Youths Fill Prisons

MICHIGAN GOT A REMINDER last week that it has another major bridge project on the planning boards. It won't be quite as long, as high, or as expensive as the Mackinac Straits Bridge, but it will be important.

For years, governors appointed members to the International Bridge Authority, but the work went on quietly until this spring. The Authority's mission is to build a bridge linking the Upper Peninsula and Canada from Sault Ste. Marie, Michigan to Sault Ste. Marie, Ontario.

For years, the plans were a tussle up between a bridge and a tunnel. Last week Attorney General Thost M. Keweenaw ruled that the Authority is "an agent and instrumentality of the state and is acting on behalf of the public."

This added official stature to the Authority and observers predicted the day will arrive soon when the bridge is financed and started.

Only nagging fear—a fear present when the Mackinac Bridge and any other large self-financing project is started—is that the state will require the state to pay off the bonds if revenues do not come.

There are still myriad details to be worked out. Michigan has cleared the approach to the bridge, but the Canadian phase of the project is still in negotiations.

When a judge places a juvenile offender on probation, he is enrolled in PREP (Preventive Readiness for Employment Program), a state-local cooperative program.

Only one city—Mt. Clemens—has a full program now, but other cities are making plans. "Graduates" receive their "diplomas" when they have learned a trade and are released from probation.

AS SUMMER INFLECTS the dollars on many activities, look for these projects and events in state government: There will be an attempt to slow down half actions of railroads in abandoning passenger service on lines considered to be unprofitable.

Legislators in both parties will get behind a plan to safeguard labor union funds from raids similar to that which sent a Senator's Boss Dave Beck before a Senate committee.

Auto Gold Lies in Parking Lot Investments

Babson Park, Mass. — Of two things I am certain, either radical steps must be taken to head off the increasing automobile congestion in cities, or else the sale of automobiles will decline. Either a hundred billion dollars must be expended for road improvements, or else readers here better sell their General Motors stocks on the next good rise. Furthermore, I believe that the best forecast on the solution of the traffic problem.

Overhead Throughways for Motorcycles, Bicycles and Foot Passengers on Roller Skates. In most cities, awnings are not permissible for retail stores. These elevated "throughways" would serve also as protection from rain and sun to pedestrians on the sidewalks below. They would have outlets at every building. Just inside these elevated "throughways" would be a place to park vehicles. Cities would soon be repaid for building these elevated "throughways" by increased assessments. They would make the second stories as valuable as the first floors.

SPEAKING for the Record

By BILL SLIGER. It was news to us that CKLW radio and TV personality Myrtle Labitt is a former Northville resident.

More interesting to us is the fact that Myrtle's husband, Roy, is a former Record advertising salesman. Now a paper salesman for Whitaker Paper company in Detroit, Roy calls on us regularly and this week filled us in on the details of a two months' vacation trip to Spain.

The Labitts lived on Eight Mile road in the residence now occupied by the Paul Beards. In 1935 Myrtle, while living in Northville took a "temporary" job with CKLW and has been there ever since.

While in Spain the Labitts had the free use of a Volvo, Swedish made automobile, with the compliments of the company. They took more than 10,000 feet of movies which viewers will be seeing on Myrtle's Friday afternoon (Channel 9) program.

Myrtle's program went on as usual while the Labitts enjoyed the sights. Daughter, Doris, took over. Another daughter, Joan, provided viewers in Spain. She lives in Madrid with her husband, Richard Dragin, who teaches U.S. Army youngsters.

Ray called the Holland Tulip Festival the highlight of their trip. He said that film clips are now being prepared for showing.

We didn't have enough room last week to squeeze in a story about vacations and burglars. Some handy DO's and DON'T'S, approved by Joe Denton and Lee BeGole of Northville and Novi's police departments, are worth heeding.

When going on vacation, they warn, DON'T: leave your home dark; close blinds or draw shades; leave valuables lying around; leave garage door open; DO: cancel all deliveries; have post office or neighbor hold all mail; close and lock all windows and doors; have phone disconnected; have lawn mowed and walks swept regularly by neighbor; tell neighbors and local police when you leave and how long you will be gone.

Another sure-fire preventative: don't take a vacation.

THE NOVI NEWS. YOU KNOW WHAT'S HAPPENING IN NOVI TOWNSHIP IF YOU READ THE NEWS

Track Group Eyes Harness Racing in Novi Next Year

Novi township may have harness racing by next year, a spokesman for the proposed Novi race track said this week. But state racing commissioner James H. Inglis called the forecast "a little optimistic at this time."

B. F. Gregorie, a leading figure in the syndicate which hopes to build the track, said ground for the structure would probably be broken next month unless unforeseen complications develop.

Gregorie said most of the stumbling blocks which have held up construction for several months have now been cleared. He called the problem of providing sewer facilities for crowds of 20,000 people or more.

The \$5,000,000 race track and sports center would be located at Grand River and Meadowbrook. It would feature an elaborate grandstand with an all-weather sliding roof to allow use of facilities throughout the year.

Gregorie said Detroit Edison has agreed to give service, and that Michigan Bell will run coaxial cables to handle the track's television studios. In addition, he said, the track would be able to tie into new gas mains running to the area.

The track's sewer problem is apparently solved, he said. Under present plans, the track would tie in with a sewer network currently under construction by the city.

Further advancement of the sewer plans is expected within the next few weeks.

Gregorie said he intends to file an application for a track with the racing commissioner soon, but that he has no definite plans to issue until the track is well along and the syndicate's financial structure is properly sound.

Inglis himself said he has not been consulted officially on the track question.

Asked if he would consider extending the racing season to provide dates for the Novi track, the racing commissioner said he could not anticipate what might happen until he knows more about the track project. He seemed skeptical of the possibility of enclosing and heating a harness racing track for pre- or post-season racing.

Inglis also noted that he cannot take action on a new track application until a current application for a track in Mount Clemens is settled. Macomb county circuit court last enjoined him from issuing a fourth- and last—Detroit metropolitan area license until the Mount Clemens case is heard this fall.

In this connection, Inglis said he received a check for an application fee from Gregorie, but returned it when the application itself did not follow within several weeks.

Inglis added that the Novi track, if it should be licensed, probably would be entitled to racing dates. Gregorie said he currently held up only part of the program at the track site.

Peace and Quiet Reign Once Again On Wixom Road

Peace settled on Wixom road last week, but not until a running battle between one of its residents and contractors for a rewidening project went into Oakland county circuit court.

With Judge H. Russell Holland acting as mediator, the two parties each gave a little ground and settled the dispute to the satisfaction of both.

As a result, the contractors will go ahead with the widening project, and Wixom road residents will get their desired shut-eye.

The feud blew up last week when Stan Balon, a Novi township trustee and a resident of the road, went to court with a complaint that noise from the road work was keeping him and his neighbors awake from dawn on.

The court ordered the defendants—the Leselle Construction company and subcontractors William Cunningham and James L. Lillie —to appear Monday and show cause why an injunction should not be issued to halt the iron-protecting activities.

Appearing Monday, the defendants agreed to three conditions: not to block driveways except when necessary to let concrete dry; to reseed the road for dust when ever necessary;

to refrain from using heavy equipment near homes before 6 a.m. and instead to work elsewhere so as not to lose time on the project.

According to Novi township trustee Anthony Renna, who represented Balon, Judge Holland adjourned the hearing indefinitely. Should further trouble arise the injunction hearing would be reopened.

