CLARKSTON, MICHIGAN, FRIDAY, MAY 29, 1931

WHOLE NUMBER, 91

WILL PAY TRIBUTE TO NATION'S DEAD

Memorial Day Program Will Be Given at Lakeview Cemetery

Memorial Day, Saturday, May 30, will be observed in Clarkston in a fitting manner. The exercises will be in charge of Campbell-Richmond Post, No. 63, American Legion, and will be held at Lakeview cemetery. In case of rain they will be held in the Baptist church.

There will be a parade starting from the old high school building on North Main street at 2 p. m., headed by the High School band and the American Legion in uniform. Guests of honor will be George Sibley, the only Civil War veteran living in Clarkston, and Charles F. Campbell, another veteran, formerly a resident here, now of the National Military Home at Dayton, Ohio.

At the cemetery the Legion will perform its Memorial Day ritualistic ceremonies. Invocation will be offered by Rev. R. H. Prouse, pastor of the Clarkston M. E. church. The address of the day will be given by Rev. J. Wallace Jacobus, of Vassar, formerly of Waterford.

The Clarkston Boys' quartette will furnish music and there will also be community singing.

As we gather at the graves of our soldier dead to pay tribute to their memory amid garlands of green and bowers of fragrance and beauty, let us reverently recall their valorous deeds and heroic sacrifices. The record of their bravery on many a bloody battlefield, the memory of the courage and hope that sustained them in hospital and prison, and the recollection of their fortitude in defeat and their magnanimity in victory are the glorious heritage of us all.

But let the love we bear to the defenders of our country be not that which is exhibited alone upon this day, or unto the dead, but let it be an abiding love that finds its happiest expression in ministering to the wants and comforts of the living. It is not enough that the tongue extol their virtues or that the hand strew nature's lavish gifts upon their graves. These are but the emblems of an affection that may not go beyond the outward forms. Words may be forgotten and flowers will fade and lose their fragrance, but the memory of a kindly deed will ever linger in the mind and the fruitage of a gracious act will bloom in endless beauty.

BASEBALL NEWS

Waterford, 8; Lake Angelus, 4, was the score of a game played at Waterford last Sunday. Next Sunday Waterford will play the Grand Trunk of Pontiac. Game will be called at 4 p. m.

Rain in the eighth inning put a stop to the ball game Sunday at Drayton Plains between the Drayton team and the Pontiac Federation of Labor. The score then was 6 to 5 in favor of the visitors, and a little later when play might have been resumed the Pontiac outfit had departed. Had the game been finished the result might have been different, as the score saw-sawed first in favor of one team and then the other. The Drayton boys are dissatisfied with the result and have been promised another game.

Drayton Plains will play a game on Memorial Day with Auburn Heights at that place. On Sunday there will be another home game against some Pontiac team.

A double header baseball game is scheduled at the Davisburg County Park, Memorial Day. The teams will be the Davisburg team and the American Forge & Socket Co. of Pontiac. The first game will be called at 11 a. m. and the second at 3 p. m. Leon Clark is manager of the Davisburg team.

The Conquering Spirit

The true American spirit that will not be downed is what led us into those wars from which we came forth the victors. Because everything has a price, and victory perhaps the greatest of all, we lost thousands of men who fought our cause. It is to them that we go on Memorial Day bearing flowers as a tribute. In honor of those men who have preserved our United States.

CHARLES M. MAGEE HAS PASSED AWAY

Died at His Home in Waterford on His 76th Birthday

Funeral services for Charles M. Magee, 76 years old, who died at his home in Waterford, Monday, following a long illness from heart disease, were held at 2:30 p. m., Thursday, at the Ogdens Funeral Home in Clarkston. Rev. Bates G. Burt, of Pontiac, officiated, and burial was in Woodlawn cemetery, Detroit.

Mr. Magee was born at St. Johns, N. B., May 25, 1855, and died on his 76th birthday. He went to Detroit 30 years ago and for 23 years was sales manager for the Berry Bros. varnish company. He was twice married, his first wife being Susan Hummel, who died in 1914. On Feb. 7, 1920, he was united in marriage to Mona McMann, of Detroit.

Twenty years ago Mr. Magee came to Waterford and developed a small fruit farm at the foot of Waterford Hill. This was his summer home for some time but later he also spent the winters there.

