New Roads, Less Business?

WHAT HAPPENS TO A TOWN when a major highway is routed around its limits instead of running "down the main street"?

For example, in Chelsea, merchants worked as a group. We decided we had to become as efficient as the new highway," says Chelsea president Anton Nelson.

"Limited access" highways will form a large part of this construction program outlined last week by Highway Commissioner Charles M. Ziegler.

Learning through experience, the residents of Parma now have a Community Improvement Committee to back up their plans.

Can New De. The independent merchant who prefers waiting on customers to waiting for his turn at golf has little to worry about.

The highway of the future will be a "limited access" highway. The Michigan State Legislature is expected to pass legislation to speed up the construction of limited access highways.

Highway department experts point out that no new business can be built along roads having limited access.

Primary purpose of any grand jury is to obtain evidence and testimony that cannot be obtained in normal courtroom procedures.

The key to success lies in the "whom to prosecute" question. Prosecution to persons who testify. In many instances when it is hard to obtain evidence, a grand jury is the only means of reaching the "top men".

Michigan law provides for both one-man grand jury and also a grand jury of 23 citizens to be appointed by the court.

Kavanaugh suggests that the immunity power be vested in the multiple-man grand jury. He estimates that a system patterned after federal court procedure can be established. This would call for a citizens' panel to sit regularly four times each year.

Independent Merchant Challenged

Babson Park, Mass. — I am concerned about the facts of the independent retailer in today's highly competitive markets. He is not being treated as an equal by store operators who spend large sums of money on new equipment, new lighting, intensive advertising and promotion.

Independent merchants must pay just as much as the large chain operators for advertising space in newspapers and magazines. Often they must pay more proportionately for goods they stock because they cannot buy in such large quantities as the chains.

These chains have helped mightily, however, in bringing down the total cost of distribution. Their savings in buying, in window dressing and display, they share with their customers.

However, we have been practically standing still in distribution, except for the development of the chain "S and W" variety stores, the chain supermarkets, and the chain drug stores.

What Independent Retailers Can Do. The independent merchant who prefers waiting on customers to waiting for his turn at golf has little to worry about.

In addition to making plans for easier and cheaper movement of our production into our domestic consumer channels, I forecast that we will also take steps to sell more American-made products.

However, we have been practically standing still in distribution, except for the development of the chain "S and W" variety stores, the chain supermarkets, and the chain drug stores.

Home Construction Soars in Novi in '56

Construction of new homes fell off in most of Oakland county last year, but it reached a new high in Novi township.

Figures released this week show that some 25 percent more new homes were built in Novi last year than in 1955.

In all of Oakland county, however, there was a nine percent drop.

Specifically, Novi issued 274 permits for new homes in 1956 as against 210 in 1955. This compares with 123 in 1954, 71 in 1953 and 51 in 1952.

Throughout the county, however, only 9,973 permits were issued last year compared with 11,038 in 1955.

Despite Novi's continued surge it could only place 14th in the county in actual numbers of permits. Compared with Novi's 274 permits, Royal Oak issued 588 and Bloomfield township issued 633 to lead the county.

Novi township officials claim the high court rendered its decision "without prejudice," leaving the way open for a later appeal.

The figures were compiled by the Detroit Metropolitan Area Planning Commission and include studies of Wayne, Oakland and Macomb counties.

For the entire Detroit area, home construction dropped off by 20 percent in 1956, the report stated. Against Oakland county's nine percent rise, Wayne showed a 35 percent drop. Macomb county was down 29 percent.

Leading communities in the area were Dearborn township (2,538 permits), Detroit (2,106), Farmington Hills (1,711) and St. Clair Shores (1,664).

The report blamed the overall drop in new home construction on three factors: tight credit, rising construction costs and a steady increase in cost of the home itself.

It noted that in the last ten years, the price of the average new home has risen 82 percent and building costs have gone up by 37 percent.

On the other hand, the average family's income has increased by only 42 percent in that period.

The report also said home building has been hampered by the lack of adequate sewage disposal and water facilities.

In Willowbrook: Teens Enjoy Valentine Party

The teenagers of Willowbrook had a party Valentine's day at the home of Mr. and Mrs. Albert Borelli of Border Hill.

The party was decorated in the theme and the group played party games. The teenagers presented their valentines to the boys.

Staman Gets GOP Vote of Confidence

Novi township Republicans gave supervisor Frazer Staman a strong vote of confidence Monday, but tempered it by naming four members of an opposing slate as his major running mates in the April township election.

Staman received nearly as many votes for the supervisor nomination as his two competitors combined.

Elsewhere in the township primary Monday, Novi Democrats endorsed their unopposed slate and filled in several vacancies with write-in votes.

The record vote also saw the controversial "race track rezoning" plan, public approval by a 382-351 margin.

