State Officials Face Huge Tax Refund

A \$50 MILLION HEADACHE confronts state officials and all Michigan taxpayers. This is money the state might be forced to refund to several out-of-state corporations. Furthermore, future revenue may also be reduced by \$20 million a year.

Compared to past years when meetings were torn apart by disunion over low milk prices, this year's meeting was relatively calm. However, F. Simmons, secretary-manager of the MMPA, credited the new price of \$3.55 per hundredweight for raw milk as the basic cause for the harmony.

Annual reports presented by Simmons noted that an all time high was reached this year. Farmers received \$89 million for milk, an increase of \$7 million over 1955.

IF AN APPLE A DAY keeps the doctor away, business may drop off considerably in the medical profession during the months ahead.

A bumper crop—some 10,500,000 bushels of Michigan apples—is reported by Holland F. Patterson, executive secretary of the Michigan State Apple Commission. The yield is valued between \$20 and \$25 million.

"The crop would reach halfway to the moon if laid end to end," Patterson reported as growers in the state harvested more than one and one-half billion apples.

While such favorites as Jonathan, McIntosh, Northern Spy, Red Delicious and Wealthy continue to be the most prominent Michigan apples, there are 40 varieties marketed from our state.

"Because this year's apple crop produces a lot of quality, flavor and color and because nationwide apple production is down, Michigan growers are in a favorable spot," Patterson concluded.

Some capital spokesmen believe the decision may touch off a rash of claims against the state requiring considerable litigation.

A Michigan income tax is mentioned as an alternative if considerable revenue is lost by the passage of an income tax act to gain lost revenue.

Michigan officials watched the problem develop slowly but steadily through the courts. Now they can only wait while time answers the question of what effect the decision will have on the state's finances.

A STRONG non-unionization resolution held the annual meeting of the Michigan Milk Producers association held recently in East Lansing. Some 400 delegates representing 60,500 farmers throughout the state, unanimously passed a resolution opposing all efforts to organize labor gain control of farm groups for any purpose.

A direct rebuff of the Fair Share Bargaining association which had vigorously attempted to unite farmers in a strike of labor, the MMPA action declared that many of the goals of union organizations are inimical to the interest of the farmer.

DEPOSITORS STATE BANK NORTHVILLE, MICHIGAN NOTICE OF SPECIAL MEETING OF SHAREHOLDERS To Our Shareholders: You are hereby notified that on Friday, December 7, 1956 at nine o'clock A.M., Eastern Standard Time, pursuant to action of the Board of Directors, a special meeting of the shareholders of this Bank will be held at its office at 129 E. Main Street, Northville, Michigan, to consider and vote upon the following proposal and matters incidental thereto which properly may come before that meeting:

1. Ratify, confirm and adopt the Agreement of Merger heretofore entered into on behalf of this Bank (pursuant to authorization of its Board of Directors) with The Manufacturers National Bank of Detroit, Detroit, Michigan, dated November 7, 1956, whereby Depositors State Bank will merge with and into The Manufacturers National Bank of Detroit pursuant to authorization given by and in accordance with Sections 4 and 5 of an Act of Congress of the United States entitled "An Act to Provide for the Consolidation of National Banking Associations," approved November 7, 1918, as amended (Title 12, U.S.C., Sections 34b and 34c), the name of the resulting institution after the merger to be "Manufacturers National Bank of Detroit."

A Stitch in Time

Three significant events, reported separately in current editions of The Record, are most closely related. They are bound together by one common cause—their very reason for existence—a growing Northville.

November 1st a city manager shouldered the business responsibilities of the community; November 8 a proposed merger of Depositors State and Manufacturers National Bank of Detroit was announced; November 11 it was revealed that voters of the community will be asked to approve a \$3,000,000 bond issue for the construction of a new high school.

The invasion of hundreds of new residents to the area is bound to tax the facilities of the community. It is to the credit of the city council, the school board and directors of the bank that they have not stood idly by and watched the inevitable growth creep upon us.

Their planning and preparedness should serve as a guide to each of us, as businessmen or citizens of the community. Nearly every resident will have a part to play in this "preparedness program."

Most important to the average citizen is the active interest he, or she, takes in activities of our governing bodies. Their plans need careful consideration before approval. Members of the school board and city council well as those interested and often look to citizens for support and advice.

SUBSCRIPTION RATES: \$3.00 per year in Michigan, \$4.00 elsewhere. Plant Superintendent... Wm. Yockey News Editor... Robt. Webb Society Editor... Sally Ayling Publisher... William C. Silger

Elsewhere in this edition of The Record you'll find minutes of the last city council meeting. From this date minutes of each meeting will appear the week following council meetings.

On the motion of John Canterbury the council approved this action unanimously. In doing so, Councilman Canterbury expressed the hope that residents would show more interest in business of the city and attend meetings. We'll echo this thought by pointing out that the council meets the first and third Monday at 8 p.m. in the City Hall.

While you can read reports of the meeting, as well as detailed minutes, first hand attendance is even better. Why not show your interest in your community and elected officials? You'll enjoy the experience.

DETROIT EDISON STOCKHOLDERS' INFORMATIONAL MEETING

2:00 p.m. Monday November 19, 1956 at the Masonic Temple, Detroit

This meeting provides an opportunity for Detroit Edison stockholders to become acquainted with management and to receive up-to-the-minute reports on the affairs of the company.

All stockholders are cordially invited to be present.

SEWERAGE SYSTEM STILL BEING STUDIED BY NOVI ENGINEERS

Engineers this week were continuing to investigate the feasibility of a Novi township sewerage system but it was called "doubtful" that much would be done about it until the spring.

Novi township supervisor Fraser Staman said the township has retained engineers and that they have been making preliminary studies during recent weeks.

It had been noted no decision is to be made until after the township elections February 18, after which time the sewerage project would become the problem of members either elected or re-elected to the board.

Staman said the biggest hurdle will be passing qualifications of the state health department. The engineers retained by the township are making their studies within the framework of state regulations.

Initial steps toward the sewerage system were taken a month ago when Staman disclosed that it had been determined that a \$3,000,000 - \$4,000,000 sewerage system could be financed. He said the network would probably be laid for by subdivision developments.

The system would also include a sewage disposal plant costing about \$800,000. The plant would be laid for by revenue bonds with the initial money coming from private investors.

"When completed, Staman said, the system could serve up to 150 customers in the township and would be so designed that more lines could be added in the future.

Staman estimated that the system would cost between \$30,000 and \$50,000 a mile.

Staman estimated that the system would cost between \$30,000 and \$50,000 a mile.

Serving A Growing Community

Novi, Michigan, Thursday, November 22, 1956 10c Per Copy, \$3.00 Per Year In Advance

Novi Wins Another Annexation Fight

Novi township has won the first round of a legal fight to keep another part of its territory from annexing to the city of Northville.

The victory came November 13 when Oakland County circuit court upheld the legality of a Novi township suit contesting an election three months ago in which residents of the disputed territory voted to annex to Northville.

The land in question lies adjacent to the northern limit of Northville and includes some 82 acres surrounding the Amerman school.

