# Downtown Clarkston 'quaint not ideal, say township shoppers

larkston is clean, safe and, according to the majority of visitors, a quaint little town. But how many residents outside of the downtown area use shops in the center the square-mile city,

anchored on M-15? An informal survey of people who live outside city limits gave a few insights into the psyche of area shop-

Zelma Moore — a Felix Road, Independence Township, resident for 10 years - said she and her family come to town often, mostly to shop at Hallman's, Coach's Corner and Tierra.

We get a lot of things at Tierra's, like art supplies, cards and dried tomatoes," she said.

However, she said the downtown area needs some-

thing more to draw her more often.

"We really need a good place to buy quality — but not overpriced — men and women's clothes, especially men's clothing," said Moore. "If they had a store like that, I'd go in one flat minute. And you can quote me on that."

Phil Allen, who has lived in Independence Township for three years, said he never shops downtown.

"I don't get down there. I expect (the stores) to be more expensive," he said. "It's a nice area; it's clean, but it's basically an economical thing.'

Sandy Cole said that she rarely shops in town. A 35year resident of Snowapple Drive, Independence Town-(See SHOP, Page 3)

# Critical

# School board takes on four vital issues

BY CURT MCALLISTER Clarkston News Associate Editor

After two special meetings, the Clarkston Board of Education narrowed down its list of most critical needs to

This list culminated from eight hours of special meetings Oct. 1 and Oct. 5, where board members hashed out differences of opinions. The board decided the following items are the most pivotal topics facing the school

The board and administration are to discuss the points at the next two regular board meetings.

These points include:

■ Moving ninth-grade classes to the high school to yield more space at the junior high schools and to begin the middle school" curriculum.

Addressing short-term and long-term space needs at the elementary schools.

■ Determining critical repair of the district's build-

Upgrading the technology in all the schools. (See BOARD, next page)

## Haunted Forest slated for Oct. 22-30

With Halloween just around the corner, Clintonwood Park soon will become a haven for ghosts, goblins and things that go bump in the night.

For the fourth consecutive year, the Independence Township Parks and Recreation Department provides guided tours through its own Haunted Forest. Tours i uled for 6:30-9:30 p.m. Oct. 22-30, except on Sunday, Oct. 25.

The 20-minute tours begin at Clintonwood's concession stand and run every five minutes.

Advanced tickets may be purchased for \$3 apiece at the Independence Township Parks and Recreation office 8 a.m. to 6 p.m. Monday through Friday. The tickets designate time and date of the patron's guided tour.

Tickets may also be purchased on site for \$5 apiece at the park's concession stand. Patrons with advanced tickets are encouraged to arrive 15 minutes before tour time.

Adults are asked not to take young children on the

Clintonwood Park is at 6000 Clarkston Road, Independence Township. For more information on the Haunted Forest, call the parks and recreation office at

# Board trims district concerns

(BOARD, from previous page)

#### Ninth-graders to move next fall

Regarding the ninth-grade move, the school board asked that Tom Chen, an engineering consultant at Greiner, Inc., explore the possibility of carving out as many as seven additional classrooms from the existing Clarkston High School building. These new classrooms would serve freshmen, who are scheduled to attend CHS next fall.

The board proposed renovating the large lecture rooms, wood shop and its storage area for more classroom

Officials also will consider the possibility of buying a new portable classroom and having another one transported from Sashabaw Junior High School.

At CHS, Chen also will look into the possibility of relocating the media center, expanding the cafeteria, trans-

#### Shedding light on literacy

# Adult ed.classes free to many pupils

Those who read about illiteracy in last week's Clarkston News may be interested to know that one organization in the community is ready to help.

Clarkston Adult Education offers courses for those who are learning English as a second language or for those adults who need to learn the basics of reading.

Adult Education also offers classes for those who need to learn the basics of math.

And the best news? If you need that help in reading or math (or both), all of the above-mentioned classes are free — whether you have a high school diploma or not.

Area adults also may earn a diploma through Clarkston schools — and take advantage of free job placement services.

For more information about Clarkston Adult Education, call Beth Ford at 674-0993.

forming the lecture rooms into computer rooms and renovating the bathrooms.

#### New elementary school needed

Board members agree that a new elementary school is the best long-term plan for overcrowding at this level. A short-term proposal to solve space problems next fall could include using a three vacant classrooms at Clarkston and Sashabaw junior high schools, which would be created when the ninth-graders attend CHS next fall.

Administrators at both junior high schools said teachers' areas and classes would be redistributed due to the low number of available rooms. They said their teachers and residing students should have priority over temporary classrooms of elementary pupils.

#### Maintenance, repairs, technology

The board also directed the administration to come up with plans for facility maintenance and technology.

Superintendent Gary Haner said he was pleased with the cooperation and diligence displayed by the board in coming up with these four target areas.

"They've all got their own ideas of how to help the school district, and I commend them on coming to a consensus on these four points," he said. "They've given the administration a place to start, and we'll explore all our options."

Haner said the administration will provide the school board with a cost report at Oct. 26. The district is to offer a recommended plan of action Nov. 9.

Haner said he foresees another bond issue on the horizon, but the time frame will be up to the school board.

## Correction

In last week's edition, a story on the front page about the upcoming school board meeting should have said that Saundra Dougherty was being recalled as a general custodian.

# Red Ribbon Week

At the end of October, people across the nation may don red ribbons on their lapels, cars or business windows. Part of the 1992 Red Ribbon Campaign Oct. 24-

Nov. 1, the ribbons signify a commitment to a drug-free America.

The Michigan Communities in Action for Drug-Free Youth invites Clarkston-area residents to participate in the Red Ribbon Week.

CALGE CHILDRY FOR A

# Some store owners say city is 'anti-business'

#### BY EVAN RENTSCHLER Clarkston News Special Writer

Some retailers in downtown Clarkston say the slow economy is the least of their problems.

Although Clarkston store owners are plagued by common problems such as competition from strip malls, construction on M-15 and the economy, some say the larger issue is that town government discourages retailers and their business.

"We have had a very anti-commercial message from the town government," said Joan Kopietz, owner of Tierra on Main Street. "They have refused to do anything that might help businesses stay established."

Kopietz said zoning ordinances that protect the interests of residential areas have stood in the way of new business and, in some cases, changed former business sites to residential zones.

"We used to have 35 businesses downtown," Kopietz lamented.

David McNeven, owner of Coach's Corner sporting goods, wondered why the town government hadn't done

"I'm not sure what improvements are needed. I think our downtown, if you compare it to any other two blocks of small-town downtown, looks very good."

#### Village Manager Art Pappas

more to improve appearances downtown. Among his suggestions were landscaping and the addition of a few park benches.

"You always see people sitting on the Masonic Temple steps because they want to sit and visit," he said, referring to the building at the northeast corner of Main and Washington streets. "Give these people a place to sit and they'll come downtown more often."

Both owners said that customers had complained about increases in traffic patrols. Some refused to shop

# Is development of downtown worth it?

#### Downtown district

#### BY CATHERINE PASSMORE Clarkston News Staff Writer

Depending on who you talk to, improvements in the Downtown Development Authority (DDA) district are a great idea or a nuisance, causing a loss of money for business owners.

For the past few years, residents and business owners of Independence Township have lived with construction sanctioned by the Downtown Development Association on Dixie Highway and now M-15.

The DDA was established in 1986 to improve sewer, water, lighting and landscaping on parts of Dixie Highway and M-15 in Independence Township.

Tax increment financing provides money for DDA projects. The DDA captures the taxes from the area and uses the money for improvements to that area only. No additional taxes are required, and residents from other areas are not taxed for the projects.

The construction and landscaping is completed on Dixie, but was it worth the pain? It depends on who you

Mike Boyle, a manager at Big Boy Restaurant, said, "I'm really happy with the outcome. It helped the area a lot. I love driving down this way — it looks nice."

(See BUSINESS, next page)

"We have had a very anticommercial message from the town government."

#### Store owner Joan Kopietz

downtown as a result.

Kopietz said police have been gaining a reputation as a ticket mill and should improve their image by concentrating more on commercial and residential security

Village manager Art Pappas responded that the main thrust of the police force is traffic control. Residents worry about the safety of children when speeding cars go

#### Downtown district

unchecked, he said.

"On some streets the sidewalks aren't separated from the roads," said Pappas. "If there are children walking and a truck turning a corner has to go up on the sidewalk, there's a problem there."

Pappas also said that if store owners want improvements, the money should come from their pocketbooks rather than those of residential taxpayers.

"I'm not sure what improvements are needed," he said. "I think our downtown, if you compare it to any other two blocks of small-town downtown, looks very good."

The situation may revolve around the controversy concerning Clarkston's cityhood to some extent. Some disgruntled store owners seem willing to take their chances with Independence Township if the city won't accommodate them.

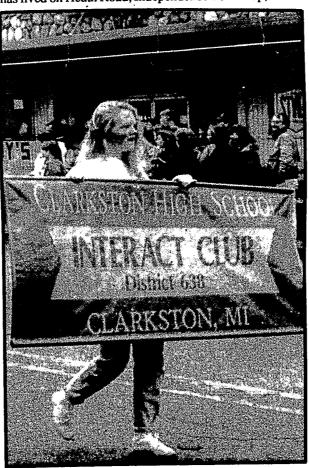

"The town government has always had a fear that downtown would take over the residential area. Our moving to the township is an editorial. You don't want us — we're leaving," Kopietz said.

# They shop downtown for gifts

(SHOP, from Page 1)

ship, Cole said she would shop in downtown Clarkston more often if there were more country stores, such as those found in Holly.

It's more a matter of convenience Julie McGee, who has lived on Heath Road, Independence Township, for 21

#### Downtown district

years. "If I lived a little closer, I'd shop there," she said. "These stores (in Independence Town Square) are more convenient for me."

Bev Thompson, a nine-year Independence Township resident, said she enjoys downtown Clarkston but rarely shops there.

"I love Clarkston; it's darling," she said. "The stores are wonderful."

So why doesn't she shop there more often?

"It's too expensive, although there have been times we've gone to special shops to get give "she said. "One of the things that stops me is the parking. I like to browse,

"One of the things that stops me is the parking. I like to browse, but I can't keep dragging the kids across streets."

**Bev Thompson** 

but I can't keep dragging the kids across streets.'

A mother of three youngsters, Thompson said, "In my situation with the kids, going to a mall like they used to have (such as the Clarkston Mills Mall on Washington Street) would be a lot easier."

Another incentive for this bargain shopper would be sales.

"If there were massive sidewalk sales, I'd go," she said, with a laugh.

~Catherine Passmore

# Specialization helps in success

#### BY EVAN RENTSCHLER Clarkston News Special Writer

Despite reports of a rapidly declining U.S. economy, two Clarkston store owners say that business is better than last year.

Denise Howard, owner of the functional art store Milieu, says that her business has not felt significant effects of the economy.

Her store has been on Main Street for four years, and she says the economy has merely hindered growth of her business rather than harmed it.

Much of her clientele comes from outlying areas such as Bloomfield and Birmingham, and these customers are not put off by a recession, she says.

David McNeven, owner of Coach's Corner, says his business is better than last year, although it has not returned to sales levels of two summers ago.

#### Downtown district

One of the ways he has combated the poor economy is by specializing his stores. While his Dixie Highway location is more of a "bat and ball store," his Main Street, Clarkston, location carries mostly sports-oriented clothing

"My competition for bats and gloves is down there," says McNeven. "People go shopping at the mall where there's Sport Authority and MC Sporting Goods. On the way they pass Dunham's. I want to be down there where they can see me and know the quality of my store," he says.

Both store owners have reached the conclusion that there is a difference between what sells in Clarkston and what sells down in Dixie Highway's strip malls. By specializing, they say, they can effectively battle the tough economic times.

# Business owners disagree on benefits of DDA

(BUSINESS, from previous page)

The restaurant — 16 years at its Dixie Highway location - experienced a negative effect during the twoand-a-half years of construction on Dixie Highway. Boyle said the restaurant benefited from the project overall.

"I'm glad for the safety factor," he said. "We haven't had any accidents since the turning lane was put in (on

"We were left without a driveway at times, and the project was supposed to last one year and it ended up being two and a half."

#### Theresa Petherbridge

Dixie). There used to be one every month."

Opposing Boyle's point of view was Theresa Petherbridge, co-owner of Waterford Hill Florist and Greenhouse. Petherbridge reported that her business lost \$80,000 in one summer and has yet to re-coup its losses.

"We were left without a driveway at times, and the project was supposed to last one year and it ended up being two and a half," said Petherbridge, who said the florist has been located on Dixie Highway for more than 60 years.

Although the area may look nicer, Petherbridge said the improvements haven't helped her business.

Construction has just begun on M-15, and already some business owners are feeling the strain.

Gregg Ryeson of Gregg's Carryout on M-15 said his lunch traffic is down 15 percent and dinner traffic is down

#### Downtown district

35 percent.

Ryeson is optimistic that the landscaping and construction will benefit his business in the long run.

"If I didn't, I'd be raising some serious Cain about he said with a laugh.

Pete Gannon, owner of Pool Mart on M-15, credits the season with the minimal damage on his business. He said the landscaping, lighting and curbing will benefit his

"It brightens up the area, and it will be easier for customers and trucks to get in and out," he said.

He said the beatification will be worth the money and the pain of the construction. "It will really look nice when they are done.'

Managers at Little Caesars, in the same strip of stores as Gregg's Carryout on M-15, said business hasn't changed since construction began to widen M-15 during summer.

Assistant manager Rob Vyse said, "If people really want a pizza, they'll get through the construction to get

"It brightens up the area, and it will be easier for customers and trucks to get in and out."

