

SPEAKING for the Record

By BILL SLIGER

This edition of the Record and Novi News marks the beginning of my second year at pointing out the column. Regular readers probably will say that it seems like a lot longer, but I'm finding it hard to recall what happened to the time.

Some days have dragged like the month of January, but the year itself simply disappeared. Our biggest source of satisfaction comes from the realization that more and more people in key positions in Northville, Novi and now Westland, are studying their problems in an area-wide manner. This is true, not only between the separate governments, but also in separate spheres of jurisdiction within the communities.

While we must look at each community individually to appreciate local problems, we can't help but see an overlapping where inevitably an exchange of ideas and resources benefits all sides.

And that's why, as we begin our second year, we're making a determined effort to gain NEW and REGULAR readers of the Record and News.

Our \$3,300 circulation contest in Northville and Novi has created a great deal of interest and discussion, but few contestants. Apparently, you're not sure that someone else will win the car, cash, savings bonds and television set.

Contest Manager Bill Lancaster tells me that such promotions are generally won by people who devote just a few hours each day for four or five weeks to selling subscriptions. We know it's easy to do, because we have done it.

Somebody in Novi and Northville will win these prizes; it might just as well be you!

Lancaster related an interesting conversation to us concerning our Novi paper. A lifelong Novi resident told him that her shopping habits had been changed by the Novi News. Having shopped elsewhere all her life, she began taking the Novi News to read the happenings in her area and subsequently began shopping in Northville because the local merchants carried their advertising messages in The News.

It's all part of the area picture, as we see it. And, actually, it's the very reason we're conducting this circulation contest. We want more people to become regular readers of The Record and News. If we can get our paper into their homes for one year, then it is up to us to provide them with the kind of a community paper that will bring regular subscription renewals.

Even if you do not choose to enter our circulation drive as a contestant, you can do your part by helping someone else get NEW subscribers. That way, we'll not only have a better newspaper, but an area that's better informed of community affairs. An informed public cannot help but produce a better community for everyone.

A start was made on construction of a new hospital for mentally retarded children at Plymouth with \$250,000. Total expansion will net more than 1,000 new beds.

"The Republican legislative program was designed to treat and cure the mentally ill so they can return as quickly as possible to society—rather than being confined to our state institutions for lengthy periods of time," said House Speaker George M. Van Pelt (R-Zeeland).

"We have a mental health program we can be proud of."

Van Pelt, a legislative veteran who has risen to his top position of leadership, has been designated as the party's spokesman for the House.

Some party spokesmen indicate strongly that the young lawyer from Zeeland is a partying in party politics and could be tapped for higher state office—maybe, for governor.

Van Pelt's interim committee on labor which last summer explored the battle over whether Gov. Williams' tax ideas were forcing business and industry out of Michigan.

The theory then, as now, was that business and industry are paying their limit in state taxes. Williams' proposed six per cent corporate profits tax would tip the scales, they said.

The issue boiled along through summer and fall, until industrial leaders including Harlow Curcio, president of General Motors, publicly stated his position. He said that his corporation is considering expansion in other states rather than in Michigan.

Political experts saw the result, and the issue was dropped. It was the most damaging blow to Williams since he took office in 1954.

Can you invest a dollar OR MORE A DAY . . . to build an estate, or accumulate an investment fund or buy an interest in American industry?

Many Mutual Funds have plans to aid you invest as little or as much as you wish on a systematic basis.

State's Mental Block

MICHIGAN WILL SPEND \$63,322,907 for mental health programs during the 1957-58 fiscal year. The field always has been a battleground.

Whether or not it was, leaders of both parties are keeping in mind that Van Pelt was one of the early leaders in the fight.

What has happened to Van Pelt since has done nothing to help his rising political star.

MICHIGAN'S new Democratic highway commissioner, John C. Mackie, has found himself bound by some of the commitments made by his predecessor, Charles M. Ziegler.

Atty. Gen. Thomas M. Kavanagh ruled the day after Mackie took office that bond issue money raised for limited-access expressways cannot be diverted to any other purpose.

This was a legal blow to Mackie, whose platform was to start after the war the new funds available in Michigan.

The net effect will force the new commissioner to finish many of the jobs already started by Ziegler—some of the projects under heavy criticism from Democrats.

Legislators provided \$1,578,000 for the Lafayette Center in Detroit, training school for psychiatrists. This is an increase of \$750,000.

Legislators turned over \$25,000 to the neuropsychiatric institute at Ann Arbor for research into the causes and treatment of mental disorders.

In addition, the mental health department received \$30,000 for research and was authorized to set up an \$85,000 training program with the help of Federal money.

Republicans said they had added 570 new employees to the mental health system in 1956.

A start was made on construction of a new hospital for mentally retarded children at Plymouth with \$250,000. Total expansion will net more than 1,000 new beds.

"The Republican legislative program was designed to treat and cure the mentally ill so they can return as quickly as possible to society—rather than being confined to our state institutions for lengthy periods of time," said House Speaker George M. Van Pelt (R-Zeeland).

Roger Babson

What's Happening to Your Savings Dollar?

Babson Park, Mass. — Statistics can be used to prove what you want to prove — or they can be used to show what you don't want to prove. Money is used universally, and its fluctuations in all calculations. The money unit — whether it be a dollar, pound, or franc — has a tendency to become less and less valuable. Money is always a problem to every one, from the paper boy to the President of the United States.

The Vicious Spiral. The Union demand is always for higher wages or shorter hours. Employers are willing to grant increases so long as production is being increased, but otherwise such increases are followed by a rise in the price of consumer goods. Increased prices are soon met by higher wages, and the spiral goes round and round. The vicious circle continues.

Creeping Inflation. This gradual increase in prices lessens by so much the value of the dollar and of your savings deposits and life insurance. This situation is going on at the present time, and unless it is controlled it will cause trouble in time. The Federal Reserve Board is trying to control it, but it is not doing so well.

Conclusion. The Administration likes to speak of the Great National Product, which is measured in dollars, because it probably makes everybody feel better; but remember that it is measured by a 50-cent dollar rather than by amounts of food, clothing and shelter.

Money. We should all encourage the Board in its effort to protect the dollar, our savings, and our life insurance. Inflation does not create the volume of business; it just increases the number of dollars necessary to carry on business.

Money. We should all encourage the Board in its effort to protect the dollar, our savings, and our life insurance. Inflation does not create the volume of business; it just increases the number of dollars necessary to carry on business.

Money. We should all encourage the Board in its effort to protect the dollar, our savings, and our life insurance. Inflation does not create the volume of business; it just increases the number of dollars necessary to carry on business.

12 Contest Entrants Top \$30 Club Level

Below is a list of the men and women of this area who signed entry blanks and officially entered as contestants in The Northville Record and Novi News \$3,500 Subscription Contest.

Forty-nine were entered, but nine of them immediately withdrew upon hearing that others had entered, leaving 40 in the list below. Only 12 of these have started in the race with more than a \$30 club of subscriptions, 6 have received votes from one to four subscriptions, and one has been credited with free votes. This leaves 22 entrants who have not added to the 5,000 votes given for entering.

