

# SPEAKING for the Record

By Bill Sliker

Don't be surprised if the city council decides against building a new city hall on the same site as the present location.

Although this was the recommendation of the citizens' study committee, there has been some inclination by council members to investigate the possibility of selling the city hall land for commercial development.

Advocates of this plan would then build the city hall on city-owned property on South Main street between the Ford plant and the Old Spring.

They argue that the city hall land is too valuable, both in dollars and toward the future development and preservation of the present business district, to retain for municipal use.

Actually, the council has not given any serious consideration to this matter as yet. Last week they received the \$145,000 check for the community building from the school district, which will be earmarked for the city hall building. Now the council is studying possible architects.

Speaking of city halls, Wixom is well underway with its new building. The \$35,000 structure is being built on a 7½-acre site on Pontiac trail just east of Wixom road. It will contain a fire garage, firemen's office and quarters, and offices for the police, clerk, treasurer and mayor.

Sunday several hundred residents and officials from surrounding communities attended a cornerstone laying ceremony officiating the first building project undertaken by the three-year-old city.

A touch of beauty will be added to the new city parking lot behind the First Methodist church.

Planter boxes will be installed at both the Main street and Dunlap street entrances.

The idea was suggested to the council by an alert, but unidentified, citizen who apparently recognizes that the "Beautify Northville" effort is a year-around job.

If the efforts of a handful of merchants prove successful, the community will have another parking lot in the center of the business district, between Northville Realty and Mainville's Drugs.

The plan calls for tearing down the old apartment house currently standing on the lot and paving the entire area for free parking. Merchants will lease the lot on a yearly basis.

Personally, I think the idea is excellent. It will provide our community with badly needed, convenient parking — and also do away with a building which contributes nothing to the appearance or function of the business district.

Thursday, September 29 was truly new model introduction day in the John Mach family, 45841 Byrne drive. For John it was the day that the new 1961 Ford was put on display at his dealership in Northville.

But Mrs. Mach stole the show when she introduced Jane Leigh, a bouncing six pound, 4½-ounce model born at 7:30 a.m. at Annapolis hospital.

"What about Africa and undeveloped nations in general?" "European nations are interested in every part of the world where there are natural resources of minerals, oil, gas, water and sunshine."

"How do Europeans feel about inflation?" "Everyone looks upon inflation as dangerous. It is very harmful for all who have savings in banks, insurance policies or annuities."

"Have any Europeans benefited from inflation?" "Yes, those few who had mortgaged real estate and the gold to reduce their mortgages. Those who held un-mortgaged real estate profited provided they had the gold or its equivalent to pay the taxes."

"In what are careful Europeans now investing?" "In real estate or producing property away from possible Communist seizure. The real estate market is constantly increasing in value."

"What about utilities as investments in Europe?" "The European people think they are safe due to state welfare projects. But I am inclined to believe the U.S. has the highest taxes in the world."

"What about unemployment in Europe?" "With the exception of West Germany, Italy, Switzerland, and one or two other countries there is much unemployment."

"What about wages?" "Both wages and the cost-of-living are low in Europe. Probably Spain has the poorest record."

"Is it safe for American manufacturers and investors to buy stocks of West German, Italian or French corporations?" "Most of these are making money, but it is risky to buy such stocks unless one knows the corporation officers and understands why the officers are selling. There is no 'Dun & Bradstreet' in these countries, no 'Creditors & Exchange Commission'."

"What about the American election in November?" "The feeling is that Kennedy will be elected, although the people with property say they would vote for Nixon. Some believe that if Kennedy is elected, his father will try to back the biggest boom in U.S. history with the Dow Jones Industrial Average going to 300."

"Will Cuba be Communist?" "Yes, but there are many breeds of Communism as there are denominations of Protestantism."

"If Russia attempts to go too far in Latin America will the U.S. enforce the Monroe Doctrine?" "Answer: 'Yes'."

"Does Mr. K truly want a reduction in armaments?" "Yes, because the highest goal in the world is to improve Russia's standard-of-living. To do this, Mr. K must spend less on armaments."

"Could Europe possibly remain neutral in the event of war between Russia and the U.S.?" "Yes, in view of the new weapons which may then be available."

"Are you European people interested in space travel and going to the moon?" "Not so much as you are in America. We have trouble enough on this earth without seeking more."

"What about Africa and undeveloped nations in general?" "European nations are interested in every part of the world where there are natural resources of minerals, oil, gas, water and sunshine."

"How do Europeans feel about inflation?" "Everyone looks upon inflation as dangerous. It is very harmful for all who have savings in banks, insurance policies or annuities."

"Have any Europeans benefited from inflation?" "Yes, those few who had mortgaged real estate and the gold to reduce their mortgages. Those who held un-mortgaged real estate profited provided they had the gold or its equivalent to pay the taxes."

"In what are careful Europeans now investing?" "In real estate or producing property away from possible Communist seizure. The real estate market is constantly increasing in value."

"What about utilities as investments in Europe?" "The European people think they are safe due to state welfare projects. But I am inclined to believe the U.S. has the highest taxes in the world."

### War in 10 Years?

Barcelona, Spain — During the weeks I have been in Europe, I have been asked questions. I have talked with all kinds of people from taxidriers to ambassadors. Let me add that the U.S. Embassy here, which have been very kind and patient with me, as they are with all Americans who call upon them.

"The first question I always ask is: 'Do you expect World War III?' The answer, almost unanimously: 'Yes, but not for ten or twenty years.' Furthermore, most expect that it would be started by China."

"Will it be an atomic war?" Most people replied "Probably"; but some feel that by that time there will be some more defense against atomic bombs.

"Will Cuba be Communist?" "Yes, but there are many breeds of Communism as there are denominations of Protestantism."

"If Russia attempts to go too far in Latin America will the U.S. enforce the Monroe Doctrine?" "Answer: 'Yes'."

"Does Mr. K truly want a reduction in armaments?" "Yes, because the highest goal in the world is to improve Russia's standard-of-living. To do this, Mr. K must spend less on armaments."

## Public Attitude Toward 'Ex-Cons' Studied

THE MICHIGAN PROBATION, Prison and Parole association wants to help inmates of correctional institutions think better of themselves by helping the public to think better of the inmate.

They call it "mobilizing social influences for correctional change." "Social influences" however, is a broad and inclusive term. It could also be subject to a wide variety of interpretations which would be flattering neither to the MPPPA nor inmates in Michigan prisons and other penal institutions.

The idea that MPPPA wants to get across is this: An inmate, or a parolee, or a probationer, is subject to social influences much stronger than the ones which make most of us out the way we do in our normal daily lives. A person who has made a mistake and is in a correctional institution is subject to a wide variety of influences which would be flattering neither to the MPPPA nor inmates in Michigan prisons and other penal institutions.

