

SPEAKING for the Record

By Bill Slicer
Have you ever felt that the entire world is crashing down on your shoulders? That if details, problems, meetings and responsibilities don't stop piling up you'll literally explode?

Imagine for a moment the plight of this individual.

A little more than one year ago he applied for — and was awarded — his first position as manager of a municipality. From that moment he became a "marked" man.

His failure was freely interpreted by influential powers in the community. A newly incorporated village with a green expanse of land and a growing population was a great alleviation of interests with an inexperienced manager.

The procedures for manager form of government were new to residents accustomed to dealing directly with elected officials and employees of the community. Even the council members were unfamiliar with the manager system and, therefore, innocently violated good practice in handling internal problems.

Matters of policy, such as zoning, voted upon by the council and lying outside the province of the manager were nevertheless sources of further aggravation.

An election sweep that the old council's majority and many voters considered it a mandate to fire the manager.

Two members of the five-member council also take this attitude and accordingly call for his removal from office.

A civic improvement group has adopted a resolution asking that the manager be released. Petitions have been submitted to the council making the same request.

How can any council or individual operate effectively under these conditions?

The answer, of course, is that they cannot.

The community to which we are referring is Novi and the man with the problems is Manager Fred Olson.

He is not alone, however. Council President Joseph Crupi, and Councilmen Dean Lehen and Walter Tuck have witnessed the bombardment along with Olson.

But they must know that Olson is through as Novi manager. Perhaps they acknowledged this Monday night when Lehen's motion to table petitions calling for Olson's resignation for 90 days gained support from Crupi and Tuck.

Without knowing, it would be our guess that this trio had hoped to give Novi's first manager every opportunity to succeed. They must recognize that he has become the target for every complaint, justifiable or not.

It would appear that Novi has but one course to follow. Presumably, Councilman Lehen's motion passes the way to this procedure.

— critics of Manager Olson should "hold their fire" until a change can be made (we are convinced that Olson, silent throughout the upheaval, is a "low cut").

— Novi councilmen and citizen antagonists should sever and become thoroughly familiar with the function of manager form of government (we believe that understanding and acceptance of manager government is vital to the community and that no consideration should be given to its discontinuance).

— That in the interim the council attempt to solve its own differences and "close ranks" in selecting and supporting a successor to the present manager.

— That citizens of the community be less willing to accept every criticism of their governing body as the gospel and to take a constructive and sincere interest in helping to understand and solve problems of the community.

— Finally, to forget the matter of "blame" for the situation in which Novi finds itself, on the one hand we can point to vehement critics, yet it is their right as taxpayers to ask questions — just as it is a most important function of any manager to maintain good public relations.

Novi is a new village. It will learn just as all municipalities have learned — by the difficult road of experience.

Michigan Mirror

State Improves - Only \$71 Million in Red Now

MICHIGAN'S FISCAL picture continues uncertain. Figures compiled by the Citizens Research Council of Michigan indicate the \$71 million state deficit predicted for the end of this fiscal year (June 30) is actually a surplus of \$11 million.

Total estimated revenue this year is about \$411 million. Spending is expected to approximate \$388 million. The \$23 million difference when applied to the \$96 million deficit the state had going into fiscal 1959 leaves a money shortage of about \$71 million dollars — about what was predicted last January.

Secretary of State James M. Hare, chairman of the Highway Reciprocity Board, says passenger cars going from state to state are given free and easy passage for this reason.

A car driven into Michigan is given need to gas while here and will help pay for Michigan roads with the gas paid on.

In addition, especially if the car contains tourists, the occupants will spend money here. Likewise, Michigan cars going into other states will need gas and occupants will add their dollars to the economy of the state visited.

In effect, states waive registration fees for visiting cars in return for the economic boost a free exchange of travelers gives.

Not so when it comes to commercial vehicles.

IT'S EASY TO DRIVE a passenger car from Michigan into Ohio or across any other state line.

But for a trucker carrying goods from state to state, the procedure isn't quite so simple. A new law signed recently by Gov. G. Mennen Williams is designed to give Michigan truckers a break in interstate commerce.

The reason for the revised Highway Reciprocity Law is to enable Michigan to "do unto others as they do unto Michigan."

Some, like New York and Ohio, require payment of tax based on a "weight-distance formula of one cent per mile."

Some require that an amount of fuel comparable to the number miles driven in that state be bought before leaving.

But most of the taxes of this sort impose only a nominal fee in return for a permit to travel commercially there.

However, the administration burden on the trucking companies, which have to keep records to be certain that none of their trucks is illegally using a state's highways, is very great.

A carrier with a large number of vehicles has to register each one in each state where it will travel and a permit is required. The new law liberalizes the power of the Highway Reciprocity Board to give Michigan officials enough authority so that they have bargaining weapons in their attempts to set up equitable agreements with other states.

THE RESULTS of Michigan Week promotions are watched carefully by nearly everybody to note how successful the program is, but one group watches the promotions themselves to see how they could be made more effective.