A \$30 club is composed of any combination of \$3.00, \$5.00 or \$10.00 subscriptions amounting to \$30 worth. Each \$30 club yields between 425,000 and 625,000 votes.

THIS LIST MERELY SHOWS WHO HAS BECOME ACTIVE. All entrants who do not become active and add to their 5,000 entry votes within the next week will be dropped from the list of contestants. No entrant has a start that could not be overcome in a short time by every active entrant. Just watch this list narrow down to the few with the initiative and courage to start a real campaign to win.

NORTHVILLE AREA ENTRANTS — DISTRICT ONE. These contestants can win the new Ford, \$500 cash, a \$500 bond, the \$109.95 TV or share in the \$750 in commissions. One must win the \$300 bond.

Council Names Harold Penn To Act as City Engineer

Harold W. Penn, partner in the Detroit engineering firm of LaPorte and Penn, was named Monday evening as city engineer for Northville. Penn, who resides at 4610 West Main street, will be employed by the city on a retainer basis. The move has been under consideration by the council for many months. The council believe that the city can save money by employing an engineer on a retainer basis instead of employing firms as consultants on individual projects.

City Gets \$4,116 For Street Work

Northville will receive \$4,116.46 as its share of state gas and weight tax rebates for the second quarter of 1957.

The money must be used for road and street work within the city, and already has been included in the Northville budget.

The figure includes \$3,363.65 from the state motor vehicle highway fund and \$432.81 from the state highway construction fund.

Both funds are accumulated from state gasoline and weight taxes. Four times a year, they are distributed to state, county and municipal agencies.

A total of 41 percent of the state motor vehicle highway fund — set up in 1955 — goes to the state highway department. Some 37 percent goes to counties, and 19 percent goes to cities and incorporated villages.

The breakdown of the highway construction fund — established in 1953 — has 75 percent going to the state highway department, about 17 percent to counties, and about eight percent to cities and incorporated villages.

Headlines From The Northville Record

IF IT'S NEWS... AND IT HAPPENS IN NORTHVILLE... YOU CAN READ IT IN THE RECORD

\$1,000,000 Fire Guts Northville Plant

Loss of Allied Products Called 'Jolt to Economy'

One of the most spectacular blazes in Northville history broke the seven-hour calm Tuesday, causing an estimated \$1,000,000 damage and putting some 65 people out of work.

Firemen battled throughout the afternoon and into the evening to conquer the suburban blaze, which left the Powdered Metal Parts division of Allied Products company, 456 East Cady, in almost total ruin.

No persons were injured, but three firemen were overcome by smoke and had to rest.

It was the second largest industry in Northville. Its loss was termed a "jolt to the city's economy" by city manager John Robertson.

Four fire trucks and some 40 firemen from Northville, Novi and Plymouth answered the alarm. Despite thousands of gallons of water — which emptied one tanker and sent the fire for more — the structure was thoroughly gutted.

The blaze broke out shortly after noon, when all but a half dozen employees were out of the building on their lunch hour. No one was in the main shop.

Northville fire chief William McGee said the fire could have been a disaster.

"It flashed so fast that even the men who discovered it didn't have a chance to turn off gas lines," he said. "If the employees had been there, many of them may not have come out alive."

Ironically, plant general manager John V. Roberts, of Plymouth, labeled the absence of employees "misfortune."

"If someone had been there," he said, "the fire would have been put out immediately. But as it was, it had a head start before it was discovered and consequently was nearly impossible to control."

The cause has not yet been determined, Roberts said. He said that an acetone tank may have figured in somehow.

McGee said investigators are still looking into the cause. He said published reports that he had laid the blame to a furnace blast.

Roberts stressed that very little combustible material is used in the plant's operation. He discounted reports that the blaze was helped along by open oil drums. The oil that the plant's drums were still sealed and intact after the fire.

"In fact, I was surprised that it spread so rapidly," he said. "We used very little material that could burn. Most of it was metal."

The fire was discovered by three employees in a distant part of the plant. They dashed out, telling switchboard operator Mrs. Doris Melby to call the fire department.

The blaze, which began in the center of the building, swept through the structure in minutes. By the time firemen arrived, the entire building except the main office was a roaring inferno.

Though the concrete-block and aluminum walls themselves did not burn, the wooden roof apparently provided an easy course for the blaze.

McGee said the blaze apparently was helped along by city equipment, exploding ammonia and acetylene tanks, and possibly by wall insulation which got to hot it burned.

The fire seemed to be under control at times, only to break out anew as firemen moved to another part of the building.

Finally, an hour after it began, the blaze raged into the offices. Most of the firm's records before the fire swept into the main office. Despite their efforts, many documents, blueprints and personal items went up in flames.

HOLOCUST — This was the scene shortly after firemen arrived at the Northville Allied Products division to battle a fierce flash fire Tuesday afternoon. The rapidly-spreading blaze swept through the building in minutes and was almost uncontrollable by the time fire-fighters arrived. It was the most spectacular fire in Northville in years. See other pictures on page 8.

Day School Established For Retarded Children

Digging through a packed agenda Monday night, members of the Northville board of education highlighted their meeting with the announcement of a new program for mentally retarded children that will begin next fall.

The Northville district will join five other school districts in sending children to day sessions at Wayne county training school. Other districts represented will be Plymouth, Southfield, Redford, Union, Livonia and Clarenceville.

The board announced that 45 probably students from Northville would be included in a group of 45 beginning sessions sometime between September 1 and December 1. The tentative age limit is between five and eight years, although some four-year-olds may be included.

The individual districts will be billed for students who will be able to live at home while attending school.

In a matter regarding finances, the board processed a resolution calling for the sale of \$22,000 of tax anticipation notes. Bids have been advertised for this week, the opening date being August 21 at 7:30 p.m. in the board office.

This is in addition to \$50,000 borrowed against future taxes earlier this year and brings the district to its borrowing limit for 1957.

Two important matters related to the opening of school in the fall were acted on Monday: bus transportation and a rate setting for elementary school book rental.

After hearing a report of road and walking conditions from the transportation committee of the Parent-Teachers association, the board decided that most students who live beyond the city limits, kindergarten through 2nd grade, will be transported by bus to school.

The committee has been studying the situation at the request of the board for several weeks. A problem arose when a new state aid law passed this spring provided that the school district would not be reimbursed for transporting students who lived within one and a half miles from school. The limit set for the previous year was one mile.

According to the board, new transportation boundaries will mean a loss of money to the district, but the cost should be no more than last year's.

In the new book rental program, students in grades one through six will pay a flat rate of \$6 a year for books.

A flat amount for kindergarten students is yet to be determined, but is estimated to be higher than \$6.

3 Northville Teams Win Positions In Rec Tourneys

Three Northville recreation baseball teams set on their way to tournament play as a result of games played this week.

The midweek Northville Braves pulled over the Livonia Indians Tuesday night as pitcher Tom Brown led them to a 4-0 win over the Wilcox Beagles.

The Braves will meet Livonia tonight for the right to represent the league in the Michigan Recreation Association tournament. The loser tonight will participate in the Wyandotte Inter-City tourney.

Joe Krich pitched the Northville team to a 4-2 win over Ford Civic Tuesday night. The victory assured the league-champion Northville team of a spot in the state-wide MRA tournament.

