3:20 P.M. - Suspect parked, entered the local market, put me in shopping cart, began selecting from fullystocked shelves. Stopped at meat counter, had butcher trim chops way Dad likes them.

3:40 P.M. - Suspect met a Mrs. Rollins in market; they talked about PTA meeting. Also mentioned new fashions (dresses, shoes, hats) on display at local stores; both seemed pleased at prices, mentioned "real friendly service" several times. I didn't hear it all; was trying to establish contact with Miss Rollins in her taylor-tot; (every private eye is supposed to have a secretary, you

3:55 P.M. - Suspect was home, shopping done. Called Grand-suspect - I mean Grandma - on phone. Spoke of family matters; explained she was home earlier these days because she now does her shopping close to home. Says she has finally realized that she can get all the nationally-advertised brands - whether it's food, furniture, or fine fashions - right here from the merchants of our own community. Says they give her a lot of special service and consideration she didn't get when she used to drive away off to the big-city stores. Suspect emphasized that prices in our own community were just as low as those anywhere else . . . and she's saving a lot of money she used to spend on gasoline, oil, parking, car repair. Suspect thinks everyone should support local businessmen and their employees - the folks who pay for our parks and schools and contribute to our charities and civic organizations.

INVESTIGATOR'S CONCLUSION: Suspect is 100% right.

I. This without doubt the "greatest" insurance policy a member
can "buy" if he has young children. If you do have children, you would be secure in the knowledge that if you should die suddenly, that your widow and children would be eligible for entry into our National Home for Widows and Orphans at Eaton Rapids. By the simple investment of a few dollars for dues in the VFW, your family might be able to reap educa-tional benefits worth hundreds of thousand of dollars. HOSPITAL WORK: Keep Them Smiling On Beds of White l. The Department of Michigan, VFW, maintains the best hospital visitation program of any service organization in the state. Not only does the VFW have representatives at each Veterans Administration hospital to care for the wants of each patient, but it has representatives in state and county hospitals where veterans are hospitalized. In all these hospitals, assigned VFW workers go about their chores of providing necessities and other tangibles for patients. In addition, many posts and auxiliaries of the VFW provide hours of relaxation for patients by holding parties, bingos, movies and other recreational and diversional social programs. These are of untold psychological benefit to often lonely hospitalized veterans.

hospitalized veterans.

COMMUNITY SERVICE: Building a nation through it communities

This program is directed toward the communities in which
we live. The Veterans of Foreign Wars has the most extensive and most complete community service program in

the World.
2. The Department of Michigan, VFW, was rated as one of the seven top states, percentage wise, in community service programs during the past year. The state proved more than 93 percent of its chartered posts and auxiliaries performed service projects in their localities. In Michigan during 1954-55, an increase of 186 posts was recorded in community service

programs.

Nationally, more than 11,000 posts and auxiliaries sponsored 516,606 community service programs in the country. Michigan totaled better than 15,000 of these projects. This is proof positive that the VFW works for a better community and consequently a better state and nation.

SERVICE AND WELFARE WORK: Millions of dollars for thousands of deserving veterans

1. Do you know that the VFW maintains and staffs a com-

Do you know that the VFW maintains and staffs a complete office in Detroit with service representatives throughout the state whose SOLE purpose is to ferret out claims and process them for veterans. As a VFW member, you would have first call on the services of these trained technicians. Their services are completely FREE.
 How much in terms of money do you think this service office of ours has recovered for veterans of this state since the close of hostilities of World War II? If your guess was about \$55,000,000, it would be correct. Along with our guessing same, how many veterans would you say were helped by this VFW service office personnel? If you estimated close to \$50,000, you would be close.
 In reddition to its office personnel, the VFW Service and Welfare division has trained field service men who attend veterans in our hospitals and initiate claims on the local level.

Further, hundreds of post service and welfare officers, who work without pay to help you and your family in time of stress, are working incessantly to help in initiating claims. Posts and other local units of the VFW maintain relief funds through which thousands of ex-servicemen have drawn in time of emergent need. These emergency funds have saved many families from complete chaos when disaster struck. LEGISLATIVE WORK: Laws to benefit millions

the VFW. The Veterans of Foreign Wars was the ONLY
MAJOR Veterans organization in Michigan to openly

Korean bonus legislation.

