

# SPEAKING for the Record

By Bill Sliger

From information passed along by Ed Welch it is interesting to note that communities the world over seem to have similar problems.

As the "American" parents of exchange student Rosemary McNeilly, the Welches maintain a regular correspondence with Rosemary's parents, the H. H. McNeillys of Sluagh Bridge, Belfast, Ireland.

To keep them posted on activities in Northville the Welches have the Record sent to the McNeillys and they have become avid readers.

In turn, Mr. McNeilly enclosed a copy of the Belfast Weekly Telegraph recently.

Its front page headlined a new government plan to encourage the growth of small industrial firms in the rural communities of Northern Ireland.

Factories are offered for a rent of only seven pounds a week, and the article relates, "people establishing a small manufacturing project will, in addition to renting one of these factories under such favorable terms, receive a grant of one-third of the plant and machinery required."

The small factory plan, according to the article, had the joint sponsorship of the ministry of commerce and finance to provide more employment in smaller communities. The government even went so far as to design a standard type 6,000 square foot factory that can be erected in eight months.

In a letter to the Welches, Mr. McNeilly also noted the similarity in the news of our country.

"The Northville Record could just be any Northern Irish town paper if the names were changed around, which just goes to show, I think, how close we all are in the bundle of life," he wrote.

We could not help but notice one difference, however. On each side of the Belfast newspaper's page one masthead (where U.S. newspapers often report weather forecasts or advertise their want ads) were advertisements for "Old Bushmills"—One of the World's Great Whiskies.

Speaking of economic development, a Northville committee will soon report its findings after four months' study. Formed at the request of the city council, the committee is composed of representatives of the city, township and school district.

Their job has been to determine what the future tax burden of our community might be without additional industrial or commercial development. The committee will recommend a procedure for the future to improve the economic outlook based upon the findings of its study.

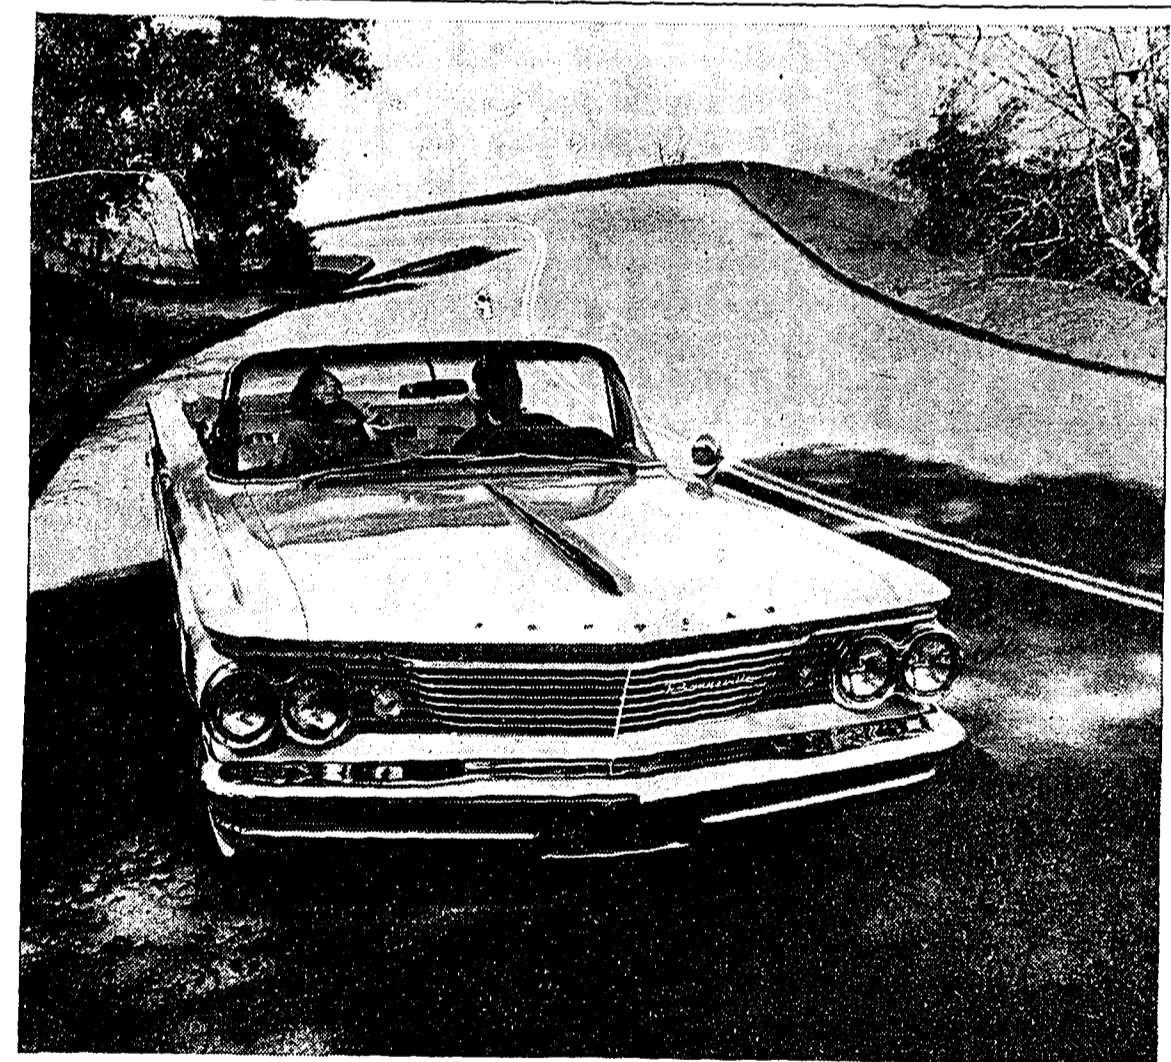

The report should be submitted in early July. Members of the study group are John Canterbury, A. R. Clark, William Crump, Donald Lawrence and H. B. Farnum.

## Pontiac's Extra Measure: Better Control

The reason is this: The track (not the body) is wider than any other car. The result is astonishing. You corner more securely, cruise with more confidence, hold a truer course in traffic. The best way, in fact, to measure Pontiac's Wide-Track Wheels is from the driver's seat. Put yourself in this remarkable position soon.

## Roger Babson If Detroit were Bombed

Babson Park, Mass. — If World War III should come suddenly and your community be hit by a A-bomb or H-bomb attack, it would be demolished; probably no preparation on your part could save you from a total annihilation. This fall-out is the radioactive dust thrown into the air when a bomb explodes. If Detroit, for instance, should be bombed, most of the people there would be killed. Then a cloud of radioactive dust would travel with the prevailing wind. Probably every one within 50 miles would be subject to burns.

Therefore, everyone within a radius of 50 miles from a bomb explosion should go to a "shelter" and be prepared to remain there for three or four days. This shelter should have a supply of good water, a stock of rice and canned goods, some reading matter, and a battery-operated radio for the official news. Radio stations would operate only at 400 or 1200 on the dial; these are the Conrad stations. Mortgage payments of principal and interest would be "frozen" and all stock exchanges closed.

**What Food To Eat**  
Even when the fallout had dissipated and you could again lead a normal life, you would have to be very careful what you ate. Other things being equal, states having the greatest rainfall during fairly equal throughout the year (Oregon, for example) could be the safest in which to live or loan money. The reason is that rain washes off this dangerous dust from most of the things that you would eat.

The safest foods would be fruits such as oranges, lemons, grapefruit and apples. These are washed and peeled off. Apples, peaches, berries, grapes, tomatoes, etc., with skins should be avoided until the government pronounced them safe to eat. Sea products are not safe on potatoes, carrots, etc., which are underground but have foliage above the ground. It is rumored that a neutron bomb will be brought out which has no fallout; but I will not comment.

## Michigan Mirror Money Available to Provide Nursing Home Beds

THE BATTLE FOR BEDS, a long campaign by the State Health Department to provide adequate hospital facilities for Michigan citizens, is far from over.

But the emphasis has shifted a little to care for the mentally ill and the chronically ill.