The Committee on the Future Development of Michigan Week was formed to make the event "an even more productive instrument in behalf of a greater Michigan."

Included in a list of actions deemed imperative to make the Michigan Week program more effective were: earlier and more complete planning; financial organization; a good sales program for prospective participants based on the results of past Michigan Weeks; more work in telling people outside Michigan about the state and then telling Michigan people how well the outside program is working; and earlier selection of a theme and motto.

The committee also comes up with a long range program of improvements that should make the annual celebration more far-reaching.

More effective, too, the committee hopes.

Park Bill Passes, but Citizen Group Continues Fight

Not satisfied with his surprising victory in obtaining passage of the park amendment by the state legislature, the Novi Citizens' Development Committee this week launched a new line of attack.

Although the passage of the amendment is a "tremendous" feat for the committee, the Novi citizens will have a lot of work to do to do the chairman of the park subcommittee and board director, Roy Critz, said Monday.

The citizens' group, which was established several months ago as a guide for the planning board in developing the best possible plan for Novi, took up its fight for the park despite predictions of working defeat.

Clarkson, the citizens group helped push through an amendment to the house and finally through the senate.

READY FOR MEMORIAL DAY - Veterans Jim MacDermaid (left) and William Mealy are shown above brushing up the grounds around the veterans' memorial located next to the community building in preparation for Memorial Day activities Monday.

Parents, Teachers Establish 1st P-TA

The framework of Novi's first Parent-Teacher Association was created last week in an organizational meeting held at Orchard Hills school.

Parents attending the first meeting, who automatically became charter members, voted to set the first 40-meetings per year program, subject to change at a later date and decided to hold all meetings on the first Tuesday of each month except in September.

Novi and its first village manager have parted ways.

Memorial Parade To Honor War Dead

Taps will peal out over Novi Monday morning as its citizens honor the dead of three wars with a Memorial Day parade and traditional ceremonies at two cemeteries.

New Industries Eye Wixom Sites, Says City Official

Long known as a land-mark Oakland county "along the Post-trail," Wixom reportedly is being eyed by several diversified, multi-industrial companies, along with the beauty of residential living.

Library Boosters to Meet To Discuss Campaign Plans

Backers of the proposed Novi Community Public Library will meet Tuesday at 8 p.m. in the library building to discuss details of Library Week, June 4-11.

Manager's Resignation Effective June 7

Novi's first village manager, Fred Olson, has resigned his position as of June 7.

Budget Hearing Set Tonight at Wixom

With memories of last year's marathon budget hearing still fresh in his mind, Mayor Donald Brooks predicted a quieter, less lengthy hearing for the proposed 1960-61 fiscal budget tonight.

First Haircut

Parents who look ahead make sure their savings grow as the youngsters grow. Then, when he's ready for college, it's a question of "what would you like to be?"—and not "yes, it would be great but we just don't have the money."

Attend Air Force Show

By Mrs. Luther Rix - Fieldbrook 9-2428

Mr. and Mrs. H. Holmes and daughter, Mary, attended the air show at Selfridge Field Saturday.

Novi Teen Club Plan Dance Saturday

The Novi Teen club will sponsor a "Blue Mist Dance" Saturday, 7:30 to 11:30 p.m., at the Teen club center, corner of 10 Mile and Meadowbrook roads.

Motorist Fined \$50

Charles Fordyce, 184 Wren, Wixom, was fined \$50 by Justice of Peace Robert K. Anderson Thursday on a charge of reckless driving.

Everyone Had Fun At Novi Potluck

Rain did not dampen the spirit of the 200 Novi citizens who joined together last Thursday for an evening of social fun at Walled Lake club.

Goodwill Needs Help

Persons wishing to donate discarded clothing or household goods to Goodwill Industries are asked to contact Mr. Albert King, GIB-3071, to arrange for truck pickup.

Fisher Disgusted, Quits Post

Burt Fisher, member of the village planning board, resigned his position as secretary of the board, Fisher said his resignation because of "a lack of public support of village officials."

These Girls Will Represent Northville at Wolverine State

Six Northville high school girls will represent Northville at the annual Wolverine Girls' State to be held on the campus of the University of Michigan June 21 to 30.

Upon arrival, each girl is assigned to a "city" where self-government is practiced. Elections for "city" offices are followed by elections for "county" and "state" offices.

Their individual sponsors are:
Janice Campbell, Woman's club; Sharon Hensch, P.T.A.; Karen Hill, American Legion auxiliary; Carol Janetzke, UAW-CIO; Carol Regenhardt, Lloyd H. Green Post No. 147; and Betty Stremich, Optimist club.

Wolverine Girls' State was established in 1911 and is dedicated to the training and development of girls who have qualities of leadership. The primary objective of Girls' State is to stimulate girls to take a deep interest in the development of home and community life and to encourage them to be better citizens of tomorrow.

Girls' State brings to the girls a knowledge of national, state and local government through actual practice. It gives them a state of their own, a session governing themselves through democratic procedure.

