NEW TREES: It's too late for Bailey Lake Elementary Principal Glenn Gualtieri to save this apple tree outside the front of the school, but more are on the way. Rudy's Market and Catering owner Robert Esshaki agreed to sponsor two new trees at Bailey Lake, with two more to be planted at Renaissance High School. Roots to Fruits, a local company, will provide the trees and a presentation for students. *Photo by Andrea Beaudoin*

McGrath League signing up kids

Clarkston High School Varsity Boys Basketball Coach Dan Fife, his coaching staff, and players teach all they know at the 34th Annual McGrath League.

The Saturday league is open to boys in 3rd to 8th grade and runs for 11 weeks beginning Dec. 5. The first three weeks are clinics and the remainder weeks are game.

The cost is \$115 for the first child and \$90 for an additional child from the same family. The cost includes a league basketball T-shirt.

City election

Voters stuck with incumbents in last week's Clarkston City Council election, with one new face replacing Council member Tom Hunter, who did not run for reelection.

Voted to two-year terms on the council were newcomer Jason M. Kneisc, with 171 votes, 29.95 percent of the total; and incumbents Eric Haven, 156 votes, 27.32 percent, and David Marsh, 139 votes, 24.34 percent. Challenger Michael E. Cascone received 104 votes, 18.21 percent.

Incumbent Alfred A. Avery was elected to a partial term on the council, ending Nov. 14, 2016, with 156 votes, 69.33 percent of the total. Challenger Peggy Roth received 68 votes, 30.22 percent.

In Clarkston, 232 ballots were cast out of 849 registered voters, a 27.33 percent turnout.

Avery was appointed in June to replace Council member Richard Bisio, who resigned his seat.

"I am excited to have been elected by the residents of Clarkston," Avery said. "I want the residents to know I will work hard to improve communication with the city and the residents. I'm looking forward to the implementation of the new website in December and holding our open house in February to provide residents with the opportunity to learn what the website can do."

The open house is scheduled for Feb. 2, probably in Fire Station One. The council member said he hasn't decided whether he will run for a full term next November.

"I'm just trying to concentrate on serving the residents for the next year," he said.

— Phil Custodio

DONATION: Peg Roth and Christina Culka present a donation from the 2015 Paint the Town Pink and Pampered to Deanna Hart and Carrie Wheeler of McLaren Clarkston. The Oct. 15 fund raiser in downtown Clarkston collected donations to fight breast cancer. "It was a very successful event," Roth said. Photo provided

Other options for urgent care after center closes

BY ANDREAM. BEAUDOIN
Clarkston News Staff Writer

An urgent care center will close in the Clarkston Medical Building after the pending sale of the medical facility to McLaren Health Care Corporation.

"We are in discussions with them (McLaren) to convert our urgent care center into an emergency room," Dr. Tim O'Neill said. "We hope to have a final decision by the end of the month. It could provide full emergency services on our site in the partnership."

The Clarkston Medical Group, which was started by Dr. James O'Neill, Tim's father, expanded from a Main Street practice to its current location at Sashabaw Road and Bow Pointe Drive.

The medical center will be replaced by an emergency room, part of "Plan B" for McLaren after the hospital group failed to convince state lawmakers the area needed a full-scale hospital.

Urgent care centers treat common illnesses like the flu or cold and non-life threat-

ening injuries while emergency rooms treat life threatening illness and emergencies.

According to Blue Cross Blue Shield Michigan, urgent care centers serve patients when their normal doctor's office is closed, but their injury or illness does not require a trip to the ER.

ER and urgent care center billing is different, too. Urgent care costs less than trips to the ER and health plans often require a higher deductible for ER visits.

ERs are open 24-hours a day seven days a week. Clarkston Urgent Care is also open 24 hour a day seven days a week, but many other urgent care centers are not.

When Clarkston Urgent Care closes, options for care include Independence Urgent Care, 7992 N. Main Street, open Monday-Friday, 8 a.m. until 10 p.m., and weekends from 10 a.m. until 6 p.m.

Clarkston Health Center, operated by McLaren Oakland near Dixie and White Roads, open 24 hours a day seven days a week. The facility is a full service emergency room.

Josh Newblatt, a life long Clarkston resident and emergency physician, said he plans to open a center on Sashabaw Road.

"We hope to fill the gap left behind by the McLaren plan," Newblatt said

Hospitals are designated by levels, based on degree of care, with Level 1 hospitals able to treat the worst injuries.

The closest hospital to Clarkston with a full emergency room is McLaren Oakland in Pontiac, a Level 2 hospital.

The only Level 1 trauma hospital in Oakland County is the William Beaumont Hospital in Royal Oak.

Emergency rooms close to Clarkston include North Oakland Medical Center, Pontiac, 8.7 miles away, non-profit; POH, Level 2, Pontiac, non-profit, 9.34 miles; Huron Valley Sinai, Commerce, non-profit, 153 beds, 10.71 miles; St. Joseph Mercy Oakland, Level 2, non-profit, 11.07 miles, 403 beds; Genesys Regional, Grand Blanc, non-profit, 410 beds, 14 miles; and William Beaumont, Troy, Level 1, certified trauma center, non-profit, 296 beds.

Briefly

Order against Bisio

Judge Leo Bowman, Circuit Court of Oakland County, ruled former Clarkston City Councilman Richard Bisio violated the Michigan Rules of Professional Conduct with postings on Facebook about his lawsuit against the city.

The court agreed with city attorneys' request at the Nov. 4 hearing to restrict Bisio from making public statements about the suit, which charges the city with violating the Open Meetings Act and Freedom of Information Act. The court ruled against the city's request for a \$1,000 fine and fees against Bisio, holding it in abeyance.

The court also declined to order Bisio to remove the "false" statements about the city from his Facebook page, which was requested by city attorney Paul T. O'Neill.

Operation Coat Check

St. Vincent de Paul's Operation Coat Check is collecting coats for those in need this winter.

Drop off new or slightly used coats for kids or adults at the Clarkston Flagstar Bank, 720 Sashabaw Road, or any branch until Nov. 20, or visit svdpdet.org to make a credit card donation.

"The need is greater than ever this year," said Executive Director Bill Brazier. "After last winter's polar vortex, we really need the help of the community to meet the increasing numbers of people that are coming to us for help to keep warm. Through the simple donation of a coat you can make a significant impact on the life of someone in our community."

"This season is all about giving. Many people in our community need resources such as clothing to stay warm this winter," said Alessandro DiNello, president and CEO of Flagstar Bank. "We are excited to lend our support to St. Vincent de Paul's Operation Coat Check and help those in need have adequate resources to handle another Michigan winter."

New planters in Davisburg

The Springfield Garden Club, a Branch of Woman's National Farm & Garden Association, installed custom stone planters in Davisburg.

The project started in 2012 by past President Nancy Bontumasi. She researched the feasibility of the project and saw it to fruition.

The Springfield Garden Club funded three planters, at a cost of \$1,000 each, with money raised at their biennial Daffodil and Duds Style Show and Silent Auction.

Two additional planters were purchased by Atty. Dennis Strelchuk and his wife MaryAnne, a member of the club. Creative Stone of Davisburg, Mich., designed and placed the planters, and donated one planter. Five of the planters are located on Broadway, in Davisburg.

The sixth planter graces the entrance to the Springfield Township Library. Flowers and seasonal decorations will be supplied by the Club as part of their commitment to beautifying downtown Davisburg.

The club received an award from Keep Michigan Beautiful for their efforts to improve the area. Meetings are held the first Wednesday of each month at 10 a.m., with the exception of July, at the Springfield Township Hall on Davisburg Road.

Anyone interested in learning more about

Student actors deliver message of faith in new movie

BY WENDI REARDON

Clarkston News Staff Writer

Clarkston High School students Mitchell Biggs, Alyssa Harbaugh, Luke Hodgson and Ryan Weaver spent the last year taking their acting skills from the stage to film in *The Messenger's Box*, which is set to be released on DVD this holiday season.

The Messenger's Box is about Jake Casper, played by Hodgson, an ordinary high school student who finds a powerful, extraordinary box in the attic of his grandfather's antique store. Jake must learn the purpose of the box and the power within in it in the faith-based movie.

"It is about how God's miracles can save people," said Harbaugh.

"It's also about modern day miracles, too," Biggs added. "Most people think miracles are a thing of the past. The author's goal was to show God is still alive and well."

"Jake struggles with his own identity and being bullied by the thugs led by Ritchie," Hodgson said about his character, Jake. "He is also coping with his grandpa's death because there were very close. He is hesitant to acknowledge his loss. Jake's biggest obstacle is to solidify himself in a world filled with adversity."

Biggs plays Jake's best friend, David.

"He is a very fearful person," Biggs explained. "He's not the brightest, but he cares about Jake and he recognizes Jake is going through hardships he doesn't share. Sometimes he is the voice of reason making sure Jake doesn't do something that gets him into a bad situation."

Harbaugh plays Anna, Jake's love interest, who just moved to the area.

"She is really there to support Jake and provide a Christian perspective," she said.

Weaver plays a thug who is part of the group following the main antagonist, Richie.

"Our job is to be his friend and support him through his cancer and also help him believe the heck out of Jake," Weaver said.

Harbaugh and Hodgson became involved in the film, directed by Waterford resident Gary Bosek, when they were given audition

From left, Ryan Weaver, Luke Hodgson, Alyssa Harbaugh and Mitchell Biggs at the premiere of *The Messenger's Box* at Emagine Theatre in Novi, Oct. 10. Photo provided

slips from their theater director, Jeff Tice.

"We auditioned then they wanted more people to become a part of it and play different characters," Harbaugh said.

Both spread the word to their friends and Biggs and Weaver became a part of it.

"I met Gary at a diner with Luke," Biggs smiled. "I auditioned in the Starbucks' parking lot. He gave me some situations and I acted them out."

Weaver explained he was originally going to be an extra after Bosek and Chase Murphy,

the first assistant director, came to the drama club's musical looking for extras.

"Gary came up to me and said 'you would be really good for this punk, thug role.' I said okay. I showed up and became the main thug," he said.

All four enjoyed the process of making a movie and learning something new about the process.

"The process itself was amazing," Weaver reflected.

"I not only have the aspect of acting but

have seen the production side. It was definitely a great experience for anybody, like myself, interested in acting and also the process of movie making. Also, I got to do it with these three and other amazing people so it was a great experience."

"It was really cool," Harbaugh added. "For me it was seeing the technical side of production – audio, lighting, all of those various components because I really enjoy the technical side of theatre as well as performing on stage. It a great experience as the first film I have been involved in."

For Biggs, it was different than being on stage and he rarely felt nervous doing takes.

"With those lack of nerves it was easier to get into the character. I could play David to the best of my ability without being concerned about messing up and everybody noticing," he said.

Hodgson was impressed by the dedication from everyone involved in the project including the actors and crew members, which were all volunteers.

"It speaks volumes about the character of the cast and crew," he smiled. "It's incredibly moving not only was this completely volunteer based but it came to completion because so many movies in Michigan either studios don't come here or nothing gets finished. The dedication everybody put in was admiral. The result is something I can say I am proud of."

All four added to check out *The Messenger's Box* when it is released on DVD.

"It's very unique. It does deal with new things in the genre and it's fun for the whole family," Biggs said.

Harbaugh added though it is a Christian faith-based movie it has a lot of different aspects which will interest viewers not as faith-based.

"A major strength of *The Messenger's Box* is its ability to not exclude a non-Christian based," Hodgson said. "In terms of its plot and character base it is much more accepted in our community and the openness of a more Christian perspective within that community where it is more accepting."

Phil in the Blank

A column by Phil Custodio

Race to year's end

This year, the weather was the nicest yet for the Clarkston State Bank Back Roads Half Marathon. Blue skies and bright sun warmed up the brisk Sunday morning nicely.

That sort of weather's going to spoil me, especially if it returns to normal for the season next year, with the usual gray skies and bitterly cold winds.

Perhaps that's how a November road race should be run. I was a bit off last year's pace, when it was much colder.

That, and I didn't train as much with the Wolfpack running club, running up and down the backroads off Holcomb Road.

Still, I finished in 1:52:31, an 8:36 minute mile pace. It wasn't long ago such a thing would not have been possible for me. So next year I'll get myself up earlier, Saturdays, to run with the pack.

I spent more time in Independence Oaks County Park for my training this year, so I was more familiar with the course. I can almost run it without signs and volunteers waving me in the right direction.

It's a challenging course. Those lakeside trail hills are intense, especially the ones in the last couple miles. If I were hiking, I'd pick up a stick to walk up those hills.

With the race over, that means it's time for Veterans Day, Thanksgiving, Christmas, and New Year's. The year goes by really fast when it gets to the holiday season.

Before then, though, American Legion Post 63, 8047 Ortonville Road, is hosting a Veterans Day Lunch, sponsored by Clarkston Mason's Cedar Lodge #60, 11 a.m., Friday, Nov. 13.

Lunch is free for vets, and \$6 for family members.

Call for reservations at 248-625-8231.

Clarkston Junior High School students usually serve the lunch, and they'll also continue their tradition of honoring a veteran with a stone tile in their Jenna Beno memorial courtyard at the school.

They do a good job bringing veterans to the school to talk to students. For many years they'd invite World War II veterans in to talk about their experiences in Europe, Pacific, and on the homefront.

That won't be possible much longer, unfortunately.

Letters, columns & Editorials

Clarkston Invitational a success

Dear Editor,

I would like to once again to thank the Clarkston High School Marching Band, who this year performed a beautiful show titled "Romeo and Juliet" at the annual Michigan Competing Band Competition at Clarkston High School, Saturday, October 24th.

This competition is hosted by the Clarkston School Instrumental Music Association (CSIMA), and we are honored to have hosted this competition for the last 38 years! A lot of people don't realize this is probably the biggest event that happens in Clarkston every year! Thousands of students participate and thousands more attend.

A special thank you goes to our very dedicated and talented directors; Mike Lewis, Shelley Roland, Justin Harris, and newcomer Ross Taylor. They put in many hours in preparation for a marching show, as well as work tirelessly teaching and encouraging our students. There is also a number of support staff, too many to mention, who also work with the band to successfully execute a wonderful show and I thank you for your hard work all season.

Of course the most heartfelt thank you goes to the band! The hours of hard work these students put in to a final performance is staggering. They memorize music and movements, with the guiding hand of Ivan Manning, that create such a delightful show. This year it seemed Mother Nature was not very nice to us on many of our Saturday marching competitions and so it was a wet season, including our own Clarkston Invita-

tional. However, these students brought it no matter the weather and I applaud their commitment to keep on marching in the rain and cold. I can't say enough about this group of dedicated students.

I would also like to thank the area businesses who support us year after year, all of the chair people who put in so much preparation and then work the entire day, our pit crew who always come through with whatever is needed as well as hefting instruments around, and Phil Bertolini and Gary Kaul for coming out in the cold and rain to present awards. I can't say enough about all the volunteers who step up and help run this event. You are all awesome!

On a personal note, I am sad to see my tenure come to end this season. I've been so honored to be the president of Clarkston Schools Instrumental Music for more years than I thought would be possible. I've enjoyed every single minute of my four children being in band from sixth grade to 12. It's been almost 10 years in marching band alone! There have been so many concerts, practices, football games, marching band camps, competitions, festivals, and much more. It's been hard work, but simply joyful, and I consider myself so very lucky to have been a part of instrumental music in Clarkston. I want each person I have worked with over the years to know how much you have touched my heart. Shawn Chamberlain, you are simply wonderful.

Kelly Finazzo
President, CSIMA

A call against 'business as usual'

Dear Editor,

I noticed with some dismay that there were no letters to the editor in last week's *Clarkston News*. Even in the tiny Village of Clarkston there was much to write about.

Multiple law suits against the city with more rumored, a new path and bridge in the park that does not meet ADA or any other governing criteria for a public walkway, undefined parking problems that will no doubt be ignored after much study, a council member berating members of the public for commenting during public comments at Council meetings and not one member of the council saying anything in defense of those they supposedly represent, a city manager who berates a state representative for talking to those they represent, and an election that pretty much confirms business as usual in the Village Hall.

On the positive side, we have successful restaurants with some exciting new ones com-

ing very soon, some great stores with great owners, a renewed interest in the arts with the Clarkston Cultural Arts group, and good people living here. OK, that's all that I can think of and that's troubling so perhaps some of your other readers can help me out.

At a minimum, let's inform our leaders and the public that any attempt to limit free speech and the ability to talk to our representatives is not acceptable. That those who think we cannot have civil discourse should not be representing us. That those who represent us but do not want to talk to us in a civil manner, should not be in our government.

Unfortunately I don't see it happening any time soon in the Village of Clarkston with the government we currently have. Congratulations to the newly elected City Council members. Business as usual is not acceptable.

Cory Johnston
Clarkston

A Look Back

From The CNews archives

15 years ago - 2000

"Prez race too close to call" While early tallies of votes across the country Wednesday morning showed an even split for George Bush and Al Gore, votes in Clarkston, Springfield and Independence townships showed a clear majority. The Republican Party led handily and the three proposals were soundly defeated.

