highway to Deer Lake Road northeast of Dixie Highway and down Sagamore. The project is part of the Downtown Development Authority, which was created to improve sewers, water, lighting, landscaping and overall economic development on parts of Dixie Highway and M-15.

"(Sagamore) is going to be completely torn up for a year," Myers said. "Why the people of Sagamore and Deer Lake Road have to be penalized for improvements to Dixie... it's not the only route to choose from," he said.

Supervisor Frank Ronk told Myers that his comments would be considered when the matter comes before the board.

Thursday, an unknown person smashed a car's back window with a rock in Bordine's parking lot on Dixie Highway, Springfield Township.

Friday, a license plate was stolen from a car parked at the First Church of God parking lot on Clarkston Road, Independence Township.

Friday, a man living on Timber Ridge, Independence Township, reported pry marks on his vacationing neighbor's garage door.

Friday, two Clarkston area women were ticketed for open alcohol possession outside the Liquor Cabinet on Dixie Highway, Independence Township.

Friday, a car parked on North Eston, Independence Township, was damaged by unknown persons.

Saturday, a 53-year-old Detroit man wanted by the Detroit, Pontiac and Gross Point Park police departments was arrested near the Amoco Station on Sashabaw Road, Independence Township.

Saturday, two 18-year-old men were ticketed for loitering in the Quik Pik parking lot on M-15, Independence Township.

Saturday, a television and video cassette recorder worth \$1,200 were stolen from a residence on Mattawa, Independence Township.

Saturday, four 18 and 19 year olds were ticketed for open alcohol consumption at the Pine Knob Music Theatre parking lot.

Saturday, a 39-year-old Detroit man wanted by the Detroit police department was arrested near Sashabaw Road and I-75, Independence Township.

Saturday, four people were ticketed for building a bonfire without a permit at the Round Lake Beach on Columbia, Independence Township.

Saturday, an unknown person attempted to steal a stereo from a car parked on Whipple Lake Road, Independence Township.

Sunday, \$5,100 in jewelry was stolen from a safe in a residence on Tahoe, Independence Township.

Sunday, a 37-year-old man stole two telephones worth \$95 from a residence on Woodland Terrace, Springfield Township.

The above information was compiled from reports at the Oakland County Sheriff's Department.

Cemetery rules are modernized

BY TRACY KING
Clarkston News Staff Writer

The quiet calm of Lakeview Cemetery in Independence Township has existed for hundreds of years, but rules at the cemetery needed some updating, according to Cemetery Superintendent Linda Richardson.

Township board members unanimously approved the changes July 18.

Most of the changes made the wording of the rules more modern. The last time the rules and regulations were updated was in April of 1949, explained George Anderson, director of public works.

"Its basically the same with more modern wording," Anderson said.

The rules are not designed to hinder or be harmful to anyone, the document says. But rather it is the desire of the board to make Lakeview Cemetery a quiet, beautiful resting place for departed loved ones.

Board members questioned the age limit for unescorted children and asked whether there was a limit on the height of the grave markers.

Among some of the general rules are the following:

* Cemetery gates will open and close at posted hours and at such other times as deemed necessary by the superintendent. In no case is anyone allowed in the cemetery after dark.

* No person is permitted to enter the cemetery except through the gate.

* Visitors are asked to refrain from all boisterous talking, laughing.

* No children (under 12) will be permitted in the cemetery unless attended by an adult person who will be responsible for their conduct.

* All graves shall be made level with the surrounding lawn and in no case shall mounding be permitted.

* No one, without permission from the superintendent, will be allowed to disturb the sod on lots or graves, except cemetery personnel.

"Its basically the same with more modern wording."

George Anderson

* It is strictly prohibited to scatter rubbish over the property, as containers are placed for the disposal of all refuse.

* No advertisements of any form will be allowed on cemetery property.

* Dogs will not be permitted at anytime to run loose on cemetery grounds.

* Bicycle or horseback riding within the cemetery gates is prohibited. Automobiles and other vehicles within the cemetery shall observe the following rules:

-speed limit is not to exceed 10 mph;

-no horns or other warning signals;

-no parking or driving on the turf;

-no passing of burial service.

* Carrying and the use of firearms with the cemetery is forbidden except for use at military funerals.

* Cemetery office must be contacted before planting. Potted plants are permitted on graves on holidays and special occasions by permission of the superintendent. The sod can not be disturbed for the placing of potted plants. The superintendent can remove the plants when necessary. Any unsightly vase shall be removed by the superintendent without notice.

* It is of the utmost importance that there should be a strict observance of all the proprieties due the cemetery, whether covered in these regulation or not.

* The by-laws, rules, regulations, prices of lots, and schedule of service prices may be amended or changed at any regular meeting of the township board by a majority voted of all members.

Tri-party won't be used for Springfield gravel

Six area roads will have to wait awhile before getting gravel. The Springfield Township Board decided not to spend about \$47,000 in 1989 Tri-Party funds on covering five miles of area roads.

"The money will be saved to be applied toward a project next year or the following year," said Supervisor Collin Walls.

The roads that would have received a three-inch layer of gravel are: Bigelow, Clark Lake, Edgar, Hillman, Neal and Neilson.

Walls said he did not think the board knew enough about the condition of the roads to decide if gravel would be an improvement or a waste of money.

The Tri-Party Program is a \$145,000 fund that can be used over three years. Next year, Springfield will have the option of using two-thirds of the money, or saving it for a larger project at the end of the three-year period.

Springfield Township covers one third of Tri-Party funds. Another third is paid for by the Oakland County Board of Commissioners; the final third is financed by the Oakland County Road Commission.

Golf outing to benefit SCAMP

A golf outing is planned as a benefit to Clarkston SCAMP, a five-week summer program for children and young adults with special needs.

The Second Annual SCAMP Golf Outing, sponsored by the North Oakland SCAMP Funding Corporation, is to be held Saturday, Sept. 9, at Bramblewood Golf Club, 2154 Bramblewood Drive, Holly.

Tickets at \$60 per person include 18 holes of golf, continental breakfast and luncheon with prizes. Lunch only is \$20.

For more information, call Buck Kopietz at 625-2511.

Questions flying

Peter Auchter

Take cover folks, soccer balls are flying around the township at alarming speed. And so are the questions.

First there was a camp at Bailey Lake Elementary sponsored by the Michigan Soccer School of Excellence ran last week; now we've got clinics all week long at Clintonwood Park, thanks to the Independence Township Parks and Recreation Department.

There also are spring and fall soccer leagues sponsored by the township and girls and boys soccer at the high school level. If you like soccer, there's plenty of action around or on the horizon.

Does this mean soccer in the U.S. of A is here to stay this time around?

Will little league soccer soon replace T-ball as the great American sport?

Will America pull an upset in the World Cup as they did in hockey during the 1980 Olympics?

Will there be a professional league that spans the nation, as the NASL did in the late 1970s and early 80s?

Will there be developmental leagues just as in baseball? Class A, AA and AAA teams like the world famous Toledo Mudhens or better yet the Durham Bulls.

Will moviemakers find enough glory in the game to make a film like "Bull Durham"?

What would they call it?

Would anybody pay to watch it? (Strike that, I forgot about that great flick starring Hulk Hogan called "No Holds Barred." If people will pay to see that, anything else is fair game.)

Could we call this the soccer generation?

Whatever happened to soccer superstar Pele?

Will he make a comeback someday just for the money? (Laugh if you want, but if Sugar Ray Leonard, The Who and Rolling Stones can do it, why not Pele?)

Can soccer be adapted to a beach game, ala volleyball?

Where does indoor soccer fit into all this mess?

Do we want indoor soccer to fit into this mess? (I'd rather watch arena football.)

Will the American fans take soccer to heart when it comes time to buy season tickets for the local pro. team? (Strike that, I forgot about the fans at Detroit Tigers games this summer. They're probably the same group who saw "No Holds Barred.")

Will soccer programs in college become big-time sports on campus complete with scandals, payoffs and drugs?

Will soccer in America (football in the rest of the world) ever become more popular here than anywhere else?

Ah, so many questions and so few answers. (Let's drop the subject. See ya next week, right here.)

Near miss for four

Foursome nearly repeats as state champions

BY PETER AUCHTER
Clarkston News Staff Writer

State champions a year ago, four Clarkston Junior High School girls nearly defended their 400-meter relay title recently at the Hershey Track and Field State Meet.

Only a split second, one-hundredth to be exact, separated Audrey Schaff, Jamie Symons, Kelly Raup and Jill Attaman from the winners during the annual meet in Howell July 14.

The feat is even more remarkable when considering the competition the girls went up against. About 2,500 kids from age 9 to 14 participated in the Hershey meet this year, and 62 teams were entered in their event.

In their coach's eyes, the girls -- along with their Independence Township teammates -- were winners regardless of the final standings.

"Everyone who participated did extremely well,"

said Gene Attaman. "I'm proud of them all."

Attaman coaches the Independence team sponsored by the township parks and recreation department. More kids turned out for the squad this summer, and consequently Independence fared better in the state meet than it did a year ago.

Independence placed in five events, including their second-place showing in the 4x100 relay. Others who earn ribbons were Jill Attaman with a second-place finish in the 100 dash; Kelly Raup was sixth in the 220-meter dash; Kelly Sadler was fifth in the half-mile run; and the 440 relay team of Brian Kinzler, Armin Nicholson, Jeremy Lafferty and Marc Moore took seventh place.

Overall, Independence fielded a team of 38 athletes this year compared to just 15 last summer. Attaman hopes the team's continued success will translate into even more participation next summer.

ONLY THE SLIGHTEST of margins prevented this 4x100 relay team of (from left) Audrey Schaff, Jill Attaman, Kelly Raup and Jamie

Symons from repeating as state champions in the Hershey Track and Field meet in Howell recently.

DEREK EVANS puts his best foot forward during a week-long soccer camp sponsored by the Michigan Soccer School of Excellence at Bailey Lake Elementary.

Sign up for little league football

Registration for Clarkston Chiefs football and cheerleading is scheduled for Monday, Aug. 7, at the American Legion Hall on M-15.

Cost is \$40 for one and \$50 for two or more children enrolled in the program. A non-returnable copy of child's birth certificate and current school photo also are required at this time.

Registration, running from 6 to 8 p.m. that night, is open for children ages 8 through 14.

For more information, call 623-1595.

Need soccer players

The search is on for girls age 14 and under who are interesting in joining a traveling soccer team sponsored by the Independence Parks and Recreation Department.

Anyone interesting in joining the program should contact the parks and recreation office on 625-8223 for more information.

Springfield denies Common Ground funding

BY BONNIE WATTLEWORTH
Clarkston News Special Writer

Despite donating \$200 to Common Ground last year, the Springfield Township Board voted against giving \$400 to the Oakland County help group this year.

Supervisor Collin Walls, Treasurer Lois Stiles and trustees Charles Oaks and Nancy Strole voted against the request July 13. Voting in favor of the \$400 donation were Clerk J. Calvin Walters and trustees Dennis Vallad and Margaret Bloom.