GIRLS' STATE REPRESENTATIVES — Northville high school has selected these six 11th grade students to represent the local high school at the annual Wolverine Girls' State this summer at the University of Michigan. They are (rear, l. to r.): Carol Regenhardt, Betty Stremich, Sharon Hensch, and Mrs. Rex Hallman, Girls' State chairman for the 17th district, (front, l. to r.): Carol Janetzke, Karen Hill and Janice Campbell.

Novi Couple Wed 65 Years

Eleven couples surprised Dr. and Mrs. Robert Yoder Saturday evening with a home-warming party at their new Wixom Estates home. A potluck dinner was served.

Recent guests of Mr. and Mrs. Kenneth Shrewsbury, Sr. from Washington, D.C.

Miss Ruth Knapp of Northville and Mrs. Martha Edge of Plymouth attended the opening of the Metropolitan Opera at Ford auditorium last Monday night.

Fourteen people gathered at the home of Mr. and Mrs. C. C. Tessei on Homer road last Sunday night for a potluck supper.

Dorothy Welch was honored at a linen shower last Thursday night, hosted by Mrs. Charles Yahnke at her home on Eaton drive. Co-hostesses were Mrs. Jack Elsbach, Mrs. William Williams, Mrs. Richard Kay and Mrs. George Jerome. Twenty guests were present.

Mr. and Mrs. Frank Martin
To Celebrate 65 Years of Marriage Sunday

Mr. and Mrs. Frank Martin, 43241 Walled Lake amusement park until 1923, then moved to the present address in Novi.

Mr. Martin is 84, his wife 83. Both are still active members of the International Order of Oddfellows and Rebekahs.

They have one son, Erwin Martin, also of Novi.

They wanted to live closer to his work, so the William G. Pfatts traded their small bungalow for a large brick home at 2478 Glen Ridge court.

The move to Novi was a smart one, according to Pfaff, announced "fast". He and his wife and their three small children are very happy with their new home — particularly with their neighbors and the country atmosphere of the community.

Pfaff, a graduate of Washington and Jefferson college, is employed with the American Hospital & Medical Benefit association, with offices in Plymouth. He formerly was a public relations official with a Detroit bank.

Mr. Pfaff attended the University of Michigan — and someday hopes to return for her degree.

While in Berkeley, Pfaff was active in civic affairs. Most important of these was his membership on the Berkeley planning commission for three years as secretary. Now as pleased a memory but certainly an indication of his interest in municipal government is the fact that he was an unsuccessful candidate for the Berkeley council.

For relaxation, Pfaff plays golf and collects stamps. His hobbies are to collect antiques — but not quite as much as caring for her children. Paul, 4 months; Johnny, 2, and Billy, 4.

Mrs. Pfaff plans to volunteer some of her time to work for the Novi public library that will be opened sometime next fall.

KITCHEN DIARY
Top off Cake With These Frostings

If you're looking for something to brighten up your breakfast cake, you might try one of the following two frosting recipes featured this week in the "kitchen diary":

MY FAVORITE FROSTINGS
Mrs. Charles Wallace HANAKUMI, CREAM
1/3 cup butter or other shortening
1/3 cup mashed bananas
2 cups powdered sugar
1/4 tsp. vanilla

In a medium size bowl stir the butter, shortening, vanilla and cream. Add the mashed bananas and beat until the mixture is smooth and creamy. Mix in the powdered sugar, adding one cup at a time and beating each until smooth and creamy. Add the vanilla if desired. This recipe makes enough frosting for an 8 or 9 inch layer cake. Beat with spice or chocolate cakes.

WHIPPED CREAM CHOCOLATE FROSTING
1 1/2 cups heavy cream
1/2 cup sugar
2 tablespoons cocoa
1/2 teaspoon vanilla
Mix — do not whip — all ingredients in a bowl. Set in refrigerator to chill at least two hours — longer if desired. Beat until mixture is so thick that it holds its shape and will stand in peaks. This recipe makes enough for top, side and between layers of a three-layer cake. Beat with devil food cake.

Section A — Arrangement Class:
1. Spring Garden, using flowers and flowering branches; 2. Tulips on Parade, arrangement of various colors; 3. Oriental influences, using vines, flowers and oriental accessories; 4. Golden Moments, yellow shades only in a yellow or coral container; 5. Our June Bride, rose arrangement; 6. Religious Moments, all white, including containers and accessories; 7. The Jewel Shop, using colors of a jewel accessory; 8. Memories, using antique containers; 9. The Sky's the Limit, a vertical arrangement indicating flight; 10. The Sea Around Us, using aquatic shells for containers and dried material; 11. Our Magic World, arrangement using artificial materials; 12. Sunset Glory, using colors of the sky at sundown; 13. Summer Storms, using only shades of blues and purples; 14. Arrangement Class for Men only; 15. (1) Miniature arrangements not to exceed 3 inches overall; (2) Miniature arrangements not to exceed 6 inches overall; 16. Spring Floods, using driftwood with fresh or dried material; 17. Miscellaneous.

