

Speaking for the Record

By BILL SLIGER

We ran across the picture shown at the bottom of the column several weeks ago. It should bring back memories to old timers of the area.

It is interesting to us because the picture was taken on Main street at Center where our offices are located today. According to Ed Yerkes, the picture must have been taken about 1915.

At the extreme left is the old Northville hotel, which burned down around 1927. According to Yerkes, the hotel was managed by Ed Shifer.

Next to the hotel is a combination doctor's office and shoe repair shop. Yerkes says Dr. Turner's offices were on the east side and Rayson Shoe Repair to the west. A close look at the picture reveals a boat hanging above the entrance of the shoe shop.

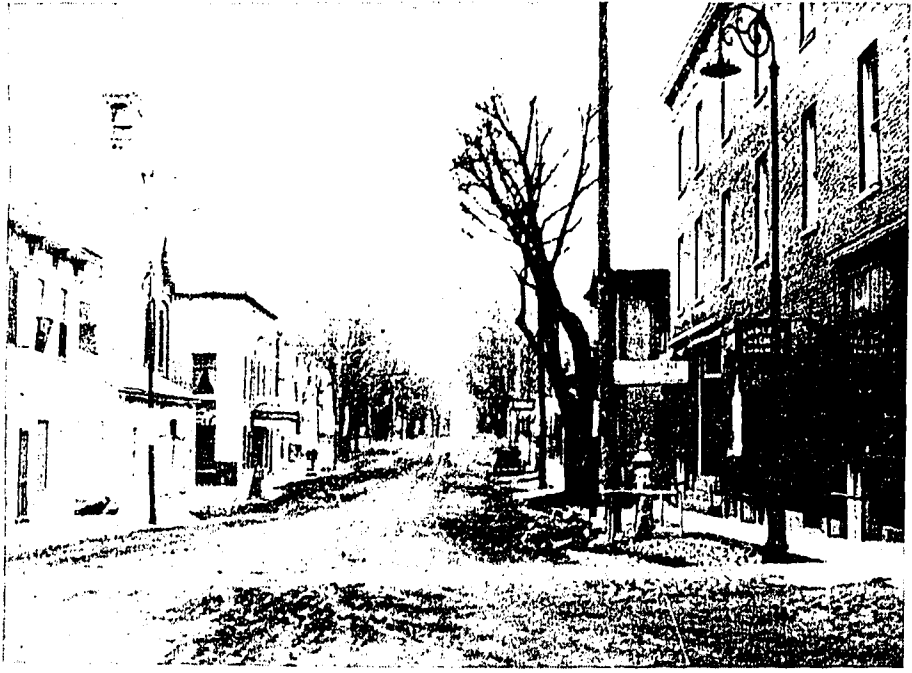

The bell and tower is the old city hall, where Penut's restaurant is now located. Next comes a garage and gas station, now the home of Mary Taylor's Fund agency. Appropriately enough, a furl of that era seems to be parked across the street.

According to Yerkes, this garage was once the Perrin Livery Stable.

Starting on the corner at right in the present Record office, is the James A. Huff hardware. Downstairs, instead of our printing plant, is Ambler's restaurant operated by Mrs. Clyde Shutz. In the back of the building where our newspaper press is now located was the Fred W. Lyke plumbing shop.

The old water fountain shown at the corner served both horses and people. A trough faces the cobblestone lined dirt street, with passers-by could "wet their whiskies" from the sidewalk side.

Old pictures pop up often around newspaper offices, and I suppose many residents have similar pictures tucked away in old albums. Next time any of our readers discovers an old local scene in good enough condition to reproduce, we wish they'd bring it to our office. If you supply the background history, we'll print the information and periodically take our readers back to the "good old days".

State Expects Boom In Tourist Business

MORE MICHIGAN TOURISTS and more competition for the tourist's dollar are predicted for Michigan's recreation trade in the near future. Already drawing some five million out-of-state visitors annually, plus countless residents, the tourist industry foresees additional advantages developing on the horizon.

Most tangible factor is the announcement that construction on the Straits of Mackinac Bridge is proceeding rapidly and, according to Director Frank M. Brown, should be open for deer season next November.

Eloquent dedication ceremonies planned for June, 1958 are expected to draw nationwide attention and thousands of tourists who want to see the bridge.

Not to be overlooked from the tourist industry viewpoint, bigger and better retail businesses all along the line.

PUT THE KIDS TO WORK in Michigan Week activities. That's the opinion of a committee of public school officials and state officials who met recently to discuss plans for their participation in the Michigan Week celebration.

"School age boys and girls are just as well acquainted with their own home communities," Don Weeks, director of the sponsoring Economic Development Department, told the group.

"Most of them don't know the color of the Michigan flag and few know the state has a motto or a song," Weeks said.

A state flag will be received by every school in Michigan for display during Michigan Week to help overcome this lack, and all teachers are asked to form classroom committees to arrange programs in conjunction with the celebration.

A little late in the school year, is the only objection heard against educational participation. Education day is now scheduled for Thursday, May 23, when many rural teachers are winding up their school year.

However, educators agree that students should know the essential facts about their state.

By the way, do you know the color of the Michigan flag?

WAS 1956 A LUCKY YEAR? Many persons point with pride to the fact that traffic deaths were down by 200 compared to 1955. But they overlook another fact: the actual number of accidents rose by 1,182.

A possible answer may develop this year. Deaths from traffic accidents totaled 2,016 in 1955. Last year they dropped to 1,747. If the number of accidents can again be reduced, safety experts might then feel that people are beginning to drive more carefully.

Roger Babson

Good Bank Directors Should be "Egg Heads"

Babson Park, Mass.—I have great respect for bankers. My father was a country banker in Gloucester, Mass. It is safe to trust a banker for the protection of your deposit. His first and foremost aim is to protect the money which you leave with him. Based on my large acquaintance with leading bankers all over the world, I unequivocally support their 100 per cent desire to protect your savings. Furthermore, turning the ravages of war over which they have no control, they will give you back every dollar you deposit with them. Never criticize a banker for refusing to make a loan.

WHAT ABOUT INFLATION?

When you draw your dollars out of a bank, whether your dollars will buy as much in food, clothing and shelter as they would have when you put them in is another question. The bankers have little control over what your dollars will buy in the future. It is, however, only fair to say that the bankers are fighting inflation in every possible way. Inflation hurts not only the value of your deposits but also the value of every bond which the bank holds.

Furthermore, it should be remembered that a bank should naturally be conservative. It is said that only one thing is more easily frightened than a banker, — namely, a "pail of bankers". Bankers bring their deposits, but the greater their deposits, the more they owe in their hearts, they realize that deposits represent debts. The depositors sit in the driver's seat. The depositors of any bank could close the bank in a week. Hence, I repeat we should not blame bankers for being cautious.

