

SPAKING for the Record

By Bill Sliger

An epidemic that undoubtedly does not confine itself to our area is currently a matter of deep concern to local police and city officials.

The problem is vandalism. Highest on the list of offenses being committed is gas stealing.

Area businesses, such as sand and gravel concerns, fuel oil dealers and the construction crews working on the Eight Mile road cut-off—have reported heavy losses of gasoline.

Even the city itself has been plagued by vandals taking gasoline from city equipment and pumps.

One businessman, Clayton Myers, told councilmen last week that gas thieves are slaying the hoses from his gas pumps when they cannot remove the gasoline.

Similar destruction of property is reported at the other favorite targets of the gas-thieves.

Other forms of vandalism, including fights (in two cases knives were taken from youths involved in a fracas), speeding and noisy "gunning" of cars have also been reported.

According to Police Chief Eugene King there are several reasons for the outbreak:

- a shortage of policemen;
-need for another patrol car;
-failure to bring charges against young offenders;
-light penalties that result when vandals are caught and charged;
-and need for citizen cooperation in catching offenders.

(At least one business man is taking care of the last point. He has a shogun armed guard watching gas pumps on his property with instructions to shoot at prowlers.)

The council has recognized the police shortage and provided funds in its new budget to hire an office clerk. This will free an officer for patrol work.

Novi's police department has operated with one less officer since the retirement of Chief Denton, more than a year ago.

Funds for a second patrol car have also been appropriated. Chief King points out that vandals know exactly where Northville's lone patrol car is at all times and plan their crimes accordingly.

The matter of severity of penalties rests, of course, with our justice court. The very fact that the city is taking steps to clamp down on vandalism should naturally carry over into the court, however.

The existence of excessive vandalism in Northville is difficult for Chief King to admit. In the past police have claimed it was at a minimum here.

Now he is disturbed.

"Gas-stealing and beer-drinking parties are no longer considered crimes by many teenage youngsters," Chief King declares.

Parents should take notice of this statement by our police chief. He has talked with many of our youngsters; he knows the perennial offenders.

But when he finds an attitude of acceptance of these serious offenses within a cross-section of our teenagers, it is time the subject of proper conduct comes up for discussion at the family level.

Correcting the misconception that because others do something it is alright—even fashionable—will sound better when explained by mom or dad than by a judge or police officer.

Tourist Council Sells State All Year Around

MICHIGAN'S TOURIST attractions are the product for a year-around hard-sell campaign.

The Michigan Tourist Council uses a variety of communications plus numerous general information techniques to promote the state's vacation spots both within the state and throughout the nation.

And the council gets good cooperation from commercial groups within the state.

The Council divides its commercial advertising program into three major vacation seasons in the state: winter, spring-summer and autumn.

Advertising is timed to exert the greatest possible sales influence just prior to the time when vacationers make their plans for each season are placed with magazines, newspapers and radio-television.

A comprehensive array of informative and attractive literature is also prepared by the Council.

The whole package is aimed at helping people pick the right spot for their vacation from among the practically numberless recreation facilities in Michigan.

In addition to the advertising that is bought and paid for, the Council prepares news-type press releases and pictures that are passed out to newspapers, magazines, radio and TV.

Underlying the whole program is a personal contact public relations program that has two major purposes.

First, it must keep in touch with resort operators, tourist agencies and vacation spots so they can best take advantage of the Council program, and second, it must continue to deal with potential users of two in some quarters.

about WOMEN

James Kaiser Weds Ohio Girl

Elizabeth Dunn McGowan, daughter of Mr. and Mrs. Thomas B. McGowan of Rocky River, Ohio, became the bride of James Joseph Kaiser Saturday, June 18. He is the son of Mr. and Mrs. Martin F. Kaiser of 4730 West Main street, Northville.

The ceremony took place at 11 a.m. in St. Christopher's church in Rocky River with the Rev. James M. Kilien officiating. Following the ceremony announcement was made that a papal blessing had been sent from the Vatican.

Given in marriage by her father, the bride wore a floor length gown of white silk peplum with fitted bodice and long tapered sleeves. Pearls and sequins embroidered on Alencon lace formed the motif of the dress, which featured a petal neckline and a full skirt ending in a cathedral train. Her finger-length French illusion veil was held by a clip of Alencon lace and sequins. She carried her maternal grandmother's prayer book covered in white satin and white roses and stephanotis.

Maid of honor was Margaret Kassicovic. Bridesmaids included the groom's sister, Joanne Kaiser, Rosemarie Sheffield and Peggy Normie. Ronald Jagels of Detroit was best man. Ushers included the bride's brother, Thomas McGowan, Jr., John Schoelch of Detroit and Michael Sweeney.

Out-of-town guests included the groom's grandmother, Mrs. Alvin Connors of Detroit and Mrs. Percy Hewson of St. Thomas, Ontario; the groom's grandfathers, Martin F. Kaiser, Sr. of Detroit, Mr. and Mrs. John Rinnell, Livonia; Dr. and Mrs. John Connors of Detroit, Dr. and Mrs. Raymond Delaney of Detroit, Mrs. Louise Hildeman of Hoboken, New Jersey, and Dorothy Dunn, Mary T. McGowan, Ruth Barry, Mrs. Arthur McLaughlin and Andrew A. Dunn, all of Brooklyn, New York.

After a reception at the Sheraton-Cleveland hotel, the couple left for an extended auto trip through the Great Smokies. They will take up residence after July 1st at Meadow Brook Hills, Farmington.

The bride is a graduate of St. Augustine Academy and attended Seton Hill college, Greensburg, Pa. The groom is a June graduate of John Carroll university.

PTA Scholarship Winner Receives More Honors

(Editor's Note: The following letter was received by the Northville P-T-A from Lillian Zinnecker, valedictorian of the Northville high school class of 1959. In appreciation of the scholarship she was awarded by the parent-teacher group, Miss Zinnecker is one of 10 students chosen from the University of Michigan to study at the University of Sheffield in Sheffield, England from September until next February. She will study in the school of education and practice student teaching in the English school system. Miss Zinnecker adds that she will be greeted at the hotel in England by Susan Clarke, foreign exchange student who attended Northville high school in 1957-58. She has also been invited to spend the summer at Rose City.

Dear P-T-A members: I just wanted to take this opportunity to thank you again for the wonderful help you have given me in the past two years and to share some wonderful news with you.

