Taxes and Politics

TAXES and their impact on Michigan's business and industry life are becoming the biggest political news of the year.

NEW FACTS have been uncovered about the danger of drinking dirty water.

Republicans in the latest blow, citing the departure of the Daisy Manufacturing Co. of Plymouth, and a small firm in Coope...

They charge that companies are leaving the state because Gov. Williams is threatening new fiscal policies and additional expenditures which will force new business taxes.

Since the legislature, no matter which party controls it, must pass all tax bills, the Democrats are accurate when they point out this fact.

It used surveys developed at Evanston, Illinois and Toronto, Ontario as evidence that the drinking water is often more dangerous of the highway than the intoxicated motorist.

Now that the evidence is in, what can be done to keep motorists from drinking and driving?

There must be an educational program that will show them that three drinks can be as dangerous as 13 drinks," said Hare.

Commercial and trailer license plates for heavy vehicles are now available at the secretary of state's office in Plymouth.

The new service applies to commercial carriers over 4,000 pounds and trailers over 3,600 pounds.

Trucks and trailers need to be re-weighed for the 1958 plate applicants can furnish a 1957 registration form.

The Plymouth office is located at 181 West Liberty, off Stirk-Weaver.

Williams' aides quickly remember that Hough was a member of the State Aeronautics Commission when the governor replaced.

Political aspers in Lansing are waiting to see if Republicans can keep the issue alive for another year — long enough for effective use in the 1958 state campaign.

MEMBERS of the Michigan Milk Producers' association announced their opposition to a state milk marketing law. This is a reversal of last year's stand.

The organization of more than 25,000 dairy farmers, representing the most powerful of three such forces, has been expected to have the final word on the bill.

Last year, MMPA supported the plan which would have created a special marketing department in the state department of agriculture.

The plan would allow a state administrator to divide the state into regions if requested to do so by farmers, wholesalers and consumers. He then would advise a "fair price" to all.

The proposal was defeated in the legislature during the spring.

MMPA, which strengthened its organization following the challenge from two rival groups over the past two years, re-evaluated its position.

"Some of the members feel that a law of that kind would help the consumers and the dairies more than it would help the farmers," said Glenn Lake, MMPA president.

High Taxes Discourage Industry Investments

Babson Park, Mass. — Many ask how high prices can be reduced, or at least be kept from going higher. My answer is that the best way to reduce prices is by producing more goods at lower cost. Then I am asked: "But how can costs be lowered in the face of current high wage rates?" To this I reply: "By increasing the investment in labor-saving machinery. This will raise REAL wages for all who work, not just for those who belong to strongly organized unions."

Lower Taxes The Key

Labor-saving machinery is expensive to buy. Today's tight money situation — and the high cost of borrowing that money if you can get it — make it difficult for many firms to help themselves.

As I write this, I have before me some startling figures on the state tax burden and the tremendous rate at which it is increasing.

The State Tax Dilemma: As I write this, I have before me some startling figures on the state tax burden and the tremendous rate at which it is increasing.

We must exhibit more interest in our state governments or we will and ourselves in very serious trouble. Many factors contribute to high state taxes today.

England A Warning: The wiping out of capital by high income taxes and by death taxes is harmful enough in itself.

As a result of his Oakland county tour, in which one-third of his constituents said social security payments are inadequate, Bromfield plans to introduce a bill extending the \$1500 limit on outside interest.

Today we are still prosperous, in the hands of the army rather than the Commerce department.

expense. State costs have increased tremendously because of ill-advised and poorly framed pension plans. Such plans have permitted many state politicians to play fast and loose with your money and mine while at the same time entrenching themselves in power.

Trimming State Wastelands

This year, Congress has made good progress toward cutting Federal expenditures. Barring Sputniks, we might even have expected some Federal tax relief next year.

At the state level, the outlook is gloomy. We need to trim state wastelands before we can reduce State taxes.

What problems are likely to face rural communities when it undergoes industrialization and begins to move toward a population estimated at 17,000 by 1980?

THE NOVI NEWS YOU KNOW WHAT'S HAPPENING IN NOVI TOWNSHIP IF YOU READ THE NEWS

Volume 3, Number 28, 16 Pages Novi, Michigan, Tuesday, November 26, 1957 10c Per Copy, \$1.00 Per Year In Advance

Incorporation Vote May Not be Far Off

Farmington Action Will Not Affect Lincoln Village

A decision by the Farmington township board to cancel a sewer and water contract with Thompson-Brown company probably will not affect the firm's proposed 2,000-home Lincoln Village development in Novi.

The Farmington board cancelled its contract, which made the township a continuing authority for sewer and water systems of Kendallwood and Westbrook Manor subdivisions.

Thompson-Brown officials could not be reached for comment, but Novi supervisor Frazer Stannan said Novi will be protected against sewer and water problems at Lincoln Village.

"The Kendallwood development was a different type of sewerage plant than is planned for Novi," he said. "Thompson-Brown plans a new type of system that leaves the waste 95 percent pure."

Stannan added that township engineers constantly will study the plans thoroughly before approving them.

In cancelling the contract with Thompson-Brown, Farmington supervisor Frank Stephenson said the Kendallwood and Westbrook sewerage systems would cost the township \$27,500 a year if the township were to take over operation of them.

He added that he is considering the curtailment of further building permits for the subdivisions until the plant is put into condition to handle sewage from present homes.

Stephenson said that after an average rain, the plant bypasses 10 to 15 percent of its raw sewage into open fields.

To Meet Next Week On Civil Defense

Novi volunteers were urged again this week to turn out for a civil defense reorganization meeting next week.

Novi civil defense director D'Arcy Young has called the meeting for next Wednesday (December 4) at 7 p. m. in the Novi township hall.

At that time, Young and other township leaders will attempt to revitalize the inactive Novi civil defense program.

Interest in Novi civil defense matters was spurred in recent weeks by Soviet missile air, satellite achievements.

(Continued on Page 4)

But Landowners' Group May Renew Opposition

Novi incorporation officials were nearly finished this week with the mountain of paperwork connected with the incorporation of the township as a village.

Walter Tuck, chairman of the incorporation committee, said petitions and census forms are nearly complete and may be filed with Oakland county within the next week or two.

After that, the county board of supervisors will schedule an election on the issue — probably early in 1958.

"We've felt for several months that we had almost everything wrapped up," Tuck said. "But there always seems to be one more thing to do."

The incorporation committee was expected to speed up the final phase of its work to keep pace with fast-moving events in Novi and Willowbrook.

Novi township last week and Willowbrook today on whether to become a city.

As a township, Novi has little protection against annexation by the two communities. But as a village, all Novi residents would be able to vote, making annexation of its territory difficult.

Tuck discounted current rumors that the incorporation committee has been waiting for the Wisconsin election before filing incorporation papers. The rumors claimed that if Wisconsin does become a city, incorporation of Novi would be dropped in favor of annexing the township to Wisconsin.

With strong endorsements from the Wisconsin City Association and other sources, it appeared likely that voters would give the nod to city status.

The 10 charter commission candidates: Herbert Koster, Jesse Birehead, Leonard Burgeois, Delbert Geyer, R. W. Laff, Wesley McAfee, Gunter Melnik, Everett Pearson, Joseph Sandink and Fred Thayer.

Mark III Success Brings Overtime

The continued record sales pace of the Continental Mark III has caused an increase in December production schedules over the previous month at the Lincoln plant in Willowbrook.

"Nine hour work day schedules carried some Saturday overtime will increase Continental Mark III production 60 percent," said Lincoln and Mercury general manager James J. Nance.

"The success of the Continental Mark III series is giving Continental and Lincoln its greatest new market introduction in history," Nance stated.

Nance said much of the Continental's success could be attributed to the expanded line of four models offered this year. Four-door models and convertibles have already contributed to 80 percent of Continental sales.

Start Digging... It's Tax Time

It's time for taxes again. School and county tax bills are now being prepared by township officials and will go out to Novi residents within the next two weeks.

Residents of Novi school district will pay a millage of 15.01 on their state equalized valuation, including \$1.81 for operating and 7.2 for debt retirement. The figure represents

an increase for some and a decrease for others, because of the consolidated last year of four school districts into the present one.

The state equalized valuation of the district is set at \$10,000,000, a 10 percent increase over last year when the four districts had a combined valuation of \$4,845,000.

County taxes this year are set at 5 mills on state equalized valuation (7.00 on assessed valuations).

Meanwhile, it appeared that opposition to incorporation may not be dead after all.

Herbert Koster, who said last week that his opposition group would not try to fight the move, reported this week that opposition probably would be renewed.

Koester had made his first statement after results of a straw vote indicated that Novi favored incorporation by a 5-3 margin.

But Koester said later that a number of persons contacted him, urging him and his group to continue their opposition. He said a definite decision would be made later.

In addition to the other stock donors, if the sewer supply is an and the plate base should be dropped in water or the electrical contacts covered by spilled sea engine touching the plate could be easily killed, they added.

The fire marshal division of the Michigan State Police has warned electric leopards which has the potential of causing electrocution.

The leopards, under the trade name of Rostko, have made their appearance on store counters in Michigan.