Walls said the board denied the recent request after approval last year because the current board is comprised of different members.

"Four out of seven members that were on the board last year are no longer on the board," he said.

Walls said he also voted against the request last year, and his objection to donating tax money to organizations has not changed.

"My objection is philosophical," Walls said. "I don't think it's the kind of thing that we should be doing

as a community government."

However, Walls said he thinks Common Ground is a worthwhile group.

"It's an excellent organization," he said. "I believe, however, that I should be making contributions as an individual and not using tax dollars for it."

But Clerk J. Calvin Walters, who supported the request, disagreed.

"If it helps one youth or one adult and gets them on the right track, then it's well worth it," Walters said. "You can't put a price on it."

Roy Skaggs, a member of Common Ground's board of directors, described his organization to the seven-member board.

Common Ground provides free legal aid and a free clinic to any Oakland County resident. They also offer educational services to promote awareness about current problems such as suicide and drug abuse.

Anyone using the service is asked to make a small donation. However, if he or she cannot afford a donation, help is not denied.

"There are lots of services available whether you make a donation or not," Skaggs said.

Common Ground also offers a 24-hour crisis telephone line, he said.

"They'll talk to you as long as you need to talk to someone, which is unique," Skaggs said. "Wayne county will not do that -- they'll trace your call and within a half-hour, you'll be on your way to the Detroit emergency trauma center."

Skaggs said the non-profit organization helped about 129 people in the area northwest of Clarkston last year.

"But well over half the people who call us don't give a location, so there may have been more," he said.

Carpeting business slated for expansion

A floor covering business in Springfield Township got the final OK for an expansion July 13.

The Springfield Township Board unanimously approved plans for the construction of a building at Blower and Sons, Inc., on Andersonville Road.

Blower and Sons specializes in the installation of carpeting and other floor coverings.

Company owner Dave Blower attended the meeting to answer questions about the addition. But the board approved the plans without much discussion.

Most comments made by the board referred to the business' landscaping.

"(Landscaping) seems like such a small thing, but it can make a building look so nice," said Trustee Nancy Strole after complimenting the company's exterior.

3 Warehouses added to Moon Valley

Plans for three warehouses at Moon Valley Rustic Furniture were approved in a 6-1 vote of the Springfield Township Board July 13.

Clerk J. Calvin Walters cast the only dissenting vote. He said he voted against the additions because the company uses a trailer to store drums of varnish on the Andersonville Road site.

"I don't like the idea of a site using a trailer as storage," Walters said. "We are trying to move away from that."

But company President Kim Beattie assured the board that the trailer was a safe storage unit.

"It is an insulated trailer -- it was originally a refrigeration trailer," Beattie said. "It has a solid, aluminum floor. I guess you could look at it as a building."

Beattie said storing a combustible material such as varnish away from other materials reduces insurance costs.

"Keeping it (varnish) separate is a tremendous advantage to everyone," he said.

Beattie said the three additions will allow the company's main building to be used for manufacturing.

"Presently, the front half of our main building is a warehouse or used for storage," he said.

Moon Valley manufactures outdoor furniture such as picnic tables. It has eight full-time employees, but it also employs college students on a regular basis, Beattie said.

The company's main location is Dixie Highway, Independence Township.

County Park played games before settling down to a campfire and marshmallow roast at the park on Sashabaw Road.

She makes summer special for over 200 students

BY SANDRA G. CONLEN
Clarkston News Staff Writer

Bunny Newmarch has a special group of people who count on her to make their summer special.

As executive coordinator for North Oakland SCAMP Funding Corp., Bunny's job is to make certain the fund-raising for SCAMP is carried out.

She spends all year raising funds to assure that all the special needs students who wish to be involved with the program have a place at summer camp.

"We have never turned anyone away for any reason," said Bunny.

Bunny has been involved with SCAMP for the last 10 years when her son, Matthew, first attended the camp at age 4 as a speech and language impaired youngster.

"He loved it," said Bunny. Matthew now serves as

a student aid for SCAMP.

Interest in the program grew for Bunny after the experience her son had attending SCAMP. She became secretary for the organization during the summer months for seven years until she took a full-time position as the executive coordinator.

"I love seeing the kids and the opportunity it gives them in the summer that might not be available," she said.

SCAMP runs its program four days a week for five weeks during June and July.

SCAMP has about 90 people who help keep the program functioning. There are lead teachers or special education instructors, adult and student aids, and volunteers who help with the student enrollment of over 200 ranging in age from 2 to young adult, said Bunny.

"I love seeing the kids and the support it gives them

in the summer that might not be available otherwise," said Bunny.

The Newmarch family has made SCAMP a family affair. Bunny's daughter, Amy, a senior at Clarkston High School, is also a student aid.

"My husband jumps in for every fund-raiser and works as hard as I do," said Bunny.

Bunny keeps busy with fund-raising all year long for the summer camp. Funding for each camp participant is about \$355 per student.

"We have a busy fall coming up," said Bunny, adding that an ice cream social, golf outing and walk are planned.

Programs raise funds for SCAMP

Fund-raisers make Clarkston SCAMP, a summer camp for children and young adults with special needs, possible.

Following is a list of upcoming events:

Ice Cream Social in Clarkston's Depot Park on Friday, Aug. 4, from 6-9 p.m. The social is held during the display of old cars in the Meadowbrook Historic Car Races.

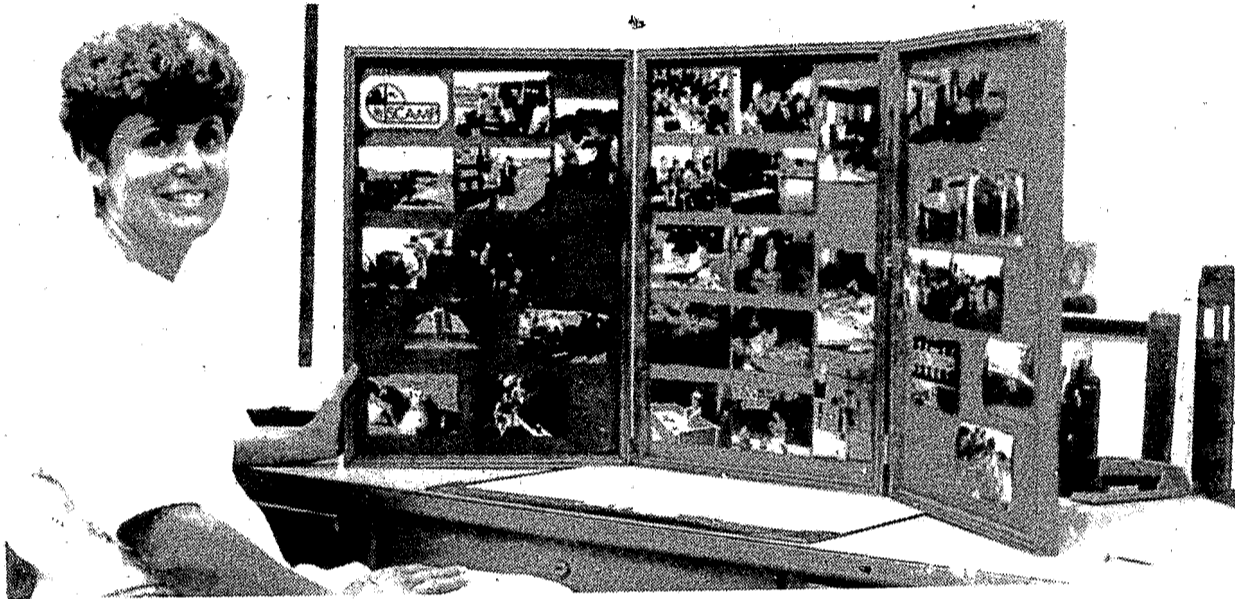

2nd Annual Golf Outing on Saturday, Sept. 9, at Bramblewood Golf Course in Holly.

Walk for SCAMP on Sunday, Oct. 1, starting from Clarkston's Depot Park. Participants can choose from a 3-mile walk and an 8-mile walk.

Charity Bazaar on Thursday, Friday and Saturday, Oct. 5-7, at the Summit Place Mall, Pontiac.

50-50 Raffle on 26 consecutive weeks -- each participant gives \$1 during the 26 weeks. The raffle is scheduled to begin in November.

SCAMP Home Tour planned for June 2-3, 1990.

BUNNY NEWMARCH is executive coordinator for North Oakland SCAMP Funding Corp., which provides money for a five-week summer day camp for youngsters.

MICHIGAN'S #1 ERA REAL ESTATE OFFICE

Opinion of Bill Myers

26 Wed., July 26, 1989 The Clarkston (Mich.) News

Tax rules can spoil a nice summer day

William A. Myers is a retired Lapeer County editor and investments manager from Boca Raton, Fla.

If, up until now on this nice summer day; you have felt at peace with the world and with Great White Father in Washington, then turn the page or go watch the telly. These examples of income tax rules could ruin your disposition.

For instance: business gifts. Current rules are that you mustn't give one customer or business friend anything worth over \$25 in one year.

Now, \$25 is pretty modest in 1989 dollars. It's the same as \$5 was in the '40s. Then or now, it's hardly enough to concern the bureaucrats.

As a taxpayer, it may be worth deducting, even though the net benefit to you in saving 28 percent tax on \$25 is only \$7. Or at least I thought it worthwhile until I read what the record-keeping involves.

This is from the American Research Institute. In its publication, "Travel and Entertainment Expense," it says:

In the case of business gifts, these elements must be proved to support a deduction:

1. Taxpayer's cost.
2. When the gift was made.
3. The reason for making the gift or the nature of the business benefit derived (or expected) as a result of making the gift.
4. Data on person getting the gift - name, title or information to establish his business relationship to you as the donor.
5. Description of the gift.

Maybe all these records you can maintain to save yourself \$7. Or maybe you'll just say, "The devil with it," and run through an undocumented deduction and hope it sticks. Or maybe it would be simpler just to not send fruitcakes to your customers.

How, under Rule No. 5, do you describe a fruitcake, anyway? Do you need the recipe?

The same publication came up with a blood-boiling

rule on certain deductions for a car you own and use in your business. Assume this car is used 100 percent for business. Items like repairs, storage and depreciation are allowable. Then the IRS throws a curve ball at you on insurance.

According to the Research Institute, insurance is only partly deductible. Why in heaven's name this is so, I cannot say. But here's the formula:

You use the car 40 hours a week in your business. That's about 24 percent of the 168 hours in the week. The IRS reasons that they're not going to allow as expense the hours the car is insured that it isn't operating; they figure you'd have to insure it anyhow.

So the insurance is \$1,000 a year out of your pocket. You're allowed to deduct only 40-168ths of that, or \$238.10.

Another cute little rule comes up on "Trips outside the U.S. solely for business."

You can go to conventions if they're in the "North American area," a term that contradicts geography when it allows possible deductions if you go to Puerto Rico, Virgin Islands, Pacific Trust territoris (Samoa, for example), Canada, Bermuda and Mexico and a few other exceptions.