**Pete Gannon** 

their pizza."

mum prison sentence.

Vyse also said landscaping and construction will attract people and will be safer for the public.

All of the business owners said they are happy about the improved safety in front of their establishments and said the area seems more attractive to those coming into the township to shop or eat.

# 'Family' goes to Circuit Court

#### BY CATHERINE PASSMORE **Clarkston News Staff Writer**

Four months after their arrest, five members of "The Family" continue their court appearances in Oakland County Circuit Court.

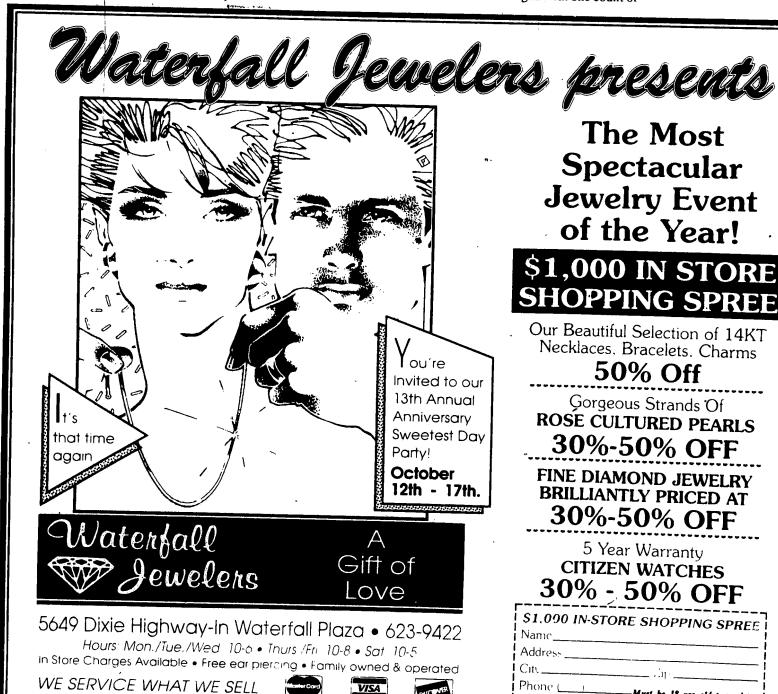

The preliminary exam for Stanley (Kelly) Watkins, 18, Jason Smith, 18, and Bryce Kidder, 17, all of Clarkston; Philip Laycock, 18, of Lansing; and Mark Bierman, 20, of Troy concluded on Friday in 52nd District Court, Independence Township.

Judge Gerald McNally ordered the men to stand trial in Oakland County Circuit Court. They are to be arraigned at 8:30 a.m. Oct. 26 before Judge Gene Schnelz. All of the defendants are charged with one count of

planned to branch out into the surrounding areas. According to witnesses, Watkins was the leader of a group of teens who called themselves "The Family." Earlier, stories that Watkins had convinced people

he was a vampire who drank animal blood and had supernatural powers surfaced. Smith has said that the stories about vampirism were all untrue.

Smith, Kidder and Bierman are all out on bond. Laycock and Watkins remain in the Oakland County Jail unable to post bond.

# Inn, planned for 1998, wins first board OK

#### BY CURT MCALLISTER Clarkston News Associate Editor

The Chanticleer Inn may be six years away from the start of construction, but it's already gained its first planned unit development (PUD) approval from the Independence Township Board.

On Oct. 6, the township board unanimously approved the first-reading of the PUD. A second reading and adoption is necessary before the rezoning takes effect.

If approved, the inn will be built on 26 acres on the north side of Andersonville Road, east of White Lake Road and across from the entrance of Deer Forest Estates.

A PUD is a rezoning tied to a specific site plan and

requires approval from the planning commission and township board.

Property owner Drew Peslar said the inn will be a cross between a bed and breakfast and a conference center. Proposed for three phases, the Chanticleer Inn is to include: 15 guest rooms, a 60-person dining room, lounge, conference room and a library.

The building of cottages along the property's 2-acre lake are also proposed in the latter stages.

The project is slated to begin in 1998 and end in

Trustee Bruce Mercado said it seemed bizarre that a petitioner would seek approval this far in advance. Township Planner Richard Carlisle said this plan of action has

"I agree that it's very unusual to consider something now that won't start for six year," he said. "On the other hand, we'll know exactly what to expect down the road."

Carlisle also liked the site's natural characteristics and its proximity to the soon-to-be-improved White Lake

"If you walk on this property, you get the feeling that you're no where near development or growth. It has a camp-like atmosphere," he said. "If this concept works out like we foresee it, the inn would complement the improvements occurring down White Lake Road."

# Board OK's Maybee Road PU

#### BY CURT MCALLISTER Clarkston News Associate Editor

Developers of a 36-acre planned unit development (PUD) on Maybee Road find themselves one approval away from realizing their goal.

On Oct. 6, the Independence Township Board unanimously approved the first-reading of a plan for 82 detached condominium units on the south side of Maybee Road, between the businesses of Dixie Highway and Ottawa Park Cemetery.

A PUD is a rezoning tied to a specific site plan and requires approval from the planning commission and township board. A second reading and adoption -- scheduled for Oct. 20, is necessary before the rezoning takes

The planning commission approved the final site plan for "The Pines of Clarkston" Sept. 10.

The project calls for trails throughout the complex, through the wooded area and to the pond. Ranging between \$125,000 and \$150,000 apiece, the units will be designed to look like single-family homes.

The three-phase project is scheduled for completion in the year 2000.

The Pines of Clarkston has been in the works for two years. When developers came to the planning commission over a year ago, they had proposed to build 105 attached condominiums on the 36 acres.

Township Planner Richard Carlisle credits good negotiations with the near finality of this project.

"I have always felt this piece of property was suitable for cluster housing because of the variety of natural amenities located in proximity to commercial property," he said. "The developers saw this too and were very negotiable in reducing their total number of homes.

"In the long run, I feel this plan will be superior to a subdivision, which was originally planned a couple of years ago," Carlisle added.

About The News ...

### Julie Campe

(This is the first of a two-part column.)

In honor of National Newspaper Week (Oct. 4-10), I've decided to explain a few things about The Clarkston News.

Some of the information in this column is the sort of thing I tell people who ask about the paper, such as fourth-graders in Linda Linenger's class at Pine Knob Elementary School.

Those pupils asked all sorts of good questions, ranging from, "How much do you make?" to "What was your favorite story to write?"

This column, however, focuses on the types of things you'll find in your Clarkston News.

#### **News stories**

News stories are the articles that appear in the first section of The Clarkston News. They consist of information we think you need to know -- information about tax rates, new subdivisions, bad accidents, crime waves or heat waves, items that will cost you money or save you some. This is our main objective when putting out a paper. We try to give the facts, accurately and objectively.

In the news section you might also find stories and photos about heroism or "life in Clarkston." These, too, we feel are necessary because they provide a dose of inspiration or a reflection of the community — a reminder of why you live here and what makes it different from other towns.

In Clarkston, children and animals are prime concerns, so you'll see lots of photos and stories

#### Editorials, columns, letters ...

Also in the front section, we get a chance to tell you what we think, and we provide space for others to use that option, too.

Opinions in The Clarkston News appear on Pages 6A and 7A and sometimes following pages. We label the pages "Opinions," so you'll know they're not meant to be an objective story.

On those pages, you'll find regular columnists, such as Clarkston News Publisher Jim Sherman and columnist Jim Fitzgerald. You'll also find our staff editorials, labeled, "Editorial."

And you'll likely find letters to the editor and guest columns and guest editorials, each labeled as

This portion of the paper is important because it's a way for community members to communicate with one another. In this day of commuters and cars, people don't often get a chance to talk face-to-face. The paper provides a forum for ideas and opinions.

#### When opinions are in news stories ...

This isn't to say that opinions don't appear in news stories. It's just that when they do appear, they're not opinions of Clarkston News staff members. We quote or paraphrase others' opinions, and we give attribution to our source of information.

Sometimes readers mistakenly believe that because a reporter quotes someone's opinion, the opinion belongs to the reporter. That is not the case.

In fact, that is one of the challenges of being a reporter. A reporter must be able to report objectively and accurately on a subject, even if he or she does not agree with the issues. An example: abortion. We might write about pro-life activists yet be pro-choice ourselves. If the story is written objectively, readers will not be able to tell the stance of the reporter.

(To be continued next week.)

# Editorial

# Clarkston: A fairy-tale town

worked in a town called Clarkston.

As time passed, the town grew prosperous. Big houses were built, sometimes right next to smaller, more modest homes. Business expanded and sometimes moved out of town, where they could find more land at a lower cost.

Soon, most of the people who lived in the sunny town worked elsewhere. But they loved to return home at night.

For the town was still beautiful — with its Main Street lined with magnificent homes, though inhabited by new owners; with full shade trees, tenderly trimmed each year; and with friendly people, who chatted with each other during walks at dusk or over coffee in the bake shop in the early hours.

With so many people milling about in such a small space, the town was safe — a haven in a cynical world.

Store owners, like those in their places before them, were trusting and friendly. They accepted checks without asking for a driver's license and Social Security number. They opened credit accounts for their regular customers. They knew many of the children by name, and they donated lots of goods to the town's many fairs and auctions and parties.

Life was good.

But a strange thing happened outside the town. Big, fancy stores opened with all sorts of items and low prices. The clerks weren't as friendly as those downtown, but town residents soon did most of their shopping there anyway.

And the area outside the town began to grow prosperous, too. Soon, fast cars whizzed through Clarkston, with only some of them stopping to shop.

Some of the town's residents, looking forward to their quiet home after a hectic drive on the highways outside of town, felt Clarkston had lost some of its pleasantness. They felt rude drivers were making the

Business owners felt the growth was a mixed blessing. They found that new shoppers frequented their stores, and they were confident that their friend-

Once upon a time, a group of people lived and liness and personal attention would entice them to

But the businesses outside the town gained much more business than those inside the town, where parking was a problem. Not much parking had been added to the town since it had been formed long ago. And the sidewalks were a little cracked and dirty. And there weren't many benches or pleasant lights to encourage people to stop and sit a spell downtown.

Some of the business owners lamented, "If only the town government would do something ..."

But the town government, worried about pressures from outside the town, focused its attention on

And the residents of the town's beautiful homes felt businesses ought to do something themselves. Afterall, if the town government did anything, it would be with taxpayer money, they said.

So the town faltered a little, and business owners didn't feel like being so friendly anymore.

Then one cold day in February of 1994, an old, old woman died quietly in Clarkston. But in her will, she left a legacy to the townspeople.

The woman had seen many seasons and had watched many generations appear and grow old. As her last gift to the town, she wrote to the townspeople:

"This town is like a family, and the different members need one another.

"Where would the businesses be if it weren't for the residents who buy from them and bring visitors to them and buy loved ones special gifts from them?

"And where would the residents be without the comfortable downtown as a gathering place? Clarkston is not just another neighborhood. Those big, fancy developers outside of town couldn't make another Clarkston, even if they had all the money in town.

"The residents and the businesses need each other. They should help each other in every way they can. In that way, Clarkston will live for many, many more generations."

Her will was read, but no one knows if the townspeople heard it.

# Jim's Jottings

Almanac's weather predictions

# Sherman

Last week we promised weather as this week's topic. It's brought to you courtesy of the 1993 edition of The Old Farmer's Almanac.

The United States is divided into 16 regions by The Almanac. We're in region nine. It's called "Chicago & Southern Great Lakes." The top half of Illinois and Indiana are grouped with the part of Michigan south of West Branch.

You can see right there a margin for error.

It appears what we had last winter, we'll have this winter. "November through March should be warmer than normal with above-normal precipitation, slightly below normal snowfall in the south and slightly above in the north."

We'll have mild weather for deer hunting, then frequent snow continuing through mid-December. Warm and cold will be mixed through January. It'll be wintery in February and March with mild spells in the middle of those months.

Then get out more ditto marks. April through · June will be colder than normal with above normal precipitation.

July through September will average colder than normal due to frequent cold spells.

The Almanac says we should like the last half of next October. Indian summer-like.

Nowhere is there mention of the weather being affected by volcanic ash, holes in the ozone layer,

oil-well burning in Kuwait or the arrows Indians pierced the air with prior to Columbus' arrival.

This new Almanac presents a case for weeding in the dark. A recent test in Germany has shown that gardens cultivated on cloudy, moonless nights produce 78 percent fewer weeds.

It doesn't says so, but weeding in the dark also produces considerably higher electricity bills unless your hands and hoe are super sensitive to weeds.

One more "Almanac" item and it's fini for the year. A guy named Dayton Duncan dug up the smallest (in population) 26 counties in the United States and visited 10 of them.

Texas and Nebraska dominate. Loving County, Texas has 107 people, 0.2 per sq. mile. It has more registered voters, 110, than residents. How?

Arthur County, Nebraska has 462 people. It has the largest sand dunes in the Western Hemisphere. It has a treeless area half the size of Ohio.

It also has the world's only church constructed of baled straw. Erected in 1927, it still stands. Residents' phone numbers are listed on a sheet of typing

The original Robert B. Thomas Farmer's Almanac has been published every year since 1792. It's available on many newsstands and probably all book stores: It's \$2.95.

# Child welfare worker reassigned

On Oct. 12, the community served by Clarkston Area Youth Assistance (CAYA) experienced a change in management, which came as disappointing news.

Garry Pullins, the child welfare worker assigned to CAYA for well over a decade, has been reassigned to perform similar duties in the Huron Valley Youth Assis-

Many concerned citizens have contacted me as a county commissioner in a well meaning attempt to prevent Garry's transfer. In response, I reviewed the Probate Court's process in making this decision, and I am satisfied that it was made only after thoughtful consideration and in the best interest of the county's youth assistance

Garry Pullins has demonstrated expertise in community organization — a valuable quality. His exceptional ability to bring together those concerned with the problems of today's youth makes his presence needed to assist in another area of the county.

