

# SPEAKING for the Record

By Bill Slinger

If registrations are any criteria (and they certainly must be), then area residents will be voting in record numbers come November 8.

A presidential ballot is always cluttered with long rosters of candidates and proposals. This year, for example, there will be candidates for state and national offices from five parties in addition to the two major political parties.

The heavy vote is certain to require poll officials to urge voters not to tarry behind the curtain.

Therefore it seems worthwhile to refresh our memories on the three proposed constitutional amendments that will appear on the ballot.

### Proposal No. 1:

This is an amendment to the constitution which will continue a method of financing school buildings that was adopted by the people of Michigan in 1955. Because the amendment of 1955 was considered to be an experiment in financing, a time limit of July 1, 1962, was placed on it with the thought in mind that, if it proved successful, it could be continued by submitting another amendment to the voters. Although the 1955 amendment does not expire until July 1, 1962, it is necessary to adopt a new amendment before 1962, in order to continue the present method of financing without interruption.

The plan was adopted to make it possible for hard-pressed school districts with limited tax resources to pay for schools over a 25-year period. It places the faith and credit of the state behind school building bonds with the thought that the school districts benefit from lower interest rates.

The new proposal will boost the time limit for school construction bonds from 25 to 30 years. It also removes the requirement that a school district must levy a tax rate of at least \$13 per \$1,000 assessed property to prove itself in need of a state behind school bond issue. The legislature has the power to lower the 13-mill minimum if it wishes.

Specifically, the measure has permitted school districts to finance school buildings by issuing bonds that are payable over a long period of time from taxes not limited to the 15-mill amendment. Prior to 1955, school district financing school buildings through the sale of bonds was restricted to a maximum of 15 mill limitation.

The Northville school district, for example, sold its \$3 million bond issue five years ago under this plan. It is required to levy up to 13 mills before the state would take over the payments—but the local debt-service millage is now around 7 mills.

In other words, school districts have the state to fall back on if a 13-mill levy won't meet their building debts. Like Northville, about 500 state school districts have financed buildings under this plan. Only 13 have had to actually borrow from the state.

The Northville school board officially went on record at a recent meeting as favoring a "yes" vote on this proposal. Superintendent Russell American has stated that the district would not have a new high school without the state guaranteed plan.

### Proposal No. 2:

This takes very little comment. Each voter must decide whether or not he favors the question.

Shall the Michigan constitution be amended to increase the limitation on the maximum sales tax rate from 3 percent to 4 percent?

### Proposal No. 3:

This proposal is designed to make several changes in the procedure for calling and conducting a Con-Con (Constitutional Convention).

A primary feature of the proposal is a change in regard to the composition of any future Con-Con. Instead of three delegates from each of the 54 Senatorial Districts, as presently prescribed by the State Constitution (making a total of 102 delegates), there would be one delegate from each State Senatorial District and one from each State Representative District (making a total of 144).

Another important change would reduce the vote required to call a Con-Con from a majority of those participating in an election to a majority of those voting on this particular issue.

A third change embodied in the proposal would change the timetable for choosing delegates to holding a convention. The proposal would require that the delegates be nominated and elected within four months following a vote to hold a Con-Con. Consequently, if the proposal is adopted this November, the question of holding a Con-Con on the new basis would be placed on the April 1961 ballot. So if the Con-Con were voted on favorably next April, Michigan would hold its Con-Con in a fall of 1961.

Following the holding of a Constitutional Convention, the actions and recommendations of a convention must be submitted to the populace for adoption.

The holding of a Con-Con was voted on in 1958. At that time 62 percent of those voting in the election voted on the Con-Con. The vote fell 15 percent short of the necessary percentage needed to call a Constitutional Convention under the Constitution as presently in force.

## Newspaper Week

SPECIAL WEEKS are a dime a dozen so it comes as no surprise that Michigan newspapers are being very hard during National Newspaper Week, which started this year October 15. And newspaper people would be surprised to see much new evidence this week (or any other) of appreciation for the important part newspapers play in the community or for the increasingly difficult economic problems faced by those who work with newspapers.

Present provisions similar to the proposition up for approval are due to run out in 1962.

If enough voters say "yes" on election day, the state could stand behind the school districts in their borrowing for another 30 years. Some changes, most of them relatively minor, in the state's role in this phase of borrowing would also be made.

As the law and Constitution stand now, the state can borrow up to \$100 million to help school districts in trouble make payments on bond issues, according to Harold R. Smith, director of the Department of Public Instruction.

This limitation would be removed under the proposed new setup, he said.

The Legislature, as under the present system, would have the power to prescribe the conditions of the loan made by the state, subject to constitutional limitations on the lawmakers.

Brown said the main purpose of the proposal on the ballot was to get the state guarantee the loan. But the school districts might get a slightly better interest rate from the fact that the state is behind the bond issues. Brown said most school people think present bond issues should have been able to get a better interest rate anyway.

The proposed law would also allow school districts to float bond issues for shorter periods than required under existing rules.