Surviving are the widow and three children: Charles T., of Detroit, and Charlotte and J. Lawrence, at home.

Mr. Magee was a member of the Episcopal church, and of Oriental Lodge, F. & A. M., and King Cyrus Chapter, R. A. M., of Detroit. Masonic services were conducted at the grave by Oriental Lodge.

TWO CLARKSTON GOLFERS QUALIFY IN TOURNAMENT

Ferris Miller and George Smith, both of Clarkston, are among those who qualified in the tournament now in progress at the Twin Lakes golf course. Not all of the qualifying rounds have been finished. Many excellent scores have been turned in and the games are being witnessed by good crowds. The fairways and greens are in fine condition.

EASTERN STAR CHAPTER HAS INITIATORY WORK

Joseph C. Bird Chapter, O. E. S., of Clarkston, held an initiation Tuesday evening, May 26, in the Masonic Temple. Mrs. Margaret Belitz, Mrs. Beulah Jones and Edward Lee Porritt were initiated. Guests were present from Utica and Waterford. After the initiation a very dainty lunch was served in the dining room, the tables being very prettily decorated with spring flowers. Everybody enjoyed a good time.

DRAYTON MEN'S CLUB IS PLANNING WEINER ROAST

The Monday supper club of the Drayton Men's club is sponsoring a weiner roast at "The Willows" on the Dr. J. T. Bird estate on Walton Boulevard next Monday evening. A welcome is extended to all men interested in community work to come and bring the ladies.

ROCK GARDEN HID IN SECLUDED SPOT

Adorning the Home of Mr. and Mrs. John Visgatis, Clarkston

One of the most delightful and fascinating forms of landscaping is by way of a rock garden, and now days there are few gardeners who have not indulged in some form of this very popular work. There are no two alike, their individuality being one of their charms, but recently we found one that is really different.

Turning in off the Orion road on Orchard Crest, the end of Sunset drive brings you to the cottage of Mr. and Mrs. Jack Visgatis. Built on the very brink of a steep hillside, the approach is very level, but a path of step stones swing around the corner of the cottage and disappear out of sight and following it down a steep slope of 50 feet or more, you turn to look and admire.

Rugged irregular rocks of varying sizes hold pockets of earth with drooping ferns that look as if they had always been there; curiously twisted dwarf Juniper with their contrasting dark that are a shelter to timid little woods plants, for most of the flowers are wild ones transplanted from nearby haunts and we could not list even a small part of them.

Mr. Wompole laid the plans when building and Mr. and Mrs. Visgatis have been adding to it and say they have much more to do, especially in adding to their collection of wild flowers, the northern slope with its moisture and shade making it ideal for this. It was so quiet and secluded, it seemed strange to climb but a few steps and find yourself right out on one of the busiest highways of the state.

Mrs. J. R. Campbell is visiting friends in Chicago.

Mrs. David McClelland and Mrs. La Verne McClelland spent Monday in Birmingham.

Clare Edwards, with several fellow students, left Thursday morning for Indianapolis, where he will attend the automobile race May 30.

AUXIL'RY TO HOLD BIRTHDAY PARTY

Interesting Program and Luncheon Are Being Arranged

The Ladies' Auxiliary of Waterford will have a Birthday party at their next meeting, which will be held in the church parlors, Thursday, June 4. The following ladies will be hostesses for the occasion: Mrs. Arthur Walters, Mrs. Elmer Collins, Mrs. M. Hincley and Mrs. R. Sinit. There will be a luncheon at 1:00 o'clock. The Auxiliary members will furnish pot luck and provide for each guest they invite.

There is a contest on to see which side will be best represented. Mrs. A. Walter is chairman of the "Radium" division and Mrs. Carl Terry of the "Sunshine" division. The Auxiliary at the last meeting was evenly divided into these two sides and this division will remain until the September meeting.

A program of varied numbers is being arranged by Mrs. H. A. Huey and Mrs. Walter. This is the last regular meeting for the summer months so it is hoped a good turnout will be had at this party.

