Durand Ogden made an ambulance trip from Goodrich Hospital to Toledo, O., last Saturday forenoon.

Mr. and Mrs. R. Sherd will leave today on a motor and camping trip through the East. They will stop first at Cleveland to visit Mrs. Sherd's sister and will then go on to Washington and other places of interest.

Beattie Bros. announce that they will have another Tudor De Luxe Sedan on their show room floor this week, and those who called too late will have another opportunity to see this very "up-to-the-minute" car.

Mr. and Mrs. L. F. Woolston and family, of St. Louis, Mo., who have been visiting Mrs. Woolston's mother, Mrs. Josephine Smith, are leaving Friday. Mrs. Smith will accompany them to Jackson, where they will be guests of her brother, J. B. Vliet.

Two electric motors stolen from the new school house last February were returned this week by Deputy Sheriff Clare

Hubble. They were traced by the numbers they bore and were found at a place on Michigan Avenue in Detroit, among a quantity of other stolen property.

Frank Leonard, Ben Clare and Lee McFarland were up at Lewiston fishing this week. The last named is the only one of the three who does not claim to be an expert nimrod, and yet he landed the prize pike. How he managed to haul it in is a story in itself, but Lee is willing to give his partners credit for a whole lot of lingual assistance at least.

ADVICE IS GIVEN TO ALFALFA GROWERS

County Agent Sends Out Some Timely, Useful Information

K. D. Bailey, County Agricultural Agent, sends the following advice to the alfalfa growers of the county:

Summer Seedings: About four weeks remain for the seeding of alfalfa. Many farmers are planning to sow during this period. Approximately 250 bushels are left unsold out of the 3000 bushels of Certified Hardigan harvested last year. Fields planted with this seed are eligible for reinspection and certification.

Inoculation: Best results are obtained by using the wet culture. This material is available at the Farm Bureau Office, Pontiac.

Liming: Lime this year for next year's seeding. Lime should be applied some time ahead of seeding, six months if possible. Test your soil to be sure. Bring a sample to the soils laboratory truck. It is in your neighborhood on August 20-21.

Fertilizing: After the cutting apply 200 lbs. 0-20-20 or 0-14-14. No crop responds as well to applications of commercial fertilizer as does alfalfa. Try broadcasting a test plot in the corner of your alfalfa field.

For Seed: The probability of a paying seed crop can be determined during the period of late bloom, when seed is setting, by pressing the base of a number of blossoms between the fingers. If from 50 to 60 out of every 100 blossoms have an appreciable swelling, a seed crop of three bushels or more per acre can be expected. If 60 percent or more blossoms show developing seed, yields of six bushels or more may result.

Best results are secured if the crop is cut for seed when the heads are brown and the seed is in the dough stage.

COUNTY JURORS MEET IN HOLLY AND HOLD PICNIC

At the invitation of Mr. and Mrs. Arthur Wendell, the jurors at the last April-May term of circuit court, Mr. Wendell being one of them, met at Willow Park Wednesday for a picnic. Willow Park is the pretty resort owned by the Wendells, bordering on Shiawassee River just south of the Holly village limits. Most of the jurors and members of their families were present and it was decided to make the event an annual one. For this purpose an organization was effected.

4-H CLUB MEMBERS SENT NOTICE BY THEIR LEADER

County Club Agent M. H. Avery has sent the following notice to the club members of Oakland County:

Potatoes and corn are looking very good in the county and State so far this year. This means that there will be a large crop and we will need quality products to get an average price. We are planning on a fine exhibit this year also.

We all need to refresh ourselves on the best way of getting these results.

Meet at Walled Lake School on Friday morning, July 24, at 9:00 A. M. and we will visit some fields and talk over our problems of disease, spraying, insects, etc. Afternoon we will meet at Griffens (six miles north of Rochester at the corner of the Rochester and Romeo Roads) about 1:00 P. M.

I will bring some samples of varieties for selecting exhibits. We will try some judging for the trip to the college.

