NOVI'S NEW RURAL DELIVERY mail route is shown in white on the above map. The mail carrier will sell stamps and money orders, as well as deliver packages. The only portion of the area not affected by the new delivery lies within one-half mile of the post office. These residents will continue to receive their mail lat the post office. Expansion of the new delivery system to additional adjoining treas is now being studied.

A NEW LOOK in the township hall took place last week end when one of the township offices was temporarily transformed into a mail room for use in sorting letters and packages destined for addresses on Novi's new rural route. Postmistress Marjorie Watson shows the temporary mail sorting racks which have been installed by the post office department.

# New Novi Post Office Building Plans Announced

Extension of New Route Into Adjoining Areas Is Now Being Considered, According to Staman

The announcement of a new Novi post office building and final instructions for residents of the newly established Novi rural route were simultaneously issued by Postmistress Marjorie Watson Tuesday afternoon.

A complete map showing areas being covered by the new route is published on this page. The extension of this Novi route into several adjoining areas is now being considered, according to Supervisor Frazer Staman.

Born At Pajama Party

# I Think I Feel My Gosh, SHE'S HERE!

#### Rebekahs To Install New Officers Jan. 14

Seven new officers of the Re-bekah lodge will be installed by the Novi installing staff Satur-

day, Jan. 14.
Officers to be installed are ducing to the limit of our facili-ties," said Mr. Mills. "But firm Grace Frisbic, junior past noble so that service grand: Thelma Cheeseman, noble without delay. orders are still running two months ahead of our production." grand: Margaret Marshall, vicegrand; Loree Bell, recording secretary; Ruth Woodworth, financial secretary; Gladys Hayes, treasurer, and Kathryn Bachert, The Novi Board of Communication of Communicati degree captain.

The Independent Rebekah club met at the home of Thelma Cheeseman last Wednesday.

The degree team practice will to a point where 40 per cent of be held Thursday in preparation for the installation Jan. 14. Wednesday evening the install-ing staff went to Milford to incent have only one car in stock. The current dealer stock of stall the new officers of that Lincoln automobiles amounts to lodge.

1.6 cars per dealer, on the avernormal capacity of 90,000 Lin-The new Lincoln plant in Novi, colns currently being built will have a basis. colns a year on a straight time

A temporary mail sorting room has been set up in the Novi Township hall. Present plans call for a new and larger post office building to be built directly to the north and adjoining the present building, Mrs. Watson added. Construction will he started as soon as the post office department approves the

One of the advantages under the new set-up, according to Mrs. Watson, is that most of the residents will be able to receive their mail directly in front of their houses

"Residents of the Willowbrook area will appreciate this advantage," Mrs. Watson added. "Until now, they have had to place their mail boxes on 10-Mile Rd., even though they lived as far as two or three blocks away."

Another advantage under the new delivery system is the lack of confusion which will result from having a Novi address. Many new residents have complained in the past. "We tell our friends we live in Novi but we have Farmington or Northville mailing addresses; they're confused and so are we."

All houses in the area shown on the map will receive the rural delivery except those within onehalf mile of the post office. The law requires that these homes within the one-half mile radius pick up their mail at the post office.

Residents on the rural route may purchase stamps, money orders, and receive packages if 🖎 ey are home. Otherwise, a slip will be left in their box and they may obtain the package by calling at

the post office. Change of address slips are available from the mail carrier or said. "People should immediately notify the publishers of all magazines and newspapers they receive, as well as friends and

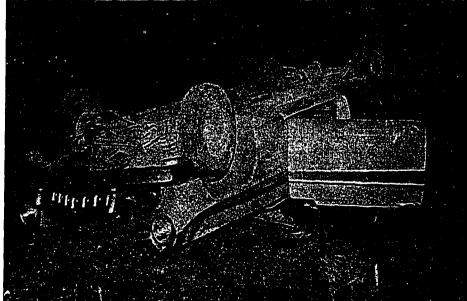

Complete names and street numbers must be clearly marked on all boxes, she warned, and whenever a new box is erected, the post office must be notified so that service may be started

#### **Board of Commerce**

The Novi Board of Commerce will meet at the Community Building Jan. 12 to elect officers

for the coming year. Dinner will be at 7 p.m. and the general meeting at 8 p.m. Those offices to be filled include president, vice-president, treasurer, secretary and three trustees.

Including production of sand and gravel, Michigan has mineral industries in all but 4 of its 83

## Retirement Announced

The retirement of Emma Du-Bord, home demonstration agent in Wayne county for 26 years, was announced this week in a release from the Wayne County Agricultural agent, N. A. Smith.

During Miss DuBord's service to the Michigan Cooperative Extension service, she was close to the women of Wayne county and did much to increase the membership of home demonstration groups. She was honored by these same women when they created a scholarship fund in her name which is responsible for sending many a decorating day to the service of the sending many a decorating day to the service of the service Choose from such famous makes as which is responsible for sending many a deserving girl on to a career in home economics. They staged a Silver Anniversary cele

bration and open house for Miss DuBord in June 1954 at American Legion Memorial Hall, Wayne. Miss DuBord's first position with Extension was that of assistant state 4-H club leader from 1925 to 1929. Prior to this she \*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\* Refrigerator

#### NOTICE

"It is unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money-that is all. When you pay too little, you sometimes lose everything because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot. It can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run. And if you do that, you will have enough to pay for something better."

