

SPEAKING for the Record

By BILL SLIGER
We thought our day of reckoning had arrived last week when Glenn Cummings, former Record publisher, invited us to have lunch with four Northville ministers.

Instead, the local clergy were not one bit concerned with our shortcomings, which is good, for they had a much more important matter to consider.

A sixth guest of Mr. Cummings was Mrs. Opal Immon of Eastland Resthaven. During our most enjoyable luncheon Mrs. Immon explained the problem of providing religious services for convalescents.

It was with the thought of finding a solution to the problem that Mr. Cummings brought the ministers together. It took them very little time to come up with an answer. Henceforth, each of the ministers will be responsible for one month to see that a program is provided for the aged residents of Resthaven.

We think the ministers, and our professor, displayed real evidence of cooperation and in the matter of one lunch hour ended a serious problem for Mrs. Immon.

Speaking of ministers, the Rev. John Taxis, at most recent news, is an avid sports fan. He's more than just slightly interested in the physical education program for children. Presently, Rev. Taxis would like to see arrangements for a girls' field hockey team.

But beyond that, we believe he reflects the thoughts of several residents who are bent upon seeing that the new high school plans include adequate physical education facilities.

We're sure these won't be overlooked, but we also think Rev. Taxis has a good idea. He has suggested a "physical education study group" of sorts, probably made up of persons interested in proper emphasis on school athletic activities. He's already asked Al Jones, athletic director, to outline his thoughts to such a group.

Anyone interested? If so, call Rev. Taxis.
All kinds of national committees for this and that send releases out regularly to newspapers. Generally the material is merely "publicity" for some enterprising company. We generally read it, then properly file it away.

We can't help notice, however, what a hang-up job the National Father's Day Committee is doing. We imagine that some national men's wear organization is behind the project, but even so, they're well on their way to making Dad a national hero.

What's happened to the Mother's Day committee? We're not complaining. The official poster for the year shows a typical father with a hole over his heart. This looks even more appropriate to us. Probably Dads have been overlooked and unappreciated too long. Still, for the sake of harmony at home, we hope the Mother's Day boosters will hurry up and send out their literature. After all, Mother's Day is in May, and Father's Day isn't until June.

don't dread WASH DAY

Get a GAS clothes dryer

Don't put up with the inconvenience of hanging your clothes in a damp, crowded basement. Don't make the family duck and dodge today laundry. Get an automatic Gas clothes dryer today and enjoy perfect drying conditions always. A Gas dryer dries clothes in minutes, eliminates the extra work and inconvenience of old-fashioned clotheslines drying. Gas dryers cut down on ironing time too. Clothes come out soft and fluffy. Many pieces are ready to put away.

To Remodel State Laws

MICHIGAN'S CRIMINAL code needs some changes say the State Corrections Commission. Placing its recommendations before the Legislature last week, the commission suggested that some laws don't provide equitable penalties, others are no longer necessary and at least one needs clarification.

A good example of an outdated law, the commission point out, is the 100 year old statute against inciting Indians to violate peace treaties.

Other laws, such as those covering counterfeiting, are no longer needed because federal agencies have assumed control and the prosecution of such offenses.

Laws prescribing "indeterminate sentences" require clarification according to the Corrections Commission report. The intent of an indeterminate sentence is to provide a flexible means of placing a man in prison until he can once again become a useful member of society. Such a sentence may carry a minimum prison term of two years and a maximum of life imprisonment in some cases.

The Michigan Supreme Court interprets indeterminate sentences where a life sentence is the maximum to actually mean life imprisonment. Possible parole hearings are thus held off until an inmate serves at least 10 years even though the sentence "could" be completed in as little as two years.

Some 548 persons are now serving life sentences in Michigan prisons, the report states. At least 102 of them did not actually commit murder. Many were involved in other offenses such as robbery at the time the killing offense was committed.

State prison population continues to rise steadily the report to the legislature concludes. At the end of 1956 there were 9,527 inmates in state correctional institutions, plus 510 at the Detroit House of Correction. This places prison population above the 10,000 mark.

Roger Babson Parents Blamed for High Cost of Schools

Babson Park, Mass. Total taxes for the year, including Federal, State and Local Taxes, will amount to more than \$100,000,000,000 for 170,000,000 people. There is very little possibility of relief from Federal or City Taxes. On the other hand, if we would really put up a light, we should be able to keep down State and Local Taxes. State Taxes amount to about \$90 an individual. They range from a low of about \$50 in New Jersey (where city taxes are relatively high) to a top of around \$135 in the State of Washington (where city taxes are especially low).

State Tax Revenue Sources: More than thirty states have income taxes or sales taxes, or both. The states also get a big amount from automobile taxes, with cuts on alcohol and tobacco taxes. Unfortunately, most states are careless in their expenditures because their money comes so easily.

As a result, total state debts have increased almost fivefold during the last ten years—from \$25 billion to over \$11 billion. Now there is a row on who should pay for the new schools. School costs are really the responsibility of the cities and counties, but they are being passed on to the states.

The decision is in sharp contrast to recommendations made by the GOP campaign committee. In addition to the full time salary proposed for the state chairman, the report states: "We have no way of knowing how much money we can raise for the party," says Barry N. Beaman, the Republican finance director.

Parents Blamed for High Cost of Schools

What About Teachers' Salaries? It is generally agreed that cities, towns and counties should pay teachers' salaries. It is unfair to believe that pressure for higher teachers' salaries is coming from the teachers themselves. Almost all good school teachers could get more money in industry, department stores or offices, but they are sticking by their teaching from loyalty and because they have shorter hours and longer vacations.

What About Parking? Although the automobile has given the state and counties more income, yet it has vastly increased their expenses for roads, police protection, and parking facilities. This last is becoming a most important question. Good downtown parking facilities must be provided to enable retailers to continue prosperous. However, parents not only believe that the city should provide parking facilities for their automobiles but also parking for their children!

I believe the present school system is luxurious and expensive because of the desire of parents for places to park their children while they are at club meetings or out working. I therefore foresee a complete revolution in school construction, in school maintenance, in the number of teachers required, and in the school curriculum.