Section C — Festive Tables:
Throughout the year — Chairmen: Mrs. John B. Brummett; Exhibitors may bring any site table. Judging to be according to appropriateness of site. Centrepieces required.

Section D — Children's Party Tables:
Chairman, Mrs. Orson Atkinson; Child's table, two chairs and place settings for two. Exhibitors to choose title and judging will be according to appropriateness of title.

Section F — Juniors — Chairman:
Mrs. F. S. Jennings; Group I, under 10 years; Group II, between 10 and 15 years; 1. Dish Gardens; 2. Oriental arrangements with oriental accessories; 3. Any original arrangement or handcraft; 4. Horticultural Specimens; 5. Arrangements using dried material, stones, shells, etc.; 6. Bird Houses, Feeders, etc.

Section D — Special Exhibits:
1. African Violets, exhibitors may enter several named varieties; Mrs. Ruth Hoyeradis, chairman; 2. Corages for all occasions; Mrs. D. H. Clark, chairman; 3. Pedestal arrangements (not to be judged), invitational, neighboring garden clubs; Mrs. F. J. Wright, chairman; 4. Conservation Exhibit, Mrs. L. Eaton, chairman.

General chairman of the flower show is Mrs. George Kobs. Mrs. N. K. Pattison is co-chairman.

Exhibitors are asked to bring their displays to the community building on the morning of the show between 8:30 and 11:30.

GARDEN CLUB AWARDS — Members of the Northville Garden club are beaming with pride this week following the announcement a week ago that the local club was awarded four citations at the annual meeting of the Michigan Division Council of the Woman's National Garden Association in Detroit. Topping the awards was the coveted Orchard Award given to only three Michigan clubs for "all around" activities during the 1959-60 year. The other awards included an international award, flower show, and educational awards. Shown above proudly displaying the citations are (l. to r.): Mrs. Orson Atkinson, international chairman; Mrs. N. K. Pattison, past president; Mrs. D. H. Clark, president, and Mrs. John C. Burkman, educational chairman.

NOW LOOK WHAT CORVAIR'S GONE AND DONE!

The same Corvair that tallied a whopping 27.03 miles per gallon* in the Mobilgas Economy Run... went right on to climb Pikes Peak earlier in the spring than any car has ever tried!

We wanted to show you what the fabulous fraction of Corvair's rear-engine design and the sure-footedness of four-wheel independent suspension really mean. So the identical Economy Run went right on to 14,110-foot Pikes Peak—and right up to the top of that savage mountain, on April 15, still deep in winter's snow and ice. No other car—ever specially equipped—had ever been able to conquer that nightmare alpine road so early in the spring. But Corvair (with United States Auto Club officials aboard to certify that not one nut or bolt was changed) purred right to the summit without chains or even snow tires! That just underscores the fact that Corvair is really unique. But you'll find that out the first few minutes you're at the wheel!

*With professional driver. See 2,000-mile run in Mobilgas Economy Run (Minneapolis)

Try the remarkable Corvair at your local authorized Chevrolet dealer's

GOD'S LOVE AND FORGIVENESS

The problem which faced God in forgiving the sin of man is little considered by many people today. They think God's love and sympathy for the sinner causes Him to pass over with sentimental softness or brush away their guilt with a mild reprimand. This is far from the case as stated in the Bible.

Romans 3:26 speaks of the necessity of God being "just and the justifier of him which believeth in Jesus". Plainly this means that the problem which confronted God in securing our forgiveness was on the one hand to be the just judge requiring the penalty for man's sin to be executed upon him, and on the other hand to set him free. Perhaps I could make this plain by giving you an example. Let us suppose that the son of a judge was accused for careless driving. During the course of his negligence he injured some people and caused property damage. His father loved the law and now stands before his father and pleads guilty. The father faces his son with mingled emotions. On the one hand he must, if he would remain an honest and just judge, pass sentence upon him just as he would anyone else. On the other hand he loves his son and desires to set him free. The problem now is, how can he satisfy justice and because of his love show mercy to his son. This is exactly the problem which faced the Father. "God so loved the

GOSPEL MUSICIANS—Recently graduated from Wheaton college, this young couple will present a concert of music June 3 at the Salem Federated church. The couple, Mr. and Mrs. John Landgraf, have gained wide popularity for their talents as gospel musicians.

To Celebrate Church Remodeling

Members and friends of Salem Federated church will celebrate the completion of a \$42,000 improvement and alteration project with a special program on Friday, June 3, officials announced this week.

Highlighting the event will be a combination open house, family fellowship banquet and musical concert beginning at 6:45 p.m. The banquet, which may be attended by reservation only, will be held in the remodeled church basement. A modern, completely new kitchen will be used for the first time.

Special tables will be reserved for high school students, since part of the program will be held in honor of graduating seniors. Following the banquet at 8 p.m., Plan Memorial Services At West Salem Church

Memorial services will be held at the "Old West Methodist Episcopal Church" on Angle road, West Salem, on Sunday at 2:30 p.m. The Rev. Ben Hollis of Fort Huron will be the speaker. Special music is being prepared for the service.