# CITY AWARDS WELL

for the Record

Dear Dr. Snow: to discuss in the Northville Record the basic issues involved ville. Two other articles by Dr. Snow will appear in succeeding in the request of the Northville Driving club and Northville issues of this paper. All are to be written by Dr. Snow in an effort to Downs to have the St. Lawrence property rezoned so stables for 300 horses can be erected thereon. If you are able Downs recognize their moral and financial responsibility will not necessarily represent the opinion of the publisher, and the of being a good neighbor in the community, your proposed Record reserves the right to comment editorially on Dr. Snow's views. series of articles can serve a useful purpose.

At the outset, may I review briefly our conversation when you stopped at the Record office last Saturday. A winter occupation - training We agreed, I believe, that both the Northville Driving harness horses at Northville club, which owns the local track and which you serve as Downs - that has been accepte president, and the Northville Downs syndicate, which op- for almost 50 years in Northville erates the track under lease from your company, are busi- without question by the residents ness ventures organized and conducted for the purpose of importance in the short time of earning a profit for their stockholders and partners. two months.

When you expressed wonderment at the furor arous- The sudden mushrooming of Events of the Past ed by your request to build year-around horse stables on winter training to major proporthe St. Lawrence property I expressed the opinion that two tions is a direct outgrowth of the Obituaries considerations were involved. One was that if your earnings were to be made larger from R-1 to T-1.

or continued longer by expansion, your organizations should willingly compensate the neighbors whose property would be depreciated by your expansion. The amount of Northville Driving Club, owners Sports ...... would be depreciated by your expansion. The amount of of the property, are anxious to their injury can be quite easily arrived at by an independ- have the property rezoned in Calendar Feature ent appraisal. Its cost is as proper and legitimate as the order to construct barns on a porvearly rental that will be paid to Mr. St. Lawrence and can tion of the land. This land was be charged off as a deductible expense for tax purposes, used last summer as a barn area MARCH OF DIMES eventually reducing your net cost to about 50 cents on the with tents serving as shelter for

The other consideration was that your proposal of the plant and the status of Northville as a winter training conference for harness horses scared many residents. Whether or rectly or not, they have the impression that if winter parase are built for 250 horses, they will be fully occupied immediately, and that this will represent success that mean razing of some of the present buildings and construction of new barns to praise a few parts of the construction of new barns to great that along with the trainers and owners this activity of the summer influx of track employees. They of their children inclose process that the summer influx of track employees. They of their children inclose process that the summer influx of track employees. They of their children inclose process the status of the process of the trainers and owners that mean razing of some of the present buildings and construction of new barns to generate the construction of the process of the present buildings and construction of new barns to generate the construction of the process of the present buildings and construction of new barns to generate the construction of the process of the present buildings and construction of new barns to generate the construction of the process of the present buildings and construction of new barns to generate the construction of the process of the present buildings and construction of new barns to generate the construction of new barns and the mount of the process of the present buildings and construction of new barns to generate the construction of the process of the present buildings that were deemed in the construction of the process of the process of the present buildings and construction of the process of the present buildings and construction of the process of the present buildings and construction of the process of the process of the present buildings and construction of the process of the process of the present buildings and construction of the process Fears have been openly expressed by residents of the Sheidon Rd. area for the safety of-their children in close proximity to the summer influx of track employees. They do
not relish the thought of this situation continuing even on
a lesser scale during the winter months. Nor, apparently,
do many city residents who signed the referendum petition
to ban winter use of the barns.

These who have apposed rezoning the St. Lawrence

Carried out but not until too late in the spring, too late for the construction of new barns and the chairman of the Northville area.

The objective is to raise funds needed for poliio patient aid, scito ban winter use of the barns.

Carried out but not until too late in the spring, too late for the construction of new barns and the chairman of the Northville area.

The objective is to raise funds needed for poliio patient aid, scilinglis was outspoken in his criticism of the 'tent city' and notified the track operators as early as last September that no racing dates would be issued for 1956

These who have apposed rezoning the St. Lawrence

Carried out but not until too late in the spring, too late for the downtown area are Charles Carrington and Gil Glasson.

The objective is to raise funds needed for poliio patient aid, scilinglis was outspoken in his criticism of the 'tent city' and notified the track operators as early as last September that no racing dates would be issued for 1956

These who have apposed rezoning the St. Lawrence of the same are Charles

Drilling To Start As Soon As Land Option Is Arranged

> Dunbar Drilling and Supply Co., Lowest of Five Bidders, Gets Job for \$10,480

THE NOVI NEWS-Thursday, January 5, 1956-7

It has been said that the water in Northville could stand some improvement. If you are one of those who believe this then here is hope! The Northville city council awarded a well-drilling contract to the Dunbar Drilling and Supply Co. of Delta, Ohio Tuesday evening. The contract calls for the drilling of not more than four 8-inch test wells, including one expanded 16-inch permanent well.