Before final decisions can be made, however, the board must await the outcome of its request for expansion of the district by nearly 50 percent, Medlyn indicated. (See separate story.)

During recent weeks, he said, the board has studied the following problems: — expected future enrollment. — suitable school sites. — educational specifications of an elementary school building. — problems relating to bonding. — long-range building and site needs. — selection of architects.

As soon as sufficient data are available, the board will present this information to the people of this district for their consideration and suggestions.

The Novi township hall may soon have a "Market" telephone number in addition to its present one.

Board members feel the Walled Lake exchange would make for better fire protection in the township.

In addition, it would put the township's call to a local base and save many dollars in long-distance calls.

Novi School Board Acts

Elementary School Being Considered To Handle Growth

The Novi board of education is currently surveying the need for a new elementary school building in the township.

Superintendent William Medlyn said this week that the board is now making preliminary investigations and may have a report sometime next month.

Medlyn explained that the original date might have prevented a decision from coming down until after the beginning of the fall term.

Hearing Moved Up On Bid To Expand Novi School Area

The Novi school board has succeeded in getting an early hearing on its request for expansion of its district.

The Oakland county school board has set the hearing for March 21, some four months earlier than the original July 18 date.

The county board rescheduled the meeting two weeks ago when Novi superintendent William Medlyn and several other Novi board members appeared at its meeting to protest the date.

Medlyn explained that the original date might have prevented a decision from coming down until after the beginning of the fall term.

Novi Board May Revise Justice of Peace Policy

Justice of Peace Policy

Novi township board members and justices of the peace will meet soon to make arrangements for providing secretarial service for the justices and decide what fees should be charged for the service.

In addition, Justice Edmund P. Yerkes may be asked to reimburse the township for some three years of secretarial services.

Meanwhile, Yerkes has revealed that he is now inactive as a justice and has turned his books over to Justice William MacDermaid.

The board's decision to look into the secretarial situation came Monday night when attorney Archie Leonard reported that the township's previous practice are "unhappy" because of the situation.

Specifically, Leonard told the board that: — the township cannot provide secretarial service for a justice unless by express resolution; otherwise, it is improper. — the township may receive reimbursement by selling a salary rate and asking for repayment. — the township must, however, provide dockets for the justices, according to a 1954 state ruling.

The secretarial situation across last month when treasurer Charles Trickey, Jr. told the board that his own investigations indicated that the Novi policy was "out of line."

Trickey objected to Yerkes having his secretarial work done by the township recipient, Mr. Matthew Staman, free of charge. He said to provide their own secretaries.

Leonard's report Monday night tended to corroborate Trickey's charges.

No mention was made Monday of the amount of money that might be sought from Yerkes. Trickey indicated in his original charge, however, that it might amount to "several thousand dollars."

Bird-House Contest Judging Tuesday

Woodworking classes of William Renard are putting the final polish on bird-houses they have been working on for the past few weeks for the contest to be held next Monday in the Community Building. Sponsored by the Northville branch of the Michigan Farm and Garden Association, the contest offers a total of \$110 in prize money. Judges will be LaGene Quasy and James Madigan, N.H.S. teachers. The exhibit will be open to the public until 8 p.m. Monday, and the bird-houses will be for sale. All houses not sold then will be available later from Mr. Renard's woodworking classes.

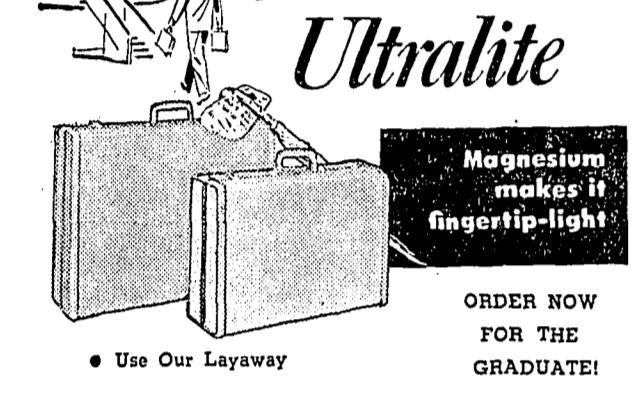

Legion Auxiliary Plans Potluck Dinner

The February 27 meeting of the American Legion auxiliary was held at the home of Mrs. John Chedrick. After a short business meeting refreshments were served. This was to have been a surprise baby shower for the president, Mrs. John Steimel, but she was unable to attend. The next meeting will be the annual birthday party given by the auxiliary for the Legion boys. A potluck dinner will be held at the Veterans Memorial Hall March 12 at 6:30. Entertainment will follow.

Livonia Health Guild To Meet Thursday

The Livonia Health Guild will hold its March meeting next Thursday, March 14 at the Rosedale Gardens Presbyterian church, Hubbard and West Chicago. The luncheon meeting begins at 12:30 p.m. Guest speaker will be Dr. Daniel Smith of the Wayne County Department of Health. He will discuss "Our Baby Clinic, The Philosophy Behind It." "Our Baby Clinic" refers to the Child Health Conference conducted once a month in Livonia by the Wayne County Department of Health in cooperation with the Livonia Health Guild. The discussion will also include information on the care and management of the newborn and young infant. All interested persons are invited. For reservations call Mrs. Ned Lindemann GA-1-3288, Mrs. D. W. LaPointe GA-1-8280 or Mrs. Ward McCain GA-4-9134. Reservations must be made by Friday, March 8.

To Hear Address By Psychologist

Dr. James L. Griscil, director of psychology at Northville State Hospital, will be guest speaker at a meeting of the Citizens' Auxiliary Committee for Northville State Hospital, Inc. next Wednesday. The meeting, open to the public, will begin at 8 p.m. in room 609 of the Veterans' Memorial Building, 151 West Jefferson, in Detroit. Plans for a rummage sale to benefit the hospital's Indigent Patient Fund, will be discussed also.

