Consolidation Details Presented At Meeting

Bonds and Boundaries Discussed

Oakland County School Superintendent William Emerson explained legal provisions and steps involved in the consolidation of Novi school districts at a meeting of representatives of the four Novi districts Friday evening.

Numerous legal questions and procedure inquiries were discussed by school officials and area representatives during the two-hour session held in the Novi school's new library.

Despite the somewhat snowfall of the year and nearly impassable roads, approximately 40 people were on hand to discuss the problem.

Two of the most important questions raised were bonded indebtedness and district boundaries.

The bonded indebtedness question involved the new \$208,000 addition to Novi school in 1955-56. Approximately \$175,000 of the amount has not yet been paid off.

If the other three districts (East Novi, Putnam and Durfee) are to be consolidated with the 4,000 pupils of Novi No. 8, they must also be prepared to assume their share of the outstanding indebtedness, Emerson pointed out. This point must be clearly brought out in the petitions for consolidation.

The question of boundaries for the new consolidated district was also discussed. There seems to be general agreement with the southern portion of Durfee district will ask to withdraw from the district and seek annexation to Northville.

Like-wise, there seems to be general agreement regarding the line along which the district should be split. Some advocates making the split at 8-Mile Rd. to conform with township and county boundaries. Others advocate a line halfway between 8-Mile and 9-Mile roads.

Representatives of the Novi system are scheduled to meet with the Novi Board of Education Monday night to discuss the boundary situation.

The new petitions calling for a general election on the consolidation question must be signed by a number of qualified school electors equivalent to at least 50% of the number of registered general electors in the areas involved.

We hope to get this thing on the road as soon as possible," Novi No. 8 Supt. William Medlyn said. "The mechanics of working the consolidation out determine how soon we can circulate the petitions, but it will probably be late spring."

Head-On Collision and Traffic Jam Keep Police Busy

A head-on collision and a one-hour traffic jam kept Novi police busy Friday afternoon as the heaviest snowfall of the year throughout the metropolitan Detroit area.

The collision at Grand River and Haggerty Rd. happened shortly before 6 p.m. It occurred when one car attempted to pass another and skidded out of control into the path of an oncoming car. Four people from Dearborn were injured. One of the occupants was in serious condition as a result of severe facial lacerations suffered when she was thrown through the front windshield.

The traffic jam occurred on Novi Rd. just south of Grand River and the traffic throughout the area was very heavy. The jam that followed lasted about an hour. Police Chief Leo Be-Cole said:

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Mrs. Arthur Heslip and Daughter, Mary

Baking cookies by multiple dozens is routine to Mrs. Arthur Heslip. She knows what it is to have a boy come home from school and make a dash for the cookie jar — in fact, she knows what it is to have eight boys and one girl come home from school and reach for the cookie jar.

The brown sugar and coconut give these cookies a distinctive flavor and they are crispy, too. Mighty fine eating when they are fragrantly warm from the oven.

The Heslips live on their farm at 4920 E. 9-Mile Rd. The two older boys, Jim and Jack, are married. Bob and Tom are in college. The five children at home can consume a lot of cookies and usually do when they are as good as these Coconut Drop Cookies.

COCONUT DROP COOKIES
1/3 cup shortening
3/4 cup white sugar
1/2 cup brown sugar
1 tsp. vanilla, lemon or almond extract
2 eggs
2 tbs. hot water
2 1/2 cups flour
1 tsp. soda
1/2 tsp. salt
1 cup coconut

Mix ingredients in the order given. Sift flour, soda and salt together. Drop on baking sheet all flatter cookies by stamping with a glass covered with a damp cloth. Bake at 375 degrees for 10 to 12 minutes.

Spring Practice Begins At NHS

The winter season is over and so are huddle-up (football) and indoor (basketball) sporting events.

Northville high school boys are eager to get the fresh air treatment along with their spring training for baseball, golf, track and tennis.

Baseball pitchers and catchers are limbering their arms and the track squad is running around and doing calisthenics. The tennis team will begin practice next week and the golfers will start training as soon as weather permits the boys to play on the course.