But even psychological problems have to be treated within the context of society. The aims of the MPPPA would be to have correctional procedures all working toward the same goal, increase society's understanding of the offender and the offender's attitude toward society, and bring groups related to the correctional field in to the integrated effort for a greater degree of rehabilitation.

Local industrial expansion program, building of new manufacturing facilities and a general optimism among business and community leaders in all parts of the state has improved the feeling of outsiders, the Department says.

The Department hopes the optimism — and consequently the improved image — will spread. Necessary ingredients to help the movement catch fire are business confidence, general business stability and pride in Michigan accomplishments in Michigan people.

Interested citizens would like to see a snow-balling, or pyramid, return of confidence in the "economic climate".

Michigan has a much better "image" outside the state than it has enjoyed for a long time, the Department says.

## Club Grows Young While Growing Old

Even the weatherman, as uncooperative as he may sometimes be, served up his autumn best last Friday afternoon when more than 100 members and guests enjoyed the 68th season of the Northville Woman's club at a luncheon in Meadowbrook Country club.

The entire setting was a velvety splash of warm fall colors from the floral centerpieces that accented each room, white clothed table to the season's smartest fashions worn by the women for the occasion.

Mrs. C. E. Woodruff, president, opened the post-luncheon program with a paradoxical observation that although the "venerable organization" was growing older each year, it was actually getting younger "in spirit" as evidenced, she said, by the afternoon's main speaker and his discussion topic.

Mrs. C. E. Woodruff, president, opened the post-luncheon program with a paradoxical observation that although the "venerable organization" was growing older each year, it was actually getting younger "in spirit" as evidenced, she said, by the afternoon's main speaker and his discussion topic.

FOOD FOR THOUGHT followed the regular menu at last Friday afternoon's Women's club luncheon in the Meadowbrook Country club. Engaging in speakers' table conversations are (left to right) Mrs. William Milne, treasurer; Mrs. Nellie Johnson, program chairman; Jack Hamilton, WJR newscaster and guest speaker; and Mrs. C. E. Woodruff, president. Other women at the speakers' table were Mrs. Charles Yahnke, Mrs. George Kols and Mrs. George Welts. The annual luncheon marked the opening of the club's 68th season.

### Double Ring Rite Unites Couple at Novi Methodist

The Novi Methodist church was the scene Saturday of a double ring marriage ceremony uniting Laura Jane Schreiber, daughter of Mr. and Mrs. Fred Schreiber of Taylor, and Larry T. Snider, son of Mr. and Mrs. Virgil Snider, also of Taylor.

The Reverend G. T. Nevin, church pastor, officiated.

Escorted to the altar by her father, the bride wore a blue chiffon gown. She complemented the hat with a length dress with matching accessories and carried a white bouquet of carnations encircling an orchid.

Maid of honor was Kathleen Cook of Novi, the bride's cousin. She wore an orchid chiffon dress with matching accessories and carried pink carnations.

Richard Snider, the groom's brother served as best man. Seating guests were the groom's brothers, Donald and Charles Snider.

Organ music for the ceremony was provided by Mrs. Celia Sharpe.

### DAR to Hear Teacher Talk on Conservation

The Sarah Ann Cochrane chapter of the DAR will meet at 7:30 p.m. on Monday in the home of Mrs. Howard Atwood, 121 High street.

Mrs. Mary Jane Cook of Plymouth junior high school will relate her summer experiences at a conservation camp. Refreshments will follow.

## Newlyweds Will Live in Florida

Charlotte Comiskey, daughter of Mr. and Mrs. Joseph Comiskey of South Lyon, became the bride of Rand J. O'Leary, Saturday, October 8 in St. Mary's Catholic church, Mill-Rose, Winter Park, Florida; Chicago, Illinois; and several Michigan communities, including Novi, New Hudson, South Lyon, Plymouth, Livonia, Milford, Garden City, Detroit, Battle Creek, Lansing, Merritt, Lake City, Cadillac, Midland, Kalamazoo, Williamston, Webberville, Whitmore Lake and Silver Lake.

For her wedding, the bride chose a full-skirted gown of white organza over white embroidered eyelid with long sleeves and a square neckline. Her shoulder length veil was held in place by a pearl accented crown. She carried a bouquet of white spider mums and roses.

Her sister, Anne Comiskey, was the bride's maid of honor. Bridesmaids were Marjorie Comiskey, a sister-in-law, and Margarette Gouin. They wore identical gowns of antique gold chiffon over taffeta with short, full skirts and matching accessories. Bronze and gold mums formed their bouquets.

The groom's best man was his cousin, Donald Williams. Groomsman were David Rix, a cousin of Plymouth, and the bride's brother, David Comiskey. Eugene, Richard and Michael Comiskey, all brothers of the bride, acted as ring bearers.

The bride's mother was attired in a powder blue suit of brocade taffeta with a matching feathered hat and black accessories. Mrs. Luther Rix, the groom's grandmother, wore a flowered chiffon dress with purple accents and matching hat. Both women wore corsages of pink and white rose buds.

Mrs. Ira Waddell sang "On This Day" to close the ceremony.

Some 200 guests attended a reception at the American Legion hall in Millford following the wedding. They came from Pomona, California; Winter Park, Florida; Chicago, Illinois; and several Michigan communities, including Novi, New Hudson, South Lyon, Plymouth, Livonia, Milford, Garden City, Detroit, Battle Creek, Lansing, Merritt, Lake City, Cadillac, Midland, Kalamazoo, Williamston, Webberville, Whitmore Lake and Silver Lake.

The couple's wedding trip will take them to Florida by way of Washington, D.C., where they will visit an aunt and uncle, Mr. and Mrs. Victor Rix. The bride chose a red suit and black accessories for her going away outfit.

Winter Park, Florida will be the home of the new Mr. and Mrs. O'Leary.

KITCHEN DIARY

### Tart Apples Make A Sweet Dessert

Michigan apples are "cheaper by the bushel" again this fall and to help you serve them at their juicy, delicious best Mrs. L. M. Eaton, 365 Easton drive, suggests her recipe for Apple Crisp, a little different because it has an egg in it.

Anticipating the frosty whistle of winter winds, Mrs. Eaton also suggests a hot dessert. She can serve 15 guests with Carnival Dessert, a steaming cherry pudding accented with the flavor of chopped nuts.

APPLE CRISP

Mrs. L. M. Eaton

1 cup flour

1 cup sugar

1 teaspoon baking powder

1/2 teaspoon salt

4 large, tart apples

1 egg

1/2 cup margarine

cinnamon

Peel, core, cut up and place apples in baking dish. Sift together dry ingredients, add unbeaten egg and work together in crumps with fork. Cover the apples with this mixture. Heat margarine to melting point and spoon over top. Sprinkle with cinnamon and bake at 350 degrees until apples are tender and top is golden brown. Serve warm with cream or topped with ice cream.