I have just received the final O.K. from the Education school here at Michigan and they are sending me as a representative (one of ten from Michigan) to study at the University of Sheffield in Sheffield, England next year. The program is brand new — an exclusive arrangement between Sheffield and Michigan. I will be there for one semester and I leave late in August. The program sounds terribly interesting, seven weeks of our work have an intensive series of lectures (six days a week) on the history, philosophy and psychology of education, methods of teaching English in secondary schools, and in the comparison between the British and American educational systems. Then we will have six weeks of actual student teaching practice in the British school system. Finally we will wind up with a week of seminars fitting the two aspects of the program together — this will be held in Ashford, Kent.

I am so very honored and thrilled at this opportunity I wanted to share it with you who have done so much to help me.

If you are interested in hearing some of my experiences while in England, I would be delighted to speak to your club when I return next February. Do let me know!

Again thank you for all you have done and if I can be of service to you let me know.

Sincerely,
Lillian Zinnecker

Plan Open House For 30th Anniversary

Mr. and Mrs. Charles Martin of South Lyon will celebrate their 30th wedding anniversary next Sunday. An open house to be given by their children, Mrs. Mary Jarvis and Bud Martin, will be held from 2 to 6 at Green Oak Township Hall, Silver Lake road, South Lyon.

Home from Wisconsin

Marjorie M. Green of Saline and Charles Kings of Woodhill, has returned home from the University of Wisconsin.

Before leaving Marjorie was installed as worship chairman on the executive council for Wesley Foundation on the Madison campus.

NEW ARRIVALS

A boy, Craig Ernest, was born to Mr. and Mrs. Richard Bale of Madison Heights, June 4 at Wm. Beaumont hospital, Royal Oak. The Bales have another boy, Alan Lee, two years old. Mrs. Bale is the former June Hollis daughter of Mr. and Mrs. Roy Hollis of Randolph street.

TOPS Change Meeting Times

New summer meeting times were announced this week for the Northville Top Off Pounds Sensibly (TOPS) club.

Meetings have been changed from Monday night at Amerman school to 7:30 each Wednesday at the Northville scout hall, corner of Dunlap and Horton streets.

TOPS, which has a membership of almost 35 women, was organized here to aid persons with overweight problems. Anyone interested in joining the organization may either attend one of the meetings or call one of these two numbers: FI-9-0721 or FI-9-0027.

NEWS AROUND NORTHVILLE

Mr. and Mrs. Roy Utley, formerly of Northville and now resident of Harrison, Michigan, recently celebrated their 45th wedding anniversary.

Two Northville elementary teachers, Miss Ada W. Frits and Miss Florence Scilla, left yesterday (Wednesday) on their first trip abroad. The teachers will travel to Ireland aboard the Greek ship, Arkadia, then begin a tour of 19 European countries. One of the highlights of the trip will include attendance at the famous "Passion Play" at Oberammergau in Germany. Mrs. Joseph L. Frits, mother of Miss Frits, who lives with her daughter, will spend the summer at Rose City.

Mrs. J. W. Plank of Lansing is a houseguest of Mrs. H. C. Durston of West Main street this week.

Dr. W. L. Howard of West Eight Mile road attended the American Medical association convention in Miami, Florida last week.

Eddie Beard, son of Mr. and Mrs. Paul Beard of Eight Mile road left last Thursday for Lansing where he will spend a week at Boys' State learning government fundamentals.

Mrs. Ellen Scott will entertain 12 guests at a luncheon-bridge Friday at her Seven Mile road home.

Mrs. T. N. Kampf will entertain eight guests at a luncheon-bridge party at her home on Haggerty road today.

To celebrate the graduation of their daughter, Nancy, Mr. and Mrs. Paul Beard held open house in her honor Thursday night at their home on Eight Mile road.

NEW RESIDENTS in Northville Helgis subdivision are these six members of the Edwin North family. They are (left to right): Dale, 9; Donna, 21; Bill, 27; Mr. North, Mrs. North, and Peggy, 12. Missing from the picture is daughter Carol, 18, a member of the United States Navy.

The Edwin North family, formerly of Fiat Truck, have lived in their city. She is a member of a drill team and is in charge of a color guard, her proud parents explain.

Another daughter, Donna, 21, loves her new home, but she will leave home soon to become a teacher at Monroe. Awarded a state limited teaching certificate at Eastern university, she plans to complete her final year of college while teaching.

Carol enlisted in May to become an electronic technician after attending Eastern Michigan university.

KITCHEN DIARY

Rolls Give Meal That Extra Touch!

Special meals at the Al Marcell residence, 218 Linden, invariably call for a mom's baking genius: cakes, pies, bread, etc.

Of all, one of the family's favorite but simple recipe, is for refrigerator rolls. Rolls, according to Mrs. Marcell, lend a necessary touch to a delicious meal.

REFRIGERATOR ROLLS
Mrs. Albert Marcell

2 cakes fresh or granular yeast
1 teaspoon sugar
1 cup lukewarm water
2 cups milk
2/3 cup melted shortening
3/4 cup sugar
4 teaspoons salt
2 beaten eggs
10 to 11 cups flour

Soften yeast and dissolve sugar in water; add milk cooled to lukewarm, shortening, sugar and salt. Add eggs. Add flour to make soft dough.

Let the dough stand 10 minutes. Knead on lightly floured surface, until smooth and elastic. Place in greased bowl. Grease top and cover, store in refrigerator.

Shape rolls about two hours before serving. Let rise until doubled in bulk. Bake in a hot oven 400 to 425 degrees, 15 to 20 minutes.

This recipe makes between four and five dozen.

Enjoy Potluck Supper

The Greater Northville Republican club enjoyed a potluck supper Wednesday night at the Spring drive home of Mrs. John Northrup. Members discussed plans for the coming year and presented the following new officers: president, Mrs. William Milne; vice president, Harold Price; recording secretary, Mrs. C. Hoffman; corresponding secretary, Mrs. W. Tyler, and treasurer, A. T. Gillman. Wilson Tyler and Mrs. Arthur Carlson are board members.

Wedding Gift Worries? These Answers Might Help

June, is for sure, the month of weddings; it seems that most everyone is either buying or receiving wedding gifts this time of year. Here are answers to some often-asked questions about wedding gift etiquette.