(b) VFW helped to establish the Michigan Veterans Trust

Every piece of veterans legislation on the statute books today is a result of work by the VFW and other veterans

organizations.

The VFW maintains a paid lobbyist in Washington to look to affairs which are of grave concern to veterans. On the state level, this organization has a legislative officer who helps to put across needed veterans legislation here in Mich-

YOUTH ACTIVITIES: Fighting juvenile delinquency at

every turn

1. The Department of Michigan, Veterans of Foreign Wars, maintains two Summer camps for children of members and for other children posts or VFW members wish to send. During the year, hundreds of youngsters — who ordinarily never have a chance — are able to attend camp. Your membership helps to provide this wonderful opportunity for our youngsiers.

Through the Department, the VFW holds a state marble tournament each year in which the winner is sent to the national marble tournament. Through our local marble tournaments, thousands of boys are taught the spirit of fair

PERHAPS YOU'VE HEARD that the Bell System has started installation of a new telephone cable under the Atlantic to the British Isles. The amplifiers (which keep voices strong and clear) are being built right into the cable and must last for years without repairs. It's vital to keep lint and dust out of the amplifiers so they are built in pressurized workrooms where employees wear special orlon work clothes, get their shoes vacuum-cleaned before going to work, and wear no cosmetics. They also get special fiber-free tissues if they get a cold in the head! * * * * * * * * * * * * * * *

Io the man who's thinking about buying a new truck:

And what you're missing is more than "maybe," it's for sure—if you haven't yet visited your Dodge truck dealer.

Do you want to miss a rock-bottom price? Perhaps you haven't realized that Dodge trucks actually cost less than you'd pay for corresponding models of most other makes.

Do you want to miss power so high i leads the field? Consider this: with engines of 169 to 175 horsepower, Dodge overpowers every other leading make of truck in the low- and medium-tonnage fields.

Surely you don't want to miss the dependability, the over-the-years economy for which Dodge is so well known.

You don't want to miss Dodge safety which includes the biggest wrap-around windshield of any truck on the road, the shortest turning radius. Or Dodge superior cab comfort ... Forward Look styling.

In short, you can get a whale of a lot more truck for a good deal less money than you think! Stop in and see your Dodge truck dealer right away—don't miss anything!

An electric dryer takes the blues out of "blue Monday." Wet wash goes in . . . fluffy dry laundry comes out. There are no heavy wet clothes to haul up the stairs, hang on the line.

You'll discover, too, that an electric dryer seems to add more hours to your day. At last you can get started on those never-have-time-for tasks, or devote more time to your family, community and friends. Make your next washday truly "easy livin" with an electric clothes dryer.

parents, so also He has made us
heirs of His Kingdom, "heirs indeed of God and joint-heirs with
Christ," as St. Paul tells us. As children of God we shall enjoy the self-same Kingdom with Christ. Is not this a weighty reason to urge us to love one another? When we meet a Christian, we must consider him as our bro ther, for God is his Father as He Now we well understand why

God wishes, why he commands us to love our neighbor. Endeavor to comply with this weighty ob-ligation, for you cannot love God unless you also love your neigh bor. He that loveth not his broth er whom he seeth, how can h love God whom he seeth not, asked St. John. Love then your neighbor, and always remember that this is a true mark of a rea disciple of Christ. "By this," says our divine Lord, "shall all man know that you are my disciple if you have love one for another. See then that this mark exists in you, so that Christ may recognize you as His disciple when you will appear before His tribunal.

Therefore, he who is devoid of charity toward God does not possess a single virtue; on the other hand, he who has charity posses-ses them all, if not all in the same

degree.

The love of God may fitly be compared to the sunshine. When it is winter, the sun withdraws its rays; the face of nature loses its beauty. But it is quite possible to possess imperfect, natural virtue without the love of God. For every man has by nature a certain inherent knowledge of what is good and a desire for what is good, by reason of which he can perform many a good action and, by habit, acquire moral
