Everybody Goes For Banana Cake Loaf

The Record will publish recipes of Northville-Novli area cooks every week of 1960. At the end of the year the recipes with the chief's byline will be published in booklet form and distributed throughout the Northville-Novli area.

BANANA CAKE
Mrs. William Hensch tried and easy banana cake has several special features—a filling taken from her grandmother's famous Hickory Nut Cake recipe, a caramel frosting her husband loves, and all the little tricks devised over the years to aid their original homemade touch.

OPTIONAL FILLING
1 cup milk
2 egg yolks
3 heaping tbs. flour
1/2 cup sugar
Cook until mixture thickens. Add vanilla or maple flavor.

Since the recipe makes a generous serving, for smaller serving, reduce portions to two-thirds amount. Cake may also be made in loaf form, with or without frosting.

Area Artists Exhibit Work

Ten paintings and a mosaic-wood plaque by members of the Three Cities Art club are being shown in the club's latest exhibit at the Northville public library.

The new exhibit—chiefly oils and watercolors—was set up this week under the direction of Mrs. Albert Spæth.

Girl Scouts
Girl Scout Troop 223 and leaders Mrs. Fred Hart and Mrs. George Freadel met for judging of uniforms. Susan Bosak was chosen as having the most complete uniform.

NEWS AROUND NORTHVILLE

Mr. and Mrs. Eber Lester, Jr. and son, Eber, III, of Mt. Clemens, flew by jet airplane to Encinitas, California to spend Christmas with Mrs. Lester's mother, Mrs. Mary Lester and family. The Lesters are former Northville residents.

The Past Matrons club will meet Wednesday, January 20 at the home of Mrs. C. W. Ely of Gardner avenue. Assistant hostesses for the dinner luncheon will be Mrs. W. H. Johnston and Mrs. A. A. Holcomb.

Registration will be taken next week from 8:30 to 5, and night Monday and Tuesday from 7 to 9 p.m. Classes offered are: Monday—Business English.

Mary Hill Chosen For Student Honor

A student of Northville is one of the 15 candidates for the ROTC Kaydette, officials of Central Michigan university revealed this week.

The Northville-Walled Lake branch of the WILPF will meet at the home of Mrs. Paul Kaufman, Plymouth, Monday at 8 p.m. Following a short business and board meeting, the group will discuss "What Parents and Teachers Can Do to Lay the Groundwork for Peaceful Attitudes". Mrs. Rodney Grever will lead the talk.

Mr. and Mrs. Glenn Cummings of Six Mile road returned recently from an eastern trip that took them to New York, Washington D.C. and Rhode Island.

The scheduled box social of the Northville OES will not be held Friday as planned, although refreshments will be served at the regular meeting. The meeting will begin at 7:30 in the Masonic Temple.

Res. Holloman, 320 Orchard drive, has returned home from Veterans' Administration hospital, Dearborn, where he underwent major surgery recently.

Miss Alice Hoshack, secretary to Superintendent of Schools H. H. Amerman, returned home this week from Community General hospital where she recently underwent surgery.

Miss and Julie (Hammond) Enright will be the guests of Julie's parents, the Crispen Hammonds of Timberline, this week end.

NEW EXHIBIT—Two paintings included in the new Three Cities Art club library exhibit are this watercolor by Jesse Hudson and oil by Orville Barrow. Changing the exhibit this week end were (l-r) Mrs. Hudson, Librarian Mrs. Ilean Wilcox and Mrs. Albert Spæth.

Policy Gets Attention Of Board of Education

A set of written school policies to provide a foundation for dealing with the wide variety of problems confronting all school administrators is currently in the formative stages in Northville.

The local board of education—like all others throughout the state—is undoubtedly keeping an attentive eye on the decision expected from the state supreme court concerning the legal rights of married high school students.

Although this matter is not solely responsible for the board's decision to compile its "policy rules", it most certainly be considered one of the contributing factors.

The current supreme case concerns a Mesick (Michigan) senior who was denied the right to play football after he was married. The decision was upheld in the Cadillac circuit court and is before the state's highest tribunal. A defense attorney for the student told the supreme court judges that the treatment by the Mesick board made "second class citizens" of married students.

Northville has had this problem—and others, which the board hopes to solve with legal-based policy. According to Superintendent R. H. Amerman, the range of areas covered by the policy rules will be almost limitless.

Generally, policies will be made to touch upon aspects of administration, teaching methods and employment, school services, student rights, extra-curricular functions and legal rights.

Specifically, policies will be established for married students, rental of building space by civic groups, use of buses, road rules and regulations, hiring, promotion of students, firing of teachers, administrative methods, etc.

"There is hardly a school in the country that has not written or is not in the process of writing such policies," Amerman said.

The growth of the school system has also emphasized need for this. Although lack of policies in some areas has not seriously hampered the school, Amerman said, "we want to anticipate needs before they become critical. It's a good thing to have a policy when you need it."

Members of the Northville Great Books discussion group will study this question based on readings from St. Augustine's "Confessions" at their net meeting January 21.

Mrs. James Worley, coordinator of the Great Books Program in Detroit area added that there is no room for more members. There are no formal education pre-requisites and no tuition fee.

Anyone interested in attending any of the semi-monthly meetings may call or write Mrs. Worley, 4833 Fenwick, Royal Oak, 48074, or Mrs. George Weiss, FI-9-3100.

Local Member Talks Before WILPF
Mrs. C. E. Woodruff of Northville addressed the Northville-Plymouth branch of Women's International League for Peace and Freedom at its meeting in the Detroit Art Institute Founders Room Tuesday.
In connection with "World Refugee Year" Mrs. Woodruff discussed the league's Jane Addams Refugee Home in Spittal, Austria and the WILPF Jane Addams Centennial which began this January 1.
"One of the league's major projects of the centennial will be fund raising for the refugee home, Mrs. Woodruff declared.
The home will house 33 families, she said.
Anyone wishing to contribute money for the home can call Mrs. Woodruff.
Attending the meeting from Northville were Mrs. Alva Powers, Mrs. Dorothy Ford, Mrs. Alice Woodruff and Mrs. Nancy Fowler.
Mrs. M. E. Enright returned home to New York after spending the past few weeks with her daughter, Mrs. George Jerome and family, on Horton street.
"Crazy Clothes" Dance Planned by Teenagers
A "crazy clothes" dance will be sponsored Saturday by the Novi Teen Town club beginning at 7 p.m. All members and interested area teenagers are invited to attend. An example of "crazy clothes", members explained, is a plaid shirt and a striped skirt.
Prizes will be given to the persons wearing the "best costumes".
A general meeting of Teen club members will be held at 7 p.m. to elect officers for the coming year. More than 140 persons attended last week's Teen club dance, which featured the Rhythm Rocker band.

Northville Estates Files Annex Papers

Petitions calling for the annexation of 255 acres of Novi village and township areas to the city of Northville will be filed with the secretary of state's office in Lansing Friday.

Specifically, the petitions will request that an election be called in Northville and Novi to permit Northville Estates, a 120-acre subdivision in Novi township, and a 135-acre parcel in the village of Novi connecting the subdivision to the city limits, to become a part of the city of Northville.

The action was initiated by the Northville Estates Civic association. The subdivision, composed of 26 homes in the \$25,000 to \$50,000 class, is located on the southeast corner of Beck and Baseline roads. When Novi incorporated into a village, the subdivision refused to join the incorporation move.

The village section is included in the annexation because it provides the connection to the city limits necessary to gain admittance. It lies directly east of Northville Estates on Baseline and joins the city limits at a point 1,000 feet west of Beck road on Baseline to the city limits and north 2,643 feet.

The entire area proposed for annexation extends 4,122 feet west of Beck road on Baseline to the city limits and north 2,643 feet.

To comply with regulations governing annexations the petitioners had to acquire at least 100 names from property owners (voters) in the three governmental units — Novi village, township and Northville.

Their petitions have 31 Novi township signatures, 21 village and 121 city.

Official boards of both the village of Novi and Novi township have indicated that they will not oppose the action. The Northville city council has been studying the annexation but has not yet made an official statement.

William R. Slattery, president of the Northville Estates Civic association, stated that the annexation

Asian Flu Hits Epidemic Blow In Northville

An outbreak of Asian flu is destined to reach epidemic proportions in Northville.

The area-wide illness has been on the rise locally since Christmas. Local doctors now admit that it will become a "true" epidemic.

They explain that this state is reached when 10 percent of the population has been stricken with the virus.

Businesses have reported numerous employee absences due to the outbreak, while druggists are experiencing a sharp increase in sale of antibiotics and fever pills.

Schools — while not showing "alarming increases" in student absences — report that a number of teachers have been affected in Novi, teacher absences are high.

Student absences, due to colds and flu are slightly up, authorities said. New cases seem to "come in spurts" said one druggist. "It flares up, then calms down. But the bulk cases has come since Christmas."

Both children and adults are susceptible, doctors report.

Treatment concentrates on controlling fever, easing any possible complications, with aspirin, sulfa drugs and antibiotics.

While school absences were not unusual for this time of year, school authorities reported that they rose sharply Tuesday, when school buses were not sent out in the morning because of icy roads. Home-bound bus service was provided in the afternoon. Novi buses ran as usual, however.

Although several types of influenza exist, the Asian flu virus has been found to be prevalent here. Symptoms include fever, general-ized aching, cough and headaches. Recovery takes about five days.