ASKING BANKERS FOR INVESTMENT ADVICE. Bankers are making a mistake associating so much with other

THINK BACK 50 YEARS. Fifty years ago, the telephone companies had comparatively few subscribers. There were only 100,000 automobiles compared with 54,000,000 today. Then there were no radios, televisions, electric refrigerators or stoves, and only a few chain stores. Over half our present national income and wages come

Novi Budget Sets All-Time Record

Wild Dog Taken In Willowbrook; Residents Warned

Willowbrook Village's dog problem took on a grisly aspect this week after county dog warden officials came out Saturday to round up as many strays as possible. One wild dog was captured, but three escaped.

In the meantime, county dog officials warned that the remaining strays are "extremely vicious" and that Willowbrook residents should not try to apprehend them. It was discovered that the strays have been living in a vacant barn near Willowbrook. In it were found the remains of several smaller animals, indicating that the dogs were even wilder than had been presumed.

Creative Art Guild Plans Third Exhibit

The Creative Art Guild, in cooperation with the department of parks and recreation in Livonia, is holding its third annual exhibit on the Friday, April 26 from 2 until 9 p.m. and on Saturday, April 27 from 10 a.m. until 9 p.m.

The exhibit will be held in Bentley high school, Livonia. Northville members of the guild are urged to contact their section leaders to make early arrangements for their displays.

The following classifications will be exhibited: weaving, leatherwork, sculpture, water colors, all print, rug, china painting, crocheting and knitting, ceramics, jewelry, cake decorating and textile painting.

Flower arranging, sponsored by the Rosedale Gardens branch of the Women's National Farm and Garden Association, will follow the theme "Song of Spring," announces chairman Mrs. Mary Griesner.

Further information may be had by calling Mrs. A. T. M. Peterson, president, in Livonia.

Non-members of the guild will be charged a small fee to exhibit.

Obedience is the mother of success, and is wedded to safety.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

This week's recipe for Pineapple Ice-Box Cake was contributed by Mrs. Otto Regentik of Neeson street. Daughter Christine, four, thinks Mom is a pretty good cook, judging from her admiring glance.

A treat for any springtime table whether to top off the family dinner or for a special party dessert—is this pineapple ice-box cake contributed this week by Mrs. Otto Regentik of Neeson street.

Mr. and Mrs. Regentik are the parents of three children — Christine, four; Michael, two, and a brand new baby, Joyce Marie.

PINEAPPLE ICE-BOX CAKE

1½ tablespoons cornstarch
1 cup sugar
1 tablespoon butter

1 package plain gelatin
¼ cup water
2 eggs (separated)
½ pint whipping cream
maraschino cherries
angel food cake

Sift cornstarch and sugar together four times. Add to boiling pineapple juice and boil five minutes. Add butter and cook until thick. Beat egg yolks and add to custard very slowly, continue cooking for a few minutes.

Dissolve gelatin in ¼ cup cold water and let stand five minutes. Add to hot custard and let cool. Beat egg whites and whipping cream, mix together and add to custard.

Cut cake in serving size pieces and line in glass cake dish. Pour mixture over cake and put cherries on each piece of cake. Put in ice box to set.

Facilities for treatment of cancer in this country have increased by 6 per cent in the last decade, according to the American Cancer Society.

Garden Club Makes Final Plans For Clean-Up Drive

Preparations for "Keep Northville Beautiful" week, to run from April 29 to May 4, are now almost completed by the local drive committee under the leadership of Mrs. William Castlefield.

Devoted to making Northville a neater, cleaner city, "Keep Northville Beautiful" week is sponsored by the local branch of the Women's National Farm and Garden Association.

Efforts by the senior student council of Northville high school will assure trash cans in strategic places in the school and business area (see picture, page 14). Poster and slogan contests are being conducted in the schools, winners of which will be announced next week.

Although the official drive against litter-bugs doesn't begin until the end of the month, Northville citizens could well begin planning their own clean-up projects — for each has a share in "Keeping Northville Beautiful".

Engaged

Mr. and Mrs. Sam J. Dianko of Houston, Texas have announced the engagement of their daughter, Foto, to Daniel Ellis Shaw, son of Mr. and Mrs. F. Alden Shaw, of West Nine Mile road.

A June 16 wedding date has been set.

Throughout the evening, dances from Bob Williams dance band will play in the lobby of the Community building.

The white elephant booth is still seeking objects to sell. So remember to save them when doing your spring cleaning.

What Northville Girl Scouts Are Doing

Girl Scout Troop 17 — Members of Troop 17 celebrated their fifth birthday at their 1st meeting with birthday cake and ice cream.

Girl Scout Troop 10 — Troop 10 met at Carol Krenz's house on March 26. They entertained their mothers and two other guests, Miss Pat Babel and Miss Elizabeth Beard. They also discussed plans for their trip to Black Lake in June.

Luck was a Lady To the Ladies — One hand in 5,000 was dealt Mrs. Chester Henning of Livonia and her Northville partner recently.

The Philip Andersons of Eight Mile road were playing the game at the Henning home, the ladies leading in games.

Mr. Henning dealt. His wife made the bid, calling clubs trump. When she put her meld on the table, the other three players gasped.

She held all eight aces — plus a marriage and nine in clubs. Her partner, Mrs. Anderson, added points with a marriage in clubs, one in hearts and a pinochle.

Mrs. Henning was hardly impressed at all when she dealt a double pinochle a few hands later.

Mrs. and Mrs. Otto Regentik of Neeson street announce the birth of a daughter, Joyce Marie, March 22. Born at Sessions hospital, she weighed eight pounds, one ounce.

Mrs. W. L. Howard and Mrs. Leonard R. Howard honored Barbara Couze at a luncheon and birthday shower Saturday at the former's Eight Mile road home. Attending were 32 guests.

First Lt. Richard K. Somers, instrument flight instructor at Perrin Air Force Base, Sherman, Texas, landed at Wayne Major Airport in an F8 D Saturday. He spent until Sunday afternoon with his parents, the R.T. Somers of Grace street, then made the return flight to his base.

Mrs. Donald Sober and Mrs. Glenn Cummings were hostesses last week for the Tuesday Book Club. Club members brought shower gifts for Barbara Couze, who was the honored guest.

Clean Carpets Save You Money
IF RUGS and carpets are to wear well and stay attractive they must be kept clean. Dirt on the surface dulls the color of the rug. Embedded dirt wears and cuts the fibers. Damage from cloth, moths and carpet beetles is less likely to occur when rugs are kept clean. The time to spray rugs against these insects is after they have been thoroughly cleaned.

