Communities rally around Clinton River

BY JEFF PATRUS

Clarkston News Staff Writer

Local communities are teaming up to develop a plan to combat pollutants in the Clinton River.

Several governing bodies have agreed to take part in a locally controlled watershed plan for that river. Among those communities are the Springfield Township and Independence Township Boards and the Clarkston City Council.

Representatives from five communities met April 18 at the Springfield Township Civic Center in Davisburg to discuss the Phase II permitting process and worked together to develop a plan to meet Phase II requirements.

"It's not something we want to do, but we have to do it," said Springfield Township Clerk Nancy Strole.

Among those present at the meeting were Springfield Township Supervisor Collin Walls, Strole and Trustee Dave Hopper; City of the Village of Clarkston Manager Art Pappas; and Independence Township Supervisor Dale Stuart, Department of Public Works Director Linda Richardson and Assistant DPW Director Steve Salter.

No one from the sixth Phase II mandated community within the watershed, Lake Angelus, was in attendance at the April 18 meeting. Strole said she would follow up with correspondence to

that community.

A key topic of discussion at that meeting was suggested cost shares for the watershed plan. The suggested costs were \$2,700 for Springfield Township; Independence, Orion and Waterford Townships, \$2,600 each; and Clarkston and Lake Angelus, \$1,000 each.

Carlisle/Wortman Associates, the planning consultants for four of the municipalities involved (Independence, Orion and Springfield Townships and the City of Lake Angelus) proposed to serve as project coordinators.

Dick Carlisle of Carlisle/Wortman Associates said the company has developed similar projects for the Clinton River Watershed Council, SEMCOG, and the Shiawassee and Huron Headwaters Resource Preservation Project.

In an April 26 memo, Carlisle said Phase II of the Clean Water Act will regulate the manner in which communities manage storm water. He also said communities designated by the Michigan Department of Environmental Quality (MDEQ) are going to be required to help control pollutants entering surface waters.

Carlisle said he would recommend they apply for a voluntary permit, which is watershed-based and offers more

Running down a dream!

Taking the lead — Clarkston freshman Gillian Nordquist (left) gains the advantage while running the first leg of the 3200 meter relay Saturday, May 11 at the Clarkston Invitational. The team of Nordquist, freshman Anne Oltman, sophomore Mo Kutha and freshman Liz Mengyan set a meet record in that event. Mengyan also set a meet record in the 800 meter run. The Wolves took first place in the invite, defeating Detroit Renaissance, who finished second, and Lake Orion, who finished third. For more information, see Sports in Section B. Photo by Jeff Patrus.

Independence passes animal ordinance by slim margin

BY KYLE GARGARO

Clarkston News Editor

The Independence Township Board of Trustees approved an Animal Control Ordinance against vicious/dangerous dogs at their May 7 meeting.

Voting for the ordinance was Supervisor Dale Stuart and Trustees Daniel Kelly, Daniel Travis and Larry Rosso. Voting against the ordinance included Clerk Joan McCrary, Treasurer Jim Wenger and Trustee David Wagner.

The biggest debate amongst the board before the vote was taken revolved around whether the local ordinance was needed or to lean on the state law.

"Why do we need this? The state law covers the same things and we don't have the mechanisms to enforce this," McCrary said. "Speaking to the Sheriff's Department they said this is not a problem and they were surprised we were considering this."

The ordinance defines what a vicious/dangerous dog is and explains the step owners must take to control the dog.

In the ordinance it states "a dangerous or vicious dog shall mean any dog

that is exposed to rabies, or any dog which is capable of inflicting death or serious injury on a person or domesticated animal and which:

- Has, without provocation, attacked or bitten a person engaged in lawful activities;

- Has left the property of its owner and, without provocation, killed or seriously injured another animal;

- Has, without provocation, chased, confronted or approached a person on the street, sidewalk, or public property in a menacing fashion such as would put a reasonable prudent person in fear of attack;

- Has exhibited a propensity, tendency or disposition to attack, cause injury or threaten the safety of persons or other domesticated animals without provocation; or

- Has acted in a manner that causes or should cause its owner to know that it is potentially vicious and/or dangerous.

The owner of a dangerous or vicious dog must:

- Be 18-years-of-age or older;
- Have such dog tattooed, regis-

tered and licensed with the township.

- Provide information including name, address, phone number, city and county of the person from whom or where the owner acquired such dog;

- Carry liability insurance in the amount of at least \$100,000.

Some members of the board were concerned about how this ordinance would be enforced.

"The police could enforce it until or if the township decided to employ somebody for animal control," township attorney Steve Joppich said.

In other action taken at the meeting:

- The board discussed the possibility of a study concerning traffic on the Sashabaw Road bridge which goes over I-75.

The survey, which Supervisor Dale Stuart said would be necessary for the Michigan Department of Transportation to even consider putting it on a list of work that needs to be done, would cost \$23,000.

The issue was tabled until Stuart can talk with DTE Energy Music The-

atre about the possibilities of sharing the cost of the study.

Trustee Larry Rosso raised this possibility due to the traffic generated by concerts at the venue.

- The board made a budget adjustment to pay Green Play for a study being performed regarding a possible Community Center in Independence Township. Green Play is charging \$17,900 for the study.

- The board agreed to purchase a Bobcat for maintenance of the safety path at the price of \$23,835.52.

The equipment will eliminate the need for the Township to sub-contract with Metro Sweep. This was costing the Township \$4,500 to \$5,500 per year.

- The board gave Facilities Maintenance Director Dave Belcher permission to purchase a carpet shampoo machine for \$2,721.53.

- The board agreed to hire Larry Hess as park laborer and reclassified Roger Belcher to Park Superintendent.

- The board approved the hire of Claire Poynter as head of children's services at the Independence Township Library.

Clarkston girls earn highest scout award with local landscaping project

BY JENNIFER NEMER
Clarkston News Staff Writer

It took a lot of hard work and dedication, but the reward is finally here.

Heather Carlile and Alicia Findora of Clarkston will accept the Girl Scout Gold Award, the highest award for achievement and leadership in Girl Scouting, at the "All That Glitters Banquet" Monday, May 20 at the Holiday Inn Gateway Centre in Flint.

The Senior Girl Scouts from the Girl Scouts Fair Winds Council—which serves over 11,250 girls in Genesee, Lapeer, Northern Oakland and Shiawassee counties—are among 15 accepting the award.

Prior to accepting the Gold Award, 50 project hours are required. The first-year Michigan State University students decided to work together to landscape a cul-de-sac, last September, in the Ashford subdivision on Sashabaw in Clarkston, where Findora lives.

Carlile, a general studies major, said the new subdivision needed the work. "But we only had a budget of \$50. It was a huge cul-de-sac, so we were like, 'okay, how are we gonna do this?'"

They searched for free contractors, but came up with nada. An idea arose to seek out donations and it worked. From Daylilies, Black-eyed Susans, a Yucca plant, three different kinds of ornamental grasses, topsoil and woodchips; everything was donated.

Before achieving the Gold Award, Senior Girl Scouts must earn the Senior Girl Scout Leadership Award and the Senior Girl Scout Challenge, in addition to completing the Gold Award project.

The longtime friends had to complete 30 hours of leadership, which they did by doing activities like leading a section in marching band as well as directing a Bible study. Their challenge dealt with personal and career exploration.

Once a Girl Scout has achieved her Gold Award, she is a Gold Award recipient for life.

"This is a good accomplishment," Carlile said. "I'm really proud we did it. It was hard while we were away at college, but I'm glad we stuck with it."

Findora, who is studying pre-veterinary work and has lived in Clarkston all her life, said, "It was a relief to win. It was a lot of work, there were a lot of deadlines, and a lot of things didn't fall into place like they should have. But I'm really proud of this award."

The Girl Scouts organization feels Gold Award recipients are individuals who recognize making a difference requires taking a leadership role, and are tomorrow's leaders, explorers, inventors and decision-makers who will change the world. The honor is a culmination of personal skills, leadership experiences and dedication to helping others, all fo-

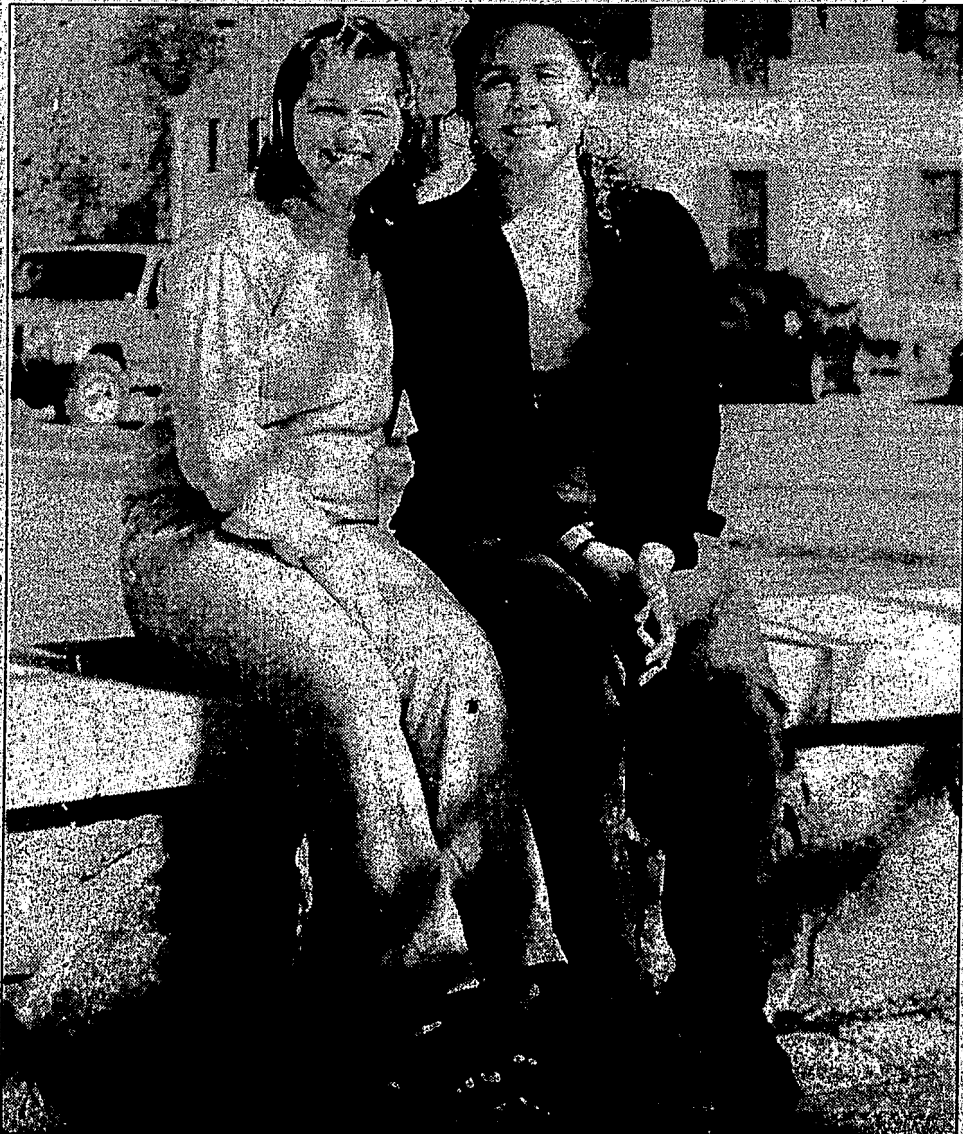

Top honors—Alicia Findora, right, and Heather Carlile of Clarkston, are the recent recipients of the Girl Scout Gold Award, the highest award for achievement and leadership in Girl Scouting. cused on the special contributions an individual can make to her community. It is an extension of all a girl has learned in her previous Girl Scout work.

"I think it's sad fewer girls are getting involved, or don't stick with Girl Scouts once they get into middle school or high school," Carlile said, adding she plans on remaining with Girl Scouts as a camp counselor or troop leader. "It does take up some time, but it's worth it. It's a good way to meet people, to gain morals, honesty, and it teaches the value of community service. Plus, you get to go to camps and travel, which is fun."

Board tables Forest Hills plan until next month

BY JEFF PATRUS
Clarkston News Staff Writer

Howard Friedlaender will have another chance to present his case for the Forest Hills development before the Springfield Township Board.

The board, at its May 10 meeting, agreed to grant Friedlaender an extension until their next meeting June 14. They said there are several things he needs to take care of before they can approve the development.

"It wasn't that there were major concerns," said Springfield Township Clerk Nancy Strole. "There were just a lot of little fixes and some not-so-little fixes. The majority of the board didn't feel comfortable conditionally approving it. Overall, I think the response was that it was a good plan."

Among the items needed are details on the grading and landscaping of berms, elimination of internal signs in the development, and changes to the conservation easement.

"He should be able to address these at the June meeting," said Strole.

Supervisor Collin Walls questioned Friedlaender why he proposed a development with a boulevard on Rattalee Lake Road. "It seems to be an unnecessary expense," he said.

"I'm not sure," said Friedlaender. "I would be happy to revise the development (to eliminate the boulevard)."

Forest Hills is located at the south side of Rattalee Lake Road, between Eaton and Weber Roads. The property is zoned R-1-A, Suburban Estates, and the applicant is proposing to construct a 20 unit, single-family site condominium cluster development on 59.71 acres, with 37.68 acres (or 63.1 percent of the property) as open space.

Thirty acres of the open space are proposed to be a wooded conservation area, keeping the Oak/Hickory woodland intact. The remaining 7.68 acres are proposed to be a buffer conservation area between

Rattalee Lake Road and the development, the location for the manufactured wetland, and additional areas required by the township board. In addition, 17 of the 20 units are adjacent to the open space within the site.