The state health department said the heating unit, an open submerged element, creates a serious shock hazard. When used in the kitchen where many appliances and plumbing fixtures are grounded a person might be electrocuted by contacting these grounded surfaces and the teapot, state police said.

One question up for discussion was whether the Lincoln plant should be included in the formula by which assets would be divided with Willowbrook.

If included, the Willow plant would carry with it upwards of 25 percent of the township's assets.

Novi officials feel this could bankrupt the township.

In Willowbrook: Holiday Dance Next Week

By Mrs. John Parent — GREENHART 4-2060

On Friday, December 6, Willowbrook Community Association will sponsor its most gala party of the year, one which you will not want to miss.

"Holiday Dance Party" will be an evening of dancing to the music of Paul Butts and his quintet. For your enjoyment also there will be a dance exhibition given by Lee and Jan, instructors of ballroom dancing.

Holiday dance party will be held in the Novi Community building from 8 p. m. to 1.

We know this will be an evening you will really enjoy and long remember so get together with your friends and plan to attend.

An adult ballroom dance class for those interested in dancing fun and parties during the winter months will be given by Mrs. Joseph McHugh's home on Eleven Mile, Kay Peltier of Meadowbrook and Marguerite Parent of LeBost attended with Lucille James and V. Chessman of Northville.

Robert and Sarcee Miller of Willowbrook and Marguerite Parent will be giving a Christmas party on Saturday evening at the Birmingham home of Mrs. Joseph McHugh's home on Eleven Mile, Kay Peltier of Meadowbrook and Marguerite Parent of LeBost attended with Lucille James and V. Chessman of Northville.

Bill and Mary Chamber, Bart and Betty Stratley, Gene and Polly Davison, Gordon and Nancy Peterson, Bill and Mary O'Brien of McVea-December 4 to advertise their 4th annual fireman dance. Tickets can be obtained at this time or will be delivered to you by calling your neighbors who helped him celebrate were in surprise birthday party was given for Joe Ardito of LeBost on Saturday, November 16. The neighbors who helped him celebrate were in surprise birthday party was given for Joe Ardito of LeBost on Saturday, November 16. The neighbors who helped him celebrate were in surprise birthday party was given for Joe Ardito of LeBost on Saturday, November 16.

NEW INDUSTRY IN NOVI — A second haulage company opened in Novi last week, helping to transport new Lincolns and Continentals to all parts of the U. S. The E and L Transport Company, at Willow Creek and Grand River, has 125 haulaway carriers at present and expects more. Like the Automobile Transport company, leased across from the new plant, the Novi branch of E and L will be specifically to handle Lincolns and Continentals — another example of how one industry attracts others.

SPEAKING for the Record By BILL SLIGER

In the light of the year-long building slump and the frequent reports of an industry exodus from Michigan it's refreshing to learn that there's an exception to the rule. Especially when the exception exists in our own area.

In the communities of Northville, Novi and Willow Creek seems to be a simultaneous "breaking out of the shell." And while other metropolitan areas may experience a leveling off, there's every indication that here the expansion is just beginning.

Although other subdivisions larger than the 125-home "Northville Heights" may follow, this project must stand as an "ice-breaker" and thus in our opinion represents significant progress for Northville.

While digging began in Northville Heights, an announcement came out of Novi township that makes any development seem small by comparison.

Thompson-Brown company of Detroit, a land development firm highly regarded throughout the country for its Kendallwood projects in Farmington township, revealed it would change some 600 acres of farm land into a city of 2,000 homes.

**NEWS AROUND NORTHVILLE**

Mr. and Mrs. Peter M. Cucchetti of North Center street will spend Thanksgiving week end with their relatives at Warsaw, Indiana.

Mr. and Mrs. William B. Walker, Jr. of Eight Mile road will be the guests of Mrs. Walker's sister, Mrs. Ida Cunningham of Detroit for Thanksgiving. Their brother, Gerald, of don C. Lees of Rochester, will also join them.

Mrs. J. W. Cheetam entertained with a bridge luncheon at her home on Thayer boulevard Friday.

Julianna Hauser, daughter of Dr. and Mrs. John E. Hauser of Bloomfield Hills will be the guest of honor at a personal shower given by Mrs. Claude A. Cruso, Mary Ellen Cruso and Mrs. George B. Chabot at the Cruso residence on Nine Mile road this Saturday night.

Miss Hauser will be married Dec. 4 at 7 p.m. The bride will be accompanied by her father, Dr. and Mrs. J. K. Eastland and children, Susan and Michael, at the Michigan-Ohio State football game last Saturday.

Eldon Biery will leave Thanksgiving day to take his mother-in-law, Mrs. Hay R. Richardson to Clearmont, Florida where she will spend four months. Don Biery will accompany his father and grandmother on the trip.

Cub Pack No. 755 will hold their meeting at the Presbyterian church, December 4 at 7 p.m. The pack has been working on their achievements this month and they will be on display at the church.

Guests of the Leslie Gingells of Eight Mile road for Thanksgiving will be Mrs. Margaret Goodman and her daughter, Mary Kay, and Miss Mary Goodman of Troy, co-hosts of Mr. Gingell.

The Northville Mothers' club will meet at the home of Mrs. E. R. Langtry on Thayer boulevard Monday, November 25 at eight o'clock. Mrs. G. L. Alexander and Mrs. John W. Blackburn will be the co-hostesses.

Mr. and Mrs. L. M. Eaton of Easton drive will entertain their son and daughter-in-law, Dr. and Mrs. Louis Eaton and family from Howell on Thanksgiving.

Mr. and Mrs. Laurence A. Massink of Seven Mile road spent last week end with Mr. Massink's sister and brother-in-law, Mr. and Mrs. George Wright of Big Rapids.

FAVORITE RECIPES OF NORTHVILLE HOMEMAKERS

**GARNISH OF WATERCRESS** dresses up this pale golden Mashed Apple Salad contributed this week by Mrs. William Black. The use of unpeeled apples results in bright spots of red sparkling through the gelatin - a real Thanksgiving masterpiece.

A tangy molded salad - just in time for the Thanksgiving feast - has been generously contributed to the Record-News this week by Mrs. William Black, proprietor of Black's White House on North Center street.

It's an original "Black" recipe, one Mrs. Black demonstrated on the Myrtle Ladbitt television program recently.

The salad is made with crisp, Michigan apples and sweet cider. Mrs. Black points out that Michigan Farm-City Week began last Thursday and ends Thanksgiving Day - and no better time to use and enjoy Michigan apples.

**MOLDED APPLE SALAD**  
Bring to boil one cup apple cider. Add two tablespoons plain gelatin to half-cup cold cider. Stir, add to hot cider and dissolve.

Add two tablespoons lemon juice and 2 cups ice. (Fill cup to level full with cold cider).

Add 3 cups sliced, unpeeled apples and half-cup whole walnut pieces. Stir until ice is dissolved.

Pour into ring mold and chill in refrigerator.

Using the ice method, the salad will set and may be unmolded in 20 to 30 minutes. Garnish as desired.

**Local Red Cross Workers Aid Mobile Blood Bank**

The Northville branch of the American Red Cross serviced a blood bank at the Detroit House of Correction November 20. Sixteen local women were required to assist the mobile unit of a doctor, nurses and custodians from the Detroit chapter.

Those serving with Mrs. A. C. Carlson, chairman of the Northville branch, were Mrs. Emma Reid, Mrs. Jim Green, Mrs. Herbert Brown and Mrs. J. W. Cheetam who registered the donors. Mrs. Edith McKenna, canteen chairman, Mrs. John Ling, Mrs. Ann Young and Mrs. Harold Schultz, Mrs. Ruth Knapp, R.N. was the nurse in the recovery room; Mrs. Kaczar is a new member of the Cliff Sinden, R.N. took pulse and temp.

After a busy morning a hot lunch was enjoyed at the House of Correction.

On April 19, 1958 the bloodmobile unit and local volunteers will be in Northville to secure blood for the community blood bank. Further information will be released a few days later.

Girl Scout Troop 19 Troop 19 met last Wednesday and worked on surprise gifts. Patsy Kaczar is a new member of the

FROM ILLINOIS are Mr. and Mrs. D. E. Schwendemann of Northville Estates and their two daughters, Sandy, a first grade student at Main Street school, and Sheryl, three years old. The Schwendemanns live at 4897 Grassmere road in the new subdivision. "Barkis" rounds out the family circle.

Newcomers this week are Mr. and Mrs. D. E. Schwendemann and daughters, Sandy and Sheryl, who have lived in their new Northville Estates home for about five weeks now.

The Schwendemanns moved to Northville from Elmhurst, Illinois. They lived in Northville, Michigan before Elmhurst, originally moving from Iowa. Their moves were all the result of job transfers of Mr. Schwendemann, who is employed by Detroit Diesel division of General Motors.

Both Mr. and Mrs. Schwendemann enjoy bridge and dancing. The lady of the house likes to sew, and her husband spends as many hours as he can in the garden.

The whole family has good words to say about Northville, but perhaps the happiest is the family cocker spaniel, "Barkis", who finds the wide open spaces of the subdivision the answer to her roaming instinct.

