City council resists senior living project

Council says project is too big; residential use still preferred

BY BRAD MONASTIERE

Clarkston News Staff Writer

Representatives from Sunrise Development, the new owners of the controversial property at the corner of Waldon and Main Street, got their first chance to pitch their idea of an elderly assisted-living facility to city council members Monday night.

But council members, and some of the overflowing crowd at city hall, were not receptive to the prospect of a 35,000 square-foot Victorian-style building on the corner.

One of those in attendance was former city councilman Bill Basinger, who said the building would have too big an impact on the city for it to be a sensible use for the property.

"The scope of the project is way out of whack with the community," he said. "What does it benefit the village? Well, with an \$8 million cost it would increase our tax base, but much of what goes here will go there, to help pay for extra police and fire protection from the township."

Most council members echoed Basinger's comments, saying they supported the type of buildings Sunrise puts up, just not on that particular piece of property.

"I support the concept and objectives of this project wholeheartedly," Anne Clifton said. "What I object to is the size and what it does to the community."

"My problem with that is that we decided that property should stay single-family residential," mayor Sharron Catallo said. "But the idea is wonderful."

In attendance on behalf of Sunrise was Reece Kaiser, a development officer with the Virginia-based company, and Laura Hester of Gerald J. Yurk and Associates, a Rochester architectural firm, and project coordinator for Sunrise.

Sunrise purchased the property from longtime owner Bob Olsen for a six-figure sum. Sunrise is proposing a 50-unit facility for the property that would be two stories high. Kaiser said the facility would house 60 residents when fully occupied, plus additional staff that would push the number of people in the building at any one time to over 120.

Kaiser showed a series of slides to the council showing what other Sunrise buildings look like. The buildings were rich in Victorian architecture both on the outside and inside, and while council members liked the style, they couldn't get past the size of the proposed building.

"Given the location, it's very large, very large," council member Karen Sanderson said. "There really aren't many buildings that big here."

'And this line over here means ...'

Astrologer Robert Taylor reads the palm of Clarkston Community Women's Club member Darlene Carter at the club's meeting Thursday, February 21 at the Independence Township Library. The palm is a map of a person's destiny, Taylor told the group, and the position of the planets at birth show what characteristics and circumstances you've come into this life with. But it's possible to change those circumstances with free will. He made predictions about romance, vacations, children and finances for the group.

New master plan steers Independence Parks and Recreation into millenium

BY EILEEN McCARVILLE

Clarkston News Staff Writer

A five-year Parks and Recreation master plan approved by the Independence Township Board of Trustees Feb. 2 aims to keep pace with a growing community.

Developed by Township Planner Dick Carlisle and parks and rec Director Ann Conklin, the document is "a wonderful planning tool" to guide recreational planning and development from 1999 to the year 2003, Conklin said. "We do it every five years."

The planning process included background studies, evaluation and development. Workshops included Carlisle, members of the township board, the Parks and Recreation Advisory Commission and the parks and rec. administrative staff, which includes Conklin and assistant director Mike Turk. Community members also participated in a public workshop and prioritized their needs.

The document outlines several projects which were completed from the last five-year plan, which focused on Bay Court Park. They included building the playscape structure, the beach pavilion, picnic shelter, parking areas and more.

One of the biggest challenges ahead is to meet the needs of a variety of age groups. According to the

document, 1998 SEMCOG (Southeast Michigan Council of Governments) estimates capped Independence's population count at 31,109.

Nearly half (52 percent) of those people are under the age of 35 and about a quarter of the total population are children. And 30 percent of the total population is over 45, which "indicates a future potential for a sizeable senior population," according to the document.

"We really need to develop a study program for the baby boomers," Conklin said. "It's a challenge, but it's really a fun challenge." There's a 30-year difference between "a 50-year-old and an 80-year-old," she added, noting the growing senior population.

"That's a challenge, demographically. When you used to go to the Senior Center, you thought of playing cards and bingo." Things are different nowadays, with older people taking better care of themselves, staying active, and requiring more recreational needs.

Independence Township's recreation department includes the safety path system, the township's Senior Center and four township parks, covering approximately 220 acres of land.

They include Bay Court Park on Andersonville Road, Clintonwood Park on Clarkston Road, Sashabaw Plains Park on Maybee Road, and Deer Lake Park, a

The News in Brief

Independence Township Board of Review to meet

1999 assessment appeals of value, classification and poverty will be heard by the Independence Township Board of Review March 8 and 9 from 9 a.m. to 5 p.m., and March 10 from 1 p.m. to 9:30 p.m.

The 1999 tentative equalization ratio is 50 percent and the estimated multiplier is 1.000 for all property classifications. Taxes are levied against the taxable value of the property.

Property owners must make an appointment through the Assessor's office at 625-8114 between 8 a.m. and 5 p.m. If none of the posted hours are convenient, requests may be made for an alternate date and time. Please have the parcel identification number handy when calling for an appointment.

Emergency food assistance

Oakland Livingston Human Service Agency (OLHSA) will be distributing free food through the Temporary Emergency Food Assistance program (TEFAP), during the month of March.

All people who are income eligible and not registered may do so March 10 at the site by bringing social security cards for all household members, verification of household income and photo ID.

The Independence Township distribution point is: Independence Township Senior Center, 5980 Clarkston Road in Clintonwood Park from 9 a.m. to 5 p.m.

The Davisburg distribution center is Davisburg United Methodist Church, 803 Broadway, Davisburg, from 10 a.m. to 1 p.m.

For more information or eligibility requirements call Trudy Long at OLHSA, (800)482-9250.

Taste of Everest to showcase over 50 favorite recipes

Over 50 parents of Everest Academy students who submitted recipes for *A Taste of Everest* cookbook will prepare their favorite dishes Sunday, February 28 from 1:30 to 4:30 p.m. at the school as a fundraiser.

Leelanau Wineries will provide wine tasting for the afternoon event, students will have artwork on display, and there will also be a bake sale.

Advance tickets are \$25 per person or per couple for the adults-only event. Tickets at the door are \$30.

The cookbook has over 200 recipes and is available at the school for \$20. Everest Academy is located at 5935 Clarkston Road west of Sashabaw. For more information call 620-3390.

Dog licenses available at Independence Twp.

1999 Oakland County Dog Licenses are on sale Monday through Friday from 8 a.m. to 5 p.m., at the Independence Township Treasurer's Office, 90 N. Main Street, Clarkston.

The fees are: \$7.50 spayed or neutered - \$6.75 senior citizens price; \$15 male or female - \$13.50 seniors citizens price.

Bring proof of rabies vaccination and documentation that the dog has been spayed or neutered. After May 31 the fee will be \$30.

Call 625-3370 to place your information in *The News in Brief*.

'In Camelot ...'

Clarkston High School thespians ready for annual musical

BY EILEEN MCCARVILLE
Clarkston News Staff Writer

The new Clarkston High School Performing Arts Center is being transformed into a dreamy kingdom of magic, as Drama Club members prepare for the legendary tale of good King Arthur and his merry knights of the round table.

This year's musical begins Friday and runs through the weekend.

A sneak preview last week showcased Joe Baldiga as an animated King Arthur, Jessica Williams as a lovely Lady Guenevere and Phil DeVries as the dashing Sir Lancelot who comes between Arthur and his queen, evoking a love triangle with dire consequences.

The "enchanted" cast also includes Mike Lenhardt as the comical King Pellinore, Tara Matkosky as the fairy Morgan LeFey, Nick Thompson as the evil Mordred, Brandon Scheiderer, Lorne Deacon and Brian Witkowski as a trio of knights -- and Brian Fitzgerald as Merlyn the magician, King Arthur's confidante.

Or, as Joe (as Arthur) puts it, "I'm not accomplished at thinking, so I let Merlyn do it for me."

Additional cast members portray knights, squires,

Arthur (Joe Baldiga) tells Guenevere (Jessica Williams) of his kingdom in CHS's 'Camelot'.

Middle school and high school students, their parents, teachers and administrators were honored at the Clarkston Area Optimist Club Youth Appreciation Breakfast February 17. Elementary school students will be honored on March 3.

Clarkston Area Optimist Club 'appreciates' youth

BY MARALEE COOK
Clarkston News Editor

On Wednesday, February 17, Clarkston Area Optimist Club members met at 7:30 a.m. at Clarkston Creek Golf Club just as they do every Wednesday morning.

But on that day they were joined by about 20 of Clarkston's best and brightest middle and high school students and their parents, teachers and administrators.

In honor of Youth Appreciation Week the Optimists will sponsor two Youth Appreciation Breakfasts. Last week middle and high school students were honored and on March 3 elementary school students will receive the same celebration.

The motto of the twelve-year-old club is "Friend of Youth." "It is also our focus," said Optimist President Don Brose recently. "Ninety percent of what we do is geared toward youth."

Principals at each of the schools choose the students they feel deserve the honor. At Wednesday's

breakfast the various students were described by their principals as considerate, positive, hard working and goal oriented, who have leadership abilities, make contributions, are strong and model that strength for others.

Brose works with the two middle school Jr. Optimist clubs and Clarkston High School's Octagon Club. "It's the most rewarding thing I've ever done," he said.

There are about 60 members in each middle school club and about 50 Octagon members.

"They (all three clubs) mirror our Optimist Club through their community service projects. The kids make decisions, and pretty much do everything. The adult advisors act like back-seat drivers and only intervene if there are problems," said Brose.

The seventy-five member Optimist club also sponsors a youth oratorical contest, Tri-star basketball skills competition, and Respect for Law program.

The Jr. Optimists and Octagon members participate in several fundraising and community service

projects, including Caroling for Cans, an annual Easter book drive and the National Children's Cancer Foundation (NCCF).

The national goal for the NCCF among Jr. Optimists and Octagon members is \$25,000. Last year Clarkston students raised \$3,600 toward that goal.

Brose said the yearly budget for the Optimists is about \$25,000, most of which is donated to three \$1,000 high school scholarships, youth programs and needy groups. The bulk of the Optimists' funds will be raised at the March 13 Annual Dinner Dance and auction at Deer Lake Athletic Club which is open to the public.

Some of the items to be auctioned include a Hawaiian vacation, golf packages, weekends at Harbor Springs and Shanty Creek, and a 52-inch big screen TV.

Tickets are \$50 per person and may be purchased through Geri Batt at 625-3330. Donations for the auction may be made by calling Brose at 623-7900.

Trustee wants meetings relocated to township annex

BY EILEEN MCARVILLE
Clarkston News Staff Writer

Prior to the start of the Feb. 16 meeting, Trustee Jeff McGee asked the Independence Township Board to revisit the issue of relocating meetings due to the proposed remodeling of township hall.

McGee stated there has been no official proposal yet — only talk of improvements for the hall's main floor.

However, alternative meeting locations — which include Fire Station #1 on Citation Drive and the Independence Township Library on Clarkston Road — have been approved for the entire 1999 year. That's because township offices will be temporarily relocated to the annex if the remodeling takes place.

This is inconvenient for not only board members but the general public," McGee said. Planning commission meetings have also been relocated to the Clintonwood Park Carriage House on Clarkston Road until further notice, said a building department spokesperson.

Supervisor Dale Smart "acted with good intentions" when he asked for the relocations, McGee said. "But we're already two months into the new year and haven't even dealt with (the remodeling) on an approval level yet."

If approved, "it could be well into summer and fall before construction begins," said McGee, citing the bid process and other factors. It might be "prudent" to reschedule the meetings back to the annex until then, he added.

"We haven't gotten to the stage of tearing our township hall apart and our annex is remaining unused," McGee said.

However, Smart said the township "still intends to move forward with the proposal." And "We have been open to the public where we are going to hold meetings."

There was no action Tuesday.

Nutrition store bandit caught

BY EILEEN MCARVILLE
Clarkston News Staff Writer

A Pontiac man suspected of robbing businesses in several counties, including a local health-food store, has finally been apprehended following a fingerprint match.

David Allen Crofts was arraigned last week before a 52-2 District Court magistrate and charged with armed robbery. He confessed to robbing the General Nutrition Center at White Lake Road and Dixie Highway in Clarkston Sept. 3, escaping with an undetermined amount of cash after he ordered a clerk to the floor at gunpoint.