1. Do wedding announcements require the sending of a gift?
Answer: Wedding announcements require neither reply nor presents, ever.
2. Should the gift be addressed to the bride only or to both the bride and groom?
Answer: Before the wedding, send the presents to the bride, addressed in her maiden name. If your gift will arrive after the wedding, address it to the married couple.
3. Is it proper to leave cards on gifts when they are delivered?
Answer: Cards may be either left on or removed. Most people prefer leaving the cards on.
4. Is it discourteous for a bride to exchange a gift chosen for her?
Answer: Most people agree that it is perfectly proper for the bride to exchange a gift for a more suitable one.
5. Is it proper for the bride to send an engraved card of thanks?
Answer: Never. The bride should

Attends Week-Long Albion Conference

Mrs. William Canfield spent last week at Albion college attending the jurisdiction session of the Methodist Women's Society of the Methodist church.

At this school the officers of the 18 conferences, including the Lexington or colored conferences, come from nine midwest states to receive information and training to carry on their schools during the summer. Mrs. Canfield is secretary of the Promotion of the Detroit Conference Women's Society and the dean of their summer school.

Wed by Bogart

Margerie M. Green of Saline and George T. Karpenak of Detroit were united in marriage by Justice Bogart Saturday, June 18. Mrs. William Cole and Mrs. Bogart were the attending witnesses.

Teacher Salary Committee Selected

A committee to propose a new salary schedule for Northville teachers... Study Chairman Says 'Don't Hurry City Hall Plan'

New School Board To Elect Officers Next Tuesday

Northville's board of education will elect a new slate of officers next Tuesday night... A special meeting has been called for organization of the expanded board to handle any other matters of business.

Watch Out For New Light

Local motorists better look twice when they approach the intersection of Center street and Hines drive... A traffic signal was installed at the intersection last Friday by the county traffic and safety department.

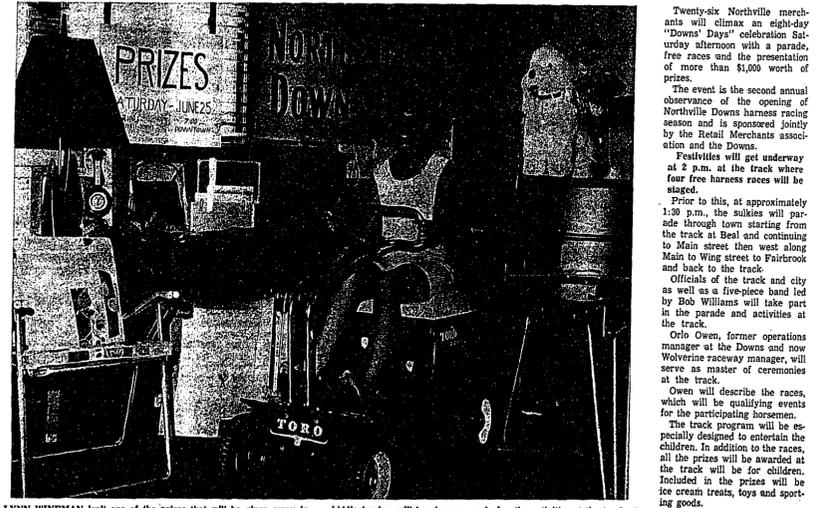

Calendar

Thursday, June 23 Northville Review club, Mrs. D. C. Young, 4378 Nine Mile at 8 p.m. Wednesday, June 22 Northville Coordinating Council, city hall, 8 p.m.

Track Fast But Betting Slow In Downs' Opening

Northville Downs' 28-night season got off to a slow start, customer-wise, but as far as the horsemen are concerned, conditions at the track are faster and better... Monday evening 4,325 fans bet a total of \$28,528 compared to 4,679 fans and a handle of \$236,929 last year.

Parade, Races, Prizes Highlight Merchants - Downs Celebration

Twenty-six Northville merchants will celebrate the eight-day 'Downs Days' celebration Saturday, and she made an attractive addition to the display of Manufacturers National Bank's show's opening at the grand prize, a Toro riding rotary mower.

City Prepares to Annex Dump Site; Condemn Lots

It appears likely that the city limits of Northville will be expanded by 15 acres in the near future... The area, located along the eastern side of the C&O railroad east of the South Main street entrance to the city, is owned by the city but located in the township.

'Curb-Service' Garbage Collection Starts in July

Beginning Monday, July 4 city residents will be required to carry garbage containers to the curb for collection... The firm already collects trash in this manner on Monday, starting in July the garbage and trash collection will be made simultaneously.

Local Hospital Elects New Officers

New officers were elected last week to the board of directors of Community General hospital... President of the nine-member board is A. M. Allen, mayor of Northville. Other officers are: Walter Tuck of Novi, first vice president; Vaughan Smith of Plymouth, second vice president; Clifford D. Hill of Northville, secretary; Dr. L. W. Snow of Northville, treasurer.

Oakland County to Vote On Mill Hike Increase

Oakland county residents will be asked to approve or disapprove a special one-half mill tax for construction of county offices when they go to the polls in August in primary election.

Specifically, the ballot proposition authorizes the board of supervisors to levy a tax of one-half mill (50 cents per \$1,000) of state equalized assessed valuation, over four years, from 1960 to 1963.

County officials estimate that the one-half mill will result in a fund of approximately \$4,000,000. If approved, this money will be used to construct four wings to the new court house currently under construction near the county offices on North Telegraph—some two miles from the center of Pontiac.

County supervisors, who unanimously favor the tax, explain that the present downtown facilities are inadequate and are badly in need of repair.

Win Prizes at Opening Of Hocking-Gillies Store A bicycle, FM radio and two pairs of shoes were won by visitors to Northville's new Hocking-Gillies shoe store during its grand opening event.

Psychiatric Education Director Addresses Rotary Northville Rotarians heard Dr. Calvin H. READERS SPEAK: PRAISES ACADEMIC RECOGNITION

To the Editor: For some time many of us in the community have been urging our school administration to make public recognition of academic achievement.

I feel that this is a worthy attempt to give public recognition for academic standing in the same manner that the athlete who is superior is given a large school letter to wear and receives public acclaim for his victories.

The American Legion, Department of Michigan, and its 70,000 members sponsor the patriotic program, which is intended to help develop leadership qualities, learn responsibility necessary for good citizenship, and gain a greater understanding and respect for the Democratic form of government.