Staman's personal victory was equaled by only one other major candidate on his slate, Frank Clark, long-time supervisor and trustee, led the field of seven candidates and gained nomination for a third term as trustee.

The remaining four major candidates were filled by a young group of township Republicans who campaigned vigorously against Staman's slate in preliminary electioneering. They are: incumbent Hadley Eichert for clerk and newcomers Ray Harrison for treasurer, Stanley Hanson for trustee and Robert Anderson for justice of the peace.

As a result of the primary, the Republican board — if elected in April and if political wounds are not healed by then — would presumably be lined up 3-2 against Staman. This contrasts with recent months, in which Staman had a 3-2 board majority.

Opposing the Republican slate April 1 will be a Democratic ticket composed of Robert Keester for supervisor, Mrs. Sylvia Klerk for clerk, Kenneth DeHayes for treasurer, Eugene Martin and Earl Birt for trustees and Joseph Ardito for justice of the peace.

Mrs. Klerk was a write-in candidate with one vote. Clerk Hadley Eichert said the total turnout of 1,249 is believed to be the largest for a primary in Novi history. It represented about half of the registered voters.

In other communities, the turnout Monday ranged around the 15 percent mark.

The defeat of incumbent justice of the peace Edmund Yerkes was regarded as the major surprise of the primary. Yerkes had been elected in 1954 and re-elected in 1956. He had not previously been tested in an election.

Eichert received the largest vote for major office, posting 675 votes. Two candidates for constable topped that total by a few votes, however.

The narrow victory for the rezoning proposition paves the way for heavy industry and a possible race track site at Grand River and Meadowbrook. The successful referendum ends six months of stormy public controversy over the measure, which was approved by the township board in December and petitioned against immediately afterward.

Eichert noted that some 500 voters failed to cast their ballot on the rezoning proposition. He assumed they simply failed to notice it on the ballot.

The primary featured a flood of write-in votes that resulted in three write-in candidates being nominated. They are: Mrs. Klerk for clerk, Republican Jack Kahrl for constable and three-member township party committees. The groups are required by a recent state law to file their names with the township clerk.

An analysis of the votes indicates that Novi Republicans split their ballots among the three GOP slates. There appeared to be little relationship among the votes received by candidates running together on each of the slates.

NHS Girls to Hear Talk on Grooming

Tips on being a well groomed teen will be given at an assembly for girls of Northville high school next Thursday, February 28.

Sponsored by the Commercial club, the guest speaker will be Marie Moeckel Kennedy, who has chosen as her topic, "Teen Talk".

Two members of the Commercial club will be models for her.

Mrs. Kennedy has been with the J. L. Hudson company for the past ten years, and is in constant touch with local high school and college students, advising them on current young fashions.

With three teen-age daughters of her own, Mrs. Kennedy has ample opportunity to recognize the needs of fashion-wise teenagers. Her interest in young people grew out of her work as director of women students at Northwestern university. She is currently a member of Hudson's Speakers' Bureau.

Newcomer's Corner

"I look upon every day to be lost, in which I do not make a new acquaintance."—Samuel Johnson

ENJOYING A FAMILY HOUR with daughters Joy Anne and Jacquelyn are Mr. and Mrs. Jack Kadey of Northville Estates. The Kadeys moved to Northville last December from Norfolk, Va.

The Jack Kadeys have been enjoying their new home in Northville Estates since last December, when they moved to Northville from Norfolk, Virginia.

Mr. Kadey, who has been a pilot for Capitol Airlines for the past ten years, is interested in high fidelity for his spare time pleasure.

He now has his fifth hi-fi set under construction, building strictly from "scratch"—as he did with the first four. No amateur at the job, he and a colleague were acclaimed in a high fidelity journal for developing a piece of equipment that was later put into production.

Both Mr. and Mrs. Kadey attended Wheaton college in Illinois. Mrs. Kadey, who taught in Dearborn for seven years, also attended Central Michigan college in Mt. Pleasant.

The Kadeys have two daughters—Joy Anne, who is eight, and Jacquelyn, seven months. And they agree with Mom and Dad that Northville is a very pleasant place to live.

QUICK WORK BY FIREMEN in Novi township saved this Wallied Lake home from complete destruction last Friday. Only the second story was burned out, though Novi director of public safety Lee BeGo said the house was at first presumed beyond saving. Mrs. Charles Beebe and three children escaped safely from the blazing home at 1929 West Lake Drive, Wallied Lake.

THANK YOU

I wish to express my appreciation to the voters of Novi Township who saw fit to support me in the Primary Election.

I shall continue to endeavor to perform the duties of my office as clerk to the best of my ability.