Local Girl Scouts Hold Sing Tuesday

Recruiting red cross members and taking registrations for home nursing classes are Mrs. Samuel Geraci and Mrs. Clifford Winter, members of the local chapter. The Red Cross station is set up at the Carrington agency on North Center street, this week. Funds are being collected through the mall.

Erwins Celebrate Silver Anniversary

Celebrating their 25th wedding anniversary Sunday will be Mr. and Mrs. James Erwin of 61889 Silver Lake road. The evening will hold open house beginning at 2 p.m.

Woman's Club Meets At Church House

The next meeting of the Northville Woman's club, March 15, will be at the Presbyterian church house rather than at the Community Building, as previously announced.

CELEBRATING THEIR GOLDEN ANNIVERSARY

today are Mr. and Mrs. Dan Linder at 11-Mile road in Novi. They were married 50 years ago in Montclair, where both were born. They are the grandparents of Keith and Duane Branch, both of Novi, and great-grandparents of Keith's four children - David, Leslie, Jill and Paula. The Linder's daughter, Mrs. Ed Branch, passed away last January 31. Mrs. and Mrs. Linder moved to Novi in 1941 and he has been employed at Novi Auto Parts and at Novi school. The Linder's will be honored at an open house next Sunday, 3 to 6 p.m., at the home of their son-in-law, Ed Branch.

FOOT-SAVING EDUCATION

By
JIM
HOUK

Why are children's shoes so expensive?

The correct answer to this question amuses some people, angers others and doesn't hold the budget a bit. It might save a pair of feet if Mom can use it to convince Dad that shoe prices are not bad.

The real reason that shoes are expensive is because we have to have TWO of them.

When we look at a pair of eight dollar shoes we should think of them individually as four dollar each. That is how the manufacturer must look at them when he figures his profit of material and labor.

A single shoe at a three, four, or five dollar is a far better value than a hat, a purse, or a necktie at the same price.

Shoe must withstand grinding on sandstone and yet not blister the feet. It wades through puddles, kicks cans, shinies up trees and comes up smiling with a little polish.

With the exception of plastic soles that we buy for a child can affect his future happiness as much as the footwear that protects his very foundation of body health.

Hubbard Proposal Discussed by Board

Northville township board members Tuesday tabled a proposal that the township become part of Dearborn, but not before they gave it serious and careful consideration.

The proposal was set aside until more is known about it and until townships between Northville and Dearborn indicate their opinions on the matter.

Hey, Dogs! Gotta License!

City clerk Mary Alexander reminded Northville residents this week that March 1 was the deadline for obtaining dog licenses.

Dog Warden Roy Uller is now picking up stray dogs without licenses. They will be held for 48 hours and then destroyed.

Licenses may be obtained at the city hall at a charge of \$1 for a male, \$2 for a female and ten cents for the tag.

Dog owners are also reminded that dogs must be vaccinated against rabies.

A final clinic will be held at the fire hall Saturday, March 16, from 10 a.m. until noon.

Reminders to get both licenses and vaccinations for dogs are being given now by city water meter readers.

Two Conferences Set for Principals

Three Northville school principals will attend national conferences this month and in April as approved by the Northville board of education Monday night.

Harry Smith, principal of Main street school, and Richard Kay, principal of Anderson school, will attend the Department of Elementary Schools Principals' conference in Cincinnati March 24 through 26.

They will participate in panel discussions, meetings, and hear speakers on elementary education.

Attending the North Central Association of Secondary Schools and Colleges meeting in Chicago the first week in April will be E. V. Ellison, principal of the high school. To be held at the Palmer House in Chicago, the conference will include general meetings and speakers on high school education.

Mustangs Begin Tourney Play

Northville will hit the tournament trail tomorrow night with hopes that it will be a long, long haul.

The Mustangs will journey to Walled Lake to meet Milford in the first round of the district class B playoffs.

On the same bill, Brighton will bump head-long into powerful Walled Lake. Game time for the Mustangs is 7:35 p.m.

The winners tomorrow night will tangle Saturday night for the district championship and the right to go on to the regional playoffs in Pontiac next week.

Walled Lake, with a 1-1 record this year, figures as the team to beat this week end. The Vikings are enough for us to have a good crack at them Saturday night.

Whatever the outcome of the Mustangs' tournament efforts, they will at least have the knowledge that they have Northville as one of the most successful cage seasons in local history.

Same Candidates File for Council In April Election

Northville's roster of candidates for city council remained unchanged as the deadline for filing was reached last Friday.

It marked the second time local candidates were required to file. Confusion between state and local laws prompted city officials to set a December 31 deadline for local candidates to file for the April 1 election.

A state ruling required all candidates to file again by March 1.

While Mayor Claude Ely will have no opposition in his bid to be re-elected, five candidates will compete for two vacancies on the council.

Incumbent Earl Reed will find competition from Sidney Fried, C. A. Hoffman, Harvey Ritchie and E. C. Welch. Councilman John Starnell, who the Record concludes a term in office this April, did not file for re-election.

Fried and Welch served on the advisory committee on Northville's village. Welch was a member of the charter commission. For Hoffman and Ritchie it marks their first try at public office, although Ritchie served as a member of the charter commission. Reed will be seeking his third term as councilman.

It's Time to Review Your Assessments

Northville township taxpayers have two more days to appear before the board of review, while those in the city will get their chance next week.

Supervisor Mollie Lawrence did not express an opinion, but indicated she prefers the approach taken by Dearborn township. That township, in a letter to Hubbard, said it can say nothing until it explains how the proposal would work and what specific benefits would be offered to the present taxpayers.

Township attorney James Little said Hubbard "has the germ of a meritorious idea." Though there are rough spots in the proposal, he said, Hubbard does get at an important problem: the multiplicity of governmental units in the area, with resulting high taxes and duplication of functions.

"Sooner or later, we'll have to have something like this," Little said. "In the meantime, we should not ridicule Hubbard's proposal."

Calendar

Thursday
8 p.m. Junior Chamber of Commerce.

Monday
8 p.m. Salem Republican club, Salem Town hall.