I have no doubt that his particular talent will be put to use organizing his new community as effectively as he has done in ours.

The citizens served by Clarkston Area Youth Assistance should be comforted in this loss by Mr. Pullins' successor — an equally qualified and dedicated county employee whose hallmark has been service to her com-

Our youth assistance program has been assigned to Theresa Blundell, who comes to us with more than 10 years' experience and impeccable credentials. I'm confident that with the help and guidance of CAYA support staff and the corps of dedicated volunteers who have made our youth assistance program the model of Oakland County, Ms. Blundell will be as successful as Garry Pullins in winning the hearts and support of our commu-

Regardless of the qualifications of the successor, we cannot allow the departure of Garry Pullins to go unnoticed in this community. We have been blessed with the good fortune of having him touch our lives with kind and supportive advice and direction. It was obvious to all who have dealt with Mr. Pullins that he never viewed his position as "just a job."

Change does not often come easy, especially when we lose a valued and respected member of our community. However, as it has been said, change is inevitable. Good luck, Garry, and thank you. Good luck, Theresa, and welcome.

Frank H. Millard, County Commissioner, District 3, Clarkston

# Good coverage

Thank you so much for the wonderful coverage you have been giving to the Clarkston High School Marching Band this season.

The kids (and their parents) are thrilled! I noticed several parents of eighth-grade band students in the stands on Saturday with their son or daughter, and those kids are now getting excited about being part of the program next year!

Thanks for helping to spread the message about what a great group this is for the young people and for the community.

Christine and Bob Wyatt

# Need someone to serve us

I read recently where this congressman from Flint wants to represent us in Washington.

When I looked into it, I found that he was a "good" liberal, voting against the 1990 crime bill and voting for four major tax increases in the past three years.

He was one of those who was bouncing checks left and right on the House bank. Rather than take the credit for the 100 bad checks he wrote, he blamed the bank.

In 1991, he spent over \$600,000 of our money to run his office. Then he voted to obtain even more money for the Congressional budget, including more money for his own mailing budget.

It seems to me we have a responsibility to send to Washington someone more representative to our district someone who will serve us.

John Lutz

# Compare values

How can anyone support a Democratic ticket? Compare values and character.

Ralph Chambers

Halloween hijinx

Curt **McAllister** 

This past weekend, I got into the Halloween spirit by scaring the bejeezus out of several hundred

people. No, I didn't run around in a Bill Clinton mask yelling, "See you in the White House." I was involved in something a little less frightening.

I dressed up as "Jason" and chased people with a chainsaw. That's right, a chainsaw - minus the chain, however.

My wife and I volunteered our services at Troy's "Haunted Hollow," a 20-minute walk into staged terror. We got involved a couple months ago when one of our extra-curricular organizations - the Southeastern Michigan Alumni Association of Alpha Phi Omega — volunteered for this two-weekend engagement.

Halloween, by far, is my favorite holiday. Don't get me wrong, Christmas, Thanksgiving and Easter are terrific, too. But for a kid who grew up watching horror movies, you can't beat Halloween.

Halloween is one of those holidays that let's everyone act like a kid, despite their age. It's also the only time of the year where everyone has the inalien-

able right to scare the crap out of each other, without fear of legal action.

That's why I cherished the role of sneaking up behind unsuspecting groups with my hockey mask and chainsaw. Nothing is more startling than the revving of a chainsaw five feet behind you. And who said white folks can't jump? I saw one little old lady display more hang time than Michael Jordan.

With this in mind, I encourage everyone to take a haunted tour or hayride this October. Matter of a fact, Independence and Springfield townships are hosting their own eerie events this year.

In Independence, Clintonwood Park hosts the Haunted Forest Oct. 22-30. Springfield Township presents its own Fright Night Haunted Trail at Karl Shultz Haunted Park Oct. 23-24. Both programs are operated by their townships' parks and recreation departments, and they always do a superb job of putting these chilling events together.

I intend to visit them both, but only as a patron. Who knows, maybe I'll catch a little hang time myself.

The second of th

# 'If it Fitz.

With Plankton, sex hits its organic peak

Jim **Fitzgerald** 

Plankton were the first organisms to have sex. I read it in the newspaper.

This initial sexual activity took place in China about 1.1 billion years ago, according to paleobiologist J. William Schopf of the University of California-Los Angeles. Before then Schopf said, organisms had reproduced asexually.

Since plankton are the floating animal and plant life of a body of water, I envision them wildly fumbling around, touching and discovering, in the backseat of a shell sedan.

Obviously, there were several advantages to being the first to couple. He didn't have to worry about sleeping with everyone she had slept with before they drifted together. She didn't have to worry about being harassed by pro-asexual activists treading in the entrance to a family planning clinic.

Also, those pioneer procreating plankton didn't have the fearful environmental concerns that bedevil today's sexual partners. They didn't have to fret about a discarded fast-food wrapper reducing the male plankton's sperm count. That's something else I read in the newspaper.

A recent Associated Press report out of London said: "The average sperm count in healthy men has dropped by half in the last 50 years, according to a global review of 61 studies covering 14,947 men. Experts say the study lends credence to speculation that environmental pollutants may damage production of sperm cells."

The report didn't say which pollutants might knock the seed out of semen. Ironically, it did say it is women, not men, who should beware. The sperm study was done by Dr. Niels Skakkeback of the University of Copenhagen. The report said: "Skakkaback said he suspects a woman's exposure to environmental toxins during pregnancy may thwart development of a male fetus' sperm cells."

Think about that. Think about how much better plankton had it 1.1 billion years ago. Those plankton weren't petrified by scientists who perceive possible poison pervasive predominately behind petunias and everywhere else. They weren't terrified by newspaper headlines that warn you to watch out because living could lead to dying.

It doesn't matter whether you see it, eat it, burn it, bury it, touch it, breathe it or simply drive by it. It could kill you. Or kill your unborn progeny for generations to come. As the report on Dr. Skakkebaek's study put it:

The average sperm count declined from 133 million sperm per milliliter in the 1940s to 60 million sperm per milliliter in the 1990s. Men who have less than 20 million sperm per milliliter are considered infertile, although they may be able to father children through test-tube fertilization."

Pioneer procreating plankton didn't have to worry about whether it was good for the test tube.

Also, those plankton didn't have to worry about not being able to find each other in the bedroom. That's what happened to me the other night. After turning off the bathroom light, I couldn't locate my wife, or even our bed, in the dark. That had never happened before. I finally landed in bed by accident, stumbling over a shoe.

I wondered if I was going blind. My wife said no, my problem was probably the new sheets. They weren't the traditional white, easy to see in the dark. They were dark red and darker blue, striped.

I said I never heard of such a thing. I said everyone knows sheets are supposed to be white. She said sheets come in all colors these days, and I should get with it. I said pioneering procreating plankton had it easier in the backseat of a shell sedan.

She said it was ridiculous for a great-grandfather to even ponder procreating. I threatened to report her to my milliliter paleobiologist.

# Letter to the Editor

# More to mobile home tax bill

This letter is in response to the Oct. 7 article concerning the mobile home tax bill. I would like to present another side of the coin for you.

In 1980, an act of Congress created the term "manufactured housing," which is rapidly putting the old term mobile home to rest. The emphasis on the new title is multi-faceted. The homes are no longer considered mobile homes, since less that 5 percent of the homes are ever moved from their first point of destination, whether to a community setting (the manufactured home park) or permanently set on a foundation, crawl space or basement. The homes were rapidly mirroring their rival, the site-built home, in not only appearance but functionality.

Today, manufactured housing constitutes between one-quarter and one-third of all new housing starts. These homes are also the predominant form (about 82 percent) of single family housing being produced in the United States for under \$50,000, and we have a serious need for affordable housing.

It is true the homeowner is only responsible for \$36 in property tax per year. However, this is only the direct cost. Indirectly, a portion of their lot rent supports the land owner's property tax bill. Another portion of their lot rent sustains their private roads, water, trash pick-up, and in some cases, sewer. The host community is therefore not responsible for those specifics of the development.

It must also be remembered that the manufactured homeowner cannot deduct property taxes each year even though they are homeowners.

The cost of renting land in a leased-land community is, in the long term, equivalent to the cost of purchasing a private lot. The 1989 median lot rent in Michigan was listed as \$230 per month. This cost may seem/reasonable,

but it must be remembered that this rent in new communities (post 1985) is \$350. Added to a manufatured home payment of \$300 (based on an average 1,200-square-foot unit with three bedrooms), total housing expenses jump to \$650 per month.

If the manufactured homeowner is burdened with another tax, will the affordability of this type of ownership be in question? An alternative is in order here. Why not create a manufactured community in which homeowners could buy their lot as well? This way taxes could be charged, taxes deducted, and the pride of ownership (the American Dream) realized.

Before a new tax is instituted, these issues need to be seriously considered.

Leslie Meyers, executive director **Clarkston Area Chamber of Commerce** 

## Reporter's notebook

As Clarkston News reporter James Gibowski was walking back to his car last week with a Clarkston football helmet and jersey in his hands (they were needed as props in some advertisements for the newspaper), Clarkston varsity football offense coordinator Gordie Richardson couldn't help voicing his concern.

"I hope you're not getting any ideas, Gibowski," said Richardson from a nearby practice field.

"I could be a split end," said Gibowski, who once played football many seasons ago.

"You would give a new meaning to 'split," answered Richardson.

Items for Reporter's Notebook are compiled by Clarkston News staff members.

## A Look Back

#### This week 5 years ago

Kara Kurz is named Clarkston High School homecoming queen, and Mike Wells is selected as king.

The CHS varsity football team crushes Lake Orion 29-8, raising its record to 5-2.

Jeff and Joria Heatherton of Washington Street, Clarkston, discover an albino red squirrel in their back yard.

#### This week 10 years ago

The CHS varsity girls' tennis team captures the regional crown, advancing to the state competition for the first time in school history.

Karen MacClennan of Clarkston and Matthew Johnson of Linwood are wed.

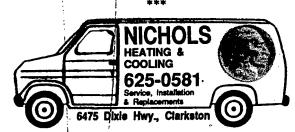

Tom Jackman resigns as the Springfield Township electrical inspector.

#### This week 25 years ago

A fire causes \$5,000 in damage to the home of Betty Stoll on Pelton Heights, Independence Township.

The CHS football team stings Brighton 33-7.

Susan Bigger and Richard Kelley of Clarkston announce their engagement.

# Township changes 3 polling places

Independence Township residents in three precincts have to vote at a different polling place Nov. 3.

These precincts include 1, 4 and 10.

In Precinct 1, citizens vote at the Calvary Evangelical Lutheran Church, 6805 Bluegrass. This is a change from the Clarkston United Methodist Church on Waldon

In Precinct 4, residents vote at the Free Methodist Church, 5482 Winell. The church is at the corner of Winell and Maybee roads, west of Sashabaw Road. This is a change from Dr. Charles Munk's professional building on Ortonville Road.

In Precinct 10, citizens vote at the Independence

Township Library, 6495 Clarkston Road. This is a change from the Oakland County Sheriff's substation on Orton-

According to Independence Township Clerk Joan McCrary, Precinct 1 was changed because it was discovered that the church lies within the City of Clarkston.

She said precincts 4 and 10 were also moved because of the failure of a proposed public safety complex. Originally, the previous sites were meant to be temporary, until the fire station could be built, and it could facilitate both polling stations. Now that the station is on hold, the previous two sites have been moved to accommodate residents and the sites' owners.

## Hearing on mobile home park expansion

Expansion of the Independence Woods Mobile Home Park near Mann Road is the topic of a public hearing Tuesday, Oct. 20.

Petitioners Gregory Christopher and Gerald Odem have asked the Independence Township Board to modify a 1973 consent judgment, so they can develop about 45 acres near the existing 75-acre site. The duo intend to build about 177 units on the 45-acre parcel.

Presently, 298 units occupy the Independence Woods Mobile Home Park.

The consent judgment governs the development rights to about 114 total acres of land on the south side of I-75, east of Clintonville Road, and north of Mann Road.

The public hearing is scheduled to start at 7:30 p.m. in the township hall annex, 90 N. Main St., Clarkston. For more information, call the township office at 625-5111.

# Man charged with junior high break-in

An 18-year-old Independence Township man was charged with breaking and entering, after police found him with stolen property at Clarkston Junior High School.

Shawn F. Oswald of Snowapple Drive was apprehended by police around 11 p.m. Friday, Oct. 9. He was arraigned the next day by the weekend magistrate at the 52nd District Court, Independence Township.

According to the Oakland County Sheriff's Department (OCSD) report, an officer spotted the suspect exiting an east side door of the school with an armful of football equipment. Upon spotting the deputy, Oswald alledgedly dropped the items and tried to escape on a nearby bicycle. The officer tackled Oswald, and a threeminute wrestling match followed.

The officer handcuffed Oswald but injured his knee in the process.

Oswald was taken to Oakland County Jail for questioning, where he said he found the east side door un-

Oswald is presently on probation for fraud from the Oakland County Circuit Court.

CJHS Principal Vince Licata was called to the scene later that evening and identified the football equipment, which was taken as evidence.

Following arraignment; Oswald posted bond and was freed.

# Service station robbery reported

A clerk at the Clark Oil service station on Sashabaw Road, Independence Township, reported an armed robbery Oct. 10, but police are wondering if the event actually occurred.