Novi Highlights

Robert Harold, infant son of Mr. and Mrs. Stanley Orzechowski, was baptized in the Lutheran church of South Lyon Sunday. A dinner was held at the home of Robert Harold's grandparents, Mr. and Mrs. Harold Miller, for 23 relatives after the services. The godparents are Russell Mair, Edna Miller and Pearl Ross. The dress Robert wore was made from his great-grandmother's and Freda wedding gown, and is about 68 years old.

Mrs. Harold Miller celebrated her birthday on Monday at a luncheon at the home of Mrs. J. W. Erwin. Other guests were Mrs. David O'Leary and Mrs. Virginia Seelye. In the evening the Harold Millers had dinner with their daughter and son-in-law, Mr. and Mrs. Stanley Orzechowski Sunday evening. Mrs. Miller's sister, Mildred Main, came in with a birthday cake.

Around 200 attended the gold-en wedding celebration for Mr. and Mrs. A. McCollum on Sunday. They came from Detroit, M.L. Clemens, Pontiac, Novi and Northville. The McCollums received congratulatory telegrams and flowers from New York and Florida.

Coming Events

The Novi chapter, Blue Star Mothers' card party at the Community Building Friday evening, March 1. Scouting door prizes in prizes and lunch will be served.

The Novi 4-H Country Slick will hold its achievement day at the home of Mrs. Robertson March 23 at 7:30. The girls will model the dresses they have made followed by pantomimes. Refreshments will be served.

Baptist Church

The Baptist Missionary Society spent their time last Thursday making cards made at the home of Mrs. Cloyd Johnson.

"America for Christ" has been stressed all through the month of February at the Novi Baptist church services on Sunday. February 24, a special offering will be taken for the program.

Methodist Church

Next Monday evening, February 25 the Novi Methodists will have a family night in the Community Building. The Sunday School will give a program honoring the fathers.

Next Wednesday, February 27 the district superintendent will meet with members of the Novi church to discuss business concerning the building program.

Firemen Praised For Halting Blaze

Novi firemen were commended this week for their quick action in saving a Wallied Lake home from burning down Friday after it was at first believed doomed. Only the second floor was burned in a house at 1929 West Lake Drive.

Owners of the home are Mr. and Mrs. Charles Beebe. Mrs. Beebe and three children were home when the blaze broke out, but escaped safely.

Novi director of public safety Lee BeGo said bystanders assisted firemen until reinforcements arrived. They helped break out ladders, unfasten hose and get equipment into position. The fire was caused by a defective chimney, according to a state fire marshal representative. It is believed that a spontaneous combustion caused it.

The fire marshal investigator and insurance adjusters were unanimous in their praise of the Novi department for stopping the blaze after it had enveloped the entire upper story.

District Governor at Exchange Induction

Eugene King was inducted into the Northville Exchange club last week in ceremonies presided over by district governor Fred Levely of Wyandotte.

In other Exchange business, treasurer Harold Bloom reported that the club sponsored eight projects last year.

Dr. Stewart Campbell reported on the extensive Exchange club eye examination and glasses program.

TWO NEW FLASHERS are set out along Novi road three times a day to warn motorists to look out for Novi school children. The flashers were bought recently after the Novi Mothers' club took steps to insure safer conditions for their children going to and coming from school.

Stan Balon Thanks the Voters of Novi

Your vote in the primary election of last Monday was your right to express a choice... the placing of your confidence in the person voted for and with this in mind I hasten to express my gratitude to the citizens of Novi Township for nominating me on the Republican ticket as one of your selections for Trustee on the April ballot.

STAN BALON
(Pd. Pol. Adv.)

A STATEMENT TO THE CITIZENS OF NOVI

I want to thank all the fine people who supported me in the primary. I do thank you from the bottom of my heart.

Now Novi has spoken. Let's all take heed and get behind the winners and put them on in April. That is my idea of democracy in action.

I personally had a lot of fun and met a lot of fine neighbors; yes, I learned something, too. That is, that the guys and dolls of Novi are going to let some unbridled maverick jump the fence and get in their corral. That is the way it should be.

I wonder if Novi is ready to become a village? I wish all of you people would drop me a card and let me know how you feel about it. I think we should begin to plan something soon or we are going to be amazed. So please send a card to Frank L. Davis, 22001 Beck road and frankly state your position. I would appreciate it a lot. Yours for a bigger and better Novi.

Northville Schools Receive \$7,878

Michigan Bell officials said this week that \$7,878 of the company's tax payment to the state primary school fund went to Northville public schools.

According to district manager Robert Maurer, Michigan Bell paid out \$9,702,222 in state property taxes in lieu of other property taxes.

Schools throughout Wayne county, including those in Northville, received \$3,291,847 from Michigan Bell's payment, Maurer said.

