FAVORITE RECIPES OF NORTHVILLE HOMEMAKERS

DESSERT TIME at the Linwood W. Snow, Jr. household often means "apple pudding", a dish enjoyed by "Lindy", 4½ and Tracy, 2½.

Plenty of apples available at the local grocery and at roadside markets mean that fall is peering around the corner — so what could be more appropriate than a spicy apple pudding?

Our recipe this week is contributed by Mrs. Linwood W. Snow, Jr., who says that this juicy dessert can be served either chilled or warm with cream.

Mr. and Mrs. Snow live at 190 West Cady street and have two children: Lindy, 4½, and Tracy, who is 2½.

APPLE PUDDING

1 tablespoon butter
7 tart apples
3 cups boiling water
½ cup minute tapioca
1 cup brown sugar, packed
1 tablespoon lemon juice
Froth over to 350 degrees and grease casserole with butter. Slice apples into casserole.

In a separate pan on stove, mix boiling water with tapioca, brown sugar and lemon juice. Stir at low heat until tapioca is dissolved.

Four over apples. Sprinkle with cinnamon and dot with 1 tablespoon butter.

Bake at 350 degrees for one hour.

A surprise bridal shower for Sub Cantrell, who will become the bride of Rodney Dahlger on December 14, was held last Friday at Plum Hollow Country club. Hostesses were Mrs. Joseph Nikoladen and daughter, Shirley, of Nine Mile road and Miss Jane Purdy of Birmingham.

Miss Nikoladen and Miss Purdy will be members of the wedding party.

Guests were present from Northville, Plymouth, Ann Arbor, Pontiac and Detroit.

HER NAME IS "BUFFIE", and this golden cocker spaniel is the only member of the D. L. Butler family who is a little uneasy about being in a new home. The rest of the family (left to right) are Janis, Scott, Mr. and Mrs. Butler, tiny Debbie and Duane, who are convinced that Northville is a nice place to live.

Because they wanted to be "out and moved into a brand new home in the country" — a reason many in Northville Estates subdivisions, newcomers give for moving to this area — Mr. and Mrs. D. L. Butler and their four children packed up and left Detroit one day last July and moved into a brand new home in the country.

Of course it wasn't quite that simple — Mr. and Mrs. Butler had to be here, even if Mr. Butler and left Detroit one day last July and moved into a brand new home in the country.

He's also a lieutenant colonel in the army reserves — a position that is time consuming but one he enjoys so much he makes that work his hobby. He has also attended night school at Wayne State university for the past ten years.

A former Brownie leader, Mrs. Butler is interested in children's activities of all kinds. And she has four charges to help her hobby along — an athletic-minded son named Duane, who is 14 years old; Janis, who is 8; Scott, 6 and Debra Lee, 3.

The three oldest are eagerly looking forward to starting school in Northville this week.

Duane and Debra, incidentally, both celebrated their birthdays last Thursday.

There's also a cocker spaniel named "Buffie", who's made his home with the Butlers for 10½ years, and who's considered a part of the family.

Donald Bunge Married August 25 in Findlay, Ohio

An afternoon double-ring ceremony on August 25 united in marriage Patricia Joanne Hammond of Findlay, Ohio and Donald Robert Bunge of Northville.

Patricia is the daughter of Mr. and Mrs. Ernie E. Hammond of Findlay.

Mr. Bunge's parents were the late Mr. and Mrs. Ralph C. Bunge of Farmington. Mrs. Ronald Bell of Northville is his sister.

Rites were read in the First Methodist church of Findlay, Reverend Donald W. Coyer officiating. Church decorations included palms, baskets of white gladioli and pastel shaded Fuji mums and 7-branched candelabra.

For her wedding, Miss Hammond chose a gown of white Alencon lace and tulle with a bateau neckline and lace sleeves extending to points on the wrists. The gown was fashioned with a chapel sweep train of lace panels and tulle.

Her shoulder-length veil of imported silk illusion was held in place by a regal crown of tiny seed pearls.

