No more than one tract or parcel must be valued or taxed on the same line—two descriptions must not be joined in one valuation or tax. Personal Estate must be valued and taxes entered on a different line, as well as column, from Real Estate. Non-resident lands must be entered in numerical order, beginning with section one. Enter the amount of any reassessment, with R and L, in the column of taxes to which it belongs. Above the tax for the year for which this Roll is used, making a note at the foot of the page stating for what year the reassessment is made. Two or more City or Village Lots owned and occupied as one parcel, may be assessed as one parcel, but the fact must be noted, that they are so occupied.—Auditor General's Office, 1845.