"ALS purchases begin" The Independence Township Board approved the purchase of key set of equipment in the implementation of the new Advanced Life Support System. The fire department would buy five Physio-Control Life Pak 12 heart monitors to be used by paramedics delivering ALS when the program started in 2001.

"Swimmers win league title" In only their second season the Clarkston girls' swim team won the Oakland Activities Association IV title. They took first at the league meet and set six school records during the meet.

25 years ago - 1990

"Yard help pours in" Rita Chisholm was grateful for the outpouring of people and organizations to help her rake up 17 bags of leaves which vandals had opened and left on her yard after she had completed putting them in bags.

"Hospital, hotels and growth in township's future" Any doubts Independence Township was growing were dashed at a town meeting sponsored by the Blue Ribbon Kids Committee. During the meeting, Supervisor Frank Ronk revealed plans for hospitals, hotels, subdivisions, parks and a variety of other developments in the township's future.

"Could I please have your autograph?" Detroit Lions offensive lineman and Independence Township resident Ken Dellaflor gave a short speech and answered questions from Clarkston Chiefs football players before signing autographs.

50 years ago - 1965

"Accident free" Troop Lawrence Brenner, Pontiac Post of the State Police presented a safety banner to Clarkston Elementary patrols Dale Stelmack, Tom Burton and Benny Lawrence for an accident free year at the school from 1964-1965.

"Girl Scout Troop No. 880 has outing at local club" Girl Scout Troop No. 880 walked 2.5 miles, cooked their own meals, learned how to make a basic fire and how to read a compass.

Mama made me better at school

This is hardly news, but I was told recently the greenies are out to control the world. But, so are the Democrats, Republicans, conservatives, atheists, Russians, Japanese, Californians, Alaskans, upper and lower Slobovians, oil producers, Mexicans, Hollywood, etc., etc., but not the Detroit Tigers or Lions.

• I'm as confused as a baby in a topless bar.

• Smith & Wesson. The original point and click interface.

• The shortest distance between two points is currently in a subcommittee in D.C. It is expected they will announce a conclusion in 2017.

I just ran across my senior report card from Vernon High School. In the fourth marking period in 1942-43, I earned an E and three D's. In the next

marking period I earned three B's and an A. I just turned that card over and saw my mother didn't even sign it. For the fifth marking period I got an A and three B's.

Jim's Jottings

a column by
Jim Sherman

Mama made me better.

Then a recruiter, with my mother's permission, had me sign for the Navy, where I personally won WWII.

• I'm not going to enlist again. But, if I were able to enlist I wouldn't unless my mother insisted.

• If any of the so-called candidates today are on the ballot November 8, 2016, I will very reluc-

tantly mark the box for one of them, only because I'm totally American. I'm not totally sure of the others.

* * *

Are the Detroit Lions Ford football team owners so tied up in themselves they couldn't tolerate a non-Ford name being on the ownership title?

Or is the experienced Grande Martha Ford the only one in the family who can bring winning seasons back to DETROIT CITY?

The naming of Martha Ford manager of the Lions sure gives hope to me and others who are into our 90s.

She said she wanted a team that can compete. Maybe she should hold off on general managers until there's that coming vacancy Dec. 8, 2016 in D.C.

* * *

The first time I put this poem in my *Jottings* column was in 1961. It's time to print it again.

Take a bucket and fill it with water.
Put your hand in it, up to your wrist
Pull it out, and the hole that's remaining,
is a measure of how you'll be missed.

* * *

• Beauty is in the eye of the beerholder.

• The problem with the gene pool is that there are no lifeguards.

• My mind is like a steel trap, rusty and illegal in 37 states.

• I'm not in the habit of forgetting faces, but in your case I will make an exception.

• Multi-tasking means screwing up several things at once.

Me thinks I was mocked

* * *

I have never claimed to be the sharpest knife in the drawer, the brightest bulb in the box, toughest kid on the block, the prettiest face in the mirror, nor the wittiest clown under the big top, BUT... my heart fluttered a wee bit this weekend whilst reading reader e-mail. Maybe a tear rolled down my cheek (but that's okay, 'cuz nobody saw it happen).

By jove, me thinks I was mocked! Not once, but a couple of times, by different readers on different subjects. Criminy, everybody's a comedian. Well, let me stew for a second...

... folks who do know me, know I wear my stupid heart on my stupid sleeve at times, so maybe I'm just being a little sensitive (as sensitive as a hairy, knuckle-draggin' Neanderthal, he-man can be).

Read below, and let me know what you think.

* * *

I received a little message, texted from a phone, to my e-mail in regards to a column I wrote on Sept. 30. In the column, headlined, *Well, maybe this is why my knees hurt!*, I delved into pain issues. I came to the conclusion my knees hurt, because I used to jump off the garage roof as a kid.

Unknown reader of the text-to-e-mail persuasion simply let me know, "try losing weight if your knees hurt."

Yee-OUCH!

What was it Bon Jovi used to sing? Ah yes I remember, "Shot through the heart. And you're to blame. Darling, you give love a bad name."

Don't Rush Me

A column by
Don Rush

On October 7, I wrote about the love of cooler fall weather. Temperatures were starting to dip into the fifties and I anticipated whipping out and donning my sweater vests. (Of course, this was before a month of 60s and 70s that just ended last week. Go figure.)

In the column headlined, *Fall is when my fashion senses shine!* I admitted to the world, "I know, it is a hard burden to carry, but I have broad shoulders. I can handle the responsibility and I am about to share with you, my minions, that my fashion-maven spidy senses really start to tingle when the temperatures fall."

I think some of you readers doubt my legendary status in the Metro Detroit fashion scene?

Here's what reader Joe Gretka, formally of Leonard, wrote me:

Don, your column a few weeks back describing your fall fashion sense got me thinking about my own sense of style when the weather starts getting cooler. I thought I'd pass along a few tips to help with your future wardrobe choices. These changes are still on target when it comes to style and I know you'll find them refreshing and possibly part of your future buying options.

First of all you can put away those puffy white tennis shoes (no white after Labor Day) and replace them with a nice black pair of shoes with the duel Velcro fasteners.

Second, get yourself one of those Reindeer sweaters. You know the ones every guy got for Christmas from some friend or relative? Now here's the important part: Don't wear the sweater, simply drape it on your back and tie the sleeves together in front of you.

Finally, don't be afraid of the most important accessory - Suspenders!

The fall weather requires long pants and long pants equal sags and droops. Don't choose the solid color narrow suspenders. Go for the wide bright or patterned style maybe with a colorful fall scene. The wider suspenders come with a larger and stronger clasp. This is important because not only will they hold up your pants comfortably you can also fasten the clasp to your underwear and kill two birds with one stone.

You'll know you're in step when you walk through a mall and watch the heads turn with the look of astonishment.

* * *

Thanks, Joe -- I think?

* * *

So, I have been hearing about an effort afoot to open up and change the Michigan Constitution to put in verbiage stating something like, "It is unconstitutional to discriminate against anyone based on their sexuality, gender identity..." Something like that.

Since I am running out of space here this week, I will bring it up later with a more thought-out column. What I will say here is, I don't like the idea of specifying who cannot be discriminated against, if only because that means everybody else not listed is fair game for discrimination.

Quite simply, if the state's constitution will be opened and changed, it should say something like, "No person shall be discriminated against for any reason based on being born, living and breathing and not hurting anybody else."

Hmm? But, what about red heads?

I will try to whip that one out for next week!

Facial Pain

Q: What if my gums bleed when I brush or floss?

A: Usually this is an indication that there is a problem with your gums such as inflammation and buildup of plaque and bacteria on your teeth. This is called "gingivitis". Sometimes bleeding may only be in one isolated area. This is often the result of poorly fitting crowns and/or fillings which in turn tend to pack food debris in between the teeth. If there is generalized bleeding throughout the mouth, it may be a sign of periodontal (gum) disease or even an undiagnosed serious medical condition. Regardless, if your gums bleed you should see your dentist right away.

Q. Can crooked teeth correct themselves over time?

A. No, this is very unlikely. For most people, once the first permanent molars have erupted (at around age 6-7), the available space for the front teeth will not increase, even in a growing child. In fact, this space will decrease over the years and the situation will worsen. Studies have demonstrated that most dental problems have a tendency to deteriorate with time if they are not treated.

Q. Is your work station ergonomic?

A. Your work surface should be at elbow height whether sitting or standing. Work with your hands approximately 2" above your navel. Place the keyboard 3-4" from the front edge of the surface. Your forearms are to rest, by setting them on a padded surface. Be sure to keep the wrists in a neutral position. Your chair should be adjustable for a variety of sitting postures. Tilt forward to allow the buttocks to be slightly higher than the knees. Use a posture pillow to support the small of your back. Your feet should touch the floor. Any questions? Please call NovaCare Physical Therapy at 248-625-5998.

Mortgage

Jason Nolan
Senior Loan Officer

Q: I read that there were a whole bunch of changes recently in the mortgage process. Will this make it harder for me to get a loan?

A: On October 3rd, new disclosures and timelines were implemented across the mortgage industry to comply with a rule affectionately (or derisively, depending on who you ask) known as TRID. The new rules require new disclosures to be issued upon initial application, as well as, prior to closing. What does it mean for you? It won't impact your ability to get financing, but there may be some delays in closing, at least initially. In the long run, these improved disclosures will more clearly explain your loan transaction terms, fees, etc. Borrowers will receive more timely and accurate information, which is a win for all consumers.

Financial Planning: Social Security

Linda Danek,
Financial Advisor

Waddell & Reed, Inc.
Member SIPC (11/15)

Q. Can social security spousal benefits be received after a divorce?

A. Yes, however, there are specific rules that must be met in order to qualify for benefits. You may find the information at this link helpful: <https://socialsecurity.gov/planners/retire/divspouse.html> Still have questions? Please contact me to discuss your personal situation or to reserve a seat at an upcoming seminar: Filing for Social Security: Flexibility and Choices for your Retirement Income on November 18th in Troy or December 2nd in Waterford.

This information is meant to be general in nature and should not be construed as investment or financial advice related to your personal situation.

Specialized Healthcare

**Clarkston
Specialty
Healthcare
Center**

Q: I made all the decisions with the doctors for my mother while she was at the hospital. Will I be able to continue to do this at the nursing home?

A: There are different guide lines that vary from the hospital to a nursing facility. The patient makes their own decisions, unless they are not able to make them. In this case the interdisciplinary team will look to their appointed advocate. This is either a Durable Power of Attorney or legal guardian that is appointed. Our facility social workers are able to assist in helping the patient complete a DPOA or help guide them through the process of obtaining guardianship. It is very important to have these documents in place ahead of time so that the patient's wishes can be honored.

Q. I've heard about good and bad fats. Can you explain what they are and where they come from?

A. Unsaturated fats are good fats because they reduce the risk of developing heart disease, while saturated and trans fats are bad for the heart. Unsaturated fats are in fish, olives and olive oil; nuts and peanuts; avocados and vegetable oils such as olive oil, grapeseed oil and avocado oil. Saturated and trans fats are in fatty meals, butter, fried foods, cheese and processed snack foods. www.NuviewNutrition.com

GLASS SERVICE

Sarge Short
(St. Bernard Dog)

Q. I have windows that are cloudy and steamy. Will I have to replace my window unit?

A. Sarge Short Says, "You can replace just the glass at a fraction of the cost of the entire window. Arf Arf - my owner did that and now I can see outside. It's a good time to replace before the cold weather."

CLARKSTON BRANDON GLASS

3960 M-15 (Ortonville Rd.) | **248-625-4376** | at Oakhill Rd.

INSURANCE

Walt Renn

Q. What is Personal Umbrella policy? Who needs it?

A. Personal Umbrella policies are designed to give you added liability protection above and beyond the limits on homeowners, auto and watercraft personal insurance policies. Accidents happen and lawsuits are everywhere and no one can predict what a judge or jury might award to the injured person. Homeowners, auto and watercraft policies are designed to provide coverage when the liability on other policies have reached their limits. In the event an accident happens and you are sued, you could be forced to pay a legal judgement from your current assets and future earnings. A Personal Umbrella policy will also pay for defense costs, which quickly add up even if you win your case. The cost for an Umbrella policy varies depending on your needs and is usually very affordable. Who needs it? Anyone with assets and/or earnings that need to be protected.

KITCHEN RENNOVATIONS, CABINETS AND COUNTERTOPS

Bill Hussong

Q. What are the best materials to use when replacing my countertops?

A. There are no "best materials." What is most important, is that you hire an experienced, professional contractor who will listen to your wants and needs, evaluate your current cabinetry and countertops, and help you choose the counter surface that works best for you.

For more information, or to set up an appointment, call Bill Hussong at Custom Millworks at 248-627-4849 or visit my website at www.custommillinc.com

Orchard saves apple trees

BY ANDREA M. BEAUDOIN

Clarkston News Staff Writer

Roots to Fruits, a local company, will provide some new trees for local schools.

"The more trees we can plant at schools, the better," said Roots to Fruits Co-founder Mark Angelini. "We want to make the process more well known."

The company provides ecological and permaculture designers and consultation, edible landscaping, and edible landscape design with native plants

Next week, owners Trevor Newman and Angelini will present information to students at Bailey Lake and Renaissance High School about fruit trees and the environment.

Both schools get two new apple trees, to be planted with hopes of planting fruit and nut trees around the community will spread.

Roots to Fruit's will produce the trees from trees they grew from an apple orchard on Knox Road in Clarkston, which they are restoring through a variety of work including clearing brush and restoring trees.

Newman and Angelini, Clarkston natives and longtime friends, started their company in 2010. They began restoring the orchard in 2012 after winning a grant from Sustainable Agriculture Research and Education Program, a program under the United States Department of Agriculture.

The grant helped Newman and Angelini research and restore methods to save Michigan apple trees.

They restore the trees by grafting, a process that involves cutting a portion of the tree and transplanting another tree stem in place of the cut.

Apple trees grown from seed are completely different from their parent tree, so

some will not produce fruit.

"In the orchard we have done a variety of grafting on trees," Angelini said.

Newman and Angelini have worked to combine different types of trees, so they are more healthy and productive. Their work is a success.

"After we graft the tree it will start to produce fruit again," Newman said.

Trees once dying in the orchard are thriving and fruiting again.

Their grafting work has also resulted in several different kinds of apples growing on one tree, some are brand new species.

"We have over 50 kinds of apples in the orchard, and some trees have three kinds of apples," Newman said. "We have introduced varieties that have never existed before."

Newman and Angelini have installed many edible landscaping projects throughout Oakland County, in the Ann Arbor area, Traverse City and many other communities. They have also worked and in other states.

Here in Clarkston, their work is visible outside KH Home on Main Street and Depot. On the south side of KH, the company planted an edible garden filled with Clover current, Alpine Strawberries and Bird's Foot Trefoil.

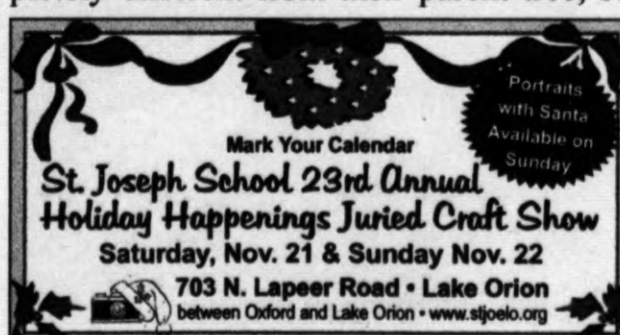

Angelini and Newman said they hope planting trees and installing more edible gardens gains momentum and keeps growing in popularity.

"There is a whole town in England that adopted an edible movement that grew to be so successful it attracts tourists," Angelini said.

Newman and Angelini said many people are becoming more familiar with edible gardening and productive landscapes, and they hope even more people in Clarkston will become familiar with their work.

"I am excited for the promise of apple trees and a land-based, local economy in Oakland County," Angelini said.

For more information visit Root's to Fruits website at www.ruitstofruits.biz or friend them on Facebook.

Hazel Vancil of Clarkston, with her children Bill Vancil and Sue McKee, is celebrating her 100th birthday next week. Photo by Phil Custodio

A century of birthdays

BY PHIL CUSTODIO

Clarkston News Editor

Celebrating her 100th birthday on Nov. 17, Hazel Vancil of Clarkston is pretty happy with life in 2015.

"I've heard it doesn't take much to keep me happy," said Vancil, who has lived in Clarkston for the past 40 years. "I don't think money makes you happy. You'll be happy if you're a happy person."

If she could change anything, she'd like to still be able to drive.

"You can't drive at my age," she said.

She and her husband, the late Paul Vancil, raised two children, Sue McKee of Waterford and Bill Vancil of Ortonville. She has five grandchildren, seven great grandchildren, and two great great grandchildren.

"She was a good mom. She did good job raising two kids," McKee said.

"I didn't do everything. I had help," Hazel said.

Paul passed away about 34 years ago at age 66, after retiring from General Motors.

