(CONNO. 1.)

Assessment Roll for the Township of ..... in the County of ..... for the year 189[illegible]

☞ No more than one tract or parcel must be valued or taxed on the same line. Two descriptions *must not be joined* in one valuation or tax, unless owned and occupied as one parcel. *Personal Estate* must be valued and taxes entered on a different *line*, as well a column, from *Real Estate*. Non-resident lands should be entered in numerical order, beginning with section one, and if the name of the owner is not known, they should be assessed as "owner unknown." Enter the amount of any *Re-assessment with red ink*, in the column of taxes to which it belongs, above the tax for the year for which this Roll is used, and in the column for "Remarks," state opposite each parcel *for what year the re-assessment was made*. In column 2 enter on the same line as the name of the owner the word "Occupant," and on the same line as the name of the mortgagee (if the premises are encumbered), the word "Mortgagee." In column 9 on the same line as the name of the owner (or occupant, if assessed to the occupant), enter the value of the interest of the owner, i. e., the true cash value of the land less the interest represented by mortgage, deed of trust or other obligation, if any. In column 10 on the same line as the name of the mortgagee enter the value of interest represented by mortgage, deed of trust or other obligation. The attention of assessing officers is especially called to sections 25 to 27 of the Tax Law of 1891, they should be carefully studied and the directions therein contained should be strictly followed.—Andrews Geneal's Office, 1891.