Eagles Auxiliary  
Susan Fox, Barbara Schindler, Mary Moyer and Marian Cappolario were initiated into Ladies Auxiliary of the Eagles No. 2504 on October 23. Anyone interested in joining the auxiliary may call Erna Perez, 202 or Bette Chaffee, 1166M. Meetings are held the second and fourth Wednesdays of the month.

Mr. and Mrs. C. M. Goodrich will spend this week end in Saginaw visiting friends.

**Three Local Homes To Be Open For Holiday House**

Three Northville homes will be open to visitors and Christmas shoppers next Tuesday, December 3 when the Our Lady of Victory Mothers' club holds its annual Holiday House Party.

They include the home of Mrs. Orlov Owen, 5005 West Seven Mile, which will feature Christmas novelties, knitted goods and aprons.

The home of Mrs. Lewis Alexander, 4131 East Eight Mile road, will be the cookies house, and will have a variety of baked goods.

The final stop will be the tea house at the home of Mrs. Claude Cruso, 4180 West Nine Mile road, where tea will be served from one until five.

General chairman for the affair is Mrs. Eugene Kampmann. Start-time is 1 p.m., ending at 5 p.m. All items not sold during the day will be returned to the church for an evening sale from 7 to 9 p.m.

**William Marcoux Is Appointed To Law Post**

Mr. and Mrs. L. J. Marcoux of Eight Mile road have received word that their son, William, has been appointed regional chairman for Region 3, Junior Bar Section of the State Bar of Michigan.

Region 3 includes Jackson, Lenawee, Hillsdale and Washtenaw counties. The work of the organization is largely devoted to public relations with law students.

A resident of Jackson, Mr. Marcoux has been active in junior bar work, the Jackson Junior Chamber of Commerce, Boy Scouts of America and is a member of the Rotary and Clarklake yacht club.

Three Cities Art Club  
Members of the Three Cities Art club from Northville, Plymouth and Livonia have paintings on sale now at both Hillsdale Inn and the Mayflower hotel in Plymouth. The sale began yesterday and ends next Sunday, November 31.

**Methodist Women Ready for Bazaar, Smorgasbord**

On the menu at the Smorgasbord to be held by the Women's Society of Christian Service on December 5 at the Richards Fellowship Hall of the First Methodist church are Swedish meatballs, shrimp, herring, salmon, baked beans, molded salads, tossed salads, sweet and white potatoes, relishes, pie - and a host of other appetizing tempting items.

There will be three servings, at five, six and seven o'clock. Time is indicated on the tickets, now available from Circle and Wesleyan Service Guild members.

The bazaar, which opens at 2 p.m. will feature aprons, towels, pillow cases and a pantry shelf. Other items include Christmas table decorations, doll clothes and toys, Christmas cards, brass items from India and shelled nuts.

**Novi Highlights...**

After deer hunting for less than a week at Bois Blanc Island John Killen, Ed Schwartz, Richard Bingham and Ted Fair returned to their homes in Novi with four bucks. Good shooting.

John Killen thinks his wife is the champion deer hunter this year. She accompanied her father, Homer Johnson, on a hunting trip to Hillman. She used a shot gun to get her fougouet buck.

The Novi Rebekahs will hold a special meeting Thursday, December 5 at 8 p.m. for the initiation of candidates. Seven new members will be admitted by initiation and one by transfer. At the close of the meeting a pot luck luncheon will be served. All members are urged to attend.

The Novi Oddfellows and Rebekahs will hold their next pot luck dinner and family night on Tuesday, December 3 at 6:30 p.m. at the Oddfellow hall.

Novi Girl Scouts

Mrs. William MacDonal, Novi girl scout neighborhood chairman, and an orchestra course Friday, November 22 at her home with Miss Jean Wayman, coordinator from the Royal Oak girl scout office, and Mrs. Wade Dickerson from Farmington, who is district chairman.

Intermediate Troop No. 892 made Thanksgiving tray favors for White-hall Convalescent Home. They also practiced their flag ceremony and turned in calendar money.

Intermediate Troop 492 served on their layette they are making for the baby born in Novi township.

**Willowbrook...**

Hunting near Harrison over the week end was Al LaBarre of East LeRoy.

A fourth birthday was celebrated November 15 by Mary Ellen Reiss of LeRoy. A party was given in her honor and her guests were Billy Reiss, Judy, Vicky and Terry Broderson, Cathy Swick, Cindy Campbell, David and Denny Nelson, Steve Dragovich and Mary Ellen's grandmother, Mrs. Michael Freeman.

The Robert McKoons of Meadowbrook attended the Bear-Lion game Sunday with friends.

Pinocle club was held Monday, November 18 at Shirley Hurlbut's home on Willow Lane. The winners were Millie DeHayes, first; Jane Marloff, second; Joyce Benjamin, third, and Paula Swenson, booby.

The next club meeting will be at Sophie Martin's home on December 2.

Ann Diemel of East LeRoy was hostess to her bridge club Thursday night. The winners were Irene McCormick and Nancy Milliken. Jean Crocker won the consolation prize.

Week end guests of the Harold Youngs of Holly Dale were Mr. and Mrs. Floyd McMill and Mr. and Mrs. Adrian Rose of Saginaw.

Mrs. Mrs. Karl Weiss of Macomb were dinner guests at the home of Mr. and Mrs. Arthur Bogus of Bloomfield Hills on Sunday.

**Glasson Wins Final Football Contest**

The 1957 season's football contest ended last week with G.H. Glasson, Northville police sergeant, winning top honors. A regular entrant, Glasson has come close several times this year, but had to wait until the final week to win a prize.

Youngster Kitch, Northville high school quarterback, finished in the money for the second week in a row. Last week Kitch won in a contest, but this week he had to be content with second place and \$5.

Glasson and Kitch both missed but one game. Glasson called the Lions Bears outcome almost to the point, however, and edged Kitch for first place. Dayton Deal, 2016 Springwood, and Sylvia Williams, both picked the Lions to down the Bears, however.

**Births**

A daughter was born Sunday, November 24 at 1:15 a.m. to Mr. and Mrs. Kent Eskough of Grand Rapids. The baby weighed seven pounds, nine ounces. Mrs. Eskough is the former Peggy Ely, daughter of Mr. and Mrs. Gustav Ely of 92 Grand River.

Mr. and Mrs. A. Nicolsia of Waukesha, Wisconsin announce the arrival of a son, Augie Joseph, Jr., on November 2. Mrs. Nicolsia is the former Maxine Wick of Northville.

**Drive for Funds To Be December 5**

Mrs. Kenneth Conley, Northville chairman for the March of Dimes Dystrophy, has announced that the drive will be held on Thursday, December 5 rather than on December 3 as announced last week.

The march will be a "torch-light" drive, workers calling on homes that have porch lights on that night.

**Narrowly Misses Injury in Crash**

Mrs. Kathleen Somerville of Charlotte street, Walled Lake, escaped serious injury Saturday afternoon when her car collided with a 1956 bus at Grand River and Telegraph in Redford.

Mrs. Somerville was treated for shock at Aitchison hospital.

**"I-CENTERED LYRICS"**

Recently a Methodist Bishop pointed out the present dangerous trend of "attempts to use God as a sleeping pill, a shot in the arm, or an Aladdin's lamp." He went on to say that in the present day songs the theme seems to be "My will be done with Thy help" instead of "Thy will be done with my help." "Man decides what he wants, then calls God in to help." All of this is but the product of psychiatric cant in the reality of the true and living God and His willingness to be in contact with man. Our thinking would be greatly improved if we would remember that "All things were created by Him and FOR HIM." We are not the center of attraction! Further the Bishop said, "In true religion, God decides and man seeks God's will and follows whether or not its immediate results pay off in increased sales or personal success." He is not the Alpha and Omega in order that I may be guaranteed success in my new job. Yes, the present trend indicates a need for people to go back to their Bibles to discover once again who God is and what His characteristics are. The true God has revealed Himself to us in the Bible.

**Broomfield Eyes Science Academy**

A plan to create a new National Academy of Science will be outlined tonight to an Oakland county educational advisory committee by Congressman William S. Broomfield. Broomfield said the proposed new academy would supply the United States with "the backlog of top-flight scientists and engineers we must have if we are to regain and hold our leadership" in all fields of science.

The science academy would supplement West Point, Annapolis and Air Force academies, he said. Students would be chosen for the new school on the basis of nation-wide competitive examinations.

Broomfield proposed a four-year program in various fields of science for the students. After graduation, the students would serve three years with the U.S. government on basic research projects, with an opportunity to obtain a doctor's degree in conjunction with their work.

**In Wixom Village: St. William's Plans Bazaar**

Mrs. Charles Ware—Market 4-1621 and Verhaeg. All these ladies are looking for more help.

Mrs. and Mrs. George Bartlett of Old Greenwich, Connecticut, will be visiting Emily and Bob Turell for the Thanksgiving holidays.

The young people of the Wixom Baptist church are practicing carols for the Christmas program.