Monday
8 p.m. Mother's Club business meeting, home of Mrs. Elden Biery.

Northville to Bow its Head For World Day of Prayer

Northville will join with hundreds of other cities and towns throughout the country tomorrow in observing the World Day of Prayer.

This will mark the 71st anniversary of an institution which had its birth in the United States and which has spread to 143 different countries on six continents.

The city siren will sound at 10:30 a.m. tomorrow in a call for a moment of silent prayer.

Special services for all Northville worshippers will be held in the First Methodist church at 3:30 and 7:30 p.m. under joint sponsorship of the Methodist and First Presbyterian churches.

To mark the occasion, Mayor Claude Ely has issued the following proclamation:

Proclamation

WHEREAS, World Day of Prayer will be observed this year in many places throughout the world where humble peoples will bow their head and lift up their hearts to Almighty God in prayer, and

WHEREAS, the peoples of the world need Divine Guidance as never before, especially as this is stimulated through prayerful communion.

NOW, THEREFORE, I, Claude N. Ely, Mayor of Northville, proclaim Friday, March 8, 1957, as World Day of Prayer.

New Offices

The offices of Clifton Hill, attorney, and Mrs. Mildred Doren, tax accountant, have both been moved to 283 East Main to 137 East Main.

Formerly above the P. & A. building, the offices above mentioned National Bank have been occupied since February 1.

FAIRBROOK - WING PROJECT ATTRACTS RECORD BILLING

The first step in the construction of the storm sewer and curb and gutter for Wing, First and Fairbrook street got off to a flying start Monday evening.

Fifteen construction firms submitted bids for either all or part of the project. City councilmen called it the biggest response to any local project.

While a final acceptance of low bid prices will not be made until the next council meeting March 18, it appeared that the total would not exceed the estimated \$49,000 cost (including engineering fees). Atwell-Hicks engineering firm of Ann Arbor is studying the accuracy of the bids and firm references.

Under the rules of the contract, the firm must begin work after June 1. This will avoid conflict with the local racing season which begins April 18 and runs until June 1. The contract stipulates that the project must be completed by August 31.

The firm bid for the complete job, Kegle Construction Company of Lansing, G. P. Tait of Northville and Edward R. White of Berkeley submitted the overall bids. Kegle's bid of \$44,000 was the lowest, while White's was \$45,714.25.

Low bids for storm sewer only were submitted by Leonard Tension of Detroit (\$18,424.65) and Ray L. Welch of Allen Park and Mole Construction Company of Berkey.

In other business the council moved to prohibit an ordinance governing building (see page 7), in addition to providing for the adoption of the BOCA building code, nationally recognized building performance code, the ordinance includes certain revisions and additions. Among them are minimum ground area for a dwelling, minimum lot area, building, fire district and a heating code.

The ordinance also approved four new 15-minute parking meters for Main street. Two will be installed in front and just east of Northville Drugs, while two more will be placed across the street in the vicinity of Northville Electric Shop. Parking in these spaces is limited to 15 minutes, effective Friday until 11 p.m. The four new installations bring the total of 15-minute meters to 14, approximately 10 per cent of the total number of meters in town. This was set as the limit by councilmen.

Ely directed Councilman John Stuenkel, City Attorney Philip Ogilvie and John Horton, city manager, to meet with officials of the D & R Building Company to acquire property for a well site in the building company's subdivision site. They were directed to begin negotiations so that an option may be obtained and a test well drilled. The area lies west of Novi road and north of Baseline.

Before the meeting was adjourned a citizens' group represented by William Davis of 744 Grandview urged the city to prepare a long range program of paving curb and gutter and storm sewer installations.

Mayor Ely and Councilman John Canterbury had already suggested a program schedule which Davis indicated would satisfy the wishes of his group. He added that in building a new well site on an unpaved street it is difficult to determine what the grade level will be.

Two other residents spoke before the meeting closed. Arthur Proffger, 450 Griswold, asked that public notice be given for earlier use of the new Northville Downs barn. (See story on this page.) A resident of River street asked that the city alleviate the muddy condition so that a sidewalk can be installed at this residence.

Board of Appeals To Hear Request For Early Barn Use

A request by Dr. L. W. Snow that use of the new Northville Downs' barn be allowed earlier than the 15-day pre-season limit this year will come before the board of appeals March 14.

While a final acceptance of low bid prices will not be made until the next council meeting March 18, it appeared that the total would not exceed the estimated \$49,000 cost (including engineering fees). Atwell-Hicks engineering firm of Ann Arbor is studying the accuracy of the bids and firm references.

A resident of River street asked that the city alleviate the muddy condition so that a sidewalk can be installed at this residence.

School Board Approves Amerman Addition Plans

Final approval of plans for an addition to the Amerman elementary school was passed Monday evening by members of the Northville school board. After a legal okay from school board attorney James Little, the board agreed to attend a March 21 meeting with the Oakland county school board to discuss the change. (See story on page four.)

Chairman of the building and zoning board of appeals is Elmer DeKay. His nine-man committee has the power to approve the zoning change without delay. Property owners within 300 feet of the site must be informed by letter of the hearing. According to Ogilvie, the normal procedure for zoning change calls for a 60-day period following the decision for change to take effect. This may be waived, he said.

If the board allows the change, the board would gain approximately two weeks' additional training time. While 160 horses are now stabled at the barn near the track, about 240 could be accommodated in the new area.

The hearing will be held at the city hall at 8 p.m.

Sign of the Times - The merger of the old Depositors State Bank with Manufacturers National Bank was made official last week with the raising of the bank's new sign.

The merger, approved in December, brought metropolitan banking facilities to Northville for the first time.

Under present zoning of the area located southwest of the intersection of Sheldon and the Seven Mile road cut-off the barns may be used 15 days before the season opens and must be vacated 15 days after the final racing day.

Dr. Snow will request that the barns be opened immediately for this year only.

New Veterinarian

Dr. Val C. Vangieson announced the opening of veterinarian offices this week at 50496 Pontiac Trail in Wixom.