Crofts was taken to Oakland County Jail, where he remains lodged on a \$200,000 cash surety bond. "He's not going to get out," said Oakland County Sheriff's Det. Perry Dare. "He's got about \$500,000 in bonds; total."

Crofts faces a preliminary exam before 52-2 District Judge Gerald McNally this Friday, followed by a possible trial and sentencing in Oakland County Circuit Court.

Besides Clarkston, Dare said Crofts confessed to robbing businesses in Troy, Rochester Hills, Keego Harbor and other Oakland communities. "His statement to me was 10 to 12 (robberies)," Dare said. Charges are also pending for a Genesee County robbery.

Ninth annual Michigan spring tree sale underway

Spring will be here and once again Global ReLeaf of Michigan is offering for sale to the public bare root trees especially selected for their hardiness and ability to prosper in both urban and rural areas. Funds raised through the annual tree sale support community tree plants throughout Michigan.

Eight varieties of shade trees are offered: Fallgold Ash, American Linden, Sugar Maple, Norway Maple, Crimson King and Emerald Lustre, Northwood Red Maple, Red Maple, and Autumn Applause Ash.

Four varieties of flowering crabapples are offered

At nutrition stores, Dare said one of Crofts' lines was to tell clerks he was shopping for vitamin supplements for his wife. He would then brandish a gun and rob the store.

A rash of robberies, suspected of Crofts, ended several weeks ago, which led police to believe "he was locked up somewhere," Dare said. Crofts was eventually found lodged under the alias of Kevin Allen Ekstrom at Oakland County Jail, for possession of an illegal shotgun.

A supervisor at the county crime lab matched fingerprints from a robbery in Rochester Hills to Independence through the AFIS (Automatic Fingerprint Information System), Dare said. "On top of that we got a full set of prints from the FBI. He was on parole from a conviction in California, but was still in jail on the possession charge."

OCSO Lt. Dale LaBair said Crofts "also had a huge history under his real name. At least we presume that's his real name."

Names don't make any difference in fingerprint matches, said LaBair, noting Crofts' two aliases. "First time I get arrested I could be Billy Bob Smith. They don't care what name my mom gives me, I could be Billy Bob Smith forever."

The impetus for the robberies was drug addiction, LaBair added. "He had a huge heroin problem and couldn't feed it fast enough."

(color of blossom): Royalty (red), Indian Summer (pink), Spring Song (white), and Prairiefire (bright pink).

All trees are 5 to 7 feet in height and lightly branched. Orders must be prepaid by April 12. Quantities are limited. Prices are \$19 each or mix and match, five for \$90, 10 for \$165. Prices include Michigan sales tax. Please send check or money order to Global ReLeaf of Michigan Tree Sale, P.O. Box 13244, Flint, MI 48501-3244.

Pick-up date and location: Saturday, April 24, 9 a.m. - 5 p.m., Bordine Nursery, 8600 Dixie, Clarkston.

Clarkston City Council resists Main St. assisted living project

Continued from page 1A

Every time Hester or Kaiser would try to defend the merits of such a project, a member of the audience or the council would come back with a reason why it would not be a good fit for the city.

"This provides a service for the community that's lacking here," Kaiser said. "We're not impacting the schools, where a single-family home there certainly would. We would do well here, and that means the community would do well."

"I just don't understand the benefit to the rest of the village," Basinger said. "Yes, it may add people who can shop downtown, but the steepness of the property would make it impossible in the winter time, and they would probably have to take a bus during the summer time. This doesn't suit the village, or the residents there."

Two members of the audience defended the project, Olsen and local businessowner Ed Adler. Adler chided the council for opposing the project because

for years, the council's stance has been to have a residential-type of facility on the property, and now that one is proposed, it's starting to reject the project.

"Show me one person in the last 20 years who has wanted to build a house there," Adler said. "I don't believe I'll live long enough to see a person build a home on that property. The only thing you'll listen to is a single-family project there. Now you get a residential project there and you don't want it."

Olsen also defended the project going on the property.

"Residents had decades and decades to build a house on that property, and no one ever did," he said. "I hope you guys consider this and work with them on this. We were just about to go into litigation on this, and there's no sense in doing that. I just hope you guys are open minded."

Hester said the building would stand 32 feet high at its peak, and the cost to live there would run around \$3,000 per month for residents, about a third of a nurs-

ing home, she said. By comparison, Adler's Clarkston Mills Mall building on Washington Street is 32,000 square feet, around the same size the Sunrise building would be. But the size it takes up on the ground - or the "footprint" of the building - would be less because the entire structure would be two stories high, while very little of the mills mall is two stories.

The council took no action on the issue at Monday's meeting, but several members agreed to tour Sunrise's facility in Rochester before making any more judgements.

"I doubt you have put a facility into a town our size before without a significant change in the balance of what goes on in a community," councilman Dan Colombo said. "But I will look at your Rochester building myself."

Hester said Sunrise has 80 facilities in 15 states, with many more under construction, including buildings in Northville, Troy and Farmington Hills.

Editorial

Assisted living in Clarkston may be workable: parks and rec; celebrating students

We are glad to see that at their February 22 meeting Clarkston city council members did not shut the door on the assisted-living facility proposed for the corner of Waldon Road and Main Street.

While the size of the project (35,000 square feet) may seem daunting, we believe the use is a good idea.

It would bring more people to the area in terms of the project's residents and visitors, something the community has been asking for.

The property has remained vacant for a long time and former owner Bob Olsen's charge that it may not be desirable for a single-family home is credible.

We hope after further study the council will consider asking Sunrise Development for compromises to the proposed facility and site plan that would make it more to their liking.

At their February 3 meeting the Independence Township Board of Trustees unanimously adopted a new parks and recreation master plan.

The existing parks system and the recreation programs already offered in Independence are top notch. The additions offered in the new plan will be frosting on an already delicious cake.

We commend Parks and Recreation Director Ann Conklin, her staff, township planner Dick Carlisle and the township for creating a truly family- and user-friendly parks and recreation system — one of the best in Oakland County.

On February 17 the Clarkston Area Optimist Club honored 20 middle school and high school students at their annual Youth Appreciation Breakfast. On March 3, the club will honor Clarkston's elementary school students.

In his speech to the audience last week, Superintendent Dr. Al Roberts said, "There's nothing I enjoy more than recognizing the good deeds of our students."

He added that the students honored are proof that not all teens are troubled as the media often portrays them to be.

We add our congratulations to all of the kids today who stay focused and on the right track. We would also like to commend the many service clubs in the area that take the initiative to celebrate the young people in our community. MKC

Love is going with him to an Ozzy Osbourne show

Sometimes you have to show your man just how much you care.

But you have to be cautious. Men don't always take well to our romantic whims. A friend told me she was once so filled with love, she sent flowers to her husband for his birthday. It was at the office.

When she called, there was a big pause at the end of the line. Then a low voice said, "Don't ever do that to me again."

She was filled with shock. She thought, why wouldn't anyone love that? He probably thought, I'll never live it down. Just one more case of Men are from Mars, Women are from Venus ...

That's why I pay close attention to my husband. He's a low-key guy with short hair, a teaching job and a golf wish. He's never worn a tattoo to my knowledge, never had really long hair or a nose ring, but when Black Sabbath tickets went on sale, I saw a big, bold Z in each eye.

Sabbath was reuniting with its original frontman — alleged bat-biter Ozzy Osbourne — and next to other testosterone-laced groups like AC/DC and Ted Nugent, there's not an act he'd like to see more.

In short, my mild-mannered fellow heard the call of the wild. But his dream to purchase tickets died when an unforeseen expense arrived.

So, I thought, nothing would give him greater joy than to be surprised with tickets for the Sabbath reunion. It was my post-Valentine's Day gift to him.

His eyes lit up and he ran to the bedroom. After rummaging in the closet, he produced the band's "Greatest Hits" tape. With binoculars in tow, we made our way to The Palace and he provided me with enough history to fill a VH1 "Behind the Music" special (with the tape blaring all the way).

I didn't get a word in edgewise. He educated me on all the band members' names, how to spell them, the first song ever written by Ozzy Osbourne. His eyes misting, he recalled the first time

he's ever seen them in concert ... etcetera, etcetera, etcetera.

In the parking lot, we finished the entirety of the tape.

Inside, I stuck out like a sore thumb, as the ratio of men to women was something like 100 to 1. But you could find just about any type of man in there: skinheads, long-hairs, jocks, clean-cut types, young, middle-aged and old. There were probably doctors, lawyers, construction workers, teachers, cops — you name it. All Ozzy fans.

As the evening unfolded, I found it was even more fun watching my husband than the concert. When you love someone, you enjoy watching that person enjoy himself — whatever his musical tastes might be.

He sang along with the band.

He strummed the air guitar.

He even head-banged a little.

He hoisted his drink high and chanted a blood-curdling "Ozzz-zzzzzzzzz!" with the rest of the male crowd.

In short — he was in his glory.

Don't get me wrong, I, myself, like a lot of the Black Sabbath songs. I think many people would agree tunes like "Iron Man" and "Paranoid" have gone down in history. Some of them have even been turned into elevator musak and beer commercials — a sure sign you've joined the ranks of classic rock.

But, what, I'm trying to figure out, do men see in a guy who hobbles across the stage like an old woman — a guy who looks like a cross between a Muppet and a hobbit?

"If you quit doing sit-ups for a couple of months, you could look just like that," I said, eyeing his stomach.

My friend and I had a brief discussion the next day. "Maybe they see him as some kind of fantasy," she suggested. "You mean, like the bad boy they'd like to be?" I said.

I'm still trying to figure it out. But I know I never will. It's just another one of those "guy things." If any of you readers out there can tell me why Ozzy's such an icon, please let me know.

And, if you female readers want any gift suggestions — now you've got one.

Improving your metabolism through training

Does your metabolism need a lift? Although there is no magic pill that will do the trick for you, it is actually easier than you might think. The most effective way to increase your metabolism is through resistance training. Since muscle is where calories are burned, it would make sense that the more muscle you have the more calories you will burn. In fact, one pound of muscle can burn approximately 35 calories per day; whereas, one pound of fat only burns about five calories per day.

Resistance training should be performed at least twice a week and should target at least eight to ten muscle groups. If you have never done any kind of resistance training in the past, then be sure to start off with light weights and higher repetitions. Proper form is of utmost impor-

tance for both safety and effectiveness. Therefore, hiring a personal trainer for one to two sessions will be well worth the dollars spent.

For body composition improvement, you should also perform cardiovascular exercise three to five days per week for a minimum of 30 minutes per session. The cardiovascular exercise is where you will burn the fat and increase the strength of your heart.

Of course, let's not forget about proper eating habits. Be sure to eat small meals or snacks every three to five hours throughout the day. If you go longer than four to five hours without any nutrition, your metabolism will start to slow down in order to conserve energy. A dietitian can help you with proper meal planning.

The combination of resistance training, cardiovascular, and proper nutrition is the most effective way to improve your metabolism. Unfortunately, there is no magic pill. And don't believe otherwise — if it sounds too good to be true, it usually is!

VISION 2020 rears its ugly head again. A plan, by the way, that has never officially been adopted. The Independence Township government will have its way by picking off one by one zonings that do not fit there plan or way of thinking.

Are you free? This question is asked by Gerry Spence, P.C. in his new book "Give Me Liberty: Does the Government serve the people? I think NOT! You select them, you pay their wages (and benefits plus cars ect.). But do they serve you? Can you plan for the future? Can you believe them? Can you stop them? We call this freedom? "Pick on the church, they

can't fight us". Let's put light industrial at M-15 and I-75s northwest quadrant. "Let us decide that all previous plans and planners were wrong," they are saying.

The people have come under the tyranny of the government! I ask again are you free, is your freedom honored? Is the law (the government) choking the very life, wage and freedom from you?

Answer these questions and the great majority will realize, we are puppets, slaves, and no consequence to those we give such awesome power.

The problem is absolute power corrupts absolutely. Gary Stonerock author of "Government Gone Amuck" articles

Memories come back, so call the cops

Remember reeling in the glory of childhood? Remember when summers were full of unbounded joy, falls were mystical (if not a little scary), winters, though cold, were fun and springs full of promise?

There were games and childhood rituals for each season. And each season there were also experiments — could you swim across the lake? How far in the air could you and your trusted sled fly off the ramp?