RADIO WILL REPORT WORK OF 4-H CLUBS

Broadcasts to Be Given Once a Week Until End of August

The Michigan State College Broadcasting Station, WKAR, is broadcasting a series of talks during July and August on 4-H Club work in the state of Michigan, according to M. H. Avery, County Club Agent.

All 4-H members should plan to hear these talks, which will take place every Monday at 12:05 p. m., as follows:

July 27—Dairy and Livestock Club Work. Music, "Michigan My Michigan". Talks by Nevels Pearson, Club Department; H. H. Barnum, County Agricultural Agent, Ingham county, and Clifford Smith, 4-H Club Member, Eaton County.

August 3—The Gaylord and Chatham 4-H Club Camps. Music, Club members from Garver School, Oceana County. Talks by Miss Lois Corbett and G. A. Thorpe, Club Department.

August 10—County Camps. Talks by Margaret Eckhardt, County Club Agent, Wayne County; Margaret Tuch, 4-H Club Girl, Wayne County; M. H. Avery, County Club Agent, Oakland County; Lloyd Hewett, 4-H Club Boy, Oakland County. Indian Good Night, Wayne County Group.

August 17—Music, Hatfield Group, Newaygo County. Talks by P. G. Lundin, Club Department; Anna Bingham, 4-H Club Girl, Clinton County; R. F. Kroodsmas, Forestry Department, M. S. C.

August 24—4-H Club Tours. Explanation of Boys' Contests, Nevels Pearson, Club Department. Talks by 4-H Club Boys entered in contest. Explanation of Girls' Contests. Talks by 4-H Club Girls entered in contest.

12:05 P. M.—"Announcement of State Fair Winners"—G. A. Thorpe, Club Department.

Wheat harvest in this section has been completed and threshing begun. Only a few farmers have threshed yet, however, but unusual yields are reported. The largest so far is 48 1/4 bushels per acre in the Clarkston area. This record will undoubtedly be broken and yields of 50 bushels per acre or more are probable. Only a few oats have been cut but most fields will be harvested within a week.

Francis Brondige, son of Eli Brondige, of Springfield township, has returned home from the Pontiac General Hospital, where he was operated on for appendicitis, July 6.

TRIPLE CHECK BY STATE GOES "ANDY" ONE BETTER

Lansing, Mich., July 22.—Few persons realize the amount of clerical detail necessitated by the automobile drivers' registration law. Because of the increased power given state and county officials to revoke licenses, it is necessary for Department of State employees to make three separate checks on each application to see if the applicant is eligible to receive a license. Then the approval of the Commissioner of the Department of Public Safety must be placed on each application; yet the department requires less than three days on all applications which are approved.

MOTOR BOAT LAW IS NOW IN OPERATION

New Act More Stringent Than Previous Legislations

Lansing, July 22.—Under an act given immediate effect by the 1931 legislature, conservation officers and all other officers authorized to make arrests are given liberal powers in regulating motor boats.

The new law, which applies to motor boats operating on all inland waters and connecting waters of the Great Lakes and within a quarter mile of shore on the Great Lakes, makes reckless driving with a motor boat a misdemeanor, for which a severe penalty is attached.

The law provides that no motor boat shall be operated "in a reckless manner or at an excessive rate of speed so as to endanger the life or property of any person in or on said waters, having due regard to the presence of other boats, bathers, persons engaged in fishing, or objects in or on such waters and of any other conditions then existing, and no person shall operate such motor boat on said waters at a rate of speed greater than will permit him to bring it to a stop within the assured clear distance ahead."

All motor boats operated on these waters during the period from one hour after sunset to one hour before sunrise shall be equipped with a light on the bow which can be plainly distinguished at a distance of five hundred feet.

A satisfactory muffler or underwater exhaust must be part of the equipment of all motor boats and the muffler or underwater exhaust must remain closed and in proper working order at all times when the motor is operating. The only exception to this provision is when the boat is engaged in a supervised motor boat race, regatta or speed trial.