Plan Memorial Services At West Salem Church

Memorial services will be held at the "Old West Methodist Episcopal Church" on Angle road, West Salem, on Sunday at 2:30 p.m. The Rev. Ben Hollis of Fort Huron will be the speaker. Special music is being prepared for the service.

Principal speaker of the evening was Dr. Robert Bruce Pierce of Metropolitan Methodist Church of Detroit. Dr. Pierce, whose father served the Northville church as pastor from 1911 to 1915, spoke of many of his ties with Northville and its people.

Mr. Cargis had prepared a history of the church from its inception through the present time, copies of which were presented to the honored guests on Saturday evening and on the congregation on Sunday morning at the worship services.

Servant of the People

Now, after Michigan Week, with its emphasis on all of the things for which this great state of ours is famous, is a good time to consider the vital importance of the motor truck. . . Here is a servant of the people which does indeed serve everyone: the farmer, the business man, the retailer, the housewife, the vacationer, the boy or girl at school.

Everything you eat, wear, or use travels all or part of the way to you by truck. Yes, trucks are so much a part of Michigan as its vast productive capacity, its beautiful scenery, its great educational facilities, its fine people.

FASCINATING FACTS ABOUT NATURAL GAS

"Treasure" Islands

Men live and work from huge, man-made, metal islands—drilling platforms. These islands are built up for 72 miles offshore and are supported by long legs reaching to the bottom of the Gulf. Thus, scientific advancement has brought us a new source of energy. It has been discovered in deep waters, out mountainous—now even out searing deserts—now even deep storehouses of Natural GAS.

*Almost 27 million homes in the United States enjoy the fuel service rendered by Natural GAS. Call or write Consumers Power Company to learn how Natural GAS can cool as well as heat your home; can serve you in so many ways.

GET THE FACTS—BETTER YET—GET GAS! PG-7069-21

Northville Loses, Drops to 2nd

Only a step away from a league championship, Northville's varsity baseball team tripped over a second-place finish. The team, coached by Tom Seaver, lost to the Mustangs 4-2 on Friday.

The 5-4 extra inning loss to the Mustangs was a season record of seven league victories against three defeats. Milford won its final game of the season and in doing wrapped up the Wayne-Oakland league crown with an 8-2 record.

Although Northville completed its league season with a 7-3 victory over Holy Trinity, it may be forced to share second place with Clarendonville. The Trojans, with a 5-3 record, have two makeup games to play. If they win both of these they will tie with the Mustangs for second.

Playing on the Trojans' diamond last week, Northville snatched one-run lead in the opening inning on three walks, two errors and a hit by Bob Stuber.

Clarendonville came up with two hits in the second inning but stranded, carried another single the third but failed to score in either inning. The Mustangs, meanwhile, added an insurance run in the third on four more walks.

The Trojans chased Don Brown from the mound in the fourth inning as they pushed across four runs on two hits and three walks, erasing the Northville lead. Northville bounced back with a lone run in the fifth and a run in the top half of the seventh to tie the score at four runs apiece. Clarendonville failed to score in either half of the seventh, thus sending the game into extra innings.

Neither team scored in the eighth inning, but in the last half of the ninth Clarendonville's shutout ended. Leadoff batter home on two errors: a stolen base and a fielder's choice. Starting pitcher Don Brown was singled for the loss, but the Trojans tied in the fifth by Craig Bell.

Hitters for Northville were Wade Deal, Tom Swine, Stuber, Jim White, Bill and Don White and Swiss each hit a double, the others one safety each.

Eastland's Putter Burns Up Greens

A new putting stance paid off in big dividends for the Mustangs' ace golfer Monday afternoon as Mike Eastland carried a 69 on his back nine at Meadowbrook Country club.

The score—lowest of Eastland's high school career—helped Northville to an easy 17-0 victory over the Bulldogs of Brighton.

Eastland kicked off his scintillating round with a bogey on the 10th hole after dribbling a 26-yard drive down the fairway. But the senior birdied the succeeding six holes, birdied the 480-yard, par five 17th hole, and parred the 18th.

A steady performance on the greens led to his score, the happy golfer admits. "I've got a new putting stance," he says, "but I don't elaborate. Just last week he carded a 34 at Fox Hills using the new stance."

While Eastland was sinking the long ones, his teammates were shooting above average. Bill Renter shot a 76, and Tom Swine, the Slattery finished with a 44, and Dean Herdman carded a 51. Even so the total score was 10 strokes below the previous low at Meadowbrook this season.

The easy victory over Brighton averaged a loss to the Bulldogs in the state matches at Burroughs on Friday. The Bulldogs pulled a victory out of the Mustangs in a 18-11 after losing to the local lions by two strokes earlier in the season. Northville will close its season June 6 at Meadowbrook against Plymouth.

Rocks Demonstrate Track Team Depth

Northville track advantage of a Plymouth track team peeped with county varsity players last week to come within smelting distance of a non-league victory.