If I think really, really hard — if I concentrate, focus all my brain power to those glorious days of yesterday, I can muster some semblance of memory. While things may not be crystal clear, I'm sure some of those things we did in pursuit of fun would make our parents cringe. It's coming back to me . . .

Ah, the hairball risks we took with our lives and limbs. Ee-gads.

I bring this to light, because a reader, we'll call him Tom, wrote me an interesting letter. Which, of course I'll share part of it with you . . .

Dear Don,

It seems every time someone enjoys doing something these days, too many people want to ban the activity or regulate it to death. Like motorcycling, jet skiing, snowmobiling, hunting, target shooting, roller blading and go-carting, to name a few . . .

It's hard enough being young and a teenager today. It seems too many adults today forgot they were once young and teenagers, too . . .

Tom further suggests when we adults see an activity like roller blading, tag or general rambunctiousness going on in a street to take a moment and breath. To close our eyes and remember when we were those young kids running wild on the sidewalks and side streets. When we laughed, screamed and were generally too loud.

Were we loud and obnoxious — you bet! Were we doing anything dangerous — only to ourselves, probably. How many times were the police called to shut us up — zip, zilch, nadda, zero times. But of course, I guess we didn't live in a nanny-state like we do now

Tom says we adults should not be so quick to protest or to call the cops. There's a line somewhere I know, where Tom is right — when adults are too quick to judge — and

where adults are justified in complaining — when youths are rude and disrespectful.

Or, maybe we adults are just bores, party-poopers unhappy because we forgot how to have some good old-fashioned fun, where we run, scream, kick the can and laugh without shame.

Got a comment for the Pan-esque Rush? You can e-mail him at: Donrushme@juno.com

Short stuff for a very good reason

I am a firm believer that reporters, editors and columnists write their stuff too long to hold a reader's attention beyond megabyte length.

As one of the readers of one of our community weekly newspapers told me this week, "I like your little newspaper (The Citizen of Ortonville) because it's easy to read and has the local news in it I want."

I didn't care for the "little" description, but I guess that's what it is compared to the too-big-to-handle competitors of ours and the dailies.

Anyway, here's some reading, short and easy.

Everyone who has followed politics in this country since 1865 must realize there hasn't been a politician since Lincoln who has had the word "honest" attached to his like name. Ab did and has.

What kind of mental process does a Dan Quayle go through to convince one's self they can possibly be elected to the presidency? Quayle must have had too much money left to him by his newspaper-background family.

With so much of the news the past several months

politically oriented it's normal to have a lot of passing thoughts on the subject. Like: Governor Engler wants to have income taxes in Michigan cut by half a percent over the next five years.

I'm too long out of elementary school to figure what percent that is each year, but I know from past governmental practices that fees will rise, permits will require more money up-front and licenses will cost more in the next five years than half a percent.

Polls govern and polls make the news, more and more. Polls give Clinton 68 percent job approval rating and 68 percent dislike his personal conduct. Reminds me of a saying: "Yes, he's a liar, but he's my liar."

Have you paid close enough attention to U. S. Army recruiting advertisements . . . most of which air during high ad dollar cost time . . . like the Super Bowl . . . to see the tag line that reads, "Paid for by U. S. Army."

We're lead to believe they get their money from someone besides we taxpayers, like they own fast food franchises.

Former Superintendent of Oxford Schools, Roger Oberg, a UP'er from way back, tells about Toivo visiting the graveyard and saw a tombstone that read:

"Here lies, John Smith, a lawyer and an honest man."

"How about that," Toivo said, "They got three guys buried in one grave."

A Look Back

15 YEARS AGO (1984)

A 14-year-old Springfield Township boy saves a 30-year-old man's life, pulling him out of icy Susin Lake. The youth, Scott Davis, says he was stacking wood behind his home when he noticed the man -who lives across the lake -- carrying a load of groceries across it. "One minute I saw him, then I turned around and he was gone," says the ninth-grade junior from Clarkston Junior High.

Mr. G's Hair Center expands to 3,000 feet with a second establishment across the street from owner Dick Ayres' 15-year-old location in Independence Commons. The new center features space for hair replacement clients, room for a skin service salon and three more hair-cutting stations.

Clarkston High School music students perform at the annual District 4 Solo and Ensemble Festival at Royal Oak Kimball High School. Four students receive first place ratings in solo work, along with three duet ensembles.

25 YEARS AGO (1973)

A robbery occurs at Harvey's Colonial Restaurant on Dixie Highway. The armed robber tells four employees to stay in a walk-in freezer while he makes his getaway with the \$549.91 deposit and another \$6 from one worker's purse.

Upon recommendation of Ordinance Enforcement Officer Tim Palulian, the Independence Township Board amends a portion of its noxious weed ordinance dealing with notification to violators that the weeds on their properties will be cut. A bill for the cutting will be sent to the property owner and, if left unpaid, it will be put on the person's tax bill.

The Clarkston junior varsity basketball team smothers the Clarenceville Trojans with a final score of 49-27. Randy Limbaugh leads the Wolves' scoring with 12 points and six rebounds

50 YEARS AGO (1948)

Honor students are named at Clarkston High School. Patricia Doyle is Valedictorian and David Saxman is Salutatorian. Patsy plans to attend the University of Michigan next fall, entering the Literature, Science and Arts School. David will enroll at DePaux University in Greencastle, Indiana as a pre-med student.

Community Activities, Inc. sponsors a home talent show called "Laff it Off." The story brings to life the pages in a newspaper, including the funnies, society and radio pages, Dorothy Dix and many popular columns.

Playing at the Holly Theatre are Greer Garson, Walter Pidgeon and Peter Lawford in "Julia Misbehaves;" and Victor Mature and Richard Conte in "Cry of the City." Glenn Ford and Evelyn Keyes star in "High Seas" at the Drayton Theatre, along with "Blondie's Secret."

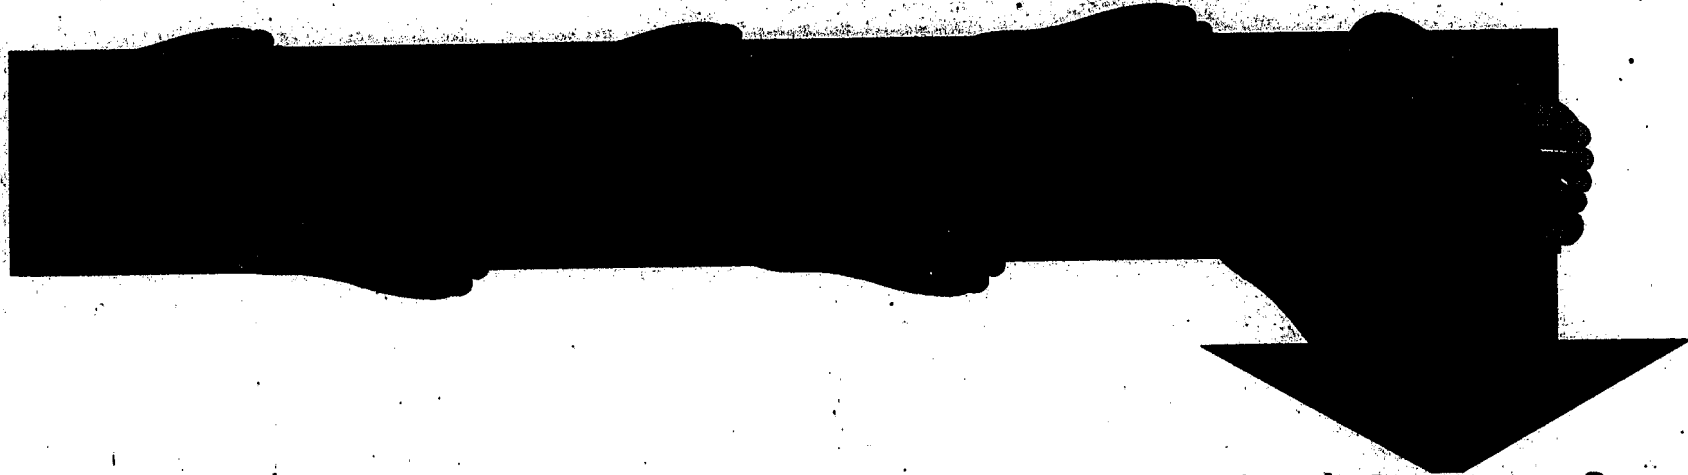

As we approach the 21st century, we take along many battles, victories, memories, dreams, a rich tapestry of American history.

During the course of this year, The Clarkston News will feature a bit of nostalgia with a historical front page from a past issue, 1934 to the present. Each week, turn to page 9A and turn back in time.

We hope you enjoy another opportunity to peek into the past of our community, courtesy of the Clarkston News.

Volume 37 Single Copy 10 Cents CLARKSTON, MICHIGAN 48016 THURSDAY, SEPTEMBER 2, 1963 NUMBER 1

Fire Destroys Whoppee Bowl

Ashes and rubble are the sole remains of the once named "Whoppee Bowl" located on Dixie Highway in Springfield Township.

Township to Negotiate for Waterford Water

Independence Township officials, who have for some time been considered a water supply program for the township, are now contemplating an agreement with Waterford Township to secure water for Independence Township.

Waterford Township, which has undertaken a water program for the entire township, has a supply line that runs at the township line near the Old Mill Tavern. Mr. White's proposal would be to install a water main from that point to his apartment complex. The water main would then become the property of Independence Township.

If the proposed hook-up becomes a reality, other business' with property situated in the proposed line would be eligible for water; should the supply and demand factor be met, Independence Township would control this system charging a fair rate to all customers.

Such a step, if and when agreed upon and completed, would coincide with the plan of Independence Township to extend and provide their own water supply system.

Some time ago township officials made an informal inquiry to the Federal Home and Housing Administration for consideration of financial assistance under the 702 program for developing a water supply program. Due to recent events, the township expects to renew this interest, making a formal application to undertake this program, according to Mr. Altman.

Mr. Altman added, "In view of the fact that the county has indicated that it agrees, plans will be available to Independence Township shortly (possibly within the next two years) our plans to step up a water supply program are not premature."

Jack Zeunen Retires from Detroit Edison

John R. (Jack) Zeunen, manager of Detroit Edison's local office in Pontiac since 1958, retired September 1 after more than 45 years of company service.

A native of Amsterdam, Holland, Mr. Zeunen moved to Michigan as a child and received his education in Detroit. While still a high school student, he worked for Detroit Edison as a part-time office boy and spent some time during World War I as an assistant paymaster for the American Shipbuilding Company. He joined Edison's sales department full time following graduation from Southeastern High School in Detroit.

Before his transfer to Oakland County in 1957, Jack worked in both Wayne and Macomb counties in various staff and supervisory capacities. His first Edison assignment in this area was as accounting supervisor.

Since moving to Oakland County, he has taken an active part in community projects and affairs. He is a past president of the Pontiac Lions Club and has served in the Pontiac Area United Fund Campaign. He is also a member of the Pontiac Elks Club, the Y.M.C.A. and the Chamber of Commerce and has served as vice-chairman of the Kego Harbor Planning Commission.

Jack and his wife, Isabel, make their home at 2809 Devonshire Road in Bloomfield Hills. They have two daughters, Jean Huber and Lois Ann Christian, and two granddaughters. The couple was honored Monday evening with a dinner party at the Pontiac Elks Club. 200 civic officials and community leaders, company associates, and area friends attended.

Jobs Waiting for High School Boys

Need a few extra dollars before school starts? Mind hard work? Jobs are waiting for willing high school boys during the Clarkston Village Days. Interested boys may apply by reporting to the employment office which will be located at the village parking lot on Washington Street. Applicants should apply by 7 a.m. Friday, September 2.

Corn Roast

A corn roast, featuring hot dogs and drinks will be held at the Campbell Richmond Post No. 63 of the American Legion on Labor Day, Monday, September 8. The home is located on Ortonville Road, north of I-75. Free pop will be available for the children.

Police to Hold Pistol Shoot

The twenty-eighth annual Michigan pistol shoot will be held Thursday, September 4, on the target range of the city police department at Jackson.

Police, sheriff departments and other law enforcement agencies will compete in five classes for rotating governor trophies. Class winners also get plaques for permanent possession and members of the top three teams in each class receive gold, silver and bronze memorabilia.

Other awards go to the top three individuals in aggregate score and fastest, rapid and slow fire events and in the chiefs' match, a feature there also is a State Police constable's award.