Novi township filed suit shortly thereafter to have the election invalidated on grounds that the rest of the township should have been allowed to vote in the election. It is claimed in the suit that the township would be deprived of part of its tax base without having a voice in the matter.

Northville countered with a motion to dismiss the suit on grounds that such action must be brought by a citizen, according to law, and that Novi township is not such a citizen.

Novi township chairman W. Coon has reported contributions of \$6,032—151 per cent of its original goal of \$4,000.

Novi township residents were unable to prevent establishment of a race track in the township if rezoning of the proposed site goes through.

The answer, according to Leonard, is apparently "yes" — with one exception. Township citizens can petition for a vote on the rezoning within 30 days after it is approved by the township board, Leonard said. If the rezoning is voted down, that action is final.

But Leonard stressed that if the rezoning is approved and not contested, the race track apparently cannot be barred.

"A race track would be just as legitimate in the eyes of the law as a factory," Leonard said. "The law does not allow exceptions to be made simply because a given industry might be unpopular."

Leonard said this week he has determined that such a race track would be so designed that more lines could be added in the future.

Brilliantly new in Beauty... Brilliantly new in Performance!

Represented above are the most significant advancements we have ever been privileged to present.

This is Cadillac for 1957—entirely new in design and engineering... and bringing to the world's highways a wholly new standard of motor car quality and excellence.

Cadillac's renowned stylists have created a brilliant new Cadillac beauty... majestically graceful of line... wonderfully exciting in spirit and in concept... with a new balance of chrome and glass and steel.

Cadillac's master coachcrafters have brought a new measure of luxury to the car's interiors... with a host of other equally vital engineering advancements.

These dramatic Cadillac achievements are being presented for 1957 in ten individual body styles, including the breath-taking Eldorado series.

We cordially invite you to see... to inspect... and to drive the brilliantly new 1957 Cadillac at your very first convenience. You'll be welcome at any time.

NEWS AROUND NORTHVILLE

Mr. and Mrs. Perry Taylor and Mrs. Laura Morse spent Sunday in Adrian with Mr. and Mrs. Harry Duseau and family. Mr. and Mrs. Taylor visited the latter's sister, Margaret Moore, who is in the Emma L. Bixby hospital; also Laurence Moore, of California, called here by the sudden illness of his mother. The Moores are former residents of Northville.

Richard Bale of Randolph street, son of Mr. and Mrs. Harry Bale of Ontario, Canada, has received his final discharge from the army. He had been stationed in Korea.

Mr. and Mrs. E. V. Ellison will visit Mrs. Ellison's mother, Mrs. Carl Gasser in Ionia on the Thanksgiving holiday.

Mrs. William Hensch and her daughter, Sharon, are now in Iowa with Mrs. Hensch's parents, Mr. and Mrs. H. Wilson, for their 50th anniversary.

Miss Pat Babel, physical education teacher at the high school, will play left wing position for the Great Lakes field hockey team in Philadelphia this Wednesday.

Visiting Dr. and Mrs. R. M. Atchison last week end was Mrs. Atchison's mother, Mrs. Don Harrington, of Albion.

The Andrew Orphans, formerly of Carlisle street, have moved to South Rogers street.

Mr. and Mrs. Frank Swis and boys, and Mrs. Harlung returned from a hunting trip Sunday and brought with them an 11-point buck.

Alvin Skow of Horton street returned Friday from Esterville, Iowa where he attended the funeral of an aunt, Mrs. Hans Gerdie, with whom he had made his home as a child.

Attending mass and breakfast at the Flory high school auditorium in Detroit Sunday were Mrs. James Spagnuolo and her granddaughter, Lola Melbourne.

Hunting in Gaylord over the week end were Mr. and Mrs. A. Willis and Mr. and Mrs. Nelson Schrader, Jr., who stayed at the Schrader camp. B. L. Thomas, Mrs. Willis' father, stayed with the Willis children here in Northville.

James Hollis, son of Mr. and Mrs. Roy Hollis of Randolph street, has received his final discharge and is now home from Germany where he was stationed with the army.

Polio Protection For Next Summer Should Begin Now

Persons desiring polio protection against polio during the disease's peak months next summer were urged by the Michigan Department of Health today to start their vaccine shots immediately.

Dr. Albert E. Heustis, state health commissioner, said the shots, given as a series to provide immunity against polio should cover at least a seven-month interval with a one-month wait between the first and second shots and a six-month wait between the second and third shots.

Full beneficial effects of the vaccine are not offered until after the third shot, Dr. Heustis pointed out.

The polio "season" in Michigan begins about July 1, when the number of polio cases usually begins a climb toward a high for the year in mid-August.

Dr. Heustis said that in order for a person to obtain maximum protection against polio by next July 1 he should receive his first shot in the series by December 1.

Sixteen polio deaths have been reported in Michigan so far this year. Fifteen of the 16 had not received polio shots and the 16th had not received a full course of the shots.

About 300,000 persons in Michigan — most of them between 6 and 10 years of age — have received their third polio shots, and 1,000,000 persons have received at least two shots.

The date in 1956, only one case of paralytic polio has been reported among persons who have received all three shots.

Polio vaccine is now in plentiful supply and so one need not without protection, Dr. Heustis said.

No formal dinner is complete without nuts. Always invite a few.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

LENDING A HELPING HAND in preparing the Thanksgiving centerpiece is Wink, two-year-old son of Mrs. Richard Hackett. The Hacketts, who live on Grandview, have another son, John, 5 weeks old.

of Grandview, mother of two — Wink (Richard), two, and Johnny, five weeks.

TURKEY CASSEOLE
In a saucepan heat 3 tablespoons butter and stir in 1 generous tablespoon flour. When bubbling, gradually add 1 cup chicken stock (or bullion cube) and 3 tablespoons sherry. Cook three minutes, add salt and pepper to taste. Bring sauce to boil and stir in 1 cup light cream. Add three egg yolks beaten with a little cold milk, 1 tablespoon chopped green pepper and 3 cups leftover turkey meat. Put mixture in greased casserole and sprinkle with bread crumbs and grated cheese. Dot with butter. Brown under broiler flame or in moderate oven.

What Northville Girl Scouts Are Doing
Brownie Troop 3 — At the November 15 meeting, members of troop three all received their second year pins and some girls were also invested. They made pins come turkeys for Thanksgiving favors. At the next meeting, each girl will bring a large cloth to practice for the Christmas dinner costumes. They will also have an election of officers.

Girl Scout Troop 19 — At their last meeting troop 19 started some potato printing. They had the ribbon and closed with the friendship circle.

Brownie Troop 5 — Brownie troop five met at the Armerman school at their last meeting with leaders Mrs. Gregersen and Mrs. Peltz. Nancy Logeman was invested into the troop. The project at this meeting was making Christmas tree ornaments. Refreshments were enjoyed by the 13 members present. The meeting adjourned with the singing of "Girl Scouts Together."

Girl Scout Troop 17 — Troop 17 went on a cookout at Mrs. Lemur's house. They learned how to make foundation fire and one pot meal so each scout can earn another badge.