MRS. STREETER IS SPEAKER AT CLUB

Gave Interesting Talk at Last Meeting of Current Year

The last meeting of the Clarkston Literary Club for the year was held at the home of Mrs. W. E. Bellows. After a short business meeting Mrs. Bellows' daughter, Mrs. Bertha Streeter, was introduced to the club and gave an informal and very entertaining talk on her work as magazine and news writer. She told of many pleasant experiences, of contacts made, of her work along health and educational lines, of the Merrill-Palmer school of Motherhood, of special schools and schools for the pre-school age. After the meeting the hostess served a delicious lunch.

On May 19 the club attended the County Federation at Milford. Mrs. Eben Mumford gave one of her pleasing talks, and following the meeting the Federation was entertained at the G. M. C. Proving Grounds. The drive through the grounds was especially pretty at this time of the year.

Tuesday, June 9, the club will have a picnic and members are to meet at the home of Mrs. Josephine Smith at 11 o'clock.

OFFICERS INVESTIGATING SHOOTING AT COTTAGE

Some person who may be a good marksman with a rifle but who used worse than bad judgment in selecting a target, flattened the lock on Mrs. David Newlands' cottage about two miles north of Clarkston recently so that the key could not be inserted. The cottage had also been entered but nothing was taken. The matter is being investigated.

12 WILL GRADUATE FROM WAT. SCHOOL

Commencement Exercises to Be Held Evening of June 11th

The commencement exercises of the Waterford High School will be held Thursday evening, June 11, at 8 o'clock, in the school auditorium.

The commencement address will be given by Mr. Leonard, deputy county school commissioner. The complete program is as follows:

March.....Mr. and Mrs. E. Preble
Invocation.....Rev. H. A. Huey
Salutatory.....Einar Kropp
Song.....Class of '31
Valedictory.....Betty Slusser
Presentation of Diplomas.....
Benediction.....Rev. Mr. Huey
Baccalaureate services will be held for the graduating class Sunday evening, June 7, at the Baptist church. Rev. H. A. Huey will deliver the sermon and special music is being planned.

The class of 1931 is composed of 12 members, as follows: Muriel Bailey, Doris Bowen, Frederic Chamberlain, Laurence Harrop, Georgia Johnson, Einar Kropp, Ethel Martens, Julia Moore, Evelyn Perry, Ruth Perry, Betty Slusser and Roberta Virgin.

The class colors are pink and green; the class flower, rose; and the class motto, "Launched; where shall we anchor?"

The past school year has been a very successful one under the direction of Supt. R. C. Lunger, with Effie McVittie, Russell Galbraith, Ava Lunger, Lucy Powers, Marjorie Smith and Mayme Baker as the other members of the faculty. All will return next year.

CARD OF THANKS

Campbell Richmond Post, No. 63, American Legion, wishes to thank the public for their very generous response to their annual poppy sale. Also the high school girls from the Clarkston, Drayton, Waterford and Ortonville schools who offered the poppies for sale in their respective towns and helped to make the drive successful. About 600 poppies will have been sold at the end of the week and the profits will go to help disabled veterans and their dependents. Again we thank you.

DRAYTON PLAINS SCHOOL NOTES

The teaching staff has been engaged for next year. C. A. Gordon will again be superintendent and there will be only one new teacher, Miss Eileen Graybiel, of Yale, Mich., who will be the English instructor. The staff will be as follows:

C. A. Gordon, superintendent.
Miss Ardis Grice, Kindergarten.

FACULTY CHANGES NEXT SCHOOL YEAR

Force Has Been Reduced Three, With Three New Teachers

The faculty of the Clarkston Public schools for next year is now completed and is considerably changed from the past year. There are not only three new teachers, but there will also be three less members of the faculty, the Board concluding that retrenchment in expenses was necessary at this time. On account of the reduction in the teaching force an entirely new classification will have to be arranged. This will be effected during the summer vacation now close at hand. The list of teachers given below is complete as far as names go but it does not include all of the subjects that will be assigned:

Supt.—D. M. Winn.
Coach—Robert C. Waters.
English and Latin—Elsie Buchanan.

Commercial—Mrs. Winn.
English and Social Sciences—Mrs. Dorothy Huttenlocher.
Social Science—Isabel King.
Grades—Prudence Gray, Emily Beardslee, Margaret Rockwell, Charlotte Hyde.

