### **First Family Moves Into** Willowbrook Estates Sub. No. 2

FIRST FAMILY of the new Willowbrook Estates subdivision No. 2, the Charles Kucinskis, 40995 10 Mile Rd., moved into their new home Friday. Shown in the picture above are Mrs. Charles Kucinskis: Bobby, age 5 months; George, 13; and Gail, 31/2. Mr. Kucinskis was at work when the photo was taken. He is an electrician for Rotary Electric Steel in Detroit. The Kucinskis plan to make extensive additions to their home as soon as possible. A 2-car garage, an enclosed breezeway, and an outdoor patio are

among their planned improvements. Several other families moved into the development during and after the Fourth of July weekend and most of the 61 houses

now under construction are rapidly nearing completion. However, some difficulty has been encountered with the water system installations which have failed to meet the Novi Township building code requirements. The water mains and connecting service lines have been installed well above the possible winter frost line, posing the possibility of winter freeze-ups throughout the development. Fire hydrants, in some instances, have their

bases one to two feet above the present ground level. Additional building plans have not been announced as yet but it is understood that another large scale development will be commenced next month immediately south of the present subdiv-

ision No. 2. No developments are reported as yet with regard to the much talked about shopping center on the southeast corner of Meadowbrook and 10 Mile Roads. The property is zoned for commercial use, but, according to township officials, no request for a building permit has been received at this date.

It's a Buick Riviera, of course. Which means the low and rakish look of a Convertible - a solid steel roof overhead - and no center posts in the side window areas to obstruct your view.