The only preventative measure, doctors said, is getting flu shots. However, since the vaccine is prepared by incubation in eggs, the shots are restricted to persons not allergic to eggs.

The virus is spread by ordinary human contacts.

Treatment concentrates on controlling fever, easing any possible complications, with aspirin, sulfa drugs and antibiotics.

While school absences were not unusual for this time of year, school authorities reported that they rose sharply Tuesday, when school buses were not sent out in the morning because of icy roads. Home-bound bus service was provided in the afternoon. Novi buses ran as usual, however.

\$30,000 Fire Destroys Stately Township House

A raging three-alarm fire, which apparently was started by a defective fuse box, destroyed a \$30,000 unoccupied house in Northville township Sunday evening.

Firemen from Plymouth township and the village of Novi were called in to assist Northville firemen in battling the flames that destroyed the two-story brick building. The house is located on the old Five Mile road approximately one-half miles west of Northville road.

Northville firemen received the fire call shortly before 8 p.m. The last Northville fire unit did not leave the scene until nearly 3 a.m. Monday.

Northville Fire Chief William McGee said the fire probably was caused by a defective fuse box in the basement below the stairway leading to the second floor.

Investigating firemen found a hole burned through the first-story floor near the basement fuse box. The box contained a 15-amp fuse that was shorted out.

Although firemen determined that the fire probably was started by the defective fuse, Detective Leo Major of the Wayne County Sheriff's department is investigating a report that two or three teenage boys had taken pictures of the fire before firemen and police arrived at the scene.

Because the building was unoccupied and the windows boarded up, Major said there is a possibility of arson.

Firemen at the scene said flames shot up the stairway to the second floor and spread throughout the four bedrooms and bath to the roof.

By the time firemen arrived at the scene the fire was already raging out of control. Huge clouds of smoke and flames leaped skyward as the 25 firemen poured tons of water onto the roof and second floor.

Flames quickly consumed the roof, toppling burning wood and debris to the ground endangering firemen below. Firemen were hurriedly hampered by burning wall sections, the haze and chimney, and the power lines which threatened to collapse. However, no one was injured.

The fire was visible from miles around, attracting hundreds of spectators some who sought the training school of St. John Provincial Seminary was burning.

Deputy sheriffs, who cautioned spectators not to get close to the burning house, finally forced them back to the road.

The 35-year-old township showplace was unoccupied and contained no furniture. The house had four bedrooms, bath and sewing room on the second floor, and living room, dining room, bath, kitchen and pantry on the first floor.

An adjoining brick garage was not damaged by the fire.

Dr. Thorleif Hegge, who retired as the educational director at the Wayne County Training school last year, was the last occupant of the house. He and his wife, who had lived in the house for the past 30 years, moved upon his retirement. They now live at 314 Griswold.

Six months ago the house was turned over to the state by the county.

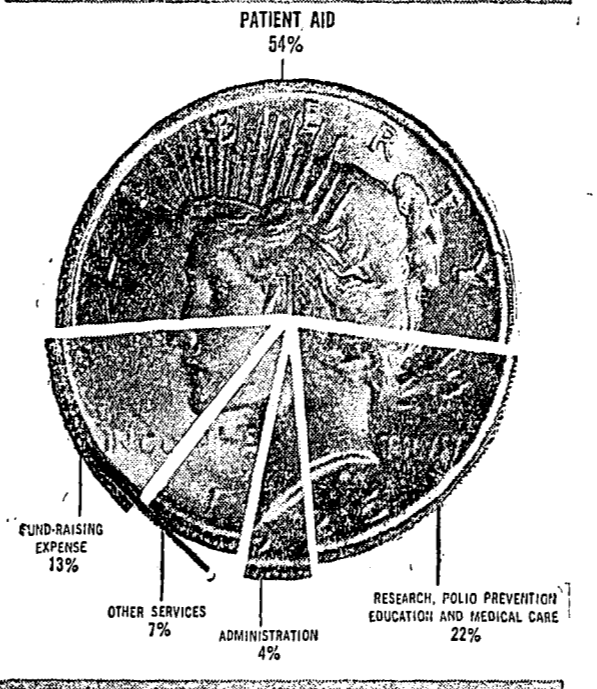

Walter Kuehn, business executive for the Plymouth State Hospital and Training school hospital recently erected at the corner of Five Mile and Shelton roads, said the state had planned to continue to use it as a staff house. He said plans were being made to redecorate it, but work had not started.

Kuehn said the house, if duplicated today, probably could not be built for less than \$50,000.

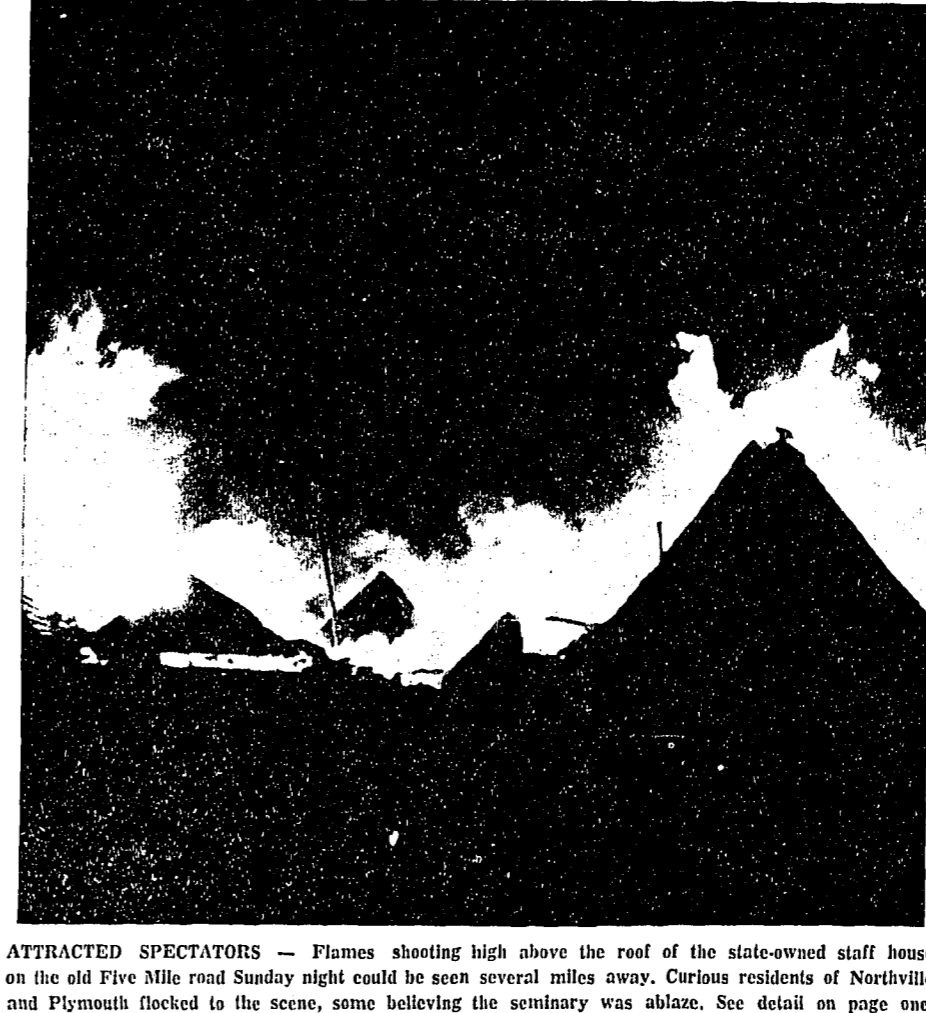

The house was originally built in the mid-1920s by the Training School for Percy Angove, 6555 West Main, who was the assistant superintendent and director of education for the school. He and his family were the first occupants.

Monday the stately house, once the residence of the Percy Angove and later the Dr. Ted Hegges of Northville, was gutted beyond repair. Novi and Plymouth township firemen were called to assist Northville department.

How Your March of Dimes Dollar Was Used 1938-1959

Your New March of Dimes dollar is leading the fight to prevent crippling birth defects, arthritis and polio. These diseases affect the lives of one out of every four American families. Your dollar over the years provided aid for polio patients and produced the Salk vaccine. In 1959 your dollar will bring renewed hope and expectancy to millions of Americans. It will help prevent crippling diseases.

ATTRACTED SPECTATORS — Flames shooting high above the roof of the state-owned staff house on the old Five Mile road Sunday night could be seen several miles away. Curious residents of Northville and Plymouth flocked to the scene, some believing the seminary was ablaze. See detail on page one.

Meet Your Firemen

15 Volunteers Fight Our Fires

EDITOR'S NOTE: To better acquaint Northville residents with the men who protect their homes against fire The Record is beginning a series to introduce the 15 members of the volunteer fire department. The first article relates the history of the department and introduces Chief William McGee. Oldtimers will remember the screams, excitement and the clack-clack of boot heels as Joe Morrison's prized team galloped along the hard dirt streets pulling Northville's first fire rig.

The iron triangle peered out the call of fire as Northville's first volunteer firemen tossed on a few clothes, grabbed the canvas water buckets and raced after the bounding two-wheel chemical tank.

It has been 70 years now that Northville's fire department was officially organized.