Pre-Christmas Planning Is Underway

MAKING FINAL ARRANGEMENTS for opening their homes for the annual bazaar and tea of the Our Lady of Victory Mother's club are Mrs. Patrick Brady, Mrs. Andrew Bertoni, Mrs. George Kats and Mrs. Joseph Crupi. The four homes will be transformed into "Cookie House", "Tea House", "Toss House" and "Sparkle House", respectively, for the affair that will take place November 23 between one and five o'clock.

First All Orchestral Concert By Plymouth Symphony Sunday

The first all-orchestral concert in the eleven year history of the Plymouth Symphony orchestra will be presented Sunday, November 25 in the Plymouth high school auditorium.

Conductor of the West Shore symphony in Muskegon, Michigan, is Virgil Thompson, a well-known American composer and former music critic of the New York Herald Tribune.

Hebeldes Overture by Mendelssohn
Symphony No. 4 by Brahms
Capriccio Espagnol by Rimsky-Korsakoff
Wayne Dunlap, conductor of the orchestra for the past six years, is a graduate of the Eastman School of Music and was a student of Pierre Monteux. He was also conductor of the University of Michigan symphony orchestra and director of the opera workshop. The past two years Dunlap has been conductor of the Grosse Pointe Symphony, and at present is conductor of the West Shore symphony in Muskegon, Michigan.

Newcomer's Corner

"I look upon every day to be lost in which I do not make a new acquaintance." — Samuel Johnson

Errol Myers of Willowbrook Village explains his metal lamp to his wife, who has been able to add modern lamps and other items to their home as a result of his work.

VFW Entertains Hospitalized Veterans

The Northville VFW and its auxiliary have adopted a ward composed mostly of veterans at the state hospital.

The first party was last Sunday — bingo games with prizes of cigarettes. Each man with a birthday was given a small present.

Home-made cookies and coffee were served.

Need for New NHS Shown in Statistics

(Editor's note: This is the first in a series of four articles in which Northville school officials will present the background of their request for a \$3,000,000 bond issue. Next week's article will describe facilities that would be offered in the new school and addition.)

One simple set of figures represents the big reason why Northville school administrators are asking \$3,000,000 for a new school construction program.

The figures:

- present schools have a capacity of 1,165 students.
- the schools actually are handling 1,553 at present.
- by 1959, they must accommodate 1,906 students.

That is why, school officials say, they will ask voters to approve a \$3,000,000 bond issue on December 18. The funds would cover four projects designed to relieve present overcrowding and to provide for future needs.

Most would go for an ultra-modern high school with the latest facilities and equipment. Other money would go for an eight-room addition to the present American elementary school. Some would be used to rehabilitate the present high school for use as a junior high. The rest would pay for a future site for a fourth school.

Figures don't tell the whole story, however. Overcrowding becomes a very realistic thing when one enters the halls of Northville high school.

There can be seen winter clothing hanging on open

St. Paul's Offers Lecture Course

A course of 20 lectures for adults entitled "What Does the Bible Teach?" was begun last Sunday at St. Paul's Lutheran church by the pastor, the Rev. B. J. Fankow.

The subject of this Sunday's lecture will be "What Does the Bible Teach about Commandments 1, 2 and 3?"

The lectures are conducted in an informal manner and opportunity is given for questions and discussion. The lectures are held in the church's meeting room from 11:15 a.m. to 12:15 during the Sunday school hour and immediately after the church service.

A ten-minute period of each hour which is dedicated to a rapid survey of the entire Bible. By means of this survey the class is made familiar with the chapters and verses of the Bible which are particularly important.

The lectures are open to the public.

City Audit Report

Appearing on pages 12 and 13 is the audit report of the village of Northville for the four-month period ending June 30, 1956—the last four months of a village.

Exhibit 13, appearing on page 19, shows in comparative summary that the village left a legacy of \$13,840 to the new city. The audit report budget was \$102,800, exceeding disbursements of \$70,597.

A letter from the auditing firm of Ierman, Johnson & Hoffman appears with the report.

Registration Note

Voters have been reminded to register for the school election by 5 p.m. on December 7. Those registered for the November 6 general election need not re-register. Registration may be done at the Northville city hall or the various township halls—depending on where residents live. Only properly taxpayers and their spouses who reside in the district may vote.

lockers because of inadequate space. A smattering of pilfering occasionally results from the open lockers.

Classrooms are crowded to the point where students cannot see blackboards, or must sit at ordinary chairs instead of at work tables in science laboratories.

Noises from a machine shop clatter and roar into an algebra class, with only a glass partition in between. In the community building, hand practice can be heard—cannot be ignored—by other students studying from textbooks.

Hallways are so crowded that extra passing time must be allowed between classes, and one-way traffic only is allowed on staircases.

With winter approaching, students must shuck back and forth between the high school and community building—usually in their shirt sleeves because there isn't time to grab their coats and get to class.

Worse of all, students often may not take desired courses simply because there isn't room for all of them.

Throughout the high school, the story is the same—overcrowding, makeshift facilities, inadequate equipment, interrupted classes.

And figures show it will get worse.

In addition to the trend toward 1,908 students within the next three years, there are needs for more room and

(Continued on Page 8)

DIGGING OUT THREE BOOKS at overcrowded Northville high school are Corrine Dickerson (below) and Judy Robinson.

Such situations are typical, as many as four students share a locker and must drape winter clothes over opened locker doors.

Northville Awaits Thanksgiving

"We gather together..."

So begins the lines of the "Hymn of Thanksgiving"—and so traditionally begins the observance of the first uniquely American holiday— we gather together.

School children across the country will join in singing Thanksgiving songs. Before the halls of Northville schools are left empty for a happy week end, students will gather for chapel services—as is the custom before Christmas and Easter as well as Thanksgiving.

Those who wish to attend from grades seven through 12 will hear the high school choir—an address by Father John Witts—Our Lady of Victory church...and reading of scriptures by Giannine Bertoni in their program. The people of Northville are invited to join them as they give thanks.

American elementary school children joined by those from Main street school will have guests for their Thanksgiving observance—the children for Our Lady of Victory will present a program for them— one recently presented for their parents.

We gather together...in our churches.

Wednesday evening will find several congregations holding Thanksgiving services. Members of the First Baptist church will be joined by their fellow parishioners from South Lyon. Speaking to them will be Guest Pastor Elmer Stenson of the Bloomfield Baptist church of Orchard Lake.

Services will also be held Wednesday for members of the Northville Methodist and Presbyterian churches, whose annual combined worship will be held this year in the Methodist church. Reverend John Taxis will address the group.

At Our Lady of Victory church Thanksgiving Mass and benediction will be at 8:15 Thursday morning.

Thursday morning also, a special Thanksgiving service will be observed at St. Paul's Lutheran church.

Holy communion will be a part of the observance at St. John's Episcopal church in Plymouth.

We gather together...to ask the Lord's blessing...and to give thanks...in church, in school, and in our homes with our families...for the feast which commemorates the first one...the First Thanksgiving.

City Manager John Robertson told councilmen that approximately 15 water bills were delinquent amounting to \$411 in revenue. He pointed out that under the city charter bills more than 10 days past due call for water service to be discontinued. Mayor Ely asked that cases be reviewed by Councilman Allen, Mayor Ely and Robertson.