Under the guidance of skilled public school instructors, the boys select, city, county and state officers; learn how to draft bills, enact them into laws, then enforce and administer the laws after they are passed.

Six Area Youths Elected to Office At Boys' State

Six area boys have been elected to office at the American Legion-sponsored 23rd annual Wolverine Boys' State which ends today.

The ambulance attendant shook his head as he pulled the sheet away from the body of the victim.

This tragic case is repeated daily. And yet, any one of the persons watching the ambulance pull away—a parent, friend or a stranger—might have breathed life into the victim a few minutes earlier.

"Rescue breathing"—a life-saving technique that goes back to Biblical days—is probably the most effective, immediate action a person can take to save a life of an unconscious drowning, asphyxiation or shock victim.

This Year 7,000 Will Drown An estimated 7,000 people will drown this year in the United States, some 200 of them in Michigan alone.

Whenever possible elevate victim's shoulders as demonstrated here by six-year-old Dennis Macdermaid, son of Mr. and Mrs. William Macdermaid, 41605 Sassen. A log or large board can be substituted for the blanket.

Little League Action Underway

Braves Play 2 Games This Week

Scheduled to clash with two cellar dwelling teams this week, Northville's National League nine, the Braves, hoped to pick up steam in the Livonia recreation league.

The Braves, managed by Glenn Deibert, held eighth place in the 12-team race through Monday, with contests scheduled with the Wayne Brewers and the Wayne County Training school Tuesday and today. The latter two squads held 11th and 12th places, respectively.

Neither of this week's contests were expected to be pushovers, however, since the Braves' lone victory was an 8-5 win over Northville while the Brewers narrowly lost a 7-4 game with the Braves.

Secrets of the Class "F" National League games include: Harrison Red Legs, 4-1; Pierson Cubs, 9-1; Sox, 12-2; Northville victories; and Roosevelt Indians, 1-4 and 8-3; Grant Dodgers, 5-0; Garfield Senators, 6-2, all losses.

According to Manager Deibert, two of the regulars who have distinguished themselves as polished ball players thus far this season are Gary S. Ibbie, who alternates between the pitching mound and the outfield, and Bob Tuck, catcher.

FBI-grader Keith Mueller has been an outstanding rookie with consistent accomplishments at the mound and in the infield, while Pete Suberland has developed a "real strong" arm at his outfield position, Deibert said.

Other players include: John Gibson, Jim McLean, Doug Swiss, Jerry French, Jim Mahoney, Frank Pauli, Butch Peppers, Glenn Deibert, Jr., Gary Davis, Jerry LaRoque, Ron Asher, Danny Phillips and Larry Tibbos.

Orioles Come Back After Dropping 7

After losing seven games and tying one other, the luckless Orioles of the American Class "F" League turned in three straight victories in the last three times out.

The latest victory came Friday as Northville crushed the last place Barons, 11-2.

Kenny Van Sickle was the winner hurler, Rabaltale, the loser. Catcher Dan Bishop started Northville's victory with a "double" in the second inning. He advanced to third on two putouts, then stole home with the first run.

In the third, John Mach and Gary MacDermid doubled, accounting for two more runs. A walk and two hits by Rick Milne and Artie Forth brought across two more.

Northville exploded in the sixth with six runs as Mach, MacDermid, Dan Bishop, Van Sickle and Milne each stroked singles.

Last week, Wednesday, the Orioles "popped the Jes" as Jerry Imala "went the distance for Northville." McClain was tagged with the loss.

Northville picked up seven of its runs in the first inning as MacDermid smashed a triple, Mach doubled, and Forth singled, and four batters walked.

A single by Milne in the fourth, along with a walk and a hit batter accounted for the final two runs.

Other scores have included: A 6-0 victory over the Madison Seals; 15-2; Red Sox, 16-0; Barons, 3-0; White Sox, 8-0; Athletics, 6-2; and Yankees, 11-2; and a 4-1 tie with the Indians.

Two games were rained out. The Orioles are managed by Dan MacDermid. The roster includes: Ron Vriesburg, pitcher; Bishop, catcher; Milne, first base; Forth, second base; Mach, third base; MacDermid, shortstop; Doug Dingwall, left-field; Kerry Lundquist, center-field; Bob Brierley, right-field; Imstland, pitcher; Van Sickle, pitcher; Bill Sliger, Mike Stevenson, Mike Thornhill, Billy Preece, Daley Hill, Harold Masters and Jim Long.

RECREATION REGISTRATION - Registrations for summer fun under the Northville recreation department started Monday at the scout hall, corner of Dunlap and Horton streets. Registration continues today from 8:45 to 12 noon for youngsters with last name initials from S-Z. Open registration will be held tomorrow morning (Friday), Saturday morning, and any week day morning thereafter. Shown above registering with State Conley and Mrs. M. L. Utley are (left to right): Billy Cross, Cabby Cross, Steve Utley, Jim and Ken Beerewer, Jim Hill and Danny Dook.

2 Local Class 'E' Nines Hope for More Sunshine

Ace hurler Craig Bell made his debut with Northville Class "E" Western League nine, the Plumbers, Monday night in turning in a sparkling one-hit performance to shutout Barons, 1-0.

The game, called because of darkness, must be played again. Three Northville pitchers went to the mound in scattering three hits, one off each hurler. The pitchers were Dave Luckie, Gary Grys and Eric Peterson, and Terry LaRue, catcher.

Recreation came up with seven hits, including two hits for two by Dave Jerome, two for three by Joe Hay, and two for four by Peterson. Peterson also drove in three runs. Managed by Leonard Lundie, the Northville picked up eight hits and committed no errors in the field.

The victory was the first this season in the league race which got underway last week. In their opening contest last week Wednesday, the Plumbers dropped a 1-0 squeaker to the Rosedale Tigers.

Called at the end of five innings because of rain and darkness, the game went to the Tigers on the lone, unearned run.

Tom Swiss was the losing pitcher, although he led Northville's hitting attack with two hits in two trips to the plate. Bill Elwell and Jim Joyday collected hits.

Managed by John Kellogg, the Plumbers' (ages 14 and 15) roster includes: Judy, shortstop; Bell, pitcher; Elwell, second base; Swiss, third base; Rick Reblitzke, first base; Zayti, catcher; Jim Riley, center-field; Dick Brown, right-field; and Ron Reblitzke, left-field.

