If there's anything that's snarled in total confusion, it's Michigan's tax picture (see Michigan Mirror on this page). Already two legislative committees are at work this summer seeking new and better means of taxation, Governor Williams, not ratisfied with these committees, threatens to add

To make the confusion 100 per cent and bring it right down to the local level, we'll try to explain the tax situation as it applies to you and me.

In the city of Northville taxes are paid twice a year. The city taxes, mailed out July 1, are due August 31. Little change will be noted here. Geerlings (R-Holland) to the surface and refined and the will investigate the effect on business and industry of present and proposed taxes — including Williams' idea.

Before you start breathing any sighs of relief we'd better take a look at the county and school tax situation. Here's where the hitch comes in.

County and school taxes are collected and the millage levied on the basis of the STATE EQUALIZED VALUATION of the school district.

The city of Northville has an assessed valuation of \$4,657,495; Wayne county says it should be \$7,381,000; the but they should be bought for in- you are merely a metal merchant state says it should be \$8,108,969;

Adding these figures up we find that the local governments say they have a school district that's worth \$10,089,845; the county says it's worth \$16.518,634; and the state says they're both wrong, it's really worth \$18,018,257.

Last year the state equalized valuation of the school district was approximately \$12,000.000. To the taxpayer this means an "equalization factor"

VACATION BOUND? save yourself a lot of trouble by phoning ahead to be sure of your reservations. And if you're delayed on the way, call ahead from a handy Public Telephone and let them know. If it's friends or

relatives you're planning to visit, phone and tell them when you'll arrive. They'll appreciate your thoughtfulness. Long Distance rates are low. You can call places a day's drive away for about a dollar. So don't let anything upset your vacation. Plan by Long Distance.

AN ADDITIONAL PHONE is an awfully handy thing, especially if it's a bedside phone. Think of all the times the phone rings while you're in the bedroom-and you have to run to another part of the house to answer it. You'd certainly save a lot of tiring steps if you had a phone in your bedroom. It's a nice quiet place to make those personal calls, too. And if you're ever ill, a bedside telephone is mighty convenient and comforting. Why not order one now? You can select from eight

person's phone will be an-. swered and messages taken

ers the convenience of Michigan Bell's telephone answering set. Soon you may make a call and hear:

"This is a recording. There's no one in the office. After you hear the two beep-tones, you'll have half a minute to 'leave a message, your name and phone number...." When he returns, your message will be played back and your structions followed. Quite a service, isn't it?

1957 Ford Tops List of Prizes

\$3,500.00 Subscription Contest Begins this Week

commissions, including a new 1957 Ford Tudor sedan will he awarded by the Northville Record and Novi News in a mammoth subscription contest which opens today for the enrollment of contestants.

The \$3,500 worth of merchandise and prizes, cash or bonds will be awarded to the men and women of this area who will enter their names as contestants and use spare time taking new or renewal subscriptions to the Northville Record or the Novi News, or both, during the next eight

WHO CAN ENTER

If you reside in Northville or Novi Townships or in the area covered by the Northville Record and Novi News in the adjoining Townships of Commerce, Lyon, Salem or he village of Wixom you are invited to enter the contest and take part in this great prize-winning event. Should you enter as a contestant and fail to win a prize, you can't lose. Cash commissions or bonuses are guaranteed according to the rules of the contest. You can enter today and get paid an extra cash bonus one week from today by turning in only a few subscriptions during your first week of entry.

THIS CONTEST IS FOR INDIVIDUALS MORE THAN 18 YEARS OF AGE, SCHOOL GROUPS AND ORGANIZA-TIONS AS SUCH ARE NOT ELIGIBLE TO ENTER.

Under the contest plan as outlined in the advertisements on pages 12 and 13 you can enter, get a winning start the first week after you enter and get paid for doing it. No matter whether you have ever won anything in your life or not, here is a proposition where you are guaranteed against loss. If you enter the contest, there is absolutely no way for you

GET NEW OR RENEWALS

Although The Northville Record and The Novi News have a large circulation in their respective areas, the management expects to make 1957 a banner year and get every available subscription in the trade area during the contest. At the same time the most ambitious men and women of the area will have an opportunity to participate in the contest and make some extra money or win a valuable prize during their spare time. Everybody, while doing his regular work or while engaged in community activities, sees and talks with people. The contest plan is designed to attract particinants who are active in community affairs.