Trudy Hall Jr.'s Gift for Spring

A Doctor cotton gingham with boat neckline outlined by black gingham, white collar... ribonnetta centered buttons with from the bodice and again at the shoulder... full, cuffed dolman sleeves, patent belt... full, red skirt. Pontiac Springs Another "First!"

Lowest Priced Car with Tri-Power Carburetion!

Pontiac started 'em all talking by tagging this eye-popping Chieftain below 30 models of the low-price three. Now Pontiac has tossed another firecracker into the low-price field... with Tri-Power Carburetion available at extra cost on any model. Pontiac alone at so low a cost offers this sensational track-proved carburetion system that has officially outperformed super-charged and fuel injection cars. Here's how it works: For normal driving, only one of three double-barrel carburetors is in operation. When you want a safety-surge of power, press your foot and pronto! — the other two carburetors pour out a bonus of 200 cc. as long as you need it. Ease up... and you're back to the gas-saving economy of one-carburetor operation! In short — your new Pontiac Chieftain can tame or terrify — at the touch of a toe! Try it, and you'll see why they're biting their nails in the low-price field. Check the car... check the price... and all bets are that you'll graduate to Pontiac with plenty left over in your budget to celebrate the occasion!

Earmark \$700,000 For Area Hospital

A campaign that began in 1953 to provide an area hospital for Northville, Livonia, Farmington, Plymouth and Redford townships, took a giant stride towards reality again this week. Announcement of \$700,000 federal grant for the St. Mary hospital was made by the board of trustees of the proposal hospital to be located at Levin and Five Mile roads in Livonia.

Meeting Next Week To Discuss Merger Of Charity Drives

The possibility of merging local charity fund-raising drives with the Metropolitan United Fund Torch drive will come up for consideration at the meeting of the Northville Community Council on Thursday.

Four Days To Pay You Know What

Just four days from today April 15th — is the deadline. That's the reminder passed along by James F. Deane, assistant district director of internal revenue, in plain language Mr. Deane means your income tax is due!

Services Planned For Good Friday

To mark the end of the Lenten season this year, the Methodist and Presbyterian churches announce plans for community Good Friday services to be held in the Presbyterian church at 1:30 p.m. with pastors of both churches officiating.

Committee Named For Michigan Week

Preparations for "Michigan Week" in Northville next month got off to a fast start last week with the naming of a nine-member committee to handle the program.

Clarke to Retire As City Treasurer

For 15 years A. Russell Clarke has been adding, subtracting, multiplying and doing whatever else is necessary to keep accurate books for the city of Northville.

CITY BLOCKS LAND SALE TO NORTHVILLE DOWNS

An innocent appearing resolution at the very bottom of the agenda at last week's city council meeting proved to be a veritable bombshell. Its presence brought about the first split among councilmen in recent months and also packed the council with voters with intensely interested spectators.

Suit Filed

State racing commissioner James H. Inglis has denied full racing dates at Northville Downs, but it will be up to a Wayne county circuit court to make a final decision.

Councilman Allen Is Mayor Pro-Tem

Northville got a new "assistant mayor Monday evening at the special council meeting called to swear in newly-elected Councilman Ed Welch and Earl Reed, incumbent.

Clark to Retire As City Treasurer

For 15 years A. Russell Clarke has been adding, subtracting, multiplying and doing whatever else is necessary to keep accurate books for the city of Northville.

Easter Parade, Cancer Campaign Planned To Sell Lilies Downtown Saturday

The Easter Parade will have a white and pink bunny hats, will be on the streets corners from 9 p.m. to 12 a.m. Saturday to offer paper lilies to shoppers. The lilies were made by hand-picked paper lilies by shoppers.

Mayor Ely Proclaims Two Observances

In two separate proclamations this week, Mayor Claude N. Ely urged Northville residents to join in the current crusades against cancer and infantile paralysis.

Consulting Psychiatrist Speaks Dr. Howard B. Haynes, Consulting Psychiatrist, City State Hospital, addressing a group gathered at the annual meeting of the Saint Louis Children's Home stated that every man who has not settled his eternal debt (salvation) is unsettled, unhappy and fearful. He listed the natural man's basic urges to kill, to secure power, prestige and to covet. He attempted to satisfy some of these urges by substitution, he substitutes some of them and inhibits others. Concerning children, Dr. Haynes stated that they are basically the same as adults. We all desire attention, prestige, to feel useful and to be loved. Man is constantly attempting to alleviate his frustrations, and ease his conscience without God. He stated that many attempt to "heal the mind" without transforming the soul is simply patching the fig leaf upon of self righteousness which Adam made after he had sinned against God. Dr. Haynes gave us the only real solution to man's problems, the acceptance of Christ and His atonement for sin. We are most happy for this report taken from The Children's Home News. We are happy because Dr. Haynes has analyzed the situation in its true scriptural light. God made man to live in fellowship with Himself, yet reconciliation to God through Jesus Christ gives this life real meaning and purpose.

Peter F. Nianuskoop, Pastor First Baptist Church NORTHVILLE Bible School 10 a.m. Morning Worship ... 11 a.m. Evening Worship ... 7:30 p.m.

A FOGGY FRIDAY morning and another accident resulted in this banged-up hood. While one driver waited for a train to pass at the C & O crossing on Novi road, a second motorist turned to view another fog-caused collision. Result: the curious motorist slammed his car into the rear end of the car pictured above, which—(you guessed it)—smashed into the rear end of still a third car.

City Blocks Land Sale to Downs

(Continued) would get its roadway. Told by Mayor Ely he must vote yes or no, Welch replied in the affirmative. Allen also voted for the proposal. Reed stated that his main objection was that the county might not understand the city in such a manner that a roadway could not be sold to the Downs. Councilmen pointed out that this matter could be investigated before any negotiations were made for the land.

Obituaries BRIAN DEAN REYNOR Funeral services were held Saturday for Brian Dean, infant son of Mr. and Mrs. Donald Reynor, 7884 Dickinson, Salem. He died April 5 at Beyer Memorial hospital, Ypsilanti. Survivors include grandparents, Mr. and Mrs. Charles Reynor and grandmother, Mrs. Anna Sear of Dearborn. Services were held from Our Lady of Victory church. Father John Wittstock officiating. Interment was in Rural Hill cemetery.

MRS. GLADYS PITCFORD Mrs. Pitcford, who lived at 1387 East Shore Drive, Walled Lake, died April 4 at Pontiac Osteopathic hospital. She had been ill for the past year. Mrs. Pitcford was born February 21, 1903, in Dallas, Pennsylvania to Joseph and Sarah Souder. She was a member of the Novi Methodist church, the WPCS of the Novi Methodist church, and Theobalds No. 486 of Novi. She had lived in Walled Lake since 1946. She is survived by her husband, Ernest; a son, Ernest, Jr.; a sister, Mrs. Thelma Hargrave of Shickling, Pennsylvania and two brothers: Correy Souder of Forty Fort, Pennsylvania, and Alvin Souder of Ashley, Pennsylvania. Also surviving are two grandchildren, Deborah Ann and Carol Lynn. Services were held Saturday at the Castleridge funeral home, Rev. G. T. Nevin of the Novi Methodist church officiating. Interment was in Parkview Memorial cemetery, Livonia.