But the Rocks proved their depth by pelting the Mustangs, 63 2/3-46 2/3.

Most impressive of the entries for Northville was the performance of Dick Kermock, the low hurdler and Jim Petrock in the 400. Kermock, who has been shaving his time steadily throughout the season, crossed the finish line in 22.1.

Petrock, running the 440 for the first time this season, beat his opponents in a commendable 53.9 time. The Northville speedster probably would have done even better had he not been bothered by an old leg injury, Coach Ralph Redmond said.

Other results included: Jerry Biddle, first in shot, 43'; Tom Darling, first in shot, 22'; Dick Geer, second in pole vault, 9' 6"; Darling, second in broad jump, 19' 8"; Dave Filken, second in high jump, 5'; Dick Batley, second in high hurdles, 17 1/2'; Mike Adas, third in half mile, 2:17, and Paul Jerome, third in mile, 5:09.

Petrock, Darling, Kermock and Tom Ritter took first in the 880 relay with a time of 1:38.6.

Suitable Sites Important to Attracting Industry

SEVERAL WEEKS ago we discussed the industrial development of Michigan which has been organized by scores of Michigan communities as a tool for economic progress. Little was said at that time of the use of this type of organization to help industry already in existence.

Many towns — notably Traverse City — have invested capital supplied by the JDC to construct new floor space for local manufacturers, to assist in modernization of machine facilities and for other purposes where inductive finance limits the opportunity to expand production and industry.

Community interest in the financing of building for industrial projects was emphasized in April when 116 representatives from 51 towns scattered throughout the lower peninsula heard officials of the Small Business Administration explain various ways in which federal funds might be used to supplement those raised locally for this purpose.

While greatly pleased at the results of the SBA meeting in Lansing, Don Weeks, director of the Michigan Economic Development Department, warns that construction financing, however useful, is only part of a sound industrial development program.

One of the things which troubles the department, Weeks says, is the lack of good industrial sites in too many communities. His comment is echoed by industrial development men from the railroads and the public utilities. One of these, Basil Tappan of the New York Central railroad, remarks that "no matter what else a community may have done to promote new industry, if it hasn't a site, it doesn't have an industrial development program."

Steps have been taken to deal with the site problem in such cities as Battle Creek, Elk Rapids, Hermansville, Howard City, Jackson, Morley, Niles, Sault Ste. Marie and Starbuck to mention a few.

Distinction should be made between mere acreage of land and what the professional plant location man calls a site: a tract which has immediate access to good transportation facilities, sewers, water and utilities such as gas and electricity. It should be firmly zoned for industry and bear the professional plant location man's seal of approval.

Smaller towns have difficulty in finding the money to buy industrial property outright; many have surmounted this obstacle by obtaining long term options which are comparatively inexpensive but have the merit of stabilizing the price to permit firm commitments to prospective buyers.

Some upper peninsula communities are hard put to find suitable tracts because of the holdings of mining companies which have been quietly reluctant to surrender title which may have a long potentiality for their own use. Sometimes state ownership may pose a similar problem. Municipally-owned land does not present the same formidable hurdle, as it is usually possible to make arrangements for industrial utilization.

Zoning laws written before industrial problems were so well defined are another hazard which stands between towns and their future. Benton Harbor and St. Joseph, for example, are consid-

DONORS wait their turn on the "juice" line while behind the curtains registered Red Cross nurses take care of each volunteer. Northville donors gave 126 pints at last Friday's blood bank.

Blood Bank Success Again!

Northville maintained its performance record at the annual Red Cross blood bank Friday afternoon by donating a total of 126 pints.

Conducted at the First Methodist church, the bank had 200 applicants.

A thorough examination to determine whether it is safe for the donor to give blood — and if the donor will give a safe bottle of blood — eliminates some applicants.

After signing up for the blood bank applicants are interviewed by a registered nurse from the Red Cross. The donor's temperature, blood pressure, pulse and history of illnesses is taken.

Northville's percentage of dis-

To Attend Conference

William L. Lovett, Jr., 44077 Marlton, Novi, will attend the Prudential Insurance company's 1960 Ordinary Agencies Regional Leaders' Conference June 1-4 at the Broadmoor hotel in Colorado Springs, Colorado.

Lovett, a special agent in the company's Wolverine agency, was invited to attend the business conference on the basis of his outstanding sales accomplishments and service to policyholders during 1959.

Silence

More eloquent than any words is the silence of the 1960 Cadillac in motion. Eloquent, too, is the delighted look of the man who has just driven one for the first time. It says so unmistakably, "Never before, a car to compare with this!" It is a literal

fact that you must concentrate to detect the sound of a 1960 Cadillac—except, of course, for the gentle whisper of the wind and the soft hum of the tires on the pavement. Your authorized Cadillac dealer invites you to try this unique driving experience.