CARNIVAL DESSERT

1/2 cup shortening

1/2 cup sugar

2 eggs

2 1/2 cups flour

1/2 teaspoon baking powder

1/2 teaspoon salt

1/2 teaspoon salt

1 cup milk

2 1/2 tablespoons corn starch

2 cup cherry juice

1 cup water

1 teaspoon almond flavoring

Mix dry ingredients; blend juice and water to dry ingredients. Cook 10 minutes over moderate heat. Add flavoring. Serve hot.

## DON'T GIVE FIRE A PLACE TO START

Your firemen can do a good job of stopping a fire after it starts. But it's much better all around to stop a fire BEFORE it starts... and this job is strictly up to you!

Check your home for fire hazards, now. Eliminate accumulations of rubbish, old magazines, newspapers, etc. Repair or replace faulty or inadequate wiring. Keep matches out of youngsters' reach. Handle flame with care at all times. Never smoke in bed!

Check your fire insurance coverage for financial hazards now. Make sure it is in line with today's replacement value of your property. Call us today.

don't give FIRE a place to start!

## ANNOUNCING NEW '61 LARK WITH PERFORMABILITY

PERFORMANCE SO EXCITING YOU HAVE TO DRIVE IT TO BELIEVE IT!

New Studebaker system of coordinated engineering advances makes possible all-around performance unknown in compact motoring before. It means:

- A new kind of power. All-new Lark 112 HP Skybolt Six engine delivers phenomenally rapid getaway, instant emergency acceleration at higher speeds.
- New kind of response. New Lark automatic transmission delivers an immediate flow of power from the engine without loss or lag.
- New kind of driving security. New Lark steering and suspension system provides exceptional control and stability. Corner and the wheel returns to straight-ahead by itself... quickly, smoothly, safely.
- And so much else that's new and welcome. Graceful, low-line styling; new luxury, roominess—more than sixty advances in all. This is Performability—exclusive in the '61 Lark. Try it today!

AT LOWER PRICES PLUS 12,000 MILE-12 MONTH WARRANTY

YOU HAVE TO DRIVE IT TO BELIEVE IT - NEW '61 LARK BY STUDEBAKER

GIB BERGSTROM, INC., 200 S. MAIN STREET

Turns Mom, Dad, Kids Into Racers
3 Year-Old "Fad" Hits Northville

TIME OUT - Go-kart enthusiasts George (left) and Vic Miller take time out between races to make some quick repairs. Ability to repair and adjust these small, four-wheeled racers is as important as driving. And with splits aplenty during a race, there's plenty of opportunities to practice mechanics.

HE'S NOT FROM MARS - Wearing what looks like a space helmet, 11-year-old Daley Hill sits snugly in his speedy kart just before roaring off in a race with men three-times his age.

Standing on the bluffs overlooking the Thompson gravel pit, a stranger might scratch his head in wonder over the strange go-kings-on-wheels.

Huge cranes wind up shovels of sand and gravel and large dump trucks scurry in and out of the mammoth excavation.

And in the middle of all this activity, a half-dozen buglike creatures whirl around an irregular blacktop path as a crowd of "foremen" about their instructions.

Take a closer look. Now the picture's clearer, but the stranger is still scratching. Crouched over the steering wheel of tiny four-wheeled contraptions, men, women and children wearing helmets that are right out of space, coast around the track and then at the starter's signal stomp on the accelerator and roar off with wheels screeching.

THEY'RE OFF! - Don Thompson (in striped shirt) waves eight go-kart drivers to a start in an exciting race around a track. This spine tingling sport, which is sweeping the country, has become a popular Sunday afternoon activity at the Thompson gravel pit.

A. R. West, Auto Dealer, Dies Suddenly

A former Salem resident, Mrs. Carrie Heil, 86, died Sunday (October 9) at the Riverview hospital in Windsor. Since leaving Salem 40 years ago she had lived in Windsor. Mrs. Heil is survived by five sisters and a brother, Mrs. Sarah Helmer, Mrs. Mary Huber and Mrs. Mattie Giddings of Plymouth, Mrs. Nellie Egger, Milan; Mrs. Emma Keller, New Boston, and John Meyer of Plymouth. Funeral services were held yesterday from the Caterline Funeral home. The Rev. Peter Nieuwkoop officiated. Burial was at Rural Hill cemetery.

He started in the garage business in Plymouth in 1922 acquiring an International Harvester franchise in 1927 and later entering the automobile business in 1932. He was a member of the Pike Island of Plymouth and served on the Wayne County 4-H board of directors, having been a member of the original board.

He is survived by his wife, and one daughter, Mrs. Robert Dubach of Garden City. Also surviving are six brothers and two sisters. They are: Mrs. Bernice Thomas of Plymouth; Elton West of Flint, A. J. West of Cherry Hill; Mrs. Laetitia West of Wayne; Wilbert, Earl, Stanley and Joseph West, all of Plymouth.

Dr. Wilbert L. Van Sickle, former resident physician at Sessions hospital and a Northville resident, died Sunday at Receiving hospital in Detroit.

Dr. Van Sickle, 58, was born October 26, 1901 in Fairbury, Nebraska, and had been residing at Eastwood Reshavan on High street.

He had been in failing health for several years. A son, Gilbert, and his family survive him in Novi.

Following graduation from the University of Michigan Medical school in 1925, Dr. Van Sickle entered private practice for eight months. His remaining work was done in institutions.

Services were conducted yesterday from the Caterline Funeral home with the Reverend Arnold Cook, Novi Baptist church, officiating. Graveyard services were held this morning (Thursday) at Flake cemetery in Barryton.

# Sally Bell Bakery

123 EAST MAIN — NORTHVILLE MI-9-3262

## Gamble's, Sally Bell Show off New Face

THE GLEAMING new store fronts (above) on Stone's Gamble store, 117 East Main, and Sally Bell Bakery, 123 East Main, is a marked change and contributes to a better appearance for Northville's Main street business district. Both store exteriors were remodeled at the same time and feature modern aluminum trim with spacious window display area. Friday and Saturday the two stores are celebrating their new fronts with a special sale.

INSIDE improvements (at right) were also made at Stone's Gamble store. Better use of floor space was made with new display arrangement and the inside was completely redecorated. The rear section of the store has been "opened up" to provide a home improvement section and the office moved under the stairway to the second floor toy department, thereby gaining floor space.

### Congratulations

ROY STONE, Owner of Stone's Gamble Store, and JIM SPAGNUOLO, Owner of the Sally Bell Bakery Building, upon completion of your new facilities.

WE ARE PROUD . . . to have been selected to design and install your new store fronts. Materials by Kawner Co. of Niles, Michigan

A SPECIALIST at creating beautifully decorated wedding and birthday cakes, Sally Bell Bakery Owner Harold Scarf now has modern display windows to display his handwork. He's shown here in his bakery putting the finishing touches on cakes that will help give someone a "happy birthday". The new Sally Bell front features two extending "box" windows especially designed for displaying an array of baked goods.