According to the Oakland County Sheriff's Department (OCSD) report, an 18-year-old gas station employee of Waterford called police at 7:13 p.m. Saturday to report that she'd just been robbed. According to the employee, a 6-foot-tall bearded man robbed her at knifepoint, while she was alone in the station.

He reportedly took \$112 in cash and fled in a blue Chevrolet Cavalier. The employee gave the police the license plate number of the man's alleged getaway car.

Police tracked the car down to a Waterford resident, but the owner said she'd been busy nearly all day, and no one had used her car during the time of the robbery.

Upon combing their files, the police discovered that the service station employee had an open felony case for larceny. In this episode, she was accused of stealing from her employer. She was later arrested at her home for this

She insists, however, that she was telling the truth about the gas station robbery. She has agreed to take a polygraph test but needs a doctor's waiver because she is pregnant.

OCSD officials say this case remains under investigation. The employee's name is being withheld until she is charged with a crime.

# Tabletop ruined

Police were called Sept. 25 by Cedar Valley Lane, Springfield Township, residents when a man who had promised to refinish their oak table extension had failed to

According to the Oakland County Sheriff's Department report, the man had been contacted 10 times about returning the \$200 extension and failed to do so.

Finally, in a last-ditch effort to retrieve the extension, the resident told the man that if he left the extension out on the porch that they would not pursue the matter criminally. The residents received their oak table extension, which was weathered and infested with insects.

# Cagers crush Captains

#### BY JAMES GIBOWSKI Clarkston News Staff Writer

They were finding Alyson McChesney underneath the basket and they've been finding themselves as a team all season long.

They are the Clarkston varsity girls' basketball players who demolished a good Waterford Kettering team 60-33 Oct. 8 on the Wolf court.

Clarkston held a slim 12-8 lead after the first eight minutes but never looked back after a smashing 19-6 second quarter.

The Wolves, who shot a blistering 25-of-44 from the field (57 percent) and 10-of-12 from the free-throw line (83 percent), easily weaved their way through the Captains' full-court press: Clarkston also committed only 12 turnovers.

The victory raised Clarkston's overall record to 10-1 and Greater Oakland Activities League mark to 3-0. The Captains fell to 8-3 overall and 2-1 in the GOAL.

Clarkston's win was sparked by McChesney, who poured in 30 points, including 14 in the third quarter. The 5-10 senior center, who sank 12-of-15 shots, scored most of her points after getting beautiful passes from her teammates.

"We're working more as a team. We're more intense," said McChesney, who also gathered six rebounds and had seven steals.

Heather Steinhelper and Courtney Whittaker, Clarkston's two other 5-10 seniors, each unselfishly dished off six assists, most landing in the hands of McChesney.

"I can throw a pass to Alyson anytime and she's there," said Steinhelper, who also scored six points.

McChesney, Steinhelper and Whittaker (11 points and seven rebounds) have been playing together for three seasons and this year seem to have put it all together.

"We're a senior-dominated team," said Clarkston coach Larry Mahrle. "The girls are determined to win the league championship."

Another senior, Lesley Allen, came off the bench in the go-ahead second quarter and scored four points and played strong under the boards.

Junior Laura Seitz also scored four points and held Kettering's high-scoring Becky Swan to just seven points. Amber Simmons was the only Captain in double figures with 11.

Steinhelper said she and some of her teammates were inspired by watching the movie, "Hoosiers."

The Wolves, however, watched the movie last season before a loss to the Captains.

They were seeing the same movie as last season, but this year they've been seeing the basket (and their open teammates) much more clearly.

## CLARKSTON 53, Troy 26 (Oct. 6 at Troy)

Clarkston led 12-7 after the first quarter and 30-12 at the half en route to a 53-26 pasting of host Troy.

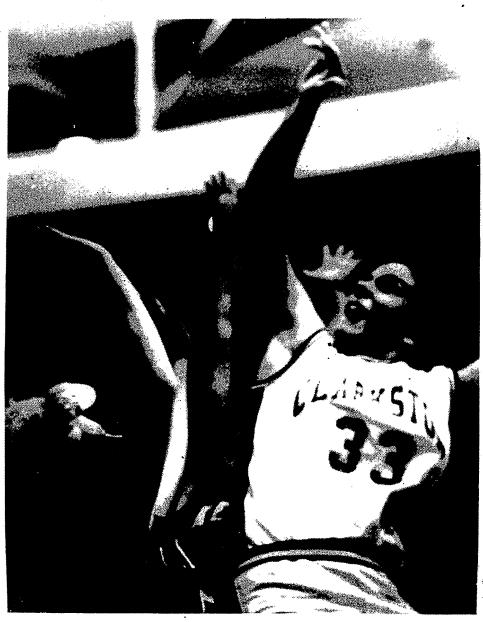

Troy had a 7-1 record going into the contest.

The Wolves' Big Three scored in double figures. Alyson McChesney netted 17 points, Courtney Whittaker 12 and Heather Steinhelper 11. McChesney, the team's leading rebounder the two previous seasons, grabbed 12 boards.

Other scorers for the Wolves were Lesley Allen with six, Erin Patterson with five and Laura Seitz with two.

The Wolf pressing defense was so tough, the highest scoring Colt was Catherine DiGiacinto with five points.

### Friday's homecoming game decider

# Field goal helps give gridders shot at GOAL

#### BY JAMES GIBOWSKI Clarkston News Staff Writer

Brian Phipps' 31-yard field goal against the wind with nine seconds left propelled Clarkston's varsity football team to its fourth straight victory.

It wasn't the first time a member of the Phipps family had ever slain the Dragons. Brian's brother, Ken, also kicked a winning field goal against Lake Orion in 1986.

The 1992 winning kick clinched a 17-14 win for the Wolves over the Dragons last Friday night to raise their overall record to 4-2 and Greater Oakland Activities League mark to 3-0. Lake Orion fell to 2-4 overall and 0-3 in the GOAL.

Clarkston and Pontiac Northern are both undefeated in the GOAL and the two teams will clash for the league title this Friday at 7 p.m. on the Wolf field (Clarkston's homecoming).

"Lake Orion always plays tough against us," said Clarkston head coach

Kurt Richardson, whose team still has a good chance of making the state playoffs if it wins its last three games.

But first the Wolves have to get past a tough Northern squad which features the running of Charles Talley and Edwin Watson, who have each scored 11 touchdowns this season.

Richardson described what will be required to defeat the 6-0 Huskies, who edged the Wolves in overtime last season (the two squads were co-GOAL champs).

"No. 1, we can't have penalties. We can't have turnovers. We have to get good field position. We have to control the ball." said Richardson.

Clarkston, of course, never would have had the chance to win sole possession of the GOAL if it hadn't first defeated the Dragons.

The Wolf defense stopped the Dragons' opening drive with a goal-line stand but Lake Orion eventually opened the scoring with a second-quarter 3-yard touchdown pass from Mason Robertson to Tim Brown. Casey Smith kicked the PAT. The Dragons carried that lead into halftime

Clarkston tied the game in the third quarter when Kevin Dankert completed a 10-yard touchdown pass to Rick Vollmar (a.k.a. the Wolves' third-string quarterback). Phipps kicked the PAT.

Robertson put the Dragons in the lead again in the fourth quarter by completing a 3-yard touchdown pass to Tim Armbruster (Smith kicked).

But Dankert, a junior, tied up the game with his arm, connecting on a 48-yard touchdown pass to sophomore Fife (Phipps kicked the PAT). Fife finished the game grabbing six passes for 82 yards.

The Wolves began their last and game-winning drive on their own 42 with just over two minutes left in the game, culminating with Phipps' winning kick. Dankert, who has fluctuated between being the first- and second-string signal caller this season, replaced Nick Shires as quarterback in the second half.

Coach Richardson, who the week before said Dankert would get in the game against the Dragons, liked what he saw in the second half.

"He (Dankert) did real well," said Richardson. "He got off to a good start by completing a couple of quick passes. He had confidence."

The game was unique for the Wolves, the first time they ever totaled more yards in the air (157) than on the ground (109).

Dankert completed 10-of-15 passes for 134 yards with one interception. Shires was 2-of-3 for 23 yards.

In addition to Fife's receiving and Vollmar's 10-yard TD grab, Rusty Mitcham was 3-42, Adam Rice 1-17 and Brent Bundridge 1-6.

Justin Tappero paced the Wolves in rushing with 59 yards on 14 carries and Eric Ryan totaled 50 yards on 16 carries.

Defensively, Steve Black, Shires and E.J. Stumph each had five tackles; Chris Combs and Jeremy Doty each had four; Matt May and Dan Eby both had two.

# Golfers win GOAL, sidelined at regionals

#### BY JAMES GIBOWSKI Clarkston News Staff Writer

It sounds like one of those stories only golfers can tell (and maybe some fishermen).

Clarkston's varsity boys' golf team won the Greater Oakland Activities League championship but failed to qualify for the state finals because of its performance at the Class A regionals.

On the other hand, three teams which finished behind the Wolves in the GOAL, all qualified for state (Lake Orion and Waterford Kettering in Class A and Brandon in Class B).

"We went in very confident," said Clarkston coach Jim Chamberlain about his team, which finished sixth with a 335 at the Oct. 9 regional at the par-72 Oxford Hills (the top three teams from each regional qualify for state). The Wolves had won the overall GOAL title three days earlier at Bald Mountain by placing first at the GOAL meet.

Lake Orion, which finished second overall in the GOAL, earned its first-ever trip to the state finals by placing third (335) at Oxford regional. Rochester Adams placed first (315) and Rochester second (326). Kettering, third overall in the GOAL, finished first at the Pontiac Country Club regional and Brandon, fifth in the GOAL, placed second at the St. Clair Country Club regional.

Chamberlain said his squad had practiced on the Oxford course but the weather was not the same as it was the day of the regional, chilly and quite windy.

"They were prepared for the course but the conditions were adverse," said the coach, whose team finished seventh at the state finals last year.

Chamberlain also added, "It just wasn't our day. Three of our kids had their worst rounds of the season."

The Clarkston coach said Lake Orion coach Gary Newcomb concisely described how the score of one golfer can make a difference.

Chamberlain said, "The coach for Lake Orion put it well. He said the only thing that separated us is that he had one kid shoot a 77 (Dragon Darren Burrell).

Adam Haviland, the Wolves' only senior starter, finished with Clarkston's top score. Haviland's 80 placed him tied for seventh individually.

"I have all the admiration in the world for Adam Haviland," said Chamberlain about the senior who started for the first time this season. "He really bore down."

Jayson Buchmann had the Wolves' second best score, finishing with an 83. Julio Fonseca fired an 84, Jon Dean had an 88 and Chris Harbert a 90.

## CLARKSTON first at GOAL tournament

(Oct. 6 at Bald Mountain Golf Course)

Clarkston leapfrogged from a second-place regular season to an overall league championship by placing first at the GOAL meet Oct. 6.

"We weren't surprised," said Clarkston coach Jim Chamberlain, whose team won its second straight GOAL title.

The Wolves finished at 313, edging regular-season champ Lake Orion (317) and Waterford Kettering (318). Waterford Mott was fourth (327), Brandon fifth (361) and Pontiac Northern sixth (459).

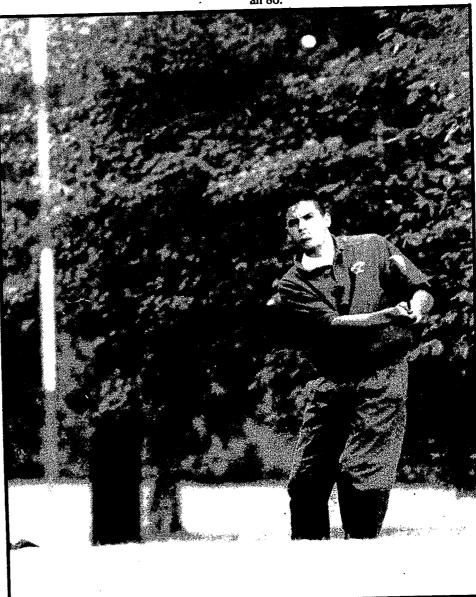

"(Jon) Dean played super, Adam (Haviland) played well and they had good support from Julio (Fonseca) and (Chris)

Harbert," said Chamberlain.

Dean fired a 4-over-par 75, finishing first individually. Kettering's Jon Ward was second with a 76.

Haviland tied for fifth by shooting a 78. Harbert and Fonseca tied for ninth by fired 80s.

Clarkston's Jayson Buchmann finished with an 81 and Ryan Karlstrom shot an 86

JULIO Fonseca watches his chip during last Friday's Class A regional at Oxford Hills.

### Scharl 12th

# Wolf harriers finish 15th at county meet

#### BY JAMES GIBOWSKI Clarkston News Staff Writer

Leah Scharl continues to improve and so do her Clarkston varsity girls' cross-country teammates.

Scharl finished a strong 12th at the Oakland County Meet Oct. 10 at Marshbank Park, pacing her team to a 15th-place finish out of 35 teams.

The Wolves finished with 430 points. Milford won the meet with 106, followed by Rochester Adams at 153 and Walled Lake Western 155th.

Clarkston's 15th-place finish was ahead of Lake Orion's 19th-place finish. The Dragons earlier in the season handed the Wolves their only dual meet loss of the year. The two teams will again square off in the Greater Oakland Activities League meet (Oct. 27).

Scharl, a sophomore, ran the county meet course in 20:28.3, earning a medal for her efforts.

"She was 17th last year and improved her time by almost 40 seconds," said Clarkston co-coach Mike Taylor.

Taylor also added, "Stefanie Burklow and Michelle Schroeder also ran well. And Mary Liimatta, running with an injury, continues to impress."