Then you have to prove the meeting or convention has a reasonable purpose and the residences of the sponsors have some connection with the locale. A cruise ship convention is not kosher unless it's on a ship with U.S. registry and stops only at ports in the U.S. or its possessions.

A fellow might suspect the maritime unions wrote that one.

* * *

One of my hobbies has been to try different kinds of transportation in varied climes and places. My lifetime

list, as best I can remember:

Marine: Arab dhows, Egyptian feluccas, catamarans, jet boats, paddle-wheelers (side and stern), freighters, cruise ships, submarines, subchasers, destroyers, canoes, rafts (rubber and wood), power boats, outboards, sailboards, innertubes, sloops, ketches, schooners, yawls, iceboats, skate sails.

In the Air: Hot air balloons, big planes and little planes, sailplanes and gliders, helicopters, blimps.

On the Land (animals): dog teams, mules, camels, dromedaries, ostriches, elephants, horseback and horsedrawn cutters, buggies, wagons, gigs.

On the Land (mechanical): engine cabs of steam trains (narrow and standard gauge), freight trains, automobiles from Model T's to Porsches, bullet train in Japan, blue train in South Africa, motorcycle, tricycle, bicycle, funiculars, cable cars, streetcars (horse-drawn and electrical).

On the Land (human): rickshaws, rock sleds (Madeira), stretchers (Madeira taxis), on my pappy's back.

On the Land (other): Skis, skates (ice and roller), ski-joring (behind horses), ski-joring (behind autos), skateboard.

I guess I'm proudest of the 2,000 miles I drove a dog team the year I was a park ranger in Alaska.

Most novel were the big sleds that the men of Madeira guided down the greased rocks of the mountain roads there. I took this hair-raising ride down the cobblestone trail, with natives running alongside and keeping the sled from going off the road and over the cliffs. Sacks filled with grease dangled just under the runners to keep them slippery, although the cobblestones were already pretty greasy from the traffic.

I would like to ride a camel in a race. They do this in Egypt and it looks like a hell-raising sport.

The many faces of Ed Cable

Actor now entertains on softball diamond, volleyball court

BY PETER AUCHTER
Clarkston News Staff Writer

When stage actor Ed Cable sees a smile in the

ED CABLE says his favorite stage production always will remain the one he's playing in at the time.

audience, he shares the person's happiness.

Cable, who retired almost two years ago, plays with softball and volleyball teams at the senior center in Clintonwood Park on Clarkston Road, Independence Township. The 66-year-old also is active in acting.

In May, he began a stint at a dinner theater in Flint in the stage production "1940's Radio Hour." It was the latest in a long line of work on stage and in front of a camera for the Lansdown, Waterford Township, resident.

Past performances include work in television commercials for clients such as Strohs Beer, Sunoco, Michigan Lottery, Automobile Club, UAW Union, Detroit Heating Bureau and many car companies.

He also has had parts in such productions as "Divorce Court," "Juvenile Court" and "Paper Lion."

On stage he's done dinner theater with Jimmy Launce Productions at Somerset Mall and the Hyatt Regency and performed at such theaters as the Attic, Alger, Eagle and the Will-O-Way Repertory.

He began his acting career as a hobby on stage at the Grosse Pointe Theater. Others interested in the field should do likewise, he said.

"Start with amateur theater and go from there," he advised. "It started out as a hobby, but then they started paying me."

"To err is human; that's what makes live plays great. And the audience never knows (about the miscues)."

"The joy of it all is if you can make people happy and glad they came. I've had my thrills with curtain calls."

Soon, he branched out into commercials and other ventures. During his peak work periods, however, he discovered acting isn't always what it's cracked up to be.

"It becomes like a job," he says. "But now that that's over with, I'm glad I stuck it out."

But it wasn't easy. He remembers the long hours of practice on stage while his three children played hide-and-seek in the otherwise empty theater. He also remembers the jobs he didn't get.

"There is a lot of rejection in the business," he said. "They tell you not to take (rejection) personally, but who can't take that personally?"

While he has appeared in many productions over the years, the stage remains tops with Cable -- blemishes and all.

He fondly recalls when props would accidentally be left off stage or fellow actors would drop or add lines -- and the play would go on without missing a beat.

"To err is human; that's what makes live plays great," he said, smiling. "And the audience never knows (about the miscues)."

Filming commercials, on the other hand, is just the opposite. With producers, writers and directors looking on, the slightest slip results in a re-take.

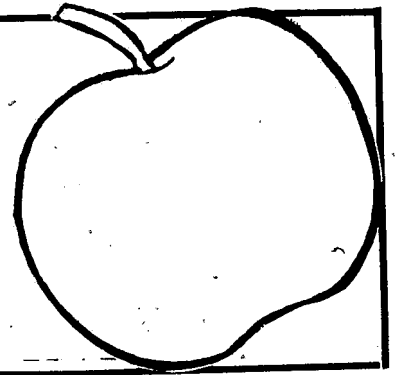

"It's very impersonal," he said. "Stage is much more fun because you have an appreciative audience."

An Apple for the Teacher

CHS graduate returns to teach in hometown

By Jan Modesitt

David Johnson, newly hired in August of 1988 to teach mathematics and English at Clarkston High School, is a product of the Clarkston school system.

He attended Andersonville Elementary School, Clarkston Junior High and graduated from Clarkston High School in 1976. As a high school athlete, he participated in football and played on the 1976 state championship baseball team for Coach Paul Tungate.

During his high school years, David worked for Jean Saile at The Clarkston News and wrote to cover the high school sports teams at a rate of 15 cents per inch. As David remembers it, he wrote a lot of inches of copy, and Jean did a lot of editing!

In 1980, David graduated from the University of Michigan, Ann Arbor, with a double major in journalism and English.

After working for the Novi-Walled Lake News (sports) and for Comcast Cablevision in Warren, David

decided in 1986 to return to school at Wayne State University, Detroit, to complete a major in mathematics and to obtain his teaching certification in secondary education.

After doing his student teaching at Troy High School in the fall of 1987, he taught at Orchard Lake St. Mary Preparatory School for one semester before being hired to teach for Clarkston schools.

This year David has taught algebra, basic algebra and oral communication (English) at Clarkston High School. He also coached 9th grade baseball at Sashabaw Junior High School.

David and his wife, Lois, have been married for seven years and are enjoying their young family of three children: one girl, Kelly, 2; and two sons, Stephen, 4, and Kevin, 2 months.

Lois is employed as a systems analyst with Federal-Mogul Corp. in Southfield, and she is also returning to school to receive her master's of business administration degree through Oakland University, Rochester.

The Johnsons are members of St. Anastasia Catholic Church in Troy.

David's hobbies focus on sports, especially football, baseball, hockey and racquetball. Participation in these sports, however, is mostly on hold for David at the moment due to his responsibilities toward home, work and school.

Also high on David's list of interests are the piano, reading and attending those U-M football games for which he's proud to be a season-ticket holder.

Despite the fact that the Johnson children obviously occupy the majority of the "at home" time, David and Lois continue to share one special evening a week as their designated "date night."

The young Johnson family has had limited travel experiences to Disneyland and Disney World thus far. However, before David was married, he enjoyed three

trips to Europe with his parents -- one to Holland, one down the Rhine River in Germany and one to Greece and Italy (a trip during which they were in Rome at the time of the death and funeral of Pope Paul VI.)

Although David's classroom experience to date is limited to one and a half years, he has definite ideas about the tone that he sets in his students' learning environment.

He strives to present to his students an upbeat positive attitude toward mathematics and oral communication. He works to help his students learn to think for themselves in a more critical and analytical manner while enabling them to gain a greater sense of self-esteem. David maintains that a sense of humor is a "must" for the classroom.

Despite the fact that David is completing just his first full year of teaching at CHS, he has fit well into the instructional staff at the high school.

His organizational skills, sense of responsibility, easy-going positive attitude, sensitivity to student needs and command of subject matter -- these are characteristics of a person valuable to the educational environment. These are characteristics of David Johnson as a teacher and as an individual.

Along with David's father, a retired Waterford elementary teacher, David's former teachers in the Clarkston schools system can be justifiably proud that David has become a teacher and that, perhaps, one or more of them had an influence upon David's decision to gain his teaching certification.

Apple for the Teacher is provided through a committee of the Clarkston Education Association. This week's author, Jan Modesitt, is a math teacher at Clarkston High School.

DAVID JOHNSON taught math and oral communications at CHS last year but will be teaching at the Oakland Technical Center-Northwest Campus this year.

Handicap Discount Card good at county parks

A special discount card offered by the Oakland County Parks and Recreation Commission gives discounts to handicappers.

People with the Handicap Discount Card will get free entry on weekdays for the entire carload of passengers to Independence Oaks near Clarkston, as well as Addison Oaks near Oxford and Groveland Oaks near Holly.

Plus, there's a 50 percent reduction in fees for boat rental as well as two waterparks and a tennis and court games complex.

Some private businesses in the community also honor the card.

To be eligible for the card, applicants must be at least 18 years old and permanently disabled (mentally or

physically). They must also receive some type of disability compensation from a recognized agency and have a signed physician's statement certifying their disability.

The cost for the lifetime photo identification is \$10. To apply, write the Easter Seals Society of Oakland County, 1105 N. Telegraph, Pontiac, or call 338-9626 or 338-3030 (TDD).

At Independence Oaks, a one-half-mile paved nature trail has interpretive stations, and a tape recording is available for people who are visually impaired.

The park on Sashabaw Road also has wheelchair accessible paths, shelters, picnic tables and fishing piers and is the home of the annual Wheelchair Daze picnic held in June.

One).

8:30 p.m. - **Home Movies and Entertainment:** Private movies, comedy and more with co-host Tom Hoyes of Clarkston.

WEDNESDAY

6:30 p.m. - **To Be Announced**

7 p.m. - **To Be Announced**

7:30 p.m. - **Independence Township Board:** Meeting of Aug. 1 will be shown in its entirety.

Late night television

Kristen Bilicki

It was about a quarter to two in the morning. I was watching some cable station. On the bottom of the screen a numbered countdown of the minutes until the next movie flashed.

The station was determined to fill the remaining 15 minutes with as much meaningless garbage as possible.

I decided to call a friend who works nights. I figured that was a much better way to spend 15 minutes on a sleepless night.

A gray-haired man suddenly filled the screen. I watched his lips move as I dialed the phone number, but his words were lost. Then oddly, as soon as I heard the phone ringing, the words became clear.

"The only thing you can count on is change."

Once again, his face slipped in a voiceless vision that captured my attention as I heard my friends greeting.

As I listened to my friend, my mind once again wandered, this time as I watched the mute man on television, I ran the day's events over again in my mind.

Funny, how a seemingly endless day only takes a few seconds to relive.

I woke up, went to work, finished work, breathed ... I saw an old friend.