Access to the site will come from Rattalee Lake Road. The plan includes a five-inch walk on one side of the roadway. An on-site well and community septic system will be provided.

The concept plan was originally granted by the township board at their June 8, 2000 meeting. At their Nov. 8, 2001 meeting, the board granted an extension of the deadline for final site plan approval to June 14. At the same meeting, the approved the addition of the community septic system to the plan subject to the system meeting applicable laws and standards.

In his final site plan review, township planner Dick Carlisle recommended the plan be approved, subject to the following conditions: review of the conservation easement and master deed and bylaws by the township attorney; including boundary markers delineating conservation areas along all property lines; and approval from the Oakland County Health Department for septic systems.

Township engineer Randy Ford from Hubbell, Roth and Clark also recommended approval of the Forest Hills project in an April 5 memo, contingent on the following:

■The 4-inch diameter sanitary leads from the residence to the septic tank needs to be sloped at 1/4 inch per foot. Cleanout caps need to be provided.

■The duplex lift station level switch mounting frame needs to be stainless steel with stainless steel mounting hardware. All stainless steel should be suitable for the lift station environment.

■A general note needs to be added requiring all tank pipe penetrations to be cast in place pipe boots as is shown on the typical residential septic tank installation detail.

At its April 15 meeting, the Springfield Township

Planning Commission also recommended approval of the Forest Hills project pending the conditions Carlisle and Ford listed above. The board recommended the sidewalk be left in the easement area and a gathering spot for the kids to be picked up at the front entrance be established.

Fire victims need help

A fundraiser is being held to help out a Waterford family in need.

The Bobo family lost everything they had in an early April fire at their Patrician Apartment on Voorheis Road.

Donations of any kind will be accepted at a drive May 18 and 25 from noon to 3 p.m. at the local Waterford/Clarkston Moose lodge 2512, at 2524 Airport Road at the Hatchery intersection.

Clarkston resident Susannah Simons is helping with the fundraising. She said, "They need everything. All of us have a lot we don't need and could give to someone who is need, even if it is as simple as a hair dryer. When you've lost everything you could just about everything." Simons doesn't even know the family, but often is behind raising donations for those in need within the community.

For clothing donations, Simons said Danielle Bobo wears a size six pants, small to medium shirt, and size eight shoe; her husband, Bret, wears a 32 waist/34 length pant, large to extra large shirt and size 10 and half shoe. Their five-year-old son Crishtian wears a children's six/seven pant, eight/10 shirt and 13 and a half shoe.

Call Simons at 623-8814 or Mary Flanigan at (248)738-1178 to help. The Waterford/Clarkston Moose can be reached at (248)618-8850.

DON'T GIVE YOUR DOG HEARTWORM MEDICINE FOR SIX MONTHS.

That's the beauty of the new ProHeart®6 heartworm preventative. One injection, given here at Independence Animal Hospital, lasts six months. And ends your worry about forgetting to administer heartworm medicine each month. So for protection that lasts a full half year, bring your dog in today. Before you forget.

County Commissioner Middleton seeks reelection

BY JEFF PATRUS

Clarkston News Staff Writer

Oakland County Commissioner Tom Middleton (R-Clarkston) has announced that he will seek reelection to the Oakland County Board of Commissioners representing District 4.

Middleton, a former state representative, was elected to the commission in a special election February against Democrat Charles Inman. He filled the seat vacated when former commissioner and Clarkston resident Frank Millard resigned last year to take a deputy clerk's position with Oakland County.

A primary election will be held Tuesday, August 6 to fill the party nominations for the commission seat. Following that, voters will cast their ballot for the position in the general election Tuesday, Nov. 5.

He is the second person to announce his intent to run for the commission spot. Earlier this year, Independence Township Clerk Joan McCrary, who narrowly lost to Middleton in a special primary election to fill the Republican nomination for the commission seat in January, announced she would run for the commission.

Upon his election to the commission, Middleton was named to the General Government Committee, where he said he has been able to utilize his experience as a state representative. He also serves on the Building and Planning Committee.

Middleton said his colleagues on the Board of Commissioners have raised questions about sending certain requests to the State Legislature and what will happen to those requests.

"Quite often, bills are being passed in the legislature that affect county government," he said. "I think my insight has been helpful to the commission."

He said one of the key things he has done since he joined the commission is to work in keeping an arts tax that would affect residents of Oakland and Wayne counties off the primary ballot. He said he would work

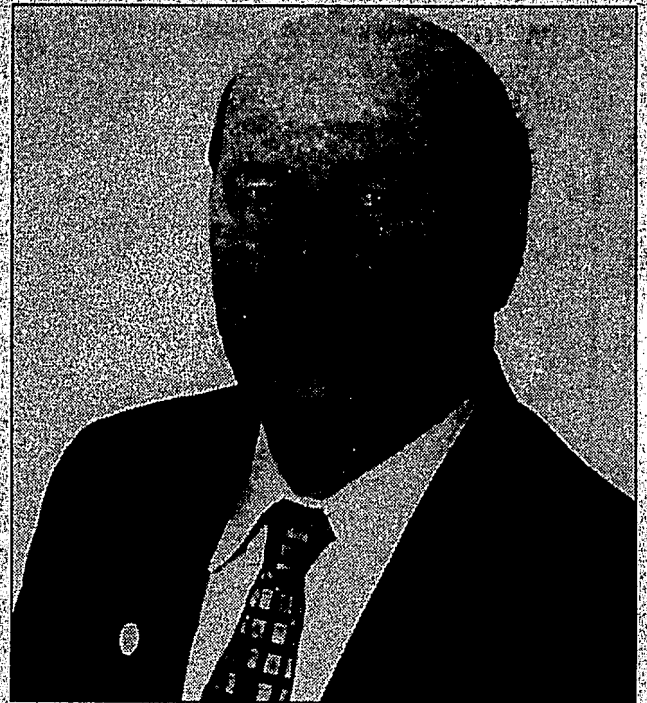

to keep it off the November general election ballot.

In addition, Middleton said he has introduced two resolutions of note: one that would obtain some reimbursement to the City of Clarkston, Independence and Waterford townships for the time they were not represented on the commission, and another that would create a Youth Leadership Training Program that would be run by 4-H in cooperation with the County Board of Commissioners.

He said both bills have passed the General Government Committee and go to the full board Thursday, May 16.

"The youth bill, if it passes, will be adopted," Middleton said. "The reimbursement bill, if passed, will be referred back to the finance committee, then go back to the full board."

Seeking reelection — Oakland County Commissioner Tom Middleton (R-Clarkston) is looking to return to the board as a representative of the 4th District. Photo courtesy of Tom Middleton.

Springfield to host Civic Center dedication

Local residents will have a chance to get a first-hand glimpse of Springfield Township's new Civic Center.

The township is sponsoring a Civic Center Dedication and Open House Saturday, June 8 from 10 a.m. - 1 p.m. Information displays will help residents get a better grasp of the center, and ice cream and refreshments will be available.

In addition, the first 100 guests will receive, free

of charge, the township's native plants CD-ROM and the publication debut of "Going Native in Springfield Township," a native plants information series for homeowners.

For additional information, contact the Clerk's Office at 846-6510, the Township Library at 846-6550, or the Parks & Recreation Department at 634-0412.

Opinion

Just leave it to the pot

There can be numerous potholes in the life of a 24-year-old male living alone in an apartment. Frankly, it is an accident waiting to happen.

I know this because I am living the life. Mounds of dirty clothes piling up in the laundry room faster than mashed potatoes at a Thanksgiving dinner and a kitchen table going unused because it doesn't have a clear vision line to the television are two facets of this life.

However the most obvious sign of problems is the joy of coming home from work and looking in the refrigerator to find beverages, mustard and two eggs.

Despite Kroger being within walking distance of my home in Lancaster Lake Apartments, I find myself doing things like making a meal out of croutons. (I will stand by my theory that croutons can stand alone and should be integrated into the snack section of the grocery store.)

That is why I was greatly excited when our Advertising Manager Sherry Ettinger shared with me the powers of the Crock-Pot.

I had taken a spare Crock-Pot from my parent's home after spending a week house sitting for them. I was not quite sure how to use it, but felt it was time in my maturation process to jump aboard the Crock-Pot train.

All that was involved was some simple preparation in the morning consisting of throwing a roast, cream of mushroom soup and onion mix into the pot. I was hesitant about how tasty the meal would be, but I must admit the anticipation during the day was extensive. The concept of dinner being cooked while you were not there was impressive to my feeble culinary mind.

When I came home from work that evening the intense aroma of the tasty treat that greeted me was better than the old man welcoming me to Wal-Mart.

As I dug into my feast I realized the roast did not taste like it was made in a Crock-Pot, but rather heaven itself.

To say I will use the Crock-Pot again is as big an understatement as stating "Dear John" was a bad sitcom. I am looking forward to my Crock-Pot mentor to steer me the way of some more tasty meals.

Now if I can only get Sherry to come over and take care of that laundry problem.

Gargaro's Hall of Fame: Coca-Cola for bringing us Vanilla Coke, starting soon. Although it may be as bad as Clear Pepsi or Coca-Cola Classic, I admire the corporation for thinking outside the box. It just might be this decade's Cherry Coke.

Gargaro's Hall of Shame: NBC. Every Sunday they give us a different reunion of one of their former shows. How about racking your brain and coming up with some original programming?

And why we are at it, why doesn't WDIV show Conan O'Brien at 12:30 a.m. and move Jenny Jones back to 1:30 a.m.? I really don't need to see another episode of "She Used to Be a Geek" but now she's all that!

(Kyle Gargaro is the editor of the Clarkston News and also a poor man's Chef Boy-ar-dee. He can be reached at KyleG44@aol.com or 625-3370. Feel free to share any Crock-Pot recipes to help him out.)

Gargaro's World

Kyle Gargaro

Letters To The Editor

Board to be missed on Commission

Our community is very fortunate to be served by a Planning Commission that truly has our long-term best interest in mind. Over the years, our Planning Commission has developed a thorough Master Plan for development (with extensive resident input) that has set a very high standard for development in Independence Township. I see this as very positive because it not only encourages developers to be prepared with appropriate development plans but also provides the precedent that we expect the best in our community.

Steve Board, outgoing chairman of the Independence Township Planning Commission, has served us well for many years. I've been a regular observer at these meetings for a few years now and have witnessed the manner in which he conducts the proceedings. I've been very impressed with the delicate balance that must be maintained between overall community interests, individual/group resident interests and the rights of property owners to develop their land. It is not an easy bal-

ancing act, but Mr. Board has done a fine job respecting the rights of all.

Our Planning Commission is made up of seven fellow residents who give their time to protect and enhance our community. They should all be commended because they have had a tremendously positive impact on the overall look of our township. Steve Board will be sorely missed on our commission, and I wish him well in his future endeavors.

I encourage all residents to take an interest in the Planning Commission. We all have the right and responsibility to take part in the process and help guide our township into the future. Planning Commission meetings are held at 7:30 PM at Independence Township Library on the 2nd and 4th Thursdays of every month.

Michael Phillips, Director
Citizens for Orderly Growth
Independence Township

Parent praises CHS athletes for class shown

At the beginning of every soccer match at Clarkston High School's Soccer Stadium, announcer Neil Granlund quotes from a Michigan High School Athletic Association handout urging good sportsmanship from players, parents and coaches, which finishes with the statement "Good Sports are Winners!"

The conclusion of a hotly-contested high school varsity girls soccer match between visiting West Bloomfield and host Clarkston April 30 saw the host Wolves get the winning goal inside the final two minutes following a referee decision which the visiting team felt was a poor one.

In the parking lot a short time later, I witnessed considerable taunting, jeering and 'mooning' of Clarkston players by lingering West Bloomfield players inside and outside of their team bus.

I would like to commend the Clarkston athletes for

not responding in kind despite repeated provocation and I compliment Clarkston coaches Tami Mitchell, Mark Whitcomb and Brad Vornholt for holding themselves and their players to a higher standard.

Coach Mitchell was heard to compliment her players on their "class" after she came out and realized what they were dealing with, but she expressed no surprise at their exemplary behavior in the face of such verbal and visual assault. She expected no less of players representing Clarkston High School, and that attitude from coaches, and parents, helps athletes to expect no less of themselves.

Whatever the game result, indeed, "Good Sports are Winners."

Pam Dougherty
Parent of three Clarkston athletes

Lighthouse thanks all involved in campaign

Lighthouse Emergency Services Clarkston has seen an increase in the number of people in crisis here in North Oakland County.

In the month of April, 32 new families along with 605 established clients came to our door seeking help with food, personal items, rent, utilities and medication. Our pantry was severely under stocked and our resources strained until the community answered our prayers.

On Saturday May 11, the annual "Stamp Out Hunger" campaign by the United States Post Office filled our cupboards and will help stock them through the summer months. We would like to extend our appreciation to this wonderful community who supported this event by leaving items in their mailboxes to be collected by their postal carrier.

Our hats off to Paul Sharkey and Gerri Duncan for

organizing this event, and the carriers from the Clarkston Post Office for adding to their busy duties and collecting all the wonderful donations.

Thank you also to Gary Morello and the Waterford HOG for collecting the food and delivering eight truckloads to our office. When the food arrived at our offices there were 11 strong, enthusiastic students from Clarkston High School, Brother Rice High School and Notre Dame Prep.

What a wonderful group of young people, they worked hard and well sorting, boxing and stacking the more than 10,000 pounds of food we received.

Thank you to all for caring enough about your neighbors in crisis to get involved.

The Volunteers and Staff
Lighthouse Emergency Services Clarkston

Faded Ink

Yikes, there's lots of hostility out there

Who woulda thunk it?

I try to have a little fun, write tritely (is that a word?) to lighten our lives, and, the moment the danged column hits the streets, BAMO! The boom's lowered and I, your friendly neighborhood columnist, gets hit. Controversy is my middle name. You can now call me, Ratsfrackingschmackin Controversy Rush.