Burklow, a freshman, was the second fastest Wolf, placing 53rd (22:04). Liimatta finished 67th (22:26), Schroeder was 141st (24:29) and Anna Vandermeer 157th (25:13).

## CLARKSTON 15, Waterford Kettering 50

(Oct. 8 at Waterford Kettering)

Clarkston runners swept the first five places to crush host Waterford Kettering,

Clarkston increased its GOAL record to 3-1 with the forfeit victory over the Captains, who only fielded three runners.

Leah Scharl was ahead of the entire pack, finishing at 21:25.

Stefanie Burklow took second (22:28), linishing over a minute ahead of the next pack of runners.

Mary Liimatta placed third (23:33), Stacy Patterson was fourth (23:48) and Michelle Schroeder placed fifth (24:08). Wolf Anna Vandermeer finished seventh (24:53).

LEAH Scharl is a step away from winning the cross-country meet at Waterfixed Kettering. Two days later Scharl placed 12th at the Oakland County Meet. Related photo on page 23-A. (Photo by James Gibowski)

# Booster meeting changed

## Swinging from the heels

## Rooney a real kick for Clarkston

**James** Gibowski

You don't have much time left to see one of the best (if not the best) boys' soccer players in Clarkston history.

Scott Rooney, described by Wolf coach Dan Fitzgerald all season as one of the top three players in the state, plays his last home match Thursday. Oct. 15, at 6 p.m.

against Saginaw Heritage. Then the potential all-stater and his teammates play in the Class A district opener Monday, Oct. 19, at Waterford Mott. The Wolves are defending district champs and

hope to go on and on in the single-elimination state tournament, but anything can happen and happen suddenly.

Speaking of sudden, Rooney is often a blur on the soccer field, causing opponents fits the last three seasons in varsity action. The forward, who has 4.6 speed in the 40, weaved his way for 15 goals his sophomore year, 15 more his junior year and this season (so far) has knocked in 20 goals.

"I can keep my speed up with the ball," said Rooney, who has been contacted by nearly 40 universities for an athletic scholarship (Rooney has a 3.30 G.P.A).

Rooney's success isn't limited with the high school team. During the off-season he was selected as an AAU all-American and this November will join a select group of players from one of four regions and compete in Florida. After that competition, a few players will be selected to join the U.S. Olympic development team.

"He's an exceptional player," said coach Fitzgerald, who knows about Olympic caliber players because he has coached them before. "He's exceptional but at the same time he plays for the team. He's tremendously quick and fast. You don't have too many players that come around like him. What a pleasure it has been to coach him."

Fitzgerald knows of several goaches who want to coach Rooney in college. He said Wisconsin-Madison, Evansville (Ind.), Oakland University and the University of Detroit are seriously trying to get the Wolf to play for them next season.

Rooney, at the moment, is only thinking about defending the Wolves' district championship (last year was the first one in school history). Rooney views that district title (sharing it with his Clarkston soccer teammates) with at least the same amount of respect and accomplishment as his national off-season honors.

Needless to say, Rooney (last year and especially this season) has been a "marked man" on the field, with opponents usually double-teaming and sometimes tripleteaming him.

"It feels good to say that, but it can be frustrating," said Rooney.

"He's played injured both of the years I've had him," said Fitzgerald. "They're always hitting his legs. He plays tough."

Fitzgerald said Rooney could become a shot-making forward in college but said he could also become an excellent "playmaker," either at the forward or midfielder

Rooney has the best years of soccer ahead of him.

Still, hurry up if you want to see him in a Clarkston uniform.

He's the one on the field that's a blur.

SCOTT Rooney (right) dribbles downfield against Waterford Mott in last year's district final.

# Doty a monster, netter, black belt, pianist

JEREMY Doty (No. 23, far right) watches for the defensive signals before relaying them to his teammates.

# Chiefs next battle in Waterford

The Clarkston Chiefs junior varsity football team continued to be undefeated and the varsity and freshman squads even their records after action against the Rochester Redskins last Sunday.

The JV Chiefs stopped the Redskins, 26-14, to improve their record to 4-0.

Rochester, however, did win the varsity contest 19-7, dropping the Chiefs' record to 2-2.

And the Redskin freshman team also came out on top, stopping the Clarkston squad 13-7. The game evened the Chiefs' freshman record to 2-2.

The Chiefs next face the Waterford Corsairs Sunday, Oct. 18, at Waterford Kettering High School. The first game begins at noon and the third game is expected to end about 6 p.m.

After that, the Chiefs will battle the Lapeer Steelers Saturday, Oct. 24, in the Pontiac Silverdome. The first game will begin 8:30 a.m. and the third game will end about 2:30 p.m.

# Boys place 15th at Oakland County Meet

BY JAMES GIBOWSKI Clarkston News Staff Writer

Two days after crushing Waterford Kettering, the Clarkston boys' cross-country team finished 15th out of 37 teams at the Oakland County Meet.

CLARKSTON 15th out of 37 teams at the Oakland County Meet (Oct. 10 at Marshbank Park)

The Wolves, totaling 423 points, finished 15th at the Oakland County Meet. Rochester Adams placed first with 73, Lakeland took second at 91 and Berkley

third at 164. Clarkston's Greater Oakland

Activities League rival Lake Orion was fourth at 191.

"This was what we expected," said Clarkston co-coach Mike Taylor.

The top two Clarkston runners had one of the closest individual battles of the day. Wolf senior Derek Lachman (17:19) edged senior teammate Brad Lachman (17:19.5) by a half second. Lachman finished 37th overall and Patterson was 38th.

Steve Cohoon had the third fastest time for the Wolves, finishing 97th (18:12). Jeff Dengate was 124th (18:36) and Greg Fisher 127th (18:42).

The other two Clarkston runners were Eric Carlson (143rd, 19:09) and Mark

Lake Orion's Clint Verran finished first (16:17.6).

In reserve action at the county meet, Clarkston's Eric Woodward had the Wolves' best finish, taking 27th (18:48).

Other Clarkston runners were: Curt Duca 83rd (19:51), Mike Porritt 101st (20:10), Matt Warner 107th (20:13), Andy Holland 132nd (20:41), Tim Warner 138th (20:49), Tim O'Rourke 195th (22:47).

CLARKSTON 16, Waterford Ketter-

(Oct. 8 at Waterford Kettering)

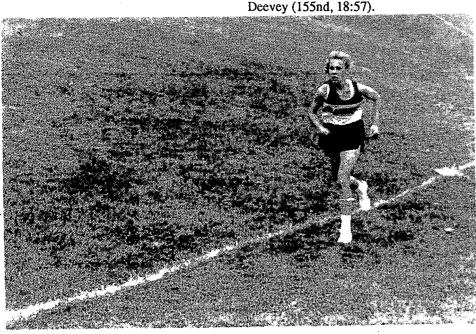

Clarkston swept the first four places in a 16-45 rout of Waterford Kettering.

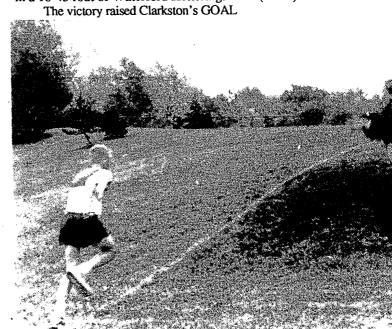

record to 3-1.

Brad Patterson won the race with room to spare, finishing at 17:43.

Derek Lachman placed second (18:07), Steve Cohoon was third (18:13) and Jeff Dengate fourth (18:15). Greg Fisher took sixth (18:37) to round out the team scoring.

Other Wolves and their finishes were: Eric Carlson eighth (19:15), Eric Woodward ninth (19:48), Curt Duca 10th (19:28), Mark Deevey 11th (19:20), Matt Warner 12th (20:14), Mike Porritt 13th (20:25), Andy Holland 14th (20:49), Tim Warner 15th (20:53) and Tim O'Rourke 19th (23:03).

Sales Manager

"Let's discuss your Career in Real Estate Sales"

QUESTION: I have been told that ten percent is an average deposit when making an offer to buy a home - but that this figure can vary. What would make it vary?

ANSWER: The deposit should be sufficient to make sure the buyer will have good reason to see the transaction through and to reimburse the seller for taking the property off the market.

The length of time from signing the agreement to the date of transfer may have a bearing on the amount of deposit. For example, an agreement calling for performance in 90-days should require a substantial deposit, whereas a 30-day agreement might call for less of a deposit.

THE SIZE OF THE DEPOSIT may vary with the terms of the sale.

27 S. Main, Clarkston 625-9300

# Kickers hope for same results against Mott

#### BY JAMES GIBOWSKI Clarkston News Staff Writer

Clarkston's varsity boys' soccer team ended its league season at 4-4, appropriately after splitting matches with the two Waterford schools.

However, the Wolves still have a good 10-6-1 overall record going into their final regular season match Oct. 15 (at home 6 p.m. against Saginaw Heritage) and will defend their Class A district championship when they face host Waterford Mott Oct. 19 at 6 p.m.

#### Waterford Kettering **CLARKSTON 1**

(Oct. 12 at Clarkston)

Visiting Waterford Kettering broke a 1-1 first half tie by knocking in two second-half goals for a 3-1 victory.

The Captains jumped out to a 1-0 lead 10 minutes into the first half but Clarkston forward Scott Rooney (with an

assist by Ryan Noll) tied the match before the half.

But with about 22 minutes left in the second half, Kettering scored what proved to be the winning goal on a penalty kick and then later closed out the scoring with another goal.

Nathan Forbes was in goal for the Wolves.

#### **CLARKSTON 3, Waterford Mott**

(Oct. 9 at Clarkston)

2

Scott Rooney scored a pair of goals and Ryan Noll scored another to pace Clarkston to a slim 3-2 victory over visiting Waterford Mott.

The Wolves hope the match will be a sign of things to come. The two teams will square off again in the opening round of Monday's district tournament.

Rooney scored his first goal five minutes into the first half, unassisted.

The Wolf forward made it 2-0 after

knocking in a throw-in from Pat Forbes. Mott cut the Wolf lead to 2-1 before

the half.

Twenty-five minutes into the second half, Noll put Clarkston ahead.3-1 with a goal after taking a pass from Aaron Phillips.

Five minutes later, the Corsairs cut it to 3-2.

The last 10 minutes, Clarkston coach Dan Fitzgerald said the Wolves "held on for dear life."

Nathan Forbes was in goal to earn the victory.

#### **CLARKSTON 5, Milford 1** (Oct. 7 at Milford)

Clarkston scored three unanswered goals en route to a 5-1 non-league victory over host Milford.

Clarkston's Scott Rooney scored the only goal in the first half, weaving his way to the goal unassisted.

In the second half, Rooney took a

pass from Aaron Phillips and put Clarkston ahead 2-0.

Ryan Noll's goal, with an assist from Pat Forbes, gave the Wolves a comfortable 3-0 bulge.

Milford then scored to make it 3-1 but that was answered by Wolf Steve Bennett banging in an unassisted goal and then later Nick Bielak heading in a crossing pass from Rooney.

Nathan Forbes was stingy in goal for the Wolves.

Blocked (extra point) kicks - Godoshian

Clarkston JV record: 5-1

# **Netters finish 3rd in GOAl**

A second-place showing at the league tournament improved the overall standings of the Clarkston varsity girls' tennis team.

Lake Orion won the Greater Oakland Activities League tourney Oct. 9 with 42 points to match its first-place finish in the regular season (10-0).

Clarkston took second in the tournament with 25 points but had finished third in the regular season (6-4). But that combination was enough to overtake Waterford Mott for second-place overall (Mott tied for third in the tournament with 24 points and was second in regular season action with a 7-3 mark).

Clarkston players reached the finals in three singles matches to spark the second-place tournament finish (Lake Orion won all seven finals matches).

In No. 1 singles, Wolf Kristy Swartout was defeated by Lake Orion's Kyna Getsinger 6-1, 6-3; No. 3 Kelly Wall lost to Dragon Courtney Plunkett 6-1, 6-2; No. 4 Renee VanKlaveren lost to Lake Orion's Krista Pa Petersen 6-2, 6-0.

Swartout was later chosen on the all-GOAL team.

All three Clarkston players who reached the finals will return next season. In addition to the league's 1-2-3 over-

all finish of Lake Orion, Clarkston and Mott, Brandon (5-5 in the regular season) finished fourth, Waterford Kettering (2-8) fifth and Pontiac Northern (0-10) sixth.

#### Aces 10th hole

Jeanette Sturges of Independence Township fired a hole-in-one at the Atlas Valley Country Club, Grand Blanc, on Aug. 1.

Sturges aced the 123-yard 10th hole. The hole-in-one makes Sturges eligible to win a one-week trip for two to Scotland and \$1,000 in cash in the 32nd annual Drambuie Rusty Nail Hole-In-One Sweepstakes.

# Joint township, school meeting set

Round two of rebate negotiations between the Clarkston school board and the Independence Township Board takes place later this month.

The joint meeting is slated for 7:30 p.m. Tuesday, Oct. 27, at the Independence Township Library, 6495 Clarkston Road.

At issue is tax money that the school district agreed to let the township Downtown Development Authority (DDA) use for improvements for 10 years. Four years remain in that agreement, but the school district is seeking a rebate to battle budgetary cuts and a statewide tax

The Clarkston school district provides about 72 percent, or \$912,000, of the DDA's present \$1.3 million in "captured" taxes.

Both sides will look at scaling down various approved DDA projects that have yet to begin. So far, township officials have agreed to provide the school district with at least \$185,000 annually over the remaining four years of the DDA's existence.

According to the township, this sum is the money left over from annual bond payments and project costs.

### Custodian recalled

A custodian has been recalled to her full-time position in Clarkston schools.