The new teachers in the above list are Robert C. Waters, Elsie Buchanan and Isabel King. Miss King is a Clarkston girl, daughter of Mr. and Mrs. George D. King, and graduates from the Michigan State College this June.

LADIES' COMMUNITY CLUB MET THURSDAY, MAY 21

About thirty members of the Waterford Ladies' Community Club met at the home of Mrs. Edward Christian, with Mrs. Lambertson as joint hostess, last Thursday, May 21. After a pot luck dinner, Mrs. George Whitfield, president, presided over the business meeting, followed by an unusually fine program that was in charge of Mrs. Roy Stroupe, Mrs. Wesley Sibley and Mrs. Alfred Gale. The program committee for the June meeting, which will be at the home of Mrs. A. A. Seeterlin, is composed of Mrs. Tiffany, Mrs. Norrie and Mrs. Mack.

POTATO GROWERS MEET IN CLARKS'N

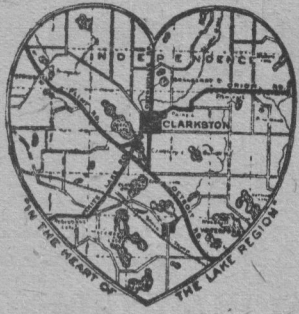

Here Last Evening to Discuss Problem of Importance

A meeting to which all potato growers in Oakland County were invited is being held in the Masonic temple in Clarkston as we go to press this, Thursday, evening. It is impossible, of course, to give an account of the proceedings, but there is every reason to believe that they will be of far reaching importance. The attendance is sure to be large as it is a subject of vital agricultural interest and many farmers have expressed their intention to be present. In addition there will be experts from out in the state and authorities on marketing.

The meeting was not planned to discuss increased potato acreage, but rather to devise plans to increase the quality and improve the attractiveness of Michigan potatoes so that they will compete on the market with tubers produced in other states where such essentials have already been worked out.

The principal speaker last night was Frank Isbey, president of the Detroit Union Produce Terminal Co., whose subject was "What the Consumer Demands in Potatoes".

All potato growers will be asked to enroll in Michigan's New Standard Potato Club, an organization formed to grow, grade and market a special Fancy Grade of tablestock potatoes. The necessity of such an organization is evident when it is understood that the wholesale price per 100-lb. sack of Michigan potatoes on the Detroit market ranges about 50 cents less than Maine potatoes, because the latter are clean, free from injuries, mature, uniform and of good quality.

TEA AND MUSICALE WAS FINE EVENT

Held at Green Acres, Indoors on Account of Bad Weather

The Blossom Time Tea and musicale held last Thursday at Green Acres was well attended and a great success in every way. Inclement weather made it impossible to hold it out of doors as planned, but inside it was transformed with blossoms aplenty.

Two large tables in the dining room were covered with Italian net, one decorated with orchid tapers and the same shades of iris and tulips and presided over by Mrs. R. H. Prouse; the other in yellow tapers and yellow blossoms, at which Mrs. Fred Stewart presided. The refreshments were in keeping with the color scheme.

Nancy Gilbert and Inez May Miller, dainty little flower girls, were stationed at the doors and added a charming note.

The program was entirely of a musical nature, Mrs. Lewis Walter, Miss Selina Woodward and Mrs. Morgan Gilbert featuring in solo work, also Miss Gilbert, of Owosso. Mrs. Rohem, of Waterford, gave a violin solo and Mrs. Seymour Miller gave piano selections. Mrs. Harold Vaughn and Virginia Clark were accompanists.

Several guests were present from out of town.

The hostess, Mrs. Lida Weighell, was assisted by Mrs. Jean Looker, Mrs. Lewis Walter, Mrs. Milan Vliet and Mrs. William Vliet.

TELL WAYS TO KILL INSECTS OF GARDEN

Prepare Special Bulletin for Use Of Owners of Small Plots.

East Lansing, May 27.—Insects which have been living on the fat of the land in home gardens while avoiding the wholesale poison campaigns used by commercial truck growers are going to find Michigan an inhospitable State this year as Michigan State College has recently published a bulletin which tells how to kill insects in retail lots.