Only 25 to 30 year bonds can be guaranteed by the state under existing conditions, but bond issues to be paid off in 15 or 20 years or even shorter periods would be eligible for the state backing under the proposal on the ballot.

MICHIGAN'S DRIVER education program received a double honor award for the past two years ago, by Michigan. But a special award for providing driver education in the state's public schools for non-public school students went uniquely to Michigan.

Next time you look at a newspaper, be it little or big, keep in mind that publications like this fill a great need in the nation; that few voters

# Higher Taxes: Small Cost of Freedom

En Route Home—The direct debt of our Federal Government today, for which government bonds or short-term bills are issued, is approximately \$20 billion.

This means that when you buy a government bond as the best possible security, you should realize that many billions in these bonds have been issued. They are looked upon by banks, educational institutions, and other investors like yourself as the safest place in which to have one's money, but it is not generally realized how many such bonds are outstanding. It is as you were buying shares of stock in a corporation and looked only at the price without giving any attention to the number of shares issued.

In addition to these bonds, the government has also guaranteed billions of dollars in other fiscal obligations. These are known as "contingent liabilities," such as the guaranteed home mortgages, loans to farmers, aid to colleges, hospitals, veterans, etc. Although the U.S. is the greatest country in the world, it is very generous and extravagant.

Furthermore, if we should go into depression the Federal Government would take on some liabilities of states, municipalities, farmers, etc. In addition, many military armaments is also spent on missiles and other forms of explosives.

When I visited Cape Canaveral in Florida and saw one of the missiles explode (all of us were in an underground vault watching via television), I saw a million dollars evaporate in a few seconds.

This is not true of many military expenditures. The radar system which encircles this country to give us advance notice of enemy bombers is a good investment—as are also our nuclear submarines, airplanes, highways, etc.

I recently visited Washington, D.C. and was astonished to find that our Federal Government is building the largest and best airfield in the world. It is primarily for jet planes, and has runways two to three miles in length. War or no war, this is surely a good investment.

This airfield is about 10 miles from Washington and the government is building a straight new highway from the airfield to the center of Washington. But this is not all. Some 12 miles south of the airfield is planned a most elaborate electronic control center on 20 acres of land. This control center will look like an ordinary two-story office building in front, with walls of glass and stainless steel. Behind it will be a mammoth safe-deposit box with cement walls 18' thick. There will be emergency living accommodations in the basement for the workers.

In addition to the cost of the land and the building, it is said that the electronic devices therein will run over \$2 million.

No nuclear war, this is a direct hit from an atomic bomb. But while it is believed that a bomb from an

airplane or a missile from some Russian satellite could destroy Washington, it would not necessarily burn these buildings or the people and machinery therein. The only danger would be the fallout. To eliminate this there will be tanks on the roof which will hold 100,000 gallons of water, which, in two hours, would clear the roof of any contamination from fallout. I understand that mammoth airfields and structures similar to this are planned for areas near all the largest cities.

Regardless of what is said in Congress or by Presidential candidates, we should realize that expenditures have to increase rather than decrease. A tremendous effort must be made to keep the budget in full balance in order to protect our gold supply and our credit abroad. The U.S. dollar must be kept sound as a means of protection. It is foolish to talk about reduced taxes. With the exception of reducing foreign aid to farmers, veterans, and other large and politically strong groups, we are bound to have high

for federal costs and higher direct and indirect taxation. Let us pay these increased taxes cheerfully and honestly and we will have the U.S. instead of anywhere else in the world.

## 1961 Licenses on Sale Here Next Tuesday

The Northville branch of the secretary of state's license bureau has been re-opened with the appointment of Edward C. Hanson as local agent.

Hanson, owner of Oakland Paying company, will handle distribution of the plates in his office at 122 West Main street.

The location is the same as formerly occupied by John Litsenberg, who suffered a concussion last June and retired as local agent.

Hanson announced that 1961 tabs will be on sale Tuesday, November 1. His office is open daily from 9 a.m. until 5 p.m. and Saturdays from 9 a.m. until noon.

## Honored by Masons

Frank Waza, Novi township trustee and real estate agent, was presented with a life membership certificate last week in recognition of his 40 years as a Mason.

The presentation was made at the Zion Lodge No. 1, F.M.A.M., at the Masonic Temple in Detroit.

BORROW 1,000 BOOKS—One thousand books have been loaned to the Novi library by the State Library at Lansing and are already on the book shelves here. "Book loan" is part of the state's public library development program to provide qualified public libraries with larger collections. Shows in the above picture taken at the Lansing library are Avram "Ship" Rosenfeld, Novi library consultant (left), and Helge Nordlyk, secretary-treasurer of the Novi library (second from left), who are discussing a good book with Betty McKinley and Alden Wakevalm of the State Library.

Violations Down  
Nimrods Heed Subdivision Hunting Law

Record numbers of pheasants and hunters dodged and hunted each other in the opening week here — yet not one complaint was registered in those areas posted under the new village ordinance.

All subdivisions, the chief explained, failed to post their areas.