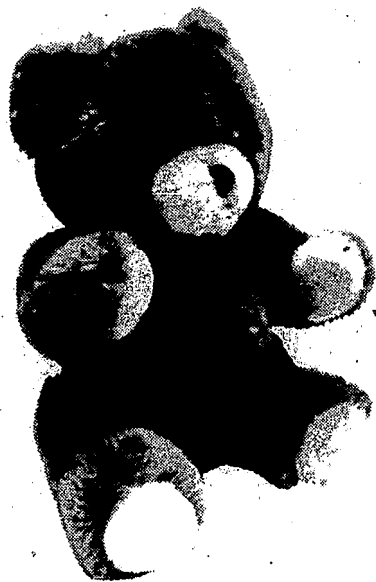

It's amazing how much a life can change in a year. I don't think I would ever want to stop depending on that change. It can be worse than a nightmare but also a salvation. It was a year ago that I last saw my friend.

In a year, where do I find myself?

On the phone at two o'clock in the morning, watching the opening credits to a movie I didn't even want to watch. Half contributing to a conversation on the phone, half in a daze. Happy.

If change is the only thing that can be counted on, then I can handle days like this. Maybe I should get to sleep sooner, or maybe late-night television isn't totally mindless after all.

Kristen Bilicki is a senior at Clarkston High School.

Temple, Cutajar exchange vows

Cynthia C. Cutajar and Kenneth Donald Temple were married May 20 at St. Daniel Catholic Church, Clarkston, with the Rev. Charles Cushing and the Rev. Douglas Trebilcock performing the noon ceremony before 100 guests.

The bride is the daughter of Mr. and Mrs. Carmelo Cutajar of Venice, Fla. A 1987 graduate of Oakland Community College-Highland Lakes Campus, she is an administrative secretary at Perry Drug Stores, Inc.

The bridegroom is a Clarkston High School graduate and is currently enrolled at the Center for Creative Studies, Detroit, in product design. He is the son of Bud and Christina Temple of Cramlane Drive, Clarkston.

The bride was given in marriage by her father, Carmelo Cutajar, in the church decorated in yellow and white.

The bride wore a traditional wedding gown with a cathedral train and a tiara veil. She carried a traditional spring cascade bouquet of white roses, pink carnation, white heather and yellow status.

The matron of honor was Shelley Utt of Waterford, who wore a yellow tea-length taffeta dress.

Other attendants were Irene Golen and Dianna McCleese who also wore yellow tea-length taffeta dresses.

Kathy Golen of Union Lake was the flower girl, and Tommy Adcock of Ortonville was the ring bearer.

Best man was Mark Cowdin of Clarkston. Other attendants were Joel Piskowski and Guy Davis.

The couple took a wedding trip to Walt Disney World, Fla., and make their home on Tuson Boulevard, Independence Township.

Engagement

Mr. and Mrs. Nancy Lawson of Clarkston announce the engagement of their daughter, Kelly M. Lawson, to Christopher M. Finazzo of Mount Clemens. He is the son of Nicolo and Carolina Finazzo of Mount Clemens. A September wedding is planned in Grosse Pointe.

Reid, Rodriquez wed in Clarkston

Melanie Reid and Mario Rodriquez were married at 3 p.m. May 27 before 175 guests at Mt. Zion Temple, Clarkston, with the Rev. Loren Covarrubias officiating.

The bride is a 1986 graduate of Clarkston High School and is the daughter of Diane Carlson of Clarkston and Edward Reid of Port Ritchie, Fla.

The groom, a 1985 graduate of Clarkston High School, is a corporal in the U.S. Marine Corp, stationed at Camp LeJune, N.C. He is the son of Marie Carl of Lake Orion and Louie Rodriquez of Pontiac.

Maid of honor was Penny Bernard of Clarkston. Mandy Carlson, the bride's sister, was the bridesmaid. Matt Carlson, the bride's brother, was an attendant.

The bride was given in marriage by her stepfather, Roger Carlson.

The newlyweds reside in Hubert, N.C.

NEWLWEDS: Mr. and Mrs. Mario Rodriquez

Grad

Gregory G. Collier of Eastlawn, Independence Township, was one of 322 students who received advanced degrees from Eastern Michigan University, Ypsilanti, in April.

He earned a master's degree in business administration.

Honors

Karen Jordan of Clarkston, a Ferris State University, Big Rapids, dental hygiene student, was selected as a recipient of the Sarah Shell Memorial Award. Gary and Helen Shell, parents of the 1983 graduate of the dental hygiene program who died of a terminal illness shortly after leaving FSU, presented the award in recognition of Jordan's academic achievement of over a 3.0 grade point average.

Four Clarkston area residents have received Student Life Scholarships to attend Oakland University, Rochester, this fall.

Receiving awards of \$1,000 a year, renewable for four years, are: Heather R. Eaton, a graduate of Holly High School, Jennifer L. Fauss and Christine A. Lisle, both graduates of Clarkston High School, and Laurie A. Altenburg, a graduate of Our Lady of the Lakes, Waterford.

The scholarship is based on academic achievement and contributions to campus and community life.

New arrivals

Belinda and Mark Wiegand of Timber Ridge Trail, Independence Township, are the proud parents of a baby boy.

Daniel Edward Wiegand was born July 4 at Pontiac General Hospital. He weighed 6 pounds, 12 1/2 ounces, and measured 18 1/2 inches long.

His sister, Kathi, 5, was "overjoyed" at having a new brother.

Grandparents are Mr. and Mrs. James Mullen of Westland and Mr. and Mrs. Harold Wiegand of East Lansing.

Great-grandmother is Gearaldine DeBruyne of Mount Clemens.

Jeanette and Brian Wode of Glendale Heights, Ill., welcomed their first child home last week.

Adam Britt Wode was born July 20 at Delno Hospital, St. Charles, Ill. He weighed 6 pounds, 7 ounces, and measured 19 inches long.

Grandparents are Doris and Johnie Britt of Eston Road, Independence Township, and Kay and Gene Wode of Greer, S.C.

BRANDY RYAN of the Clarkston area will be among hundreds of spectators who will cheer 30,000 rubber ducks on to the finish line in the Aug. 6 Greater Detroit Duck Race at Elizabeth Park in Trenton. Proceeds from the event benefit the Children's Center at Beaumont Hospital, Detroit. Ryan is Miracle Child for Beaumont Hospital because she has overcome serious medical problems.

Around Town

Local events open to the public are printed in Around Town as a community service. Call 625-3370 or write to The Clarkston News, 5 S. Main, Clarkston, MI 48016 two weeks in advance.

Pet of the Week

PUPPY IS ONE OF TWO Russian Wolfhounds waiting for a good home. His calm temperament would suit most any family.

Tall, graceful and calm

These two fellows are from one of the oldest canine breeds in existence -- borzois, sometimes known as Russian wolfhounds.

Puppy and Turk are from the same litter and are about one year old. The dogs are tall and stand about 34 inches at the shoulder.

Puppy is white with black spots, and Turk is white with tan spots.

These dogs are capable of running up to 30 mph, but their calm temperament dictates tranquility. They would rather be on a pillow in the apartment rather than running out in the country side.

They are crate trained now but spent most of their first year tied up outside. They have never been around cats but are good with other dogs and with children.

These gents can be adopted at the Michigan Humane Society, 36000 Auburn Rd., Auburn Heights, 852-7420. Hours at the non-profit shelter are 10 a.m. to 4:30 p.m. Monday through Saturday.

The total adoption fee is \$70 for each dog, which includes a \$40 neutering fee.

TURK IS FROM THE SAME litter and possesses the same quiet grace. The two dogs are about one year old.

Area producer wins CLIO with 'Merrily, Merrily'

BY TRACY KING
Clarkston News Staff Writer

You may have seen a particularly good Jeep commercial on television lately.

In a gorgeous forest, a stream babbles and sunlight breaks through the trees. You begin to hear the sound of a man and a woman singing "Row, Row, Row Your Boat," and a Jeep Cherokee comes toward you. The Jeep passes by, as the voices of children chime in, completing a perfect picture of family harmony and fun.

The commercial, entitled "Merrily, Merrily," captured one of this year's prestigious CLIO Awards and has made Independence Township proud.

Producer of the spot is Craig Mungons of Perry Lake Road.

The CLIO is a sort of Academy Award for commercials -- an annual competition honoring the best TV, cinema and cable commercials in the nation. Winners this year were announced June 12 at the New York State Theatre in Lincoln Center.

Mungons, 34, wasn't able to be in New York for the award but said he "jumped around his office a bit" at the Campbell-Mithun-Esty Agency in Southfield.

"When the CLIO comes up, we all say 'Wouldn't it be great to win a CLIO?' and when it wins, you're a little taken aback," Mungons said from his California hotel room.

Mungons was in California for several weeks filming a 1990 Jeep series commercial for release this fall.

An agency producer, Mungons works as a conduit between the agency's creative department, which conceives of the idea, and a film company who is hired to bring the commercial to life.

The commercial is created with input from the entire team: writers, art directors, producers, and the client -- but the producer acts as the agency expert.

He or she must choose directors, develop bids and budgets, coordinate talent and monitor all of the techni-

"We turned the water on, turned the lights on, released the butterflies and live birds -- it was magical."

cal details of the commercial.

The job can be complex and challenging.

In the Jeep commercial described above, for example, the picture-perfect, lush setting was built entirely in an airport hangar.

The set was the size of three average size houses and took a crew of 20 almost two weeks to construct.

"The crew really got excited," Mungons said. "We turned the water on, turned the lights on, released the

butterflies and live birds -- it was magical," he recalled.

Although the set was elaborate, it was actually less expensive than trying to shoot the commercial in a real forest.

By the time you haul lights and huge pieces of technical equipment onto a piece of land and get the rights of the landowner and build up the stream for the right bumpiness and wait for the perfect sunset -- it can be more trouble than it's worth, Mungons said.

Creating commercials can be rewarding, but it comes with a price.

Mungons, recently remarried with three teen-age stepsons, travels for two to three months a year on the average. Each summer, he travels for six weeks to produce commercials for new car announcements in the fall.

Mungons has been in the advertising business for 12 years. Although the CLIO award was not the first for his agency, it was the first for Mungons and could be one in a string of many.

Business Briefs

Physician honored

Dr. Robert D. Aranosian of Independence Township was recently presented with the Ronald L. Krome Meritorious Service Award from the Michigan Chapter of the American College of Emergency Physicians (ACEP).

Aranosian is director of emergency medicine at Pontiac Osteopathic Hospital. The award is presented annual to the physician most committed to the furthering of emergency medicine in Michigan.

Aranosian has been on staff at POH since 1969 and has been director of the hospital's Emergency Trauma Center from 1970 to 1982 and again in July of 1987 to present.

Aranosian is a 1969 graduate of the Kansas City College of Osteopathic Medicine. He received his intern training at POH and is a long-time Clarkston area resident.

Business mentor

A Clarkston area woman is to serve as one of 11 mentors in Women's Network for Entrepreneurial Training (WNET), a new program under the U.S. Small Business Administration (SBA).

Charlotte Brannstrom of the Clarkston area owns Greater Flint Temporaries, P.O. Box 4198, Flint, MI 48504.

She and 10 others were appointed mentors for emerging companies owned by women.

