

SPEAKING for the Record

By BILL SLIGER

The fact that Detroit lost to the Cleveland Indians 3 to 1 wasn't half as cruel a blow to 100 Northville youngsters in the left field stands last Thursday as another development.

A hot day, a ball game and thousands of little pockets burning with money and no place to spend it.

Actually, that's all the ingredients you need for a first class riot. But it didn't happen. As a matter of fact, the youngsters displayed wonderful restraint and managed to let off their steam vocally when Reno Bertoia slammed a home run just a few rows below their section.

One youngster, excited by the manliness of Briggs Stadium and the first home run of the game, exclaimed "boy, all this and no commercials!"

On the way back some of the disappointment was erased by an order for ice cream bars for everyone, including the fathers, a group just as disappointed by the lack of refreshments as the youngsters.

Ken Conley, assistant to Stan Johnston in the recreation program, directed the two busloads. And others who helped herd the troops from bus to stands and to various refreshment stands were Frank Swick, Bruce Turnbull, Lester Johnston, Otis Tewksbury, Jerry Freydl, Mike Willing, Jim LaRue and Hank Fuller.

After seeing the game, we're more convinced than ever that the Tigers have lost their teeth and claws. They see like nine men going through the motions of playing baseball. Bertoia missed first base after hitting a double; Kucen made a simple grounder look like a sensational play and then pulled home off the bag with his throw; Turtle dropped a fly ball after having it in his glove. Like most Tiger teams of recent years, they set their sights for the first division, fall short and wait for next year. Meanwhile, the Yankees point for first place and if they come in second the manager is fired.

Mayor "Pete" Ely is back from his vacation and a fisherman's paradise. Pete said he still-fished until dark when he could no longer see the bobber disappear, then hauled in bass with rod and reel.

From this committee came the charge that Williams' tax proposals were lightening industries out of Michigan.

The campaign was revived last spring and Democrats are quoted by the experts as admitting it has hurt Williams and the Democrats politically.

He is as liberal as most younger party members require and as conservative as most Republicans demand.

Early Campaigners

HOT WEATHER politics is this of year's early campaigners. It is this early in the season as the urgent kind of campaigning when an election is less than a month away.

The Republicans are uncertain what political direction they took with House Speaker George M. Van Pearsom.

The key word is money. Gov. Williams, contending that people want to pay more for more services and to handle the increased population load of existing services, continues to seek higher budgets.

He is the second legislator to cast covetous eyes on the governor's chair for his party.

LET'S CALL HOME and tell them how far we've come today. When you're on a long trip it's fun to phone the folks at home. And nowadays it's so convenient with outdoor telephone booths along the way.

DO YOU USUALLY ASK PEOPLE to "speak a little louder, please" during phone conversations? Perhaps you haven't heard of the new volume control telephone. It's like other control phones, but it has a small knob that lets you control the volume of the voice you're listening to.

Start Final Drive for High Votes in \$3,500 Contest

With only three more days remaining in the first and largest vote period of The Northville Record and Novi News \$3,500 Subscription Contest, the final drive will be made by contestants to get every available subscription to secure the high vote credits.

Hard and persistent campaigning from now until 10 o'clock Saturday night will mean a new 1957 Ford for one of the contestants who is working for subscriptions and votes with a determination to win over his competitors.

When the clock strikes 10 Saturday night, the first and greatest vote period of the contest will end. Every contestant must report in person, by phone or mail before the closing hour to get first period credit. Subscriptions mailed by people wanting to give contestants first period votes can be dropped in the post office by the closing hour.

Standings Tighten In Race for Votes

With the largest vote period of The Northville Record and Novi News \$3,500 Subscription Contest scheduled to end at 10 o'clock Saturday night, contestants are closely bunched and a furious battle is being waged for every available subscription to get the high vote credits toward winning the Ford, \$500 cash and other prizes.

What a race! Not a contest was a vote lead that could not be wiped out by a competitor. The contestant with the lowest vote can grow to the front this week!