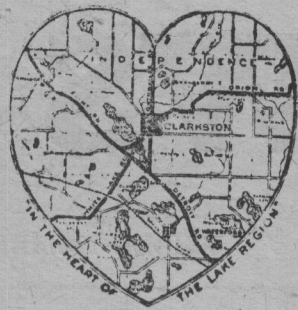

A fine of \$10 or ten days in jail is provided for the first offense; a fine of \$20 or 20 days in jail for the second offense; a fine not exceeding \$100 and costs or 90 days in jail or both for the third offense.

The Conservation Department has asked the attorney general's opinion as to whether this motor boat law would restrict boating over fish spawning beds.

ADVICE IS GIVEN TO ALFALFA GROWERS

County Agent Sends Out Some Timely, Useful Information

K. D. Bailey, County Agricultural Agent, sends the following advice to the alfalfa growers of the county:

Summer Seedings: About four weeks remain for the seeding of alfalfa. Many farmers are planning to sow during this period. Approximately 250 bushels are left unsold out of the 3000 bushels of Certified Hardigan harvested last year. Fields planted with this seed are eligible for reinspection and certification.

Inoculation: Best results are obtained by using the wet culture. This material is available at the Farm Bureau Office, Pontiac.

Liming: Lime this year for next year's seeding. Lime should be applied some time ahead of seeding, six months if possible. Test your soil to be sure. Bring a sample to the soils laboratory truck. It is in your neighborhood on August 20-21.

Fertilizing: After the cutting apply 200 lbs. 6-20-20 or 0-14-14. No crop responds as well to applications of commercial fertilizer as does alfalfa. Try broadcasting a test plot in the corner of your alfalfa field.

For Seed: The probability of a paying seed crop can be determined during the period of late bloom, when seed is setting, by pressing the base of a number of blossoms between the fingers. If from 50 to 60 out of every 100 blossoms have an appreciable swelling, a seed crop of three bushels or more per acre can be expected. If 60 percent or more blossoms show developing seed, yields of six bushels or more may result.

Best results are secured if the crop is cut for seed when the heads are brown and the seed is in the dough stage.

COUNTY JURORS MEET IN HOLLY AND HOLD PICNIC

At the invitation of Mr. and Mrs. Arthur Wendell, the jurors at the last April-May term of circuit court, Mr. Wendell being one of them, met at Willow Park Wednesday for a picnic. Willow Park is the pretty resort owned by the Wendells, bordering on Shiawassee River just south of the Holly village limits. Most of the jurors and members of their families were present and it was decided to make the event an annual one. For this purpose an organization was effected.

Three events of horse racing, including trotters and pacers, baseball game at 6:30 between West Point Park and Northville Chiefs, horseshoe pitchers from four different villages will fight it out, and a big free dance on the downtown pavement later in the evening. The Northville High School band will furnish the music at the horse races and a good orchestra will do music for the dancers.

MOTOR BOAT LAW IS NOW IN OPERATION

New Act More Stringent Than Previous Legislations

Lansing, July 22.—Under an act given immediate effect by the 1931 legislature, conservation officers and all other officers authorized to make arrests are given liberal powers in regulating motor boats.

The new law, which applies to motor boats operating on all inland waters and connecting waters of the Great Lakes and within a quarter mile of shore on the Great Lakes, makes reckless driving with a motor boat a misdemeanor, for which a severe penalty is attached.

The law provides that no motor boat shall be operated "in a reckless manner or an excessive rate of speed so as to endanger the life or property of any person in or on said waters, having due regard to the presence of other boats, bathers, persons engaged in fishing, or objects in or on such waters and of any other conditions then existing, and no person shall operate such motor boat on said waters at a rate of speed greater than will permit him to bring it to a stop within the assured clear distance ahead."

All motor boats operated on these waters during the period from one hour after sunset to one hour before sunrise shall be equipped with a light on the bow which can be plainly distinguished at a distance of five hundred feet.

A satisfactory muffler or under-water exhaust must be part of the equipment of all motor boats and the muffler or under-water exhaust must remain closed and in proper working order at all times when the motor is operating. The only exception to this provision is when the boat is engaged in a supervised motor boat race, regatta or speed trial.