Formulae for preparing poison mixtures advocated in this publication are reduced to quantities which can be used advantageously on small gardens, and, in some cases, poisons or other methods of control which are not commercially practical are recommended for the amateur gardener.

Remedial measures recommended range from kerosene baths applied to the insects to paper collars applied to the plants. Either method is claimed to be effective in controlling the particular insect's appetite for which the control is recommended. Cut-worms that climb and cut-worms which burrow for their food are all cataloged, their appetites described, and sentences pronounced.

Those who eat spinach will find consolation in this bulletin as no insects are listed which make a specialty of feeding on this plant. Apparently, all the rest of favorites of the salad makers have qualities that also endear them to some variety of bug and the gardener must combat these insects before he can appease his own hunger.

The Bulletin is listed as Extension Bulletin No. 117, Control Methods for Insects of the Kitchen Garden, and can be obtained by writing to the bulletin clerk at Michigan State College, East Lansing.

NOTICE

Notice is hereby given, That as no money was voted on election day, April 6, 1931, to pay bounty on hawks, weasels, crows and woodchucks, and there is no money in this fund, there will be no orders given until further notice.

GEORGE W. MISKIN, 71, DEAD AT DRAY. PLAINS

After an illness of five months George W. Miskin, 71 years old, passed away at his home in Drayton Plains, Tuesday evening at 8:30 o'clock. Mr. Miskin, who was born in the state of New York, had been a resident of Michigan for 45 years and of Oakland county for 16 years. He was a cabinet maker and boat builder.

The deceased is survived by his widow, Mrs. Etta Gould Miskin and four children: Samuel, of Pontiac; John, of Adrian; George, of Ecorse, and Mrs. Queena Van Buren, of Bay City.

Funeral services will be held from the Huntoon Funeral Parlors at 2 p. m. today. Burial in the Drayton Plains cemetery.

WINTERING GAME BIRDS IS SUCCESS

Experiment Conducted on State Game Farm Near Mason

Lansing, May 21.—This season the breeding stock of Hungarian partridges at the Mason Game Farm have begun laying two weeks earlier than a year ago, according to a report just received by the Department of Conservation from Donald Lamont, superintendent of the state's game farm.

Seventy-seven Hungarian partridges were wintered successfully at the game farm. All but five of these were raised at the Mason farm and because of their rarity these hand-reared birds are especially valuable.

Since some disease might get started and destroy the entire lot, the Game Division decided to avoid "putting all its eggs in one basket", and accordingly some of the birds were loaned to Wisconsin and New York State Departments for experimental propagation on their game farms. The results of these experiments will be available to Michigan and eventually a like number of birds will be returned to this state. Thirteen pairs were retained for breeding stock at the Mason Farm.

Whether the Department of Conservation will start the liberation of Hungarians from the state game farm this fall will depend largely upon the number of birds hatched and raised during this spring and summer and whether it seems advisable to materially expand the game farm production of this game bird species.

Turning cattle or sheep on clover pasture when they are very hungry may cause them to bloat, especially when the clover is young and succulent or wet.

CLARKSTON SCHOOL NOTES

The Senior class play, "The Haunted House", given last Friday evening at the school, was attended by a record crowd for any class play and the play itself was up to the standard. The proceeds, \$110, will be used in part to defray commencement expenses and a contribution will be made to the school fund.

The school will be well represented at Milford next Friday, June 5, at a track meet, in which they will compete with Milford, Walled Lake, Keego Harbor, New Hudson and South Lyon. The ball game that day will be between the two teams that stand highest in the league, completing the baseball season.

The ball game today, Friday, will be the last home game of the season, and will be played with Drayton.

SPRAYING ADVICE GIVEN FOR CONTROL OF INSECTS

As apples shed petals apply a fungicide and arsenical for scab, codling moth, calyx worms and curculio. Scab offers its greatest danger so far this season, as the last rains matured a mass of scab spores. Remember that a fungicide is the greatest protectant if fresh before a rain, whereas arsenates are most effective after a rain, when they can dry off adequately and offer long period protection against worms and beetles.

Growers not satisfied with past results against codling moth should give those fruits extra thorough protection by mastering first brood codling moth. This means complete filling of calyx cups before they close and frequent fresh applications of spray or dust beginning 18 days after last petals have fallen, after which date the first brood of worms begins to hatch.