As A. M. Whitehead recalled some years ago "We got together way back in 1890 some time and decided to organize an efficient force. And we did, you bet. We had a 6-gallon chemical tank on two wheels drawn by horses and how we did get around with that thing we had about 30 volunteers that

responded when the triangle sounded in the tower that was once above the Lowell & Smith real estate offices. We later got a hook and ladder wagon."

T. R. Carrington remembers that the first fire hall was located in a two-story building now called the Cottage Restaurant next to the John Math Ford dealer. "It was a two-story building then and it had a tower on top where the triangle and later the fire bell was located."

"The fire equipment was stored on the main floor. In the rear was a two-cell jail. The village office was located on the second floor. Later the second floor of the building and the tower were removed and the building was turned into a real estate office."

Previous to Whitehead's first fire department, whenever there was a fire everyone brought pails to the fire and then started a search for the closest water supply. Sometimes the burning building was destroyed before water was found.

Some of the first members of the department were: Whitehead, A. K. Dolph, Peter Barley, Frank Adams, Bill Cook, James Ford, Clyde Van Rilla, Jess Clark and Ed Hilday.

Today, Northville's efficient volunteer department includes 15 regular members, a pumper, high pressure truck, and a water tanker. It is housed in the 1926-built brick building behind the city hall.

When a fire report is called in, the fire equipment was stored on the main floor. In the rear was a two-cell jail. The village office was located on the second floor. Later the second floor of the building and the tower were removed and the building was turned into a real estate office."

Keglers Prepare To Aid Polio March

Because of the great needs of the New March of Dimes in its continued fight against crippling diseases, Northville Keglers will conduct a handicap bowling tournament from January 17 through 30.

The tournament will be conducted with the cooperation of the Greater Detroit Bowling Association and the Detroit Woman's Bowling Association.

Every sanctioned league member (ABC or WIBC) whose league bowls in an establishment that is a member of the association is entitled to enter. A \$1 entry fee is required.

Regular league scores with a 70 percent handicap added are used to establish the qualifiers for the roll-offs, which will be held on February 20, 1960. Each participating establishment will send to the roll-offs one man and one woman for each five lanes or fraction thereof.

The first, second and third prizes are all-expense paid vacations for two persons in Jamaica, Miami Beach and New York City. Other prizes are portable TV sets and transistor radios offered.

In addition, the three men and three women who win the top vacation prizes in Wayne county, may also compete with the winners of similar tournaments throughout the state for the additional prize of an all-expense paid vacation in Nassau.

This vacation also will include two persons with equal prizes for both the winning man and the winning woman.

The entire entry contribution of one dollar will be used by the New March of Dimes to aid, through ed-

Mayor Allen To Moderate League Panel

Northville's Mayor A. Malcolm Allen will moderate a panel discussion on "Combining Police and Fire Departments" January 21 at the annual Region III meeting of the Michigan Municipal League.

Attending the session in Wyandotte will be mayors, village presidents, councilmen and other elected and appointed officials from league-member municipalities of Wayne county.

Panelists will discuss the feasibility and responsibilities of a combined department and what results can be expected by combining the police and fire function into a single department. Panel members include Kenneth Koppin, mayor of Grosse Pointe Woods; Orville Hubbard, mayor of Dearborn; and Virginia Knowles, city manager of Oak Park.

William Savola, conductor and musical director of the orchestra, has announced that this concert will feature several innovations. The English horn will be used for the first time before a live audience. The Franck symphony will also involve a more extensive use of the harp than in previous concerts.

Miss Smith has appeared widely before concert audiences in Detroit, Pennsylvania and Oklahoma. She was a featured soloist with the chamber music student symphony, the Altona (Pa.) Civic symphony and the Chambersburg Symphony, and has given many recitals.

No admission fee is charged for Youth Symphony concerts, to which the public is invited.

A dinner meeting will be highlighted by a report on the "League Legislative Program for 1960", followed by a brief talk on county departments of public works, to be given by Glenn C. Richards, director of public works, Detroit. The dinner meeting will conclude with the annual election of 1960-61 officers for Region III.

Present Region III officers are Charles F. Ives, chairman for the Grosse Pointe Park; Robert E. Teller, Jr., mayor of Trenton, and Mayor Allen.

Regional officers serve as a liaison between league headquarters and its regional member municipalities and play a great part in helping member officials realize and make use of league services.

The Michigan Municipal League, organized in 1899, is made up of 414 cities and villages in Michigan and is dedicated to the advancement of home rule and to the improvement of municipal government through cooperative effort.

Northville BPW To Co-Host District Meet

Northville and South Lyon Business and Professional Women will host the winter meeting of the 8th District of Michigan Federation of BPW clubs Sunday, January 24.

This last of three yearly district meetings will be held at Botsford Inn. More than 100 members of 42 district clubs are expected to attend.

Kenneth Metcalf, librarian of Greenfield Village and Henry Ford Museum and guest speaker, will discuss some of Michigan's historical inns.

Musical selections will be presented by Northville singer, Miss Isabel Schütz, accompanied by Mrs. William Williams, South Lyon BPW President Mrs. Bessie Davis will act as toastmistress.

A business meeting at 11:30 a.m. will be followed by luncheon at 1:30 p.m.

Local reservations should be made by tomorrow (Friday) and Northville BPW Vice President Mrs. H.P. Ritchie.

Northville BPW President is Margaret Rager.

Communities represented in the district include Northville, Livonia, Plymouth, South Lyon, Garden City, Inkster, Ypsilanti, Pittsfield, Lola Valley and Metropolitan and North West Detroit.

Station 9:00 A.M. Sunday 1600 K.C. Also on CKLW at 9:45

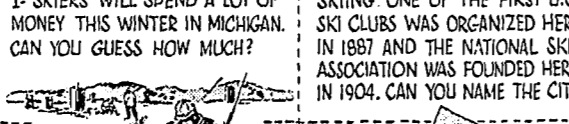

Phone local news items to the Society Editor, Fieldbrook 9-1700.

Michigan Quizdown

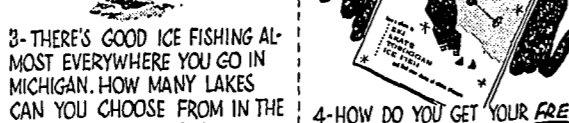

Can you answer these questions about the Water Wonderland State?

Obituary

MRS. GLADYS I. CLARK Mrs. Gladys I. Clark, 64, of 610 Carpenter street, passed away January 9 at her home. Mrs. Clark, born September 7, 1895 in Plymouth, was the daughter of Myron J. and Rosella (Talmadge) Robbins. Her husband, Lewis, whom she married 21 years ago, survives here. She also leaves a son, William McGee of Northville, and a daughter, Mrs. Florence M. Russell of Plymouth, six grandchildren and two great-grandchildren. Mrs. Clark had been an active member of the Northville W.F.W. auxiliary. Services were held January 12 from the Dempsey B. Eberhart funeral home with the Rev. Paul M. Cargle of the First Methodist church of Northville officiating. Burial was in Salem Walker cemetery.

MRS. NELLIE M. WOOD Lillian Wood, 82, of 321 South Wing street, passed away January 6 at Eastlawn Reshavan after a month's illness. Mrs. Wood was born in Northville November 17, 1867, the daughter of Joseph and Martha (Carry) Merrill. She was preceded in death by her husband, Bert, whom she married December 17, 1884. She leaves a daughter, Mrs. Edna Dingham, 85, passed away January 10 at Whitcomb Convalescent home after an illness of 10 years. Mrs. Dingham was born in Belleville February 24, 1874, the daughter of Owen and Emily (Newell) Owens. She was preceded in death by her husband, Charles W. Merrill, who died in 1948. She is survived by three sons, Burton, of Walled Lake, Gerald and Donald of Millard; a daughter, Mrs. Bessie Brown of Northville; a brother, Milo of Millard; 12 grandchildren and 22 great-grandchildren. Her daughter, Mrs. Herman Kamin also predeceased her in death. Her first child, a daughter, Stacey Ann, born January 7 in Garden City hospital. Stacey weighed nine pounds, four ounces. Grandchildren are Mr. and Mrs. Paul Nitzel of River street and Mr. and Mrs. George Hurrebrink, Jr. is the former Glenda Nitzel.

MRS. IDELLA DINGMAN Former Northville resident, Mrs. Idella Dingham, 85, passed away January 10 at Whitcomb Convalescent home after an illness of 10 years. Mrs. Dingham was born in Belleville February 24, 1874, the daughter of Owen and Emily (Newell) Owens. She was preceded in death by her husband, Charles W. Merrill, who died in 1948. She is survived by three sons, Burton, of Walled Lake, Gerald and Donald of Millard; a daughter, Mrs. Bessie Brown of Northville; a brother, Milo of Millard; 12 grandchildren and 22 great-grandchildren. Her daughter, Mrs. Herman Kamin also predeceased her in death. Her first child, a daughter, Stacey Ann, born January 7 in Garden City hospital. Stacey weighed nine pounds, four ounces. Grandchildren are Mr. and Mrs. Paul Nitzel of River street and Mr. and Mrs. George Hurrebrink, Jr. is the former Glenda Nitzel.