Coaches for the various teams include: Athletic Director Al Jones, varsity baseball; Stanley Johnston, junior varsity baseball; Ronald Schipper, tennis; Charles Yahnke, track, and Merritt Meaker, golf.

Three of the teams will open their games away from home. The baseball team opens the season with Elmira on April 19 and the tennis team will start their season with Birmingham April 19. The opening golf meet has not yet been announced.

Letter To The Editor

To the Editor:
I was amazed to find the quick and efficient manner in which the Northville public works under the direction of H. Hartner, went into action to rid our streets of the heavy snow on Friday, March 23.
So little mention is given to these men, who we all have to depend on for safe travel.
Herbert Koester
Editor's Note: We are sure our city employees will appreciate these kind words, Mr. Koester. In the light of recent criticism of city employees by certain people, we are sure that city officials, too, will appreciate this refreshingly different letter.

WHAT IS A CHRISTIAN?
There are many misconceptions as to what a Christian is. It is not a person who belongs to a religion or a group. He is not just one who respects the Bible and goes to Church. He is far more than a person who reads the Bible and prays.

He is a person who has trusted God to do a work in his life which God alone can do. He has accepted God's offer of the forgiveness of sins on God's terms and God has changed his life. What are God's terms? In Acts 16:30 a man asked, "What must I do to be saved?"

The answer was, "Believe on the Lord Jesus Christ and thou shalt be saved." To believe on Christ means to place your dependence upon Him. To claim Him in a personal way as your Lord and as your Saviour. To trust Him to do something for you that you could never do for yourself. It is Christ who died for your sins, as Apostle Peter declares, "the righteous one for the unrighteous ones, that He might bring us to God". Through this entrance of believing, transferring reliance from self to Christ, great things have stepped into a new and wonderful life.

U-M Celebrates 139th Birthday
The University of Michigan celebrated its 139th birthday on Mar. 18.

The U-M is older than the State of Michigan itself. It was founded by an act of the Territorial Legislature. Actually the founding was on Aug. 26, 1817, but Mar. 18 became the conventionally recognized birthday when the State's first legislature passed an act to reorganize the U-M in 1837.

The University, long ranked among the leading universities of the world, is known as the "mother of state universities." It began modestly with nine students and two professors. Today it has 23,914 students and a faculty of 1,450 professors. The original 48-acre campus

has grown to some 1,007 acres in the present main campus and over 700 acres in the new North Campus. In addition, the University owns some 17,500 acres in outstate Michigan.

The group is known for its drumming sound caused by beating of its wings against its body.

GET READY! IT'S SPRING-TIME

WITH WINTER seemingly far behind, Mrs. Paul Folino exhibited her faith in balmy spring weather by picking out garden seeds at Stone's Gamble Store.

WHEN THE FOLKS START singing "In Your Easter Bonnet," Coeanna Burn might not be wearing a bonnet, but she will look mighty chic in this straw hat she's trying on at Villa Dress Shoppe.

IN THE SPRING, a young man's fancy lightly turns to thoughts of... sports. The girls might be thinking of moonlight and roses, but local high school boys agreed with Dick, above, who said that he thinks about baseball and other sports when spring is in the air.

GETTING READY for the Easter Parade and warm weather, Herman Rose tries on a sport coat at Famous Store.

"THAT'S FOR ME," said Gary Spencer, 7, as he pointed to a white chocolate Easter bunny and then at Paul's Sweet Shop.

MEMORY LANE

Remember when Mother bedecked her family with finery and hurried them off to church? The sanctuary was resplendent with peony and lilac blooms; the sun's rays filtered through stained-glass windows and cast wondrous shadows upon the worshippers as they listened again to the age-old story of the Ascension. Remember?