With three broods of worms last summer, followed by a mild winter, there may be an extremely heavy population of worms to battle this season. Master the first brood and reduce the number of second brood and hence late residue. Mark a calendar for the date of last petal fall so the 18 day date can be accurate.

CARD OF THANKS

We wish to thank our friends, neighbors and relatives for their many flowers and kind words during our recent bereavement. Also Rev. R. Prouse for his sympathetic word of helpfulness. Mrs. Arthur Smith and family.

For the 4-H section, a special program will be arranged by S. H. Latourette, Genesee County Club Agent, M. H. Avery, Oakland County Club Agent, and Mrs. Scott, of Flint, who has had considerable experience in camp and other girls' work.

The rural boys and girls will have a chance during the five days to enjoy the camp life, consisting of bunk sleeping, swimming, boating, nature study, athletics, bible study, campfire programs and all that goes to make up an ideal time in camp.

Oakland County has been given a quota of 20 boys and 12 girls for this period. 12 boys have already registered with Mr. Avery, sending in a dollar, and several more have said they intend to go. If you want to be among those present send in your registration fee at once to M. H. Avery, County Club Agent, Box 173, Pontiac, Michigan.

Eight of the twelve girls have signified their intention of going and four have sent in their registration fee.

The total cost of camp is \$5.00 for the five days beginning Sunday afternoon, June 21, and running thru until Friday morning.

ONE THOUSAND FOREST FIRES IN STATE ALREADY

Lansing, May 27.—One quarter as many forest fires have already occurred this season in northern Michigan as were reported during the entire 1930 season according to the Forest Fire Division of the Department of Conservation.

The Division reported that 784 fire reports had been received at the Lansing office. Since these reports are received from ten days to two weeks after the fires have occurred, it was estimated, that approximately 1,000 forest fires have burned in the upper and lower peninsulas since the fire season began early in April.

With fire hazard conditions worse than in 1930 it is feared that the total number of fires for the season will create a record for several years. Five months remain of the 1931 season and some of these will bring conditions far worse than those encountered during April and May.

Interest in sea-island cotton is reviving as the result of premiums paid for the long-staple cotton the variety produces.

JUNIOR GARDEN CLUB IS ACTIVE AT DRAYTON P.

The Junior Garden Club of Drayton Plains meets every week now in the church basement. Six girls have finished their first five activities, have received their badges and are now entitled to the "Garden Note Book". The other girls are working hard for theirs. They now have sixteen members, and have started on a new project, "Landscape Gardening".
 The girls who have finished their first five activities are: Rebecca Bowden, Esther Soncrainte, Alice Appleton, Frances Jones, Josephine Sutton and Esther Washburn. Seven girls made scrapbooks. Rebecca Bowden won the prize.

Grain storage capacity at 14 of the largest U. S. markets will amount to more than 350,000,000 bushels by the time the new crop moves.

The senior grades are planning a picnic trip to Tashmoo Park before the close of the school year.

Poultry manure is a good fertilizer for the farm garden, but it is so rich in nitrogen that it may burn the roots of shrubbery, trees, flowers or vegetables if placed in direct contact with the roots or spread on the surface in considerable quantities. Don't apply more than 8 or 10 pounds to 100 square feet.

Last Friday the Clarkston H. S. nine nosed out the Milford squad by a score of 9-7. It was a hard fought game and either team had a chance of winning until the last inning. Coryell held the Milford nine to nine hits while the Clarkstonians gathered fourteen. The final score was 9-7.

The high school lads defeated Ortonville on the home field Tuesday afternoon. The Clarkston team played the best game of the season in winning from the neighboring village by a score of 8-2.

The last game of the season will be on the home field Friday, May 29, against the Drayton squad.

Last Friday's game between Drayton Plains and Oxford was a very evenly matched contest, ending in favor of Oxford by a score of 5-3. Owen, Drayton's pitcher, struck out two and did not walk any while Dodge, pitching for Oxford, struck out seven and walked six. Each side was charged with four errors.

Cedar Crest School met Waterford at Waterford last Monday, winning the game by a score of 18-16.