Er, a-hem. Excuse me. Mr. Rush, what the Hades are you writing about?

What am I writing about? What am I writing about? I'll tell you what I am writing about. I am writing about the fact I printed some stinking e-mail from a guy's point-o-view on life and I get a letter signed "FEMALE" calling me a caveman. A letter calling yours truly insensitive and mean. And, that's fine. I'm a firm believer that all who live, breathe and can read should be emotionally tried to my columns. That said, FEMALE's letter generated two more e-mails. One slams dunks FEMALE, the other explains a woman's viewpoint in list form.

don
rush
don't rush

"Don, in regards to the unsigned male-basher column, may I offer the following:

"First, any first year, first term, first week psych student will recognize a very insecure, ego-deflated, bot-tomed-out self esteem, etc. lady. As to The Man Show, Stern, (she forgot) Baywatch, how 'bout the afternoon chick shows like General Hospital, Days of etc., etc. All the hunks on there look like Karl Malden, right? "Playboy. Yep I actually subscribe and I do read the articles and cartoons. The only centerfold I can name is Marilyn Monroe. What I'm asking for is the world to stop making me feel guilty for being white, educated, successful, having a nice house, nice car, great wife (30 years), appreciating the opposite sex, being Irish, being a little chubby, etc., etc., etc. I'm happy with me and that's all that counts — I will sign, Pete G."

(Pete did send his last name, but, I thought I'd save him the grief.)

And, "Mrs. Chauvinist Pig" writes:

If there's one thing "The Man List" should teach women, it's the importance of being very specific and clear to men. A Venus and Mars book left strategically on the bedside table just doesn't cut it. So, in the spirit of mutual enlightenment and unilateral understand-

ing, may I offer up "The Woman List:"

■ Up or down, it doesn't really matter — just make sure you don't leave it wet.

■ The curve of a '68 Corvette fender is not arousing to women.

■ Lingerie is itchy. Hanes-Her-Way cotton briefs in the 5 pack are not.

■ A chili dog with everything will give you gas. Everytime.

■ Playboy is airbrushed.

■ No, I don't know, is there more toilet paper in the cupboard?

■ Football is a sport. Baseball is a sport. Lying on the couch is not.

■ Women don't dress for their men, they dress for other women. If we really cared what you thought, we'd all be wearing low-cut blouses and stilettos to the grocery store.

■ Shoes are for women like tools are for men. Nine West = Craftsman.

■ Blank stares and shoulder shrugs will get you in trouble EVERY time.

■ The toilet brush is not gender specific, and is less difficult to use than a torque wrench.

■ Loud socks and dated ties are not a "fashion statement".

■ NASCAR is what your buddies are for.

■ Clip your toenails.

■ Remember, it's only a game.

■ If you are able to read and understand a *Chilton's* manual, you can understand the difference between line dry and tumble dry.

■ Men with money are always more interesting, no matter how short, bald or fat they are.

■ Clean fingernails count for a lot.

■ Whenever possible, please say whatever you have to say while I'm not on the phone.

■ As long as grown women watch television, there will be feminine protection products advertised on TV. Get over it.

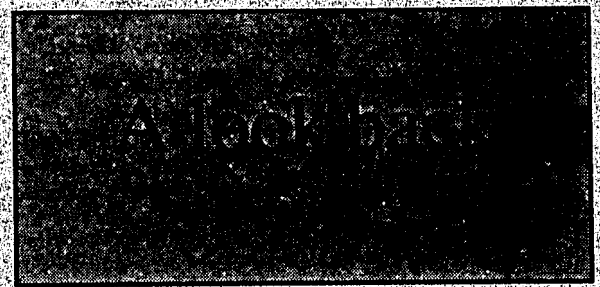

■ To women, all beer tastes the same.

■ Yelling about the phone bill will not cut down on the number of times we call our girlfriends. It's a scientific fact. Plan it in the budget.

■ Remember, we're laughing at you behind your backs.

I know who the author is, but I'll protect her ID, too.

15 YEARS AGO (1987)

■ Concern over the possibility of a resident camp for state wards in Rose Township brought about 50 residents to the May 13 Springfield Township Board meeting. The state Department of Social Services (DSS) is considering the 242-acre Camp Holly, west of the Springfield border and northwest of Rattalee Lake and Weber roads, as a possible site.

■ The push is over for a second prom to take care of members of the junior class this year at Clarkston High School. Problems surfaced at the end of April when 300 \$35-a-couple tickets went on sale for the junior-senior prom May 22 at Petruzello's Banquet Hall in Troy. Members of the senior class had first access to the tickets and they sold out before the juniors had a chance.

■ The Clarkston Memorial Day parade is Monday, May 25 at 10 a.m. The parade will start from the corner of Church and Buffalo, to Main Street, to Washington, west to Holcomb, then to Lakeview Cemetery where a memorial service will be conducted. The American Legion Campbell Richmond Post No. 63 of Clarkston sponsors the parade and leads the memorial services.

25 YEARS AGO (1977)

■ The Independence Center may benefit from the \$3,500 the township has set aside for Community Promotion Program (RAP). The township board voted May 17 to reconsider its past appropriations of \$2,000 to the Clarkston Youth Assistance and \$1,500 to RAP because, they said, more residents benefit from Independence Center than they do from RAP.

■ A four-acre parcel at the multi-million Pine Knob complex may have been sold at last week's delinquent tax sale, but owners of the scenic resort say that is only good business sense. Christine Mason, a Southfield certified public accountant, purchased one of four Pine Knob parcels scheduled for sale for \$505 in taxes owed from 1974.

■ The new president of the Business Association of Independence Township (BAIT) is Robert Olsen, succeeding D'Arcy Gonzales. He was elected during a board of directors meeting Wednesday, May 11. Assisting him will be Gary Walker as vice president; Pat Beach, recording secretary; Martha Wheeler, corresponding secretary; Gonzales as treasurer; and four directors: June McGowan, Winifred Beach, Duane Hursfall and Art Bollman.

50 YEARS AGO (1952)

■ The Senior Girls Glee Club of the Clarkston High School, directed by Miss Ruth Sproul, and the Senior Band under the baton of William H. Janton, will be presented in the Annual May Festival on Friday, May 16 in the school auditorium, starting at 8 o'clock. The program will be varied to suit every taste for music.

■ On May 17, parents and sons and all interested in the work of the Boy Scouts will gather at the Township Community Center at 6:30 for a potluck dinner. One of the highlights of the evening will be the presenting of the Eagle Scout badges to two local boys, Donald Turek and Vaun Walton. This badge is significant of the highest rank in Scouting and is awarded by the National Council of Boy Scouts of America.

■ The following items were on special at Terry's Market in Clarkston: fresh ground beef, 59 cents/lb.; frozen peas or green beans, two packages for 39 cents; bananas, two pounds for 29 cents; cheese, two pound loaf for 79 cents; butter, 72 cents/lb.; pascal celery, two for 35 cents; pure pork sausage, 45 cents/lb.; cucumbers, long, green, two for 19 cents; orange juice, 46 oz. can, 19 cents.

Just Jottin'

One thing Andy Rooney has learned: "That having a child fall asleep in your arms is one of the most peaceful feelings in the world."

Just came across a note I made driving through Florida: There was a guy driving a golf cart-type vehicle on the expressway median and ditches picking up trash.

Then I saw the same system used in Michigan, only in our state there were two men in the vehicle.

My golf partner, John Patrell, had his six-month physical. When it was over John said his doctor remarked, "I'll see you in six months, I hope."

Are you sick of reading about bacon cooking in this column yet? Too bad. John Harrington of Mt. Morris writes: "About bacon, just ask me. I put the hog on a spit, and when it's black on the outside the bacon's done."

Andy Rooney says, "Never under any circumstance take a sleeping pill and a laxative on the same night."

Politicians need the Enrons and Big Oil incidents to give them extra opportunities to show their constituents back home they are really working hard for them. Unfortunately, in performing their grandstand acts,

Jim's
Jottings

Jim Sherman

hoping for a 6:30 p.m., three-second snippet on the tube, they sometimes substitute name-calling for intelligent questioning.

Take the politician who took to name calling and Capone-like comparisons while an Enron leader was on the stand. The politician got his tv snippet, which tells us a lot about what tv producers think news is, but the politico used up his questioning time, and we heard no hard questioning from him.

Now there's Sen. Carl Levin's committee attempting to rake Big Oil producers and get to the bottom of rising, and sometimes falling, gas prices.

Everyone who thinks Carl Levin can outsmart the presidents of the oil companies raise their hands.

The idea of having these meetings is said to be, "to consider possible legislation." Right! No, wrong! The idea is: 1. To show constituents how brave their leaders are; 2. To show the world how hard they are working; 3. To prove that there is one word that describes the reason why the human race has not achieved, and never will achieve, its full potential, and that word is "meetings."

That last one is another of Andy Rooney's.

I'm convinced the only attraction tomatoes and strawberries have this time of year is their color. Having bought at least three kinds of tomatoes, hothouse, vine ripened and greenhouse, and strawberries from California, and eaten them, it's for certain they are not bought for flavor.

Along the food line, I was asked to buy apples for a recent trout outing. I know Ida Reds are the best eating, except maybe for Northern Spys, but I have to hand it to the growers of Delicious apples for their marketing. They're pretty, but they aren't delicious.

If you aren't supposed to eat animals, why are they made of meat?

CMS band, orchestra play happy tune after competition

BY JENNIFER NEMER
Clarkston News Staff Writer

Clarkston Middle School musicians have hit a high note--thanks to a successful state festival competition for the Orchestra, Cadet Band and Symphonic Band.

Held at Warren Lincoln High School May 5, the Cadet Band, under the direction of Michael Lewis, received an overall score of two, or equaling a B average.

Bands are judged in several categories including tone, intonation, rhythm, technique, interpretation, sight reading and performance.

The Symphonic band, under the direction of Julie Mathews, was awarded a one, or A overall, after receiving ones in each category judged.

"I'm pleased," said Mathews, who is in her 22nd year as Director of Bands at CMS. "We probably had the most honest group of judges. All were knowledgeable, and I believe all were at one time named Teacher of the Year through the Michigan School Band and Orchestra Association. It was the best panel of judges we could have had to let us know where we needed to improve and where we were strongest."

On the Orchestra end, the group comprised of 21 seventh graders and eight eighth graders, directed by Wendy Stuart, received a high two, or B+, overall at their state com-

Music--Wendy Stuart directs her Clarkston Middle School band. Photo by Jennifer Nemer.

petition, held at Williamston High School.

The orchestra program is only five years old in the Clarkston district, and this is the first time one has made it to state.

"It's impressive to have gotten this far," Stuart said. "I'm proud of the students. They worked hard."

Next up for the instrumentalists are final concerts of the school year.

All the Clarkston orchestras--CMS, Sashabaw Middle School and Clarkston High School--will gather together for a final showcase of their talents May 29 at the CHS Perform-

tra selections.

On June 4, the CMS and SMS eighth grade bands will take the stage, 7 p.m. at CHS. The bands will perform selections directed by each of the four chief musical directors in the school district--CHS's Cliff Chapman, SMS's Doug Doty, and Lewis and Mathew of CMS.

Lastly, the Clarkston's sixth and seventh grade bands will perform June 10, also at CHS at 7 p.m. They'll feature various concert selections including a piece from "The Lion King."

Everyone in the community is welcome to attend.

The 23rd Annual Spring Plant Sale at Oakland Technical Campus Northwest is running now through June 7 from 8 a.m. to 2 p.m. The sale includes student-grown annuals, perennials, hanging baskets and various mixed baskets. For more information, call Scentiments at (248)922-5846.

North Sashabaw Elementary is hosting their third annual flower sale to raise money for school assemblies, yearbooks, playground equipment and more. Find annuals and perennials, baskets for \$11, full flats for \$10, half flats for \$5.50 and one-to-two-gallon pots that range from \$5 to \$8. Stop by the school, at 5920 Maybee Rd., May 17 starting at 3 p.m. with a special midnight madness, and May 18 from 8 a.m. to 3 p.m. For further information, call Wendy Roehl at (248)674-6988.

Camp Fire USA North Oakland Council invites area runners to participate in the 12th Annual 5k Run on Saturday, May 18 at 9 a.m. at the Independence Oaks County Park at 9501 Sashabaw. Funds raised from the run will help send low-income children to summer camp. Participants will be eligible to win hotel overnights, meals and gift certificates. Runner awards will be given to the overall male and female runners and the first two places in various age divisions. Registration fee is \$18/participant if registered by May 3 and \$20 afterwards. Group and family rate are available. For further information or to receive a registration form, call (248)618-9050.

The "Motown Bow Wow Boogie," featuring dogs and their owners "dancing" to choreographed routines,

is coming to Springfield Oaks County Park Memorial Day weekend, May 24-27. The 2nd Annual World Canine Freestyle Competition schedule for Friday, May 24, will consist of open practices from 9-11 a.m., proficiency testing at 10 a.m. and competition from noon to 5 p.m. Saturday, May 25 includes open practice at 9 a.m. and competition 10 a.m. to 5 p.m. Spectators can give a donation at the door for entry. Attila Szkukalek of England, the World Video Champion, will present two workshops. "Getting Started in Freestyle" is scheduled for Sunday, May 26 from 9 a.m. to 5 p.m., while "Dancing to Win" will be Monday, May 27, from 8 a.m. to 3 p.m. For more information, call Anna Schloff at (810) 664-4614 evenings or weekends.

The Clarkston Farm and Garden Club presents a perennial plant exchange, Saturday, May 25 starting at 9 a.m. in the municipal parking lot at Main Street and Washington. Bring a plant to exchange for a plant. Please label plants and bring them in containers, pots or sacks.