The payments were based on a school census of 1,467 in Northville and 912,651 in Wayne county, he added.

Divided by the state school census of 1,262,000, the tax amounted to \$5.37 for each youngster in the state between the ages of five and 10, Maurer said.

The firm, owned by Smith who is a resident of Plymouth, was opened in 1948. Operations were expanded to Allen Park in 1949 and Detroit in 1954. Like all consumer finance businesses operating in the Michigan Small Loan Act, the firm is licensed to lend from \$10 to \$500.

Dave McElroy has been named publicly chairman for the organization. Among his other activities, McElroy is president of the Michigan State Employee's Association Chapter 41.

The chapter will meet tonight at 8 p.m. in the Boy Scout Hall. A further invitation has been extended to any Northville young man between the ages of 21 and 35 to join the recently-formed chapter.

Area Finance Firm Offers 6% Debentures

An issue of \$150,000 of six percent 10-year junior subordinated debentures was announced this week by Myrn R. Smith, president of the Plymouth Finance company.

The firm, owned by Smith who is a resident of Plymouth, was opened in 1948. Operations were expanded to Allen Park in 1949 and Detroit in 1954. Like all consumer finance businesses operating in the Michigan Small Loan Act, the firm is licensed to lend from \$10 to \$500.

Educator Says: Hope for Better Education Lies with Aroused Public

Editor's Note: F. R. Sproule of West Six Mile road, recently attended the 18th annual Citizens' Conference on Education in Lansing. For residents of the area concerned with the problems of education, we publish his report of the meeting.

On February 5, a record crowd of delegates from every part of the state overflowed the auditorium and strained the facilities of Lansing's great civic center.

Before splitting into study groups the 1,200 delegates were welcomed by Gov. Williams and State School Superintendent Clair Taylor, who both said that such a large turnout indicated a heartening awareness of the vital importance of education in Michigan.

The Governor took time out of a busy day, with the Legislature in session, to talk at length about matters concerning education. He dwelt particularly on the fact that people must learn they have a say if they are to have good schools. He pointed out that while the taxpayer's tab, today, for such services as education, looks big, actually it amounts to a lower percentage of the citizens' income than 10 years ago. The inference was that perhaps if we were willing to devote as great a share of our income to education now as we did 10 years ago, the financial problem would be solved.

The theme of the meeting was "How Meetings Today — Better Community Schools Tomorrow," Dr. Ernest O. Melby, Distinguished Visiting Professor, College of Education, Michigan State University, stirred the delegates by making an eloquent case for the power of an aroused citizenry as the only answer to the problems of education today, citing examples from the annual Better Schools Campaign, John F. Stubbenvoll, Northville campaign chairman, said that the quality of education in this area depends upon the generosity of Easter Seal contributors to bring them care, treatment and other services.

"In 1937 more funds are needed to make possible growth and expansion to meet the demands for sources created by increased numbers of crippled persons," Stubbenvoll said.

Easter seals, which will be placed in the mail about March 15, symbolize 26 years of service to the crippled by the Easter Seal Societies nation-wide. Campaign contributions this year will support and maintain the following services to the handicapped: braces, crutches, wheelchairs, diagnostic clinic fees, occupational therapy to the homebound, day camp for crippled children, recreational program for teenagers and adults and educational assistance.

The 1957 appeal is scheduled March 15 to April 21.

Some \$40,000 will be needed in 1957 if crippled children and adults in Wayne out-county area are to receive the care necessary for their rehabilitation.

Setting that amount as the goal for the annual Better Schools Campaign, John F. Stubbenvoll, Northville campaign chairman, said that the quality of education in this area depends upon the generosity of Easter Seal contributors to bring them care, treatment and other services.

POWER...to cut time costs every trip!

New DODGE PowerGiants

MOST POWER OF THE Low-Priced 3

You get a power reserve in a Dodge Power Giant that pays off every mile you drive. From 204-hp. pick-ups to giant 232-hp. tandems, Dodge gives you the most power of the low-priced three... actually as much as 31% more.

Extra power means faster acceleration, safer passing... cuts your time costs every trip. It cuts operating costs, too, because it lets your Dodge engine loaf under loads that make less powerful engines whine with strain. Less strain means less wear, fewer repairs. And the special design of these Power Giant 7-8's delivers full-powered performance on regular gas.

More power lets you haul bigger loads. That's why Dodge can offer bigger payload capacities in every weight class. For instance, the Dodge 300 pick-up packs up to 73% more payload each trip than comparable competitive makes. And that's the kind of payload advantage that many times means one trip instead of two.

Dodge is the easiest handling truck on the road... with the shortest turning radius for easier parking and quicker zip-in-and-out maneuverability. Power steering is available for most models. And, for the first time on any truck, Dodge offers the extra convenience of a push-button* automatic transmission for the easiest driving ever.