## from the PASTOR'S STUDY

The Rev. Peter Nieuwkoop, Pastor  
First Baptist Church, Northville

THE NAME OF GOD IS HOLY  
The third commandment reads: "Thou shalt  
not take the name of the Lord thy God in vain;  
for the Lord will not hold him guiltless that taketh  
His name in vain."  
The light which so many take of this com-  
mandment is so vividly displayed by columnist  
Line Rob in an article entitled "She is Scandalized  
By Our Language."  
"The soap industry of America has just re-  
ceived a stable order from me for thousands of pretty  
pink pellets approximately the size and shape of  
bombs. From now on, I plan to carry a supply of  
these in my pockets for distribution to any Ameri-  
can who is unable to make even a simple, declara-  
tory sentence without blasphemy. In no other civi-  
lized nation is blasphemy part and parcel of the  
everyday speech of men, women, and even chil-  
dren. But we Americans are obviously unable to  
open our mouths without taking in vain the name  
of God and of His Son. It extends through every  
segment of our society to such an extent that it is  
impossible today, from the general conversational  
tone and content, to distinguish the drawing room  
from the dockside.  
"Taxi drivers are notoriously short of temper  
and tough of tongue. But today any Ivy League  
senior can give him cards, spades, Big and Little  
Casino, and still beat him at the kind of language  
that was once associated with a logging camp. I  
had two experiences within 60 minutes just a day  
ago that convinced me that foul language is so  
much a part of the American scene that few peo-  
ple are even aware of the blasphemous tirade it  
has made or the abysmal moral tone it gives us.  
"The driver of a cab in which I was riding  
became so enraged at another driver that he leaped  
out of the cab, spat at the other man and loosed  
a stream of language that sent me, as soon as pos-  
sible, to wash out my ears with soap. When I de-  
manded that he apologize immediately, the driver  
was more amazed than offended. " . . . lady," he  
protested, "no one else objects to my language." He  
was so surprised by my reaction that he apologized  
without protest.  
"Less than an hour later, at a party in a  
beautiful home, attended by the flower and chil-  
dren of New York, I heard casual conversation that  
made the taxi driver's outburst seem rather pallid.  
An old-time fishwife would have blushed at the  
continuous references to the kennel coupled with  
appeals to the Almighty."

## World War I Veterans Wake Up!

During the year 1949, a group of World War I Veterans (12  
in all) held a succession of meetings in the Cleveland, Ohio, area  
in an attempt to start a new organization composed exclusively  
of men who served in the first World War.  
Probably not one of the Veterans who attended the meeting  
in October, 1949, could have envisioned the forceful, fighting  
group that has sprung from that humble beginning in the past  
11 years.  
Today the Veterans of World War I of the U.S.A. number  
some 200,000 members, with 44 Departments and over 2,100  
Barracks in every State of the Union. In addition, there are units  
in the far flung Philippine Islands, France, Ireland and Alaska.  
The newly-organized group stated emphatically that it was  
not their purpose to be antagonistic to any other Veterans society.  
As a matter of fact, they outlined fully their determination to  
work in accord with other groups.  
Under the great National Commander Lew Brake, the Veter-  
ans of World War I were granted a National Charter by the  
United States Congress, thus placing the organization on a par  
with the other great Veterans' organizations of the United States.  
Legislative Program:  
First on the legislative program is a bill to grant a pension  
of at least \$100.00 per month to all honorably discharged veter-  
ans of World War I.  
The average World War I Veteran is 67 years of age and  
many thousands of these men find it extremely difficult to secure  
and hold down any kind of a position which will provide for  
them a living wage. They are in desperate need now and this is  
the time that a grateful government should come to their assist-  
ance.  
Any World War I Veteran living in the Plymouth, Northville,  
Walled Lake, South Lyon or Livonia area who will drop a card to  
Commander Herb Treadwell, 709 Harding St., Plymouth, or to  
Quartermaster Al Brocklehurst, 657 Wing St., Plymouth, will  
receive a brochure giving full details on the World War I organiza-  
tion.  
THIS GROUP MEETS THE FIRST SUNDAY OF EVERY MONTH  
AT THE VETERANS' MEMORIAL BUILDING LOCATED AT 173  
N. MAIN ST., PLYMOUTH, DINNER AT 2:00 P.M. FOLLOWING  
BY MEETING. . . SEND FOR YOUR BROCHURE NOW. . .  
A phone call to Ed Hanson, 122 West Main, Northville, Fieldbrook  
9-2260 -- will bring you quick information.

## OUT OF THE PAST

ONE YEAR AGO . . .

Young Door plant facilities, lo-  
cated at 4230 Grand River, have  
been sold to the Michigan Midway  
Movies of Detroit, Young Door  
President Robert Young revealed this  
week.

Foundations for 19 new barns  
at Northville Downs' track site have  
been installed as the first stage of a  
proposed five-year \$2 million im-  
provement program. Some 300  
stalls will be built.

Northville township and Wayne  
county health authorities resumed a  
family chore as notices of viola-  
tions of the state trailer and housing  
laws, as well as the building code,  
were served on residents of the  
Gerald avenue area.

City and township officials of  
Northville have finally come face-  
to-face with a situation that may  
trigger a change in the community  
recreation program.

Tuesday night the township board  
will hear the story revealed last  
week before city council members  
by Recreation Director Stan John-  
son. The recreation department is  
low on funds and needs \$1,500 to com-  
plete its winter and spring program.  
Northville scored another strike  
on the gridiron Friday after losing  
the opener two weeks ago.

The Mustangs bowled over the  
Broncos at Holy 27 to post their  
first win of the season and the  
2nd league victory in a row.

FIVE YEARS AGO . . .

The Northville fish hatchery  
has ceased to function as a rearing  
place for large bass, bluegills  
and trout. Most of its ponds are  
dry, or its fish have been given  
away or recently destroyed by pol-  
lution in the river, and the spring  
which has been providing water for  
the rearing of fingerling minnows  
for 85 years is so low that it poses  
a serious threat to future operation.  
Northville township officials in-  
structed Township Attorney James  
E. Little last week to look for some  
legal grounds that can be used to  
improve the Gerald avenue section.  
Northville city commissioners

## Novi Man Heads 'Vote' Campaign

Robert Rosenbloom, Standard oil  
dealer at 2310 Grand River, Farm-  
ington, has been named chairman  
of the Standard oil dealers' "Get  
Out the Vote" campaign in this area.  
As a member of the Dealers' Ad-  
visory Council Rosenbloom will sup-  
port the second vote campaign of  
this organization. A similar project  
was conducted in 1959.  
Standard dealers will pass out lit-  
ter bags, napkins and balloons with  
vote messages imprinted on them to  
their friends and customers. Some  
Standard dealers will have driveway  
displays and will paint windows to  
encourage motorists to vote. Other  
promotions of advertising will be  
used to challenge and encourage  
voters to go to the polls November 8.  
Rosenbloom, lives at 35088 Burton,  
Novi, has been a Standard dealer for  
15 years and has been active in com-  
petition in the State and National  
Biller Ringer program.  
Watercross Flower Girl 38833 was  
selected by the Michigan State Bell  
Ringer Judging committee as the  
Michigan Reserve State Bell Ringer  
Heifer Calf for 1960.  
In order to become eligible for  
competition in the state contest,  
animals must have won first or sec-  
ond blue ribbon awards in their age  
classification at the Brown Swiss  
Canion show held in their area.  
As Michigan Reserve State Bell  
Ringer Heifer Calf, the Porath ani-  
mal is now eligible for competition  
in the Eastern District contest.