Get the help you need to pass the Michigan state builder's license examination with a 16-hour comprehensive seminar offered by Clarkston Community Education in cooperation with Oakland Builders Institute, Monday-Wednesday, June 3-12 from 6-10 p.m. at Clarkston Community Education Center, 6300 Church St. Preregistration with payment is required no later than Thursday, May 30. Call 623-4550.

This week Around Town

Now through June 7, 2002, the 23rd Annual Spring Plant Sale at Oakland Technical Campus Northwest.

May 17 and 18, 2002, North Sashabaw Elementary is hosting a flower sale to raise money for school assemblies, yearbooks, playground equipment and more.

May 18, 2002, 9 a.m. to 3 p.m., at the Independence Oaks County Park at 9501 Sashabaw. Funds raised from the run will help send low-income children to summer camp.

Camp Fire USA North Oakland Council Day Camp will be held this year at Independence Oaks County Park for boys and girls in first through sixth grades, July 15-19, July 22-26 and July 29-August 2. Extended hours available for working parents. Financial aid is available for low-income families. There are also opportunities for camp counselors. For more information, call (248)618-9050, E-mail at campfireusano@aol.com or logon to www.comnet.org/campfirenoc.

Walk at Independence Oaks to benefit animal rescue league

BY JEFF PATRUS
Clarkston News Staff
Writer

Those looking to get some exercise and help out some animals in need should circle Sunday, May 19 on their calendar.

That is the day the Michigan Annual Rescue League will host their ninth annual Tail-Wagger Two-Step Walk for Animals at Independence Oaks.

County Park, located on 9501 Sashabaw in Clarkston, beginning at 9 a.m.

Kayla Allen, manager of the rescue league and a 21-year employee, said the walk's purpose is "to raise money for the Michigan Animal Rescue League to take care of homeless dogs and cats."

She said the group hopes to raise approximately \$30,000 from the walk.

The walk will feature contests for dogs in such categories as best kisser, best dressed and best smile. Lunch will be donated by Hungry Howie's in Clarkston, Allen said. She estimated about 250-300 walkers will take part in

the event. Those who raise more than \$200 will get a free T-shirt, she said.

Proceeds from the walk will benefit the rescue league, located at 790 Featherstone in Pontiac. Allen said the

league has been in operation since 1951, and houses up to 120 cats and dogs at any given time. She said the league places approximately 1,000 animals in homes each year, adding that all pets are sterilized prior

to adoption. "Our goal is to find them loving, permanent homes," she said.

For more information, contact the Michigan Rescue League at (248) 335-9290.

Susan Ziesch
(Clarkston)

I had been dealing with neck and shoulder pain with stiffness for about 10 years. The neck and shoulder pain had developed into such severe headaches that I sought the attention of a neurologist. The neurologist put me on multiple drugs and about 60% of my symptoms decreased. Although, I had experienced some relief, the neurologist had increased the dosage of my medications to the point where I was too drowsy to function normally. It was beginning to affect my life and the things I do with my kids. I began coming to Rumph Chiropractic Clinic two years ago and after about six months of care my symptoms were gone. Not only did my pain subside, but now that I know what it feels like to feel good I am quicker to identify when something is wrong. Now I come into Rumph Chiropractic Clinic and stay healthy long before a chronic situation occurs. Thanks RCC

The bar is high at Clarkston Community Schools

There are a lot of factors that must be weighed when moving into a community. It doesn't really matter if you are a young couple planning to raise a family, a single parent, empty nesters, or a retiree looking for a nice place to spend the "golden years." The choice of a home is likely to be your single most expensive investment. So, it is natural for citizens to want that investment to pay dividends, and to seek a quality of life that is comfortable and safe. Clarkston is a special place in this regard because our citizens share a common set of values, and because our schools reinforce these values.

Hard work, discipline, teamwork and a commitment are old-time concepts that have never lost their appeal here. Whether a long-time resident or a newcomer, our people expect their public institutions to embrace such values. You will get no argument here! It is a rare occasion when I come across a Clarkston parent who wants me to lower our expectations. Now, strong values are the foundation of a good community and school system, but vision and action are also required.

Our Vision

The Clarkston Schools will provide an exceptional array of opportunities for all students. The entire community will participate in the process of making our schools the best they can be; and the sense of family that has been part of our past will continue to be felt by students and adults alike.

As you can see, our vision is one that focuses on present realities and future needs. It is based upon our unwavering commitment to the district's mission, "to ensure learning while challenging all individuals to exceed their own expectations."

Clarkston Schools

Dr. Al Roberts

Our Actions

1. Take a good academic program and make it great.

The support of many community groups has helped us move to the next level. First of all, the school board has done a phenomenal job of setting the stage. Policy and budget decisions are critical to the success of any organization. This is a group of seven individuals who "walk the talk." Although each has their own opinion, all understand their role and all are student centered! Certainly our parent groups have played a major role in supporting efforts to provide a high quality educational experience for each and every student we serve. The Parent Advisory Team, individual PTA's and PTO's, and the Academic Booster Group have taken a very active role in providing educators like me with solid advice and with a great deal of support. Of course various community groups also sponsor activities that "raise the bar." The Clarkston Foundation, Optimists, Rotary and Chamber of Commerce, to name a few, all have activities that support taking a good academic program and making it great!

2. Provide the facilities needed to support a top quality school system.

Voters can take pride in what they have achieved. Our school campuses provide students with so much more today than they did just five years ago. Our citizens will be happy to hear that we have built environments that truly enhance program effectiveness! The results of our community's efforts include:

- Increased Instructional Space
- Better CORE Facilities
- Technology Enhancements
- Redesigned and Updated School Buildings at All Levels

- Additions at All Elementary Schools
- Two New Schools (Independence Elementary and CHS).

However, our work isn't done. The school sys-

tem continues to grow and overcrowding must be addressed at a few of our buildings. The truth here is that the investments that were made have paid off. Clarkston has become increasingly attractive to people who want a high quality educational experience for their children.

While our actions have not been limited to raising the academic bar and improving facilities, these two issues have taken center stage in the public's eye. As your superintendent of schools, I hope readers will take the time to visit our website and to read our school publications. The more you know about your schools, the better we will become!

Vacant lots removed from assessments

BY JEFF PATRUS

Clarkston News Staff Writer

Three properties on Pinehurst, off of Middle Lake, will not be changed any special assessments for Phase II of the City of Clarkston's water system.

The Clarkston City Council, by a 6-0 vote at their May 13 meeting, removed the three properties from the special assessment rolls. Councilman Dave Savage was absent.

City Manager Art Pappas said he and City Engineer Gary Tressel from Hubbell, Roth and Clark met with property owners who owned the vacant lots next to their homes.

Councilman Scott Meyland said the lots were unbuildable because of the terrain on the properties.

In other council news, the council voted to change their next meeting date, which was scheduled for Monday, May 27 (Memorial Day), to Tuesday, May 28 at 7 p.m.

Wooded Hills of Jamestown gets okay from township

BY JEFF PATRUS
Clarkston News Staff Writer

The Springfield Township Board has given the okay for developer Grant Ward to proceed with a subdivision in a vacant area of town.

The township board, by a 6-0 vote at its May 9 meeting, approved the final site plan for The Wooded Hills of Jamestown, located on a vacant parcel at the north end of Claridge Street. Trustee Margaret Bloom was absent from the meeting.

Clerk Nancy Strole said the approval is contingent on developer Grant Ward revising the master deed and bylaws as directed by Township Attorney Greg Need.

The property is currently zoned R-1, Single Family Residential. Ward is proposing a 22-unit clustered subdivision on approximately 38 acres.

Individual units are to be served by a common septic system and a private road system. A sign is proposed for each of the two entryways, one at Claridge Street and one at Linda Lane. Each sign will be 7' long and 3.5' tall. The signs will be mounted on 6' tall iron fence, secured by stone pillars.

Special land use approval was granted by the Springfield Township Board Sept. 9, 1999 with conditions.

In his final site plan review of April 5, township planner Dick Carlisle said he recommended the plan be approved after the following items are addressed:

- Add provisions to Master Deed and Bylaws or Conservation Easement prohibiting clearing in rear yards and common areas, and restricting clearing in side yards. These provisions need to be reviewed by the township attorney prior to the final site plan approval by the township board; consider adding retaining walls to limit clearing and grading in wetland pockets; township engineer's review of stormwater system

and proposed septic system.

- Consider narrowing the right-of-way (and therefore reduce clearing) adjacent to 18' wide roadways to 45'-50'

- Formal Planning Commission motion waiving the sidewalk requirement; eliminate trail loop that passes by the large wetland to the east to maintain the 8' wide proposed vegetative wetland buffer.

- Review by township engineer of public utility systems; add permanent markers delineating boundaries of Neighborhood Conservation Easements; consider marking the boundaries between private lots and general/limited common areas, showing location of markers on the site plan.

- Provide required information on landscape plan as outlined above; field verify street trees after road has been installed; consider changing maintenance statement on landscape plan to only include organic fertilizers if necessary and omit the use of chemical pesticides; consider proposed vegetation suggestions for road swales.

At the Springfield Township Planning Commission meeting of April 15, the commission voted to approve the final site plan for the project, with the following conditions:

- The requirements for sidewalks be waived.

- Eliminate the trail loop that passes the large wetland to the east.

- Change direction of trail loop sections between lots 11 and 16 and north of lot 9 to minimize erosion problems.

- Add permanent markers to delineate the boundary of the neighboring conservation easements.

- Provide required information on landscape plan as outlined by Carlisle in an April 5 letter.

- Elimination of the storm drain on the west side of the development.

Springfield approves consent agenda items

At its May 9 regular meeting, the Springfield Township Board acted on the following agenda items:

- Approved membership renewal in the Huron River Watershed Council at a cost of \$426.82.

- Adopted a resolution requesting assistance from the Michigan Department of Natural Resources in the removal of nuisance geese.

- Approved a 2002 updated hourly rate schedule for Hubbell, Roth and Clark consulting engineers.

- Adopted a wastewater system resolution for Kingston Point, located at Ridge Valley Drive.

- Awarded a bid to Douglas Safety Systems for seven sets of turnout gear for the Springfield Township Fire Department. The cost for the gear is \$6,230.

- Awarded a bid for four defibrillators for the fire department to Medtronic, at a total cost of \$10,157.50. Of that cost, \$6,000 would be assumed by the township's fire fund; \$1,807.50 by the Fireman's Association; \$1,175 by the Friends of the Springfield Township Library; and \$1,175 by the Civic Center fund.

- Amended the Parks & Recreation Department and Shiawassee Township Basin Preserve budgets.

- Received a letter from the Holly Area Chamber of Commerce announcing the 2002 Business Expo held in the Davisburg Medical Center, 12850 Fountain Square. The expo will be held Sunday, June 2 from 2-4 p.m., and will encompass Holly Village, Holly Township, Davisburg, Springfield, Rose and Groveland.

OBEDIENCE CLASSES

Puppy/Beginner, Intermediate, Advanced

Our mission is to help owners develop a better relationship with their pets and gain control of their behavior by use of Positive Reinforcement techniques. Issues such as general manners, jumping, nipping, chewing, pulling on leash and housebreaking are addressed. New classes begin every four weeks.

Classes begin at 6:30 & 8:00 p.m.

OUR NEXT CLASS BEGINS MAY 29TH.

Behavior Counseling, Private Lessons,
In-Kennel Training are also available.

Local women simplifies cooking for single parents with book

BY KYLE GARGARO
Clarkston News Editor

Dorothy Neff is trying to make cooking a little easier for people.

The 32-year Clarkston resident has come out with "The Single Dad's Cookbook" although the cover is quick to point out it is also good for moms, students

and seniors.

Neff got the idea when her son Steve divorced and became a single father for children Robert and Maddy.

"He had never cooked before and I would get phone calls asking how to hard boil an egg or how to make corn on the cob," Neff said. "I realized a lot of

guys were just like that. In fact, a lot of moms are too. There are a lot of single parents. There is also a group of kids who are expected to get dinner started when they come home from school. This is a great book for them."

All the recipes take no more than three or four ingredients.

"That is enough," Neff said. "Some of these recipe books you don't have half the ingredients and some you don't know what they are."

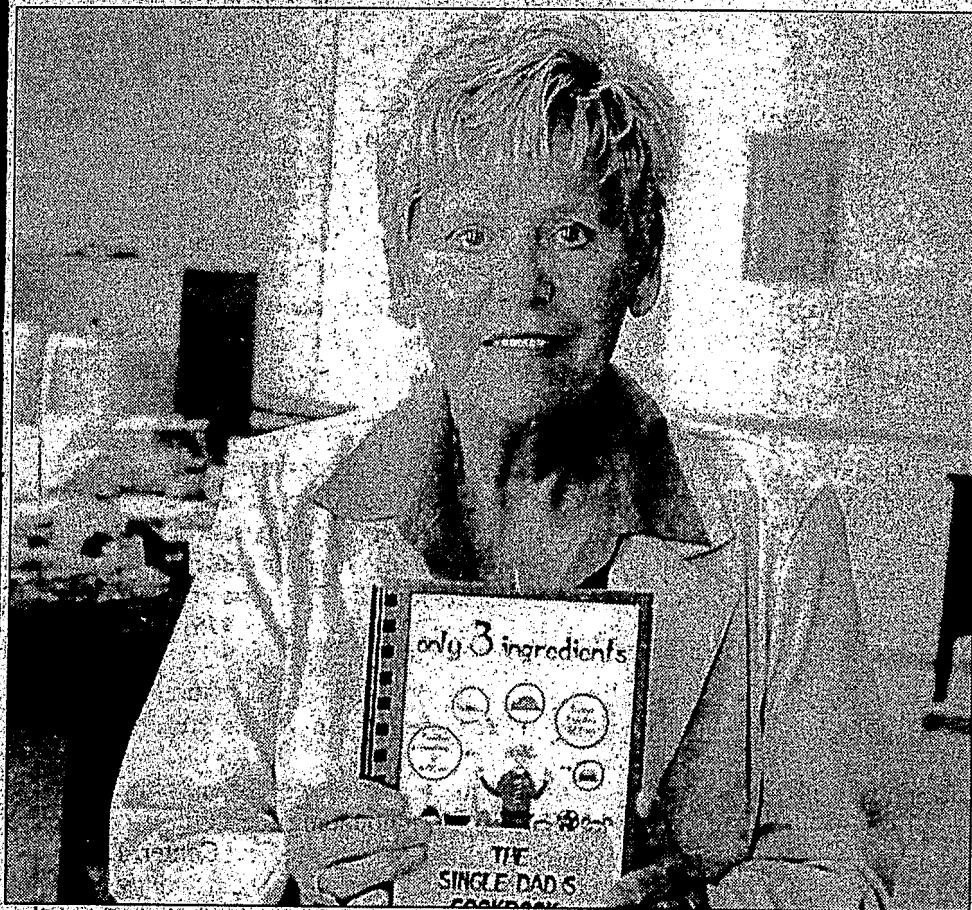

The former Clarkston Community Schools employee went through her personal collection to find easy recipes to put in the book. She said the recipes have been accumulated from numerous sources over the years including

magazines, pot-luck dinners and her mother.