The Clarkston Board of Education approved the recall Oct. 12.

Saundra Dougherty's general custodian position at Sashabaw Junior High School was effective Sept. 30, 1992. The opening was created after another general custodian at the school went on long-term disability

### City's first general election

The first general election of the City of the Village of Clarkston will be Tuesday, Nov. 3.

Polls at the Village Hall on Depot Road open 7 a.m. and close at 8 p.m. On the ballot are candidates for president, in addition to candidates for state and national offices and state proposals.

day, Oct. 10. This parade kicked off a week of Homecoming events at the high school.

Vaara was the high school principal and is now an indpendence Township trustee.

# What's new in business

# Independence Township man opens gun shop

#### BY CURT MCALLISTER Clarkston News Associate Editor

After 10 years of working within his home, a local gunsmith has opted for a storefront in Waterford Township.

Mike Stitt of Independence Township opened Oakland Custom Arms on Aug. 12 at 4690 W. Walton Boulevard, Waterford Township.

A retired firefighter in Independence and Bloomfield townships, Stitt said Walton's heavy traffic flow attracted him to his present locale.

"I'm averaging about 25 to 30 customers a day," he said. "Many of these people turn in after they see the sign out front.

## **Business Briefs**

# School wins grant

An elementary school in Clarkston was awarded a \$1,500 grant from the Michigan Humanities Council to improve multicultural education for students.

Sharon Wenger, a Clarkston Elementary School teacher, is director of the project, "African and African-American Heritage."

Through the program, famous black Americans will be the topic of an interdisciplinary program for third- and fourth-grade students. Students are to explore the contributions of black Americans to history (such as Harriet Tubman and Dr. Martin Luther King Jr.), literature (such as Langston Hughes and Alex Haley), music, dance, art and drama.

The Michigan Humanities Council has awarded more than \$23,000 in 26 teacher mini-grants for the 1992-93 school year as part of its Renaissance Outreach Alliance for the Detroit-area Schools. The grants are paid for with help from the Chrysler Corp. Fund and the National Endowment for the Humanities.

## Wine-tasting event

An area restaurant plans a wine-tasting evening for

The Back Court Restaurant and General Wine Co. present "Wine Tasting II — An American Harvest."

The wine tasting takes place 7-9 p.m. Thursday, Oct. 29, at the Back Court in Deer Lake Racquet Club, White Lake Road, Independence Township.

It features choice American wines and elegant hors d'ocuvres. Cost is \$15 per person.

"Eventually, Walton will be widened to five lanes, enabling about 60,000 vehicles to pass this way every day," Stitt added. "That fact alone has attracted a lot of businesses to this particular area."

Stitt said he is a third generation gunsmith, following in the shoes of his grandfather and uncle.

"I've been around guns pretty much all of my life," he said. "I still remember being old enough to see over my grandfather's bench to watch him work on guns. The love and respect for firearms was instilled in me at a very early

According to Stitt, his new business offers a variety of goods and services, such as: the sale of new and used guns, custom gunsmithing, fire arm repair and assembly, ammunition, and accessories related to hunting and trap shooting.

So far, business has been brisk at Oakland Custom Arms, Stitt reports. And he expects it to continue.

"My busiest time of year used to be hunting season, but, with the rise in competition shooting, I'm busy all year long," he said.

In overall gun sales, Stitt attributes his good fortune with the number of hunters in the area and the possibility

of social unrest.

"I'm fortunate that I'm based in an area with so many sportsmen. This group makes up most of my long gun sales," he said. "Since the L.A. riots, hand guns have also become very popular, especially semi-automatics.

"We have a lot of ladies come in here, looking to buy a small hand gun for self-protection," Stitt added.

One of the biggest sellers at Stitt's store, so far, has been his personal shotgun "choke." This choke screws into the barrel of the gun and condenses the pattern of shot. It's mainly used in competition shooting and retails for \$80 a piece.

Despite long hours and the everyday grind, Stitt said customer interaction is the most gratifying aspect of his trade.

"The biggest kick is seeing the smile on a customer's face after he picks up a customized gun," he said "You've got to understand that when a guy sinks \$15,000 to \$18,000 into a competition shotgun, he's expecting results. This type of customer satisfaction usually results in a bond of friendship.

"It's these dealings with people that make my job so rewarding," Stitt added.

MIKE and Cathy Stitt of Independence Township operate the Oakland Custom Arms

store in Waterford Township. It opened a couple of months ago.

## **Engagement**

Mr. and Mrs. Virgil Musselman of Howell announce the engagement of their daughter, Audra Lyn of New Baltimore, to Christopher Clay Cooper, son of Mr. and Mrs. Darrell H. Cooper of West Church Street, Clarkston, and grandson of Mrs. Ruby Cooper of Clarkston.. Audra is a 1984 graduate of Howell High School and 1989 graduate of Michigan State University, East Lansing. He is a detail draftsperson at M & N Engineering. Christopher was a 1983 graduate of Cranbrook High School, Bloomfield Hills, and a 1988 graduate of Michigan State University. He is director of sales at Fernco Connectors, Ltd., in Sarnia, Canada. The couple plans a Nov. 7, 1992, wedding.

#### Grads

Sixteen Clarkston- and Davisburg-area students were graduated from Oakland University, Rochester, this summer.

Diane Connon and Robert DeLeary received bachelor of general studies degrees; Christopher Will and Jody Malbouef earned bachelor of science degrees in general management; and Daniel Cogswell received a bachelor of science degree in computer science.

Debra Gaves earned a bachelor of science degree in nursing, while Adreena Harley earned a master of science degree in nursing.

Jeffrey Abell earned a doctoral degree in systems engineering; Kelton Turner earned an education specialist degree in school administration; and Randy Greene and Harland Greene Jr. earned bachelor of science degrees in human resources and development, training and development.

Susan Baran and Beverly Zeeman earned master's degrees in teaching, and Laura Kymla earned a master's degree in counseling.

David Michael Gnatek earned a bachelor of science engineering degree in computer engineering; and Jennifer Heinrich earned a master of physical therapy degree.

## Revern and Smith exchange vows

Co. in Chicago.

Jo Ann Revern and Scott Smith were married on Sept. 12, 1992.

The 3:30 p.m. wedding took place at the Michigan State University Alumni Chapel in East Lansing, and the reception followed at the University Club.

The bride, daughter of Kay and Niles Revern of East Lansing, is employed by Rotary International in Chicago.

The groom, son of Wilbert and Darlene Smith on Independence Township, is a 1982 graduate of Clarkston High School and a 1987 graduate of Michigan State

### **NewArrivals**

It's a boy for Angelina and Jerry Kitchen of Waterford.

Tyler James weighed in at 7 pounds, 11 ounces, and measured 20 1/2 inches long. He was born Sept. 29, 1992, and was welcomed home by his brother, Jeffrey David.

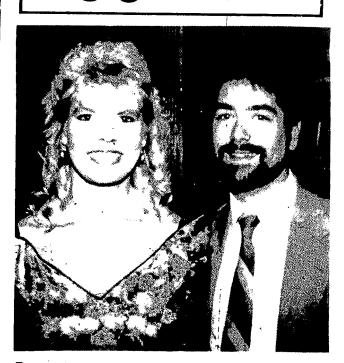

Grandparents are Jeffrey and Rose Mayo of Clarkston, Duane and Dottie Hooper of Waterford, and Dave Kitchen of Waterford.

It's a girl for Randy and Shelley Harless of Transparent, Indpendence Township. Samantha Jean Harless was born on Sept. 6, 1992. She welghed 7 pounds, 11 ounces, and

measured 20 1/2 inches long. Proud grandparents are Sandy Weaver of Clarkston, Mickey Weaver of Auburn Hills, and Manford and Frances Harless of Clarkston.

# Engagement

Pat and Dody Bayley of Clarkston announce the engagement of their daughter, Lyn, to John William Jarrell of Waterford, son of John and Sara Jarrell of Oscoda. John proposed to Lyn on Aug. 27. Lyn is employed by Autostyle Plastics, and John is employed by Bishop Land Surveying. The couple plan a May 14, 1993, wedding.

# Local teen candidate for Miss Teenage America

Janae Cooley, 16, of Clarkston, is one of 300 candidates to make it to Level I of 'TEEN Magazine's 1993 Miss Teenage America program. She is now under consideration to be one of 40 semifinalists who will appear in the December 1992 issue.

The 300 candidates, selected from the 10,000+ entries received, were chosen based on their scholastic achievement, general awareness, individual accomplishments, community service, poise and personality. The 40 semifinalists will be selected based on their responses to questions relating to home and school life, goals and current affairs.

Twelve finalists will be selected from the 40 semi-

finalists and will appear in the January 1993 issue. The finalists will be flown to Los Angeles for a full week of activities including judging, sightseeing, modeling and media appearances. Miss Teenage America 1993 will be announced at a press party held in Los Angeles in November 1992.

Miss Teenage America 1993 will receive a \$15,000 college scholarship from Kmart Fashions, a Kmart wardrobe and her own monthly column in 'TEEN Magazine. She will also travel as spokesperson for the program's sponsors, Kmart Fashions, Bonne Bell, Caboodles, Studio Line, Kotex Feminine Products and Kodak.

## Business Briefs

# Pine Knob busiest amphitheater in nation

Two major national magazines named the New Pine Knob Music Theatre as the nation's busiest amphitheater this season.

Trade magazines Pollstar and Performance reported that the New Pine Knob hosted more events this summer than any other outdoor venue of its size.

In its second year under management of The Palace of Auburn Hills, Pine Knob's diverse line-up for 1992 featured 88 shows and attracted more than 660,000 guests, including 18 sellouts.

"With the economy as stagnant as it is today, we are

## Open houses mark new office location

RE/MAX Today, Inc., has moved to a new, larger office in Independence Township, according to broker/ owner Curt Carson.

Previously located at 6678 Dixie Highway, it now is at Suite 100 7300 Dixie Highway, across from the water

The new 2,400-square-foot facility provides private and semi-private offices for 20 sales associates, as well as the latest technology.

"We selected this location for several good reasons," said Carson. "We are central to the surrounding communities, we avoid the congestion and parking problems of downtown Clarkston, and we have terrific visibility on Dixie Highway. Although the office is less than a mile from downtown Clarkston, we are adjacent to Waterford.'

RE/MAX Today became the 21st office in the RE/ MAX Detroit Metro region when Carson joined the system and opened his office in spring 1992.

To celebrate its new office, RE/MAX Today hosts two open houses: Thursday evening, Oct. 15, and Friday evening, Oct. 16.

extremely pleased with the results of our season," said Thomas Wilson, president of Pine Knob, The Palace and the Detroit Pistons. "We not only matched our recordsetting first year, but we exceeded it by presenting 13 more shows and attracting 60,000 more people, despite relatively uncooperative weather."

Pine Knob's season was highlighted by an expanded series program and a wide variety featuring pop/ rock, country, alternative, comedy, Christian and jazz perform-

## Community education at a glance

# Send food safety tips to college

Pizza left out overnight is a common food safety mistake that college students make.

"Food poisoning from improper food handling can easily happen in the dorm setting --- or shared apartment setting," says Sylvia Treitman, home economist for the Oakland County Cooperative Extension Service.

Here are some tips to relay to your college student: ■ Refrigerate all leftover perishables: pizza, fried

chicken, Chinese or Mexican food. ■ Refrigerate all opened jars of partially used food

and use up things such as spaghetti sauce in five days to

■ Keep the entire food preparation area clean.

■ Store cold cuts in the refrigerator only, never at room temperature. Store opened packages 3-5 days. ■ Refrigerate all dairy products and mayonnaise.

Condiments such as mustard and ketchup are OK out of the refrigerator but will keep longer if refrigerated.

■ Keep peanut butter and jelly in refrigerator to prevent mold growth.

For questions on food safety or other areas of food and nutrition, call The Food and Nutrition Hotline, weekdays 8:30 a.m. to 5 p.m. at 858-0904.

ALL SECULATA SHAHAR PLACE COLUMN

# What to do with green tomatoes

This summer's short season left many home gardeners with tons of green tomatoes.

According to Sylvia Treitman, home economist for the Oakland County Cooperative Extension Service, "What can I do with my green tomatoes," has become the most frequently asked question.

A variety of tasty relishes and side dishes can be made with green tomatoes.

"If the green tomatoes have not come from dead or frost-bitten vines, they are safe to can," said Treitman. She advises using the Ball Blue Book 32nd edition for reliable up-to-date canning procedures.

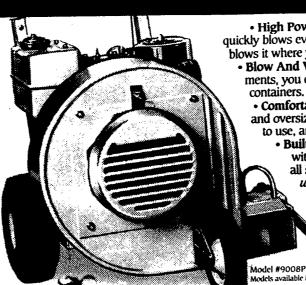

If your unripe green tomatoes have been bitten by only a very light frost, they can still ripen by this proce-

- Wrap each tomato individually in paper
- Layer no more than two layers deep
- Store on porch or room 55-70 degrees

Once a week sort out any that have begun to turn red to store them separately.

For recipe ideas and information on using green tomatoes, call The Food and Nutrition Hotline, weekdays 8:30 a.m. to 5 p.m. at 858-0904.

# This Leaf Blower Does 160 mph.

# New studio makes dancing fun — for all ages

#### BY CATHERINE PASSMORE Clarkston News Staff Writer

Twenty years ago, Roxana Chambers began dancing and she hasn't stopped since.

Chambers, 26, opened Dance Expressions in the Ritter Square in July and now shares her love of dancing with 106 students.

The 1983 Clarkston High School graduate taught dance in her home on Clarkston Road for three years before she moved into the studio.

"I picked this area because I live here and I like it a lot," she said. "It's a good location for the parents."