All who want to see this area grow and prosper can help you and help themselves. All you have to do is ask them. Everybody is a prospect for a new or renewal sub-scription. People who take The Record or The News can pay subscriptions in advance or clip the 500 FREE VOTE COUPONS from their copies of the paper and give you vote credit toward winning the contest prizes. The thing to do is enter now and start your campaign among your friends and neighbors. You will find it easy and exciting.

The contest plan includes the most interesting and attractive prizes that could be obtained. It is designed to interest the kind of people who are interested in seing this area make more progress. When your local paper is placed into the hands of more new readers it tends to influence

literally hundreds of people who will be only too glad to pay subscriptions or become subscribers to either The North. ville Record or The Novi News.

In view of these facts, it was decided to use this novel method to get these newspapers into the hands of more people and thereby widen their scope of usefulness to the communities served by them.

Will such a costly subscription contest be profitable? That is a question that will come to the minds of the people who read this announcement. Yes, it will pay, not in dollars and cents immediately, but in the years ahead the added circulation will increase advertising revenue and make the venture profitable for these newspapers and the merchants who use their columns for advertising.

During the contest, every available new subscriber will added to the subscription list. This means an immediate enhancement of The Northville Record and The Novi News as live advertising mediums.

This is not a "lucky-drawing" or something-for-nothing affair. Instead, it is a business proposition in which every Many readers of this announcement will think about participant will be rewarded in accordance with business sharing in this huge prize and cash distribution but will produced or results obtained. the first move to take advantage of it. People who grasp "opportunity" when it is presented are few and far between. Be one of the few to act on this one. No one can help

you unless you make the first move to help yourself. The least you can do is to clip the Entry Blank, phone Northville 200 or come to The Record and News office in Northville and get more information. It costs you nothing to enter. It costs nothing to win. If you don't make it known that you are interested, you may be passing up the opportunity of a lifetime.

During the coming week, the contest will be open for entrants. All who enter can start gathering the 500 FREE VOTE COUPONS and subscriptions from people who get The Northville Record or The Novi News. No strings are attached to the 500 FREE VOTE COUPONS. Turn in all that you can get from people who are getting the papers. The paid-in-advance subscriptions that you get will yield vote credit in accordance with the schedule published in the advertisement in this issue.

The contest is arranged so that the early entrants get the most vote credit for their efforts. The schedule is on a declining basis and will no be change during the contest. This makes it impossible for you to wait until later to enter and get the maximum vote credits for your efforts. If you want to enter and win one of the prizes, DO IT NOW.

If you are interested, you must make the first move. Waiting and then wishing that you had entered will get you nowhere. It's action that counts, not thoughts of action. costs you nothing to put your thoughts into action. DO IT NOW and you will be successful.

YOUR OPPORTUNITY

As a leading feature of a program of extension and expansion of the already dominating circulation, The Novi News and The

Northville Record today announce a startling, amazing offer through which to reward their friends and readers who will enter as con-

testants and assist in the undertaking. These newspapers are going to award a new automobile, cash, prizes and commissions valued at approximately \$3,500.

This general undertaking is launched and will be conducted.

THE PLAN IS BRIEF

several fold: (1) primarily to increase the already large circula-tion of The Novi News and The Northville Record in their own riculation areas. We also envision that such tremendous circulaincreases will also be of great help to the business houses of these communities; (2) to gather advance subscription payments from present and new subscribers, and at the same time afford our friends and readers an opportunity to turn their spare time into profit. So it is a plan that works both ways, and to the ultimate