The ordinance outlaws hunting of all animals within the boundaries of these subdivisions. It provides that no hunting will be permitted within the boundaries of subdivisions unless when signs are posted by the owner or lessee of the property.

The village has purchased "no hunting" signs indicating the ordinance regulation, but subdivision associations or property owners are expected to reimburse the village.

Persons violating the ordinance are subject to a maximum fine of \$100 or a jail sentence of 90 days or both.

According to BeGole, a total of 30 complaints were turned over to his department through Monday. Eleven of these complaints, most of which were for illegal hunting of pheasants, were recorded on the opening day of the hunting season. Since then, the number of complaints has rapidly decreased.

Complaints resulted in only two arrests, although three Wayne residents were handed stiff fines for "poaching" last week Wednesday.

One hitch remained, however, that Attorney Emory Jacques described as something of a stumbling block. The state officials made it clear that the \$68.25 can be used only for "purchase," not park development or maintenance.

Jacques pointed out that it might be necessary to bring about a change in the amendment granting use of the money to Novi to permit its use for development, also.

Attending Tuesday's session with two representatives of the parks and recreation division of the state department of conservation were: Township Supervisor Fraser Stroman, Clerk Hadley Bachert, Treasurer Ray Harrison, Village Councilman Dean Lenbetter and Phillip Anderson, Harold Achler, Emory Jacques, LeRoy Crites and State Representative S. James Clarkson.

Police are continuing their search for an unidentified man who eluded the threat of a Novi motorist near Nine Mile and Novi roads.

Jack E. Rice, 1418 East Lake drive, told police he stopped his car on a traffic accident at the corner of Grand River and Novi roads. The Walled Lake man, Paul Thomas, 21 and Gary S. Lee, 21, also were ordered into court on charges of being disorderly persons.

## Collections Fall Short of \$2800 Goal Set in Novi

Although collections were far short of the \$2,784 goal Tuesday, local collectors are confident that this week's collection would boost funds up close to the goal.

The local canvass concludes tomorrow, although the overall metropolitan drive will continue until November 10.

According to the Novi chairman, Mrs. George Merwin, more than \$1,000 remained to be collected this week to reach the house-to-house goal of \$1,800. The residential collection is the backbone of the local drive.

Mrs. Merwin was unsure of the collections from community businesses through last week, but she said the total was well under the \$1,000 goal.

Collections in the Commerce township section of Novi, where there is no specific goal, were estimated at approximately \$200 by Mrs. Victoria, chairman of that area.

All funds collected in this section of Wixom become part of the Commerce township Torch Drive fund.

Elsewhere in the county collections generally have been good. Mrs. Merwin said. The official Oakland county goal has been set at \$23,664, and the combined goal for Wayne, Oakland and Macomb counties is \$17,900,000.

Much of the optimism expressed by local collectors stems from the fact that many have not yet been visited, and in many places visitors at workers were asked to "call back" at another time.

Last year, collection in Novi hit an all-time high of \$2,784 goal Tuesday. The goal last year, minus the school's collection, was \$2,713.

According to Mrs. Merwin, last year the Novi area agencies which belong to the United Community Service provided assistance for 254 Novi residents. Not only were the boys served by the Clinton Valley Scouting organization.

Breaking down the Novi township total: 12 children were given child services aid; seven families received assistance from family service agencies; health services provided for nine patients and 2,616 residents participated in group work and recreational activities.

Agencies which provide some of this assistance include: American Red Cross, Novi Flood Bank, the Catholic Social Service of Oakland county, Family Service of Oakland county, the Veterans Nurse association, and the Novi unit of the Michigan Cancer Foundation.

Officers of the Novi house-to-house canvass are: Mrs. George McCollum, Mrs. Charles Wallace, Mrs. H. L. Shank, Mrs. Stanley Steverson, Mrs. Ely, Frank, the Catholic Social Service of Oakland county, Family Service of Oakland county, the Veterans Nurse association, and the Novi unit of the Michigan Cancer Foundation.

Classes will resume at the regular times Monday morning.

Highlighting the conference, to be held at the Masonic Temple, 1101 East Lake drive, on Monday, Mrs. Elizabeth Sallow of Marquette, Wis., visited her aunt, Mrs. Helen Sallow for a few days last week. She also visited several friends in the vicinity.

On Sunday, Mrs. Fred Garlick, Mrs. Helen Sallow and their guest, Mrs. Elizabeth Sallow, visited Mr. and Mrs. Lee Doyle in Detroit.

The hearing will be held at the village hall beginning at 9 p.m.

## Schools Close Tomorrow

Novi schools will close tomorrow (Friday) to permit teachers to attend a Michigan Education Association conference at Detroit.

Classes will resume at the regular times Monday morning.

Highlighting the conference, to be held at the Masonic Temple, 1101 East Lake drive, on Monday, Mrs. Elizabeth Sallow of Marquette, Wis., visited her aunt, Mrs. Helen Sallow for a few days last week. She also visited several friends in the vicinity.