Krich tossed a four-hitter and pounded out a two-run bases-loaded double.

Monday night, the Northville Class F squad lost to Livonia to miss out on the MRA tourney. But the Northville team is expected to enter the Inter-City playoffs.

The 4-3 game was called because of darkness — a decision that was protested by a Livonia manager. Northville recreation officials.

Recreation director Stan Johnston halted the work of coaches Ken Conroy, Mike Welling and Glenn Long in making the 1957 baseball season so successful. All told, their teams have won a total of 28 games whitewashing only three.

See other details on sport page.

Local Auto Clubbers Plan Outdoor Dance

A "Summer Festival" with dancing, music and refreshments will be sponsored by Northville's Modified Auto club.

The young auto clubbers plan the outdoor dance for Saturday, August 17 in the parking area next to the First Presbyterian church.

The club has 20 members and is sponsored locally by the Exchange club. Its directors are Eugene King, Northville police officer, and William Telford. Warren Feele, Greg Gien in mechanics, automobiles and good driving habits. They will use funds from the festival to promote scooterless leaflets by the following names:

After the blaze was brought under control, the gutted structure was a charred scene of water-covered floors, singed office furniture, and sooty equipment. A picture of service in the club's family was half buried in the black rubble.

Doctors report that harring complications and discovery of internal injuries, all three are progressing rapidly and well.

Three Local Men Injured In Northville Road Crash

One Northville boy lies unconscious and two others are seriously injured in the University of Michigan hospital as a result of an auto-mobile accident Monday night.

They are Glen Howard, suffering from concussion; Bruce Rose, who has minor bone breaks and multiple lacerations of the scalp and hands; and Richard Altier, who was X-rayed for a possible spinal injury.

According to the Wayne county sheriff's department, the car was traveling south on Northville road at a high rate of speed when it hit a tree about 9 p.m. Monday.

The car, owned and driven by

Willowbrook

(Continued)

Sharon Newton of Malott has been visiting her grandmother in Lincoln Park for the past several weeks.

Bill and Joan Gould of Glen Ridge spent the week end at Harson's Island. They took as their guests Magie and Ron Kammer of Detroit.

Three families from Ten Mile, the Jack Carters, the Dick Cromers and the Claude Earls spent last Wednesday at Kensington park.

They had a picnic, enjoyed swimming and had birthday cake for David Cromer, who was one year old. Jimmy Driscoll was invited as a guest.

A day at the zoo was enjoyed Wednesday by V. Newton and Millie Lambathi and their children.

The Ronald Grills of Willow Lane have as week end guests Mr. and Mrs. Jack Miller and their children of Flint.

Mrs. W. O. Rogers of Youngstown, Ohio is the house guest of Mr. and Mrs. Worthy Rogers of Willowbrook Drive for several weeks.

Attending a card party in South Lyon last Thursday were Gladys Earl, Alden Carter, Jean Cromer and Marcela Ferguson.

The Bob Radtke family of West LeBoist kept cool last week by driving to Kent lake every day for a swim.

Errol and V. Myers of Border Hill returned Friday from a three week vacation in Paradise, Michigan. They had as their guests at the cabin V's brother, Mr. and Mrs. John Apple of Springfield, Pennsylvania and V's sister, Mr. and Mrs. Wilfred Clarke of Chicago.

Fay Duker of Malott was hostess to her bridge club Tuesday night. Irene McCormick won first prize and Joan Gould, a guest, won the second prize. The consolation prize went to Bessie Conn.

Dee and Bob McKoon of Meadowbrook celebrated their combined birthdays July 29 with a barbecue picnic. Invited were Mr. and Mrs. Thomas McQuire, Mr. and Mrs. H. McKoon and Mr. and Mrs. Earl Hester of Detroit. The McKoons spent this past week end at Bob's parents farm in Fenton.

Dee and Bob McKoon of Meadowbrook celebrated their combined birthdays July 29 with a barbecue picnic. Invited were Mr. and Mrs. Thomas McQuire, Mr. and Mrs. H. McKoon and Mr. and Mrs. Earl Hester of Detroit. The McKoons spent this past week end at Bob's parents farm in Fenton.

NAIROW ESCAPE — During last Saturday's fierce wind and rain storm, John W. Jamieson, 224 Linden, went out to make sure his car windows were up. As he stepped out, a huge tree crashed down on his car, smashing in the roof. Jamieson promptly forgot about the windows. The near-tragedy occurred during a visit with his wife's parents, Mr. and Mrs. J. C. Bowley, 15065 Lakeside Drive, Plymouth.

Errol and V. Myers of Border Hill returned Friday from a three week vacation in Paradise, Michigan. They had as their guests at the cabin V's brother, Mr. and Mrs. John Apple of Springfield, Pennsylvania and V's sister, Mr. and Mrs. Wilfred Clarke of Chicago.

Novi Highlights

(Continued)

Mrs. Charles S. Crawford of South Lake Drive, Novi township, entertained the Brownlee committee of the auxiliary to the Salvation Army in Detroit July 31 at a picnic. Among those present were the honorary chairman of the committee, Mrs. Blanche D. Brown, Mrs. Mary DeWick, president of the auxiliary; Mrs. Nellie Wing, past president of the auxiliary; and Mrs. George Plass, holiday fair chairman. Others present were Mesdames Smith, Gervin, Hasek, DeSwaan, Campbell, Atkins, Cain, Hopping, Scheller and Quinn, all of Detroit. Also Mrs. Christine Takken of Wasegat, Canada.

The matter was tabled after Herbert Abrams, chairman of the Civic association committee to circulate the petition, agreed to give the council time for study.

In other business the council named David E. Uley of Pontiac as village attorney and Mrs. Jesse Byrd of Wisconsin as clerk. Uley is married and has four children. He has practiced law since 1930 and was a candidate for Oakland county prosecutor last year. Mrs. Byrd has lived in Wisconsin since 1930 and is secretary of the Eastern Star of the organization. She is married and has three children and seven grandchildren.

Before adjourning the council agreed to rent the Abrams' building at 131 Wixom road for a village hall. The office will include the house, but not the present real estate office. Remodeling plans will be discussed before reaching a lease agreement.

While the council will continue to meet weekly temporarily, official meeting nights will be the second and fourth Mondays. Phone number for the village hall will be MA 6-5901.

He has practiced law since 1930 and was a candidate for Oakland county prosecutor last year. Mrs. Byrd has lived in Wisconsin since 1930 and is secretary of the Eastern Star of the organization. She is married and has three children and seven grandchildren.

Before adjourning the council agreed to rent the Abrams' building at 131 Wixom road for a village hall. The office will include the house, but not the present real estate office. Remodeling plans will be discussed before reaching a lease agreement.

While the council will continue to meet weekly temporarily, official meeting nights will be the second and fourth Mondays. Phone number for the village hall will be MA 6-5901.

(Continued)

The matter was tabled after Herbert Abrams, chairman of the Civic association committee to circulate the petition, agreed to give the council time for study.

In other business the council named David E. Uley of Pontiac as village attorney and Mrs. Jesse Byrd of Wisconsin as clerk. Uley is married and has four children. He has practiced law since 1930 and was a candidate for Oakland county prosecutor last year. Mrs. Byrd has lived in Wisconsin since 1930 and is secretary of the Eastern Star of the organization. She is married and has three children and seven grandchildren.