"The progress made during the past decade has provided adequate hospital facilities in most areas of the state and enabled our hospitals to keep up with population growth and even to cut into the backlog of facilities needing replacement," Dr. Albert E. Heustis, State Health Commissioner, said recently.

Michigan has 75.4 percent of its needs for general hospital beds met by existing acceptable facilities, he said.

However, only a third of the needed nursing home beds, and beds for mental patients are presently available. Communities planning general hospitals and to incorporate facilities for the mentally or chronically ill will get priority on federal money for construction as it becomes available, the department said.

The need for general hospital facilities alone is acute in some areas, the department said.

Chief among these are Newberry, Bad Axe, Monroe, Ludington, Stambury, Northport, Detroit, Tawas City, Muskegon and Cass City. In these localities, existing facilities in free-resistive structures range from none to 60 percent of the estimated need.

Statewide statistics look like this: The department's State plan, which determines how much federal money Michigan will get for hospital construction and how much will be spent, shows 34,011 beds are needed to serve the present population.

Some 4,133 of these are considered unacceptable for long-range planning. 1650 of them are under construction and 1,025 of them will be in addition to the state's bed supply in the near future.

There were 1,025 beds added to facilities existing in Michigan during 1959.

"The State Plan indicates that special consideration for assistance from federal funds will be given to general hospital projects which include a psychiatric unit or which will result in a coordinated program of care for the chronically ill," the department said.

Forty-three of Michigan's 83 counties presently have either no facilities for skilled nursing home care, or none in free-resistive structures.

A 300-bed state-operated psychiatric center and special units for disturbed children are also high on the priority list for federal funds.

A bill which would have knocked out the reauthorization provision in a law passed by the 1959 Legislature died in the 1960 session when a deadline passed before action was taken.

The State Civil Service Commission has backed approval of a plan that would make it easier for state employees to get their jobs back after having a baby or adopting one.

Under the old rule, a worker who became a mother lost her re-employment rights after three years if no job opened up for her after taking a maternity leave.

The liberalized rule would permit a mother to remain on the lay-off list indefinitely until notified of a job opening. Service within two years of separation that she intended to come back to work.

She would also be able to take a

**ELECTRIC COOKING IS CLEAN, COOL, QUICK.** All the heat goes into the food from direct contact electric elements, none escapes into the air. Super speed units bring liquids to a boil in seconds. You never see

blackened pans in an electric kitchen for electric cooking is white-glove clean. Chose from built-in counter tops and ovens or from many styles of free-standing electric ranges.

**ELECTRIC REFRIGERATOR-FREEZERS HAVE BIG CAPACITY.** Two wonderful appliances in one! Refrigerator and freezer. The freezer compartment is big enough to hold worthwhile quantities of food. Buy foods at seasonally low prices and safely store them. Save time by preparing foods ahead—makes three plus and freeze two. New frost free refrigerator-freezers eliminate defrosting entirely.

**COUNTER TOPS DO DOUBLE DUTY** with an electric appliance sensor. Pullout extension cords and extra outlets, all on one control panel, give you. Powerover at your fingertips. Simultaneous operation of two coffee makers, electric iron, fry pan and fuses. Automatic timing is another feature. All together, it's just like having extra range capacity.

**Polio Clinic A Real Success**

Wixom's first polio clinic, conducted Tuesday at the elementary school, was a real success!

That's the word from Mrs. Howard and Mrs. Jack Weach, community chairman and area resident of the Wixom extension group which coordinated the clinic activities.

Some 225 children and adults from the Wixom-Walled Lake area received polio shots.

Attending nurses were Mrs. Charles Ware and Mrs. Jack Weach. The clinic was sponsored by the Wixom-Walled Lake Lions club.

A second clinic will be held on July 26, a third in August and another probably early next year.

**Lucky Winner** - Last week this lucky Novl mother, Mrs. Robert Nelson, 23925 LeBoat, appeared on the nationally televised "The Price is Right" show and won \$5,500 worth of prizes.

## She Wins Prizes On Television Quiz

"I really didn't know a thing; it was strictly a lucky streak," Mrs. Robert Nelson, 23925 LeBoat, wasn't trying to be modest. She was serious. Yet, the young Novl mother of four children, showed enough talent last week to win \$5,500 in prizes.

For four days she appeared on the daytime television show, "The Price is Right," as champion "prize-guesser." When finally a man took the crown on Friday, Mrs. Nelson had more than a pocket full of prizes.

She won a racing car and carrier, two sets of matched luggage, pony, new car, kitchen cabinet, new stove and a banjo, a couch, stereo-phonograph and a complete new fashion ensemble.

Novl, thanks to Mrs. Nelson, also was a winner on the show. During her appearance, Mrs. Nelson told about her home town, giving out the explanation of its odd name. Thus, Novl received a nation-wide play — in color too!

Probably her greatest piece of luck, Mr. Nelson explained, was just getting on the program.

Tickets to the show, which are free — are scarce. Many persons wait weeks before receiving them. However, during a week-end pleasure trip to New York a week ago Friday the Nelsons found that Novl products, for which Mr. Nelson works, had secured tickets for them.

"We sat up in the balcony behind

practically everyone," Mrs. Nelson explained. Spottlights searched the audience, picking out scores of likely candidates. These candidates were asked questions, presumably to test reactions, voice, etc., she said.

Later, this number of candidates was trimmed to 10. Then Mrs. Nelson and the other nine candidates were given private interviews, answering questions about their families, homes, etc.

"Finally, out of these 10, Mrs. Nelson was chosen to be the show's 'prize-guesser' for the week."

Surprised and thrilled, the Nelsons quickly wired home to make sure their parents could care for the children and to check with his employer.

During the show, most of the Nelsons' neighbors in Willowbrook, Michigan, and Nelson club members watched from home. Scores of other area residents looked on. The Nelsons received many telegrams of encouragement from these people. They also heard from surprised and excited relatives in Canada, Alabama and California.

Knowing that friends were watching and wishing her luck was a great thrill, Mrs. Nelson said, but her greatest thrill came while walking along a busy New York street where she usually is tucked away out of sight. A New Yorker walked up to congratulate her. "It was wonderful."

What about Mrs. Nelson's reaction to all the excitement? "Well, I know he was more nervous than me," she laughed.

And Mr. Nelson's comment: "We still haven't heard from the bureau of Internal Revenue. But I imagine it won't be long."

## Citizens Vote on Master Plan Tonight

Preliminary "paving" work on Potter road was virtually asured Thursday night with official action by the Wixom city council.

Council members unanimously agreed that Potter road will become the first Wixom road to be given a preliminary hard surface application as part of a five-year highway program.

The priority paving measure was recommended to the council by the city highway commission.

All that remains to be done before construction begins later this summer, officials explained, is the advertising for and acceptance of a bid.

According to Mayor Donald Brooks, city road officials have recommended a "substantial program" for paving one mile of Potter road. This process will be completed by the end of the year, and a second, permanent application is made.

Once this initial step is completed, the road does not require maintenance for approximately five years, he said. At the end of this period, a second, permanent application is made.

The new budget will be used to pay for the cost of the road. The other part will be added to another \$100,000 to be appropriated next year for paving two miles of Beck road, between Potter trail and 12 Mile road.

Plans for paving other city roads and streets have not yet been completed.

In connection with the road program, the council unanimously passed a resolution Thursday officially establishing the "Road Paving Fund."

Other action by the council included:

Resolved to accept lease contract of \$1 for railroad depot land (the depot itself was sold to the city several weeks ago for \$1 with the stipulation that the city must remove it when it is finished with the building).

Accepted the bid of \$1,500 from Stuman Ford Sales of Walled Lake for a 1960 pickup truck (eight sealed bids were received).

Agreed to contribute \$100 to the Wixom baseball team in the Walled Lake Little League for purchase of equipment and uniforms (a similar contribution of \$100 was made to the Babe Ruth team earlier this month).

Approved contract with the village of Novl for one-year fire protection, subject to changes by the city attorney.

Indicated that Gus McCreedy will be requested to conduct his duties as fire chief and uniformed firemen, as stipulated by rules of county health department and orders of council or face council.

