Unlicensed driver charged with murder

Weekend crash kills two men

BY BRAD MONASTIERE
Clarkston News Staff Writer

A Holly man who never earned a driver's license was charged with seven felony counts, including two second-degree murder charges, stemming from a Saturday morning high-speed chase and accident on Sashabaw Road.

Joseph Carl Weeder was arraigned in his hospital room at Pontiac Osteopathic on the two murder counts, two counts of operating under the influence causing death, two counts of fleeing and eluding a police officer, and one count of driving while license suspended or revoked. He faces possible life imprisonment, and a June 18 preliminary hearing is scheduled.

Gregory David Benninger, 27, of Lake Orion, died from injuries resulting in the crash, as did 27-year-old Andrew William Hartke of Keego Harbor. Both were riding in a 1997 Neon that was exiting I-75 and heading northbound on Sashabaw at the time of the accident.

Hartke is a 1989 graduate of Clarkston High School.

The incident occurred at 1:19 a.m. Saturday when Weeder fled from a routine traffic stop, according to Lt. Dale LaBair of the Oakland County Sheriff's Department Independence Substation.

LaBair said Weeder was stopped for running through a stop sign and pulled off to a side street near Sashabaw. As the deputy - whose name was not

Hughes re-elected

Incumbent Sheila Hughes was returned to the Clarkston Community Schools Board of Trustees Monday, by nearly a 2 to 1 ratio.

In unofficial totals, Hughes received 583 votes to challenger Charles Hensley's 308.

Voter turnout was the lowest since 1993 -- only three percent -- according to Cari Polidan of the Independence Township Clerk's office.

Clarkston Schools superintendent Dr. Al Roberts said, "Hughes is a consummate board member who's worked very hard for Clarkston schools. I'm happy to continue working with her."

"The board was appreciative that Charles Hensley ran in the race," Roberts added. "It's always good to have competition."

Hughes said with such a low voter turnout she had concerns about being re-elected.

"The low number of voters is disappointing, but I'm excited to serve another four years."

Oakland Community College incumbent trustees Judith Wiser, Janice Simmons and Anne Scott were also re-elected.

Reading, writing, eating lunch . . .

Clarkston High School students have been taking advantage of the nice weather to enjoy lunch outdoors lately. Signing yearbooks and chowing down Monday were (front row from left), Becca Flores, Monica Neil, Annie Whittington and Shannon Sadowski. Back row from the left are, Kim Burleigh, Audrey King, Nicole Villiere, Joe Baldiga and Cody Weverstad.

Clarkston homeowners seek water level improvements for the Mill Pond

BY EILEEN MCCARVILLE
Clarkston News Staff Writer

For years Mill Pond homeowners have struggled with water levels that, if not controlled, cause a multitude of problems.

If levels are too high, water can spill into people's backyards; if they're too low they can deplete the fish and make it difficult for boaters and fishermen to maneuver through the waters. Lower levels also tax homeowners' sprinkling systems and, in addition, it's a constant battle to keep the ponds free of debris.

The Mill Pond Association, a small, voluntary group of homeowners whose properties abut both the Upper and Lower Mill Ponds, have two concerns: one, the weed control problem, and two, how to establish a legal water level that would keep the depth maintained.

Currently the association is taking care of some matters itself. According to member Jack Cruikshank,

each year approximately 45 of the 63 affected homeowners pay \$3,500 for a spring cleanup, conducted by an aquatic service company, which chemically treats the weed problem.

The situation has been especially severe this year, with low water levels, due to lack of snow and spring rains.

Cruikshank said he's contacted a variety of sources for help, from Sen. Mat Dunaskiss (R-Lake Orion), to the Oakland County Drain Commission, to the state's Department of Environmental Quality. He hasn't come up with any answers.

"We've asked the DEQ several times. It's like talking to my dog. Apparently, we are a spit in the bucket to them. So we have to kind of do this on our own," he said.

Homeowners would like to see a permanent solution in place for pond maintenance and control of the dam system, currently regulated by Ed Adler, owner of

The News in Brief

Sidewalks, Saturn's fence could be resolved

Two issues the Springfield Township Board of Trustees have grappled with for several months could be put to rest at Thursday's regular meeting.

The board will have second readings on its proposed sidewalk maintenance ordinance as well as a planned unit development amendment to the Saturn North car dealership.

The sidewalk ordinance stems from a U.S. Supreme Court decision that makes all local municipalities liable for anything that occurs on sidewalks or other similar paths within their boundaries.

The board has discussed for several months how broad to make the ordinance, whether to include areas such as bikepaths inside parks.

A township board, when adopting a new ordinance, must go through first and second readings before it can become policy. When the board likes the first reading, it carries the ordinance over for a second reading, at which time it can be approved and adopted in the township's policy.

The Saturn North PUD deals with a fence constructed along the edge of the property. Township clerk Nancy Strole said the fence was needed for security reasons.

Saturn North needed a PUD amendment in order to construct the fence, because the original site plan the board approved did not include a fence. The township could also approve that project Thursday night.

Chamber to host candidates' breakfast

When you're scheduling your summer vacation, make sure you're in town Thursday, July 23. That's the date the Clarkston Area Chamber of Commerce will host a breakfast for candidates running for state senate of District 16, state representative for District 46, and Oakland County Commissioner for districts 2, 4 and 5.

The breakfast will be at Deer Lake Athletic Club at 7:30 a.m. in the poolside room. Audience members will be able to question the state senate and state representative candidates. County commissioner candidates will give a brief statement about themselves and give a brief statement.

The cost for the breakfast is \$10. Call 625-8055 for more information.

Schools set public hearing for budget

Clarkston Schools have set Monday, June 15 as the date for a public hearing on the budget. The meeting begins at 7 p.m. in the meeting room at the administration offices, 6389 Clarkston Road.

The budget will be approved Monday, June 22 at 7 p.m. at the administration offices.

Gardens galore

This year's Clarkston Farm and Garden Club perennial exchange was Saturday, May 30. Grace Savage, (from left) holds a bucket of plants that Laurine Gajeski will take home, while Gini Schultz and club president Kay Robertson look on. The Clarkston Farm and Garden Club will celebrate its 50th anniversary this year.

Why is it so important to save the environment?

By Stephanie Friewald

Why is it so important to save the environment? The answer to this question is simple; it is important to save the environment because the survival of the human race depends on it.

In the future many things can happen. If we work hard at recycling, and protecting animals the future will be a fun place where technology can advance and humans can continue living without worrying about collaps-

ing food chains, global warming and unsightly, contaminated dumps. If humans don't try to help the environment we may find that by destroying the earth we are destroying ourselves.

For instance, imagine what would happen if more of the animals on the earth become extinct. Besides the fact that we would lose a lot of beauty, we would also dismantle the Eco system.

To better explain this, picture the game of Jenga. Pretend that each

animal is a block, now randomly remove a few blocks, your structure becomes wobbly. Now remove a few more blocks; soon the whole structure falls down. Like the game of Jenga if you remove just a few blocks from our Eco system the whole thing will fall apart and eventually every living thing on our planet would die.

Garbage is a huge problem in the United States. Sometimes, garbage is thrown on the ground carelessly; innocent animals come along mistake the garbage for food and try to eat it. Often garbage will get stuck on an animal's leg, impairing it from being able to move.

When something gets stuck over an animal's jaw bad things also happen. The animal starves because it can not open its mouth to eat. When garbage is put in a dump, where it belongs, it can cause problems too. Dumps take up space where animals could have lived and they may leak into the groundwater. The only way to dispose of garbage that is harmless to everything is to recycle it.

Recycling is a wonderful process where used materials are cleaned, taken apart, and then made into new

things. Pop cans, cars, milk jugs, newspapers and other similar products can all be recycled.

We are all working together to make a better America when we recycle and hopefully soon even more products will become recyclable. In 1977 only an average of six cans per person were being recycled a year. By 1987 127 cans per person were being recycled a year. This proves we are making progress, let's keep up the good work America!

I think that if we all work hard and pitch in the world will become a better place. Someday our earth will become healthier by humans working together to stop annihilation of our planet, but for now let's try to prevent any further deterioration from happening. Groups like Students for a Better World work to prevent the further destruction of our planet.

I think we should all become more aware of the destruction that takes place on our planet everyday, at this very second millions of pieces of trash are waiting to be recycled and trillions of animals are waiting to be protected. So let's try to save our environment and all living things before it is too late!

So many tasks, so little time

Principal for a day

By 9 a.m., Stephanie had made the morning announcements and e-mailed assistant principal Charles Rowland. She was in the process of deciding which student planner to recommend students use in the fall. Next on Stephanie's agenda was reading up on how to properly conduct a fire drill.

Stephanie is the daughter of John and Judith Friewald. John said his daughter has wanted to be a teacher since third grade, and that her grandmother and great-grandmother were teachers. Her aunt is also a teacher, and her uncle is a school principal.

"Her mother and I are very proud," he said.

Greeting students at the front door, walking the halls and checking things out, visiting the in-school suspension room -- these are all part of a middle-school principal's day.

And Sashabaw Middle School seventh grader Stephanie Friewald got a taste of what the job is like recently.

Stephanie won an essay contest sponsored by Students For A Better World, one of the school's clubs. The topic for the essay was the environment, and the win earned her a day in the principal's chair.

SMS principal John Diliegghio was sent to a conference room to do his work.

SMS 7th grader Stephanie Friewald takes over the job as principal from John Diliegghio for a day.

Nine percent salary increase over three years; mid-winter break reduced to long weekend Teachers ratify contract, set '98-'99 calendar

BY MARALEE COOK
Clarkston News Editor

The ratification of the contract between the Clarkston Education Association and Clarkston schools went off pretty much without a hitch this spring. The terms were agreed to by union members at better than a two-to-one vote, according to CEA president Bill Curtis.

It encompasses salary increases, daily planning time, and incentives to reduce absenteeism, as well as setting the school calendar for 1998-99 (see boxes). He added all parties were pleased the contract was settled before the summer break.

The three-year contract is the second to be settled through Accord, a cooperative effort of ongoing monthly meetings between the administration and the CEA.

Linda Nester, director of personnel and administrative services for the schools, said the process is a collaborative way of negotiating which has been in place for about six years.

"We always work for the common good to work out problems or situations which could develop into problems."

Nester added this year was the first for hearings on different issues for teachers. Some of those tackled included middle school day schedules and the expectations and pay for teachers involved in extra-curricular activities. Following the hearings, Nester said subcommittees were set up to iron out the details.

Members of the support staff at the schools are part of Concord, which operates the same way.

Representatives from administration meet monthly with secretaries, paraprofessionals, bus drivers and other support staff to address current and upcoming issues. On the list right now are concerns about the move to the new high school, she said.

There are some changes in next year's calendar. One of the most noticeable is the reduction of the week-long mid-winter break. It is now called Presidents' Day Recess and in 1999 will be Friday, February 12 through Monday, February 15.

New to the calendar will be the observance of Martin Luther King Jr. Day, Monday, January 18, 1999.

Duane Lewis, a consultant to personnel services, said the reduction of mid-winter break was in response to a telephone poll conducted last winter by school administrators. An overwhelming majority of parents wanted the break eliminated or reduced.

The mid-winter break had been expanded in the early 1990s from a four-day weekend when the board

(3) Tentative ending day of school year, subject to additional makeup days for inclement weather or other emergency causes, see Article XIII.
(4) Compensation time one-half (1/2) day provided for teachers for participating in evening open house.

The 1999-00 and 2000-01 school calendars will be developed by Accord and distributed by February 1, 1999

of education opted to go along with the vacation schedule most of the other districts in Oakland County were following, said Lewis.

But over the last four years many families who don't travel were not in favor of the break. Other parents found it a hardship in terms of child care.

Another reason for the decision to shorten mid-winter break was the continual addition of professional development days and instruction hours. Lewis said

other districts are beginning to consider shortening their mid-winter breaks also.

Lewis said during contract talks teachers were about 50-50 on reducing the break, so the administration decided in favor of the parents.

He added surveyed parents also wanted school to start after Labor Day. That's not possible, without extending the school year to the end of June, Lewis said,

Black bear's trip to Clarkston a short one

A little excitement came to the Clarkston area last week with the visit of a black bear to a Dixie Highway-White Lake Road neighborhood.

The 125-150 pound bear was first spotted near bird feeders by residents of Northcrest condominiums June 1.

Conservation officers from the Department of Natural Resources tried to entice the animal into a cage with a mixture of sweets and pork. But the bear had other plans.

By Thursday a black bear was sighted on a farm in Goodrich, 12 miles to the north, and conservation officers presumed it was the same one.

Officer Linda Copeland-Morgan said the fact the bait had been ignored by the bear, and there were no fresh tracks, indicated he (or she) had moved on.

Tim Reis, a wildlife biologist with the DNR said

it was not unusual for a bear to travel great distances in a short period of time. And the bear is expected to continue moving north.

Reis said this is the time of the year bear families break up, and officials were assuming the bear had strayed too far from his natural habitat.

The natural habitat for bears is the Upper Peninsula, and the northeastern portion of the Lower Peninsula. But recently, bears have been sighted as far south as areas north of Grand Rapids and Lansing. This was the first sighting in Oakland County.

Reis speculated that regulations on bear hunting since 1991 have allowed the population to grow from 7,000 to its current 12,000. Since bear sightings are becoming more frequent, DNR officials may re-evaluate the bear harvesting policy in the interest of public safety, he said.

DNR wildlife biologist Tim Reis

Teacher contract

Continued from page 4A

but classes will start later than in the past.

The students will return to school Monday, August 31 for a half-day. Labor Day recess will be Friday, September 4 through Monday, September 7.

Clarkston's School Board unanimously approved a three-year teacher contract at its May 26 meeting, establishing next year's school calendar, making sweeping changes in middle school operations, and creating at least one innovative plan to combat absenteeism.