ROGER BRYANT Funeral services were held January 11 for Roger Bryant, 34, of 8245 E. 13th, Salem, who passed away January 7 at St. Joseph Mercy hospital, Ann Arbor. He had been ill the past nine months. Mr. Bryant was born July 25, 1925 in Salem, the son of Treman and Eloise Bryant. He is survived by his wife, Marilyn, and four sons, Bobby, Ronald, Kenneth and Gary, and two daughters, Patricia and Deborah. He also leaves five brothers, Donald, Benjamin and John of Salem, and Freeman and Philip of Detroit, and two sisters, Mrs. Evelyn Starnore and Mrs. Dolores Hopkins of Salem. A member of the Salem Pentecostal church and a carpenter by trade, Mr. Bryant was a Pleasanton resident of Salem. The Rev. Starnore and Bishop S. N. Hancock of the Greater Baptist church officiated. Conducted funeral services from the Casterline Funeral home. Burial was in Thayer cemetery.

MRS. MINNIE GIES Mrs. Minnie Gies, 83, of 15149 Broder road, Plymouth, passed away January 10 at Wayne County General hospital after two months' illness. The former Northville resident, born December 20, 1875 in Farmington township, was the daughter of Fred and Lena (Bras-

well) Gies. She is survived by two daughters, Mrs. Sophie Liverance of Northville and Miss Anna Gies of Dexter. She had made her home with Mrs. Liverance for more than 20 years, and had lived at the Plymouth address with Miss Ida Liverance for the past eight years. She was a member of St. Paul's Lutheran church. The Rev. D. J. Pankow of St. Paul's will conduct last rites from the Casterline Funeral home at 1 p.m. today (Thursday). Interment will be in Clarenceville cemetery.

GEORGE G. CARPENTER Last rites for George G. Carpenter, 77, of 307 First street, will be held at 2 p.m. January 15 at the Casterline Funeral home. Mr. Carpenter passed away January 13. He is survived by his wife, Fanny, a daughter, Miss Margaret Carpenter of Grand Rapids, and a son, Clare, of Commerce. He was preceded in death by another daughter, Mrs. Lowell Davison of Ferndale.

MRS. IDELLA DINGMAN Former Northville resident, Mrs. Idella Dingham, 85, passed away January 10 at Whitcomb Convalescent home after an illness of 10 years. Mrs. Dingham was born in Belleville February 24, 1874, the daughter of Owen and Emily (Newell) Owens. She was preceded in death by her husband, Charles W. Merrill, who died in 1948. She is survived by three sons, Burton, of Walled Lake, Gerald and Donald of Millard; a daughter, Mrs. Bessie Brown of Northville; a brother, Milo of Millard; 12 grandchildren and 22 great-grandchildren. Her daughter, Mrs. Herman Kamin also predeceased her in death. Her first child, a daughter, Stacey Ann, born January 7 in Garden City hospital. Stacey weighed nine pounds, four ounces. Grandchildren are Mr. and Mrs. Paul Nitzel of River street and Mr. and Mrs. George Hurrebrink, Jr. is the former Glenda Nitzel.

ROGER BRYANT Funeral services were held January 11 for Roger Bryant, 34, of 8245 E. 13th, Salem, who passed away January 7 at St. Joseph Mercy hospital, Ann Arbor. He had been ill the past nine months. Mr. Bryant was born July 25, 1925 in Salem, the son of Treman and Eloise Bryant. He is survived by his wife, Marilyn, and four sons, Bobby, Ronald, Kenneth and Gary, and two daughters, Patricia and Deborah. He also leaves five brothers, Donald, Benjamin and John of Salem, and Freeman and Philip of Detroit, and two sisters, Mrs. Evelyn Starnore and Mrs. Dolores Hopkins of Salem. A member of the Salem Pentecostal church and a carpenter by trade, Mr. Bryant was a Pleasanton resident of Salem. The Rev. Starnore and Bishop S. N. Hancock of the Greater Baptist church officiated. Conducted funeral services from the Casterline Funeral home. Burial was in Thayer cemetery.

MRS. MINNIE GIES Mrs. Minnie Gies, 83, of 15149 Broder road, Plymouth, passed away January 10 at Wayne County General hospital after two months' illness. The former Northville resident, born December 20, 1875 in Farmington township, was the daughter of Fred and Lena (Bras-

well) Gies. She is survived by two daughters, Mrs. Sophie Liverance of Northville and Miss Anna Gies of Dexter. She had made her home with Mrs. Liverance for more than 20 years, and had lived at the Plymouth address with Miss Ida Liverance for the past eight years. She was a member of St. Paul's Lutheran church. The Rev. D. J. Pankow of St. Paul's will conduct last rites from the Casterline Funeral home at 1 p.m. today (Thursday). Interment will be in Clarenceville cemetery.

Varsity Wins So Colts Lose-Of Course

The Mustangs won Friday, so of course the Colts lost.

West Bloomfield's junior varsity quipped Northville Friday, 47-40, thus continuing the Colts' unblemished record of losing games while the varsity squad wins and winning games when the varsity loses.

Coach Al Jones has nothing against the varsity squad, he would rather this "win-lose" system come out on top in every game.

To date, the Colts have won three games, lost three — the same number of games won and lost by the Mustangs.

The Colts were behind at the end of every quarter Friday, 13-9, 20-20, 27-40 and 47-40.

West Bloomfield pumped in 17 field goals to Northville's 14 and scored 33 free shots in 23 attempts while the Colts hit 12 charity shots in 22 attempts.

An 8-point second half barrage by Dick Barthey earned him top scoring honors for Northville with a total of 15 points. Teammates David Smith, center, and John Kahler, guard, were next high with 9 and 7 points, respectively.

West Bloomfield committed 16 fouls while Northville was charged with 14.

READERS SPEAK: THANKS FOR CHRISTMAS DEED

To the Editor:

The Christmas season has come and gone once again. Many kind people did Christmas deeds toward their neighbors. One of these deeds that I wish to commend and thank was the appearance of Santa Claus at Alibi's hall sponsored by the Willowbrook Community association.

Congratulations to the chairman, Mary Ann Farrington, and to "St. Nick," Don MacDougal did a terrific job.

Also many thanks to all the volunteer directors and workers of the Willowbrook Community association for their efforts during 1959 on behalf of all the people in Willowbrook.

May I urge all the people of Willowbrook to a greater community effort and success during 1960.

Best regards,
Roland Heaton

—WILLOWBROOK—
Blood Bank February 8

By Mrs. George Amys — Greenleaf 4-0830

Novi will hold its second Blood Bank on Monday, February 8 at the community building. Now is the opportunity for those who could not participate earlier to donate blood.

The hours will be announced later. James McKinley has just returned from a week at the Diplomat hotel, Hollywood by the Sea, near Miami, Florida. He was attending a sales convention of the Scott Paper company.

Mr. and Mrs. James Martin entertained Mr. and Mrs. Walter Klerck, Mr. and Mrs. Len Berardi, Mr. and Mrs. Dick Miller, Mr. and Mrs. Ralph Conrad, Mr. and Mrs. Fred Buck and Mr. and Mrs. Fred George Amys.

READERS SPEAK: NEED BACKBONE

To the Editor:

In regard to your letter of January 7th I have this to say.

Our towns need more men with a backbone and more people with nerves of steel. This certainly lets out our so-called Chief of Police.

The officer, along with retired Chief Denton, was one of the best friends Northville could have had. Now it's gone to the dogs. This officer isn't the only one who has stood up for himself but there are others.

What has happened to our "Freedom of Speech" in this country? This officer has always been on guard and willing to help others in time of need. I know this for a fact because I was one of those people. I also would like to ask CHIEF KING what he would do if his other officers stood up for themselves? Fire them? Then where would our town be without protection?

U-M to Examine Old Man River

Nature's own method of fighting river pollution will be the object of a three-year investigation by the University of Michigan school of public health.

Scientists are planning an intensive "health examination" of two Michigan rivers. From their findings, they hope to aid the natural self-purification process.

The United States Public Health Service has approved a three-year grant of \$52,600 to support study.

Associate Professor John J. Gannon of the U-M School of Public Health will direct the investigation. He will be aided by state and local health officers, research assistants and U-M graduate students.

The first year will be devoted to a survey of lower Michigan to select rivers for intensive study. Researchers will choose one river which carries domestic organic waste, and another with industrial organic waste.

Professor C. J. Velt, chairman of the U-M department of environmental health, says work to start February 1, 1960 will consist of field studies and laboratory tests.

Velt, describes a healthy stream as one which "purifies itself through a normally well-behaved biological process. The organisms that live in the stream destroy the impurities.

"But sometimes this process goes bad. The organisms don't function properly. The river exhausts all its oxygen and becomes sick. It won't support life; the fish die off."

It is this process, and ways of checking it, that the public health specialists plan to study.

Velt's department has concentrated on river studies for the past ten years to develop knowledge about water resources and waste disposal problems.

Mustangs Edge Lakers, 44-43

Free Shots Push 'Em To The Top

Northville plunked in only 13 field goals, but snatched victories between some important charity shots the two-pointers were enough to give the Mustangs a thrilling 44-43 victory over West Bloomfield Friday on the Lakers' hardwood.

Actually, it was a free shot by Northville's right guard Roger Atchinson with 31 seconds remaining in the game that gave Northville the victory. Center Larry Nitzel sent the game with another free shot seconds later.