Here's what makes it a new kind of Ford

The frame is wider... wheels are lower (Lets you ride sweet and low) Never before has a low-priced car hugged the road so well. Partly, it's because the frame is sturdier. Partly, it's because the wheels are smaller. Partly, it's the way front and rear suspensions take tilt out of turns. Mostly, it's because there's a whole new smoother-riding quieting "Inner Ford." The power is bigger (Most power in Ford's 25 years of V-8 leadership) And what a V-8 engine! You can have the kind of "Thunderbird" power that smashed records at Daytona... set a new stock car mark at Indianapolis... traveled 50,000 miles in just 20 days at Bonneville, Utah! The comfort is greater (You've never had it so plush) You sit in the lap of luxury. There's head room, hip room, leg room galore. And with tilt you get a load of those new upholstery and color schemes! The body is "beefier" (Up to 9 inches longer, 4 inches lower, with full head room, full road clearance) From top to floor, front to rear, this body is built like a "battleship." You ride surrounded by new strength.

...and best of all it's the lowest priced* of the low-price three! Ask for an Action Test in the new kind of FORD Marr Taylor Ford Sales 117 WEST MAIN ST. NORTHVILLE PHONE 1320

They Could've Danced All Night

DOWNBEAT - Bob Williams gives the cue to the Northville high school dance band which provided the music at the freshman class dance Friday night. Though sponsored by the freshmen, scores of upper classmen and graduates turned out. Williams and Russell Helmer are class sponsors.

CHAPERONE - Northville assistant principal Fred Stefanski (left) chats with another couple at the dance. The dance is one of the highlights of the year at NIS.

It was one of those nights when everything just seemed to be perfect. There was the right kind of music, the right guy (or gal) and the right atmosphere. It could hardly have been better for the 400 young people who attended the freshman class dance last Friday night. To make the evening even happier, a couple of "names" were on hand to add a luster of prominence to the affair. Bunny Paul, whose records are big business in the teen-age world, stopped by to offer a few of her more popular numbers. Joining the dazzling blond was one of the best-known disc-jockeys in the Detroit area - WJKB's popular Clark Reid. The entertainment didn't stop there. Other performers stepped into the limelight - like Jack Scott, who set the place jumping

with the rhythm of his guitar-strumming and singing. But primarily, it was a dance. Live music came from the Northville high school dance band under the direction of Bob Williams. And when the band took a break, music was provided by a juke-box playing the latest popular hits. For the couples who showed the greatest grace, agility, determination, imagination or whatever it is that makes a good teen-age dancer, there were gift certificates from Northville merchants. When it was all over, everyone - whether sang or drag, whether student or teacher, whether freshman or upper classman - agreed that the dance had been just about "it". For the freshmen, their biggest class project to date had been quite a success.

GUEST STARS - As if the dance itself wasn't enough, these attending were treated to the songs of Bunny Paul, popular recording star, and the introductions of Clark Reid, disc jockey from WJKB. Bunny is one of the newest pop singers, already has several hits to her credit. Reid is a long-time Detroit favorite.

ROCK 'N' ROLLER - The rhythm's the same, but the fire is different. This is not the Tennessee twister, but Jack Scott - a guitar-strumming singer in his own right.

Minutes of the Board of Education

The regular monthly meeting of the Northville Board of Education was held on Monday, April 1, 1957 at 7:30 p.m.

Present: R. F. Coulman, Robert H. Shaffer, E. F. Clark and Supervisor H. H. Amerman.

Absent: N. C. Schrader, D. B. Severance.

1957 Debt — Called \$15,000 April 1st which were due in 1957.

Reported by Supt. Amerman that specifications for the new high school are nearly completed and that the architects are preparing the basic drawings. Also that bonds have been called as follows: \$25,000 owing will be balance in October.

1957 Debt — Called \$15,000 April 1st which were due in 1957.

On motion by Mr. Shaffer and second by Mr. Clark, Mrs. Bernal Clark was appointed to take the annual school census count in May. Motion by Mr. Clark that she be authorized to appoint her own assistants.

Mr. Shaffer and Mr. Coulman reported on their meeting with other boards of education on March 27 to consider the problems of the Community College program.

Motion by Mr. Clark that vouchers be paid as follows: Bills \$2,020.45 payrolls \$87,219.50. Second by Mr. Shaffer, Carried.

Discussed connection with the Salem School Board members and indicated a willingness to consider any formal request from that district along Haggerty Road, north of 5 Mile were opposed 10 to 2 to transfer to the Northville District.

A card of thanks from Kathryn Gilner.

8. Tax receipts and state aid received \$46,900.95.

Local Farmers Told of Changes in Income Reports

Farmers of the Northville and Plymouth areas have been reminded that the social security provisions for reporting farm income have been changed to further benefit the farmer, Harry Batauck, district manager of the Detroit-Northville Social Security Office, said this week.

"The revisions are designed to provide the small farmer with a more favorable basis for figuring his social security payments," he said.

The new law permits a farmer with a gross income of \$1800 or less during 1956 to use either his actual net earnings for social security purposes, or two-thirds of his gross farm income.

If his gross income exceeds \$1800, but his net earnings are less than \$1200, he may report his net earnings as \$1200.

The new method may be used by individual farm operators. It applies to all farmers whether they keep their records on the accrual basis or on the cash method.

The self-employment tax on 1956 farm income is three percent of the net earnings up to the maximum of \$2,200. For 1957 through 1959 farmers may deduct three and three-eighths percent of their taxable farm income.

While the 1956 social security law increased the self-employed tax rate starting with 1957, farmers this year will be reporting on 1956 income and therefore the tax rate is three percent.

Maybury Head Cites TB Fund Waste

A study at Maybury Sanatorium in Northville has indicated that uncooperative tuberculosis patients are wasting thousands of tax dollars.

The cost of care for some uncooperative patients runs as high as \$30,000 each as compared to the \$1,000 average cost for cooperative patients, according to the Michigan Tuberculosis Association.

The study was made by Dr. W. Leonard Howard, medical superintendent of Maybury.

Dr. Howard studied 182 patients who were admitted to the sanatorium in 1955 and who had previously walked out of a TB hospital against medical advice.

He found an average of \$5,000 had been spent treating these patients. For 23 of them, more than \$10,000 each had been spent; for five of them, more than \$20,000 each, and for two of them, more than \$30,000 each.