Her bouquet was of gardenias surrounded by foliage and tulle of bird's nest illusion accented by white satin streamers.

Matron of honor was Mrs. John B. Benedict of Findlay, and Mrs. Paul J. Bechill of Wyandotte and Mrs. Richard E. Eakin of Findlay, classmates of the bride, were the bridesmaids.

All three wore identical ballroom-length veils of ecruille blue crystals, tulle over laces, and beaded pearls.

For her daughter's wedding, Mrs. Hammond chose a navy blue cuplet dress trimmed with a velvet sash. She wore a gardenia corsage, shoes, white gloves and pearl earrings.

A reception and luncheon were held at the American Legion hall in Findlay following the ceremony.

After a wedding trip to northern Michigan the couple will reside at 290½ East Hardin street, Findlay.

The new Mrs. Bunge is a graduate of Toledo hospital school of nursing and a member of Alpha Zeta sorority.

Mr. Bunge was graduated from Farmington high school and Findlay college.

RED ACROSS THE CORNER?
Never! To do this breaks up the floor plan and adds confusion to room's composition, and wastes space — both in the corner and at the head and foot of the bed. Besides a bed in this position is always a chore to make. Your bedroom will appear more charming and spacious if you . . .

STREAMLINE YOUR ARRANGEMENT
Like fitting the bed into corner (if room is extremely small) or if twin beds are used, you might arrange them along adjacent walls and complete arrangement with corner cabinet or table. Use top area for lamp, books, small radio. Such a plan leaves space for storage chests, dressers, desk or bookcases.

YOUR FRIENDS IN NOVI WILL HAVE New Telephone Numbers

STARTING SUNDAY

Do you have friends living in the Novi area between Thirteen Mile, Nine and One-half Mile, Haggerty and Napier roads?

They'll have dial service . . . and new telephone numbers . . . starting Sunday, September 8. Each new number will consist of a NAME (Fieldbrook) and FIVE NUMERALS. For example:

FIELDBROOK 9-2605

This is the first of two improvements that will speed your calls throughout this area. Northville has grown tremendously and the need for telephone service has grown tremendously, too. In just 10 years, your local telephone system has almost tripled in size. It has outgrown the present building and the equipment that switches your calls between telephones.

So a new building is being put up to house equipment to bring dial service . . . to every body in Northville next year. Meanwhile, the 600 Novi people will be served by a mobile unit with the latest type of dial equipment. This reduction in the load on the switchboard will speed your calls and improve overall service throughout this area.

YOU'LL GET A NEW DIRECTORY which lists all new Novi numbers. It's a good idea to look up each new Novi number and keep it in front of you as you call . . . so your calls to Novi will go through promptly. And then just give your operator the NAME Fieldbrook and ALL FIVE NUMERALS.

1,500 Attend Fair at Hospital

DIXIE-LAND MUSIC and other swinging bands from Williams' choir heard here first of visitors and patients alike moving in rhythm at the Patients' Fair, helping to provide a carefree carnival atmosphere. Nearly 2,000 patients who joined the fun heard the music from wherever they happened to be on the fairgrounds.

In 1953, officials at Northville state hospital took a careful look at the recreation program they had established for the hospital's 2,000 patients. Though satisfied for the most part, one thing troubled them: many patients could not be allowed to attend recreational activities away from the hospital.

With this in mind, they organized the first Northville state hospital "patient" fair in the fall of that year.

Through it, patients were able to enjoy a "outing" right on the hospital grounds—even those who could not attend such activities as trips to the Michigan State Fair, swimming parties at Kensington park, Detroit Tiger games, or the Shrine Circus.

Last week the hospital saw its fifth consecutive fair come and go. As usual, upwards of 2,000 patients tried their skill and luck at some 15 booths, dived into soft drinks and home-made cake and watched the antics of Dan Williams' clown troupe and strolling troubadours furnished by the Detroit Federation of Musicians.