A fine of \$10 or ten days in jail is provided for the first offense; a fine of \$20 or 20 days in jail for the second offense; a fine not exceeding \$100 and costs or 90 days in jail or both for the third offense.

The Conservation Department has asked the attorney general's opinion as to whether this motor boat law would restrict boating over fish spawning beds.

Durand Ogden made an ambulance trip from Goodrich Hospital to Toledo, O., last Saturday forenoon.

Mr. and Mrs. R. Sherd will leave today on a motor and camping trip through the East. They will stop first at Cleveland to visit Mrs. Sherd's sister and will then go on to Washington and other places of interest.

Beattie Bros. announce that they will have another Tudor De Luxe Sedan on their show room floor this week, and those who called too late will have another opportunity to see this very "up-to-the-minute" car.

Mr. and Mrs. L. F. Woolston and family, of St. Louis, Mo., who have been visiting Mrs. Woolston's mother, Mrs. Josephine Smith, are leaving Friday. Mrs. Smith will accompany them to Jackson, where they will be guests of her brother, J. B. Vliet.

Two electric motors stolen from the new school house last February were returned this week by Deputy Sheriff Clare

Hubble. They were traced by the numbers they bore and were found at a place on Michigan Avenue in Detroit, among a quantity of other stolen property.

Frank Leonard, Ben Clare and Lee McFarland were up at Lewiston fishing this week. The last named is the only one of the three who does not claim to be an expert nimrod, and yet he landed the prize pike. How he managed to haul it in is a story in itself, but Lee is willing to give his partners credit for a whole lot of lingual assistance at least.

ADVICE IS GIVEN TO ALFALFA GROWERS

County Agent Sends Out Some Timely, Useful Information

K. D. Bailey, County Agricultural Agent, sends the following advice to the alfalfa growers of the county:

Summer Seedings: About four weeks remain for the seeding of alfalfa. Many farmers are planning to sow during this period. Approximately 250 bushels are left unsold out of the 3000 bushels of Certified Hardigan harvested last year. Fields planted with this seed are eligible for reinspection and certification.

Innoculation: Best results are obtained by using the wet culture. This material is available at the Farm Bureau Office Pontiac.

Liming: Lime this year for next year's seeding. Lime should be applied some time ahead of seeding, six months if possible. Test your soil to be sure. Bring a sample to the soils laboratory truck. It is in your neighborhood on August 20-21.

Fertilizing: After the cutting apply 200 lbs. 0-20-20 or 0-14-14. No crop responds as well to applications of commercial fertilizer as does alfalfa. Try broadcasting a test plot in the corner of your alfalfa field.

For Seed: The probability of a paying seed crop can be determined during the period of late bloom, when seed is setting, by pressing the base of a number of blossoms between the fingers. If from 50 to 60 out of every 100 blossoms have an appreciable swelling, a seed crop of three bushels or more per acre can be expected. If 60 percent or more blossoms show developing seed yields of six bushels or more may result.

Best results are secured if the crop is cut for seed when the heads are brown and the seed is in the dough stage.

COUNTY JURORS MEET IN HOLLY AND HOLD PICNIC

At the invitation of Mr. and Mrs. Arthur Wendell, the jurors at the last April-May term of circuit court, Mr. Wendell being one of them, met at Willow Park Wednesday for a picnic. Willow Park is the pretty resort owned by the Wendells, bordering on Shiassee River just south of the Holly village limits. Most of the jurors and members of their families were present and it was decided to make the event an annual one. For this purpose an organization was effected.

WATERFORD

Rev. and Mrs. H. A. Huey left Monday night to accompany Mr. and Mrs. Strau, of Fenton, on a motor trip through Michigan, returning through Wisconsin. There will not be any church Sunday night in Waterford.

Mrs. Lillian Norton was honored Thursday when her daughter, Mrs. Elmer Collins, entertained for her, the occasion being her birthday. Several old-time friends were guests at the affair.