Renna noted that although the agreement applied specifically to Balon since he was the legal complainant, the condition will actually apply to all homes on Wixom road.

Novi Highlights: Over 100 At Church Picnic. By Mrs. Luther Rix. Novi township chose Russell Taylor to send to Boys State at Michigan State university this year.

Novi Township will be celebrating its 25th anniversary on Tuesday, June 25. Mr. and Mrs. Russell Taylor and son, Bobby, visited their home in Michigan State.

Mr. and Mrs. Erwin F. Geppert and daughters, Noel and Sue, are expected to leave again this afternoon to stay at their home on Dixon road.

Sunday guests at the home of Mr. and Mrs. Russell Buton were the former's relatives, Mr. and Mrs. Gordon R. Blakeslee and son, Ricky, from Lansing and Rev. and Mrs. Ronald Buton and son, Bob, from Davison. Bob is spending two weeks with his uncle and aunt, Mr. and Mrs. Russell Buton, while his mother attends a house party at Hillsdale, and his father visits his sister, Mrs. Blakeslee, in Lansing.

Mrs. Luther Rix attended the wedding of her grandniece, Miss Sheila Smith and William Dockert at the Methodist church in Webberville last Thursday evening.

Mrs. Rix's daughter, Mrs. Ruth Taylor, is in the hospital at this time. She is recovering from a recent operation.

Ponder Solution Of Traffic Snarls At Intersections

The worst traffic jam of the year in Novi township has prompted a renewed attack on evening and week end congestion at Novi road and Grand River.

Harbert Koester, president of the Novi Township Democratic club, this week came up with a suggestion for easing the flow of traffic at the snarled intersection after mile-long jams Sunday made the crossing all but impassable.

Novi police reported that traffic was lined up along Novi road as far as Walled Lake amusement park, and for miles out Grand River and 12 Mile road toward Kensington park. Conditions have been similar at other times, including week day evening traffic.

"Much of the trouble there comes from cars being unable to swing out and around other cars waiting to make left turns," Koester said. He suggested that no-parking, no-stopping signs be posted along the shoulders near the intersection to allow cars to pass on the right. He added that lines could be painted on the pavement to indicate the flow of traffic.

Novi supervisor Fraser Staman and police chief Leo BeGole agreed that something must be done about the increasing congestion problem there.

But Staman noted that Grand River is a state highway and that Novi has little power to control it. "For example, we should have had a control of the traffic light," he said, "but it's out of our hands because it's a state matter."

As for getting no-parking and no-stopping signs, Staman noted that it took many months to get speed limit signs for Willowbrook Village even though Novi put up the money.

"The process is so slow that I doubt if anything could be done about the traffic problem this year," he said.

Staman added that traffic from the new Lincoln plant is causing considerable jamming up Wixom road and Grand River. He said a traffic light should be installed there, but that it is a state matter.

The other two changes to be considered are: rezoning of a site on East Lake road near New Court — north of Walled Lake amusement park — to allow establishment of a trailer park; rezoning of a site at Meadowbrook and 10 Mile for a shopping center serving Willowbrook Village.

The trailer park rezoning request was tabled a month ago when 37 residents of the area petitioned against it. Options expressed by the zoning board since then have indicated the rezoning request will be approved.

The second request would increase the commercial site southwest of Meadowbrook and 10 Mile from 400 feet to 450 feet by 500 feet. Most of it would be used for a parking lot for the proposed shopping center.

A spokesman for Stephen-Allen, Inc. said his firm will not build the shopping center for at least a year. He described it as a "typical neighborhood development, but nothing elaborate."

Apartment Houses Stated near Wixom. A proposed zoning change to allow construction of a small apartment house development near Wixom will be before the Novi township zoning board on July 29.

Seek East Novi Rezoning For Residential Growth

Four proposed zoning ordinances designed to open up a vast section of eastern Novi township for residential growth will come up for a public hearing next Tuesday.

At the same time, the zoning board will consider two amendments to its zoning ordinance calling for rezoning of sites to allow a commercial site and a trailer park in Novi.

The hearing will begin at 8 p.m. in the township hall. The residential package would change all of section 25 and parts of sections 26, 28 and 29 from agricultural to residential use. It includes more than two square miles.

According to zoning board spokesmen, the changes are designed to provide room for the heavy residential growth that is expected to come into Novi within the next few years.

The other two changes to be considered are: rezoning of a site on East Lake road near New Court — north of Walled Lake amusement park — to allow establishment of a trailer park; rezoning of a site at Meadowbrook and 10 Mile for a shopping center serving Willowbrook Village.

The trailer park rezoning request was tabled a month ago when 37 residents of the area petitioned against it. Options expressed by the zoning board since then have indicated the rezoning request will be approved.

The second request would increase the commercial site southwest of Meadowbrook and 10 Mile from 400 feet to 450 feet by 500 feet. Most of it would be used for a parking lot for the proposed shopping center.

A spokesman for Stephen-Allen, Inc. said his firm will not build the shopping center for at least a year. He described it as a "typical neighborhood development, but nothing elaborate."

Apartment Houses Stated near Wixom. A proposed zoning change to allow construction of a small apartment house development near Wixom will be before the Novi township zoning board on July 29.

Three or four buildings, each with nine "efficiency apartments", would be built near the corner of Pontiac Trail and West Lake drive, facing Willowbrook Village.

The proposed rezoning calls for a change from "small farm" to "multiple dwelling" classification. Initial plans for the development were presented to the zoning board Monday night. Board members indicated they were pleased with the quality of the proposed housing group.

Approval of the rezoning must come from both Novi and Walled Lake, since the 10-acre site lies partially in both communities.

But Inglis Calls Plans "Optimistic"

Novi township may have harness racing by next year, a spokesman for the proposed Novi race track said this week.

But state racing commissioner James H. Inglis called the forecast "a little optimistic at this time."

B. F. Gregorie, a leading figure in the syndicate which hopes to build the track, said ground for the structure would probably be broken next month unless unforeseen complications develop.

Gregorie said most of the stumbling blocks which have held up construction for several months have now been cleared. He called the problem of providing sewer facilities for crowds of 20,000 people or more.

The \$5,000,000 race track and sports center would be located at Grand River and Meadowbrook. It would feature an elaborate grandstand with an all-weather sliding roof to allow use of facilities throughout the year.

Gregorie said Detroit Edison has agreed to give service, and that Michigan Bell will run coaxial cables to handle the track's television studios. In addition, he said, the track would be able to tie into new gas mains running to the area.

The track's sewer problem is apparently solved, he said. Under present plans, the track would tie in with a sewer network currently under construction by the city.

Further advancement of the sewer plans is expected within the next few weeks.

Gregorie said he intends to file an application for a track with the racing commissioner soon, but that he has no definite plans to issue until the track is well along and the syndicate's financial structure is properly sound.

Inglis himself said he has not been consulted officially on the track question.

Asked if he would consider extending the racing season to provide dates for the Novi track, the racing commissioner said he could not anticipate what might happen until he knows more about the track project.

He seemed skeptical of the possibility of enclosing and heating a harness racing track for pre- or post-season racing.

Inglis also noted that he cannot take action on a new track application until a current application for a track in Mount Clemens is settled. Macomb county circuit court last enjoined him from issuing a fourth- and last—Detroit metropolitan area license until the Mount Clemens case is heard this fall.

In this connection, Inglis said he received a check for an application fee from Gregorie, but returned it when the application itself did not follow within several weeks.