Combine all these features with smart new Forward Look styling and comfort-designed cabs and you've plenty of reason to take a good look at a Dodge. Why not do it soon? You'll find your Dodge dealer's deal will help you decide on a new Dodge Power Giant right now!

Area Finance Firm Offers 6% Debentures

An issue of \$150,000 of six percent 10-year junior subordinated debentures was announced this week by Myrn R. Smith, president of the Plymouth Finance company.

The firm, owned by Smith who is a resident of Plymouth, was opened in 1948. Operations were expanded to Allen Park in 1949 and Detroit in 1954. Like all consumer finance businesses operating in the Michigan Small Loan Act, the firm is licensed to lend from \$10 to \$500.

Dave McElroy has been named publicly chairman for the organization. Among his other activities, McElroy is president of the Michigan State Employee's Association Chapter 41.

The chapter will meet tonight at 8 p.m. in the Boy Scout Hall. A further invitation has been extended to any Northville young man between the ages of 21 and 35 to join the recently-formed chapter.

Holly and Clarkston Lower Boom on Mustangs Tie for League Title Now Seems Likely

The Northville Mustangs will have to wait for another week before knowing how they will finish in the Wayne-Oakland league final standings, but the odds are that they will end up in a tie with Clarkston for the title.

The Mustangs play non-conference Thurston here tomorrow night, and will not play their final game until next Friday.

Meanwhile, surprising Clarkston will end its season tomorrow night against Holly. A win for the Wolves would assure them of a tie for the championship even if Northville wins the following week.

The league race, which had been a walkaway for the Mustangs until they fell apart and lost two successive games last week, is now deadlocked between the two clubs, each with 9-2 records.

The question bothering local fans this week — in addition to "What happened to the Mustangs?" — has been "Where did Clarkston come from?" The Wolves, behind at the start of the season, have suddenly developed into the hottest club in the league.

Paced by a transfer student from Oxford, the Wolves have not lost a game since their earlier 43-37 defeat by Northville. Their current six game winning streak includes four games in which they hit more than 70 points.

Northville, in the meantime, has had to work for every one of its victories in the second round of league play. The pressure apparently caught up with the Mustangs last week.

The Northville Colts split their two games last week, and managed to hold the Holly junior varsity to a fantastic one point during the entire first half.

The Colts dumped Holly, 51-16, and then lost to the Clarkston junior varsity, 42-37.

Fred Schwarz topped Northville with 12 points against Holly. Nelson Schrader led the Colts against Clarkston with 12.

The win and loss give Coach Al Jones' squad an 8-5 record for the season.

Lions to Appear on Court Here March 6

THE DETROIT LIONS will make a try at basketball in Northville when they meet a squad of NHS coaches and other local basketball stars in the Community Building. Among the Lions who will appear in the Exchange club event will be (left to right) Charlie Ane, Sonny Gandee, Dorne Dibble and Norm Swanson.

The Detroit Lions will be in Northville in a couple weeks — but they'll be here to show their basketball skills, not football.

The Lions will meet a squad of local cagers in the Northville Community Building on March 6.

Among the hulking Lion stars who will take to the court will be Jug Girard, Charlie Ane, Dorne Dibble, Sonny Gandee and Norm Swanson.

They will oppose a team made up of Northville high school coaches and other Northville personalities. The entire team will be announced later.

Sponsored by the Northville Exchange club, the event will provide funds for the club's charitable activities. Tickets may be purchased from Exchange club members or at the door.

"The Lions don't claim to be as expert at basketball as they are at football," said Doug Slesor, Exchange club chairman for the event. "But they all played basketball during their college days, and will be far from a pushover."

Slesor explained that the Lions' tour is part of their program of keeping in good physical shape during the off-season.

Come try the BIG BUY

(You can boss this Buick Special for little more than the price of a smaller car!)

ONE LOOK at that price figure and you'll know that — again in 1957 — if you can afford a new car you can afford a Buick.

And look what you get for so little extra money. You get the most completely new Buick in years. Not just brand new in styling and brand new in body design.

But new in features that make this the dream car of the year to drive.

You get brand-new performance because the engine is literally new from the crankshaft up. You get a brand-new instant response because we engineered brand-new torque into Variable Pitch Dynaflo.*

And to give you the new sure-footed safety of a lower center of gravity — we built a brand-new frame — which lowers the car, but keeps the headroom, legroom and footroom that a big car should have.

Fact is, there are more than 150 other chassis changes in this '57 Buick — waiting for you to try them. Do that soon — at your Buick dealer's.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick build today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

Manufacturer's Suggested Price — for this 2-Door Special 6-Passenger Sedan **\$2595⁸³**

(Including Delivery and Handling Charges and Federal Excise Taxes)

Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflo transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

Come in! One look is worth a thousand pictures — one ride is worth ten thousand words.