The city manager further requested that the city consider a program for frequent checking of water meters for accuracy. He pointed out that eventually necessary testing equipment will have to be purchased.

Councilmen approved construction of a temporary black-top sidewalk on Griswold road in front of the Leslie Ager residence. The walk will be provided by the city until a permanent installation can be made.

An audit of the accounts and records of Northville township as of May 28, 1955 was read to councilmen. It revealed that the city's share of the assets on the date of incorporation is \$28,217. This amount would be transferred from the township to city. A report of the audit has been sent to the township and it was indicated that governing bodies of township and city will meet in the near future.

The meeting closed with the adoption of a resolution to encourage flood control procedures by the federal government for the Rouge river, Northville. Local action after a similar move by Garden City.

Letters Ready Soon For Northville Santas

This Christmas season marks the ninth consecutive one that "Letters to Santa" will be answered by Northville residents.

These particular letters will come from about 140 children at Maybury Sanatorium—and when Mrs. V. George Chabot announced this week that the letters are ready for Northville's Santas by this week end, she said, "We always have more Santas than letters."

Anyone who would like to be a Santa this year call Mrs. Chabot, Northville 131, for a letter.

Letters Ready Soon For Northville Santas

It's J-Hop Time At Northville High

Every girl will be beautiful and all their beaus handsome Friday night when Northville high school turns out for its annual J-Hop.

Students of all classes will join with the sponsoring Juniors for the gala dance, scheduled to begin at 9 p.m. in the Community building and last until 1.

Open to the public, the J-Hop requires only semi-formal wear. Decorative theme of the dance has been kept a secret, but juniors promise a surprise.

For the first time, all faculty members of the high school will be invited guests. Others include Mr. and Mrs. Robert Merriam, members of the board of education and Northville school principals.

Faculty advisors for the affair are Al Jones and Don Van Ingen. Assisting them will be junior class president Dick Stuber, treatment chairman Cathy Hodgson, theme chairman Judy Robinson, decorations chairman Jim Hammond, tickets and program chairman Betty Martin and advertising chairman Marilyn Logeman.

WHEN Jay Leavenworth won the Record's weekly football contest recently, he reported that the \$10 prize money would help pay for a deer-hunting trip. The 14-year-old youth returned Monday and the results can be seen in the above picture. Hunting with his father, J.B. Leavenworth (left) near Traverse City. Jay was the only member of the camp to bag his buck last week end. What's more, he used a .22 rifle! The Leavenworths reside at 589 Randolph.

Phones, Natural Gas Bring Council Protests

Two public utilities serving Northville residents came in for sharp criticism Monday evening from members of the city council.

Councilman John Canterbury started the action which resulted in the council proposing that letters of protest be sent to Michigan Bell Telephone company and Consumers Power company. A third letter, or resolution, will be sent to the Michigan Public Service Commission.

Canterbury recommended the following action:

1. A letter to Michigan Bell Telephone company protesting the proposed rate increase;
2. A letter to Consumers Power company regarding the need for additional allocations of natural gas for space heating purposes;
3. An official resolution to be sent to the Michigan Public Service Commission regarding both of the above matters.

Ordinance Covers Parking Provisions For New Buildings

Three ordinances were presented to the Northville council for study Monday evening, two of which were tabled and the third approved for publication.

A new zoning amendment now approval of councilmen. It outlines requirements for providing off-street parking facilities by firms building new businesses, or established concerns making alterations amounting to more than 50 per cent of the value of the building. Mayor Claude Ely, objecting to provisions in the ordinance concerning the type of lots required around parking lots, voted against passing of the amendment.

Ordinances dealing with "house moving through the streets" and "moving houses on a lot" were tabled for further study after councilmen raised questions concerning the dimensions of objects to be moved.

City Manager John Robertson told councilmen that approximately 15 water bills were delinquent amounting to \$411 in revenue. He pointed out that under the city charter bills more than 10 days past due call for water service to be discontinued. Mayor Ely asked that cases be reviewed by Councilman Allen, Mayor Ely and Robertson.

Youths and Parents Invited to Meeting On Military Service

Northville will join with four other communities soon in a meeting designed to offer youths and their parents information on the armed forces and duty with them.

A military information meeting will be held December 10 at Bentley high school in Livonia for young men and parents interested in the armed services only. Clarenceville and Redford township.

A top service official in Michigan will explain the various laws and regulations surrounding military duty, after which each branch of the service will set up a separate room to answer questions and to help explain the opportunities and obligations of military duty.

All PTA groups, service organizations and other local bodies have been asked to have a house-to-house information meeting.

"During the past few years," said a spokesman, "there have been many a heartache and disappointment in house-to-house throughout the land because the young men of the family have made a hasty choice for enlistment in the armed services only to find that it was not what he pictured it to be."

"In these instances," it was added, "the has voiced his disappointment in his letters and his payments have suffered heartaches because their boys have made a hasty choice for enlistment in the armed services only to find that it was not what he pictured it to be."

"It should also be pointed out, that while every attempt is being made to improve the service, the rates are based on the number of people that Northville residents can call on 'not on service,'" Maurer concluded.

Hospital Employees Join in Pay Hike Bid

The matter of adequate gas for space heating likewise brought little hope of relief from William Whitfield, Consumers district manager. "The company is extremely concerned about this year's lack of fuel gas," he commented, pointing out that for several previous years releases had been issued. "No permits have been issued in 1956," Whitfield stated.

"Gas is still available for all industrial and residential uses in the Rouge area," he added. Gas from Northville fields has been helpful in allowing the company to keep pace with growing household and industrial demands for gas, Whitfield remarked.

Canterbury's objections included a claim that no permits had been issued since October 1954. Whitfield had indicated that 30,000 were issued in 1955, but it could not be learned what proportion of these permits were given in Northville. Canterbury further pointed out that "display billboards in Detroit urge people to apply for unlimited supply of fuel gas for space heating."

City Manager Robertson indicated that the letters would be prepared and delivered this week.

Enjoy Living In Your Home

More and more people are appreciating the satisfaction and sense of well being that is created by living with well designed, comfortable furniture of good quality.

We know that furniture made to high standards is more economical in the long run, proved by our experiences during 34 years in the furniture business.

If your selection is made from the products of these manufacturers listed below, you may be sure of correct design and superior construction.

- DREXEL
- HEYWOOD-WAKEFIELD
- KLING

Announce Purchase of Bahnmiller's

Announcement was made this week that the Charles W. Bahnmiller Funeral Home, 484 West Main street, has been purchased by Dempsey B. Ebert of St. Johns.

Ebert, who has been associated with the Frazier Funeral Home in Detroit since 1951, was formerly funeral director with his father in St. Johns. He will take over operation of Bahnmiller's this week.

Ebert will be assisted by his wife, a graduate of the University of Michigan where she received a master's degree in psychiatric social work.

Active in community affairs in St. Johns, Ebert is a past president of the Rotary club and was chairman of the St. Johns Red Cross and Cancer Society drives.