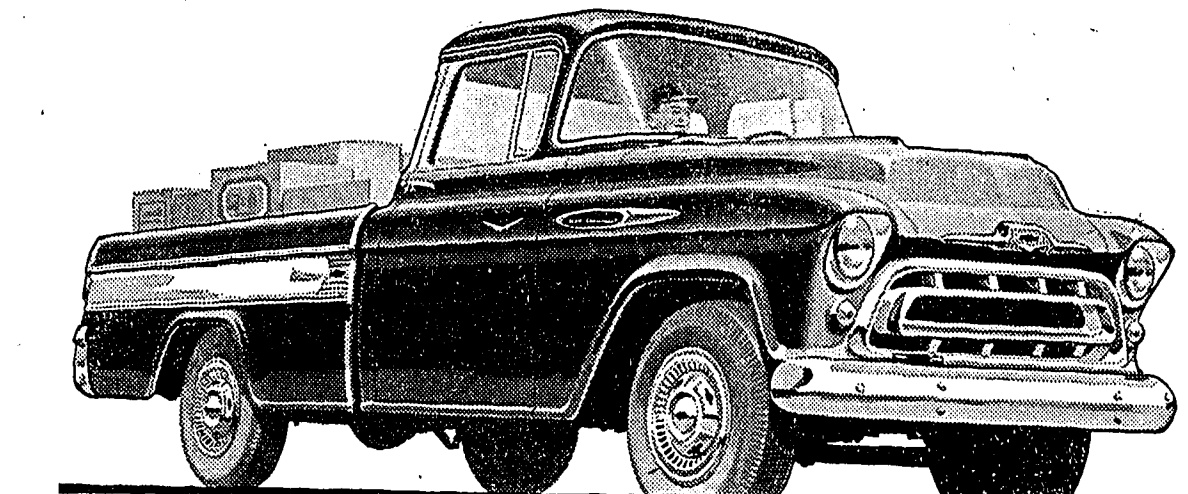

Inglis added that the Novi track, if it should be licensed, probably would be entitled to racing dates. Gregorie said he currently held up only part of the program at the track site.

After all, there are 365 days in a year, and racing would take up only 30 or 40 days," he said.

Gregorie said the sports center could host boat shows, conventions, automobile panoramas, polo games and other sports events and exhibitions.

Inglis also hinted again at the possibility of baseball and football games at the center.

"We'll have 18 acres under one roof and a 250-foot ceiling," he said. "Few ballparks are lit higher than 120 feet. This site to serve Detroit television studios is currently held up by condemnation proceedings."

PROPOSED ZONING CHANGES — The Novi township zoning board Tuesday night will consider rezoning the shaded area shown above from agricultural to residential. The changes would open eastern Novi for the greatest home-building boom in the township's history. Two other proposed changes will be taken up at the same time.

Novi Highlights: Over 100 At Church Picnic. By Mrs. Luther Rix. Novi township chose Russell Taylor to send to Boys State at Michigan State university this year.

Novi Township will be celebrating its 25th anniversary on Tuesday, June 25. Mr. and Mrs. Russell Taylor and son, Bobby, visited their home in Michigan State.

Mr. and Mrs. Erwin F. Geppert and daughters, Noel and Sue, are expected to leave again this afternoon to stay at their home on Dixon road.

Sunday guests at the home of Mr. and Mrs. Russell Buton were the former's relatives, Mr. and Mrs. Gordon R. Blakeslee and son, Ricky, from Lansing and Rev. and Mrs. Ronald Buton and son, Bob, from Davison.

Mrs. Luther Rix attended the wedding of her grandniece, Miss Sheila Smith and William Dockert at the Methodist church in Webberville last Thursday evening.

Mrs. Rix's daughter, Mrs. Ruth Taylor, is in the hospital at this time. She is recovering from a recent operation.

Apartment Houses Stated near Wixom. A proposed zoning change to allow construction of a small apartment house development near Wixom will be before the Novi township zoning board on July 29.

Three or four buildings, each with nine "efficiency apartments", would be built near the corner of Pontiac Trail and West Lake drive, facing Willowbrook Village.

The proposed rezoning calls for a change from "small farm" to "multiple dwelling" classification. Initial plans for the development were presented to the zoning board Monday night. Board members indicated they were pleased with the quality of the proposed housing group.

Approval of the rezoning must come from both Novi and Walled Lake, since the 10-acre site lies partially in both communities.

# from the PASTOR'S STUDY

By the Rev. Fr. John Wittbeck  
Our Lady of Victory Church

**A Tribute To Mature Husbands and Wives**  
 Every day the public is exposed to news paper, movie and television stories dealing with married people who have not grown up as loving partners. Letters to marriage counselors are publicly printed wherein one spouse is seeking advice concerning solutions to problems of divorce, separation, unfaithfulness, etc. Happily married people, and there are millions of them in the world, can give a ready answer to these questions and propose a solution to these problems. Being mature people, they tell us that the most important factor contributing to a happy marriage is a good preparation for marriage.

A good preparation entails more than a beautiful courtship where the two involved get to know each other well. It goes deeper than that. A young man or woman starts early in life by the practice of the different virtues and by self-discipline. It is much easier to grow up before 21 years of age than after the age of majority. Many men and women who know the weakness of their intended spouse during courtship erroneously concluded that they would be miracle-workers once the marriage vows were exchanged. A few, with the help of prayer, have been able to effect a change for the better on the immature spouse. But, generally speaking, a man or woman is much the same after marriage as before.

We pay tribute, especially in this wedding month of June, to the vast majority of American people who have grown up into mature manhood and womanhood. May God continue to bless their lives!

**CHEVROLET**  
 MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR.

Bring on the mountains! This new Chevrolet takes steep grades with such an easygoing stride you hardly even lean a thought. There's new lean-muscle power tucked away under that hood, just rarin' to handle any hill you aim it at.

And no matter how curvy the road, a light touch keeps Chevrolet right on course. You'll like the solid, even-keel way it stays put on sharp turns.

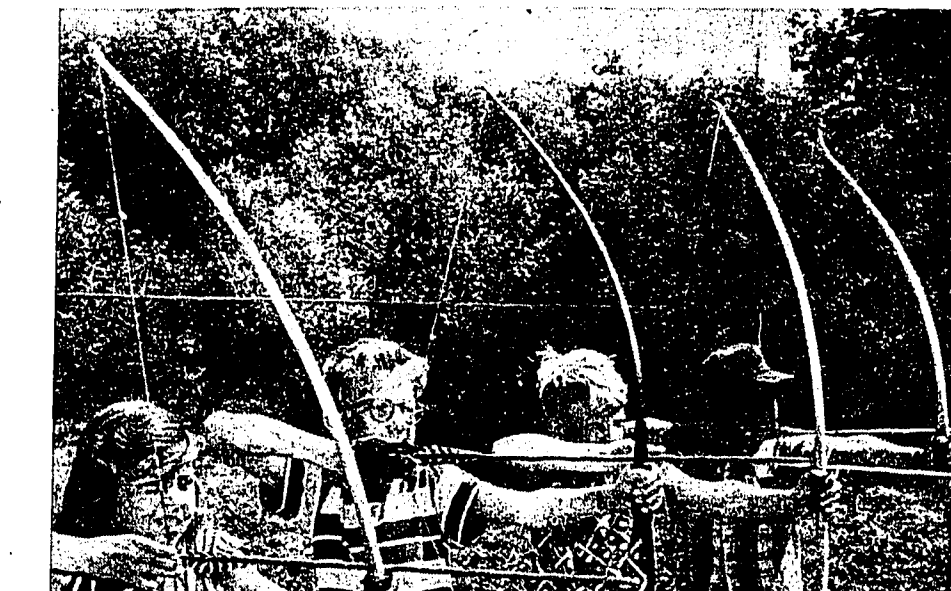

A car has to have a special kind of build to handle and ride and run like a Chevy. It has to have Chevrolet's low, wide stance, its outrigger rear springs and well-balanced weight! Live this sweet, smooth and sassy performer at your Chevrolet dealer's.