Dr. Vangieson is a lifelong resident of the area and was graduated in June from Michigan State university. He is married and has two children.

Youngsters Invited To Get Lowdown On Little League

Young fellows between 8 and 12 who feel like playing baseball this summer had better talk their folks into going to a meeting next Thursday.

That's when they and anyone else who is interested will get the low-down on the latest plans for a "Little League" in Novi. The meeting, sponsored from this Saturday, will begin at 7 p.m. in the Novi school.

Committee members are now preparing for two door-to-door drives in Willowbrook and Novi township later this month. Full details will be made known soon.

An offering to aid refugees will be accepted on the last Sunday of March, according to Rev. Byron E. Chapman, pastor of the Willowbrook church.

Local chairman for the campaign is Mrs. Albert Boretz, 24530 Border Hill road. Persons wishing to contribute clothing may contact her at Greenleaf 4-7838.

Similar refugee clothing campaigns are planned by Catholics and Jewish organizations throughout the country.

Seek To Establish Episcopal Mission
The Episcopal Diocese of Michigan is surveying the Novi area in order to begin a new church for enough persons are interested.

Readers Speak Up:

Plenty of hot water with DETROIT EDISON'S

NEW ELECTRIC WATER-HEATING SERVICE

Bath time is fun time with lots of hot water

1957 electric water heaters, built to Edison's rigid specifications, give you all the hot water you want!

New Detroit Edison has joined with leading electric water heater manufacturers to bring you the most advanced electric water heating method at down-to-earth cost. With Edison's new Super-Supply Plus you get much more hot water than ever before for only pennies a day. No waiting for water to heat. No hot water shortages.

How Does It Work?

New 1957 electric water heaters are built to give you large quantities of piping hot water automatically. Each tank has two elements—one near the top, one near the bottom—with greatly increased water-

ages. In fact, because they are designed to supply hotter water faster, you can get more than twice the supply from the same size tank. And operation is, of course, completely automatic.

What is Edison's Super-Supply Plan?

To make these 1957 electric water heaters more economical, Edison is offering a new plan. The new Super-Supply Plan provides much more hot water than ever before, at a surprisingly low flat-rate charge. This means you have plenty of hot, hot water on top all of the time to meet all of your family's needs.

Why Buy an Electric Water Heater?

Electric water heaters are the safest water heaters ever built. And these new models offer other advantages, too. There's no soot to clog heaters. No dyes to limit where the heater must be installed. Put your new electric water heater where you want it, even in the kitchen or utility room. There's no flame to worry about. No odor from fumes. And insulation makes them cool, and they're noiseless. You can put your confidence in an electric heater built to Edison's rigid specifications for years of trouble-free operation. With an electric water heater you have another job done better, electrically.

Reddy Kilowatt invites you to check these tremendous advantages of ELECTRIC water heating before you buy.

"CAP" PETHERS — One of the finest athletes ever to wear the Northville colors, Pethers missed all but 75 seconds of the 1956-57 basketball season because of a broken leg suffered in football last fall. At 5' 7" and 205 pounds, Pethers would have been a regular on the Mustangs cage squad. Fortunately for Northville fans, he is a junior and will be back next year. Pethers is the son of Mr. and Mrs. Clayton Pethers, 542 Carpenter.

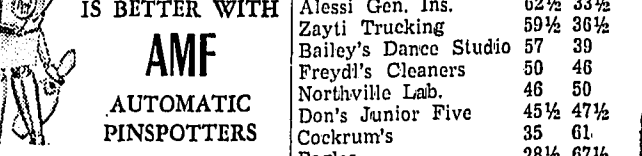

Sideline Wait Finally Ends As 'Cap' Returns to Action

The long wait finally ended for "Cap" Pethers Friday night. After sitting on the sidelines for more than five months while his broken leg healed, the big all-round athlete finally put on a Mustang uniform and returned to action. Coach Stan Johnston gave "Cap" the go-ahead with 1:15 still remaining in the game against West Bloomfield. Northville partisans welcomed his return with an ear-shattering cheer as he trotted on court. Cap still showed the effect of four months in a cast, however. A noticeable limp kept him from being as active as he was last year when he piled up unanimous all-league honors. But at least he was in the game. He took three shots at the basket and missed them all. But the form and grace were still there. At one point, however, he made an astounding save as the ball started to squirt out of bounds. With one swoop of his hand, he heaved it back on the court. Cap probably will not see much action in the upcoming tournament action for the Mustangs. He still is not fast on his game and very likely could not keep up with the fast pace of the following ribbons: —best of breed, best of winners and first prize at Hartford, Connecticut. —best of winners, best of opposite sex, and first prize, New Haven, Connecticut. —best of winners, Westminister, New York City. Joie, a field champion, now has four points of the 15 needed for his slow championship. Mrs. Chappell expects he will have won the championship by the time he returns to Northville in June. Meanwhile, Joie is getting a trimming and resting up in preparation for another series of shows in May. The spaniel is handled by Mrs. Dorothy Morehouse of New Hampshire.

Blue Ribbons Won, Joie Takes a Rest

Northville's "Joie of Hunter-haven" sent home a bundle of blue ribbons last week. The Britany spaniel has been making a big name for himself in recent shows on the eastern seaboard, and now is taking a two-month vacation. According to his owners, Mr. and Mrs. Earl Chappel, 816 North Center, Joie has come up with the following ribbons: —best of breed, best of winners and first prize at Hartford, Connecticut. —best of winners, best of opposite sex, and first prize, New Haven, Connecticut. —best of winners, Westminister, New York City. Joie, a field champion, now has four points of the 15 needed for his slow championship. Mrs. Chappell expects he will have won the championship by the time he returns to Northville in June. Meanwhile, Joie is getting a trimming and resting up in preparation for another series of shows in May. The spaniel is handled by Mrs. Dorothy Morehouse of New Hampshire.