The cook book has sections for appetizers, soups and salads, vegetables and side dishes, main dishes and desserts. There is also a section which covers everything from cooking tips to how to choose fruits and vegetables at the store.

The book was published by Morris Press Cookbooks which Neff discovered in a magazine. It was truly a family affair as her husband William typed up the recipes and daughter Lori designed the cover.

The cookbook can be picked up at Village Apparel at 12 North Main Street in Clarkston.

Cooking up some grub -- Clarkston's Dorothy Neff has come out with a simple cookbook to help single parents. The cookbook can be bought at Village Apparel. Photo by Jeff Patrus.

Police and Fire

Independence Township

Sunday, May 12, a 32-year-old man was arrested on Dixie for a felonious assault after he attempted to run over a 31-year-old man in a road rage incident. The victim was issued a disorderly person appearance ticket.

A malicious destruction of property was reported on Pelton. A rear hatch window was smashed out of a 2000 Chevy Ventura.

An employee at a restaurant on Dixie reported someone stole the wallet out of her purse.

A woman reported her soon-to-be ex-husband intentionally struck her car head-on in the parking lot of a local organization on Maybee.

A 38-year-old man was arrested for a simple assault and battery on a 37-year-old man on Clarkston.

Medical on Balmoral.

Public service on N. Eston.

Saturday, May 11, a malicious destruction of property occurred on Deepwood Court. The complainant stated an unknown person "keyed" both sides of her vehicle.

A 17-year-old man was arrested for operating a vehicle on Sashabaw under the influence of liquor, a first offense. Two passengers were issued appearance tickets for the consumption of alcohol under the age of 21.

Residents on Marshbank reported an 18-year-old female neighbor took their vehicle without permission and stole \$200 and a cell phone out of their apartment.

Medicals on E. Princeton and Ortonville.

Friday, May 10, an unknown person stole the air

pump and hose from a gas station on M-15.

Medicals on Heatherwood Court and Upland.

Personal injury accident on southbound I-75 south of Holcomb.

Thursday, May 9, larceny of scrap aluminum siding, valued at \$100, was reported from a Pinedale residence.

Lock out on Marconi.

Medicals on Eastview, Clarkston, Wellesley Terrace and White Lake.

Personal injury accidents on I-75 at Sashabaw, Clarkston at Flemings Lake, I-75 south of Clarkston and I-75 north of Clarkston.

Wednesday, May 8, two 17-year-old males were caught stealing two DVD video games, totaling \$61.98, from a video rental store on Dixie. A license plate number was obtained to track down the boys, and the stolen items were returned.

A man was issued an appearance ticket for soliciting magazines on Ridge Top Trail and Klais Road without a permit.

Tuesday, May 7, a larceny of a wedding ring was reported from a former resident of a health service facility on Clintonville.

Medicals on Oakvista, I-75 at Scales and Dixie.

Monday, May 6, an unknown person stole a \$6,000 Sony overhead projector from a classroom at Clarkston High School.

A gang fight on Hunters Creek was reported. The vehicles had already fled the scene when deputies arrived. Information was gathered.

A suspicious circumstance on Westview was reported after residents found a nude Barbie doll, with the appearance of being bloody, and a "Dear Ken, call me" note taped to their front door. They suspect a young neighbor girl.

Springfield Township

Sunday, May 12, a larceny of four real estate signs was reported on Ridgevalley and Forest Ridge.

Saturday, May 11, a malicious destruction of property was reported on Rattalee Lake. An unknown person exploded an unknown object inside of a resident's mailbox.

Thursday, May 9, a burglary, along with a missing purse, was reported from a Bluewater apartment.

Tuesday, May 7, a noise complaint was reported on Louise. The complainant stated a neighbor for unknown reasons pounded on the walls and floor of her home.

Natural products from Nature's Craft...
For body, mind, spirit and home

BY JENNIFER NEMER
Clarkston News Staff Writer

Fed up with potentially dangerous cleaning product chemicals, one Clarkston resident took matters into her own hands.

Starting from scratch in her kitchen, Janis Ney experimented with natural products, mixing and matching ingredients until the right combination spruced forth. She recruited friends and family to test her homemade cleaning products.

Successful, Ney realized there was a future here.

Nearly a year ago, Ney started Nature's Craft, "a new enterprise dedicated to offering a real choice for consumers who wish to purchase natural, nontoxic personal care and household products."

More than six months ago, the company expanded to include body care items.

"Our goal is to be totally honest about what's in our products," she said. "We stand behind these products."

Ney said there are many products purchased for personal use and home care which contain additives that are widely known to be toxic and carcinogenic. Many others are known to cause allergic reactions in some individuals.

"A major portion of common household products can pose a risk to your health and the environment," she said. "At Nature's Craft, we have identified these chemicals and eliminated them from our products, choosing only natural and plant-based ingredients supplied to us from like-minded manufacturers."

Nature's Craft, Ney said, is not out to condemn toxic or synthetic products; "we just want to offer a real choice for you, your family, and the earth we all share."

After recognizing the need for a company offering natural products "meeting today's consumer's high standards for quality and dependability," Ney said it is equally important to do the "research and provide answers for the consumer on why these products are the right choices for them."

According to Ney, creating a nontoxic environment can be a very complex endeavor. More than 6,000 harmful and desirable ingredients in cosmetics and body care products are discussed in the book "A Consumer's Dictionary of Cosmetic Ingredients," by Ruth Winter.

A natural experience—Nature's Craft owner Janis Ney discusses products with client Karen Warren. *Photo by Jennifer Nemer.*

M.S., and that isn't even a complete list, Ney said. "This is why we do the research for you."

Nature's Craft full line of products for individuals can be custom made to meet individual needs, and their home.

Home cleaning products include an all-purpose cleaner, floor cleaner, glass and reflective cleaner, stain removing cleanser, mild cleanser, daily shower spray, carpet freshener, odor neutralizer, soap residue rinse, toilet bowl cleanser, room freshener spritz and soft scrub granules. Prices range from \$4.50 to \$25.

In the personal care line, Nature's Craft carries anything from cleansers

and toners like Green Tea Cleanser or Moisturizing Facial Toner made with aloe vera and infused with calendula; and facial toner hydrosols such as Rosewater to stimulate and balance skin or Melissa great for oily skin.

There are also oils for the face including the all-purpose Jojoba or the anti-aging ingredient Sea Buckthorn Berry; lotions like Cucumber, an anti-inflammatory ingredient; cremes such as Vitamin C or Vitamin E and butters like Shea to heal damaged skin.

Available as well are solid perfumes, lip balm, essential oils and fragrance oils; shampoos and conditioners; shower gels;

Glycerin and Castile soaps, therapy bath salts, body scrubs, one of Nature's Craft's most popular pamper products, Milk Bath, and much, much more. Prices range from \$3 to \$38.

Gift baskets and a large variety of candles can also be purchased through Nature's Craft.

And Ney only has plans to expand the company, with more cleaning products such as a Power Paste grease cutter and Super Citrus all-purpose cleaner, to be included in a new upcoming catalog.

Soon to be carried are organic, healing teas; exfoliating face masks; after-shave; and anti-acne serums; among the other limitless possibilities of Nature's Craft.

Those who want to take advantage of substantial discounts and benefits can hold a hostess party in their home.

Ney--an industrial and graphic designer by trade as well as president of Priorities concierge and errand service, --also feels it is very important to give back to the community and she contributes by making product donations to charities aiding battered wives.

To request a catalog, set up a private consultation in Ney's Lake Orion office, or place an order, call (248)334-3001 or (248)393-5600.

Fax orders at (248)391-2142, or order online at www.naturescraft.net. Orders are taken 24 hours a day, seven days a week.

ESCAPE

John J. Roth, executive director (ED) of the Grandfield-Pull, a consulting company, is now servicing the needs of municipalities throughout Michigan, has named William Lawran as business officer.

THE FIRST THREE

Completed the Business Officers in Accounting Analysis in 1989

As a business office manager, she manages the day-to-day functions of the business aspects of HRC.

She is a graduate of Walsh College with a bachelor of business administration.

Goldwell Banker Schweitzer recently announced the addition of Bryan Peters, Julie Alexander, Linda Walsh and Sandy Dubre to their team of real estate professionals.

Peters has been licensed since 1994 and is a resident of Auburn Hills. Alexander is a resident of Clawson and has been licensed since 1996. Walsh has

been licensed since 1991 and Dubre is a resident of Clarkston, licensed since 1996.

"We are excited to welcome Bryan, Julie, Linda and Sandy to Coldwell Banker Schweitzer," said Bill Clark, General Manager for Coldwell Banker Schweitzer Real Estate, Clarkston.

Township board approves changes for Clarkston Woods

BY JEFF PATRUS

Clarkston News Staff Writer

It took two tries, but the Springfield Township Board approved the final site plan for the Clarkston Woods development.

The board approved the plan by a 6-0 margin at its May 9 meeting. Trustee Margaret Bloom was absent.

Last month, the board had issues with developer Michael Johnston's proposal, contending the final site plan was unable to be deciphered. However, the board took note of Johnston's changes at last week's meeting.

"I compliment you on cleaning up the master deed and bylaws," said Clerk Nancy Strole.

Strole said the approval was predicated on a few items being addressed: the master deed being reviewed and approved by Township Attorney Greg Need, and the granting of a variance by the Zoning Board of Appeals for a special land use waiver. Strole said the purpose behind that is to exclude any docks on Big Lake.

Johnston, of Rochester Hills, proposed a 28 unit single-family site condominium cluster development on a 96-acre site with 59.17 acres of the property (or 61.6 percent) as open space. Units range in size from slightly more than one-half acre to nearly two acres in area.

The property is currently zoned R-1A, one-family residential. It is located west of Big Lake, adjacent to the Old Oaks Condominiums. A single point of access is proposed off of Big Lake.

In his March 6 final site plan review, township planner Dick Carlisle said that individual well and septic systems are proposed. The site is densely wooded, generally has very steep slopes, and contains three wetlands. Part of the property has been identified in the Shiawassee and Huron Headwaters Resource Preservation Project as a potentially significant natural area.

Carlisle recommended approval of the project based on the following conditions:

- Review and approval of the conservation easement document by the township attorney; review and approval of the master deed and bylaws by the township attorney

- Review by the township engineer of essential facilities and services; clarify landscaping once temporary sedimentation basin is filled in; confirm that language has been added to the master deed and bylaws

- Add landscape treatment of temporary sedimentation basin (after it has been filled in), and the permanent sedimentation basin; field verify remaining trees to determine if they satisfy tree requirement.

Scholarships awarded

Worthy recipients — Three Clarkston High School seniors were awarded college scholarships given by the Clarkston Joseph C. Bird Chapter No. 294, Order of the Eastern Star at a recent meeting. The affair was a fun night with a program and lots of food held at the Clarkston Masonic Temple. During this time, the Edna Norris Scholarships were presented to the recipients by the Worthy Matron presiding officer Gail Hess who is the niece of Edna Norris. Pictured are the three recipients; far left, Stacey Goodson, far right, Kristenne Clark and seated Michael Woods. Gail Hess is in the center. Photo provided.

flexibility to creating a watershed management plan, as opposed to a jurisdictional permit, which is subject to federal guidelines.

In addition, he said each community needs to apply for a storm water permit under Phase II by March 2003.

Carlisle said communities need to meet the following requirements when applying for voluntary permits:

■Communities form sub-watershed groups that are approved by MDEQ.

■Each community within the sub-watershed group submits its application individually as of March 2003. The application has three parts: general information about each community, a public education plan, and an illicit discharge education plan.

■Once the permit has been issued, the communities will be provided the date when the following materials are required: a Watershed Management Plan and a Storm Water Pollution Prevention Initiative (SWPPI).

■An annual progress report is also required. This report includes the following: documentation of actions taken to eliminate illicit discharges; schedules for elimination of illicit connections identified but not eliminated; documentation of the public education efforts, and evaluation of its effectiveness; and documentation of other actions taken to reduce storm water pollutants.

In his memo, Carlisle said the communities need to take a two-step approach to putting together a plan:

■Carlisle/Wortman Associates will develop a detailed outline of the permit requirements and a draft work plan which identifies the potential alternative options for addressing each requirement. They estimated the fees for this step to be \$12,500.