Before adjourning the council agreed to rent the Abrams' building at 131 Wixom road for a village hall. The office will include the house, but not the present real estate office. Remodeling plans will be discussed before reaching a lease agreement.

City's Second Largest Industry Now a Charred Hull

SYMBOL OF THE FIRE'S DESTRUCTIVENESS was this ugly black cloud which bloated up from the doomed factory. Smoke hung heavily over the city for hours and was visible as far away as Farmington. At times, the flames leaped nearly as high as the smoke, scorching overhanging trees and endangering nearby homes.

COLLAPSED METAL WALL shows the intensity of the flames in the rear of the plant. Though the rest of the building remained standing, the interior was thoroughly gutted. Even heavy equipment was charred by the flames. Several explosions also rocked the interior.

OVERCOME — Firemen Lee Owens, of the Plymouth fire department, catches a breath of fresh air after getting too much smoke while fighting the blaze. At least two other firemen were overcome. Four trucks and some 40 firemen from the Northville, Novi and Plymouth departments answered the alarm.

Later and again that evening to fight a fresh outbreak in the office rafters. Northville fire fighters and plant employees watched for new flare-ups throughout the night.

Clean-up operations went on far into the night, as plant officials tried to estimate the extent of damage.

Roberts said he will meet with Allied Products officials to discuss the plant's future. The building is completely useless now, he said, and would have to be entirely rebuilt if operations are to continue.

Until a new plant is built — if ever — its 60-65 employees will be out of work, Roberts said. Many of them will help clean up the debris, however, he added.

The plant which was established in 1945 and came under Allied Products in 1951 produced gears and other small parts, primarily for automobiles. Its equipment included massive presses and balling furnaces which heated up to more than 2,000 degrees.

Jesus said plainly in John 17:17 "Thy Word is truth." In other words the Divine Revelation is the yardstick of all truth in the catalog of things which it covers. It contains the true historical record of creation, of the Jewish people and Gentile nations which are mentioned. It tells the truth about the heavens above. What it says about life after death is also true. Now there are a number of different things that we are at liberty to state and still be true because we have stayed within the bounds of truth dimensions found in the Bible. However, when we contradict the facts of the Bible, that moment we are outside of the dimensions of truth.

Many people like our handy monthly payment plan for repair and modernization materials. Our stocks are at present in the best condition they've been since way back when — so we're apt to have everything you need. Check with us.

Here Comes the Building Boom

TWICE AS LARGE — Paragon Construction company, one of Novi's leading industries and the state's third largest producer of structural steel, is doubling its plant area with this new 60,000 square foot addition. It's the third time since 1954 that Paragon has expanded. The addition will front on the new expressway.

NEW HOMES IN NOVI — Some 225 homes eventually will be built at Echo Valley Estates in Novi. The development opened last week for the sale of lots. Meanwhile, earthmovers and other heavy equipment are still going to work on the project, located on 10 Mile near Beck road.

NORTHVILLE TOWNSHIP'S first full-scale subdivision will be built on the rolling land near Bradford and Franklin roads. It will bring with it the first sewer line in the township — an 1,800-foot main extending from the Middle Rouge Interceptor. Some 370 homes will be built.

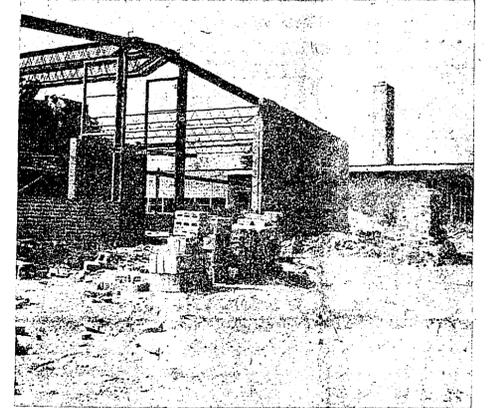

Throughout the 70-odd miles that comprise the Northville-Willowbrook area, new homes are rising, steel girders are making geometrical patterns against the sky, and new roads are being slashed through fields and woods.

The long-anticipated building boom in the area is at last beginning to pick up steam. It's not here yet. But from the sounds of the bulldozers and the sight of the construction sheds, it's easy to see that it's not far off.

Novi has shown it the most. Its half-dozen subdivisions are growing steadily, and a new one opened last week. One of its leading industries — Paragon Construction — is almost doubling its plant. A new super-highway is nearly ready to open. A haulway plant is going up on Grand River. In all, Novi has had \$1,585,642 worth of construction in the last four months.

In and near Northville, it's the same story. Michigan Bell has started a new dial exchange building. The new D and R subdivision got underway. An addition to American school is going up. Two other subdivisions of fine homes are filling up. Northville had \$345,000 worth of permits in July alone.

Northville township is getting its first full-scale subdivision — with its first sewer to boot. Elsewhere, the new St. Mary's home for retarded girls is almost completed.

MORE CLASSROOMS FOR NORTHVILLE — Up go the walls on the new American school addition which, upon completion, will provide facilities for some 400 students. The \$191,000 addition is part of a building program that includes a new high school and remodeling of the present high school for a junior high. Novi's Willowbrook school will get underway soon.

The Area-Wide Picture

Though new buildings are going up on every hand in Northville and in the townships of Novi and Northville, the three communities still are not experiencing the home building boom being felt elsewhere in the Detroit area.

Figures compiled by the Detroit Metro pollution Area Planning Commission show that the Northville-Willowbrook area has been well down the list in numbers of new homes constructed in the first half of 1957.

Northville — with only five new homes in that period — ranked 42nd of 46 communities in Wayne county. Northville township, with 15, was tied for 35th.

In Novi, the picture was somewhat brighter. The township issued 40 permits for new homes during the first six months, and ranked 18th among the 56 communities surveyed. All this is expected to change soon, however. Developments are scheduled to get underway soon in all three communities — including perhaps as many as 200 homes in the next six months.

Other leaders were Nankin township (787), Warren (698), Livonia (673), Madison Heights (516), and Bloomfield township (357).

Elsewhere in the Northville-Willowbrook area, Walled Lake had 17, Plymouth accounted for 34, Plymouth township totalled 100, Farmington had 28, Farmington township showed 210, and South Lyon had 7.

Building in the entire Detroit area has dropped off by nearly 30 percent in the past year. Total permits for the area was 8,837 for the first six months last year, and only 6,218 in the same period this year.

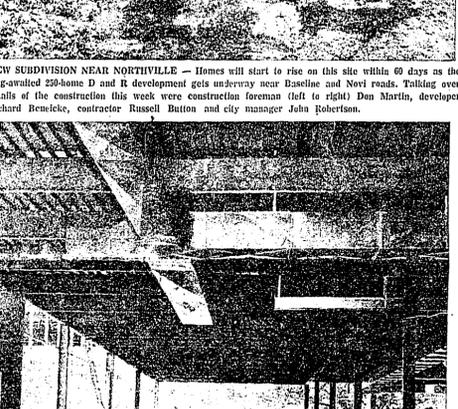

THE NOVI NEWS

SPRINGPORT BINDERY
SPRINGPORT, MICH

SERVING A GROWING COMMUNITY Thursday, August 8, 1957-9

NEW SUBDIVISION NEAR NORTHVILLE — Homes will start to rise on this site within 60 days as the long-awaited D and R development gets underway near Baseline and Novi roads. Talking over details of the construction this week were construction foreman (left to right) Dan Martin, developer Richard Benicke, contractor Russell Burton and city manager John Robertson.