The Sunshine Social Service group met at the home of Mrs. John Bannerman with 11 guests present. Plans for a bazaar and bake sale to be held Saturday, December 7, at the home of Mrs. John Bannerman, Cook, Moore, Guin from 10 a.m. were made.

Mrs. Charles Ware is general chairman of the bazaar.

Glasson and Kitch both missed but one game. Glasson called the Lions Bears outcome almost to the point, however, and edged Kitch for first place. Dayton Deal, 2016 Springwood, and Sylvia Williams, both picked the Lions to down the Bears, however.

SIGNS OF THINGS TO COME — It took only fifteen minutes for this winter scene to materialize in Cass Haven park last Thursday. A blizzard-like snow that pelted many drivers on their way to work covered Northville and Novi in just a few minutes, and then melted away almost as quickly. The snows continued the next day, and it was apparent to all that winter is coming for sure.

Mr. and Mrs. George Clark of West Main street will be the guests of Mrs. Clark's sister and brother-in-law, Mr. and Mrs. Owen Todd of Flint for Thanksgiving.

### Cars Suffer Accident Damage

Two automobile accidents happened in Northville last week with extensive damages suffered by three cars.

Willard E. Fritzell of Dearborn was traveling north on South Main street when he was struck by a car driven by John Proctor of South Lyon. Proctor was turning left from the Seven Mile cutoff and stated he did not see Fritzell's car.

Fritzell's car suffered \$113.62 in damages and the car driven by Proctor, owned by Green Ridge Nursery, suffered \$85 damages.

In another accident, Mrs. S. McFarlane of the Maybury sanatorium struck a car driven by Frederick Lemmon of Wayne.

Mrs. McFarlane, traveling east on Main street, told police she did not see the turn signal of Lemmon's car, which was turning right into a driveway at Main and Griswold.

### Goodwill Coming On December 3

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for Tuesday, December 3.

Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries pick-up call the local Goodwill representative Mrs. Lora Ault, at GR-4-2241.

### Travelers to Speak For Redford Series

The Redford Township Town Hall series announces its second guests of the season, Helen and Frank Schreider.

The Schreiders made what the experts called the "impossible tour," traveling from Circle, Alaska to the southernmost town of the world, Ushuaia in Tierra del Fuego in 10 months. They made the 20,000 mile trip in an amphibious jeep with their German Shepherd Dinah.

Their joint lecture and color film will be presented next Saturday, November 30 at 8 p.m. at Thurston high school, 2625 Schoolcraft.

Tickets may be purchased at the box office that evening.

Cliff Broderick of Meadowbrook went deer hunting near Baldwin with Bernard Good.

CHILDREN'S STORIES — Fifty Northville children attended the first PTA-sponsored story hour held Saturday morning at the library. The sessions are free to all children ages four to 11. Ten volunteer women will read stories to the group each Saturday from 10:30 to 11:30 a.m. throughout the school year. Miss Jose Palmer is shown above conducting the first story-reading class.

**MISSION SCHOOL FINALE** — As a wind-up for their study of Japan in their four-session school of missions, members of the First Methodist church of Northville held an "International Night" last Sunday. Serving some of the orientally-stuffed guests is Reverend Paul Cargo (far right). Each person attending brought an orientable article for display and gave a minute talk on its use.

**Men's Club Plans Father-Son Banquet**  
A Father-Son banquet will be sponsored by the Men's club of the First Presbyterian church on Thursday, December 12.

The dinner will be held at the church and feature entertainment, favors and special prizes. Men wishing to bring a neighbor boy in lieu of a son are welcome.

Tickets for the dinner may be obtained from Fred Kester, Dempsey Ebert, Fred Casterline, Ed Langtry, Philip Ogilvie, Ed Welch, Bill Williams, Don Vaningen and Wynn Wakonish.

Thomas A. Edison was dismissed from a job as a young man for sleeping while on duty.

### Social Security Visit Rescheduled

The Social Security representative of the Detroit-Northwest Social Security office will not make the scheduled visit to Plymouth next Thursday due to the Thanksgiving Day holiday.

However, the representative will be at the Michigan Employment Security Commission office, 907 Libley road, Plymouth, next Friday between 1 and 4 p.m.

Residents of the Plymouth and Northville area who have social security matters to discuss should call at the Plymouth Employment Security Commission office during the above hours.

**FOOT-SAVING EDUCATION**  
By JIM HOUK

Are some brands of shoes approved by the AMA? The American Medical Association does not approve or disapprove of any shoe, book, or toy. Shoemakers seldom rate competitors but I believe that there is one that should be appreciated.

By refusing to pass judgment on shoes the medical profession implies what one doctor told me personally — "Look, my medical school didn't teach shoemaking and I never spend more than 15 minutes in a shoe store. Why should I set myself up as an authority on a subject that I have never studied? I tell my patients that no shoe is any good unless it is properly fitted so the choice of a good shoemaker is more important than the brand of shoes he may sell."

Love that mandate.

## From Near East to Northville

### Her Family Spans World In Church, Government

Items of interest about local people come through various sources... some of the most interesting are the result of casual conversation with passers-by.

This story, for example, grew out of a chat with the Rev. John O. Taxis of the First Presbyterian church, who happened to mention that the granddaughter of one of the most illustrious men in the mission field now lives in the Northville area.

Upon investigation, we found that both the father as well as the grandfather — of Mrs. Robert Visser of Five Mile road are names known in international circles.

The attractive, unassuming brunette explained that her father, now Coordinator of International Biological Sciences for UNESCO, devoted family tradition by choosing the scientific field rather than mission work for a career.

For her grandfather, Samuel M. Zwemer, was the son of a minister. He spent most of his life carrying the Gospel to the Islamic world and evangelizing the traditions and beliefs of Islam to Christians.

His biography, a 239-page work published in 1923, the year of his death at the age of 81, states: "Zwemer was the founder of a small organization which gave more than a quarter of a million dollars for work among Moslems, principally in the production of evangelical Christian literature. He was the inspiration for brotherhood of the great Mohammedan fields which had as their purpose leading Moslems to Christ and was also the founder of prayer groups in Britain and America for this work which consumed his heart and soul."

Born in Vriesland, Michigan, Zwemer was graduated from Hope college in Holland, Michigan. A building on the Hope campus now bears his name.

Both Mrs. Visser and her husband, Bob, an instructor at Northville high school, were graduated from Hope, the alma mater of her father and grandfather.

She noted that her father, Raymond Zwemer, is now in Paris with her mother and younger brother and sister. He was formerly an instructor at Columbia university and also held a government post with the Library of Congress.

"They were home for eight weeks this summer to see their new grandchild," she said, referring to blonde school-bell daughter, Jane. She added that they will return permanently to the states next year.

The Visser bath taught in Washington state last year, returning to Michigan last summer — just in time to settle in Northville.

## THE NOVI NEWS

SERVING A GROWING COMMUNITY Tuesday, November 26, 1957—9

CLOSE CALL — Slippery roads in the Northville and Novi area last week caused many a minor accident, but perhaps the luckiest person was Mrs. Hilda Swanson, 905 Main, Plymouth. An office nurse for Dr. H. Handorf in Northville, Mrs. Swanson suffered only cuts and bruises after her car left the road and flipped several times into a ditch on Sheldon road across from the Wayne County Training School.

**Marine Toy Drive Starts Tomorrow**  
The 1957 "Toys For Tots" campaign of the Northville Marine reservists will begin tomorrow. Purpose of the annual campaign, which will last through December 7, is to make sure Christmas gifts of toys will be provided all less fortunate children in the Northville area. Donations of new toys or toys in good condition will be accepted at all Shell gas stations displaying the "Toys For Tots" banners. Persons wishing to donate large amounts of toys, or toys too large to handle easily, can arrange for a home pickup by calling the Marine Corps Reserve Training Center, 1100 N. 4th St. School, church and civic groups have been urged to organize toy drives among their memberships. Marine reservists will pick up these donations at any time. All toys collected in the Northville area will be distributed here. Although "Toys For Tots" is a nationwide Christmas project of the Marine reserve, each campaign is a purely local project. Toys received would be distributed this way by the Northville King's Daughters.

# 3 Grid Stars Coming Here Monday

Three big names in collegiate and professional football will be in Northville next Monday to honor the Mustangs at the 1957 Northville Mustangs ball.

Tobin Rote, who came to the Detroit Lions from Green Bay this year, is regarded as one of the National Football League's leading passers. With Bobby Layne, he gives Detroit the greatest quarter back combination in the league.

Joe Schmidt, captain of the Lions, has been a unanimous all-pro selection for the past three years. The former Pitt star made twice as many solo and assisted tackles last year as any Lion player.

Doug Weaver, a former linebacker on the great Michigan State team of 1950-52, is now an assistant coach for the Spartans. In addition to winning actual football honors, he twice won the Spartan "Oil Can," given annually to the player with the best attitude and sense of humor toward football.

Tobin Rote

Joe Schmidt

Doug Weaver

# Cagers Get Set For Title Defense

The Northville Mustangs traded football tags for basketball uniforms last week and began making ready for the 1957-58 campaign.

With 12 of his 15 varsity players also on the football team, coach Sam Johnston had to delay full-time practice until after the football finale against Clareville last Wednesday.