On Sunday, Mrs. Fred Garlick, Mrs. Helen Sallow and their guest, Mrs. Elizabeth Sallow, visited Mr. and Mrs. Lee Doyle in Detroit.

The hearing will be held at the village hall beginning at 9 p.m.

## German Couple Visits Novi

Clyde Johnson's brother, Adam, of Adrian, underwent a major operation at Sparrow hospital in Lansing Friday.

The request for the change was submitted to the village planning board by the Carlisle corporation, which is the property to Earl Wiseman of Northville, who in turn plans to construct a lumber yard site depot on the site.

Specifically, the request asks for a zoning change from a C-2 district to M-2 (heavy industry).

The hearing will be held at the village hall beginning at 9 p.m.

(Continued on Page 4)

## Rotary Celebrates Anniversary Tonight

The first anniversary of the Novi Rotary club will be celebrated tonight with a dinner program at Saratoga Farms restaurant.

Highlighting the program will be a talk by the Rev. Joseph Krueber, pastor of the First Presbyterian church, who will discuss the Rotary's role in the community.

Other officers are: Robert From, president; Walter Ribant, first vice president; Al Lank, second vice president; and Charles Ely, director.

## She Reads Aloud To Club's Delight

"I like to think of him as the man who used the longest conversation with God on record."  
Martha Ryan Beck, a scholarly woman who salvaged early acting aspirations by choosing her present career as a housewife-dramatic reader, was describing Job, the Biblical character currently paralleled by playwright Archibald MacLeish's "J.B."

Mrs. Beck appeared before the Woman's club last Friday afternoon. She summoned her best dramatic bent and bounteous literary knowledge in relating the Job of old to his modern counterpart.

She dramatically sketched the lives of both men by reading selected passages from the Biblical narrative and MacLeish's text. Compassion, pity and a perceptive grasp of her subject were Mrs. Beck's dramatic pawns and she used them adeptly to captivate her Woman's club audience.

Both Job and J.B., according to Mrs. Beck's readings and commentary, knew fortune followed by famine. Both puzzled over the fate God had apparently etched out for them. And both emerged from the tragedies they experienced, regaining once more much of what they had lost.

Despite the obvious similarities between the lives of Job and J.B., Mrs. Beck maintained that the story of Job illustrated man's relationship with God, while "J.B." on the other hand, portrayed man's relationship with man.

In addition to her appearance before local groups, Mrs. Beck lectured in the Los Angeles area, Seattle and Honolulu. She holds degrees from Colorado university, Washington university and the University of Michigan and she has studied at Columbia, the Union Theological seminary and the University of Hawaii.

Nancy E. Beard has just been pledged to Zeta Tau Alpha, national Greek sorority on the Albion campus, according to an announcement from the college's dean of women, Audrey K. Wilder.

Nancy is a freshman at Albion. Her parents are Mr. and Mrs. Paul M. Beard, 41201 Eight Mile.

Jim Hammond, son of Mr. and Mrs. Crispin Hammond, was home two weeks end from junior-year studies at Albion college. Jim recently won a tennis championship on the Albion campus.

## Observe Anniversaries

65 YEARS of marriage were observed October 21 by Mr. and Mrs. D. C. Alshouse of 127 East Cady. The couple was married in 1895 in Goshen, Indiana. They have resided in Northville for five years. Mr. Alshouse is 89 and Mrs. Alshouse, 85. The couple enjoyed a family dinner to celebrate the occasion Sunday. Their daughter is Mrs. Henry Ward, also of 127 East Cady.

## Northern Lites Install New Officers

Installation of officers and a "Know Your Local Government" discussion dominated the agenda at the last meeting of the Northern Lites club of Northville, Wayne county home economics extension. Mrs. Robert Horner of South Rogers street hosted the women.

Mrs. Milton Rowe of the Cass Hough Extension group in Canton Center, installed the following officers for the year 1960-61:  
Mrs. William Hensch, chairman; Mrs. Howard Atwood, vice-chairman; Mrs. Robert Horner, secretary-treasurer; Mrs. Ward Schultz, news reporter; Mrs. Harold Seden, recreation leader; Mrs. Edward Moltenis, historian; Mrs. Andrew Orphan, marketing; Mrs. Floyd Gregory, fashions; Mrs. Frederick Spitz, literature; Mrs. John Ling, citizenship; Mrs. Clifford Sinden, health; and Mrs. Florence Hart, family.

Northville's city government was outlined in the project lesson presented by Mrs. Hensch and Mrs. Moltenis.

The next meeting, scheduled November 21, will be at the home of Mrs. Clifford Sinden, 2470 Tull road.

**ABOUT JOB AND "J.B."** — Mrs. R. J. Wright, 602 Fairbrook (left) and Mrs. James Cowie (far right) meet and compliment Mrs. Martha Ryan Beck (center), who compared and contrasted the Biblical Job and playwright Archibald MacLeish's "J.B." in her dramatic reading before the Woman's club last Friday afternoon at the Northville library. A resident of Grosse Pointe, Mrs. Beck is well known through the Detroit area for her literary lectures and dramatic readings.