HE IS NOT HERE! — HE IS RISEN!
No greater words can be uttered to strike joy into your heart, than those spoken by the Angel to the disciples. This is a positive affirmation of an eternal truth. Now the whole of mankind has the knowledge that death is not the end; that man has a destiny and is "going somewhere"; that the frustrations of life shall be completed.
EASTER! A joyous day! A climactic event! A permanent achievement! Death has been conquered and a whole new vista of a great "tomorrow" awaits the soul of man. This is truly the great gift of God to the world of man—that in His Christ we can know the certainty of "things" we have learned from childhood.
Stripped of the stirring dramatics—the earthquake, the stone rolled away, the dazzling glory of the angel—there remains the hard core of indubitable evidence that God hath wrought a marvelous work for man—Eternal life after the experience of death! Wrought for man; and in man by a wise and loving Heavenly Father.
Knowing this, can we long wonder why the early disciples had no fear of death? The martyrs that were slain for their ad-

We'll grant that you'll get a kick from just looking at a new Buick—it's that kind of automobile.
But you'll have to take the wheel, turn the key and press that pedal before you get any idea what this sizzler on wheels can do to your spirits and well-being.
It will take you only a handful of happy minutes to get the idea.
Just nudge the pedal—no more than a gas-spring inch—and you'll feel the instant new getaway that's yours with the new Variable Pitch Dynaflow* even before you switch the pitch.
Just find a spot where you can safely and legally call out the reserves—then floor the pedal. That switches the pitch instantly—and in the same split-second you're at full-power acceleration and sweeping ahead like you never did before in any other earth-bound vehicle.

And all the while, just lend an attentive ear to the whispered might of that big 323-cubic-inch V8 that powers this spectacular performance. For that's the smoothest, the quietest and the highest-powered engine, Series for Series, in all Buick history.
There's more, of course, to make the thrills come thick and fast when you're bossing the best Buick yet.
There's the deep, soft comfort of big interiors—and the sweet and solid steadiness of that great Buick ride.
There's the grace of line you can see stretching before you—and the sure and nimble way this beauty handles and corners and tracks and targets to the road.

NHS Band Concert April 4 Highlights Busy Season

An interesting and varied program is in store for those who attend the NHS band concert to be held Wednesday, April 4, at 8 p.m. at the Community Bldg.

If you won \$100,000 what would you do with it?
How long would the money last?
KARL KARG, 13, 7th grade, said he's put some of the money toward college and with the rest he would "have a good time."
"I'd buy a good riding horse," he said, "and rent a stable." "We asked Carl if he wouldn't like to buy a stable since he was "loaded".
"Oh, maybe I would buy one," he said. "I'd also buy some sport clothes and a car for the future."
Then I'd take a trip to California because I've never been there."
Karl thought that the money should last "...about five years."
HERBERT CANADAY, 13, 7th grade, is really a sportsman, and what a spender! "I'd buy a boat," he said, "a yacht 50 feet long or bigger, and I'd go to Canada and Mackinaw Island. Then I'd buy a racing horse and run it in some races." We asked Herbert who would ride the horse and he said, "I would be the jockey. I would buy a German shepherd dog too because I always wanted one." Herbert thought that the money would last "...a couple of months."
CHUCK GROSS, 13, 8th grade, seemed very practical. "I'd put most of it in the bank," he said, "so I could go to college. I'd use the rest for business or when I get older." Chuck wants to be a teacher or an architect when he starts a school of his own."