Mr. and Mrs. Charles Chamberlain and family, of Royal Oak, with the former's mother and sister, Mrs. Fred Chamberlain and Mrs. L. Owen, of Andersonville Road, are spending this week at Lewiston, Mich.

Mr. and Mrs. Harry Harrup and son, Lawrence, of Andersonville Road, leave Saturday for a motor trip to Aloha, Mich., where they will spend their vacation camping at the park on Mullet Lake.

Miss Edna Walton, of Ohio, who is visiting her sister, Mrs. L. Eakle, of Silver Lake, was a caller at the home of Mr. and Mrs. Charles Calhoun, of Barnes Sub., Sunday, and attending the Waterford Sunday School.

Mr. and Mrs. H. A. Huey attended the program Sunday afternoon at the Boy Scout camp at Tommy's Lake, where their son, Bob, is registered for his second time of Scout life. Mr. and Mrs. August Jacober were also at the camp, where their son, August, Jr., is enjoying the two weeks of camp life. This is the first time August has been at the camp.

The Hunts Lodge was the scene of several nice dinners over Saturday and Sunday. Some of the guests present were Mrs. Oliver, of Pontiac, and Mrs. Ida Hayden, daughter, Theresa, and husband, and a party of friends from Detroit. As summer guests Mrs. Hunt has Mrs. Baker and her daughter from Detroit, with Mr. Baker coming out for each week-end. They are having an enjoyable time boating and swimming.

Last week Tuesday Mrs. C. M. Kahler and children, Clarice Ann and Billy Boy, were guests of the former's sister, Mrs. R. W. Lyons, of Ferndale, in honor of Clarice's birthday. They spent an enjoyable afternoon at the Detroit Zoo, later having a dainty luncheon at the Maple Lane Golf Club, where they drove to meet their uncle, Mr. Lyons, who was playing in a tournament. In the evening they visited the theatre at Birmingham and also went through the new Intolerance Cross of Father Coughlin at Woodward and 12-Mile Road.

WATERFORD

Miss Sadie Murphy, who is attending school at Ypsilanti, was the guest of Mr. and Mrs. E. Blinke, of Van Syckle Sub. Miss Murphy is a former teacher in the Waterford School.

Mr. and Mrs. Cleve Collins, of Detroit, spent Sunday at the home of Mr. and Mrs. Elmer Collins. Upon their return their nieces, June and Betty, returned with them.

Mr. and Mrs. R. W. Clark, of Pontiac, who are spending the summer months at their cottage here, have returned from several days' vacation trip. They visited at Ludington before their return here Tuesday night.

The Misses Ruth and Florence Chamberlain entertained a few friends at their home last Friday evening. Those present were Charlotte Spencer, Marguerite Andrews and Jack Huntly, of Clarkston; Kenneth Marthy, of Williams Lake, and Eleanor Horsey, Hilda Young, Harold Roat, Lee Bauer and LaVern Horst, all of Auburn Heights. Swimming and games were the main events. A good time was reported by all.

SEYMOUR LAKE

A community social under the auspices of the Seymour Lake Ladies' Aid was held Tuesday evening at the home of Mr. and Mrs. Fred Burr. Home-made ice cream and cake were served.

A two weeks' motor trip is planned by Mr. and Mrs. Elmer Green, of Indianwood Road. They will be accompanied by their grandsons, Grant and Bruce Benjamin, and will visit Washington, D. C., and other places farther south.

4-H CLUB BOYS WILL HAVE BIG EXHIBITS AT MILFORD

M. H. Avery, county 4-H Club leader, announces that the dairy and livestock boys will exhibit animals and poultry at the Oakland County Fair at Milford, August 12 to 15. The entries will include more than 50 dairy animals, 80 to 90 sheep, 30 pens of poultry and 12 pens of rabbits.

COUNTY GRANGE PICNIC TO BE HELD AUGUST 7TH

The annual picnic of the Oakland County Granges will be held Friday, Aug. 7, at Davisburg Park. Pack up your basket dishes, silver and something good to eat, hurry up and get a front seat; there are going to be games and lots of fun and we won't go home until the setting of the sun.

By Order of Committee.