In order to gain these objectives quickly and advantageously the most valuable and attractive prize list ever offered by any newspapers in this section has been made ready for distribution mong those who enter as contestants. Such a contest plan is straightforward and simple. It is most impartial and is outlined on this page from start to finish. A board of impartial judges will be selected to make the final count of vote

amilies or families of firms furnishing prizes are eligible to enter this contest. This does not apply to correspondents. Any reputable person over 18 years of age residing in North-western Wayne County or nearby in Townships or Towns or Villages in Oakland or Washtenaw Counties, is eligible to enter and compete for the prizes. 3 Contestants are not confined to their township or community

in which to secure subscriptions, but may take orders anywhere in Wayne, Oakland or Washtenaw Counties or the United States. 4. Vote credits issued for subscriptions will be in accordance with the schedule published in this issue, including the first week cash and vote coupon, which will become a first period coupon minus extra cash, I week after a contestant makes his or her first cash report. This coupon will decrease in value 25,000 votes every week starting one week prior to the close of the first period. Right is these coupons, also on extended subscriptions

5. Votes are not transferable. One contestant cannot withdraw in favor of another contestant or give subscriptions to another con testant. Contestants violating this rule are subject to disqualification 6. Any collusion on the part of contestants to nullify competition or any other combination formed to the detriment of these newspapers or contestants is forbidden. Contestants taking part in such combination are subject to disqualification at the discretion of the

7. All votes issued to contestants may be held in reserve and be published at the discretion of these newspapers. Published stand-ings will show only enough votes to show the leaders for the prizes. 8. The winners of the prizes will be decided by their earned vote credits, said credits represented by votes issued for cash subscription collections, extra votes for turning them in at certain intervals, and the free coupons clipped from these newspapers.

9. Contestants in this contest are authorized representatives of these newspapers but it is understood and agreed that they will be held responsible for all money collected and will remit such amounts in full on regular report days to the Contest Department. Right is reserved to take reports daily after first period.

10. No statement or promise made by any representative varying from the rules and statements appearing in these newspapers will be recognized by the publisher. In case of typographical or other error in a rule or statement, it is understood that neither from the rules and statements appearing in these newspaper the contest manager nor the publisher shall be held responsible except to make necessary corrections upon discovery of same.

11. To insure absolute fairness in awarding the prizes, the contest will be brought to a close under a sealed ballot box, in which the final returns will be placed and opened by a board of three the final returns will be placed and opened by a board of three impartial judges at a given hour. By doing this, no one — not even the contest manager, can possibly know who the prize winners will be. This precludes any possibility of favortism and insures absolute fairness in awarding the prizes. The decision of the judges shall be

12. In event of a tie for any of the prizes, a prize identical in value will be given each tying contestant. 13. ALL CONTESTANTS will be paid \$3.00 for each "club" dur-

will never win anything unless you make the start. You can't wait until the "last minute"—like many do in "soap" contests — and win anything. The vote schedule in this contest is so arranged that

every subscription turned in during the first week of entry earns four times as much vote credit as during the final week of the

contest. Winning is a matter of getting started NOW and using your spare time throughout the entire contest.

The one thing that keeps many people from winning big prizes in contests of this kind is the mistaken idea that hundreds will jump at the chance to enter. The exact opposite has been found to be true. SPEAKING for the Record

Last week the city council digressed briefly from its regular agenda to heap words of praise on the community

It wasn't the first time we'd heard the remark lately. One businessman, Bruce Turnbull of Northville Electric said that his children were so enthused about the softbal league that he finds very little time for golf. "I have to spend all my spare time playing softball," he related.

Councilman Canterbury, also a family man, was just a enthusiastic. So were other members of the council. With an eight-year-old boy playing for the last place

"Tigers" I'm also a booster of the program. As newcomers to the area it's served as an excellent means of providing our boy with a way of getting acquainted. The recreation program provides more than just softball and baseball for boys. It has swimming, arts and crafts and many other organized activities that have attracted well

over 800 children to the playgrounds. Behind Stan Johnston and his corps of supervisors is a recreation committee which helps organize and raise funds for the program. This committee is composed of city and township residents and the whole program is co-sponsored by the two governments. Members of this committee are Robert Merriam, chairman; Mrs. Alex Lawrence, Clayton Myers, Dick Kay and

There's another group that deserves recognition for their part in the program. It's the Northville Optimists. Any mother who has had to carefully launder one of the colorful baseball or softball shirts or uniforms knows just how important these items are to the youngsters.

The Optimists' sponsorship of this program has added the "big league" touch needed to provide youngsters with added incentive. There's something about playing ball in bright, new uniforms that makes it much more exciting than just playing "scrub" in blue jeans and T-shirts.