## Honorary Membership Is Garden Club's First

The honorary membership bestowed on Mrs. Glenn Cummings by the Northville branch of the Woman's National Garden and Garden association at its October meeting is the first such membership ever given by the club.

Mrs. Cummings, branch president in 1959-60, was awarded the membership in recognition of her devoted service to the organization.

She will be honored at the November meeting at the home of Mrs. John Burkman.

Michigan's booming highway building program did its part in moving Robert and Josephine (Jo) Budlong and their four children from Brighton to the Northville area, but it took more than an overpass to persuade the Budlongs to pass over their communities in favor of ours.

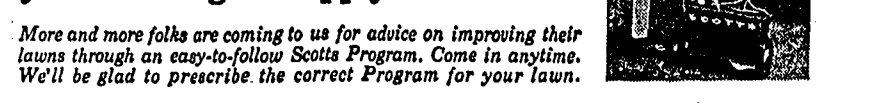

## FOIL CRABGRASS NOW!

A half-hour's brisk fall stroll can do more to lick crabgrass than weeks of hard work, come summer. Just fill the hopper of the Scotts Spreader with HALTS®, set the dial, and take a walk! HALTS goes down in an even, overall blanket—lies in wait—then nips crabgrass as it sprouts. Don't let crabgrass spoil your lawn again. Apply HALTS now!

More and more folks are coming to us for advice on improving their lawns through an easy-to-follow Scotts Program. Come in anytime. We'll be glad to prescribe the correct Program for your lawn.

Save \$5.00! Scotts Spreader (16.95) plus Halts (9.95) together only 21.90

## NEWCOMER'S CORNER

"I look upon every day to be lost, in which I do not make a new acquaintance."  
—Samuel Johnson

**EVERYBODY'S BUSY** — Since moving from Brighton two months ago, the Robert Budlongs and their four children haven't run out of things to do. Evelyn, 10; Alan, 14; Bob, 15, and Greg, 7, (left to right) are all in school. The head of the household is an engineer and student, while his wife has plans for volunteer work. They live at 41800 Quince drive, Orchard Hills.

Michigan's booming highway building program did its part in moving Robert and Josephine (Jo) Budlong and their four children from Brighton to the Northville area, but it took more than an overpass to persuade the Budlongs to pass over their communities in favor of ours.

The Budlong's Brighton home was situated a little too near an about to be revamped highway junction, so the state bought it. Their was no question about a move; their problem was where to move.

"Their idea was to edge a little closer to the city without settling right in it. And having four school-age children, they would settle for nothing less than excellent schools."

Two months ago the whole family arrived at 41800 Quince drive in Orchard Hills. Today they're well settled in their new home, save for some carpentry and furniture that is on its way.

Eighteen-year-old Bob, the Budlong's oldest son, is a junior at Northville high school and a center on the "football team."

Mr. Budlong is a student, too, but only on a part-time basis. During the day he's a project engineer with Ford Motor company in Dearborn and after work he's a student enrolled in night school classes at Henry Ford Community college.

"I'm just a housewife," sighs the lady of the house, not letting you know right off that she's already made plans to help the Novi blood bank and work with the girl scouts.

"Yankee," a German shepherd right from the old confederate stronghold of Mississippi, and "Ricky," a singing canary, are the Budlong's pets.

Entered as Second Class Matter in the U.S. Post Office at Northville, Michigan.

## KITCHEN DIARY

### Turkey Time is Just Around the Corner

It hardly seemed that we had a fair sampling of summer before it was time to send the youngsters back to school. And the trees and bushes hardly had time to show off their rich green cloaks before their leaves began taking on the brilliant golds, browns and reds of autumn.

Now Thanksgiving and Christmas are just around the corner. They're so close that Mrs. Walter Belasco of 700 West Main, our Kitchen Diary cook for this week, has suggested some recipes which she feels should prove very helpful for the approaching holidays and all the special menu planning they call for.

**CRANBERRY RAISIN ALMOND SALAD**  
Mrs. Walter K. Belasco

1 package raspberry gelatin  
1 cup hot water  
1 cup cold water  
1 can cranberry sauce  
1/2 cup seedless raisins (plump)  
1/4 cup chopped almonds.

Dissolve gelatin in hot water; add cold water; chill until partially set. Add cranberry sauce which has been beaten until smooth. Flump seedless raisins in hot water; drain; add to gelatin mixture along with nuts. Chill until firm. Sprinkle with chopped nuts before serving.

**FRESH SPICED BRANDY PEACHES**  
6 fresh peaches  
1/2 cup honey  
1/2 cup water  
1 cup brown sugar (firmly packed)  
1/4 cup vinegar

Remove stems and pits from peaches; place meat, pears and carrots in casserole; divide sauce over them. Make pie pastry roll; cut to size larger than casserole; place over casserole. Perforate top slightly; trim edges; bake in even wall pastry is brown.