Highlights of the contract, which was approved by district teachers on May 18, include the following:

- Teacher salaries will be increased 3.71% in 1998-99, 3.00% in 1999-2000, and 2.25% or the State Foundation Grant (whichever is higher) for 2000-2001.

- Daily planning time for teachers at the elementary level will increase. The district will guarantee four days of a "special" curriculum (i.e. Music, Physical Education or Health/Fitness) for each classroom.

- Middle school team planning periods will be built into the daily schedule beginning in the year 2000-01. The district will undertake an extensive study next year to determine how the Team Planning Time will be used and what curriculum modifications will be necessary.

- A Middle School Advisor/Advisee program will be established with a 10-15 minute daily "homeroom" for students in grades 6, 7, and 8.

- Staffing for new buildings will not be based solely on teacher seniority. The district will attempt to balance all building teaching staffs between new and experienced teachers.

- A new incentive to reduce absenteeism has been approved. Teachers who use less than the allotted quota of personal/sick days each year will qualify for a new system and be eligible for a cash incentive. Once qualified, the teacher who has accumulated over 90 unused days can "sell" up to 20% of the days over 90 back to the district for an estab-

lished per diem amount.

- The 1998-99 school calendar adds one day of Professional Development for teachers. Although reducing students days to 182, five minutes have been added to each day to meet state mandates for instructional time. Brand new teachers will work 193 days, returning teachers 189. In addition, the number of half-days have been reduced at all levels: elementary from six to four; middle schools from eight to four; and high school from eight to six. Uniform parent/teacher conferences have been scheduled at all levels, and Mid-Winter break has been reduced from five days to two.

The approved contract also establishes several studies and projects that will be undertaken in Clarkston next year. These include the creation of school calendars for the years 1999-2000 and 2000-2001, a wide-ranging middle school study, and the analysis of a move to six marking periods from the current four.

The Clarkston News

I know bread is sold or bought by the pound, but I always feel cheated when I find a hole in a loaf.

Here's some questions that bother me: Why doesn't glue stick to the inside of the bottle? And, if a mute swears does his mother wash his hands with soap? And, why isn't there mouse flavored cat food?

In America the Chrysler Corp. and Daimler-Benz AG arrangement is called a merger. In Germany it's called a buy-out.

Bob Westenberg, of Sedona, AZ, writes the world's smallest newsletter. It's on a postcard, but it's jammed with interesting stuff, like:

Before filing something, remember that 80 percent of everything filed is never referred to again.

A happy customer usually tells three other people. An unhappy one tells 11.

28 percent of Americans go to a library at least monthly; 27 percent never go.

Your risk of having a heart attack is 50 percent greater on Mondays.

Gen. Douglas MacArthur's mom accompanied him to West Point and took an apartment overlooking his dorm to be sure he studied. It worked. He was graduated No. 1 in his class.

The average American spends 49 hours in a lifetime seeing doctors and 64 hours waiting to see them.

Life crises can have long-term positive effects. More than 87 percent of people studied said crises such as death, illness, breakups and divorce gave life more meaning.

Replace bad habits with good habits. Use mental images to picture the desired end result. It takes about 21 days to form most habits, good or bad.

In an average lifetime you'll spend four years traveling in cars and six months waiting for red lights to turn green.

Fifty-six percent of divorced Americans lived with the ex before they were married.

Fifty percent of loans made to family members are never repaid; at least 75 percent of those made to friends are unpaid.

Westenberg lists some business mistakes:

Walt Disney was fired by a newspaper. The reason? Lack of ideas.

Memo by an MGM exec after Fred Astaire's first screen test in 1933: "Can't act. Slightly bald. Can dance a little."

Bette Davis, Clark Gable, Maurice Chevalier, Shirley Temple and Laurence Olivier all failed their screen tests.

Louisa May Alcott's family advised her to find work as a servant; Beethoven's violin teacher declared him hopeless as a composer.

IBM, GE and RCA all rejected the Xerox machine. Parker Bros. turned down Trivial Pursuit. The creator of Life Savers sold the company for \$2,900.

We appreciate your opinion! Send your letters to the editor to The Clarkston News, 5 S. Main Street, Clarkston, MI 48346. Be sure to include your name, address, and a phone number where you can be reached. If you want your name withheld, please indicate such.

Thanks for sharing Clarkston's heritage

Dear Editor,

A special thank you to our community who once again opened its doors to our second grade students to bring Clarkston's heritage alive.

We thank our many moms who contacted people in the community and all the parents who spent the day walking with us. Mrs. Basinger, Mrs. Stern, Mrs. Walker and Mrs. Walter not only opened their homes but shared the history of their homes with us.

The business community also graciously opened their doors to us. The Clarkston Conservatory, Clarkston Country Store & Main Street Antiques, The Millpond Inn, and the Union General Store all allowed us to visit and shared the history of their buildings and businesses.

Police Chief Ormiston showed us how the police station works and the students were able to take a closer look at a police car. The day ended with a visit to the township hall where treasurer Jim Wenger gave us a tour of the hall and shared the history of the building. The students also got to participate in a mock township meeting.

Our children have a better appreciation of their community and its heritage because of the terrific people in Clarkston.

Vote for Tom Middleton for state rep.

Dear Editor,

I write today in support of State Representative Tom Middleton as he seeks the Republican nomination for the 16th District Senate seat. It is heartening to me to see that there are still people of integrity and exemplary character that want to serve the public in a government role.

I am especially pleased that Tom Middleton is running for this seat. I have known Tom and his family for many years, and I know that he is very aware of the needs of Oakland County. He has lived in the northern part of the county all his life and has witnessed the tremendous changes and growth in the area.

Tom's eight years of public service as a state

representative and his previous years working as a farmer and small businessman have provided him with the background to do a very effective job representing the 16th District in the State Senate.

Tom is known for his dedication to resolving problems and working out solutions without concern for who gets the credit. He is honest, hard working and will do an excellent job as our senator.

Be sure to join me on August 4th in casting your vote for Tom Middleton for Senate in the 16th District. This is a very important primary vote.

Sincerely,
Claude A. Trim
Davisburg

ROLLING ALONG

By Maralee Cook

Congratulations

One of the especially nice things teachers and administrators at Clarkston Schools do for students is to send notes of congratulations for their achievements.

Over the last couple of years superintendent Dr. Al Roberts and principal Brent Cooley have sent congratulatory notes to students, including my two, for academic and athletic achievements.

And Blue and Gold club advisor Melissa Kentner -White sends thank you notes to students as well. What a great show of support and gratitude for the kids' hard work and dedication.

But two teachers have really gone the extra mile to recognize their students, in my opinion -- Pine Knob Elementary School teachers Ruth Powers and Barb Scheffer.

Ruth was my daughter Elizabeth's first grade teacher.

Last week, Elizabeth, who graduates tonight (Wednesday), received a note of congratulations from Ruth. And not just a note. She also included a drawing of her Elizabeth had done in class. The drawing was in excellent condition and had obviously been preserved with a lot of care.

When I called Ruth to thank her, she said she and Barb have been doing this for about 10 years.

In the beginning they just sent cards, then decided to save and send papers the students had done in class "because not everyone saves their papers."

Ruth and Barb get a list of their former students who have stayed in town and are graduating, then send them the congratulatory notes and school papers.

What a thoughtful, classy thing to do!

Clarkston High School yearbooks get better each year, and this year's is wonderful. Congratulations to the yearbook staff and advisors Kris Nemesi and Linda Denstaedt.

The photographs are dynamic, the topics and copy are clever -- it's very impressive.

Unfortunately the order came in about 75 short. The Clarkston News, other businesses, adults, and community members will have to wait until August until more copies arrive.

But the wait will be worth it.

More letters

Thanks for Post-Grad Party support

Dear Editor;

We would like to extend our heartfelt thanks to all involved in the post-graduation party.

This is a huge undertaking and without all the help from businesses, senior parents and the Deer Lake Racquet Club it would not be possible. The success of the event is due to the generosity of the Clarkston community.

Most area businesses donated food, supplies, and money totaling thousands of dollars. CHS parents supplied much of the same, but mostly gave many hours of their time, as well as their outstanding talent to ensure our seniors had a great farewell party.

The combined effort of all committees is greatly

appreciated. Because of their help, as well as Deer Lake Racquet Club letting us use their entire facility, the senior class had a safe and fun-filled all night party after the graduation ceremony.

For anyone considering involvement in future CHS post-graduation parties, we highly recommend it. When you see the seniors' faces when they walk into the party, it is well worth the many hours of planning.

To the class of '98, we have enjoyed contributing a small part to your senior year of high school. Congratulations and best wishes with all your future plans.

Carole Webster
Tina Verlinden

SUPERINTENDENT'S CORNER

by Al Roberts, Ed. D.

A world class school system

A few days ago I had the pleasure of speaking with the Clarkston Area Chamber of Commerce about our plans to build a world class school system here in Clarkston. Since I arrived two years ago we have made much progress and I wanted to show them where we think we are heading from here.

The 20th Century standards developed by your local public school system were strong in reading, writing, and arithmetic and they remain strong in Clarkston today. But the latter part of this century has changed the curriculum dramatically. As we look ahead to the 21st Century, we have a potpourri of classes and projects to add to the mix. Our curriculum has expanded to include information management, critical-thinking and problem-solving skills, the use of technology, decision-making skills, and the ability to cope with rapid change. But our work doesn't stop there.

Given today's Social climate and jobs market, we must also encourage creativity and teamwork, communications skills, and parenting skills. And we like to emphasize community service and responsibility, incorporate values, and develop positive self-esteem and work ethics in our youngsters. Beyond all those tasks is our commitment to lifelong learning!

You can see the challenges we face with a "full plate" like this one! To raise our level of student performance, we can now provide space and technology, and we intend to use those resources wisely. We know we can develop a recipe for success by involving the community and communicating frequently.

Our recipe looks something like this:

- * One part Clarkston tradition. (Positive attitudes, hard work, involvement, and good basics)
- * One part Research and Change (Using the best strategies of great teachers, having a better understanding of how students learn, and employing practice, patience, and evaluation)
- * One part Vision and Calculated Risk (This means staying with the mission of our district, creating bold new initiatives, developing action plans which support ongoing efforts at school improvement, and keeping our priorities straight)

* One part Facilities Use and Creativity (Our construction projects including the New Clarkston High School, a new elementary school, and remodeling existing buildings)

This recipe will result in "gourmet" school system that appreciates its past, maximizes its present, and plans a bright future.

DON'T RUSH ME / by Don Rush

Send in the rocket scientists

I think Shakespeare was wrong, well at least not fully correct. When he penned his idea of doing away with lawyers he should have added two words . . .

" . . . and bureaucrats."

Last week the buzz around these parts, at least in local TV news and daily newspapers, was the National Highway Traffic Safety Administration's most recent findings, simply: when cars and trucks collide the cars lose.

How much money did that whole study cost? And who was the rocket scientist that okayed it? The government bureaucrats have the country by the . . . wallet.

They continually make work for themselves, justifying their existence and the further development of whatever department they work for.

Here's the actual verbiage from last week's Associated Press article: "The National Highway Traffic Safety Administration released the results of four crash tests Tuesday that agency officials say mirror what is happening in real world crashes: The passengers in cars are suffering more deaths and injuries than those in light trucks -- sport utility vehicles, pickup

trucks and vans . . ."

DAH! Dah, Dah, Dah! Somebody stop the presses, we have breaking news! Bigger, heavier vehicles protect their passengers better than smaller, lighter vehicles.

Why do smackin' frackin', blood-suckin, power-hungry, non-common-sense, people flock to run (ruin) our government?

Oh, the story goes on to say there will be more, further testing, as a GM official was quoted, "The testing the government has done is just the first snapshot of the research effort they'll develop over the next few years."

And, I just know those who would protect us from ourselves have it planned there will be no trucks for average citizens -- we can't handle them. They'll tax 'em off the market.

Don't they understand, Americans want those vehicles -- they want to protect their wives and their children with more metal, plastic and whatever. I suppose that's being selfish -- but so what, we're American and they can pound sand and . . . and . . . (fill in your own blank).

People poll

By Eileen McCarville

How many Beanie Babies do you have?

All polled are from Bailey Lake Elementary

Laurie Eller,
Physical
Education
Teacher: About
30 regular ones
and a full set of
the McDonald's.
But I didn't get the
whole McDonald's
set last time. I'm
so disappointed. I
guess my favorite
is the ostrich,
Stretch. He's a
little different.

Maria
Frenberg,
Third Grade: I
have about 20,
including a
Princess Di. I just
got three of them
yesterday. My
favorite one is the
Jerry Garcia bear.

Aly Clark,
Third Grade:
Like 53 or
something. We
have 26 retired
ones. I like
Nanook, the
husky.

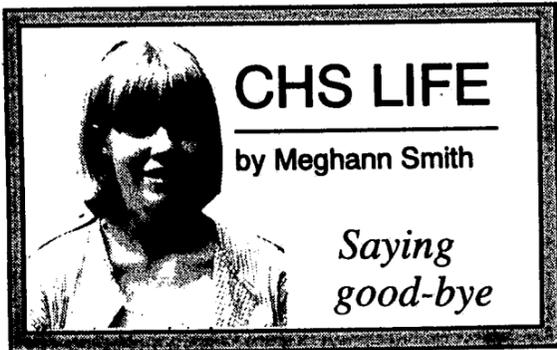

Katelyn
Coates,
Second Grade:
I have about 200. I
like Flash the
dolphin and Echo
the dolphin too.

Jenna Coates,
Kindergarten:
I have about 21. I
like the dog Sparky
and the whale.

CHS LIFE

by Meghann Smith

Saying good-bye

My relationship of seven months ended this past week. This should explain any murderous glares or teary eyes if you happened to see me when he was within a five mile radius. My parents tell me it was just first love, I should get over him and find a new boyfriend.