"We'll have a good team," Johnston said. "But I think it's too early to start speaking of league championships, as many fans are doing."

"To win them all — and even to win the championship — takes a lot of good material, a lot of breaks, and a good game every time you take to the court," he said. "So let's wait and see what we have before we begin guessing how far we're going."

Johnston admittedly is loaded with talent, if it all comes around. From last year's squad Northville last just two starters: all-league guard Bud Bell and guard Max Duran.

The Mustangs will have the use of three 1957 starters — all-league forward Bill Yahn, center Jeff Goodrich, and forward Dick Biery — and will once more have the services of "Cup" Fetters, an all-league forward in his sophomore year who was out of action last year with a broken leg.

Northville figures to have one of the tallest teams in the area. Seven of them top six feet. Goodrich (6'9"), Fetters (6'9"), Yahn (6'7"), N. C. Schrader (6'7"), Dan Howell (6'7"), Bob Starnes (6'), and Ed Wittenberg (6').

The Mustangs this year could have no complaints about their runners. With Biery and Starnes on the outside and Walker on the inside, they were near-unstoppable. All had over a 6-yard average, and when one was halted the other took over.

If Northville had any weaknesses, they would probably be a weak passing attack and a second-half defensive letdown.

When it came to passing, the Mustangs completed less than one-third of their efforts. Not all of it was due to the quarterbacks. They were often rushed and had to throw without being set, and at other times well-thrown passes were dropped. In any case, the Mustangs could never rely on their passing attack.

On defense, Northville hardly compared to its 229-point wall of last year. In 1956, the Mustangs allowed but one first period touchdown and never more than one score a game (except against Plymouth). In 1957, they played half down and never more than one score in the second half. But what they lacked in solidness, they made up for in heart — and not one could a team get past that last hurdle.

One factor doesn't show in the record book. In 1956, Northville lost just another team out for the title; by the time the league awoke to the Mustangs' strength, Northville had gone undefeated. This year, the Mustangs were the defending champions with a long league winning streak. The pressure was on Northville as the Wayne-Oakland defense, and every game meant a key-to-go opponent.

As for the third opponent — the statistics — they're down below, a ready and waiting analysis. So take your pick: which was the better team, 1956 or 1957? What, ever your decision, the result was the same: another silver goblet to the Northville trophy case.

Plymouth 13, Northville 12. Northville's only loss of the year was the Northville's unbeaten league loss some of its sting when the record.

# Another Great Season Is Now History for Champion Mustangs

## How Did '57 Team Compare with '56?

Just how good were the 1957 Northville Mustangs? Before the season began, coach Ron Schipper felt they would equal or surpass his 1956 championship squad. Most Northville fans and newspapers shared that confidence.

The reasoning was that the Mustangs lost a minimum of seniors last year, that they retained two all-league players in halfback Dick Biery and end Bill Yahn, that they had balance, and that above all they had perhaps the fastest backfield in suburban football.

How well did they meet those expectations? Three things will help tell the game-by-game record, a comparison with last year, and statistics.

First, the record: The Mustangs' sturdy line had its best year, the only answer can be that the Mustangs were better in some respects and not as good in others. For example, they scored higher this year (296 points against 169 in 1956) but yielded more scores (64-0). They rushed better (118 yards against 147 last year) but did not pass as well (623-272).

Both offenses finally jelled. Biery cracked against 2,689 and defensively (1,898 this year, 1,497 last year), they slipped a bit.

The Mustangs this year could have no complaints about their runners. With Biery and Starnes on the outside and Walker on the inside, they were near-unstoppable. All had over a 6-yard average, and when one was halted the other took over.

If Northville had any weaknesses, they would probably be a weak passing attack and a second-half defensive letdown.

When it came to passing, the Mustangs completed less than one-third of their efforts. Not all of it was due to the quarterbacks. They were often rushed and had to throw without being set, and at other times well-thrown passes were dropped. In any case, the Mustangs could never rely on their passing attack.

On defense, Northville hardly compared to its 229-point wall of last year. In 1956, the Mustangs allowed but one first period touchdown and never more than one score a game (except against Plymouth). In 1957, they played half down and never more than one score in the second half. But what they lacked in solidness, they made up for in heart — and not one could a team get past that last hurdle.

ALL OVER, EVEN THE SHOUTING — The Northville Mustangs slowly head back to the dressing room after their 20-7 win over Clareville that gave them an undefeated league season. It was the final game for seniors Ed Wittenberg, Pete Gross, Joe Krlich, Dick Stuber, Dick Biery, Ernie Ebert, Harry Sedan, Dick Buckley, Norman Tibble, Dan Howell, Harold Scarfoss, Hugh Crawford, Bill Yahn, Jim Hammond.

## Finale to Mustangs, 20-7

Northville made it a perfect season last Wednesday night, but the Mustangs finally stumbled the kickoff, Mitchell pounced on it, and four plays later the goal in 5 plays and went off at the half with a surprising lead. Northville, behind for the first time since the Plymouth game, lost from Fred Mitchell went across the line. But for the rest of the half, the Mustangs stalled.

Yeanville, the Trojans had a field day. Taking a weak punt on the Northville 30, they marched to the goal in 5 plays and went off at the half with a surprising lead. Northville, behind for the first time since the Plymouth game, lost from Fred Mitchell went across the line. But for the rest of the half, the Mustangs stalled.

## The Coach's Corner

by RON SCHIPPER  
Northville High School Football Coach

Last Wednesday the 1957 Mustang football team closed a very successful season defeating Clareville 20-7. After an opening 13-12 loss, we won eight straight games and our second league championship.

Behind the scenes were groups of people who gave both time and loyalty in supporting our team this fall. To these people I want to express the gratitude of the coaching staff.

—Each Friday we were fortunate to have a group of mothers of our players who came to school and spent the afternoon preparing dinner for the team. To these mothers, Mrs. Biery, Mrs. Buckley, Mrs. Gross, Mrs. Deal, Mrs. Schrader and the many others who helped, we can only say thank you.

—To the doctors of our community who generously gave their time for football examinations before the season began and especially Dr. Robinson, who attended every game, we say thank you.

—To the Northville Driving Club which helped finance the filming of our football games.

—To Walter Cross for the use of his company's scaffolding in the filming of our games.

—To the Northville Record, for its coverage of our games and the cooperation its staff was always willing to give.

—To the loyal fans of our Mustangs and the Northville band who braved all kinds of weather to lend their support to our team.

—To the Moms and Dads of our players who gave up many things so that their sons could participate in football at NHS.

This concludes my part in the "Coach's Corner." It has been a very pleasant experience. To each of you I say again, thank you for coming along on our ride and I hope to see you again next fall.

Our friendly services makes of our customers, year-after-year friends who look to us for progressive leadership.

NIGHTLY SHOWINGS 7:00-9:05

# Cadillac

A Masterpiece... Even by Cadillac Standards!

The magnificent Cadillac car for 1958 is, without question, a rare masterpiece in all the things that make a Cadillac... a Cadillac!

Certainly, it has had no precedent insofar as beauty is concerned. In its graceful symmetry of line and in its remarkable look of stature and substance, it is in a class all of its own.

Unquestionably, it is without counterpart by the way of interior elegance. Never before have Fleetwood coachcrafters combined such graciousness and luxury and spaciousness in a single interior design.

And, most assuredly, it has set its own extraordinary pace in modern motor car performance. Its dynamic new engine, its more responsive transmission, and its new air suspension, now available as an extra-cost option, are simply a revolution.

We earnestly hope that you will take the time to see and drive this extraordinary new Cadillac at your earliest possible convenience.

Your Cadillac dealer will be delighted to give you full details on Cadillac's twelve new models, including the incomparable Eldorado Brougham.

## from the PASTOR'S STUDY

By the Rev. B. J. Pankow, Pastor  
St. Paul's Lutheran Church of Northville

**A LETTER ON THANKSGIVING DAY**  
 The following letter received from the  
 Rev. Werner Kuntz, a director of work re-  
 lief, deserves to be circulated on Thanksgiv-  
 ing Day. He writes:  
 "Few people understand the magnitude of  
 human suffering in our world. The number  
 of people for whom life is a day-after-day  
 repetition of pain, poverty and horror is in-  
 credible. Dare to get the facts, and you will  
 be jelled — deep down. You'll want to give  
 thanks for what you have and to share with  
 those less richly blessed!  
 "Half of our human brothers are under-  
 fed. Sheer starvation is not a matter of iso-  
 lated exceptions. It is the world's greatest  
 and most savage killer.  
 "It is difficult to picture extreme poverty  
 and want to the American mind. This is the  
 hand of the big panache, glared, stretched,  
 stuffed full. Elsewhere, especially in Asia,  
 wince of the world walks on spindly legs and  
 winces sullenly from the pain that throbs in  
 a shrunken stomach. Bodies cry out for bread  
 where there is no bread, and disease moves  
 in."  
 "All of this involves us very directly, be-  
 cause we are Christians. The most recogniz-  
 able earmark of God's people in our world is  
 love. It is the automatic producer of the Chris-  
 tian faith, the fulfillment of God's will, the  
 demonstration of God's ultimate scheme for  
 human living. This was the pulse in the life  
 of the Savior. It must be that for us, too. . . .  
 Our space does not permit us to quote  
 more. However, the statements made should  
 be sufficient to grip our hearts and stir us to  
 be more thankful. Let us fall on our knees  
 and thank God for the undeserved mercy He  
 has shown to us in America.  
 HOW MUCH OF "THANKS"  
 IN THANKSGIVING?  
 How much "thanks" do we keep in Thanksgiv-  
 ing Day? Isn't it true that so often the  
 "thanks" is left out just as "Christ" is left  
 out of Christmas?  
 Man's failure to give thanks can be traced  
 to the fact that he really leaves Christ out  
 of his life. Being conscious of what God has  
 done for us will motivate us to thank God  
 not only on one day of the year but through-  
 out our lives. Once we begin to recognize  
 that all blessings, both material and spiri-  
 tual, come from God, once we begin to realize  
 what love it required of Christ to sacrifice  
 Himself for our sins, we will also want to  
 show our appreciation. This the believer will  
 do by worshipping God regularly and by re-  
 having the suffering of those millions to  
 whom Jesus referred, when He said:  
 "Inasmuch as ye have done it unto one of  
 the least of my brethren, ye have done  
 it unto Me."  
 (Matthew 25:40)