**DANBURY STYLE**  
(Allow for each additional serving)  
1/4 ounces cooked white meat  
1/2 ounces cooked dark meat  
1 tablespoon garden green peas  
1 tablespoon young carrots (cooked tender)  
1 boiled white onion, small (optional)

**SAUCE**  
(Serves four)  
4 tablespoons butter (level)  
or chicken fat  
1 can mushrooms (small)  
1 teaspoon Worcestershire sauce  
Flour to thicken  
Salt and pepper to taste  
Turkey or chicken stock, broth

Cream butter or chicken fat with a pinch flour as will take up grease in a frying pan. Add salt and pepper. Gradually stir in turkey or chicken stock or broth until gravy is of desired consistency. Add mushrooms and Worcestershire sauce. Stir well.

Thursday, October 20, 1960 THE NOVI NEWS—3

## They Study At Albion

Northville is well represented on the campus of Albion college according to fall enrollment figures provided by Marvin F. Paul, registrar.

Freshmen Nancy E. Beard, daughter of Mr. and Mrs. Paul M. Beard of 41201 Eight Mile road, and Raymond E. Dahl, son of Mr. and Mrs. Walter Couse of 48075 West Seven Mile road; James E. Hammond, son of Mr. and Mrs. C. M. time.

Albion juniors from Northville are of 41201 Eight Mile road, and Raymond E. Dahl, son of Mr. and Mrs. Walter Couse of 48075 West Seven Mile road; James E. Hammond, son of Mr. and Mrs. C. M. time.

At the first meeting of Girl Scout Troop 222 last Wednesday, October 19, the following officers were elected: Diane Crawford, president; Vicki Mueller, vice president; Kathy Miller, secretary; and Mary Lou Langtry, scribe.

## Pontiac announces the Trophy V-8 Engine

NEW PRECISION AND ECONOMY IN THE ENGINE ROOM OF THE '61 PONTIAC!

A completely new fuel induction system gives this new free-breathing V-8 more air . . . to save you gas. Closer calibration of this big 389-cubic-inch engine gives you maximum thrust at half-throttle without over-carbureting.

We made the engine lighter; mounted it lower for better balance. An oil refill now takes only 4 quarts. Tailor your Pontiac power plant to your needs. There are 11 versions to choose from. Horsepowers range from 215 to 348. (For best economy, specify the Trophy Engine V-8. Its lower compression lets you use regular gas.)

If this sounds a bit technical, just try a new Trophy engine soon. It's in all four Pontiac series. In one block, it will become clear why we've called this '61 . . . all Pontiac!

# NOVI HIGHLIGHTS . . .

(Continued from Page 1)

Mr. and Mrs. James Haas and children of West Grand River attended the 25th wedding anniversary of the latter's parents, Mr. and Mrs. Ervile C. Donahue in Redford on Sunday. There were approximately 40 relatives present for the occasion. John Meyer of Plymouth and Howard Meyer of Lincoln Park spent Monday at the home of Mrs. Hildred Hunt on 11 Mile road.

William Haas is slowly improving at St. Mary hospital in Livonia. He underwent major surgery Saturday, October 8.

Mr. and Mrs. Archie Richardson of Allen drive have a new daughter, Yvonne Gias. She was born at St. Mary hospital, Livonia, Saturday, October 15. Mr. and Mrs. Charles Akins of West Grand River, Nov. are the grandparents.

Mr. Wesley Lawrence, son of Mr. and Mrs. Lawrence Boyd, Jr. and grandsons of Mr. and Mrs. Lawrence Boyd Sr. was baptized in the Novi Methodist church Sunday with the Rev. Nevin officiating. The godparents are William Boyd and Donna Harden. Mrs. Etta Harden is Wesley Lawrence's great-grandmother.

Eighteen relatives and friends gathered at the home of Mr. and Mrs. Lawrence Boyd Sr. Sunday afternoon. Among them were Mrs. Marvin Harden and daughter, Donna, of Detroit, Mr. and Mrs. Gerald Dader of Royal Oak, Leonard and Mrs. Kenneth Moses of Ann Arbor and Mr. and Mrs. Al Harden, Mrs. Etta Harden and Jack Boyd.

William Robert Morgan, two month old son of Mr. and Mrs. Terrence Morgan, was also baptized in the Novi Methodist church Sunday. Rev. Nevin officiated. William Robert's maternal grandmother is Mrs. Ruth Comer and his paternal grandmothers are Mrs. Louise Harden and Mrs. Etta Harden.

The Cathy Hunt Memorial staff is to take charge of the Memorial at the district meeting in Royal Oak November 3.

Novi Boy Scouts had their Halloween party Wednesday night in the community building. There were two children, Terrence, of 370 Rayson, and a daughter, Cynthia, of the Napier road address. They also have three grandchildren.

Novi Baptist Church News  
The Novi Baptist church is sponsoring a family Halloween party for all members of the church at the community building, Wednesday, October 29, from 8 to 10. There will be a costume parade and refreshments.

Mr. and Mrs. Everett Pearsall and Mrs. Roy York have returned from a color trip through the Smokies.