My guy friends say it's a good thing, now they don't have to listen to me complain about our stupid arguments and they can date me (a two for one deal). My girlfriends say he was a jerk, they don't see what I saw in him for that long of a time anyway. I get butterflies in my stomach every time he is mentioned.

Having butterflies in your stomach is given a whole new meaning when you are suddenly single. They feel more like pterodactyls than butterflies and they go into a frenzy every time I see him, hear his voice, or think of him. That gives me a small breathing period each day in which my stomach feels calm enough to spoon Ben and Jerry's into my mouth.

Skipping all the embarrassing details, I'll move right on to the punch line, I broke up with him. I wonder if he is more upset that "we" are now "you and I" or that I broke his track record of never being dumped. Everybody tells me it's better to have loved and lost than to have never loved at all. This is a great concept, but technically he's not lost, I know exactly where my "friend's" house is, so I'm sure I could find him.

But the more I think about everything the more I begin to realize why I cried myself to sleep the night we broke up. I'm not upset because of my sudden loss of a guaranteed Friday night date. I'm upset because come Wednesday he is going to walk across a stage and out of my life.

Up until Wednesday, he still is a senior who is just doing stupid, "I'm never going to see my friends again so I've got to cram four years of weekends into this last few weeks" things. Therefore, up until Wednesday I can bump into him at high school hang outs and high school parties.

On Wednesday he grows up and I lose more than the boyfriend I lost two weeks ago, I lose more than high school ties that attached my ex to me. On Wednesday he is cut loose from those ties. On Wednesday as he walks across that stage (the stage all high schoolers ultimately anticipate crossing) and I lose my best friend for the past seven months.

Congratulations to the Class of '98, who are all grown up and leaving us behind!

Graduates' hard work and perseverance has paid off

Dear Editor;

Congratulations to our 1998 graduates! You made it! Your hard work and perseverance has paid off. Your town of Clarkston is proud of you. We look forward to celebrating with you and your parents. Continued success in your future endeavors.

Enjoy a safe and happy graduation season!

Carol Schwarz

Clarkston Community Task
Force for Youth

Got a good sports story to share? Call Brad at The Clarkston News, 625-3370.

15 YEARS AGO (1983)

The Class of 1983 from Clarkston High School boasts seven top students, all achieving cumulative grade point averages of 3.8 to 4.0. They are Amy Selvala, James Zeleznik, Marget Nelson, Jeffrey Blagg, Kathy Mullen, Michael Suran and Jane Coleman.

The statistics are piling up; so are the cars. The intersection at Maybee and Dixie Highway has seen an increase in accidents over the last two years. In 1981 it ranked fifth with nine accidents; in 1982 it jumped to third place with 14.

Clarkston Junior High School's 12-year-old Peggy Agar is named "first in individual problem solving" at the international problem solving competition in Cedar Rapids, Iowa.

25 YEARS AGO (1973)

Ward Sussex is elected president of Clarkston Elementary Parent Teacher Association for the 1973-74 school year.

New deeper drainage ditches in areas where sewer work has been completed are causing ponding problems in Clarkston Gardens, the Stern-Seligman Subdivision and parts of Clarkston Estates.

Lori Womack, 14, a Clarkston Junior High School ninth-grader, is Clarkston Youth Assistance Teen of the Week. Lori is an honor student and a singer who, last year, toured with the Maranatha Youth Choir to Colorado, Kansas and Nebraska.

50 YEARS AGO (1948)

Commencement exercises for Clarkston High

School graduates are held Wednesday night. Speeches are given by valedictorians Mary Secan and Frances Dailey and by salutatorian Barbara Rioux. Graduate Ivan Rouse plays a piano selection with Joseph Kleiner of Pontiac accompanying him on another piano.

Among the graduates at the University of Michigan on Saturday is Mary B. Wompole, daughter of Mr. and Mrs. A.B. Wompole of Clarkston, who is the only student to receive a degree in landscape architecture this year.

Playing at the Drayton Theatre are Tyrone Power and Jean Peters in "Captain From Castile" and Ginger Rogers and Cornel Wilde in "It Had to be You."

60 YEARS AGO (1938)

From "The Hilltopper," profiles of some seniors graduating this year: Betty Chamberlain: her ambition is to draw cartoons, her pet peeve is red nail polish; King McIntyre: his ambition is to be the perfect husband, he leaves CHS and his gentle voice; Vivian O'Roark: her ambition is to be a supervisor of nurses, she leaves CHS and the home ec. room; Dan Addis: his ambition is to be a Swing-it band leader, he leaves CHS and his baton; Violet Coy: her pet peeve is boys with blonde hair, she is seen with boys with black curly hair, she leaves CHS and her Juicy Fruit gum; Paul Shaughnessy: his ambition is to be the world's best violin player, he leaves CHS and his violin; Marie Tremper: her pet peeve is girls that don't flirt, she leaves CHS and her afternoon absences; Ralph Yost: his pet peeve is getting up at 4 o'clock in the morning.

FINANCING THE AMERICAN DREAM

Post-Grad Party tonight Milzows honored for hosting safe all-night party since 1987

"I can't believe you did all this for us!" That's what Clarkston High School principal Brent Cooley said he hears from his seniors every year at their Post-Grad Party. And he expects to hear those same comments after tonight's (Wednesday) party too.

The Post-Grad Party has been an annual event since 1987. Forrest and Jacqui Milzow, owners of Deer Lake Athletic Club, have hosted the event since that time, and were honored for their contribution May 27.

Cooley and Post-Grad Party co-chairs Carole Webster and Tina Verlinden presented the Milzows with a plaque commemorating their service to the community.

The idea for an all-night party following graduation was first suggested by former CHS principal Bob Burek, Cooley said.

The intent was and still is, he added, to provide a safe place for students to celebrate graduation with their classmates.

Students arrive at Deer Lake between 10 and 11 p.m. and must remain until 5:30 a.m. They're treated to the use of the pool and facilities, plus non-stop food, games, prizes and fun.

The kids pick the theme for the party, and this year's theme is the Roaring 20s. But the decorations are being kept secret.

Senior parents work long and hard to put the party together, said Webster. There are about 200 parent volunteers.

"Seeing their faces when they walk in the door - the hours of work just melt away," Webster said.

Cooley said "Al Pope (Post-Grad Party Ways and Means Committee chairman) said, 'Every senior parent or guardian can sleep easy knowing their kids are safe as can be.'"

Forrest and Jacqui Milzow, (left) owners of Deer Lake Athletic Club, were honored by CHS principal Brent Cooley and Post-Graduate Party Chairwomen Carole Webster and Tina Verlinden May 27. Deer Lake Athletic Club has hosted the Post-Grad Party since 1987.

Did You Know?

(NAPS)—Two organizations considered authorities on vision health—the American Academy of Ophthalmology and the American Optometric Association—recommend wearing sunglasses that block out at least 99 percent to 100 percent of UV-A and UV-B radiation.

CONGRATULATIONS!

At School

1993 Clarkston High School graduate **Erica Lynn Nienstedt** graduated cum laude from the University of Michigan-Ann Arbor with a bachelor of fine arts in industrial design and graphic design.

Wilson Thomas Frederick of Clarkston has earned a master of arts degree from Indiana University at Bloomington.

Clarkston resident **Heather Steinhelper** has graduated with honors from Madonna University.

Madonna University has named **Shawna Greene, Jenna Lopucki, Christina Miller, and Jennifer Shields** of Clarkston to the dean's list in recognition of superior academic achievement.

Madonna University has named Clarkston residents **Karrie Marsh, Karen McMillen, Christine Pendley, Heather Hanson and Diane Whittington** to the dean's list for part-time students for superior academic achievement.

1994 Clarkston High School graduate **Nikole Greene** has received a bachelor of arts degree in international business from Adrian College. She is the daughter of Victoria Greene of Clarkston.

1992 Clarkston High School graduate **Emily Plec** completed her master of arts degree in rhetoric and media studies at the University of New Mexico in December, 1997. She plans to enter the doctoral program in communication at the University of Utah in the

fall. She is the daughter of former Clarkston residents Robert and Carol Plec.

Kristin Alkire of Clarkston has received a bachelor of arts degree in English from St. Mary's College.

James R. Cantrell of Clarkston has been awarded an Insignis Scholarship at University of Detroit Mercy. Through the scholarship, half of the student's tuition and full room costs are paid over four years of schooling. James is a Clarkston High School graduate, and the son of Geneva Lynn and Randall Cantrell.

The oldest known harmonized music performed today is the English song *Sumer Is Icumen In*, which dates from about 1240.

School lunch prices will increase in the fall

At their regular meeting Monday night, Clarkston school board members approved an increase in lunch prices at the elementary and secondary schools.

Lunches will be increased by 10 cents, and milk by 5 cents. New lunch prices will be \$1.60 at the elementary schools and \$2 at the secondary schools. New milk prices will be 35 cents for elementary and secondary schools. The last price increase was during the 1996-97 school year. The prices are about average compared to other districts, according to Janet Meads of Clarkston Food Services.

The need for the increase was based on a five percent increase in food prices and an upcoming three percent salary increase for cafeteria workers. Wage increases are also expected next year for cafeteria managers and drivers when their contracts expire.

Fire Log

Monday, June 1, medicals on N. Eston, Clarkston Middle School and Pine Knob Rd.
 Activiated alarm on Chestnut Hill. No problem was found.
 Grass fire on Pine Knob Rd.
 Injury accident on Maybee.
 Structure fire on Joy.
 Wires down in a backyard on Bluegrass.

Tuesday, June 2, school bus-auto accident on Sashabaw. No injuries were reported.
 Injury accidents on Sashabaw, and two on Dixie.
 Medicals on Marshbank, Maybee, and two on Mann.

Wednesday, June 3, car fire on I-75.
 Injury accident on White Lake Road.

Thursday, June 4, smoke investigation on Pine Knob Lane.
 Medical on Parview.

Friday, June 5, burning complaint on Ascension.
 Injury accident on Dixie.

Saturday, June 6, injury accident on Sashabaw.
 Car fires on White Lake, and two on I-75.
 Medicals on Joy, Dixie and Marysue.

Sunday, June 7, medicals on Waterford Rd., Dixie, Snowapple, Parkwood and Northview.
 Injury accidents on I-75 and M-15.
 Car fire on I-75.
 Carbon Monoxide investigation on Huron.

At the library

Go beyond the Titanic to read nautical adventures of sailors and the sea, look for romance while finding "50 ways to leave your lover," get your blood pumping with tales of survival, ship wrecks, plane crashes, and strandings. Does a herbaceous border suggest a good place to dump a body? It might after you read mysteries with garden settings.

These are just some of the categories of books that participants will choose from this summer as Independence Township Library presents its 7th annual Summer Reading Club for Adults.

"I read to dream" is the motto for this year's Summer Reading Club for Adults which begins June 22 and runs through August 31. Participants can dream of prizes while they also dream of new worlds, fantastic worlds, ancient worlds, scary worlds, or even familiar worlds seen in a new way.

Club participants will receive a packet of suggested readings in nine categories of fiction and non-fiction. Any member who reads a book in five of the nine categories by August 31 will be eligible for the

Grand Prize drawing. The Grand Prize is a \$50 gift certificate from Borders Books. Other fun prizes are also awarded in the prize drawings.

To register for the Summer Reading Club for Adults, come to the library's Reference Desk anytime beginning June 22. Independence Township Library is located at 6495 Clarkston Road, Clarkston. For more information call the library at (248) 625-2212.

Police launch patrol at Deer Lake Beach

BY EILEEN McCARVILLE
Clarkston News Staff Writer

Deer Lake waters will be safer this summer, thanks to Clarkston police and Independence Township Parks and Rec.

City Police Chief Paul Ormiston said parks and recreation director Ann Conklin asked him to provide additional enforcement at the city beach on weekends and holidays for those who use the boat launch at the all-sports lake. He plans to have one officer on site from now through Labor Day.

Conklin said the extra enforcement is needed to handle large crowds that use the beach those days.

"We get so many people who like to use the beach launch. It's a popular place and we're just trying to step up the patrols," she said.

Ormiston said his officers will check to make sure boats are properly licensed and the proper permits are in order. Officers will also oversee the number of boats and other vehicles on the lake and make sure boaters aren't carrying alcohol.

They will check to see they are of age. The rules say no child less than 12 years of age may operate a motorboat or personal watercraft (like Jetskis and wave runners), unless certain specified conditions are adhered to.

In previous years, an extra lifeguard did the job, but that has become too difficult for the parks and rec. staff. The police will provide "better control of the people launching from the boat launch," and make sure they are following proper rules and regulations, Conklin said. "Our lifeguards will continue to do it on the weekdays."

Conklin said the number of watercraft allowed in Deer Lake at any given time is based on "what the parking lot will hold," estimated to be 10-14 spaces taken up by cars, their boats and trailers.

Enforcement of alcohol has not been a problem, but Conklin said officers will make sure that people follow the rules in that case as well. "It's not an issue. It's one of our rules. We've not had a problem with

that."

Deer Lake's weekend hours (Saturday and Sunday) are from 10 a.m. to 8 p.m. "But people can launch before and after that if they have their pass and their key," Conklin said, adding that those items are available for a fee from parks and rec. (625-8223).

The township operates the city beach from Memorial Day through Labor Day. "They can buy a season pass. That entitles them to a key, boat sticker and swimming beach pass," she said.

Boat and personal watercraft operators must follow the "no-wake" law from 7:30 p.m. to 11 a.m. That means persons can't create waves in the water as a result of their watercraft — considered to be dangerous anytime, but even more so at night. The activity is also noisy and creates disturbance, Conklin said.

As for fishermen, canoeists and sailboaters, "They can go anytime," she added, "as long as they follow the (State of Michigan) marine laws."

Do you know the rules?

● Children less than 12 years of age may not operate motorboats in Michigan unless they're accompanied by persons 16 years of age or older.