MORE THAN TEN MILLION PEOPLE MAY VISIT PARKS

Lansing, May 27.—Ten million people, more than twice the population of Michigan, will visit the state's parks this season. That is the estimate made by the Parks Division of the Conservation Department, and based on past attendance records.

The total attendance for all of the parks last year was 8,891,880, an increase of 19 percent over the previous year. The figure for 1929 was 7,454,741, representing an increase of 39 percent over 1928. If last year's increase is maintained the 1931 season will record 10,229,000 visitors.

The number of visitors and campers at the parks is largely dependent upon the weather. In normal seasons the increase has averaged 15 to 20 percent. The large increase in 1929 was due to the unusually warm summer.

WATERFORD BOY SCOUTS

At the regular meeting Tuesday evening Laurence Harrup was elected as permanent Senior Patrol leader.

The boys are busy making plans for the Rochester trip and for the jamboree contests that will take place there on Saturday.

The troop reregistered this week with 23 members, and voted to change the time of meeting to 7:00 o'clock.

George Atwater, assistant scout master, will have charge of the troop during the summer months.

ALFALFA WILL FILL MICH'N HAY MOWS

Farmers Say Increased Acreage Would Have Saved Planting Emergency Crops

East Lansing, May 27.—A single farmer out of 1,300 who recently attended a series of Michigan meetings to discuss emergency hay crops said that he could not profitably increase the present acreage of alfalfa on his farm because he already had the whole farm planted to alfalfa, and the others told the crops men from Michigan State College that if they had more alfalfa they would have no need for emergency crops.

The series of meetings covered 12 counties and those attending stated that they would increase their alfalfa acreage 48 per cent by seedings made this spring. This is probably a greater increase than will be made by all Michigan farmers but there will be many acres planted in all sections of the State. The Michigan alfalfa acreage has increased 800 per cent in the past 10 years, and the past year's drought proved that this crop is excellent insurance against short rations for the livestock.

Members of the College farm crops department state that another 500,000 acres of alfalfa can profitably be added to Michigan's total. Questions asked the farmers who attended the meetings proved that alfalfa can be pastured without danger of severely injuring the crop and that the danger of animals bloating is slight when proper precautions are used when the animals are first turned on the alfalfa.

Animal husbandry specialists advise farmers to give the animals a full feed before first turning them on alfalfa, to be sure the alfalfa is not wet at the start of pasturing, to keep the stock on the alfalfa continuously and to provide plenty of salt and water.

MICH. FEEDERS TO RAISE FINE CALVES

Contest Rules Require Rapid Fattening of Animals

East Lansing, May 27.—The rule which requires that beef calves of a certain age must make an average daily gain of 2.35 pounds to become eligible to enter the livestock show which will be held at Michigan State College at the conclusion of the calf feeding contest will insure the production of some high class beef steaks in Michigan this year.

The contest will provide evidence of the methods needed to grow this type of beef and will also show the proper ways to feed the animals so a profit will remain for the owner when the animal is sold. Any farmer in Michigan can enter the contest and only one animal can be fed to compete for the prizes.

Entries in the contest must be made before June 15 on forms which can be obtained from the animal husbandry department at the College or from any county agricultural agent. Calves born in the period between Oct. 1, 1930 and Dec. 31, 1930 and those born between Jan. 1, 1931 and June 15, 1931 will make up

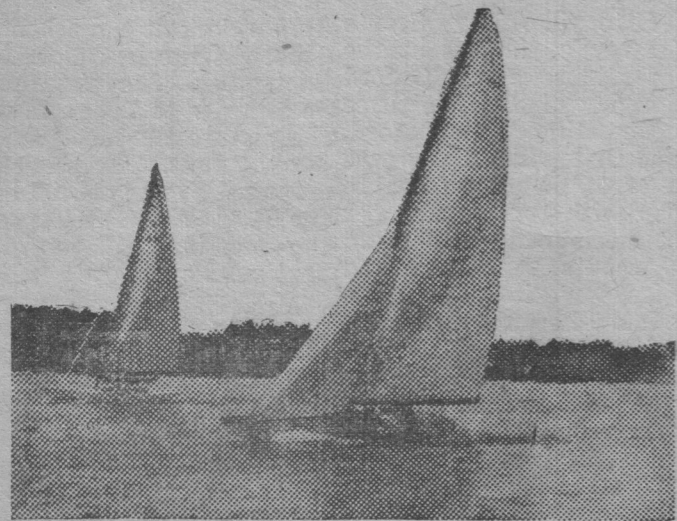

the two classes eligible to compete. They must be sired by a purebred bull and be from cows which show characteristics of one of the beef breeds.