To put the fair across successfully, the hospital depends to a great degree on the assistance of nearly 50 organizations. Many of them also help out during the rest of the year.

Among them are the Citizens Auxiliary, Community Council for Northville State Hospital, the Northville Psychiatric Association, Plymouth Women's Club, Farmington Eight Mile Extension Group and the Berkeley Women's Club.

Others are P'nai D'ath Council of Greater Detroit, Cherry Hill United Presbyterian Church, Gray Lady Service, Highland Park Women's Club, Ladies Auxiliary of the Jewish House of Shelter, Luthy-Grand Star Mothers, Young Zion Hebrew Chiolem and Zein Zion Alpha.

Mrs. Carolyn Seefeldt, director of social service, coordinated the fair. She was assisted by Miss Janet Patterson, director of occupational therapy; William Davis of the maintenance department; James L. Grisold, director of clinical psychology, and Mrs. Elizabeth Matzen, social worker.

For the first time, a chaplain's booth was set up during the fair. This year, there, Protestant, Catholic and Jewish chaplains worked together and distributed religious materials to the patients.

For the bed-ridden, staffers of the food service department under A. Brewer saw to it that food and prizes were taken to all patients who could not attend the fair.

With another fair now history, Dr. Philip Brown, medical superintendent, looked back on it and noted that it had become an almost traditional event.

Furthermore, the doctor pointed out the program is so highly regarded by officials of other institutions that they too are sponsoring similar activities for their patients. The latest to plan a patients' fair is Ypsilanti State hospital.

Thus, from an idea born of necessity, a new development in the treatment of mental patients has grown.

DEATH IN KENSINGTON PARK — Before scores of onlookers in Kensington park last Saturday, the four-passenger plane suddenly dove into a sloping bank near Hickory Hill road and killed its two occupants — Walfred Camilleri, 30, of Walled Lake, and his secretary, Sue Porter, 26, of Detroit. Police blamed the crash on foggy weather.

New Hours, Place For Social Security

Northville and Novi residents were advised this week of a change in time and place of the regular Social Security visit to Plymouth. Beginning next Thursday, the Social Security representative will visit the Plymouth office of the Michigan Employment Security Office, 507 Lily road, from 1 to 4 p.m. on the second and fourth Thursday of each month. The representative will discontinue hours at the Plymouth post office, according to Harry Balluck, manager of the Detroit-Northwest Social Security office.

4 Drivers Fined On Various Counts

A Novi township man was given a \$85 fine and a thorough lecture on the advisability of auto insurance last week.

Donald P. Vincent, 23, 4170 West 10 Mile, appeared before Justice Robert Anderson last Thursday evening on charges of driving under the influence of alcohol and driving with defective brakes.

Witnesses testified that Vincent had driven up a driveway at a Willowbrook home and smashed into an expensive sports car, knocking it eight feet.

Anderson fined Vincent \$35, just on six months probation, and suspended his car, and ordered him to pay all costs for damages or face 60 days in jail.

Anderson also fined Donald Marrell, of Livonia, \$35 for excessive motor noise. Marrell pleaded not guilty but was found guilty. Anderson found him not guilty on a second charge of reckless driving.

In a third case before Anderson, Barnett Darlowe, 12500 Corbin, Detroit, was fined \$100 and put on six months' probation after pleading guilty to a charge of reckless driving.

Witnesses said he caused a 4-car accident on August 11 in which five persons were injured. The accident occurred on Novi road near the expressway overpass.

Earlier that day, Justice William MacDermid fined Michael Gallagher, 17, of Brighton, \$15 for driving with improper lights. MacDermid also placed him on probation for 60 days, ordered him to attend traffic school, and required his mother to hold his drivers license for 90 days.

In addition, MacDermid asked the youth's mother why she allowed her son to run around at 3 a.m.—the time he was apprehended.

Is Social Security Enough?