● Children 12-15 may operate motorboats or personalized motorcraft (Jetskis, etc.) if they comply with either of the following: they are accompanied by a least one person 16 years or older, or they possess a boating safety certificate, issued after they complete a course in boating safety.

● A person shall not operate any kind of watercraft unless each child less than 6 years of age is wearing a personal floatation device (life jacket).

● Those who break the above rule can be fined as much as \$100 per violation.

● Under township ordinance, alcoholic beverages are not permitted on any boat.

In honoring your graduate, consider a contribution to the Clarkston Task Force For Youth. Pick up an envelope at Independence Twp. library or call Cindy Dixon at 394-0252.

MILESTONES

Bennetts celebrate 40th wedding anniversary

Margaret and Gene Bennett of Clarkston are celebrating their 40th wedding anniversary.

● It's a girl for Bruce and Anne Clifton of Clarkston. Haile Elizabeth Clifton was born April 28, 1998 at the Province Hospital in Novi. She weighed 6 lbs., 2 oz. and was 21 inches long. She was welcomed by her brother Brian. The grandparents are Ona Clifton of Florida and Harlene Gilson of Farmington Hills.

Baby girl arrives for Jeff and Andrea Ryan

● It's a girl for Jeff and Andrea Ryan of Waterford. Sarah Catherine Ryan was born March 17, 1998 at the North Oakland Medical Center in Pontiac. She weighed 7 lbs., 15 oz. and was 20 inches long. The grandparents are Ron and Julie Prince of Clarkston and Dale and Linda Ryan of Clarkston. The great-grandparents are Lena Ryan of Clarkston, Cliff and Hazel Bennett of Clarkston and Ann Watt of New Baltimore.

● It's a boy for Neal and Gina Scalf of Waterford. Neal William Scalf was born April 21, 1998 at North Oakland Medical Center in Pontiac. He weighed 8 lbs., 3 oz. and was 20 inches long. The grandparents are W. Neal and Rochelle Scalf and William and Paula Bernhardt, all of Clarkston. The great-grandparents are Margaret Bernhardt and Roxie Scalf of Kentucky and Lena Scola.

Mark V. Galan, a 1988 Clarkston High School graduate, graduated from Wayne State University School of Medicine June 4.

He will begin his residency at William Beaumont Hospital in Royal Oak, specializing in internal medicine. He is the son of Bob and Sally Galan of Clarkston.

Dudley-Davis

Michael Bernard Davis and Kimberly Ann (Dudley) Davis were married May 10, 1997 at the Clarkston United Methodist Church. The bride is a recent graduate of Oakland University and will begin her student teaching at North Sashabaw Elementary School in the fall. She is the daughter of Patty Brancheau and Ray Didley of Florida. The groom works as a design engineer at DECS in Troy, and is the son of Bernard Davis and Barbara McDonald of England.

Having a milestone? You can appear on this page. Color or black-and-white photos are acceptable. Send items to The Clarkston News, 5 S. Main St., Clarkston, MI 48346. Deadline each week is noon Monday.

Wascally Wabbit comes to Pine Knob

Classic cartoons seem to be a hit with everyone. But beef them up with a 50-piece symphony orchestra and other special effects and you've got a concert.

Renowned composer and animation aficionado George Daugherty has done just that. A fan of Merrie Melodies, Daugherty has taken some of Mel Blanc's best creations and turned them into a two-hour crowd-pleaser that projects classic animated shorts onto a big screen, while orchestra members play many of the hits that made Warner Brothers, and songwriters Carl Stalling and Milt Franklyn, famous.

Billed as "Bugs Bunny on Broadway," the animated series includes many familiar classical pieces that became a starting point for the Cwazy Wabbit's tongue-and-cheek adventures. Who doesn't remember legendary performances like "The Rabbit of Seville," "Long-Haired Hare," "A Comy Concerto" and "What's Opera, Doc?"

No doubt, the antics would have Rossini, Strauss, Wagner and Tchaikovsky rolling (with laughter) in their graves.

Backed by the 50-piece orchestra, the famous voice characterizations of the late Blanc and others are re-created digitally, complete with all the wacky sound effects of the original cartoons.

Inspired by Warner Brothers' 50th anniversary of its flagship character Bugs, the show had its debut in San Diego two years ago. It was an instant hit, and Daugherty realized his next step was to take it on the road — and straight to Broadway.

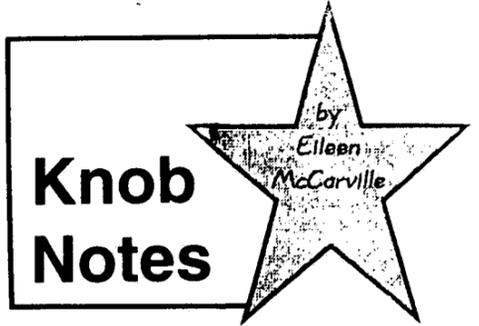

A sampling of critical accolades includes "Spectacular" and "Hilarious," with "Newsweek" giving the show "Four carrots, highest rating!"

Daugherty was overwhelmed. "The remarkable thing was the make-up of the audience. We had imagined that we had a nice piece of family entertainment, but it turned out that 85 percent of our audience were raving adult Bugs Bunny fanatics. It was phenomenal, like 'The Rocky Horror Picture Show' or something, with people coming in costumes, wearing rabbit ears."

Jeff Corey, public relations director for Palace Sports and Entertainment, which owns Pine Knob Music Theatre and manages Meadow Brook Music

conductor/creator George Daugherty

Festival, said the show sold out at Meadow Brook last year. This year they decided to book it at Pine Knob, which has twice as many seats.

Corey said it has an "element of liveness" you just don't get on TV. Plus, there are those great, side-splitting lyrics. One of his favorites is an aria by Elmer Fudd, said Corey, laughing as he did his best to recreate the following operatic line. "I must kill the waaa-bbit ..."

Bugs Bunny on Broadway comes to the Knob this Sunday at 8 p.m.

Other upcoming shows:

- John Fogerty, June 18
- The Moody Blues, June 19
- Vince Gill, June 20

Driver charged with murder

Continued from page 1A

released - approached the passenger side of the 1990 Cutlass, the car sped away.

The deputy then chased the car going north on Sashabaw. After the Cutlass ran red lights at the corners of Maybee and Sashabaw and Waldon and Sashabaw, he ended his pursuit, a decision LaBair called "the right one."

As the Cutlass went through the Sashabaw-Waldon intersection and over the hill, it went through another red light at the I-75 exit, where it collided with the Neon. Hartke was pronounced dead at the scene, while Benninger died later in the morning.

Weeder suffered a broken leg from the accident and is still at POH. Two passengers in the Cutlass, Matthew Louis Tonkovich of Flint and Jeremy Jay Henke of Holly, suffered injuries and were released. LaBair said the two will not be charged. He said everyone in the Cutlass had been drinking the night of the accident, and added that Weeder's blood alcohol level was .20, twice the legal limit.

None of the injuries sustained in the crash are life threatening, LaBair said. Henke suffered a laceration to his forehead, and Tonkovich was released from POH Sunday morning.

Weeder had never been approved for a license and had eight traffic and license-related violations stemming back to when he was 15 years old. He applied for a license when he turned 18 in February of 1997 and was turned down. He was not allowed to reapply until December of 1999, but reapplied anyway and was again turned down.

LaBair said the severity of the charges come from the combination of events that took place.

"It wasn't just that he was speeding, or that he was drunk," he said. "Combine all that, with fleeing and eluding, running the red lights, and crashing into the car and people dying, that's how we went with murder-two."

The fleeing and eluding charges are 15-year felonies. The driving with suspended license is a one-year felony, and operating a vehicle under the influence causing death is a 15-year felony.

"I guess he just really didn't want to be pulled over," LaBair said, explaining some of Weeder's statement to police.

The Neon was reported to be taken without permission by Benninger's 20-year-old girlfriend, a Clarkston resident, just before the accident occurred Saturday morning. LaBair said police made the connection between the two calls about 90 minutes after the accident.

Johnson researching road improvements to Dixie

Oakland County Commissioner Ruth Johnson (R-Holly) said Tuesday she has received a commitment from Jerry Holmberg, deputy director of the Road Commission for Oakland County (RCOC) to investigate funding for improvements to Dixie Highway in Springfield Township.

Johnson said Holmberg agreed to investigate adding a left-turn lane to Dixie Highway north of I-75 immediately. She added Dave Allen head of traffic safety for RCOC will look into the possibility of adding a traffic light to that stretch of road.

Johnson said she began her research into

securing improvements on Dixie after passing an accident scene near Bridge Lake Road that claimed the life of a Clarkston child and her unborn baby brother two weeks ago.

Holmberg told Johnson even if he begins to secure funding today, it will take about three years to be placed on an RCOC plan.

That will be followed by a study which could take two years plus another year for engineering designs, before construction could even begin.

Resurfacing of Dixie from Davisburg north to the county line is scheduled to begin in the next three months, Johnson said. She added RCOC is looking into resurfacing from Davisburg to I-75 next.

Johnson said she will continue to fight to get the improvements accomplished more quickly.

Mill Pond water levels

Continued from page 1A

Food Town and the Mills Mall.

For years, Adler has said he would love to relinquish his dam rights.

As part of the Mills Mall purchase deal, he has control over the hydro valve located on W. Washington, that allows water to flow south to Middle Lake, and a self-regulating spillway near Main St. that spills pond water into Parke Lake, further west.

He frequently receives complaints that it's up to him to set the water levels. "They don't seem to understand I can only keep it from going out," Adler said. "They ought to have the drain commission take it over."

Help is available. But it's costly, says Glenn Appel, OCDC project engineer in charge of lake levels.

The two following options are do-able, under state law.

- The city could establish an SAD (special assessment district), making all 63 affected homeowners responsible for a \$6,000-\$10,000 feasibility study designed to create a Lake Improvement Board. Such boards are established at many local lakes; one example is Walters Lake in Independence Township.

The board, composed of representatives from the OCDC, DEQ, city and/or township and residents, would oversee improvements like weed control, stocking the ponds with fish and dredging. "They could even establish a beach," Appel said.

A petition would need to be signed by two-thirds of the homeowners, and the city would pass a resolution to create the SAD. "Our board would send a representative to the first meeting," Appel said.

- A legal lake (pond) level could be established, again, through a petition submitted to the county board of commissioners, which would cost \$10,000 up front to cover preliminary engineering work. Yearly maintenance fees would be additional.

Because Mill Pond's current dam system is prob-

ably not up to standard, Appel said, a new dam might need to be built. Estimates could be as high as \$300,000-\$400,000. Waumegah Dam in Springfield Township is a local example.

The action "would allow our office to oversee the pond, and keep the level in check. It would minimize some of the fluctuation," Appel said.

However, more costs could be added if the dam didn't work. As with Mill Pond's current system, water levels can't be raised if the levels go down. A well, which helps "during a dry spell," would then need to be constructed. The basic estimate? \$250,000.

Even then, "there's sometimes a question mark. Sometimes you can't build a well because you have to have an adequate aquifer," Appel said.

If the City of Clarkston or MPA want more information, it could be provided by a representative from the OCDC, Appel said. Several years ago, a representative did meet with the city council, "but we never heard back from them," he added. Adler has suggested a joint meeting between all the players be held.

Appel said there are legal levels established in 52 of the county's "thousands of" lakes. Forty of those also have Lake Improvement Boards.

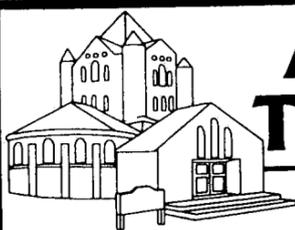

Appel said the OCDC will send the association petitions if they write a letter. "We're willing to hold their hand to get them started," he said. "Unfortunately there are no federal or county grants to help them offset the costs (of any improvements). They're going to have to pay all the money themselves."

Meanwhile, Cruikshank is hoping more homeowners will join the MPA. "I think we're starting to work cooperatively. We're looking for new, affected homeowners to become involved."

The association has gotten "nothing but cooperation" from Adler when it comes to lowering the levels for spring cleanup and other situations, he said. "And, if Ed's talking about a meeting, we're all for it."

If you are what you eat, why not cut back on fat?

Springfield Plains receives accreditation

Principal Sharon Devereaux of Springfield Plains Elementary School announced that the school's North Central Association of Collages and Schools (NCA) accreditation has been extended through the 1997-1998 school year. This action was taken at the NCA's Annual Meeting in Chicago on March 31, 1998.

"Along with hosting the periodic on-site evaluations by a visiting team of educators, each NCA school is accredited on the basis of an annual report on conditions in the school, and an such supplementary information as the Commission on Schools requests," Principal Devereaux explained. "The continued accreditation means that the conditions for effective educations exist in the school."

The North Central Association is the largest of the country's regional accrediting agencies. It is a voluntary coalition of over 8,400 schools and over 1,000 colleges and universities in the nineteen-state region of the north central United States.

1998 CHS Senior Awards

Clarkston High School seniors received recognition, awards and scholarships May 27 in honor of their hard work and dedication.

Jenny Arremony and Curt Brewer received the Principal's Award, given to students who have big hearts, and the capacity to share.

Dave Trollman shows off his certificate of appointment to the U.S. Air Force Academy in Colorado. Dave's pictured with his proud parents, Bruce and Maria Trollman.

Hope, then heartbreak

Junior Corinne McIntyre (9) congratulates senior Tiffany Honey after a Clarkston run during Saturday's regional semifinal game against Waterford Kettering. The Wolves saw a memorable season come to an end with a bitter 6-3 loss.

Extra innings unkind to softball team in regional loss

Clarkston	3

BY BRAD MONASTIERE
Clarkston News Staff Writer

History was on the side of the varsity softball team.