# Hills don't mean a thing to a Chevy!

# Northville '100' Shaping Up as Battle of 'Big Three'

Young Robin Hodous... Four archers draw their bows and take aim during archery instruction at Ford Field. Some 40 youngsters turned out for the first day of instruction last week.

The Northville '100' is shaping up as a battle of the "big three" — Chevrolet, Plymouth and Ford.

It past performances are any indication, the July 4 race at Northville Downs should see either a Chevrolet, Plymouth or Ford walk off with the roses — with Chevrolet the heavy favorite.

That was the word this week from Mel Larson, a top racing driver and promoter of the 100-lap, 50-mile race for 1954 and 1957 models. Chevrolet have dominated the Midwest Association of Racing Cars (MARC) now car races so far this season, with Ford and Plymouth slipping in for occasional victories, Larson said.

The recent Automobile Manufacturers Association ban on auto companies participating directly in races will not be noticed at the '100', Larson said. MARC drivers have raced as independents all along, and the factory-support ban will have little effect on them.

Larson noted that Chevrolet — with its new fuel injection capable of producing 200 horsepower and "terrible" acceleration — has had a substantial advantage over other cars. But he expected stiff competition from two 1957 Fords with 200-horsepower supercharged engines. Factory-supplied horsepower and suspension kits which are available through normal parts outlets may be used. Wheels, springs, shocks, axles and steering parts may be reinforced for safety, and cars must have a roll and safety belt.

Larson also has seen to it that the spectator's safety is insured. Guard rails and fences will be reinforced around the track, and the track will be specially coated to keep down dust and allow good vision for the drivers.

Time trials will start at 7 p.m. At 8:30 p.m., a three-lap trophy dash will feature the fastest Ford, Chevrolet and Plymouth. It will be followed by two 10-lap heat races and the 100-lap feature.

Tickets are now on sale at Northville Downs. Reservations may be made by phoning Plymouth 1822-72 or Northville 1461.

A fireworks display will be held during the racing program, and Betty Wilson — "Miss Northville Speedways" — will present the prizes to the winning drivers.

# Paragon Steelers Lead Little League

The Paragon Steelers moved into first place in the Novi Little League competition on July 4. The team, which has won the Novi title for two consecutive losses.

Earlier, Fiberglass handled the Bandits their first loss by downing them 9-2.

Paragon's victory over Young Door saw Jeff Crawford smash out a triple and home run, as the Steelers earned up five runs in both the first and fourth innings. Young Door came on for five in the fifth, but never quite headed the rambling Steelers.

Against National Bank, the Steelers had the benefit of some wild Bandit pitching. Paragon picked up 10 runs in the third inning as National Bank pitchers walked eight batters.

Fiberglass, which had won only one game previously, had little trouble with National Bank. The Sluggers were paced by hard-hitting Ron Bearden, who slugged out two triples, and Larry McCollum, who added another three-run homer.

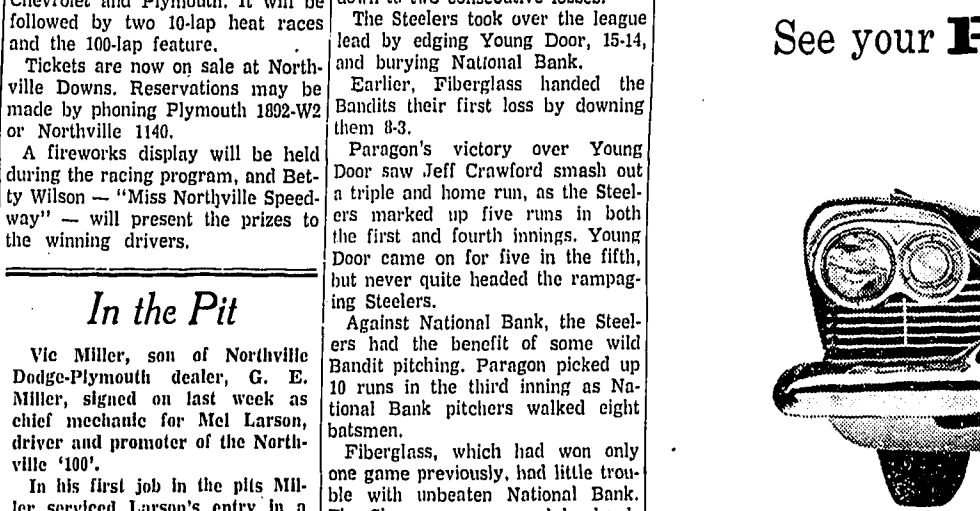

The standings:

Team	W	L
Paragon	5	1
National Bank	4	2
Fiberglass	2	4
Young Door	1	5

# Are Your Kids Too Young?

Parents were reminded this week that under-age children cannot be accepted for Northville recreation department swimming trips.

"We've been getting a number of children around three and four years old," said recreation director Steve Johnston, "and we simply can't handle them."

Johnston said the daily swimming program at Whitmore Lake is for children seven years or older.

"Younger children can attend, but only if they are accompanied by someone at least junior high school age," Johnston said. "We can't take them if they are sent with a younger child."

Johnston also noted that children under five years should not be sent to the day camp at Ford Field. Instructors there do not have time or facilities for looking after children that young, Johnston said.

# Recreation Schedule

**RECREATION EVENTS**  
 Day Camp — Arts, crafts, games at Ford Field daily from 9 a.m. to noon. For elementary school boys and girls. Registration every day at Scout hall.  
 Day Swims — Daily at Whitmore Lake. Buses leave high school at 1 p.m. Charge of 15¢ for admission to beach. Youngsters under 7 must be accompanied by other person.  
 Night Swims — Every Tuesday and Thursday. Buses leave high school at 6:15, return at 9:30 p.m. Must be 12 years old at least. Charge of 30¢ for beach admission.  
 Archery — Every Thursday. Beginners, 9:10 a.m. Others, 10:15 a.m. Equipment furnished.  
 Baseball — Four organized teams, regularly scheduled games, each Monday and Wednesday evenings. Boys 8-10.  
 Tee Wee Baseball — Fundamentals for boys and girls, 6:30 each Friday, 10-11:30 a.m. on diamond north of Cass Benton wading pool.

## Local Artists Exhibit Works

Spotlighted only by the sun, 50 paintings and displays of silver jewelry, mobiles and mosaics went on exhibit in Northville last Saturday. They were works of members of the Three Cities Art Club, displayed in an outdoor exhibit on the lawn of the First Presbyterian church. Paintings of local scenes, in Northville, Plymouth and Livonia, areas from which the club draws most of its members, were included in the showing. They were placed on easels especially designed for an outdoor exhibit by Wilfred Becker, Northville member of the club. Tied for first place in the popular vote contest in the Northville show were Marion Seber's portrait of "Waiting" and Harold Stein's oil painting, "South Lyon Depot". Popular vote winner in the two earlier shows in Plymouth and Livonia was a painting of Christ done by Herman Gabriel, Northville artist and photographer who passed away last week. Other Northville artists who exhibited include Mrs. Harold Hartley, Mrs. Hilda Sands, Marge Owens, Astrid Wagenschütz and Mrs. Earl Becker.