IN WILLOWBROOK:

Mother, Daughter Banquet

By Mrs. George Ames — Greenleaf 4-0830

There was a Mother-Daughter breakfast Sunday at Our Lady of Victory Catholic church in Northville. Mrs. Vincent Midan and her daughter, Paula, Mrs. Robert Pohlman and her daughter, Carol; Mrs. Robert Finley and daughter, Jane, and Mrs. Roland Heaton and daughter, Cindy, represented Willowbrook for the occasion.

Marguerite Parent was hostess to the Westwood Bridge club last week. First prize went to Ruth George, second to Agnes Driscoll and contestant to Dolie Flattery. Mr. and Mrs. Clifford Bradshaw of Meadowbrook road attended the Farmington high school senior prom Saturday night.

Marcy, Slavia and Kathy Ucinaki, children of Mr. and Mrs. Leonard Ucinaki, of East LeBoat, celebrated their respective first, second and third birthdays together Sunday. Guests included Slavia's godparents, Mr. and Mrs. Al LaBouc, and their children, Geri Anne and David, and the grandparents, Mr. and Mrs. Howard Jan of Birmingham and Mrs. Helen Ucinaki of Detroit. Mr. and Mrs. Robert Jan and their sons, David and Robin, John Jan and Master Jeffrey Jan were also present.

Willowbrook III Bridge was held at the home of Marge Williams last Wednesday. Shirley Bluesteiner was high and Shirley Thorpe was low at the home of Irene McCormick. The Northwestern YWCA held a surprise baby shower for Mrs. Elaine Drane at the Park Shelton hotel Tuesday.

Marguerite Parent went to Marygrove Saturday to attend an alumnae luncheon.

Dr. and Mrs. Arthur Faust, missionaries from Nigeria, Africa, gave a talk at the Willowbrook Community church Tuesday evening.

Ronnie Radtke, son of Mr. and Mrs. Robert Radtke of East LeBoat, celebrated his tenth birthday Sunday with a family party. The guests included Mr. and Mrs. Ed Radtke, Sr. Mr. and Mrs. Harry Radtke, Mr. and Mrs. Don Radtke and their children, Sharon and Gary, Mr. and Mrs. Richard Radtke, Mr. and Mrs. Bernice Canfield won the prize when Thursday bridge was played at the home of Irene McCormick last week.

St. Mary Hospital Guild is planning a card party to be held at Bentley high school in Livonia Thursday, June 2. Something different and unusual is being planned for entertainment, along with refreshments, attractive table prizes and door prizes. Tickets may be purchased by calling Mrs. Joseph Crupi, 754-1551. Pictured above are members of the card party committee (l. to r.): Ginny Gamber, general chairman of tickets; Bertha LaMay, Plymouth chairman; Corine Ferguson, Livonia chairman; Pat Crupi, Northville chairman, and Helen Wikowski, Plymouth.

Notice of Last Day of Registration

OF THE QUALIFIED ELECTORS OF NORTHVILLE PUBLIC SCHOOLS SCHOOL DISTRICT

WAYNE, OAKLAND AND WASHTENAW COUNTIES, MICHIGAN

To the Qualified Electors of said School District:

PLEASE TAKE NOTICE that the Annual School Election of the Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan, will be held Monday, June 13, 1960.

Section 532 of Chapter 8 of the Michigan School Code provides as follows:

"The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides . . ."

THE LAST DAY on which persons may register with the appropriate Township Clerk or City Clerk in order to be eligible to vote at the Annual Election to be held on MONDAY, JUNE 13, 1960 is

FRIDAY, JUNE 3, 1960

Persons registering after 5:00 o'clock p.m., Eastern Standard Time, on the said Friday, June 3, 1960 are not eligible to vote at said Annual Election.

Under the provisions of the Michigan School Code, registrations will not be taken by school officials and only persons who have registered as general electors with the township clerk of the township in which they reside or the city clerk of the city in which they reside are registered school electors. Persons planning to register with the township or city clerks must ascertain the days and hours on which the clerks' offices are open for registration.

This notice is given by order of the Board of Education of Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan.

ROBERT H. SHAFER, SECRETARY
BOARD OF EDUCATION

Light Color Roof Helps Keep Inside More Comfortable

Did you know the color of your roof can be an extremely important factor in the comfort of your family during the hot summer months?

This is because light colors actually bounce the sun's heat away. Result: the house stays cooler and more comfortable.

A light-color roof is particularly important on one-story homes with low-slope roofs. Small attic spaces heat up more quickly, forming a constant hot blanket of air over living quarters. The reflecting quality of a light-color roof, along with louvers in the gable ends, does much to keep this intense heat from forming.

White asphalt shingles are perhaps the ideal "color" for reflecting heat. But there are other colors available in asphalt shingles that will do almost as good a job as white. They are the light pastels. These shades not only reflect heat,

Outdoor Painting Made Easier

Homemakers who have rolled their own colorful coats of water-thinned latex paints on walls from attic to basement can now demonstrate their skill in the open. Latex paints, which make indoor painting so easy, are now available for the outside of the house. Specifically designed for use on exterior wood as well as masonry, they can be applied with roller or nylon brush even in near freezing temperature.