A week earlier, the team showed the heart and character it had developed with a tension-filled 4-2 win over third-ranked Lake Orion in 10 innings.

But Saturday's regional semifinals was a differ-

ent story, as Clarkston fell to Waterford Kettering 6-3 in nine innings.

The loss ended the Wolves' season at 25-15 overall. The Captains went on to capture the regional championship, easing to a win over New Baltimore Anchor Bay.

Clarkston used timely offense and near-perfect defense to grab a 3-2 lead going into the top of the seventh inning. But an in-between pop fly dropped between second baseman Lindsay Simko and rightfielder Jennie Winn with two outs. With runners now on first and third, a Kettering single tied the game 3-3.

After a scoreless eighth inning, the powerful Captain bats woke up in the seventh, using a triple and a two-run homer to do all the damage it needed.

Coach Roy "Pops" Warner gives advice to sophomore Chirs Mitchell during Saturday's regional game against Rochester.

Baseball team hangs tough before losing to Falcons in regionals

1998 Baseball Regionals	
Rochester	6
Clarkston	2

BY BRAD MONASTIERE
Clarkston News Staff Writer

In the end, it was just not meant to be.

The Clarkston varsity baseball team played one of the top teams in the nation toe-to-toe for six innings, only to see a very good season come to an end.

The Wolves lost a 6-2 decision to the No. 2-ranked Rochester Falcons in the regional semifinals at Port Huron High School Saturday. Rochester is the defending Division I state champion.

"We lost to a good team and there's no shame in losing to a team that will probably win the state again this year," said retiring coach Roy "Pops" Warner after the game. "We really handled ourselves well in that last inning. I was proud of our guys."

Warner's last team will be remembered as one who finished with a 19-11-1 record, but more than that,

Continued on Page 2B

Clarkston drops gut-wrenching, nine-inning game in regional semifinals to Kettering

From Page 1B

Clarkston coach Al Land said the error in the seventh was the difference in the game.

"If we can make that catch, we win," he said. "Both players hesitated on the play, and Kettering was able to take advantage. Other than that, we played pretty well."

For six innings, the Wolves played like they have all season, making every play in the field while receiving timely hits at the plate.

Sophomore Melanie Arnold - one of the team's most improved players - started the team's first scoring inning with a slap single to center. Senior co-captain Aimee Giroux followed with a single, and later scored on a wild pitch. Freshman Mary Warchuck, who had an outstanding all-around day, then hammered a double that brought home senior co-captain Tiffany Honey.

Kettering tied the game at 2-2 in the fifth, but Clarkston had an answer. Lund got to second on an error, then moved to third on a single by Honey. Warchuck again came through with a sacrifice grounder that gave Clarkston a 3-2 lead.

"This was a well-played game," Land said. "They have a good hitting team - better than we had - and that helped them win. We were doing a good job, then I think the wind went out of our sails a little bit in that last inning."

The game also brought the careers of Honey, Giroux, Carmen Lund, Sam Hardenburgh and Rachel Fuller to an end. Honey and Giroux were four-year varsity players, while Fuller is the only three-year starting pitcher in Land's seven seasons. Lund and Hardenburgh both played first and third base in a constantly shifting infield this season, and each had key hits during the season.

Warchuck's day was one of the reasons the team had such a successful season. She is one of five freshmen on the team, along with Simko, Tracey Honey, Lisa Ferguson and Tricia Brewer, who made big contributions to the team.

"Without our younger players, we wouldn't be here," he said.

Those five freshmen will join a talented group of underclassmen, including Corinne McIntyre, Mandie

Senior Tiffany Honey uses her hustle to beat a throw to third base during Saturday's regional semifinal game Saturday. The loss marked Honey's last Clarkston game, as she will play for Northwood University's softball team next spring.

Harrison, Winn, Arnold, and Megan Hodges on a team that should be an OAA Division I favorite next season. The 1999 team will return six of nine starters, just

like the baseball team. The JV team, coached by Mike Prudhomme, also had an excellent season, ensuring an influx of good players for the next couple of seasons.

The "Pops" era ends with 6-2 loss to defending state champion Rochester

From Page 1B

pulled for each other regardless of who got playing time or not.

"The team closeness is what I will remember," Warner said. "The guys pulled a lot for each other, and that's kind of rare in this day. That unselfishness is not something you find on every team, and that made this team special."

Saturday's game was an abrupt way to end the season for the Wolves. Rochester started Andrew Good on the mound, who earned a scholarship to College World Series finalist Arizona State next year. Good struck out the first eight, and 13 of the 18 batters he faced in six innings pitched. Senior third baseman Phil

'Your time always has to come, and this was it for me. But I was very happy to coach this team.'

Retiring coach Roy "Pops" Warner

Johnston was the first player to get a hit off Good, lining a single to center in the third inning.

Senior Josh Clark kept the state's most explosive offense quiet through most of the game in an excellent pitching performance. He held the Falcons to just two runs on four hits through the first six innings.

"That was the best I've seen Josh pitch in four years on the varsity," Warner said. "He hit his spots

Senior Josh Clark delivers a strike to Rochester at Saturday's regional semifinal game at Port Huon. Next year, Clark sheds the navy and gold of Clarkston for the brown and gold of Western Michigan University.

well and kept them off balance, which is hard to do with a lineup like what they have."

Clark, who will pitch for Western Michigan University next year, struck out six in his fine performance.

The Falcons broke out with four runs on three hits in the top of the seventh, breaking open a close game. The team slammed two ground-rule doubles in the inning, giving the team a 6-0 lead.

Despite getting hit hard so late, Clarkston didn't die. Good left the mound in favor of Domanick Squires, and the Clarkston bats immediately went to work. After senior Jared Thomas reached on an error, sophomore Chris Mitchell sent a single to center. Clark followed with another single, driving in the first run of the game. Sophomore Derek Casper kept up his offensive showing in the postseason with a single that brought Mitchell home to cut the lead to 6-2. Squires settled down after that to get the final two outs. Rochester moved on to easily take the regional title with a win over Utica Ford II.

The future appears very bright for the baseball program. The team returns six of nine starters, and should welcome some talent from the junior varsity team that only lost two games all season. The top three hitters in the lineup - Eric Jenks, Spencer Hynes and Nick Upchurch - all come back next year with their powerful bats. Jenks, Mitchell and Hynes all got valuable pitching experience this year as well, important since the team has to replace innings produced by Clark and Thomas.

"I enjoyed this season immensely," Warner said. "Your time always has to come, and this was it for me. But I was very happy to coach this team."

Girls basketball team gets grant

The 250-word essay by girls basketball players Rachel Uchman and Lindsey Prudhomme was good enough to win over the Women's Sports Foundation.

That's because the foundation, along with Store Brand Health and Beauty Products recently awarded a \$2,500 grant to the Clarkston High School girls basketball program. The grant was given as part of the "We're Going to Win You Over" program that gave out \$500,000 in grant monies to 200 high school girls sports programs nationwide.

The girls basketball program was one of just six girls' teams in the state to receive the grant.

Clarkston varsity girls basketball coach Ann Lowney said the grant will be used to help upgrade her Dare to Dream camp and the Horizons program, which is similar to the McGrath leagues the boys have.

"We'll use it to get more basketballs, because with the added floor space available at the new high school, we'll have a need there," she said. "We might also bring in guest speakers if we can. It's great to get this recognition, and it says something about the type of kids I have in the program and their academic ability."

According to Donna Dilliard-Hobbs, the director of grant programs for the Women's Sports Foundation, the grants were awarded based on the originality of the 250-word essay.

"We had a lot of girls write in asking for new uniforms, but what we were looking for was originality," she said. "We were looking at the financial needs of the program, and ways the members of the team talked about raising the roof for girls sports in the community."

Lowney said sophomores Rachel Uchman and Lindsey Prudhomme compiled the essay. Both were members of last season's OAA Division I championship team and figure to be key members of the squad next year.

"It helps to have two 3.8-students writing this," Lowney said.

Lambeth named top defenseman for LSSU

David Lambeth, a 1994 Clarkston High School graduate, was given the Lyle Mendicino Award as the team's best defensive player for the Lake Superior State University hockey team for the 1997-98 season at its postseason banquet April 18.

This marked the second consecutive year Lambeth has won the team award. He finished the season with one goal, nine assists and 117 minutes in penalties.

Girls tennis to have busy summer schedule

The new Clarkston girls tennis coach Melissa Kentner-White plans on keeping her players busy this summer.

The team will hold non-mandatory workouts every Wednesday starting June 24 and running through July 29. All of the optional workouts will take place at the current high school courts until further notice.

Starting the week of Aug. 3, the team will be conditioning. Players should not bring rackets to these workouts.

Tryouts will begin Monday, Aug. 10 and go the whole week from 10 a.m.-noon each day.

Wolfpack hoops team to hold bottle drive

The Clarkston Wolfpack under-13 AAU basketball team wants to go to Orlando this summer, and your bottles could help get them there.

The team will hold a fundraising bottle drive Friday, June 19 from 5-8 p.m., and Sat. June 20 from 11 a.m.-3 p.m. in front of the Kroger's store on Dixie Highway. The team will take any bottles that Kroger also accepts.

U-16 Riverdawn tryouts Thursday

The final tryout for the under-16 Riverdawn girls softball team will take place Thursday, June 11 from 6-8 p.m. at Clarkston High School.

For more information, call the Independence Township Parks and Rec Department at 625-8223.

THE LAW & YOU

by Robert E. Kostin
Attorney at Law

HEARSAY EVIDENCE

During the course of a trial, a witness may answer a question with secondhand knowledge. If so, it is grounds for objection since a witness can only testify about things that he or she has actually seen. Anything that someone else saw, and then told the witness about, is considered to be "hearsay evidence." What is "heard said" distorts the actual truth; therefore, it is irresponsible and, consequently, immune from cross examination. If the judge agrees that the testimony is hearsay, it must be stricken from the record. With this, as with other aspects of the law, the more the average person knows, the better he or she will be able to use the law to his or her advantage.

Here at 11 North Main Street, we have built a successful law practice and an excellent reputation by providing prompt, professional service to our clients in a friendly and courteous manner. This has not occurred by accident but upon years of hard work, dedication, and planning. If you are in need of legal assistance with matters involving personal injury claims, auto accidents, slip & fall injuries, criminal defense, business law, real-estate transactions, family law, or civil litigation, call 620-1030.

HINT: Applications of law require analysis of individual facts of each situation to determine their legal relevance.

Good seasons, bright futures

It's never easy for me to write about games where seasons end, and I've had to write two of those this week. The baseball and softball seasons ended in the regional semifinals at Port Huron High School Saturday.

It's tough, because I've seen the teams and athletes on these teams grow, mature, have fun and become successful this season and last. It saddens me that I won't be able to write about the exploits of outstanding seniors like **Tiffany Honey, Aimee Giroux, Rachel Fuller, Sam Hardenburgh, Carmen Lund, Mike Little, Josh Clark, Jared Thomas and Phil Johnston** anymore.

The **baseball** team sent retiring coach **Roy "Pops" Warner** out with a very strong effort. This team never believed it could be beaten, even heading into the regional game with nationally ranked Rochester. This kind of team-wide confidence is not an easy thing to accomplish. **Clark and Little** provided valuable leadership for the team, while **Thomas** led the team in several offensive categories. **Johnston** played a very steady third base for the team, committing very few errors during the season.

The future of the team looks to be in very good hands. I will be anxious to see the development of juniors **Eric Jenks** and **Spencer Hynes**. I feel that **Jenks** grew into a big-time athlete this baseball season. He learned how to be a go-to player for a team, a role you have to fill as a leadoff hitter. He showed some leadership and did not back down from competition like **Rochester and Troy** that feature multiple Division I college athletes on their rosters. **Jenks'** successful season should carry over into the fall, when he will step in as the football team's starting quarterback.

People seem to forget that **Hynes** suffered a torn anterior cruciate ligament back in August during football preseason practice. At first, he wasn't sure he could even play this baseball season, but he worked hard in his rehab and was a consistent threat for the team hitting from the number two spot behind **Jenks**. A strong and

Sophomore Melanie Arnold performs the drag bunt that helped her become one of the softball team's most improved players this season.

quick athlete, look for **Hynes** to be a key player for the football and baseball teams next year.

Sophomore **Chris Mitchell** might be the most talented baseball player out of the group coming back. He turned in some very impressive pitching performances and is simply a pure hitter at the plate. Factor in seven other returning players, along with a group coming from the JV team that went 22-2-1. Look for a very good season in year 1 A.P. (After Pops).

This year's **softball** team was a lot of fun to cover and spend time with. This truly was a team, with everyone contributing at different times of the year. Almost every player I talked to spoke of how this team had zero bad attitudes and how everyone pulled so much for each other. Those kind of tangibles are very tough to have, but when you have them, they can take you a long way. This team was genuine in wanting to win by any means necessary. No one was looking out for their own stats or playing time, and I know coach **Al**

Land appreciated that.

This team will also return six of nine starters, but the three that are graduating will be tough to replace. **Rachel** gave the team a chance to win every game with her pitching. Elite-level pitching is the rarest commodity in high school softball, and **Clarkston** was fortunate to have **Rachel** throw for three seasons. She has a scholarship to **Oakland Community College**, where she's sure to baffle even more hitters with that crazy changeup.

Tiffany and **Aimee** are the kind of players that are impossible to truly replace. They always hit near the top of the order, and were responsible for engineering the team's offense while being asked to play perfect defense at shortstop and centerfield respectively.

Tiffany gave the team its competitive edge. She hated losing as much as anyone I've seen and wanted all her teammates to hate it as much as she did. She also stepped in as the team's catcher when **Corinne McIntyre** was injured and played well enough to help the team to an 11-1 record.

Aimee did a great job at keeping the team loose. If things ever got too serious, she would start up a funny chant or just yell at the top of her unmistakable vocal chords. She produced more big hits than **Mariah Carey**, and made many running catches in the outfield that stunted other team's rallies.