Cager of the Week

Mustangs Come Through for Share of Title

But Lakers Put Up Fight Before Folding in Finale

The Northville Mustangs have added another statute to their trophy case, but for awhile Friday night it looked like a game West Bloomfield squad might thwart Northville's title hopes. The Mustangs finally came through, however, and dumped the Lakers, 71-51, to take a share of the Wayne-Oakland championship in the final game of the regular season. Northville thus joins with Clarkson as champions of the league for 1957. The scrappy West Bloomfield squad, which won only one game all season and finished in the W-O cellar, looked more like champions than doomsday in most of the game. Only in the last quarter did the Lakers fade before the Northville attack. West Bloomfield led 21-15 at the first quarter, was tied 35-35 at the half, and led again 45-43 at the third quarter. But Northville put on a blistering fourth period drive, out-scoring West Bloomfield 28-6, and walked away with the contest. West Bloomfield had figured to be the safest touch of the season for Northville. In 15 games, the Lakers had never cracked the 60-point mark and had reached 50 points only three times. And in their previous meeting, Northville had overwhelmed West Bloomfield, 78-47. But the Lakers were upstaged Friday night and lost no time showing it. Paced by flashy guard John Lucadamo, the Kroger team took complete control of the first quarter and thwarted every Northville surge in its tracks. Theoretically, the Lakers could have reached 84 points if they had maintained their first-quarter pace. Even at the half, they had a 70-point effort going. Northville was hapless in the first quarter, but put on a strong 20-point drive of their own in the second quarter. With forward Dick Biery acting as almost a one-man team, the Mustangs tied the count with one second left on the clock. Even so, Northville's 53 percent record in the final period is shown by game statistics: the Mustangs scored 28 points in that quarter, yet this represented only 35 percent of their shots. All told, Northville had nearly 24 more shots (31) in the final quarter as they did in the first three quarters (30). West Bloomfield was hampered seriously in that period by the loss of playmaking Lucadamo and forward John Hollister on fouls. Big Ralph Gordhammer hung on with four fouls, but lost his effectiveness toward the end of the contest. Four Mustangs hit in double figures, as Northville put on one of its best team victories of the season. Biery and center Bill Yehne each had 19, while Goodrich put in 12 and Bell had 10. Northville's first period blues were brought on partially by the loss of Goodrich, who picked up three fouls in the early minutes and spent much of the first quarter on the bench. But the big forward came back on to play the entire second half without a foul. Between Goodrich and Yehne, the Mustangs were able to bottle up West Bloomfield's Gordhammer during the second half, though the lanky center managed to pace the Lakers with 15 points.

Johnston Hit the W-O Nail on the Head

The 1957 Wayne-Oakland league basketball season is history now, and the final standings show that Northville coach Stan Johnston was almost as successful a prophet as he was a coach. Back in November Johnston scanned the league and made a prediction that three teams would be the ones to beat for the 1957 title: Clarkson, Brighton and Northville. Clarkson, Brighton and Biery 7 5 10 Yehne 7 5 10 Bell 5 10 10 Burns 4 0 8 W. Bloomfield 1 3 5 LaPratt 2 3 7 Hollister 1 0 2 Gordhammer 5 5 15 Lucadamo 4 14 14 Fockler 4 0 8

Colts End Season With 10-5 Mark

The Northville Colts failed to sink a field goal in the last quarter, but nevertheless came off with a 45-32 win over the West Bloomfield junior varsity Friday night. The win gave the Colts a season's record of 10-5, one of the best ever compiled by a Northville JV squad. Coach Al Jones' team got off to a quick 14-7 first quarter lead and fattened it to 31-14 at the half. After going ahead 43-23 at the three-quarter mark, the Colts stepped in their tracks. Except for two free throws by Dennis Fallon, they tallied not a bucket. The Colts' two stalwarts, Bob Starnes and Fred Schwarzwa, again paced their teammates. Starnes had 16 points, and Schwarzwa, 10. During the season, the Colts defeated every team at least once except Plymouth—against which they played only one game.

Mustangs Hit the W-O Nail on the Head

Northville improved on its second-place rating of last year, though its 10-2 league record was duplicated. In the season's record, however, the Mustangs ended up with 12-3 as opposed to 12-5 last year. Bloomfield played over its heads for three quarters of the contest and then rolled over and played dead in the final period. At game's end, Northville had a solid 71-51 triumph. In the final Wayne-Oakland game Friday night, Holly scooped past Clarksonville, 78-70, to gain a third place tie with Brighton. The last past Clarksonville in sixth place in the league, a humbling end to a season which began with the Trojans winning their first four games. Clarkson completed its season two weeks ago when it won a share of the title by dropping Holly, 65-51. The close call came in Northville's own game, when West

But Lakers Put Up Fight Before Folding in Finale

The Northville Mustangs have added another statute to their trophy case, but for awhile Friday night it looked like a game West Bloomfield squad might thwart Northville's title hopes. The Mustangs finally came through, however, and dumped the Lakers, 71-51, to take a share of the Wayne-Oakland championship in the final game of the regular season. Northville thus joins with Clarkson as champions of the league for 1957. The scrappy West Bloomfield squad, which won only one game all season and finished in the W-O cellar, looked more like champions than doomsday in most of the game. Only in the last quarter did the Lakers fade before the Northville attack. West Bloomfield led 21-15 at the first quarter, was tied 35-35 at the half, and led again 45-43 at the third quarter. But Northville put on a blistering fourth period drive, out-scoring West Bloomfield 28-6, and walked away with the contest. West Bloomfield had figured to be the safest touch of the season for Northville. In 15 games, the Lakers had never cracked the 60-point mark and had reached 50 points only three times. And in their previous meeting, Northville had overwhelmed West Bloomfield, 78-47. But the Lakers were upstaged Friday night and lost no time showing it. Paced by flashy guard John Lucadamo, the Kroger team took complete control of the first quarter and thwarted every Northville surge in its tracks. Theoretically, the Lakers could have reached 84 points if they had maintained their first-quarter pace. Even at the half, they had a 70-point effort going. Northville was hapless in the first quarter, but put on a strong 20-point drive of their own in the second quarter. With forward Dick Biery acting as almost a one-man team, the Mustangs tied the count with one second left on the clock. Even so, Northville's 53 percent record in the final period is shown by game statistics: the Mustangs scored 28 points in that quarter, yet this represented only 35 percent of their shots. All told, Northville had nearly 24 more shots (31) in the final quarter as they did in the first three quarters (30). West Bloomfield was hampered seriously in that period by the loss of playmaking Lucadamo and forward John Hollister on fouls. Big Ralph Gordhammer hung on with four fouls, but lost his effectiveness toward the end of the contest. Four Mustangs hit in double figures, as Northville put on one of its best team victories of the season. Biery and center Bill Yehne each had 19, while Goodrich put in 12 and Bell had 10. Northville's first period blues were brought on partially by the loss of Goodrich, who picked up three fouls in the early minutes and spent much of the first quarter on the bench. But the big forward came back on to play the entire second half without a foul. Between Goodrich and Yehne, the Mustangs were able to bottle up West Bloomfield's Gordhammer during the second half, though the lanky center managed to pace the Lakers with 15 points.