PORTRAIT OF CHRIST — Mrs. Herman Gabriel of Northville stands by a painting done by her husband and exhibited in the three recent outdoor exhibits of the Three Cities Art Club. This painting was the winner of the popularity vote in both the Plymouth and Livonia shows held several weeks ago.

BY POPULAR CHOICE — "South Lyon Depot", a painting by Harold Stein of Plymouth, tied in the popular vote contest at the Three Cities Art club show on Saturday. To the left of the painting are club member Mrs. Olive Zick of Livonia, and a friend. The other winner in the vote was a portrait titled "Waiting" by Plymouth artist Marion Seber.

"Got some bad news last night. Our water heater sprung a leak."

"You ought to get a new electric heater. Gives you all the hot water you want—long lasting, too."

**SOMETHING NEW IN ELECTRIC WATER HEATING!**

Only electric water heaters give you all these important advantages:

- Safe water heater built—flameless
- Plenty of hot water—24 hours a day
- Install anywhere—no flame, no flue
- Efficient—no heat wasted up a flue
- Cleanest—no soot, it's all-electric
- Cool to the touch—top to bottom
- Long lasting—built to rigid Edison standards

They add up to the finest hot water service ever offered in Southeastern Michigan

See them at your dealer's, plumber's or Edison Office

WAVING GOODBYE to neighbors, Mrs. McKinney seems happy indeed that picking and unpacking will not be necessary. The McKinneys never moved out of the house throughout the operation.

**NOTICE OF PUBLIC HEARING**

ON PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE TOWNSHIP OF NOVI, MICHIGAN

NOTICE IS HEREBY GIVEN that a Public Hearing will be held on a proposed amendment to the Map and Text of the Zoning Ordinance of the Township of Novi to include the changes as follows:

- To change all of the area in the south ½ of Section 24 now zoned R-1-F lying south of Grand River to an R-1 Classification.
- To change all of Section 25 now zoned AG to an R-1 Classification.
- To change that part of the N.E. ¼ of Section 26, except that part as described in (c) below, and the east portion of the S.E. ¼ of Section 28, approximately 1570 feet wide from an AG Classification to an R-1 Classification.
- To change the north ½ of Section 36 from an AG Classification to a R-1 Classification.
- To change that area lying west of the C-1 District at the S.W. corner of Meadowbrook Road and Ten Mile Road for a distance of 50 feet and a depth of 450 feet from an AG Classification to a C-1 Classification.
- To change an area of about 9½ acres located in the S.E. corner of the N.W. ¼ of Section 2 from an R-1 Classification to an R-3 Mobile Home District Classification.

This hearing will be held at 8:00 o'clock P.M. Eastern Standard Time at the Township Hall, located at 28500 Novi Road, July 2, 1937.

NOTICE IS FURTHER GIVEN that a copy of this Map may be examined at the Township Hall during the office hours each Monday through Saturday until the date of the Public Hearing.

**New Tax Begins July 1**

CIGARETTE and liquor tax increases to collect another \$25,000,000 for school aid will go into effect July 1.

The controversy swirling about their enactment will last much longer than the law, which will expire in a year.

Gov. Williams cited "moral offensiveness" in tying the fortunes of educating the young of the state with the smoking and drinking habits of adults.

He left a lot unsaid in his message to the people and the legislature, informing them he would not veto the tax increases.

School people made it known early in the legislative session they would need more money than their two-thirds of the state sales tax expected to provide — about \$1,000,000 more.

Small groups of educators opposed liquor and cigarette taxes as products on which schools should depend.

The most vocal majority said they didn't care much where the money came from, just so long as programs could be continued and the 70,000 new students expected next year could be instructed.

Church leaders opposed the idea on moral grounds, Williams added that the market is too uncertain to provide a positive sum, the liquor and cigarette industries said their taxes already are too high.

The governor referred only slightly to his eight-year campaign for a corporations profits tax.

The Williams theory is that business and industry would have to absorb the tax without passing it along to the consumer, or price themselves out of the market.

Business leaders argue that this is not the case. They declare that higher taxes in Michigan puts them at a competitive disadvantage with manufacturers in other states, that the tax difference would be so great that they must sell their products at a higher price. They are concerned that they will lose much business and this they point out, would produce much unemployment.

Reaction to the governor's continuous proposal about corporate profits taxes has become so pronounced that the controversy is receiving nationwide attention. It has made it more difficult to interest new industries in locating in Michigan.

There are those who think it will also make it more difficult for Gov. Williams to win a spot on the Democratic national ticket in 1960, should he be aiming in that direction.

Unfavorable publicity for the governor has been a source of satisfaction to the market to the satisfaction of opponents. They feel that he has never been sympathetic to problems of industry and business and that the tax fight has dramatized this lack of harmony to his disadvantage.

But the signing of this year's tax bills created another situation which follows the government pattern in Michigan.

Two legislators have asked for complete revisions of the state tax structure, with experts from within and outside the state to do the spadework.

Williams said he would support them "if they are unbiased," and later might appoint his own citizens' group to make another investigation.

The best bet is that the state, with a \$16,000,000 deficit starting in the face for next year, is going to have a lot of tax wars in the next few years.

WHAT IS MICHIGAN doing about getting ready for the St. Lawrence Seaway?

There was a study by a special legislative committee last year. It came up with a series of law changes to make it easier for communities to help themselves.

Tenor of the recommendations was that cities and regions should do most of the work, get most of the business, and most of the credit for turning the state into a world trading area.

Some parts of the program were passed and signed into law, those making it easier for cities and regions to set themselves up to operate a port.

But there is still a snag — taxes. So, the legislature ordered another study made this summer of the effect of local property and personal taxes on creation of port areas.

**Roger Babson**

**Atoms to Improve Farming**

New Boston, N.H. — For several years a number of my organization has been attending the annual Chemurgic Conference in the Central West. These meetings are to help farmers market their crops for industrial purposes and not merely for food. People will always be able to spend money on food shelter and luxuries but a rich person can not do so much as a poor person and probably not as much. However, the percentage of fruits and green vegetables consumed increases considerably more than the demand for wheat, corn, potatoes and other staples. Progress along chemurgic lines will increase the value of much farm property.

**Atomic Wonders**

Atomic wonders may revolutionize farming. There is much discussion in newspapers today about the dangers of "fall-out" after the explosion of a hydrogen bomb. It is feared that these "fall-outs" may result in the birth of babies with two heads or with some other deformity. This would be very unfortunate for people, and might also affect cattle and fowl; but atomic farming may be a worthwhile new development in the case of agricultural products.

The spraying of fruit and other trees to kill destructive insects may be entirely changed. Instead of being sprayed as at present, they will be sprayed with electrical rays. This will enable the birds to come back again. These birds will soon kill off insects and enable the chemurgic cycle to progress as God intended.

The Glibberellin Wonders

Some years ago the Japanese noticed that plants which adjoined a plant with a certain fungus had a remarkable growth. This was found amongst the rice plants especially. Later this fungus was reticulated on an acid and used in the ratio of 6.1

for residential properties.