Accepted "with regret" resignation of William Richards from the board of appeals.

Endorsed passage of special half-mile county assessment to raise money for construction of additions to the new county court house currently under construction (the millage question will appear on the primary election ballot).

**Development' Group To Host Public Meeting**

Village residents will have an opportunity tonight to stamp their approval or disapproval on a suggested master plan.

The plan — one of three suggested by the planning consultant under the supervision of the planning board — will be presented to the public for the first time at a general meeting of the Citizens' Development committee beginning at 8 p.m. at the community building.

According to C. A. Smith, chairman of the committee, citizens attending the meeting will vote to approve or disapprove the plan. An explanation by Planning Board Chairman Vincent Miklas.

If approved, the planning board will begin more detail work on the plan; if disapproved, board members presumably will weigh suggestions and criticisms and then begin work on a new plan.

The plan is to be presented for consideration tonight calls for an anticipated, ultimate population of 50,000 people. Two other plans, since discarded by the planning board, called for ultimate populations of 60,000 and 130,000.

Populations anticipated by the plan reflect the zoning restrictions within the plan; generally low population indicates larger lot sizes, more people, smaller lot sizes.

Since industry local reflects ultimate population as well as community character, the number of acres allotted for industry in the current plan probably will prompt considerable discussion tonight.

Included in the talk will be information on a contemplated community center and a shopping center.

Also re-elected at the special organizational meeting of the board was Russell Taylor, secretary. Edward Erwin was elected chairman. All three members are veterans of the school board.

The two newcomers, who ousted Harold Morris in the annual school election earlier this month, were appointed to the building committee.

The newly elected members were Walter Ambinder, 2901 East LeBoat, and John MacBride, 2570 Maude Lea Circle.

Heslip was first named president early three years ago to replace retiring James J. Crawford. He was re-elected to office last year.

A long-time Novl dairy farmer, the president had had first-hand experience in school matters raising his own family of eight sons and one daughter.

Several of his children have graduated from college, one is in college, and others are still in high school.

He was named to the Novl board in 1956 after serving as president of the board district school board for five years. Last year he was elected to a three-year term along with Taylor.

Taylor, 26401 Novl road, was first elected two years ago to fill out the term of retiring James J. Crawford. He was re-elected in 1958. He formerly was a member of the Novl District Number 2 school board.

**Wixom Paving Approved**

Preliminary "paving" work on Potter road was virtually asured Thursday night with official action by the Wixom city council.

Council members unanimously agreed that Potter road will become the first Wixom road to be given a preliminary hard surface application as part of a five-year highway program.

The priority paving measure was recommended to the council by the city highway commission.

All that remains to be done before construction begins later this summer, officials explained, is the advertising for and acceptance of a bid.

According to Mayor Donald Brooks, city road officials have recommended a "substantial program" for paving one mile of Potter road. This process will be completed by the end of the year, and a second, permanent application is made.

Once this initial step is completed, the road does not require maintenance for approximately five years, he said. At the end of this period, a second, permanent application is made.

The new budget will be used to pay for the cost of the road. The other part will be added to another \$100,000 to be appropriated next year for paving two miles of Beck road, between Potter trail and 12 Mile road.

Plans for paving other city roads and streets have not yet been completed.

In connection with the road program, the council unanimously passed a resolution Thursday officially establishing the "Road Paving Fund."

Other action by the council included:

Resolved to accept lease contract of \$1 for railroad depot land (the depot itself was sold to the city several weeks ago for \$1 with the stipulation that the city must remove it when it is finished with the building).

Accepted the bid of \$1,500 from Stuman Ford Sales of Walled Lake for a 1960 pickup truck (eight sealed bids were received).

Agreed to contribute \$100 to the Wixom baseball team in the Walled Lake Little League for purchase of equipment and uniforms (a similar contribution of \$100 was made to the Babe Ruth team earlier this month).

Accepted "with regret" resignation of William Richards from the board of appeals.

Endorsed passage of special half-mile county assessment to raise money for construction of additions to the new county court house currently under construction (the millage question will appear on the primary election ballot).

## Planning Board 'Holds Ground' On Trailer Park Re-Zoning

A special election looms as an almost certain sign that the following action by the village planning board on the recently rezoned property on Pontiac trail.

Resolved to accept lease contract of \$1 for railroad depot land (the depot itself was sold to the city several weeks ago for \$1 with the stipulation that the city must remove it when it is finished with the building).

Accepted the bid of \$1,500 from Stuman Ford Sales of Walled Lake for a 1960 pickup truck (eight sealed bids were received).

Agreed to contribute \$100 to the Wixom baseball team in the Walled Lake Little League for purchase of equipment and uniforms (a similar contribution of \$100 was made to the Babe Ruth team earlier this month).

Approved contract with the village of Novl for one-year fire protection, subject to changes by the city attorney.

Indicated that Gus McCreedy will be requested to conduct his duties as fire chief and uniformed firemen, as stipulated by rules of county health department and orders of council or face council.

Accepted "with regret" resignation of William Richards from the board of appeals.

Endorsed passage of special half-mile county assessment to raise money for construction of additions to the new county court house currently under construction (the millage question will appear on the primary election ballot).

**No Garbage Dumping, Please**

Village President Joseph Crut this week reminded residents that they may dump in the McCreedy landfill free of charge. But he emphasized that no garbage dumping is permitted.

The landfill driveway is located on the north side of 10 Mile road, several hundred feet west of the C&O railroad. The private home driveway nearby is not to be used.

The next regular meeting of the board will be held on July 25. However, a special meeting for planning work only will be held earlier in July.

**Dragged by Pony, Suffers Severe Cuts**

A three-year-old Novl girl suffered severe face cuts and multiple bruises Saturday when she was dragged by a pony at a riding circle near the Walled Lake Amusement park.

Linda Promo, daughter of Mr. and Mrs. Gordon Prom, 23833 East LeBoat, was treated at Community General hospital in Northville. Doctors first feared she might lose the sight of one eye, but have since indicated no permanent damage was done.

According to Police Chief Leo Be-Gone, the pony bolted, dragging her 75 feet through the circular enclosure.

Be-Gone said the pony was unattended during rides and were not attached to guide ropes. The pony-ride business is owned by Donald Alford and operated by Robert Larson of Farmington.

Linda's father, a member of the township board, Monday night urged the village council to adopt an ordinance requiring such rides to prevent similar accidents in the future. His suggestion was accepted, which will fill the enclosure, a three-year term of Leo Harwood.

**Little Action Taken At Council Meeting**

With two of the five councilmen out of town, the village council's formal action to a minimum at its meeting Monday night.

Among its decisions were:

Recommendations to the state to transfer the title of street and water license currently held by John Albu to Mr. and Mrs. Stanley Wisbey be approved. Albu is selling his grocery store at the corner of 10 Mile and Meadowbrook roads.

Approved the purchase of five police cars, at a cost of \$10,000, from the upcoming Walled Lake homecoming parade.

Gave the fire department permission to enter fire equipment in the upcoming Walled Lake homecoming parade.

Approved purchase of 50 application blanks to be used in coordinating applications for the position of village manager. Four applications were received through Monday.

**Walled Lake Plans Fireworks Display**

A dramatic two-day holiday celebration is planned at Walled Lake amusement park with gigantic aerial fireworks shows scheduled both Sunday and Monday evenings, July 24 and 25.

2-Thursday, June 30, 1960—THE NOVI NEWS

INSTALLATION ceremonies for newly elected officers of Northville's American Legion post and auxiliary were held Sunday afternoon at the Veterans' Memorial building. Post officers (standing 1 to 7) are: Mabel Conley, chaplain; Paul Palmer, sergeant at arms; Al Marzelle, finance officer; John Stelmek, commander; Robert Wren, adjutant; Bob Colacetti, junior vice commander; Ruth Knapp, historian. Auxiliary officers (seated 1 to 7) are: Hazel Wright, treasurer; Carol Colacetti, secretary; June Palmer, second vice president; Shirley Holman, president; Ruth Miller, sergeant at arms; Christine Goss, chaplain; June King, historian; and Lorraine Stelmek, first vice president.

