

The Independence Tax Assessment Roll ledgers are property of the Independence Township Assessing Department, 6483 Waldon Center Dr, Clarkston, MI 48346, and were loaned to Oakland County Genealogical Society for preservation of the data and to make that data more widely accessible.

Digitization of these tax rolls is part of the Oakland County (Michigan) Genealogical Society mission to preserve the history and heritage of Oakland County and its people.

Professional digitization of these ledgers was performed by AmeriScan Imaging Services, 50690 Rizzo Dr, Shelby Township, Michigan 48315. Funding for the project was provided by the Ruth S. Kennedy Oakland County Record Preservation Fund of the Oakland County Genealogical Society (OCGS). This fund is supported by the generous contributions of members and friends of OCGS.