Also, remember that the new highway systems to be built by the government may eliminate cities. That is, instead of a city being five miles square as the average city is today, it will be one-half mile wide on each side of the new highway and 10 miles long. This should greatly improve the price of certain present unprofitable farm land. Besides, one of the new "rare earth metals" may be found on your farm — some of which I will mention: Cerium, Ytterbium, Erbium, Europium, Gadolinium, Holmium, Lanthanum, Lutetium, Niobium, Praseodymium, Promethium, Samarium, Terbium, Thulium and Yttrium.

Experiments show that this spray results in taller forest trees, better yields for pulpwood, and improved fiber crops, such as cotton. Glibberellin also lengthens the stems of flowers, hastens development of transplants, and reduce the work of farmers and gardeners.

**Improving Pasture Lands and Lengthening Seasons**

Glibberellin makes grass greener in pastures. In Florida, where ten acres are now needed to pasture cattle, only three acres may be needed with the use of Glibberellin. Texas cattle may be fattened in their native pastures instead of being sent to Kansas or other Central States for fattening. It is rumored that Glibberellin may reduce the price of the best steaks to one half their present price. In fact, the entire price structure of cattle, hogs and other grass-fed animals may be revolutionized.

But this is not all that the Glibberellin can do. They can improve the raising of fruit, corn, and other products which are subject to frost kill off insects and enable the chemurgic cycle to progress as God intended.

**Price of Farm Land**

Although these developments discussed above may hold down the price of farm products, they could easily increase the price of farm land. Don't be too quick to sell your farm land. This especially applies to small farms near cities where the land could be divided up

**Northville Council Proceedings**

A regular meeting of the Northville City Council was held at the City Hall Monday evening, June 24 at 8 p.m.

Present: Mayor Claude N. Ely, Councilmen Allen, Canterbury, Reed and Welch.

Minutes of the last regular meeting were read and approved.

Bills in the amount of \$28,075.36 from the General fund and \$28,075.36 from the Water fund were presented for payment. It was moved by Reed, supported by Canterbury that additional appropriations from cash surplus be made as follows:

Administration ..... 6,000.00  
Elections ..... 155.00  
Police ..... 8,000.00  
Insurance ..... 225.00  
Streets ..... 10,500.00  
Rural Hill Cemetery ..... 850.00  
Misc. .... 14,795.00  
40,225.00

It was moved by Welch, supported by Ely, that the recommended salary increase for the Building Inspector be approved. Carried.

The tentative license was awarded to Mr. Ernest Seaman of Northville. It was moved by Reed, supported by Canterbury that city manager Robertson be granted authority to obtain proper equipment and chemicals to try and clear up the rusty water condition of Northville water. Carried.

Mayor Ely moved that the city manager be authorized to invest up to \$100,000 of general fund money in Federal Government bonds and invest Rural Hill trust fund monies in Manufacturers National Bank savings account until some better paying investment can be found. Supported by Reed. Carried.

It was moved by Reed, supported by Canterbury that additional appropriations from cash surplus be made as follows:

Administration ..... 6,000.00  
Elections ..... 155.00  
Police ..... 8,000.00  
Insurance ..... 225.00  
Streets ..... 10,500.00  
Rural Hill Cemetery ..... 850.00  
Misc. .... 14,795.00  
40,225.00

It was moved by Welch, supported by Ely, that the recommended salary increase for the Building Inspector be approved. Carried.

No further business appearing, the meeting adjourned at 11:15 p.m.

(Signed)  
Lillian Duerson  
Acting Clerk

**Awarded Band Letter**

Orville Somers of Northville was among 14 Detroit area students who received special recognition at the honors assembly at Ferris Institute at Big Rapids recently. He was awarded a band letter "A" for excellence in musical extra-curricular activity.

**See actual road-test proof!**

**DODGE** outperforms "other two" low-priced trucks!

CERTIFIED TEST PHOTO

They're off! All three low-priced trucks are lined up at the bottom of a test equal to the steepest hill in San Francisco. The big Dodge, and this grueling test of climbing power is officially underway. Dodge takes an early lead.

CERTIFIED TEST PHOTO

Halfway up. The extra V-8 power under the hood of the Dodge sends it quickly ahead. It's already two lengths out front. And there's a 1000-lb. test load on each one of these comparably equipped trucks. What's more, Dodge is still gaining!

CERTIFIED TEST PHOTO

Dodge rushes past the finish five lengths ahead of competition. "The other two" just couldn't match that 204-hp. Power Giant. And this is just one of a rugged series of tests that prove Dodge is best of the low-priced three.

● Your Dodge truck dealer has proof that Dodge leads in many ways. Come in... see other certified test-photo sequences... and take a demonstration ride!

### Willowbrook . . .

Mrs. Ronald Jennings of Holly Dale served luncheon Thursday to Mrs. Francis Jennings of Novi and Mrs. George Scott of Lansing. The Bill Reeds of West LeBoe had as their week end guests, Bill's brother, James, of VanNuys, California.

The Cornell club sponsored a formal dinner dance at the Pointe club Friday night. Cameron and Miss Campbell of Malott attended. Bridge club was held Tuesday night at Barbara Coon's home on Malott. Nancy Burton was a guest player. Nora Blackwell won the first prize and Fay Dulles came in second. Mary Ann Brower took home the consolation prize.

New Residents

We would like to introduce you to three new families in Willowbrook.

Donald and Ruth Pullen of 41100 Ten Mile road have moved here from Denver, Colorado. Their son, Wayne is 15 and they have eight-year-old twin girls, Diana and Darlene. Mr. Pullen is the manager of Oakland Hills Memorial Gardens and has his office in Farmington. He is also the executive secretary and manager of the Greater Farmington Area Chamber of Commerce. The Pullens used to stop horses in Colorado and are very fond of horseback riding. They plan on getting into some fishing and swimming this summer.

Glenn and Helpy Marquie of 2400 Glen Ridge are former residents of Allen Park. They have one daughter, Marjorie, who is six.

### Guests Honor Henry Schnute On 80th Birthday

Henry Schnute was pleasantly surprised Sunday at a dinner served at Black's White House, the occasion being his 80th birthday.

Guests included Mrs. Henry Schnute, Rev. and Mrs. A. P. Schutte, Elaine Shirley, Billy, Carol and Marilyn Schnute of Detroit, Mr. and Mrs. Arthur Schnute, Donna and Tom Schnute, Miss Selma Schnute, Mr. and Mrs. Gilbert Susick, Luma and Roger Susick of Warren, Michigan, Rev. and Mrs. B. J. Frankow, David and James Pankov, Mr. and Mrs. Julius Panko, Mr. and Mrs. Harry Laney, Danny and Jerry Larkin, Mr. and Mrs. George Lien, Tom and Donna Mae Lien, Mr. and Mrs. F. W. Steiner and John Dirker of Saginaw.

After dinner, the group gathered at Mr. Schnute's home on North Center street. Mr. Schnute is the recipient of many gifts and congratulatory messages from his friends and his music students.

Another son, Milton Schnute, lives with his wife and three children in Hot Springs, South Dakota.

**A NEW PASTORATE**—Beginning duties as minister of the First Methodist church of Northville this week was Reverend Paul Cargo, who came to Northville from a four year pastorate in Marquette. Seated are Mrs. Cargo, holding son Paul, five weeks old; Sarah, three, and Rev. Cargo. Standing are Elizabeth, five, William, ten, and Cynthia, eight.