Despite six innings of actual play and two other scheduled games, the Northville Recreation squad has still to win or lose its first game. Two of Recreation's games were rained out last week, then Monday.

Need More Boys

More boys, ages 14 and 15, are needed to round out the rosters of both teams in the Class E baseball league. Recreation's Jim Ken Cooley announced again this week.

Interested boys are urged to report to the scout hall Saturday at 9 a.m.

from the PASTOR'S STUDY

By the Rev. James F. Andrews Full Salvation Union Chapel

GOD'S DESIRE
God's desire is for you to give your life to Him. You cannot do this within yourself in a subjective way alone. That is the reason it is necessary for Christ to appear the second time without sin unto salvation (Heb. 9:28) in a many-membered body here and now, so that you can lose your life, which includes your subjective experience of surrender to God, in that reality. Without such reality all we can do is give up to God in the understanding of our own mind, which leaves us in the realm where every man's way seems right in his own eyes. This is the condition that has produced the religious Babylon of today.
The tombs of death are filled with the cries of the multitude of religious manics who are chained therein. They are bound by their dead doctrines and their lifeless forms and ceremonies. Nothing will liberate them but the birth of the many-membered body of Christ as a literal fact. There must be an objective reality in order for men to truly give up their lives to God.
This means that those who are called and chosen to be a part of this objective reality must give up their lives to each other. You cannot give up your life to God without giving it up to your brother in the reality of the birth of the many-membered body of Christ. You must be willing to lose your life in that reality, which means that you must be willing to please the other members of the body rather than yourself. No member of the Body of Christ is going to be ashamed of the way another member of that Body lives.
This is true in regard to you, whose life, the way you think, the places you visit, the job you work at, the people with whom you associate, your eating and drinking. You must give all

of your life to the other members of the Body of Christ. This is the only way you can truly be in harmony with the scripture that reads, "Whether you eat or drink or whatsoever you do, do all to the glory of God."
In other words it is not enough for you to think that you are doing this in a subjective way alone. Even though you profess to have the witness of the Spirit that such is true still there must be the objective reality of Full Salvation Union produced in earth in order to prove your profession.
This does not mean that we are to come under bondage to the opinions or whims of each other — no member of the Body of Christ will be under bondage to another member of that Body. But it means that we must give ourselves to each other in such a real way that our such surrender will be born the very mind of God in which all of the members of that Body will be united.
The recognition of the mind of God as it is born will be spontaneous on the part of every member of that Body. It will be self-evident truth. No one will have to strain or come under the bondage of effort to harmonize with that which they do not truly see and understand. It is simply a matter of "His will be done, as God's words." If you do not hear God's words, if you do not spontaneously see and harmonize with the mind of God as it is revealed in the birth of that which results from each member of that Body giving themselves to every other member of that Body then you are simply not one of those stones that slip together without the sound of a hammer. (1st Kings 6:7) Some are simply not one of those stones that slip together without the sound of a hammer. (1st Kings 6:7) Some are simply not one of those stones that slip together without the sound of a hammer. (1st Kings 6:7) Some are simply not one of those stones that slip together without the sound of a hammer. (1st Kings 6:7)

1960 CONFIRMATION CLASS — Eleven children, six boys and five girls, were members of St. Paul's Lutheran church confirmation class this year. They are shown above with the Reverend Dr. J. Parker, pastor of the church. Left to right, standing, are: William Taylor, Kenneth Helwegge, Lynn Baughman, Pastor Parker, Walter Wittrock and Norman Balbo; (seated): Danny Larkin, Gail Flene, Judith Helwegge, Sandra Gero, Mary Marz and Dorothy Budd.

Marines Need Men With Scientific Knowledge
Area Marine Corps recruiters report that there are many openings for technically trained and scientifically inclined men — but these candidates must first become combat marines.
Every marine goes through three months of recruit training and four weeks of individual combat training. The latter is a concentrated dose of squad tactics in which the recruit learns to fight in the four member fire teams of an infantry squad.
After this basic training — then comes service school or a duty assignment.
A high school graduate can enlist for three years, but the majority of recruits are required to sign up for four years. Exceptional enlisted men may be sent to the navy scientific educational program with provisions also that promising men may be put through college at government expense.
Interested young men are asked to contact the local recruiter at the Northville American Legion hall on Friday, 12 to 8 p.m.

To Attend Principals' Meeting
Lansing — E. V. Ellison, principal, Northville high school, will attend a "Cheating Match" sponsored by the Michigan Association of Secondary School Principals (MASSP) at Higgins Lake, June 25-28.
Keynote speaker at the meeting will be Eugene S. Thomas, principal, Central High school, Kalamazoo, and a member of the executive committee of the National Association of Secondary School Principals, a department of the Michigan Education Association, the MASSP has a membership of more than 700 members throughout the state.

14—Thursday, June 23, 1960—THE NOVI NEWS

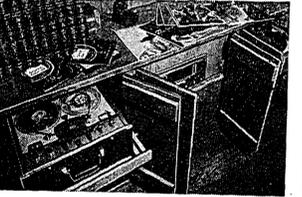

WALL GOES TO WORK here providing extra storage space. Combination of hardboard panels and steel splines has strength to support a small bench, a wall-hung cabinet, two shelves of books, a potted plant, magazine racks and a wire shelf for books.

Ways to Increase Your Home's Storage Capacity

EXTRA STORAGE SPACE is provided by the handsome utility column in this kitchen and dining room area. Right side of column serves as entrance closet for clothes. Wall with fresh mounted clock faces living room, dramatizing rich grain pattern of plywood paneling, used throughout area.

FACING DINING AREA, the paneled column presents a bar with storage facilities below. Touch latch doors and bar shelf are composed of 1/2 inch Duraply.

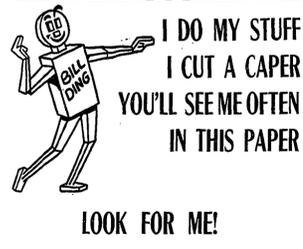

WELL-PLANNED CABINET of fir fits perfectly into its surroundings. The upper portion holds books or bric-a-brac, while the lower section houses radio-phonograph, speaker and recording gear. Lumber from western pine area lends itself well to such units.