All told, it was a spring I'll always remember for being fun and successful for **Clarkston** teams. These athletes should feel good about all the things they have accomplished this year with the promise of more success in the future.

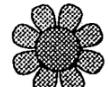

This brings the 1997-98 athletic season to a close, which prompts everyone to ask me what in the heck I'll do now. My cool readers will still see this column every week, with my top 10 memories from this year coming next week.

Just as summer is kicking in, guess what? Only 61 more days until the first day of fall practice. Is everyone ready for 1998-99?

Got a good story idea? Call The Clarkston News, 625-3370. Or fax us at 625-0706.

Four CHS coaches ride into the sunset

BY BRAD MONASTIERE
Clarkston News Staff Writer

With next week's closing of the current Clarkston High School, four coaches have decided to retire with it.

The four coaches - Dick Swartout, girls tennis, Jim Chamberlain, boys golf, Gina Cox, varsity pom pon, and Roy Warner, varsity baseball - have combined for nearly a century of service to CHS students and athletics. The athletic department held a retirement banquet for the four at the CHS cafeteria June 2.

"Very seldom do you see this many coaches retire at once who have had such an impact on so many kids' lives," said CHS athletic director Dan Fife. "With these four, the wins and losses are minor compared to the relationships they've developed with the kids they've coached."

Each retiring coach received a gift from the athletic department and athletic boosters. The three male coaches all received watches with the gold Clarkston "C" on the face. Cox received a charm.

Swartout, who coached boys and girls tennis for 29 years, agreed with Fife, saying the wins and losses his teams had were not as important as getting to know his players.

"It was the long-term friendships with the kids that was important to me," he said.

Chamberlain, who coached the boys golf team to a state championship in 1994, said he will also miss his time getting to know the kids and watching them grow and improve.

"Right now, I play in a league with 44 guys, and 11 of them played for me," the 28-year coach said. "I can see that with my help, they learned the sport and it's stuck with them." He said he will still help out coaching when called upon.

Cox, who coached a senior-laden team to the state

Four longtime Clarkston coaches are calling it a career at the end of the school year. From left to right, Dick Swartout, Gina Shore, Jim Chamberlain and Roy Warner have nearly a combined 100 years in Clarkston athletics. The four were honored at a June 2 banquet.

championship earlier this year, said it was special to her that the team was so successful in her final season.

"Also because of all the seniors we had that had been on the team since they were freshmen," she said. "The whole year was just extra-special for me."

Cox, who coached the pom pon team for 11 seasons, is expecting her first baby July 8. Fife said he's hoping she will bring him his next power forward.

Warner, whom his players refer to as "Pops," was a baseball coach for 30 years, 29 of those coming in Clarkston. He said he will continue to teach at CHS,

even though he will hang up his trademark blue wind-breaker and his penchant for whistling complete sentences.

"Just the opportunity to come here was good in itself," Warner said. "This is a strong athletic community, with quality athletes and quality people. I've been fortunate to have so many players keep in touch over the years and go on to play college ball."

Fife said the new coaches are: Tim Kaul, boys golf, Jenn Rossman, pom pon, and Melissa Kentner White, girls tennis.

Jenny McLeod of Clarkston Middle School races through the 55 meter hurdles at the 7th and 8th grade county track meet May 28.

Some Sashabaw Middle School track stars get rested before their races at the 7th and 8th grade county track meet at CHS May 28. The Cougars completed an excellent season that saw the boys and girls teams win all but two of their meets, one of those being a tie.

7th and 8th grade county meet hits CHS

Clarkston High School was the host of the 7th and 8th grade county track meet May 28, with 35 of the county's top programs coming out and testing their skills.

Four Clarkston Middle School athletes earned medals at the meet. Dan Howard took fifth in the 200 hurdles with a time of 29.22, and finished fourth in the 55 hurdles at 8.58. Eric Sweeney was third in the 1600 run with a time of 5:14.05, and Case Bannasch was sixth in the high jump by clearing five feet. Maureen McIntyre was the only girl to medal, taking fourth in the 3200 at 13:32.69.

Sashabaw Middle School was well-represented,

as the boys finished in seventh place overall.

The 4x200 relay team of Mike Bilcher, Russ Beebe, Mark Lindsey and Justin Steen set a new school record with a time of 1:43.28, and took first place in the process.

Not to be outdone, the 4x400 relay team also set a school record with a time of 3:57.59. The team members were: Derek Coe, Bilcher, Grant Henderson and Wilder.

Coe finished in fourth place in the 800 run with a time of 2:12.66, while fifth-place finishers were Steve Siebert in the 3200 (11:47.31) and Wilder in the 400 (56.6).

Obituaries

Gregory Benninger

Gregory David Benninger, 27, of Lake Orion, died June 6, 1998.

Mr. Benninger was a 1989 graduate of Lake Orion High School, where he was active in wrestling.

He is survived by his parents Brian and Theresa of Lake Orion; grandparents John and Evelyn Benninger of Ontario; brother Steve (Jennifer) of Lake Orion; nephew Luke; girlfriend Lindsay Post of Clarkston; and many cousins, aunts and uncles from Ontario.

A funeral service took place Wednesday at Clarkston Community Church with Rev. Greg Henneman officiating. Arrangements were made by the Lewis E. Wint and Son Trust 100 Funeral Home in Clarkston. Memorials can be made to the Clarkston Community Church Youth Group.

Raymond DeGrow

Raymond Earl DeGrow Sr., 90, of Clarkston, died June 8, 1998.

Mr. DeGrow had lived in Clarkston since 1955 and was retired from Pontiac Motors after 35 years of service. He was also an avid gardener and fisherman.

He is survived by sons Ray Jr. (Sandy) of Clarkston and Doug (Jeannie) of Indiana; grandchildren John (Dianna) of Indiana, Jody (Charlie) Fisher of Indiana; Brad and Ben of Clarkston; great-grandchildren Blythe DeGrow and Zachary Fisher; and sisters Pearl Wesenick of Flint and Frances Cichanski of Florida. He was preceded in death by his wife Louise, parents, four brothers and two sisters.

A funeral service will take place Thursday at the Lewis E. Wint and Son Trust 100 Funeral Home in Clarkston. Memorials can be made to the Alzheimer's Association.

Donald Graham

Donald B. Graham, 72, of Clarkston, died June 7, 1998.

Mr. Graham was retired from Bowman Chevrolet and was a member of the Clarkston Eagles.

He is survived by his wife Catherine; sons Mike of Florida and Scott of Clarkston; daughters Sandy (Rod) Cole of Clarkston and Cindy Haggitt of Waterford;

brother Rex (Marlene) of Escanaba; and mother Lillie of Clarkston.

A funeral service took place Wednesday at the Lewis E. Wint and Son Trust 100 Funeral Home in Clarkston with Rev. Douglas Trebilcock officiating. Interment was at Lakeview Cemetery.

Andrew Hartke

Andrew William Hartke, 27, of Keego Harbor and formerly of Clarkston, died suddenly June 6, 1998.

Mr. Hartke was a 1989 graduate of Clarkston High School and attended Oakland Community College and worked as an account associate for Xerox in Southfield, and enjoyed skiing.

He is survived by his parents Ed and Peggy; brothers David of Ann Arbor and Chip (Tamie) of Northville; sister Carolyn (Rich) Redvanly of Atlanta, GA; nephew Michael; niece Hailey; and grandfather Gordon Wright of Florida.

A funeral service will take place Thursday at St. Andrews Episcopal Church in Waterford. Memorials can be made to the St. Andrew Episcopal Church, 5301 Hatchery Rd., Waterford, MI, 48329.

William Williams

William Paul Williams, 37, of Rockport, Texas, died May 28, 1998.

Mr. Williams has a book called "Naked Before God: The Return of a Broken Disciple" to be published in June. He was also a video game designer, musician, poet, writer and minister.

He is survived by his wife Martha; and parents Daniel Evan and Ilah Jane Williams of Clarkston. He was preceded in death by a sister Linda and a brother Danny.

A funeral service took place Thursday at St. Peter's Episcopal Church in Texas. Burial was private. Arrangements were made by the Charlie Marshall Funeral Home in Rockport, Texas.

Carl Verch

Carl W. Verch, 89, of Waterford, died May 31, 1998.

Mr. Verch was retired from Waterford schools and was a member of the First United Methodist Church in Pontiac.

He is survived by his wife Doris; sons Vernon (Juanita) of Clarkston and Charles (Sandra) of Clarkston; daughters Virginia Cooper of Marysville and Cleo (Charles) Tetlock of California; 15 grandchildren, 19 great-grandchildren and three great-great grandchildren; and sister Orpha Milbeck of Wisconsin. He was preceded in death by a daughter Peggy, a wife Leona, two brothers and two sisters.

A graveside memorial service took place Friday at White Chapel Cemetery with Glendall J. Rawlins officiating. Arrangements were made by the Lewis E. Wint and Son Trust 100 Funeral Home in Clarkston. Memorials can be made to the American Diabetes Association or to the charity of your own choice.

Clarkston schools retirees celebrated

Clarkston schools employees were honored May 28 at the 15th Annual Retirement Dinner hosted by Clarkston Community Schools.

The event was at Deer Lake Racquet Club, and attended by fellow staff members, other retirees, family, friends, administrators and school board members.

Guests enjoyed performances by the Clarkston High School Jazz Band and Madrigals.

Linda Nester, director of administrative and personnel services told the retirees-to-be, "every position and every employee is important."

School board member Mary Ellen McLean added, "We thank you for caring and the many lives you have touched."

This year's retirees are: Phyllis Anderson, Doris Britt, Carol Campbell, Michael Donovan, Hannah Farnsworth, Mary Fowler, Loretta Graham, Clifford Irwin, Janet Miller, Jeanne Molzon, Grace Rader, Kay Robertson, Gary Sommers, Gloria Spittle, George White and Katheine Wlodarczyk.

Speech therapist Gloria Spittle (center) is presented with a plaque in appreciation of her services from Clarkston Schools superintendent Dr. Al Roberts and Clarkston School Board President Karen Foyteck.

Police Log

Monday, June 1, larceny in a Sashabaw drug store parking lot. A purse with a checkbook and an ATM card inside were taken from a 17-year-old girl's boyfriend's car.

A cellphone and a purse were taken from an unlocked vehicle on Winward.

A trailer caught fire on Joy. Independence Township fire officials put out the blaze.

A \$400 stereo was taken from a vehicle on Golfview.

A cellphone was taken from an unlocked vehicle on Deepwood.

A cellphone, briefcase and CDs were taken from a vehicle on Willow Park.

The driver's side window was broken on a vehicle on Eevee.

A cellphone and cassette tapes were taken from a car parked in a Hornecliffe driveway.

Tuesday, June 2, two escapees from Camp Oakland stole a 13-year-old boy's necklace and tried to escape from police when caught. A 14-year-old boy forced the 13-year-old to give up his necklace, and attempted to drive away in a red car with a 12-year-old. When deputies caught up to the two youths, the 14-year-old attempted to get away by swinging at the deputies. The 14-year-old was then handcuffed and placed in the back of a patrol car, where he proceeded to kick out the rear window. The 14-year-old was returned to Camp Oakland.

A Madison Court resident told city police someone hit his parked car at a city lot off Depot St.

Non-injury accident at Waldon and Laurelton in the city. A Clarkston woman was cited for failure to stop at an assured clear distance.

Threats on Lancaster Hill.

A cellphone was taken from a car on Deepwood.

A 56-year-old Davisburg man was ticketed for driving with a suspended license on Dixie. He was also cited for no proof of insurance and improper plates.

A 60-year-old Lake Orion woman was arrested for operating a vehicle under the influence of liquor after a three-car accident on Sashabaw. Deputies found an open bottle of whiskey in the car she was driving. The

driver suffered injuries and was taken to St. Joseph's Hospital in Pontiac.

Wednesday, June 3, a 24-year-old Clarkston man was caught with marijuana and other drug paraphernalia in a Dixie restaurant parking lot. He and a 26-year-old Oakley man were ticketed.

A \$200 camera, a bottle of wine, a micro cassette recorder, wallet, \$120 in cash, credit cards, golf clubs CDs, cordless phone and two bottles of whiskey were taken from a home on Iniquois.

A \$100 cellphone was taken from a car parked in the Pine Knob Music Theater parking lot.

Nearly \$5,500 in jewelry was taken from a house being remodeled on Allen. The items were taken in January, but the resident waited until now to file a report to account for all the missing items.

Thursday, June 4, a 16-year-old employee at a Dixie fast-food restaurant admitted to taking \$390 in cash from the safe and hiding it under the dumpster. He was turned over to his parents.

Cement urns were taken from a cemetery on White Lake Road.

A 21-year-old Pontiac man allegedly punched a 22-year-old Highland woman in the arm in a Dixie grocery store parking lot.

Both sides of a van were keyed in a Dixie grocery store parking lot, causing \$500 in damage.

Friday, June 5, a CD player was taken from a car on Lancaster Hill. Access was gained by punching out a window.

A window was broken on a car at the park & ride on M-15. Someone went through the glove box, but nothing was taken.

A \$100 purse with a checkbook was taken from the front seat of a car on Parview. A cellphone was lying next to the purse, but was not taken.

Saturday, June 6, a 26-year-old Clarkston man was ticketed for reckless driving outside Pine Knob Music Theater. He drove a yellow corvette back and forth after being told not to return.

A fence was damaged on Oak Hill. Tracks next to the damaged area indicate a vehicle may have caused it.

A cellphone was taken through a broken window on a car on Spring Lake.

Suspected gas leakage on Miller in the city turned out to be unfounded.

Sunday, June 7, a 22-year-old employee at a Sashabaw business had a case of beer taken from him by a white male. The male and another person fled in a full-size red van with a Michigan license plate.

Harassing phone calls on Willow Park.