According to Raymond L. Harshman, Michigan District Director of the SBA, women are starting businesses at nearly twice the rate of their male counterparts, and the trend is expected to continue through the end of the century.

No national long-term entrepreneurial forum for women to directly assist other women business owners currently exists in the United States. WNET is designed to be a year-long relationship between the mentor and the protege, who will be paired based on similarity of business type.

For more information, call 226-6075.

Producer wins award

A Clarkston resident was producer of a radio commercial that won a 1989 Silver Microphone Award, honoring excellence in creativity, production value and overall effectiveness in radio advertising.

Craig Mungons of Clarkston produced "What He Wants, Lots to be Said," which won the award in the copywriting category, campaign. It was written by Collette Bukowicz of Royal Oak, and it was a finalist in the national competition.

Mungons is an employee of Campbell-Mithun-Esty (CME) Advertising of Detroit, which won seven Silver Microphone Awards this year for commercials created for Chrysler Jeep/Eagle dealers, including two that won national awards.

The Silver Microphone Awards honor local and regional radio commercials created by agencies all over the United States. This year, 1,163 commercials were entered in the competition.

GRAND OPENING for Steeple Ridge Condominiums brings together partners (from left) Randy Koerber, Tom Murphy, Robert Pilarcik and John Marshall. The celebration July 21 marked the opening of

four of 15 units of the development on Perry Lake Road, Independence Township. The 15-acre parcel includes acres of untouched wetlands and a woodchip path to the remaining 14 units off of Clarkston Road.

Obituaries

Emil Koop

Emil Koop, 91, of Lewiston, formerly of Germany and of the Drayton Plains area, died July 17. He was a member of the Bethlehem Lutheran Church, Lewiston, and was retired from General Motors Corp.

Mr. Koop is survived by his wife of 68 years, Alice Koop of Lewiston; children, Winfield Koop of Clarkston and Claude Koop of Oregon; brother, Rudolf Koop of Pontiac; four grandchildren; and six great-grandchildren.

The funeral was July 20 at the Lewiston Bethlehem Lutheran Church. Burial was in Lewiston.

Lillian May Osborn

Lillian May Osborn, 68, of Warren died July 18. She was preceded in death by her husband.

Mrs. Osborn is survived by her children, Lelah Castell of New York, Ronald Osborn of Clarkston and Don Osborn of Arizona; six grandchildren and two great-grandchildren; one brother and one sister.

The funeral was July 21 at the Lewis E. Wint & Son TRUST 100 Funeral Home, Clarkston, with the Rev. Douglas R. Trebilcock officiating.

Business geared up for surfing, skating, tanning

BY BONNIE WATTLEWORTH
Clarkston News Special Writer

Part of the charm of living in a smaller community is seeing familiar faces or getting to know your neighbors as more than just the people who live next door.

Independence Township's small-town charm attracted the Mullins family from Warsaw, Ind., to their new residence on Lancaster Hill Drive.

"What we looked for when we came here is a small-town concept with the sophistication of a metropolitan city," said Larry Mullins, who has worked in the retail business for 17 years.

While the family moved to Independence Township in May, Larry, his wife, Helen, and their 13-year-old daughter, Sunny, already have worked their way into the community.

Less than a month ago, the Mullins opened the Kokomo Sun, Surf and Skate Center on the lower level of Ritters Country Square on Dixie Highway. Kokomo

tanning salon shortly after moving to the area. She said she was looking for a place to tan but couldn't find any in the area offering the kind of equipment she liked.

Then she and Larry learned that the owners of the tanning salon in the spot where Kokomo now is were leaving. They decided to open their salon where the old shop used to be.

"It was a great opportunity for us to come in with the type of equipment we like," she said.

In addition to offering the latest in tanning technology, Larry said he thinks the store's skateboarding gear will offer entertainment to area children.

"It's a nice town, wonderful schools, but it doesn't have a lot for kids," he said. "Skateboarding seems to be popular and it keeps them off drugs or alcohol, or at least we hope it does."

Larry said he and Helen have a secret weapon for researching the latest in skateboarding technology.

"We count on Sunny as one of the best forms of marketing research," he said. "She's not a skateboarder, but she likes the clothing."

Sunny, who is in eighth grade at Clarkston Junior High School, said she likes her parents' tanning salon and skateboard shop.

"It's easy access (for tanning)," she said, while standing with a group of friends outside her parents' shop. "I think it does Clarkston a lot of good."

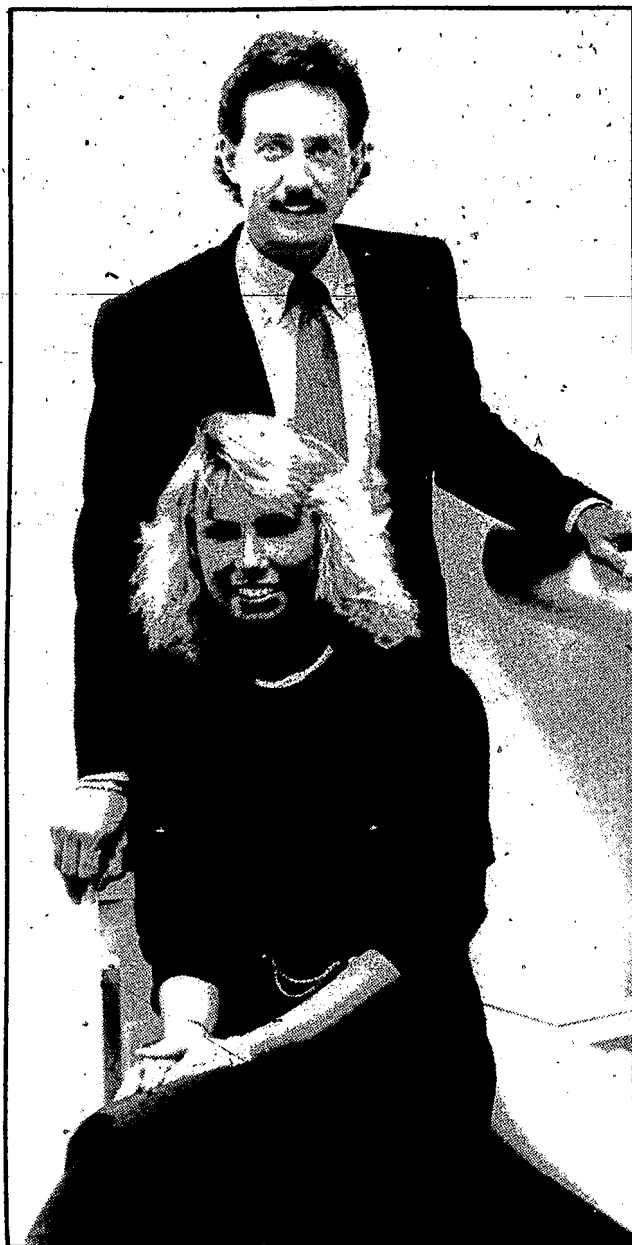

Sunny said she and her friends like to use the tanning equipment. And she said she thinks more of her friends will frequent the store when the skateboards arrive.

The Mullins have high hopes for their new business. While they opened Kokomo during the summer, a slow time for tanning salons, Helen said they have had a lot of business.

"We've picked up 35 or 40 clients within the last two and a half weeks," she said. Larry said most of the people who use tanning salons in the summer are business people who prefer 20 minutes in a tanning bed to four hours in the sun.

And although they decided to carry skateboards and surf wear with kids in mind, they feel the shop offers something to people of all ages.

"The styles and fashions are for all ages -- we even like them," Larry said. "I think the store will definitely offer something to Clarkston."

LARRY AND HELEN Mullins opened the Kokomo Sun, Surf and Skate Center in Ritters Country Square on Dixie Highway, Independence Township, less than a month ago.

What's New in Business

is a tanning salon that also will carry skateboards and surf clothing in the fall.

"It's been a lifesaver for me," said Helen, who spends about 70 hours a week at the shop. "I've met some wonderful people."

The Mullins said they like having the store since many of the customers become friends.

"I like to get to know all my customers on a first-name basis," Helen said.

And Larry added, "It's important to become part of the community."

Larry said it has always been Helen's goal to have her own business.

"I think this will keep her busy for awhile," he laughed.

Helen said she and Larry got the idea to open a

LEGAL NOTICE LAKE IMPROVEMENT BOARD FOR WALTERS LAKE

Notice is hereby given that, at a meeting held on July 20, 1989, the Lake Improvement Board for Walters Lake, by resolution, determined that a proposed three-year project on Walters Lake for weed harvesting and selective use of herbicides and algicides was practicable. The annual estimate of cost is approximately \$27,500.

Walters Lake Improvement Board
Catherine S. DeRousha, Secretary

CHARTER TOWNSHIP OF INDEPENDENCE

NOTICE OF APPROVED ORDINANCE AMENDMENT
At a regular meeting held on July 18, 1989, the Township Board of the Charter Township of Independence approved the following amendment to the Township Code of Ordinances.

SECTION 1 OF ORDINANCE Chapter 24

BUILDINGS AND BUILDING REGULATIONS DIVISION 3. REQUIREMENTS

The Charter Township of Independence Code of Ordinances is amended by adding a Section 7-253 (a) (3), which shall read as follows:

(3) Exterior site improvements, including such things as driveway and parking lot maintenance, lighting, screening, drainage or other improvements and/or finished grading on the property, considered necessary by the Township to protect natural resources or the health, safety and welfare, shall be maintained in a manner which does not cause or contribute to a blighting effect and/or reduction in area property values and/or potential hazard or unreasonable drainage intrusion upon adjoining property. It shall be a violation of this section if a property owner is given a notice issued by a Township building official or ordinance enforcement official stating that a site improvement is alleged to be in a condition which causes or contributes to a blighting effect and/or reduction in property values and/or hazard and/or unreasonable drainage intrusion upon adjoining property, and such owner fails or refuses to cure such condition within 45 days, weather permitting, it shall be a continuing violation of this Section if the lack of maintenance or activity required in a notice continues subsequent to the initial notice, and there shall be no requirement to issue an additional notice and/or wait an additional 45 day period.

The motion to adopt this amendment was made by Travis, and supported by Vandermark. Vote on the motion: Ayes: McCrary, Millard, Ronk, Travis, Vaara, Vandermark. Nays: None. Absent: Lutz. The motion carried.

This ordinance amendment is effective immediately upon publication.

Respectfully Submitted,
Joan E. McCrary
Township Clerk

SYNOPSIS OF ACTION TAKEN BY THE TOWNSHIP BOARD OF THE CHARTER TOWNSHIP OF INDEPENDENCE July 18, 1989

The meeting was called to order at 7:31 p.m. by Supervisor Ronk.

Roll Call: Present: McCrary, Millard, Ronk, Travis, Vaara, Vandermark. Absent: None.

There is a quorum.

1. Approval of agenda with the addition of Resolution Naming Pension Plan Administrators, One-Day Beer Permit for Oakland County Sportsmans Club, and Dart Properties Water Agreement as items number 4, 5, and 6 under New Business.