The annual match is sponsored by the Michigan Association of Chiefs of Police in cooperation with the Michigan Sheriff's Association and the State Police.

The annual match is sponsored by the Michigan Association of Chiefs of Police in cooperation with the Michigan Sheriff's Association and the State Police.

Village Days Open Friday in Clarkston

An interesting and entertaining Labor Day weekend in their own community is assured Clarkston area residents as a result of events planned by several local groups.

Clarkston Village Days, sponsored by the Clarkston Businessmen's Association, will begin on Friday, September 2. This will consist of a musical side walk sale during which local merchants offer select items of merchandise at a great savings.

The local businessmen will also provide many desirable prizes for a free drawing after the parade on Monday.

Throughout the weekend amusement rides will be available to provide entertainment for the whole family under the auspices of the Clarkston area Jaycees. The Jaycees have contracted with the A. J. Carl Shows for the rides which will include merry-go-round, tilt-a-whirl, ferris wheel, scrambler, octopus, helicopter, and three kiddie rides. A search light will beacon area residents to the show which will be set up in the village parking lot on Washington Street.

The Jaycees will also arrange for the first time for a dunking machine that will provide members of the community with the opportunity to dunk various local civic leaders in a large barrel of water. It is felt that most residents will welcome this opportunity to see for themselves that their favorite local leaders are "all wet."

Refreshments and food will be available for the public at the food concession to be provided by the Jaycees.

The highlight of the weekend activities, the annual Labor Day Parade, sponsored by the Clarkston Rotary Club, promises to be a success once again this year, according to reports from Parade Marshal, Robert Jones. He has indicated that parade entries are coming in beyond expectations but hastens to assure all groups that additional entries are still welcome. He has requested that all groups participating in the parade convene at the corner of Miller Road and M-15 no later than 8:30 a.m. Monday, September 8. The parade is scheduled to begin promptly at 10 a.m.

Bob Skerratt, chairman for the Rotary float committee, said construction of this year's Rotary float is well under way and that the theme is based on one of the several services rendered to the local community by the Rotary group.

All of the weekend events are being planned to assure residents of a fun filled safe weekend by staying in the local area and participating in the many programs and activities.

Accidents and Thefts Keep OC Sheriff Department Busy

Glenn Filhart of Glastonville Road, Clarkston, was injured when the car he was riding in was struck in the rear by a vehicle driven by Larry D. Cross of Console Street, Clarkston.

Michael John Filhart, driver of the car in which Mrs. Filhart was riding, stated that he was making a left hand turn into a drive way when his car was hit in the rear, according to Oakland County Sheriff Department records.

According to Cross, he had pulled into the left hand lane to pass a car and did not see the Filhart vehicle until it was too late.

Mrs. Filhart was the only person injured in the Saturday morning accident.

A Detroit man, Mr. Henry L. Proulx, died of a heart attack while driving his car on I-75, one mile north of U.S. 10, Saturday.

Mr. Proulx, complained of feeling dizzy just prior to slumping over in his seat. His wife managed to manipulate the vehicle off the expressway where she tried for thirty minutes to get someone to stop and aid her.

Mr. Proulx was pronounced dead upon arrival at Pontiac General Hospital, according to Oakland County Sheriff Department records.

The theft of sliding aluminum windows valued at \$365.43 from the garage of a home being built at 7728 Holcomb is being investigated by the Oakland County Sheriff Department.

The theft which occurred during the weekend, was reported by Mr. Leon Hubbard of the Booth Builders Company.

Osteopath Dentist

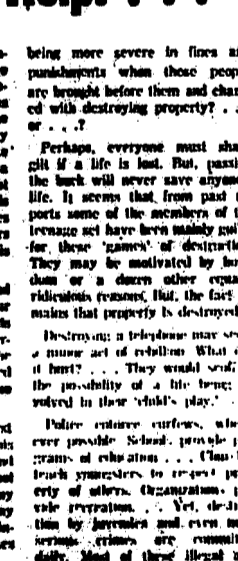

Open Offices in Area

Dr. Francis F. Whitlow, D. O., (above) has recently opened offices in the Pine Knob Clinic at 5825 Southbury in Clarkston. Dr. Whitlow, a native of Michigan, is a graduate of the Chicago College of Osteopathy. He interned at the Pontiac Osteopathic Hospital. His new offices include an x-ray room, and diagnostic laboratory. The 31 year old doctor is the father of three children. He and his family plan to move from Pontiac into the Clarkston area as soon as housing is available.

No Phone . . . No Call . . . No Help! . . .

A lone telephone pole, devoid of equipment, stands as mute evidence of the previous negligence of an emergency telephone at the Deer Lake Beach. The telephone has not been replaced following the last of two recent malicious destructions. Installed on the beach through the efforts of the Clarkston Junior Chamber of Commerce, this group have the esteem of the project for the past two years in an effort to make Deer Lake Beach a safe swimming area for Clarkston residents. The Junior Chamber maintained the telephone as well as spending countless hours and funds to further the safety of the local beach. Pumps were purchased and installed, marking a dangerous drop-off, and beach clean up days were held. JC members considered their return of no drinking for the past two summer seasons (6-12) more than enough. However, there is a lesson in every tragedy, a fact the Jaycees were made aware of when Michigan Bell officials informed the organization that they would be financially responsible for any further destruction of telephone property at the beach, which could result in a \$1000 fine if a single pole were destroyed. They immediately and promptly replaced the telephone and installed a pump. Noting that the pumps have been made nearly useless by land and even some of the heavy Jaycees members felt that until they received help from other sources their hands were tied to continue the project they have so eagerly undertaken to make Deer Lake Beach a safe swim area. By a majority vote they decided against spending any more of their funds dividing them with help and striving to get the Jaycees to further this project until this assistance is forthcoming. Labor day is approaching and with it, weather permitting, our teenagers, children, and friends will head for the waters . . . perhaps to the Deer Lake Beach. The telephone at Deer Lake, installed solely for their safety, will no longer be available. In an emergency the nearest phone will be at least a block. This is located in a private home, and perhaps then, the owners will not be available. Your child, or my child, a friend, or a neighbor, may lose their life because of the negligence of the local help in a crisis at Deer Lake Beach. Who is to blame . . . The Jaycees for discontinuing telephone service from beach to shore, in compliance with the Michigan Telephone Company? The officials who so unhesitatingly passed up the beach, thus preventing this destruction . . . The courts for not being more severe in fines and punishments when those people are brought before them and charged with destroying property? . . . Perhaps, everyone must share guilt if a life is lost. But, passing the buck will never save anyone's life. It seems that from past reports some of the members of the League are not being totally justly for these "games" of destruction. They may be motivated by boredom or a damn other equally ridiculous reasons. But, the fact remains that property is destroyed. Destruction of a telephone may seem a minor act of rebellion. What can it hurt? . . . They would scoff at the possibility of a life being involved in their "child's play."

Dr. Francis F. Whitlow, D. O.

The recently opened offices of Dr. John S. White, D.D.S. (above) are located at the Four Knobs Plaza at 5825 Southbury Road in Clarkston. Dr. White is a graduate of the University of Detroit and completed three years of undergraduate business at the University of Notre Dame. A resident of Clarkston, he will be practicing dentistry by appointment at the new office. Dr. White's number is 625-7144.

Theft of Car

Lake Park camp stole a car parked at the Springfield Bar on Dixie Highway in Waterford Township, August 28. Donald Richardson, 3777 Burgundy, Clarkston, and Sheriff Department officers had returned to the lot at 1:00 a.m. and discovered the theft.

Two escapes from the Pontiac

Mr. Charles Cobb, of Shiloh, Springfield Township, reported the theft of a black and white Buick call from their property during the night of August 28. Sheriff Department officers are investigating the theft.

Dr. John S. White, D.D.S.

The recently opened offices of Dr. John S. White, D.D.S. (above) are located at the Four Knobs Plaza at 5825 Southbury Road in Clarkston. Camelot

continued from page 3

lords, ladies, children, servants, peasants, jesters and other characters. Several song-and-dance numbers let them display their comedic and acrobatic flair.

The musical score -- which has spawned a number of enduring songs like the classic "If Ever I Would Leave You" -- is provided by members of the CHS musical orchestra, conducted by Director of Bands Cliff Chapman.

According to a synopsis provided by CHS Director of Theater Jeff Tice, "Camelot" is based on the book, "The Once and Future King" by T.H. White. The story is often used as a metaphor for the Kennedy administrations.

As the musical begins, King Arthur meets his future wife Guenevere. Under her presence, the kingdom evolves into a utopian-like society and the

knights of the round table are born. The knights defeat the unjust behavior of power-hungry war lords and peace and joy reign in Camelot.

But the glory is short-lived when Guenevere falls in love with Lancelot, the purest and bravest of the knights. To complicate matters, Lancelot wins the love of Arthur and his kingdom when his prayers restore a wounded knight to life. Meanwhile, Arthur's evil son Mordred is conjuring up a plot to catch the lovers together -- and claim the crown for himself.

"Will the townsfolk find Lancelot too pure for his own good? Will Mordred tell what he knows of Guenevere's betrayal of Arthur? What will happen to this perfect society? Let the Clarkston High School Drama Club tell the story of Camelot. So, sit back, relax and enjoy the show," says Tice in a press release.

Tice says the timeless tale should appeal to audiences both young and old.

"It deals with utopia and trying to find utopia -- a world trying to make a world of peace and justice," he said during a break in last Thursday's rehearsal. "The music is beautiful, the characters are full, and it has a well-defined, wonderful script."

There are also numerous themes: "Honor, moral purity, good and evil, justice, deception, betrayal ..."

And, of course, love.

Showtimes for "Camelot" are Friday and Saturday, Feb. 26 and 27, at 7:30 p.m.; and Sunday, Feb. 28, at 2 p.m. Tickets are \$5 for students (includes children) and seniors, and \$6 for adults. All performances take place in the Performing Arts Center at CHS, 6093 Flemings Lake Road in Clarkston. Call the main office at (248) 623-3600, ex. 3027, or 623-4024 for more information.

Cooking With Chris

HERB & PECAN OVEN-FRIED CHICKEN

2 whole large chicken breasts (about 2 lbs.) halved lengthwise
 1 beaten egg or EggBeater
 1 TBSP milk
 3/4 cup herb-seasoned stuffing mix
 1/3 cup chopped pecans
 2 TBSP snipped parsley
 1 TBSP snipped fresh basil or 1/2 tsp dried basil, crushed
 1/8 tsp onion powder
 Dash pepper

If desired, skin chicken. Rinse chicken. Pat dry with paper towels. In a shallow bowl or pie plate, stir together egg & milk. In another bowl, combine stuffing mix, pecans, parsley, basil, onion powder & pepper. Dip breast halves into egg mixture. Coat with stuffing mixture. Place chicken meaty side up in a 13x9x2-inch baking pan. Bake at 375°F for 45-55 minutes or til tender and chicken is no longer pink. Serves 4.

Obituaries

James W. Sexton, Jr.

James W. Sexton, Jr., 55, of Waterford, formerly of Flint, died February 18.

Mr. Sexton worked as a millwright for General Motors for over 36 years. He enjoyed golfing, swimming in the pool with his grandsons and doing crossword puzzles. He also served with his wife Pat in the children's ministries with much enthusiasm for over 30 years.

His family notes that Mr. Sexton was most appreciated for his laid-back personality, sense of humor, love for his family and his devotion to God.

He is survived by his loving and devoted wife Reverend Patricia; children Bonnie (Sid) Carlisle of Davison and Craig (Kristin) Sexton of Dearborn Heights; grandchildren Kyle and Eric; sisters Carol, Barbara and Beverly; and brother Robert. He is also survived by many nieces and nephews.

Mr. Sexton was preceded in death by his parents James Sr. and Alice and his brothers Lyndon and Dennis.

Funeral services were Monday at Williams Lake Church of the Nazarene, Waterford with Dr. Anthony, Pastor Alger and Pastor Blank officiating. Interment at Ottawa Park Cemetery. Funeral arrangements entrusted to the Lewis E. Wint & Son Funeral Home, Clarkston.

Memorials may be made in Mr. Sexton's name to the Williams Lake Church of the Nazarene.

Helen M. Mortimore

Helen M. Mortimore, 96, of Clarkston died February 19.