How They Reported Last Week - Miss Dolores Teskila polled the largest vote for the week and gained from 8th to 1st place. Joe Krilich turned in the 2nd high vote and held 2nd place. The third high vote was credited to Mrs. Lois McAllister and she dropped from 4th to 5th in total votes.

Comparative vote standings after Saturday, August 17, are shown below. This is not an accurate or actual vote count, but shows ACTUAL POSITIONS.

"September Symphony" Planned by Garden Club

A "September Symphony" will be ready for the enjoyment and pleasure of Northville the fourteenth of next month.

This is the date of the annual flower show of the Northville branch of the National Farm and Garden association, to be held in the community building.

General chairman for the affair is Mrs. Edwin E. Mueller, who says this year's show promises to be one of the most revealing for visitors. Garden club committees have been busy working on aprons and unique Christmas wreaths that will be for sale. The aprons will be of two styles, a denim cobble work apron and a kitchen apron.

Shiny tin can tops are the main item that goes into creating the sparkling wreaths. Work groups, like the one shown above have been gathering to cut the metal discs into designs with tin snips.

Imported bulbs from Holland will be on sale at the show, including tulips, daffodils and narcissus. Among them are the Mt. Hood daffodil (pure white); double penny flower tulips in rose, white, yellow, and red and yellow stripes; Darwin tulip in pink, violet and white; single tulip in yellow; early single tulip in red and white; and French paper narcissus, carnations and snowdrops.

In the event of a dock strike in New York so that the bulbs do not reach Northville in time for the show, orders will be taken for delivery later.

There will also be many varieties of ground cover for sale.

Prospective exhibitors who wish to make reservations for their class must do so before September 7 with Mrs. R. D. Merriam, Northville 1274. Mrs. Merriam will also take reservations from children, under 12 years, who wish to enter exhibits.

Entries of dried leaves, mounted and identified, must be entered with Mrs. F. S. Jennings. Children who wish to enter this class must register soon, as there will be a limit of 50 entries.

A complete list of classes of entry will be published in the Record next week.

Chairmen of the nine work groups are Mrs. Albert Northrup, Mrs. F. S. Jennings, Mrs. G. H. Cummings, Mrs. W. L. Howard, Mrs. D. Hurd Clark, Mrs. Orson Ackerson, Mrs. N. K. Patton, Mrs. Arlo Hauger and Mrs. Robert Niemi.

Ticket chairman is Mrs. John Burkman.

UNIQUE CHRISTMAS WREATHS — Working on wreaths to be on sale at their annual flower show, "September Symphony" on September 14 are garden club members Mrs. E. V. Ellison and Mrs. Luther Rix (seated) and Mrs. David O'Leary, Mrs. John Burkman and Mrs. F. S. Jennings. The wreaths are made from tin can tops and can be trimmed with greens if desired.

Mrs. Hilda Sands Has Painting In U-M Exhibit

A painting by Hilda Sands of Napier road is among those by 114 Michigan artists in the third annual amateur art exhibition in the Rackham building at the University of Michigan.

Her painting is entitled "Green Fruit".

The exhibit, which started August 12 in conjunction with the Regional Art conference sponsored by the U. of M. extension service, will continue through Saturday noon, August 24.

Visitors may view the paintings from 9 a.m. to 5 p.m. Monday through Friday.

Novi Girl Scouts To Be Part of UF

Novi Girl Scouts — some 149 of them — will begin receiving support from the United Foundation Torch Drive next year.

The move stems from a recent organizational change in which the Oakland county United Fund drive was merged with the Detroit United Foundation Torch Drive.

Under the old United Fund set-up, Novi troops receive funds from a "Twenty Townships Fund" while other troops in Oakland county come under the "United Community Service."

But now, all will be under the Torch Drive.

The Girl Scout organizations are among 125 health and community services which will receive funds collected in the ninth annual Torch Drive, October 15-November 7.

"By so doing," said a spokesman, "they help not only their own organization, but many others as well, including such widely known groups as the American Red Cross, the American Cancer Society and the Michigan Heart association."