Security in old age has relieved many a mind from the worry of an income when they can no longer work. In former years only a few fortunate ones could look forward to retirement at age 65. Now through Social Security a vast majority of our people will be able to retire and live comfortably the rest of their lives. But is this enough? Does man live by bread alone? Is the care of our bodies all that matters? It would seem that this is true by the way most folks live. The Bible plainly tells us that we not only have bodies, we also have souls. The breath God breathed into man's nostrils put into being a soul which shall never die. It lives but a short time encased in a human body here upon the earth and then takes flight to live eternally in heaven or hell. The redemption of that soul from the penalty of sin is the theme of the Gospel. Christ came from heavens glory, bled and died to make it possible for the soul to live eternally in heaven. The gift of ETERNAL SECURITY is offered to us in the Gospel. It says, "Whoever believeth in Him should not perish but have eternal life." Have you accepted His offer?

Debate Season To Begin Soon

The 41st session of the Michigan High School Forensic Association debate competition will get underway in September.

Enrollment for debate activities will take place September 7 through October 12.

Debate offers the student many long-range rewards and opportunities often serving to help prepare a boy or girl for a top-notch career, a spokesman said. Debate fosters the qualities of leadership, logic and the ability to understand many sides of a complicated issue.

Gold wrist watches, trophies and wall plaques will be awarded to top individuals and teams this season. Seniors will again be offered the opportunity to compete for cash awards in a debate scholarship contest.

The new airman recently completed a four-week first phase basic training course at Lackland in which he qualified for advanced training.

While in his specialized training each airman also completes the Air Force's regular basic training program.

Family Vacation DSR Bus Style

THE NOVI NEWS

AT THE WHEEL — Donald Grieger sits at the driver's seat of his DSR bus. The converted traveling home easily accommodates four and offers plenty of room for eating, sleeping, relaxing or just plain looking out the window at the scenery. Grieger bought the bus for \$400 and made it into a vacationing home on wheels for his family. The Griegers recently returned from a 3,300 mile vacation.

When Mr. and Mrs. Donald Grieger and children, Ken and Judy, take a vacation, they never leave home.

That may be stretching it a bit, because the Griegers live at home-on-wheels when they take a trip. And this summer their "home" travelled 3,300 miles on a three weeks' tour of the Dakotas and northern Michigan.

The Griegers live at 15926 Northville road, when they're not on the road. In motion their home is a DSR bus elaborately transformed into a complete living-kitchen-bedroom arrangement that comfortably accommodates the family.

The idea was Don Grieger's. In the daytime he's employed as a tool and die maker at Bathey's in Plymouth. But evenings, Saturdays and in any other spare minutes since September, 1954 Grieger has worked as a carpenter-mechanic. He bought his bus from the Detroit bus lines for \$400. It took another \$800 and countless hours of work to change the bus into a house-mobile.

All the walls and ceiling are covered with wood paneling. Every nook and corner is used for cupboards or built-in compartments. A refrigerator is built directly behind the driver's seat and along the same side is a sink, work table and lavatory. Along the other side of the bus are cushioned seats and a table and booth. In the rear two double beds are arranged in criss-cross style to sleep four easily. Grieger pointed out that one booth can be converted into another bed.

The woman's touch is very evident. Mrs. Grieger has all the foodstuffs conveniently arranged in overhead cupboards that completely circle the bus. Her stove operates on bottle gas and the refrigerator is electric.

Grieger even built a large paved car-port in which to house the bus. One side has a pit for mechanical work underneath. Grieger keeps another bus for a friend who became interested in the idea and, with Grieger's help, built a similar home-on-wheels.

The Griegers' trip this summer took them to the Badlands and the Black Hills. They'd travel days at an average speed of 45 miles per hour. According to Grieger, the bus averages 10.4 miles to the gallon.

While rolling merrily along through the west, the Griegers report seeing cowboy merchant Roy Stone and his four lays in a passing car. From the Dakotas the Griegers journeyed to the Upper Peninsula returning through northern Michigan.