IT'S THE DREAM CAR TO DRIVE THE BIGGEST VALUE TO BUY!

Brand NEW DYNAFLO PERFORMANCE Instant Response — even without switching the pitch

FEBRUARY THOUGHTS
"For who hath despised the day of small things?" The month of February is not a period of small things, although it is the smallest month of the year. Many can remember these lines which help us to keep our mental calendar straight:
"Thirty days hath September,
April, June and November,
February has twenty eight alone,
All the rest have thirty-one;
Excepting leap year,
When February's days are twenty-nine."
The second cycle of the moon around the earth in our calendar year is one space with the thoughts of great things — Boy Scouts, Valentine's Day, Abraham Lincoln and George Washington have done much to establish better race relations. Lincoln still "walks at midnight" boys of different colored skin, earning merit badges together, should receive their God and Country awards at the same altar. Many are our good Americans who are "brother's keeper."
Our local church was greatly enriched on Race Relations Sun-

day when we exchanged pulpits and chatted with the Berea Methodist Church (colored), Highland Park. It was a privilege to minister to and clasp hands in Christian fellowship. We felt again the truth of John Oxenham's hymn:
"In Christ there is no East or West
In Him no South or North;
But one great fellowship of love
Throughout the whole wide earth."
What ever your race may be,
Who serves my Father as a son
Is surely kin to me." AMEN
How can we expect another to keep our secret if we cannot keep it ourselves?

How spiritual understanding of God as divine Mind opens the way to greater abilities and opportunities will be brought out at Christian Science services Sunday.
Readings in the Lesson-Sermon entitled "Mind" will include the following from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (128): "A knowledge of the Science of being develops the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortals access to broader and higher realms. It raises the thinker into his native air of insight and serenity."
The Golden Text is from Romans (12:2): "Be not conformed to this world, but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."

Let's Watch Our Manners

It is a well-known fact that conditions in our high school are crowded and extreme.

Too many people are crammed into too few spaces, and the halls are too narrow for the amount of foot traffic that continuously passes through them. But it is of all this, students and teachers alike have not been unwilling to endure these hardships because of the general practice of good citizenship.

However, it seems a few students have failed to uphold our standards of courtesy. Most of our students realize the need for excellent manners, and as a result, travel as politely as the limited time permits.

But there exists in the minority a number of students who persist in disregarding the feelings of others. To such people, the bell is a signal to charge through the halls like chickens with their heads cut off. Even these rude actions might be overlooked if they were confined to the student body. But some of our teachers have been bumped, tripped and shoved, without so much as a passing "Excuse me."

An amusing incident is brought to mind of a teacher who taught one of her students an embarrassing and much-needed lesson. During one of the homeroom periods, a student bumped into the teacher so soundly, she was knocked to the floor. There, she was left to pick herself up as best she was able. With a gasping of teeth, she resolved to teach that young upstart a lesson he would not forget. The ringing of the bell found our heroine firmly planted in the entrance to the classroom. Along came the offender and before he realized what was happening, he found himself neatly tripped and deposited upon the floor. Came the timely statement, "Young man, maybe next time you'll know enough to mind your manners."

It might be well to keep this thought in mind — better to keep one's friends and be late than to lose them for the sake of being early.

Last week, a small group of high school seniors were invited to attend a meeting at Mrs. Sid Junod's home.

Upon arrival they discovered that they were to be the first students to participate in a new movement designed to create better understanding between students, parents and teachers.

Mrs. Junod brought up several topics which are of unanimous interest to teen-agers. Soon an all-out forum was under way, with opinions and ideas flowing freely between adult and youth.

Attending the meeting were Mrs. Sid Junod, E. V. Ellison, City Manager John Robertson, Dick Drew, Jerry Schmitz, Mary Palmer, Dave Dahl, Vic Miller, Lynn Smith, Emilie Seguin and Joan Saunders.

Driver Training Held After Hours

Driver training cars will now be seen around town after school as well as during school hours. This is an extra course since the daytime course is now too filled to accommodate more students. Monday, February 11, the class started and 28 students are now enrolled. The classes will be held regularly and conducted as the other daytime class are. At Jones and Mr. Hensch will be the instructors.

The classes will run from 4:30 to 5:30 after school and students will use two cars, switching off from one to the other to accumulate themselves to automatic and regular shift.

Forensic Club Sees Play at Wayne
Last Thursday the Forensic club of Northville high school journeyed to Wayne State university to view a production of the play, "Theebs' Carnival", by Jean Anouilh.

The presentation of the play was given by Wayne students and it was enjoyed by the club, whose aim is to study, learn and appreciate drama.