The victory gave Northville a new two-way tie for third place. Last week, West Bloomfield was tied for Northville for third. This week Bloomfield Hills, which dropped a game to Brighton Friday, is tied for third and West Bloomfield dropped to a fourth-place tie with Clarkson.

The Broncos of Holly will attempt to stretch their league victories to four when they invade Northville tomorrow in one of the playoffs. Northville's guard-center, Larry Nitzel (3), and Forward Dan Brown (23), and West Bloomfield's Forward Bob St. (4) and Jack Newton (35).

Tomorrow's game will be the only contest between the two clubs. Thus both teams are expected to be razor sharp.

Holly has dropped only one league game this season — to Clarksonville — while winning three. Brighton, which is tied for second with Holly, barely beat the Broncos in winning the Fenton Holiday tournament last month.

Coach Dutch Van Ingen, who admits his team was mighty "lucky" to scratch pay dirt with West Bloomfield, says his squad will have to stop Holly's sparking forward, Ron Morlan, in order to win tomorrow.

The Holly junior is the leading scorer for the Broncos. Against last-place Millard last week, he poured in 24 points to aid Holly's winning cause.

In edging West Bloomfield Friday, the Mustangs had to fight for possession as the Lakers overtook Northville in the final seconds of play.

Behind by five points with little more than five minutes to play in the final stanza, the Lakers moved up to grab a 42-42 tie with 52 seconds remaining in the game. Two seconds later Atchinson pumped in a charity shot to give Northville the edge. Nitzel then added an insurance shot before fouling out.

West Bloomfield then moved to within one point of Northville. With little more than five seconds remaining in the game, Center Wade Deal took the ball out of bounds. But instead of throwing it into play, he hung onto the ball until the final buzzer.

Coach Art Paddy's quintet grabbed an early lead in the game and maintained it until midway in the second frame. Northville was out front 24-21 at the half, while West Bloomfield led at the first-quarter mark, 14-13. Northville maintained its lead through the third quarter, 32-31.

Center Dennis Alix paced the Broncos with 13 points.

Other league scores Friday were: Clarksonville downed Clarkson, 51-40; Brighton whipped Bloomfield Hills 65-39, and Holly trounced Millard, 61-54.

Conservation Men Plan Creel Census

Conservation Department workers will conduct a creel census during January and February on about 60 of the 200 lakes designated open to hook and line fishing for rainbow trout.

This winter's census taking is aimed at determining how many rainbows are taken during the winter.

There is no natural reproduction of rainbows in most of the 200 lakes and populations are maintained solely by hatchery plantings. Findings of the census will help the Department to time its future plantings in the lakes. In the past these lakes have been stocked once a year, either in the spring or fall.

Cager of the Week

NORTHVILLE'S LEADING SCORER thus far this season is Right Guard Roger Atchinson. The 18-year-old senior, who is playing his third year of varsity basketball, has scored 70 points this season for an average of 11.6 points per game. His best games were with Plymouth and Bloomfield Hills in which he netted a total of 30 points.

Atchinson, who is the son of Mr. and Mrs. Orson Atchinson, 530 Orchard drive, also is a key player for the Mustangs' football and baseball squads. The 5' 10" guard is president of the "99" club and an alternate member to the student council. After graduation June he plans to enter Western Michigan university where he probably will take a teaching course.

GOD'S WILL
John 5:14—"And this is the confidence that we have in Him, that if we ask anything according to His will, He heareth us."
You are a person. You think. You decide and then you take action. Your action is your will. God is a person. He thinks. He decides and takes action. His action is His will.
To ask according to His will means to ask according to His action, the movement of His mind and understanding within you.
God's will today is not a dead intellectual idea written in a book or on tables of stone. God is alive! He is closer than breathing, nearer than hands or feet. He thinks. He decides. He works in and through you willing and doing of His good pleasure. To do things according to His will means to no longer live but let Him live His life in you. This means doing things according to God's action, according to what God wills in you at the moment.

You cannot do God's will by living a pre-meditated life, by deciding beforehand what you will do, say or speak. If God is real in your life He will at the very moment you stand in need give you what to speak and what to say.
That it will not be you speaking your mind, no matter how enlightened you consider it to be, but it will be God speaking His mind in and through you. That is speaking according to God's will—God's action.
Many people who pray believe that they are praying according to God's will when in reality they are only praying according to their understanding as to what constitutes the will of God. The Baptist, the Methodist, the Unitarian, the Pentecostal, the Seventh Day Adventist, the Catholic, the Mohammedan, etc., all pray according to what they believe is God's will. Only a madman would pray against what he believed was the will of God.

All pray according to their understanding of what it means to ask according to God's will. All try to get God to hear them. But no one really knows what to pray for, what God's will is except when God reveals it in them and His spirit makes intercession for them according to the mind of God.

Oh, how important it is to lose your life, your understanding, your will, what you may no longer live after the workings of your own mind, you may find your life in the action of God's life and mind in and through you.

"Mind everyone that saith, 'Lord, Lord' and believes they are paying tribute to him and shall enter into the kingdom of heaven, but he that does the will of my Father which is in heaven."
This is exactly what God plans to do more and more until His righteousness—(action in God's mind) shall cover the earth as waters cover the sea, and all shall know the Lord from the least to the greatest. Then there shall be no divisions among us but we shall all be perfectly joined together in the same judgment and all shall speak the same thing—"God's mind."

This is the mark of the prize of the high calling of God in Christ Jesus. This is what the world cries and groans and wails for. And just as sure as day follows night so sure shall the kingdom of heaven appear and God's will be done in earth just as it is done in heaven.

OUT OF THE PAST

ONE YEAR AGO . . .
The long-planned relocation of Spring road will get underway this week with a major portion of the job scheduled to be completed by August 15.
Northville's subdivision activity was responsible for booming building during 1958 by nearly 15 percent over 1957. Meanwhile, Novi felt a drop of approximately 10 percent due to a slump in commercial building in that area.
The city council's committee to "sell" the \$200,000 water improvement bond issue developed a full head of steam this week. . . .

FIFTEEN YEARS AGO . . .
News reached this village Wednesday of the death of one more Northville pioneer, Charles L. Dubur, at the home of his son in New York.
Charles Dubur was born in Northville in 1859 to Rev. Jas. S. Dubur and Mrs. Dubur, who had come from New York to take up ministerial duties in Northville's Presbyterian church. Mr. Dubur attended the Northville schools and upon graduation in 1876, went to the University of Michigan, where he received his degree.
Mr. Dubur set up a business here known as the Dubur Lumber and Coal company, in buildings at the west end of the village, on the old road. He conducted this business for many years, selling out in 1914 to the present owner, J. W. Lapham, Mrs. Charles Blackburn and Mrs. C. M. Chase.
Mr. Dubur died in 1959. Northville relatives include Mrs. E. H. Lapham, Mrs. Charles Blackburn and Mrs. C. M. Chase.

TWENTY-FIVE YEARS AGO . . .
Nearing their 160th year virtually free from debt, the 90th annual meeting of the Baptist church, Northville occurred last Monday night. It was also the first anniversary of the ministry of their pastor, Kenzie B. Linton, who celebrated his 160th birthday on Tuesday, January 19th.
Mr. Linton was born in Northville and will add 40 men to his payroll tomorrow in order to step up production to 45,000 units a day, the amount necessary to keep pace with the production schedule of the new car.
Reflection of ten former members of the board of directors, and the addition of Floyd S. Northrop to the board and announcement that the savings deposits had increased from \$72,000 on August 1, 1934 to \$440,000 on January 1, 1959, were highlights of the annual meeting of the stockholders of Depositors State Bank of Northville, held Tuesday afternoon at the bank.
Sufficient work to keep 50 FERA men busy in Northville for the next six months was assured Tuesday when approval was received from the Lansing FERA headquarters on four projects, according to Horace A. Boyden, line keeper.

"Aunt Ida" Hendryx, beloved by all Northville for her high-spirited generosity, rounded out 79 years of life Monday.
All these years have been full of activity for her. At present Mrs. Hendryx is cozily located in her apartment in the home of Mr. and Mrs. W. Linton, corner of Center and Cady streets.

