The Planted Tree

By Brady Galan

They planted a tree in Depot Park. It will always be there light or dark. Unless the people of the world don't respect it. As we're here and we sit, trees like these are getting lit by careless people, who are rude and inconsiderate.

Saving The Earth

Tree planting in honor of the late Howard Huttenlocher is first step in Michigan for Global Relief.

Teachers file complaint over crowded classrooms

BY SANDRA G. CONLEN
Clarkston News Staff Writer

Her plea was urgent, but Marie Craig was controlled as she stood at the podium before the Clarkston Board of Education Oct. 9.

She asked the board and the administration to hire another teacher or a teacher's aid for the kindergarten students at Clarkston Elementary.

"I'm a very concerned parent, and I represent many other concerned parents," said Craig of Middle Lake Road, Clarkston.

She waited for the fourth Friday count before confronting the board as a spokesperson for other parents at the elementary, she said.

Of the five elementary schools, kindergarten classes at Clarkston Elementary have the largest number of students per teacher.

"There are no aids in the room, and these are active five year olds," said Craig.

Clarkston Elementary has two teachers for the 76 kindergarten students as compared to North Sashabaw, which has two teachers for the 55 students enrolled, she said.

Clarkston Elementary has the highest number of students per kindergarten session, 25.3. The lowest is North Sashabaw with 18.3 students.

Homecoming festivities

A tough football match-up is in store for Clarkston High School's Homecoming 7:30 p.m. Friday, Oct. 13.

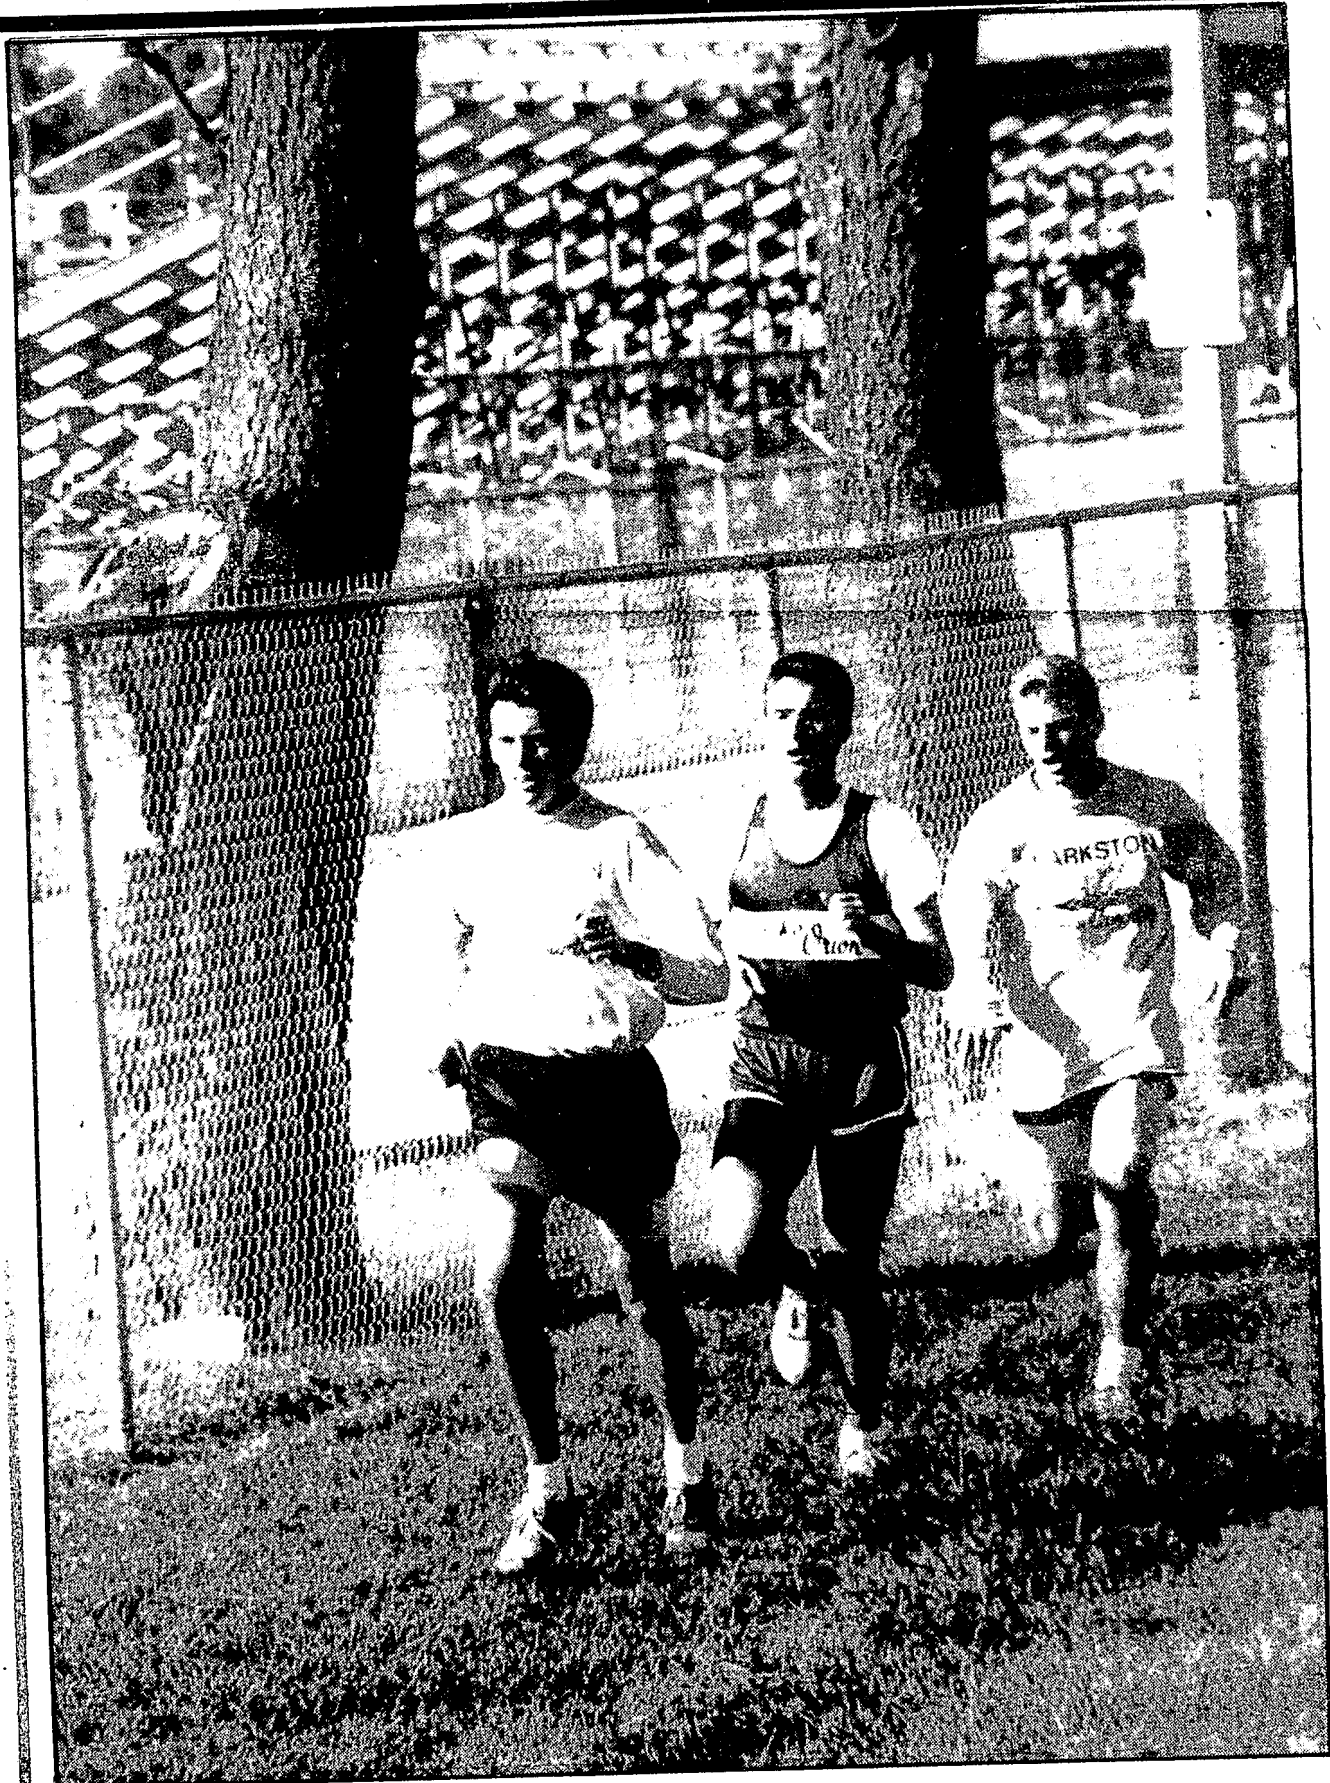

The Wolves tackle Flint Central for the event before hundreds of Clarkston alumni, parents and area residents. The strong Clarkston High School Marching Band will also perform.

The following day, a Homecoming Parade is set for 10 a.m. Saturday, Oct. 14, in downtown Clarkston.

Floats from the sophomore, junior and senior classes are to highlight the parade, as well as floats by school clubs. Other entries include sports teams and the homecoming court.

The parade begins at Clarkston Junior High School and travels west on Church Street. From there, it will move north on Main Street to Miller Road.

For more information, call 625-0900.

Cross country team continues its success story

School millage issue remains hot topic at forum

BY PETER AUCHTER
Clarkston News Associate Editor

Taxpayers fed up with repeated school millage attempts should take their complaints to Lansing, said Clarkston schools Superintendent Gary Haner.

Schools such as Clarkston are in dire straits financially, thanks to the state aid formula and Headlee

"We are looking at literal destruction of the school district."

Superintendent Gary Haner

Amendment, he told a group of concerned residents during an open meeting with the public Oct. 5. The meeting was sponsored by the League of Women Voters of the Clarkston Area.

"We are not unique," said Haner. "One hundred fifty school districts are facing our condition. We are looking at literal destruction of the school district."

The Headlee Amendment automatically rolls back the millage rate whenever property values increase at a rate higher than the rate of inflation.

If local school districts are within the state's aid formula -- "in formula" -- then state aid is tied to local property tax rates. So whenever local millage rates decrease (as with the automatic Headlee rollback), the state contributes less money to the local school district.

As long as Clarkston remains in-formula and property assessments keep skyrocketing, local taxpayers will have to carry more of the financial load to pay for schools, the superintendent said.

"Another year, probably two of bad times before we

go out-of-formula," predicted Haner.

High property assessments this year (an average of 15 percent) cost the school system valuable dollars when the Headlee Amendment override vote failed, he said. Overcrowded classrooms, outdated textbooks and pay-to-participate sports have resulted.

Although Clarkston has the ninth highest adjusted gross income in Oakland County, the school district is last among county schools in money spent per pupil.

"That, to me, was absolutely amazing," Haner said. "That is something this community has to look at."

If more money isn't raised through a millage increase, more cuts loom darkly on the horizon. Early estimates predict that Headlee could take away 2 1/4 mills from the schools, meaning another \$2 million may be slashed from the budget.

"We are talking major eliminations," if that should happen, Haner said. "One way to save major dollars is a five-hour day. But this has not been discussed by the board."

For now, talk of major budget cuts in the school budget is just that -- talk. Haner is more concerned about passing the next millage vote.

"One of the single greatest problems was lack of participation to get the word out for the need of a positive vote," he said of the last millage failure. "The bottom line

is that the populace didn't come out to get the word out as they did in the previous (successful) election."

Haner urged the residents to speak out on the millage issue, either pro or con. As of last week, Haner had yet to receive a single complaint about the pay-to-participate program for athletics. If no one objects to budget cuts and program eliminations, Haner said he will assume residents are happy.

"I think that is significant," he said. "The board needs to hear from you."

"We will choose, as a local community, as parents and neighbors, what the future will be for the Clarkston Community Schools. Only we will make that decision."

CATTAILS and precious water reserves on Sashabaw Road, Independence Township,

provide a home to many waterfowl and aquatic plants protected by the Goemaere-Ander-

son Wetland Protection Act. The wetlands are an important part of the township.

Wetlands are good water filter, wildlife shelter

Independence Township Wetlands and Water Course Ordinance provides protection

THE BRIDGEWATER apartment development contracted by Fox and Associates exemplifies the conservation of a wetlands. To protect the wildlife and provide a peaceful envi-

ronment for apartment-dwellers, the developer, Dick Fay, plans to preserve these wetlands found near Maybee and Sashabaw roads.

BY LINDA WALSH LAPINSKI
Clarkston News Staff Writer

Just a few decades ago, swamps, marshes and bogs used to be filled in and plowed over to make way for new developments.

But now, those "wetlands" are proving valuable, even prompting the formation of a special wetlands board in Independence Township to protect them from destruction.

"We are the local watch dog over wetland resources," said Richard Oppmann, an Independence

"The board tries to keep in mind the balance of nature vs. the balance of a person's desire to use their property."

Township resident who serves as chairperson of the township wetlands board and secretary of the township planning commission.

"Our job is to make people aware of their property," he said, adding that the board works under the township's wetlands and water course ordinance.

At one time, wetlands were considered ugly and useless, housing scraggly cattails and providing a breeding ground for mosquitoes. Developers thought they took up too much room, wasting precious building space.

Now, however, environmentalists are touting wetlands as the greatest water filter -- natural or man-made -- against pollutants such as oil, gasoline, fertilizer and run-off from the roads.

And developers aren't protesting too loudly. They've found them valuable-aesthetically. Wetlands (See LAW, next page)

Law works to preserve township's natural beauty

(LAW, from previous page)

house wildlife and provide greenery in a world increasingly comprised of concrete and asphalt.

Often, wetlands can serve as a retaining pond in a development. They're an inexpensive place for water to go during severe storms, so water doesn't flood buildings or roads.

When anyone -- a developer of an apartment complex or a homeowner -- constructs a building, dock, deck or other such project in Independence Township, he or she must get building permits from the township building department.

Wetlands board

Independence Township is one of 16 local governmental bodies in the state that has a wetlands ordinance, said Richard Oppmann, chairperson of the township wetlands board.

The five-member wetlands board is comprised of one township board member, one planning commission member and three township residents. The township board appoints each member to a three-year term.

The wetlands board meets the third Thursday of each month at the Independence Township Building and Planning Department, 90 N. Main St., Clarkston.

The board addresses development proposals for projects with five or more acres of wetlands. If residents or developers have already destroyed wetlands, the board offers them reconstruction measures or mitigation, Oppmann said.

At the state level, the Michigan Department of Natural Resources regulates wetland projects through the Goemaere-Anderson Wetland Protection Act of 1980.

For more information, call 625-8111.

If it's a big development, a shopping center or subdivision, for example, the builder must submit plans to the planning commission.

Smaller construction projects are processed through the building department.

If two or more acres of wetlands are on the property, the plans must get a wetlands permit from the building department -- projects over five acres must go before the township wetlands board, said Oppmann.

"The board tries to keep in mind the balance of nature vs. the balance of a person's desire to use their property," he said.

Many residents don't know whether or not they have wetlands on their property, said Oppmann, adding that they can check a wetlands map in the township building department to clear up that question.

Most people also don't know that wetlands are protected by the township as well as the Michigan Department of Natural Resources (DNR).

"If a case goes before our board, it also goes before the DNR," said Oppmann. "The wetlands board works right along with the DNR, but we can be more stringent."

As an example, Oppmann listed a recent case on Deer Lake, where a homeowner proposed a 70-foot beach that was acceptable to the DNR. The township, however, limits beach frontage to 35 feet.

"We are always making the effort to meet the needs of our natural resources," Oppmann explained.

The township wetlands ordinance also can be flexible, he said, listing Mt. Zion Church on Maybee Road, east of Clintonville Road and north of I-75, as an example.

In that case, church officials wanted to use an area occupied by wetlands. So the township OK'd the relocation of wetlands, said Oppmann, adding that only two to five acres were in question, so it was handled administratively rather than through the wetlands board.

Some developers are embracing the concept of wetlands protection wholeheartedly, he said.

"The best planned and most cooperative enterprise that I have dealt with since my tenure on the board is the

"With better public awareness and the present wetlands ordinance, Independence Township can maintain the quality of natural resources that we enjoy today."

Bridgewater development by Fox and Associates," said Oppmann.

That apartment complex is north of Maybee Road behind the Food Town shopping center.

"Mr. Dick Fay (of Fox and Associates) called the planning commission and the wetlands board and set up a sitewalk on the property," said Oppmann. "He brought along his environmental engineer, developer and architect. They were very up front; they did all the research before the plans were brought to the planning board."

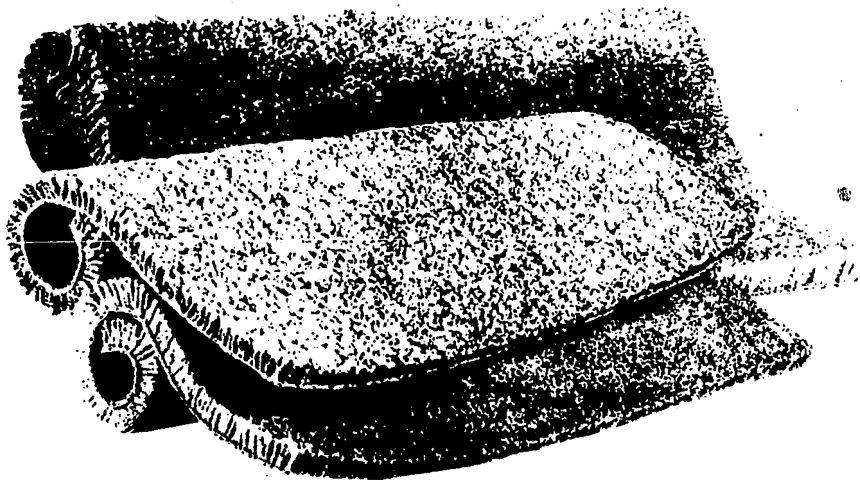

All involved agreed early to where the wetlands boundaries were and where the 25-foot buffer zone was. The architect then moved a proposed building because it was within the buffer zone.

All this was done before they even came before the Independence Township Planning Commission for preliminary approval, Oppmann said.

"This is an example of how we can work together and keep in mind that all this concern is for the benefit of all," he said.

"With better public awareness and the present wetlands ordinance, Independence Township can maintain the quality of natural resources that we enjoy today," Oppmann said.