BASEBOARD PAINTING
Avoid painting the floor along with the baseboard, by using a small strip of thin cardboard as a shield. Move the shield along the floor, following the brush as it moves along the baseboard. Spillage will be caught by the cardboard, not the floor.

SAVE MOLDINGS
Pry off moldings with the wide blade of a stiff putty knife. In this way, avoid ugly gouges or cracking the molding which result from the use of narrow tools such as a screw driver.

Shellac keeps better in glass jars, rather than in cans. It should, however, be discarded after 6 months.

Useful Built-Ins Create Extra Storage Space

"Everybody's got problems," as they say, but for the homeowner there is one that is likely to stand out and that is the problem of storage space. Whether your home is old or new, big or small, you still undoubtedly face the question of where to put what. In many new homes there is neither attic nor basement, and in older roomier houses the lack is in convenient storage space.

One thing that will help out a lot is to create built-ins appropriate to various rooms in your home. If you build them of lumber they can be given a wood stain to lend a note of warmth, painted to match an existing decor, topped with a clear finish to bring out the natural beauty of the wood, or dramatized with a pigmented brush-on, wipe-off finish that will lend color but still allow the natural characteristics of the wood to show through.

What wood to choose is always a question. Certain species are good for certain jobs. Pine is reasonably priced and you might try the very light Idaho white pine or the slightly darker ponderosa, lodgepole or sugar pine. For a still darker, reddish tone you can buy incense cedar or inland red cedar. The former has a pleasant fragrance that makes it particularly nice for built-ins designed for clothing.

The kitchen is a spot where many homeowners begin to improve their storage facilities with below-counter cabinets, cupboards, closets and open shelving. Give thought to special spots for equipment such as slender, mixer, coffee maker and the like, and plan your cabinets so that heavy or frequently used items are easy to get at.

Bedrooms offer hidden opportunities for storage. If you have an old house your closets may be big enough for shallow drawers to go the sides or back. You can build these of lumber painted a bright shade to match or contrast with the

NEWS FROM THE
AMERICAN LEGION

Bob Collocott — Reporter
POST 147

Tuesday, June 14 Commander Howard Wright presented three life memberships in behalf of the Lloyd H. Green Post 147 of Northville. These were presented to George Simmons, Ray Altenberg and Oscar Hammond for their years of faithful service to this post and the American Legion.

After the presentation the regular meeting was held. At this meeting we held election of officers for the 1960-61 year. The officers elected are as follows: John Stetzel, commander; Dave McElravy, senior vice commander; Bob Collocott, Jr., vice commander; Al Marsault, finance officer; Michael Cooley, chaplain; Paul Palmer, sec.-at-arms; and Ruth Krapp, historian.

Sunday at 4 p.m. these newly-elected officers will be installed by the 17th District Ritual Team. At the same time the members of the auxiliary coming into office will be installed. Refreshments will be served after the installations. All Legionnaires are urged to attend. Children are welcome and the public is invited.

The Legion has in the making a homecoming, planned for the month of August, and the people will hear more of this and its plans in the future.

This past week the annual Boys' State was held at the Michigan State campus. Nineteen boys from Northville were there to participate in democracy in action. Buzz Snow, post and 17th district chairman of Boys' State, and Howard Wright, post commander, were on hand to watch the boys participate in the various activities.

The boys who attended Boys' State were honored by several guest speakers. Among those speaking were Governor Williams, Duffy Daugherty, Rev. Bob Richards of Salem, Democratic Chairman of Michigan Neil Stabler and Republican Party Michigan Chairman Lawrence B. Lindemer. This marks the first time that the two party chairmen have addressed Boys' State.

In total there were 1069 boys attending Boys' State, the largest group in its history.

RECEIVES EAGLES — Harry B. Smith (center) of 355 Orchard drive, recently received his eagles, symbolic of his promotion to the rank of colonel in the Army Reserve. As Colonel Smith reads over the citation, Captain Jesse Newhouse (left) and Major Edward Bronner (right), Army Reserve Unit Advisors, pin on the eagles. Colonel Smith is the commanding officer of the 209th Civil Affairs Group. He will lead his unit through two weeks of intensive summer training at Camp McCoy, Wisconsin starting June 26th. Active locally as an educator and as a member of many civic groups, Colonel Smith spends one weekend each month leading his Army Reserve unit in training at the Army Reserve Center, 285 Plaquette, in Detroit. Colonel Smith's unit would have the job of supervising the government of an area occupied during war.

NOTICE OF REGISTRATION
TOWNSHIP OF NOVI
Oakland County, Michigan

A special election having been called to be held in all the voting precincts in the County of Oakland, State of Michigan, on the 2nd day of August, 1960;

THEREFORE, NOTICE IS HEREBY GIVEN, that any qualified elector of said Township of Novi who is not already registered upon the registration books of said Township of Novi, may register at Novi Township Hall on Tuesday, the 5th day of July, 1960, from 8:00 o'clock A.M. to 8:00 o'clock P.M., Eastern Standard Time.

NOTICE IS FURTHER GIVEN, that such registrations will also be received on the following days previous to said 5th day of July, 1960, to-wit: at Novi Township Hall June 28, 29, 30 and July 1 from 9:00 o'clock A.M. to 5:00 o'clock P.M., Eastern Standard Time.

SPEAKING for the Record

By Bill Singer

From information passed along by Ed Welch it is interesting to note that communities the world over seem to have similar problems.

As the "American" parents of exchange student Rosemary McNelly, the Welchies maintain a regular correspondence with Rosemary's parents, the H. H. McNellys of Sluagh Bridge, Belfast, Ireland.

To keep them posted on activities in Northville the Welchies have the Record sent to the McNellys and they have become avid readers.

In turn, Mr. McNelly enclosed a copy of the Belfast Weekly Telegraph recently.

Its front page headlined a new government plan to encourage the growth of small industrial firms in the rural communities of Northern Ireland.

Factories are offered for a rent of only seven pounds a week, and the article relates, "people establishing a small manufacturing project will, in addition to renting one of these factories under such favorable terms, receive a grant of one-third of the plant and machinery required."

The small factory plan, according to the article, had the joint sponsorship of the ministry of commerce and finance to provide more employment in smaller communities. The government even went so far as to design a standard type 6,000 square foot factory that can be erected in eight months.

In a letter to the Welchies, Mr. McNelly also noted the similarity in the news of our country.

"The Northville Record could just be any Northern Irish town paper if the names were changed around, which just goes to show, I think, how close we all are in the bundle of life," he wrote.