Northville Board of Education Minutes

Regular Meeting, January 4, 1960, Present: Members Schroder, Crump, Johnson, Shafer, Lawrence.
Others Present: Supt. Amerman, Asst. Supt. MacLeod, Principals Edlund, Krup and Smith, and A. Becker and F. Faslay.
Meeting convened at 7:35 p.m. in Board of Education office.
1-1-Communications:
1. Eberle M. Smith Associates relative to change orders on Junior High School.
2. Continental Insurance Co. — others relative to denial of claim on damage incurred at boiler in Amerman School.
3. LaPorte and Penn relative to topographical survey of the athletic field.
4. Wayne State University relative to the Eleventh Annual School Board Association Conference to be held January 29, 1960.
5. Michigan Association of School Boards relative to co-operation with the Parent Teachers Association in a project called "Studying Michigan Schools".
III—Report of Superintendent:
1. Rollers at the Amerman School are still causing trouble. They are being replaced by rollers which repair due to overheating.
2. Mr. Blum gave an oral report on the following:
1. Counseling program at Northville High School.
2. Accelerated activity grouping program in Geometry, English, Science.
3. Driver Education.
4. New courses in Home Economics, Metal Shop and Business.
5. Mr. Blum presented a report on the Preliminary Schedule of the Northville High School Athletic Fund and on the results of a questionnaire sent home to all parents of senior High students.
6. Mr. Amerman presented copies of the annual audit for examination. This year, in addition to the audit of the school accounts, there is a complete audit of the Activity Funds.
7. Mr. Blum reminded the members of the Board of Education that there will be a joint meeting of the Citizens Educational Study Committee at the Amerman School on Tuesday, January 19th.
8. Mr. Stefaniski presented a list of 1959 school graduates now attending colleges and universities.
9. Report of the Secretary: Secretary reported the following Delinquent taxes: \$170.24.
Nov. township: \$23,305.35 from Northville Township.
10. Report of the Treasurer: Treasurer reported the following Delinquent taxes: \$170.24.
Nov. township: \$23,305.35 from Northville Township.
11. Mr. Harold Penn of the engineering firm of LaPorte and Penn gave a detailed analysis of the proposed school and track field including practice field, parking lot, roads, etc. Using top maps, Mr. Penn discussed proposed grades, drainage, water system, etc.
12. The members of the Board of Education had many questions and wanted to familiarize themselves regarding the topography of the area it was designed to

Manufacturers Bank Earnings Up in '59

Net operating earnings of Manufacturers National Bank of Detroit for the year ended December 31, 1959 amounted to \$6,400,951, or \$5.08 per share on the 1,272,850 shares outstanding, it was announced by William A. Mayberry, chairman of the board.
Capital funds rose \$2,007,579 during 1959 to \$55,158,807, and book value of the stock rose to \$43.4 a share from \$41.60 at the end of 1958.
Comparable net operating earnings for 1958 based on the same number of shares were \$5,376,849.

AA Members To Meet Sunday

A Detroit woman and a Kalamazoo resident will be the main speakers Sunday for a meeting of Alcoholics Anonymous (AA) committee members and representatives from Eastern Michigan.
The first "closed" meeting will be held in the community building beginning at 11 a.m.
A second, but public meeting, will be held at the same place at 3 p.m.
The local chapter of AA, which includes members from surrounding communities as well as Northville, was started in 1957 under the sponsorship of the Northville Presbyterian church.
The local organization holds two meetings each week at the Presbyterian church. A Tuesday evening meeting is "open" to any interested person. A Friday evening "closed" for only those persons seeking to conquer a personal alcoholic problem.

First Federal Hits \$300 Million Mark

December by the opening of a temporary trailer-office on West Warren and Woodmont, to be replaced this year with a permanent building.
Within a couple of months, we expect to announce the opening of the branch building we are constructing on Plymouth at Merriman, to replace our present leased quarters in the Shelden Shopping Center about a mile to the west. Each new office involves a substantial investment, as we provide drive-in savings service and ample parking facilities in connection with a well-constructed building and modern equipment for expanded future growth for years ahead," Riehwitz concluded.

"The year 1959 was one of substantial growth in every department of our business," he continues. "Savings gained \$24,910,000 to reach a new high of \$274,000,000. More than \$8,000,000 in earnings was paid during the year to our largest customers — by far the savings accounts — for a total of \$4,600,000,000."
"It is a great satisfaction to know that First Federal lends all Michigan savings associations not only in total assets, but in the total of earnings paid on savings, in the size of its reserves, amounting to \$81,000,000; in the total of cash and government bonds, now \$56,000,000, and in the number of savings customers (now over 123,500)."

"Our firm faith in the future of the greater Detroit area is indicated by the rate at which we are adding new offices to take care of our ever-increasing savings and home-financing business. Just last May, we added a new office on Conant south of the 8 Mile road. This was followed in

If Michigan has nothing more than mere size, we would have plenty to brag about. In land and water area combined we are the biggest state east of the Mississippi river and tenth largest in the nation.

The flag of Michigan proclaims dominion over 57,622 square miles of land area and nearly 40,000 square miles of water surface—a total of 97,622 square miles.

Our land area covers 36,494,000 acres—larger than England or Austria—two times the size of Ireland—five times as big as Switzerland.

Michigan's open peninsula—nearly one-third of the total area of the state—is as big as Connecticut, Delaware, Massachusetts and Rhode Island combined.

Michigan's trip through upper Michigan waters in 1618, on an expedition searching for a new passage to the Pacific and the Orient, beat the Pilgrin landing at Plymouth Rock by two years.

Brule was only 19 when he discovered the Great Lakes Superior on his expedition as a scout for Samuel de Champlain, then French governor of Canada at Quebec.

Continuing Brule's explorations of the Michigan territory, Jean Nicolet—commissioned by Champlain to renew the search for a new route to the Orient—passed through the Straits of Mackinac in 1634.

Seven years later, French Jesuit missionaries Isaac Jogues and Charles Raymbault built their first mission at Sault Ste. Marie.

By 1689 two other Jesuits, Fathers Jacques Marquette and Claude Dablon, were able to establish a permanent French settlement at Sault Ste. Marie. Founded more than 100 years before the American Revolution, their mission—now grown to a community of 20,000—became the nation's third oldest city.

Novi Highlights . . .

By Mrs. Luther Rix—Fieldbrook 9-2428

John Chapman returned to his base at Virginia Beach January 3 after a two weeks leave spent with his parents, Mr. and Mrs. Don MacGillivray.

Saturday evening, January 2 John Chapman and his parents, Joan Vowell and her parents, Mr. and Mrs. John Vowell of Northville and Mr. and Mrs. Dan MacGillivray celebrated the engagement of the young couple at a dinner party at Arbor-Lil in Plymouth.

The Dan MacGillivrays are entertaining their 1 year old granddaughters, Sonette Cheek, while her parents are on vacation.

Mr. and Mrs. Warren Rice and Mrs. Charles Perry of Pontiac were in town for a white Sunday. They also made other plans for the winter. Mr. Kriedeman of the Novi school fifth graders are working on their bulletin boards.

Mr. and Mrs. Robert Pratt have moved into the Alan Gotro house on Clark street. Robert is the son of Mr. and Mrs. Bayne Pratt of 11 Mile road.

Mr. and Mrs. Ezra Roberson of Lincoln Park were the Sunday dinner guests of Mr. and Mrs. Luther Rix on Fonda street.

Mr. and Mrs. Rex Champany of Davison were the dinner guests of Mr. and Mrs. George Mairs last past Sunday.

Mr. and Mrs. Vincent Hayes attended an open house for Mr. and Mrs. Phil Alkow at their new home on South Hill street in South Lyon Sunday afternoon.

A party honoring Al Pritchard was given by the Nankin township building inspectors during the holidays. There were 24 present including the wives and the party was held at a private home on Ford road.

Mr. A. F. Reichard is ill with the flu at her home on Novi road. Mrs. Dieron Taffalain will be entertaining her Detroit pinocle club Friday evening. The guests will be Mr. and Mrs. Arthur Taffalain, Mr. and Mrs. John Semizian and Mr. and Mrs. Michael Serenjan.

Ike Tour Newsman to Speak Sunday

William Sheehan, radio newsman who recently accompanied President Eisenhower on his 22,000-mile good-will tour will relate some of his experience Sunday, January 17 at the Farmington Universalist church.

He will speak at the 11 a. m. service, and the church's regular discussion group and music listening programs will be held at 10 a. m. Sunday school classes for nursery through high school will be in session from 10 a. m. to 12 noon.

Sheehan, who is news director of radio station WJRH, was sent on the tour by Consumers Power company, and even then, the ticket may refer to some other violation more immediate to the accident. Yet following too closely is the driving error which made the accident almost inevitable.

The description of the police poster devoted to the Bumper Pusher points out that this driver depends on his driving skill rather than on his driving sense to keep out of trouble. The results is that he often over-estimates his skill and becomes involved in rear-end and side-swiping collisions when he has to stop or is attempting to pass.

In many instances the Bumper Pusher is lucky—because other drivers compensate for the mistakes of this foolish driver.

Police Chiefs Lee DeGole of Novi and Frank Jaskinski of Westland point out that the Bumper Pusher can be readily identified whenever traffic congestion occurs.

Slowly moving traffic is always a warning to good drivers that there are dangerous driving conditions present. This is the time when the Bumper Pusher rides close to the car ahead, depending on the driver ahead to think for him. When a sudden stop is necessary, the Bumper Pusher finds himself unable to stop in time and the resulting rear-end collision often produces serious whip-lash injuries to the back and neck of the passengers in the lead vehicle. Even at slow speeds such whip-lash injuries can be serious.

When the Bumper Pusher operates on the open highway or on rural roads, he is even more dangerous because of the higher speed involved. Of the 12 fatalities credited to "falling too closely" last year, 10 of them happened in rural locations. In all accidents involving this violation, half are in rural and half in urban locations, but the injuries are generally more severe in the rural areas.

The police posters suggest certain detective measures the good driver can adopt when overtaken by a Bumper Pusher. First attempt to warn him off by flashing brake lights "on and off" rapidly. This may alert the following driver who hasn't realized he's getting too close. If this doesn't work, police suggest you pull over to the side of the road and let the Bumper Pusher pass. Sudden stops in front of the Bumper Pusher should be avoided as he hasn't room enough to stop in time.