 Councilmen Allen and Stuben voll were named to negotiate an option to purchase some land owned by John Jones, Baseline Rd., to be used as a water test well site. If the water is satisfactory for consumption the councilmen then have the authority to buy the required 400 square feet

ing Board last night held the first | The contract was awarded to of three open meetings to give the Dunbar Drilling and Supply contract. This will be the second Although it is not the desire of ed a well in Northville, the first the township board to encourage was in the park in 1938.

I muscled Buick like the one shown here—we'd like to set the matter straight.

If you can afford any new car, you can afford this strapping and stunning Buick Special Sedan-and no kidding.

So maybe you can understand why Buick-for two years running now-has outsold every other car in the land, except two of those well-known smaller cars.

Big reason for Buick's soaring sales sweep is that folks are finding here a lot more automobile for the money-more style boldness, more power thrill, more ride stability and more solid structure and life and pace and poise of a stunning new Buick—when it's

Drop in on us this very week - tomorrow would be fine - and we'll seat you at the wheel of the biggest and most beautiful bundle of high-powered Buick ever offered in America's low-

all yours at just about the price of a smaller car?

If your answer is yes, then the time is now-right now.

200 Ann Arbor Rd.

their return to their home they bassed by Jerusalem and gave no information to Herod.

Gold has always been precious. The Magi felt the royalty of Christ and so they gave Him the best gift they had. It was a practical gift, for, as subsequent events were to unfold, the Holy Family would have to flee to Egypt to escape Herod's wrath. No doubt, the gold would come in handy then.

The gold signifies the charity of Christ. Charity is a virtue infused in us by God, by which we love God above all things for His own sake and our neighbor as ourselves for the love of God. "He that has done my commandments and keeps them He it is that so the same of the commandments and keeps them He it is that so fresion and actof worship. Several of our services include the use of incense. Su to mich has burned as an act of worship. Several of our services include the use of incense, ship bestowed upon us as a cross. This cross may be one of mortification, not doing what is forbidden and in denying the craving ship bestowed upon us as a cross. This cross may be one of mortification, not doing what is forbidden and in denying the craving ship bestowed upon us as a cross. This cross may be one of mortification, not doing what is forbidden and in denying the craving ship bestowed upon us as a cross. This cross may be one of mortification, not doing what is forbidden and in denying the craving ship settowed upon us as a cross. This cross may be one of mortification, not doing what is forbidden and in denying the craving ship settowed upon us as a cross. This cross may be one of Christ. The use of incense to their pagan gods as an act of worship. They hauled captive Chiristians before the cross that of resignation. This is, as the name implies, bearing the hard-ship, sickness or adversity. But why should we mortify ourselves? "Such as I love, I rebuke and chastize. Be zealous the refore and do penance." We have to mortify ourselves? "Such as I love, I rebuke and chastize. Be zealous the refore and do penance." We have to mortify ourselves

that has done my commandments our mind the form of communi- eternal downfall. and keeps them, He it is that cation with Almighty God which To the wicked, a cross is a pre

# NOTICE

PUBLIC HEARING

FRIDAY, JANUARY 13, 1956 – 8:00 P.M. CITY HALL A public hearing will be held at the above date, time

and place on a petition presented to this Commission for the re-classification of the following described property from R-1 residential classification to T-1 track classifica-

The description of the property in question is: Land in the City of Northville, Wayne County, Michigan, described as: That part of Lots 230 and 231, Assessor's Northville Plat No. 3 which lie more than 450 feet west of the center line of Sheldon Rd. Action at this hearing will also be taken on a petition filed with this Commission requesting that Section 20.02, Use Restrictions, of the Zoning Ordinance be amended to

add thereto the following: "Provided, further, that the use of all property within this T-1 District for the wintering of horses be limited o a capacity of 250 horses at any one time."

This notice given in accordance with the provisions of the Village of Northville Zoning Ordinance and Sec. 4, of Act 207, Public Acts of 1921, as amended.

Mich. over the dec.

To Discuss By-Laws COMPLETION BY THE END OF THE MONTH is the aim of C&O railroad crews as they speed construction of the new railroad line which will serve the Lincoln plant now under construction. "All old business was review Giant earth movers were busily clearing a right of way last week, closely followed by the railroad ed and new business discussed, building crews. A build-as-you-go technique is being employed in laying the new rails. The giant she added. "The by-laws were crane (top photo) rolls along on newly completed track, hauling a car loaded with rails. Swinging approved by the board."

The club's next monthly around, the crane takes the new rails and lifts them gently in place for the crews to secure them to the around, the crane takes the new rails and lifts them gently in place for the crews to secure them to the ties. After the track is temporarily secured in position (bottom photo) the crane and rail car move forward and repeat the process. A crew equipped with pneumatic hammers follows to complete the installation. Approximately one-half mile of track has already been laid and railroad officials are presented to the club member-