## NEWS AROUND NORTHVILLE

Mr. and Mrs. George Merwin returned to their home on Cottisford last week and after a two week trip to Hollywood, California and Las Vegas, Nevada. Mr. Merwin, as a representative of the Ford Motor company, was responsible for the preparation of an industrial film. Working with the Desilu industry, the Merwins had an opportunity to meet several Hollywood actors and actresses. Many of their hotel neighbors on Sunset boulevard were members of the movie industry.

Mrs. Lillian Ingram and children, Allen, James and Kelly of North Hollywood, California are spending two weeks with her parents, Mr. and Mrs. L. C. Girardin of Randolph street. The Ingrams will also be visiting her in-laws in Detroit. It marked the first time the Girardins had seen their grandchildren and the first visit with their daughter in seven years.

Mrs. E. V. Ellison entertained approximately 35 guests at a breakfast Wednesday morning honoring her mother, Mrs. W. A. Whinger of El Monte, California. Mrs. Whinger will be a guest of the Ellison for several weeks.

Bud Canfield is spending his summer vacation with his mother, Mrs. William Canfield. Mr. Canfield is a resident instructor in the Battle Creek school system.

Mr. and Mrs. James Phelan, formerly of Phillips road and now of Greenville, Mississippi, are spending two weeks vacation visiting their friends in Northville. While here they are staying at Meadowbrook Country club.

Mrs. Richard Talbot and children, Ricky and Peter, of Fairway drive left last week to spend three weeks with her parents in Beacon Falls, Connecticut.

Dr. and Mrs. Rex Wilcox and son, Timothy, spent a week with Mrs. Wilcox's parents, Mr. and Mrs. Lawrence A. Wright of Fairway drive. From here they went to Grand Rapids where Dr. Wilcox will intern for a year at Blodgett hospital.

Guests of Mrs. Mary Alexander last week end were her daughter and son-in-law, Mr. and Mrs. Howard Bray and children, Paul and Patsy, of Boyne City.

Butch Casteline, son of Mr. and Mrs. Fred Casteline, is spending nine weeks at Camp Algonquin, Burt lake, near Chubbuck.

Mrs. R. F. Eitz of Medford, Massachusetts is visiting her sister-in-law, Miss Elizabeth Eitz and Mrs. Marcella Douglas on South Rogers street.

Mr. and Mrs. Eldon Biery entertained their poker bridge group last Sunday night at their home on Dunlap street.

Mr. and Mrs. Paul Austin will be dinner guests of Mr. and Mrs. L. M. Eaton Friday night. The Austins

Mrs. Richard Lyon and Mrs. Robert Williams, daughters of the host and hostess, assisted in the serving of refreshments.

**Wed by Bogart**  
Shirley Lee Van Newkirk of Garden City and Thomas Joseph Lang of Livonia were united in marriage by Justice Bogart Friday evening, June 24th. Dorothy Antovsky and Richard Brandenburg, also of Livonia, were the attending witnesses.

Planning a summer wedding? Select your invitations from the many samples available at the Record office.

## KITCHEN DIARY

### Pudding Treats Answer Summer Dessert Need

Looking for that special dessert, certain to challenge the taste buds of any dinner guest, or member of your family? Then by all means try one of all these three pudding recipes with which Mrs. Edward C. Mollena, 213 South Wing, has had so much success.

**APPLE-NUT PUDDING**  
The first, Mrs. Mollena's prize "Apple-Nut Pudding," is tender, nutty and cake-like, and should be particularly appreciated in the Northville area where so many Michigan apples are grown.

**APPLE-NUT PUDDING**  
Mrs. E. C. Mollena  
1 well beaten egg  
1/2 teaspoon salt  
1/2 cup enriched flour  
1 teaspoon baking powder  
1 cup finely chopped (tart) apples  
1/2 cup chopped California walnuts  
1 tsp. almond extract

Gradually add sugar to egg, heating until sugar is dissolved. Add sifted ingredients. Stir in remaining ingredients. Pour into greased, eight-inch square pan. Bake in moderate oven (350 degrees) 25 to 40 minutes. Serve with whipped cream — or for those diet watchers just serve plain.

Another favorite of Mrs. Mollena is the "Snow Pudding," a dessert which grandmother used to please her family. This recipe doesn't appear too often in the modern cook books.

**SNOW PUDDING**  
1/2 cup sugar  
1/2 teaspoon salt

**CHERRY PUDDING**  
(Use rhubarb, sour apples or strawberries — the same way as cherries.)

Over 1 pint of pitted sour cherries put 1 cup sugar. Let stand while you make batter as follows: One tablespoon butter creamed with 1/2 cup sugar. Then add 1 cup flour sifted with one tablespoon of baking powder, 1/4 teaspoon salt. Add 1/2 cup of sweet milk and stir well. Pour batter in buttered baking dish and add cherries, covering them with one cup boiling water. The batter will come to top while baking at 350 degrees for 30 minutes.

# 28 Win Prizes in Merchants-Downs' Celebration

WINNER of the third race in the qualifying events was Cimmie Worthy driven by Ray Wilcox shown here receiving a new whip from Monte Ellis, president of the Retail Merchants association. Below horses are shown coming down the stretch. The action was narrated by Orlow Owen.

For 28 lucky prize-winners and a basket of candy-clutching kiddies Saturday's wind-up to Northville's "Downs' Days" was a happy occasion. The celebration, cosponsored by the Retail Merchants association and Northville Downs, was divided into two parts — a "field day" for the children in the afternoon at the Downs, and a presentation of major prizes in the evening on Main street.

At the Downs the children and their parents were treated to three harness races that served as qualifying events for Downs' entries. The program was arranged by Alfred Smith and Orlow Owen acted as master of ceremonies. After the races prizes were awarded and then the youngsters were turned loose to find candy hidden on the infield of the track.

Music for the program was provided by Bob Williams and a group composed of high school students. Prize winners at the track were: Ray Sugg, Mrs. Fred Webster, Mrs.

Mazie Markham, Jennie Watson, Jerry Lyke, Joyce Stuckey, Ann Thompson and Betsy Nichols. Prizes at the track included ice cream, pizza pies, hotdogs, banana splits, roller skates, baseball glove, badminton and croquet set.

Big winner in the evening was Beatrice Phammond of Northville. She won the Toro rotary raffle mowder — but promptly sold it to Monte Ellis, president of the sponsoring Retail Merchants' group.

Other evening winners and their prizes included: Gail Luchman, gift certificates; Nettie Leavenworth, electric steam iron; Dorothy Tuck, barometer; Dan Lute, pen and pencil; Roger Atchison, cooler; Sally Nelson, blanket; Mrs. J. B. Strub, traincases; Denise Spiker, handbag; Margaret Mitchell, four dress shirts; Joseph Crupi, Beverly Hill, Fannie Bunch, Don Biery and George Zerbed.

AT RIGHT — Hundreds of kiddies flocked the infield of the track and hunted for candy that had been distributed throughout the area. This event concluded the program.

MUSIC was provided by Bob Williams (left), assistant director of music at Northville high school, and Ed Proctor, Gary Wakarusa, Janice Williams and Suzie Price.

Step into your summer mood with a new culture. Open your imagination to the wider silhouette... an exciting style that's all optimism for a summer of fun.

**Blooms Hold Open House For Ivan Elys**

An open house honoring the recently-wed Ivan Elys was held at the home of Mr. and Mrs. C. Harold Bloom, 710 West Main street, Sunday afternoon.

Ninety guests from South Lyon, Plymouth, Rochester, Livonia and Northville attended the affair.

Mrs. Elys is the former Mrs. Erna Fretmann. She is publisher of the South Lyon Herald newspaper. A Northville resident, Mr. Elys is a partner in C. R. Elys and Sons. Mr. and Mrs. Elys expect to move into their 164 East Cady street home in September.

Mrs. Richard Lyon and Mrs. Robert Williams, daughters of the host and hostess, assisted in the serving of refreshments.

**Wed by Bogart**  
Shirley Lee Van Newkirk of Garden City and Thomas Joseph Lang of Livonia were united in marriage by Justice Bogart Friday evening, June 24th. Dorothy Antovsky and Richard Brandenburg, also of Livonia, were the attending witnesses.