"I wish I hadn't lost my husband that early," Hazel said. "He was super."

Over the years, she worked in grocery stores, made wedding gowns as a seamstress, worked in a glove factory, and sold Tupperware.

"I did a lot of sewing. I liked to work," said Hazel, who still remembers the Great Depression in the 1930s.

"We went through awful times. You would either work or go hungry," she said. "I don't know what kids would do now if that happened."

She doesn't watch much on television besides religious programming, and she knows nothing about computers.

"I wouldn't touch one," she said. "I don't know how to use them. I never missed it, I don't feel like I did. What you don't have, you don't miss."

Her advice to younger generations:

"Get all the education you can. That's what I wished I could have done," she said. "I don't think I did anything special. I ate as much as anyone else. I made the best fried chicken. If everyone cooked that way today, they would say that was bad. But it was good for me."

Easter Seals gala at Sellers

Sellers Bowman Auto Center, 9603 Dixie Highway, hosts the Easter Seals Michigan's Cheers Gala 2015, from 7-10 p.m., Friday, Dec. 4.

The fund raiser will include live entertainment, silent and live auctions, strolling dinner, cash bar, and casino games.

Sen. Debbie Stabenow will discuss recent news in mental health and wellness policy via video. Easter Seal's Miracle League of Michigan dance troupe featuring children with disabilities will also perform in partnership with Jack's Place for Autism Foundation.

"Guests will be treated to a rare performance they won't soon forget," said CEO Brent Wirth. "Our Miracle League dancers

are talented and inspirational. The Cheers Gala sets the perfect tone for the holiday season and we are grateful for the overwhelming support of our sponsors and volunteers."

"Easter Seals was the first to help my sister and my family will never forget that," said Katie Coleman, president of Sellers Auto Group. "We are proud supporters of the organization and the exceptional services that it provides for individuals and families in our community."

Patron Table is \$1,250; General Table is \$750; Patron Ticket is \$125; General Ticket is \$75. All tickets include casino play money. Purchase tickets online at www.eastersealsmichigan.com or call 248-475-3624.

No waste permit

A truck pulling a dumpster trailer was pulled over for not having the correct amount of reflective tape on it, 11:11 a.m., Oct. 26, at Maybee Road and Dixie Highway. The company was cited for no waste haulers permit, reflective tape violation, and equipment violation for a light being out.

Warrant arrest

A deputy on patrol turned around after observing a car going faster than the speed limit on S. River, 4:04 p.m., Oct. 30. The driver, a 26-year-old Independence Township woman, got out of her vehicle and ran away. The deputy chased her and brought her back to his vehicle. She said she was scared because of a warrant she had out of 52-2 District Court as a material witness in a domestic case. She was cited for failure to display a valid license and no proof of insurance. She was jailed on the warrant.

Drunk driver

A deputy watching traffic in a parking lot on Dixie Highway watched as a car passed a school bus with its red flashing lights on and stop sign extended, 6:46 a.m., Nov. 2. The driver, a 52-year-old Independence Township man, smelled of booze, and had a large mug filled with vodka and hard lemonade in the center console cup holder. A preliminary breath test result was .114. With two prior convictions for drunk driving, he was arrested for drunk driving, third offense, and open intoxicants in a motor vehicle.

Public Safety

For Clarkston and Independence Township

Missing wallet

A 46-year-old Independence Township woman reported her wallet stolen after failing to find it after two weeks, Nov. 4. She believes someone took it from under the driver's seat of her car, which she never locks. She also said her cell phone was missing.

Expired license

A deputy stopped a pickup truck for turning left on a red light onto Maybee Road from Clintonville Road, 8:54 p.m., Nov. 4. The driver, a 33-year-old Independence Township woman, was cited for expired license and disobeying a traffic signal.

Bond violations

Charles Raymond Warren Jr. of Waterford, 69, charged with reckless driving causing death and failure to stop at the scene of a fatal accident in connection with the death of Michigan State Police Trooper Chad Wolf last August, was placed under house arrest for bond violations included stopping for food when ordered to drive straight home, failure to attend a Nov. 3 alcohol and drug testing, and not checking in with his case manager and others. Preliminary exam is scheduled for Jan. 13 in 52-2 District Court.

Stranger danger

Deputies responded to Sashabaw Middle School for a suspicious circumstance. The principal was contacted by a parent who was concerned about a possible Stranger Danger situation at the bus stop that occurred on Nov. 4 at about 6:45 a.m. The complainant reported her son was walking to the bus stop when an elderly man approached him in a vehicle and asked if he wanted a ride. The student declined, and boarded the bus safely. The vehicle was described as an older small grey or silver car, possibly a Lexus. The man was described as being an older white man with grey hair and a grey goatee. The caller said her neighbors' son saw the man following his bus on the way home from school. Once the complainant heard about what her neighbors' son had witnessed, she contacted the school regarding both incidents. Deputies searched the area and surrounding bus stops for a suspect and vehicle matching the description without results.

Windows opened to local art world

Clarkston Cultural Arts searched for window space to display artistic works, and they found it at the corner of Waldon and Main.

The project spearheaded by the CCA is called "Windows."

Now visitors and residents can see several pieces of art in the windows of the old Tierra Building.

In each of the many windows in the downtown Clarkston building, a piece of artwork is on display.

Any artist can display their work in Windows if they are a member of the CCA and the art is always changing. CCA Director Denyse Semann Couture said, "Art is good, it brings life, art is alive, and it makes you look at things outside the status quo. It brings people together."

At night the artwork is lit up, so visitors can still see the pieces. The art is very notably on display in the downtown building.

"We are so very thankful to Union Joins, who so graciously allowed us to use their space for our Windows project," said CCA Artists Director Laurel Bradshaw. Bradshaw and Semann-Couture, both artists themselves, said they are looking for businesses and residents to display art in their

Wolves finish top of the state

BY WENDI REARDON

Clarkston News Sports Writer

Runners faced tough competition at the MHSAA Cross Country State Finals on Saturday and finished in the top 20.

The Lady Wolves finished in 11th place with 346 points as Birmingham Seaholm, Brighton, Highland-Milford, Northville and Saline took the top five spots.

"We did well," said Kevin Breen, head coach for the girls cross country team. "We ended up taking 11th place - that was what was expected. Some of the girls didn't have their best races. I know they are disappointed but overall it was a solid finish for us and one of the best we have had in the last couple of years. It was good to get the team out there and be in the competition and make it to states and that was my goal every year to get the team there."

Senior Nicole Hanson led the team as she finished in 25th place at 18:39.9.

"Nicole had the injury to her foot which hurt us the last couple of races," said Breen. "I don't think she was full strength but she ran the best she could. She gave it her all. She led the team as a senior as she has done all along. It was good to have her out there."

Freshman Elizabeth Dalrymple finished as the second runner in 50th place at 19:06.9.

"She didn't have a good as a race as she wanted but she is one of the best freshman in Clarkston history," Breen added.

Also, finishing for Clarkston was freshman Malory Ferguson, 19:39.9; sophomore Hailey Catania, 19:41.4; sophomore Emily Gustafson, 19:48.5; senior Kailan Mehta,

19:56; and freshman Emily Ferguson, 19:56.6.

"Hailey had a really great race and dropped about 30 seconds," Breen added. "Emily had a strong race and Kailan and Emily Ferguson also had solid races. They both PRed by a couple of seconds."

The boys team finished in 19th place with 421 points as Rockford, Northville, Novi, White Lake Lakeland and Rochester Adams took the top five places.

"It was a good finish," said Michael Taylor, head coach. "Out of 150 Division 1 schools, a finish at 19 is a good accomplishment. I am really proud of these guys. They worked hard, and they deserved what they got all season. They competed every time they went out."

Junior Mika Juuhl led the team, finishing in 62nd place at 16:30.7. Also, finishing senior Grant Henley, 16:39.2; junior Gavin Eisert, 16:43; senior Eric Smith, 16:47.2; freshman Shawn Slater, 16:49.1; junior Nickolas Favazza, 16:58.2; and senior Michael Baker, 17:35.6.

"The whole group ran as well as they did at regionals," said Taylor. "Mika did a great job and Eric continued to be the glue in the middle of the team that seems to hold things together. Grant ran pretty well. The other guys they kept under 17 minutes which is an exceptional performance for those guys. It was a solid performance for us."

He added the seniors helped the younger classmen with group running and to make sure they finish as a pack, and to stay close and keep up which will help them out next season.

Kailan Mehta competes in a race earlier in the season. Photo by Wendi Reardon

ATHLETE OF THE WEEK Shutout King

BY WENDI REARDON

Clarkston News Sports Writer

Senior Conner Sajan was guardian of the net for the Wolves this season and finished his season with the Clarkston Boys Varsity Soccer team with 12 shutouts and a 89 save percentage.

"I thought I had a great season," he said. "I played very well."

A few highlights from the season include a shutout against Canton, 1-0, and Plymouth Salem, 2-0, in the DeLaSalle tournament, Sept. 12.

"He played really solid with five saves," Curtis Payment, head coach, said about the Salem game.

Against the defending state champions Canton, Sajan had ten saves.

"He saved a breakaway. He saved a couple of amazing shots," Payment added.

Sajan eight saves against crosstown rivals Lake Orion, Sept. 22, 0-0

"He did have an amazing game," said Payment. "He saved a breakaway in the last ten minutes. He really saved us at the end of the game."

He also only allowed one shot in the net when the Wolves took on Rochester Adams, 2-1, Sept. 17.

"They knocked us out of the playoffs the last few years," said Payment. "Conner had five saves. He probably saved about ten crosses. He played amazing in the air."

Sajan began playing soccer when his parents signed him up for the sport when he was six-years-old.

"I liked it and I pursued it the rest of my life so far," he said.

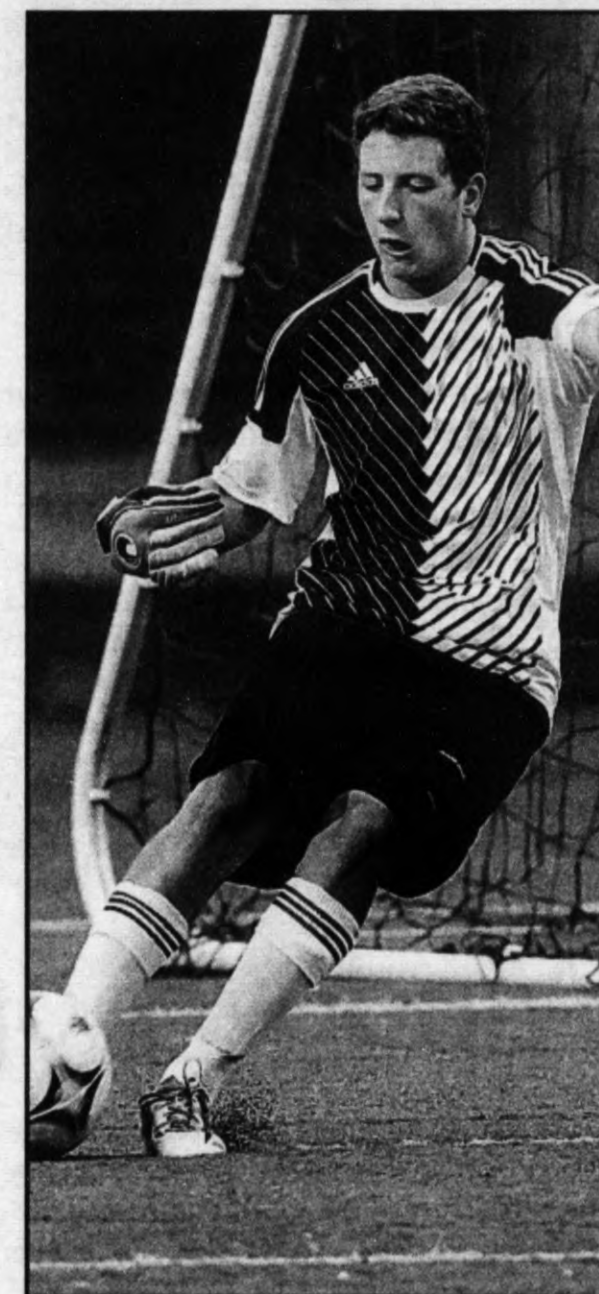

He was introduced to the goalie position six years later when his coach at the time put him in the position for one game.

He found he enjoyed it and stayed in the position.

"I enjoy the excitement and having the team know you have their back," Sajan added. "It's a lot of fun directing my defense. We are real close with each other and we have a brotherly relationship. We can get past anything together."

He did try other sports but kept coming back to soccer, explaining it was the most fun for him.

"I enjoy it with the people around me

Conner Sajan makes a save against Troy Athens, Aug. 25. Photo by Larry Wright

and the leaders who pushed me towards it."

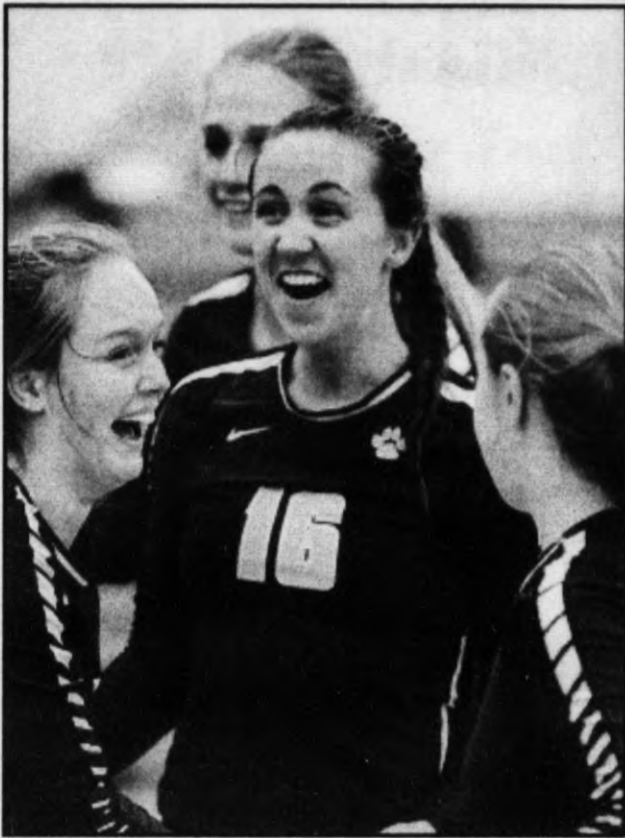

He would like to continue playing soccer when he heads to college next fall. He is currently looking at campuses in Michigan and in the Grand Rapids area.

Sajan added it was important for him to stay near family. Plus, going to a college in Michigan will give them an opportunity to visit and watch him play in games.

He plans to study business and focus on financing because he finds the subject fascinating.

When he isn't playing soccer, he enjoys snowboarding and hanging out with friends.

His advice for aspiring athletes is "if you enjoy it, keep pursuing it."

The Lady Wolves celebrate a point against Lake Orion.

Hitters rule court

BY WENDI REARDON
Clarkston News Sports Writer

The Lady Wolves season ended against Lake Orion after three games on Nov. 2.

"We played with a lot of passion and determination," said Clarkston Varsity Volleyball Head Coach Kelly Pinner. "We knew we had a tough battle ahead of us. Lake Orion is a great team that won the district. They have been playing outstanding all year. We played a good match against them."

Clarkston was close in points in the first and second games before Lake Orion won, 25-23 and 25-22. Then, the Dragons closed the third game, 25-16.

Sophomore Abbey Malinowski led the team with 10 kills and senior Maggie Collins

had nine kills. Senior Emma Curd had six blocks.

The Dragons ended the Wolves' eight-year streak at the OAA Red league championship and district title.

"I told them after Lake Orion I don't want you to walk away from this season thinking you fell short or worried about the fact we didn't win the league or win the district," Pinner said. "We had four really good seniors they were out standing."

The four seniors include Maggie Collins, Emma Curd, Ashley Schwartz and Lauren Tate.