The association speculated that several hundred thousand dollars could be saved taxpayers if a bill now before the house public health committee is passed. The bill would close loopholes that now let uncooperative patients committed to TB hospitals by court order leave the sanatoriums against medical advice.

Spring Sports Underway This Week

Golf League Seeking 7 Members

Golf time is just around the corner in Northville. A call went out this week for applications for spots in the Northville Golf League — scheduled to begin play on April 20 at Brue Burn Golf club.

The league consists of Northville businessmen and residents who play twilight golf on Tuesday evenings from 4:30 to 5:30 p.m.

According to William Crump, some seven positions are still open in the 40-member league.

"Members range from 'hasher' to 'scratch golfers', so we use a good handicap system to match everybody equally," Crump said.

Crump added that all members should be signed up by April 20 to insure a strong start for the league 10 days later.

Further details can be had by calling Crump at Northville 14633.

HARNESS FANS across the state will have their eyes on Northville Downs next Thursday when the local track opens its 1957 meeting. The Downs, with a 38-night schedule, will be the only state harness track in operation until the last week of its meet. In the meantime, horses and trainers are continuing to work out at the track in preparation for opening night.

Downs to Open a Week from Tonight

Preparations were at a feverish pitch at Northville Downs this week as the track got ready for opening night next Thursday.

General manager John J. Carro predicts there will be 800 horses on the grounds when the starter sends off the first race for the earliest meeting in Michigan history.

It will be the only Michigan racing until runners open at Hazel Park on May 21, Northville, which races 38 nights through June 1, finds itself without competition except for its final week.

Some 200 horses have wintered and put in early training at the Downs despite the snow, rain and cold which has plagued harnessmen in recent weeks. Another 300 horses arrived over the week end and early this week.

Busiest man on the grounds is Charlie Coon whose job is to have the track in shape by opening night and yet allow the anxious horsemen to use the track in the meanwhile.

The pressure is on as they glance

to sharpen up their paces and trotters in time for the first "hayrve off".

Meantime, racing secretary Bill Connors foresees one of Northville's best racing seasons with any kind of a break in the weather. He reports an influx of at least 50 new Canadian horses which are expected to give Michigan horsemen and other regulars top competition.

Connors is returning to the Northville scene after an absence of four years. He succeeds Harry Hatch who made commitments on the west coast before the early Northville dates were announced.

The Northville meeting also will bring John DuCharme back to the Michigan scene. The presiding judge at Wolverine Raceway last year, he replaces the veteran Malcolm Lindehan of Adrian as state steward. Lindehan resigned last September when he and his brother, Albert Jr., purchased a partnership in the Downs.

DuCharme will represent the State at all of Michigan's pari-mutuel harness racing meetings.

Merchants to Hold Practice Sunday

The Northville Merchants baseball team of the Class A Inter-County League will hold its first practice this Sunday at 1 p.m. at Cass Benion park.

Players wishing to try out should contact managers Joe Krlich and Steve Foline.

Some 14 teams were represented at an organizational meeting in Plymouth last Sunday, Krlich said.

The season opens in May. All teams will play doubleheaders on all holidays during the summer.

Northville finished in third place in 1956.

John Starkweather On Yale Tank Squad

John Starkweather of Northville is a member of the swimming squad at Trumbull college — one of the ten residential colleges at Yale.

The intercollegiate athletic plan at Yale provides various levels of competition for upper classmen throughout the year. Intercollegiate competition involves a total of 15 different sports.

Starkweather, a member of the class of 1958, is majoring in mechanical engineering at Yale.

Morrison, Sprenger Pace Novi Sure Shots

Tom Morrison and Willard Sprenger paced the Novi Sure Shots last week in prone and kneeling competition.

High men in the prone were Morrison, 63; Dennis Gilbert, 63; and Willard Kraist, 67.

In the kneeling position, Sprenger had 88; Dennis Snow, 74; and Don Coleman, 66.

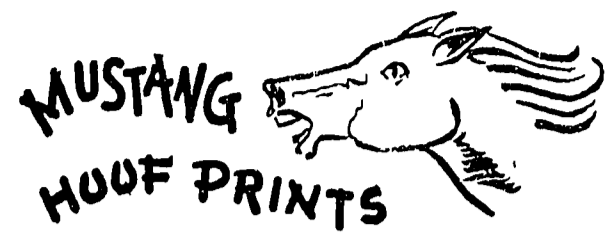

The junior rifle club meets every Tuesday night from 6:30 to 9. Visitors are welcome.

News of Northville High School

Junior Play Monday, Tuesday

Sociology Students Learn Of Mental Illness and Cures

Mr. Meaker's sociology class took a trip to the Northville State Mental hospital recently, where they were taken on an escorted tour around the building and shown various activities and therapies for the mentally ill.

Students Visit MSU Campus

This is the season when senior's thoughts are turned to college. In keeping with this theory, Judy Inhof and Suzie Dewsbury journeyed to their prospective college—Michigan State university, to see the campus, residence halls and to glimpse general life.

"Hoof Prints"

"Mustang Hoof Prints" is prepared and written by the Northville high school students under the supervision of Miss Florence Panatoni.

Editor — Emilie Seguin Associate Editors — Michael Peltz, Nancy Lawrence; Staff: Penny Niece, Nancy Morrison, Gary Holms, Brenda Wortman and Bernhard Muller.

Student Honored

Bernhard Muller was recently nominated one of 38 outstanding science students from the suburban Detroit area to vie for a \$500 scholarship to the college of his choice.

The junior class held a class meeting last week Tuesday, April 2 at which reports were given by the chairman of the various committees working on the junior play, "One Foot in Heaven".

The play will be presented April 15 and 16, Monday and Tuesday evening, at the Community building.

The story concerns the problems of a minister and his family when they move into a new community— and promises many humorous incidents.

The scenery committee began to work on their part of the project last week Monday.

Tickets are now on sale and can be purchased from any of the juniors. No definite plans for future class activities have been made in order that every junior may work his hardest on the present dramatic project.

On March 23, eleven members of LaGene Quay's science classes undertook a car-washing project at Miller's garage. The students earned close to \$4 apiece.

This money will be counted as a payment on the total cost of the long-planned Chicago trip which all the science classes will take on April 17. The car wash is the second money-making project that these high school "scientists" have engineered.

The final business venture which the students undertook to fill up their trip fund was held last Saturday, April 6. Willing students from each of the various science classes washed oil trucks belonging to C. R. Ely and Sons.

Many of the students have completely paid up their part of the total cost of the excursion through their industrial assistance and co-operation during each fund-raising project.

NEA Celebration Last Thursday The 100th birthday of the National Education Association was celebrated last Thursday night when a dinner was held in the Community building.