2. Approval of minutes of July 11, 1989, as presented.

3. Approval of motion authorizing payment of the list of bills in the amount of \$469,131.79.

4. Approval of motion authorizing the issuance of purchase orders in the amount of \$50,076.49.

5. No one spoke under Public Forum.

6. Approval of motion authorizing a second reading and adoption of the property maintenance ordinance amendment.

7. Approval of motion to adopt/update the rules and regulations for Lakeview Cemetery.

8. The Board discussed with representatives from the Village of Clarkston the police patrol within the Village.

9. Approval of motion to table action on the purchase of a new two-way radio system pending further fact finding.

10. Approval of motion naming Frank Ronk and Joan McCrary as pension plan administrators.

11. Approval of motion to grant a one-day beer permit to the Oakland County Sportsmans Club for August 2, 1989.

12. Denial of motion to table action on the Dart Properties Water Agreement.

13. Approval of motion to authorize the Township Supervisor to sign the water agreement between the Township and Dart Properties as presented by the Township attorney and recommended by the Director of Public Works.

14. Approval of motion to close the regular meeting at 9:10 p.m.

15. Approval of motion to open the regular meeting.

16. Approval of motion to adjourn, the time being 10:06 p.m.

Respectfully Submitted,
Joan E. McCrary
Township Clerk

CHARTER TOWNSHIP OF INDEPENDENCE NOTICE OF PUBLIC HEARING

The Planning Commission of Independence Township, Oakland County Michigan, will hold a Public Hearing on July 27, 1989 at 7:30 p.m.

at the Independence Township Board Room, 90 North Main Street, Clarkston, Michigan, 48016, to consider the following request:

FILE #5-1-095. REZONING REQUEST by ARKAN JONNA/ INDEPENDENCE PARTNER. FROM: R1A (SINGLE FAMILY RESIDENTIAL) & C-2 (PLANNED SHOPPING CENTER). TO: PUD (PLANNED UNIT DEVELOPMENT). INTENDED USE OF PROPERTY: SHOPPING CENTER and OFFICE.

Parcel Identification Number: 08-27-100-040 & 042.
Common Description: Southwest corner of Waldon and Sashabaw Roads. Approximately 23 acres.

Any further information regarding the above Public Hearing may be obtained at the Township Planning Office during regular office hours 8:00 a.m. to 5:00 p.m. Monday thru Friday, or by phone at 625-8111.

Cathy DeRousha, Deputy Clerk

CHARTER TOWNSHIP OF SPRINGFIELD NOTICE

SECOND READING

NOTICE IS HEREBY GIVEN THAT THE TOWNSHIP BOARD OF THE CHARTER TOWNSHIP OF SPRINGFIELD will hold a **SECOND READING** at their regular meeting on Thursday, August 10, 1989, beginning at 7:30 p.m. at the Springfield Township Hall, 650 Broadway, Davisburg, Michigan. The 2nd READING will cover the following changes to Zoning Ordinance #26: Amend Article XIII in total with the following new language:

ARTICLE XIII

PLANNED UNIT DEVELOPMENT DISTRICT

Section 13.00 - Purpose and Intent.

Planned Unit Development (PUD) district regulations are intended to provide for various types of land uses planned in a manner which shall: encourage the use of land in accordance with its character and adaptability; conserve natural resources and energy; encourage innovation in land use planning; provide enhanced housing, employment, shopping, traffic circulation and recreational opportunities for the people of the Township; and bring about a greater compatibility of design and use. The provisions of this Article provide enabling authority and standards for the submission, review, and approval of applications for planned unit developments.

Section 13.01 - PUD Regulations.

1. A planned unit development (PUD) may be applied for in any zoning district. The grant of a planned unit development application shall require a rezoning by way of amendment of this Ordinance upon the recommendation of the Planning Commission and approval of the Township Board.

2. Any land use authorized in this Ordinance may be included in a planned unit development, subject to adequate public health, safety, and welfare protection mechanisms being designed into the development to ensure the compatibility of varied land uses both within and outside the development.

3. The applicant for a planned unit development must demonstrate all of the following as a condition to being entitled to planned unit development treatment:

a. Grant of the planned unit development will result in one of the following:

(1) A recognizable and material benefit to the ultimate users of the project and to the community, where such benefit would otherwise be unfeasible or unlikely to be achieved without application of the planned unit development regulations; or

(2) Long-term protection and preservation of natural resources and natural features of a significant quantity and/or quality, where such benefit would otherwise be unfeasible or unlikely to be achieved without application of the planned unit development regulations; or

(3) A non-conforming use shall, to a material extent, be rendered more conforming, or less offensive, to the zoning district in which it is situated.

b. The proposed type and density of use shall not result in an unreasonable increase in the need for or burden upon public services, facilities, roads and utilities.

c. The proposed development shall be consistent with the public health, safety and welfare of the Township.

d. The proposed development shall not result in an unreasonable negative environmental impact on the subject site or surrounding land.

e. The proposed development shall not result in an unreasonable negative economic impact upon surrounding properties.

f. The proposed development shall be under single ownership and/or control such that there is a single person having responsibility for completing the project in conformity with this Ordinance.

g. The proposed development shall be consistent with the Goals and Policies of the Springfield Township Master Plan.

Section 13.02. - Project Design Standards

1. Residential Design Standards.

a. Residential uses shall be permitted with the following maximum density, based upon the zoning district in which the property is situated immediately prior to classification under this Article. Land area under water, public road rights-of-way and private road easements shall not be included in the gross density calculation.

District	Maximum Density Permitted (Dwelling Units/Gross Acres)
R-1A	1.0 unit per 2.5 acres
R-1	1.0 unit per 1.5 acres
R-2	1.0 unit per 1.0 acres
R-3	1.0 unit per 0.5 acres
RM	Same as RM District Regulations
RM-1	Same as RM-1 District Regulations
OS	Same as RM-1 District Regulations
C-1	Same as RM-1 District Regulations
C-2	Same as RM-1 District Regulations
M-1	Same as RM-1 District Regulations
M-2	Same as RM-1 District Regulations
E-1	Same as RM-1 District Regulations

b. Additional density greater than specified in Section 13.02.1.a for residential uses may be allowed in the discretion of the Township Board upon the recommendation of the Planning Commission and based upon a demonstration by the applicant of consistency with Goals and Policies of the Township Master Plan and of planning and design excellence resulting in a material benefit to the Township, adjacent land uses, and/or the ultimate users of the project, where such benefit would otherwise be unlikely to be achieved without the application of the PUD regulations, including, without limitation, innovative design producing significant energy efficiency, pedestrian or vehicular safety, long term aesthetic beauty, and protection and preservation of natural resources and features.

2. Non-Residential Design Standards.

a. Non-residential uses may be permitted in combination with other non-residential uses or as part of a common development with residential uses.

b. The non-residential uses, including parking and vehicular traffic ways, shall be separated and buffered from residential units in a manner consistent with good land and community planning principles.

3. General Design Standards.

a. All regulations applicable to setback, parking and loading, general provisions, and other requirements shall be met in relation to each respective land use in the development based upon zoning districts in which the use is listed as a Principal Permitted Use. In all cases, the strictest provisions shall apply.

Notwithstanding the immediately preceding paragraph, deviations with respect to such regulations may be granted as part of the overall approval of the planned unit development, provided there are features or elements demonstrated by the applicant and deemed adequate by the Township Board upon the recommendation of the Planning Commission designed into the project plan for a purpose of achieving the objectives of this Article.

b. To the maximum extent feasible, the development shall be designed so as to preserve natural resources and natural features. In the interpretation of this provision, natural resources and natural features may be impaired or destroyed only if it is clearly in the public interest to do so. In determining whether action is in the public interest, the benefit which would reasonably be expected to accrue from the proposal shall be balanced against the reasonably foreseeable detriments of the activity, taking into consideration the local, state and national concern for the protection and preservation of the natural resources or features. To accomplish this balancing, the following criteria shall be applied: The availability of feasible and prudent alternative methods of accomplishing any development; the extent and permanence of the beneficial or detrimental effects of the proposed activity; the size, quality and rarity of the natural resources or natural features which would be impaired or destroyed.

c. There shall be a perimeter setback and berming, as found to be necessary by the Township Board upon the recommendation of the Planning Commission, for the purpose of buffering the development in relation to surrounding properties. If the planned unit development project includes non-residential uses adjacent to a district authorizing residential uses, and/or if the project is larger than one acre in area, such perimeter setback shall be established with a dimension from the property line of up to one hundred (100) feet in the discretion of the Township Board, taking into consideration the use or uses in and adjacent to the development. The setback distance need not be uniform at all points on the perimeter of the development.

d. Thoroughfare, drainage, and utility design shall meet or exceed the standards otherwise applicable in connection with each of the respective types of uses served.

e. There shall be underground installation of utilities, including electricity and telephone, as found necessary by the Township.

f. The pedestrian circulation system, and its related walkways and safety paths, shall be separated from vehicular thoroughfares and ways, as found necessary by the Township.

g. Signage, lighting, landscaping, building materials for the exterior of all structures, and other features of the project, shall be designed and completed with the objective of achieving an integrated and controlled development, consistent with the character of the community, surrounding development or developments, and natural features of the area.

h. Where non-residential uses adjoin off-site residentially zoned property, noise reduction and visual screening mechanisms such as earthen and/or landscape berms and/or decorative walls, shall be employed. The Township Board, in its discretion, shall review and approve the design and location of such mechanisms upon the recommendation of the Planning Commission.

i. The Township Board upon the recommendation of the Planning Commission shall resolve all ambiguities as to applicable regulations using the Zoning Ordinance, Master Plan, and other Township standards or policies as a guide.

Section 13.03. - Procedure for Review and Approval.

1. The grant of a planned unit development application shall require a rezoning by way of an amendment of this Ordinance.

2. Prior to the submission of an application for planned unit development approval, the applicant shall submit to the Planning Commission a preliminary site plan of the proposed planned unit development. The Planning Commission shall review the preliminary site plan and shall provide the applicant with written comments, which shall be part of the official minutes of the Planning Commission. Review and comment upon a preliminary plan by the Planning Commission shall not bind the Township to approval of a Final PUD plan.

The Preliminary site plan for a PUD shall contain at a minimum the following information:

a. Evidence of ownership; location and description of site; dimensions and areas.

b. General topography; soil information.

c. Scale, north arrow, date of plan.

d. Existing zoning of site; existing land use and zoning of adjacent parcels; location of existing buildings, drives, and streets on the site and within five hundred (500) feet of the site.

e. Location, type, and land area of each proposed land use; dwelling unit density (dwelling units per acre).

f. Location, size, and uses of open space.

g. General description of the organization to be utilized to own and maintain common areas and facilities.

h. General landscape concept showing tree masses to be preserved or added, buffer areas, and similar features.

i. General description of proposed water, sanitary, and storm drainage systems.

j. Existing natural and man-made features to be preserved or removed; location of existing structures, streets, and drives; location, width, and purpose of existing easements.

k. General location, function, surface width, and right-of-way of proposed public and private streets.

l. General location of proposed parking areas and approximate number of spaces to be provided in each area.

m. Location and area of each development phase.