### Novi Highlights . . .

Mr. and Mrs. George Hines of Largo, Florida are visiting their son and daughter, Mr. and Mrs. Don Hines. They left Florida June 1 and toured through the West, the United States and the Ford Motor company.

Mrs. Roy Dawson, Mrs. Kenneth Bassett and Mrs. Ernie Schulte and their children are camping at Lake and lake this week.

Harry Steele of 12 Mile road is a patient at Acheson hospital in Northville.

Mr. and Mrs. Douglas LaPine of Walled Lake attended a family reunion picnic Sunday, June 23 in Dearborn. The occasion was a farewell to the LaPines who are leaving in the near future for California. A buffet luncheon was served outdoors to 20 guests by Mr. and Mrs. William Sheldon, sister of Mrs. Zablzy.

Mr. and Mrs. Arthur Hayward of Walled Lake are on a trip last week end to Muncie, Indiana. They brought back as their guest Mrs. Hayward's mother, Mrs. S. J. Horn, who plans to stay three or four weeks.

Mr. and Mrs. Carl Evans of 11 Mile road are entertaining the birthday of their son, James this week.

Mr. and Mrs. A. Pritchard attended the wedding of Mr. Pritchard's niece, Ellagene Stringfield, in the Highland Park Catholic church Wednesday evening.

Mr. and Mrs. Stanley Orzechowski of Beek road had a picnic supper Wednesday evening to celebrate the wedding anniversary of Mr. and Mrs. Harold Miller, which occurs on Thursday of this week.

Mr. and Mrs. Lloyd Henry of Coalinga, Nebraska are visiting their daughter, Carol, Mrs. Joseph Hayes, and Mr. and Mrs. Vincent Hayes.

Mr. and Mrs. Lloyd Henry and

surrounding communities attending. Adult choir practice beginning at 7 o'clock Wednesday evening at 7 church.

Mrs. Jack Ely is showing at Junior church hour Sunday mornings, a series of film strip lessons on parasites illustrated from nature to children from 4 to 10 years old.

Russell Taylor has donated two paintings which will be given to the Sunday school classes showing the greatest percentage of increase at the end of the quarter.

Methodist Church

The junior choir group will practice at 7 p.m. Wednesday. A special treat is in store for them.

### NO HEAVEN ON EARTH

Christianity was not designed to make a heaven out of this earth. Its main emphasis throughout is the present life of individuals for the life which is to come.

The present purges of God are made of 10:13 in A.E.S. 10:14

"How God at the first did visit the Gentiles to take out of them a people for his name." Through His saving and sanctifying work He is fitting a people for the place called heaven. Surely the effects of their changed life is merely a sign of the new life which is to come.

Another son, Milton Schnute, lives with his wife and three children in Hot Springs, South Dakota.

### AMVETS Parade As 'Spirit of '76'

Three Novi AMVETS will take up rifle, drum and band-stained parade and appear as "The Spirit of '76" in the annual state AMVETS convention in Detroit this week end.

Commander Bob Gasky, Gordon Brown and Stan Balon will portray the famous threesome in a spectacular parade down Woodward avenue Saturday afternoon.

The local post—Perry Kenner Post 78—decided on the historical motif because it coincides with the post number.

The three and Charles Trickey, Jr. will represent the Novi post and are expected to support district commander Fred Solomon for state finance officer and Anthony Rouse for state judge advocate.

The parade will also feature the naming of "Miss Michigan AMVETS" on Thursday of this week.

### Board, JP's to Meet On Clerical Matter

To pay or not to pay—that is the question which will face Novi's two justices of the peace in several weeks.

The Novi Township board agreed Monday night to invite the two justices to the next board meeting in an effort to end the long-smoldering dispute over whether they should pay clerical help and office space provided by the township.

But before agreeing to consult with the justices, the discussion had reached the point of a motion to charge the justices \$10 a month for the facilities.

The fee, suggested by treasurer Ray Harrison, was amended to \$30 by justice Stan Balon—who later suggested that a percentage of the justices' collection might be an even better standard to follow.

But the motion was withdrawn when township attorney Anthony Renne suggested meeting with the justices to seek their opinion.

Justice William Macdonald has filed several charges in the past, threatening to hold court in his home if a fee is levied for using the township hall. Robert Anderson will be sworn in as Novi's second justice this week, has not taken the oath yet.

The discussion Monday saw a rehashing of the pros and cons of the question, which first arose last winter when former treasurer Charles Trickey Jr. challenged the township's right to provide free service to former justice Edmund P. Yorke.

Those who favor the fee claim that the township should not be a clerkship and should either pay the township hall or reimburse the township for services of the township receptionist.

Those who oppose it claim that the court should be held in the township hall as a public convenience, and that the justices do not make enough money to justify reimbursement charges.

Renne, asked if he would be willing to pay for secretarial help, said he would be "willing to die to pay \$10 or a little more, but he would not like to have a place to hold court."

But he continued the board not to set the rates so high that it would drive the justices into their homes. For efficient coordination of the police and justice functions, the two should both be in the township hall, he said.

Supervisor Frazer Staman agreed that "justice court shouldn't be held in someone's kitchen."

In other business, the board: —agreed to update specifications and seek bids for improving the township building and rewiring the township park.

—heard revised fees for use of municipalities.

—asked Renne to check on the possibility of a noise ordinance to curb several cases of excessive noise reported to Novi police.

—asked police chief Lee Beagle about the thoroughness of his case reports, and checked into enforcement of no-parking regulations near Walled Lake park.

—turned down, on grounds that they will soon lose jurisdiction, a request for approval of a liquor license in Wixom.

### Mosquito Control Plan Discarded In Willowbrook

A proposed plan for mosquito-control in Willowbrook Village has been dropped because of an apparent lack of public interest.

The plan, devised after several months of study and for the Willowbrook area to be sprayed from the air.

Some 250 questionnaires were sent out, asking residents if they favored the plan and would contribute a small amount to it. Only 56 replies were received, of which 54 favored the plan.

Despite the 5:1 support of the plan, Willowbrook officials felt the public apathy would not warrant further action.

### Boaters Better Get Ready

Speedsters had better get ready on Walled Lake.

A lake patrol has been organized under the Novi police department to crack down on boaters who speed, drink, and otherwise endanger lives on Walled Lake.

The patrol will work hand-in-hand with the city of Walled Lake's patrol. Patrolmen will not have arresting power, but will be authorized to call reckless boaters until Novi police arrive.

Novi police chief Lee Beagle has named Don Solank, Overa, Cleveland, James Thompson, and Clifford Compton to the patrol.

Such a lake patrol has been sought for many years by residents of the Novi end of Walled Lake.

### \$30-\$40 Stolen From Novi School Tuesday Morning

Police today are looking for a burglar who broke into Novi school city Tuesday morning and stole between \$30 and \$40 in petty cash. They reportedly have a "reliable" lead.

The break-in occurred, they believe, between 1 and 2 a.m. Tuesday. It was discovered later that morning by superintendent William Medlyn.

Police said the burglar entered the school after jimmying a window in the north annex. After failing to force open the office door, the thief apparently took a key and used it to break a thick glass pane to enter the office.

The office was not rifled, and there were no signs of vandalism. The burglar evidently went straight to the petty cash box, which Medlyn made a routine check of the building several hours before the break-in and found nothing out of the way.

State police joined Novi police in the investigation. The building was examined Tuesday and fingerprint notices made. A routine check of the building several hours before the break-in and found nothing out of the way.