SHOP IN NORTHVILLE

It's soon "back-to-school" and Mrs. William Spess (left) of Brader's Department store shows Mrs. Irene Kacior and her daughter, Patricia, a popular wrinkle-free, Fruit-of-the-Loom Dan River cotton dress. Brader's offers a complete array of apparel for men, women and children for work, play, school and dress-up occasions.

Glenn Long's modern plumbing and heating showroom on Seven Mile road just east of Northville road attracted Mr. and Mrs. Gerald John of Livonia, who with their small son are shown examining a Rheem electric water heater. Long (right) features a complete line of American Standard, Kohler, Crane and Briggs fixtures. He also offers complete plumbing and heating services.

There's more than one reason why it pays to do your shopping locally:

- CONVENIENCE: It's so easy to shop in Northville, only a few minutes from your home and parking right near the stores.
RELIABILITY: Your local merchant is also your neighbor.
QUALITY: All the nationally known brands you prefer are available right in Northville.
SELECTION: Northville's variety of stores can supply all your needs.
ECONOMY: Prices must be competitive! And actually you save by not having to drive miles for your "bargains"
POLICY: Your local merchant helps support your community and schools. He deserves your support!

Novi Little League to Vie In Playoffs Next Week

The Paragon Steelers have won the Novi Little League crown, but the season isn't quite over yet. All four Little League teams will compete in a three-game sudden-death playoff series next week to determine the Novi "world series" champion.

Paragon and Young Door will play Monday, and Fiberglas and National Bank will meet Tuesday. The winners of the two games will vie for the title Friday.

In final games last week, fast-finishing Young Door knocked off champions Paragon, 4-3, as Dennis Marshall drove out 14 and held league-leading batter Jeff Crawford hitless. John Walters, on the mound for Paragon, allowed only three hits in losing.

Fiberglas won its final game by downing National Bank, 9-4. Ralph Callahan gave up seven hits and whiffed 7 for the Sluggers.

Paragon dropped National Bank, 8-4. Monday is making up a game postponed by tornado warnings on June 18.

W.O. Control Board To Name Officers

The Wayne-Oakland league board of control is meeting in Brighton today to name new officers and discuss league activities for the coming year.

The board—composed of principals of the eight W-O schools—sets policy for all inter-league activities, including athletics, dramatics, student council and other student activities.

Northville will be represented by NWS principal E. V. Ellison.

Recreation Program Ends With One Last Big Splash

The 1957 Northville recreation program ended on a wet and happy note Friday as scores of Northville and Novi youngsters splashed their way to some 125 prizes in the annual water carnival at Willowmore lake.

Children from seven years on up completed in wading and swimming races, sponge-chases, watermelon diving, canoe boxing, and a variety of other water games.

When it was over, these youngsters lined up for prizes.

Swimming Races
Girls 7-8: Jane Jerome, Roxanne Alchison
Boys 7-8: Mike Mahoney, Bill VanBe
Girls 9-10: Martha Terry, Judy Shoner

Women Bowlers To Meet Tonight

Two Northville women's bowling groups will hold organizational and business meetings tonight.

The Northville Lanes Thursday night women's league will meet at 7:30 p.m. to discuss organizational details. The group will meet each Thursday.

The Royal Recreation Thursday night women's league will meet at the Royal alley tonight at 8 o'clock.

A Banner Year for Baseball

Major league scouts would do well to take a look around Northville and Novi. The two communities had 10 baseball teams competing this summer, and four of them won championships.

In Novi, Paragon won the four-team Little League title with a 12-4 record.

In Livonia recreation play, which involved teams from half a dozen surrounding communities, Northville squads took the crown in two of their three leagues.

The Northville Braves (14-1) won the midger title, and the Class E squad topped its league with an 8-0 record. The Class F team came in second in its league (9-2) and the midger Orioles placed third (8-7) in their division.

In Class B play, the Northville VFW team completed a 9-1 season and walked off with the Milk Can trophy. The team is composed primarily of Northville coaches and businessmen.

Finally, the Northville Merchants—with a 9-6 record last week—eyed a possible second-place finish in the Inter-Country league. At present the Merchants are in fourth.

Pictured below are two of the four championship teams.