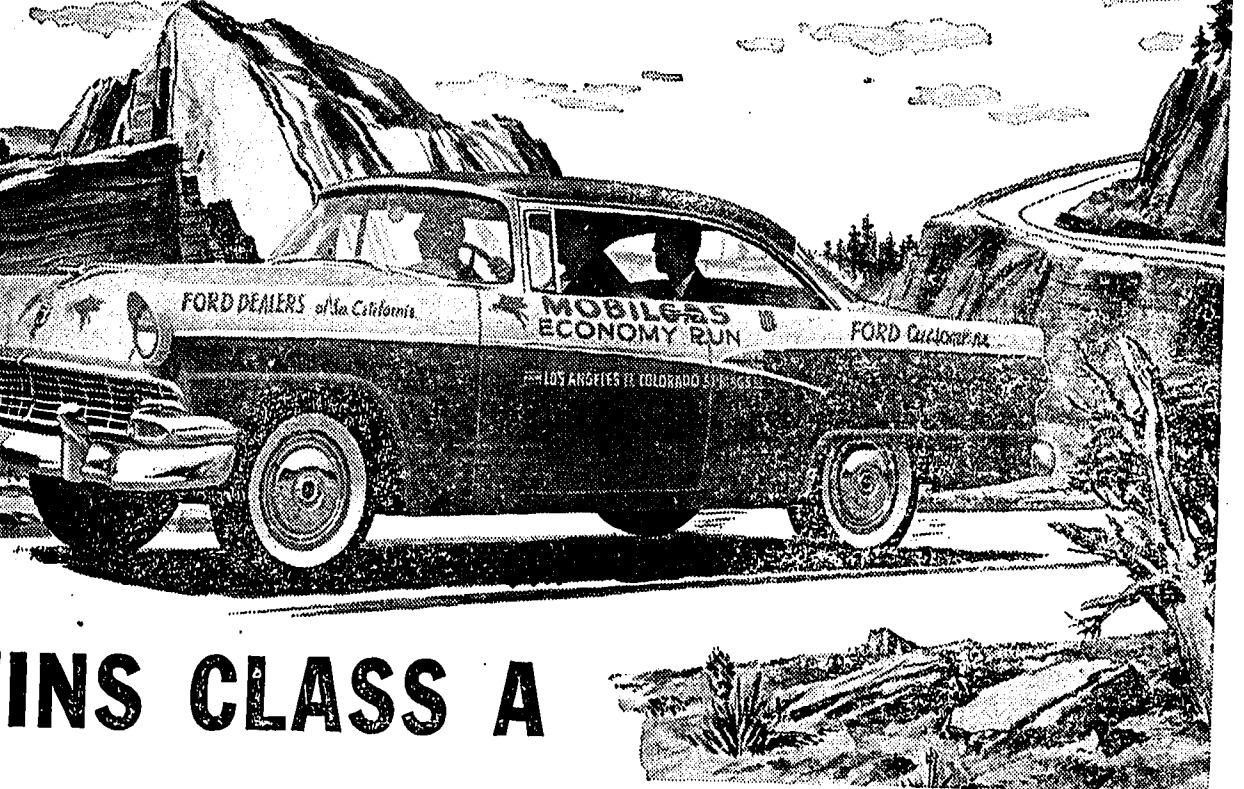

The past season has been a busy one for the band. In addition to playing for football games and pep meetings, members of the band have participated in seven all-league concerts, district solo and ensemble festival, and just recently completed a first division rating at the district band festival held at Wayne university.

The program Wednesday evening will include the following selections:
San Lorenzo—(march) Silva
The Famous Largo—(Opus No. 3) Haydn
"Enema"—(Thema from Beethoven's 3rd Symphony) Arr. Skornick
Triolium—(cornet trio) Trio; Soloists: Judy Leavenworth, Jeff Schoof and Roberts Schroeder. Lillian Zinnecker, accompanist.
Band
El Retirico—(Faso Doble) Padilla
Cowboy Rhapsody, Gould-Bennett
The Thin Red Line (March) Alford
Berceuse and Finale (from "The Firebird")
Gettysburg (Brass suite) Ueber
Irish Tune from County Derry, Grainger
Pizzicato Polka, Strauss-Nutt
Elsa's Procession to the Cathedral (Lohengrin) Wagner-Calliot

It takes only one-tenth of a second to wink the eye, the fastest physical action a person can do.
The period between one annual unit of settling accounts and the next is called a fiscal year.

Events of the Past in Northville

News Items Taken from the Files of the Record.

ONE YEAR AGO--

Gussell's drug store sold its 100,000th prescription Wednesday, Mrs. Frank Martin of Carlisle St. was the purchaser. Northville grade school pupils were given releases to be signed by parents for polio vaccination under the Salk treatment, if reports of its adoption next week are favorable. The George Stalkers of Chicago, former residents of Northville, are visiting in Northville.