Mr. and Mrs. Ebert will reside at the funeral home.

League Band Clinic To Meet in Northville

Hundreds of bandmen will converge on Northville next Wednesday for a Wayne-Oakland League band clinic.

All seven league schools will participate in the day-long clinic, to be presided over by faculty members and music students from Michigan State University. High school bandmen will split up into sectional groups, meeting in local church buildings and other halls, and will later mass for a final session.

Ellison Interviews Northville Students Now at U-M, MSU

Northville is keeping tabs on former students now attending the University of Michigan and Michigan State University.

Principal E. V. Ellison will journey to East Lansing next week to interview Dave Hartman, Harold Wilson, Greg Chapman, Elvin Newton, Carolyn Burkman and Ken Kruetz, now attending the University of Michigan. Ellison was the 28th annual principal-freshman and junior college conference.

Ellison will continue on to Lansing next week after the MSU meeting for the annual fall conference of the Michigan Secondary School Association. There he will moderate a panel on state and independent scholarships.

Real Estate For Sale

THANKSGIVING

is our day of thanks
On this and every day I am grateful for the many fine friends I have made in my real estate business.

My red and white signs have shown good property values and have warranted the confidence you have placed in me.

THE BALMY week end weather didn't discourage Paul Polino, As chairman of the Retail Merchants association Christmas committee, he saw to it that Northville was ready for Christmas. He's shown above pointing out where street decorations should be displayed. With him are Marvin Dunlap, Morley Carroll, Herb Fisher and Larry Burnette of the Northville Electric Co. Christmas lights will be turned on in the business district this Friday evening.

Manager Named At Northville Plant

Appointment of Robert A. Winder as manager of Ford Motor company's specialty products plant at Northville, Waterford, Brooklyn and Manchester has been announced by Paul A. Miller, general manufacturing manager of the Parts and Equipment Manufacturing division. Winder replaces Walter H. Simpson who has resigned. Winder formerly was superintendent of the Manchester plant. He joined the company in 1939 as an hourly employe at Manchester and was named plant superintendent in March, 1954.

Novi Highlights

The Community building ship with Brighton at this special Thanksgiving service. Novi School News Open House. Novi school open house was very well attended last Monday evening. The classrooms were attractive with displays of work done by the children. Mrs. McDonough's second graders with 48 per cent of the parents in attendance. Mrs. Altfelder brought treats. Mrs. Altfelder was special guest and helped with craft work. Intermediate Troop No. 492 met in the basement of the school. The girls had their calendar report, 41 calendars sold, and finished with playing Girl Scout records. The troop presented five calendars purchased from troop funds to various employees of the school who have helped make their meetings possible. Intermediate Troop No. 491 made Thanksgiving favors for Eastlawn Hospital in Northville. The favors were tiny cornucopias in fall colors. The girls sold 33 calendars. Mrs. F. Goppert presided over the meeting in the absence of Mrs. Coleman. Sharon LaFond and Sharon Gattrell brought treats. Calendars are still available from calendar chairman Mrs. Robert Skellenger of 12 Mile road. This will be the last week of calendar sales. Troops are allowed to keep 2c for their profit and the remainder goes toward better camping facilities. The calendars sell for 35c. Methodist Church. Please bring your donation for the fire of the early church experienced on the day of Pentecost. This experience can never be duplicated since the Holy Spirit has come into the world to remain until the church is raptured — but the results of the Pentecostal fire should be repeated over and over again. This fire is nothing less than Holy Spirit prompted, holy enthusiasm to see the Gospel spread abroad and souls gathered into the fold. It is nothing short of tragic that some of our churches have not had a real conversion in years. Still more tragic than that—they are not concerned about it. Oh may God by His Holy Spirit stir up the dying embers that we may have more churches aflame with holy zeal to reach a lost generation, before it is ever-lastingly too late. Peter F. Nieuwkoop, Pastor

NEED FOR NEW NHS

(Continued) facilities to keep pace with modern educational concepts that include home economics, shop work and other practical subjects. Whereas Northville now has 1,558 students, it is expected that the city will have at least 2,307 students by 1965. And that figure, reliable studies show, may even reach as high as 3,161. Meanwhile, Northville Administrators have determined that their building program would correct the situation adequately if they get the go-ahead from voters on December 18. Here's how it would work: The Amerman addition would be started in the spring and could be completed by next fall. Some students at the present Main Street school would attend Amerman school, leaving room for the high school overflow to attend classes at Main Street. By the time the new high school would be completed (the fall of 1958), there would be enough elementary students in Northville to fill both elementary schools. And the school situation would then be in balance. Northville students would have the facilities they need. The present high school would serve as a junior high. But it would first need rehabilitation, for wear and strain has crept in during its 40 years. For this reason, administrators are asking money for a revamped program. Even this program won't be enough for the future. Even in 1965, when between 2,300 and 3,100 students will be in attendance. So the school board also has decided to ask funds to buy a future site — knowing the time will eventually come when another school is necessary. Altogether, these facilities would cost approximately \$3,000,000. And that's what voters will be asked to approve on December 18.

Obituaries

ANDREW CARLSON Funeral services will be held Wednesday afternoon (today) for Andrew Carlson, who died Monday at the age of 67. A retired railroad man, Mr. Carlson has lived in Northville for the past seven years with his son, Arthur Carlson, of 201 Fairbrook. Mr. Carlson's wife, Carrie, preceded him in death six months ago. Both were originally from St. Paul, Minnesota. Surviving are three sons, Arthur, Harry of Cavalier, North Dakota and Walter of Covington, Ohio. Also surviving are two grandchildren and 16 great-grandchildren. Officiating at the services at the Castlerine Funeral Home will be the Rev. Peter Nieuwkoop.

Marines Recruiting New Applicants For Air Wing Duty

Major C. I. Campbell, Officer-in-Charge of Marine Corps recruiting for Michigan, has announced that the Marine Corps is accepting male applications for duty with the Marine Air Wings. The applicant assignment to an aviation school in the Marine Corps. Those accepted in this program would first be required to complete recruit training and individual combat training. After completion of these basic courses for all Marines, the aviation enlistees would be sent to Aviation Fundamentals school at Jacksonville, Florida. After graduation from this basic air indoctrination course, there are over 200 different advanced aviation schools open to those showing aptitude for duty with the Marine Air Wings. These courses range from 12 to 36 weeks and cover occupational fields in aerology, air traffic control, air launched guided missiles, aircraft radio and radar jet engines, helicopters and many other fields vital in the air program of the Marine Corps.

MANLEY HOYSRAT

Funeral services were held November 20 for Manley L. Hoysradt, 65, of 4828 Waterford road. Mr. Hoysradt died November 18. He had been a master baker for the Furthest Bakery for 40 years. He was a member of Army and Navy F. & A. M. No. 512, the VFW and the First Presbyterian church of Plymouth. Surviving are his wife, Ruth; a daughter, Ruth Jean, and a brother, Frank. Height Services were held at the Castlerine Funeral Home with the Rev. Henry Walsh of the First Presbyterian church of Plymouth officiating. Burial will be in Forest Home cemetery, Chicago, Illinois on November 21.