We could not help but notice one difference, however. On each side of the Belfast newspaper's page one masthead (where U.S. newspapers often report weather forecasts or advertise their want ads) were advertisements for "Old Bushmills"—One of the World's Great Whiskies.

Speaking of economic development, a Northville committee will soon report its findings after four months' study. Formed at the request of the city council, the committee is composed of representatives of the city, township and school district.

Their job has been to determine what the future tax burden of our community might be without additional industrial or commercial development. The committee will recommend a procedure for the future to improve the economic outlook based upon the findings of its study.

The report should be submitted in early July.

Members of the study group are John Canterbury, A. R. Clark, William Camp, Donald Lawrence and H. B. Farnum.

If Detroit were Bombed

Babson Park, Mass. — If World War III should come suddenly and your community be hit by a A-bomb or H-bomb attack, it would be demolished; probably no preparation on your part could save you from total destruction. This fall-out is the radioactive dust thrown into the air when a bomb explodes. It settles on the ground, and if inhaled, most of the people there would be killed. Then a cloud of radioactive dust would travel with the prevailing wind. Probably every one within 50 miles would be subject to burns.

Therefore, everyone within a radius of 50 miles from a bomb explosion should go to a "shelter" and be prepared to remain there for three or four days. This shelter should have a supply of good water, a stock of rice and canned goods, some reading matter, and a battery-operated radio for the official news. Radio stations would operate only at 800 or 1200 on the dial; these are the Conrad stations. Mortgage payments of principal and interest would be "frozen" and all stock exchanges closed.

What Food To Eat? Even when the fallout had dissipated and you could again lead a normal life, you would have to be very careful what you ate. Other things being equal, states having the greatest rainfall divided fairly equally throughout the year (Oregon, for example) could be the safest in which to live or join money. The reason is that rain washes off this dangerous dust from most of the things that you would eat.

The safest foods would be fruits such as oranges, bananas, lemons, and peaches, which have a thick skin that can be washed and peeled off. Apples, peaches, berries, grapes, and tomatoes, eat with skins should be avoided until the government pronounced them safe to eat. See that you are not exposed to potatoes, carrots, etc. which are underground but have foliage above the ground. It is rumored that a neutron bomb will be brought out which has no fallout; but I will not comment.

Householders should build a fallout shelter in the backyard of concrete blocks covered with boards and about three feet of dirt and properly drained; otherwise there should be a hand pump to keep it dry. The floor of the shelter should have some plastic sheeting or a layer of newspaper for human excretion; therefore each shelter should contain a shovel and a can of Borax. One final thought: advise readers to be sure, before taking a mortgage on any property, that the house has some sort of fallout shelter.

What Fallouts Does Not Kill? Fallouts does not kill trees, so far as we now know. I further believe that the only 100 percent hedge against inflation is average well-growing trees and fireproof apartment buildings.

Some 4,133 of these are considered unacceptable for long-range planning; 1650 of them are under construction and 1,025 of them will be in addition to the state's bed supply in the near future. There were 1,200 beds added to facilities existing in Michigan during 1959.

"The State Plan indicates that

Michigan Mirror

Money Available to Provide Nursing Home Beds

THE BATTLE FOR BEDS, a long campaign by the State Health Department to provide adequate hospital facilities for Michigan citizens, is far from over.

But the emphasis has shifted a little to care for the mentally ill and the chronically ill.

"The progress made during the past decade has provided adequate hospital facilities in most areas of the state and enabled our hospitals to keep up with population growth and even to cut into the backlog of facilities needing replacement," Dr. Albert E. Heustis, State Health Commissioner, said recently.

Michigan has 75.4 percent of its needs for general hospital beds met by existing acceptable facilities, he said.

However, only a third of the needed nursing home beds, and beds for mental patients are presently available. Communities planning general hospitals and to incorporate facilities for the mentally or chronically ill will get priority on federal money for construction as it becomes available, the department said.

The need for general hospital facilities alone is acute in some areas, the department said.

Chief among these are Newberry, Bad Axe, Monroe, Ludington, Stambury, Northport, Detroit, Tawas City, Muskegon and Cass City. In these localities, existing facilities in free-resistive structures range from none to 60 percent of the estimated need.

Statewide statistics look like this: The department's State Plan, which determines how much federal money Michigan will get for hospital construction and where it will be spent, shows 34,011 beds are needed to serve the present population.

Some 4,133 of these are considered unacceptable for long-range planning; 1,650 of them are under construction and 1,025 of them will be in addition to the state's bed supply in the near future.

There were 1,200 beds added to facilities existing in Michigan during 1959.

"The State Plan indicates that

Money Available to Provide Nursing Home Beds

special consideration for assistance from federal funds will be given to general hospital projects which include a psychiatric unit or which will result in a coordinated program of care for the chronically ill," the department said.

Forty-three of Michigan's 83 counties presently have either no facilities for skilled nursing home care, or none in free-resistive structures.

A 300-bed state-operated psychiatric center and special units for disturbed children are also high on the priority list for federal funds.

The State Civil Service Commission has backed approval of a plan that would make it easier for state employees to get their jobs back after having a baby or adopting one.

Under the old rule, a worker who became a mother lost her employment rights after three years if no job opened up for her after taking a maternity leave.

The liberalized rule would permit a mother to remain on the lay-off list indefinitely until a new job opens up for her. She would also be able to take a

leave comparable to the one she left in any other state department.

The old rule permitted a woman to return only if a vacancy occurred. Heads of state departments were expected to indicate approval of liberalized rule without a hitch.

REFLECTORIZED license plates for Michigan motorists will probably not be made until 1962, in spite of a law calling for them this year.

Secretary of State James M. Hare said the Legislature didn't appropriate enough money to start using the plates.

A bill which would knock out the reflectorization provision in a law passed by the 1959 Legislature died in the 1960 session when a deadline passed before action was taken.

This meant the new plates would be used as the 1959 session said—starting in the 1961 license year.

Hare said he ordered the reflectorized plates from Controller James W. Miller, but Miller said the appropriation of \$475,000 voted by the Legislature wasn't enough to cover the cost of producing the plates, said they could not now be used.

Further, Hare said Prisoner's rights would be protected by the Legislature, which produces the plates, said they could not now be used.