Ten miles at the wheel are all you need...

**to confirm the fact of Cadillac leadership!**

This great car demands to be driven! You'll find its ride so smooth... its handling so effortless... its performance so agile... that ten miles will amply demonstrate its complete supremacy in every phase of motoring. Of course, there are those who need only one long look at its distinguished beauty and interior luxury to know that the 1960 Cadillac is, indeed, the Standard of the World. But we suggest you drive it. It's a thrill that no one who appreciates a truly fine automobile should miss. Your authorized Cadillac dealer has the keys, and the car awaits your pleasure.

# from the PASTOR'S STUDY

By the Rev. B. J. Pankow, Pastor  
St. Paul's Lutheran Church of Northville

## THE PRECIOUSNESS OF OUR SALVATION

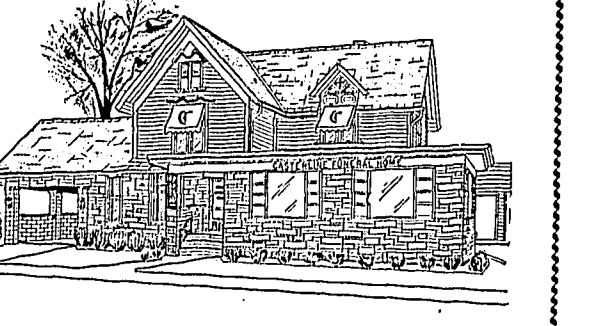

Jesus said, "The kingdom of heaven is like unto man who found a pearl of great price, and sold all that he had, and bought it." (St. Matthew 13:44-46).  
Both of these parables of Jesus emphasize the preciousness of our salvation.  
No matter how we may come upon our salvation, whether seemingly by accident, as the man who found the treasure in the field, or by diligently seeking it, as the merchant who found the pearl of great price, let us become convinced of its great worth.  
The man who found the treasure in the field immediately knew that here was something of immense value. The merchant who in his trade came upon the pearl mentioned knew in that moment that this was not just another pearl, but a pearl of great price.  
The treasure and the pearl both represent the salvation that is found in Jesus Christ.  
So we sing:  
*Jesus precious Treasure,  
Fount of pure pleasure,  
Truest Friend to me,  
Ah, how long in anguish,  
Shall my spirit languish  
Yearning, Lord, for Thee?  
Thou art mine O Lamb divine!  
I will suffer naught to hide Thee,  
Nought I ask beside Thee.*  
Should we not gladly give up the less pre-  
cious in favor of the inestimable gift of God's  
salvation in Christ Jesus?

### Goodwill Truck Pickup

The next visit of Goodwill Industries truck-pick-up trucks to Northville is scheduled for Tuesday.  
Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.  
To arrange for a Goodwill Industries truck pickup, call the local Goodwill representative, Mayburr Men's Club, 219-2202 or ask the operator for toll-free, Enterprise 7006.  
The conference, one of 11 "Peace Pursuing" district assemblies being held throughout the United States this summer, is sponsored by the Watchtower Bible and Tract Society, Brooklyn, New York. The Detroit meeting is expected to bring more than 60,000 ministers and their families from the north-central states to Briggs stadium where all sessions will be held. The major part will come from Michigan, Indiana, Ohio, New York, Illinois and Wisconsin.  
Mr. Concoe in discussing the announcement with the congregation pointed to the finality of this 4-day Christian gathering. "The purpose of the conference is to further the pursuit of peace with mankind's Creator at a time when materialism and godlessness are sweeping the earth," he stated. The program will be devoted to Bible talks, discussions and practical demonstrations designed to aid the Witnesses in their ministerial work.  
Mr. Concoe further reported that the highlight of the four-day program will be a public discourse on Sunday afternoon, "Security During War of the Great Day of God of the Almighty," by F. W. Franz, vice president of the Watchtower Society. Grant Sutter, another member of the board of directors from the Brooklyn headquarters, will serve as the chairman. Other invited speakers will include visiting ministers and overseers in the organization. All sessions are open to the public free of charge.

# Sample Cops Top Honors

Northville's ace horse rider, Bob Sample, continued his victory pace in Middle West competition last week after withdrawing from the Gross Pointe Hunt Club horse show earlier this month because of inclement weather.

The 17-year-old Northville senior, riding his talented horse "Big Society," scored a quadruple triumph at the Bloomfield Open Hunt club show, held Thursday through Sunday.

Competing against nearly 70 of the top riders in the Middle West, Bob picked up the coveted American Horse Show medal class award, the horseman's over-ence class, the Michigan Hunt perpetual challenge trophy, and the reserve equitation championship.

Thus, but for the Gross Pointe show from which he withdrew, the young Northville rider remains undefeated in five shows this spring. He has won 10 blue ribbons in these shows.

By winning the AHSA medal class championship last week, Bob and his horse, which he withdrew, coach John Wallace, broke 2½ years ago, earned a position in the "world series" of horse shows next November at Madison Square Garden.

His sister, Sally, 19, earned a similar award last year, but decided not to go to New York. Bob, however, plans to compete at the Garden.

Riders, ages 14 to 18, were judged on ability to ride and position during the over-ence class. Junior riders had to jump three-foot, six-inch high bars.

Last fall, as a member of the Northville Topnotchers Equestrian team, Bob and his teammates copied top honors at the sixth annual awards banquet. The Topnotchers were awarded the class "A" division trophy in Michigan equitation competition.

Bob, who hopes eventually to compete in the Olympics, will enter five more shows before leaving for New York next fall. These include Jackson, Metamora, Toledo, Holland and Castle Park.

Three well-placed bunts and a fielding error helped Northville's National league nine pin the Wayne Brewers, 6-5, Thursday at Cass Benton park.

Down by two runs, 4-2 in the last half of the sixth, Relief Hurler Glenn Deibert stroked a line single, took second on a balk, and then scampered home in front of Don Tuck in the seventh. Doug Swiss batted the ball which was ing school squad, 12-6, and the sixth with this season against five losses. Formed by the first starter. The game was called at the end of the sixth because of darkness.

## Hurls 3-Hitter, But Loses

Hurler Dave Luedke was nipped for only three hits Monday but even so, Northville Recreation stumbled to its first defeat of the season as the Redlegs came up with an easy 12-3 victory.

The young Northville pitcher fanned 10 batters in his futile attempt to save the Eastern division league game, but teammate Gordie Hammond's scratch single in the fourth was the squad's lone hit.  
Recreation was down 4-3 in the last of the fourth when the Redlegs took advantage of a host of Northville errors to tie the game with a single to center field. The first of five innings because of darkness.  
Earlier, Recreation crushed the Clarenceville Eagles, 12-3 and the Bill Elwell, Northville pitcher, was nipped for the loss. Rick Rebitzke, third base, took batting laurels for the losers with two hits in four trips

season, the Movers claim the top berth in the Novi Little League standings. Paragon continues to hang on to third, while Rexall brings up the rear.  
The Elks scored their two runs in the fifth on a pinch-hit triple by Ron Toth, a sacrifice bunt by catcher, a double by the wright at the day morning. A fee of 50 cents for Northville city and township residents is charged, and \$8 for non-Northville children.

Jim Payton, Jim Bertoni and Norm Krogg thrashed the Brewers on four, five and six hits, respectively. The losers in the above order were Cliff Hawley, Ricky White and George Simonson.

Red Banker came up with a double and single, Krogg and Bertoni, triples, and Chuck Sidway, a double, to help Hurler Payton win the game. Tom Hillers for the Bankers were George Simonson, a double and two singles, and Joe Donner, double.

Two Wixom Teams Whip Yankton Sunday  
Wixom's Number 2 Little League baseball squad managed to grab a piece of the action, whipping the Clarenceville Yanks, 7-4.  
The victory gives the Wixom Orioles Number 2 nine a 7-1 record, 10-11-14, at Cass Benton park.