FIVE YEARS AGO--

Northville donated 140 pints of blood at the Methodist church house last Thursday afternoon and evening. The Senate Appropriations committee has recommended that the Northville State hospital be enlarged to 972 beds. Northville is lagging in the Red Cross drive. Mrs. W. E. Forney said the principal reason that the drive is progressing so slowly is due to the lack of workers. Many areas of the Northville have not been covered as there are no volunteer workers to canvass the sections.

TEN YEARS AGO--

TWENTY YEARS AGO--

Prince Louis Ferdinand of Prussia, the former Crown Prince's son, who worked in a Ford plant in Detroit some years ago and who visited at the home of Mr. and Mrs. Fred Hoffman in the village, will return to the United States for a vacation. Nelson Schrader, Jr., a student at Michigan State college, was home for the week end. L. V. Sonnenburg told a friend this week that he wished the prison who stole the collar from his "watch" dog would come back and get the dog to go with it. Willard Cole is busy making his annual spring supply of fish spears which he sells to the wholesale hardware trade.

FORTY YEARS AGO--

Fire completely destroyed the Plymouth high school and the Methodist church early Thursday morning. James Heaney marketed 70 bushels of beans last week and received \$210. Some beans! The dam at Ambers mill pond threatened to break Monday.

Initiated Into D.U. Fraternity

Kent Bradshaw, son of Mr. and Mrs. E. D. Bradshaw, 19001 Sheldon Rd., was initiated into Delta Upsilon fraternity at Denison University, Granville, O. Kent is a member of the freshman class and vice-president of his dormitory.