HAULWAYS FOR NEW LINCOLNS will operate from this structure on Wiscom road. The 25,000 square foot headquarters of the Automobile Transport company includes offices, driver quarters, and truck and trailer garages. It will open in about two months — just in time for the '58 models. In the distance is the Lincoln plant.

DIAL PHONES FOR NORTHVILLE AND NOVI will be possible after completion next year of Michigan Bell's dial exchange building on Center street between Baseline and Nine Mile roads. The building will replace a temporary exchange — installed in a van near the Novi township hall — that will soon begin serving dial phones in Novi.

Meet Your Friendly Life of Virginia Representative

The Life Insurance Company of Virginia is proud to have Mr. John Gatterl as one of its representatives. A graduate of his company's training course, he is a capable and experienced life underwriter.

Through one of the nation's oldest and largest life insurance companies he offers guarantees, low-cost protection and savings plans for every member of the family, as well as individual retirement income and special educational plans for children. For groups there are life insurance, pension plans, hospital, sickness and accident coverages.

School Board

as it will cover cost of refreshments served kindergartners.

In other business, the board — heard a progress report from curriculum committee chairman William Crump;

—heard a report from grade school principals Harry Smith and Richard Kay that only a first and a third grade teaching position remained to be filled;

—granted high school diplomas to Fred Wenker and Robert LaPlante who completed high school requirements by correspondence;

—approved purchase of a new power unit for the elementary school public address and radio system;

—approved purchase of a duplicating machine.

A special meeting of the board will be held tonight (Thursday) in the board office to hear final reports from architects for the new high school on final plans and details for the building.

Association to Run Garbage Business

Administration of the garbage collection of Willowbrook Village will be taken over in September by the Willowbrook Association.

Officials of the community group announced this week that collections will be handled by the same firm, but the collectors will actually be working for the association.

Residents will be billed through the association in advance of the first pickup. Profiles, if any, will be used to develop recreation areas on land offered by the builder of homes in Willowbrook.

Steelers, Sluggers to Battle For Little League Crown

The Paragon Steelers and the Fiberglass Sluggers will meet Monday night in a game that will probably determine the championship of the Novi Little League.

With the Little League's first season to end next Friday, Paragon has a slim one-game lead over the Sluggers.

A win by Paragon would very likely give the Steelers the title. But if Fiberglass wins, the two teams would probably tie for the championship.

Both teams should win their remaining games, if they run true to form.

Paragon took another stride toward the title during the past week by clinching up two more wins.

Fiberglass kept pace by winning its single contest.

Paragon won its first against Young Door in a close 6-3 tie. Pitcher Jim Mael was light in the clutches and got good support from Jeff Crawford and Jack Carter, who banged out three hits apiece.

The Steelers picked up their second victory by dropping National Bank 17-7. Carter again paced the Steelers, as John Walters got credit for the win. It was National Bank's fourth loss in a row, and Gary Spencer was close behind with four-for-four including a home run and triple.

The standings:

Paragon	11	4
Fiberglass	10	5
National Bank	4	10
Young Door	4	10

26 Turtles Win Prizes in Race

Some 26 youngsters from Northville and Novi shared in the winning during the 1957 running of the Northville recreation department's annual turtle sweepstakes last week.

The races, co-sponsored by the recreation department and The Northville Record-Now News, drew nearly 50 applicants.

Each first, second and third place winner received a cash prize for his or her turtle's efforts.

The winners:

First race: Donald Cook ("Spat"), Tommy Ling ("Oscar"), Pat Modos ("Sarge").

Second race: Donald St. Clair ("Henry"), Robert Burton ("Corporal"), Jackie Phillips ("Rowdy").

Third race: Mike Turnbull ("Pistol"), Elaine Mannel ("Cedar Lake"), Sharon Hochneec ("White Tip").

Fourth race: David Cook ("Sally"), Susan Conley ("Muddy"), Ricky Ambler ("Freddy").

Fifth race: John Hinman ("Scorpio"), Elaine Mannel ("Little Indian"), William Van Es ("Thunderbolt").

Sixth race: David Wright ("Trouble"), Elaine Mannel ("Ship"), and Robert Burton ("Stowpoker").

Best dressed turtle: Elaine Mannel ("Cedar Lake") — lawn chair on back, Diane Ambler ("Marie") — doll on back.

Runners Start Friday in Livonia

August 9 is the big day at the Detroit Race Course.

That's the day the curtain goes up and the thoroughbreds take over the spotlight for a 62-day stand at the Michigan Mile track, Schoolcraft and Middlebelt roads, Livonia.

Filling the stalls at the Livonia track are some of the outstanding runners from all parts of the nation.

Highlighting the rich stakes lineup is the \$50,000 added Michigan Mile and 1/16 on Saturday, September 21. Other outstanding stakes events scheduled for the meeting are the \$15,000 added Wolverine Stakes on Labor Day, the 10,000 added Rose Leaves Handicap on September 7 and the \$15,000 added Frontier Handicap on closing day, October 19.

Eight races will be run daily except Opening Day, Labor Day and all Saturdays. Nine races will be run on each of those days.

Post time is 1:45 p.m. week days and 2 p.m. on nine-day days. Opening day activities will get under way at 9 p.m.

Three Northville Teams Eye Tournament Spots

LITTLE LEAGUE TOP BRASS — While the youngsters themselves are the stars, the Novi Little League couldn't go on without the help of its managers and officials. Pictured here are (left to right) National Bank manager Phil Simenton, Young Door manager Earl Burchfield, Fiberglass manager Ken Rippey, and Little League chairman Bill Hanser, Jr. Paragon manager Len Berall is on vacation when the picture was taken.

Novi Earns a Pat on Back For Little League Success

Each week this summer, nearly 100 Novi youngsters have been disappointed. Once again, Novi joined the parade of losers in the Novi Little League.

Decals were sold throughout the township, proclaiming their bearers as "Little League Boosters". Some 30 businesses and individuals contributed to a booster book — a program listing the teams, their players, league personnel, a history of the league, and credits to the participants.

Through it all, the league was ready to go. On a warm May afternoon, tryouts were held. All 90 boys turned out and went through their paces with the managers looking on.

The four teams were chosen, and practice began. Two weeks later, the first game got underway and the Novi Little League was in business.

Now, Hanser says, it runs itself for the most part. The hard work is over for most officials, and the league is going strong.

In light of this, Hanser expects that the Novi Little League will soon be time to think about next year.

During the winter months, Hanser and his staff will be faced with a major problem: how and when to expand the league. While some boys will be too old to play next year, others will become eligible. Complicating this is the fact that funds for expansion may not be available for several years.