Three of Northville's regulars missed the game. They were Jim Juday, Craig Bell and Tom Swias.  
In two games last week, the Plumbers nipped the Novi Orioles 2-1 and 1-0. The team was crushed by the Wayne County Training school, 13-3.  
Swias was credited with the victory over Novi. He was relieved in the fifth by Bell. Novi's two hits and one run came in the seventh inning.

Swias was the losing hurler for Northville with two hits in four at-tempts at bat.  
Elwell took batting honors for Northville with two hits in four at-tempts at bat.  
The winning pitcher was against WCS, although Swias took over mound duty in the fifth and six innings to buzzing as he fanned nine of the 10 batters he faced.  
At the plate for Northville, Bell struck a triple and a single, and Juday a double and single.

# Novi Highlights...

Mrs. Owen Wilkinson of Brighton and Mrs. Harry Lindlater of De Witt were co-hostesses at a surprise graduation party for Mrs. Dorothy Shook at her home on Grand River. She has completed her course of study at the Detroit Conservatory of Music. There were about 24 people present.

Mr. and Mrs. Dan Tuck of Grand River were hosts at a surprise birthday party for Mrs. Nancy McCallen of Royal Oak Saturday night.

Mr. and Mrs. R. E. Ward, former proprietors of Ward's store, returned recently from Largo, Florida and are now residing on Beck road.

Mr. and Mrs. Andy Kosak of Clark street returned this past week from a three week stay with Mrs. Kosak's parents, Mr. and Mrs. John Sohn of Chicago, Illinois. While there, they attended the wedding of Mrs. Kosak's brother, Bill Sohn at the First Presbyterian church. Kim and Zak was a junior bridesmaid and Dana Kosak was flower girl at the wedding held on June 5.

## Signs of Good Furniture

When you shop for furniture of sity, says doors should not sag and wood, try the doors and drawers inside of drawers should be finished to give a smooth surface that is easy to clean. Dovesall construction inside the drawer means top quality craftsmanship. Good furniture also features drawer bottoms of plywood or of the newer molded plastic forms which are faced with a wood panel at the front.

Hinges and pulls should be strong enough to stand the strain of use. Table leaves should fit perfectly when inserted or raised, and the wood and finish should be the same as the table.

The back and underside of quality furniture is sandpapered and finished. Sealing both sides of the wood gives a smooth surface and reduces the chances of swelling or shrinking. This step is skipped on low-priced furniture because of the added cost.

Miss Cooper suggests you note how the back and underside of a chest or desk are attached. Screws used with drilled holes indicate care in workmanship. Nails are used to speed construction though it results in furniture that is less rigid.

A quality finish on furniture is designed to bring out the beauty of wood color and grain. It has a rich depth, or patina, obtained by much rubbing and the effect is quite different from the shine of varnish or lacquer. Inspect the finish in a good light to be sure it is smooth and free from rough spots.

Impregnated wood is a new development for furniture surfaces and is achieved by treating the wood with a resin and then compressing it. This is highly resistant to heat, alcohol, acids, scratches and discolorations and is usually applied as a veneer.

# SPEAKING for the Record

By Bill Slicker

It appeared for a moment at last week's council session that the body might adopt a resolution urging residents to sign petitions to place the constitutional revision issue on the November 8 ballot. If there had been unanimity on the matter, I believe the suggestion would have been good and proper.

Local government is the grass roots' level of our entire democratic system. It should have an opinion as to whether it functions effectively under the rule book of its big brother.

At any rate, the brief discussion did point up the fact that much confusion surrounds the circulation of petitions currently being conducted to beat the July 8 deadline.

A total of 231,218 signatures is needed. If this requirement is met, the constitutional revision question will appear on the November 8 ballot.

Specifically, the proposal on the ballot would be to amend the present constitution to:

— require an election year spring on whether a constitutional convention should be called;

— adopt a new method for electing delegates from three from each of the state's 34 senate districts to one for each of the 144 representatives and senators;

— provide that the convention would be called by majority approval of those voting on the question (not all voters going to the polls voted on the convention issue in 1955 thus, although it polled more "yes" than "no" votes, it failed because the total was less than a majority of all votes cast).

Nearly everyone agrees that our constitution—over 50 years old and weighed with 67 amendments—needs revision.

The bickering takes place over the manner in which delegates to the convention should be selected.

The current suggestion has wide support from both political parties, though not completely from either.

Certain Democratic forces fear that Republicans will dominate the convention.

Some Republicans are not satisfied with the majority representation accorded the GOP under the new delegate plan—because it is not as large as it would be under the existing plan of three delegates from each senate district.

The Civil Service provision in the state constitution reads as follows: "The state civil service shall consist of all positions in the state service except those filled by popular election, heads of departments, members of boards and commissions, employees of courts of record, and officers of the higher educational institutions recognized by the state constitution, all persons in the military and naval forces of the state, and not to exceed two other exempt positions for each elective administrative officer, each department, board and commission."

If these amendments are passed in November, you'll have another opportunity to decide next April whether or not you wish to call for a constitutional convention.

### High Level Job Security

JOB SECURITY in upper reaches of state government is a question that bothers some of the heads of the state departments.

Elective officials, of course, expect to take their chances every time their name goes before voters at the polls. But many of the men holding top administrative jobs are appointed.

The Civil Service Commission has decided to make a study to find out if there is a need to put some or all—of these appointive jobs under the classified service.

Present regulations call for keeping the top jobs unclassified and not covered by Civil Service.

The philosophy behind this is that men holding these positions would want to do so strictly on the strength of their own ability to perform required duties adequately.

The current suggestion has wide support from both political parties, though not completely from either.

Certain Democratic forces fear that Republicans will dominate the convention.

Some Republicans are not satisfied with the majority representation accorded the GOP under the new delegate plan—because it is not as large as it would be under the existing plan of three delegates from each senate district.

The Civil Service provision in the state constitution reads as follows: "The state civil service shall consist of all positions in the state service except those filled by popular election, heads of departments, members of boards and commissions, employees of courts of record, and officers of the higher educational institutions recognized by the state constitution, all persons in the military and naval forces of the state, and not to exceed two other exempt positions for each elective administrative officer, each department, board and commission."

If these amendments are passed in November, you'll have another opportunity to decide next April whether or not you wish to call for a constitutional convention.

## Roger Babson

### Stocks in Bear Market

Babson Park, Mass.—I have been thinking of this subject for some time, and have about concluded that the feeling was warranted in the last bear market which was off of the best way of answering this question. It will be noted that I have arranged the industry groups according to their percentage of decline.

Among the industries that suffered the least are the shipbuilding and tire and rubber-goods stocks, which declined about 15 percent. Home electric appliance stocks fell 17 percent, department store stocks went off 19 percent.

During the last bear market, the electronics stocks were not popular. There was then no attempt to fire long-range missiles, or to circle the moon with rockets. This is something which has developed during the present bull market, which has been in existence for about ten years.

This electronic and space work created the need to develop a growing population; this should enable this industry to come under the category of relatively small, declining. Stocks of companies owning large tracts of timber lands which supply the basic raw materials for certain synthetic fibers and plastics may also be able to hold their own especially because of their inflation hedge characteristics.

The industry groups which showed up next best included the following:—Soft drinks and canned foods, which declined 20 percent; shoes, down 23 percent; chemicals, publishing and motion picture, down only 25 percent; building materials stocks, down 26 percent; farm machinery off 27 percent; aircraft manufacturing down 28 percent; and industrial machinery stocks down 29 percent. Aircraft manufacturing, however, may fall off more.

Stocks in the auto, sugar refining, brewing, mail order, general chain store, merchandising, and cement groups declined around 30 percent. Paper stocks fell 32 percent. Stocks in the textile and apparel and steel industries declined 30 percent. Radio broadcasting groups declined 37 percent. Meat packing stocks declined 39 percent. Because of their timber land and ore holdings, certain stocks may do better in the bear market. Unless there is massive unemployment, the merchandising and apparel groups also may suffer to a lesser degree than in the last bear market.

My own opinion is that these electronic and space stocks would be listed with those which showed a decline of over 40 percent. I, of course, am in favor of a gradual reduction in armaments. On the other hand, if gradual disarmament comes about, I fear that the electronic and space stocks could severely suffer. In fact, a good many of the other stock groups mentioned above would do well to hold their record of the last bear market.