## Events Out of the Past

**ONE YEAR AGO**  
 A request for 41 days of spring  
 and fall thoroughbred racing at  
 Northville Downs in 1957 was turned  
 down by racing commissioner  
 James H. Inglis.  
 Lucius Blake, Northville jew-  
 eler for 35 years, announced that  
 he was going to retire from busi-  
 ness.  
 A total of 10 candidates names  
 were to be on the ballot to elect a  
 school board for the newly-formed  
 Novi consolidated school district.  
 Northville students will learn  
 the secret of the 1956  
 4-Hop — "Moonlow" — at the  
 annual affair Friday night.  
**FIVE YEARS AGO**  
 A party honoring the 1952  
 Northville high school football team  
 and their coaches was held at the  
 VFW hall on Plymouth avenue.  
 The slim margin of two com-  
 version points gave coach Al Jones  
 Rams a 14 to 12 victory over coach  
 Dick Kay's Kats in the junior high  
 school football game at Ford Field.  
 A \$9,399 loan from the bank  
 enabled Northville schools to re-  
 main open during November and  
 meet payroll and other expenses,  
 but another loan might be needed  
 to get the school board through  
 December.  
 More than 200 homes were  
 visited by members of the First  
 Presbyterian church on the open-  
 ing of the Annual Church Convass.  
**TEN YEARS AGO**  
 The Northville Record was  
 chosen as one of a group of state  
 newspapers to be studied by seniors

**St. John's**  
**To Present**  
**"Tinseltown"**  
 Jimmy Gentila, at four, is the  
 victim of an incurable blood disease,  
 Mediterranean anemia.  
 The Detroit boy has gone through  
 28 admissions into Children's Hos-  
 pital for blood transfusions.  
 These transfusions, at the present  
 time are the only known means of  
 prolonging life in this condition, and  
 he must have them every six or  
 seven weeks.  
 Jimmy is typical of the many  
 victims of this incurable blood dis-  
 eases as leukemia and hemo-  
 philia.  
 The Children's Leukemia Founda-  
 tion Conster Drive which started  
 its second annual campaign Novem-  
 ber 15, provides for research in  
 which lies the great hope that he  
 and countless others may some day  
 live a normal life.

### Gets Appointment As Technical Head

A Northville metallurgical engineer has been appointed technical manager of Wolverine Tube division of Colmet and Hecla, Inc. He is John M. Keyes, 142 Randolph, a Michigan State graduate and a resident of Northville since 1951.

Wolverine Tube, with general offices in Allen Park, manufactures seamless copper, brass and aluminum tubes in plants located in Detroit, Alaska and Ontario.

Keyes and his wife, Phyllis, have four children: Pamela, 13; Chris, 8; Jack, 6, and Karen 4. They formerly lived in Howell.

Rabbits can run faster up hill than down because the hind legs are longer than the forelegs.

### Readers Speak Up: SUCCESSFUL TAG DAY

To the Editor:  
The commander and president of the Pontiac Parkway Barbecue and auxiliary join me in expressing our appreciation to you for putting on the tag day. The picture of the tag day volunteers in the Record before the drive and also for printing the letter explaining the aim of this organization the following week. Northville shoppers were kind and the drive which lasted only a few hours amounted to \$86.00. Our thanks to all.

Mrs. A. C. Carlson, Sec'y,  
World War One Auxiliary to  
Pontiac Parkway Barbecue 207

### Men and Women In Uniform

Ronald Dethloff, son of Mr. and Mrs. Clyde Dethloff of Plymouth avenue, has just completed his boot training at Great Lakes Naval Training base.

After a 11-day furlough, he is now stationed in Brooklyn, New York where he will remain until January 15 when he will leave on the USS Maury for the Mediterranean.

His present address is: Ronald Dethloff 521-03-90, 3rd Division, USS Maury (A.G.S.-16), PPO, New York, New York.

Army Pvt. Robert H. Clark, son of Mr. and Mrs. William J. Clark, 510 East Cady, Northville, is a member of the 1st Cavalry Division in Korea.

The division, previously in Japan, has absorbed all units of the 25th Infantry Division in Korea, since the latter's recent demobilization.

Clark, formerly a member of the 24th, is a lieutenant in Co. B of the division's 18th Regiment.

His present address is: Ronald Dethloff 521-03-90, 3rd Division, USS Maury (A.G.S.-16), PPO, New York, New York.

Pvt. Roger E. Brooks, son of Mr. and Mrs. Kermit R. Brooks, 724 Horton, Northville, recently was graduated from the Air Corps training center at the Army's Armor Training Center, Fort Knox, Kentucky.

During the eight-week course, Brooks was trained in stock control, packaging methods and storage procedure.

He entered the Army last June and received basic training at Fort Polk, Louisiana, before arriving at Fort Knox.

Brooks was graduated from Newberry high school this year.

John D. Babcock, whose wife, Marian, lives at 9441 Mandon drive, Milford, recently was promoted to private first class at Fort Gordon, Georgia, where he is a student at the Southeastern Signal school.

Babcock, son of Mr. and Mrs. Norman J. Babcock, 1705 Laid, Walled Lake, entered the Army last July. He served with the U.S. Marine Corps during the Korean Conflict.

The 24-year-old soldier, a member of Delta Sigma Phi fraternity, is a 1956 graduate of Walled Lake high school and a former student at Hillsdale college.

Army specialist third class Robert C. Ammons, whose wife, Janet, lives at 205 Hillcroft drive, Walled Lake, recently participated in a tactical parachute jump with the 11th Airborne Division near Munich, Germany.

Ammons, assigned to Co. D of the division's 502d Infantry, entered the Army in May 1953 and completed basic training at Fort Campbell, Kentucky.

### Sixth Graders Submit Report of Science Trip

The following is a report by Novi school sixth graders Tommy Dean, Rosetta Putnam, Kenny Little, Paty Hildebrand and Georgia Webb of a recent science trip.

They title their story "Rocks in Our Pockets. Not in Our Heads".

Wednesday Mrs. Salow's 5th and 6th grade pupils went on a science trip planned by Charles VanEvery, III to his grandfather's farm and gravel pit near Milford. Mrs. Salow's helpers were Mrs. Wallace Dean and Mrs. Charles VanEvery, Jr.

The mothers were assisted by student helpers Lonnie McQueen and Charles VanEvery, III. Mrs. Salow's student helper was Tommy Dean.

When we reached the gravel pit we saw how the earth was in layers. We saw a crane load the gravel into the conveyor belt to go into a washer where it was also graded.

### MUSTANG HOOF PRINTS

BEFORE THE COURT is Juan Esteban (the really hasn't broken any rules), who faces principal Elroy Ellison, student manager Dick Steiner and chief of police Thelmer Hopper (l. to r.). Students are judged by fellow students for breaking laws and ordinances of the Northville high school constitution.

### Student Council Enforces Laws

So the community of Northville or organization with the permission of the school; 3. Suspension of all athletic privileges; 4. Suspension of all library privileges; 5. A fine not exceeding one dollar and costs; 6. A recommendation by the court that the guilty party be dismissed from holding a club or class officer with the vote of the class or club involved; 7. Any other penalties the court deems justified to inflict. A person violating one of these ordinances is first warned by an officer of the student council. If then does not comply with the warning, the officer makes a complaint to the chief of police. If the complaint is considered justifiable, the person is tried before the private court (consisting of the chief of police, the mayor and the principal of the high school with the mayor acting as judge). If he is found guilty, he will be punished as stated above according to the crime. If the case is very important or if an offense is committed twice by the same person, it is immediately taken to the higher court consisting of the mayor and representatives of the student body. The council shall act at jury and its decision will be final.

### Thanksgiving Chapel

The last 45 minutes of the school day on Wednesday, November 27 will be devoted to a special Thanksgiving service at Northville high school. Delivering the address at the student chapel will be Reverend Paul Cargo of the First Methodist church of Northville.