One resident objects

Independence taxes up by \$190,000 this year

BY PETER AUCHTER
Clarkston News Associate Editor

After one resident objected, the Independence Township board approved higher millage rates for 1989. The .0204-mill upward adjustment from a year ago will generate \$190,282 additional funds for the township in 1989, said Clerk Joan McCrary during a Truth in Taxation public hearing Tuesday, Oct. 3. One mill is \$1 for every \$1,000 assessed property valuation. The board approved the millage rates in four separate motions to adjust the general fund, fire, police and safety path millage rates. Millage rates for 1989 follow, with 1988 rates shown in parentheses:

General fund at 1.2519 mills (1.3068); Fire fund at 2.8740 mills (3.000); Police fund at 2.395 mills (2.2342) and the safety path fund at .479 mills (.4385). Trustee Frank Millard was the lone dissenter on the board when the four millage rates were approved, except for the unanimous vote for the police fund. Those voting for the adjustments were Ronk, McCrary and trustees Daniel Travis, Mel Vaara and William Vandermark. Treasurer John Lutz was absent. One Independence Township resident who had his fill with high tax bills, vented his frustrations during the Truth in Taxation hearing. James Lekander was the only resident to speak during the public hearing. "I'm a small-business man," he said. "It isn't easy out there. I don't see where I am getting my money's

worth." The 22-year Independence resident wondered why a recent tax bill included \$125 for sewers (there isn't one within a mile of his house) and \$75 for lights (there isn't one within a half mile of his house, he said). "Let's get decent value," continued Lekander. "Start cutting taxes. I don't know what you do, but every time you meet, it costs me money. "Just because it's there doesn't mean you have to spend it." Supervisor Frank Ronk said the township board wasn't raising taxes, just altering the rates within the 7.41 mills allowed by voters. He encouraged Lekander to show the board how it could be more frugal. "I would welcome you to show us how to cut taxes," said Ronk. "We pay them, too." While the voters have approved a 7.41 millage rate, under the Headlee Amendment, the township can levy a maximum of 6.999 mills with a public hearing. Without the hearing, the township could levy only 6.4232 mills. Last year, the township levied 6.9795 mills. The Headlee Amendment automatically rolls back the millage rate whenever property values increase at a rate higher than the rate of inflation. "Headlee has had a devastating effect on the schools," said Trustee Mel Vaara. "I don't think people understand it. We have the same problem in the township. (The millage rate) is lower than what they voted for." Trustee William Vandermark agreed. "The need for the funds is there; (the 1989 millage rates) make sense to me," he said.

Boy awakens, saves family from fire

BY LINDA WALSH LAPINSKI
Clarkston News Staff Writer

Through the quick actions of a Transparent Drive, Independence Township, youth, a family was spared from a would-be disaster. About 4:30 a.m. Friday, Oct. 6, a boy was asleep in his bottom bunk when he awoke to the smell of smoke, according to Capt. Dan DeLongchamp of the Independence Township Fire Department. The boy then aroused his brother in the top bunk, where the mattress was smoldering. Apparently, a lamp that clamps to a bed post was left on all night. It was found buried between the mattress and the pillow on the top bunk. The heat from the light caused the pillow and mattress to smolder, and the lamp had already burned a

hole in the pillow and had started to burn into the mattress when the boy awakened, said DeLongchamp. No one was injured. The family didn't call the fire department until they next day, when they wanted to know how to remove the smoke smell from the house, said DeLongchamp. He said the mattress still could have been smoldering, and a fire could have started. The family should have called immediately, he said. It was ironic, though, because Oct. 8-14 is National Fire Prevention Week, said DeLongchamp, adding that people should remember to take caution when it comes to fires. "We want everyone to know we are here for any type of problems," he said. In an emergency of any kind, Oakland County residents should dial 9-1-1 on the telephone.

Regarding the recent letters to the editor about Clarkston High School's varsity football team: Why must they always be negative in content? Mainly we are speaking of Dugan Fife. Get off this

Bouquet

Walkers raised over \$13,400 for SCAMP

Hats off to all those who put on their walking shoes Oct. 1 to Walk for SCAMP! Together, you walked over 1,500 miles and obtained pledges totaling \$13,400. Congratulations for all of your efforts.

A special thank you also to all those who pledged our WALKers, to the businesses and organizations who donated food and supplies and to Pontiac Civitan for manning our food tent.

Thanks to Oakland County REACT, Lambda Chi Omega Sorority and Knights of Columbus, Sacred Heart Council for ensuring the safety of our WALKers on the routes, to disk jockey John Samson for adding the special touch of music in the park; and to Epsilon Chapter, Alpha Delta Kappa and many volunteers who worked on registration and behind the scenes.

Your efforts will help make SCAMP possible for 200 special youth during the summer of 1990. We couldn't do it without you!

Bunny Newmarch, SCAMP

kid's back! He is a very fine young man who happens to have an ability to do well in sports.

Remember there are other players to be considered, and we are sure they are ready, as are the rest of us, to hear something positive about their team.

These kids have enough pressure on them by just being teen-agers. Our message is that all of you are doing a fine job -- go get 'em, Wolves!

Mr. and Mrs. Jim Wilson

Senior should be CHS quarterback

With the high school football season winding down, it's very evident of the nepotism being displayed in Clarkston. It's a shame that a senior quarterback, such as (Dane) Davis, wasn't given the chance to play at quarterback.

Davis is team leader and player and has been forced to play another position and has done well, with a total of four touchdowns to his credit and three touchdowns as quarterback.

Davis is a very versatile player and is an asset to his team. It's a shame he had to get caught in the middle of this political mess. Also, it's too bad that the head coach, (Kurt) Richardson, is so weak that he let someone such as Dan Fife be so influential in his decision. It's just not fair!

We have two sons who will attend CHS, but after what we have witnessed this year in Clarkston, we might reconsider. Our hope is that "someone" in Clarkston will stop this and give every player in the future the "equal opportunity" to participate without having to worry about nepotism. The Clarkston Board of Education should look long and hard into this situation in Clarkston and help clean up this political mess.

A re-evaluation of this year's coaching staff should

be a priority for Dr. (Robert) Burek, Superintendent Gary Haner and the Clarkston Board of Education for the 1989-90 school year.

Thank you for letting us voice our opinion.
Dave and Michelle Anderson

Senior should start

(Kurt) Richardson again negates an experienced quarterback to play the son of a Clarkston basketball coach.

Richardson states that when two quarterbacks are even, you start the younger quarterback. Well, only in Clarkston!

Everyone knows the senior, more experienced quarterback starts. It's not fair, and Richardson's ethics should be evaluated for last year's incident as well as this year's decision.

Bobby and Patty Shampine

Taxes too high

I have to respond to "CJHS parents want various changes" in the Sept. 27 Clarkston News, as well as to Proposals A & B on the November ballot.

What the parent who wrote the letter does not realize is that we did not become a great nation because of intramural sports, social activities for students and teachers who know the differences in their students.

I pay exorbitant taxes already for an inadequate system that will not be improved by pouring in more money, and I resent those who want additional funding without thinking about where the money comes from.

If anything, the downfall of this great nation will be caused by the inability of well-meaning citizens to think critically and by continuing to increase taxes until it just doesn't pay to work hard anymore.

Pamela Boyd, president
Workforce, Inc.

Julie Campe

Can-can

My mind wanders during aerobics class at the top of the Independence Township Hall. I bet serious athletes are completely focused when they exercise.

Not me. I have missed half of the classes because of work conflicts, and I am not yet in good physical condition. So I try not to think about how hard the workout is.

In the beginning, instructor Becky Craig starts us off slowly. So I have plenty of time to think about other things.

Like Friday night, for instance. David Letterman was up to his usual tricks on late-night television. He makes fun of everything, and I watch him whenever I get home late, such as Tuesdays when The Clarkston News staff works late laying out the paper.

Sometimes he is mean. Like the time the girl with the nation's (and maybe the world's) highest IQ appeared on his show. He ripped her apart and for no good reason that I could see.

I know that's the nature of his show, but I think it tells a lot about him. Maybe he feels threatened by intelligence, especially in women. Or maybe he had too much caffeine that night.

Perhaps he is afraid of death, and, to handle it, he mocks life at every chance. Maybe he just can't cope with his own existence.

I especially liked the episode a few weeks ago when he hosted Charles Grodin. You could actu-

ally see Letterman squirm. Grodin uses deadpans effectively on other talk shows but never to the extreme that he did on Letterman's show.

Oops, Becky changed steps already. We are on the can-can, and I am on the wrong foot, kicking in the direction opposite from the others.

I change footing and try to pay attention. Becky looks so tall and graceful with such perfect posture. I try to mimic her.

I hold my head up high and look straight ahead -- and out of the beautiful big windows at the top of the township hall. It is sunny and looks warm outside, though it's cold. People are walking their pets down the sidewalk on Main Street, Clarkston. A jogger runs by. I wonder what she is thinking about. A TV-show? Her grocery list?

I make a mental note to pick up milk on the way home. I know I'll look awful -- all sweaty and draped in ragged workout clothes (no bright leotards for me!).

Maybe I have no pride. If I would actually walk into a public place looking like this, that must be what it means.

Actually, it could mean I'm just using my time wisely (that was a category on elementary school report cards). It certainly beats making another trip. Or I could be perfecting my skills of rationalization.

I just missed a change in steps. I should pay attention to the class. Twice on the right, once on the

left, once on the right, twice on the left, once on the right ...

Yes, the mechanics of it is second nature at the moment. It's like driving. Except when you're in an unusual area or are driving a different car, actual driving techniques are performed without conscious thought.

Except for that high-strung driver who tailgated me on Clarkston Road last week. He passed my car while there was a double-yellow line and then immediately slowed to make a left turn, blocking the cars behind him. Does that make sense?

Why was he in such a hurry? Wasn't he thinking? What was worth risking his life, when it didn't even save him any time? Was he using conscious thought or were those driving techniques the norm for him?

"Swing those arms," Becky suddenly yells. "From cheek to cheek."

For some reason, I think of Pat Young, a former reporter at The Clarkston News who has moved to New Mexico. She attended aerobics classes regularly and even pepped up the office with her enthusiasm and energy.

She is probably attacking her New Mexico acreage with the same gusto. I can imagine her sawing logs with her husband, Jeff. She probably swings her arms from cheek to cheek.

Drive slowly during school hours

CARIN KIRK (right), a student in Mr. Conklin's fifth-grade class at Clarkston Elementary, helps Katie York of Mrs. Walker's fifth-grade

class direct students safely across the driveway after school Oct. 6. (Photo by Sandra G. Conlen)

Jim Sherman

Jim's Jottings

A month ago the owner of the Lapeer County Press shocked the newspaper world -- literally -- by announcing on the front page his intention to sell his weekly.

No one in this business ever lets a sale be known until it happens. Advertisers will quit. Competition will take advantage of the situation. Readers will turn elsewhere. That's just three reasons.

Mind you, the County Press had not been sold. It was just going to be.

That move on the part of the County Press owner is vintage Bob Myers.

He's done things contrary to custom for a long time. Like: He prints names of drunk drivers every week. He gets more anonymous calls on the Press' answering machine "Sound Off" column than anywhere. His "singles" classified column is the most popular among all weekly newspapers like ours.

His stands for castrating rapers, building equal public toilet spaces for women, and cutting off government subsidies are legend.

He took his own name off his weekly column and out of the paper a few years back, substituting Len Ganeway.

He's been "Man of the Year" in Lapeer County. His editorial policies have also made him "Disliked Man of the Year" by throngs. He has given, and will continue to give, thousands of dollars to scholarships and teachers through a million dollar endowment.

The ratio of County Press newsstand sales (over 50 percent) to subscriptions is almost unheard of in our business. We want that paid-in-advance reader. He wants and gets cash flow. He also gets it by running huge numbers of classifieds . . . another success story.

The County Press says in its flag "World's Largest Rural Weekly" and gets no challengers. Myers paper is also unchallenged in county-wide readership. He has offered \$5 to anyone who can open a Lapeer directory page and blindly point to a name who does not read his paper. He's never paid \$5.

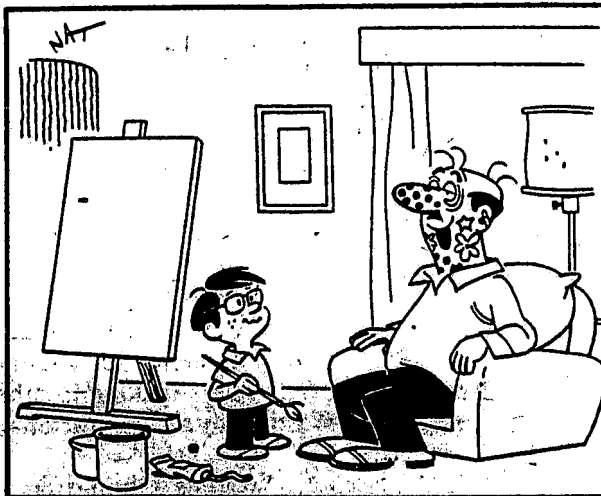

No one else in Michigan tries such things. We'd go broke.

Personally, Bob's a loner. He sailed in one of the first single-sailor Port Huron to Mackinac races. He loves boat vacations, for months. But, his editors hear from him very often. He thinks weekly newspapering constantly.

Several years ago he wrote he had no other love. He didn't want more newspapers. He gave up farming. He got rid of his investments. He concentrated totally on The Lapeer County Press.

He is our hero in this business for his printing courage and initiatives. I, and hundreds of others in this business, have benefitted from the "How to" packet he sold 20 years ago, and by gleaning ideas through our weekly reading of his paper.

Lapeer County residents benefitted greatly by having Bob Myers as its weekly newspaper publisher. He knew what his readers wanted and he gave it to them. No one will do it the way he did. He's a great neighbor, a friend, and we wish him very well.

I GIVE UP. WHAT DID YOU PAINT WHILE I WAS ASLEEP?

'If it Fitz . . .'

A signal from above

Jim Fitzgerald

My wife didn't know what she was getting me into when she sent me a signal. For 65 cents, she was getting me into the Book of Deuteronomy.

In recent years, it has become fashionable to send signals. Government officials send more signals than anybody. They are forever doing something for no other reason than that the right people will know they did it. Usually they shouldn't do it, but they justify their wrong-headed action by saying they are "sending a signal."

"I didn't blow up that car because it had cocaine in it, although it might have," the sheriff explained. "I blew it up to send a signal to crack dealers that we are going to run them out of town. It's too bad that eight possibly innocent people had to die, but it was necessary for me to send the right signal."

My wife's signal - waving her right arm - told me a city bus was coming. If she'd waved her left arm, I would have walked downtown. She was in a window of our apartment, and I was 26 floors below, at the bus stop. It happens many mornings. As a lover of exercise, I'm eager to walk to work, but if I can get a bus without waiting a week, I figure the city needs the 65 cents.

"Don't tell me bus fare is \$1. If you live close enough to downtown, you can ride in for 35 cents less. But you must pay \$1 for the same route returning home. That's because bus drivers don't trust passengers. Downtown-bound buses empty at the downtown station, so there's no chance of a 65-cent passenger getting a \$1 ride. On buses leaving downtown, drivers are too busy to make sure a passenger gets off within the 65-cent zone, and there's no honor system. It is gratifying for a passenger to be treated like a potential thief on a bus system that stopped accepting dollar bills for the \$1 fare because too many drivers stole the bills.)

Because I leave home at the same time every morning, you might wonder why I need a signal from my wife on high. You might think the bus goes by at the same time every morning, as though on a schedule. You might be trying to make me laugh.

From her 26th-floor perch, my wife can see dozens of blocks east. From the bus stop, I can't see one block. If she sees a bus coming, she gives the right-arm signal and I wait. If she waves her left arm, I know I can walk to work as quickly as any yet-unseen bus will get me there. Lately I've been walking so much I'm endangering my hard-earned reputation as a champion marathon sitter.

But Monday morning the signal was favorable, and I soon boarded an East Lafayette bus. Once in a while, in my 14 years of Detroit bus riding, I've boarded buses containing two working uniformed bus drivers. The driver at the wheel is apparently a relatively new employee being checked out by a veteran driver from a few seats behind. Once I was amused to see the veteran driver sound asleep.

But Monday's nondriving driver was wide awake. He was preaching. Honest. He was preaching at a woman in an attractive sweat suit. He was preaching that women must wear skirts to his church. He said that's what God ordered in Deuteronomy - that it's sinful for women to dress like men, or vice versa. He cited chapter and verse.

The driver-preacher was affable, preaching in a jocular tone. But he was serious about his message. When he detected doubt among his rolling congregation, he said, "I'll show you." He walked to the front of the bus, reached under the driver's seat, and pulled out a Bible.

Gee, I thought, this bus is as good as a hotel room. I wondered about calling room service.

The driver-preacher returned to his pulpit and read the applicable words from Deuteronomy. God, indeed, does not approve of cross-dressing. The driver-preacher pushed the Good Book under the nose of the nearest passenger to prove he'd cited the correct chapter and verse.

The woman in the sweat suit got off at the next corner. I didn't get a chance to ask her if she'd gotten her dollar's worth, or 65 cents' worth.

I wouldn't have written about this except I wanted to send a signal to the ACLU on behalf of atheist bus riders.

More letters

We already pay enough taxes

On Nov. 7, the voters of this state will go to the polls to vote on two changes to our state's constitution dealing with school financing.

One will increase the sales tax by 1/2 cent, and the other will increase the tax by 2 cents. Many people will tell you that these proposals are for better education.

I, on the other hand, believe that these two proposals benefit every state program except education.

I believe the voters of Oakland County should know a few facts before they go into the voting booth on election day. We've all seen the quotes regarding how unfair it is that Oakland county schools spend more per pupil and have a lower millage rate than does the average school district in this state.

These two facts have caused many people to point their fingers at Oakland and say, "they should pay more." Of course, there are a few other facts that they fail to mention.

Residents of Oakland County pay a higher percentage of their income on property taxes than does the average citizen of this state.

Oakland County is the biggest donor county in this state, receiving back only 33 cents of every tax dollar paid to the state. This means that Oakland is the biggest net contributor to the school aid fund.

Proposals A and B are tax increases -- nothing more, nothing less. For Oakland County, the numbers are startling. Proposal A will bring back very little revenue into the county. This proposal will cost Oakland taxpayers \$40 million per year. Proposal B hits even harder.

Proposal B would lower property taxes in exchange for a 2-cent sales tax increase. The problem is: relatively

little of the property tax reduction occurs in Oakland County.

In the first year, this plan will cost Oakland residents over \$150 million. By the third year, the price tag could easily go over \$150 million for Oakland County alone.

The second problem with this "property tax cut" is that fact that the Headlee provisions are eliminated for school taxes. This will cause many property taxes to increase at a faster rate than before. Many people will actually receive a higher property tax bill after the cut than they did the year before.

Personally, I believe we are already paying enough taxes. There are many programs in the state's \$12 billion budget that could be cut to find additional funding for schools. Proposals A and B don't benefit education; they benefit the other state departments that might be cut if the state has to find the funding out of the existing budget.

I urge you to go to the polls on Nov. 7 and vote "no" on both proposals. Demand that your legislators find the money out of their budget, not yours. Not voting on Nov. 7 could cost you a lot of money.

State Senator Doug Cruce

Unprofessional team management

I would like to voice my opinion through your newspaper on how I feel about the political maneuvering at Clarkston High School.

Kurt Richardson's at it again!

Last year, I recall, his political maneuvering caused the senior quarterback to resign and a "fair-haired boy in the ninth grade" became quarterback.

This year (Dane) Davis, a senior, loses his position to the same sophomore, who happens to be the basket-

ball coach's son.

Hopefully, the principal, superintendent or board of education will look into the unprofessional management of the Clarkston football team.

Mr. & Mrs. Bill Carter
Rochester Hills

We'll think twice

We are highly upset with the political issue at Clarkston High School and would like to voice how we feel as parents in your newspaper. Thank you for giving us this opportunity.

We are fairly new to the Clarkston community and have been following high school football for the past few years. After attending the Clarkston and Lake Orion high school football game we became enraged to see a change in quarterbacks.

We too, have a son named Dane, who wants to play football, and if ever there was a role model for a son, as parents, we would choose Dane Davis. Dane has so much character; what has happened to him is just not fair and seems to be a repeat of last year's tactics. This kind of behavior should never be allowed.

Coaches should be teaching honesty and integrity to their athletes, but instead their ethics should be questioned and definitely should be looked into by the Clarkston Board of Education.

Dane does not deserve this; he has proven himself as an athlete for Clarkston and should be given the equal opportunity to perform. Why should one player be given preferential treatment over another just because he is the son of a Clarkston basketball coach?

From what we hear and see, it looks like the Fifes will have the quarterback spot in Clarkston for the next nine years. We will think twice before sending our children to Clarkston High School, after all this could happen to our son.

Russ and Tammy Canterbury

Appraisals pave way for Thendara roads

Hoping to move forward with plans to improve roads in Thendara Park, the Independence Township Board voted Oct. 3 to have four remaining easements appraised by the township assessor.