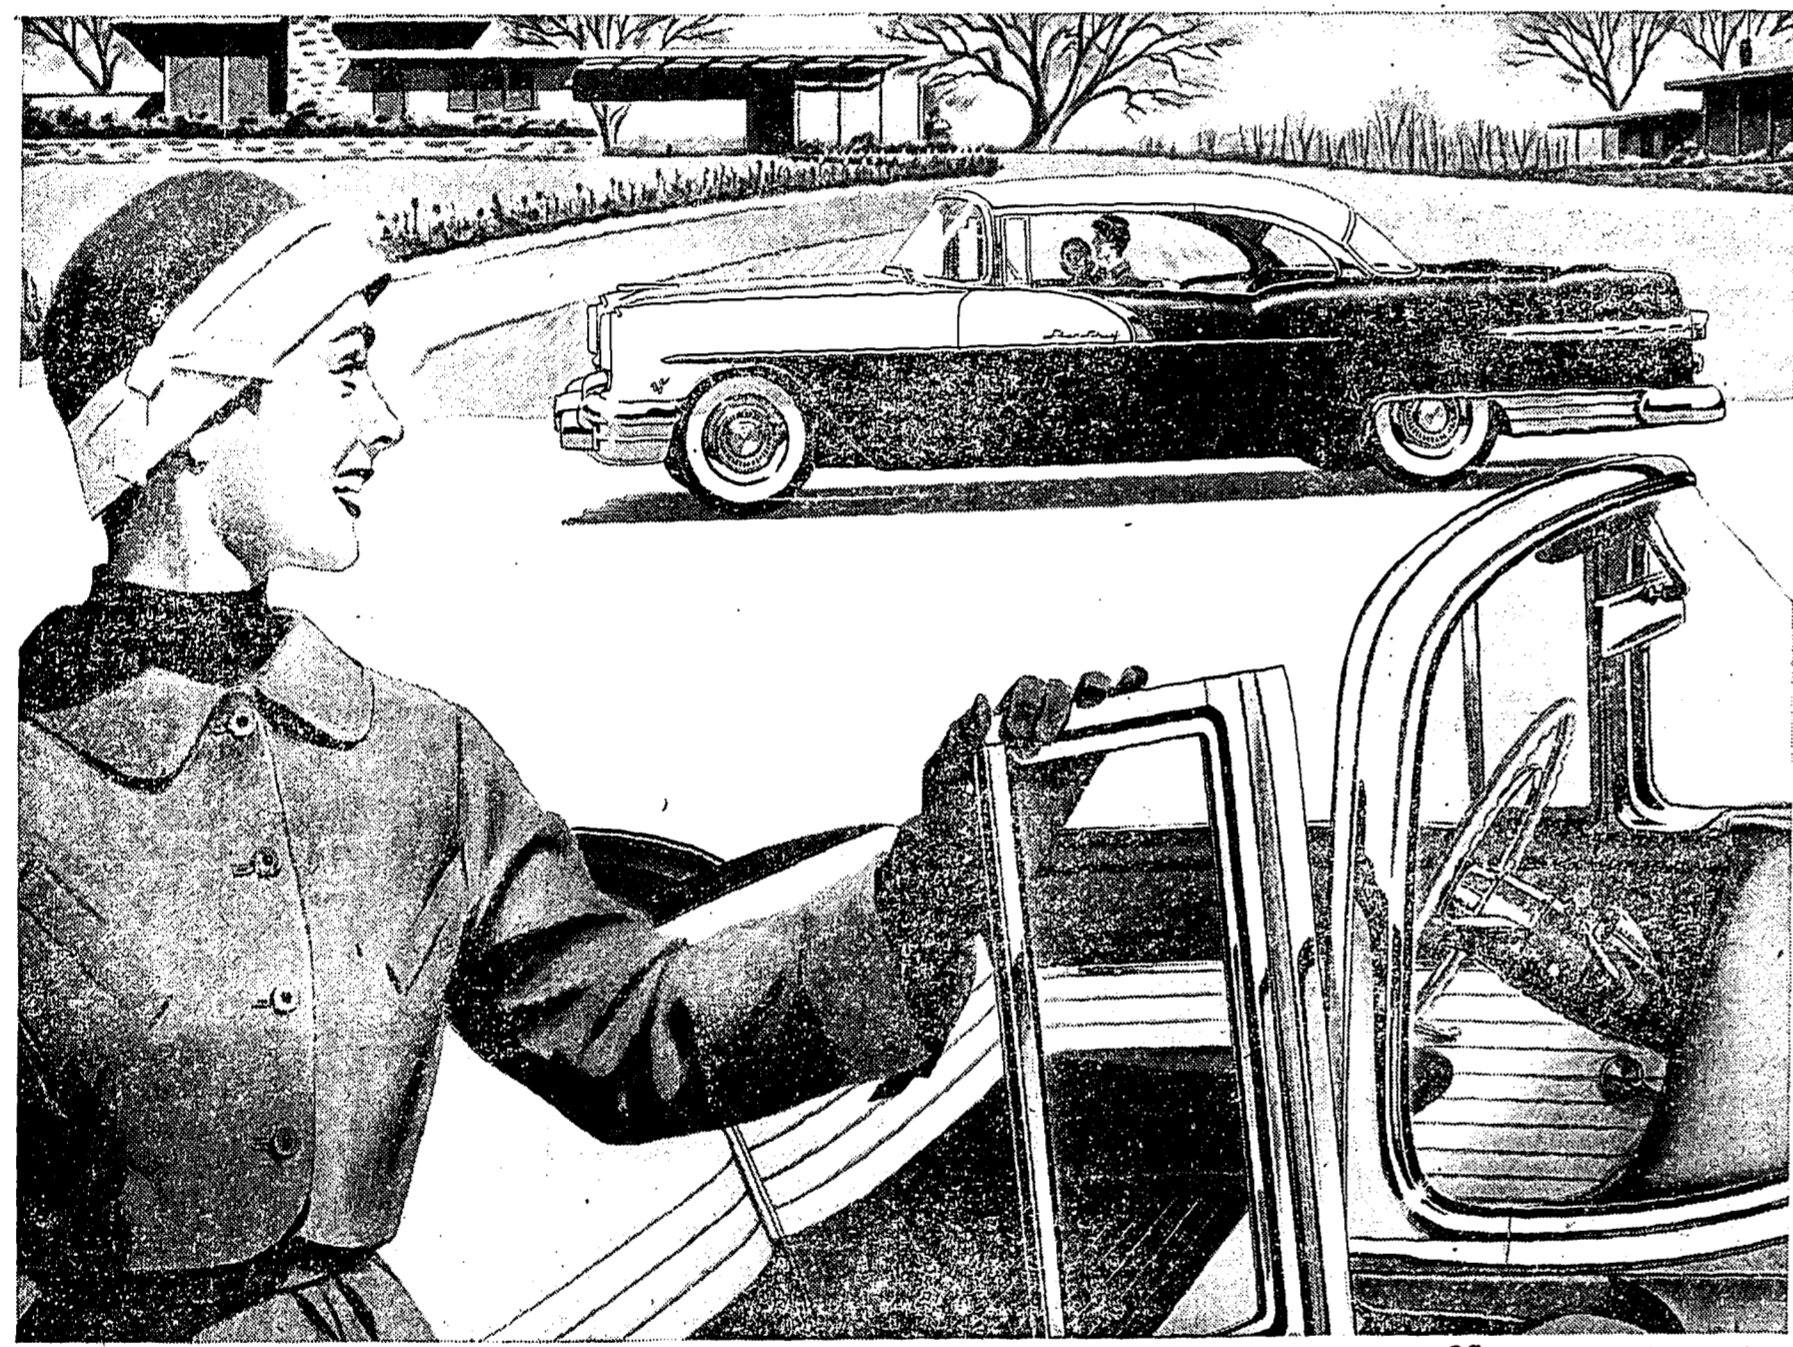

This hectic domestic scene in which Tom Ewell plays second fiddle to his wife, Sherree North, a WAF Lieutenant, is one of the many comic situations that help make "The Lieutenant Wore Skirts", opening April 1 at the P & A Theatre, one of the funniest comedies to come out of Hollywood in years. Frank Tashila directed and Buddy Adler produced this Twentieth Century-Fox CinemaScope picture, which was filmed in color by DeLuxe. Many of the scenes for this picture were filmed in location in Hawaii.

Easter Time ...

Not only here in Northville, but around the world people are welcoming Easter and spring. Their customs and language may be different from those in Northville, but all men have the same emotions. Springtime in Paris affects the Parisians just as much as springtime in Northville affects the Northville folks, and Christians the world over observe Easter in its true significance.

TOWNSHIP CLERK EARL BANKS DIES

Novi Township Holds Annual Meeting

Succumbs Monday After Long Illness

Proposed Budget of \$82,500 Approved

Treasurer's Report Receives Approval, Board Seeks Additional 1/2 Mill Tax Levy

A proposed budget of \$82,500 for the fiscal year 1956-57 was unanimously approved by Novi residents at the annual township meeting Monday afternoon. In addition to the budget, they approved the treasurer's report listing expenses and income for the past year. An additional 1/2 mill tax levy was proposed, bringing the total township tax to 1 mill.