She is survived by her children Frederic (Dottie) of Indiana, Dell of Clarkston and Marilyn Craft; grandchildren Karen Crawford, Nancy Gignac and Steve Craft; great-grandchildren Derek, Corey, Megan, Justine, Marcus, Alyssa and Travis; sister Edna Clark of Saginaw.

Mrs. Mortimore was preceded in death by her husband Delbert "Barney" Mortimore.

Funeral services were Monday at the Lewis E. Wint & Son Funeral Home of Clarkston with Pastor Jonathan Heiarman officiating. Interment at Lakeview Cemetery.

Alice "Joan" Dubats

Alice "Joan" Dubats, 61, of Clarkston died February 18.

Mrs. Dubats was an Administrative Assistant of the CEO at Pontiac Osteopathic Hospital, a member of Atlas Valley Country Club and Episcopal Church of the Resurrection in Clarkston.

She is survived by her beloved husband Ed; children Steven (Jennifer) of Virginia, formerly of Clarkston and Susie of Clarkston; grandchildren Andrew, Elizabeth and Daniel.

Mrs. Dubats was preceded in death by her parents Alice and James Hilton.

Funeral services were Monday at the Episcopal Church of the Resurrection in Clarkston with the Reverend McDonald officiating. Interment at Acacia Park Cemetery. Funeral arrangements entrusted to the Lewis E. Wint & Son Funeral Home, Clarkston.

Memorials may be made in Mrs. Dubats' memory to the Karmanos Cancer Institute or to the church.

Elwood F. "Bud, Buddah" St. Croix

Elwood F. "Bud, Buddah" St. Croix, 43, of Clarkston died in an automobile accident February 18.

"Buddah" to some, "Bud" to most, Mr. St. Croix was addicted to Narcotics Anonymous, founder of meetings, sponsor and mentor to many. If you kept trying to stay clean, you always had his support. Before his death, "Bud" was very

active in a growing movement to make and distribute the Narcotics Anonymous basic text for free. He believed that the cost of making the text could be covered entirely from donations, and not charged as a service to addicts seeking help. After all, isn't N.A. a non-profit organization? This belief and movement needs to continue until it's the procedure!

"Bud" loved motorcycles and loved to ride. He loved to fight with his great Aunt Nell. He explored many religions and was recently practicing Wicca.

Mr. St. Croix is survived by his children Woody, Khara and Beau; mother Tillie; brothers Jon (Alma) of Gladwin, Tim of Clarkston and Larry of Holly; nieces Dawn and Kristina; nephews Michael, Andrew and Nicholas; also numerous cousins and thousands of friends.

He was preceded in death by his wife Tracey and his father Elwood.

Services were Tuesday at the Lewis E. Wint & Son Funeral Home, Clarkston. Interment at Lakeview Cemetery.

Memorials may be made in Mr. St. Croix's memory to his family, in care of Craig Hanly, 18 S. Broadway, Lake Orion MI 48362, would be appreciated.

Do the steps or die. Peace to you, Buddah.

Robert L. Childers, Jr.

Robert L. "Rob" Childer jr., 36, of Shanghai China, formerly of Lake Orion, died suddenly February 14 while vacationing in Bangkok, Thailand.

Mr. Childers graduated from Lake

Orion High School in 1980 and was employed at Project Advisors of Ann Arbor as a automotive engineering computer designer.

An avid sports enthusiast, Mr. Childers founded a baseball league for foreign children residing in Shanghai and served on the board of directors of the Shanghai Kids Football (soccer) organization.

"Rob touched so many lives from literally every corner of the world," said his wife Sherrie. "He taught Australians, Germans, Swiss and people from many other countries the great sport of baseball. Rob showed us what giving of yourself was all about, especially when it came to making a better life for children."

Mr. Childers is survived by his wife Sherrie; sons Jeremy and Kyle; parents Bob and Judy of Orion; brother Tom (Nikki) of Lake Orion and Mark (Jody) of Portland; sister Pam (Scott) Morse of Clarkston; grandparents Glenn Childers and Martin and Edna Keener. He is also survived by his mother and father-in-law, Al and Tonya Tunny of Lake Orion and sisters-in-law Sue (Dave) Biddle of Oxford and Kris Peterson of Lake Orion.

Funeral arrangements were made by the Lewis E. Wint & Son Funeral Home, with services Saturday at Five Points Community Church of Auburn Hills. Interment at Ottawa Park Cemetery, Clarkston.

Memorials may be made in Mr. Childers' honor to the Crohn's & Colitis Foundation or to the family for the future education of Mr. Childers' two sons.

WARM A HEART

HEAT A HOME OLHSA WALK FOR WARMTH

Saturday, February 27 Pontiac Silverdome

Sponsor a family that must choose between eating or heating their home this winter!

Hundreds of citizens risk freezing in their homes each winter because they don't have the money to pay their heating bill. They are:

- Mothers with low-paying jobs
- Neighbors that have lost their job or spouse
- Seniors with high medical expenses
- Disabled with limited incomes

T&C Federal Credit Union is a proud sponsor of the Oakland Livingston Human Service Agency (OLHSA) Walk for Warmth, which raises money for emergency heating assistance.

Walking isn't the only way to impact a life!

- Your \$25 sponsorship will make a difference.
- Your \$150 sponsorship pays half a heating bill.
- Your \$300+ sponsorship ensures the heat stays on.

We need your help! 100% of the total dollars raised for Project "Walk for Warmth" will be used for emergency heating assistance.

Police and fire

Sunday, February 21, car accident on Maybee.

Medical on Lingor.

Saturday, February 20, car-deer accident on Clintonville.

A 22-year-old Lingor resident called police, complaining that his friend and another man beat him up. The man said he had consumed a couple of beers earlier and didn't want to press charges, claiming the incident was a misunderstanding.

Hit-and-run to a Clarkston man's car parked behind a Main Street business in the city.

Larceny of a \$120 Motorola cell phone from a car on Spring Meadow.

Car accidents on Sashabaw.

Family trouble on Upland. A 34-year-old Pontiac man was cited for domestic assault and felonious assault when he allegedly forced his way into his estranged wife's apartment. He was arrested for domestic assault and lodged at Oakland County Jail.

Medicals on Indianwood and Sashabaw.

Friday, February 19, medical on Clintonville.

Phone threats on Tiohero.

Family trouble on N. Marshbank.

A 31-year-old Ortonville man was stopped by police for disobeying a traffic signal on Main in the city. He was cited for possession of marijuana after police found a baggie of the substance in his car.

A Dixie grocery store manager called police after he suspected a woman of shoplifting two packages of cold pills. The woman paid for her other groceries, but said she was sick and must have placed the pills in her purse by accident. The manager told police he suspects her of other retail fraud at the store. No charges were filed.

Thursday, February 18,

A cell phone, cassette recorder and calculator were taken from a car on Middle Lake Road.

A customer at a Dixie grocery store found a coin-operated vending machine in the parking lot and turned it in. The store manager said earlier he had noticed two men trying to exchange numerous singles for larger bills. No incident was logged on the store's security camera system.

Four windows were found broken on a model home on Waldon.

The right front door glass was shattered on a car on Middle Lake.

A briefcase was taken from a car on White Lake.

A Forest Grove man said personal checks he had written were being passed to several retail stores. Medicals on Delhi, Whipple Lake, Dixie and Flemings Lake.

Wednesday, February 17, car accidents on Maybee, Dixie and Sashabaw.

Family trouble on Circle.

Larceny of a \$75 Air Touch cell phone from a car on Cranberry Lake Road.

Harassing phone calls on Woodcreek.

Headlight covers were taken from a car at Clarkston High School.

Larceny of a \$75 cell phone from a car on Cranberry Lake Road.

A 43-year-old customer and 18-year-old employee got into a dispute over 10 cents worth of gasoline at a Dixie gas station. The employee told the customer to stop the pump at \$9.90 and the customer "flipped him the bird." The employee swore at the customer over the store's PA system. The customer then stormed into the store and threw a fishbowl full of water at the employee, believing it to be full of change. After it bounced back at him, he started to grab the employee, who said, "Go ahead, hit me. I'm a minor," and stopped. The customer was cited for assault and battery and released.

Medicals on Sashabaw, Lancaster Lake, W. Washington and Ortonville.

Natural gas leak on Maybee.

Two-car minor injury accident on Sashabaw. One to Crittenton Hospital.

Hit-and-run to a Davison man's car parked on Main in the city.

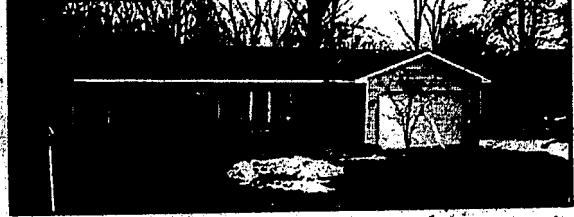

An Ortonville man, stopped for disobeying a traffic signal on Main in the city, was cited for disobeying the signal and driving with a suspended license.

Medical on W. Washington in the city. One to St. Joseph Mercy Hospital.

Oakland Schools board receives unique honor

Oakland Schools is proud to announce that their Board of Education is the first in the State of Michigan where every member has achieved Master certification, including long-time Clarkston school board member and current secretary Janet Thomas.

This certification is bestowed by the Michigan Association of School Boards to only those school board members who have successfully completed a formal program of instruction in boardmanship leading to seven levels of achievement.

The level four Master Boardmanship Award is awarded when a board member has accumulated 425 or more Michigan Association of School Boards Education credits. These credits are earned through certification, class credits, leadership and inservice activities, and conference attendance.

The Oakland Schools Board of Education is comprised of:

Janet R. Thomas, president; Tony Rothschild,

vice-president; DIAnne Cagle Teltermann, trustee; Helen Prutow, trustee and Robert Wright, trustee.

"The entire Oakland Schools community is proud of our board," said Dr. James G. Redmond, superintendent. "They truly model leadership for our learning organization."

The board was recognized at the MASB Mid-Winter Conference in Lansing on February 19. The president of the National School Boards Association, Barbara Wheeler, personally made this presentation.

GRAND OPENING

A parks and rec master plan for the millenium

Continued from page 1A

10-acre park on White Lake Road, leased by the township from the City of Clarkston.

Additionally, the McCord property, a former farm which encompasses 34 acres at Pine Knob and Stickney roads and was deeded to the township by developer Alex Bruni, is being developed into a "passive park" for future public use. Last year the township allocated \$5,000 to develop a master plan for the site. Feb. 25 was the first planning meeting, Conklin said.

"It will be a passive park, maybe nature trails, a picnic table here and there, but nothing intrusive. We're starting to do the evaluation, things we can do to preserve the natural features out there. We do want to make it so people can use it for hiking and nature trails."

The Capital Improvement Schedule for the next five years includes numerous proposed projects. Some of the priorities include:

- Continuing the development process at Bay Court Park, focusing on renovations for outbuildings and the main lodge (which may become a community center).

- A soccer complex

- Completion of the safety path system to connect all parks and neighborhoods, and to renovate trails.

- A playground, restrooms, in-line skating rink and basketball court for Sashabaw Plains.

- A second entrance to Clintonwood Park.

- Adding restrooms and building a boat launch at Deer Lake Beach.

There are also plans to develop partnerships with places like Clarkston Christian Association (CCA) and Clarkston schools, utilizing the new high school pool, for example. Note: a new schedule for pool activities has been developed and starts March 1.

During the meeting, Trustee Neil Wallace stressed the township should apply for additional grants from the state's Department of Natural Resources. Only a few are documented in the master plan.

Conklin said she will identify more. "We're going to apply for as many grants as we can, and we'll pursue what is out there," she said.

Upcoming DNR grant deadlines are April 1 and September 1. Conklin said she is in the process of determining what projects will be slated for those grants.

Funding for parks and recreation improvements

comes from the township's general fund, and from grants, donations, fund-raisers and other sources. Through Proposal C, an added \$50 million is available for parks and recreation departments throughout Michigan.

The total cost of improvements outlined in the 1999-2003 master plan is approximately \$6 million.

Bay Court Park, especially, has become a special gathering place for residents, Conklin said. Two projects — one already developed and one targeted for the future — are in memory of young people.