Novi school was last broken into some five or six years ago, Medlyn said. Little was taken at that time.

### School Bond Issue OK'd, But Election Challenged

Plans for a new elementary school in Novi faced an unexpected hurdle this week as a township resident suddenly challenged the election last week in which funds for the building were overwhelmingly approved.

The action already has gone before the state superintendent of public instruction Lynn Bartlett.

The \$325,000 bond issue was approved last Wednesday by nearly 250-71 of the voters balloted in the north annex. The issue would provide funds for an elementary school near Willowbrook Village, improvements of the existing school, and sites for future building.

Koester began the process of challenging the election immediately. By Monday, he said, he had written the Novi school board, its attorney, its bonding attorney, and incoming state superintendent of public instruction Lynn Bartlett.

Novi superintendent William Medlyn said Medlyn had not seen the charges and could make no reply to them.

In particular, Koester challenged the election on three alleged irregularities: —that it was not advertised eight days in advance as he said, is required by law; —that some voters may not actually have been taxpayers in the school district; —that the vote was certified too quickly after the election.

He said he will ask the bonding attorney to approve a bond sale yet, and will demand a recount of the ballots and a comparison of the vote with the tax rolls.

Koester, who is president of the Novi Township Democratic Club, emphasized that he is acting as a private citizen and not an officer of the club. He admitted that some club members are opposed to his action.

"I'll probably be unpopular with some people for doing this," he said. "But I believe I'm right and I'm going ahead with it."

In addition to challenging the election, Koester attacked the idea of building a school in the area. "There is no need for a school today," he said. "And if a need should develop in the next few years, there is always the possibility of going on half-days for adults."

"When a vote is needed," he added, "it is a high school in Novi, and what's more, when the need for an elementary school does come along, we'll find that it should be near the Lincoln plant—not near Willowbrook."

"We shouldn't put a gun on a school now," he concluded, "and run the risk of having to pay for another new one in a couple years."

Though Medlyn declined to comment on the charges themselves, he said he is fearful that Koester's action may mean a delay in building the school.

"Even if another election is called, it would almost certainly be approved again," he said. "The only result would be a lack of classrooms when we need them."

Medlyn said the school board followed the letter of the law.

Medlyn in the past has consistently maintained that a new school is needed and has cited figures showing that Novi will be short one classroom by next year. The shortage will increase by 90 students the following year and by another 50 the next year, the figures show.

The 14-room Willowbrook school would accommodate 420 students in what has been termed Novi's fastest growing area. Construction would have started this fall, with a target completion date set for next fall.

SCENE OF THE GRIME—The three Willowbrook youngsters who "disappeared" Sunday afternoon look over the garage where they were found. They went to a great deal of trouble painting everything pink, yet— to their dismay—their parents didn't think it was at all pretty. Left to right are Richard Barnes, 5, George Ames, 4, and "Dee Dee" Ames, 3.

### Missing Tots Found 'in the Pink'

The pinkness wasn't limited to them. It was everywhere—in the walls, on the floor, on a bicycle, a swimming pool, a garage can, an ironer, toys, and on garden tools.

In the midst of it, George Ames, 4, his sister, Marilyn, 5, and Richard Barnes, 5, beamed happily.

As they told their parents, they were trapped in the garage when a breeze blew the door shut. And rather than waste time, they had decided to try their artistic hand on it, after all, two nice big gallons of pink paint were just waiting for them.

Relieved as they were, the parents soon bore up to the job of removing the paint. Some four hours later, the garage and children gleamed anew.

Some 90 of the midwest's top drivers will participate. Tickets are on sale at Northville Downs.

In the back of everyone's mind was one dread possibility, that the three toddlers may have gone too close to a drainage ditch or to a nearby "bottomless" well—one of which have come under constant attack from Willowbrook parents in the past.

Then, hours after the search started, it stopped—abruptly.

Several neighborhood children had heard giggles coming from a garage. They called the searchers.

Inside the garage were the missing youngsters—smiling, surprised, and covered with pink paint.

### '100' Ready to Go

The Northville '100'—first race of Northville Downs in more than a decade—is expected to draw upwards of 10,000 fans tomorrow evening.

The 100-lap race for new stock cars will feature qualification runs, a three-lap trophy dash, a consolation quarter mile race, and a 100-lap main event.

In the back of everyone's mind was one dread possibility, that the three toddlers may have gone too close to a drainage ditch or to a nearby "bottomless" well—one of which have come under constant attack from Willowbrook parents in the past.

Then, hours after the search started, it stopped—abruptly.

Several neighborhood children had heard giggles coming from a garage. They called the searchers.

Inside the garage were the missing youngsters—smiling, surprised, and covered with pink paint.

### Lindstrom to Head Oakland UF Drive

Louis C. Lindstrom, director of the General Motors proving ground, has been appointed 1957 campaign chairman of the Oakland county township United Fund drive.

The drive covers the townships of Novi, Addison, Commerce, Farmington, Groveland, Holly, Huron Valley, Lakes, Rose and Sylvanfield in Oakland County.

The 1957 Torch Drive headquarters will be located in Milford. The office will open in September.

Lindstrom called for a record number of solicitors to help insure a successful Torch Drive, which opens October 15 and ends November 7.

When it came time for hours, the members of Perry Kenner Post 78 were right up to the top.

Duane Bell took the annual trophy for the outstanding service office, and the post was out of four members when the trophy was awarded.

With a special Northville Record Novi News display, the post won honorable mention for public relations. And its "Spirit of '76" marchers took honorable mention in the AMVETS parade on Woodward.

Novi also was represented by "Miss Novi AMVETS"—Betty Wilson of Northville—in the judging for a "Miss Michigan AMVETS" title was won by a shapely miss from Mount Clemens.

### Obituary

HERMAN JOHN GABRIEL  
Mr. Gabriel, who lived at 109 South Wing street, died Sunday, June 22 at Acheson Memorial hospital. He was 62 years old and had lived in Northville for the past 11 years. Mr. Gabriel was a member of the Three Cities Art club, the Scarab club of Detroit, the Northville Camera club and the Blossel Camera club. He is survived by his wife, Beulah; a sister, Mrs. Elsie Salsbury of Detroit, and two brothers, Fred of Detroit and Theodore of Dearborn. He was a member of the Unity church of Detroit. Services were held Tuesday from the Catherine Funeral Home, Rev. Eric Waterworth of the Unity church of Detroit officiating. Cremation will take place at Evergreen cemetery.

MRS. LEONA FOX  
Funeral services were held Saturday, June 22 for Mrs. Fox, who died Wednesday, June 19 at William Beaumont hospital in Royal Oak. She and her husband, Charles, who survives her, lived on High street in Northville several years ago. They moved to Novi, then to Madison Heights, Michigan where they were making their home at 545 East Dallas street. Mrs. Fox was born in Clyde, Michigan to George and Carrie Hubbard Mosher. She was 69 years old. Surviving are her husband, Charles; daughters Mrs. Arthur Moffat of Farmington, Mrs. Jesse Wheeler of Denver, Colorado, and a son, Charles Fox, Jr., of Madison Heights, Michigan. Also surviving are three brothers: Walter and Roy of Lansing and Dewey of Windsor, Ontario and six grandsons. Burial services were held from the Catherine Funeral Home, Rev. Peter Niemi of the First Baptist church of Detroit officiating. Burial was in Oakland Hills Memorial Gardens.