FRANK OLM

Frank Olm of 413 Lake street, died Tuesday, November 20. Per time of funeral call Castlerine Funeral Home, 286-A complete obituary will follow next week.

Icerman, Johnson & Hoffman
Certified Public Accountants
205 State Savings Bank Building Ann Arbor, Michigan
August 20, 1956

The Honorable Council
City of Northville, Michigan

We have examined the balance sheet of the City of Northville as of June 30, 1956 and the statements of receipts and disbursements and income for the four-month period then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We did not consider it necessary to verify taxes and accounts receivable by direct communication with the debtors.

The accounts of the Water Department Fund are kept on the accrual basis. The accounts for all other funds are kept on a modified cash receipts and disbursements basis. All assets and liabilities are recognized in the accounts, but revenues are recognized only when cash is received.

In our opinion, the accompanying balance sheet and related statements of income or receipts and disbursements present fairly the position of the City of Northville at June 30, 1956 and the results of operations for the period then ended, in conformity with generally accepted governmental accounting principles applied on a basis consistent with that of the preceding year.

Very truly yours,
ICERMAN, JOHNSON & HOFFMAN
By C. A. Hoffman

IT BEGAN AS A BARN FOR HORSES — but this far from "barnish" looking building at 41520 W. Eight Mile road is now the comfortable home of Mr. and Mrs. Jan Reef. The horses in question belonged to the Reef's daughter who lives across the street. When she decided to keep them no longer, her parents decided that the spot was a fine one for a home.

News of Northville High School

Parents Attend Open House

The PTA again sponsored its annual open house for the parents of grade and high school students last Tuesday.

Each year, during National Education Week, the schools are opened for the parents to come and see their children's school work and to discuss their progress with the teachers.

The teachers' rooms were open to visitors from 7 to 9 p.m. after which the PTA served light refreshments in the Community building meeting room.

Students attending the performance were Nancy Lawrence, Rosanne Ferrall, Lynn Smith, Emilie Seguin, Tom Stevens and Delano Skow.

These students were chosen for their interest in dramatic activities both now and as a possible college major.

The theatre has set up the program for the purpose of familiarizing future students with the theatre, its prospective advantages and the facilities which the university course offers.

The play, "The Italian Straw Hat," was a musical comedy with an all-college cast of 32.

Another table was devoted to animal and included an exhibit with stories about horses, cats and wild animals.

The third table was for girls and contained books about romance and careers.

The last table dealt mostly with reference books. These were mainly on biographies and etiquette.

Miss Palmer says that the largest reading age is between the seventh and ninth grades. After this, she believes people are working mainly for their future and have little time to spend reading books.

These students were chosen for their interest in dramatic activities both now and as a possible college major.

NHS Science Class Visits Observatory

For the past few weeks, LaGene Quay's physical science class has been studying a course in astronomy.

Upon arrival at the observatory the class was met by a graduate student who had consented to give a lecture to the students.

A high point was a climb to the top of the building where a 32-inch telescope was seen.

In about a week, six cheerleaders and one alternate will be selected to represent the junior high at the home games and possibly a few away games.

They were also told of what goes into the cheer at a game. A cheer must be planned, practiced and presented.

At the dance two members from each class were elected to serve on a committee. This committee will work together to handle the arrangements for floor shows.

Mr. and Mrs. Sidney Junod and Mr. and Mrs. Richard Kay sponsored the dance. They would like to get the teen dances on a teen club basis if possible.

NHS Alumni Are Guests At Another 'Teen Dance'

A teen age dance was held November 17 for grades 9-12 and alumni of the last three years.

Music was provided by the Northville dance band.

Mr. and Mrs. Sidney Junod and Mr. and Mrs. Richard Kay sponsored the dance. They would like to get the teen dances on a teen club basis if possible.

Photography Tips Told Camera Club

The camera club, sponsored by Russell Reimer, held a meeting last week, discussing current picture taking tips.

Members of the club are entering 20 of their best colored slides in a contest, put on by the Northville Optimist club.

They were also told of what goes into the cheer at a game. A cheer must be planned, practiced and presented.

Initiation Planned For All Members

The Pop club decided last week to initiate all new members.

They have also planned to give membership cards to all members. Club members of two years or over would initiate the prospective new ones.

By doing this they hope to arouse interest in the Pop club, and raise the general spirit of the school.

Proud Papa

Mr. and Mrs. Stanley Johnson are the proud parents of a baby girl, Patricia Anne.

She was born at 8:50 a.m. on November 12. The baby arrived tipping the scales at eight pounds, eight ounces.

They are also the parents of two boys, Paul, 4, and David, who is 5.

The Johnsons reside at 1786 Beck road.

FOOTBALL CONTEST

WIN CASH PRIZES!

IT'S FUN... IT'S EASY... ANYONE CAN WIN... NOTHING TO BUY!

\$10.00 First Prize **\$5.00** Second Prize

FINAL WEEK

• HERE'S ALL YOU DO:

In each of the 11 spaces provided below place a circle around the team you believe will win. Be sure to pick a winner in all 11 games. Note that in one game it is necessary to pick the probable score. This will be used only in case a tie occurs and the contestant whose score is closest to the actual score will be declared the winner.

All entries must be postmarked not later than 5:00 p.m. Friday, 5:00 p.m. Mail your entries to: Sports Dept., The Northville Record, Northville, Michigan.

Enter just once each week, but you may enter as many weeks as you desire. In case of ties, prize money will be split.

Be sure to write your name, address and phone number plainly in the space provided. Free entries are available at the Record. Employees of the Record or sponsoring merchants are not eligible to enter.

Open 7:30 A.M. to 6 P.M. (Our counter is open to 9 P.M.)

Michigan Bell Seeks 5 Per Cent Increase

The Michigan Bell Telephone Company has filed a petition with the Public Service Commission for an intrastate rate increase calling for a 5 per cent rise in company revenues.

Robert D. Maurer, local area manager, said the increase "is needed to cover two upward wage adjustments for company employees and other increased costs."

The pay adjustments were necessary to keep wages of our employees in line with those paid by outside industry so that we can continue to attract and keep the type of employees required to furnish food service.

Maurer also emphasized the company is taking the opportunity at this time to ask for a re-balancing of its rate schedules to reflect the growing value of the service in growing communities. Existing rates are based upon a telephone census of 1948.

Under the proposed rate schedule the various types of service at Northville would be increased per month as follows: Residence Service - Individual line, 80c; two party line, 95c; four party line, 1.10; Rural, 25c; Business Service - PBX Trunk, \$2.75; Individual line, \$1.75; two party line, 75c; Rural, 25c.

Installation and move charges, extra directory listings and some other miscellaneous services would also be increased.

The increase for most services largely reflects the increased number of telephones in the local calling area.

The requested revenue increase would approximate \$12,500,000 annually, 52 per cent of which would go to the Federal Government in taxes.

Since the last rate adjustment, Maurer said the company's total wage costs have gone up \$12,500,000 a year - \$2,500,000 pay increase last month. Nearly \$10,000,000 of these added payroll costs, he said, are applicable to the company's intrastate services and should be covered by rates for such services. He pointed out that other costs of doing business also have gone up such as taxes, materials and supplies.