Mr. and Mrs. Lloyd Nicolay, party committee's special guests, returned from a color trip through the Smokies.

Mr. and Mrs. Howard Coe drove to Flint Sunday to visit with Mr. and Mrs. L. W. Wise.

Mr. and Mrs. Fred Thayer are enjoying a European trip. At present they are in Germany.

Charles Ware has returned from a six month stay in Ireland and a two week stay in Scotland. He left Ireland right after it gained some freedom from England in 1921.

MSU Paper Names  
Local Junior to Post  
Bob Chamberlain, a junior at Michigan State university, has been appointed city editor of the college's student newspaper, "State News."

Novi Radio Tower — A 120-foot radio tower antenna was erected at Novi last week on the apple orchard farm of George and Bruce Simmons, 4628 West 10 Mile road. The radio will serve six southeastern Michigan fruit farms, which recently incorporated under the name, Southeast Michigan Growers Association. Above on the tower (l. to r.) are Paul Butten, president of the organization, and Bruce Simmons, coordinator. Looking over the edge of the wall is Lynn Matthews, member and owner of a Walled Lake orchard.

Minutes of Northville City Council  
A regular meeting of the Northville City Council was held Monday evening, Oct. 17th, 1960, at 8 p.m. at the City Hall.

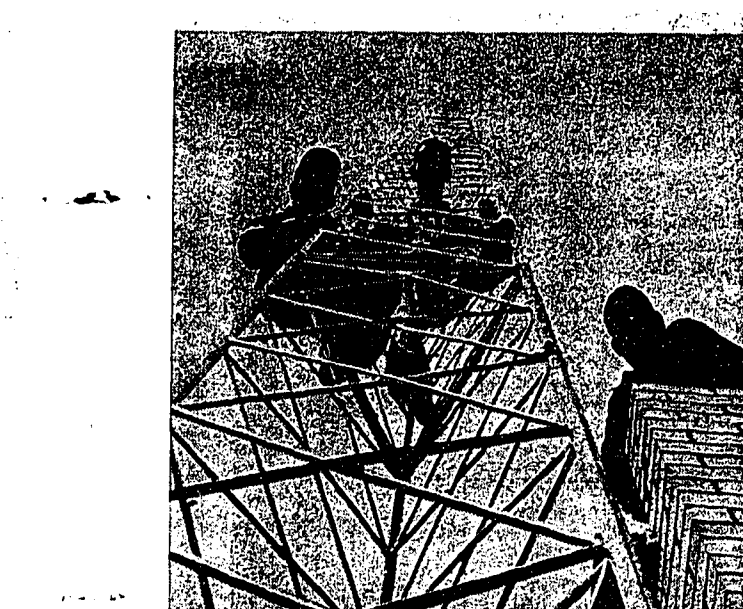

Minutes of Northville City Council (continued)  
Moved by Canterbury, supported by Reed, that the City Manager be authorized to negotiate for the sale of the old Abrams-Fox Fire Engine, which the City no longer has any use for. Carried.

Minutes of Northville City Council (continued)  
With reference to a letter read from the Optimist club regarding the City's plans for Joe Denton Park, Sup. Hartner stated that a problem still exists regarding the spring which was filled in on this property. It was decided that City Engineer would be requested to look the situation over and make suggestions as to what can be done to solve the drainage problem.

Minutes of Northville City Council (continued)  
A resolution was presented authorizing John C. Robertson, City Engineer, to deposit all public money, belonging to or held for the State, County or other political units of the State or otherwise held according to law, in the Manufacturers National Bank of Detroit, Northville Branch. Moved by Reed, supported by Judy, that this resolution be adopted. Carried.

Minutes of Northville City Council (continued)  
Letter was read from Frank Robinson, of 2100 Taft Rd. stating that the drainage problem created by the easement leading to the High School Athletic Field has not been corrected. Mayor Allen stated that this parcel be zoned as recommended by the Planning Commission. Carried.

Minutes of Northville City Council (continued)  
It is the City Attorney's opinion that the City boundaries do not include the parcel owned by Robert Cole an exclusive permit to remove snow from city sidewalks where he wishes to contract privately with individuals to do this work.

NOVI RADIO TOWER — A 120-foot radio tower antenna was erected at Novi last week on the apple orchard farm of George and Bruce Simmons, 4628 West 10 Mile road. The radio will serve six southeastern Michigan fruit farms, which recently incorporated under the name, Southeast Michigan Growers Association. Above on the tower (l. to r.) are Paul Butten, president of the organization, and Bruce Simmons, coordinator. Looking over the edge of the wall is Lynn Matthews, member and owner of a Walled Lake orchard.

Minutes of Northville City Council (continued)  
The City Council instructed Sup. Hartner to look over the situation to see what can be done to relieve the condition existing.

Minutes of Northville City Council (continued)  
Under old business, the public hearing on the proposed amendment to the zoning ordinance to add a new section "R" to Article IIIA-R-5, Suburban District, was held, and there being no one present to object to its passage, it was moved by Reed, supported by Judy, that same be adopted. Carried.