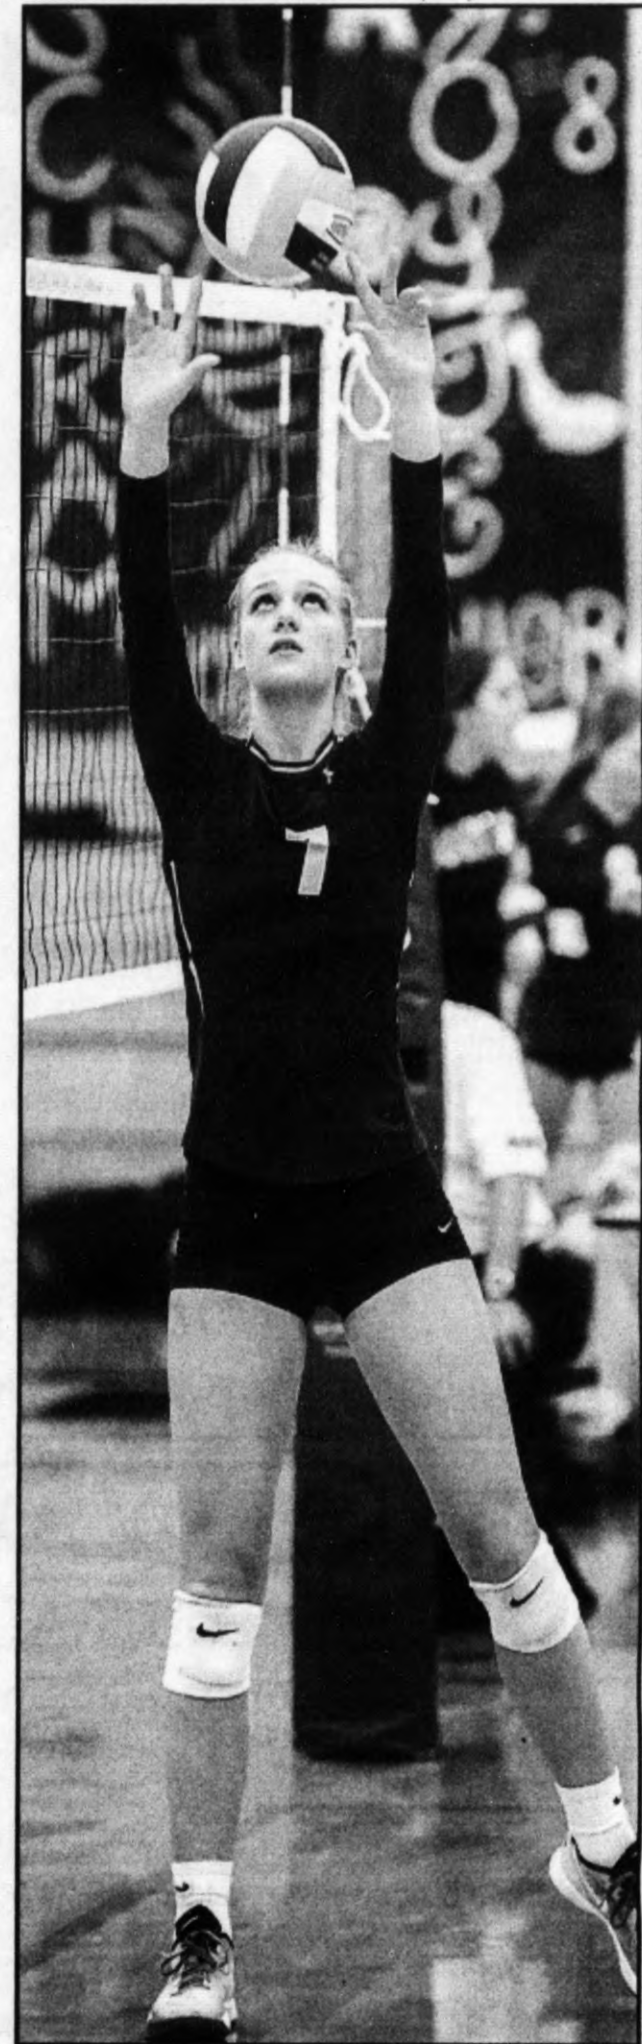

"They kept everybody up even in the face of adversity," Pinner said. "Coming back from some of those losses in the middle of the season when we knew we weren't going to win the league it would have been easy for the seniors to say this stinks and come in with a different attitude. But they came in with a positive attitude every day. They were motivational for the rest of the girls. The younger classmen learned a lot from them in terms of how to bounce back from a situation like that and how to keep striving for new goals."

The Lady Wolves finished the season 32-16-1 and have ten returners coming back next season, including four sophomores - Jennifer Chupinsky, Grace Kraft, Kayla Luchenbach and Malinowski.

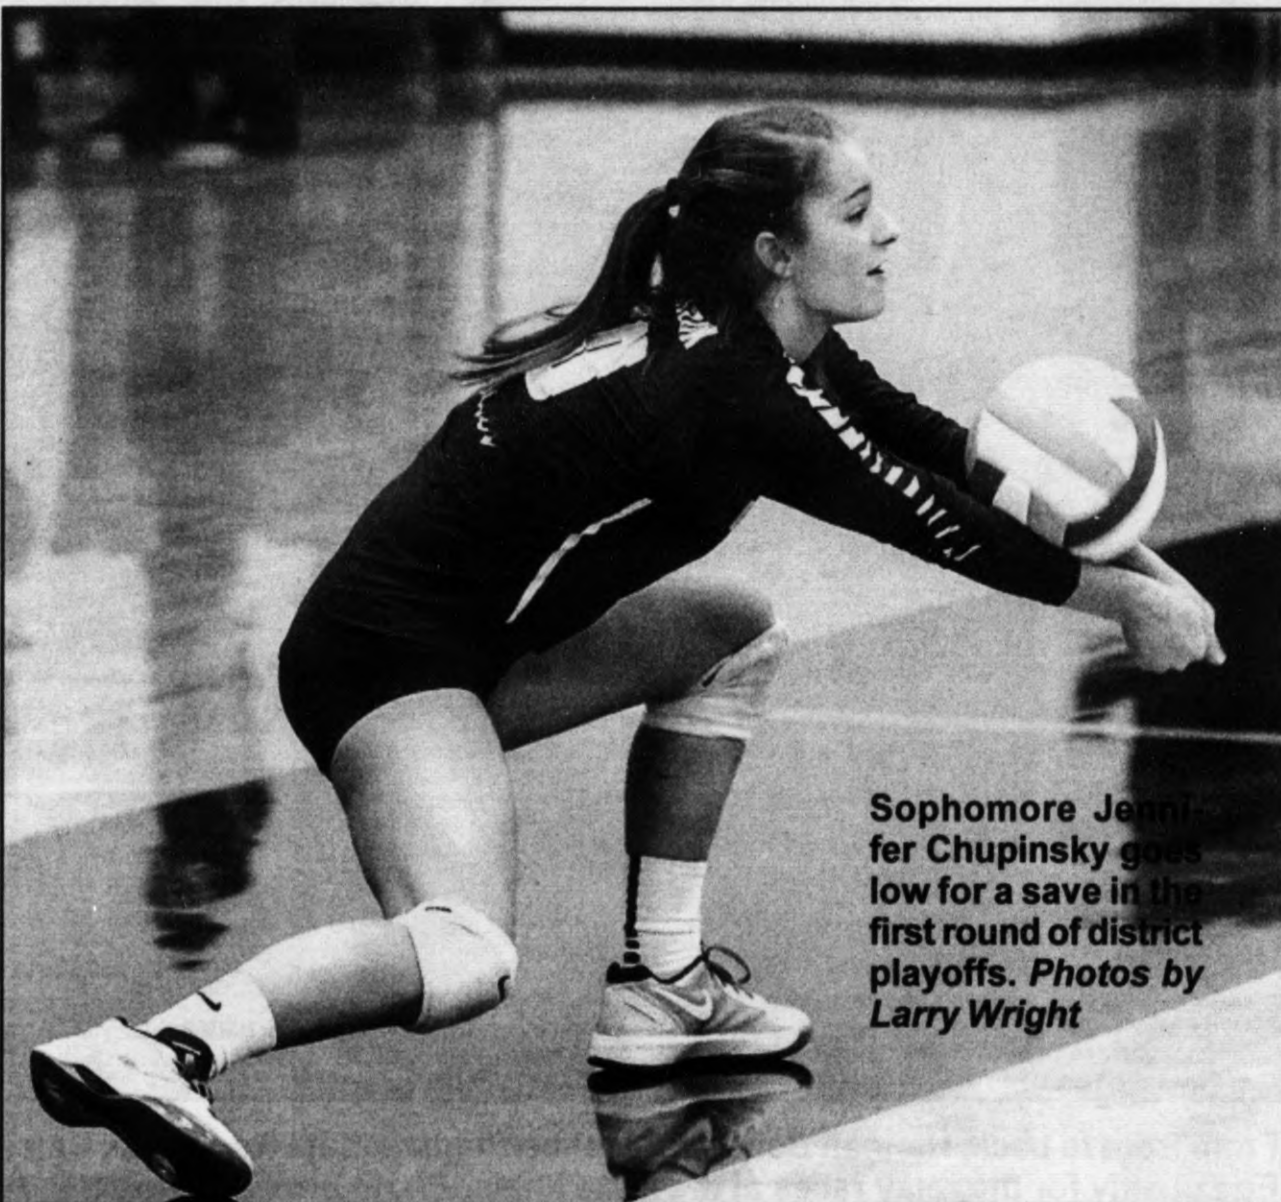

"I have had young kids on the bench but in the terms of playing we have had one of the youngest line ups we have had over the years," Pinner said. "We had girls with a huge learning curve the whole season. Some girls developed at different stages than others."

She added this season will help the younger classmen for the next few years.

"They now know what it means to be in a situation like that and the pressure you feel. Hopefully they grew some from it," Pinner said. "We definitely have a bright future because we did have young kids that were still developing. It helps our outlook for next year."

Sophomore Abbey Malinowski sets her teammate up for a point during the playoffs.

Swimmers qualify for state meet next week

The Lady Wolves finished the regular season with an impressive team effort.

The Clarkston Girls Swim and Dive team competed in the OAA Red Division League Swim and Dive Championship last Wednesday through Friday at Lake Orion.

During the meet, the Lady Wolves qualified two relay teams for the MHSAA Division 1 State Meet in Holland, Nov. 19 and 20.

The 200-yard medley relay team with sophomore Hannah Benson, senior Ceren Ege, freshman Caroline Hughes and junior Kate Rogowski finished in the time of 1:53.10.

The same four competed in the 200-yard freestyle relay also earned a state cut with the time of 1:39.60.

Individually, the Wolves were led by Rogowski who scored 27.5 points. She had a pair of fifth place finishes in the 50-yard freestyle, 24.79, and the 100-yard butterfly, 59.67.

Her time in the 100-yard butterfly time was also a state qualifying, giving Rogowski three

individual times.

Hughes also had a strong meet netting a fifth place finish and state qualifying time in the 200-yard freestyle, 1:56.67, and an 11th place finish in the 100-yard butterfly, 1:00.78.

Ege, who scored 15 points, and senior Shannon Seguin, four points, along with Serena Stauffer, Deanna Cummings and Ally Carlson provided much needed leadership and valuable points.

Sophomores Claire Thon and Benson had a strong finish to their season, with an 11th place finish in the 200-yard IM, 2:21.10, for Thon and a 11th place finish in the 100-yard freestyle, 55.74, for Benson.

Senior diver Nicole Hurst finished second overall in the diving portion of the meet with a very impressive 342.65 points.

Juniors Lexie Fiori, 13th place with 186.60 points, Brianna Hayes, 14th place with 177.45 points, and sophomore Bethany Moen, 15th place, 160.35 points, helped the Wolves have four divers in the top 15.

Michigan Library Association honors Township Clerk

The Heart of a Champion Award recognizes a library supporter (e.g. elected official, trustee, community supporter/business or individual, strategic partner) who has shown an exceptional commitment to libraries and/or the library profession.

On Thursday, Oct. 29, the Michigan Library Association presented Independence Township Clerk Barbara Pallotta with the 2015 Heart of a Champion Award.

**Township Clerk
Barb Pallotta**

Through her work as Township Clerk and her passion for libraries, Barbara has been instrumental in the survival and success of the Clarkston Independence District Library.

When Barb took office in 2010, the library was one of several departments of the township, governed by the township board. The law under which it was incorporated was repealed in 1976, causing major funding and legal issues for the library.

From the beginning, Barb was a strong advocate for re-establishing the library with a district form of governance.

Through the complicated process, her support was steadfast and impactful. As Township Clerk, Barb kept herself and the other township board members informed as to the necessary steps to keep the process moving forward, as well as help the board see the best path to resolution.

As a member of the Friends of the Library, Barb helped keep the community engaged in the needs of the library and to supply some of the extras to bring in new and existing users.

According library director Julie Meredith, Barb is the very definition of a library champion.

"She's not the one standing on the soap box shouting the praises of the library at the top of her voice," said Meredith. "She quietly develops support one conversation at a time, allowing her genuine passion to help educate people about what the library truly means to life in Clarkston and Independence Township."

FIVE YEARS WITH BUCK SHOTS: From left, Jim O'Hearn, owner, general manager Jim Newton, manager Lindsay Bannasch, and the rest of the staff of Buck Shots Bar & Grill, 7048 Gateway Park Drive, are celebrating five years in Independence Township. "It's going really well. It's awesome," said O'Hearn, a 2003 graduate of Clarkston High School. "It's great to stay in the community." The restaurant is planning a Thanksgiving Eve party with barrel aged beer, 6 p.m., Nov. 25. Photo by Phil Custodio

Winter Horizon

Join the Clarkston High School Girls Varsity Basketball team on Saturdays for the **Winter Horizon Basketball League**.

Both experienced and beginner players are welcome. Fundamentals include shooting, ball handling, passing, defense, rebounding, and teamwork will be emphasized.

The league is held at Clarkston Junior High School beginning Dec. 5 and runs until Feb. 6.

They have two different divisions. The Gold Division is

Gold Division: Girls and Boys in Kindergarten to second grade, from 9-10 a.m. and includes four weeks of fundamentals and four weeks of 5-on-5 games. It costs \$110 and includes a T-shirt.

The Blue Division is for girls in third through eighth grade, 10 a.m. - 12 p.m. and includes fundamentals and games played each session. The cost is \$135 and includes a T-shirt.

Players will need to pair of tennis shoes to wear in gym, a water bottle with their name on it, and be ready to have some fun.

The league is held through the Independence Township parks are rec. Call 248-623-4326; or check www.clarkston.k12.mi.us/cec.

Planning for the Holidays

The holidays always seem to be just around the corner. It won't be long before families are exchanging presents. Holidays and gifts can take a big bite out of your budget so plan ahead to keep your budget under control. Genisys Credit Union is committed to helping members with financial solutions so the holiday season can be enjoyed without budget worries.

Genisys members can earn points, redeemable for travel, merchandise, and gift cards when they swipe and sign for purchases using their Genisys Rewards Debit MasterCard® and Genisys Rewards Credit MasterCard®. Members can combine points from their debit and credit transactions to redeem for a variety of rewards - a great benefit during this time of year.

The annual Genisys Credit Union Holiday Loan is another solution for members to utilize. The loan can help with holiday expenses, travel, small home renovations and just about anything you need a little extra cash for this time of year. The Genisys Holiday Loan is available by visiting one of the Genisys Credit Union

branches or by applying online at www.genisyscu.org.

The following are a few additional suggestions to help your holiday budget:

- Shop early for gifts
- Make your own gifts
- Don't be a "One gift for you...one gift for me" shopper!
- Use layaway plans if possible
- If you have a large family, consider drawing names to exchange gifts
- Shop your local craft fairs and shows for specialty items
- Family members would appreciate an IOU to mow the lawn or wash the car in the spring
- Fill stockings with inexpensive items

Don't forget to plan ahead for expenses such as holiday decorations, special candies, baking supplies (especially if baking for gifts), increased utility bills, food consumption and wrapping paper. These expenses are rarely considered and can add up fast.