Maurer stated that the last rate adjustment was made in 1955. He recently announced that dial service would begin in this area next August with Novi township getting the first installation. By 1958 the complete Northville-Novi-Plymouth area will have dial service, he indicated.

TRUCKS ARE VITAL to every industry in Michigan, and no service or commodity which affects your day-to-day living could reach you without trucks.

That is the basic way in which trucks serve you. But they benefit you in other important ways, too. For example - latest available figures show that Michigan's trucks pay over \$50,000,000 annually in State registration fees and gasoline taxes alone, plus several millions more in mileage taxes and special taxes levied on the larger vehicles. In addition, of course, trucks pay all the other taxes charged against any business enterprise in Michigan - real estate property taxes, personal property taxes, business activities taxes, sales taxes, intangible taxes, franchise taxes.

All these millions in taxes and trucking pay go to support the general welfare, to help pay for modern roads, hospitals, schools and colleges, parks and playgrounds, police and fire protection. So, you see, thanks to the trucks, you pay less.

School Annexation Statewide Problem

HOT ARGUMENTS ABOUT SCHOOL ANNEXATION are developing in many parts of the state. Crowded schools, new laws and court decisions are forcing parents and taxpayers in districts without adequate schools to become part of better equipped school districts.

Previously, things ran rather quietly. The better developed school district operated a high school with a capacity for more students than it numbered within its own borders. The less populated district sent students into this area. The district where the school was located was paid by the state school board at a rate determined by a state formula.

There were advantages for both areas. The "poorer" district got by without taxing its residents for school buildings. The district with the school found a source of revenue in "tuition" students with little extra expense in capital outlay.

Recently districts with schools found themselves in a new situation. Increased enrollments from within their area left no room for students from outside. Districts with no schools now have to place to send their children are faced with prospects of building school structures for a few hundred students.

To help remedy this, a law was passed which requires that some 1,100 closed districts (those having no schools) join with a neighboring school system by July 1, 1957. Alternative: the

County Board of Education will designate new district lines. State Superintendent of Public Instruction Clair L. Taylor says that his office is receiving notification of annexations at an average of one per day. Remaining, however, are about 500 districts which must take action before the end of June.

In some of these there is bitter controversy about what steps to take.

The state revised the formula which determines tuition when a student is sent to a neighboring district. The sending unit must pay substantially more.

The Supreme Court has ruled that a system need not accept tuition students. As school population grows, more and more schools are expected to close their doors to outsiders.

The annexation dilemma amounts to this: districts with inadequate schools are faced on the one hand with laws requiring that children be educated, and on the other with a court decision that neighboring districts need not accept tuition students. The only course is to consolidate with other communities or be annexed.

"A high school in every district" is the aim of the State Board of Education. If a district does not have or cannot economically support a high school, state officials must see that some other plan is worked out with one which does.

Actually, the state school system has moved rapidly toward this goal. Twenty years ago there

was about 3,300 school districts in Michigan. Now there are 3,300. And in the next six months, another 500 will disappear as a result of the law.

Educators point out that the law merely hastens the process. The greatest single factor in "forced" annexation is the rising population and the growing need to provide expensive but necessary school facilities to children in Michigan.

A JUICY POLITICAL PRIZE will fall to Governor Williams Dec. 1. On that date some 20 Supreme Court Justices, Circuit and Probate Judges must express their willingness to retire within 30 days or forfeit all rights to retirement benefits. Power to fill these vacancies is in the hands of the governor.

Judges affected are those who began their present term after reaching 70 years of age. In recent interpretation of the Michigan Judicial Retirement Act, Attorney General Thomas M. Kavanagh ruled that these judges must give 30 days notice by Nov. 30 if they intend to step down from the bench. Those who continue to hold their positions lose position rights.

Two-fold advantages accrue to Williams. First—the opportunity to appoint desirable Democrats to high judicial positions. Since these judicial openings are important positions, it is probable that the governor can name men now holding lesser positions. This in turn will create new openings at lower levels, and a series of "chain-reaction" appointments are likely to follow.

The second advantage is less tangible, although more important. Party philosophy is often expressed through judicial opinions. While all judges run on "non-partisan" tickets to conform with state election laws, they can be identified with one of the political parties.

For the first time Williams will have a majority of Democrats in most of the state judicial system.

An agonizing decision must be made by Supreme Court Justice Emerson R. Boyles. That court is evenly split between Republicans and Democrats, 4-4. Boyles is a Republican. A Democratic replacement will tip the scales in Williams' favor.

Four Detroit Circuit Judges likewise must step down or face the loss of retirement privileges. Outlets are Circuit Judge Clayton C. Golden of Monroe already announced his decision to retire.

Thanksgiving . . .

"Enter into His gates with thanksgiving, and into His courts with praise; be thankful unto Him, and bless His name."—Psalms 100:4.

Church attendance in America reached an all-time high last year—nearly 50 million adults a week—and indications are that 1956 attendance will exceed even that great multitude.

The highest attendance, a survey showed, was found in America's homes.

The largest attendance, a survey showed, was found in America's homes.

Church attendance in America reached an all-time high last year—nearly 50 million adults a week—and indications are that 1956 attendance will exceed even that great multitude.

The result of this effort was the Detroit Metropolitan Area Regional Planning Commission, serving communities in Wayne, Oakland, Macomb, Monroe and Washtenaw counties.

Last month, the commission issued a periodical report citing results of recent studies and telling what has been done and what still must be done in southeastern Michigan.

The commission has therefore suggested an intermediate solution: small sewage treatment plants designed to serve several communities. In the future, as the area developed and the tax base increased, the temporary plants could be eliminated and a permanent region-wide system could be constructed.

But the continuous promiscuous development of land with no planning commissions, together with the fact that the area is being developed by individuals (including Northville) have such boards.

Of the 17 communities, only 15 have set up land-use plans—although such a plan is one of the strongest recommendations of the planning commission.

All Oakland county townships (including Novi) have zoning for the needs of the area.

Report Gives Tips . . .

Toward a Better Future for Northville and Novi

Michigan is to realize its full potential, as are some of the Northville and Novi areas, by sweeping shift to the suburbs of Detroit, forward-looking citizens helped set up a group to study the situation and make recommendations for keeping the suburban move under control.

The result of this effort was the Detroit Metropolitan Area Regional Planning Commission, serving communities in Wayne, Oakland, Macomb, Monroe and Washtenaw counties.

Last month, the commission issued a periodical report citing results of recent studies and telling what has been done and what still must be done in southeastern Michigan.

Novi and Northville Show Population Growth

Novi township is about average for the county. Wayne county's greatest numerical growth (384,785) followed by Oakland (183,999) and Macomb (133,039).

Largest single percentage increase was recorded in Oakland county where Oak Park grew by 485 percent (5,270 to 29,000). Bloomfield township showed a 245 percent jump (3,851 to 13,300).

In Wayne county, the largest increase went to Riverview which is a 246 percent gain (1,657 to 5,000) while Garden City was close behind with a 201 percent gain (2,435,235 to 2,770,000 for 137 percent).