According to Clerk Joan McCrary, the township will offer to buy the four easements from their current owners following Assessor David Kramer's appraisal.

If the offers are refused, the township may have to condemn the easements so that construction can begin, McCrary said.

More Letters

Exorbitant cable rate hike

This letter is written in support of K.P. Mitchell whose letter to the editor regarding rate increases from United Cable Television appeared in the Oct. 4 edition of The Clarkston News.

I, too, am unhappy with United Cable Television's policy of arbitrarily adding new channels to their basic service and expecting subscribers to pay for them whether or not they are interested in these channels.

When I first subscribed in August of 1987, the cost for basic service was \$11.95 per month. In September, 1989, the cost of that same service is \$17.75 per month -- an increase of \$.580 or 49 percent in two years. I believe that is exorbitant.

I have written to United Cable Television, with a copy to our township supervisor, and encourage others to do the same.

New food service at senior center

An anonymous \$5,000 donation to the Independence Township Senior Citizens Center was enough to start a new nutrition service.

At a special meeting Sept. 25, members of the Independence Township Board voted to contract with Emerald Kitchens of Birmingham to provide nutrition services to the township senior center beginning Monday, Oct. 1.

An open house for the new meal program is set for 1-3 p.m. Wednesday, Oct. 18, at the senior center in Clintonwood Park off Clarkston Road.

For seniors, meals will cost \$2 each, said township parks and recreation director Ann Conklin. She added that Emerald Kitchens will use the Independence center to prepare meals for Waterford Township seniors, too. So the costs will be divided between the two townships.

Earlier in the month at her request, the board agreed to quit using the Oakland Livingston Human Services Agency's (OLHSA) nutrition services.

Conklin cited a decline in food quality, and thus a decrease in the number of seniors using the program,

when making her request.

After the meeting, Conklin said the senior center would be keeping OLHSA Home Chore and Outreach programs.

Voting to approve the contract were Supervisor Frank Ronk, Treasurer John Lutz, Clerk Joan McCrary, and trustees Frank Millard, Mel Vaara and Daniel Travis. Trustee William Vandermark was absent.

Two teens seriously injured in Brandon

Two Brandon Township teens were seriously injured Oct. 4 in an accident with a Flint truck driver in Brandon Township.

Darrell Wayne Miller, 17, of Hazel Road was in stable condition Oct. 9 at Pontiac Osteopathic Hospital. Christopher Day, 17, of Cedar Loop was listed in serious condition Oct. 9 at POH. Both boys have Clarkston mailing addresses.

About 11:50 a.m. Wednesday, Oct. 4, Miller was driving east on Kent Road near Granger Road when his car fishtailed, according to the Oakland County Sheriff's Department report.

He lost control of the vehicle and slid into the westbound lane, where he collided with a truck driven by Michael Albert Martin, 33.

Jaws of Life were used to extricate one of the teens from the car. Both suffered multiple trauma wounds with serious head injuries.

Martin sustained minor injuries and was treated and released from St. Joseph Mercy Hospital, Flint.

The boys were wearing seat belts at the time of the accident, and alcohol was not a factor, according to the police report.

No citations were issued, and the accident is still under investigation.

Springfield man hurt

A Springfield Township man was injured in a two-car accident Oct. 5 at the White Lake Road, Dixie Highway intersection.

Donald Rogers of Andersonville Road, a passenger in a car driven by Sandra Lynn Mezzado of Holly, was treated and released from St. Joseph Mercy Hospital, Pontiac.

About 2 p.m. Thursday, Oct. 5, Mezzado, 22, was driving northbound on White Lake Road when she attempted to turn left onto Dixie Highway, according to the Oakland County Sheriff's Department report.

She collided with a car driven by Gregory Ralph Williams, 38, of Waterford, who was driving south on White Lake Road across Dixie Highway. Mezzado told police she did not see Williams' car before turning.

The light was green for both drivers. All involved were wearing seat belts at the time of the accident. No citations were issued.

Bitterbush light hearing

Bitterbush Drive residents will pay about \$1,740 for the installation and service of two street lights in their subdivision.

No one from Bitterbush spoke against the tentative cost during a public hearing on Tuesday, Oct. 3, that asked for opinions on creating a special assessment district (SAD) to pay for the project.

With final figures in hand, Bitterbush Drive residents soon will receive written confirmation on the amount of the assessment, said Clerk Joan McCrary.

Residents who object can voice their opinions at a special board meeting on Wednesday, Oct. 11, beginning at 6 p.m. That's when the township board will vote on creating the SAD, said Supervisor Frank Ronk.

There are 22 homeowners on Bitterbush Drive. Eighty-eight percent of those people signed a petition calling for a SAD, said McCrary.

Each homeowner will pay \$79.09 for the first year and \$23.89 the following years for maintenance, McCrary said. Yearly maintenance on the ornamental lights will be about \$525.

Oct. 17 hearing on Wellington Drive

A public hearing to determine the necessity for road improvements to Wellington Drive has been set by the Independence Township Board of Trustees for 7:30 p.m. Tuesday, Oct. 17.

At the Oct. 3 meeting, the board agreed to accept a petition from Wellington residents requesting that their road be converted from private to public status for the purpose of improvements.

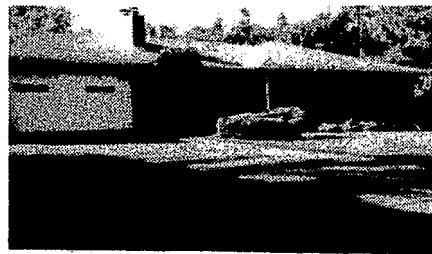

The proposed improvements would be financed by a special assessment district.

The public hearing will be conducted at the township hall annex, 90 N. Main St., Clarkston.

SOARING MEDICAL COSTS ARE RAISING CAR INSURANCE RATES.

If you or anyone in your family has been hospitalized recently, you know about the skyrocketing cost of hospital medical services. With over 5 million injury-causing car accidents each year, medical costs have a significant bearing on the price you pay for insurance. That's why State Farm supports measures that reduce deaths and lessen the number and severity of injuries. We're still strongly behind the 55 mph speed limit. We also work with automakers and consumer groups to encourage the development of safety features.

Our past work in this area helped lead to today's airbags and automatic safety belts. State Farm is there, every day, finding more ways to help protect our policyholders from the causes of rising premiums... so we can keep car insurance affordable.

Opinion of Bill Myers

Book glasses over important points

William A. Myers is a retired Lapeer County editor and investments manager from Boca Raton, Fla.

BOOK REVIEW: *The Bank of America Guide to Making the Most of Your Money*, by H. Darden Chambliss. Published by Dow Jones-Irwin, Homewood, IL; 229 pages, \$11.95.

Chambliss is a former Associated Press writer and winner of the Loeb Award for "distinguished reporting of business and financial news."

So you have a good publishing house, a professional writer with a good background and the help of Bank of America in turning over its material used in public relations.

Unlike most reports on finances, this one has a more sprightly style (which is hard to develop working for the Associated Press), and it's commendable.

The subject, though, is a little too big for 229 pages. For example, there is one paragraph on wills. The conclusion: you ought to have one. Not a line about living trusts, by far the best solution to passing on your estate.

In a section on "Risks," Chambliss describes three kinds:

1. *Capital risk - the possibility that your investment will sell at a lower price than you paid for it. Applies to stocks, real estate and investment in a business.*

Comment: In other words, any investment. But you don't need to sell something to have a gain or loss. Unrealized gains or losses are just as real, and they, too, reflect the market or actual worth.

2. *Interest rate risk - Your interest-earning investment will lose value with changes in general interest rates. This applies particularly to bonds. As interest rates go up, bond prices typically decline.*

Comment: Why will such investments lose value with changes in interest rates? Rates can go down as well as up, and when they go down, prices will go up. And not

just "typically," but surely. This fact of life doesn't apply "particularly" to bonds; it's just as important to mortgages, loans and other fixed-income investments. And don't overlook utility stocks, which march up and down in cadence with interest rates - pretty much, at least.

3. *Inflation risk - inflation may go up more than the return on your investment.*

Comment: Accepting this, what are you going to do about it?

The author plumps for "growth stocks" as a way to beat inflation. Steven Leuthold, a writer of some renown, has written a thick book, *The Myth of Inflation Investing*, to disprove the old wives' tale about stocks being an inflation hedge.

"You can protect against inflation by buying things that usually go up with inflation, such as real estate," says Chambliss.

Tell that to a property owner in New England this fall.

The book gives 17 lines to limited partnerships, without a word of warning of the horrible results of these traps for the innocent. In real estate partnerships, for instance, 70 percent of the investors didn't even get their money back.

On the other side of the ledger, after these criticisms, the book does give some good ideas on long-term goals for families and some valuable psychological tests to help you know thyself.

It's worthwhile for these sections alone, and overall there's lots of other information that's valuable.

Myron Kandel, who is on "Money-Line" on CNN nightly, coined a phrase, "financial economy."

A note from a Florida friend seeks to dispel my generally dim view of stocks:

"In about 1960, my wife bought 100 shares of General Electric for \$7,600. After three two-for-one stock splits, she now has 800 shares at a current price of \$57. Total value today: \$45,600."

Another friend, who is probably tired of my extolling bonds as investments in these columns, writes:

"In 1981, my wife had 30,506 shares of Gulf & Western, which was worth \$484,000. Price per share: \$15%.

"It was split two-for-one in May 1988, so she then had 61,012. In mid-June, it was worth \$60 a share, for a total of \$3,660,720."

Just to rub it in some more, my friend mentioned that the dividend total in those years was \$270,354.

That ought to keep me quiet for a while.

Let me tell you the latest about our grandson in Columbus, Ohio. Since his daddy is a banker, the tale should be allowed in a financial column.

Christopher is four, technically.

The other day, he ripped out of the house, hollering over his shoulder, "Mommy, I'm going to a rock party!"

The sun is low over the Muirfield Hills before the party at the neighbor's breaks up. The lad shouts an announcement as the saturnalia ends:

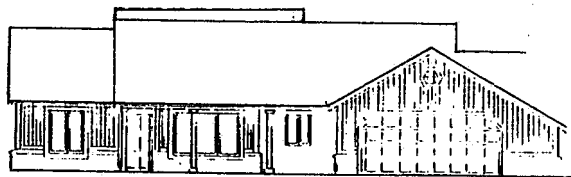

"Next time, it'll be at my house. And it'll be AWESOME!"

His mother heard this report and sighed, "Whatever happened to Winnie the Pooh?"

New safety path routes considered

New and extended safety paths may be in store for Independence Township in the near future.

At their Oct. 3 meeting, members of the township board decided to authorize an engineering study of paths proposed by the township safety path committee.

In a letter to the board, the committee suggested that the township finance the paths with a bond issue, to be repaid with millage money. Construction could cost some \$850,000, according to the letter.

The recommended routes are as follows:

A. Waldon Road east from Almond Lane to Sashabaw Road and south on Sashabaw Road to the existing path at Pine Knob Elementary School.

B. Sashabaw Road north from Clarkston Road to the entrance of Independence Oaks County Park.

C. Ortonville Road north from the village limits to the new shopping center near I-75.

D. Ortonville Road north from the Gulf gas station to Hadley Road.

E. Holcomb Road north from the village limits to the bridge over I-75.

In his letter, committee Chairman Paul Van Klavren said, "Our overview took into account current pedestrian traffic, a desire to complete vital links in the current system and requests received from the community."

The board will consider further action following the engineering report.

Painter adopts Chinese style and teaches others

BY SANDRA G. CONLEN
Clarkston News Staff Writer

To paint as the Chinese, the painter must combine the spirit and the inspiration of the surroundings, said Maxine Johnson of Clintonville Road, Independence Township.

Maxine has been studying Chinese painting for about 12 years and has been teaching it for almost four years.

She said the Chinese philosophy of painting is such that the painter must study for weeks whatever it is that will be painted.

She gave an example of painting a bird.

"Before you paint, you study for weeks -- the spirit, movement and color of every bird under the sun -- then you paint," she said.

Painting and art have been a love for Maxine since childhood. She was raised not far from Interlochen and

"Chinese people never say they are painting a picture -- they say they are writing a picture."

liked the atmosphere of the small school she attended.

"I never had art classes at school but had the reputation of being an artist. I worked on posters and helped with illustrations for newspapers," she said.

Even as a mother she would draw with or for her children, she said.

When Maxine heard about Chinese brush painting lessons offered at the Pontiac Art Center in Pontiac, she signed up because the technique was something she had always wanted to learn.

"I started teaching about four years ago, and I find I learn as much from others as they learn from me," she said.

A desire to learn more about Chinese painting has taken Maxine to Lexington, Va., for the past six years to study under Professor Ju from Washington and Lee University in Lexington.

She said the week-long classes are intense.

"He starts teaching at the breakfast table. He teaches about philosophy, history, and about his own life history, (Chinese) brush and a smattering of his own philosophy," she said.

Maxine said she considers the time spent at Professor Ju's as a mini-holiday.

"Chinese people never say they are painting a picture -- they say they are writing a picture," she said.

Chinese brush painting is done on rice paper with watercolors or the traditional Chinese ink. Maxine said she usually recommends to her students that they use watercolors because the price of the Chinese ink is so high.

The brush is made of animal hair and the handle is of bamboo. Sumi ink, made of soot and glue, is used.

"The Chinese people feel they have white paper and black ink and all of the grays in between," she said. "This is all they feel they need to paint a picture."

Maxine teaches Chinese brush at: Clarkston

MAXINE JOHNSON gives a demonstration of Chinese brush painting during Super Saturday for Adults Sept. 23 at Clarkston Commu-

nity Center. Maxine said she likes to help out in the community and has often judged art contests for schools and organizations.

Community Education, Waterford Community Education and Birmingham Community House.

Her work also can be seen at Waterford Friends of the Arts at the Waterford Community Center starting Oct. 14 and at Roper Art Fair, Birmingham, Oct. 21.

She is also a member of the Pontiac, Oakland Society of Artists. The society has art shows at Summit

Place Mall, Pontiac, a few times a year.

When Maxine teaches, she first gives a lesson to the whole class, and then she visits with each student in the class and paints a private lesson for each, she said.

Professor Ju is very giving of his time and talent, and Maxine she likes to treat her students the same way, she said.

Nan's Beauty Talk

Nothing does more for your spirits than a beauty pick-me-up. Color is the new hair fashion essential. Even the subtlest touches can do wonders to enhance your cut, not to mention your features and skin tone. And some of the new coloring treatments have the added benefit of imparting sheen in addition to shade, for fabulously healthy looking hair. Fabulous hair starts with a good hair-care regime. A great cut, a wonderful color... neither will amount to much of anything if your hair itself isn't healthy and in good condition. For salon-quality results at a reasonable price, check out the line of products at Nan's all formulated to promote shiny, manageable hair that does what you want it to. Even if you're not up for a big change, stop into Nan's and get a relaxing shampoo and shape-up cut, styled professionally as you can never quite seem to do yourself. You deserve it! *"You could win a brand new television by participating in Nan's 'Friendly Referral' Contest. NAN'S, THE SALON THAT CARES. 4194 Airport Road, just south of Andersonville Road, Waterford, 623-6654*

Sheriff's Log

Tuesday, Oct. 3, two rear wheels were stolen from a vehicle at an Andersonville Road, Independence Township, apartment complex. The two front wheels were remaining, but the lug nuts had been removed.

Tuesday, \$150 worth of damage was done to a car belonging to a Rattalee Lake Road, Independence Township, resident parked in the A&P parking lot on M-15, Independence Township. A scratch the entire length of the car was found.

Tuesday, an Independence Township youth was cited when caught while riding a moped, belonging to his mother and taken without her permission. The citations were for riding on the safety path along Maybee Road, Independence Township, and because neither of the driver nor his passenger were wearing helmets.

Tuesday, a Norman Road, Springfield Township, resident reported that mail was taken from her mailbox.

Tuesday, a \$550 set of golf clubs were stolen from a Burton man while he was at Heather Highlands Golf Course, Springfield Township.

Wednesday, a seriously injured deer found along M-15 and Hubbard Road was destroyed by an Oakland County Sheriff's deputy.

Wednesday, a Neilson Road, Springfield Township, under-aged youth was stopped for speeding and was found to have beer in his possession. He was cited for speeding and liquor violation.

Wednesday, Oakland County Road Commission was called to remove hazardous wooden ramps along Norman road, Springfield Township. No one had claimed the ramps.

Wednesday, a Davisburg Road, Springfield Township, 12-year-old girl was caught shop lifting at the Hop-

In, Dixie Highway, Springfield Township. No charges were filed, but the girl was banned from the store.

Thursday, a Pontiac man was cited for speeding on I-75, Independence Township, and was found to be driving without a legal license.

Thursday, someone smashed a car window and stole a garage door opener at the park and ride lot at I-75 and Sashabaw Road, Independence Township.

Thursday, a Plainwell man crushed part of an M-15, Independence Township, resident's driveway and damaged several trees along the drive.

Friday, a Pontiac man out on \$100 bond and wanted by the Pontiac police was cited for careless driving on Maybee and Clintonville roads, Independence Township, and was held until the Pontiac police arrived.

Friday, a \$50 hood ornament was stolen from an Elk Run Drive, Independence Township, resident parked in the Clarkston Elementary School parking lot.

Friday, a Balmoral Terrace, Independence Township, resident sustained \$500 worth of damages to his car when all four tires were slashed. The car was parked in his driveway.

Friday, someone failed to pay for \$9 worth of gas at the Union 76, Dixie Highway, Independence Township.

Saturday, a Sherwood Road, Springfield Township, resident, had \$200 worth of damages to his windshield from a rock bouncing from a dump truck.

Saturday, someone shot a pellet or BB gun and caused \$300 worth of damages to a doorwall belonging to an Andersonville Road, Independence Township, resident.

Saturday, \$124 worth of rolled coins were taken from a locked box placed under the bed of an Oak Park, Independence Township, resident.

Saturday, a seriously wounded deer had to be destroyed by an Oakland County Sheriff's deputy at Clarkston and Pine Knob roads, Independence Township.

Sunday, an Oakland County Sheriff's deputy responded to an alarm at a Hawksmoore Drive, Independence Township residence. The lower level sliding door wall was found to be unlocked and the garage door was partly opened. Nothing was disturbed, and the deputy secured the home.

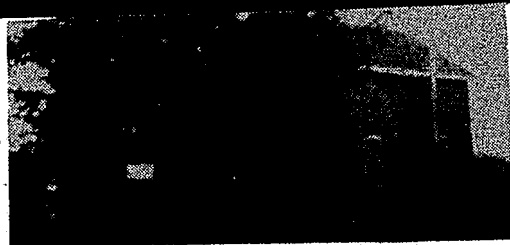

Sunday, a Maybee Road, Independence Township, resident was cited for urinating in public at the Quick-Pik convenience store on M-15, Independence Township.

Sunday, an Oakland County Sheriff's deputy during a routine check found two doors and a gate open at Pine Knob Music Theatre, Pine Knob Road, Independence Township. The officer tried to contact the owners but was unable to do so.

Sunday, a truck parked at the Amoco Station at the corner of Sashabaw and Waldon roads, Independence Township, was broken into through the vent window. \$100 worth of tools were taken.

Sunday, a Wildwood Loop, Brandon Township, youth, was caught shoplifting at M&R drugs, Sashabaw Road, Independence Township. She was caught with \$5 worth of makeup.

The above information was compiled from reports at the Oakland County Sheriff's Department.

New personnel teach students finer points in food

BY LINDA WALSH LAPINSKI
Clarkston New Staff Writer

On his new job, Mike Krystyniak is faced with declining enrollment and the retirement of three staff members in the food service program at the Oakland Technical Center-Northwest Campus (OTCNC).