LITTLE LEAGUE CHAMPS — The Paragon Steelers moved into first place in the Novi Little League on June 21, and relinquished the lead only once before wrapping up the title this week. Front row, left to right: Richard Shonaker, John Newton, Dan Simonson. Center row: Ron Rice, Jim Muzel, Jim Jones and Jim Driscoll. Back row: Jim Walters, manager Tom Bernard, Jeff Crawford, assistant manager Duane Branch and Jack Carter. Missing are: Fred Devalik, Dick Greer, Jerry Kilken, Tom Morrison and Larry Galvin.

CLASS E CHAMPS — Northville's Class E squad took the Livonia recreation title with a perfect 8-0 record and went on to the Michigan Recreation Association tournament. Front row, left to right: Kent Frid, Roger Atchison, Joe Krich, John White and coach Ken Conley. Back row, left to right: Dave Nash, Bob Hilton, Hugh Crawford, Wade Deal, Bill Yahnke, Bob Starnes and Bill Jubay.

Trophy Dash Added to Motorcycle Card

Another motorcycle event — the McKenna Mercury Trophy Dash — has been added to the bill for the Labor Day speed classic at Northville Downs.

The trophy dash is the tenth event on the afternoon-long program, which will be highlighted by two 10-lap feature races for two classes of motorcycles.

Sponsored by McKenna Mercury of Plymouth, the trophy dash will pit the days three fastest qualifiers against each other in a three-lap race around the half-mile track. It will be the first event after the time trials.

Promoter Mel Larson, who put on the first annual Northville '100' auto race last month, said the September 2 program now lines up as follows:

- practice: 12:00
- time trials: 12:30 p.m.
- McKenna trophy dash
- three six-lap heat races for class B motorcycles
- three six-lap heat races for class A motorcycles
- 10-lap feature event for class B motorcycles
- 10-lap feature for class A motorcycles

HOME-GROWN WHOPPER — Charles Johnson, 17, thought he had a while on the line while fishing at Waterford lake last week. But it turned out to be a gold carp instead — though a mighty healthy one. It was nearly 18 inches long and weighed three pounds. Charles' parents are Mr. and Mrs. Charles Johnson, 1880 Northville road.

VanVleck estimated that more than 30 professional riders will take part, with a good possibility that as many as 50 riders will be on hand. Ticket windows will open at 11:30 a.m. on the day of the race. Reservations can be made by calling Plymouth 1892-W2 or Northville 1146.

Those ordering in advance can get box seats for the same price as the reserved section while they last.

25 Kids Compete In Archery Contest

After a summer of instruction, 25 young archers strung their bows and let fly with arrows in the Northville recreation department's archery contest last Thursday.

The winners: 8-9 years, David Johnson; 7-8 years, Dale Sterling; Mike Krich, Kurt Wiley; 6-7 years, Susan Hubert, Gary Stobbe, Judy Shoner; 11-12 years, Ray DeKogge, Jennifer Ratliff, William Klonsoski; 13-14 years, Ron Richardson, Charles Elwell.

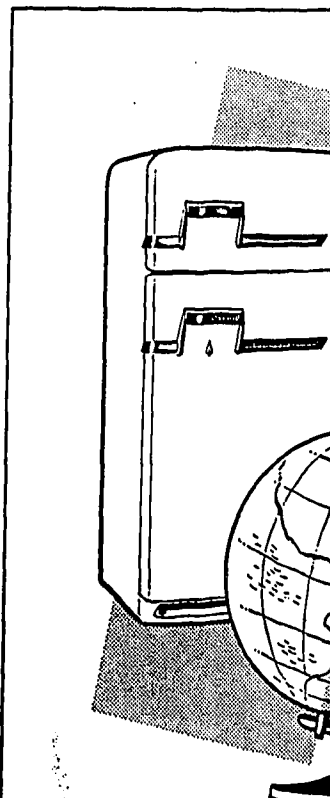

Class E Team Out of Tourney

Northville's last entry in post-season tournament play has hung up its spikes for another year.