### Science Teachers May Apply Now For Fellowships

High school teachers of physics, chemistry and mathematics may now apply for 100 fellowships that will be provided next summer by Shell Companies Foundation, Incorporated. The Foundation said the program is designed to help check the nation's shortage of scientists by strengthening the teaching of high school chemistry, physics, mathematics and thus encouraging more young people to plan scientific careers. Half the fellowship teachers will attend full summer sessions at Stanford university, and half go to Cornell.

Applications for both Stanford and Cornell fellowships close February 1, the foundation said. Fellowship teachers received allowances for travel, tuition, living expenses, and \$500 in cash to offset the loss of other summer earnings. Teachers attend lectures and laboratory sessions, hold group discussions with scientists, and visit nearby research installations. Teachers living west of the Mississippi should write to School of Education, Stanford University, Stanford, California. Teachers east of the Mississippi should write the School of Education, Cornell University, Ithaca, New York. Mathematics, physics and chemistry teachers in the U.S. and Canada with five years experience and known leadership ability are eligible.

### Faculty to Discuss "Block Time" Idea

"Block time program" will be the topic of the Northville high school teachers meeting on December 4.

School will end at 2 p.m. that day. The discussion of "block time" will determine whether it will work in the new school. If it is used, it will be in the junior high school.

The program means that two subjects will be combined - one teacher instructing the same students in two subjects for two hours. In this way, teachers and students get to know one another better, promoting better student-teacher relations and helping the student learn more from the course.

### "Thanks for Tickets"

Elroy Ellison, NHS principal this week expressed thanks to the sponsors for the complimentary play tickets given to members of the faculty and administration.

### Band Concert Is December 10

The annual band concert on December 10 will begin at the Northville Community building at 7:30 p.m.

Members of the concert band will have a guest conductor, Lawrence Livingston, a composer and conductor. Most of the music will center around a Christmas theme, but there will also be other numbers. The public is invited to attend.

### "Hoof Prints"

"Mustang Hoof Prints" is prepared and written by students of Northville high school under the supervision of Jesse Ilse.

Acting Editor—Charles Parlett  
Assisting Acting Editors—Marlin Miller, Carol Benson, Don Barakat, Shirley Ellison, Sharon Myers.

Staff members who prepared this week's Mustang Hoof Prints are Jean Basikas, Ronald Hopper, Shirley Ellison, Dennis Fallon, Kay Spicer and Sue Wallace.

### Ellison to Attend MSU Conference

Northville high school principal Elroy Ellison will join principals and administrators from many Michigan high schools and junior colleges to confer with Michigan State university December 3 and 4.

The occasion will be the 21st annual high school and junior college conference, co-sponsored by the MSU office of high school and junior-college cooperation.

This conference will seek to improve the understanding, cooperation and articulation between the three levels of education," reports Dr. Guy Hill, director of the office of high school cooperation.

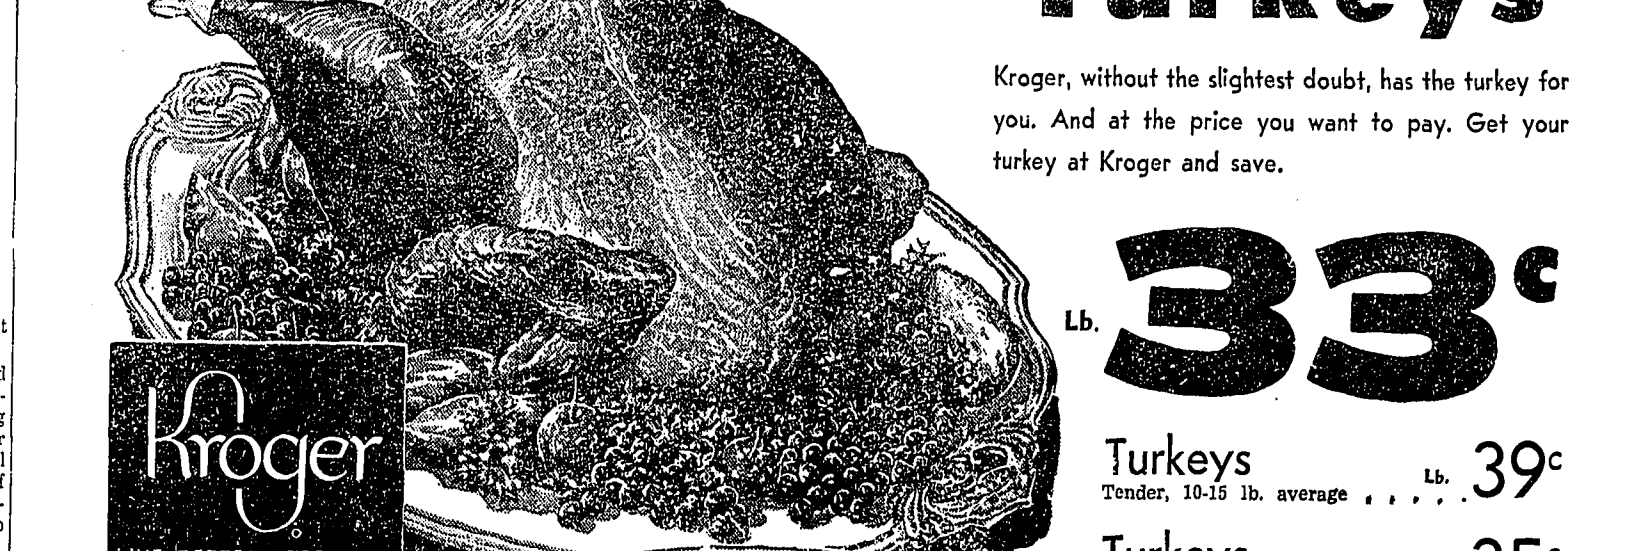

"The annual event has reciprocal benefits — the conference will reveal information that school officials can use to make their high school and junior college programs more effective, and will also present ideas MSU can incorporate to improve its courses."

# SPEAKING for the Record

By BILL SLIGER

The speech given in New York last week by Herbert Hoover sounds very much like a record of Dr. Charles Lowery's remarks at the annual reception for new Northville teachers held at the First Presbyterian church November 10.

Dr. Lowery, founder and chairman of the Foundation for Religious Action in the Social and Civil Order, talked on the "Cold War in the Classroom."

Said Lowery: "The weak point of our country is the moral and physical condition of our youth; teachers of America and teachers of teachers must overhaul our philosophy of education; students today shy away from 'hard' subjects."

Said Hoover: "In my view there is a fundamental weakness from the too prevalent high school system of allowing a 13 or 14 year old kid to choose most of his studies. Academic freedom seems to begin at 14. You simply cannot expect kids of those ages to determine the sort of education they need."

Dr. Lowery's remarks brought some rebuttal from teachers attending the local meeting. One teacher pointed out that "you can't get a student to do something he doesn't want to." It was gently suggested by Dr. Lowery that most children do not know what they will like unless they have been made to try it.

It seems to me that the point revolves around the present day philosophy of education. In recent weeks, particularly the idea of "making the student the center of activity" and creating a "home atmosphere in the school" has been the frequent expression of educators.

I hope at my young age I'm not already an "old fuddy-duddy." But I'm afraid I'll have to go along with Dr. Lowery, who seemed to be saying, "they don't reach like they used to." If our children are so sensitive that we cannot disturb them with a sound, logical and thought-provoking academic schedule, then our nation is in a sorry state, indeed.

The more I think of it, the madder it rakes me. Matter of fact, I'm going home tonight and see that my eight-year-old boy hits those books . . . that is, if he will. But then, I'm sure he can't. "Rin Tin Tin," "Jim Bowie" and "Leave it to Beaver" are on television.

## Michigan Mirror

### Nonpartisanship Creeps into Michigan's Courts

MICHIGAN'S population is growing like the proverbial "Topeka." In 1950, the date of the Federal Census, Michigan residents numbered 6,371,766. In July, 1957, our state lists 7,622,600 as residents. This does not include residents serving overseas in the armed forces.

This is an increase of more than 1,250,000 in less than seven years. According to J. F. Thaden, MSU expert who accumulated this information, the population growth in the last seven years is greater than that of the previous 10 years. From 1949 to 1959 Michigan citizenship grew by only 1,109,658.

Outlook is for continued growth. Mr. Thaden's figures indicate that Michigan will grow by some 2½ millions souls during the next 10 years.

Significance of this continued growth can mean many things. Of course, each new person is another consumer. This is important to retailers and to manufacturers. And each new person will need services from his community. It is estimated that the population in Michigan will create demand for half again as many classrooms as now exist; half again as many houses, hospitals, stores, automobiles, teachers, doctors, lawyers, etc.

If these figures prove accurate, Michigan people can look forward to making the most of their opportunity.

LABOR leaders have not admitted satisfaction of their expressed fears for the safety of workers at Michigan's new atomic reactor plant at Monroe but the expert testimony looks like it should calm their worry.

Legislators and other state officials toured the \$90,000 installation last week and returned satisfied.

Dr. Hans Albrecht, an expert in the field, said the power plant can be operated "without undue risk to the public."