### Becker Enters Race In Oakland County

Arthur C. Becker of Southfield has announced his candidacy for Republican nomination to the state legislature from Oakland county's fourth district.

The fourth legislative district, presently represented in the house of representatives by Democrat S. James Clarkson, is bounded on the north and south by 14 Mile and 18 Mile roads, on the west by the west county line of Lyon township, and on the east by the cities of Berkley and Oak Park.

Becker is a special deputy sheriff for Oakland county and vice president of a Detroit printing firm.

John A. Titus of Berkley has also announced he will seek the GOP nomination to the house in the August 2 primary.

IT ONLY FEELS LIKE POWER STEERING (Corvair doesn't need it)

Corvair's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feel in the curve of your hands. No power assist is needed in a car that's naturally nimble. See what a fresh engineering approach can do. From handling and parking ease right on, there just isn't anything ordinary or conventional about Corvair. Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat. Its air-cooled rear engine that never needs water, jet and freeze or radiator repairs... and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvair. Just wait till you go low mile.

THE NOVI NEWS—Thursday, June 30, 1960—11

**Hawaiian Block Party is a Success**

By Mrs. George Ames — Greenleaf 4-0830

The Willowbrook Community Association sponsored a Hawaiian block party on Coral Lane last week.

Mr. and Mrs. George Lewis, Mr. and Mrs. Roland Heaton, Mr. and Mrs. Clifford Farrington, Mr. and Mrs. Otto Johnson, Mr. and Mrs. Donald MacDougall, Mr. and Mrs. John Jameson, Mr. and Mrs. Robert McMillan, Mr. and Mrs. David Fried, Mr. and Mrs. Donald Simonson, Mr. and Mrs. Herb Anderson, Mr. and Mrs. Leon Blackburn, Mr. and Mrs. Robert Waugh, Mr. and Mrs. William Smelt, Mr. and Mrs. John Halleck and Mr. and Mrs. Jack Carter were among those who enjoyed dancing to the music of the "Uniques".

Mr. Joseph Ardito of the Willowbrook road is happy to announce the birth of a son, Stephen Anthony, on June 20 at Ford hospital, Detroit. As his birth weight was only three pounds and seven ounces, he is still in an incubator. He is making excellent progress and the Arditos hope to bring him home soon.

The Arditos have two other children, Denise 8 and Michael 5. The grandparents are Mr. and Mrs. Joe Boucke and Mrs. Josephine Ardito, all of Detroit.

The Novi board of commerce sponsored a Canadian cruise Saturday evening. Mr. and Mrs. William Smelt were the only couple from Willowbrook to enjoy the boat trip, dinner at Killarney Castle and the floor show at the Edinboro.

Mr. and Mrs. Heinz Wenger are happy to announce the birth of a daughter, Jill Marie, on June 11 at St. Mary hospital, Livonia. Her birth weight was seven pounds and six ounces. The Wengers have two older children, Cindy, 3, and Mark, 1. Mr. and Mrs. G. E. Decker of Garden City and Paul Wenger of Southfield are the grandparents.

Mr. and Mrs. James Wharton and children, Jimmie, Peter, Susan and John, spent the week end in Washington, D.C. visiting relatives. Jim-

### STATE POLICE SCHOOL

State Police launched a series of bi-monthly classes for area police officers Saturday at the Novi village hall. Saturday's lecturer was Cpl. Matt Irebee (right, seated), of the state police traffic and safety division. Standing L. to R. were: Novi Patrolman Vern Laetter and Roy Hallock, Walled Lake Patrolman Wilford Hoek, Harvey Bruns of White Lake, Novi Constable Leon Dechot and Fred Vetter and Doug Powers of White Lake; seated: Novi Police Chief Leo DeGo, Wixom Police Lieutenant D'Arcy Young, Novi Patrolman Ralph Arbour, Kensington park ranger (his name unidentified), and Cpl. Irebee.

## Deadline for Control Of Lake Weeds Nears

The concentrated drive to collect money for a weed control program in Walled Lake officials reported this week as the deadline for the program neared.  
Started only last week under the sponsorship of the Walled Lake community association, the campaign has a goal of \$8,000.  
Pledges and contributions have come from only Walled Lake shore owners thus far. Harry Ramay, president of the association, said Tuesday night, "About 50 percent of the water from a large area contributed money or pledged financial support," he said. The association had hoped for a 75 percent response.  
Each lake shore property owner is being asked to contribute \$20. Adjacent property owners are asked to donate \$10. Donations from other sources are encouraged.

### Hears Planning Talk

George Zerbel, chairman of the Northville planning commission, spoke to members of the Coordinating Council at its June meeting last week.  
Zerbel explained the work of the commission and used maps to illustrate how community planning is developed.  
He pointed out that the aim of the planning is to protect the desirable characteristics of the community, as well as guide future developments based upon anticipated needs.  
"Decisions of the board must be based upon consideration of the welfare of the community as a whole," Zerbel explained, "even though some individuals may suffer disappointment and inconvenience."  
A representative of the consultant firm of Waring and Johnson works with the city planning commission.

### EXCLUSIVELY FOR VETERANS

Say, Buddy, how about that promise you made to God back in 1917 during the war? You will pardon me for bringing this matter to your attention but that night as your ship was passing through the dark waters where the enemy subs were reported to be lurking, what did you say to God? If He spared your life through that hour of peril or on the front lines, that day when the shells were bursting all about you and it looked like the death might come at any moment — what was that prayer that you silently prayed and made a covenant with the God of Heaven if He would spare your life? Yes, like many, you have forgotten them! He spared you and you promised to become a Christian and live for Him! Look, let's not be dishonest with God. It's not enough to brag your work with men, but it's worse to brag with men with the living God. You were a soldier of courage on the battlefield and you will need some of that courage to stand up for Jesus Christ and tell others that today you will pay your vow by receiving Christ as your personal Savior and you intend to follow Him.

### FIRST BAPTIST CHURCH OF NORTHVILLE

Peter Nieuwkoop, Pastor

### Obituary

#### MRS. BOLLING

Mrs. Maxine Weaver Bolling, a former Northville resident, died unexpectedly at Montclair hospital in Traverse City June 25. Born Northville April 24, 1914, Mrs. Bolling was the daughter of the late Mr. and Mrs. Harry L. Weaver. In 1916 she married George W. Bolling II, of Boling Hill, Peninsula. After her graduation from Greenbrier she was elected National Cherry Queen of Traverse City, where she had lived for several years. Survivors are her husband, George Bolling II, a brother, Robert E. Weaver of Traverse City; and cousins, Mrs. W. L. Holdon of Detroit; Mrs. Harold R. Smith of Grosse Pointe Farms; Mrs. Alton J. Buckley, Mrs. John Burkman and Donald P. Yerkes of Northville. Services were held in Traverse City June 27.

### CONTEST OFFERS HOME, Host of Other Prizes

A \$25,000 home completely equipped with the latest LP-Gas appliances is first prize in a "Living Pleasure" Sweepstakes being sponsored locally by Otwell Heating and Cooling, 14475 Northville road.

### READERS SPEAK: Kids Need Example

To the Editor:  
I always read your column, "Speaking for the Record," but the one or two ago about delinquency in Northville was, I think, most timely and to the point. Anyplace where the youngsters congregate is subject to vandalism, though I do think Northville has been exceedingly fortunate in having so little of it.  
Thanks are of course due to our police force and the many young people who have shown their interest in young people.  
We do, in general, have a good crop of youngsters here — and young men and young women, and young people of today are no freer than when we were young, and different and they have more freedom and therefore more opportunities for getting into mischief than the young people of former generations did; they need more and different guidance and control.  
Most of the difference in the generations lies in the amount and kind of discipline and mostly, the example that is set them at home. If a cop swipes a sandwich from a co-worker's lunch box (just a laugh, of course) or a kid "borrows" something from his neighbor and it is spotted or defaced he pays for it out of his allowance.  
Parents would do well to spend some free time with their young people, that is also free time for the youngsters and that they are free to bring their young friends home.  
Parents can learn a lot more by keeping their mouths shut and their eyes and ears open than they can by demanding, arguing, scolding.