Complete feeding records must be kept by the contestants and turned over to the committee which will award the prizes. These records will show what methods produce the most rapid gains and also which are the most economical. From this information, it will be possible to select feeding practices which can be recommended for the use of all farmers who feed beef cattle.

Raspberries, like other small fruits, are dependent on an ample supply of moisture in the soil. The soil should be tilled and should be supplied with humus not only during the growing and ripening of the fruit but also while the canes are developing. Some gardeners mulch their raspberries to a depth of several inches with straw, leaves or green hay.

The "cup" or cushion flat is rapidly replacing strawboard material for packing eggs for shipment. The cushion or cup protects the eggs from rough handling and decreases breakage. The pulp from which these flats are made is odorless and the egg yolks do not absorb flavor from it as easily as from strawboard. Two of the cup flats placed back to back with the cups facing out are used in the bottom of each side of the case and one or two flats are used on top for padding.

AIRPORT NEWS

Byron Soult, of Milford, was granted a private pilot's license by the U. S. Dept. of Commerce inspector this week. He has been a pupil at the Municipal Airport for the past three months, under the direction of Clyde Putnam.

The American Forge & Socket team of Pontiac defeated the Airport team on the latter's grounds, Sunday, 12 to 4. It was a poorly played game on both sides with plenty of errors, and a lot of rough house work by the visitors. There was a good crowd in attendance. Another game next Sunday is assured but the visiting team has not been determined.

ORTONVILLE

The Oryome Club of young men at Ortonville held an initiation last Monday, at which there were five new members taken in, Clarence Borst, Clarence Hardenberg, Ora Schank, Holis Burt and Gerald Uloth. The formal initiation was in charge of Howard Burt, president, Loyde Adams, secretary, and Mr. Baker, vice-president, Dr. C. E. Marsh having charge of the informal initiation. A fine lunch was served.

The Ortonville Boy Scouts carried away all honors at the Court of Honor held at Oxford last Thursday night. The three troops competing were Oxford, Orion and Ortonville. There was a prize of 10 horns offered to the troop with the highest per cent of merit badges. Oxford had 40 scouts registered and turned in 16 merit badges. Ortonville had 16 scouts registered and received 26 badges. The Ortonville troop winning the horns is now entitled to the name of Big Horn troop. The Ortonville troop also received a monthly efficiency streamer by earning 89 points.

The Young Men's Club of Ortonville will play the local town team in baseball at Bald Eagle Lake Decoration Day afternoon. This promises to be the most spectacular game of the year. Everyone invited.

WATERFORD

Mr. and Mrs. Percy King, of Williams Lake Rd., accompanied by Mr. and Mrs. Fred Mueller, of Pontiac, were visitors recently at Frankenmuth, Mich.

The Waterford boys that are members of the Pontiac band returned Monday morning from their trip to Tulsa, Okla., where they competed for national honors. It was a never to be forgotten trip and Tulsa citizens spared neither time or expense in entertaining the various bands that came from all parts of the United States.

The Waterford P. T. A. held its May meeting last night at 8:00 o'clock at the school house. This was the last meeting until September. The picture was to be awarded to the room winning the picture the most times during the year. The program was arranged by the official board of the P. T. A. A full account of the meeting will be given in next week's paper.

Mrs. E. D. Spooner, of Williams Lake Road, entertained at luncheon Friday, honoring her friend, Mrs. Le Roy Davis, of Boise, Idaho, who is visiting in Michigan for a short time. Mrs. L. Burridge, of Dryden, a cousin of Mrs. Davis, was also a guest, and Mrs. Spooner's daughters, Mrs. John Watchpocket, Jr., and Mrs. H. B. Mehlberg, were at the luncheon. Mrs. Davis is a girlhood friend of Mrs. Spooner and the afternoon was most pleasantly spent in reunion and visiting. A dainty 3-course luncheon was served at a table which was graced by an attractive bouquet of red tulips in the center.