She also taught for Sandy Marion and attended Kent State University, studying teacher's training.

Chambers has competed in dance since age 13 and

# What's new in business

has won national titles with her group. She has also participated in Cecchetti Exams, as a student and as a teacher.

Dancing begins at Dance Expression as early agage 2 1/2. For the smallest would-be ballerinas there is a Creative Rhythm class. In this class, children learn to stretch and do creative movements such as walking sideways, skipping and jumping.

Chambers offers pre-dance for 5- and 6-year-olds and ballet, tap and jazz class for children ages 7-17. Adults may enroll in tap and jazz classes.

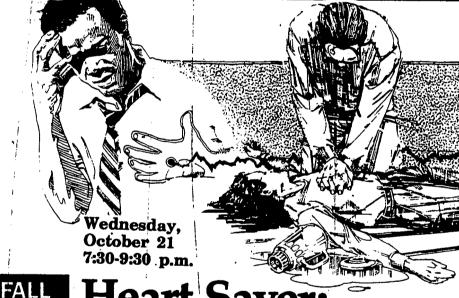

"I want the children to enjoy dancing. Kids are so busy now. They can come here and have one day of enjoyment. I don't want them to feel they have to dance. I don't want their parents to push it on them," said Chambers

BRIANNA STIELER enjoys the Creative Rhythm class at Dance Expression. The class is designed for 2 1/2- to 4-year-olds. They skip and jump and stretch out in their half-hour class. From here the girls will go on to pre-dance and dance classes.

RAQUEL REYES of Independence Township tries to stretch up to the sky in her Creative Rhythm Class. Teacher Roxanna Chambers instructs pulls in her Dance Expression studio in Ritter Town Square.

## **Obituaries**

## Fairryl M. Dauzy

Fairryl M. Dauzy, 75, of Clarkston died Oct. 7, 1992. Fairryl attended Widowed Coping Together Support Group, Waterford, and St. Daniel Catholic Church,

Fairryl is survived by dear friend, Walter (Bill) Day of Waterford; children, Carol and her husband Alvin Johns of Negaunee, Joyce and her husband Peter Conigliaro of Waterford, Sally and her husband James Reighard of Detroit, Judith and her husband Ronald Causley of Clarkston, Louis Jr. and his wife Linda of White Lake, and Edward of Detroit.

Fairryl also is survived by 16 grandchildren and 12 great-grandchildren and brother, Charles Peterson of Sault Saint Marie.

The Mass of the Resurrection was Oct. 10 at St. Daniel Catholic Church, with the Rev. Robert Humitz officiating. Burial was at White Chapel Cemetery, Troy. Arrangements were made by the Lewis E. Wint and Son TRUST 100 Funeral Home, Clarkston.

Memorial tributes may be made to the American Lung Association.

## Pansy L. Kelchner

Pansy L. Kelchner, 82, of Clarkston died Oct. 11, 1992. She was a member of the St. Paul Methodist Church, Bloomfield Hills, and was employed by the Bud Nicholie Real Estate Co.

She is survived by her husband, Roland; her son, James and his wife Dorothy of Bloomfield Hills; grandchildren, Kevin and Kathleen (Daniel) Hamburg of Plymouth; great-grandchildren, Kevin and Anthony Kelchner; and many nieces and nephews.

Funeral services were set for 1 p.m. Wednesday, Oct. 14, at the Lewis E. Wint Funeral Home in Clarkston with the Rev. Pauline Hart officiating. Internment was to follow at Ottawa Park Cemetery, Independence Town-

Memorials may be made to the Gideon Bible or the St. Paul Methodist Church.

## Tollie Treece

Tollie Treece, 78, of Clarkston and Port Richey, Fla., died Oct. 6, 1992.

She was preceded in death by her daughters, Pauline De Pappa and Joyce Fox.

Mrs. Treece is survived by her husband, Amos; five grandchildren; nine great-grandchildren; two great-greatgrandchildren; and her sister, Betty Book of Arkansas.

The funeral took place Oct. 9 at the Lewis E. Wint & Son TRUST 100 Funeral Home, Clarkston. Burial was at White Chapel Cemetery, Troy.

#### CHARTER TOWNSHIP OF INDEPENDENCE PUBLIC NOTICE

Registered voters may vote absentee ballot in the November 3, 1992 General Election if they qualify in one of the following categories:

expect to be absent from the community in which I am registered for the entire time the polls are open on election day.

I am physically unable to attend the polls without the assistance of another.

I cannot attend the polls because of the tenets of my religion. I have been appointed an election precinct inspector in, a precinct other than the precinct where I reside.

I am 60 years of age or older.
I cannot attend the polls because I am confined to jail awaiting

arraignment or trial. independence Township residents who quality and wish to vote absentee ballot should call the Clerk's Office at 625-5111 or write the Clerk at 90 North Main St., P.O. Box 69, Clarkston 48347 for an application which must be signed and returned before a ballot can be issued.

The deadline for ballots to be mailed is Saturday, October 31, 1992 at 2:00 p.m. However, those qualified to vote absentee may vote in the Clerk's office until 4:00 p.m. on Manday, November 2,

Joan E. McCrary Township Clerk

## Pet of the Week

PUGS is a former stray who's looking for a home of her own.

## Precious Pugs

Pugs is a real "lover" who's in search of a new home. This affectionate German shepherd-collie mix is 2 years old and weighs 45 pounds. She's reportedly good with children and other dogs.

Her \$82 adoption fee includes a spaying charge. To see Pugs, visit the Michigan Humane Society, 3600 Auburn Road, Rochester Hills, 852-7420. Hours at the non-profit shelter are 10 a.m. to 4:30 p.m. Monday through Saturday.

## Women candidates featured at forum

Election year 1992 has often been called "the year of the woman," and locally that appears to be true, judging by the number of women running for public office.

Four of them have agreed to participate in a women candidates night sponsored by the Orion-Oxford branch of the American Association of University Women.

The event, which is open to the public, takes place Thursday, Oct. 22, at the Lake Orion Village Hall, 37 East Flint St. in downtown Lake Orion.

The candidates are Megan O'Neill, Penny Crissman, Elizabeth Howe and Ruth Johnson.

Megan O'Neill, (Republican, Clarkston) is in her first run for office, challenging incumbent Dale Kildee for

## Marching band sensational

## BY CHRISTINE WYATT

Last Saturday, the Clarkston High School Marching Band and the Clarkston Band Boosters hosted the 15th Annual Marching Band Invitational Contest.

Bands from Oakland, Genesee and St. Clair counties competed for ratings on five program elements.

Program elements are: marching and maneuvering; music quality, difficulty and musicianship; percussion section; visual effect; and color guard. Maximum points available are 100.

The first-place winners in each flight were:

Flight IV: Linden, 57.7 points Flight III: Dondero, 45.8 points Flight II: Ferndale, 52.7 points

Flight I: Waterford Mott, 49.0 points

The evening festivities concluded with an exhibition by the CHS Marching Band. Additions to the program were silver flags for the color guard in "Sabre Dance," a new drum cadence and new formations for "Greensleeves."

Although competition protocol does not allow the host school to compete for trophies at its own invitational, the judges' scores reflected Clarkston's greatest improvement to date.

The band's next performance will be 7:30 p.m. at Wednesday night's GOAL meet hosted by Waterford Mott and halftime during Friday's Homecoming game.

Christine Wyatt is a member of the Clarkston Band Boosters.

CHANGE IN TOWNSHIP BOARD MEETING PLACE & TIME

The meeting of the Township Board of the Charter Township of Independence scheduled for November 3, 1992, will be held on Wednesday, November 4, 1992, at 7:30 p.m. at the Independence Township Library, 6495 Clarkston Road, Clarkston. Joan E. McCrary

Township Clerk

Publish Oct 10-14 & 10-28

BECAUSE THE PEOPLE MUST KNOW CHARTER TOWNSHIP OF INDEPENDENCE NOTICE OF PUBLIC HEARING ON REQUEST TO MODIFY

NSENT JUDGEMENT TAKE NOTICE that at the regular Township Board meeting of October 20, 1992, at 7:30 p.m. in the Township Hall Annex Building. 90 North Main Street, Clarkston, Michigan, the Township Board of the Charter Township of Independence shall consider the request of Gregory Christopher and Gerald Odem to modify a Consent Judg-

ment entered in July 1973. The terms of the consent Judgment govern the development rights on 112 acres of land on the south side of I-75, east of Clintonville Road, and north of Mann Road. The Judgment permits the right to develop approximately eight units of multi-family dwellings per

gross acre of the property.

The proposal of Mr. Christopher and Mr. Odem is to modify the Consent Judgement so as to permit:

1. An approximately 45 acre expansion of the Independence Woods Mobile Home Park, with a density of 3.86 double-wide

mobile home units per acre. 2. Approximately 93 units of single family detached residences on approximately 21 acres (density of 4.5 units per acre).

3. On the two remaining parts of the property (approximately 66 acres), the owners would be entitled to either: a. Develop multiple family dwelling units as currently permit-

ted in the Consent Judgement, with approximately eight units per b. Develop single family detached residences at a density of

approximatelly 4.5 units per acre. You are invited to attend the meeting and address the Township Board relative to this proposal.

JOAN MCCRARY, CLERK

#### CITY OF THE VILLAGE OF CLARKSTON 375 DEPOT ROAD **CLARKSTON MI 48346**

PUBLIC NOTICE
ZONING BOARD OF APPEALS HEARING
THURSDAY, OCTOBER 29, 1992, 7:30 p.m.
The City of the Village of Clarkston Zoning Board of Appeals will meet on Thursday, October 29, 1992, at 7:30 p.m. at the City Hall to consider Case B-27, a request of the Memorials Committee of the Clarkston United Methodist Church to erect a double-faced bulletin board type sign of not over fifty (50) square feet in area.

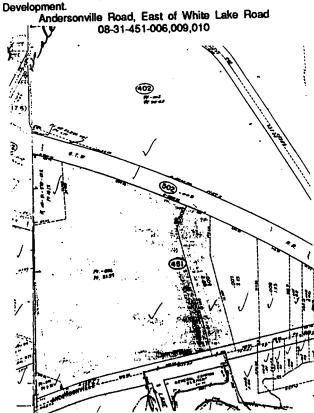

The Zoning Board of Appeals will also hear Case B-28, a request by the Clarkston Mills, 20 West Washington, for an extension to the Mills Building that would require a variance for setbacks from Depot Road, the alley running north and south adjacent to the Mills Building, and a possible parking variance.

James Schultz, Chairman Zoning Board of Appeals

City of the Village of Clarkston PROPOSED REZONING

FRON-R1A, Single Family Residential (22.5 Acres) and ML, Limited Industrial (2.5 Acres) TO - PUD, Planned Unit

Adult volunteers are needed to teach eight-week classes at the school on Pine Knob Road (off Maybee Road), Independence Township.

Junior Achievement, a non-profit company that tries to bridge the gap between business and educators, will train the volunteers to present economic and "life skills" information to eighth-graders at the school.

Volunteers are asked to teach one hour once a week

for eight weeks. The classes needed are: 9:20 a.m., 10:15 a.m., 11:10 a.m. and 12:40 p.m.

"We're preparing them for the real world," said Andrea Maddox, director of marketing services for junior achievement.

The classes help students prepare for their afterhigh-school life, whether it means attending college, trade school or becoming an entrepreneur.

"It's a worthwhile endeavor," said Maddox. To teach, call Maddox at (313) 255-3900.

(b) Open Space: When completed, the development shall have significant areas devoted to open space for the use and enjoyment of residents of the development. Designated open space areas shall remain in their natural state; alternatively, provided that the Planning Commission determines and approves that use would be harmonious with peaceful, single family residential uses in and surrounding the development, the open space areas may be used for specifically designated active and/or passive outdoor recreational purposes. Designated open space shall include area within any greenbelts required by Sections 5.23(3)(d) and (e), subject to the restriction that designated open space shall not be considered to include: rights of way or easements designated for road purposes; areas within the minimum

setbacks of a dwelling unit; or, land which is under water (lakes, streams, water courses, and other similar bodies of water). (c) Setbacks; Minimum setback requirements shall be established in a manner which permits variation in the siting of individual dwelling units in order to encourage creativity in design and compatibility with natural resource features. The following mimimum setback requirements for each dwelling unit shall be applied:

Minimum Setbacks Per Dwelling Unit (in Feet) R-1A R-1B R-1C R-1R Setbacks/Districts Front & Rear 30 50 50 30 Front 50 40 40 150 125 90 90 Total Front & Rear 12.5 25 7.5 7.5 7.5 Least 100 20 20 50 Total of Same Lot Total Between 50 20 20 20

Abutting Lots (d) Required Street Frontage: Any cluster lot contained within a cluster lot development shall comply with Sec. 5.07, Required Street Frontage. The extent of street frontage shall be determined by the Planning Commission, in its discretion, with greater deviations from minimum frontage requirements applicable in the district to be permitted in proportion to the extent and importance of natural resources, topographical conditions, flood plains and wetlands to be preserved on the property, and taking into consideration the size and shape of the development site, public safety factors, aesthetics and

impact upon the surrounding developments.
(e) Greenbelt Adjacent and Parallel to County Certified Primary and Local Roads: It is the intent of the Township that cluster lot developments shall not appear to be more intense developments than conventional developments as viewed from off-site. In addition to any required minimum setback specified in Section 5.23(3)(b), a greenbelt, having the mimimum width as set forth below, shall be required along any adjacent County Certified primary or local road. The greenbelt shall be measured from the future right-of-way line in accordance with the Oakland County Right-of-Way Plan adopted by the Independence Township Board on July 5, 1972, and as amended by the Independence Township Board from time-to-time.
The Planning Commission, at its discretion, may permit either minor reductions in width or variations in width of the greenbelt taking into consideration topographic and/or other natural resource conditions, density of existing vegetation to be preserved, and size and shape of the development site.

