EXPECT 80% STUDENT INCREASE IN TEN YEARS

Council To Study City Mgr. Plan To Report Feb. 23

for the Record

The lead story in this week's Record deals with the school To Committee a story about the bricks and mortar that will be required to build Report To Be Given such a school system, the cost of such bricks and mortar, and how this cost can be met by a moderate increase in taxes.

The story is based upon a report made by the Citizens Advisory School Committee to the Board of Education to assist the pointed by Mayor Claude El board in deciding future school policy. This report appears to to study the advantages and dishave been carefully prepared by a group of conscientious cirizens advantages involved in hiring a who must have devoted long hours to investigation and study of city manager for the city of the local situation. These men and women deserve the thanks of Northville. the entire community for the effort they have made to be helpful. Provisions were made in the Above all, their recommendations warrant being considered most recently voted city charter for a carefully by the Board of Education.

The report is quite explicit in its attempt to forecast growth of population in the school district, the type of school buildings a public vote. that will be needed, where they should be built and how they can plicated,"

Its curriculum section is more subject to debate, not because individual. All of our leg-work it is less explicit than the others, but because there is room for a could be done by the city manawide divergence of opinion as to the subjects that should be ger. Since the charter commistaught. The suggested curriculum is essentially that which many high schools have been teaching for years—college preparatory, with a disht leavening of them and other many disht leavening of them and other many disht. The college advantage of it." with a slight leavening of shop and other manual skills. The only Councilman Canterbury men-NEW subjects suggested are these: typewriting for personal use, tioned that he had already coloffice practice, business machines, journalism, refresher mathe- lected a great deal of informamatics, corrective gymnasium work, music appreciation, conservition on the subject and said that ation, law for personal use, a guidance program (counseling, etc.) | there were 96 city managers in

Against this classical approach to education there is another equiting such a man," Canterviewpoint which emphasizes technical education to a far greater bury said, "and if we expect to extent than ever before. If anyone doubts its validity, and the energy amanager in quite a few mous demand for college graduates who have specialized in technical subjects, he has only to scan the classified ad. sections of the Detroit Sunday papers to find page after page of "help wanted"

Mayor Ely appointed Council Man. 16. The city and township the fancy black lettering has caused more than just a mild stir among the people who have seen it hall will be open until 5 p.m.

WANTED! Laundress for 44¢ a week

Live better Electrically

Even in the "good old days" you couldn't find a laundress for such a small sum. But today,

44¢ buys enough electricity to wash and dry the week's laundry for the average family. With

an electric clothes dryer (to match your electric

washer) you do your laundry the modern way—the easy way. Follow the modern trend toward all electric living. See the new electric clothes dryers at your appliance dealer's or Detroit Edison.

Stepping Out...With His Two Loves!

It's the hour of twilight! And what happier prospect could a man ask for a wonderful evening. For tonight he's stepping out with his two favorite companions—the lady in his life . . . and the car in his life!

And you can rest assured that the "car of cars" will make a contribution all of its own to his evening's enjoyment.

First of all, there will be the inner satisfaction a man always feels as he steps into his Cadillac and settles behind the wheel. All about him will be the inspiration of Cadillac's luxury . . . and beauty . . . and graciousness. Then there will be the thrill of Cadillac's marvelous performance. Driving will be so easy

and so effortless that every mile will be a mile of There will be the contentment that comes with Cadillac's great safety . . . and the comforting

knowledge that he—and his lady—are surrounded with every comfort and safeguard known to automotive science.

And, finally, there will be the joy of arriving in the "car of cars" . . . and of catching those glances of admiration that will come his way as he pulls to the curbstone at journey's end. Little wonder, then, that Cadillac owners have

so great an affection for their motor cars. And their sentiments etch themselves all the more deeply in the light of Cadillac's great economy and practicality. For how wonderful it is to know that the satisfactions of Cadillac ownership are coming from motordom's soundest

Why not come in soon-with your lady-and 'step out" for an hour or so at the wheel of a 1956 Cadillac? The car is waiting for you . . . and we'll be delighted to do the honors!

ent committee, with new blood, | Dear Editor:

new ideas coming in as time goes | Enclosed is a copy of a letter sent to the Board of Education Northville Board of Education is teen-ager and teacher or school I have expressed to you before of the Northville School District, self-explanatory. The writer, F. principal. Qualification would be my admiration for your donation in response to the letter submit Sproule, is associated with an avowed interest in better of time into the wee hours, and ted to, and printed in, the North-Wyandote Chemical Corp. and schools and willingness to donate I know that Mr. Amerman gives ville Record, Feb. 9 issue, by Mr wrote an article titled "What time and effort. The committee devoted service far beyond what James Schiefer on the need for Shall We Teach?" It appeared to elect its own chairman and could be rightfully demanded of a long range curriculum study. in the January 26 issue of this make its own rules. Members to him. I think that you have been You have our permission to print be appointed by a group of three so busy and so close to the pic- it as you see fit. -say, the PTA president; a city ture for so long that you would

I want to second Mr. Schiefer's plea for a truly representative Citizens Advisory Commit. tee on Education in Northville person chosen by the board. | the schools, a group that would of the Northville School Distrisee his Letter to the Editor, As members cropped out, re- see the situation "as others see in the Northville Record, 2-9.56 see his Letter to the Editor, Northville Record, Feb. 9, 1956. Such Citizens Committee are doing excellent work elsewhere and they are recommended by prominent educators, laymen and organizations working for better schools.