THIS OLD HOUSE, formerly owned by J. A. Applehof, is left high and dry as work progresses at the new Lincoln plant. Now being used as a field office for engineers and surveyors, the house is scheduled for eventual demolition.

Included in the proposed budget were the following items: Salaries (administrative) \$14,400; Salaries (public safety) \$2,820; General Expense 24,500; Street Lighting 2,000; Cemetery Fund 600; Welfare 600; Road Maintenance 6,000; Election expense 1,500; New Voting Machines (2) 5,000.

Just An Estimate "This budget is just an estimate," Supervisor Frazer Staman emphasized. "Some items listed will undoubtedly be high, others low." The additional two election machines are needed, Staman added, to bring the total number of machines to six, three for each precinct.

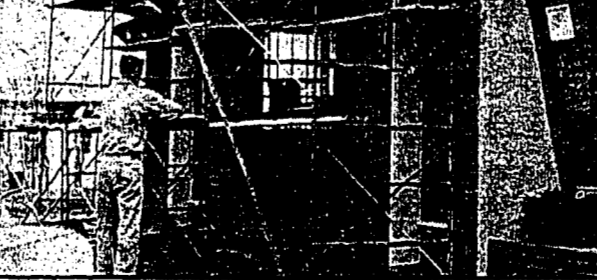

Questions Asked A number of questions were put to the board by the spectators. "What do the expenses for the department of public safety include?" Mrs. Virginia Nobie asked. "The salaries of the police and fire personnel and commissions for the hearing, electrical and building inspectors are included in this category," Staman replied. Also brought out was the fact that the township park on the southwest shore of Walled Lake is now self-supporting. A new restroom and additional playground equipment have been added in the last few years.