Quite a challenge to the average person, but Krystyniak is not your average person.

Now chef instructor at the school in Springfield Township, Krystyniak was a pre-law student when he began working as a dishwasher to help with college costs.

He was quickly promoted to line chef and found he liked the food industry much better than law, so he pursued the industry as a profession.

He was employed at The Detroit Club for five years, giving him a great start.

"This gave me the opportunity to work at a first-rate establishment and learn everything from planning menus (the restaurant changed their menus every meal),

ordering the supplies and actually preparing the meals," said Krystyniak.

By age 19, he was the head night chef, but he was still unsatisfied with his skills and wanted to further his education.

So at age 25 he attended the Culinary Arts Institute of America in Hyde Park, New York. He completed the two-year course in 14 months and then came back to Detroit where he became the chef teacher at the Go Lightly Vocational Center in East Detroit.

Realizing he was lacking in his teaching accreditation, Krystyniak again went back to school. He received a teaching certificate from Wayne State University, Detroit.

All along in his career, Krystyniak continually upgraded his skills through his education in the food service industry.

When Daniel Manthei, principal of the OTCNC, was looking for the person to replace the director for the food service program, he had specific requirements in

mind.

The person Manthei wanted to hire for the chef instructor had to be an excellent manager, an excellent chef and an excellent instructor. He found all three of these qualities in Krystyniak, said Manthei.

"We were glad to get Mike," Manthei said.

In August of this year, Krystyniak set out to introduce a new way of presenting culinary arts to the students.

"Food service shouldn't just be a job but a profession," said Krystyniak.

Most teen-agers think of a restaurant as the fast food chains, and the people working there are not

"Food service shouldn't just be a job but a profession."

Mike Krystyniak.

NANCY TILLEY and Andrea Donitcen prepare cakes to entice sweet-tooth lovers at the opening of the Northwest Inn at the Oakland Technical Center-Northwest Campus.

making a career out of this job.

"It is our job to change this attitude and show the students how this industry can be a rewarding profession," said Krystyniak.

Career-minded people aren't going into the hospitality industry, of which food services is a slice, said Manthei. This has members of the Michigan Restaurants Association concerned, he said.

Krystyniak hopes with the help of Nancy Tilley and Deb Trudeau, each of whom are specialists in their fields, that the three of them will be able to get the program back on the right track.

Krystyniak outlined his goals for the students: they will be able to work full time in this profession as a cook; or become a certified chef through the Michigan Chefs de' Cuisine or the American Culinary Federation; or choose to go on for further training through a University or a Chef school.

Currently, 39 students from four school districts are enrolled in the food service program at OTCNC.

With one more teacher, the program could accommodate up to 80 students, said Krystyniak.

The students rotate through four areas of study throughout the year: hot food preparation, cold food preparation/pantry, bakery and front of the house. Front of the house is working in the restaurant area, such as cashier, hostessing, busing and serving.

Tilley is the chief assistant in the bakery department. With an associate's degree in bakery and cake decoration and food service management, she brings the knowledge and experience to this part of the program.

Trudeau has an associate's degree from Mott Community College and a bachelors of science degree from Ferris State College, Big Rapids, in food service. She helps in running the front of the house.

The students are evaluated on certain tasks in each of the four areas. Krystyniak hopes to invite local chefs from the area restaurants to help in the testing of the students on their performance, allowing the students to have other voices of opinion.

Teachers complain of overcrowding

(TEACHERS, from Page 1)

"This should be a consideration of the board," said Craig.

Janet Thomas, school board president, said the board could do nothing under present financial conditions.

Bill Neff, director of administrative services for Clarkston Schools, said other high student counts in classrooms within the district were higher than those at the kindergarten level.

Plus grievances have been filed by the Clarkston Education Association (CEA), he said.

Under the current CEA contract, a grievance is filed if students in the classroom number more than 30 per one teacher in K-3 levels and more than 31 students per one teacher in fourth and fifth grades.

After the meeting, Conrad Bruce, director of personnel services for Clarkston Schools, said a number of grievances have been filed because of over crowding in classrooms.

They include: Bailey Lake has three fifth grade classes with 34 students; Pine Knob has two fourth grades with 33 students and another fourth grade with 32 -- the three third grades have 31 students; Clarkston Elementary has two fifth-grade classes with 32 students; North Sashabaw has two third-grade classes with 32 and 33 students.

In the junior high schools, a teacher must have over 170 students in a semester before a grievance is filed.

At Clarkston Junior High, nine teachers have more than 170 students with the highest being 191 students for teacher Dennis Bronson, who teaches math, Bruce said.

Sashabaw Junior High has eight teachers who have more than 170 students, and the highest number of students for one teacher is 187.

At the high school level, if a teacher has over 150 students a grievance may be filed. Only three teachers at Clarkston High School have more than 150 students.

Bruce said there's only one remedy to the overcrowding situation the teachers have been placed in due to cutbacks.

"We provide them with a substitute teacher one day per marking period," said Bruce.

He explained that the teacher remains in the building, and the time the teacher has off, while the substitute is there, is used for grading papers, marking report cards or preparing lessons etc.

The cost of a substitute is \$50 a day, and the money comes from the substitute fund.

"That's \$200 a semester spent on each teacher, and they understand that's all we can do under the current financial situation," said Bruce.

PETER AUCHTER is now the associate editor of The Clarkston News.

Clarkston News reporter promoted

Clarkston News staff writer Peter Auchter has been promoted to the newly-created position of associate editor of The Clarkston News.

In addition to covering sports and Clarkston Village Council meetings, Auchter's duties will be expanded to include some editorial duties, such as filling in for the editor on occasion and training other employees in word processing and newspaper layout.

A 1987 graduate of Oakland University, Rochester, Auchter has a bachelor of arts degree in journalism.

Before beginning at The Clarkston News in April 1987, he served an internship at the Macomb Daily newspaper, Mount Clemens.

Tired of fast food? Try the Northwest Inn

Starting next Tuesdays, area business people and residents will have a change of pace for lunch.

The Northwest Inn at the Oakland Technical Center-Northwest Campus, 8211 Big Lake Rd., Springfield Township, opens Tuesday, Oct. 17.

Lunches, prepared and served by high school students, will be served from 11:45 a.m. to 1 p.m. Tuesday through Friday.

Diners will be tempted by entrees from nationally regional dishes such as creole, cajun, East and West coast specialties and some of Michigan's favorites, said Chef Instructor Mike Krystyniak.

For the international palates, the students will be enticing the connoisseur with cuisines from the Far East, China, France and Italy. Each meal will be served in the dining room with tablecloths and all the accouterments.

Salads and sandwiches can also be purchased from the quick food bar for the person who doesn't have the time for a sit-down lunch.

"The reason for the variety in the menu is to allow the students to have as much exposure in each of the different areas as possible," said Krystyniak.

Special buffets and brunches are in the planning

stages also, said Krystyniak.

He has a lot of experience in this part of the business. For seven years, he has worked at the Meadow Brook Music Hall Festival preparing the buffet dinners held before the music festival.

"I hope through this program to educate the parents, the students and the counselors that this is a viable art and hope to help this profession achieve the reputation it has in Europe," said Krystyniak.

Fire open house

In observance of National Fire Prevention Week, the Independence Township Fire Department is holding open house at its three fire stations.

Open to all area residents, the open house is set for noon to 3 p.m. Saturday, Oct. 14, at the following stations: Station No. 1, 3 E. Church St., Clarkston; Station No. 2, 7825 Sashabaw Rd., at the corner of Sashabaw and Clarkston roads; Station No. 3, 5241 Maybee Rd.

The open house includes a tour of the stations plus information about fire prevention, Emergency Medical Service, hazardous materials, training, CPR, 911, Jaws of Life and more.

READY, SET, GO!
The boys cross country team prepares for the start of a race against Lake Orion on Tuesday, Oct. 3. Clarkston continues to challenge for the Greater Oakland Activities League title after finishing fourth a year ago.

Wolves close in on GOAL title

Only Brandon stands between the boys cross country team and a perfect dual-meet record.

Clarkston raced past its fourth straight Greater Oakland Activities League opponent last week, topping visiting Lake Orion 22-34.

Jason Wenger (17 minutes, 29 seconds), Kellie O'Neil (17:48) and Paul Brisson (17:53) finished second through fourth, respectively, as the top Clarkston runners.

Jim Haviland (18:19) and Todd Wozniak (18:29) followed close behind in sixth and seventh place, respectively.

Co-coaches Mike Taylor and Mike Kaul are especially pleased to note the performance of the latter two runners.

"(The team) has been able to keep the gap between their first and last scorers small because of the fine running of Jim Haviland and Todd Wozniak," said Taylor. "This is a critical area in close meets. The league meet will be won or lost by the team's depth and not its stars."

Brandon, like Clarkston, is unbeaten in the GOAL. The two teams square off Tuesday, Oct. 10, at Brandon and again in the GOAL meet at Independence Oaks on Tuesday, Oct. 24.

In cross country, the league championship is determined by the teams' dual-meet record and how they fare in the championship meet.

With or without a league championship to show for it, the boys team has enjoyed remarkable success. The team finished fourth in the GOAL a year ago.

Three runners, Brisson, O'Neil and Wenger, could garner All-League honors. Others on the team also have excelled, the coaches said.

"The sixth and seventh runners on the team have switched nearly weekly," said Taylor.

Steve Tungate, Mark Leineke, Ben O'Rourke and Brad Patterson are the ones battling for the last two spots. Rounding out the squad are Duane Poole, Jacob Kniss, Mike Carr and Matt Johnston.

CHS shines in county meet

Clarkston's boys cross country team continued its phenomenal season at the Oakland County meet Saturday.

The Wolves finished seventh among the 41 competing schools at Marshbanks Park. Five CHS runners finished in the top 100; 260 runners ran in the race.

"I can't remember when a Clarkston's boys team has done that well in the tough county meet," said Coach Mike Kaul.

Jason Wenger was the Wolves top runner, finishing in 31st place with a time of 17 minutes, 11 seconds.

Kellie O'Neil (17:33) and Jim Haviland (17:34) finished neck-in-neck in 48th and 49th place. Paul Brisson was 51st at 17:39 and Todd Wozniak was 99th at

18:17. All five runners' finish counted in the team standings.

Also running on the varsity team were Mark Leineke (166th place, 19:07) and Ben O'Rourke (185th, 19:19).

Clarkston finished ahead of the rest of its Greater Oakland Activities League opponents. The Wolves' biggest challenger in the GOAL is Brandon, who finished 11th best in the county.

Sonya Schaffer raced to a 23rd-place finish in the Oakland County Meet at Marshbanks Park Saturday.

Schaffer clocked in at 21 minutes, seven seconds. She was the lone Clarkston entrant out of 180 competing runners.

Schaffer still top girls harrier

Sonya Schaffer continues to run past other Greater Oakland Activities League cross country runners in her quest to regain an individual title.

Schaffer, now a senior, won the GOAL championship in girls cross country as a sophomore and hopes to regain it in 1989 after an injury-plagued junior year.

Due to Clarkston High's pay-for-play system, Schaffer was the only runner out for the girls team. Hence, personal goals are all she can shoot for.

On Oct. 3, she topped all the Lake Orion runners with a time of 21 minutes and 19 seconds at Clarkston

High.

While Schaffer won the race, Lake Orion won the battle and kept its perfect record. Since 1980, Lake Orion and Clarkston have won the girls title, with the exception of last year when Kettering and Clarkston were co-champions.

The GOAL meet will be run Tuesday, Oct. 24, at Independence Oaks. Admission is free, and spectators are welcome, said Coach Mike Taylor. The course is on the ski trails that circle Crooked Lake. The race gets underway at 3 p.m.

On the attack

ROD HOOL, freshman coach for the Clarkston Chiefs, (at right) provides a few pertinent instructions for his troops before sending them off to battle the P.A.L. Raiders at Clarkston High Sunday afternoon. Quarterback Kevin Mason (pictured above) gets rid of the ball just before a P.A.L. defender clobbers him during first half action in the Suburban Youth Football League game. THE NEWS IS OUT WE'RE NO. 1

News wins highest honor in state for excellence

The Clarkston News took top honors and five awards in the Michigan Press Association 1989 Better Newspaper Contest.

In its circulation category, The New won the first-place General Excellence award -- the highest professional honor for Michigan

weekly and daily newspapers. In a written statement, the judge said The Clarkston News sports section was "easily the best."

The Clarkston News

Victory over Northern 'doesn't satisfy CHS

BY PETER AUCHTER
Clarkston News Associate Editor

A victory against rival Pontiac Northern is nice, but the varsity football team isn't ready to rest on its laurels just yet.

"These kids are still hungry. They are working hard," said Coach Kurt Richardson. "We can't be satisfied with where we are at."

Those words were spoken on the practice field Monday afternoon, three days after the Wolves toppled Pontiac Northern 25-8 and solidified their claim on second place in the Greater Oakland Activities League. Barring a miracle, that's where Clarkston will finish. Leader Orion plays Mott Friday while Clarkston hosts Brandon.

All the Wolves can hope for now is three more wins and a respectable 7-2 record.

Against Northern at Wisner Stadium Friday night, the Wolves took advantage of every Huskies miscue.

"That's how you beat Pontiac Northern," the coach said. "Special teams made a big difference."

Joel Davis recovered a fumble in the end zone for a touchdown after a kickoff, and punter Chad Hetherington

knocked a punt out of bounds at the Huskies 1-yard line that indirectly led to another score.

Special teams proved essential to the Clarkston attack, considering the offense was limited to 140 total yards, including five in the third quarter.

"We aren't moving the ball as we would like to," said Richardson. "But Northern is awfully good defensively."

John King and Brett Kinzler rushed for a touchdown

apiece. King also scored twice on two-point conversion attempts. David Marks kicked another PAT.

Clarkston's defense continued to improve, matching Northern's defense strong effort. The Wolves limited their opponents to 120 total yards and recorded five sacks.

"We have come a long way," defensively, the coach said.

The victory improves Clarkston's overall record to 4-2 and its GOAL mark to 3-1.

CJH blanks Blackhawks

Four players scored as Clarkston's freshman football team as it won its fourth straight game.

The Wolverines beat Brandon 32-0 behind touchdowns from Jason Roughton, Jeremy Doty, Jeff Galley and Dan Schoff. Galley returned an interception for his score.

"We got off to a slow start; it took us the first quarter to get rolling, but once the kids got untracked they were alright," said Coach Steve Himburg.

Clarkston now heads into the toughest part of its schedule, facing Pierce, Lake Orion and then closing against rival Sashabaw.

"The next three weeks will determine how good this team is," said Himburg.

If the shoe fits...

This poem appeared in the October issue of Bits & Pieces, Newsletter of Clarkston Junior High.

While the following poem was written about a male athlete, it can readily be applied to female athletes as well.

IF THE SHOE FITS....
Mary Brill Ephrata, Pa.

Please don't curse that boy down there;
He is my son, you see.
He's only just a boy you know,
He means the world to me.

I did not raise my son, dear fan,
For you to call him names.
He may not be a superstar,
And these are high school games.

So, please don't knock those boys down there,
They do the best they can.
They've never tried to lose a game,
They're boys, and you're a man.

This game belongs to them, you see,
You're really just a guest;
They do not need a fan that gripes.
They need the very best.

If you have nothing nice to say,
Please leave the boys alone.
And, if you've forgotten your manners,
Why don't you stay at home!

So, please don't curse those boys down there,
Each one his parents son.
And win or lose or tie, you see.
To us, they're NUMBER ONE!

Merchants win 2 in World Series

Clarkston's slow-pitch softball entry in the Senior World Series finished with a 2-2 record during the five-day tournament in North Carolina.

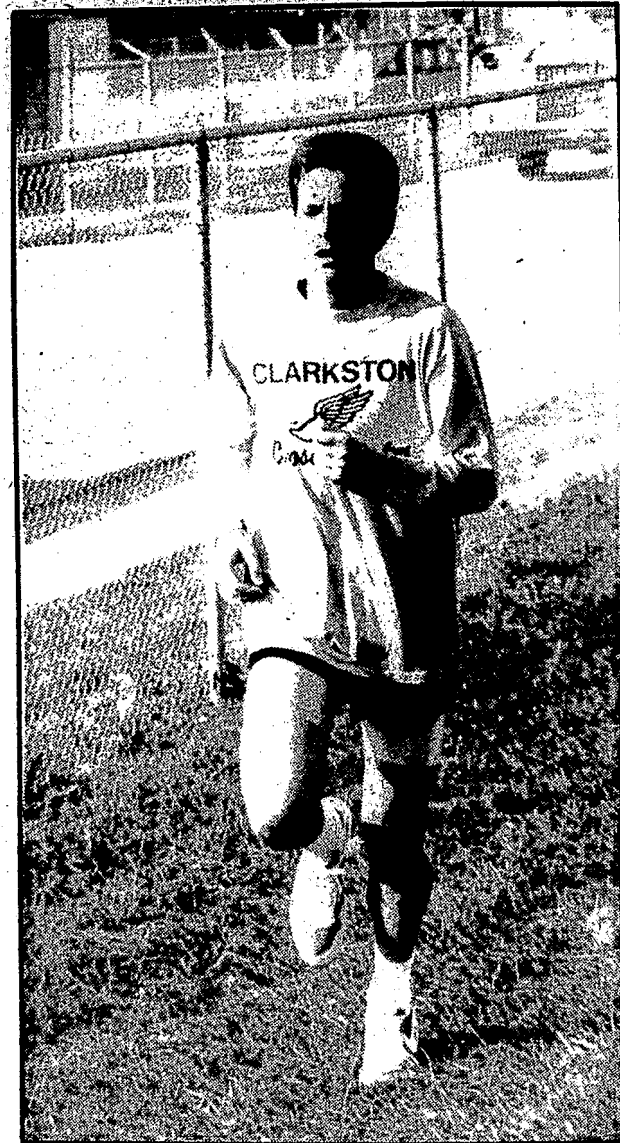

The Merchants, playing in the 60-and-up age division, opened the championship series with a 5-1 loss to Florida Gold Coast on Thursday, Sept. 28.

On the same day, the team rebounded to beat Augusta, Ga., 10-1. The Merchants won their second straight the next day, beating Houston, Texas, 16-9 before losing to Mesa, Ariz., 9-7.

Clarkston almost completed a remarkable comeback in its last loss. The Merchants trailed 9-3 entering the final inning but scored four runs and had the bases loaded when the final out was recorded.

Leading hitters for the Merchants were Ray Schumann and Ed Bazzell who hit .571. Schumann also led the team in runs scored with seven, triples with three and tied for total hits with eight.

Other top hitters included Ed Cable, Earl Mudge and Bod Waddell who all hit .500 in the series.

BEN O'ROURKE finishes with a time under 19 minutes and places 10th against Lake Orion last week.

KARRIANN SIKES drives to the hoop during junior varsity basketball game between Clarkston and Lake Orion last week. The Wolves won 40-33. Sikes led the team in assists with five. Heather Austin was the leading scorer with 16 points and 10 rebounds. Heather Steinhelper added six points and 12 rebounds.

Sashabaw gridgers win sixth

While the offense wasn't perfect, Sashabaw managed to put enough scoring plays together to blank Cray and keep its freshman football winning streak intact. The Cougars beat Cray 35-0 last week to up their record to 6-0.

Greg Fisher was the top rusher for Sashabaw, gaining 193 yards and scoring two touchdowns. Jerry Anderson proved invaluable on offense, defense and special teams.

Anderson scored a touchdown off a 13-yard run in the first half and then ran for the successful two-point conversion to put Sashabaw out in front for good at 8-0. Later he caught a 50-yard pass from quarterback Nick Shires for the Cougars' third score of the day. He completed his day by returning the second-half kickoff 80 yards for a score.

On the defensive side of the ball, he didn't let up. He had a team-high nine tackles and one fumble recovery. Marc May also played well defensively, recording seven tackles.