## Insurance Can be Risky

(Note: This is one in a series of  
articles by Paul L. Adams, state  
attorney general, concerning  
frauds affecting the consumers  
of this state.)

Insurance policies purchased  
through the mail on the basis of high  
pressure bait advertising can mean  
a double disaster.

The first disaster -- death, an ac-  
cident or fire, causes the individual  
to seek to collect on his policy.  
The second disaster occurs when  
he discovers that he doesn't have  
the kind of insurance he thought he  
had, or that the policy doesn't cover  
what it was supposed to cover.  
Such a company often uses color-  
ful high pressure double talking ad-  
vertisements sent through the mail.  
Another gimmick is that the fly-by-  
night concern will use a name very  
similar to that of some reputable  
nationally known insurance com-  
pany.

If the insurance firm is a Michi-  
gan concern, or if it is from another  
state but licensed to do business  
here, the complaint can be handled  
by the Michigan Department of In-  
surance. But if the insurance com-  
pany is from another state and is  
not licensed in Michigan, the unfor-  
tunate buyer is generally out of luck.  
The moral of this report should be  
clear. The first step in buying in-  
surance is to deal with a reliable  
insurance man in your community.  
Be sure you are sure that the  
company from whom you purchase  
insurance is licensed with the Michi-  
gan Department of Insurance. This  
way you can help make sure that  
disaster doesn't strike twice.

## Notice of Public Hearing

TIME: Tuesday, November 1, 1960 - 8 P.M.  
PLACE: Northville City Hall

The Planning Commission for the City of Northville has, on its  
own motion, decided to consider the rezoning of the following de-  
scribed property from an R-1, One Family Residential District to an  
R-3 Multiple Dwelling District classification.

Lots 341, 342, 343 and 344 of Assessor's Northville Plat No. 4.  
These lots are on the south side of Fairbrook and west of Rural  
Hill drive.

Please take notice that a Public Hearing will be held on the  
above described proposed zoning change at the time and place  
specified above.

This notice given pursuant to the provisions of Section 4, Act  
207 of the Public Acts of Michigan for 1921, as amended.

George Zerbel  
Chairman, Planning Commission

## Northville Brown Swiss Wins Honors

The National Brown Swiss Cattle  
Breeders' Association of Beloit, Wis-  
consin, releases information to the  
effect that a Brown Swiss animal  
owned by Edward W. Porath, Water-  
cross Farm, Northville, has just  
been selected for special recognition  
in the State and National Biller Ringer  
program.  
Watercross Flower Girl 38833 was  
selected by the Michigan State Bell  
Ringer Judging committee as the  
Michigan Reserve State Bell Ringer  
Heifer Calf for 1960.  
In order to become eligible for  
competition in the state contest,  
animals must have won first or sec-  
ond blue ribbon awards in their age  
classification at the Brown Swiss  
Canion show held in their area.  
As Michigan Reserve State Bell  
Ringer Heifer Calf, the Porath ani-  
mal is now eligible for competition  
in the Eastern District contest.

## Win Cash Prizes EACH WEEK

IT'S EASY . . . IT'S FUN  
ANYONE CAN WIN--NOTHING TO BUY

**\$10. FIRST PRIZE**      **\$5. SECOND PRIZE**

HERE'S ALL YOU DO . . .

In each of the 16 spaces provided below place a circle  
around the team you believe will win. Be sure to pick a  
winner in all 16 games. Note that in one game it is nec-  
essary to pick the probable score. This will be used only  
in case a tie occurs and then the contestant whose score  
is closest to the actual score will be declared the winner.  
Enter just once a week, but you may enter as many  
times as you desire. In case of tie, prize money will be  
split.

Be sure to write your name, address and phone number  
plainly in the space provided. Free entries are available  
at The Northville Record office.  
Entries must be postmarked or brought into the Record  
office no later than 5 p.m. each Friday.  
Employees of the Northville Record - Novi News or  
sponsoring merchants are not eligible.

# Mustangs Host Lakers in 'Do-or-Die' Battle Friday

## Crush Milford 32-0

Milford's young coach, Jerry Gantzel, admittedly had his eyes set "pretty high" last Friday but still he had some optimistic dreams of duplicating Holly's recent upset victory over defending champion Northville.

As it turned out, however, his dream lasted only one quarter and then quickly fizzled as the Mustangs dropped for five touchdowns to push the last-place Redskins deeper into the Wayne-Caledonia league cellar.

Northville's easy 32-0 romp at Milford was actually a practice session for the Mustangs, who tuned up for tomorrow's do-or-die battle with first place West Bloomfield.

14 — THE NOVI NEWS  
Thursday, October 13, 1960

"We'll be higher than a kite — you can be sure of that. We've been waiting for this game for a year."

That's the promise from the West Bloomfield Lakers who will carry their league lead to Northville tomorrow in what has been labeled the "Wayne-Oakland game of the year."

This dramatic contest between the league-leading Lakers and the defending champion Mustangs has all the earmarks of being a real thriller — the kind of game not recommended for those with weak hearts.

Trotter's kick was wide of the uprights.

Judy flipped two more passes to Tom Swis, halfback, in the closing minutes of the third period. The latter, an eight yard shot, was good for another touchdown. Trotter added the extra point.

The Mustang's final touchdown came in the final period, as Coach Howard Art Paddy is anxious to beat Northville and avenge last year's humiliating 26-0 defeat. And for the tally, Trotter's kick was wide.

West Bloomfield, pre-season favorite to wrestle the title from the Mustangs, has won all three of its games this season, while Northville has tucked two victories under its belt since losing the opener to Holly.

Neither team will be a "shut-out" tomorrow, although most prognosticators give the Lakers an edge — even though it will be Northville's homecoming.

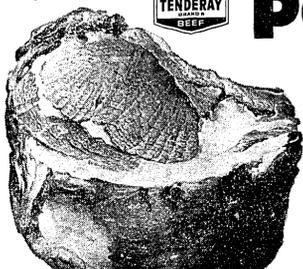

Both teams have a lot to lose tomorrow.