Weather problems are kept at a minimum, because these paints can be applied after a rainstorm, or after heavy dirt has been hosed down, while the surface is still damp. They dry in less than half an hour. This makes for a rainproof, dust-free and bug-free coat of fresh paint in record time.

Amateurs, like professionals, simply add water according to label instructions to achieve a smooth coat with color retention as well as resistance to fading, peeling and blistering. Plain soap and water cleans hands and paint tools. Spots wipe off with a damp cloth if attended to promptly.

Manufacturers recommend the new latex paints for suitably primed or previously painted siding of wood or metal. These paints are their own primer on exterior masonry, stucco, asbestos and asphalt shingles.

Particular homemakers can round out their spring outdoor improvements with a clean-up campaign for patios and garden accessories. To remove winter grime brush the flagstone or cement surfaced patio with a solution of dry-shining bleach (one-half cup to a gallon of water), then hose it down. This also works for stone or cement flower urns and bird baths.

JUNIOR HIGH QUEEN — Barbara Forsyth, 1851 Fry road, was elected the Junior High Queen Friday evening by her classmates. She and her court, Gayle Leddham, 306 South Ely drive (left) and Sandy Parmeter, 727 Thayer boulevard, were installed in a colorful ceremony during the Junior high school dance held in the community building.

WHILE NORTHVILLE was entertaining Harford's Mayor Cecil Cupp in observance of the annual Michigan Week Mayors' Exchange day, Mayor A. M. Allen was the host of Harford's Mayor above receiving an "honorary mayor's plaque" from Benny Munro, Miss Harford of 1959. Looking on (l. to r.) are: Northville City Councilman and Mrs. Richard Juday, Master of Ceremonies John Olds and Mrs. Allen. The Allen and Judays were taken on a tour of Harford's newly completed high school, a hunting club and trap shooting range and a nursery specializing in dwarf fruit trees.

Diplomacy Can Spark Yard, Home Spruce-Up

Aside from being "Clean-Up Month," May is just naturally the time when homeowners start preparing for spring and summer by sprucing up around the house.

And with a little ingenuity in organizing the spring cleaning, you'll be surprised at the time and labor that can be saved.

For instance, with a bit of diplomacy and psychology you can enlist the aid of the head of the household and the small fry in a number of the jobs. Here's how to go about it:

First of all, write down a list of the chores to be done — drapes down, slipcovers on, furniture and floors cleaned and well waxed for summer protection, windows washed, screens on.

Remember that the majority of men are little boys at heart and like to operate pushbutton equipment. Youngsters, too, get a kick out of operating electrical gadgets, so make a special list of the chores that Dad and a cohort of young aids might take on. Dad can probably be wooed into using the vacuum cleaner to dust the moldings and baseboards. The youngsters might be pressed into service to vacuum the furniture.

Summer wear and tear on floors and furniture can be reduced to a minimum with a good application of wax. Floors should be cleaned of old wax and any accumulation of winter dirt.

Wood floors may be cleaned and polished at the same time with a polishing wax. After the man-made floorings have been cleaned they may be treated with a self-polishing wax, and they can then be kept clean and shining with a damp mop. Here again the youngsters might be intrigued with operating the electric polisher.

For laminated plastic counters, sinkboards and the like that have become worn and dull — brighten them with an auto polish. The dullness of such surfaces is usually due to myriads of small scratches. Experiments have proven that an auto polish will bring up an even sheen through its gentle abrasive action when rubbed into the surface and will restore the gloss. Regular application of wax will protect lam-

Greener Grass—Without Dandelions!

This won't take long. We'll go fishing in half an hour. BONUS is a cinch to apply. Into the Scotts Spreader—and onto the lawn. Goes on evenly, accurately, as you walk. Wonderful stuff. Actually does two jobs at once. Kills dandelions, plantain, buckhorn—and also feeds grass to greener beauty!

Save \$5.00! Scotts Spreader (16.95) plus Bonus (5.95) together only 17.90

"LET OTWELL" INSTALL GAS HEAT NOW!

NO WAITING FOR GAS PERMIT We Will Get The Permit For You

OTWELL IS YOUR G.E. IMPERIAL DEALER

HERE'S WHY NATURAL GAS IS AMERICA'S FAVORITE FUEL

- ECONOMY. It's a more economical way to heat. At our present space heating rate, heating with GAS is over 30% less than heating with oil and slightly less than with coal.
- CLEANLINESS. Clean gas heat burns without smoke and soot. Saves time and money by reducing cleaning, decorating and painting.
- IT'S COMPLETELY AUTOMATIC. A thermostat assures even temperature control.
- NO STORAGE PROBLEMS. No bulky tanks or fuel bins.
- NO DELIVERY WORRIES. Gas is piped into your home underground and you don't have to worry about remembering to order fuel either.
- QUIET, TROUBLE-FREE OPERATION. No moving parts to wear out or become noisy. No expensive repairs. Operates at top efficiency year after year.
- DEPENDABLE. Gas is always there when you need it.