At Genisys Credit Union, you will find all of the prod-

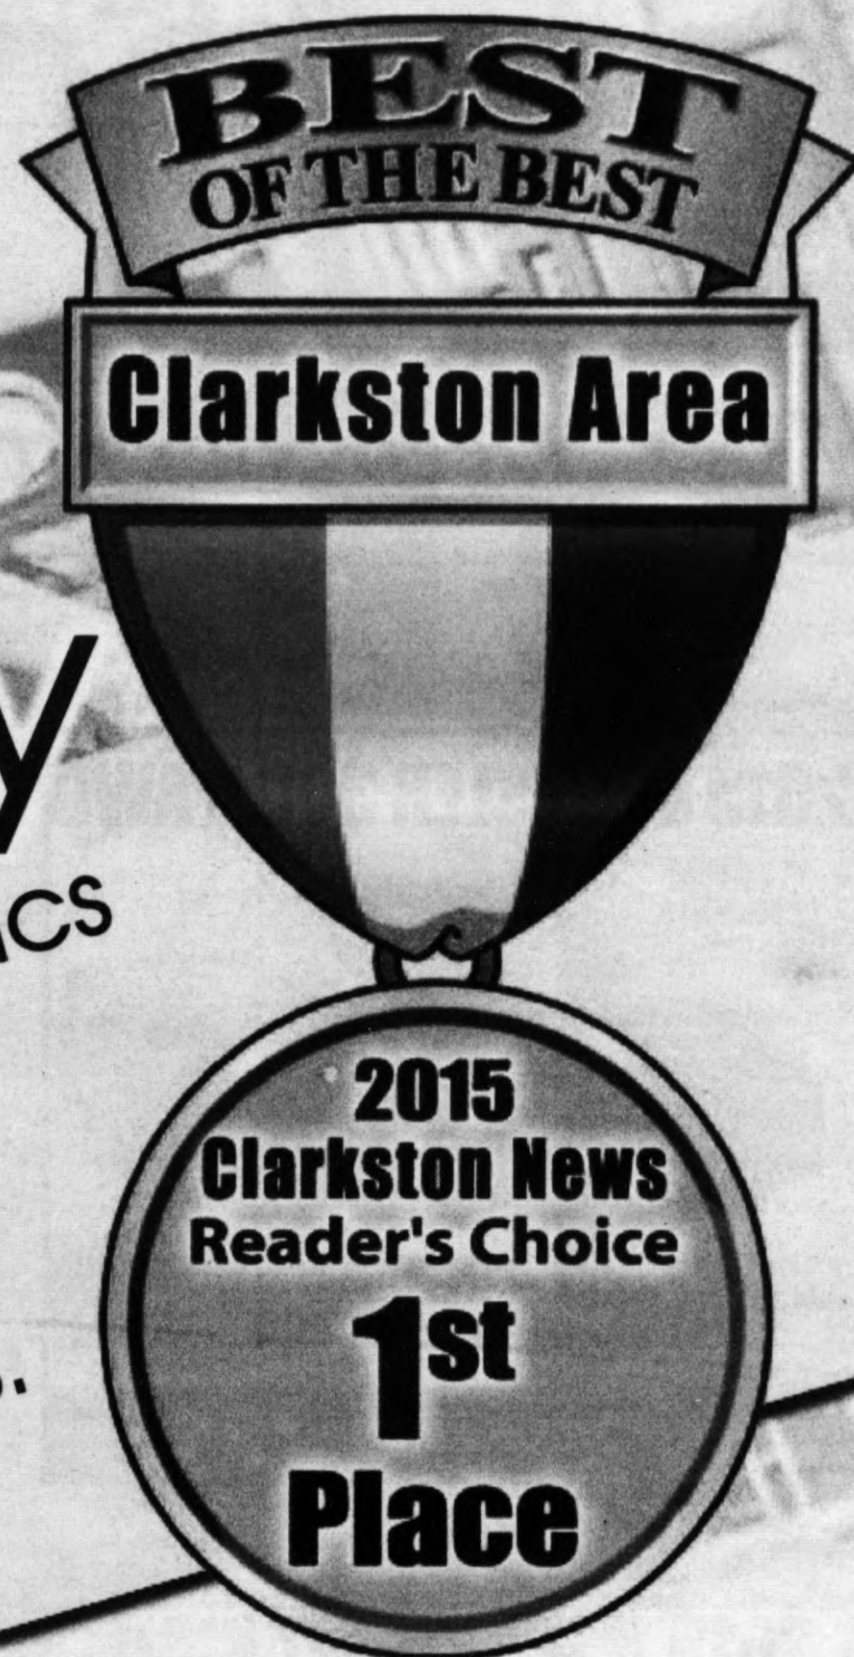

ucts and services you expect from a financial institution with highly competitive rates and less fees.

Genisys Credit Union is a not-for-profit, member-owned financial institution that has been committed to helping its members financially since 1936. Based out of Auburn Hills, MI, Genisys is one of the largest credit unions in Michigan, with approximately 178,000 members and 29 branch locations. They also provide business loans and a range of services for small to mid-sized businesses. Genisys Credit Union has consistently received a 5-star Bauer Financial Rating for safety and soundness and is proud to be making a difference in their communities. Connect with Genisys on Facebook, Twitter, and Instagram by following @genisyscu. For convenient access to your account, download the Genisys iPhone App in the iTunes Store and Android App in the Google Play Store. For more information or a calendar of events, visit Genisys online at www.genisyscu.org.

Freshman Chiefs victorious

The Clarkston Chiefs Freshman White team finished their season as Superbowl champions in the Northern Youth Football League with a 6-0 win over the Lake Orion Green team, Nov. 7.

The boys finished the season with an overall record 8-3.

They defeated Lake Orion White, 33-6, and

Rochester, 39-33, during the playoffs to make it to the championship round.

During the season they also defeated Waterford, 31-14, Oxford Blue, 26-6, Lapeer, 32-12, Brandon, 37-20, and Lake Orion White, 30-0.

CMG Personalized Adult Medicine

A New Practice Option Affiliated with Clarkston Medical Group and MDVIP

Consider this smaller, limited patient number practice option if you:

- Are a patient with complex medical conditions and are struggling to receive adequate time and attention.
- Are an older patient and would benefit from a small less rushed friendly office to help you navigate the complicated medical system.
- Are a business person, or just a busy person, and would benefit from easier physician contact when you need it, a top notch wellness program, and 24 hour physician communication access if needed, as well as many other benefits.
- Are interested in a practice that will take the time to get to know you, that will treat you with respect as an individual, and will work with you to focus on wellness and prevention.

If any questions, or if you would like to schedule an informational Meet and Greet appointment, please call (248) 625-4000.

Communities come together for "Aging in Place" workshop. Photo by Andrea Beaudoin

Officials gather to grapple with aging population

BY ANDREAM BEAUDOIN
Clarkston News Staff Reporter

How communities care for an aging population and bridge the age gap was the topic during the "Aging in Place" workshop at the Oakland County executive building last week.

"The county calling all those people together was a great idea. Our communities need to ensure our seniors can get around and age in place with grace," said Independence Township Supervisor Pat Kittle.

Downtown Development Authority directors, community officials and county executives gathered to hear presentations by keynote speaker Dick Carlisle, president of Carlisle-Wortman Associate, and planner for several communities including Independence Township.

Clawson DDA Director Joan Horton and Auburn Hills Director of Community Development Steve Cohen spoke about accomplishments in their community geared towards

helping aging residents live a better life and also about the 2015 Friendly Action Plan created in the community.

Carolyn Morrison, president of Friends of Seniors, on the Independence Township Senior Center Board, and member of senior council, said she was impressed with Carlisle's presentation and the workshop in general.

"It was excellent. I'm so pleased communities are taking interest in seniors and their quality of life," Morrison said.

She spoke with Kittle about creating more resources for seniors in Independence Township.

"Independence Township is going to move forward. They did a survey two years ago, we have been working on issues benefiting seniors in the community," she added.

Morrison, noted important information given during the workshop.

"Seniors spend 92 percent of their income locally," she pointed out.

Morrison said right now she and others who work with seniors are addressing transportation issues for senior who can't drive.

"Our goal is to work with the community so seniors stay for a lifetime," Morrison said. "We need to look at the master plan and make senior access to the township and city. For so many years communities have focused on the young population."

During the workshop, Carlisle told the group the senior age group will be dominant in a few decades.

"By 2030 one in five residents will be seniors," he said. "By 2040 seniors will exceed the youth."

Carlisle said senior generations nowadays are much different.

"They are younger. They work longer, are more physically active and more tech savvy."

Housing needs will change a lot, too.

Many large sprawling homes built today will not be a popular housing choice for ei-

ther them as they age, or the youth, so communities will see the housing markets on those homes decline.

He added it is time for communities to address the needs of a senior population now, and many concepts benefitting seniors is included in "Placemaking" an initiative the state of Michigan has encouraged communities to embrace.

The Clarkston Area Chamber of Commerce kicked off a Placemaking in Clarkston in 2013. A committee was also formed.

Placemaking creates spaces and places bringing people together. It helps communities create places to bridge the gap between young and old. It encourages communities to create a "sense of place" or spaces and places evoking a positive response from people.

Speakers said communities must address providing service, including health care, as the aging population.

Independence Township Times

November 2015

Living within the Township's means

2016 Budget Update

**Patrick Kittle,
Township Supervisor**

Just finished setting up the 2016 budgets. We made our final presentation to the Township Board on October 20. The next step in the approval process is a Public Hearing and formal vote to be held November 24. Thought you would want to know the Township is on solid ground financially and where we are headed.

GENERAL FUND: Let's start with the General Fund. The General Fund (GF) is the pool of tax revenue used to fund the primary functions of local government, that is, the Assessing Department, Treasurer, Clerk and Supervisor Offices, the Finance and Building Departments, as well as the Parks, Recreation and Senior's team.

When all the department's data was aggregated together, the General Fund was set to spend \$55,000 less than collected from taxes.

With an unrestricted fund balance of \$1.8M available over the 20% minimum Township operational threshold, the Board approved investing about \$350,000 per year over the next three years from the GF cash balance into capital improvements to upgrade our Township and Parks. Township improvements for 2016 include a new security system and sidewalks for Townhall.

The Township parks also get improvements: new electrical system and interior paint for Brady Lodge in Baycourt Park, bathroom renovations at Sashabaw Plains and Clintonwood Parks, a new camp building at Clintonwood, a new roof for the softball building, plus ensuring Independence is compliant with ADA requirements. We feel this planned capital spend is a sound investment in the community. Will

keep you posted as projects for 2017 & 2018 are firmed up.

FIRE FUND: The Fire Fund is actually generated by two millages ... Fire One at 3.1497 mils and Fire Two at .35 mils. Fire Two was approved in 2012 by Township residents to tide the Fire Department over during the economic collapse in the mid 2000's.

**Township
Supervisor
Pat Kittle**

Fire Two has allowed the Fire Department to continue to purchase essential fire equipment (tankers, ambulances, air packs and the latest emergency medical gear), as well as resurrect the Independence Fire Prevention Team. It is the Township's plan to try to reduce the amount levied with Fire Two to zero by the year 2021 as the economy continues to improve without compromising services. Cutting Fire Two now, all at once, would cripple Fire and ALS services for the community.

For 2016, the Fire Department will be spending \$55,434 less than generated by the two approved millages to maintain and equip the best fire and emergency response team in North Oakland County. Chief Mitch Petterson is doing a great job managing the team and the budgets in his new role. If you have a chance, make it a point to stop at the Citation substation and say Hi to the new Chief.

POLICE FUND: Spending for the Oakland County Sheriff's Department is actually \$33,090 higher than what we will be collecting in taxes this year. This deficit spend is planned in that the Township is authorizing the Sheriff's Department to add a midnight shift supervisor to the Independence Team.

This increase in headcount will provide an additional midnight shift presence on the street with the advantage of on-scene

Thank You for Your Patience!

It's been a tough couple of months for this office. My phone was blowing up on a fairly regular basis from irate residents giving me an earful over the hassle and wait times created with all the road construction. Well, the work is done. The trucks are gone. The last orange barrels are finally being picked up. And, from the positive comments now being received, it appears the project has done what it was engi-

neered to do ... help the flow of traffic through a very busy intersection in a more efficient and safe manner.

Thank you one and all for your patience. Your consideration and support are really appreciated.

PS: Hang onto your hat. The next project will be North Sashabaw from Flemings Lake Road to Clarkston Road. But relax ... this one is still a couple years out.

-- Patrick Kittle

supervision when emergencies arise. And while the contract for the Sheriff's department that was just approved at the October 20 Board meeting is only a one-year pact with a net zero impact year over year, the Township budgeted a worst case scenario of a 3% increase in annual rates for years 2017 and 2018 and still leave the Police Fund Balance in a very favorable light. Will keep you posted when the new contract with the OCSO is approved and we know what the impact will be from the new rates.

One additional highlight is the Township will resurrect the Neighborhood Road Improvement Program from funds generated by the Oakland County Weighmaster. If your neighborhood is considering a Special Assessment District to repave your roads, either private or public, the Township will kick-in up to a \$20,000 match. Call the Supervisor's Office at 248-625-5111 for details.

SAFETY PATH FUND: The Township Board is finally getting serious about safety paths. The levied millage amount was just increased to the maximum approved amount of .4467 increasing revenue by approximately \$200,000 per year.

Budgeted Safety Path projects on the table include: \$400,000 for a North Sashabaw pathway from Flemings Lake

to Clarkston Road;

\$600,000 co-op program with Oakland County Parks to link the north and south entrances to Independence Oaks County Park together along Sashabaw;

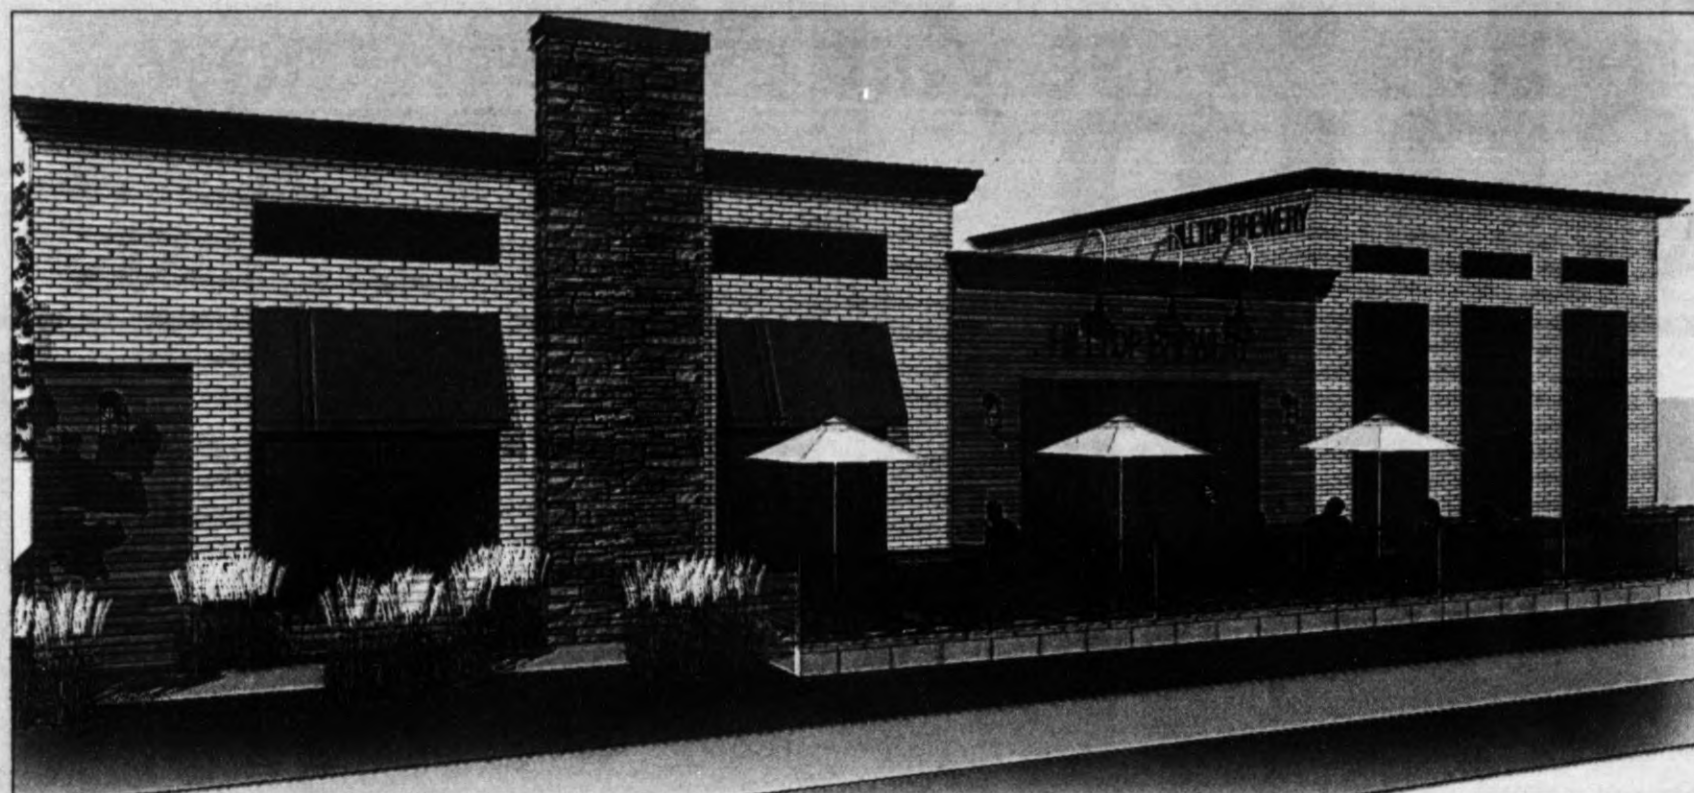

\$600,000 for the three mile stretch of ITC corridor from Clarkston Road to Sashabaw Road near Oakhill Road;

\$250,000 budgeted for a pathway along Clintonville Road between Waldon and Maybee Roads, and \$200,000 for a pathway along Cranberry Lake Road between M-15 and Allen Road.

The Township, MDOT and HRC are also beginning the due diligence to construct a pedestrian bridge over I-75 at Waldon Road. This project will cost a small fortune and is going to depend on receiving Federal and State grants. Will keep you in the loop as this project firms up. A special thanks to Township Trustee Dave Lohmeier for being the driving force on this concept.

Sorry for the lengthy article, but we thought it important to share the financials with you. Bottom line is the Township is on solid ground from a money perspective.

Next month, we'll do a deep dive on the 2016 Water and Sewer enterprise funds.

Times are a changing

By Patrick Kittle,
Township Supervisor

Bad news for you old timers who used to play racquet ball at the Waterford Courts. The courts are gone forever.

Good news for you beer aficionados who love a cold ale. The new Hilltop Brewery is almost ready to open. Featuring home brewed ale, an outdoor patio, sports bar, dining and more ... the new Hilltop Brewery should be a crowd pleaser. While renovations have seemed to be taking forever to date, the make-over is in full swing right now. It is estimated the new micro-brewery should be open for business within the next few months.