By the Rev. B. J. Pankow, Pastor
St. Paul's Lutheran Church of Northville

"Tell Me That Story Once More!"
When the first missionaries came to Greenland with the message of the cross, it is reported that they met stubborn resistance. The Eskimos mocked the preaching of the Christian workers, destroyed their food, and poisoned their dogs. Much as these ambassadors of Christ might plead, the natives answered only with sarcastic replies and blasphemous taunts. Hardly one real convert was made in 17 years of heroic, persevering effort.

But then something happened by which this frozen indifference began to thaw. One day Missionary Beck was telling a group of Eskimos the story of Christ's suffering in Gethsemane, describing the agony that almost broke the Savior's heart, when suddenly one of the natives, who up to this time had not heard one word from the Bible, cried out: "Oh, what was that? Tell me that story once more. I, too, want to be saved!" Never before had an Eskimo on Greenland spoken words like these.

With tear-filled eyes the missionary repeated the whole Passion story, starting with Christ's suffering in Gethsemane and ending with His death on the cross. That message touched the Eskimo's heart; and after careful instruction this man was baptized. Before long his wife and children were likewise converted.

"Tell me that story once more!" The account of Christ's suffering for man's sin cannot be repeated too often. It is the essence of the Gospel. It is the only means that can draw man close to God. When a responsible Christian pastor and lay people have to bring this message to the world, Christ permits the earth to stand only because He wants this message to be proclaimed. A church has a right to exist only as long as it remains faithful to Christ's charge of making known His saving Gospel.

"I love to tell the story; 'Tis pleasant to repeat, 'What seems each time I tell it, More wonderfully sweet."

"I love to tell the story; For some have never heard The message of salvation From God's own holy Word."

Wake Up, Retailers!

Babson Park, Mass. Retailers nowadays seem to have two questions—where and why? If they would look at the stores where customers are going in and out all day, or follow the customers down the highways and see them going to other towns and cities they would know "where". Then if they would take a good look at their own business establishments they would find the answer to "why". In these days of clever advertising together with easy transportation, a customer thinks nothing of traveling miles for a good bargain.

Examine your store, your stock, your employees, and your advertising. Is your store neat and attractive? Can your merchandise be easily seen or is it so jumbled up that even you do not know where a specified item is? How well did you select your employees before you hired them? Are you getting the most out of your advertising? Retaining today is very competitive; it is destined to be more so. Most retailers should wake up or go to work for some other concern.

Condition of Store Walk into the store where the manager is too busy to stand around complaining about poor business. Notice his neatly displayed merchandise he keeps his stock under control by periodic inventory. He knows what is not selling and therefore does not restock blindly. Slow-selling items are displayed so as to attract attention.

This man uses his "know-how" to make room for popular merchandise. He or his well-trained help know when to reorder certain items or when a line has been discontinued. His merchandise has been price marked. This not only helps the customer, but also the manager and clerks who could not be expected to memorize the price of every item in the store.

KIDS LOVE IT!

Do not resent the man in your line of business who is using every means of advertising. He realizes advertising is most important. Many of the ads have clever and unique ideas. You will find their use of trickery and puns is there any "gimmick", but honest, clever "know-how". A plain highway which may bypass many cities need not be a menace. It may be a booster. The retailer needs to WAKE UP.

Selecting A Location Often the highest rent is the cheapest rent. The brightest retailers will get located as near as possible to an off-street parking lot. It also helps a small retailer to be close to a big store with a lot of customers. The best location for almost any retailer is adjoining a supermarket; the important thing is to get traffic into a good location. If you have a good location make a long lease; but if you have a poor location, lease only by the year.

MY CAR RAN OUT OF GAS AT A DEER CROSSING DOWN THE ROAD LUCKY GUY! BUT YOU MIGHT RUN OUT OF GAS WITHOUT A DEER IN SIGHT. SO . . . DON'T LET IT HAPPEN. STOP HERE TO BUY AND LET US "FILL 'ER UP" WITH WHAT IT TAKES TO TAKE YOU WHERE YOU WANT TO GO.

THE NOVI NEWS Published by The Northville Record, Inc., 101 North Center Street, each Thursday. Entered as second class matter at the U. S. Post Office, Northville, Michigan.

SPEAKING for the Record

By BILL SLIGER Last week I walked into our family doctor's office for my first polio vaccine shot. He looked a little surprised. The rest of my family had been looking a little surprised.

Being a gentleman he didn't ask me where I'd been; instead he told me a few interesting facts. "Polio is fast becoming an adult disease," was his well-planned approach. "Why's that?" I asked innocently.

I've got to admit his answers were logical. School-age children get compulsory shots. Parents make sure their preschool age tots are vaccinated. But the adults are slow to respond.

He's also talked to high school students in Al Jones' driver training classes. While Bill can't remember exactly what happened on the night of the accident, he's sure that speed was the main cause of the crash. The crumpled car was proof of this.

Most of all he's grateful to the many Northville friends who helped him with blood transfusions and encouragement during his months in the hospital.