3. Within six (6) months following receipt of the Planning Commission comments on the preliminary plan, the applicant shall submit a final plan conforming with Section 13.04 below. This plan shall constitute an application to amend this Ordinance, and shall be noticed for public hearing before the Planning Commission, and otherwise acted upon by the Planning Commission, the county, and the Township Board, as provided by law.

The Planning Commission shall, to the extent it deems appropriate, submit detailed recommendations relative to the planned unit development project, including, without limitation, recommendations with respect to matters on which the Township Board must exercise discretion.

4. If a preliminary plan is not submitted by the applicant for final plan approval within six (6) months following receipt of Planning Commission comments, the preliminary plan approval

becomes null and void.

Section 13.04. - Applications.

Final PUD plans shall include the following:

1. A site plan meeting all requirements of Section 16.07, Site Plan Review, of this Ordinance.

2. A separately delineated specification of all deviations from this ordinance which would otherwise be applicable to the uses and development proposed in the absence of this planned unit development article.

3. A specific schedule of the intended development and construction details, including phasing or timing.

4. A specific schedule of the general improvements to constitute a part of the development, including, without limitation, lighting, signage, the mechanisms designed to reduce noise, utilities, and visual screening features.

5. A specification of the exterior building materials with respect to the structures proposed in the project.

6. Signatures of all parties having an interest in the property.

Section 13.05. - Conditions.

1. Reasonable conditions may be required with the approval of a planned unit development, to the extent authorized by law, for the purpose of ensuring that public services and facilities affected by a proposed land use or activity will be capable of accommodating increased service and facility loads caused by the land use or activity, protecting the natural environment and conserving natural resources and energy, ensuring compatibility with adjacent uses of land, and promoting the use of land in a socially and economically desirable manner. Conditions imposed shall be designed to protect natural resources and the public health, safety, and welfare of individuals in the project and those immediately adjacent, and the community as a whole; reasonably related to the purposes affected by the planned unit development; and, necessary to meet the intent and purpose of this Ordinance, and be related to the objective of ensuring compliance with the standards of this Ordinance. All conditions imposed shall be made a part of the record of the approved planned unit development.

Section 13.06. - Phasing and Commencement of Construction.

1. Phasing: Where a project is proposed for construction in phases, the planning and designing shall be such that, upon completion, each phase shall be capable of standing on its own in terms of the presence of services, facilities, and open space, and shall contain the necessary components to ensure protection of natural resources and the health, safety, and welfare of the users of the planned unit development and the residents of the surrounding area. In addition, in developments which include residential and non-residential uses, the relative mix of uses and the scheduled completion of construction for each phase shall be disclosed and determined to be reasonable in the discretion of the Township Board after recommendation from the Planning Commission.

2. Commencement and Completion of Construction: Construction shall be commenced within one (1) year following final approval of a planned unit development. Each phase of the project shall be commenced within one (1) year of the schedule established for same in the application submitted. If construction is not commenced within such time, any approval of a site plan on the project shall expire and be null and void, provided, an extension for a specified period may be granted by the Township Board upon good cause shown if such request is made to the Board prior to the expiration of the initial period. Moreover, in the event a site plan has expired, the Township shall be authorized to rezone the property in any reasonable manner, and, if the property remains classified as PUD, a new application shall be required, and shall be reviewed in light of then existing and applicable law and ordinance provisions.

Section 13.07. - Effect of Approval.

When approved, the planned unit development amendment, with all conditions imposed, if any, shall constitute the land use authorization for the property, and all improvement and use shall be in conformity with such amendment. The final PUD plan and conditions shall be recorded at the Oakland County Register of Deeds.

Section 13.08. - Fees.

The amount of such fees shall be established by ordinance of the Township Board.

NOTICE IS FURTHER GIVEN that zoning ordinance texts may be examined at the Springfield Township Clerk's Office, 650 Broadway, Davisburg, Michigan, during regular office hours Monday through Friday until the date of the 2nd READING.

015-ANTIQUES

Antiquer's Alert:

JULY SALE

Antique lovers and friends of the Antique Emporium traditionally look forward to our semi-annual sale - with 10 to 40% off everything in our regular inventory. All during the month all cash & carry purchases of \$1 or more are automatically discounted 10%, beginning Sat. July 1. Over & above those savings, each of our 50 dealers has selected items from their regular inventory marked for clearance at additional savings up to 40% cash and carry. Look for special sale tags on these items. Were open Tuesday thru Sunday, 10am to 5pm, and we are now air conditioned for your shopping comfort & convenience, stop by. Say hello. Enjoy a cup of coffee "on us" and save 10-40%.

WHO IS ON THE LORD's side let him hear what the spirit saith unto the churches. There is no true sign of the endtime other than the return of the Lord Jesus. Endtime doctrines today are anti-christ and allow the church to excuse sin in them by esteeming men, and promoting jewish fables. Vain imaginations providing lying signs and wonders to the sinning and unbelieving, disobedient to God's word so the blind will follow the blind. Christians today go along with lying to the nation Israel telling them of special treatment, at endtime, bypassing the cross. God is not a respecter of persons now or before the end nor ever will be concerning Christ who suffered and shed his blood once for all nations including Israel. Shepherds today have become hirelings, for vain reasons, saying the political Israel of today, which is the foundation for religious systems of men of the flesh, is being blessed of God despite their hatred for Christ. God did finally conclude all nations alike and people alike under sin and unbelief. The work of the cross is God's mercy for all, not just some, to be blessed of God and have fellowship with him. Jesus Christ and those doing the truth of God are the Israel of God without spot or blemish. There is not another Israel, only one, Jesus Christ and those found in him without sin now today. Political Israel today is as any other nation in the eyes of God. Believe me, says Jesus, the hour comes (Christ's death) when you shall neither in this mountain nor yet at Jerusalem, worship the Father. Salvation is of the Jews but the hour comes and now is (his death and his resurrection) when the true worshipers shall worship the Father in spirit and in truth. (Jn.4.21,11b.23) also see (Rom.2.28,29,13) also (eph.2.11-22) (Jn 10,15,16) (James 2.1,3,4,9) (phil 3.3) (Heb 13.10) (Rom 9.25,26) many more to say the church is no longer jew and gentile but disciples of Christ having a love for the truth. (Jeh.3.16) They shall say no more the ark of the covenant of the Lord neither shall it come to mind, (those that love the Lord to do what he says) neither shall it come to mind, (those that love the Lord to do what he says) neither shall they visit it, neither shall that be done anymore. Is God a liar or does he mean what he says? !!!LX30-2*

Clarkston moves ahead despite staff, program cuts

BY GARY HANER
Superintendent Clarkston Schools

To say that the 1988-89 school year ended on a flat note would be an understatement!

The loss of 30 teachers, \$1.6 million in program reductions, the prospect of oversized classroom enrollments, a return to minimum level building repairs and the unlikelihood of any new buildings in the foreseeable future all combined to cast a dreary cloud on our district and, more significantly, the children it serves.

However, in spite of these limitations, preparations are well underway to provide an ever improving instructional program for the students of the Clarkston Community Schools.

GARY HANER is beginning his second year as superintendent of Clarkston schools.

We can proceed with confidence in the quality and commitment of a dedicated "family" of employees who will gather in September to move ahead together for the benefit of "our kids."

Our board of education will set formal goals by September. However, discussions have already considered such topics as future legislative activities, local funding for operating and construction needs, and property acquisition for a new high school, if approved at a later date.

Plans are already underway to review and update all board policies, and our newly created "Clarkston Foundation for the Enhancement of Public Education" is ready to begin its function.

Our instructional staff is busy planning for the expansion of our middle school concept into the seventh grade as well as the national recognition of Sashabaw Junior High as an exemplary school by our president in Washington, D.C., this fall.

The Curriculum Council concluded its review and updating of the K-12 Curriculum Plan, which will continue to guide our instructional programs in 1989-90.

Individual curriculum committees have met throughout the summer to make plans for specific course upgradings. Ongoing activities in our gifted student, technology education, student testing and staff development programs will all be focal points this year.

Our Personnel Division will be busy negotiating new contracts with all 12 units of employees (including the already implemented "continuous negotiations" concept with our teachers).

Newly developed employee evaluation guidelines and an Employee Assistance Program will both be implemented. Enrollment projections will also be updated to enable future space need calculations.

In addition to an ongoing, everyday hectic schedule of activities, our Business Department will be especially busy this year with the implementation of our new computer system, which will save money while offering more services to our schools.

We will also conclude the implementation of build-

In spite of our financial dilemma, the Clarkston Community Schools will continue to move progressively ahead. Perhaps not as rapidly as desired, but still steadily ahead.

ing improvements provided by last year's \$5.2 million bond issue (no more leaky roofs!) and continue the removal of asbestos from all buildings. Long range planning for additional building needs and classroom space is also scheduled.

Our Special Education program will continue to offer ever-expanding programs for our children with special needs.

The Technical Center will continue to evaluate program offerings including a major move into the arena of "technology instruction" as well as increasing its involvement in retraining adult workers through school-business partnerships.

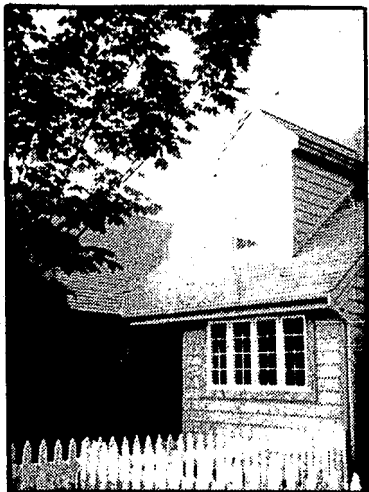

The Community Education Center will streamline basic programs for increased financial efficiency while offering an ever increasing list of programs and services for our community.

As you can see, in spite of our financial dilemma, the Clarkston Community Schools will continue to move progressively ahead. Perhaps not as rapidly as desired, but still steadily ahead.

We look anxiously forward to the return of our students and the beginning of another exciting year in their educational program!

STEEPLE RIDGE CONDOMINIUM

CLARKSTON'S VERY NATURAL WAY OF LIFE.

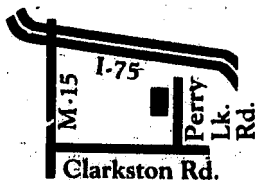

SteepleRidge is seclusion. Only nineteen condominium owners share fifteen picturesque acres with hidden ponds and permanently preserved natural areas.

SteepleRidge offers individuality...organic simplicity blends a traditional Cape Cod exterior with an uplifting, contemporary interior.

SteepleRidge is ready for you...Skylights, lofts, wood decks, butcher block kitchens, original fireplace designs, spacious first floor master suite and white picket fenced courtyards are part of each condominium.

SteepleRidge...Comfortable, private and convenient...only a short walk to the village of Clarkston, yet far from typical. Priced at \$235,000.00 and includes many amenities often considered optional.

Models are now open, or call for your personal tour.