As members cropped out, replacements would be appointed by the same group of three. If at the end of two years there had been a turnover of less than one third, the committee would decide by lot who should drop out. So that every six years there had been a turnover of less than one third, the committee would decide by lot who should drop out. So that every six years there had been a turnover of less than one third, the committee would decide by lot who should drop out. So that every six years there had been a turnover of less than one third, the committee would decide by lot who should drop out. So that every six years there had been a turnover of less than one third, the committee would decide by lot who should drop out. So that every six years there had been a turnover of less than one. The structure of the situation "as others see it", unhampered by the press of its. It is issue by Mr. James Schiefer. We got the feeling that the majority of the members of the Citizen's had free to make bold suggestions because those suggestions and free to make bold suggestions of the members of the citizen's had free to make bold suggestions because those suggestions and free to make bold suggestions of the members of the citizen's had free to make bold suggestions because those suggestions and free to make bold suggestions of the members of the citizen's had free to make bold suggestions because those suggestions and free to make bold suggestions of the members of the citizen's had free to make bold suggestions of the members of the citizen's had free to make bold suggestions of the members of the citizen's had free to make bold suggestions of the members of the citizen's had free to make bold suggestions of the members of the citizen's had free to make bold suggestions of the members of the citizen's

I would suggest a committee would be a complete turnover of I think the initiative in setting We don't doubt that the task of 15-20 representing the townmembers. However, any person up such a Citizens Committee confronting the committee was a ship geographically and by occould be reappointed after an abshould properly be yours. F. R. Sproule investment of much time and effort. Also, we don't doubt that

they did, unselfishly, devote much of their time and abilities in the discharge of their obliwhich I have been directed by gation to report their findings as the Northville Mothers club to send to the school board.

As we believe it is a subject that, as a group, they were less than fully cognizant of the very of general interest, we are sub- great responsibility they assum mitting it to you for publication ed when accepting the appointand comment from your readers. | ment on the committee. MARGE A. DAVIS, Mr. Scheifer points out, in the

third proposal he recommended Northville Mothers Club for consideration by the Board From time to time, Northville's of Education, the need for continlack of a swimming pool has uing curriculum study with the been the subject of discussion in the Northville Mothers club. We children the opportunity to equip the Northville Mothers club. We themselves for living in an era of the subject of themselves for living in an era of the Northville Mothers club. We feel this is a conspicuous deficiency in the recreational life of the community; therefore, we strongly urge that a pool be included in the plans being formulated for the new high school. We would like to know if anything has been or is being done along this line, and what our organization as well as other interested members of the community can do towards lending support to such an idea.

children the opportunity to equip themselves for living in an era of ast-moving, dynamic developments in the political, economic and social aspects of our society. Can we afford to do less than what Mr. Schiefer suggests?

It escapes us also how one could disagree with the first and social aspects of our society. Can we afford to do less than what Mr. Schiefer suggests?

It escapes us also how one deficiency in the political, economic and social aspects of our society. Can we afford to do less than what Mr. Schiefer suggests?

It escapes us also how one deficiency in the residence in Ypsilanti. "Terry" is a captivating little charmer who likes to have her photograph taken.

Therefore, we suffer the residence in Ypsilanti. "Terry" is a captivating little charmer who likes to have her photograph taken.

Therefore, we suffer to make her residence in Ypsilanti. "Terry" is a captivating little charmer who likes to have her photograph taken.

Therefore, we suffer terkes of ralty and the message and is planning to make her residence in Ypsilanti. "Terry" is a captivating little charmer who likes to have her photograph taken.

Therefore, we suffer and supported by a few other members of the Board of Education of the Northville School District, with the hope that the members of the Board of Education will carefully study them and consider them important enough to Jack G. LISS, W.M. Committee, and by making it a sider them important enough to

Here are some wonderful ways to do just that! Each one is sleek and exciting as a sports car, handy as a pickup truck . . . and extra big in the bargain with a road-leveling 122" wheelbase! But the really breath-taking difference in Pontiac's fabulous family wagons is the way they GO!

There's nothing like it . . . because they're powered by the greatest performance team ever offered in a station wagon . . .

the mighty 227-horsepower Strato-Streak V-8 and revolutionary Strato-Flight Hydra-Matic Drive*!

That big, extra power means handling ease and liveliness you've never known in a big car.

And wait 'til you hear the prices. They're as practical . . '. and exciting . . . as the cars themselves . . . starting right down with the lowest! See your Pontiac dealer soon—see why these fabulous '56 Pontiacs are rated America's best station wagon buys!