### Parents can learn a lot more by keeping their mouths shut and their eyes and ears open than they can by demanding, arguing, scolding.

The old adage: "Train a child in the way he should go and when he is old he will not depart therefrom," is just as true today as it ever was.  
Sincerely yours,  
Grace S. Miller

### Rev. Marvin Rickert Rotary President

Rev. Marvin Rickert, 52 pastor of Willowbrook community church, has been elected president of the Novi Rotary club.  
He succeeds George Burrows, who recently resigned because of his transfer as manager of the Farmington branch of the National Bank of Detroit to the Livonia branch. Burrows replaced Robert K. Anderson as president.  
Pastor at the Novi church for the past year, Rev. Rickert came here from Beres, Ohio, where he was minister of Christian Education. Previous to that he held a post at Buffalo, New York.  
He is a graduate of North Central college, in his hometown of Yorkville, Illinois, and holds a BD degree from the Yale Divinity School.  
Married, he lives at 24575 Border Hill road.  
Other officers and board members who officially began the new club year this week are:  
Anderson, vice president; George Keynon, secretary; George McCullum, treasurer; Leo Harwood, sergeant at arms; and Robert Redner, William Medlyn and Merrill Diehl.  
The Novi club, member of Rotary International, meets each Thursday noon at Saratoga Farms restaurant on Grand River. Rotary is a world organization of business and professional men who hold an motto: "Service before self."

### Northville Cheerleaders Win Top District Honors

First time competing and winners of a grand championship — that's the story of Northville high school's five-girl cheerleading team which attended Camp All-American at Hartland, Michigan last week. The winners, coached by Miss Pat Dorlan, sixth grade English teacher, are: seniors Rebecca Bailey, daughter of Mr. and Mrs. William Bailey, 118 East Cady; Corrie Bertoni, daughter of Mr. and Mrs. Andrew Bertoni, 4614 8 Mile road; Juniors Linda Deal, daughter of Mr. and Mrs. Dayton Deal, 2616 Spring Wood; Susan Pharo, daughter of Mr. and Mrs. George Lewis, 2402 Willowbrook drive, Novi; and sophomore Vicki Stroh, daughter of Mr. and Mrs. Cleve Stroh, 873 Napier.

### Plans for Weed Control Scrapped as Drive Fails

The weed control program in Walled Lake this month was abandoned last Thursday although close to \$5,000 had been collected or pledged for the project, officials announced.  
"The weed control program had explained that we had to start the program no later than this week — but we still have about \$3,000 of the \$5,000 to collect," Harry Ramay, president of the association, explained.  
The idea will be completely scrapped, Ramay said, and the road right-of-way which feeds the road itself will be widened.  
The road, which will be widened to four lanes at the Ten Mile, Flint and Grand River intersections, is expected to be opened to through traffic by the end of the summer. However, completion of the entire project is scheduled for November.

## Trees Start Falling Along Novi Road

Removal of trees along Novi road in preparation for new road construction was started Tuesday afternoon near the Northville boundary.

According to a spokesman for the tree removal firm, this preliminary work probably will be concluded this week barring inclement weather. In all, approximately 170 trees ranging in size from 6 to 37 inches in diameter, will be removed.  
Although barricades have been erected to detour through traffic, workmen were hampered by a steady stream of cars during the first few hours of work. One motorist attempting to circle a fallen tree ploughed his car into a deep hole. No one was injured.  
Only residents and business personnel should use the route during tree removal and construction, a county official said. Residents of Novi road will be able to gain entrance, but may find it necessary to "walk a block or so" to their homes.  
Although the county has agreed to maintain the two north-south detour routes along Meadowbrook and Taft roads, some residents along these routes have already complained of dust. However, the county has assured village officials that the road will be sealed.  
The confusion of having Novi road closed also has added to the Center street traffic in Northville. And although the cut-off is nearly completed, traffic still will be barred from Novi road, making use of the alternate north and south routes necessary.  
Actual construction of the pavement reportedly will begin immediately after trees are removed. Contract work has been awarded to the O. E. Gooding Contracting company of Saginaw for its bid of \$288,482. Robert O. Felt, chairman of the Oakland county road commission, has explained that the "federal government will pay approximately half of this work cost."  
The road will be completely torn up from Grand River to the Eight Mile cut-off in Northville, Felt said, and its road bed will be widened. Hills will be cut down to improve sight distances and drainage will be improved.  
Plans call for two, 12-foot lanes of concrete roadway — not asphalt — with approximately 40 feet of road right-of-way which includes the road itself.  
The road, which will be widened to four lanes at the Ten Mile, Flint and Grand River intersections, is expected to be opened to through traffic by the end of the summer. However, completion of the entire project is scheduled for November.

### Landfill Case Goes To Court

The court case involving the denial of an application for a landfill by the Munn Contracting company for a landfill northeast of the Novi-Ten Mile road intersection will go underway today before Circuit Judge Frederick C. Zent.  
Councilman Tuesday authorized Village Attorney Howard Bond to defend the village position but to not lose sight of any settlement in the village.  
The proposed landfill property, owned by Hugh Rader, Curt Hall and Virgil Cornwell, is located west of the C&O railroad and the McCreeby dump, and is approximately one-quarter mile north of Novi road. The site includes about seven acres of land.  
Munn Contracting company, which recently filled the landfill south of 10 Mile road east of the C&O railroad and the McCreeby dump, is located west of the C&O railroad and the McCreeby dump, and is approximately one-quarter mile north of Novi road. The site includes about seven acres of land.  
The plan presented at the meeting called for an anticipated ultimate population of 81,000 people. Two other preliminary plans calling for ultimate populations of 60,000 and 100,000 people were considered by the board before it decided to work toward the plan with an 81,000 population.  
The village contains 22 square miles or approximately 26,500 acres. Thus, using the population of 81,000, the density for all village land would be about four persons per acre.  
About one percent of the village, under the plan, will be used for business purposes; about 10 percent for public and semi-public land; approximately seven percent for industrial use; 20-22 percent for streets and roads; and 60-62 percent for residential use.  
The residential percentage means that approximately 12,000 acres of the 20,500 total will be set aside for residential purposes.  
Based upon figures supplied to the board, each dwelling in Novi represents approximately 2.9 persons. Computed with the ultimate population, the residential area would contain about 20,500 dwellings with 1.5 dwellings per acre (or seven persons per acre).  
According to Miklas the next step in the planning board will be to complete the street and thoroughfare plan. Primary board interest here, he explained, will be to provide future connective roads and from current landlocked roads in village subdivisions.  
The affirmation vote by the council in April was based primarily upon the contention of the village attorney and the planning board that to turn down the R-3 request would involve a court suit which more than likely would lead to a reversal of the council's stand.  
These two men contend that the village must provide acreage for a trailer park since the ordinance provides for such a classification. They point to previous Michigan court suits to back up their contentions.  
Later, after learning about the citizens' petition, Edward Buffmyer, son of the owner, said his father was prepared to go to court should the rezoning decision by the council be reversed. However, village officials have since learned unofficially that Buffmyer no longer plans to establish a trailer park on his property.  
Originally, plans called for between 50 to 300 trailers, with two-family dwellings, a Postoffice trailer and a trailer park site in the rear of the property which is bounded by Beck and West roads.  
The November referendum will mark the second time village residents have been asked to settle a zoning dispute. The first time was the November referendum which placed the rezoning of the Nine Mile farm property of Arthur Heald from an agricultural to an industrial classification. The vote was 532-388.

### Everett Bailey Appointed Temporary Policeman

Everett Bailey, 37, of 40839 13 Mile road, has been appointed a temporary Novi policeman until September 6. Bailey, formerly an employee with the Diesel division of GMCo, was assigned to Novi in many phases of police work. Police Chief Leo DeGo said.

TIMBER — Removal of trees along Novi road started Tuesday afternoon and is expected to be completed this week. Above a shovel pulls at a stubborn tree while a bulldozer pushes from the rear.