Guests were welcomed by Miss Lanco. The speakers were Mrs. R. B. Larkins, who spoke about teaching in city schools; S. S. Stator, who spoke about teaching in rural schools; Russell Amerman, who spoke on the directors report of 1957, which included the fact that teachers then received only \$45 a month; Mr. Meaker told of the history of Northville schools, and T.R. Carrington reminisced about Northville's past.

The dinner was served by the Future Teachers of America members of Northville high school.

Music at Assembly Given by Glee Club

Among the more student-favored high school activities are the occasional assembly programs. Such an event is always welcomed, but last week's program proved to be exceptionally well received — the Men's Glee club from the Michigan Institute of Technology.

The glee club offered a variety of selections, from Bachman's "Creation Hymn" to college songs, spirituals and a Broadway show tune.

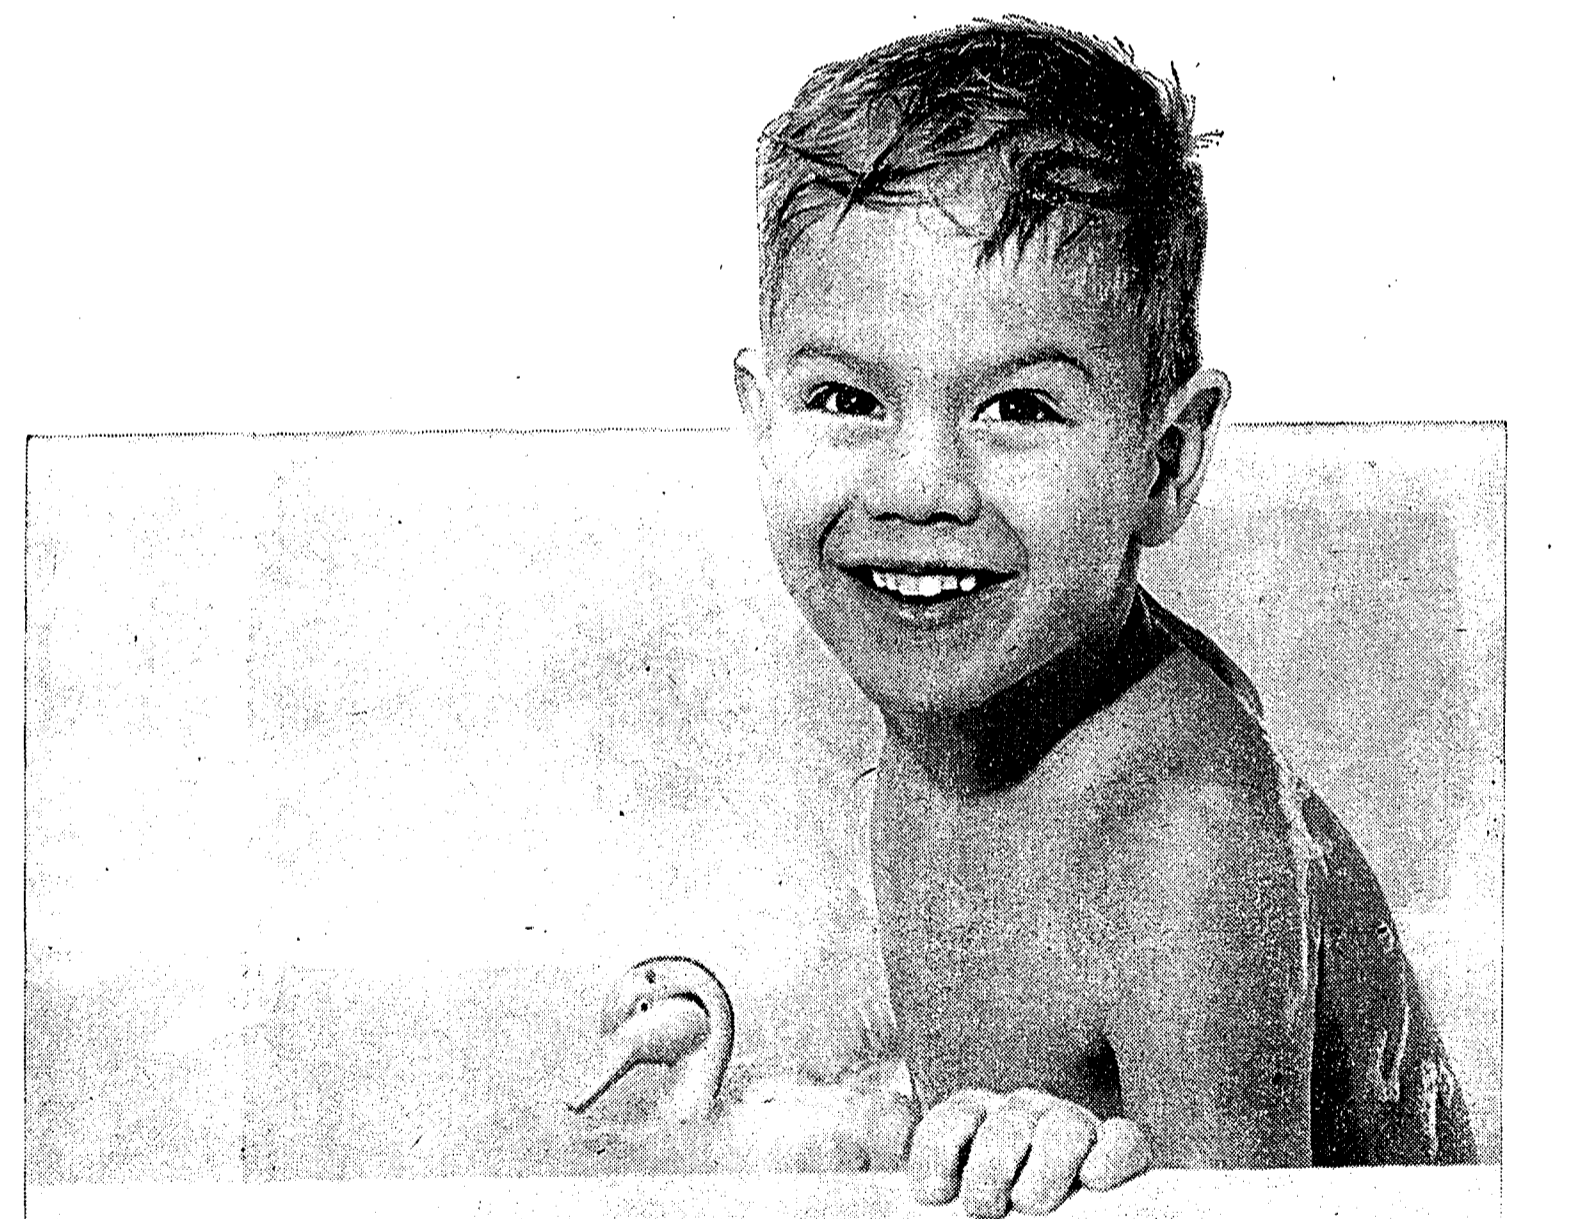

They also featured a bass soloist and a quartet which sang several numbers.