And after three weeks of thrilling sights and experiences when they stepped off the bus into their yard it was almost as though they hadn't been away. They took all the comforts of home-living right along with them.

SHINY INTERIOR — Everything is spic-and-span in the Grieger's home-on-wheels. The walls are lined with richly colored paneling and above their heads are shown compact cupboards that hold an ample supply of canned foods. A complete kitchenette lines the opposite side of the bus, while in the rear is the bedroom.

Saturday Last Day To Win Extra \$50

The close of the second vote period of the \$3,500 Subscription Contest at ten o'clock Saturday night will see an extra \$50 cash prize added to the winnings of the contestant turning in the largest amount of money for new and renewal subscriptions to The Northville Record or The Novi News or both.

When this period ends, \$30 clubs of subscriptions will yield 25,000 fewer votes. Individual subscriptions making up the clubs will also be worth from 1,000 to 10,000 fewer votes toward winning the new Ford and other prizes. Just one extra \$30 club finished Saturday instead of next week can easily mean the difference between winning and losing one of the big prizes.

Saturday Last Day To Win

The competition for the extra \$50 prize has not been as keen as was expected. Many of the contestants went out during the first vote period and built up a vote that would have guaranteed success. But they did not continue their efforts. They "let slip" during this crucial period. Unless these same contestants get busy and do some real campaigning before the close of this vote period, their opportunity may be lost.

Who Half a Battle

The close of the second vote period will determine how many of the contestants will win half a victory, then throw their winnings away. To stop short of the goal, as some of the contestants seem to have done, reflects lack of initiative and self-confidence. It also means the loss of a prize which was half won and then left for some more ambitious contestant to finish winning.

Much can be accomplished in a short time by any contestant who will make up his or her mind to be a winner. The one who will hunt for subscriptions now instead of reasons for being unable to get any more can easily overcome all opposition.

The only difference between the contestant with the largest vote and the one with the lowest is just a matter of a few hours of real productive effort.

Any contestant who will buckle down to hard campaigning and make a special effort to get \$30 clubs of subscriptions — not just enough to stay in the race — can come to the front and be one of the big prize winners when the contest ends September 21.

Time for Action

The time has come for some real action on the part of contestants who want to be numbered among the honored prize winners. The prizes still are within reach of every contestant who will put forth as much effort as such prizes deserve. Those who just hang on, hoping that by some stroke of luck something will be won, can't hope for success.

Hard campaigning during the remaining days of this important vote period will win the extra \$50 prize. The votes earned will put that contestant in the winning list in the final vote count.

Michigan in recent years has slipped from first to fourth in the rank of states as a tourist-attracting agency. But its natural attractions are being neglected.

Tourists already are flocking to the newly-completed Mackinac Straits Bridge.

Improved highways are attracting more, making speedier the trips to and from the state.

Michigan schools opened Tuesday with a full corps of teachers and a first day enrollment of 331,000.

MICHIGAN HAS abandoned the idea of sending a lobbyist to Washington to send a federal defense contract to help ease the state's unemployment problem.

The group reported the state should have key people drop in occasionally at federal offices in Washington.

Areas of unemployment look to such contracts as a cure-all, when actually they provide only limited relief from unemployment, he indicated.

DANGEROUS ROOF ROT brought into Michigan from Prince Edward Island last May, but is under control on five infested areas in Bay County by mid-September.

Favorable Weather Boosts Farm Income

Wheat and Some Other Grains: I look for a 1957 U.S. total wheat crop of around 915,000,000 bushels—down 3 percent from the 1956 output and nearly 20 percent under the 1946-1955 average.

Despite excellent soybean acreage, the 1957 U.S. crop currently estimated at 428,000,000 bushels is 8 percent below the 1956 record output, but 30 percent above the ten-year average.

The outlook for new crop production is less favorable than a year ago. The crop, which is harvested in the fall, may be around only 35,000,000 bushels—down 3 percent from the 1956 output and 2 percent under the ten-year average.