The Village of Clarkston prepares for the future

BY SHARRON CATALLO
Clarkston Village Council President

Because the word progress invokes pictures of large commercial developments and rows of new homes, it's important to realize that a definition of progress is "movement toward a goal," according to the dictionary. By that definition, the Village of Clarkston is progressing.

As everyone has probably noticed, we have recently completed a great deal of sidewalk repairs. Now the council is looking into some much needed road repairs.

In the near future, we will be holding a special

report of the information we had submitted to the commission. Anyone wanting to review the entire report may do so at the village hall.

Everyone is still waiting for the installation of the traffic signal at Waldon and M-15. Our latest information is that bids are to be taken by late summer.

Also the township at the July 18 meeting has agreed

to a more vigilant police patrol of our Main Street area to help achieve better control of traffic speed.

Another thing that should be mentioned in the village progress report would have to be the addition of a village manager. Artemus Pappas has certainly given us a more cohesive environment in which to accomplish our goals and provide more contact for our residents.

The Historic District Commission, back in operation for over a year, has been well received.

meeting to find out what the village residents want as priority items.

Thanks to Jon Abbott, the Boothby home has been moved within our boundaries and along with it the hopes for another contributing structure for Clarkston's Historic District.

Other homes are in various stages of renovation throughout the village, and realizing the work involved in these projects, we are grateful. The Historic District Commission, back in operation for over a year, has been well received; and they expect to publish a newsletter soon.

We have nothing new to report on cityhood and are still waiting to hear from the state boundary commission. This spring, we sent to our residents an abbreviated

MAKE EVERYONE WHO SEES YOUR CLOSETS HATE YOU.

Maybe "hate" is too strong a word for the way people will feel when they see your TRU-SPACE storage system closets. Perhaps "envy" is more like it.

Nah—they'll hate you.

Because TRU-SPACE brings beauty and organization to your closets that others have only dreamed of.

TRU-SPACE's finely crafted shelving, drawers, compartments and garment rods can be tailored to your exact needs. And since the system is adjustable, it adapts as easily as moving a few pins.

Order TRU-SPACE for your home, today—and expect the most magnificent closets you've ever seen.

But don't expect to have many friends.

Find out more about TRU-SPACE storage systems from these qualified professionals:

'Wogging' can keep you young

Regular exercise can inhibit or even reverse some of the declines associated with aging, according to the "University of California, Berkeley, Wellness Letter."

"Whether you're 40 or 70 or older, three or four brisk 30-minute walks each week over an extended period of time can make a difference," according to Elaine Glasser, extension home economist for Oakland County Cooperative Extension Service.

One New Jersey physician uses the term "wogging" to describe walking briskly. It's slower than jogging or race walking but provides the same benefits without the high risk of sprains and strains.

Why wog?

It improves circulation and helps your heart and lungs work more efficiently.

It increases physical endurance and gives you more energy.

It burns calories to help you lose extra pounds or maintain your ideal weight.

If you're over 60 or in poor health, check with your regular doctor before you begin wogging.

Always start your wog with a warm up. Begin with 5 to 10 minutes of bending or stretching exercise, or just walk at a normal pace for the first five minutes, then pick up speed.

If you're short of breath, you're going too fast. Slow down. Try the "talk test." If you are too breathless to carry on a conversation, you're moving too quickly.

After finishing your wog cool down by walking slowly or doing a few gentle stretching exercises. Follow with a hot bath or shower if you like.

Extension Bulletin E-1845 "Walking Your Way to Fitness," includes a sample walking program to get you started. It's available from the Oakland County Cooperative Extension Service, 858-0895.

Avoid heat stress

With the hot weather upon us, Consumers Power Company is advising the general public, particularly senior citizens, to be aware of the dangers of heat stress.

Heat stress is the burden that hot weather places on your body, especially your heart. Heat stress can cause medical problems, including heat exhaustion, heat stroke, heart failure and stroke.

The following are some signs of heat stress: dizziness, rapid heartbeat, nausea, breathing problems, vomiting, cramps, throbbing headache and dry skin.

To prevent heat stress, follow these tips:

- Keep cool.
- Take frequent baths and showers.
- Wear light clothing.
- Drink plenty of water.
- Slow down -- take it easy.
- Watch what you eat -- avoid hot foods.
- Watch salt intake.
- Avoid alcoholic beverages.

Summer sunshine

BUILDING CASTLES in the sand is not just an idle pastime at Deer Lake Beach. Groups of young people gather in earnest for the proj-

ects -- building turrets, moats and tunnels with expressions of extreme concentration. This castle was constructed on July 14.

Tip Of The WEEK

A simple magnet will help to keep your paint brush clean and always at hand during your painting projects. Attach the magnet to the side of the paint can and the metal flange of the brush can be stuck to the magnet so the brush is held in place. Place a piece of wax paper under the can to catch dripping paint.

34 Facts

1. About 24,600 people live in Independence Township.

2. About 7,500 residential homes are in Independence Township; there are five apartment complexes and four condominium developments.

3. Independence Township is 20 miles from the University of Michigan-Flint, 50 miles from the University of Michigan, Ann Arbor, 60 miles from Michigan State University, East Lansing, 15 miles from Oakland University, Rochester, 10 miles from Oakland Community College, Auburn Hills, and 20 miles from Walsh College of Business, Troy.

4. Among the municipal parks in Independence Township are Independence Oaks with 1,100 acres, Clintonwood Park with 120 acres, Deer Lake Park with 140 acres, Bay Court Park with 50 acres, Sashabaw Plains Park with 15 acres and Depot Park with two acres.

5. Other recreational areas include Pine Knob Ski Resort, Pine Knob Music Theatre, Pine Knob Golf Course, Clarkston Golf Course, Spring Lake Country Club, Deer Lake Racquet Club and Waterford Hill Courts.

6. In the year 2000, an estimated 27,000 people are expected to live in Independence Township, based on projections calculated by the Southeast Michigan Council of Governments (SEMCOG). The projection puts that figure at 31,000 by the year 2005.

7. Children make up the largest segment of the population in Independence Township, according to figures from SEMCOG. About 26 percent of the population is made up of children ages 0-14; next is adults ages 20-34 at 23 percent; 20 percent is adults 45-64; 15 percent is adults 35-44; 11 percent is young adults ages 15-19 years. The smallest segment of the population is made up of seniors over 65 years, at 6 percent.

8. Land in Independence Township is used in the following way:

Industrial - 257 acres developed, 54.1 acres vacant

Office and Commercial - 218 acres developed, 128.7 acres vacant

Single Family Residential - 4,757 acres developed, acres vacant not available

Multiple Family Residential - 87 acres developed, acres vacant not available

9. The average housing cost in Independence Township is \$68,000.

10. The tax rate in Independence Township for 1988 is \$51.15 - \$59.21 per \$1,000 assessed property value.

11. The warmest month in Independence Township is July; the coldest is January.

12. The wettest month in Independence Township is June; the driest is February.

13. Cities in other parts of the world with similar temperature patterns are Bucharest, Rumania, and Peking, China.

14. The Independence area gets more precipitation than London, but New Orleans gets twice as much as Pontiac. (Source: Soil Survey of Oakland County)

15. The Clarkston school district is 11 miles northwest of Pontiac, 24 miles southeast of Flint, 35 miles northwest of Detroit, 13 miles southeast of Holly, 10 miles west of Lake Orion and 45 miles east of Lansing.

16. The Clarkston school district covers about 58.2 square miles.

17. The Clarkston Community School district was created in 1949.

18. The school district population is estimated at 28,000.

19. The estimated student enrollment for 1988-89 is 6,051, down from the 6,905 enrolled in 1978-79.

20. The property tax revenue for school operation is \$15.76 million, and debt is \$490,857.

21. The cost per student is \$3,561.65.

22. Clarkston schools employs 32 administrators and supervisors, 306 teachers, 30 bus drivers, 32 secretaries, nine head custodians, 28 custodians, 44 cooks and cafeteria help, 22 para professionals, 83 adult education employees, four mechanics, four groundskeepers, 11 building aids, 119 substitutes and part-time employees.

23. The median age of the school district's residents is 34 years.

24. In the school district, 65 percent of all homes are

owned; 35 percent are rented.

25. The average cost of a house in the district is about \$80,000, and lots on the waterfront range from \$50,000 to \$150,000, while houses on Deer Lake range from \$200,000 to \$500,000.

26. The largest employer in the Clarkston area is the school district with 735 employees, including full- and part-time and substitute employees. The next largest employer is Thompson-McCully Company with 475 employees.

27. According to the 1980 U.S. Census, the occupational breakdown of people age 16 and over in Oakland County parallels that of the current Village of Clarkston.

○ Accordingly, 16.75 percent are administrative support;

○ 16.57 percent are professional specialty;

○ 14.17 percent are executive, administration, managerial;

○ 14.04 percent are operators, fabricators and laborers

○ 12.38 percent are sales;

○ 11.37 percent are precision production, craft;

○ 11.12 percent are service, other;

○ 3.12 percent are technicians, related support;

○ 0.48 percent are farming, forestry, fishing.

28. Elementary schools in Clarkston house grades kindergarten through five; at Andersonville, 367 students are enrolled; 614 at Bailey Lake; 552 at Clarkston; 432 at North Sashabaw; and 588 at Pine Knob.

29. Grades 6-9 are in the junior high schools, with 730 students at Clarkston and 997 at Sashabaw.

30. Clarkston High School has an enrollment of 1,425.

31. Adult education has an enrollment of 194 students.

32. About 1,200 dogs were licensed in Independence Township as of July in 1989.

33. About 1,000 reside in the Village of Clarkston.

34. The Clarkston News employs 10 people.

Located off Dixie Highway between I-75 and M-15 at North Crest you have easy access to the major Metropolitan areas of Michigan without sacrificing the charm of small town living. Michigan's finest restaurants, entertainment facilities and shopping malls are within minutes of your front door.

Photos by Peter Auchter

HANAH MAAS works on making a necklace during a Bible school camp at St. Trinity Lutheran Church last week.

AARON STEFANOVICH gets in his licks while constructing a hammer at another station in the Bible school camp.

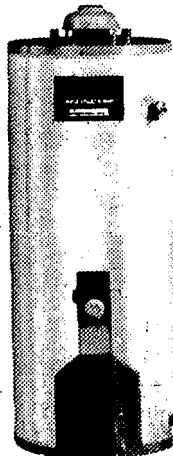

RICHARD SCHEMPF portrays Joseph during story-telling time at the Bible school camp. Last week, members of the church dressed up in clothes from Biblical times and "constructed" a small camptown behind St. Trinity Lutheran on Sashabaw Road in

Independence Township. Children were allotted money they had to spend at various craft stations throughout the town. Some tried to squeeze the most out of their money by avoiding the tax collector. Unfortunately, the play didn't work.

Thank
You!

Customer Service Is Our Top Priority

*Not all our customers send flowers
and a thank you note, but solving
your financial problems and finding
better ways to serve you are the most
important things we do.*

*That's why all our employees consider
themselves customer service profes-
sionals, and we wouldn't have it any
other way.*