"As usual the defense got us in good field position," Coach Mike Stefanski said.

Fisher's two touchdowns came on runs of 20 and 75 yards. Matt Smith kicked one extra point and Shires completed a pass to Aaron Phillips for a two-pointer.

While Stefanski was happy with his sixth win in a row, he wasn't happy with the inconsistent offense.

"Offensively we didn't do very well besides the big plays," he said. "We got the big plays when we needed them."

Open gym set up

Recreation fans can get in out of the cold to play basketball and volleyball thanks to the Independence Parks and Recreation Department.

Open gym is available almost every night somewhere in the Clarkston school district, most are set up for basketball players.

The gym is open from 7-10 p.m. unless otherwise noted. The recreation office asks that interested players call 625-8223 the day they wish to play to confirm its availability.

A schedule of open gyms follows:
Tuesdays at Pine Knob for adults.
Wednesdays at Andersonville Elementary for high schoolers.

Wednesdays at Clarkston High for adults.
Thursdays at North Sashabaw Elementary for adults.
Thursdays at Clarkston Elementary for Adults. (Volleyball only)
Fridays at Andersonville Elementary from 6-9 p.m. for adults.

Prep Profile Dave Patterson

Dave Patterson is a senior on the varsity boys soccer team. The goalie has played two seasons on varsity and one on junior varsity while at Clarkston High School.

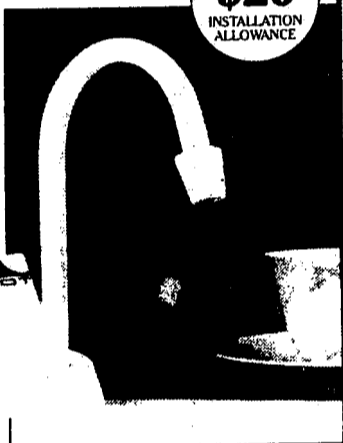

- Born: Sept. 3, 1972
- Nickname: D.P.
- Favorite sport: Soccer.
- Favorite food: Everything.
- Favorite music group: Metallica.
- Favorite movie: "Lost Boys."
- Favorite TV show: "MacGyver."
- Favorite subject: History.
- Favorite place to be: Cruise in his car.
- Favorite thing to do: Play soccer.
- Goal in life: To be manager of a restaurant or hotel.
- Biggest accomplishment: Becoming captain of soccer team.
- Idol: His dad.
- Most embarrassing moment: Having seven goals scored on him in two games against Oxford this season.
- Biggest thrill: When he found out he was the captain of the soccer team.
- If he could change one thing about himself, he would: Have better grades in school.

Boys soccer team ends long losing streak

BY PETER AUCHTER
Clarkston News Associate Editor

When the final whistle sounded Saturday afternoon, the varsity soccer team celebrated its first victory in nearly a month.

Clarkston High topped Royal Oak Kimball 4-3 behind two goals by Kris Wikle and one apiece by Dan Tassen and Lance Lewis to even its October record at 1-1.

Kimball utilized an offside trap play throughout the game effectively, but the Wolves managed to adjust enough in the second half to score three goals.

"Because the defense played up so far we pushed the ball through," said Coach Neil Granlund. "At the half we decided to drop (the ball) behind the defense."

In soccer, a player is offside when he is on the opponent's side of midfield and there are fewer than two defenders (including the goalkeeper) nearer the goal at the moment the ball is played by a teammate.

Against Clarkston, the Kimball defenders kept moving forward on command, leaving the Wolves offside and frustrated.

Royal Oak opened the scoring with an early goal, less than eight minutes into the game. Lewis tied the score about five minutes later with his goal.

Kimball capitalized on a defensive miscue off a corner kick late in the first half, punching in a loose rebound for a 2-1 advantage.

With a new offensive philosophy after the half, it didn't take the Wolves long to tie the game. Wikle netted the first of his two goals off a scramble in front of the net with 35 minutes to play.

About 12 minutes later Dan Tassen beat the Kimball goalie on the far side of the net to put Clarkston out in front for good.

Wikle added what appeared to be an insurance goal with 12 minutes to play off a very good play. He raced down the center of the field, headed the ball past a charging goalie and then kicked it into the open net.

Royal Oak made the score close with a goal of a

KRIS WIKLE advances the ball upfield. He scored twice for the Wolves Saturday.

direct kick late in the game but couldn't come up with the equalizer.

Saturday's game turned out to be the Wolves' only work for the week. Thursday's away match against Greater Oakland Activities League foe Brandon was canceled because the officials failed to show up. That game will be made up on Wednesday, Oct. 18, at 5 p.m.

The district draw will be held on Tuesday, Oct. 17. District play begins Monday, Oct. 23.

Sanders' Force wins 26 awards

Joe Sander's karate team, The Force, continues to live up to its nickname in national tournaments.

Fourteen members from Sander's class, part of the Clarkston Community Education program, traveled to St. Louis, Mo., recently for the 15th annual Moo Duk Kwan Championships. They brought home 26 awards.

A list of winners from the squad follows:

Vincent Ventimiglia, first place in form and fighting.

Tom Hockey, first and third in the breaking division. Jeremy Moore, first in fighting.

Fall '89 Heart Saver: CPR for Adults

In an emergency medical situation, you don't have time to think. Heart Saver is a complete course that prepares you to take action when a heart attack strikes or a person stops breathing for any reason. Knowing CPR can make the difference between life and death. BCIS-A Cards available. Call 625-CARE.

Fee: \$5 Clarkston Professional Building - 5885 M-15

Presented by the Clarkston Ambulatory Care Center and Pontiac Osteopathic Hospital

CLARKSTON AMBULATORY CARE CENTER

We take care of you, 24 hours a day, 7 days a week.

Winners named in Punt, Pass Kick tourney

They came, they kicked, passed and punted; and eventually six boys conquered the rest of the pack during an annual competition sponsored by the Independence Parks and Recreation Department.

Clintonwood Park hosted the Punt, Pass and Kick tournament on Thursday, Sept. 28, a competition that showcases the participants football skills with scores based on distance and accuracy.

Karate sign up

Residents interested in learning martial art techniques can sign up for a Clarkston Community Education sponsored class next month.

Registration for four weeks of instruction by Joe Sanders, a fifth-degree black belt master in Tae Kwon Do and Hapkido, is Wednesday, Nov. 1. Classes meet three times a week at a cost of \$28. Family rates (two for \$50) are available.

Registration for another four-week session begins Dec. 4 and January 15, 1990.

For more information about the program, call Karen Ohrmberger at 394-0114.

First through third place winners in all six age groups follows:

Age 8 winner: Bruce Albright (127 feet, 2 inches)
Second place: Joshua Inman (121-10)
Third place: Mike Bennett (117-7)

Age 9 winner: Kevin Mason (168-9)
Second place: Michael Gochenour (161-6)
Third place: Chris McTaggart (154-7)

Age 10 winner: Mark Endreszl (214-2)
Second place: disqualified

Third place: Robby Hukka (168)

Age 11 winner: Armin Michelsen (181-11)
Second place: David Brown (119-9)
Third place: Kevin Budia (67-7)

Age 12 winner: Jeff Mull (244)
Second place: Jon Dean (235-1)
Third place: Eric Crysler (234-6)

Age 13 winner: Marty McGeough (252-11)
Second place: Joshua Armstrong (217-4)
Third place: Mike Bills (148-5)

JV Wolves lose

Clarkston learned of Pontiac Northern's prowess on the football field last week, losing its first home junior varsity game since 1986.

A 13-yard scoring pass from Jon Wyniemko to Jeremy Burke in the third quarter proved to be the Wolves' only highlight in a 62-6 loss.

Pontiac Northern controlled the play from the start. "They broke off big play after big play," said Coach John Craven. "They never drove the ball; they didn't have too. They were as good as everybody told me they were."

Unfortunately, the Huskies are not as talented in the sportsmanship department. When Craven substituted liberally in the second half -- with the game all but decided -- Northern coaches left their starters in the game.

"They physically pounded us," said Craven. "We have nothing to be ashamed of. I'm not sure we could have beaten them if we had played a perfect ball game." The loss drops the Wolves' record to 5-1.

CHS wins 2-0

Scott Rooney and Chuck Schoen scored goals for Clarkston's junior varsity soccer team, helping it beat Royal Oak Kimball 2-0 Saturday morning.

"They have been getting better and better," said Coach Ron Forbes.

Assisting on the goals were Patrick Forbes and Schoen.

The only other victory for the Wolves this season came against Lapeer East on Sept. 14. Clarkston won 5-4. Rooney had three goals, Ryan Noll one and Schoen the other.

Peter Auchter

Weekend warrior update:
Soccer on Saturday, football on Sunday. A busy weekend on the sports front. And a cold one, too.

Saturday's gusts of wind, bringing the flag to attention at the northeast corner of the field, made everyone acutely aware of just how cold it was. With my winter jackets at the cleaners (thanks, mom) I was hoping to get away with underdressing for one more day. Oh well, at least the home team won.

For those who haven't happened by good old CHS during a soccer game, you're missing a real treat. Doesn't matter if you don't know much about soccer, the friendly public address announcer gladly explains all the nuances of the game without missing a beat.

Fans have two more chances to see the Wolves in action at home, Thursday against Lake

Time Out

Weekend warrior

Orion and the following Thursday against Lake Fenton. Game times are 7 p.m. and 5 p.m., respectively.

On Sunday, football fanatics got their fill of live action with the Clarkston Chiefs hosting the P.A.L. Raiders. As it turned out, it beat watching the Detroit Lions succumb to the Minnesota Vikings. (I know that's not a fair comparison, my apologies to the Chiefs.)

The sun peeked through the clouds every once and a while Sunday, making it an enjoyable fall afternoon. Still a little chilly, mind you, but not as awful as Saturday.

Super Bowl Sunday for the Chiefs, who are involved in the Suburban Youth Football League at the freshman, junior varsity and varsity levels, is up and coming. Hopefully, at least one of the three (if not all three) will make it to the big game at Lake Orion High School Oct. 29.

A CRIMSON King Norway Maple tree in Clarkston's Depot Park will add shade, beauty and oxygen to the world. Planting the tree in honor of the late Howard Huttenlocher

are Robert Theisen (left) and Brad Meehle of Bordine's Better Blooms of Springfield Township. Contributing to the ceremony are seventh- and eighth-grade students from Cedar

Crest Academy, Dixie Highway, Springfield Township, plus high school students from the Oakland Technical Center-Northwest Campus.

Kids, adults join in saving the earth

BY JULIE CAMPE
Clarkston News Editor

The planting of one Crimson King Norway Maple tree symbolized much Sept. 29 in Clarkston's Depot Park.

For the Huttenlocher family of Clarkston, it represented the reverence for the late Howard Huttenlocher, to whom the tree was dedicated.

Donated by Bordine's Better Blooms of Springfield Township, the tree replaced a red maple tree planted in July 1986. The original tree did not flourish in the wet area, so Bordine's replaced it, planting another tree at a slightly higher level.

Howard Huttenlocher was highly regarded in the Clarkston area for his more than 50 years of service to the community. His involvement included serving as president of the Clarkston Village Council and as chairperson of the Clarkston Zoning Board of Appeals.

In addition to honoring Huttenlocher, the planting of the tree was a way to act out concern for the environment for about 15 seventh- and eighth-grade history students at Cedar Crest Academy, Springfield Town-

ship.

The students recited poems about trees, and a few helped plant the tree, as did some high school students in the landscaping class at the Oakland Technical Center-Northwest Campus, Springfield Township.

It was only natural that Cedar Crest students take part in the event, said teacher Dolly Imbrunone.

It's part of the philosophy at Cedar Crest, she said, explaining that the actual setting of the school involves the preservation of nature.

"Our students like to do real things in the community that are meaningful," she said.

After the ceremony, a few students talked about their concern for trees.

"We want to still be living (years from now)," said Bejal Shah, 11, of Waterford Township. "If the greenhouse effect takes over, we won't be able to live."

Michael Gee, 13, of Oxford, showed that the ceremony was more than just a school assignment.

"We want to help the environment because the ozone is deteriorating right now because people really don't care," he said. "I have a lot of trees at home. If I have children, I want to see them live and have good health."

Afterward, each student took home a pine seedling, compliments of Bordine's.

The whole ceremony kicked off Global Releaf of Michigan's official start in the state, said Melinda Jones, president of the Michigan Global Releaf effort.

It was Global Releaf's first tree planting in the state and was just one more step toward the organization's nationwide effort at planting 100 million trees by 1992.

In Michigan, the group's goal is to reforest the state. For every four trees removed, only one is replaced, said Jones.

Recent studies show that in as little as 20 years, it could be too late to make a difference, she said.

Rapid development has turned natural areas with many trees into urban "hot spots" -- areas of concrete that actually retain heat but do little to diminish it.

"I think the time is right," said Jones. "The temperature last year really scared me. ... You look at the concrete islands and see how hot it is.

"Even if nothing materializes, you've increased the

How trees help

Trees can help the Earth in lots of ways, according to Global Releaf, a national organization dedicated to reducing the carbon dioxide build-up in the Earth's atmosphere.

Following are ways more trees can help the Earth:

● Trees use excess carbon dioxide in the atmosphere and turn it into life-giving oxygen.

● Trees help conserve energy. Three properly-planted trees around your home can cut your air-conditioning bill by 10-50 percent.

● Trees turn urban "heat islands" into cool and comfortable "oases," making the concrete jungle livable for man or beast.

quality of life," she said about tree planting.

Carl Dollhopf of the Michigan Department of Agriculture agreed. Also a member of Global Releaf, he said urban areas have been losing trees without replacing them for years.

As an example, he listed the 800,000 trees lost to Dutch elm disease in Detroit. They were never replaced, he said.

"Whether it's Clarkston or Detroit, all cities lost a large number of trees," he said. "We've got to get trees back in our urban areas."

Global Releaf brochures, to which experts from all areas contributed, tell: the benefits of trees, which trees are appropriate to plant in certain areas, and how to maintain with minimal spraying of chemicals -- also a help to the environment, said Dollhopf.

One goal of Global Releaf is simply to educate people about the benefits of trees. Then, residents will want to do the planting themselves, he said.

Robert Theisen, general manager of Bordine's Better Blooms, Clarkston, said, historically, most people have planted trees for aesthetic purposes and are not too

(See HELP, next page)

Teen poets write about trees

The following poems were written by seventh- and eighth-grade Cedar Crest Academy history students to help celebrate the re-dedication of a tree to the Huttenlocher family of Clarkston.

At the ceremony Sept. 29, the students recited their poems and helped plant the tree donated by Bordine's Better Blooms, Springfield Township. Cedar Crest Academy is on Dixie Highway, Springfield Township.

Taking Matter to Heart or Do Your Part

By Melissa Palmer

People can affect the O-zone layer with the slightest drop of a Styrofoam container. I, as one, am not the only complainer. We can damage the ozone layer by \$1.59 pay for an aerosol can of hair spray.

Our ozone layer is endangered; some say we should have ozone rangers.

If we don't find a way to repair the damage that is already done, by the time we have children, they won't be safe in the sun.

So let's all pitch in and do our part so future teens know we took the matter to heart.

A New World

By Kelli D'Addezio

Leaves are burning, the world is turning. Once a beautiful sight to see, but now can it be? The ozone layer is torn, but maybe soon a new world will be born. We can't tell what our world will be. I guess we'll just have to wait and see.

Season Tree

By Beth Garrett

In the Spring the trees are budding. In the Summer the trees are swaying. In the Fall the leaves are falling. In the Winter the trees are bare. In the Future there will be no more trees, unless you care!

Planting trees

By Eden Smith

Planting trees big and small under the sky so sunny. Some grow short and some grow tall, why chop them down just to make more money. To make buildings, and other things too, where the trees used to be. Why do you chop them down anyway to the size of a tiny green pea?

Untitled

By Beckie Moore

A tree is a tree is all I can say. It lights the world in such a beautiful way. And if they are destroyed The world will not light as beautifully again.

Oh Grand Trees

By Alex Bruni

Oh grand trees Swaying in the breeze Cleaning the air Beyond compare Great debt we owe trees.

A Better Place

By Tracy Moen

They say there is not a better place to live than thee. But I've always thought there must be. Why do we hurt our perfect world? Why do we destroy our perfect land? I ask. Some know the answer, some don't believe the answers. I hope someday everyone will believe there's no better place to be than thee.

Wonderful Trees

By Michael Gee

Trees are wonderful, trees are green. Trees are the most beautiful of things. In the fall trees are such a ball, to run in or jump in or to cushion your fall. Trees are great for climbing, building and hiding. Green, yellow, orange-red. Stand under a tree and let a leaf fall on your head. Trees give you shade. Trees hold the ground. Leaves from the trees can cover bare ground. Trees are homes for birds and bees, cover for deer when they flee. Trees cut down the wind so you don't freeze. Trees give you oxygen to help you breathe. So please don't cut down the precious trees.

The End

By Scott Killen

People are living. Trees are living. People need air. Trees give air. People kill trees. We all die.

Atmospheric help from planted trees

(HELP, from previous page)

worried about the environment.

"They're more concerned about other parts of the environment right now than they are about planting trees," he said, adding that it's slowly changing.

"People are getting more and more environmentally conscious about everything, about what we eat (for instance)," Theisen said.

Dollhopf noted that since all of the people at the ceremony are in the tree industry in some way, people may think they're biased.

But Jones said trees and the environment should concern everyone.

"We all got into the business because we all believe in it," she said.

For more information, call 994-2769.

Facts about global warming

According to Global Releaf:

● Present global temperatures are the highest since records have been kept. The 1980s have produced the five hottest years of this century.

● Scientists estimate that the level of atmospheric carbon dioxide could double in a few years, if present trends continue.

● If that happens, global temperatures could rise by an average of 6-12 degrees.

● World energy use is the main contributor to atmospheric carbon dioxide.

● The United States, with only 1/20 of the world's population, produces nearly 1/4 of the annual global carbon dioxide from burning fossil fuels.

● Urban areas, with their expanses of concrete, build up "heat islands" that are 37-41 degrees hotter than their surroundings.

● Currently, only one tree is planted for every four that die or are removed in American cities and towns.

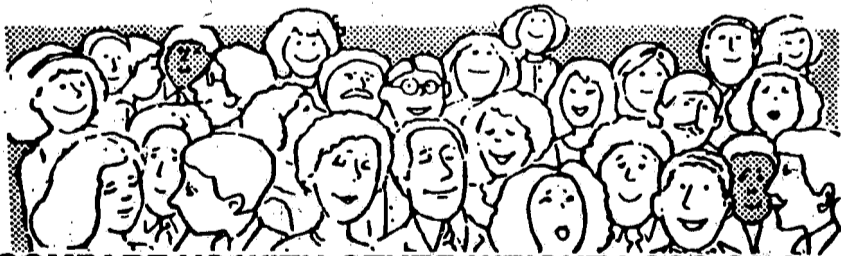

● Trees can absorb carbon dioxide at the rate of 48 pounds per year -- about 10 tons per acre per year.

● Urban trees that shade heat islands are 15 times more important in reducing carbon dioxide build-up than rural trees.

● If current opportunities to improve tree growth were taken, this new growth would reduce atmospheric carbon dioxide by 450 million tons, about one-quarter of what the United States is estimated to release annually from burning fossil fuels.

● Tropical forests are still being lost at the rate of 27-28 million acres per year, an area about the size of Tennessee.

Insurance policy tailored to fit needs of renters

Renters shouldn't overlook the need for insurance to protect their personal belongings.

"Unlike the owner of a house, who needs insurance coverage for both the dwelling and its contents, the renter needs a policy to protect just his/her personal belongings," said Terry Buckles, president of the Michigan Association of Insurance Companies (MAIC).