Will keep you posted.

New gateway to Clarkston

Plans Approved for M-15 and Dixie

After years of putting up with the crumbling service station and now vacant land, the Township Planning Commission approved the site plan for a new retail outlet at M-15 and Dixie Highway.

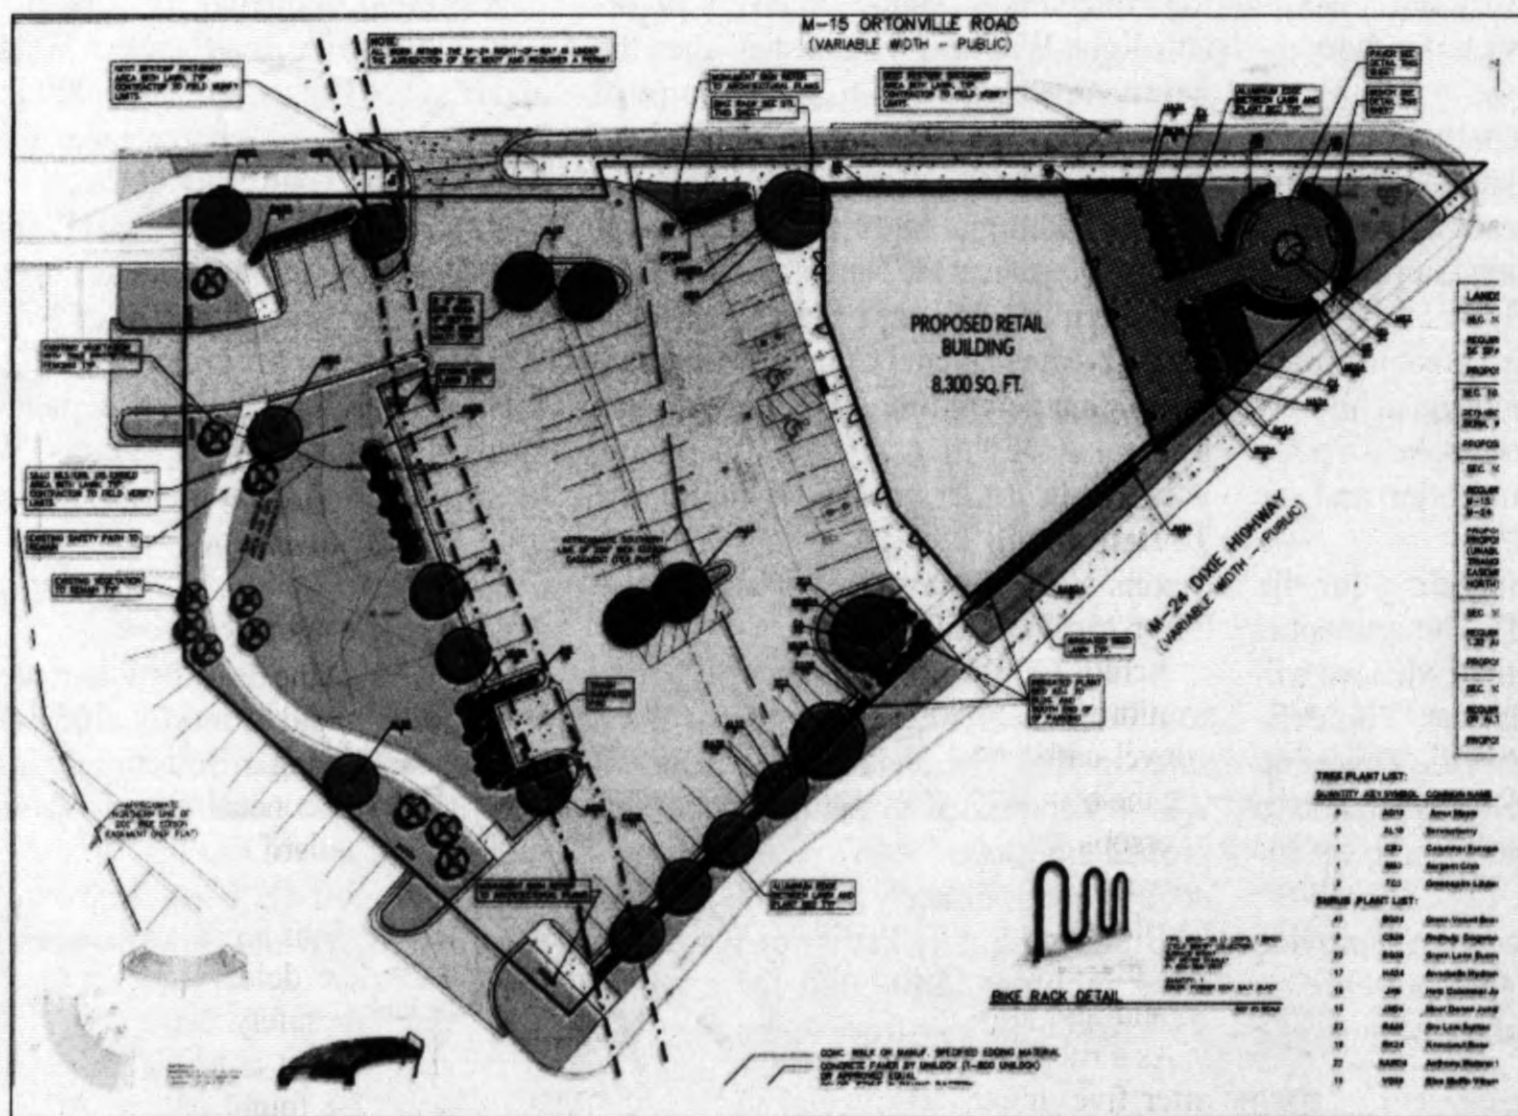

The front of the building facing the Village will look as good as the rear and sides of the building facing Dixie Highway, with plenty of glass and brick. Primary access to the site will be from the adjoining parking lot where the Rite Aide is located.

There will be plenty of landscaping to soften the

look of the property from Dixie travelers. The tip of the lot will feature a patio with benches and a flag pole.

Ground breaking is anticipated for 2016.

The move has started

McLaren Health Care to relocate Emergency Room operations

By Patrick Kittle,

McLaren Health Care will be formally taking over the Emergency Room operations at the Clarkston Medical facility, located at Bow Pointe and Sashabaw.

The former urgent care will be temporarily closed for 10 weeks until McLaren can complete renovations to meet State requirements. In the meantime, all non-trauma ambulance service will be routed to the McLaren facility located in Watertown Place at White Lake and Dixie Highway.

When the Bow Pointe ER is completed, the Watertown facility will close.

"McLaren Health Care has been trying to construct a \$300M state of the art trauma center and 200 bed hospital in Independence Township for over 10 years without using one-penny of taxpayer dollars," stated Mr. Greg Lane, McLaren COO. "This is the first step in what has been a very long journey. McLaren is excited to be part of a great community like Independence."

To date, the State of Michigan Certificate of Need Board has not approved the construction of the actual hospital. Dr. Tim O'Neill's family practice will remain in operation at the Bow Pointe facility.

Carbon Monoxide Detectors: What you need to know

By Chief Mitch Petterson

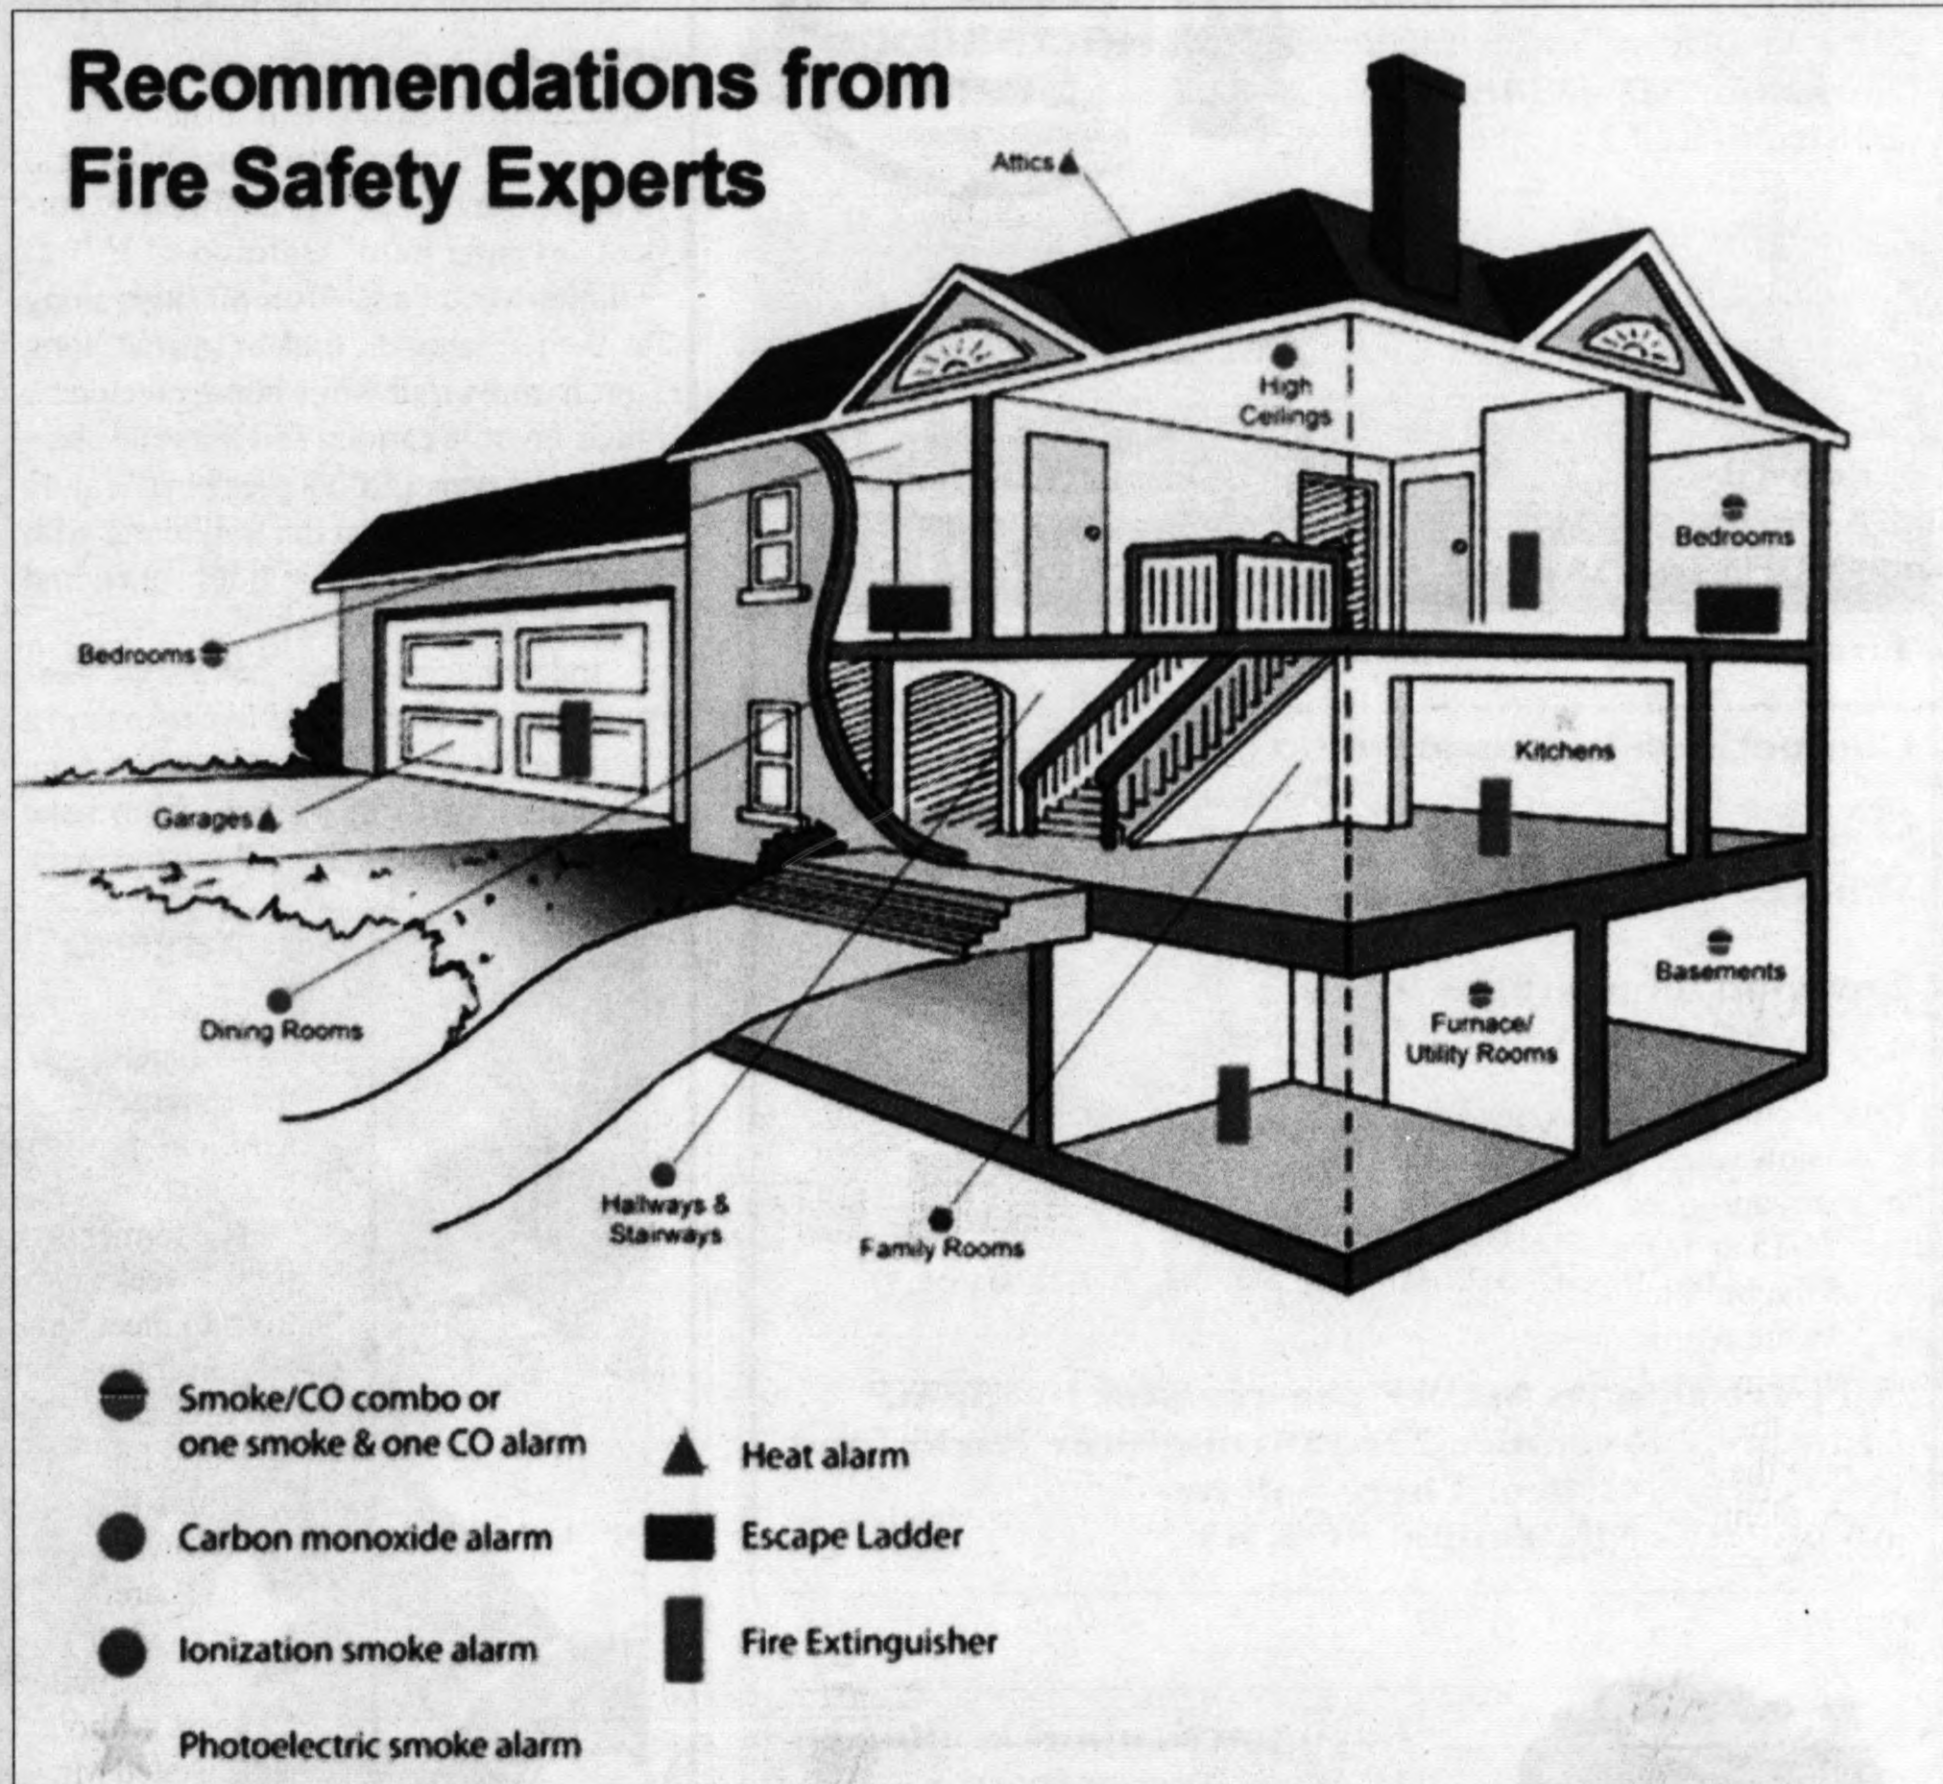

The fire department has received numerous calls asking about the difference between standard carbon monoxide (CO) detectors available at hardware and home improvement stores, and the low-level carbon monoxide detectors being sold by local heating and cooling contractors. The overall question being — if one is better than the other. The better question to ask is whether or not one has a more appropriate application than the other. First, let's define carbon monoxide, understand how it's produced, and how it affects the body.