Students Plan and Prepare Full Course Meal at School

Turkey and baked ham, plus all the trimmings. No, it wasn't Christmas, or Easter either.

About a week ago, the students of Miss Corrine Clark's Home Family Living class decided they would like to have a bit of experience in the process of planning and preparing a full course meal.

Since a bit of finance was involved, they sought and gained the permission to take the needed money from school funds rather than from their own pockets. This done, the class divided up into groups of six one boy and five girls to each. Each group took it upon themselves the responsibility for one phase of the dinner.

When the final day arrived, some of the students came to school early to start the meal cooking and to get the preliminary preparations under way. They spent their free periods throughout the day completing the last minute touches.

When seventh hour finally arrived, the class indulged themselves in a tempting display of

Student Council Is Kept-Busy

Revising the Student Council charter, enforcing laws, planning the sale of peanuts for polo and taking student pictures — this is some of the business that has been keeping the Northville high school student council busy.

The two main projects are the sale of peanuts and revising the charter. For two weeks student council members have been raising money for the polo drive by selling peanuts during the basketball games and during lunch hours.

A second major project is revision of the charter. Each member read the charter, and the student council then formed a committee to recommend necessary changes.

Orders Being Taken For "Palladium"

Have you bought your Palladium yet? Charles Yahn, in cooperation with the Student Council members, has been busy taking orders. It is being done at this early date because a definite number of desired yearbooks has to be sent to press.

The printing and distribution process will take about two and one-half months, which means the students will be receiving their copies sometime in May.

Amendment to the Taxicab Ordinance

Section 3. Liability Insurance. It shall be unlawful to operate a taxicab or permit the same to be operated, nor shall any license be issued hereunder, until and unless the applicant for license deposit with the City Clerk a prepaid policy of liability insurance for each taxicab for which a license is sought, or a blanket policy covering all of his cabs, said policy to be acceptable and approved by the City Attorney and Michigan, indemnifying the applicant in the sum of at least twenty-five thousand (\$25,000) dollars for injury to one person or fifty thousand (\$50,000) dollars for injury to more than one person, and ten thousand (\$10,000) dollars property damage in any one accident, through the operation of the taxicab of the applicant. The policy of insurance so deposited shall contain a clause, obligating the company issuing the same to give ten (10) days written notice to the City Clerk before cancellation thereof. Whereupon after ten (10) days such license shall cease to operate or cause to be operated with the city of Northville such taxicab and the license therefor shall be automatically revoked and liability on such policy shall cease and terminate, provided that the liability of the insurance company thereon for any act or omission of the licensee occurring prior to the effective date of cancellation shall not be thereby discharged or impaired.

Section 14. Receiving and Discharging Passengers. Section 16. Rates of Fare. The City Council shall by resolution establish the rates of fare to be charged by taxicabs engaged in the transportation of passengers, and no greater rate of fare shall at any time be charged by the operators thereof than that fixed by the Council. The basic rate shall be printed conspicuously on the front floor of each taxicab together with the company name. A full schedule of rates shall be posted inside the cab within easy vision of passengers. A full schedule of rates shall also be posted at the Taxi stand.

This amendment to the taxicab ordinance shall become effective on February 28, 1957.

Action for Lindemer

A BIG TEST for the new Republican state chairman, Lawrence B. Lindemer, comes tonight on the heels of his election as Michigan's GOP chief.

April 1, the Republicans will muster all strength to prevent Democrats from capturing their last two seats on the state administrative board — Highway Commissioner and Superintendent of Public Instruction.

It's a tough assignment. The Democratic powerhouse led by Governor Williams has proven strength. Unlike the full elections, the Democrats also have a natural offensive position.

Confident optimism seems to prevail in the GOP. Lindemer, 35, represents the "New Guard" Republicans. His strategy is to bring Eisenhower concepts to the state and county level.

While the April 1 test is a big one, the election itself won't be a "true test" of Lindemer's ability. The time is too short to build a complete organization.

Lindemer recognizes that much of Williams' political success comes through campaign tactics waged between elections. Lindemer wants a permanent organization that can meet the governor on equal ground.

Regulation of milk marketing is the object of a widespread protest introduced by Ben J. Stoney (R-Holding). His bill would authorize the state to regulate prices and trade practices.

Rep. Charles S. Stoney (D-Detroit) has introduced a bill that would prohibit the sale of "alcohol pills" except by prescription as mandated by Senator Charles S. Stoney (D-Detroit).

Fire Insurance Stock Makes Sound Investment

Babson Park, Mass. — I have recently been quoted as follows: "I believe if Jesus were here today, instead of being a carpenter, he would be an insurance agent."