■Deciding the direction the group wants to take for each stage in the permit process based on the work plan developed in the first step.

Strole said Springfield Township has agreed to serve as a central source for communication and information about the watershed plan. She asked that each community provide her with their e-mail addresses and any updates, such as their governing bodies' meeting dates and any action they have taken on the plan.

Wolves set two meet records, outdistance Renaissance for title

BY JEFF PATRUS

Clarkston News Staff Writer

Clarkston's girls track team was willing to be a good host at the 15th annual Clarkston Invitational May 11 — up to a point.

The Wolves showed their depth that day, placing in 12 events as they took first place at the invite with 108 points. Detroit Renaissance was a distant second with 81 points, while Lake Orion finished third with 67 points.

"I was very pleased with the kids' performance," said Clarkston coach Gordie Richardson. "I think our young athletes are starting to come around. We had some outstanding times."

Freshman Liz Mengyan was a part of both meet records set by the Wolves at the invite. The 3200 meter relay team of freshman Gillian Nordquist, freshman Anne Oltman, sophomore Mo Kuhta and Mengyan set a record in that event with a time of 9:35.4, while Mengyan took the 800 meter run with a time of 2:17.4.

In the 3200 meter relay, Nordquist took the place of sophomore Christyn

Thomas looking for shot in majors

Mets, Yankees among teams expressing interest in OU pitcher

BY JEFF PATRUS

Clarkston News Staff Writer

One of Clarkston's own could have a chance to make it in major league baseball.

Jared Thomas, a 1998 Clarkston High School graduate who is a junior pitcher at Oakland University, has received interest from several pro teams and is hopeful of being selected in the major league baseball amateur draft.

Thomas is currently leading the nation in strikeouts and has set an Oakland University single-season record in that category, notching 80 strikeouts as of press time.

He said "lots of teams" have shown interest, citing the New York Mets, New

York Yankees, Tampa Bay Devil Rays and St. Louis Cardinals as just a few of those teams. In particular, he said the Mets "have shown a lot of interest" and the Yankees have brought him in for a pre-draft workout.

If he is drafted, Thomas would be the second OU pitcher in a row to be selected in the major league draft. Last year, Adam Sokoll was selected in the 22nd round by the Atlanta Braves.

Thomas said he is optimistic about being selected, and also said he has no preference about which team picks him.

"Things look good, although there are no guarantees," he said. "I just want to play."

Oakland University baseball coach Mark Avery, for one, is convinced that Thomas will be beginning his pro baseball career shortly.

"I'm very confident that he will not be returning to OU next year," said

Please see Thomas on page 6B

Clarkston nine has up and down week

BY JEFF PATRUS
Clarkston News Staff
Writer

The Clarkston baseball team experienced a roller-coaster week.

After losing against West Bloomfield May 8, the Wolves rebounded two days later against Troy, only to falter against host Rochester 3-2 on Monday, May 13. The Wolves are now 11-11 overall and 3-6 in Oakland Activities Association Division I play.

The Wolves' Aaron Powell hit a two-run homer in the first inning to give the Wolves the early lead, but Rochester bounced back with three in the third to put them over the hump.

Clarkston broke out the heavy lumber Friday, May 10 as they defeated the visiting Troy Colts 15-5 to improve their record to 11-10 overall and 3-5 in OAA Division I play.

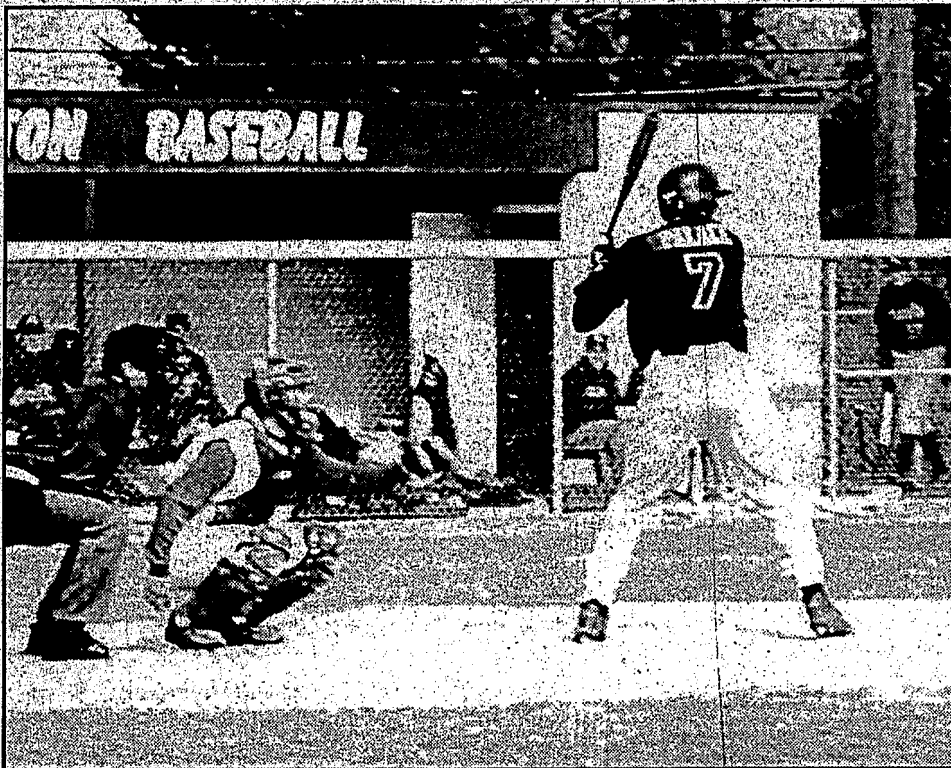

Junior Matt Orris

continued to excel both on the mound and at the plate. Orris notched the win on the mound for the Wolves, and also hit a three-run homer to aid his team's cause.

Aaron Powell went two-for-four and hit a two-run homer for Clarkston, while Ryan Weiss went two-for-four and Sam Palace went two-for-three.

The win against Troy marked a rebound from an earlier OAA I loss against the West Bloomfield Lakers May 8. The Wolves were the victims of a three-run rally by West Bloomfield in the bottom of the sixth inning, and wound up losing 4-2.

Clarkston had taken a 2-1 lead in the top of the inning as Aaron Powell had an RBI single. The Wolves scored their other run in the top of the third inning. Ben Munce took the loss on the mound for

Clarkston.

The Wolves face a busy week ahead. They host Troy Athens

Wednesday, May 15 before traveling to league rival Lake Orion May 17 and then to Bay City Central

the following day. They return home Monday, May 20 for a game against Rochester Adams.

Henderson takes pole vault at Pioneer Relays

BY JEFF PATRUS
Clarkston News Staff
Writer

There may not have any official team standings, but the Clarkston boys track team faced some strong competition at the Pioneer Relays May 11 in Ann Arbor.

The Wolves placed in eight events at the relays, and senior Grant Henderson led the way with a first place finish in the long jump. Senior Mark Kraus placed fourth in the high hurdles, while junior Brian Curry took fifth in that event.

In addition, Clarkston placed fifth in four other events at the relays. Senior Shane Bennett took fifth in the 100 meter run; the 800 meter relay team of Bennett, junior Brian Oltman, Kraus and Curry took fifth in that event; the one mile relay team of Kraus, Bennett, Oltman

and Mike Wilder took fifth in that event; and sophomore Steve Chenet took fifth in the 800 meter run.

Oltman placed in two other events, finishing sixth in the 400 meter dash and eighth in the 200 meter run.

"It was a good meet," said Clarkston coach Walt Wyniemko. "There were a number of power teams. Hopefully, it will get us in a good position for regionals Friday."

In league action, the Wolves soundly defeated host Waterford Mott 89-48 on May 7 to improve their record in Oakland Activities Association Division I competition to 3-2.

Clarkston took the first five events of the meet. The 3200 meter relay team of Mark Sitko, Brandon Parks, Mike Wilder and Steve Chenet won that event with a time of 8:58.52; Mark Kraus won the high hurdles with a time of 15.52; Shane

Bennett won the 100 meters with a time of 11.66; the 800 meter relay team of Mike Petuil, Kraus, Brian Oltman and Bennett won with a time of 1:35.43; and Sitko won the 1600 meters with a time of 4:51.23.

In addition, Cory Henneman won the pole vault with a jump of 12'6"; Oltman won the 400 meters with a time of 51.4; and Kraus won the 300 meter hurdles with a time of 42.97.

Other first-place finishers for the Wolves in the meet were: Bennett in the 200 meters with a time of 23.58; Sitko in the 3200 meters with a time of 10:32.73; Henneman, who tied for first in the high jump with a jump of 5'8"; and the 1600 meter relay team of Chenet, Kraus, Mike Wilder and Oltman,

Leader of the pack — Clarkston's Grant Henderson competes in the long jump in a recent meet. Henderson took first place in the pole vault May 11 at the Pioneer Relays in Ann Arbor. Photo by Jeff Patrus.

who finished with a time of 3:33.29.

The Wolves will be moving on to regional action Friday, May 17 at Holly, beginning at 1:30 p.m. After that, Clarkston hosts the league meet Tuesday, May 21.

Wyniemko is optimistic about the team's chances heading into the final weeks of the season.

"We have a lot of things going for us," he said. "Our biggest problem is staying healthy. We're trying to do the best we can. That's all we can ask."

Offensive force — Sophomore Heather Giroux drove in six runs for Clarkston in the Wolves' 13-1 win against fourth-ranked Clinton Township Chippewa Valley May 11 in the opening game of the Pieper Invitational in Royal Oak. Photo by Jeff Patrus.

Offense comes alive for softball team at tourney

BY JEFF PATRUS
Clarkston News Staff Writer

Rain was evidently the only thing that could have stopped the Clarkston softball team this past weekend.

Powered by a potent offense, the Wolves won all three of their games Saturday, May 11 at the Pieper Tournament at Royal Oak Memorial Park. The Wolves took first place in their pool and were set to continue the following day, but the rainy weather forced the cancellation of the day's games.

The three wins on May 11 improved Clarkston's season record to 14-6.

The Wolves opened up the tourney Saturday with a 13-1 victory against Clinton Township Chippewa Valley. Clarkston coach Al Land said that win was particularly impressive because Chippewa Valley entered the tourney ranked fourth in the state.

Senior Kathi Wiegand pitched a three-hitter to lead Clarkston to the victory, while sophomore Heather Giroux drove in six runs for the Wolves.

"We were excited about that game," said Land. "That was probably one of our best games of the year. We came out with great enthusiasm and determination. Our offense, one through nine, hit the ball. All through the order we had people contributing."

Clarkston followed that up with a 9-4 win against Royal Oak Dondero. Sophomore Suzie Giroux drove in five runs that game, while junior Missy Parsons went three-for-three.

The Wolves continued the offensive onslaught with a 16-1 victory against Center Line St. Clement in their third game of the day. Clarkston continued to receive offensive production from their entire team, as juniors Jenny Tatu and Courtney Robinson each drove in two runs.

"What was nice about the weekend was everyone contributing to knocking in runs and getting base hits," said Land.

The Wolves face a busy week ahead, as they travel to Rochester Adams Wednesday, May 15 for a doubleheader and then to West Bloomfield Friday, May 17. Clarkston then travels to the Canton Softball Center for the Madonna Tournament May 18-19.

As they prepare for the remainder of the season, the Wolves still have plenty of goals they would like to accomplish before they host district competition beginning Tuesday, May 28.

"As a team, we'd like to reach 20 victories," said Land. "We're still within two games of the league title with eight league games remaining. Winning the district would be a treat. That's one of the things we're gearing up for."

Athlete of the Week — Laura Barnett

BY JEFF PATRUS
Clarkston News Staff Writer

Any resemblance between Laura Barnett's golf game three years ago and her golf game today is purely coincidental.

So says the Clarkston High School senior, who has emerged as a key member of this year's team. She first took up golf after practicing and playing with her dad Larry Barnett, and taking a few lessons.

"Since my sophomore year, I have improved drastically," said Barnett. "You wouldn't think I'm the same golfer. I'm a lot smarter and more capable."

She said coach Larry Sherrill has helped her develop more confidence in her game. "He is an amazing person as well as a coach," said Barnett. "He is always positive, encouraging kids to do their best."

For the rest of this season, Barnett said she hopes to become a steadier golfer.

"I want to work on consistency," she said. "One part of my game will be good and the other will suffer. I want to be consistent in all aspects."

In addition to the golf team, Barnett was a member of the pom pon team at CHS for four years, and is currently Student Council President and a member of the National Honor Society.

Next year, she will be attending Miami (Ohio) University and majoring in business and marketing. She said parents Larry and Patty Barnett have

Senior leader — Clarkston girls golfer Laura Barnett has been one of the mainstays for this year's team. Photo by Jeff Patrus.

helped her along every step of the way. "They are wonderful and supportive in every aspect of my life, and I appreciate them for that," she said.

Barnett has two siblings: a brother, Scott, who is attending Northwestern University, and a sister, Julia, who is an aspiring actress in New York.

Reuter, who sat out with an injury. Mengyan said Nordquist stepped up her efforts in her teammate's absence.

"She really helped our team a lot," she said. "I think it was a good day for all of us."

As far as the 800 meter run was concerned, Mengyan said she faced some strong competition from Renaissance's Kelly Sampson in that event. "I just had to compete hard and hang on," she said.

In one event, the 3200 meter run, the Wolves took the top two places, as Nordquist took first with a time of 11:44.81 and senior Carla DelVecchio took second with a time of 11:45.52.

The Wolves' other event victory came in the novice medley, as the team of senior Allison Spilweber, sophomore Megan Garrett, freshman Erin Richards and sophomore Whitney Bomier won that event with a time of 4:46.35.