If the renter's building is destroyed, the insurance policy purchased by the landlord or property owner will cover the structure only. To recover for the loss of personal effects, including furnishings, the renter must have his/her own policy.

There is a policy tailored to fit the needs of renters, according to the insurance spokesman. The renters policy or HO-4 covers damage to possessions that result from perils such as explosion, fire or lightning, wind-storm or hail, riot or civil commotion, theft and vandalism.

Normally, this policy reimburses losses on an actual cash value basis. This means that the insurance company will pay replacement cost, less depreciation.

For an additional premium, many insurers offer an endorsement to the policy which will cover contents on a replacement cost basis. Here, the personal property is covered to the extent of the full cost of repair or replacement, without deduction for depreciation of the items.

Although the renters policy covers personal belongings such as furniture, appliances, clothing and jewelry, there are limitations on amounts of coverage for certain types of personal property that are especially susceptible to loss.

Coverage for cash generally has a \$200 limit, while coverage for other valuables -- such as jewelry, furs, firearms and stamp and coin collections -- varies between \$1,000 and \$2,500. For an additional premium, the consumer can purchase a policy endorsement in which the items are described specifically and each is given a dollar value.

The renters policy usually includes several other coverages. Examples of these are:

- * Additional living expenses which might be incurred if the residence is temporarily uninhabitable

following a loss.

- * Personal liability insurance for bodily injury/property damage claims or suits.

- * Alterations or improvements the renter has made to the building at his/her own expense.

- * Personal property which is destroyed by a covered peril while away from the premises.

Michigan Association of Insurance Companies is a non-profit, public affairs organization representing 49 property/casualty insurance companies in Michigan. It sponsors consumer education and information programs.

How's your child doing at school? On the dean's list? In a new sorority? Captain of an intramural sports team? Let us know at The Clarkston News, and we'll put it on the Millstream page. 625-3370

In service

Army Reserve Pvt. Tamara D. Brown has completed military police training at the U.S. Military Police School, Fort McClellan, Ala.

Brown, a 1987 graduate of Arthur Hill High School, Saginaw, is the daughter of Shurly G. Brown of Clarkston and Grace A. Brown of Saginaw.

Marine Pvt. Samuel J. Wilson, son of Charles G. Wilson of Minne-Wana, Independence Township, recently completed the basic engineer equipment operator course.

A 1988 graduate of Clarkston High School, he joined the Marine Corps in January 1989.

CHATTING at the Parade of Homes are (from left) Shirley Janette, Jim Ware and Gerald Fisher. Eleven homes by North Oakland

County builders are on display in Crescent Hills Subdivision in Ortonville through Oct. 22. (Photo by Julie Campe)

New arrivals

Scott and Renee Dean of Clintonville Road, Independence Township, are the proud parents of a new baby girl.

Stephanie Renee Dean was born Sept. 29 at St. Joseph Mercy Hospital, Pontiac. She weighed 7 pounds, 1 ounce, and measured 19 1/2 inches long.

She was welcomed home by her brother, Jason, 3.

Grandparents are: Mr. and Mrs. Don Croom of Independence Township, Mr. and Mrs. Warren Sims of Lake Orion, and Mr. and Mrs. James Dean of Florida.

Great-grandparents are: Mrs. Ressie Croom of Ark., Mrs. Grace Brown of Pinckney and Mr. and Mrs. Orma Deneen of Fla.

It's a boy for Mark and Dolores Farrelly of Ubly. Dolores is a 1982 Clarkston High School graduate.

Heath Allen Farrelly was born Sept. 12 at Saginaw General Hospital, Saginaw. He weighed 8 pounds, 2

ounces, and measured 20 1/2 inches long.

His brother, Grant, 3, greeted him at home.

Grandparents are Jerry and Jean Messing of Paula Avenue, Clarkston; Gerald and Elonore Koskie of Ubly; and Allen and Flossie Farrelly of Ubly.

Great-grandparents are Henry and Marion Smith of Attica, Laura Kulish of Ubly and Mrs. George Farrelly of East Detroit.

Joseph and Pam Messing of Holly announce the birth of their new baby girl. Joseph is a 1978 Clarkston High School graduate. Pam is a 1977 Waterford Township High School graduate.

Melissa Sue Messing was born Sept. 21 at McPherson Hospital, Fenton. She weighed 7 pounds, 12 ounces, and measured 21 inches long.

She was welcomed home by her brothers, Tony, 8, and Jimmy, 6, and her sister, Nicole, 3.

Grandparents are Jerry and Jean Messing of Clarkston and Jim and Donna Wallace of Union Lake.

Great-grandparents are Henry and Marion Smith of Attica, Hollis Wallace of Auburn and Les and Hilda Richards of Royal Oak.

Ralph and Nicole Messing of Paula, Independence Township, gave birth to their first child.

Kevin Michael Messing was born Aug. 12 at St. Joseph Mercy Hospital, Pontiac. He weighed 6 pounds, 14 1/2 ounces, and measured 19 1/2 inches long.

Grandparents are Jeremia and Jean Messing of Clarkston and Suzanne LaFrance of Warren.

Great-grandparents are Henry and Marion Smith of Attica.

Engagement

Leroy and Loretta Coberley of Stephenson, Brooklyn, announce the engagement of their daughter, Cathy Anne Coberley of Tuson Boulevard, Independence Township, to Thomas Jackson Hall,

son of Thomas and Loraine Hall of M-15, Independence Township. The prospective bride is a 1983 graduate of Onsted High School and a 1986 graduate of Siena Heights College, Adrian. She is a merchandise manager at J.C. Penney. The prospective bridegroom is a 1984 graduate of Clarkston High School and a 1988 graduate of the University of Michigan, Ann Arbor, where he earned a bachelor of science degree in mechanical engineering. He is a project engineer at ITT-Teves Automotive. An April 7, 1990, wedding is planned.

Club notes

Phyllis Bradford of Davisburg was one of 52 Michigan women honored at Michigan Federation of Business and Professional Women's Club annual Women of Achievement Banquet held at Shanty Creed Resort, Bellaire, Sept. 30.

She was recognized for her outstanding career achievements and the positive image of a Business and Professional Woman she has maintained, at the same time demonstrating her willingness to help other women.

Phyllis has been a member of Waterford-Clarkston BPW since 1973. In 1980 she retired as office manager at The Steve Kruchko Co. in Drayton Plains and is currently employed part time as Springfield Township Deputy Treasurer.

At the American Legion Auxiliary Department convention in Dearborn, Nikole Rutterbush of the Chief Pontiac 377 Juniors, was selected as the Department Junior of the Year. She received this honor from all her volunteer work at local nursing homes, veterans hospitals and work with handicapped children.

Engagement

Mr. and Mrs. C. Jeffrey Barbour of Mount Pleasant announce the engagement of their daughter, Dawn Marie, to Richard Michael Carter, son of Mr. and Mrs. Richard A. Carter of Clarkston. Dawn is employed with Bulk International, Troy, and also attends Oakland University, Rochester. Richard is employed with National Bank of Detroit, Detroit. An Oct. 14 wedding is planned.

An Apple for the Teacher

Lee Brown,
sixth-grade team teacher

By Jim Sanford

Though a woman of the 1990s, Lee Brown's educational roots go back to a one-room school in Davisburg. Lee remembers her sixth-grade teacher "took me in hand, encouraged something she saw in me, and it grew from there," she said.

The something was her interest in and capacity for becoming a teacher. Later, she graduated from Milford High School and even later from Eastern Michigan University, Ypsilanti.

Her teaching career began in Clarkston in 1966. She has taught first, second and sixth grades in the elementary context. For the past two years, she has been involved in sixth-grade team teaching at Sashabaw Junior High.

Her job is that of Team B leader, organizing, coordinating, typing and implementing inter-disciplinary units (camp, medieval fair, substance abuse programs, to mention a few).

Lee's abundant skills in these areas earn her high praise from her colleagues. She is a hard worker and someone who makes things happen. She has coached an Odyssey of the Mind team, a problem solving exercise geared to fourth through 12th grade children.

She married Tom Brown, another Clarkston teacher, not long after coming to Clarkston. The couple live here with their three children, Shane, Jeremy and Heidi.

Whatever time is left after taxiing the young Browns to dancing, music lessons, soccer, wrestling, etc., Lee enjoys doing handwork or reading. Recently the couple have become interested in ceramics, an activity sparked by Lee's mother who has a kiln, molds and the necessary know-how. They are even in the process of making a complete dinner ware set. Friends say she is an excellent cook.

The decorative arts are one of Lee's interests. She proudly displays a cabinet hand-crafted by her father, an art deco teapot, a Brown family heirloom.

At school, she is adventurous and innovative with art as well as other projects, all of which are outstandingly

successful.

She passes off her talents modestly by saying, "Art is something that has come along from my finger tips."

Lee is an Eastern Star; a member of Alpha Delta Kappa, a professional sorority; and she belongs to Trinity United Methodist Church in Waterford.

She believes every student has a right to learn to the best of his or her capabilities. She thinks as many opportunities for this as possible should be provided. She feels youngsters need a sounding board for ideas or problems they face especially in these fast-paced, hectic times. Part of her role as an educator is to meet these varying needs. Sometimes this means being a good listener. How refreshing!

An Apple for the Teacher is provided through the efforts of the Clarkston Education Association. This week's author is Jim Sanford, a sixth-grade teacher at Sashabaw Junior High School.

LEE BROWN enjoys teaching sixth-grade students at Sashabaw Junior High School.

Brilliant colors

The first signs of brilliant fall color have arrived at the Huron-Clinton Metroparks, which serve residents of Wayne, Macomb, Oakland, Livingston and Washtenaw counties.

In the Clarkston area, Indian Springs Metropark is 2,232 acres on White Lake Road in Springfield and White Lake townships.

Peak of the fall color season in southeastern Michigan is expected to be Oct. 15-22.

Send a little of Clarkston charm at Christmas

BY SANDRA G. CONLEN
Clarkston News Staff Writer

Carol Eberhardt and Paul Bennett hope to market some of the small-town charm of Clarkston.

Eberhardt, a Clarkston resident, and Bennett of Independence Township are selling baskets filled with foods made and produced by Clarkston area residents.

Bennett, a woodworker by trade, gave similar gifts last year at Christmas.

He normally makes something of wood to give as gifts but didn't have the time last year, he said. So he put together a basket of edible items made and sold by Clarkston area people.

Talking about the project last week Eberhardt

CAROL EBERHARDT is carefully planning her marketing strategy by making a final selection of products made by Clarkston

area residents. The edible goodies will be placed in a basket and shipped in time for Christmas.

The cost is \$25 for the small basket and \$40 for the larger size. The baskets will be shipped anywhere in the United States for an extra fee.

For further information call 625-1166.

What's New in Business

mentioned that all foods were made by females, and in friendly banter Bennett replied, "Yes, they are all made by women, but it took a man to recognize it."

The baskets are to be sold from Eberhardt's office, T-Shirts & Neat Stuff, 6 N. Main, Clarkston above the Clarkston Cafe.

Included in the basket are: Hot Dill Mustard and Jezebel Sauce (a sweet and hot sauce) made by Judy McConnell of Wenckwork, Bountiful Bean Soup from Fragrant Hill Farm made by Ginny Schultz, Michaelene's Nutty Granola by Michaelene Hearn, Grandpa Schiefelbein's Gourmet Caramel Corn by Joan Pearson and a honey product from Jodi-Bee Honey Farm, Inc., made by Judy Schmaltz.

A post card with a picture of Main Street, Clarkston about 1905 tops off the products and leaves room for the sender's signature.

Eberhardt said she started taking orders the week

of Oct. 9.

They hope to reach the business person who normally sends a gift at Christmas as a token of appreciation to business associates or clients, she said.

JACK CHRISTENSON, INC., REALTORS

REAL ESTATE

453 S. Broadway, Lake Orion

693-2244 or 625-1500

SPECTACULAR CONTEMPORARY view of all sports lakefront. All glass overlooking water. Wrap around decking. Extra large great room with oversized fireplace. Luxurious master with private bath and jacuzzi. Over 3600 square feet of fabulous living. Call today for all the amenities. \$359,900. A091 HAR.

Darlene's Mexican Declivity appeared in the Aug. 30 Microwave Plus column. Seldom have I received so many favorable comments about a column's offering. It's easy and tasty!

So I decided to develop another version. This one

National Business Woman's Week

During World War I, the War Department initiated the formation of a national business women's committee as a result of the need for a coordinated women's war effort.

Two representatives from each state were invited to make plans, and Lena Madessin Phillips of Detroit was selected as executive secretary of the group.

The war ended before an organization could be formed, but the planning group realized that an organization would be of equal importance in peace time. Funding was granted to continue the effort, and the National Federation of Business and Professional Women (BPW), Inc., was founded in 1919.

Through the years, BPW has helped the government in times of emergency and has promoted education, business opportunities and improved working conditions for women. In 1928, the club established National Business Woman's Week, which is observed Oct. 15-21 this year.

is in line with the urgings of the United States Department of Health for adult Americans to reduce fat intake.

Non-fat yogurt cheese replaces cream cheese; turkey chili replaces canned no-bean chili; low-fat, low-cholesterol cheese replaces cheddar cheese; and whole wheat pita chips replace corn chips.

Use this low-fat version as an appetizer. Or add a salad; then enjoy it as a light supper for four. I served it to my family as we huddled around the TV watching college football -- a favorite pastime at our house.

DARLENE'S LOW-FAT MEXICAN DECLIVITY

- 1 cup non-fat yogurt cheese
- 1 teaspoon cornstarch
- 1 (16-ounce) package frozen ground turkey, defrosted and cooked*
- 1 (1.25-ounce) package chili seasoning mix
- 1 (14.5-ounce) can peeled tomatoes
- 1/2 to 1 cup low-fat, low-cholesterol cheese, shredded
- 1 (12-ounce) jar medium picante sauce
- Whole pita chips**

1. Prepare yogurt cheese by placing 2 cups non-fat plain yogurt into a cheese cloth-lined sieve set over a bowl. Allow yogurt to drain overnight in the refrigerator. Discard liquid, and use yogurt curd in place of cream cheese.

2. Prepare chili by combining defrosted and cooked ground turkey with chili seasoning mix and undrained tomatoes; microwave at HIGH for 6 minutes; stir once.

3. In a 2-quart microwavable dish, mix yogurt cheese with corn starch.

4. Spread turkey chili over yogurt cheese; microwave at 80 percent (REHEAT) for 3 minutes.

5. Sprinkle shredded cheese over chili; microwave at 80 percent (REHEAT) for 1 minute.

6. Spread picante sauce over melted cheese; microwave at 80 percent (REHEAT) for 2 minutes or until hot.

7. Serve with pita chips for dipping.

* Place package of frozen turkey on microwavable paper towel on floor of microwave oven. If not necessary to remove metal fasteners, but keep metal 1-inch away from sides of oven or any metal part of oven.

Microwave at 30 percent (DEFROST) for about 5 minutes. Cut open turkey package; remove defrosted meat. Place in a firm plastic colander set over a Pyrex pie plate; microwave at HIGH for 5 to 6 minutes, stirring 2 to 3 times. Discard fat in pie plate; use turkey in colander for chili.

Pita Chips

** Preheat conventional oven to 400 degrees. Cut whole wheat pita bread into wedges; slit wedges at fold. Spread single wedges over baking sheet or baking stone; bake in preheated oven for 10 to 12 minutes, or until browned a crisp. Substitute for corn chips.

Recipes tested in 650 watt microwave oven.

Correction: In the Sept. 20 Healthy Helpings column, 1 1/2 of fresh or frozen blueberries go after 1 large egg, room temperature, and before 2 tablespoons water.

Artist's one-man show in Waterford

BY LINDA WALSH LAPINSKI
Clarkston News Staff Writer

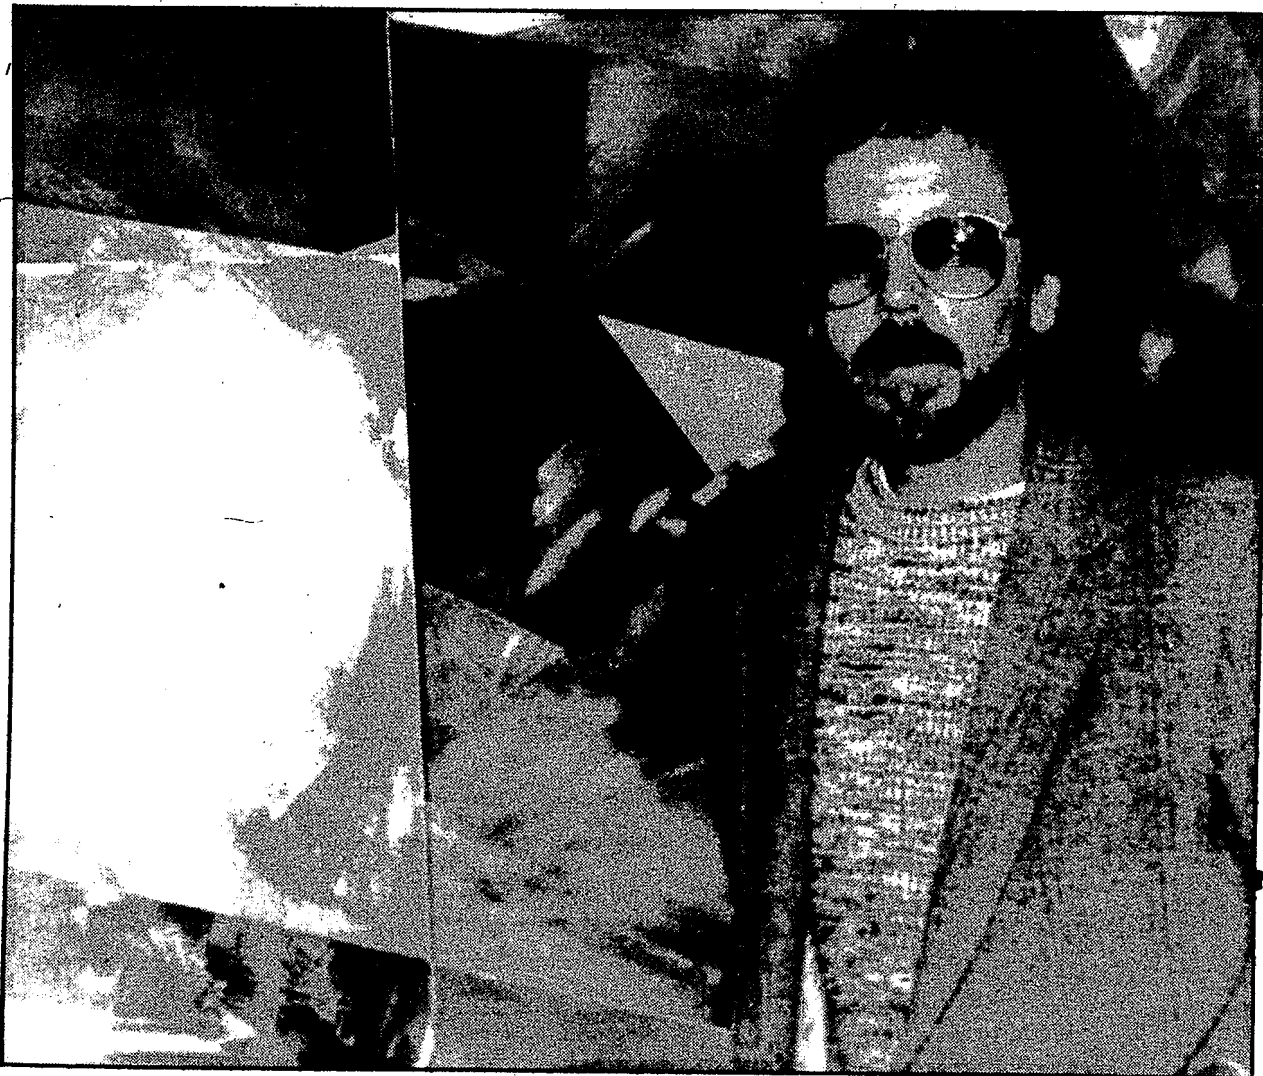

Still enjoying a successful and rewarding career as instructor of advertising design at the Oakland Technical Center-Northwest Campus, Larry Keech is finally finding the recognition for doing what he loves best: painting.