Novi Goodfellows Begin Xmas Work

The Novi Goodfellows will meet December 4 at the Township Hall to plan work for the sick and needy.

Anyone interested in helping the project may attend, and is asked to bring along names of persons who are in need of help. Phone numbers of persons to contact for submitting names of those in need will be announced in next week's paper.

Three Candidates Submit Petitions For Novi Office

Three more hats went in the ring for Novi township offices this week.

Two candidates for Novi township office were nominated this week by the Novi Township Democratic club in preparation for next year's spring election. Nominated for township supervisor were Kenneth F. DeHayes, a certified public accountant and compiler for American Motors corporation.

Petitions for the nominations have been signed and notarized, and are expected to be submitted to clerk Hadley Bacht by Monday.

The nominations were made by an eight-member committee of the club Monday night. The committee will meet again Monday to nominate candidates for remaining township offices.

Republican Gordon E. Promo, 2329 East LeBorgne, was the most Novi resident to run for Novi township trustee in the township election February 13.

Promo is the second candidate to file, after treasurer Charles Trickey submitted a petition for reelection two weeks ago.

Petitions must have between 25 and 101 signatures and must be filed with the clerk by Monday, December 31.

MSU Extension Club to Meet

The Willowbrook branch of the Michigan State Extension club will meet December 11 at the home of Mrs. John Bower on Mooringside drive. The lesson will be on home management with emphasis on "Property Rights". The lesson will be followed by a Christmas party with gift exchange.

Jack and Aldene Carter of 2150 1/2 Mile road had Mr. and Mrs. O. A. Zerga and their two children, Cullen and Mark for Thanksgiving dinner. In the evening Mr. and Mrs. Edward Cozaris and Mr. and Mrs. E. Williams joined them to round off the evening with cards and refreshments.

Mr. and Mrs. Karl Weiss of Mooringside drive set off Wednesday morning for Green Bay, Wisconsin to spend Thanksgiving with her father, Baird Myers. Others present were Marion's sister, Mr. and Mrs. E. Berry and two daughters, Marie and Marion.

Mr. and Mrs. Clarence H. Burton, 4113 South McMahon Ct. on the north side of Novi, had Thanksgiving dinner at the home of Mrs. G. L. (Pete) Peterson and family of McMahon Circle and Mr. and Mrs. Bruce Coan and family of Mallot drive combined their Thanksgiving dinner together by having the turkey and trimmings at the home of the Petersons.

Lew and Mary Olsmark and boys, Stephen and Larry, spent Thanksgiving at the home of Mr. Olsmark, Sr. and brother, Larry, in Detroit.

Cheryl and her grandmother, Mrs. E. Richards of East LeBorgne were guests of Mr. and Mrs. Jack Brower also of East LeBorgne on Thanksgiving Day.

Mr. and Mrs. F. Ardito of West LeBorgne had Thanksgiving dinner with Mr. and Mrs. Gerardo (Joe's sister) with the entire family.

Lincoln Park Man Fined for Brawl

A Lincoln Park man was fined \$50 last week for disturbing the peace in a brawl in Novi township, police chief Lee DeGole said this week.

Keith N. Moore of Lincoln Park pleaded guilty to charges of disturbing the peace and was ordered to pay a \$50 fine or spend 30 days in jail. In addition, he was put on probation for one year and faces 60 days in jail if he violates the probation, DeGole said.

Willowbrook Plans Holiday Decorations

Initial plans for a Christmas tree and Santa Claus display were made Tuesday night by the board of the Willowbrook Community Association.

Further plans will be made soon.

Meeting at the home of newly-elected president Robert McKoon, the board also appointed Robert McClelland chairman of the membership committee.

Prepare Petitions for Rezoning Fight

Race Track Opponents Await Board's Action

Petitions to block the rezoning of a proposed race track site in Novi township will be circulated throughout the township if and when the rezoning is approved by the township board, it was reported this week.

The petitions, if circulated and completed, will force a public election on the rezoning question. Though drawn up by the Novi Township Democratic club, the petitions were termed "non-political issue" by club president Herbert Koester.

"The rezoning question is of interest to the entire township and we have no intention of playing politics with it," said Koester. "We have prepared the petitions simply because we, as private citizens, want to make sure the newly-formed Novi consolidated school district. The new school board will be elected Monday when these persons seeking positions on the five-member board."

One-year term (two to be named): George Mairs, James D. Mitchell.

Two-year term (two to be named): George Larson, Richard Ritter, Art Hepp, William MacDermid.

Three-year term (two to be named): Donald Hines, Ken Bernick, Jack Crawford, Ed Erwin. (Biographical sketches of the candidates will be published next week to give voters information on all 10 candidates.)

The new school board will be elected immediately after the township election this week. It is keeping a waiting list of names for the board. The rezoning has been approved by the township zoning board and Oakland county coordinating committee and is now before the township board. That board postponed action two weeks ago but is expected to consider it again next Monday.

"If the board passes it," Koester said, "the petitions will be circulating by the following morning. It is being a public vote, the petitions must have eight percent of eight percent of the electors in the last gubernatorial election—or roughly 265. They must be filed within 30 days after the board approval of the rezoning."

Meanwhile, state racing commission James H. Inglis said he has not been contacted officially in regard to the track. Inglis said, "and can do nothing until — or if — an application is made for a license."

Asked if he takes public opinion into consideration when deciding on such matters, Inglis said, "All parties would have a chance to present evidence, and we would certainly listen to all sides."

He did not explain what would be considered appropriate "evidence," though he did discount reports that his denial of a license for a track in Mount Clemens was based solely on public opposition. Primary reason for that denial, he said, was the out-of-pocket opposition of a township board rather than of the public.

56 Tax Notices Go Out in Novi

The season's first Christmas special, township general and school general, in some cases, they also will include increased school millage, a special drainage assessment, or both.

Trickey has planned several new services for the 1956 tax collection. Self-addressed envelopes are included with tax notices, for residents who wish to pay by check or money order.

In addition, he will be at the township hall to accept payment on several Friday evenings, as well as during the day on many Mondays and Saturdays. Com-

plete schedules are included with the tax notices.

Trickey has asked that taxes be paid at the township hall rather than at his home so that large sums of money need not be kept in his house.

Trickey also has worked with the county treasurer's office in attempting to correct misspellings, incorrect names and incorrect addresses. He has asked residents to correct their taxes so when they pay their taxes so that records may be changed as soon as possible.

Warren had a 243 percent gain (727 to 2,500) while St. Clair Shores increased by 200 percent (18,283 to 53,960).

Largest numerical growth occurred in Detroit (60,432) but St. Clair Shores (39,677) was not far behind. Other cities showing large gains were Oak Park (24,538), Allen Park (21,171) and Royal Oak (21,702).

The Wayne county increase of 13 percent was admittedly misleading, however. Excluding Detroit, with its weak 3.3 percent gain, the rest of Wayne county grew by 47 percent.

In adjoining Macomb county, Warren had a 243 percent gain (727 to 2,500) while St. Clair Shores increased by 200 percent (18,283 to 53,960).