Clarkston took second place in three other events at the invite. Kuhta took second in the 1600 meter run with a time of 5:31.51, while freshman Stephanie Parkin took second in the 200 meter dash with a time of 27.64 and the 1600 meter relay team took second with a time of 4:13.19.

Third place finishers for the Wolves were as follows: junior Kim Wilson in the high jump with a jump of 5'3"; sophomore Kristen Bradish in the discus with a throw of 107'5"; the 800 meter relay team, with a time of 1:51.34; the 400 meter relay team, with a time of 52.77; and Emily Cushing in the 300 meter hurdles with a time of 48.33.

In dual meet action, the team soundly defeated Waterford Mott 99-29 to remain undefeated in Oakland Activities Association Division I competition at 5-0.

After Mott scored a win in the 3200 meter relay, Emily Cushing notched the first win for the Wolves in the meet, taking the 100 meter hurdles with a time of 17.3. Mott took the 100 meter dash, but from there, it was virtually all Clarkston.

In the distance events, the 800 meter relay team

Coming through — Clarkston girls track coach Gordie Richardson surveys the action May 11 at the Clarkston Invitational. Photo by Jeff Patrus.

of Beth Randall, Amanda Sawyer, Adrienne Jones and Stephanie Parkin won that event with a time of 1:52.8; Liz Mengyan took the 1600 meter run with a time of 5:10; the 400 meter relay team of Cushing, Sawyer, Jones and Parkin triumphed with a time of 53.2; Elizabeth Gorz won the 400 meter dash with a time of 1:03.9; Cushing won the 300 meter hurdles with a time of 49.5; Mengyan won the 800 meter run with a time of 2:18; Sarah Jennett won the 200 meter dash with a time of 29.0; Anne Oltman won the 3200 meter run with a time of 11:59; and the 1600 meter relay team of Christyn Reuter, Mo Kuhta, Oltman and Mengyan won that event with a time of 4:20.

In the field events, Lindsey Hawley won the discus with a throw of 104'9"; Kimberly Wilson won the high jump with a jump of 5'3"; Cushing won the long jump with a jump of 13'10-1/2"; and Casey Bolten won the pole vault with a jump of 8'.

The Wolves move on to regional action Friday, May 17 at Holly. Richardson said he expects Rochester Adams to be the favorite heading into the regionals, but said the Wolves are capable of finishing in the top five, which would be a significant accomplishment given the team's youth.

"With Adams being there, it will be difficult to win," he said. "I think we'll place pretty well."

Netters take second at league meet

BY JEFF PATRUS

Clarkston News Staff Writer

It won't be easy for the Clarkston tennis team if they hope to advance past the regional tournament Friday, May 17.

Coach Kevin Ortwine said the region will be loaded with quality teams, including Birmingham Brother Rice, West Bloomfield, Rochester, Rochester Adams, Troy, Troy Athens and Novi. The top two teams will advance to state competition.

"The region has probably five or six teams deserving to go to states," said Ortwine. "We just have to battle the best we can."

The Wolves faced plenty of competition last week in preparing themselves for regionals.

Clarkston placed fifth in the Holly Invitational Saturday, May 11, and Ortwine said he was happy with that finish.

"We didn't play too bad," he said. "It was a real strong field."

The Wolves notched runner-up finishes in two different categories. Mike Rashid, at #2 singles, took runner-up honors at the invite, while Mike Claus and John Szilvagy, at #1 doubles, also took second place.

As expected, Birmingham Groves proved to be the class of the Oakland Activities Association Division II Tournament Thursday, May 9. Groves took first place with 44 points, beating out the second-place Wolves, who finished with 36 points.

The Wolves' #1 singles and doubles representatives both took first in their respective classes. Andrew Brown, at #1 singles, defeated Griffin Neiburg of Groves 2-6, 6-3, 6-4, while the #1 doubles team of Mike Claus and John Szilvagy, who were seeded third in their class, knocked off the two top seeds in their class to win the title.

"They had an outstanding day," said Ortwine of Claus and Szilvagy.

In addition, the #4 doubles team of Carlos Galaviz and Shawn Saparamadu came from being behind 5-0 in the third set of their championship match to win seven straight games on their way to the title.

"That may be the first time I've seen that in eight years," Ortwine said.

Although Clarkston was hoping to knock off first-place Groves at the league meet, Ortwine said he realized Groves was going to be a formidable foe.

"We would have had to play a perfect day for that to happen," he said. "Groves is just a solid team. I think we just got beat and sometimes you have to accept that."

Two days before the league meet, the Wolves tied with host University Liggett 4-4. The Wolves won two matches each in singles and doubles.

Ortwine said the tie was a significant step for the Wolves, given Liggett's track record.

"That is one of the historical powerhouses in boys tennis," he said. "They've won as many or more titles than anyone in the state. We got some key wins from some different positions. We had four three-setters and won three of them. That may be a sign of the toughness that's developed through playing a tough schedule."

In singles competition, Justyn Roderick of Clarkston defeated Aaron Brieden at #3 singles 6-4, 6-4, and at #4 singles, Bharath Surapaneni defeated Justin Powell 6-4, 4-6, 7-6.

On the doubles side, Andy Smith and Amit Surapaneni triumphed at #2 singles over C.T. Charleston and Koebe Mosher 3-6, 6-4, 6-4, and at #4 doubles, Carlos Galaviz and Shawn Saparamadu defeated Owen Darr and Peter Spina 4-6, 6-4, 7-6.

Before heading off to regionals, the Wolves competed against visiting Birmingham Seaholm Tuesday, May 14, then take on Troy Athens the following day.

Sports shorts

Local girl helps gymnastics team to second place finish

Alyssa Delke, 14, of Clarkston helped the Gymnastic Training Center Level 6 girls teams win a second place team award at the Michigan Level 6 State Championship held at GTC in Rochester April 27-28.

Twistars USA of Lansing won the competition with a team score of 112.5, while GTC finished a close second with 111.675.

Delke won a gold medal on the uneven bars and silver on beam, floor exercises and in the all around.

Singles helps Rochester girls gymnastics team to title

Clarkston resident Danielle Singles, 13, helped the Gymnastic Training Center of Rochester Level 7 girls team win the Greater Kalamazoo Invitational held in Kalamazoo May 5.

The invitational was a pre-state championship meet for Level 7 teams from across Michigan to prepare for the upcoming state finals to be held May 18 in Kalamazoo. The GTC squad won the competition with a team score of 111.50.

Singles won a gold medal on the uneven bars, silver on the floor exercises and bronze in the all around.

INDEPENDENCE TWP.

STATE OF MICHIGAN
COUNTY OF OAKLAND

CHARTER TOWNSHIP OF INDEPENDENCE
ORDINANCE NO. —

ANIMALS

An Ordinance to amend the Charter Township of Independence Code of Ordinances to establish regulations for animals in the Charter Township of Independence, and to provide for the public health, safety and welfare of the community through the proper control of animals by their owners and others, and for the regulation of dogs that are prone to or have a known disposition to cause unprovoked attacks or injuries on people and/or other animals.

THE CHARTER TOWNSHIP OF INDEPENDENCE ORDINANCES AS FOLLOWS FOR INCORPORATION INTO THE TOWNSHIP ORDINANCE CODE:

Section 1 of Ordinance

A Chapter 5 of the Ordinance Code is adopted, reading as follows:

Chapter 5

ANIMALS

ARTICLE I: IN GENERAL

Section 5-1: Purpose.

The purpose of this chapter is to promote the public health, safety, comfort and general welfare of the community through the proper control of animals by their owners and others. Additionally, the township finds that certain breeds of dogs selectively bred for their fighting characteristics and those that are prone to or have a known disposition to cause unprovoked attacks or injuries on people and/or other animals are in need of special regulation to ensure the public peace, health, safety and welfare.

Section 5-2: Definitions.

The following words and phrases, when used in this Chapter, shall have the meanings respectively ascribed to them below:

Animal means, but is not limited to, pigs, cows, cats, dogs, sheep, goats, chickens, rabbits, ponies, horses or other such animals as may be kept in the Township. All references to and requirements for dogs shall also apply to ferrets, which includes all animals of the species *Mustela furo*.

At large shall mean any animal that is off the property of its owner and not under the physical control of a competent person.

Dangerous or vicious dog shall mean any dog that is exposed to rabies, or any dog which is capable of inflicting death or serious injury on a person or domesticated animal and which:

- Has, without provocation, attacked or bitten a person engaged in lawful activities;
- Has left the property of its owner and, without provocation, killed or seriously injured another animal;
- Has, without provocation, chased, confronted or approached a person on the street, sidewalk, or public property in a menacing fashion such as would put a reasonably prudent person in fear of attack;
- Has exhibited a propensity, tendency or disposition to attack, cause injury or threaten the safety of persons or other domesticated animals without provocation; or
- Has acted in a manner that causes or should cause its owner to know that it is potentially vicious and/or dangerous.

Exposed to rabies shall mean an animal that has been bitten by or in contact with any animal known to have been exposed to rabies.

Owner shall mean any person or legal entity, excluding governmental bodies and agencies, having a possessory property right in or custody of a dog or other animal, or who harbors, cares for, exercises control over, or knowingly permits any animal to remain on premises occupied by such person or entity.

Person shall mean any individual, employee, corporation, company, copartnership, or association.

Restrained or restrained shall mean an animal that is properly controlled by a leash, confined within a vehicle being driven or parked in a place generally open to the public, or confined within the property limits of its owner or keeper.

Unconfined shall mean not securely confined indoors or confined in a securely enclosed and locked pen or structure upon the premises of the owner.

Section 5-3: Penalty for violation of chapter.

Any person violating the provisions of this chapter shall be guilty of a misdemeanor.

Section 5-4: Dogs in public; leash, immunization required.

No dog shall be permitted at any time to be on a public highway or street, in a public park, public building, or any other public place, or any place to which the public is generally invited:

- Except when held securely by a leash of suitable strength and length by the owner thereof or other responsible person or when confined in a shipping receptacle or automobile or when lawfully on publicly-owned hunting lands or at dog training facilities; and
- Unless such dog shall have been immunized against rabies.

Section 5-5: Running at large.

It shall be unlawful for any owner of a dog to allow or permit such dog to run at large.

Section 5-6: Noise.

No person shall keep or harbor any animal, including but not limited to any dog, cat, bird or other animal which by loud or frequent or habitual barking, yelping, howling or calling, shall cause annoyance to the people in the neighborhood or to persons passing by on the streets.

Section 5-7: Defecation, etc., prohibited; disposal, owner's responsibility.

It shall be unlawful for any owner of a dog or cat to allow or permit such dog or cat to soil, defile, defecate or to commit any nuisance on a public thoroughfare, sidewalk, passageway, bypass, play area, park or any place where people congregate or walk, or upon any public property or premises, or upon any private property without permission

of the owner of such property unless:

(1) Such owner shall immediately remove all droppings deposited by such dog or cat by any sanitary method, and for such purposes shall possess a container of sufficient size to collect and remove the above-mentioned droppings and exhibit the container, if requested by any official empowered to enforce this article.

(2) The droppings removed from the aforementioned areas shall be disposed of by the owner of such dog or cat in a sanitary method on the property of the owner of such dog or cat.

Section 5-8: Exposure to Rabies; Notice.

It shall be the duty of any owner of an animal which has been attacked or bitten by another animal showing symptoms of rabies to immediately notify the township's police department or county animal control department or health department of the attack and his or her possession of such animal.

Section 5-9: Female animal in heat.

The owner of any female animal in heat shall not permit such animal to be at large in the streets or public places of the township or on any premises other than those of the owner or custodian of such animal. The owner of such an animal shall keep such animal confined in a building or a secure enclosure on a leash at all times, so that she will not come in contact with other animals except for intentional breeding purposes and so that she will not create a nuisance by attracting other animals.

Sections 5-10 through 5-24: Reserved.

ARTICLE II: REGULATION OF DANGEROUS OR VICIOUS DOGS

Section 5-25: Dangerous and vicious dogs; registration required; responsibilities of owner.

The owner of a dangerous or vicious dog must:

- Be 18 years of age or older;
- Have such dog tattooed, registered and licensed with the township;

(3) Provide information including the name, address, phone number, city and county of the person from whom or where the owner acquired such dog;

(4) Notify the township animal control officer, if any, and the county animal control department within a 24-hour period when the owner has knowledge that such dog is at large, unconfined, or that such dog has died;

(5) Notify the township animal control officer, if any, and the county animal control department within a 24-hour period when such dog is sold or given away to another person. The notification shall include the name, address, and phone number of the new owner; and

(6) Carry liability insurance in the amount of at least \$100,000 covering any property damage and bodily injury that may be caused by such dog, which policy shall remain in place at all times that such dog is kept or harbored within the township and shall be submitted to a township police officer or a township or county animal control officer upon request.

Section 5-26: Dangerous and vicious dogs; confinement or restraint.

The owner of a dangerous or vicious dog shall not allow or permit such dog to be unconfined, either on or outside the premises of the owner, unless such dog is securely restrained, leashed and muzzled.

Section 5-27: Prospective dog bites; reporting; destruction; show cause.

(1) The owner of any dangerous and vicious dog that bites a person after the effective date of this ordinance shall:

(a) Report the biting incident to the township police department, the township animal control officer, if any, and to the county animal control department within twelve (12) hours of the incident; and

(b) Destroy such dog humanely within forty-eight (48) hours of the biting incident, except if the person bitten is a trespasser on the owner's property or the owner is granted relief from such requirement following a show cause hearing under Section 5-27(2).