Carbon monoxide is a colorless, tasteless, odorless, gas that is a byproduct of incomplete combustion. Basically, any appliance, (including natural or gas fireplaces, barbecue grills, vehicle exhaust, etc.) that has a flame, produces CO in varying levels. In a high enough concentration, CO can be poisonous. Some appliances produce a very low concentration of carbon monoxide (like natural gas stoves) while others produce a much higher concentration (barbecue grills, wood burning stoves). This is why certain appliances are vented to the outside, such as a gas hot water heater or furnace. CO poisons the body by replacing oxygen molecules in the bloodstream with carbon monoxide molecules. A high enough concentration of CO causes a poisoning of the tissues which impairs or destroys the body's normal respiratory, cardiac, and neurological functions.

Even a candle produces carbon monoxide. But the concentration of CO is so miniscule, that it easily dissipates from the home through the natural air flow.

Standard Carbon Monoxide Detectors

For healthy persons, the variety of carbon monoxide detectors found at hardware and home improvement stores, meet the industry standard for alerting occupants of the presence of concerning levels of carbon monoxide. Choosing a detector that has been certified by Underwriters Laboratory (UL), will assure that the detector meets, or exceeds, the industry standard. These detectors provide an audible alert prior to carbon monoxide levels reaching dangerous levels. These detectors have a tiered alarm activation dependent on the concentration level of CO over a period of time. As a rule, they are certified to activate within one to four hours of being exposed to a consistent level of 70 parts per million (PPM), activate in less than one hour of being exposed to a consistent level of 150 PPM, and activate in less than fifteen minutes

of being exposed to a consistent level of 400 PPM.

CO detectors with digital readouts will display a number when the CO level reaches 30 PPM or higher, but the audible alarm will not activate until 70 PPM. The display provides early warning that something is wrong before the audible alarm ever activates.

Most healthy persons start to experience the initial symptoms of CO poisoning after one to two hours of consistent exposure to 200 PPM or more. The initial symptoms of CO poisoning are:

**Headache
Nausea / Vomiting
Fatigue**

Symptoms of moderate to severe exposure to high concentrations of CO (400 PPM and higher, consistently over a one to two hour period) are:

**Severe Headache
Drowsiness / Confusion
Fast Heart Rate
Coma, and eventually, Death**

Low-Level Carbon Monoxide Detectors

For persons suffering from chronic respiratory or cardiac diseases, such as chronic bronchitis, emphysema, congestive heart failure, or coronary artery disease, low-level carbon monoxide detectors provide the benefit of early detection and alert. Persons with these diseases are more sensitive to the effects of lower concentrations of CO than are healthy persons. These detectors constantly monitor the air, and also have a tiered alarm activation. As a rule, they are certified to activate after five minutes of being exposed to a consistent level of 15-35 parts

per million (PPM), and activate after thirty seconds of being exposed to a consistent level of 70 PPM or greater.

These Low Level CO detectors are more expensive (two to three times the cost of standard CO detectors), and are sold and installed by professional heating and cooling contractors.

Which Alarm is Right for Me?

Unless you have one of the diseases listed above, or you have been told by a physician that you - or a person staying in your home - are susceptible to lower concentrations of carbon monoxide, a standard CO alarm is more than adequate.

If you have any questions regarding carbon monoxide or smoke detectors, or to schedule a courtesy fire safety inspection contact the Fire Department at (248) 625-1924. Safety tips can be found online by visiting www.IndTwp.com.

21st Annual Turkey Shoot

Tuesday, November 24, 2015

Time: Check in begins at 5:30pm

Competition begins at: 6:00 pm - Youth
7:00 pm - Adult

Where: Everest Academy (5935 Clarkston Rd)

Cost: \$4 Youth (ages 8-17)
\$6 Adult (ages 18 & over)

Youth age groups:
8-9, 10-11, 12-13, 14-15, 16-17

Adult age groups:
18-29, 30-39, 40-49, 50-59, 60 & over.

**All participants MUST pre-register by 5pm,
Monday, November 23rd through the Parks and
Recreation Office. There will be
no on site registration. SORRY!**

**GREAT
FAMILY
FUN!**

**Each participant is allowed
10 free throws from a
standard foul line. The
most baskets in each age
group wins. Tie breakers
will be decided with a best
of 5 shoot out. All winners
in each age division will
receive a free frozen
turkey. Male and female
participants compete
separately. Please call
248-625-8223 for more
details.**

It takes friends to make a Friendly Forest!

**By Lisa Christensen,
Recreation Supervisor**

It certainly was a true crisp Michigan Fall day for our 18th annual Friendly Forest event, held October 17th at Clintonwood Park. Over 800 kids along with their families, trick or treated along our friendly trail while being greeted by their favorite cartoon and fairytale characters! Over 15,000 pieces of candy were handed out on the trail along with crafts, free photos, hayrides, juice and donuts, and a hay maze.

Independence Township Parks, Recreation & Seniors would like to extend a sincere thank you to the Clarkston Area Optimist Club for their generosity to make this event shine. The Clarkston Area

Optimist Club provided over 40 volunteers, solidifying their "friends of youth" excellence.

Independence Township would also like to thank: Genisys Credit Union, Valley Tent Rental, Smith's Disposal, Amy Peterson Photography, Planet Kids, Brick it Up, Bright Side Dental, Clarkston Medical Group, Santarossa Dental, The Graphic Wizard, Clarkston News, Clarkston Dental Group, Fairytale Entertainment, Lil' Peoples' Place, Premiere Pediatrics, Walgreens, Yesteryears Tractor Club, Independence Township Fire Department and the Oakland County Sherriff's Department for their generous support. This event would not be possible without their continued support!

Clarkston resident Dana Pangori steps into the role of Little Red Riding Hood. Photos submitted

Head 'Into the Woods'

Notre Dame Prep presents "Into the Woods," music and lyrics by Stephen Sondheim, and directed by David Fazzini.

Clarkston students in the show include Dana Pangori as Little Red Riding Hood, Alex Cousins as Cinderella's Prince, Meredith Tiller in the Female Chorus, and Brendan Weaver and Jonah Raleigh in the Male

Chorus.

Showtimes, at Avondale Performing Arts Center, 2800 Waukegan Street, Auburn Hills, are Nov. 19-21 at 7 p.m., and Nov. 22 at 4 p.m.

Tickets are \$12 for students/seniors, and \$15 for adults.

For more information, visit www.ndpma.org/theatre.

Change of seasons provide time to wonder

As the Clarkston Community Schools seek to *cultivate thinkers, learners, and positive contributors to a global society*, we fully realize key dispositions of such thinkers include thoughtful questioning, continuously questioning (ourselves, our parents, and our teachers), and constantly and deeply wondering.

Words from the Sup't

Dr. Rod Rock

The fall of the year, as a transition to winter, is a splendid time to question, ask, and wonder. As we walk through the woods or down our streets, we can see and feel the seasons changing.

What is happening? Why is it happening? Do the same things happen everywhere on Earth at the same time? These are amazing opportunities to wonder together about our world.

As children come home from school each day, we can help, as families, friends, and neighbors, to build these dispositions. We can ask our children: "What questions did you ask today? We can hold in our own minds the idea that our questions drive us as learners."

Ron Ritchhart, a Harvard Researcher and author, wrote: "When Isidor I. Rabi won the Nobel Prize in physics, he was asked, 'Why

did you become a scientist, rather than a doctor or lawyer or businessman, like the other immigrant kids in your neighborhood?' He replied, 'My mother made me a scientist without ever intending it. Every other mother in Brooklyn would ask her child after school: So? Did you learn anything today? But not my mother. She always asked me a different question. Izzy, she would say, did you ask a good question today? That difference asking good questions made me become a scientist.'"

Let us work together to cultivate in our children the disposition to seek deeper meaning in the world around them.

In addition, I am happy to report as your superintendent the following reasons to celebrate this month your Clarkston Community Schools:

- The district is in the process of refunding bonds, which will save taxpayers over \$6 million.

- Our District's Operations Department has begun providing operational services to the Holly Schools. This represents monetary and efficiency savings for both districts. We also share operational and food service personnel with Lake Orion~ community education registration with Independence Township~ and a public television partnership with Independence Township.

- Phyle Industries recently donated \$250,000 to the Clarkston Athletic Boosters

to completely pay off the construction of the Clarkston Athletic Fieldhouse. Thank you to the Phyles, everyone who donated and helped with construction, to the athletic department, and to the Boosters for making possible this enhancement to our community.

- The CHS Marching Band competed in the State Finals at Ford Field on Nov. 7.

- The CHS Girls (regional champions) and Boys' Cross Country Teams competed in the State Finals at Michigan International Speedway in Brooklyn, Michigan on Nov. 7.

- Clarkston Schools is entering a partnership with University of Michigan-Flint to offer dual enrollment courses on Clarkston's campus during the school day. Eligible students can participate in one course during the winter semester of this school year. There is potential for this partnership to grow in the coming years.

- A sincere thank you goes out to everyone who participated in Impact Weekend on Nov. 7 and 8.

As our alumni visit Clarkston from colleges and careers to celebrate Thanksgiving with their families, I wish to extend to them a gracious 'welcome home' and to send to them my very best wishes. The same to all of our staff members, students, families, and community members.

Dr. Rod Rock is superintendent of Clarkston Community Schools

Open house

Parents and children interested in biotechnology can experience it first-hand during Family Tech Night, Thursday, Nov. 19, from 6-8:30 p.m., at Oakland Schools Technical Campus Northwest, 8211 Big Lake Road.

Students, along with their parents are invited explore agriscience and environmental technology, through STEM and hands-on activities, with snacks and door prizes.

The agriscience and environmental technology themed event is the newest of the technical campus' open house activities. The event is similar in structure to the "Family Engineering Nights" and exposes children and their families to STEM careers focusing on biotechnology.

"Family Tech Nights are a wonderful opportunity for parents to stimulate their children's interest in high-tech careers," said Mike McIntyre, STEM coordinator for Oakland Schools.

Family Tech Night is free and open to children ages 10-14. Families are encouraged to stay for the entire event. Registration is required as space is limited. To register, go to <http://parents.osregistration.org>.

Michael Rottenberk approaches the finish line. *Photo provided*

Fine day for a half marathon

Racers enjoyed brisk temperatures but a sunny sky at the third annual Clarkston State Bank Back Roads Half Marathon, 10K, and 5K, Nov. 7 at Independence Oaks County Park.

"I've enjoyed running the course in the woods and trails and I will respect all hills for the rest of my years after the last three miles of the course," said Michael Rottenberk, a freshman at Clarkston Junior High School who came in first place for his age group, 14-19 year olds.

Rottenberk reached his goal of first place in this year's higher age group.

"This year I liked seeing all the Clarkston Cross Country runners and knowing that the four of us took the top four places in our age group," he said. "Next year my goal is 1:30 or less."

Keys to heaven found in prayer

Happy Veterans Day! Thank you to all who have served our country. Today and always we remember to stop and pray for everyone who is in harm's way overseas and for those who are in need of protection; "The light of God surrounds you, the love of God enfolds you, the Power of God protects you and the Presence of God watches over you; wherever you are God is!"

Wherever we are God is! Or, as we will sometimes share with the children, there is not a spot where God is not. "If I ascend to heaven, you are there; if I make my bed in Sheol (Hell), you are there." Psalms 139:8.

Even in the midst of our darkest days there is a loving, guiding, sustaining presence and power that is with us and within us, mighty to attract our good and to radiate good to others. We need but remember to call upon these deep inner resources, our connection to God, to Spirit, to Life.

A friend of mine gave me the phrase, "If God seems far away, who moved?" I need this gentle reminder at times to practice the presence of God, rather than the absence of God.

When we worry or are afraid, when we hang onto anger or resentment, when we plot and scheme, when we lie or bend the truth, we are practicing the absence of God. We are saying we are in charge, that there is no force in the universe greater than us, we alone have created the world and all that is in it. We are like children covering our eyes with our hands saying, "you can't see me."

"Repent (think again with a new level of understanding) for the kingdom of God is at hand (within our reach here and now.)" Matthew 4:17.

This is the Gospel of Jesus, this is the good news of the New Testament, the vision of the Psalmist, the promise of Revelation and the message of the Prophets: God, good orderly direction, universal presence and power, infinite spirit, divine beingness, cosmic consciousness, whatever name or concept of God and Heaven that we have is available to us in this now moment. The Kingdom has come! Matthew 6:10.

Prayer and meditation are our keys to the

kingdom. This is how we practice the presence of God; we practice the presence of peace, of love, of good out working in our world and in our lives. God is not only our father but a friend, a friend who wants to hear from us, a friend who wants to have a conversation with us, a friend who wants to listen and to speak and be heard. This is what prayer and meditation is: a conversation with God.

Effective prayer is not about informing God of our needs. God is omniscience: all knowledge, omnipotence: all power, omnipresence: all presence. Omniscience already knows all.

Effective prayer is about remembering there is a God and we are not it. The words we use are optional. We can memorize the Our Father or Lord's Prayer, the Shepherd's Psalm or 23rd Psalm, the Prayer of St. Francis, the Prayer of Protection above in the first paragraph, or any other words that speak to us.

There are only three words necessary for effective prayer. The first is: help, and the other two are: thank you. "I can do nothing on my own." John 5:30.

We need help, we need guidance, we need strength, we need the deep inner resources arise out of humbly accepting our mortal limitations and opening ourselves to receive God's blessings in our lives.

An attitude of gratitude, giving thanks in advance of the demonstration, is a necessary ingredient in our realizing our blessings. It strengthens our bond with the infinite potential and possibilities for being that are now being made manifest within us, around us and for us.

Meditation is listening. It can begin with contemplation on the scriptures, the words of prayer or a mantra. It is creating the space for us to hear what spirit has to say to us. It can be time in the silence, in the secret room of our minds. Matthew 6:6.

Or it can be in nature, walking through the woods or sitting by the lake. Any time and place where we can quiet the drunken monkeys of thoughts and feelings and bodily sensations we are creating the possibility for listening to God; we are practicing the presence of God. This is where we not only know but realize that; wherever we are, God is!

Blessings of peace, joy & love.

The Rev. Matthew E. Long is pastor of Peace Unity Community.

James O. Feltner, 70

James O. Feltner of Pontiac passed away Nov. 5, 2015, at age 70.

He was the father of Jo (Bryan) Pankey and James (Shawn) Feltner Jr.; papa of Patrick, Tabatha, Paige, Jessica, Anthony and Sabrina; also survived by three great granddaughters and a great grandson with his name sake on the way; brother of Ada, Linda and Barbara.

Jim retired from General Motors, Cadillac plant.

Funeral service was Nov. 8 at **Lewis E. Wint & Son Funeral Home**, Clarkston. Memorials may be made to Heartland Hospice.

Online guest book www.wintfuneralhome.com.

Lois J. Scrivens, 87

Lois J. Scrivens (Heier) of Lake Orion, Mich., passed away Nov. 2, 2015, at age 87.

Lois was born on March 21, 1928, in Detroit, Mich., to the late Otto and Gertrude Heier. She married Robert Scrivens on Sept. 2, 1948, who preceded her in death in June 1996. Lois was the loving mother of Debra (Jim) Courtney; proud grandmother of Joe (Holly) Latozas, Jeremy (Jordana) Latozas, and Greg Latozas; great grandmother of Paisley, Sydney and AJ; and loving sister of Don (Pam) Heier and sister-in-law of Mary (Dick) Helmer.

Lois taught in Ortonville (now Brandon) and Waterford school districts. She was a classroom teacher and a reading specialist for 36 years. She was a member of Calvary Evangelical Lutheran Church, Michigan Retired Teachers Association and Michigan Reading Association.

