Assessment Roll for the _____ Ward, of _____

No more than one tract or parcel is to be valued or taxed on the same line. Two descriptions *must not be joined* in one valuation or tax unless contiguous and owned and occupied as one parcel. A parcel of land described in the government survey by lot number must be so assessed. The description of all lands in each town and range, city, village or addition to any city or village, should be carefully written, under the proper heading, designating accurately the town, city, or village. If the name of the owner of non-resident land is not known, it should be assessed as "Owner Unknown." Enter the amount of any *Reassessment with red ink*, in the column of taxes to which it belongs, *above* the tax for the year for which this roll is used, and in the column for "Remarks" opposite each tract. The valuation of Personal Property must be in a different column and the taxes thereon entered on a different line from the Real Property. The name of each special tax must be entered at the head of the column in which it is placed. Assessors will make no entry in column 9. The attention of assessing officers is especially called to Sections 1, to 8, 9 (as amended by Act 174 of 1911), 10, 11 (as amended by Act 235 of 1903), 12, 13, 14 (as amended by Act 182 of 1911), 15 (as amended by Act 261 of 1897), and 45 (as amended by Act 156 of 1911). They should be carefully studied and the directions therein contained should be strictly followed, except when modified.