His statement puts some Democrats on a spot. Last year, Gov. Williams joined a number of labor leaders in asking Atomic Energy Commission to halt construction of the plant until safety to workers and the community could be assured.

The AEC refused to stop building, but promised to investigate and develop the safeguards necessary. Dr. Bethe said workers will have harmful effects of radioactivity. Other precautions have been created to prevent other kinds of trouble.

Legislators reasoned thusly: If the AEC refused to halt construction, safety to the public was already assured. The most the union and Democrats can charge now is that the AEC didn't tell them.

COURT reforms suggested two years ago have been promised for lower courts by the Michigan Supreme Court starting in the spring. In a show of nonpartisanship, three justices nominated first by Democrats, said they would support Chief Justice John R. DeWane, a judge with Republican origins, for another term.

Justice Eugene P. Black sounded the sentiment of the Democratic members, stating that 1958 would be "a year of transition" and Justice DeWane would be a powerful force at the helm.

The changes include regular conference with lower court judges in an attempt to speed justice, improve court administration and, generally, to improve the state's court system.

FINANCIAL WOGES of state government are calling for drastic measures. Treasurer Sanford A. Brown said he would be forced to withdraw deposits from banks by early next year.

The money comprises funds placed in banks for a short period of time and allowed to be used by the banks for investments, with the state earning the interest.

NATIONAL Farm-City Week is getting more attention in Michigan this year than in its first two years of existence.

The November 23-26 period is set aside to help people in rural and metropolitan areas understand each other's problems and ways of life. The idea is sponsored by a number of national groups nationally.

# Novi Board Refuses to Divide Assets with Wixom

Novi and Wixom are at odds again — this time over money. In a move that may make legal history in Michigan, Novi has decided not to give Wixom a share of township assets when and if the village officially becomes a city.

At the heart of the problem is the historic "division of assets" question. Under this proceeding, a new city or an annexed area is generally entitled to take its share of the township wealth with it when it leaves a township. That wealth varies, depending on what sort of incorporation or annexation occurs.

In other words, if part of a township is annexed or incorporated directly into a city, it gets the money; if it becomes a village first and then a city, it does not. Or so Renee feels.

Renee said, "But it would take some \$50,000 from Novi when Wixom becomes a city. If the plan had paid Novi thousands of dollars over a period of years it would be a different matter."

## 'Fractionalism' Is Novi's Major Worry

(Editor's Note: This is the final article in a series on the history of Novi township, originally written as a master's degree thesis by William O'Brien, a Southfield high school teacher who lives in Willowbrook Village.)

The most pressing problem facing Novi township at this time is "fractionalism."

The term is a derivative of two other hazards of western civilization — "sectionalism" and "nationalism." The hazard, of course, arises whenever one or more groups of different local areas are able to accept common goals without external force.

In Novi, the conflicting areas are four (and perhaps shortly five or six) central villages which have developed individual goals during their history.

A specific example of conflict between two local areas dates to a school problem of some years ago, at which time Novi Commons felt that it could not (and therefore did not) accommodate children from the Wixom district of the township.

Wixom's "revolt" was slow but only recently the area of Wixom officially incorporated into a village and then into a city, taking with it about four square miles of Novi township which included the valuable Lincoln plant.

In a sense, the action was a "getting even," and therefore justified. But one may continue to wonder whether this small fractional division will in the long run be beneficial to the entire region, since fractional governments only duplicate operations when each seeks to solve specific problems.

The cost of fractional government adds greatly to the tax burden of each unit; government could be achieved much more efficiently under one unit.

This whole pattern of local development, to this writing, is unfortunate since government in our state has been toward centralizing for the common good of regions rather than local area benefits.

To continue, several sections of Novi township also have recently become part of the city of Northville. And, the city of Walled Lake has attempted, unsuccessfully to the present, to annex the Novi district around Walled Lake and Northville.

Therefore, it would seem evident that if the remaining area within the township is to avoid fractionalism, and consequent duplication of government and continued conflict, steps should be taken to incorporate the remaining area of Novi. This is now being done.

Rural farm government was necessary in the earlier history of the township and state, when distances were great, but local government fractionalism is antiquated in 1957.

Novi township is now evolving from a rural farm area to a potentially urban industrial area. Thousands of regions have undergone this evolution before, but Novi is fortunate in that industrialization is just beginning. Careful study and planning to avoid the problems which have arisen in older industrial cities, could make Novi township an ideal new industrial community.

## Firm Challenges Annexation in Court

### Sewer Plan Goes Down The Drain

Novi's hopes for eventually tying into the Wayne county sewer line received an unexpected jolt this week.

The township board was notified that the interceptor of the Novi-Northville area will be about \$200 persons.

The Wayne county road commission said this probably would not be sufficient to serve Novi, and suggested that Novi might better begin thinking of another answer to its sewer problem.

The road commission's views were made in reply to Novi's request to allow a drive-in theater and another concerning kennels and stables — will come up for a public hearing before the Novi township board December 30.

The first would rezone an area at the southwest corner of Peninsula and West road from residential to commercial to allow a drive-in theater to be built there.

The second would allow dog kennels, the raising of fur-bearing animals, and the raising of animals for experimentation in areas zoned for agriculture.

Zoning board secretary William Lynn said the second amendment is merely a routine change to bring the zoning ordinance up to date.

Plan Firemen Dance In Novi December 18

Novi firemen will stage their fourth annual benefit dance at the Novi Community hall Saturday, December 14.

### New Expressway Opens Week from Tomorrow

The Farmington-Brighton expressway will be opened to traffic in ribbon-cutting ceremonies a week from tomorrow.

With the opening, Novi residents will have a direct non-stop route almost to the Detroit city limits on one end and east Kensington park on the other.

State, county and local officials will take part in ceremonies along the expressway's 22-mile route from Brighton to Farmington.

After cutting a ribbon at Brighton at 9:30, the official party will arrive at Wixom road at 10:15 for ceremonies honoring Wixom and the new Lincoln plant.

The party will then journey to the Novi road crossing for ceremonies honoring Novi township and Walled Lake.

From there, the group will move to Farmington for a second ribbon-cutting ceremony and dedication luncheon.

Guests will include lieutenant governor Philip A. Hart, state highway commissioner John C. Mackin, a speaker from Ford Motor company, local, county and state officials, business leaders and press representatives.

The expressway, first leg of the Interstate Detroit-Muskegon superhighway, serves Farmington, Novi, Walled Lake, Wixom, South Lyon, New Hudson, Brighton and Howell with a four-lane limited-access route. The heart of it is in Novi which it crosses from one end to the other.

Walled Lake, Wixom, South Lyon, New Hudson, Brighton and Howell with a four-lane limited-access route. The heart of it is in Novi which it crosses from one end to the other.

### 2 Zoning Changes Face Hearing Soon

Two zoning amendments — one to allow a drive-in theater and another concerning kennels and stables — will come up for a public hearing before the Novi township board December 30.

The first would rezone an area at the southwest corner of Peninsula and West road from residential to commercial to allow a drive-in theater to be built there.

The second would allow dog kennels, the raising of fur-bearing animals, and the raising of animals for experimentation in areas zoned for agriculture.

Zoning board secretary William Lynn said the second amendment is merely a routine change to bring the zoning ordinance up to date.

### New Post Office Next for Wixom

Wixom, a brand new city, may soon have a new post office.

Postmaster Herbert Abrams announced this week that a request for bids to erect a building has been issued by the post office department.

Wixom's mail load has increased steadily and finally beyond the capacity of the present building when the new Lincoln plant began operations.

Bids for the new building will be accepted until February 3. Minimum requirements for the building call for 240 square feet on a 10 year lease. Anyone interested in furnishing such facilities can get more information by contacting Abrams or writing the Post Office Department, Bureau of Facilities, Regional Real Estate Office, 1005 Federal Building, Detroit 31.

Anyone interested in furnishing such facilities can get more information by contacting Abrams or writing the Post Office Department, Bureau of Facilities, Regional Real Estate Office, 1005 Federal Building, Detroit 31.

Bids for the new building will be accepted until February 3. Minimum requirements for the building call for 240 square feet on a 10 year lease. Anyone interested in furnishing such facilities can get more information by contacting Abrams or writing the Post Office Department, Bureau of Facilities, Regional Real Estate Office, 1005 Federal Building, Detroit 31.

### Novi Board Votes to Be 'Observer'

Northville and Warren Products are "courting" again. Their return to the familiar role came about last week with the issuance of a legal petition by the Novi township corporation requiring the city to show by what right it assumed jurisdiction over some 220 acres of the township, including the Warren plant.

The area was annexed to the city November 19 by a nine to five vote in the section annexed and a 159 to 32 vote in the city.

A NEW CHURCH along these lines is in the office for members of the Novi Methodist church, who are beginning a Building Crusade under the chairmanship of Frank Wata. Plans include seating capacity for 300 persons in the sanctuary and ample parking space. Other committee members for the campaign for funds are Walter Tuck, Mrs. Victor Gillette, Harry Watson, Robert Kirkwood, Gerald Trotter and Mrs. James Mitchell.