Plenty of hot water with DETROIT EDISON'S NEW ELECTRIC WATER-HEATING SERVICE

Bath time is fun time with lots of hot water

1957 electric water heaters, built to Edison's rigid specifications, give you all the hot water you want! Why Buy an Electric Water Heater? Electric water heaters are the safest water heaters ever built. And these new models offer other advantages, too. There's no need to dig heaters. No flues to limit where the heater must be installed. Put your new electric water heater where you want it, even in the kitchen or utility room. There's no flame to worry about. No odor from fumes. And insulation makes them cool, and they're noiseless. You can put your confidence in an electric heater built to Detroit Edison's rigid specifications for years of trouble-free operation.

New Business Machine Produced by Burroughs

A major new addition to the Burroughs line of business machines is now being produced at the firm's Plymouth Manufacturing and Engineering Division.

The versatile new machine called the Typing Sensimatic combines an 8-character, full-keyboard electric typewriter with a high-speed accumulating register accounting machine and is capable of handling a broad range of descriptive and numerical accounting jobs.

According to Ken T. Bennett, general sales manager for Burroughs Division of Burroughs Corporation, "The Typing Sensimatic was designed to meet increasing demands for flexibility in the handling of office paper work, particularly in the areas of posting and accounting."

He pointed out that the primary considerations in the design of the new machine were operating convenience and versatility of application.

"Because of its design, the new machine can be used with standard forms as well as customer-designed posting and accounting systems," he added. "This is another step in Burroughs' effort to provide a high level of automation in the operation of the modern office."

THE NOVI NEWS

Published by The Noviville Record, Inc., 101 North Center Street, each Thursday, Entered as second class matter at the U. S. Post Office, Northville, Michigan.

Member: Michigan Press Association National Editorial Association. SUBSCRIPTION RATES: \$3.00 per year in Michigan, \$4.00 elsewhere.

SPEAKING for the Record

Two long-time officials of the city of Northville were honored Tuesday evening at a special dinner held at Danny's Chop House.

Members of the city's official family and their wives turned out to express their individual appreciation for the outstanding contribution retiring Councilman John Stubenvoll and Treasurer Russ Clarke have made to Northville.

Clarke became village treasurer in 1942 and Stubenvoll was first elected to the commission in 1946. Clarke has asked to be relieved of his duties on May 1 and Stubenvoll did not run for re-election. Both are officials of the Manufacturers National Bank and have assumed new responsibilities since the merger that leave less time for outside activities.

Just how well they performed their duties was evidenced from the expression of the people who have worked with them.

While Northville is bound to miss Clarke and Stubenvoll, some comfort can be garnered from the fact that they'll be around for counsel and advice.

A close look at the highly-sensitive relations existing between Northville and Novi is being taken by officials on both sides. There has been no real action that would raise any hope that a solution to this touchy problem is near, but the signs are there.

Elections, lawsuits and appeals cost money. The results of such actions are never satisfactory on both sides and it always leaves deep scars. Yet the pressure of expansion and the need to provide services for new residents is constant upon both areas. They cannot stand still.

Northville needs more area. Novi needs more services. Novi, feeling unprotected from land annexation, is fearful of losing its identity completely. Northville, ready and willing to provide services to newly developed residential areas, will not do so unless these residents pay city taxes.

It's a situation that exists wherever there are cities and townships. Even now new laws are being studied that would change, but probably not solve, the problem. The possibility of solving the differences across the table is undoubtedly very slim. Still, it could be tried.

State Bar Takes Long Look at JP Status

ANOTHER LOOK AT Michigan's justice of the peace machinery occurred when Francis E. Barron, Howell attorney, recently charged that JP's often conduct a "racket system" to collect fines and costs. The justice of the peace office has been controversial previously. Usually the issue involved is whether these elected officials are qualified to administer their jobs properly?

Some 1,000 biographies are already on file. Each is prepared by the "personality" himself. Each covers both factual material, and human interest sidelights that are often lost when a generation dies. The library sends a form directly to "jacked" personalities. This includes information and photographs of historical importance.

The collection is more than a Michigan's "Who's Who". The goal is to preserve records direct from persons who have contributed to Michigan's development. A look through the biographies on file discloses many names not generally known — and many not recorded elsewhere.

The lucky lass picked in the May finals will find a busy year ahead of her. She will immediately tour the eastern United States as an ambassador for Michigan Week.

Next Week It's S-O-S Days in Northville!

Interest in the event is very enthusiastic, says Charles Stone, State director for the Automobile Dairy Association, the program's major sponsor. Competition among entrants for the County Dairy Princess contest is keen. In Huron County for example, there are 44 girls entered.

Next Week It's S-O-S Days in Northville!

That's where you can help. Suggestion of additional names are welcomed by Mrs. Laughlin. Persons in business, in sciences, the arts, education and in every field are needed. Send your suggestions to Mrs. Es-

Roger Babson

Babson Park, Mass. When a very small boy I remember my father driving his horse and buggy to Salem, 15 miles away, to get an orange for his very sick aunt. Those were the days when no Christmas was complete unless we found an orange in the tree of the stocking which we hung by the fireplace before going to bed on Christmas Eve. I remember later one orange was given by the public school principal as a reward for having perfect attendance for the entire school year.

Citrus Growers Set Good Example

California. The latter state, however, is growing so fast that orange groves are becoming more valuable as home sites and citrus production is decreasing. Keeping Up to Date All of this competition results in constantly improved quality and in keeping the price within reach of all families. Hence, with the constant growth in population, demand will continue to increase. But Northville is not the only market for citrus juices. Foreign governments are also recognizing their great health value.

THE NOVI NEWS YOU KNOW WHAT'S HAPPENING IN NOVI TOWNSHIP IF YOU READ THE NEWS

Lincoln Opens New National Headquarters

Edition Tells Full Story Of Division

While the future of Lincoln may be left to your imagination, very little of its past has been overlooked in this 16-page tribute to Novi township's "newest neighbor". The section, two months in the making, represents combined efforts of the public relations staff of Lincoln and Northville Record-Nowi News personnel.

Articles, features and pictures take the reader back to the very beginning of the Lincoln automobile company, founded in 1919 by Henry Ford II.

The record construction job which saw the barren 285-acre site transformed into a sprawling factory covering 1 1/2 million square feet in only 10 months and 13 days is also reviewed.