The Northville Class E team — champions of its regular-season division — tumbled in the second round of Michigan Recreation association tournament play last week. Northville's nemesis was Dearborn Divine Child, which racked up a convincing 7-2 victory. Northville helped out Divine Child's cause by committing eight errors, as Joe Krich allowed a like number of hits.

The heavy-hitting Northville squad was handuffed throughout, collecting only five singles.

THE EDGE OF THE WORLD
 The truly unfortunate person is one who has never had a task that was too big for him. Of course it is embarrassing to fail at a task, but it is often more honorable to fail at a big task than to succeed in a mediocre one.

Many of us live in a pretty small world. We have carved it out of the circumstances of life. By avoiding the difficult and the strange we retrace the easy and familiar patterns in everyday existence. In such a world we feel ourselves completely adequate for any circumstance or trial. In this world the ego inflates and smug complacency takes the place of humility. The soul withers and selfishness often takes the place of gratitude. When life offers no insurmountable challenge, human strength alone seems quite enough to meet the problems. Many folks have reduced their world to such a dimension they can get, do, go, come and manipulate it completely to their own satisfaction without any outside help. An adult battling in the sand-lot league with the children can easily hit a home-run. Perhaps the most exciting and satisfying experience in life comes to us when we have thrown ourselves into a gigantic task which takes every ounce of vitality, muscle, brawn, spirit and brains which we possess. It is truly thrilling to walk beyond the boundary line of our cozy little world and to throw our selves into a task so big we must seek help beyond our own strength. When we live on the boundary of our little world we can sense the power and the glory of a kingdom beyond ourselves. Our friends cannot be of any real help to us until we have reached the boundary of our own strength and yield our cause to their love and assistance. Indeed, our extreme failure is God's choicest opportunity. It is our of weakness that we are made strong; out of our failure that we come to truly succeed. How wonderful indeed it is to stretch our hands beyond our little world and there to clasp by faith, the hand of God. We can never know how much God can do for us until we have launched out into the deep in tasks that quickly swallow up our human strength and throw us violently upon the resources of Divine Providence.

Speaking for the Record

Roy Stone and his four boys returned last week from a motorcycle through 13 states. They visited the capitol city of each state and took a picture of the capitol buildings. There's a unique post-card trail in the Gamble store window showing the route of the "Rolling Stones" through Michigan, Wisconsin, Minnesota, North and South Dakota, Montana, Wyoming, Colorado, Nebraska, Kansas, Missouri and Illinois. Roy says the bears in Montana are a wee bit too friendly.

Speaking of vacations, we took the long-weekend variety to visit friends in Cadillac. While there we met a former Northville resident, Bill Groomer. He graduated from Northville high school and Tri-State college and is now an engineer with the State Highway department and resides in Cadillac. It's been three years since our last visit to Cadillac and, though the stay was a short one, it was pleasant renewing old friendships and also seeing how the area has changed since we worked on the Cadillac Evening News seven years ago. Residents tell us that it has been the best tourist season in years. All cabins, cottages and motels around Cadillac and Mitchell lakes are enjoying busy seasons.

Industrially speaking, there seems to have been very little progress. We understand the same is true of the Traverse City area. One new shopping center is under construction in Cadillac which will feature a Kroger store and smaller retail firms. But from what we could observe, it looks like the future of these northern Michigan communities lies in the tourist trade. Cadillac has all the natural requirements: lakes, fishing, hunting, skiing in Cabotville and the surrounding woods. Commercial development seems slow, however. Most tourists require more than the beauty of nature to attract them and the progressive vacation areas realize this.

Driving down US-16 we couldn't help notice the new fourth lane rapidly erected by John Mackie, the new highway commissioner. The job was done in record time and was definitely a good idea. But one small oversight has made the highway more dangerous than ever. With the old white and yellow markings still in use, drivers are passing on what is actually the "third" lane. If there was a center line painted to divide the highway into two equal lanes on each side, this would be avoided. As it is, most drivers are afraid to use the new lane and consequently US-16 remains as a three-lane highway.