Further, Hare said Prisoner's rights would be protected by the Legislature, which produces the plates, said they could not now be used.

LUCKY WINNER — Last week this lucky Novl woman, Mrs. Robert Nelson, 23925 LeBoat, appeared on the nationally televised "The Price is Right" show and won \$5,000 worth of prizes.

She Wins Prizes On Television Quiz

"I really didn't know a thing; it was strictly a lucky streak," she said. Mrs. Robert Nelson, 23925 LeBoat, wasn't trying to be modest. She was serious. Yet, the young Novl mother of four children, showed enough talent last week to win \$5,000 in prizes.

For four days she appeared on the daytime television show, "The Price is Right," as champion "prize-guesser." When finally a man took the crown on Friday, Mrs. Nelson had more than a pocket full of prizes.

She was a racing car and carrier, two sets of matched luggage, pony, new car, kitchen cabinet, new stove and a banjo, a couch, stereo, hi-fi, phonograph and a complete new fashion ensemble.

Nori, thanks to Mrs. Nelson, also was a winner on the show. During her appearance, Mrs. Nelson told about her home town, giving out the explanation of its odd name. Thus, Novl received a nation-wide plug — in color too! Probably her greatest piece of luck, Mr. Nelson explained, was just getting on the program.

Tickets to the show, which are free — are scarce. Many persons wait weeks before receiving them. However, during a week-end pleasure trip to New York a week ago Friday the Nelsons found that Novl products, for which Mr. Nelson works, had secured tickets for them.

Citizens Vote on Master Plan Tonight

Wixom Paving Approved

Preliminary "paving" work on Potter road was virtually all done Thursday night with official action by the Wixom city council.

Council members unanimously agreed that Potter road will become the first Wixom road to be given a preliminary hard surface application as part of a five-year highway program.

The priority paving measure was recommended to the council by the city highway commission.

All that remains to be done before construction begins later this summer, officials explained, is the advertising for and acceptance of a bid.

According to Mayor Donald Brooks, city road officials had recommended a "substitution process" for paving one mile of Potter road, this process was approved by the council.

Once this initial step is completed, the road does not require maintenance for approximately five years, he said. At the end of this period, a second, permanent application is made.

In connection with the road program, the council unanimously passed a resolution Thursday officially establishing the "Road Paving Fund."

Other action by the council included: Resolved to accept lease contract of \$1 for railroad depot land (the depot itself was sold to the city several weeks ago for \$1 with the stipulation that the city must remove it when it is finished with the building).

Approved to contribute \$100 to the Wixom baseball team in the Wixom Little League for purchase of equipment and uniforms (a similar contribution of \$100 was made to the Babe Ruth team earlier this month).

Approved contract with the village of Novl for one-year fire protection, subject to changes by the city attorney.

Indicated that Gus McCreedy will be requested to conduct his duties as health department and order of council or face closure.

Accepted "with regret" resignation of William Richards from the board of appeals.

Endorsed passage of special half-mile county assessment to raise money for construction of additions to the new county court house currently under construction (the millage question will appear on the primary election ballot).

Approved contract with the village of Novl for one-year fire protection, subject to changes by the city attorney.

Indicated that Gus McCreedy will be requested to conduct his duties as health department and order of council or face closure.

Accepted "with regret" resignation of William Richards from the board of appeals.

Endorsed passage of special half-mile county assessment to raise money for construction of additions to the new county court house currently under construction (the millage question will appear on the primary election ballot).

Development' Group To Host Public Meeting

Village residents will have an opportunity tonight to stamp their approval or disapproval on a suggested master plan.

The plan — one of three suggested by the planning consultant under the supervision of the planning board — will be presented to the public for the first time at a general meeting of the Citizens' Development committee beginning at 8 p.m. at the community building.

According to C. A. Smith, chairman of the committee, citizens attending the meeting will vote to approve or disapprove the plan — or an explanation by Planning Board Chairman Vincent Miklas.

If approved, the planning board will begin more detailed work on the plan; if disapproved, board members presumably will weigh suggestions and criticisms and then begin work on a new plan.

The plan is to be presented for consideration tonight calls for an anticipated, ultimate population of 50,000 people. Two other plans, since discarded by the planning board, called for ultimate populations of 60,000 and 130,000.

Populations anticipated by the plan reflect the zoning restrictions within the plan; generally low people indicate larger lot sizes, more people, smaller lot sizes.

Since industry toll reflects ultimate population as well as community character, the number of acres allotted for industry in the current plan probably will prompt considerable discussion tonight.

Included in the talk will be information on a contemplated community center and a shopping center.

Also re-elected at the special organizational meeting of the board was Russell Taylor, secretary. Edward Erwin was elected chairman. All three members are veterans of the school board.

The two newcomers, who ousted Harold Morris in the annual school election earlier this month, were appointed to the auditing committee.

The newly elected members are Walter Ambinder, 2941 East LeBoat, and John MacBride, 2740 Maude Lea Circle.

Heald was first named president early three years ago to replace retiring James J. Crawford. He was re-elected to office last year.

Erwin, 26401 Novl road, was first elected two years ago to fill out the term of James J. Crawford. He was re-elected to office last year.

Taylor, 26401 Novl road, was first elected two years ago to fill out the term of James J. Crawford. He was re-elected to office last year.

Wixom Paving Approved

Preliminary "paving" work on Potter road was virtually all done Thursday night with official action by the Wixom city council.

Council members unanimously agreed that Potter road will become the first Wixom road to be given a preliminary hard surface application as part of a five-year highway program.

The priority paving measure was recommended to the council by the city highway commission.

All that remains to be done before construction begins later this summer, officials explained, is the advertising for and acceptance of a bid.

According to Mayor Donald Brooks, city road officials had recommended a "substitution process" for paving one mile of Potter road, this process was approved by the council.

Once this initial step is completed, the road does not require maintenance for approximately five years, he said. At the end of this period, a second, permanent application is made.

In connection with the road program, the council unanimously passed a resolution Thursday officially establishing the "Road Paving Fund."

Other action by the council included: Resolved to accept lease contract of \$1 for railroad depot land (the depot itself was sold to the city several weeks ago for \$1 with the stipulation that the city must remove it when it is finished with the building).

Approved to contribute \$100 to the Wixom baseball team in the Wixom Little League for purchase of equipment and uniforms (a similar contribution of \$100 was made to the Babe Ruth team