Lois enjoyed painting, drawing, crafts, camping, and traveling. Lois and Bob spent their winters in Lake Wales, Fla., at South Shore Resort with their "snowbird" friends. They were one of the initial couples who helped start the resort community in 1986.

Lois is most remembered by her caring nature, contagious smile and her beautiful art. She truly enjoyed the Canterbury-on-the-Lake Retirement Community for the last two years and was considered the "house mom of the third floor."

Visitation was Nov. 5 at the **Lewis E. Wint and Son Funeral Home**, Clarkston. Funeral Service was Nov. 6 at the Calvary Evangelical Lutheran Church, Clarkston. Joint Committal Service for Robert and Lois Scrivens at Great Lakes National Cemetery, 4200 Belford Road, Holly, MI 48442, on Wednesday, Nov. 18, 2015, at 10 a.m. Memorials may be made to Calvary Lutheran Building Fund. Online guest book www.wintfuneralhome.com.

Death notices & Obituaries

Ward T. Bowker, 92

Ward T. Bowker of Clarkston died Nov. 5, 2015, at the age of 92.

He was the beloved husband of the late Joan Bowker; dear father of Jill (Keith) Hagen and Pam (Vincent) Nader; devoted grandfather of Tony and Shane Robart, Naomi Mather, Samuel and Stephen Hancock and Sharon Bazzell.

Ward was a retired master electrician, a veteran of the US Air Force and a member of Waypoint Church.

Funeral service, Thursday, Nov. 12, 2015, 11 a.m. at **Coats Funeral Home** - Clarkston, 8909 Dixie Highway. Pastor Kurt Haney with Waypoint Church, will officiate. Burial and military honors to follow at White Chapel Cemetery in Troy. Family will receive friends Wednesday, 3-8 p.m. Memorials may be made to Waypoint Church, 8400 Dixie Highway, Clarkston 48348. To send a condolence to the family, visit www.CoatsFuneralHome.com.

Harriet Hayden, 82

Harriet A. Hayden (nee Patterson), of Clarkston, formerly of Grand Blanc, died Nov. 7, 2015, at the age of 82.

She was the beloved wife of the late Timothy M. Hayden; dear mother of Maggie Stephenson, Nancy (Neil) Edwards and the late Timothy G. Hayden and daughter in law Susan Reams; sister of L. Brooks Patterson and the late Stephen Patterson; also survived by grandsons Connor and Shane Stephenson.

Harriet graduated from Immaculata in Detroit in 1951. She was the Assistant to the Director of the Flint Institute of Arts for many years.

A Celebration of Harriet's Life will be Wednesday, Nov. 11, 2015, 10 a.m., at **Coats Funeral Home** - Clarkston, 8909 Dixie Highway. Family will receive friends Tuesday, 3-8 p.m. Memorial donations to Rainbow Connection. www.rainbowconnection.org. To send a private condolence visit www.CoatsFuneralHome.com.

Kathryn Koponen, 61

Kathryn E. Koponen of Clarkston passed away Nov. 3, 2015, at age 61.

She was the loving mother of Julia Koponen; proud grandmother of Jonah; beloved sister of Denae, Barbara, James, Michelle Haines and Joseph (Melanie) Harding; step daughter of Shirley Harding; preceded in death by her parents Donald Harding and Virginia Taylor, siblings Lisa Harding, Beverly Valenzuela and Steven Harding.

Kathryn retired from Oakland County Fiscal Services.

Visitation was Nov. 8 and Funeral Service was Nov. 9 at the **Lewis E. Wint & Son Funeral Home**, Clarkston. Interment Lakeview Cemetery. In lieu of flowers, donations may be made the Scleroderma Foundation of Michigan. Online guest book www.wintfuneralhome.com.

Pauline E. West, 84

Pauline E. West of Ortonville, Mich., died on Nov. 3, 2015, at age 84.

She was the daughter of James Jr. and Evelyn Bell and sister of James III (Stephanie), Patricia (Richard Houston) and Peggy Cochrane. She married Andrew West in 1952 and together they resided in Detroit and Ortonville. Pauline is survived by her beloved daughter, Patty (Vinny Collins) and son David (Pamela) and her loving grandchildren, Jason (Danielle) and Michael.

Pauline volunteered at Colombiere in Clarkston where she taught ceramics for more than 30 years. She was also an avid Avion camper and is remembered fondly by her camping family.

Pauline has been interred at Great Lakes National Cemetery alongside her husband Andrew.

Memorial service arrangements are deferred at this time. Condolences may be shared through www.CoatsFuneralHome.com.

Nancy Ingles

Broadway singer in concert

Marcello Rossi, St. Daniel Parish of Clarkston music director, hosts special guest Nancy Ingles, former New York Broadway singer, at his concert, Sunday, Nov. 15, 5:30 p.m., at the American Polish Cultural Center in Troy.

Ingles started singing at her church and choir, growing up in Sterling Heights.

She performed in musicals in junior high and high school before singing professionally in New York and around the country, as well as regional theater locally.

"I love community theater. It's so amazing, the talent is so high," she said. "It's like a big family."

Her favorite songs to sing include "A New Life" and "In His Eyes" from *Jekyll & Hyde*, which she performs in Windsor, and "I Dreamed a Dream" from *Les Misérables*.

They'll sing a variety of music, including originals, pop, prayer, and Broadway showstoppers. Also featured will be opening act Black Satin and pianist Sabrina Carr.

Tickets at the door are \$25. For more information, call 248-689-3636 and visit www.marrossproductions.com.

Are we thriving, or just existing?

The health & wellness of Americans is in jeopardy. A report by the National Research Council and the Institute of Medicine shows the US is in dead last among 17 countries including Australia, Canada, Japan and Western Europe.

Experts in the health industry attribute the dismal health rank due to poor and under-insured. However, the report concluded the US health rank also involves poor health in people of affluence.

There are no socioeconomic boundaries. From infancy to adolescence, young adulthood and old age, people in America die far more than the other studied countries from addiction, heart disease, cancer, diabetes, pulmonary disease, and obesity.

Alarming, the study concluded Americans consume more calories per capita and abuse prescription (as well as illicit) drugs than other countries.

As Director of Pharmacy Operations at an adult psychiatric hospital, with over 28 years of consultative clinical experience, I believe America requires an immediate re-evaluation involving how we assess and treat chronic disease.

Comprehensive assessments ruling out underlying nutritional, environmental, and physiological risk factors prior to premature drug therapy should be mandated for all conditions.

America's youth consumes three times the psychiatric and stimulant medications than the rest of world's children combined as discussed in The American Epidemic: Solutions for Over-medicating Our Youth.

We lead the world in suicide massacres.... Our food chain is toxified with GMO, pesticides, preservatives, food coloring additives and cancer causing chemicals.....

Fund raisers for Leader Dog program

Leader Dog for the Blind puppy raisers in the Clarkston, Waterford, and White Lake area have been raising funds for the New Canine Development Center at Leader Dog in Rochester Hills through "Dine with Dogs."

Clarkston area Leader Dog for the Blind host a fund raiser on Nov. 11 at Heroes BBQ on Huron Street in Waterford Township. This is an all day event where they will donate 20 percent of the total bill if you tell them you are there to support Leader Dog. They will also have a 50/50 raffle going at dinner time.

In December, Culver's hosts a fund raiser

Heck, even the Subway food chain recently got nailed for using azodicarbonamide, a plastics foaming agent, for their bread production. This chemical is an effective bleaching agent and helps produce more bread in less time.

Sorry to be a messenger of bad news. However, there is an upside to this report. Americans are passionate, giving people, and we help others in need – if we have the right information.

For many decades, Americans were fed wrong information involving our health and wellness. The US is home to the best doctors, healthcare practitioners, teachers and business leaders worldwide.

So how do we digest this bad report card of America's health and wellness, and help people understand the direction needed to move our country back into the top tier of health in the world? Education and information.

This monthly health & wellness series, *The Thrive Protocol*, will provide information, helping you and your family become proactive in the development of positive interventions, increasing physical as well as mental health to prevent disease. For example, how can we help reduce the incidence of heart disease, the number one killer in America?

Excessive craving consumption of sugar, caffeine and fats combined with a lack of exercise increases the risk of heart disease. There are nutritional supplements to help people stop cravings for these deadly food sources while enhancing energy.

For more information visit the Coalition Against Over Medicating Our Youth, www.CAODY.org and click the "Ask the pharmacist" tab or email your questions to me, FrankGranett@CAODY.org, or message me on Facebook. Next month I will discuss how to determine the underlying causes of ADHD.

on Thursday, Dec. 17, from 6-8pm. They will donate 10 percent of the total sales of everyone who comes in.

Kruse and Muer will donate 20 percent of sales if you tell them you are supporting Leader Dog on Monday, Jan. 18.

At each event, there will be several puppies to greet customers. This also allows people to come every month and watch the puppies grow.

The goal is to raise \$15,000, and they are almost 75 percent there. For more information, visit <https://secure.qgiv.com/event/team/750344/>

There was a lot of excitement and amazement as The Gateway unveiled a copper sculpture of the state of Michigan.

New Gateway to Clarkston

The Gateway of Clarkston, formerly The Birdfeeder, Clarkston Flower Shop and Bonnie an Clyde, celebrated a new name to combine three stores. During the celebration, a copper, 10-foot-tall sculpture of the state of Michigan was unveiled.

Owners Sheri Schulz and Steve Stroud have been preparing for the celebration for a long time. Schultz said the copper piece, created by Clarkston based Iron Raven Metals, has been in the works for years, and she and Stroud, and employees were excited to unveil the copper structure, which was created as a symbolic Gateway to the city of Clarkston.

Inside, the shop is beautifully

decorated for Christmas.

"It took us months to get ready for Christmas," Schulz said

"We are really excited for our customers and the local community to see what we'll be unveiling," says owner Steve Stroud.

The shop has been family owned for nearly 24 years. In 1992 Schulz and Stroud's parents, Jerry and Patty, started the business. Jerry said his children have been in charge for quite some time and he is proud of the businesses growth and direction.

"I love what they are doing here and I'm proud of them," he said.

The Gateway is located at 7150 Main Street Clarkston.

Employees and staff at The Gateway gather to celebrate with a ribbon cutting. Photos by Andrea Beaudoin

Whoville citizens make a lot of noise to prove they exist on Horton's clover. Photos by Wendi Reardon

Imagination comes alive on stage

BY WENDI REARDON

Clarkston News Staff Writer

The characters of Dr. Seuss come alive on the stage at Clarkston Junior High School in the musical *Seussical, Jr.*, Nov. 20 and 21 at 7 p.m.

The musical, by Lynn Ahrens and Stephen Flaherty, is based on "Horton Hears a Who," "Horton Hatches the Egg" and "Miss Gertrude McFuzz."

It takes place as JoJo, a creative boy, imagines a story about how Horton, an elephant, finds a clover with a world on it called Whoville. The small world is about to be destroyed by citizens of the jungle and JoJo and Horton are trying to stop it.

Lauren Ormsby plays JoJo, the son of Mr. and Mrs. Mayor in Whoville.

"The whole play revolves around JoJo's imagination," she explained. "The play starts off as he starts thinking of all these characters and then it just explodes into all these different ideas and scenes."

Samantha Stanek and Justice Williams play the roles of Mrs. and Mr. Mayor.

"We are so busy with the Whos and ruling them that we don't like JoJo thinking these creative things and he is abnormal," Stanek explained.

"As his father and mayor I am wanting him to act like me," said Williams. "I am disappointed."

Though JoJo's parents disapprove of his thinking, the Cat in the Hat, played by Julia Ruggirello, encourages JoJo to be creative.

"The Cat in the Hat is the narrator throughout the whole story," Ruggirello explained. "He eggs JoJo on to keep thinking about these new ideas. Even though her parents keep telling her no more thinking, thinking is bad. The Cat in the Hat is saying keep thinking, thinking is good."

Ormsby explained playing JoJo has been different because she is playing a male character.

"It was different to use my imagination to be someone I haven't been before," she said.

Ruggirello added there were some aspects of Cat in the Hat which made it easy for her to step into the role.

"Cat in the Hat is a goofball so I didn't have to change that much because I am kind of wacky already," she smiled. "It is fun to narrate the whole story, have lots of energy and sing some songs. I think it's nice to be the big burst of energy that keeps JoJo going throughout the story."

Seussical, Jr. is the first musical production for the Clarkston Junior High School Performing Arts Center.

Mark Magni, theater director explained they were looking for something fun to do and Michael Peterson, the junior high school

and high school's choir director, suggested it.

"We wanted a play for a big, flexible cast and just fun," Magni added. "It something people knew - there was recognition. It's your imagination as a director, a designer, as an actor. There's very little rules."

"I am so proud of the kids," Peterson added. "It's my first year doing a junior high production and it is a big undertaking for them. Some of them have been in shows before but not with the school. It's been really neat to see them all come together to work as a unit. I am really happy for them and hopefully it will encourage them to try the high school productions."

The cast and crew invites the community to come out and see the production.

"Seussical is a nice children's play," Stanek explained. "It's good entertainment. I know my little brother wants to see it badly because he loves Dr. Seuss."

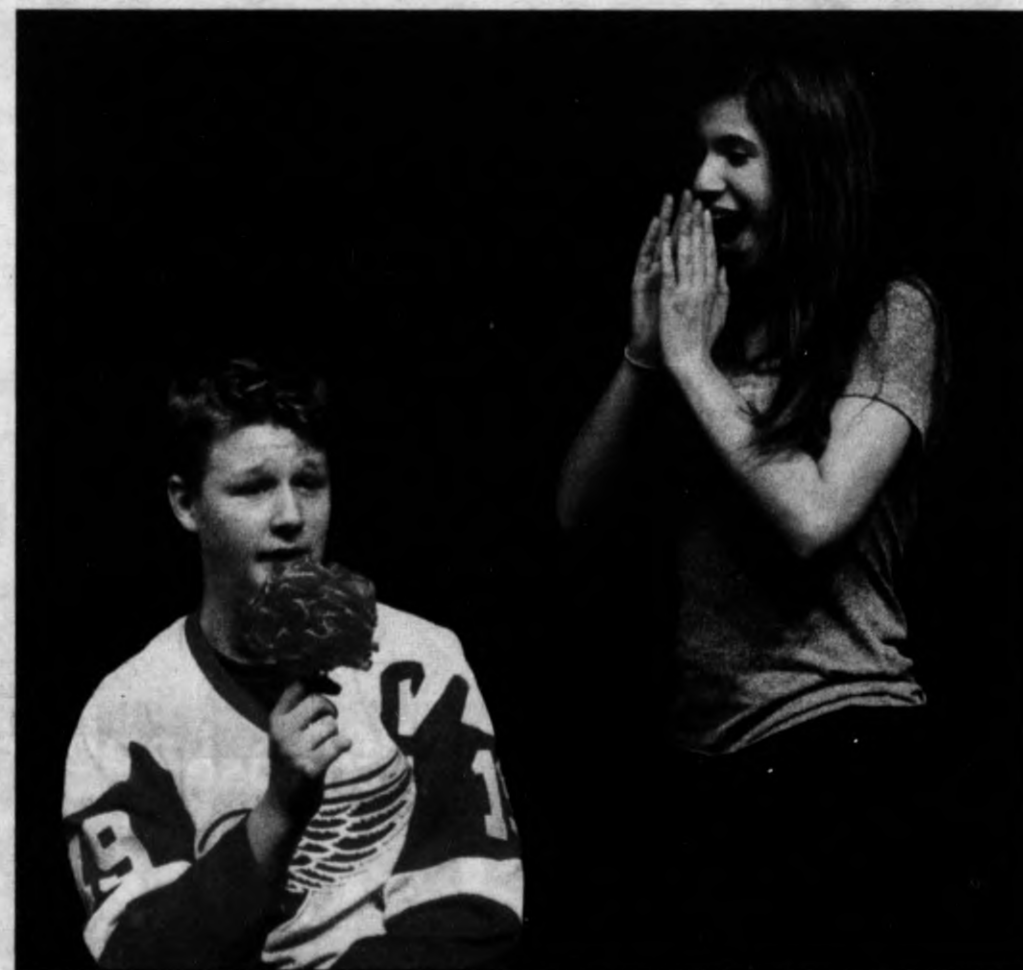

"It's really fun," Ormsby said. "It's really involved with the crowd."

"Yes," Ruggirello added. "I go in the audience and talk to them. It's great for families. I know a lot of elementary schools talk about *Cat in the Hat* and Dr. Seuss. "Green Eggs and Ham" is our finale song."

Seussical, Jr. is at the junior high's performing arts center, Nov. 20 and 21, at 7 p.m. Tickets are \$5.

Cat in the Hat, played by Julia Ruggirello, sings "How Lucky You Are."

Horton, played by Dominic Maniscalchi, and Gertrude, played by Bethany Vamvakitis, are excited to hear from JoJo and Whoville.

Everyday we are thankful for our veterans, past & present.
THANK YOU!