Oddfellows Sponsor Pot-Luck Dinner

The Novi Oddfellows will sponsor a pot-luck supper at I.O.O.F. hall April 9. Second and third degree work will be presented at the dinner.

Democrats Meet Next Monday

The Novi Township Democratic club will meet Apr. 9 at 8 p.m. At this time, the group's charter will be presented by Willis Brewer, former chairman of the Oakland County committee. Election of a new vice-president will take place at this meeting.

WORK IS PROCEEDING on schedule at the new Novi post office, Builder Harry Watson reports. Electrical and heating work is being done this week and employees of Leo Reimer, Walled Lake contractor, are finishing the masonry work (in the above picture). The building is scheduled for completion late this month and will be occupied in May, Watson stated. At that time, the present post office will be vacated and used for commercial purposes.

Asphalt Plant? Walled Lake Publisher John Flannery then raised a question about the proposed asphalt plant, southwest of Novi Rd. and Grand River. Flannery told the board he understood the property had been sold and that a cement batching plant was now considering use of the property.

Monday Night Board Meeting Moves Swiftly

A fast working township board took care of the business on hand, answered several spectator inquiries, and voted to adjourn in slightly less than 56 minutes Monday night. Such routine matters as police calls, building permits, fire hose and finances were handled by the board in record time.

Novi Highlights

By MRS. LUTHER RIX Phone Northville 245-J Mr. and Mrs. Walt Tuck have returned from their vacation trip to Florida. Mrs. William Gregory has been a patient at University hospital, Ann Arbor, for the past three weeks. Miss Carolyn Gaffney and Mrs. Anthony Olivich and son, Corey, had dinner at Frank-nuth Easter Sunday.

Sixth Graders Complete Study of Novi's History

Sixth grade students in Mrs. Rowena Salow's class at Novi school have been busy doing research work to complete a unit of study about Novi. They collected information from the town's citizens for their reports and reproduced old buildings in miniature. The building was done with cardboard and their redacted. It is now construction paper.

Firemen Quell Blaze Unassisted

Novi's fire fighting equipment was turned out in full force last Friday night to extinguish an automobile fire. The fire, which occurred at 4077 Grand River in front of Rosewood Restaurant, caused approximately \$300 damage to a late model car owned by E. B. Brooks of Farmington.

Monday Night Board Meeting

The meeting went so fast, in fact, that Treasurer Charles Trickey, Jr. had already made a motion to adjourn before speaker Leo Harwood realized what was happening and jumped to his feet saying "Hold everything! Hold everything! Police Chief Lee Be-Gole reported.

Used Car Lot

Harwood's request proved simple enough. He said he was planning to erect a small concrete block office on his vacant lot east of the service station. The lot will be black-topped, flood-lighted and used for selling used cars. The building will be used as an office, he said.

Permit Yet

Flannery then asked if Ford Motor Co. had received a building permit for their new Lincoln plant. Flannery went on to say there were rumors that Ford wouldn't have to pay taxes on their factory or land.

Will Pay Taxes

Regarding the "tax-free" question, Staman said, "...there have been no concessions made. None were asked. Their land is now leased but we won't be able to tax the plant until it is completed. We are very lucky to have a plant of this size and nature located here," he added, "because many areas make a practice of granting tax and land concessions to secure industry. In that light, your rumor doesn't sound so wild."

Not In The Book

Harwood then raised another question. He asked the board who to see or what to do to build a private airport in the township. "About 10 local fellows are in this," Harwood said, "and they want an airport for their own plans. We had a meeting and we find nothing in your (going) book covering an airport."