— West Bloomfield could slide into a first place tie — and possibly end the season in second place, not to mention "losing face" as it did in last year's upsetting defeat at the hands of Northville.

— A Northville defeat very likely would mean the end of a four-year championship — and it might even mean a third or fourth place finish, and it would be especially hard to swallow here before an anticipated capacity crowd.

— Like his players, West Bloomfield's Coach Art Paddy is anxious to beat Northville and avenge last year's humiliating 26-0 defeat. And for the tally, Trotter's kick was wide.

Team	W	L	T
West Bloomfield	3	0	0
NORTHVILLE	2	0	0
Holly	2	1	0
Bloomfield Hills	2	1	0
Clarkston	1	1	1
Brighton	1	2	0
Clarencenville	0	2	1
Milford	0	3	0

HER MAJESTY AND COURT — Northville high school students will vote today to determine who will reign during tomorrow's homecoming game here with West Bloomfield. Students did not know who has been elected homecoming queen until tomorrow afternoon at a pep rally at the school. Highlighting the homecoming festivities Friday will be the halftime ceremony in which the 1959 queen, Barbara Kruger, will crown her successor. The queen will be escorted to the dance by the high school mayor. One of the three pretty seniors (standing above) will be elected queen. They are: (left to right) Linda McKinnery, Sharon Hensch and Yvonne Schlegel. The two girls not elected will parade with the queen as senior class representatives. The three girls (seated, l. to r.), Sharon Soubliere, sophomore; Dawn McCullum, freshman; and Linda Lepper, junior, will represent their classes and become the queen's court.

# 'Junior' Gridders Down Dublin, 7-0

Northville junior high gridders were downed by Dublin 7-0 in a game yesterday by nipping a tough Dublin eleven last week 7-0.

Meanwhile, the Novi junior high squad — still searching for its first victory of the season — will take on Dublin this afternoon on the latter's gridiron. Game time is 4:15.

Both teams face plenty of action next week, with Northville playing host to Riley Wednesday at Ford field (game time 4 p.m. on Wednesday) and Novi hosting Emmanuel Thursday.

Thursday Tuesday, Northville could claim a clean slate with two victories: 20-0 over Novi and 7-0 over Dublin. Novi's lone loss was to Northville in the opener.

Novi Coach Gail Perkins stepped up team practice this week in hopes of improving Novi's defense. "We were particularly weak on defense against Northville," the coach said, "but we're working hard at that right now."

Coach Bob Prom of Northville, pleased with his squad's performance through the first two games, plans plenty of rigorous practice for his players as well.

Last week Quarterback John Mach flipped a touchdown pass to End John Calahan in the first quarter for Northville's lone touchdown —

### Trojan Runners Nip Mustangs, 27-28

Two Northville runners swept first and second place in a cross-country meet with Clarencenville here Friday, but the Trojans claimed the victory in the runner-up positions.

The score was 27-28.

Northville finishers and their positions were:

Phil Jerome, first; Ivan Ely, second; Howard Sherman, sixth; Mike Adams, ninth; and Mike Daleo, tenth.

### Rice Takes Spotlight

## Colts, Barons Dual to 0-0 Tie

A 150-pound Northville freshman from Novi stole the thunder from opposing Bloomfield Hills gridders last week as the Colts tied Bloomfield to a 0-0 tie.

Ron Rice, who played junior high football under Novi Coach Carl Perkins for two years, was by far the most outstanding player on either team last week Tuesday — even though neither team produced more than one real threat.

Fourteen-year-old Rice easily picked up about 75 percent of Northville's tackles, was outstanding in the backfield, and pulled in two Bloomfield passes.

One of his interceptions, a 69-yard gallop carried Northville to within Bloomfield's 10 late in the second quarter. The threat fizzled after two plays, however, as the first half ended.

Bloomfield drove to the 20 and was knocking on the Colt's goal line when the game ended.

# STOP at NOVI INN COCKTAIL LOUNGE

# Adults Show Youngsters They Know Their Football

Honors in the first two of the weekly football contests were won by a quartet of 13-year-olds.

That all ended last week as older hands took over.

In a week marked by startling upsets, Dr. W. L. Howard, director of Maybury sanatorium, submitted one of the best entries of the year. He missed only two games, accurately predicting the downfall of Purdue, Illinois, Michigan State, Northwestern — to name a few of the most frequently missed.

Close behind Dr. Howard was A. F. Fusch, Sr., of 18383 Northville road, a retired father of five who once played football himself. They won \$10 and \$5, respectively.

Funkh missed only three games and edged Kenneth E. Goyt of 41118 McPherson, who also missed three, but wasn't as close as Funkh in predicting the final score of Lions-49ers game.

Other contestants who came close with only four wrong games were: A. E. Forth, Philip E. Kearney, Otto Regentik, H. W. White, Raymond E. Olson and Norm Pengakis.

### 16 Hunters Won't Show For Opener

Sixteen hunters will be missing from this fall's small and big game season in Michigan. Those may be others but the absence of these 16 is a sad certainty. They were killed by hunting accidents last year.

Another 270 hunters who may take to the woods, fields and marshes owe their return to luck. They were wounded during the 1959 season. "Luck" is the best word to describe that split-second, paper-thin difference between a fatality and non-fatality.

This is not to say that hunting is a deadly sport as often pictured by bold, sweating headlines during the hunting seasons. Insurance statistics show that, nation-wide, hunting rates 17th in terms of accidents per 100,000 participants.

More than 1,000,000 hunters were afield during Michigan's 1959-60 seasons. There was one fatal accident per 7,170 hunters and one non-fatal per 7,474. Although the rate of injuries was up somewhat from 1958, it has been decreasing generally in recent years.

Here is the whole point: There is always room for improvement. The road to improvement is straight and narrow, flushed on either side by carelessness which leads to most, if not all, accidents.

# SPEAKING for the Record

Officials of the city and township of Northville learned this week exactly how much it will cost if their communities are to participate in the Wayne county plan to expand the interceptor sewer facilities.

As most residents of the area know, the state health department has slapped a ban on building that requires new sewer facilities until the county adopts a definite plan for relieving the present interceptor sewer.

The county department of public works has come up with a \$17,154,484 plan — the cost of which will be shared by the benefiting communities based upon their population and contribution already made to the present interceptor sewer.

Specifically, the city share is \$173,995.48. The township share is \$162,974.41.

These totals are some \$50,000 higher than original estimates. But county officials explain that the old plan would have incorporated partial revenue financing from the system, thereby raising sewer rates. This way, the actual cost is the same because sewer rates will not be increased.

If this explanation has been interpreted correctly, it's of little satisfaction to township residents, who would not be affected by sewer charges — at least until they get sewers.

At any rate, under the county proposal the program would be financed over 40 years with no payment the first year. The next four years the township would be expected to make interest payments totaling \$10,250 annually and the city \$10,530.