Northville, 1961 will have an increase in population of 105 percent. That's the word from a planning authority who spoke to realtors recently says D. J. Stark.

cities have held high school graduations. These young people have been taught the answers to almost every question except the economics of the place in which they live. Therefore, let me this week

streets? ANSWER: Because more money is going out of the community than is coming into it. This can be corrected only by the citizens producing more and selling more than they are buying. As soon

QUESTION NO. 2. Why are good people out of work at times? ANSWER: Because these people have not been trained to produce or render more than one service. Perhaps too many young people have been trained for white-collar jobs. Perhaps there are too many business offices and not enough factories, services, farms or fisheries. Perhaps those who are now employed do not take an interest in their work; hence, they will not be making money for their employers. Sometimes I feel that graduates who cannot get jobs should be returned to the schools and be properly trained. If we buy a washer, or a vacuum cleaner, or a TV set and it "does not make good," we can return it until it is satisfactory. We should be able to do this with unsatisfactory high school graduates!

local banks? ANSWER: Because too many citizens are sending money This might have been a wise thing to do in the 1930's when stocks were selling so low; but it is not the thing to do today. For those buying stocks now there is more risk of a loss than chance for a profit. If we would keep the money at home, the banks would have plenty to

QUESTION NO. 4: Is your community being hurt by a new shopping center? ANSWER: There is no use of merchants griping, or complaining, about new shopping centers. Price-cutting on the part of local retailers will not solve the problem. Free parking is the greatest attraction of shopping centers. The best way to compete with them, therefore, is for local towns and cities to supply more free parking closer to their retail stores. I would not attempt to operate a retail store unless it was close to a free parking lot. Also, the more competition a community has from a shopping center, the more that community must produce from its factories, farms, services or

QUESTION NO. 5: Why are local taxes so high? ANSWER: First let me say that the taxes of most communities have not gone up any more than have wages or commodities. Most town and city governments are doing the best they can to keep taxes down; but they cannot buck the tide of population and the demand for conven iences. As young people move into a community and have children usually only the father is a producer. Children are an asset to the community, if they will remain in the community as workers and producers after graduation. Otherwise, the community has been put to great expense to educate them and has received little in return. Cities to which these young people go for work after graduation — or the young people themselves — will some day be compelled to send money back to the city which educated them.

QUESTION NO. 6: Do you believe in Turnpike Bonds? ANSWER: The simplest method of avoiding Federal and State taxes is to buy turnpike bonds. Issues carrying 3½ per cent coupons can now be purchased in the 70's and 80's and should be perfectly safe and free from all Federal and State taxes. The only way I know to beat CITY taxes is to have a lot of children and get them a free education. tion! Long Career Ends For Frank D. Clark

Novi Eyes Incorporation as Village Novi's oldest and most influential political figure, Frank I Clark, died Wednesday morning at the age of 79. Clark, a township trustee, had been active in township gov ernment affairs for nearly 50 years.

A heart condition that caused Clark to miss recent meetings of the township board had confined him to Sessions hospital until last week. On Friday morning Clark was rushed to the hospital again after a new attack. He succumbed at 8:10 a.m. Wednesday. A resident of Novi township for

50 years, Clark worked his 80-acre farm on Whipple until some 10 years ago when he began subdividing the land for residences. He also was active in the insurance business. A popular figure throughout all of Oakland county, Clark began his political career as township treasurer. He served as supervisor for 18 years before handpicking his successor, Frazer Staman, five years ago. During his reign as supervisor, Clark was chairman of the Oakland county hoard of supervisors for two years. For the past five years he has been a trustee. His knowledge of area affairs made his opinions widely respected

Moral: Don't get "bargain-talked" into yesterday's styling and features!

Like a lot of people, Harry was looking for a "good buy" in a new car. But no car is a bargain if it's outmoded before you drive it a mile. For the same money, Harry could have stepped up to a dashing Swept-Wing Dodge-so new it actually obsoletes other cars in its field. Obsoletes their high, boxy design with the low, low look of tomorrow. Obsoletes their old-fashioned features with such advances as Torsion-Aire Ride, Push-Button TorqueFlite and Total-Contact