An AM-FM CD player worth \$340 was taken from a car on Parview.

PUBLIC NOTICE

Because the People Want to Know

INDEPENDENCE TWP.

CHARTER TOWNSHIP OF INDEPENDENCE

At a regular meeting of the Township Board held on June 2, 1998, the Board authorized a Second Reading and Adoption of an amendment to the Township's Zoning Ordinance No. 83 as follows:

To rezone from R-1C (Suburban Farms Residential) to R-1R (Rural Residential), Baldwin Road, 29 acres, parcel 08-01-200-024.

The motion to approve this amendment was offered by McGee, supported by Rosso. The motion carried. This ordinance amendment is effective immediately upon publication.

SPRING TRI-DISTRICT SPORTS HONOR ROLL

AISHA NEWKIRK

CANDICE EMEIGH

LIZ MCKINNON

JENNY FARRELL

KAREN LEROY

ERICA HOLMAN

Lady harriers show talent on track

LAKE ORION TRACK

■ **AISHA NEWKIRK, jr., 3200-meters,** Dragon's Coach Sharon Kline said Newkirk was Lake Orion's most improved runner throughout the second half of the season, running personal best after personal best in the mile and two-mile. Newkirk added to the depth of the Dragons distance team that swept through most of its dual meets this year. Newkirk placed second in the 3200 at the OAA D-II Meet, running a 13:05 and helping her team to its runner-up finish. Newkirk ran a personal best 6:00 in the 1600.

■ **CANDICE EMEIGH, soph., discus,** filling in the shoes of a state champion can be quite tough, last season Karen Chastain won the Class A discus for Lake Orion. Emeigh led her team throughout the season in the discus, guiding the Dragons to its second place finish in the OAA D-II. Emeigh had a personal best throw of 81-6, and she has proven that she can help

 3200 METERS - AISHA NEWKIRK
 110-METER HURDLES - BRITTANI BREWER
 300-METER HURDLES - AMANDA CHICALAS

help lead the field events team for the next two seasons.

■ **LOLA OGUYNEMI, jr., 200-meters,** after transferring to Lake Orion from Rochester HS before this year, Oguynemi helped strengthen the Dragons sprinters squad and sprint relay teams. Oguynemi ran a personal best 28.49 in the 200, besides being sidelined part of the season with an ankle injury.

OXFORD TRACK

■ **LIZ MCKINNON, sr., shot put:** Falling one place short of a medal in the state finals with a 36-foot-10-inch shot put throw, Oxford girl's track team field event captain McKinnon led her team all season by example. Named to the FML second-team for shot put, she also gained third-team honors for discus.

■ **JENNY FARRELL, jr., 100-meters:** "She's a great motivator, good with the girls. She gets them to work for us. That's what I like to see," said Oxford team girl's track coach Pam Craft. Farrell's efforts earned her a trip to the state finals, as well as second-team recognition on the FML 400 meter dash squad and team most-improved runner status.

■ **KAREN LEROY, so., 1600-meters:** A blue-and-gold blur for the Wildcats during the fall cross country season,

JON BURKLOW

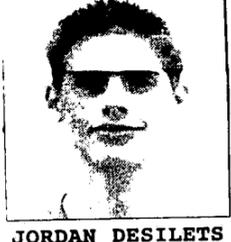

DAVID SAGE

CURT BREWER

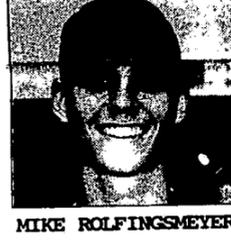

MARC VENEGONI

JORDAN DESILETS

MIKE SPENCER

MIKE ROLFINGSMEYER

Local track stars dominate county

CLARKSTON TRACK

■ **JON BURKLOW, 400-meters,** a quiet leader for the league-champion boys track team, Burklow was loud and clear on the track. He qualified for the state meet in the 800 run and was part of the 4x800 relay team that broke a 27-year-old school record at states May 30. His best time in the 800 was 2:00.2, best on the team.

■ **DAVID SAGE, 3200-meters,** when distance events begin, there's Sage, then everyone else. The sophomore made a habit of leaving the competition in the dust through the 1600 and 3200 runs this season. He was a state meet qualifier in the 3200, where he had a time of 9:37. Sage is also one of the county's top cross country runners and figures to be a state-level contender the next two years.

■ **CURT BREWER, 300-meter hurdles,** after an injury-filled cross country season, Brewer put it all together for the boys track team. The highlight of his season came at the Oakland County Meet where he finished fourth in the 300 hurdles with a career-best time of 41.2. Also a top 10 student, Brewer will be an honors college student at the University of Michigan.

BOYS TRI-DISTRICT TRACK HONOR ROLL

SHOT PUT - JASON ZURBRICK

 LONG JUMP - MARC VENEGONI
 100 METERS - MIKE SPENCER
 200 METERS - MATT BAUTEL
 400 METERS - JON BURKLOW
 800 METERS - JEFF BOWDEN
 1600 METERS - JORDAN DESILETS
 3200 METERS - DAVID SAGE
 110-METER HURDLES - MIKE ROLFINGSMEYER
 300-METER HURDLES - CURT BREWER

■ **MARC VENEGONI, long jump,** a role player for the varsity football and basketball teams for two seasons, it was Venegoni's time to shine for the boys track team. He was the only Clarkston athlete to place at the state meet, finishing seventh in the long jump with a leap of 20 feet, 5 1/2 inches. His career best was also at the county meet, going 21 feet, 5 1/2 inches. He will continue to run track at Albion College next year.

LAKE ORION TRACK

■ **JORDAN DESILETS, jr., 1600-meters,** after placing second at the cross-country state finals last fall,

Desilets capped off a successful track season by placing third overall in the mile at the Division I State Finals (All-State). Desilets ran a 4:15.6, shaving eight seconds off of his previous best time despite running with a bad cold. Desilets was a OAA D-II Champion in the 800, 1600, 3200 this season, and won regional championships in the 1600 and 3200 races. Desilets also won the mile races at the Oxford and West Bloomfield Invitationals, and the 3200 races at the Ashley and Oxford Invites. To begin the season Desilets won the Harold M. Silvertown Memorial Mile at the Eastern Michigan Relays, and brought home the traveling trophy to LO.

■ **MIKE SPENCER, sr., 100-meters,** after barely missing out on a state qualifying berth in the quarter-mile (3rd/51.1), Spencer rebounded strongly to finish as the runner-up at the OAA D-II Meet in the 200, 400, and the 800 and 1600 relays. Spencer also metaled at regionals in the 200 (5th/23.2), and won a league championship in the 400 last season.

■ **MIKE ROLFINGSMEYER, sr., 110-meters** high hurdles, this year Rolfingsmeyer went undefeated in each of the OAA D-

GIRLS CONTINUED FROM PAGE 3

LeRoy didn't miss a step for the spring track season. Traveling to the state finals and gaining first-team FML honors in the mile run, LeRoy was named most valuable runner.

CLARKSTON TRACK

■ **ERICA HOLMAN**, 400-meters, talk about starting the season strong, Holman defined the term April 7

RACHEL UCHMAN

BRITTANI BREWER

AMANDA CHICALAS

MICHELLE WILSON

against Ferndale. She took four first-places, in the 100, 200, 400 and the 4x400 relay, and was not seriously challenged in any of the races. A senior, Holman also qualified for the state meet as part of the 4x400 team and the 200. On a team loaded with strong distance runners, Holman gave the four-time OAA II champions valuable points in the sprints and middle distances.

■ **RACHEL UCHMAN**, 800-meters, Unfortunately for Uchman, a sophomore, injuries slowed her towards the end of the girls track season, but it shouldn't spoil what was a spectacular regular season. Uchman was part of the 4x400 relay team that went to the state meet, and took more than her share of first places in the 200 and 400 dashes. She was also a valuable sub off the bench for the league-champion varsity basketball team last fall.

■ **BRITTANI BREWER**, 110-meter hurdles Topping out at six-feet, Brewer is

one of the tallest athletes at Clarkston. After a very good sophomore year for the girls track team, she became one of the best. She won the regional title in the 100 meter hurdles at Holly May 15, winning with a time of 16.5 seconds. She could be a key player for the basketball and volleyball teams next year.

■ **AMANDA CHICALAS**, 300-meter high hurdles, the lone freshman to qualify for the state meet for Clarkston, Chicalas wasted little time in making a big impression for the girls track team. She made states in the 300-meter hurdles and ran a personal best of 47.3 at states. Coach Gordie Richardson calls Chicalas one of the team's toughest competitors and figures to be a leader for the team over the next three years.

■ **MICHELLE WILSON**, high jump, through the fall and winter seasons, Wilson is seen as the cheerleader who does gravity-defying flips and twists. But during the spring, the junior was always a top finisher in the high jump and hurdle events. She cleared 5-1 in the high jump, one of the top seven performances in the county. this year.

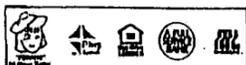

We congratulate the outstanding individuals of Lake Orion, Oxford and Clarkston for their athletic as well as academic achievements.

CASEY WALKER

MATT BAUTEL

JASON ZURBRICK

JEFF BOWDEN

BOYS CONTINUED FROM PAGE 3

II hurdle races, highlighting his season by winning the 110 highs at league (15.3) and the 300 IM hurdles in 41. Rolfingsmeyer missed qualifying for the state meet by .1 second in the 110's at regionals (3rd place/15.2), and finished an outstanding high school athletic career (varsity football, basketball, track) by taking a second place in the 110 highs at the Oakland County Meet (15.4).

■ **CASEY WALKER, sr.**, discus, Walker helped lead his team to its OAA D-II runner-up finish in 1998 with strong performances in the discus at each of the Dragons dual meets and a sixth place finish at the league meet (126-foot). Walker had a previous personal best of 133'6" last season, and in his final track meet threw a 135'6" at the Oakland County Meet. Walker also took sixth place medals for discus at the Ashley Relays and at Lake Orion's Division I Regional (132'5").

OXFORD TRACK

■ **MATT BAUTEL**, 200-meters, sr., sprinter: Qualified for the state finals in Saginaw in both the 100 and

200 meter dash, Bautel was a dream come true for Wildcat boy's team coach Pat Donohue. "He was focused this year. He wanted to decrease his times, working for a college scholarship," said Donohue. Bautel was named to the FML first-team in the 200 meter dash, and the FML third-team in the 100 meter dash.

■ **JASON ZURBRICK**, shot put, sr., solid as a rock in football season on the offensive line, Zurbrick's skills extended beyond the football field. Throwing a shot put for a 52-foot-eight-inch mark in the state finals, he earned a medal for a fifth-place finish. A scholar athlete award winner, Zurbrick was also named to the FML first-team.

■ **JEFF BOWDEN**, 800-meters, sr., distance runner: Oxford coach Pat Donohue's hopes were high for Bowden at the start of the season. Bowden didn't disappoint. Running a personal record at state, the scholar athlete award winner was

CLARKSTON'S MARC VENEGONI IN THE LONG JUMP

named to the FML first-team in the mile run, and third-team in the two mile run. He was also named most valuable runner.

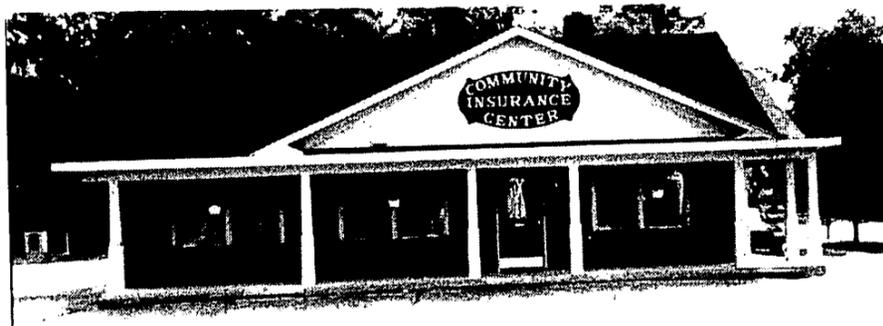

HOMEOWNERS

INSURANCE THAT WORKS FOR YOU

When you analyze homeowners insurance policies, you'll see that a Pioneer State Mutual Homeowners Insurance Policy works for you in many ways by providing:

- renters/condo owners coverage
- comprehensive coverage (with many extra options)
- fair prices
- senior citizens, fire alarm credit, etc.
- efficient and equitable claims service

Protect your home and personal belongings with an insurance policy from Pioneer State Mutual. Ask for it by name.

Diamond stars shine during spring

OXFORD BASEBALL

■ **KENNY ALLEN, sr.**, pitcher: Named to the Flint Metro League first team, the Wildcat captain combined a solid pitching game and an offensive punch that helped power the team to the FML crown. Air Force Academy bound, Oxford coach Art Marcell said the four-year varsity veteran Allen was the team's "best all-around player."

■ **JOHN PLEASANT, sr.**, infield, a driving force at the plate and FML honorable mention, Pleasant showed the same grit and determination he used on the basketball court during the winter sports season. Oxford coach Art Marcell said, "He drives a good offensive punch, and is probably our best hitter."

■ **JAY VANDAM, sr.**, outfield: A catcher by trade, team captain VanDam's solid work ethics make him a sure bet anywhere near the diamond. Earning FML first-team status this year and most valuable player honors from his team, VanDam plays with a visible and unmistakable love for the game.

OXFORD'S ART MARCELL IS MOBBED BY HIS PLAYERS AFTER WINNING THE METRO LEAGUE CHAMPIONSHIP.

junior pitcher and outfielder, Jenks has a multitude of skills he's used to help the Wolves win the district title. He led the team with six home runs during the regular season, and threw a no-hitter against Lapeer East on April 20. He sparked the team's offense from the leadoff spot and provided more end more leadership as the season went on. He is slated to be the starting quarterback for the varsity football team in the fall, and was on the wrestling team last winter.