There are plans to develop a special project at the park, dedicated to the memory of Clarkston resident Bradley McCue, who died Nov. 5 from alcohol poisoning while a student at Michigan State University.

"We don't know what it is yet. We have to meet with the family on that," Conklin said.

A disc (Frisbee) golf course was created at Bay Court Park last year, dedicated to the memory of Ryan Schmidt, another young man who once worked for the parks and rec. department.

"That's really been a big hit," said Conklin. "Last week it was snowing and there were people playing out there — in the cold."

It's maple syrup and snow candle time at Dinosaur Hill Nature Preserve

For families with children aged 4 and up! Come to Dinosaur Hill Nature Preserve in Rochester to make seasonal delights at the nature center. Use snow to create a tasty treat and wacky waxes!

The program takes place on Saturday, Feb. 27, from 10:00 to 11:30 a.m. The fee is \$5 per person. Pre-registration is required. Call 248-656-0999 for further information.

Experience a bit of American history and learn how you can tap maple trees and make maple syrup at this popular annual program, to be held at Dinosaur Hill Nature Preserve in Rochester. Walk in the woods, tap

a maple tree, learn the history of maple sugaring, and taste a great treat, a maple nut sundae. Spiles, maple sugar, and maple syrup will be available in the store at the Nature Center. Participants should dress for the weather.

The program takes place on Saturday, March 6,

and again on Sunday, March 7 from 2:00 to 4:00 p.m. The fee is \$12 per adult and \$6 per child, with a \$2 per person discount for Dinosaur Hill members. Maximum fee for families is \$30. Pre-registration is required by March 5. Call 248-656-0999 for further information.

A NEW CHAPTER FOR THE ROCHESTER LIBRARY BUILDING

"The" place in Oakland County for home decorating is in the former Hepplewhite's Fine Furniture building, now ROCHESTER DESIGN CENTER & ANTIQUES MALL. It is the new location for a group of home decorating specialists featuring many beautiful products from all over the world. Mary Lujan owns the building and is keeping a space for her own interior design firm, MARY LUJAN & ASSOCIATES.

This large design studio features virtually every wallpaper & fabric line available. Mary and her staff specialize in custom window coverings and bedroom coordinates, as well as custom wall finishes. Also,

a complete in-home design service is offered. You can call 651-5711 for an appointment.

The blend of designer products and antiques is a natural since so many designers and savvy homemakers are enamored with beautiful antiques. Ray Wade of PIECES OF TIME CLOCK CO. features a most elegant collection of fine antique clocks. He is also an expert in the care and maintenance of fine clocks. Look for other fine antique dealers to join the group in the near future.

THE ORIENTAL RUG GALLERY occupies most of the main floor and displays a huge assortment of fine handwoven oriental rugs.

COMPLEMENTS home accessories gallery features gorgeous wall decor, including wonderful paintings and framed pictures, as well as many outstanding mirrors. This collection is available to the public and also to interior designers.

"We are looking for a custom kitchen & bath company, a carpet company, and a floral arrangement company to complete our offers," says Lujan.

The Clarkston wrestling team holds another district championship trophy. The Wolves beat Waterford Mott and Waterford Kettering Thursday night to earn the hardware. Clarkston takes on Swartz Creek tonight in the regional semifinals at Lake Orion High School, starting at 6 p.m.

District dominance

Wrestlers breeze past Mott, Kettering for another district title

1999 Team District Finals	
Clarkston	60
Waterford Mott	18

BY BRAD MONASTIERE

Clarkston News Staff Writer
Don't let the scores fool you. As lopsided as Thursday's district wrestling matches seemed, they were even more lopsided than the score indicated.

The Clarkston wrestling team wrapped up another district crown by beating Waterford Kettering 63-12 and Waterford Mott 60-18 in the finals.

The Wolves move on to the regionals Wednesday where they take on a tough Swartz Creek team. The meet will be held at Lake Orion High School

Klint Powell accepts his district medal from Brent Cooley.

and starts at 6 p.m. Davison and Rochester Adams meet in the other regional

semifinal.

Although Mott and Kettering each scored points against Clarkston, they didn't have to do any work to do so. The Wolves voided the 103 and 112-pound weight classes in each match, and voided 145 against Mott due to an injury Rocky Bills suffered in the semifinals.

With six points being awarded for a void, Clarkston won every match that was actually wrestled in the districts.

"Everyone did well. They wrestled hard and wrestled well," coach Mike DeGain said. "I thought it would be hard to keep them focused for meets like this, but they didn't, because they were focused all the way through."

The highlight for the team came when senior Klint Powell scored a pinfall

Girls finish fourth at state meet

BY BRAD MONASTIERE

Clarkston News Staff Writer
Coach Bruce Rosengren knew he was taking the Clarkston boys and girls ski teams to a tilted playing field at Monday's state ski meet at Boyne Mountain.

But when all the snow settled, the teams found themselves in the top eight for the third straight year to finish the season.

The girls ski team had its second-best finish ever, taking fourth overall with 175 points. As expected, Marquette was first with 38 points, Traverse City Cen-

tral second with 42, and Cadillac was third with 120. The Wolves were the highest finisher from southeastern Michigan.

Kristen Atkinson

In her final meet after a brilliant high school career, senior Kristen Atkinson finished sixth overall in the giant slalom, the team's best individual performance. She finished with a time of 55.71 in the GS, and had a terrific first run in the slalom. She was leading the way after the run, but clipped a ski and fell on her second run, causing her to be disqualified.

"Kristen would have easily medaled in both, because she was having a great second run in the slalom," Rosengren said. "She had the green light

Coming next week - Volleyball team at the OAA Meet

League champs!

Wolves knock off Colts to win the first OAA Division I title

	Clarkston	8
	Troy	5

BY BRAD MONASTIERE

Clarkston News Staff Writer

The evolution is complete.

In its third year of existence, the Clarkston hockey team has gone from not playing in a league to winning a league title.

The Wolves won the OAA Division I title thanks to a wild 8-5 win Monday night over a tough Troy team at Troy. Clarkston finished the season with a 6-1-1 league record, and an overall mark of 17-6-1. The team begins district play Thursday night at the Lakeland Arena against Walled Lake Western. The faceoff is scheduled for 7:45 p.m.

Clarkston snapped its four-game losing streak by rediscovering its offense, especially in the second period. After falling behind 3-1, the Wolves roared back for five goals in the period, as they took a 6-4 lead into the third.

Senior co-captain Adam Leech sealed the game in the final minute with an empty-net goal, his second of the game.

Clarkston coach Bryan Krygier said the win and league title removed much of the bad taste generated by the team's recent struggles, but said the defense has to improve for the playoffs.

"Defensively, we were a little lax," he said. "It was the most goals we've given up all year except for the first Birmingham game. But I was glad to get the win after losing four in a row like that."

Clarkston's second-period eruption also marked the breakout game for senior D.J. Vogt. He scored two goals and handed out two assists, his best offensive game since joining the team on Jan. 30.

"You can tell that he's a standout player when he's on the ice," Krygier said of Vogt. "No matter what level you play on, there's still an adjustment period, and no one player can win a game by himself. But there's no doubt he can elevate the level of our team."

The Wolves' first four goals of the second period came in the first five minutes. Junior Bill Kalush started and finished the rally with a pair of goals. Senior captain D.J. Thomas scored a pretty power-play goal when he moved into the slot and took a perfect pass from junior Anthony Facione. Leech added his first of two goals in the rally with assists going to Jason Stoecker and Vogt.

"It was a tighter game than the score showed," Krygier said. "It was good, because we were playing for a league championship on the last day of the season, and Troy was trying to keep us from winning it. But we capitalized on a lot of our opportunities, and we were happy to get the win."

Facione dished out three assists for Clarkston, while sophomore Jon Bemis had a goal and three assists. Thomas scored once and had two assists, Kalush scored twice, and junior defenseman Tom Newman had two assists.

Now, the real fun begins. Clarkston takes on the Walled Lake Western Warriors in the first round of district play. Western recently tied Royal Oak, and finished the season with an 11-11-2 record. Krygier said Clarkston has to have a better defensive effort than it did against Troy if it wants to go anywhere in the state tournament.

"You can't win any kind of state title when you allow five goals a game," he said. "We know we will be able to score, we just have to tighten things up on defense."

Senior D.J. Vogt cuts up the ice during the hockey team's 2-0 loss at Livonia Stevenson Wednesday night. Vogt scored four points in the team's league title-clinching game Monday night at Troy, an 8-5 Clarkston win.

'But there's no doubt he can elevate the level of our team.'

Coach Bryan Krygier on D.J. Vogt

"Those .500 teams are the scariest to play, because you don't really know how good they are," he continued. "Once districts start, games like that can go either way."

■Livonia Stevenson 2 Clarkston 0

The Wolves finished their murderous stretch of four games in seven days, all against ranked opponents, on a downer.

Clarkston was shutout for the first time this season, losing to third-ranked Livonia Stevenson 2-0 at the Eddie Edgar Arena Wednesday night.

"I was very disappointed in our effort," Krygier said. "I thought we would come back stronger after losing three straight. I know what we can do, and it's just a matter of us going out and doing it."

The team looked like it was still sluggish from its exhausting stretch of games early on, as it couldn't get much pressure against the Spartans.

Stevenson took a 1-0 lead with 8:37 left in the first period off of a Clarkston defensive giveaway.

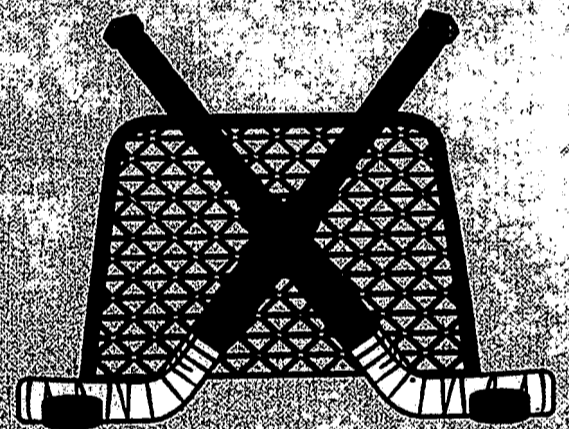

From there, the Wolves held territorial control of the play, getting several odd-man rushes on Stevenson, but could not capitalize on any of them.

The game stayed 1-0 until late in the third period when the Spartans snuck a goal past Clarkston goaltender Mike Garowitz.

Garowitz made his first start in several weeks against Stevenson, and played extremely well, keeping shots in front of him and wrapping up rebounds.

But Garowitz's solid play didn't ease any of Krygier's frustrations, in the middle of the team's worst slump of the season.

"These teams are beating us not because they're playing better, but because we're consistently beating ourselves," he said. "That's very discouraging to me."

1999 Hockey District Schedule

Clarkston vs. Walled Lake Western
Thu. Feb. 25 - 7:45 p.m.

Milford vs. Cl.-WLW winner

Ski teams finish in state's top 10 for third straight year

From Page 1B

and it was her last high school race. She did the best she could.

Atkinson will go down as one of the best girls skiers in school history. She has won numerous invitational titles, and finished second overall in the state meet as a sophomore in 1997. Only a torn anterior cruciate ligament, suffered before her junior season, remains a blemish.

From the team's standpoint, Monday's finish bodes even better for the future. Atkinson was the only senior to place in the slalom or GS, meaning the Wolves will return a deep and experienced group next year.

Junior Megan Whipp completed a solid season by finishing second on the team in the GS with a time of 1:11.71. Sophomore Becky Schermerhorn, who had a breakout season, was third on the team in GS with a time of 1:14.17.

In the slalom, Nicole Villiere skied very well, taking first on the team with a time of 1:31.24. Junior Katie Kennedy was second with a time of 1:35.95, and sophomore Kelli Morton came in with a 1:36.02.

"Our depth carried us through slalom," Rosengren said. "They came in with fine, stand-up finishes."

Rosengren said the course at Boyne Mountain was longer and steeper than any the team had seen this season, giving an inherent advantage to northern Michigan teams who see those types of hills every day during their seasons.

The course length and difficulty proved to be a bigger stumbling block for the boys team, who finished eighth overall at the meet with 216 points. Traverse City Central won the state title with 33 points, Marquette was second with 61, and Lakeland was the surprise of the day, taking third with 150 1/2 points.