The following minimum greenbelt from adjacent County Certified primary and local roads shall be applied, provided, however, the Planning Commission shall be permitted to require a greater setback and/or extraordinary landscape screening of units which would appear to be massed together due to clustering as viewed

from the public right-of-way. Minimum Width of Greenbelt from Adjacent County Certified Primary and Local Roads (in feet) District R-2 50 R-1A 50 R-1B 75 100

(f) Transition from Adjacent Parcels; In order to provide an orderly transition of density when a cluster development abuts a single-family residential district of equal or lower density, the Planning Commission, at its discretion, shall require designation of open nmon boundaries; screening in accordance with the requirements of Section 5.13.5; and/or an area or row of lots of commensurate size as neighboring residential lots.

4. Grant of Approval: Upon the grant of special land use approval under this section, the Planning Commission shall stipulate as part of its approval, by reference to the approved plan, and otherwise, the general development concept and all discretionary decisions made under this section as part of the approval process, and

all conditions imposed as part of the approval.

5. Preservation and Maintenance: The effectiveness of an approval of a cluster lot development under this section shall be conditioned upon recordation of appropriate conservation easements or other instruments for the purpose of providing for long term maintenance and preservation of common areas, open space areas, wooded areas and/or other areas with natural resources or features to be preserved on the property. Such easement and/or other instrumentation shall be in a form and contain the content approved by the Township attorney. Section 3 of Ordinance

All proceedings pending and all rights and liabilities existing, acquired, or incurred at the time this amendatory ordinance takes effect, are saved and may be consummated according to the law in force when they were commenced relative to matters involving Sections 8.02, 9.02, 10.02 and 11.02 of the Zoning Ordinance, repealed under this ordinance.

Section 4 of Ordinance Except as expressly specified above, the Charter Township of Independence Zoning Ordinance, as amended, shall remain in full torce and effect, to be modified only as specified above.

The Clarkston (Mich.) News Wed., Oct. 14, 1992 17 B

PUBLIC NOTICE

PLANNED UNIT DEVELOPMENT (Text and Map Amendment to Zoning Ordinance)
An Ordinance to amend Ordinance No. 83, as amended, the Charter Township of Independence Zoning Ordinance, for the purpose of classifying certain property in Section 32 of the Township Planned Unit Development in accordance with Article XXV of the Zoning Ordinance, and to provide regulations for the development and use of such property.
THE CHARTER TOWNSHIP OF INDEPENDENCE ORDAINS

THE FOLLOWING:

Section 1 of Ordinance The approximately 33.33 acres of propery in Section 32 of the Charter Township of Independence known as Parcel No. 08-32-227-004, more particularly described on the attached legal description, is hereby reclassified in the Zoning Ordinance, and on the Zoning Map, from R1A, Single Family Residential, to PUD, Planned Unit Development, subject to and in accordance with, this amendatory ordinance.

Section 2 of Ordinance This amendment to the Zoning Ordinance is granted subject

to and in accordance with the following:

Article XXV of the Zoning Ordinance.
 Site Plan dated August 17, 1992, revised September 23,

1992, for the Pines of Clarkston Development. 3. All applications and submissions of Clarkston Pines Associates, developer, to the extent such applications and submissions were approved by the Township, with the determination of any ambiguity in this regard to be made by the Township

4. All relevant actions in the record and minutes of the Township Planning Commission and Township Board, with the determination of relevance to be made by the Township Board in the event of an ambiguity.

5. All reports of the Township Planner and Township Engineer relative to this development.

6. Provision of appropriate means of water retention for a ten year storm event in the accordance with the standards and

ten year storm event in the accordance with the standards and specifications approved by the Township Engineer.

7. Approval of the Master Beed by the Township Attorney.

8. This amendment to the Zoning Ordinance and approval to the Pines of Clarkston development shall remain effective for a period of two years from the date of adoption of this ordinance, and shall thereafter be null and void, provided, for a period terminating on December 31, 1998, upon request submitted by the developer to the Township Clerk within the period of effectiveness, the Township Clerk within the period of effectiveness. ship Board shall grant extensions to this approval in two year increments unless the Township Board determines there has been a change of ordinance, law or circumstance relevant to this ordinance amendment and approval. If on-site construction of the development is commenced during the period of effectiveness, the zoning classification and approval shall vest, subject to the obligation of the property owner to actively pursue completion of the

9. Recordation with the Oakland County Register of Deeds
Office of an affidavit by the property owner prior to the commencement of construction containing the legal description of the entire property, specifying the date of approval of the Planned Unit Development, and declaring that all future development of the property has been authorized and required to be cafried out in accordance with this ordinance amendment, unless this amendment expiras or unless an amendment is duly adopted by the Township upon the request and/or approval of the applicant, or the applicant's tranfe-

rees and/or assigns Section 3 of Ordinance

Amended only as specified above in this ordinance, the Zoning Ordinance shall remain in full force and effect Section 4 of Ordinance

This Ordinance shall take effect immediately upon completion of the requirements set forth in Paragraphs 6, 7 and 9 of Section 2 of this Ordinance, above, and publication of this Ordinance. Legal Description

Township of Independence part of the northeast 1/4 of

section 32, town 4 north, range 9 east, Independence Township, Oakland County, Michigan, is described as:

Beginning at the northeast corner of said section 32; thence south 0 degrees 20 minutes 20 seconds west along the east line of said section 32, a distance of 2113.23 feet; thence north 33 degrees 51 minutes 20 seconds west, 1401.38 feet; thence north degrees 25 minutes 40 seconds west, 842.77 feet; thence north 0 degrees 31 minutes east, 298.48 feet to the north section 32; thence due east along said north line, 545.78 feet to the west line of White Oak Ridge Subdivision; thence along the boundary of said subdivision, the following three courses and distances; due south 215.0 feet and due east 420.0 feet and due north 215.0 feet to said north line; thence due east along said north line 360.0 feet to the point of beginning, together with an easement over the east 30 feet of the following described land; part of the south 1/2 of the northeast 1/4 of section 32, town 4 north, range 9 east, described as:

Beginning at the intersection of the east line of said section 32 with the northeasterly line of U.S. 10 Highway, distant north 0 degrees 52 minutes 30 seconds west along east line of said section 32 a distance of 129.73 feet from the east 1/4 corner of section 32; thence north 34 degrees of U.S. 10 Highway, A distance of 558.91 feet; thence north 55 degrees 04 minutes 10 seconds east, 225.0 feet thence south 34 degrees 55 minutes 50 seconds east 266.03 feet to a point on the east line of said section 32; thence south 0 degrees 52 minutes 30 seconds east, 401.78 feet to the point of beginning.

PUBLIC NOTICE BECAUSE THE PEOPLE MUST KNOW

## STATE OF MICHIGAN COUNTY OF OAKLAND

CHARTER TOWNSHIP OF INDEPENDENCE ORDINANCE NO.

CLUSTER LOT DEVELOPMENT AMENDMENT (TEXT AMENDMENT TO ZONING ORDINANCE) An Ordinance to amend Ordinance No. 83, as amended, the Charter Township of Independence Zoning Ordinance, for the purpose of adding a new Section 5.23 to authorize cluster lot deve-

lopment, and to repeal former cluster provisions of the Zoning THE CHARTER TOWNSHIP OF INDEPENDENCE Ordinance. ORDAINS THE FOLLOWING TO AMEND THE ZONING

ORDINANCE: Section 1 of Ordinance The following provisions of the Zoning Ordinance shall be repealed, and the respective sections reserved for future use in the

Section 8. 02; Section 9.02; Section 10.02; and Section ordinance: 11.02.

Section 2 of Ordinance A new Section 5.23 shall be added to the Zoning Ordinance,

reading as follows: Section 5.23 Cluster Lot Development.

1. Purpose. The purpose of the cluster lot development authorization is to permit the development of single-family dwellings in a detached residential pattern which, through design innovation. Will:

(a) Allow greater flexibility;

(b) Encourage a more creative approach to the development of single-family residential areas; (c) Encourage a more efficient, aesthetic, and desirable

(d) Provide a more desirable living environment through the preservation and conservation of natural features such as topography, wetlands, woodlands, bodies of water, and other

(e) Encourage the provision of open space so that benefits may accrue directly to the residents of the development; (f) Provide greater minimum setbacks from major thor-

oughfares and/or freeways.

2. Special Land Use Approval Required: A cluster lot development may be permitted as a special land use in the R-2, R-1A, R-1B, R-1C, and R-1R Districts, in accordance with the provisions of this Section and Section 5.15 Special Land Uses. A Special Land Use for a cluster lot developement must be

accompanied by a preliminary site condominium plan prepared in accordance with the provisions of Seciton 5.22 Site Condominium Projects of this Ordinance or a tentative preliminary subdivision plat prepared in accordance with the Township Subdivision In the review of a proposed development under this section, Ordinance.

the Planning Commission shall make a finding under each standard set forth in Section 5.15.1 of this Ordinance. In addition, the applicant must submit either in a narrative and/or graphic form materials which clearly demonstrate that the property qualifies for cluster lot development based upon the presence of one or more of the following characteristics: (a) The parcel contains significant natural resources which

would be preserved through the use of cluster lot development. Such assets may include large stands of trees, land which serves as an important or needed natural habitat for wildlife, or other needed natural habitat for wildlife, or other significant natural resources which, in the discretion of the Planning Commission,

(b) The parcel contains major topographical conditions, should be preserved. such as slopes in excess of 15%, which would require extensive or developed as a conventional subdivision or site mass grading it

(c) The parcel contains substantial areas of flood plain and condomimium. wetlands. A map delineating the extent of the wetlands and flood plain area shall be submitted to the Township in order to support the proposal for the parcel's qualification for cluster lot develop-

(d) The parcel is either too small or unusually shaped so ment under this standard. that conventional lot layout would be difficult to achieve, and utilization of a cluster lot development would not result in any negative impact upon surrounding properties as clearly demonstrated by the materials submitted for qualification.

3. Site Design Requirements: All cluster lot developments submitted shall conform to the following site design requirements:

(a) Density: The number of dwelling units permitted shall not exceed the number of dwelling units customarily developable in the Zoning District in which the proposed development is located, developed with a conventional layout and all applicable ordinances and laws observed. In order to calculate density with a conventional subdivision or site condominium layout, the applicant shall submit a concept site plan of the property with a conventional layout. The plan shall indicate the topography of the site at 2 foot contour intervals and the limits of all-floodplains, water bodies, wetlands, easements, and other areas which would be set aside and preserved due to impracticality, economic unfeasibility, contractual prohibition, or based upon applicable law or ordinance. In addition, the concept plan with the conventional layout shall include the general street pattern and lot configurations. In general, the plan shall be drawn with sufficient detail to permit the Planning Commission to determine the density which would be achieved by conventional development.

A Picture Can Be Worth A Thousand Words, That's Why We're Now Offering PHOTO ADS. Don't Just Tell Them. . . Show Them!

LAYAWAY YOUR PUPPIE for Christmas. AKC Shih-tzu. Down payment and name required. Born Aug. 17, 1992. Partially paper trained and outside. All baby shots and wormed. Female \$375, Male \$350. Call and leave message for appointment. 628-9401.

PHOTO ADS can be of autos, boats, musical instruments, antiques, pets, houses - whatever you want to sell (only one item per

picture, please). For only \$20 the first week and \$15 each additional week you can show and tell in a 3-1/4 inch by 2 inch high boxed ad. Take your own picture or bring the item to our office and we'll take it for you at no charge. In addition to the picture, you can tell about your item in up to 35 words maximum.

LAKE ORION 3 BEDROOM RANCH, 11/2 baths, family room with fireplace, heated finished garage, fenced in yard, nicely landscaped, circle driveway, Lake Orion schools. \$79,000. 391-2774 (By Appt. Only).

Deadlines are 3 p.m. Friday prior to Wednesday's publication. PHOTO ADS must be paid when received at our office. If you wish to rerun your ad, bring a copy of the ad and \$15. There is a \$3 charge for wording changes.

Reproduction quality will depend upon sharpness of photos received with ad. "Show'n Tell Photo Ads" are for noncommercial accounts.

Your Show 'N Tell Photo Ads will appear in the Oxford Leader, The Lake Orion Review and The Clarkston News reaching over 10,000 homes.

**CUSTOMER** 

OF THE WEEK

Thank You Jimmy Sewell of Lake Orion for Purchasing Your

1992 Taurus GL

from

Skalnek Ford

Here are some of his comments on purchasing a new Ford from us: "Skal-

nek has a great selection of vehicles and I enjoyed the friendly atmo-

sphere. My sales person took his time with me and made me feel very

comfortable. It was a pleasure buying my vehicle from Skalnek and I

would definitely come back." Thanks again, Jimmy.

1976 SUBURNBAN: 4 wheel drive, front end body work needed. \$1000. 627-9573. IIICX11-2

MON. 8-7; TUES.-FRI 8-5; SAT. 9-3 Without Notice

THE BIG GAME against Pontiac Northern is 7 p.m. Friday for these football players. The Powderpuff game was Tuesday at the high

school. The tapping of the 1992 Homecoming king and queen took place last week and the field events take place on Friday at the

high school. The Homecoming Dance takes place on Saturday, Oct 17.

STEP BY STEP, the Clarkston High School marching band

entertains the crowd at the annual Homecoming parade.

# Glory of the game

PRECISION is a must for the CHS marching band's color guard. The guard adds color to the

band's shows during their invitationals and competitions.