Opening Monday, Oct. 16, and running through Nov. 9, Keech's paintings will be displayed in a one-man show at the Waterford Community Center sponsored by the Waterford Friends of the Arts.

Keech's paintings are acrylic abstracts with a less traditional format.

"I've gotten away from the large traditional canvases and paint on crescent board, then cut the boards into angular shapes and wedge the shapes together and create the final piece," he said.

Keech decided six years ago to further his education, and he subsequently received a master of arts
(See *CONTEMPORARY*, Page 48)

LARRY KEECH stands before a vibrantly colored contemporary abstract painting. He teaches advertising design at the Oakland Technical Center-Northwest Campus.

On exhibit next week

The opening reception of Larry Keech's one-man art show is 7-9 p.m. Monday, Oct. 16, at the Waterford Community Center on Crescent Lake Road at M-59.

Viewers should use the south entrance to the Waterford Community Center. His show is sponsored by Waterford Friends of the Arts.

An advertising design instructor at the Oakland Technical Center-Northwest Center, Springfield Township, Keech is glad to be showing his own fine arts, he said.

Exhibit hours are 7-9 p.m. Monday through Thursday at the Waterford Community Center.

For more information, call Edwina Delbridge, show coordinator, at 666-3647.

OFFICIAL NOTICE Charter Township of Independence NOTICE OF APPROVED ORDINANCE

At a regular meeting held on October 3, 1989, the Township Board of the Charter Township of Independence approved an ordinance to be added to the Townships Code of Ordinances. The proposed ordinance is summarized as follows:

CHARTER TOWNSHIP OF INDEPENDENCE SUMMARY OF ORDINANCE NO.

On October 3, 1989, the Charter Township of Independence adopted Ordinance No. , an ordinance to provide for the regulation of private and public sewage disposal systems; sewer connections, waste pretreatment facilities; drainage limitations; pollutant limitations; data collecting, monitoring and sampling; and providing for penalties for the violation of the ordinance.

It is the purpose of this ordinance to protect public health and safety by abating and preventing pollution through the regulation and control of the disposal of sewage and the quantity and quality of wastes admitted to be discharged into the Wastewater Collection and Treatment System of the Charter Township of Independence, the Oakland County Department of Public Works, and the City of Detroit. The ordinance applies to every property and property owner which is a source of sewage and/or wastewater to the Charter Township of Independence Sewage Disposal System, the Evergreen-Farmington Sewage Disposal System, and the City of Detroit Publicly-Owned Treatment Works.

The ordinance provides definitions of the terms employed by the ordinance and sets forth the general regulations of the Oakland County Department of Public Works which apply to all sanitary sewer systems connected directly or indirectly into the intercepting sewer or sewers of the Oakland County Department of Public Works. These regulations address the plans, permits and bond requirements of the Oakland County Department of Public Works, the testing requirements of the County prior to acceptance of any connections, the Department's control of ground and storm water entering the sewers, and the prohibition of any new combined sewer systems except when no prudent or feasible alternative exists.

The ordinance authorizes the City of Detroit Water and Sewerage Department as the state-approved control authority to act as agent to the Charter Township of Independence for the administration and enforcement of Section 7. The Township is authorized to enter into a contract with the City of Detroit Water and Sewerage Department which sets forth the terms and conditions of the delegated authority consistent with the requirements of the ordinance. Section 7 sets forth general wastewater disposal regulations which prohibit the discharge, directly or indirectly, of any pollutant or wastewater which would cause interference or a pass through at the Detroit-operated, publicly-owned treatment works. Specific pollutant prohibitions are set forth for industrial users as defined in the ordinance, and the ordinance adopts the National Categorical Pretreatment Standards and requirements promulgated pursuant to federal law as of the effective date of the ordinance. Forms of pretreatment are prohibited, and protection from accidental discharges of prohibited materials is required. Notification requirements of unlawful discharges are imposed upon industrial users, and users discharging in violation of any of the provisions of the ordinance are made liable for any expense, loss, damage, penalty or fine incurred by the Township or the City of Detroit as a result of an unlawful discharge. Significant users as defined in the ordinance are required to secure from the City of Detroit Water and Sewerage Department wastewater discharge permits. The application and issuance procedure for such permits are detailed in the ordinance. Conditions may be attached as set forth in the ordinance to the issuance of a permit. The duration, modification, custody and transfer of permits are also set forth. The significant users are required to provide monitoring facilities and to conduct inspection sampling and record keeping. Enforcement methods, including emergency suspension and orders, administrative actions, public participation and legal actions are set forth.

Any person in violation of any of the provisions of this ordinance shall, upon conviction thereof, be subject to a fine not exceeding Five Hundred Dollars (\$500.00) or imprisonment not to exceed ninety (90) days in the Oakland County Jail, or both such fine and imprisonment, in the discretion of the court, plus costs of prosecution. This penalty may be imposed above and beyond any civil penalties, fines or costs as set forth in the body of the ordinance.

The motion to approve the ordinance was made by Travis and supported by Vandermark. Vote on the motion: Ayes: McCrary, Millard, Rónk, Travis, Vaara, Vandermark. Nays: None. Absent: Lutz. The motion carried.

This ordinance is effective immediately upon publication.
Respectfully Submitted,
Joan E. McCrary
Township Clerk

OFFICIAL NOTICE Charter Township of Independence NOTICE OF PROPOSED ORDINANCE

At a regular meeting held on October 3, 1989, the Township Board of the Charter Township of Independence proposed an ordinance to be added to the Township Code of Ordinances. The proposed ordinance pertains to site condominiums:

CHARTER TOWNSHIP OF INDEPENDENCE PROPOSED SITE CONDOMINIUM PROJECT REGULATIONS Sec. 5.22. Site Condominium Projects.

(1) Definitions.

The following definitions shall apply in the construction and application of this section:

(a) "Building Envelope" shall mean the ground area occupied, or to be occupied by, the principal structure which is, or is intended to be placed on a building site, together with any attached accessory structures, e.g., house and attached garage.

(b) "Building Site" shall mean the condominium unit, including the building envelope and the contiguous limited common area or element under and surrounding the building envelope, and shall be the counter-part of "lot" as used in conjunction with a project developed under the Subdivision Control Act, Act 288 of the Public Acts of 1967, as amended.

(c) "Design Standards Ordinance" shall mean the Charter Township of Independence Development Design Standards Ordinance, codified as Section 22-16, and following sections, of the Charter Township of Independence Code of Ordinances, incorporated as part of this section by reference. In construing the Design Standards Ordinance, reference to principal building or structure shall be construed as being the "Building Envelope" and reference to lot or parcel shall be construed as being the "Building Site."

(d) "Director" shall mean the director of the Department of Building and Planning of the Charter Township of Independence.

(e) "Site Condominium Project" shall mean a condominium project proposed to be developed under Act 59 of the Public Acts of 1978, as amended, in an R-1A, R-1B, R-1C, or R-1R zoning district, and shall also mean a condominium project proposed to be developed in an R-2 or R-3 district if there are single-family detached building envelope.

(f) "Subdivision Control Ordinance" shall mean and refer to the Subdivision Control Ordinance provisions codified as Sections 18-56 and following sections of the Charter Township of Independence Code of Ordinances, incorporated as part of this section by reference. In construing the Design Standards Ordinance, reference to principal building or structure shall be construed as being the "Building Envelope" and reference to lot or parcel shall be construed as being the "Building Site."

(2) Approval under this Section shall be required as a condition to the right to construct, expand or convert a site condominium project in the Charter Township of Independence. The approval process shall involve three phases:

(a) Preliminary plan approval.

(b) Site plan approval.

(c) Final engineering plan approval.

(3) A developer of a site condominium project shall initially submit to the director 12 copies of an application for preliminary plan approval, accompanied by a preliminary plan. The preliminary plan shall be prepared by a registered professional, show the name, location and position of the project, and the plan and layout in sufficient detail on a topographic map to enable a determination of whether the project meets requirements for size and shape of building sites, streets, roads and highways, as well as drainage, floodplains and wetlands. The preliminary plan shall be drawn to scale of not more than 100 feet to one inch for projects of three acres or more and 50 feet to one inch for projects less than three acres and may be an original drawing or reproduction, on unbacked paper. It shall contain proper identification of the parcel of land to be developed, the name of the project and the proposed layout of the individual building sites, streets, roads, floodplains, wetlands and preliminary proposal for drainage. The plan shall also contain the name and address of the developer and the name and address and seal of the surveyor or engineer who prepared it, all legibly printed or typewritten. Other qualified persons may assist in the preparation of the development plan, or accompanying documents, to assist in the visualization of the type and scope of the development plan.

(a) Following review and recommendation by appropriate consultants, the preliminary plan shall be reviewed by the Planning Commission for conformance with all applicable laws and ordinances, including the Design Standards Ordinance and the design requirements of the Subdivision Control Ordinance.

(b) The Planning Commission shall also ascertain whether, based upon the submission, it appears, based upon the initial information presented, the preliminary plan will conform with requirements for site plan review.

(c) If the preliminary plan conforms in all respects, preliminary plan approval shall be granted by the Planning Commission. If the preliminary plan fails to conform, the Planning Commission shall either deny the application, or grant with conditions with a time limit for compliance with such conditions and resubmission, as deemed appropriate by the Planning Commission.

(d) Preliminary plan approval shall confer upon the developer a commitment of approval for a period of one year with regard to the size, shape and layout of building sites, and street layout. Such preliminary plan approval may be extended if applied for by the proprietor within the effective period and approved by the Township Planning Commission.

(4) Following approval of the preliminary plan, if the developer desires to proceed with the project, an application for site plan approval shall be submitted for review in accordance with the requirements of this Ordinance. In addition to any information required to be submitted for site plan review, the developer shall include with the application for site plan approval, sufficient information for determination whether the project conforms with all applicable laws, codes, ordinances, rules and regulations enforce-

able by the Township.

(a) The application for site plan review shall also include a copy of the proposed master deed, by-laws and any additional documentation to be recorded with the Register of Deeds, for review and approval by appropriate Township consultants. The master deed shall be reviewed by the planning commission, with the advice of Township consultants as deemed appropriate by the planning commission, with respect to all matters subject to regulation by the Township, including, without limitation, ongoing preservation and maintenance of drainage, retention, wetland and other natural areas and common areas, and maintenance of landscaping in common areas, in the project.

(b) If the site plan conforms in all respects, site plan approval shall be granted by the planning commission. If the site plan fails to conform, the planning commission shall either deny the application, or grant with conditions with a time limit for compliance with such conditions and resubmission, as deemed appropriate by the planning commission.

(c) Site plan approval shall be effective for a period of one year. Such approval may be extended if applied for by the developer within the effective period and granted by the Township Planning Commission.

(5) Following the grant of site plan approval, if the developer desires to proceed with the project, an application for final engineering approval shall be submitted which shall include plans and information in sufficient detail for the Township, and appropriate consultants, to determine compliance with all applicable laws, codes, ordinances, rules and regulations for the construction of the project, including, without limitation, the Design Standards Ordinance and the designed requirements of the Subdivision Control Ordinance. Subject to applicable provisions of Subsection (6), immediately following, a building permit for construction of a unit on a building site shall be issued at such time as final engineering plans have been approved, all applicable permits and approvals have been secured from other governmental entities, and all improvements for the project have been constructed, provided, however, the Planning Commission may determine that certain improvements need not be constructed prior to issuance of building permits for units on building sites on the condition that all improvements will be completed prior to issuance of a certificate of occupancy and the developer posts cash, or a letter of credit or establishes an escrow in the form and amount, and issued by an institution, or, if escrow, with an agent and escrow agreement, determined appropriate by the Planning Commission following advice of Township consultants, for the timely completion of such improvements.

(6) Additional regulations applicable to site condominium projects.

(a) Each building site shall front on and have direct access to a public street.

(b) There shall be compliance with all requirements of the Schedule of Regulations, and other provisions of this Ordinance and other applicable ordinances, with the understanding that reference to "lot" in such regulations shall mean and refer to "building site" as defined in this Section, and reference to "building" (meaning principal building) or "structure" (meaning principal structure) shall mean and refer to "building envelope" as defined under this Section. In the review of preliminary plans, site plans and engineering plans, it is recognized that it may not be feasible to precisely apply traditional definitions and measures applicable to developments proposed under, for example, the Subdivision Control Act. However, the review of plans submitted under this Section shall be accomplished with the objective and intent of achieving the same results as if the improvements were being proposed pursuant to the Subdivision Control Act (aside from procedure).

(c) Prior to the issuance of building permits for units, the developer shall demonstrate approval by county and state entities having jurisdiction with regard to any aspect of the development, including, without limitation, roads, water supply and sewage disposal.

(d) Prior to issuance of certificate of occupancy, the developer shall demonstrate approval by any other governmental entities having jurisdiction, and the director shall determine that all improvements have been completed in accordance with approved plans. If the director determines that a temporary certificate of occupancy may be issued prior to full completion, such a temporary certificate of occupancy may be granted for a specified period on the condition that a suitable letter of credit or corporate surety bond, issued by a company licensed to do business in Oakland County, in a form and in the amount approved by the director following advice from Township consultants, or on the condition that an escrow is established, with the escrow agent and escrow agreement approved by the director, with advice from Township consultants. The security shall be in an amount equal to one and one-half times the cost of the improvements based upon either a contract executed for completion of the improvement or estimate of the cost by the Township engineer, as determined appropriate by the director.

(e) With respect to each building envelope, within 60 days following final inspection of the improvement, the developer shall submit to the director an "as-built" survey, including dimensions between each improvement and the boundaries of the building site, and distance of each improvement from any wetland, floodplain and/or floodway. The corners of each building site shall be staked in the customary manner in connection with the survey performed for the project by a registered land surveyor or professional engineer.

(f) The fees for all reviews shall be established by ordinance and/or resolution adopted by the Township Board.

(g) Any proposed amendment of a master deed which would involve any subject matter reviewed or reviewable under this Section shall be reviewed and approved by the Planning Commission prior to recordation.

This ordinance will be voted upon on October 17, 1989, at 7:30 p.m., at the Independence Township Hall Annex, 90 North Main, Clarkston, Michigan. A complete copy of the proposed ordinance is available at the Clerk's Office, Monday through Friday, from 9:00 a.m. to 5:00 p.m.

Respectfully Submitted,
Joan E. McCrary
Township Clerk

OFFICIAL NOTICE

Synopsis of Action Taken by the Township Board of the Charter Township of Independence October 3, 1989

The meeting was called to order at 7:33 p.m. by Supervisor Ronk.

Roll Call: Present: McCrary, Ronk, Travis, Vaara, Vandermark.

Absent: Lutz, Millard.
There is a quorum.

Mr. Millard arrived at 7:33 p.m.

1. Approval of agenda with the addition of Rohr Road Resolution, Naming NBD as Registrar for Thendara Bonds, and Budget Amendment for Worker's Compensation.

2. Approval of minutes of the regular meeting of the Township Board of September 19, 1989, as presented.

3. Approval of motion authorizing the issuance of purchase orders in the amount of \$40,795.92.

4. No one spoke under the Public Forum segment of the agenda.

5. The Township Board conducted a Truth-in-Taxation Public Hearing.

6. The Township Board conducted a Public Hearing regarding the special assessment district for street lights for Bitterbush subdivision.

7. Approval of motion authorizing a second reading and adoption of the wastewater disposal ordinance.

8. Approval of motion authorizing the promotion of Roger Belcher to the Laborer I position in the Park Department, effective October 9, 1989.

9. Approval of motion authorizing the promotion of Brian Doyle to the Maintenance Man I position in the Park Department, effective October 9, 1989.

10. Approval of motion authorizing the promotion of Judy Mercier to the Clerk II position in the DPW, effective October 9, 1989.

11. Approval of motion adopting a resolution in support of a recycling program with Springfield Township.

12. Approval of motion to adopt a resolution setting a hearing date of October 17, 1989, to determine the necessity of the improvements to Rohr Road for the benefit of three parcels which have been added to the special assessment district and to confirm the assessment roll as amended.

13. Approval of motion appointing NBD as the registrar agent for the Thendara Park Special Assessment Bonds.

14. Approval of motion authorizing a budget amendment to increase the General Fund Worker's Comp account 101 851 721 000 by \$13,613.50.

15. Approval of motion granting tentative preliminary plat approval to Spring Lake Subdivision North and South.

16. Approval of motion authorizing a first reading of the site condominium ordinance.

17. Failure of motion to authorize a first reading of a rezoning request from R1R to R1A for parcel number 08 28 300 004.

18. Approval of motion authorizing a budget amendment to the Library Fund to increase the Materials Budget by \$15,000.

19. Approval of motion authorizing a budget amendment to increase the Water Fund Refunds and Rebates Account 591 556 964 001 by \$3,450.

20. Approval of motion authorizing a budget amendment to increase the Cemetery Building Maintenance Account 101 276 931 000 by \$5,100.

21. Approval of motion authorizing a budget amendment to increase the Building Maintenance account 591 556 931 000 by \$12,000 to accommodate the renovation of fresh air makeup vents in two well houses.

22. Approval of motion to accept the petition from the residents on Wellington Drive for the conversion of their road from a private to a public status and to set a public hearing for October 17, 1989, to determine the necessity of the improvements.

23. Approval of motion authorizing full engineering studies of the prioritized safety paths proposed to be financed with a bond issue and repaid with the millage, and to request that the engineers present their report back to the Board along with a presentation and recommendation from the Safety Path Committee.

24. Approval of motion to authorize the liquor license name change request for 5910 South Main Street, contingent upon inspections by the Fire and Building Departments.

25. Approval of motion to authorize the liquor license name change request for Pine Knob Ski Resort, contingent upon inspections by the Fire and Building Departments.

26. Approval of motion to approve the two-year contract between the Township and the Oakland County Sheriff's Department.

27. Approval of motion to set the Halloween Hours from 6:00 to 7:00 p.m., Tuesday, October 31, 1989.

28. Approval of motion to adopt the proclamation in support of the United Way Fund Drive.

29. Approval of motion authorizing the Township Assessor to appraise the remaining four easements needed for the Thendara Park Road Improvements in preparation of making a good-faith offer to the residents for the acquisition of the easements.

30. Approval of motion to close the regular meeting to discuss pending litigation with the Township attorney. The time was 10:20 p.m.

31. Approval of motion to re-open the regular meeting.

32. Approval of motion to adjourn, the time being 10:38 p.m.

Respectfully Submitted,
Joan E. McCrary
Township Clerk

OFFICIAL NOTICE

Charter Township of Independence

NOTICE OF HEARING ON REVISED SPECIAL ASSESSMENT DISTRICT AND SPECIAL ASSESSMENT ROLL FOR THE ROHR ROAD IMPROVEMENTS PROJECT

The Township Board of the Charter Township of Independence has previously determined to construct the following road improvements in the Charter Township of Independence:

Rohr Road Improvements

The improvements consist of the widening and paving of the portion of Rohr Road between Gregory Road and Morgan Road in the Charter Township of Independence and the installation and construction of bituminous gutters, culverts, ditching and guard rails therefor;

and to assess part of the cost thereof to a special assessment district.

A public hearing was held on September 19, 1989, at which time all interested persons were given the opportunity to be heard relative to the making of said improvements and to the special assessment district therefor.