In light of this, Hanser expects that the Novi Little League will remain at its present size for a year or two. If anything, he feels, a Babe Ruth league may be formed — so that Novi boys can keep on playing after they become too old for Little League competition.

If so — and if it is as successful as the present program — it may not be too many years before Novi can boast of a couple of big-league players as well as its scores of Little Leaguers.

Northville recreation baseball entered the stretch drive toward playoff berths this week as two dazzling no-hitters were hurled by Danny Brown and Mike Zayt of the Northville Braves.

The Braves and two other Northville teams — the Class E and Class F squads — appear to have good chances to represent their leagues in district recreation playoffs.

If they win there they will go on to the state recreation championships.

The standings and results as of Monday:

Midget American	13	2
Livonia Indians	9	5
Rosedale Tigers	8	7
NORTHVILLE CHIEFS	8	7
Jefferson Yanks	4	10
Garfield Athletics	2	12
Clarensville White Sox	0	14

NORTHVILLE MIDGET CHAMPS — The Panthers won the first Northville recreation department "peewee" softball championship this year by downing the Lions, 15-1, this week. The champs are: (front row, left to right) Tommy Ling, Gary Leudle, Charles Konopash, Harrie Masters; (second row) John Gibson, Norbert Parent and Frank Rasmil; (third row) Charles Turner, Charles Somers, Earl Leavenworth, Bobby Ewelt and Edward Viskial. In the consolation game, the Tigers defeated the Bears, 11-7. At the top is coach Ken Conley, and at right is recreation director Stan Johnston.

NORTHVILLE BRAVES 12 1
Rosedale Dodgers 9 4
Wileses Redlegs 8 7
Jefferson Giants 7 6
Piercen Cubs 6 7
WCBS Phillies 4 9

The Braves were to play the Wilcox Redlegs Tuesday (see front page). A victory would allow them to represent the American and National leagues in the state recreation tournament. A loss would force a playoff game with the Livonia Indians, American League champs, for the tournament spot.

The Braves were assured of first place in their league when Brown and Zayt hurled their masterful no-hitters. Brown tossed his — the second in a row for the young pitcher — in a 15-0 rout of Garfield. Zayt came through with his hitless effort in an equally overwhelming defeat of Clarensville, 14-0.

Both pitched the game at the Clarendonville camp, with both of Zayt's going for triples.

The Northville Orioles ended their season with a solid hold on third place in the American League. They defeated Piercen, 17-5 last week and then dropped two in a row — to Rosedale (3-2) and Jefferson (18-1).

Class E 7 0
Rosedale 5 3
American Legion 4 2
Plymouth 4 3
Police 2 4
Ford Civic 2 4
Squires 0 7

Northville was an odd-ball favorite to represent the league in only a complete collapse in the team's last two games could keep them out of the playoffs.

Northville took its seventh straight win without a loss last week on Joe Erick's fourth 9-2 win over Rosedale. Earlier, Northville tied 1-1 with Plymouth before the game was called after eight innings.

Water Carnival Ends Program

The 1957 Northville recreation program will close next week with the traditional football water carnival at Whitmore lake.

The day-long spectacular — designed for children of all ages — will be held next Friday (August 16) at Groom's Beach, where the recreation staff has sponsored swimming parties throughout the summer.

The zoo trip will not be rescheduled.

The annual pet and doll parade was held Tuesday evening, with several dog handlers had been bit. The bear was a nervous wreck, and the dogs were scheduled for two weeks of quarantine while rabies tests were conducted on them. It all happened right in front of the Northville delegation.

A complete list of prize-winners will be published next week.

Nearly 100 youngsters — including a host of Northville Junior Policemen — attended the Detroit Police Field Day last Saturday.

The popular show was even more spectacular than usual. A pack of dogs broke loose during their act and went after what was supposed to be a tame, trained bear.

By the time the melee ended, several dog handlers had been bit. The bear was a nervous wreck, and the dogs were scheduled for two weeks of quarantine while rabies tests were conducted on them. It all happened right in front of the Northville delegation.

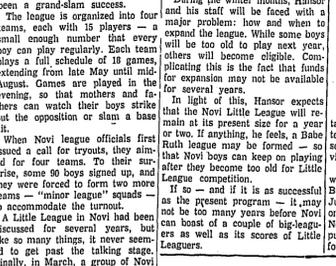

Calling All Women Bowlers

An organizational meeting for the Thursday night women's bowling league will be held August 22 at 7:30 p.m. at the Northville Lanes at 7:30 p.m.

Those interested in joining the group, which will meet every Thursday at 7 p.m., are asked to attend.

NO DEFROSTING?

That's right. No more messy, irritating weekly defrosting sessions. The wonderful Two-Zone Gas Refrigerator-Prezzer defrosts by itself automatically. You'll love the modern design and the spacious freezing compartment of this refrigerator. You'll be thrilled with the amazing ice-server that makes and feeds non-stick ice cubes into a basket without being touched. No costly repair bills for there are no moving parts to wear. Only a tiny gas flame to do the tremendous job that you depend on so much. The Servel Gas Refrigerator-Prezzer will leave the old-fashioned drudgery of kitchen work behind and give you more carefree, worry free, leisure time.

First Baptist Church, Northville

GNATS AND CAMELS
Several years ago while visiting in my home town, a man getting along in years stopped me as I was coming out of the Post Office. He called me by my first name and said he would like to ask a favor of me. I replied that I would be happy to favor him if I could. There he told me that he wanted me to preach his funeral sermon when he died. I felt honored that he should make such a request but since there was more involved than that I said, "Well . . . I appreciate your invitation, but tell me what I will be able to say? How is it between you and the Lord? He hung his head when he replied, "I'm afraid not so good." I endeavored to deal with him there but appeared to be no more interested than former years. Then I said, "You have the most important thing! You want me to preach your funeral sermon because you have confidence in me that I tell the truth, and yet you haven't taken the way of truth!" I reminded him further that anything I might say over his casket would not change the eternal destiny of his soul. He too had strained out the gnat and swallowed the camel.

There are a number of ways that this proverb can be applied. We shall consider but one. Any person who makes the question of time more important than the question of eternity is guilty of straining the gnat and swallowing the camel. The Lord sketched one such character in Luke 12. He told of a successful farmer who had the good fortune to have a bumper crop. He didn't have room enough in his barns to store all of his increase. So he said to himself, "This will I do; I will pull down my barns, and build greater; and there will I bestow all my fruits and goods. And I will say to my soul, 'Soul thou hast much good laid up for many years; take thine ease, eat, drink and be merry.' Then we read that God said to him, "Thou fool, this night thy soul shall be required of thee; then whose shall those things be, which thou hast provided? He had made more than adequate provisions for this life, but neglected the most important, the salvation of his soul. He had strained out the gnat and swallowed the camel.

Yes, let's strain out the gnat, but let's stop swallowing the camel, too.