State Seeks Jobs

THERE ARE 235,000 more workers than jobs in Michigan. Gov. Williams was told in July that 125,000 were idle and the forecast of 235,000 unemployed by mid-August was made. This dramatic increase in the number of unemployed is the result of the larger number of unemployed this year. Republicans are looking for a Democratic campaign next winter to increase the size of the weekly unemployment compensation checks.

This dramatic increase in the number of unemployed is the result of the larger number of unemployed this year. Republicans are looking for a Democratic campaign next winter to increase the size of the weekly unemployment compensation checks.

Gov. Williams was told in July that 125,000 were idle and the forecast of 235,000 unemployed by mid-August was made. This dramatic increase in the number of unemployed is the result of the larger number of unemployed this year. Republicans are looking for a Democratic campaign next winter to increase the size of the weekly unemployment compensation checks.

Roger Babson Higher Wages Cause Inflation Threat

Babson Park, Mass. — What is really causing the inflation buildup and how can it be arrested? Among causes suspected are the unchecked wage demands of labor and the government's earlier mistakes in pressing for easy-money policies.

Upon this relatively small worker force falls the burden of production. The solution to the problem lies in a vastly increased rate of output per worker — or in a decline of total demand. Stopped-up automation may be the real answer — but this change will come slowly. I therefore conclude that Labor Leaders hold the reins; they must be responsible for the ultimate results. They and the politicians who fear them, will surely cause a smash-up unless they stop demanding constant wage increases.

Cadillac

Keeping Current... For Economy!

In the illustration above, you see a very happy man at a very wonderful moment. The title, the keys and the car are his—and he's starting out on his first journey at the wheel. Of course, there's not much doubt as to why he decided to purchase a new Cadillac.

Like everyone else who selects the "car of cars", he did it to "keep current", so to speak, on all of Cadillac's new miracles of performance and beauty and comfort.

But coming to Cadillac, as he did, at this particular time of the year, we also suspect that he was inspired by the added motive of practicality.

For in addition to the normal Cadillac economics of modest purchase price, low operating cost and high resale value—Cadillac dealers are, at this time, *seasonally prepared* to make Cadillac ownership even more attractive than ever.

Because of the demand for used cars and because of increased production of the Cadillac car itself, the odds are that this gentleman received both a generous allowance on his previous car and prompt delivery of his new Cadillac.

Have you considered how wonderful it would be to step into a Cadillac of your own? Then, you should pay your dealer a visit—spend an hour on the highway in the luxury of Fleetwood coachcrafting—and get the facts for yourself.

You'll agree, we know, that the car is Cadillac—and the time is now!

End of Summer Brings Rash of Youth Trouble to Novi Police

New York and Detroit aren't alone in their juvenile delinquency problems this summer. Last week, youth trouble broke out with a vengeance throughout Novi township, with cases ranging from simple drag-racing to a vicious assault.

Police Chief Lee BeGole said the addition of night radio dispatcher Fred Garrick in recent weeks has helped police cover the township more thoroughly and more quickly. "Even so," he added, "we can't be everywhere. I would urge all Novi residents to report incidents, to be ready to serve as witnesses, and to be careful when they go out at night."

Sanford Miller, 19, 106 Pickford, was savagely beaten at 3 a.m. Sunday morning by three men who chased him from his home after he had accidentally backed into their car near Ship-Ahoy Beach. State police have the car's license number and are investigating the assault.

Police investigated eight cases of stolen hub caps, gasoline and fender skirts over the week end. BeGole urged Novi residents to guard their cars as closely as possible. Police were called to break up a "drag-race" down 10 Mile road. Though the speeding cars had left by the time they arrived, they believe a youth arrested the following night was one of the racers.

A group of 20 teen-agers was broken up near Beck road and 12 Mile at 1 a.m. Tuesday. They were standing around a car which had rolled over onto its back. BeGole said the driver, Robert Zube, 17, of Detroit, said he was taking James TeGole, of Beck road, home when the accident occurred. BeGole added that the youths would not tell anything further and that no charges could be pressed.

A \$2,500 electric welder, stolen from the City of Dearborn, was recovered and returned. BeGole said the thief was a Novi resident, but added that charges have been dropped.