As was the case all season, the slalom event gave the boys team a ton of trouble. Rosengren had to count two "hikes" in with the team's score in the slalom event, which put Clarkston way behind the competition. But in the GS, the team made a strong showing.

Senior Rob Allyn, in his final high school action, was 17th overall in the GS with a time of 1:08.2. Senior Chris Himburg was second on the team; (1:09.21) and senior Russ Parrott was third (1:10.24).

"The boys were solid and clean on the GS," Rosengren said. "Everyone got down the hill well and looked real good. We just had to count too many points in the slalom, and that threw us out of the mix."

Rosengren said he is already anxious for next season, when a load of talent returns, including sophomore Michael Atkinson, plus five of the top six girls.

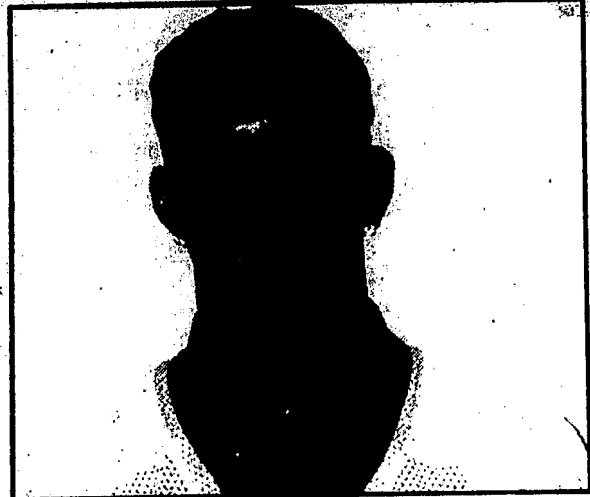

"The kids know what they have to do," he said. "We talked about it after the meet. They knew they hadn't seen courses like this before, and a couple of them told me they were going to train more up north in the offseason. That's something we have to do if we want to run with the big dogs. We can already do that with the southeastern Michigan teams, now we can look at all the teams that way."

To place your announcements in Milestones, send the information with a name and phone number of a person who can be contacted during the day to: The Clarkston News, 5 S. Main St., Clarkston, MI 48346

Athlete of the Week: Brian Welbourn

Salut, Brian: On a team loaded with offensive firepower, someone has to stay back and take care of the defense for the Clarkston hockey team. That someone is senior defenseman Brian Welbourn. A defensive defenseman in the truest sense, Brian has improved his game by leaps and bounds this season. As a junior, Brian was troubled by a lack of discipline on the ice, and as a result, he sat out many meaningful games for the Wolves. But this year, Brian has turned over a new leaf. Often paired with senior D.J. Thomas, Brian and he make a tough duo because of their complementary skills. While D.J. looks to move the puck up the ice more and get involved with the offense, Brian does an excellent job of staying back and stopping offensive rushes by the other team. Brian has a goal and six assists for the team this season, and is one of several three-year veterans of the program. Brian said he is looking into attending a trade school in Maine, and hopes to continue his hockey career there.

Coach Bryan Krygier on Brian: "Brian works 110 percent in practice, and has been very willing to learn. He brings us the physical aspect of the game. But after he makes the hit, he gets right back into the play. He's really been doing a good job for us in that way, and he's been a hard worker in practice all year."

Brian Welbourn

Brian on Brian: "I feel a lot more mentally controlled out there this year. I am also looking to hit more, and that gets the team hyped up a little bit. I'm not as worried about scoring. I let the other players score, and I just play back on defense and not play selfishly. I think this team believes we should have beaten all the teams we lost to recently, and we've got to stick together if we want to achieve our goal of winning states."

JV Cheerleaders are tops!

The Clarkston High School JV cheerleading team has been on a roll lately. On Jan. 30, the team took first place at the Redwing Classic Competition in St. Johns. A week later, the team finished in first place in the OAA Meet, winning it by more than 20 points over second-place Waterford Mott. "This team works really well together, and it shows," said coach Chandra Price. "They looked fantastic and I am real proud of each and every one of them."

Wrestlers take on Swartz Creek in regional semis Wed. night

From Page 1B

victory over Mott's Brian Wheaton in 3:15. The win got the Clarkston team jumping off its seats, and was the most exciting one of the night.

"I've had wins, but none of them have been in a dual meet," Powell said. "Getting the win at home was very important to me."

Powell, in his first year of wrestling, won in his final home appearance, making it his first dual meet win, coming in district competition.

"He's had a long season, so it's nice to see a guy like him stick with it and succeed," Coach DeGain said. "That will make the whole season for him, and it will be a nice memory for him."

After sweeping through the district round, the Wolves enter a regional field regarded as the toughest in the state. Clarkston takes on Swartz Creek in one regional semifinal, with Davison and Rochester Adams facing off in the other semifinal.

"The regional will be tough, but I wish it was a little more even," Coach DeGain said. "You would like to have the top eight teams in the state advance, but that won't happen. But if your goal is to win the state, you have to beat everyone anyway, so it will all be evened out."

Coach DeGain foresees the matches between the 130 and 171-pound weight classes as the key against Swartz Creek.

Clarkston will once again have to void the 103 and 112-pound weight classes, giving Swartz Creek 12 easy points.

Individual Districts

Saturday's individual district tournament at Davison was packed with so many good wrestlers, being at districts didn't do this group justice.

With excellent teams like Adams, Clarkston, Davison, Swartz Creek, Romeo and Lake Orion represented, the competition was fierce, and some excellent wrestlers went home empty-handed.

Clarkston came through with an excellent day, getting nine wrestlers qualified for Saturday's indi-

Junior Pat DeGain gets the easy advantage during Clarkston's district semifinal match against Waterford Kettering Thursday night. DeGain and senior A.J. Grant hope to maintain their undefeated records this week in team and individual regionals.

vidual regionals at Flint Carman-Ainsworth High School. The qualifiers were: Jon Robinson and Aaron Carnes at heavyweight, Ryan L'Amoreaux at 119, A.J. Grant at 125, Dave Welanko at 135, Jon Naboychik at 152, Andy Auten at 160, and Pat DeGain and Chris Jaroneski at 215.

District champions included Robinson, L'Amoreaux, Grant and DeGain. Welanko and Auten each finished second in their weight classes.

The Wolves qualified more individual wrestlers to regionals - nine - than Adams did, who got eight through.

"Right before the meet, (assistant coach) John Terpstra asked me how many I thought would qualify,

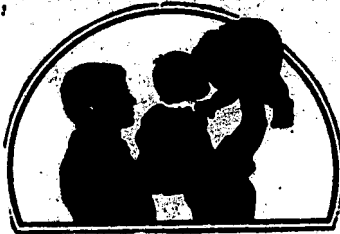

and I said nine," Coach DeGain said. "So I wasn't too surprised at how we did. I was happy that both Chris and Aaron made it, because they went up against competition that had twice as much experience as they had this year."

Robinson defeated Pack in the semifinals, continuing his dominance over his arch-rival from Adams. Although he is consistently ranked behind Pack in the state and county heavyweight standings, Robinson has defeated Pack in four out of five head-to-head meetings this season.

Grant and DeGain also kept up their undefeated seasons with their titles. Neither has lost a single match since the 1996-97 season.

Wolves control Russell, Falcons in win

	Clarkston	65
	Rochester	55

BY BRAD MONASTIERE
Clarkston News Staff Writer

In a showdown of sophomore point guards, Rochester's Walker Russell had more points, but Clarkston's Ryan Kaul went home with the "W."

Kaul and his teammates did a nice job on Oakland County's top sophomore in the Wolves' 65-55 win Tuesday night at the CHS gym. Clarkston improves to 10-8 overall and 4-6 in the OAA Division I. Clarkston plays its fourth straight home game Friday night against a tough Southfield Lathrup team.

Russell, the son of former Piston Walker D. Russell, is considered to be a Mr. Basketball candidate in 2001, but against Clarkston, he was held to 18 difficult points.

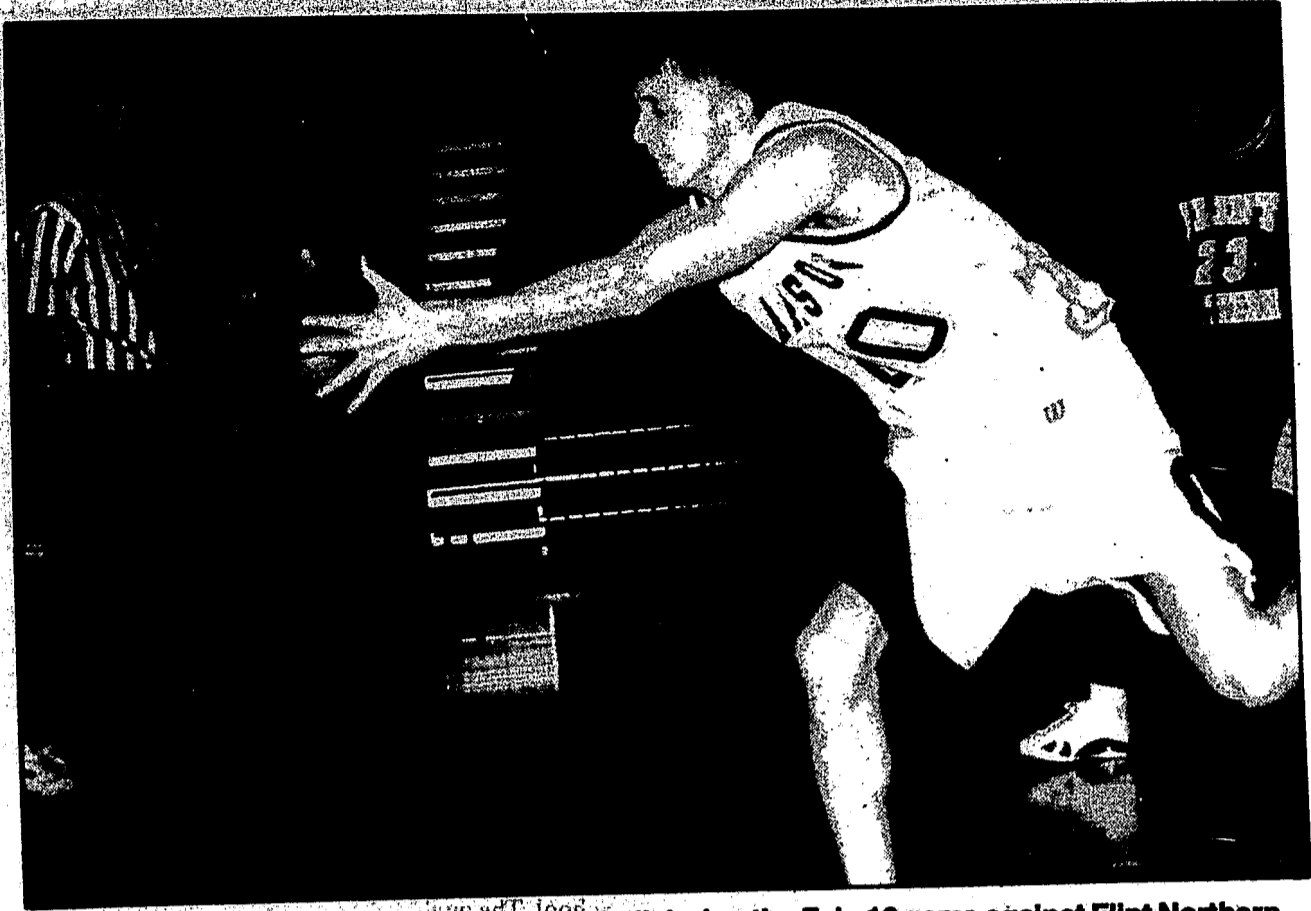

"I thought Ryan did an outstanding job on Russell," Clarkston coach Dan Fife said after the game. "He had 18, but I think Ryan kept him worn out as the game went on. It was a matter of who would get tired the quickest."

Kaul was able to keep the team's offense in gear throughout the game, and finished with eight points and eight assists. Russell had just one assist in the game.

Keeping Clarkston alive early was sharpshooting junior Ryan Marino. He ended up with 23 points and made an eye-popping six-of-seven shots from three point land, including his first six in a row. He scored 17 of the team's 33 first-half points.

"Ryan really kept us in it in the first half," Fife said. "I was happy with our effort. Tim (Loveless) and Schappy (Adam Schapman) came in and gave us some good minutes in that second half. They played much better tonight."