Beginning the sixth year the payments would total \$12,000 annually including interest and principle.

Naturally, the county is pressing hard to have the plan accepted. All new subdivision building is at a standstill in Wayne county until it is approved.

It's pretty much of a foregone conclusion that the city will come up with a means of financing — probably through a fee for new sewer tap-ins — to go along with the project. Sewer capacity is, of course, imperative to complete city development.

The plan is a hot issue in the township, however. And I would suspect that the township board has little to do but to turn the matter down on the proposal, if the reaction of the citizens at the public hearing on the matter is to be considered.

With 100 residents jammed into the township hall, only a half-dozen raised their hands in favor of the county plan.

So what are the consequences?

DWP Administrator George R. Bingham described the plan as a "now or never deal" this week. Profoundly hopeful that the county will go along with the project, Bingham nevertheless stated that there would be no pressure to force the assessment.

"If Northville township is determined to remain as it is, it's alright with the county," he said. Apparently, then, this removes the threat of county enforcement of the plan. Township officials had informed residents that this was a possibility.

The majority of the residents at the public hearing on the sewer proposal expressed these views:

— for several years payments for sewers (approximately \$2 to \$5 annually per household) have been made without benefit of sewer service;

— until lateral sewers are installed within the township few residents can benefit from the interceptor;

— septic fields already installed are satisfactory;

— the \$30 taps allocated under the present interceptor are enough for the township;

— taxes are already too high.

The new sewer plan would give the township the right to have \$1,200 taps on the Middle Rouge interceptor system.

County officials and some residents (apparently a minority) believe it would not be good business for the township to pass up this allocation.

They argue that this would stifle subdivision development in the township and possibly tempt land owners, eager to sell parcels for development, to seek annexation to bordering municipalities with sewer allocation to spare.

Bingham points out that the county plan is designed to make the program as painless as possible. He believes that there is already pressure for development in the township and that both water and sewers will be available to satisfy this development within five years — when the principle payments are due.

Presumably, Bingham believes that tapping fees applied to this new development could help offset the cost to a great extent.

As the proposition now stands, however, it's unlikely that the township will have a change of heart.

It's difficult to predict what influence this decision will have on the future of the township. Some local officials believe that when the time comes that sewers are needed they will be available despite the county's "now or never" ultimatum.

I would hope they have not guessed wrong in their appraisal. While the position of the people is completely understandable, I cannot help but consider the many areas crying for sewer facilities — ready to pay almost any price — and wonder if this could happen in Northville.

## Michigan Mirror Traffic Deaths Up

THERE WILL PROBABLY BE more people killed on Michigan highways in 1950 than there were in 1949, State Police reports. Provisional figures for the first nine months of the year indicate 3 percent to 5 percent more fatalities will have been recorded by the end of this year than occurred last year. Reasons for the increase are hard to find.

Speaking to some 100 fire marshals and inspectors at the conference, Luck said homeowners should be urged to have their houses inspected for fire hazards. Get all people out of the house; close all the doors and windows; get out of the house and stay out, and stand by to give necessary information to the firemen. This information could include layout of the house, whether there is an oil tank or similar item in the house, and where to find power cut-offs for electricity and gas.

But deaths which occurred through the end of September numbered 1,072. The figure was expected to go even higher with reports of delayed fatalities. It was already 3 percent higher than last year. With forty total fatalities in the area will go along with the project, Bingham nevertheless stated that there would be no pressure to force the assessment.

VACATION TRAVEL in Michigan — if it gets a boost from fall travelers — could reach the volume attained last year. The Michigan Tourist Council said inquiries through August were about 10 percent below the same period in 1949. Inquiries during September ran about the same as in September, 1949, however, indicating interest in Autumn travel is still high.

Robert J. Furlong, the Council's executive director, said "from all indications" the summer tourist season was slightly below last year. He said an upswing in travel during July and August plus high expectations for fall and winter travel offset some of the early season lag, which he attributed to cool weather. Favorable autumn weather could bring the dollar volume of the tourist business near the \$600 million spent last year, Furlong said.

PEOPLE WHO LIVE in glass houses don't have to worry about fires. For those who live in conventional structures of wood and other combustible materials, however, the Michigan Fire Inspectors Society has a warning: Don't panic. That is, don't panic if your house is afire. Call the fire department and give full information about the blaze.

William J. Luck, of Coldwater, was general chairman of the Fire Inspectors 11th annual conference at Michigan State university recently. He told the story about a housewife who called the fire department and screamed into the telephone: "My back room is on fire." "Where is it?" asked the dispatcher at the fire department. "Behind the kitchen," the woman said, and hung up. Luck said the episode actually happened in Michigan, and similar occurrences are not rare in this and other states.

Luck used the story to point out the necessity for directing firemen to the fire so they can perform their duties. He warned that when a blaze is in the hands of firemen, the house, in effect, belongs to them. The homeowner can, however, give some helpful assistance if he can remain calm enough to do so. Besides making sure the firemen can find the blaze, other things may be done to help them, Luck said.

## Roger Babson Strong China Holding Russia Down

Barcelona, Spain — By the news from America, I judge that the United Nations has been the chief topic of discussion. Among those who have traveled about this world most of the time of this world organization, it is a seed which we all should nurture and help to grow and bloom even though this may take as long as it would an oak tree. If it has accomplished little as yet, it has served as a center at which the representatives of many nations can meet and talk. This itself is a great step forward; but in addition it has set up committees with appropriations which are doing difficult work to improve the health, social and economic conditions of the world. Hence, without any necessary delay, these committees are doing their best to eliminate economic causes of war. Considering that the U.S. refused to join the old League of Nations, we have made a great step forward.

It is good to have the headquarters in New York City and have the meeting now attended by the actual heads of the world's great governments. To have these men meet and talk with one another must result in some good, and at least delay World War III. We know that Russia is against us; but a majority of the total membership is with us. The great difficulty is China, with her 600,000,000 people. China's position now is unpredictable. She claims to be against us, but she may be preventing Russia from taking any fatal step, when China gets enough atom bombs, she will attack Russia via her "back door." If Russia should attack Germany and our allies from her "front door," of course, if it were not for Chiang Kai-Shek and Formosa, it would probably be better to have Red China a member of the United Nations; but we must hold Formosa at all costs.

From my experiences traveling about the world, it seems as if the United Nations should work for one of the international languages, such as "Esperanto." This, however, is in the far-distant future and may require World War III to bring about. An international currency could be instituted at any time. Such a currency would greatly help foreign trade and benefit every country. This United Nations money would have to be based upon a gold standard, but each nation could continue to have its own rate of exchange based upon its financial stability. Rate of exchange would be determined by the demand for and the supply of each nation's own currency. This means that it would take more French francs to buy this United Nations money than it would take German marks or English pounds.