Eight young Willowbrook children — aged 3 to 8 — were reprimanded and turned over to their parents after Novi police discovered that they had been taking mail from Willowbrook mail boxes, opening it and putting it back in other boxes.

An aluminum boat struck a small hydroplane at Walled Lake Sunday, sinking it. The owners, both of Detroit, settled the loss between them.

Wixom Comes to Grips With Zoning Problems

The Wixom village council grappled with two knotty zoning problems Monday night and heard that a third one will go to court in two weeks.

Meeting until past midnight, the council also retained a certified public accountant to look after its books and named a citizens' advisory group to study traffic problems and to study traffic problems and to study traffic problems.

In the first zoning question, the council authorized LWJ Local 36 to set up a union hall across from the Lincoln plant even though the site is zoned for manufacturing.

The council took the action after attorney Bruce Miller, speaking for the local, convinced council members that the union is "strictly incidental" to Lincoln's operations and can therefore be considered part of the manufacturing process.

In the second, the council handed the newly-appointed village planning commission the job of deciding whether an agricultural site at Wixom and West roads should be rezoned for commercial rather than manufacturing.

Warren Ashley, owner of the land, requested the rezoning so that a school building could be built on the site. Ashley said that the council members pointed out that the rezoning would be a hardship on the farmer and that the rezoning would be a hardship on the farmer.

But at the Wixom council meeting Monday night, village attorney David Uley came up with the first legitimate bit of businessman's belp heard in these parts. "Let's not stand around with our backs against the pipes," he said.

Largest Novi Enrollment Set for School Next Week

Nearly 575 Novi students — the largest enrollment in local school history — will head back to classes at Novi school next week.

As of Tuesday, 562 had registered for the current school year, which begins Wednesday with a half-day session and continues Thursday with the first full day of classes.

The enrollment represents an increase of nearly 25 percent over last year's opening attendance of 457. But superintendent William Medlyn said the school is prepared for the huge increase and that it should not result in unsolvable problems.

Medlyn asked all parents this week to pay careful attention to the school schedule (see page 7) and to the following schedule registration and school opening dates: —Tuesday, September 3: all teachers report at 9 a.m. for full day of staff meetings.

—Wednesday, September 4: all students report at 9 a.m. for half day. Buses will make regular runs. —Thursday, September 5: all students report for first full day of classes.

Novi students attending Northville high school will follow this schedule: —Wednesday, September 4: sixth grade students for half day, (8:30-12:00). —Thursday, September 5: 10th through 12th grade students, for half day (8:30-12:00).

Is Raft to Blame for Drownings?

The drowning last week of two Detroit boys near the Ship-Ahoy Beach area has prompted new efforts to require that the raft be pulled in to shore.

The youths were the fourth and fifth drowning victims at that location in the past two summers. Clark Hildner, treasurer, Ray Harrison, and trustee Stan Babin said that, although they could not legally compel the removal of the raft, they would try to take other steps to have it brought in.

"The raft was towed in several weeks ago, after a boy had drowned," Babson said. "We requested that because we felt the raft was in the depths weren't marked, and there was no lifeguard."

"But Saturday we saw that it was out again," he added. "We told the proprietors that we thought it was a hazard. Then on Tuesday, the raft was towed in."

Damage 'Slight' After Fire Hits Two Lincoln Ovens

A smoldering fire broke out at the Lincoln plant Tuesday morning, causing slight damage to two newly-installed paint ovens.

No one was injured, a company spokesman said. Three Novi township fire engines and two police cars answered the alarm. Though the engines were not used, Novi firemen worked side by side with the Lincoln fire squad in extinguishing the blaze.

In addition, hazing in the paint ovens was apparently kindled by excessive heat in the two huge facilities, one a low-temperature oven and the other a high-temperature oven, the company spokesman said. Fire marshals from the Michigan state police investigated the fire. Exact cause of the fire was not determined immediately, however. Novi director of public safety Leo Bogle called the fire "potentially dangerous" because of the combustibility of nearby paint.