■ **DEREK CASPER**, catcher, a second-year sophomore for the Wolves, Casper has provided consistent defense from his catching position all season. In the district tournament May 30, Casper showed he's got some skills at the plate as well. He went 2-for-3 with three runs batted in in the 7-3 win over Lapeer West that brought the Wolves their first district title in five years.

■ **SPENCER HYNES**, outfield, a junior outfielder and pitcher, Hynes was a big part of the Wolves' offensive surge the second half of the season. Spencer hit

in the number two slot and was in the middle of many big scoring innings through the season. His best offensive day of the season came April 23 against Troy Athens when he went 4-for-4 with 3 RBI and two runs scored in Clarkston's 144 win. Hynes recovered from a tom anterior cruciate ligament suffered before the start of last football season, and was very productive for the Wolves.

■ **JOSH CLARK**, pitcher, never mind the 5-4 record as a starting pitcher. Clark has thrown against some of the best teams in the state, starting four of the team's six games played against Rochester and Troy, two of the top six teams in the state. Clark can throw a hard fastball and a nasty curveball, and averages more than 1.5 strikeouts per inning pitched this season. The senior has signed with Western Michigan University,

the Dragons. "Ryan became more aggressive at the plate, and had a lot of big hits with runners in scoring position, he was

there when we needed a run to tie or go ahead in a game," coach Dave Collins said. Goleski tied for the team lead with four home runs, and batted .325 with

baseball for us all season, he is going to be a really great player in the future," coach Dave Collins said. Clouse was selected to the first team for OAA D-II and the All-District team.

■ **JAMIE TRIMM, sr.**, infielder, as one of only two seniors on Lake Orion's roster, Trimm helped provide the leadership needed for coach Dave Collins young squad. Trimm is a second year varsity starter, and consistently had a solid glove for the Dragons in the "hot corner". Trimm batted .238 and had 4 doubles. The steady defensive player helped the Dragons in the field.

SPRING TRI-DISTRICT SPORTS HONOR ROLL

RACHEL FULLER

MARY CONNER

CORINNE MCINTYRE

BOBBI CONNER

JULIE PRINCE

TIFFANY HONEY

SARAH KATICH

Speed dominates softball talent

OXFORD SOFTBALL

■ **JULIE PRINCE, jr., first base:** Three-year varsity player Prince earned her reputation from the pitcher's mound and the infield, gaining FML first-team recognition along the way. Oxford softball coach Jim Decker said, "She's our number one pitcher and a good hitter. When she's on, she throws well."

■ **SARAH KATICH, jr., outfield:** Named to the FML first-team this season after receiving second team honors last year, this switch hitter arrives on the field complete. A three-year varsity veteran, Katich's blazing speed and cannon-like arm discouraged any base runner from stretching a single into a double.

■ **CORINNE MCINTYRE, catcher,** a steady influence behind the plate for the district-champion Clarkston Wolves, McIntyre had a tough start to the season. She suffered a compound fracture of her left (catching) hand against Royal Oak Kimball April 6. The injury was thought to be season-ending, but sure enough, she was back

TRI-DISTRICT SOFTBALL HONOR ROLL

- OUTFIELD - CHERYL VERRAN
- OUTFIELD - SARAH KATICH

less than a month later, singling in her first at bat against Brandon April 29. A junior, McIntyre became the hero at districts when she slammed a two run double against Lapeer West to give Clarkston a 64 championship victory.

■ **TIFFANY HONEY, infield,** the acknowledged leader of the Wolves, Honey had a fabulous four-year career for coach Al Land. She was the team's starting shortstop through her career, but also did a nice job at catcher when Corinne McIntyre was injured this

season. Honey is a vocal leader, and leads with her bat, as shown by her game-winning triple against Troy April 3 that gave the team a 2-1 7th-inning win. She's also had four games with at least four hits this season. Honey has signed with Northwood University for softball, and will also walk-on in basketball.

■ **AIMEE GIROUX, outfield,** a three-sport star for Clarkston, Giroux is one of the top athletes in the area. A four-year veteran of the varsity softball team, Giroux plays a near-flawless centerfield and drives in tons of runs from the third spot in the order for the Wolves. She slammed a home run against Rochester April 8, and carries the threat of a switch-hitter in Clarkston's lineup. She is headed to Western Michigan next year.

■ **RACHEL FULLER, pitcher,** the only three-year starting pitcher in coach Al Land's seven-year tenure as varsity softball coach, Fuller has delivered a very consistent season for the district champs. She threw seven shutouts during the regular season, and played

PLEASE SEE SOFTBALL, PAGE 12

Sportsmanship.

Playing a game fairly, always remembering to be a gracious winner or good loser. Sportsmanship is key to any type of competition. Because no matter how important winning may seem, it's nothing if you don't achieve it fairly. Sports offer an opportunity for individuals and teams to excel.

NBD extends its congratulations to those who have proven themselves the best and to all those who try.

very well defensively from the mound. She has earned a scholarship to Oakland Community College to pitch next year, where her intensity and drive to succeed can go on display.

LIBBY NELSON

SAMANTHA MILLER

AIMEE GIROUX

CHERYL VERRAN

■ **LIBBY NELSON, jr.**, infield, "Libby had the greatest year defensively of any player I have coached, she is very determined...she slides, digs, dives, and does anything she has to do to win," coach Denny Davis said. Nelson led her team with a .975 fielding percentage (only 3 errors/122 tries), scored 15 runs, and batted .265 as a three-year varsity player, she played shortstop her freshman year and switched to second base last season.

LAKE ORION SOFTBALL

■ **MARY CONNER, sr.**, pitcher, while helping bring district ('97) and OAA D-II ('98) Championships to Lake Orion, Conner led her team in each and every offensive and defensive category this season, but doubles. Conner transferred from California before last season, and finished her 1998 campaign batting .398, stealing 20 bases, scoring 23 runs, hitting two triples and two homeruns, and adding 25 RBI's. On the mound Conner had 143 strikeouts (143 innings), a .78 earned run average, and finished 13-5. Conner earned All-OAA D-II and All-District honors this year, and has accepted a softball scholarship to the University of Michigan. Dragons coach Denny Davis said Conner is the best player that he has ever coached (22 years at LO).

LAKE ORION'S LIBBY NELSON IS SAFE AT HOME DURING A RECENT GAME.

■ **BOBBI CONNER, jr.**, catcher, behind the plate Conner allowed only three stolen bases all season (throwing out 27/30 runners). Conner also went 7-3 as a pitcher for Lake Orion finishing second on her team in runs batted in (16), batting average (.302), and leading the team with 7 doubles.

Conner was an All-OAA D-II selection at catcher, and also earned first team All-District honors. "She is the best catcher we have seen all season, she bats clean-up (fourth) and she is a quality kid and athlete," LO coach Denny Davis said of the 3.93 grade point average student.

■ **CHERYL VERRAN, sr.**, outfield, as a second year varsity player, Verran does all of the little things it takes to win championships, that don't always show up on the stat sheet. Verran batted .260, while playing flawless in the outfield and helping her team to District ('97) and OAA D-II ('98) Championships. "Cheryl is an outstanding outfielder, she had timely hits and kept rallies going for us all season long," assistant coach Gary Kibby said. Verran's consistency will surely be missed in the Dragons outfield and at the plate next season.

■ **SAMANTHA MILLER, sr.**, infield, in each of her three years on the varsity for Lake Orion, Miller has pitched, and played second, shortstop, and also in the outfield. Miller switched from shortstop to first base this season, and consistently made the big plays for the Dragons this season. Miller hit .264 and went 1-0 this season on the mound, with a win against Oxford. Miller also had an outstanding volleyball career for Lake Orion.

STEPHANIE GEKIERE

MEL CUNNINGHAM

ERICA WHATLEY

SARAH COURTRIGHT

KELLI DAVIDSON

SARAH DEROSE

Offensive prowess highlights soccer

LAKE ORION SOCCER

■ **KRISTIE KING, jr.**, defense, King did an excellent job for the Dragons in her first year on defense, helping her team record eight shutouts in its ten wins. This is the speedy defenders third year on varsity, last season at sweeper King scored 12 goals and had 10 assists, this year she tallied 5 goals and added one assist while playing on defense.

■ **STEPHANIE GEKIERE, jr.**, midfield, As a second year varsity midfielder for Lake Orion, Gekiere recorded four goals and added five assists for the 10-5-3 Dragons this season. Gekiere also contributed on defense as her team shutout eight opponents in its ten wins this season. Gekiere also started last season as a midfielder for Lake Orion.

■ **MEL CUNNINGHAM, sr.**, forward, while recording a hat trick (three goals) in a 5-0 win over Waterford Kettering, Cunningham finished the season with a team-tying 12 goals, also adding three assists. The second year varsity player had 13 goals/5 assists last season. "

■ **ERICA WHATLEY, soph.**, striker, the second year varsity starter led her team on offense throughout the season with precise ball handling and passing skills, Whatley tied for the team lead with 12 goals and had three assists. Highlights of her season include scoring the game winner against Brandon (1-0) in the 74th minute, recording a hat trick against Oakland Christian, and scoring a goal in the final two minutes in a 1-1 tie with Birmingham Groves.

OXFORD SOCCER

■ **SARAH COURTRIGHT, sr.**, goal keeper: Kicking off the season with a broken nose, the Oxford tri-sport soccer sensation (she also played basketball and volleyball) kept an iron-clad lock on her net. A team captain and four-year player, Courtright earned first-team F4L recognition while being named most valuable player to the team.

■ **KELLI DAVIDSON, jr.**, defender: An honorable mention to the FML first-team, Davidson's intensity and enthusiasm inspired the team throughout the year. A three-year soccer player and basketball team member, Davidson's season ended May 8 with a dislocated knee, but Oxford coach Dave Summers said she'll be returning next year as a team captain.

■ **SARAH DEROSE, sr.**, forward: Playing nearly every minute of every game throughout the season, FML honorable mention DeRose displayed a consistency and calming influence for

the Wildcats. Coach Dave Summers said, "She very seldom gets beat. She reads the game well. A good all-around player."

CLARKSTON SOCCER

■ **GEORGIA SENKYR**, any discussion of female athletes at Clarkston High School will usually get to Senkyr eventually. She was captain of the basketball, volleyball and soccer teams this season. She led the varsity soccer team in scoring three times and scored the winning goal in three of the Wolves' five wins this season, notching eight on the season. Senkyr has signed with Northwood University to play basketball next year.

KARA BERGKOETTER

MEGAN SCHROEDER

GEORGIA SENKYR

AUTUMN LAIDLER

middle of the field and jump started the Clarkston offense all season. She also fired in the winning goal May 11 against Waterford Kettering. Schroeder was also a four-year member of the pom pon team that won a state championship in February.

LAKE ORION'S ERICA WHATLEY (LEFT) AND OXFORD'S AUTUMN LAIDLER.

■ **KARA BERGKOETTER**, a junior who's logged three seasons on the varsity soccer team, Bergkoetter excelled at several positions this season. She played the most at defense, where her combination of speed and strength could best be used, thwarting opponent's scoring opportunities. She notched one goal and dished out seven assists on the sea-

son, and she is also a two-year vet of the varsity volleyball team.

THE SHERMAN PUBLICATIONS' SPRING EDITION TRI-DISTRICT HONOR ROLL WAS WRITTEN, DESIGNED, COMPOSED BY BRAD MONASTIERE, DEREK STARK, PHIL STAYHUE, KATHY SCHANTZ, CATHY KOWALSKI AND GREG NORMAND.

Clarkston; Soccer is full of subtle plays and unnoticed hard work that helps a team

to be successful. A senior midfielder, Schroeder controlled the play through the

son, and she is also a two-year vet of the varsity volleyball team.

NEW LAW FOR NEW DRIVERS

Mr. Litten, Manager of Rochester Driving School, answers questions regarding the new Graduated License Law that took effect in April, 1997.

Q. **Why a new law?**

A. Statistically, New Drivers are involved in a disproportional number of auto crashes. Driver Education can only give a new driver a good start. Experience is the best teacher. Part of the new law requires parents to drive with their son/daughter for at least 50 hours. Actually, we would prefer Parents to put into closer to 80 hours.

Q. **Why was the Road Test reinstated?**

A. To save money, the State dropped the road test for most new drivers several years ago. However, very few people were in favor of dropping the road test. New the road test has been reinstated but done by an outside company. The road test is much more extensive than it used to be and will now cost about \$40.00.

Q. **Now Students have to take two courses?**

A. Yes. Rather than students taking a 30 hour course, we have divided the class into two segments. Segment One is 24 hours of class. After 90 days and 30 hours of driving, students return to take Segment Two. We feel that a follow up class after the student has some driving experience will be very beneficial.

Q. **How old do students have to be to start the class?**

A. 14 years 8 months. We encourage students to take the course as early as possible so they can experience all weather conditions and traffic conditions before driving on their own.

Q. **Is it true you have to be 17 years old to get a license now?**

A. No. At 16 years old, a driver would receive a Level Two License. On a Level Two License you cannot drive between midnight and 5 a.m. At 17 years old, you are eligible for a Level Three License were there are no restrictions.

Q. **So, what is the License Procedure?**

A. First, students take Segment One Driver Education. They then go to the Secretary of State's to get their Level One License. After 3 months and 30 hours of practice driving time, students take Segment Two Driver Education. At 16 years old and after 50 hours of practice driving time, you are eligible for the road test. Upon successful completion of the road test, at least 6 months at Level One, and 90 days crash/violation free. You are eligible for a Level Two License. (no driving between midnight and 5 a.m.). At 17 years old, at least 6 months on a Level Two License, and 12 months crash/violation free you may receive a Level Three License with full driving privileges.

Q. **Anything else we need to know?**

A. That's it. We believe the changes are a positive move for Michigan Driver Education and that the new law will save lives.