Such a situation could work toward world equalization of social and economic conditions. Without any international legislation by treaty, or otherwise, this could gradually result in more universal welfare legislation, wage standards and various other changes which must come about before world peace is attained.

For instance, Russia, Germany, China and the United States could continue to compete; but "high" with economic weapons rather than with military weapons. Either this will happen or else World War III will result in a one-world dictator who will force such equalizations. I wish the United Nations would start a study of such an international currency.

In conclusion, I must remind readers that even the missile will not be the last development in military weapons. The next step is an accurate anti-missile which can defend a nation against accurate missile attack. The fact that this has not yet been invented may deter any nation from starting a conflict. Their missiles may be used containing concentrated poison gas or destructive biological bacteria instead of nuclear bombs.

The gossip which I hear over here is that the scientists are working on a ray with an invisible source which could be used to "read or black out" the minds of world leaders. This machine would be undetectable by police or other detectors and the source of it could not be found before or after using. In fact, I am told that these killing mental rays would pass through walls of buildings as do radio or TV waves today.

## Dogs Attack, Kill Pony, Pigs On Novi Farm

An eight-month-old pony — the per of two young Novi children — was attacked and killed this week by a "pack" of vicious dogs. The animal was found dead and partly eaten Monday, less than 24 hours after two pigs were destroyed, on a farm near Novi. John W. Chisholm, 29470 Meadbrook road (corner of 13 Mile road).

According to Mrs. Chisholm, who kept her children inside the house Tuesday for fear that they might be attacked, a "pack of wild dogs" invaded the barn Monday while the family was away and killed the pony which was tied up inside.

Just a day before, she said, two pigs were attacked and so "terribly mutilated" that they had to be destroyed.

The pony, a shetland worth approximately \$120, was the pet of her children, Cindy, 4, and Steven, 2. "But no amount of money could replace him," she said. "The children loved him. His name was 'Stuntie!'"

Although the county animal welfare director, Dr. Frank H. Bates, stated that the animals were probably killed by one or both of the Chisholms' dogs, Mrs. Chisholm declared she was certain it was not done by her dogs but by a pack of dogs seen in the vicinity during the past several weeks.

Dr. Bates reported after his investigation that he found blood on the Chisholms' dogs. However, Mrs. Chisholm contended that her dogs probably had contact with the blood after the pony was killed. The Chisholms own two large dogs.

"Our dogs knew the pony," she said, "and I'm sure they wouldn't do it. If we thought they would, we'd destroy them."

"It's those other dogs," she insisted. "At night they come over by that swamp after something. They're all around here."

Mrs. Chisholm said her husband discovered the badly mutilated pig after going to the barn to investigate a commotion. At her husband's approach, she said, two strange dogs, one black and white and the other part collie, ran from the barn. Later, she said, she shot at one of them.

Her husband had tied the pony to a manger inside the barn, shortly before the family left the farm on business Monday, she said. They discovered the dead pony after returning. His hind-quarters were partly eaten away.

A donkey, also owned by the Chisholms, was in another barn and was not harmed.

Police Chief Lee BeGole said the attack was the first he has heard of since dogs attacked and killed more than two dozen chickens and turkeys near Novi and 10 hills roads last year.

Police Chief Lee BeGole said the attack was the first he has heard of since dogs attacked and killed more than two dozen chickens and turkeys near Novi and 10 hills roads last year.

## Nimrods Barred from 13 Areas New Ordinance Limits Hunting

The hunt for old Cock Pheasant started today, but if the clever Ringneck is as witty as most hunters profess, he'll be hiding in some 13 newly "protected" Novi subdivisions.

Spurred to action by reports of dangerous hunting tactics in past seasons, the village council Monday night passed an emergency ordinance prohibiting hunting in the following subdivisions:

Willowbrook Estates, Willowbrook Estates 2, Willowbrook Estates 3, Conemaugh Hills, Conemaugh Hills 1, Echo Valley Estates, Orchard Hills, Novi Heights, Novi Heights 2 and 3, Summit Hills and Grey's subdivision.

The ordinance which becomes effective today outlaws hunting of all animals within the boundaries of these subdivisions.

It also provides that no hunting will be permitted within 300 feet of any subdivision. Signs are posted by the owner or lessee of the property.

Persons violating the ordinance are subject to a maximum fine of \$100 or a jail sentence of 90 days or both.

Council members decided to adopt the ordinance upon the recommendation earlier this month of Police Chief Lee BeGole, who explained that it was becoming too dangerous for our citizens to permit hunting in heavily populated areas of Novi.

Interest in Mrs. Chambers' loan and the "change from the loan" is not due until next year.

According to the mayor, the council favored the addition to original plans because (1) more roads were needed to accommodate department of public works offices and storage and (2) the cost per square foot of the addition was only about half of the cost of the basic building.

This addition, Brooks said, is approximately 34x18 feet in diameter. It adjoins and is part of the concrete abutment which was located on the property when the city purchased the site. Part of it will be used for a conference room, part for a DPW office, and part for storage of DPW equipment.

The remainder of the building (100x30) includes: fire garage, fire office, firemen's quarters and offices for the fire chief, treasurer and mayor. The council chambers will be used by the city judge as a court room.

Monies for the \$17,000 addition will be provided from the current budget in this manner: \$5,000 will be "borrowed" from the road paving fund, and a total of \$12,000 will be transferred from the fire department, industrial development, contingency reserve, legal reserve and road commission funds.

The general contractor has agreed to forego payment of \$5,000 of the total construction cost until October 1, 1951. In essence, the contractor is loaning this money (at 5 percent interest) to the city.

It will be recalled that the city council last week approved a \$17,000 over the original estimated \$31,000 cost of the new city hall facilities now under construction.

By resolution here is what the council did: — Approved transfer of monies from the budgetary general and road paving funds to the civic development fund.

— Approved contracts with two organizations for additional work at the city hall site.

— Approved a "borrowing procedure" with the general contractor for \$5,000.

— Approved a total expenditure of \$17,000 for the addition.

— Approved the addition to original plans because (1) more roads were needed to accommodate department of public works offices and storage and (2) the cost per square foot of the addition was only about half of the cost of the basic building.

## Novi Gets A Curfew Ordinance

A long-awaited Novi village curfew ordinance was adopted Monday by the council.

The ordinance regulates the presence of minors under the age of 17 in public streets, public buildings, vacant lots and parks.

Under the ordinance, minors under the age of 12 are not permitted in any of these places between the hours of 10 p.m. and 6 a.m. unless accompanied by parents or guardians. Minors under 17 are not permitted in these places between midnight and 6 a.m.

In other council action Monday — — Firemen salaries were set at \$3 for the first hour and \$2 for each succeeding hour or any part of an hour.

— Novi Realty was awarded an insurance contract for workman's compensation and comprehensive liability by virtue of its low policy bid of \$1,115.56, \$185.85 and \$586.07.