Many investors also fear the mutual stock fire companies. Of course, there are no stockholders in the mutual fire insurance companies, but certain stock fire insurance companies use a mutual system for premiums.

Over a period of years the income from fire insurance stocks has been excellent. There are cases, such as that of the Home Insurance Company, where this record extends over 100 years.

There is, however, a cycle in the industry which I should mention. There will be a period of heavy losses and low profits, after which the companies get permission from the State Commissioners to raise their premium rates.

Two monthly roundtables for adult scouts in the Sunset district will be held in Northville next month. A roundtable for Cub Scout leaders will be held March 14 in the community center at all suburban, assistant commanders, den mothers and den pack committees.

Many Disagree With Me
The investment trusts have been doing considerable selling of insurance stocks, especially those of the fire insurance companies. They feel that the present "agency system" is becoming obsolete.

Community colleges receive a boost from eight senators in legislation granting the Superintendent of Public Instruction power to approve their formation.

Sen. Clyde Geerlings (R-Holland) wants the highway department to post signs along state trunklines to indicate the penalties for scattering litter and dumping rubbish.

Northville Student Has All A's at State

Lynn Matzen of Northville is one of 115 students who received all A's at Michigan State University during the last term. He is the son of Mr. and Mrs. D. W. Matzen, 21677 Novi road.

The 115 students were honored at a dinner February 7 in recognition of the "highest attainment in scholarship." Guest speaker was Dr. Stanley Jizers, director of the new MSU Honors college.

Approve 96-Home Subdivision in Novi

Novi township board members gave final approval Saturday afternoon to a 96-home subdivision to be located at Beck and Eleven Mile roads.

It marks the first major subdivision to get underway in Novi since construction began at Willowbrook Village two years ago. The project, to be developed by the Keith Mercall company of Farmington Hills, is known as "Pioneer Meadows."

It covers 40 acres of land purchased by Mercall from Andrew Burgess. According to Mercall, various contractors will build the homes. The subdivision itself will have 100 lots. Average lot size will be 100 feet by 120 feet.

The homes will be three-bedroom ranch style and of brick construction. They will have detached garages, individual septic tanks and wells. Price of the homes will range from \$14,500 to \$17,500, Mercall said.

The subdivision extends more than 2,000 feet along Beck road and nearly 800 feet along Eleven Mile road. First models constructed will face the roads. Blacktop roads within the subdivision will extend the length and form a "figure 8."

The law requires that the board meets on the first Tuesday following the first Monday in March. It must meet four times. In the following two sessions, assessments can be raised or lowered, but on the final two days they may only be lowered.

The hearings are held at the township hall. Supervisor Fraser Staman announced this week that the board will be in session on March 5, 6, 7 and 12 from 8 a.m. until 10 p.m. In addition one night session has been set for March 7 from 2 p.m. until 8 p.m.

Novi Prepares to Contest Wixom Vote

THE LONG HAUL — A giant 130-foot beam — one of the longest ever manufactured by Paragon Construction Company in Novi — hauled out from its birthplace toward Detroit, where it is to be used for one of the new expressway overpasses. With a state police escort, the driver crept along Grand River toward the Detroit city limits where he was met by city police. From there on, the work was tough. But the skillful driver managed to wind his block-long load through the narrow downtown streets and deliver it at its watertight destination. The huge beam created a sensation on its 30-mile journey.

Board Instructs Attorney To Fight Incorporation

The Novi township board has decided to contest the February 5 election in which Wixom gained incorporation as a village. In a special meeting last Saturday, the board gave township attorney Archie Leonard power to fight the incorporation by whatever method he deems best.

The board based its decision to contest the election on grounds that the 64-24 tie vote in the Novi section of Wixom was inconclusive.

(Wixom ties in both Novi and Commerce townships. Despite the tie vote in Novi, Commerce voters carried the issue by voting 189-102 in favor of it.)

Plans Developing For Little League In Novi Township

Plans for a "Little League" of baseball teams in Novi got off to a good start last week with the appointment of key committee chairman.

Next step in organizing the junior baseball franchise will be a public meeting on February 10 for all township youngsters between 8 and 13 years who are interested in playing ball.

The meeting — for their parents too — will begin in the Novi Community Building at 7 p.m.

Review Hearings Start Tuesday At Township Hall

Novi township taxpayers who wish to question their real estate or personal property assessments will have an extra day to appear before the board of review this year.

Supervisor Fraser Staman announced this week that the board will be in session on March 5, 6, 7 and 12 from 8 a.m. until 10 p.m. In addition one night session has been set for March 7 from 2 p.m. until 8 p.m.

Answer Is Elusive: What Do These Party Committees Do?

The exact status and function of the newly-elected Novi township party committees appeared this week to be somewhat vague. But there seemed to be little doubt that they will play an increasingly important role in township politics.