The reader will meet the top executives of Lincoln, a young, keenly experienced crew averaging but 39 years of age. From Henry Ford II and Lincoln's General Manager Ben D. Mills come special messages of greeting. Novi township's Supervisor Frazer Staman officially welcomes Lincoln and its employees as does the charter commission of the newly formed village of Wixom.

First pictures taken inside the new plant give the reader some idea of what it takes to produce a quality automobile. The massive size of the plant is best described by the fact that every major league opening day baseball game could be played within its confines.

Lincoln, Novi, Wixom Shake Hands

The opening of the new Lincoln headquarters in the Novi-Wixom area today marks an important milestone in Ford Motor Company's program of advancement in the prestige car market.

Lincoln now has the most modern facilities in the world for the assembly of fine cars. Coupled with a new direct sales organization and a nationwide dealer body, the new facilities will enable the Lincoln Division to extend the gains it has made since its establishment as a separate division in April of 1955.

The opening of Lincoln's new national headquarters marks the biggest step in the 35-year history of our automobile. Lincoln's new facilities, the finest facilities in the world for the production of a prestige car, symbolize the confidence we have in the future of Lincoln and the American economy.

It is a privilege to welcome the Lincoln Division of the Ford Motor Company to Novi Township. Our citizens have been honored by this company selecting our area for the future home of this great organization.

Our township is growing rapidly and already the Lincoln Division has played its part in our growth. This company, its officers and employees, in the year they have been with us, have been good neighbors and very good friends.

New Plant A Milestone In Industry

Years of planning reached a climax this week as the Lincoln Division of Ford Motor Company moved into its new national headquarters in Novi township.

The new headquarters gives Lincoln its first completely separate facilities for the manufacture, production and world-wide distribution of its cars.

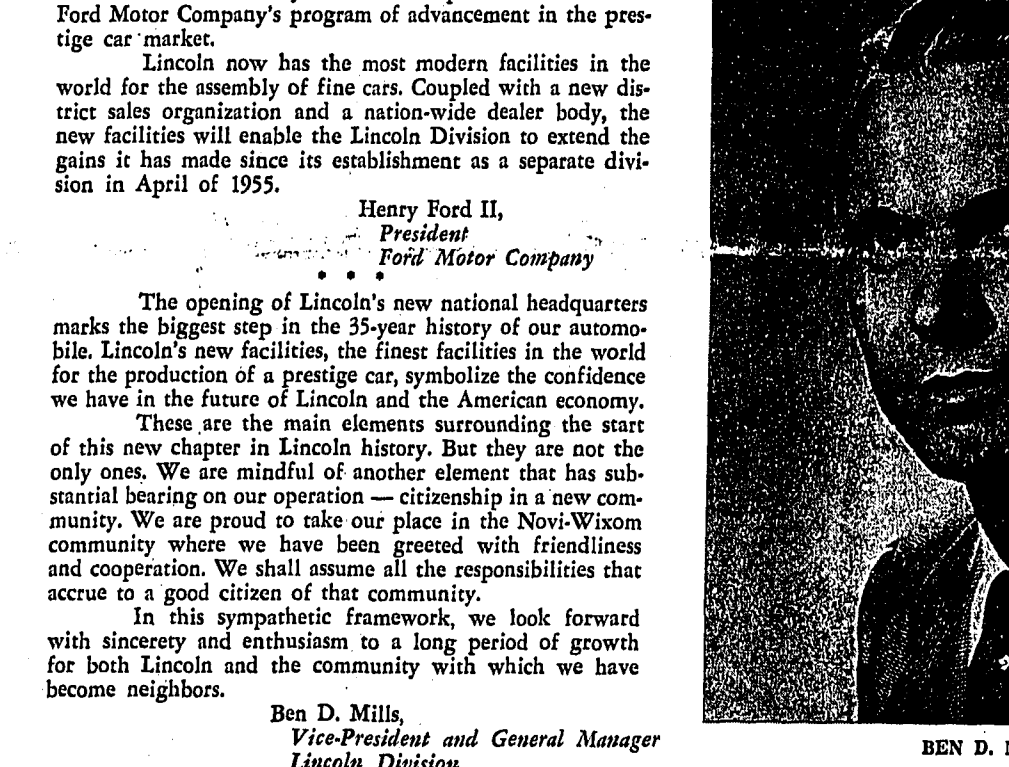

The new headquarters is a milestone in Lincoln's program of advancement in the fine car market. The assembly plant, located on 285 acres near Grand River and Wixom roads, the site offers ample room for future expansion.

As supervisor of this Township, I welcome you here and wish you much continued success.

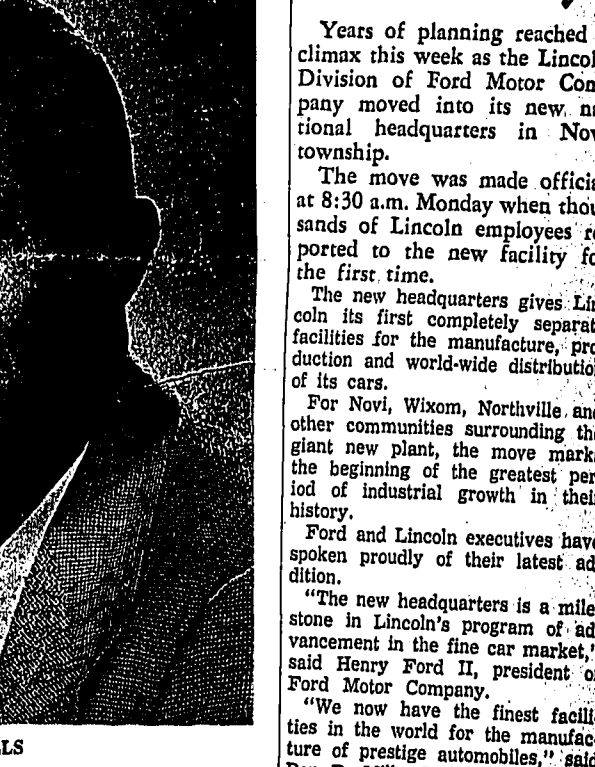

Construction of the sparkling new facility took just 16 months and 13 days — a Ford record for a project of its size.

HENRY FORD II President Ford Motor Company

BEN D. MILLS Vice-President and General Manager Lincoln Division

Frazer W. Staman, Supervisor Novi Township

Suburban Trend Comes to Area with New Lincoln Plant

When government, civic and business leaders in and around Novi township say that the new Lincoln plant will be a boon to progress in their area, they are not merely expressing a platitude.

Industry, utilities, governments, banking firms and retail business associations have joined in the welcome to Lincoln in Novi township.

Construction of the sparkling new facility took just 16 months and 13 days — a Ford record for a project of its size.