The special assessment district has been revised to consist of the following described lands:

Description of Revised Special Assessment District

The Rohr Road Improvements Special Assessment District consists of the following parcels (identified as tax identification numbers) located along Rohr Road between Gregory Road and Morgan Road in the Charter Township of Independence:

- 08-36-276-001
- 08-36-276-002
- 08-36-276-003
- 08-36-276-004
- 08-36-276-005
- 08-36-276-006
- 08-36-276-007
- 08-36-276-008
- 08-36-276-009
- 08-36-276-010
- 08-36-276-011
- 08-36-276-012
- 08-36-426-001
- 08-36-426-002
- 08-36-426-003
- 08-36-426-004
- 08-36-426-005
- 08-36-427-009
- 08-36-427-003
- 08-36-201-004
- 08-36-201-006
- 08-36-201-007

A special assessment roll assessing \$51,400 of the cost of said improvements to the aforesaid revised special assessment district has been prepared and filed in the office of the Township Clerk.

PLEASE TAKE NOTICE that a public hearing will be held on Tuesday, October 17, 1989, at the Township Hall, 90 North Main Street, Clarkston, Michigan, at 7:30 p.m. at which time any interested person will be given the opportunity to object to the revised special assessment district and the special assessment roll as prepared by the Township Supervisor. A person objecting to the revised special assessment district or the special assessment roll shall file the objection in writing with the Township Clerk before the close of the hearing such further time as the Township Board may grant.

The plans and cost estimate of the improvements are on file with the Township Clerk for public inspection.

Appearance and protest of the special assessment at the hearing is required in order to appeal the amount of the special assessment to the Michigan Tax Tribunal. An owner of or part in interest in property to be assessed, or his or her agent, may appear in person to protest the special assessment, or may protest the special assessment by letter filed with the Township Clerk at or prior to the time of the hearing, in which case appearance in person is not required. If the special assessment is protested as provided above, the owner or any party having an interest in the real property may file a written appeal of the special assessment with the Michigan Tax Tribunal or other court of competent jurisdiction within 30 days after the confirmation of the special assessment roll.

Joan E. McCrary, Township Clerk
Charter Township of Independence

OFFICIAL NOTICE

NOTICE OF HEARING STATE OF MICHIGAN COUNTY OF OAKLAND

Charter Township of Independence

RESOLUTION DETERMINING TO PROCEED WITH INSTALLATION OF CERTAIN STREET LIGHTING AND TO ESTABLISH A SPECIAL ASSESSMENT DISTRICT TO FINANCE SUCH STREET LIGHTING

The Township Board has received a petition for the installation of street lighting at the two intersections of Reese Road and Bitterbush Drive, located in Section 7 of the Charter Township of Independence ("street lighting"). Such petition requested the establishment of a special assessment district to finance the street lighting.

The Michigan Legislature, by Act 80 of the Public Acts of 1989, has provided authority for the installation of street lighting, and for the establishment of a special assessment district to finance the street lighting.

The Township Board, by Resolution of September 19, 1989, determined to conduct and set a public hearing October 3, 1989, on the question of proceeding with such street lighting installation, and financing such installation and subsequent maintenance and operation exclusively by a special assessment district.

NOW, THEREFORE, BE IT RESOLVED as follows:

1. The public hearing having been conducted, the Township Board does hereby determine that the street lighting would be necessary and appropriate.

2. The tentative special assessment district to finance the street lighting, previously established as the several parcels of land on Bitterbush Drive, described as parcel numbers 08 07 300 002 through 08 07 300 015 inclusive and 08 07 100 014 through 08 07 100 021 inclusive, Township of Independence, County of Oakland, State of Michigan, ("the district") shall be and is hereby confirmed as the special assessment district.

3. The estimated cost of installing the street lighting in the amount of \$1,740 is hereby approved.

4. Such installation cost, and the future expenses for maintenance and operation of the street lighting, as annually determined, shall be assessed exclusively against the district.

5. The Township Supervisor shall make and prepare a special assessment roll including the lands in the district, which roll shall include all parcels of land to be assessed, set forth the names of the respective record owners of each parcel, if known, and include the total amount to be assessed against each of the parcels of land. The amount to be assessed against each parcel shall represent the relative portion of the whole sum to be levied against all parcels of land in the special assessment district as the benefit to the parcels of land bears to the total benefit to all parcels of land in the special assessment district. Upon completion of the special assessment roll, the Supervisor shall affix his certificate stating that the roll has been made pursuant to resolution of the Township Board adopted this date, and that, in making the assessment roll, the Supervisor conformed in all respects to the directions contained in this Resolution and the statutes of the State of Michigan according to his best judgement.

6. A public hearing, to hear objections on the special assessment roll, shall be conducted on the 17th day of October, 1989; following which, if the roll is approved, the Board may confirm the special assessment district and roll. Notice of such hearing shall be given by publishing the notice twice before the hearing in a newspaper having general circulation in the Township, and by sending by first class United States mail, postage thereon fully prepaid, a copy of the notice addressed to the record owner or party in interest in whose name and the land in the special assessment district is to be assessed on the Township's last preceding tax assessment roll for ad valorem tax purposes which was reviewed by the Township Board of review, as supplemented by any subsequent changes in the names or addresses of the owners or parties listed on such roll. If the record owner's name does not appear on the Township tax roll records, then such notice shall be given to the record owner at the address shown by the records of the County Register of Deeds. The first publication and mailing shall be at least ten days prior to the date of the hearing.

AYES: McCrary, Millard, Ronk, Travis, Vaara, Vandermark.

NAYS: None.

ABSENT: Lutz.

ABSTENTIONS: None.

CERTIFICATION

It is hereby certified that the foregoing Resolution is a true and complete copy of the Resolution adopted by the Township Board of the Charter Township of Independence at their regular meeting of October 3, 1989.

Poetry Corner

All I can say is "I love you"

By Billy Michaelis

I met you
in a little restaurant
in a little village
with a big heart.
The first night that I saw you
I asked you to be mine
and you said that
you has just gotten out of
a bad relationship,
but you did say if
I wanted to go out, just call.
So five days later
I called you
and we went out to the movies.
At the end of the day,
being my very first date
I didn't know
if I was suppose to kiss you,
so we did.
Then five days later
it was official,
you were mine
and I was yours.
For a year and a half now
our love has grown for each other.

We've shared some sad times
and we've shared some good times,
but just being with you
makes me very happy
and not sad like I was
before I met you.
But what I like mostly about you
is knowing that you're
a beautiful person inside
and outside,
you're charming,
you're always there when I need
you the most,
but mostly because you care
about me.
You've helped turn my empty
life around,
but I write this because
I want you to know
that I truly love you
and care for you,
know matter what happens to us.
I will always love you,
but I hope that we are
always together
Forever
I love you
with all of my heart.

Love, Billy.

Billy Michaelis is a Main Street, Clarkston, resident and a 1989 Clarkston High School graduate.

Free counseling offered

Personal counseling services are available for no charge at the Practicum Counseling Center (PCC), Oakland University, Rochester.

One-on-one sessions are held with someone who will really listen to your concerns.

The PCC is an instructional center for graduate students in their final training as counselors. children, adolescents and adults may receive professional counseling at no charge for a variety of issues such as time management, stress, career search, anxiety, low self-esteem and many other topics.

The PCC can offer no cost counseling because it is a training facility. Your sessions will be audio and video taped. Tapes are reviewed only by the PCC counselors and their supervisors to aid in the training of the counselor. All tapes are completely erased at the end of the counseling.

For more information or to schedule an appointment, call 370-4175 or 370-4176.

Obituaries

Garnetta Hutchinson

Garnetta Hutchinson, 67, of Pontiac died Oct. 8. She is survived by her children, Steven Hutchinson of Charlotte, N.C., Holli Schilling of Clarkston, Cathy Hutchinson of Plymouth; four grandchildren; her sisters, Windol Vaden of Glennie; and brothers, Floyd Cox of Arkansas and Doyle Cox of Arkansas.

The funeral was set for 1 p.m. Wednesday, Oct. 11, at the Lewis E. Wint and Son TRUST 100 Funeral Home, Clarkston, with the Rev. Richard Coursen officiating. Burial is at Ottawa Park Cemetery, Independence Township.

Kimberly M. Lair

Kimberly M. Lair (Watson), 24, of Ortonville died Oct. 2.

She is survived by her husband, Kim; daughter, Alicia; parents, Burton and Margaret Watson of Davisburg; sisters, Nancy, and her husband, Lacy Vanderver of Davisburg, and Noel and her husband, Tim Mutter of Drayton Plains.

The funeral was Oct. 5 at the First Assembly of God Church in Auburn Hills, with the Rev. Dennis Goodrow officiating. Burial was at Lakeview Cemetery, Independence Township.

Arrangements were made by the Lewis E. Wint and Son TRUST 100 Funeral Home, Clarkston.

Mary K. Simko

Mary Katherine Simko, 83, of Davisburg dies Oct. 8. She was preceded in death by her husband, Elmer.

Mrs. Simko is survived by her children, Lillian Mertz and her husband, Gene of Oscoda, Mary Burton and her husband, Darral of St. Clair Shores, Frances and her husband, George Urbin of Davisburg, and Elmer and his wife, Pat Simko of Pontiac; 23 grandchildren; 40 great-grandchildren; and one sister, Rose Lawfield and her husband, Kenneth of Mount Clemens.

The funeral was set for 11 a.m. Wednesday, Oct. 11, at St. Daniel Catholic Church, Clarkston, with the Rev. Charles E. Cushing officiating. Burial is at Mt. Olivet Cemetery.

Arrangements were made by the Lewis E. Wint and Son TRUST 100 Funeral Home, Clarkston. Memorial tributes may be made to the Michigan Cancer Foundation.

Gregory W. Smith

Gregory W. Smith, 41, of Pontiac died Sept. 30.

He is survived by his parents, Willard and Ann Smith of Clarkston; brothers, Harvey, Don, Martin, Thomas and Mark; and sisters, Mary Jane Scharfenkamp, Donna Sitto, Cheryl Wierzbicki, Jo Mitchell and Lisa Weaver.

The funeral was Oct. 4 at St. Daniel Catholic Church, Clarkston, with the Rev. Charles E. Cushing officiating. Burial was at All Saints Cemetery, Waterford Township.

Arrangements were made by the Lewis E. Wint and Son TRUST 100 Funeral Home, Clarkston.

Louis B. Smith

Louis B. Smith, 92, of Clarkston, died Oct. 7. He had been retired for the past 27 years from the Detroit Street Railway after 41 1/2 years of service. He was a veteran of World War I.

Mr. Smith is survived by his wife, Grace M. Smith; children, Gloria Freeburg and her husband, Wayne of California, and Robert and his wife, Elizabeth Smith of Clarkston; eight grandchildren; 13 great-grandchildren; and a sister, Clara Eastland of Northville.

Funeral services for the family will be held at another date. Arrangements were made by the Lewis E. Wint and Son TRUST 100 Funeral Home, Clarkston.

Susan L. Waddell

Susan L. Waddell of Grand Rapids died Oct. 5. She is survived by her daughter, Faye Schneidt of Clarkston, and many nieces and nephews.

Memorial tributes may be made to the Arthritis Foundation. Arrangements were made by the Lewis E. Wint and Son TRUST 100 Funeral Home, Clarkston.

"I always wanted to be a fine arts artist but used advertising as my living."

Larry Keech

the Oakland Technical Center in Springfield Township. He's glad his paintings are so well received, he said. Many of them are paneled. Several of his works have been purchased or commissioned for architecturally-designed buildings and exclusive homes around the metropolitan Detroit area.

Keech's paintings impress the viewer with a strong compositional impact, and the colors are active and vibrant. The pieces range from 41" x 70" to 70" x 130".

"My pieces have evolved from traditional size and shapes and from the soft pastel colors to a more contemporary abstract-shaped design with an active and violent application of the paint," said Keech.

Keech has exhibited in several one-man-shows, including the Oakland County Executive Office Galleria and University of Michigan-Flint Campus.

Pet of the Week

TRIXIE is a bouncy, medium-size dog who would get along well with older children. (Photo by Peter Auchter)

Friendly and energetic

This black, white and tan fox terrier named Trixie is 3 years old. She's a medium-size dog and is not housebroken yet, so she'll need an understanding owner who spend time house training her.

Trixie is friendly and energetic and would be perfect in a home with older children. She has been spayed.

The adoption fee is \$35.

Trixie is waiting to be adopted at the Michigan Humane Society, 3600 Auburn Rd., Auburn Heights, 852-7420. Hours at non-profit shelter are 10 a.m. to 4:30 p.m. Monday through Saturday.

By Sandra G. Conlen

OFFICIAL NOTICE

State of Michigan
County of Oakland

Charter Township of Independence

RESOLUTION TO ACCEPT PETITION SEEKING DETERMINATION THAT WELLINGTON DRIVE IS A PUBLIC ROAD, DIRECTING PREPARATION OF ENGINEERING PLANS FOR ROAD IMPROVEMENTS REQUIRED FOR ROAD COMMISSION ACCEPTANCE, AND SETTING A PUBLIC HEARING RECITATIONS:

The Township Board having received a Petition seeking a determination that Wellington Drive is a public road, and asking to finance all improvements deemed necessary by the Township and the Oakland County Road Commission by special assessing all costs of the improvement against the property benefited; and

The Board having obtained a tentative indication of the improvements which would be required by the Oakland County Road Commission as a condition to accepting jurisdiction of the road if determined to be public, and having caused a preliminary estimate of the cost of such improvements to be made; and

The Board having been informed and believing that more than 51% of the owners, and the owners of record of more than 51% of the frontage on the road, desire of proceed with this project knowing that it would be financed by a single assessment;

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

(1) The Township Engineer, Hubbell, Roth and Clark, shall prepare plans describing the project and specifying the estimated cost, which plans shall be filed with the Township Clerk's office.

(2) The Board hereby declares its tentative intent to proceed with the improvement.

(3) The Board hereby establishes the property described on the attached exhibit as the tentative special assessment district against which the cost of the improvement shall be assessed in a single assessment.

(4) A public hearing date of October 17, 1989, at 7:30 o'clock in the evening in the Township Board meeting room at 90 N. Main Street, Clarkston, Michigan, is hereby established for a public hearing at which the Board shall meet and hear objections to the Petition and to the proposed improvement.

(5) A notice of such public hearing shall be published twice prior to the hearing in a newspaper circulated in the Township, the first publication to be at least ten days prior to the time of the hearing, and notice of the hearing shall also be given to each record owner of property to be assessed by mailing by first class mail addressed to the owner at least 10 days before the date of the hearing. Such notices shall state that the plans and cost estimate are on file with the Township Clerk for examination, and shall further contain a description of the proposed special assessment district.

(6) The engineering plans shall, when completed, also be transmitted to the Oakland County Road Commission with a request for the written consent of the Road Commission authorizing the Township to institute a circuit court action seeking a determination that Wellington Drive is a public road, and agreeing to accept the road within its jurisdiction if brought up to the condition specified with such consent by the Road Commission.

AYES: McCrary, Millard, Ronk, Travis, Vaara, Vandermark.

NAYES: None.

ABSENT: Lutz.

ABSTENTIONS: None.

CERTIFICATION

It is hereby certified that the foregoing Resolution was duly adopted by the Township Board of the Charter Township of Independence at a meeting duly called and held on the 3rd day of October, 1989.

Great Want Ad Buys
Covering These Oakland County Townships

	Graveland	Brandon	Oxford	Adrian
Springfield	Independence	Orion	Oakland	

Trade area covered by The Clarkston News, Penny Stretcher, Ad-Vertiser, The Oxford Leader and The Lake Orion Review. Over 31,100 homes received one of these papers each week. Delivered by mail and newsstand.

5 PAPERS - 2 WEEKS - \$6.00

10 WORDS (20¢ EACH ADDITIONAL WORD)
(Commercial Accounts \$5.00 a week)

Money-Back Guarantee

1. If you run your ad for 2 issues in The Clarkston News, Penny Stretcher, Ad-Vertiser, The Lake Orion Review and The Oxford Leader and pay within 1 week of the start date of the ad.
 2. If you fail to get any inquiries within 30 days after the stop date of the ad.
 3. After the 30 days, fill out one of our refund applications and mail or bring to us.
- We will refund your purchase price (less \$1 for postage and billing costs) within 7 days after receipt of your application.
- Please remember we can guarantee only that you'll get inquiries. Since we have no control over price of value, we cannot guarantee that you'll make a deal.
- You may pick up a refund application at The Clarkston News, The Oxford Leader or The Lake Orion Review or you may write for one. (Please do not phone). The guarantee applies to individual (non-business) ads. The refund must be applied for between 30 and 90 days after the start date of the ad.

All advertising in The Sherman Publications, Inc. is subject to the conditions in the applicable rate card or advertising contract, copies of which are available from the Ad Dept. The Oxford Leader, 666 S. Lapeer Rd., Oxford, MI 48051 (628-4801) or The Clarkston News, 5 S. Main, Clarkston 48016 (625-3370). This newspaper reserves the right not to accept an advertiser's order. Our ad takers have no authority to bind this newspaper and only publication of an ad constitutes acceptance of the advertiser's order. Tear sheets will not be furnished for classified ads.

It's easy to put an ad in our 5 papers

1. You can phone us 625-3370, 628-4801 or 693-8331 and our friendly ad takers will assist you in writing your ad.
2. You can come into one of our convenient offices. The Clarkston News, 5 S. Main, Clarkston, The Oxford Leader, 666 S. Lapeer Rd., Oxford or The Lake Orion Review, 30 N. Broadway, Lake Orion.
3. You can fill out the coupon in this issue and mail it to The Clarkston News, 5 S. Main, Clarkston, MI 48016 or The Oxford Leader, 666 S. Lapeer Rd., Oxford, MI 48051 and we will bill you.

WHO IS ON THE LORD'S side: let him hear what the spirit is saying to the churches. But they obeyed not, neither inclined their ear, but made their neck stiff that they might not hear, nor receive instruction. You say still unto them that despise me "the Lord hath said, you shall have peace!" And you say unto everyone that walks after the imagination of his own heart, "no evil shall come upon you!" Both prophet and priest are profane! You have refused my word! Your heart is towards Egypt. Yea, in my house have I found your wickedness saith the Lord. Pharisees and scribes ask why to the disciples of Christ transgress the commandments of God (truth of the gospel) by your tradition? You hypocrites! This people draws near to me with their mouth and honoreth me with their lips and their heart is far from me. In vain you do worship me, teaching for doctrines the commandments of men, vain imaginations, philosophies, and Jewish fables. Hear and understand! That which comes out of the mouth defiles the man. Every plant, which my Heavenly Father has not planted, shall be rooted up. Those things which proceed out of the mouth come forth from the heart and they defile the man or women. For out of the heart proceeds evil thoughts, murders, adulteries, fornications, thefts, false witness, blasphemies, pride, foolishness, rebellion, covetousness, deceitfulness, cares for this world and deceitfulness of riches and lusts of other things, which choke the word of God. Full well you reject the commandments of God, disobeying Christ, so you may keep your own tradition! Wherefore your way shall be unto you as slippery ways in the darkness. You shall be driven on, and fall therein for I will bring the evil upon you, the year of your visitation saith the Lord. Get thee behind me satan! You are an offense unto me. For you savor not the things that be of God but the things that be of men. For whomsoever will save his life shall lose it and whomsoever will lose his life for my sake shall find it. I came not to call the righteous, but sinners to repentance. IIIIX41-2*

CHEERLEADERS welcome the crowd to Sunday's football game between the Clark-

ton Chiefs and the P.A.L. Raiders at Clarkston High School with a friendly cheer. The

game was the Chiefs' last home contest of the 1989 season. (Photos by Peter Auchter)

Tomorrow's heros?

A.J. GRANT prepares to tackle another P.A.L. player.

THE REFEREE signals for the clock to be stopped in the first half while the players

untangle themselves and prepare for the next play Sunday afternoon.