Northville Calls England

ON THE AIR — Patty Ilikes (right) narrates from a prepared script while her classmates gather around the tape recorder. The seventh graders, members of Michael Abbott's class, exchanged color slides of Northville narrated on tape with school children of Wolverhampton, England. Above (l. to r.) are: Bob Heller, Sandy Hild, Kristin Diebert, Stuart Timmons, Kent Kipker, Larry Horvath, Polly and tender Abbott.

While students of Michael Abbott's seventh grade social studies and English class listen to voices of students from Wolverhampton, England, the students across the Atlantic will be looking at familiar Northville scenes and hearing words from local students and citizens.

The idea of a tape recording and color slide "exchange" with the English community was conceived last fall by Abbott's seventh graders. They wrote to England and finally made a connection with the Wolverhampton school.

This week Abbott's class finished their slides and tape recording and sent it off to England. Meanwhile, a tape has been received from the "exchange" school.

Thursday and Wednesday Abbott showed a duplicate set of color slides taken in Northville along with a duplicate tape recording to members of the Northville Rotary and Exchange clubs.

The seventh graders took an imaginary "bus ride" around Northville and narrated the various scenes. Besides describing the scenes and their classroom activities, they also interviewed City Manager John Robertson and William Slinger, publisher of the Record, to give the England school some background on Northville.

"The kids have been very enthusiastic about the idea," Abbott said. He reported that the entire class worked on the project—taking their own pictures, conducting interviews and narrating. The class plans to present the project as a program for local organizations.

'Bumper Pusher' - Menace to Highways

The sign on the back of the truck-trailer reads: "Don't bug me, I'm going steady." Another motorist van bore the admonition printed on its tailgate: "If you can't stop in time, smile as you go under."

These and similar messages of grim humor are the truckers' way of warning the driver behind to stay away from trouble. They refer to one of the most common driving habits found on the streets and highways today, a habit which often leads to death and injury, that of "falling too closely."

To call attention to this dangerous practice, the Michigan Association of Chiefs of Police are putting up 15,000 posters throughout the state devoted to the "Bumper Pusher" in their continuing program of characterizing drivers who are Unwanted in Michigan.

The accident record of the Bumper Pusher is bad—with 12 killed and 2,400 injured last year, representing an estimated loss of \$1.6 million. But the accident statistics tell only a small part of the Bumper Pusher's record. Police point out that few traffic tickets are issued for this violation until an accident has resulted and even then, the ticket may refer to some other violation more immediate to the accident.

When the Bumper Pusher operates on the open highway or on rural roads, he is even more dangerous because of the higher speed involved. Of the 12 fatalities credited to "falling too closely" last year, 10 of them happened in rural locations. In all accidents involving this violation, half are in rural and half in urban locations, but the injuries are generally more severe in the rural areas.

The police posters suggest certain detective measures the good driver can adopt when overtaken by a Bumper Pusher. First attempt to warn him off by flashing brake lights "on and off" rapidly. This may alert the following driver who hasn't realized he's getting too close. If this doesn't work, police suggest you pull over to the side of the road and let the Bumper Pusher pass. Sudden stops in front of the Bumper Pusher should be avoided as he hasn't room enough to stop in time.

SPEAKING for the Record

A real hotbed of politics exists these days in the infant city of Wixom, incorporated as a village about three years ago, when it was a hamlet of a few farms.

Since its incorporation, Joseph Stadnik has been mayor. He was elected president when Wixom became a village, scooping in the newly-built Ford division Lincoln plant. In short order Wixom incorporated into a city to guarantee preservation of its borders and guarding against the loss of its newly acquired tax base.

Now he's stepping down. Already two candidates have filed for Stadnik's job. Two more are rumored to be in the "thinking" stage.

Nine candidates have filed for two seats on the council, including the two incumbents. More are expected.

Like any elected official, Stadnik has had his share of criticism during his reign in Wixom.

Much of the reason for the criticism can be attributed to Stadnik's energy and enthusiasm for his job. He has been a strong mayor who has attempted to guide his council in the direction he believed to be in the best interest of the community.

Possibly as a result of this, Stadnik has been working with a "split" council. And, inevitably, sides are already being chosen in selecting his successor.

Will the next mayor of Wixom be a "Stadnik" man, or will the "other side" rise to the top?

Stadnik has set a pace as a working-mayor that will be extremely difficult for anyone to follow. And regardless of which philosophy prevails in Wixom, his conscientious attention to duty deserves the thanks of his community.

Likewise, the citizens of Wixom are to be commended for their keen interest and active participation in local government.

These recent statistics released by the Michigan Education association concerning pupil enrollment, school revenues and teachers may interest local residents when compared to the Northville school district. The estimates cover data for the entire county.

Pupil enrollment (nationally) — up 4.1 percent; locally — up nearly 6 percent.

Expenditure per pupil in average daily attendance (nationally) — \$269; locally — \$359.41.

Total teaching staff (numerically) — up 4.3 percent (nationally) and locally — up about 7 percent.

Average classroom teacher salary (nationally) — \$5025; locally — \$5800.

In Northville all teachers are paid on the same scale, while many communities have a higher salary range for secondary teachers than for elementary. Locally, the minimum is \$4400 and the top, \$6400. Teachers with their masters' degrees receive \$300 more per year.

It is noteworthy that Northville's salary average is at the high end of the scale, indicating that most teachers are content to remain with the system and the turn-over is low.

Nobody knows better than "Bud" Harner, Northville's public works superintendent, how impossible it is to forecast the weather.

Last year at this time his trucks had spread more than 100 tons of salt on local streets and plowed 30,000 tons of tons on state roads. At the peak of last winter the Detroit salt mines were far behind schedule and salt was a scarce item.

This year Bud was ready. Bud, alas, the snowplows haven't even been used and the salt only sparingly.

And Bud's got the biggest pile of salt you ever saw.

Novi village residents will receive a questionnaire next week seeking information for the newly formed Novi Citizens Development Committee.

It is the first step taken by the organization charged with the duty of establishing some indication of public attitude and ideas concerning the manner in which Novi should be developed.

The committee must have this information before it can proceed with its plan for monthly meetings (beginning January 22) to discuss the varying desires and fit them into a pattern.

The success of the effort depends upon the cooperation of the citizens.

What's more, it's your opportunity to express your views — privately and without any — with assurance that they'll be analyzed and compared with the thoughts of your neighbors.

And then together, the citizens of Novi can decide which of the ideas are best for their community.

For The Year Ahead THE 1960 FORECAST

Michigan Mirror Bitter Session Ahead

POLITICAL pressures building up in Lansing indicate the 1960 legislative session will be short and not so sweet.

Bitterness remains from the record-long 1959 session that brought open warfare between parties and snip and snarl among parties.

The January 13 opening of the 1960 session comes too soon for weary lawmakers who ended the 1959 session shortly before Christmas.

The struggle with taxes and politics last year forced both parties to compromise on political principle in order to get a tax program.

The session is apt to be a short one if for no other reason than that legislators are out of breath.

House Speaker Don R. Pears (R-Buchanan) has hopes of representing the Michigan House in Congress, as does Sen. Edward Hutchinson (R-Fennville).

DeMaso may try for the Senate. Morris may go for Governor.

The Order to Clean Out desks between sessions was a tough one for Rep. Russell H. Strange Jr. (R-Clare). His desk had several layers of newspaper clippings throughout the session.

"I can't think of a better way to keep track of what's going on in my district," said Strange. "Newspaper reading is a must for me."

Strange has stacks of newspapers in his Clare office. He keeps them in his briefcase. They are especially popular because they relieve the young people from taking care of their riders. The free good roads, and police and fire protection are demanded by the big insurance companies; while the free schools parking places are demanded by mothers to leave their children during the day.

The next appeal will be for "free baby sitters." Why not? I forecast that — barring World War III — free baby sitters will one day be provided by our city.

Swainson to Discuss Outlook for 1960 At District Dinner

Lt. Gov. John B. Swainson will speak on "Outlook for 1960" at the third annual dinner of the 17th District Democratic organization.

The affair is set for 6 p.m. Saturday, February 6 at the Capistrano restaurant, 2000 Plymouth, between Evergreen and Burt.

Gov. G. Mennen Williams, Senators Patrick V. McNamara and Philip A. Hart, and members of the state administrative board are expected to attend, Mrs. Ione Feitel, dinner chairman, announced.

Tickets may be obtained by contacting Mrs. Alice Woodruff, 2015 Beck road, Northville.

Roger Babson Spending Makes Us Soft

Babson Park, Mass. — Recently I visited the home where I was born and spent my boyhood. I saw the lawn that I cut with a hand sickle every week. Mowing machines were not then known. Now it is cut by a gasoline-propelled motor requiring very little effort by the person who runs it. Furthermore, he is not one of the boys of the family, but a full-grown hired man.

The school I attended was a mile from my home. Schools then had two sessions each day. This meant walking four miles per day. If I attended this school now, I would be taken in a city bus. Then, upon arriving at the school, I would exercise in a beautiful gymnasium by the city and directed by an athletic instructor. The whole program today seems crazy to me. I believe in progress. My whole life has been given to the study of new products and new processes. There are the basics of "growth investments" which my father has been seeking. But do we think about what kind of growth? Are the electronics which are being developed in the market doing making us stronger or softer?

What is the least which city governments have for spending city money? This is the question I like to ask city managers and councilmen who are responsible for the expenditures and the tax rate. These men fail to answer me. They really have no test, but operate on the old principle that "the wheel which squeaks the most gets the grease."