(2) Upon a sworn complaint that an owner has failed to destroy a dog within forty-eight (48) hours of a biting incident under Section 5-27(1), a district court or district court magistrate shall issue a summons to the owner ordering him to appear to show cause why the dog should not be destroyed or permanently removed from the township. Failure to report the biting incident as required under subsection 5-27(1)(a) shall constitute prima facie evidence and a legal presumption that the person bitten was not a trespasser. Upon the filing of a sworn complaint as provided herein, the court or magistrate may order the owner to immediately turn the dog over to an animal control officer, an incorporated humane society, a licensed veterinarian, or a boarding kennel, at the owner's option, to be retained by them until a hearing is held and a decision is made for the disposition of the dog. The expense of the boarding and retention of the dog is to be borne by the owner. After a hearing, the magistrate or court shall issue its findings and opinion as to whether the dog is subject to destruction or removal under this Section. If so, the court shall order the destruction of the dog at the expense of the owner, or, in the alternative, at the court's discretion, order to have the animal permanently removed from the township under terms and conditions which ensure such removal.

Section 2 of Ordinance

Should any article, section, subdivision, clause or phrase of this ordinance be declared by a court of competent jurisdiction to be invalid or unenforceable, the validity of the ordinance as a whole, or in remaining part, shall not be affected other than the part invalidated.

Section 3 of Ordinance

All proceedings pending and all rights and liabilities existing, acquired or incurred at the time this ordinance takes effect are saved and may be consummated according to the law in force when they were commenced.

Section 4 of Ordinance

This Ordinance shall be effective following publication in the manner prescribed by law.

CERTIFICATION

It is certified that the foregoing Ordinance was duly adopted by the Township Board of the Charter Township of Independence at a meeting duly called and held on the 7th day of May, 2002.

Golfers fare well despite loss in meet

BY JEFF PATRUS

Clarkston News Staff Writer

According to Clarkston girls golf coach Larry Sherrill, the Wolves are not far off from competing with the top teams in Oakland Activities Association Division I.

To illustrate his point, he cited the Wolves' showing against Rochester and Troy at Sylvan Glen Monday, May 13. The Wolves finished third with 198, while Rochester finished with 178 and Troy 191. Clarkston is now 2-5 on the season.

Anna Trim led the Wolves with a round of 45, while Kristi Hortsman provided what Sherrill called "a nice surprise" with a round of 48.

"The girls played real well," he said. "Unfortunately, we played the top two teams in Division I."

The Wolves also visited Sylvan Glen for the Athens Scramble Friday, May 10, finishing third while shooting an even par 35.

Another match which Sherrill said was very competitive was the Wolves' match against Rochester Adams last week, which the Wolves narrowly lost 209-212.

"We were right there," said Sherrill. "We were close to beating one of the top teams in the division. I think by next year, we'll be challenging the top teams."

The Wolves will be returning to Sylvan Glen for the regional tournament Friday, May 17. The top three

Setting the pace — Clarkston junior Anna Trim led the girls golf team with a round of 45 in the Wolves' meet against Rochester and Troy May 13. Photo by Jeff Patrus.

teams advance to the state competition, and the top five individual golfers advance to states as well, regardless of how their team performs at regionals.

Sherrill said Rochester, Troy and Rochester Adams will be the top teams at the match, but hopes the Wolves will make a run on Friday. "Hopefully, we'll be right there," he said.

Thomas

Continued from page 1B

Avery. "I spend a half-hour a day talking to scouts about him."

Thomas played at Wayne State for two years following his graduation from CHS, then sat out last year after transferring to OU.

Avery, formerly the coach at Wayne State University before moving on to Oakland, recalled how the two hooked up with each other.

"I had known him when he was 16 and I recruited him to Wayne State," he said. "Then I left for Oakland. One day, I got a call saying he was coming to OU. He came in last year and worked hard, even though he wasn't eligible. He worked real hard and became a captain. He's a hard worker in and out of the classroom. He's just been unbelievable... We were pretty fortunate that he picked up the phone and decided to play for us."

Thomas said the combination of playing at a higher level and playing for a familiar coach in Avery were the two main factors behind his decision to transfer to Oakland.

"He gave me a chance to succeed," he said. "That's the biggest thing."

At Clarkston, Thomas played primarily first base, although he occasionally pitched. "I didn't excel much on the mound in high school," he said.

He hit .451 his senior year and hit six home runs, while sporting a mark of 3-2 as a pitcher. In addition, he played junior varsity basketball and played varsity football his sophomore year (although just for the playoffs) and junior year before concentrating on baseball his senior year.

Thomas said he started playing baseball when he was in fifth grade, but it wasn't until three years later he became seriously interested in the sport. "I realized I was pretty good at it," he said. "That primed my interest more."

Currently, he is majoring in general studies at OU, while following a premed curriculum. His parents, Ben and Michelle Thomas, live in Grand Blanc. Thomas has two siblings: sister Amanda, who graduated from CHS last year and is now attending Michigan State University, and brother Phillip, a 1992 graduate of CHS who later graduated from Central Michigan University.

There is still time to find the perfect holiday gift. Look in the want ad section for great gift ideas!

STATE OF MICHIGAN PROBATE COURT FOR THE COUNTY OF OAKLAND NOTICE OF INFORMAL PROBATE

Decedent's Estate
FILE NO. 2002-293,085-DE
Estate of Gertrude Ann Daly, Deceased

PUBLIC NOTICE Because the People Want to Know INDEPENDENCE TWP.

STATE OF MICHIGAN
COUNTY OF OAKLAND
CHARTER TOWNSHIP OF INDEPENDENCE
CRANBERRY POINTE STREET LIGHTING IMPROVEMENT AND SPECIAL ASSESSMENT
PUBLIC HEARING NOTICE

Date: June 4, 2002
Time: 7:30 p.m.
Place: Township Library
6495 Clarkston Road
Clarkston, MI

PLEASE TAKE NOTICE that on June 4, 2002, at 7:30 p.m., in the Independence Township Library, 6495 Clarkston Road, Clarkston, Michigan, the Township Board shall meet for the purpose of hearing comments and objections on the question of creating a special assessment district and defraying the expenses of the installation of street lighting in the Cranberry Pointe Subdivision by special assessment, with the special assessment district being all of the lots within the Cranberry Pointe Subdivision.

The cost estimate for the improvement, and associated costs, is in the amount of \$9,480.00.

The Township Board is proceeding with this hearing based upon petitions received from the record owners of not less than 10 percent of the number of lots in the proposed district.

Appearance and protest at the hearing is required in order to appeal the matters to be considered at the hearing to the State Tax Tribunal. An owner or party in interest, or his or her agent, may appear in person at the hearing to protest by letter on or before the hearing, and his or her personal appearance in such case shall not be required.

Perfect shot — Clarkston resident Bill Covarrubias shows off the trophy he received for notching a hole-in-one on the eighth hole April 24 at Heather Highlands Golf Course in Holly. Photo by Jeff Patrus.

Covarrubias hits hole in one at Heather Highlands

BY JEFF PATRUS

Clarkston News Staff Writer

According to Bill Covarrubias, April 24 was an unlikely day to hit a hole-in-one.

However, that's exactly what the Clarkston resident did on the eighth hole at Heather Highlands Golf Course in Holly, which was a par-three, 170-yard hole, defying the windy weather to hit the shot, which triggered a celebration among the other three men in his group.

"It was cold and windy," Covarrubias said. "I was in shock. The wind was blowing so hard. The other three guys were high-fiving each other."

He notched a 35 for the front nine before finishing with a round of 85 for the day.

Covarrubias, who retired six years ago, lives on Pine Knob Lane and golfs as much as he can. He said he may have received some divine intervention from the greenskeeper at Heather Highlands, who attends church with Covarrubias at Mt. Zion Temple in Clarkston.

"He prayed I got a hole in one," he said.

MHSAA receives partial stay in case

BY JEFF PATRUS

Clarkston News Staff Writer

The United States Sixth Circuit Court of Appeals in Cincinnati issued a stay Thursday, May 9 in the case of the Communities For Equity v. Michigan High School Athletic Association.

The action likely delays beyond the 2003-04 school year the implementation of any court-ordered realignment of high school sports seasons in Michigan.

The order means the Sixth Circuit will take up the case after the District Court has received a compliance plan from the MHSAA for the realignment of seasons, and the District Court rules on that plan. The plan must be submitted by May 24.

Clarkston High School Athletic Director Dan Fife said many of the coaches he has talked to favor keeping things the way they are, and if there were to be changes, they should be dealt with at the MHSAA level instead of the government level.

"Most everyone thinks were okay," said Fife. "Our volleyball coach (Gordie Richardson) is happy with how it is. If you think there is an injustice, then there should be a vote through the MHSAA, and then change by the democratic process."

The District Court has scheduled a hearing on the matter for July 18 in Kalamazoo. After the District Court's decision, the appeals process begins, and could extend into the 2003-04 school year.

Obituary

Harriet H. Ham

Harriet H. Ham of Clarkston, formerly of Rochester Hills and for 55 years of Pocomoke, Maryland died Monday, May 6 at the age of 96.

She was preceded in death by her husband Edward; mother of John (Millie) of Clarkston; Nanny of Mark (Sandy) of Ohio, Russell (Lynn) of Ohio and Susan of Maryland; great grandma of Luke, Matthew, Trevor, Corey and Alexandra.

A memorial service will be held Wednesday, May 15 at noon at the Clarkston United Methodist Church where friends may visit from 11:30 a.m. until time of service. Arrangements entrusted to the Lewis E. Wint & Son TRUST 100 Funeral Home, Clarkston. In lieu of flowers memorials may be made to Pitts Creek Presbyterian Church, or the Juvenile Diabetes Foundation.

Frank C. Hoskins Jr.

Frank C. Hoskins Jr. of Clarkston died Tuesday, May 7 at the age of 81. He was the father of Marsha (Dan) Jenks of Florida, Sandra (Maurice) Mock of Clarkston, Karen DeRosia of Mancelona and Frank (Debbie) Hoskins III of Washington; also survived by eight grandchildren and 16 great grandchildren; brother of Geraldine Jones, Flora Sprague, Doris Witt and Beverly Short.

Frank retired from Fisher Body and served the U.S. Army during World War II. Private family services have been held. Interment held at Lakeview Cemetery. Arrangements entrusted to the Lewis E. Wint & Son Trust 100 Funeral Home, Clarkston. Memorials may be made to the Make-a-Wish Foundation.

Thelma A. Burns

Thelma A. Burns of Waterford died Thursday, May 9 at the age of 89.

She is the mother of Robert (Joyce) of White Lake, Donald (Connie) of Waterford, Janice Willson of Waterford and William (Kathy) of Texas; also survived by 12 grandchildren and 10 great grandchildren; sister of Harold (Helen) Jenkins of Highland, Virginia Young of Waterford and Marion Gage of Rhode Island. She was preceded in death by her husband Curtis and six brothers.

A funeral service was held Monday, May 13 at the Lewis E. Wint & Son TRUST 100 Funeral Home, Clarkston, followed by a graveside service at Oakland Hills Memorial Cemetery, Novi. Memorials may be made to the Michigan Parkinson's Foundation.

Marshall T. Lewis

Marshall T. Lewis of Clarkston, formerly of Pontiac, died Sunday, May 12 at the age of 73.

He was preceded in death by his wife Dorothy (Jean); father of Marcia (Cal) Hagerman of Clarkston, Thomas "Buzz" (Lori) of Pontiac, Shawna (Brian) McHenry of Oregon, Lisa (Don) Johnson of Clarkston and Terry (Ron) Thursam of Oakland; preceded in death by her son Keith; also survived by 15 grandchildren and six great grandchildren; brother of Sylvia (Bill June) Whitey of Virginia and Harry (Flo) of Tennessee.

Marshall retired from General Motors after 25 years of service.

Funeral services will be held Thursday, May 16 at 12:30 p.m. at the Lewis E. Wint & Son TRUST 100 Funeral Home, Clarkston where friends may visit Wednesday, May 15 from 3-5 and 7-9 p.m. Memorials may be made to the family.

Knapp notches goal as Wolves tie first-place Dragons

BY JEFF PATRUS

Clarkston News Staff Writer

Clarkston's soccer team lost two games last week, but distinguished themselves in a tie May 9 against first-place Lake Orion.

Junior midfielder Brandy Knapp scored the lone goal for the Wolves as they tied the host Dragons 1-1 in an Oakland Activities Association Division II game.

Earlier in the week, the Wolves lost 3-0 to host Avondale, and they also lost the day after the Lake Orion game 1-0 to host Lapeer East. The Wolves are now 5-7-2 overall.

Clarkston coach Tami Mitchell said the Wolves used up a great deal of energy in the Lake Orion game May 9 and were out of gas the following day.

"Thursday was really our best game," she said. "The kids played phenomenal. I think they were tired by Friday."

Despite the two losses, Mitchell saw some bright spots in how the Wolves played against Lake Orion. "They possessed the ball and created great opportunities," she said. "The defense was very strong. Megan Mutz did an outstanding job last week. Jennifer Wickline stepped in for one of our injured players and did well. Liz Hardy had a great game at midfield."

The Wolves are heading down the final stretch of the season, with four games left in the regular season before districts start May 28 at West Bloomfield. Those include a home game Tuesday, May 14 against Royal Oak Kimball and another home game Friday, May 17 against Waterford Mott.

Mitchell said working on the team's goal-scoring is the top priority in the home stretch of the season.

"We're looking toward the districts," she said. "We're hoping we can be competitive. I think we have a good chance at being competitive in the districts."

How I Bought a 3 Bedroom Home in Oakland County for Zero Down

I couldn't believe when John told me he could do it with a little creative financing. I bought a \$183,000 home for absolutely zero money out of my pocket. My payment is only \$1,650.00 (including taxes and insurance). For years we saved trying to get 20% down, we thought we needed, and something always came up and held us back. John Clancey at Golden Mortgage was referred to us by our boss, and he got the job done. If you want to buy a home call John at (248) 334-9400 ext. 116 and tell him Judy sent you.