Once again, the team had balance on offense. Senior Mark Whiteman finished with 12 points and

Junior Kevin Stalker dives to save a loose ball during the Feb. 16 game against Flint Northern. Stalker has done a nice job recently as the team's backup point guard.

eight rebounds, including an excellent second half where he scored eight points and blocked a late Rochester 3-point attempt.

"I told Mark he had to be more active," Fife said. "He's been here long enough to know what his job is. He's been a quiet leader for us all year, and he was much more active in that second half."

The game was also one of the team's smoothest of the season, as the Wolves outscored the Fal-

cons in all four quarters, including 20-18 in the fourth.

Junior Andy North played his best game recently, with seven points, two assists and two rebounds. Schapman scored nine, and Kevin Stalker and Rocky Lund each scored five for Clarkston.

Fife said the district draw will take place Monday. The Wolves will travel to Oxford for districts this year.

Wolves can wrap up league title Thursday

BY BRAD MONASTIERE
Clarkston News Staff Writer

The Clarkston varsity volleyball team has the tie, but what it really wants is the whole suit.

Thanks to a thrilling 15-4, 11-15, 15-13 win over Bloomfield Hills Lahser Monday night, Clarkston has clinched at least a share of the OAA Division II title. The Wolves can win the title outright Thursday when they play their last home game of the season against West Bloomfield.

The Wolves are now 23-11-2 overall and 10-1 in the OAA II. Second-place Ferndale has finished its league season with a 10-2 mark, meaning the worst Clarkston can do is share the championship with the Eagles.

Clarkston coach Gordie Richardson, who saw his team compile a 7-17 record the last two years in the OAA I and get moved down to Division II, said winning even a share of the league title was rewarding for him and his team.

"We haven't won in a few years, and we haven't learned how to win in that time," he said. "Tonight, it looked sometimes like we were too afraid of losing, but I will say this. When we were down 13-10 in that third game, we came back and played really hard."

Like most of its dual meets this season, Monday's match went right down to the wire in the third game. The Knights had a 13-10 lead and seemed poised to finish off the comeback after getting routed in game one. But Clarkston dug in defensively and several players made key plays of offense that brought the team back.

After tying the game 13-13, there were six straight side outs. Finally, a quick kill by junior Brittani Brewer, and a kill by senior tri-captain Ingrid Zimmerman ended the game in the Wolves' favor.

The last Clarkston team to win a league title was the 1995-96 team, which won the OAA I with an 11-1 record, and won 40 games overall that season.

Richardson said the team did a nice job of refocusing its efforts after losing the second game and falling behind in the third.

"I don't know why we lulled," he said. "We were reaching for a lot of balls and playing tentatively. But we got a couple of quicks that really helped us. We didn't knock their socks off or anything like that, but

they just got us going."

In the match, Brewer and Zimmerman led the team with seven kills apiece. Zimmerman was also 12-for-12 on serve receptions, while senior Jenny Claus was 9-for-11 on serve receptions and 12-for-12 serving. Junior Jennie Winn handed out 16 assists, while Kara Bergkoetter and sophomore Mary Warchuck were each 15-for-17 in attacks. Sophomore Angela Humphreys was 13-for-14 serving for the Wolves.

Clarkston has one obstacle left before it wins the league title, West Bloomfield. The Lakers have always played the Wolves tough, and are the team that joined Clarkston in moving from Division I to II this year. The Wolves won the first meeting between the teams 15-12, 15-12.

"It will be a dogfight," Richardson said. "We have to do things in practice to make it more competitive to get us ready. But no matter what happens Thursday, we will be league champs."

The game starts around 7 p.m.

■ Ferndale 16-15 Clarkston 14-11

The Wolves' hopes of an undefeated league season went up in smoke at Ferndale Thursday night.

Clarkston fell behind 12-6 in game one, and never really recovered in losing to the second-place Eagles 16-14, 15-11.

JV Basketball

The Clarkston JV basketball team held Rochester to one fourth-quarter point on its way to a 60-31 win at the CHS gym Tuesday night.

"We responded from a run they made real well," coach Tim Kaul said. "I knew this might be the last time we get all the kids into the game."

Phil Bradberry and Bryan Andreszl led the Wolves (13-5) with 13 point apiece. Clarkston hosts Southfield Lathrup Friday night.

CLARKSTON AREA

CHAMBER OF COMMERCE

625-8055

What do you get when you purchase a product or service from a local business?

You get personal service from people who know you as a person and not as a number.

You get prices that are often lower than discount chains.

And you get the knowledge that you are dealing with people that are actively serving the community through many charitable donations and volunteer hours. These are the men and women of the Clarkston Chamber of Commerce.

When you're shopping for a product or service, we hope you will think of us first.

Freshman netters win Grand Blanc tourney

All of the Clarkston High School volleyball teams have had excellent seasons in 1998-99, and the freshman team is no exception.

The team won Saturday's Grand Blanc Invitational, with a 10-2 record. The tournament was limited to pool play only, and didn't have playoffs like other tournaments.

Clarkston lost its first match to Holly, but went on to beat Grand Blanc, Swartz Creek, Flint Powers, Mount Morris and Livonia Churchill to win the tournament. The team is 17-6-2 overall this season, and 8-2 in the OAA Division I.

"We have an excellent group of girls who are very talented," co-coach Lisa Goforth said.

Varsity cheer team racks up the honors

The varsity cheerleading team had another strong showing at the OAA competition Feb. 6. The team finished third at the meet, behind Madison Heights Lamphere and Waterford Mott. The team swept the second round of competition, and finished just six points out of first.

THE FINEST IN DENTISTRY

- * 20 years of caring in Clarkston
- * 10,000 children in Clarkston, Ortonville and Waterford have seen us in school
- * This dedication to community and the people that know us, recommend us for our outstanding level of expertise.

ORTHODONTICS

As a general dentist, I have provided braces for happy, healthy smiles for 20 years. Come see us for new techniques and SUPER RESULTS! You'll be pleased with the confidence that comes with great looking teeth. We have provided that look for hundreds of people in your neighborhood. All for a fee that will surprise you. So, for an exciting treatment plan and a smile second to none, make an appointment to talk to us. IT'S FREE.

COSMETICS

Concerned about old, black silver fillings? The newer, WHITE FILLINGS we can place will bond to your teeth and make your SMILE LOOK GREAT.

We also offer 5 types of crowns and porcelain laminates. For adults, we can straighten and whiten your teeth in just 2 WEEKS.

BLEACHING

Everyone wants whiter, brighter teeth. We know what works and what won't. Ask us about a smile that will DAZZLE.

BAD BREATH

Bad breath is more involved than you might think. We just took a class to learn THE LATEST on fighting this nasty problem. Clean teeth and healthy gums are your first line of defense, of course, but many people still suffer. Gum, breath mints and most mouth washes provide a short term cover-up.

Like many dentists, we used to prescribe chlorhexidine (Peridex) to our patients. While it kills bacteria, it tastes bad, stains teeth dark and doesn't fix bad breath.

Now we have NEW ANSWERS to cure your bad breath, so you can be close.

SPECIAL NEEDS

We can handle complex problems. People who need expertise in areas like implants, converting removable teeth to permanent, difficult bridge work, can find answers to tough questions. We can help you look and feel better than you thought possible. We also provide sedation treatment. Most Insurance Plans accepted. Be sure your insurance lets you choose your own dentist. We welcome all major insurance plans which allow you to choose your own dentist. NOTE: because we maintain high standards in sterilization, material selection, and clinical skill, we do not accept discounted, restrictive plans.

GREAT HOURS AND LOCATION. We're open four nights a week until 8:00 p.m. right at Sashabaw and I-75.

No hidden charges
or ugly surprises? Are you
sure this is a lease?

When you walk into Saturn North and say you're interested in a lease, a funny thing happens: we explain every agreement, disclosure, item and sub-item to you. That way, you'll know exactly what you're getting. A low monthly payment. A low down payment. Plenty of mileage each year. And, oh, we almost forgot, a great car too.

Child Care and Domestic Help Needed

Single Mom and business owner needs part-time child care and domestic help in Clarkston home.

The hours needed would be Mondays, Tuesdays & Thursdays from about 2 p.m. till 6 p.m. Hours may increase as person proves reliable.

Duties would include:
 Picking up kids from school at 3:15 p.m. in Waterford, getting dinner started, keeping house straightened up and occasionally helping with errands, i.e. groceries, dry cleaning.

Salary - generous. Let's discuss.
 The right candidate:
 - must have an excellent driving record
 - must be great with young children (ages 6 & 7)
 - must be caring, kind and patient

References are required

If interested, please call my business, Kappel Advertising at **248-647-5310**
 Ask for Tammy. After 5 p.m., leave a message and your call will be returned as soon as possible.

and
Saturday 2/27/99 from 8-10 A.M.

Help for the historical

New legislation hopes to encourage preservation efforts

Governor John Engler has signed into law landmark legislation that will provide state residents with tax incentives to restore historically-significant homes, commercial buildings, farms, barns and other property.

Jennifer Radcliff, Clarkston resident and president of the MHPN, thanked Senator John Schwarz (R-Battle Creek) for introducing the legislation. She praised Secretary of State Candice Miller for her support. Thanks were also expressed to House and Senate legislators and their leaders, including former representative Kirk Profit of Ypsilanti, for approving the measures during the past legislative session.

"The Michigan Historic Preservation Network would like to express its highest appreciation to Senator Schwarz for introducing these measures, which will boost our economy, promote tourism, and preserve Michigan's architectural and cultural history," Radcliff said. Besides creating additional jobs in the construction and trades fields, the new legislation will boost revitalizing downtowns, neighborhoods and large and small cities across Michigan. The new laws provide a 25 percent single business tax credit or an income tax credit

for qualified and approved preservation and rehabilitation work done on residential or income producing properties. The tax credits apply for work done on eligible properties starting with the 1999 tax year and thereafter.

Anyone wanting to learn more about the incentives should contact the State Historic Preservation Office at (517) 373-1630 or the Network at (248) 625-8181. Also available from the Network for a nominal fee is a brochure titled, "Facts About Michigan's New Historic Preservation Tax Credits." To order, call the Network or write to: P.O. Box 720, Clarkston, MI 48347.

SYNOPSIS

TAKEN BY THE TOWNSHIP BOARD

THE CHARTER TOWNSHIP OF INDEPENDENCE

Supervisor Stuart called the February 16, 1999 meeting to order at 7:30 p.m. at the Independence Township Public Library.

Pledge of Allegiance.
Roll Call: Present: McCrary, McGee, Rosso, Stuart, Travis, Wallace, Wenger. Absent: None.

- There is a quorum.
1. Approved the Agenda with the addition of: Permission to Hire Appraiser Aide and PUD Ordinance Conservancy Easements.
 2. Approved the minutes of the Regular Meeting of February 2, 1999 as presented.
 3. Approved the payment of the list of distributions in the amount of \$539,916.88.
 4. Approved the issuance of purchase requisitions in the amount of \$54,521.75.
 5. Ann Conklin gave a presentation to update the Board on its joint programming efforts with the Clarkston Schools.
 6. Approved the Plante & Moran LLP Engagement letter for the 1998 Audit as outlined.
 7. Approved a one day liquor license for Everest Academy for their First Annual Taste of Everest on Saturday, February 28, 1999.
 8. Approved a Resolution establishing a Clarkston Mill Pond Lake Board for the portion situated in Independence Township.
 9. Approval to renew membership in the Clinton River Watershed Council at an annual cost of \$1,500.
 10. Faith Nelson, Library was awarded the Employee of the Quarter.
 11. Approved the hiring of Michael Barber as an Appraiser Aide.
 12. Authorized the Township Attorney to enter into discussion with North Oakland Head Waters Land Conservancy with a goal of an agreement by which the Conservancy would monitor compliance with the conservation easements given to Independence Township.
 13. Motion failed to have Township Attorney draft language for existing PUD ordinance requiring conservation easements similar to those that are with the PRD ordinance.
 14. Authorized the Township Attorney to draft new language for the PUD ordinance and revised language for the PRD ordinance which would permit a conservation easement be given to the Township or the Conservancy in appropriate circumstances.
 15. Adjourned the meeting at 8:50 p.m.

Respectfully Submitted,
Joan E. McCrary