In fact these officials try to do what the majority of the people ask to do. That is why taxes are high. I believe in the employment of city managers; but they are human and must please the voters to hold their jobs. Perhaps we should have "city dictators" for so-called terms instead of city managers who can be fired at any time.

Cities spend most of their tax money on free schools, free roads, free fire and police protection, and other household discards. They especially popular because they relieve the young people from taking care of their riders. The free good roads, and police and fire protection are demanded by the big insurance companies; while the free schools parking places are demanded by mothers to leave their children during the day.

The next appeal will be for "free baby sitters." Why not? I forecast that — barring World War III — free baby sitters will one day be provided by our city.

Goodwill Calls Tuesday

The next visit of Goodwill Industries pickup trucks to Northville is scheduled for Tuesday, January 19.

Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pickup, call the local Goodwill representative, Mayberry Mrs. Chas. FI-9-2822.

World War 1 Veterans Ready for Pension Battle

Have you ever thought of the honor which is yours when you belong to the Veterans of World War 1?

From a vast army of 4 1/2 million in 1919, we have dwindled away to less than 2 1/2 million of us still living.

True, our potential membership grows lesser day by day but our fellowship grows greater as the years go by.

The Veterans of World War 1 from a humble beginning less than eight years ago, now numbers 170,000 members and we are the fastest growing organization in the United States. Over 2,000 Barracks from coast to coast in every state, including our latest states, Alaska and Hawaii. We also have a Barracks in Killarney, Ireland.

A membership card entitles you to enter and be welcome in any and all of these Barracks.

We are engaged in a fight for a pension which is better than the one we now have. To get this pension we must show the lawmakers in Washington that we are united just as we were in 1917 and 1918 when we fought and won a great war. Buddism, membership in our pension. We want one million members. With that many members our pension is assured. So, join up and help us in the fight. Come to meetings and we will all break bread together, pray together and talk over our war days with old buddies.

Only a World War 1 veteran can bring to our organization which makes us an exclusive organization. One to which it is an honor to belong.

Our time is short. This is our last battle and let's win this one just as we have won all our battles.

Village to Start Trial Collection of Trash Soon

Free rubbish and trash collection will be provided village residents next month — on an experimental basis.

Council members voted unanimously Monday to provide the service here for one month, then weigh the success and cost of the program before deciding whether or not to make it permanent.

The dates for the first collection will be announced later. As proposed by the village manager, Fred Olson, the collection would take place during four days of each month. He suggested that the village be divided into four sections with each section being serviced on different days.

Although the manager indicated that the service might require three additional employees during the four days, Councilman Russell D. Doherty said he would like to see the village divided into four sections with each section being serviced on different days.

One village resident, Joseph Crisp and Dean Leubner, residents of the village, presented a public monthly statement of outstanding bills and cash on hand to the council.

Crisp also contended that the village could not lawfully divert state highway tax money to the general fund or use it to purchase road equipment.

The council explained that the village is facing a cash shortage — it is operating well within the approved budget. Furthermore, it was explained, the council has had the approval of the state to apply part of the highway money to purchase of road equipment during the first year of operation.

First of the highway money which will be received in February will be used to pay outstanding bills — since road maintenance and equipment purchase has been greater than the amount allotted by the state through the highway fund, it was later explained.

Rubbish and trash — large, heavy materials such as mattresses, stoves, or refrigerators — will be dumped either at the McCready dump or the Mann company landfill, both located off Ten Mile road near the C&O railroad.

Residents will be required to place trash at curbs in front of their homes.

In other business Monday, the council appointed Stan Wilson and Charles Wallace to fill vacancies on the board of review. Wilson was appointed to a two-year term, Wallace to a one-year term.

A request by no Harrowood to relocate the entrance of 11 Mile road at Grand River was turned over to the planning board for study and recommendation. Harrowood asked for permission to move the road to just east of the Shell oil service station — which he recently purchased.

Harrowood, who indicated he wanted to "square" his corner property, said he would assume the cost of relocating the road.

President Walker Tuck suggested that the village might better consider moving the 11 Mile entrance to a private road east of the National Bank building. The light of long-range plans to convert the entire area into a shopping-civic center was also mentioned.

It was granted a rehearing in which new testimony may be introduced to show that the property has other uses.

(2) It was noted that the hearing was self-imposed and therefore reverse the decision.

(3) In light of the village license ordinance, he can remand the whole matter back to the council.

(4) He can deny the motion for rehearing.

Citizens Group Plan to Review Survey Monday

Directors of the recently organized Citizens Development committee appraised this week for physical support.

Specifically, the directors have indicated that this support can be best contributed by these two means:

1. Attendance at all interested village residents at the first monthly general meeting of the citizens group, Monday beginning at 8 p.m. at the community building.

2. Prompt reply to the questionnaires which were mailed this week to all village residents.

According to the committee vice president, Mrs. Catharine Fred, Monday's general meeting will be open to everyone in the community.

"We don't believe our citizens will want to absent themselves from this meeting," she declared.

Slides concerning the steps and basis of community planning and development, which were prepared by the citizens group, will be shown.

Audience participation in the discussion of this topic will be encouraged.

Retirements will be served. Lewis Cross, president of the board of directors for the group, has indicated that preliminary results of the questionnaire survey conducted this week will be discussed.

"We're extremely hopeful that we'll have a prompt and glowing section of replies," Cross stated.

The questionnaire is aimed at giving residents an opportunity to help mold a "future" for Novi and at the same time voice their opinion as to what's right or wrong about the community.

"We plan to analyze the answers and then present our findings to all citizens attending our monthly meetings for discussion. Frankly, we hope to establish a pattern on which to proceed insofar as the development of our community is concerned," the president said.

Cross emphasized that the questionnaire need not be signed, thus eliminating any embarrassment by anyone not wishing to be identified.

Persons who plan to attend Monday's meeting and who have not yet mailed back their questionnaires are urged to bring them to the meeting.

Other members of the citizens' group board of directors are: Roy Crisp, Mrs. Mary Gunzville, Emory Jacques, Kalla S. Johnson, Herbert Koster, George Mewlin, Philip J. McEvey, Mrs. Virginia Noble, C. A. Smith, J. E. Struss and Don Woodward.

Citizens Await Landfill Decision

Circuit Court Judge Russell Holland is expected to hand down a decision within a week on an appeal by village residents seeking to block operations of a proposed landfill on 12 Mile road.

Arguments at the court hearing were concluded last Thursday, and Attorney David Fried, who represents the protesting residents, said Judge Holland probably will reach a decision by next week.

Fried is seeking a rehearing in an attempt to reverse an earlier decision by Judge Holland which permitted operation of the landfill despite an even earlier decision by the village board of appeals denying the landfill request.

Because the 12 Mile area residents protesting the filling were not named in the original suit, Fried had to first ask for permission to be heard (leave the case). He was granted this permission last month.

The original circuit court suit was brought against the village by the owners of the 50 acres of 12 Mile road property, Mr. and Mrs. David Kenny and Mr. and Mrs. Leo Lusser.

Property owners and the Wayne Disposal company, which would operate the proposed landfill as a site for disposal of Detroit area rubbish, had joined together in the suit against the village because they felt the board of appeals decision was arbitrary and capricious.

Fried based his arguments for his clients on the following contentions:

(1) Earlier court testimony was not sufficient to prove that the 12 Mile property was unfit for any other economic purposes under the present zoning.

(2) Assuming that the land is unfit for other purposes, it is so unfit because the filling would inflict damaged and therefore the land owners are not entitled to relief. (The property was once a dirt farm.)

(3) Earlier court testimony did not show that the decision of the board of appeals was arbitrary and capricious as was contended.

(4) Assuming the land is unfit for other economic purposes, the grant of 50 acres of farm property, owned by Arthur Heale, 4289 Nine Mile road, to an industrial classification.

The plaintiffs moved for non-suit after Judge Heale called a January 11, 1960 supreme court opinion on as a similar case, in which the court recommended that the zoning ordinance should be left up to a decision within the community.

Village Attorney Howard Bond asked for dismissal before voluntary withdrawal was made.

Novi citizens had already made a decision, it was pointed out, when they turned down a proposal calling for the repeal of the ordinance last fall by a vote of 322 to 58.

Heslip Case Dismissed

The circuit court suit brought against the village of Novi as a result of a Nine Mile road rezoning amendment was dismissed shortly before noon Wednesday.

Judge William J. Beers granted a motion by the plaintiff, Nine Mile area residents, for a "non-suit" or voluntary withdrawal.

The judge based his decision on the fact that the plaintiffs court costs of \$200 in granting the non-suit.

Members of the Novi Civic Improvement association had stated the suit in an effort to win a reversal of a village zoning ordinance amendment that changed 50 acres of farm property, owned by Arthur Heale, 4289 Nine Mile road, to an industrial classification.

The plaintiffs moved for non-suit after Judge Heale called a January 11, 1960 supreme court opinion on as a similar case, in which the court recommended that the zoning ordinance should be left up to a decision within the community.

Village Attorney Howard Bond asked for dismissal before voluntary withdrawal was made.

Novi citizens had already made a decision, it was pointed out, when they turned down a proposal calling for the repeal of the ordinance last fall by a vote of 322 to 58.

Ten File Petition For Wixom Council

It's official. Wixom will conduct a primary election February 16 for three council seats only.