OUT OF THE PAST
ONE YEAR AGO . . .
Northville's voters approved by a 59 to 36 margin the annexation of an 80-acre Novi tract of land to the city of Northville.
Three walls of the Farm Crest Farms home of Mr. and Mrs. Robert Heas collapsed as the second floor was completely destroyed by fire.
Northville township electors smashed all previous records by casting 1,877 ballots at the two voting places in the village.
Further action toward incorporation of Northville as a city were delayed until attorney general Frank Millard ruled on procedure to be followed by a village located in two communities.
Carl G. Denton of Northville, general superintendent of baking for Farm Crest Bakesies, was featured in the magazine, "Baker's Review", monthly publication of the baking industry.
The Loan and Building association held its annual meeting, electing the following officers: J. A. Dabara, president; Spencer Clark, vice-president; L. E. Vandula, secretary; F. S. Neal, B. A. Wheeler, L. E. Cranston, Peter Barley, J. W. Perkins, L. D. Stage and G. H. Baker, directors.

FIFTEEN YEARS AGO . . .
Three afternoons at the Northville county fair were given over to harness races, bringing to the track past favorites.
A sugar rationing center for residents of Salem township who could not get to Ann Arbor covered the fair was set up in the home of Mrs. George Henning on Seven Mile road.
Northville township electors cast 1,877 ballots at the two voting places in the village.
Further action toward incorporation of Northville as a city were delayed until attorney general Frank Millard ruled on procedure to be followed by a village located in two communities.
Carl G. Denton of Northville, general superintendent of baking for Farm Crest Bakesies, was featured in the magazine, "Baker's Review", monthly publication of the baking industry.
The Loan and Building association held its annual meeting, electing the following officers: J. A. Dabara, president; Spencer Clark, vice-president; L. E. Vandula, secretary; F. S. Neal, B. A. Wheeler, L. E. Cranston, Peter Barley, J. W. Perkins, L. D. Stage and G. H. Baker, directors.

TWENTY-FIVE YEARS AGO . . .
Prince Louis Ferdinand and Prince Frederick of Germany, sons of Crown Prince William and grandsons of Kaiser Wilhelm, came to Northville to inspect the Ford plant and to call upon Frederick Hoffmann, who some years ago had trained the horses of the Emperor's stables.
Robert C. Yerkes was a Republican candidate for Congress, 17th district, in the primary election.
The Loan and Building association held its annual meeting, electing the following officers: J. A. Dabara, president; Spencer Clark, vice-president; L. E. Vandula, secretary; F. S. Neal, B. A. Wheeler, L. E. Cranston, Peter Barley, J. W. Perkins, L. D. Stage and G. H. Baker, directors.

THIRTY YEARS AGO . . .
There were no cases of tuberculosis shown in Northville by the 741 X-rays taken by a mobile unit.
Following the first million dollar parsonage week of the season at Northville Downs, it was obvious that the half-mile track was on its way to its greatest racing season.

Contestants Seek \$3500 Contest Votes

The list of men and women who have entered as contestants in the \$3,500 Subscription Contest appears in this newspaper. (See page one). As the contest is just getting started, it is too early to determine who will be the real contenders for the array of prizes to be awarded for securing the largest vote.

The list published today does not contain active participants from all communities in the Northville-Novi areas, but it should. People who have thought about entering should not hesitate because someone else is already entered. Chances are ten to one that the majority of the ones listed as contestants today will not get started or be in the race at the finish. Contestants who have already started may have seen all of their friends and relatives and think that there is not anyone else left to give subscriptions. Many of them will lack the determination to fight it through to the finish.

Come to The Record office today and enter—before it is too late. See today's list of contestants and you will be an even terms with the people who are now entered as contestants. New entries will be accepted for the coming week to make sure that there will be enough active participants at the finish to take the prizes offered. More than two-thirds of the people who enter a contest of this kind lack the courage and the confidence in their own ability to start and battle it through to the finish. Most entrants become discouraged after the first flash of enthusiasm wears off or is brushed off by some idle talk or rumor that gets into circulation. The men and women now entered are either known or will make themselves known through their own efforts. Those who do some campaigning will find that they have many friends who will support them. These do not have the courage, self-confidence, ambition and energy to start campaigning will soon fall out of the race. If you are interested in entering, come forward and make your interest known. You have all to gain, nothing to lose. You will be paid a special cash bonus on each \$30 worth of subscriptions the first week after you enter.

Change Announced In Building Code

The nationally-recognized building code on which Northville and Novi townships are based has been modernized to permit the use of non-combustible curtain wall construction a key advance in building technology. The Building Officials Conference of America (BOCA) recently amended its basic building code to permit the use of non-combustible curtain wall panels when the wall is 30 feet or more from a common property line or adjacent structure. The code had allowed most lightweight panel construction, but required a minimum three-quarter hour fire-resisting rating. The BOCA voting membership includes municipal officials who administer or formulate laws governing the construction of buildings. The new amendment has been forwarded to the 258 municipalities that subscribe to the code or have modeled their building regulations on it. Northville and the township now consisting of Novi and Farmington are among the municipalities that have adopted the amended regulation, according to Paul E. Baseler, BOCA executive secretary. The curtain wall is so-called because it literally hangs from or is supported by the structure of the building. We carry yard stocks of the commonly used shapes in both cement and "Bestite" type. For your fall load orders shipment is made direct by the manufacturer. DuPont exterior paints are better and easier to use. Painting season is short. Our DuPont stock is good.

Now you can have SOFT WATER Automatically with the REYNOLDS Automatic WATER SOFTENER

The greatest water softener ever built!

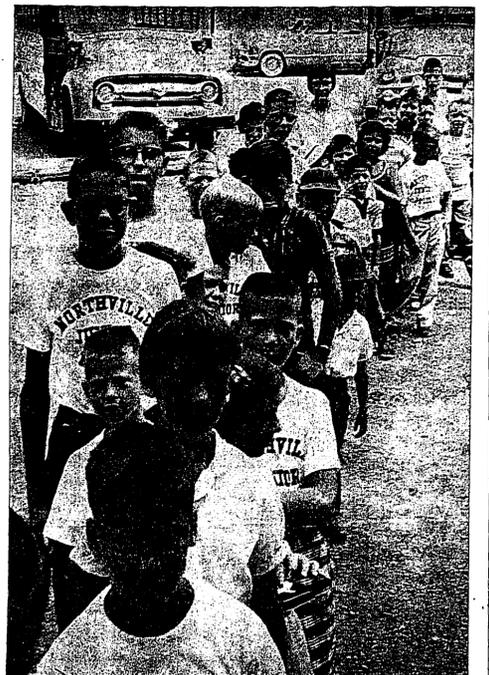

- Adjustable to almost any type of problem water. Does a better job on all hard waters. Will do things you never dreamed could be done with any water softener.
- Will soften water containing up to 100 grains of hardness per gallon (5 times as hard as the average).
- Will remove up to 10 parts per million of iron.
- Contains 1 1/2 cu. ft. of DuPont ion-exchange resin with capacity and adequate flow rate of zero-salt, rust-free water at all fixtures of the same time.
- Brite water pressure in closed tank instead of in unightly open type brite tank. No more foamy float valves and bad appearance. More dependable regeneration.
- Automatic bypass permits use of water during regeneration.
- No troublesome top screen to clean.
- Operates on any home water pressure, high or low.
- Fibre glass insulation prevents sweating.
- Time clock as which operation.
- Asks in Detroit—factory service.