He'll never be an active sports participant again. But he can walk and is able to work. He plans to return to Michigan State University this fall and complete his education and later become an accountant.

His message to all drivers can be summed up in two words: "slow down".

Michigan Mirror Let's Cut THEIR Share! TRIMMING Michigan's proposed budget is proving as difficult a task for lawmakers as it is for the citizens.

As the state legislature works to cut costs from agency requests, legislators run into the same difficulty time and again. Every department is supported by one or more interest groups which present excellent reasons why their agency should receive more money, rather than less.

On the other hand, there are few organized groups which can provide equally strong reasons for making budget cuts.

A union speaks for labor. The farmer belongs to the Farm Bureau, the Grange or the Farmers Union. Merchants are represented by trade groups. Industry works through their own organization.

The list could go on almost indefinitely. Veterans' organizations, conservation clubs, social groups, Parent-Teacher Associations. All in all, there are some 300 legislative agencies or lobbyists registered with the state of Michigan.

And every group is particularly interested in particular state agency or department. Each wants to make certain that enough money is in the agency budget to perform necessary services and add new ones.

Organized pressure often works. The individual legislator is faced with good reasons why he should vote for the funds. No one comes forward to support specific budgetary cuts. If he does some of the voters off an agency request, cries of protest are heaped upon the decision.

In effect, the legislature is faced with the old dilemma of each person saying, "Cut government spending—but add a few dollars when it is spent to serve me."

Where Credit is Due It isn't often we take exception to one of our "Readers Speak" letters. Whether we agree or not, they're always well-voiced.

But when an injustice is done to any individual or group, we feel duty-bound to "speak-up" ourselves. Target of criticism last week was Novi township's fire department. A reader saw fit to suggest that the fire department had been negligent in servicing its equipment.

It's true the equipment did break down as reported in The News. But we're sure even the kindest mechanic would find trouble in extracting perfect performance from tankers (one of them borrowed) that have seen more than 20 years of service with two different departments.

Knowing something of the work and effort Lee BeGole and his 14 volunteers put into protecting the township's residents from the hazard of fire, we'd like to point out that the failure may have been with the vintage of the equipment.

Their fire department is doing yeoman duty. They could use better equipment and perhaps full-time help.

In Willowbrook: Clothing Collection Monday By Mrs. John Parent - Greenleaf 4-2600 A reminder that the first pick-up for your used clothing will be Monday morning, March 18.

80 Hear Hart Talk At Democrat Rally Eighty Novi township Democrats gathered Saturday evening at the Novi Community Building to hear the state of township candidates.

Novi Highlights: Baptists Plan Guest Speaker By Mrs. Luther Rix - Phone Northville 2741 Rev. Robert Adams of Battle Creek will be the guest speaker at the Novi Baptist church next Sunday.

To Meet Tonight On Little League Further plans for a Little League in Novi township will be worked on tonight at a meeting of organizational officials, parents and the youngsters themselves.

At least 91 youngsters have indicated they are interested in the league. Though Novi can have only four teams of 15 players each this year, arrangements will be made for a "minor league" to accommodate all interested boys.

Wixom to Ask Dismissal of Novi Suit

Wixom is expected to appear in Oakland county circuit court next week to request dismissal of a Novi township suit that challenges the validity of the February 5 election by which the community was incorporated as a village.

Expect Opposition On Bid to Expand Novi School District The Novi school board's request for expansion of its district will come up for a hearing next Thursday and is expected to draw strong opposition from Walled Lake school officials and parents.

Found Unconscious On Center Street; Local Man Dies A Northville man who apparently fell and hit his head early Wednesday morning died a few hours later at St. Joseph's hospital in Ann Arbor.

MANY Northville and Novi residents probably wondered where all the steel tubing was going which loaded down C & O freight cars last week end. So did Bob Webb, Record news editor.

Novi school officials feel, however, that they will bear the burden of providing educational facilities for children of Lincoln plant families in the area. For this reason, they say, they should have the right to tax the plant.

Take 5 Young Car Thieves A makeshift posse of Novi township firemen, policemen and seven young fellow on horseback flushed out five young car thieves Sunday in a modified version of an African lion hunt.

BeGole then organized the hunt. For three hours, some 12 firemen, four policemen, a half-dozen neighborhood ball-players, and a lasso-carrying horseback rider combed the area.

Novi is sitting tight in the Wixom suit for the time being. Unless Wixom makes its motion for dismissal next week, the next step for Novi will be the actual trial. Date for the hearing would be determined sometime in the next few weeks.

Novi Posse Flushes 'Em Out A makeshift posse of Novi township firemen, policemen and seven young fellow on horseback flushed out five young car thieves Sunday in a modified version of an African lion hunt.

The quietest of young Detroit youths was captured after three hours of dodging the ever-tightening circle of vigilantes.

Complainants in the suit are actually Lloyd Crot and Vernon Spencer, both residents of the Novi area.

Novi Republicans To Rally Tuesday The Novi Republican club will hold a pre-election rally Tuesday evening at the Novi Community Building. On hand to direct activities will be newly elected officers headed by James Newton, president.

BeGole immediately checked with state police to see if the area was being patrolled. The 51st successfully eluded his pursuers until his hitch-hiking run-in with the kind-hearted lion hunter.

Presumably they, rather than the township filed the suit to avoid repetition on a legal snarl that has held up a long-pending Novi suit against annexation of part of its territory to Northville.

80 Hear Hart Talk At Democrat Rally Eighty Novi township Democrats gathered Saturday evening at the Novi Community Building to hear the state of township candidates.

The whole thing came about when Novi police chief Lee BeGole received a call about an accident on Taft road and Nine Mile. Going to the scene, BeGole found two women and two battered cars.

BeGole said the youths were turned over to Dearborn police for disposition of the case.

To Meet Tonight On Little League Further plans for a Little League in Novi township will be worked on tonight at a meeting of organizational officials, parents and the youngsters themselves.

At least 91 youngsters have indicated they are interested in the league. Though Novi can have only four teams of 15 players each this year, arrangements will be made for a "minor league" to accommodate all interested boys.