There is no other water softener like it, or that even compares with it. It is fully guaranteed and covered by patent. At only \$399.00, it is the greatest value in the water conditioning industry. Larger sizes also available.

"YOU CAN'T BEAT THE BEST"

Reynolds Salt Chlorine Water Softeners and a complete line of Reynolds Water Conditioning Equipment have been manufactured in Detroit since 1911. There is probably more Reynolds Equipment installed in this area than all other water conditioning equipment combined. We have a full line of equipment with factory service. Two questions to the business man you deal with at the time of purchase: See your nearest dealer, or call collect, Webster 3-3900, for free water analysis and full information. We have a popular rental plan. Ask about it.

REYNOLDS WATER CONDITIONING CO.
(Formerly Reynolds-Schleifer Co.)
12100 CLOVERDALE AVENUE DETROIT 4, MICHIGAN

OFF FOR THE POLICE FIELD DAY - Nearly 100 Northville and Novi youngsters attended the Detroit Police Field Day last Saturday under auspices of the Northville recreation department. Their trip was uneventfully exciting, as a pack of dogs and a giant bear tangled during the show. Several handlers were bitten, and the dogs were quarantined.

Ellison Attends "Chewing Match"

Northville high school principal E. V. Ellison attended the "Principals' Chewing Match" last week end at Higgins Lake. The annual conference sponsored by the Michigan Secondary School association, gives secondary school administrators a time to meet informally to discuss mutual problems and their solutions. Keynoting the 1957 conference was Dr. Charles R. Kessler, director of the association's advanced placement program, whose topic was "Practical Program To Meet the Needs of the Gifted Child". During the conference participants discussed various topics including utilization of college sources and resources, curriculum problems, education of exceptional children, athletic activities, utilization and improvement of professional staff and staff relations, scheduling and co-curricular activities, and other administrative procedures, practices and problems.

Senator Potter Calls on His Boss

When you have a business appointment with President Eisenhower, you do not enter the front door at 1600 Pennsylvania Avenue, but turn the corner to the "west wing". Here, back in 1952, President Theodore Roosevelt set up the offices, removing them for the first time from the official residence and here the offices have remained. YOU WALK or drive up a curving roadway, past a neat white frame guardhouse, manned by a fine-looking White House police officer. He checks your name against his list of expected callers. Inside the gracious French doors, you are greeted by Secret Service officer William Simmons, who has served as Chief Receptionist for two decades. He, too, must clear your name. If you arrive a few minutes early, as most White House callers do, you are invited to sit on one of the comfortable leather couches which flank the room. At the appointed time, you turn left down a corridor to the office of Bernard Shanley, Appointments Secretary, located just next to the Executive's room. When the Chief Executive is ready to receive you, Mr. Shanley escorts you into the handsome oval office. The hearty handshake, the wide grin, the quick grasp of your problem, the sympathetic attention as you state your case—all these are familiar, remembered from other visits. This time, however, you launch into your problem at once. The proposal you are about to make is so important that you have prepared a short memorandum to leave with the President. Here it is: "MAY I RESPECTFULLY direct your attention to a problem which affects the laboring men and women of the United States and particularly those in the State of Michigan. The rapid pace of scientific advance has produced machines which many instances can better take over the work of men. Automation, as this process is termed, has reached a point where whole factories can be operated by a mere handful of persons. While automation is expected to bring miracles of production at the same time it wipes out the need for certain types of jobs. I cannot emphasize too strongly the need for prompt measures, so that dislocations in the economy may be avoided. I respectfully urge that a special commission be created to study the impact of this dynamic new force of automation and that it be empowered to make recommendations in the interest of all segments of our society. I further urge that while such a commission is being set up that you direct the Department of Labor to immediately initiate a pilot study in Michigan, one of the most highly industrialized states in the union, where the effects of automation are becoming increasingly apparent." THE PRESIDENT, his arm around your shoulder, says, "Charlie, this is a fine idea. We'll follow through with Jim Mitchell." As you leave, you see him pick up your memorandum and begin to read it again.

ENJOY A DELICIOUS FRIED CHICKEN FROM KROGER!

FRESH WHOLE Fryers lb. 39¢

Young tender plump with good bones. Completely cleaned and eviscerated. Kroger week-long feature value.

Ring Bologna lb. 49¢

THE NOVI NEWS

Published by The Northville Record, Inc., 101 North Center Street, each Thursday. Entered as second class matter at the U. S. Post Office, Northville, Michigan.

Michigan Mirror Williams in Command

DEMOCRATS ARE now embarking on their first complete operation of state government for the first time in two generations. Gov. Williams voiced a warning: "We are on the spot to produce. To the top six administrative offices won in 1956, the department of public instruction and the state highway department last spring.

Even the authority, Dr. Freidland of Wayne State university, would not promise that incorporation as a village would be a "sure all" for Novi's ills. It will protect boundaries from further annexations, but it will not provide additional services unless the people are willing to pay for them.

Williams spoke of a "mandate of the people" for Novi's ills. It will protect boundaries from further annexations, but it will not provide additional services unless the people are willing to pay for them.

Williams shocked Republicans in 1956 when he handily defeated former Gov. Kim Sibley, bringing in with him his own lieutenant governor John Connolly and Atty. Gen. Steve L. Roth.

Roger Babson Part Time Retirement

Babson Park. The present system of retiring faithful and efficient workers is probably good for the business. It gives them a better chance for promotion. But the younger ones must contribute to the support of those being retired through paying one-half benefits. Some one must pay the bills.

WHY re-enlist in the small-car army?

Water continues to increase in insurance and value as a mineral resource. Each citizen in a modern society requires more than 1,200 gallons daily to meet direct and indirect needs. For example, it takes 6,000 gallons of water to produce one ton of finished steel.

5 out of 10 Smaller Cars wear a Pontiac Price Tag -yet none gives you Any of Pontiac's Advantages

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging feel and solid security of America's Number One Road Car!

Here's extra length where it counts—to bracket the bumps instead of riding them! And this extra length shows up inside, too, with plenty of stretch-out room for six-footers!

AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

So why not look and feel like a million—instead of a million others?

Trading's Terrific RIGHT NOW!

Frank Clark: A Quarter Century of Helping Novi

A flag flew at half-mast in Novi last week. It flew over the Novi township hall, heart of the government into which Frank D. Clark, at 79, had poured his energies for more than a quarter of a century.

State Is Keeping Wary Eye On New US-16 Fourth Lane

State and local police are beginning to wonder whether the new fourth lane on Grand River is a boon or a bust.

Patrolman's Suspension To Come before Board

The Novi township board will take up several items of unfinished business Monday night that should make for an interesting — to say the least — meeting.

New Doctor, Dentist Begin Novi Practice

A new doctor and dentist will set up shop in Novi this week. Dr. Lyle F. Pettig is also a native of Novi.

Landowners to Meet

The newly-organized Novi Township Farmers and Landowners Association will meet tonight (Thursday) to discuss the details of the proposed incorporation of Novi as a village.

Wixom Picks News As Official Paper

The Novi News became the official newspaper of the village of Wixom Monday evening.

Five Are Injured In Novi Accidents Sunday Afternoon

Two serious accidents marred traffic in Novi Sunday and sent five persons to the hospital with a variety of injuries.