Minutes of Northville City Council (continued)  
The City Council instructed Sup. Hartner to look over the situation to see what can be done to relieve the condition existing.

Minutes of Northville City Council (continued)  
An amendment to Ordinance No. 153, which is an ordinance establishing the City Hall boundaries to include the present annexed territory extending to Beck Rd. to the west and to the north line of West St. was moved by Reed, supported by Judy, that this amendment be adopted. Carried.

Minutes of Northville City Council (continued)  
Petition was presented from the Northville Public Schools School District asking the City Council to vacate a part of West St. between W. Main and W. Day Sts. It was moved by Canterbury, supported by Reed, that the following resolution be adopted:

Minutes of Northville City Council (continued)  
BE IT RESOLVED, That the Council of the City of Northville declare its intention to vacate West St. from the south line of W. Main St. right-of-way to the north line of W. Day St. right-of-way, in the public interest, and that a public hearing before the final passage of this resolution to vacate shall be held on Nov. 21st, 1960, at 8 p.m. at the City Hall.

Minutes of Northville City Council (continued)  
Motion was carried. Councilman Canterbury feels the public parking lots are too dark and should be more adequately lighted.

Minutes of Northville City Council (continued)  
There being no further business, meeting was adjourned at 12 midnight.

## Group Names Band Fund Collectors; Plan Spaghetti Dinner November 11

At a meeting last Thursday, the Northville band uniform drive gained momentum by the appointment of a committee to accept contributions. The following list gives the names and addresses of representatives accepting contributions according to their districts:

Mr. Robert Shafer, 1801 Sheldon, area east of Sheldon, south of Main; Mrs. Esley Nider, 285 Grace, area north of Baseline; Mrs. Ivan Ely, 164 East Cady, area in the out-county district; Mrs. Charles Carrington, 220 Hill, Center street to Northville Heights; Mrs. Clayton Myers, 350 First, Northville Heights; Mrs. C. M. Hammond, 5700 Tim, area north of Northville; Mrs. H. F. Meyer, 48120 West, Eight Mile, area between Main Street and Eight Mile; Mr. and Mrs. Shafer, 1801 Sheldon, area east of Sheldon, south of Main; Mrs. Esley Nider, 285 Grace, area north of Baseline; Mrs. Ivan Ely, 164 East Cady, area in the out-county district; Mrs. Charles Carrington, 220 Hill, Center street to Northville Heights.

Scout Leaders To Meet Tonight  
Sunset District Boy Scout leaders will hold their annual meeting at Bentley high school in Livonia tonight (Thursday) at 6:30.

Minutes of Northville City Council (continued)  
Communication was read from the Michigan Liquor Control Commission asking the Northville City Council to transfer ownership of 1900 Tavern and SDM licenses at 157 E. Main St. from John MacDonald to Charles W. Welch, Jr. and James W. Welch. Moved by Judy, supported by Reed, that this transfer be approved.

Minutes of Northville City Council (continued)  
The City Council instructed Sup. Hartner to look over the situation to see what can be done to relieve the condition existing.

Minutes of Northville City Council (continued)  
An amendment to Ordinance No. 153, which is an ordinance establishing the City Hall boundaries to include the present annexed territory extending to Beck Rd. to the west and to the north line of West St. was moved by Reed, supported by Judy, that this amendment be adopted. Carried.

Minutes of Northville City Council (continued)  
Petition was presented from the Northville Public Schools School District asking the City Council to vacate a part of West St. between W. Main and W. Day Sts. It was moved by Canterbury, supported by Reed, that the following resolution be adopted:

Minutes of Northville City Council (continued)  
BE IT RESOLVED, That the Council of the City of Northville declare its intention to vacate West St. from the south line of W. Main St. right-of-way to the north line of W. Day St. right-of-way, in the public interest, and that a public hearing before the final passage of this resolution to vacate shall be held on Nov. 21st, 1960, at 8 p.m. at the City Hall.

Minutes of Northville City Council (continued)  
Motion was carried. Councilman Canterbury feels the public parking lots are too dark and should be more adequately lighted.

**NOTICE OF PUBLIC HEARING**  
MONDAY, NOVEMBER 21, 1960 at 8:00 P.M.  
CITY HALL NORTHVILLE, MICHIGAN  
A Public Hearing will be held by the Council for the City of Northville at the time and place indicated above to consider the adoption of a formal Resolution vacating that part of West Street, in the City of Northville lying between the South line of West Main Street right-of-way and the North line of West Cady Street right-of-way.

Resolution Regarding Vacation of Portion of West Street  
Whereas, the Council for the City of Northville has received a Petition from the Northville Public Schools School District requesting that the portion of West Street located in the City of Northville and lying between the South line of West Main Street right-of-way and the North line of West Cady Street right-of-way be vacated, said School District being the owner of all of the property abutting upon said portion of West Street, and  
Whereas, the Council for the City of Northville did, in 1955, close the above described portion of West Street to vehicular traffic, and closing has been continuing up to the present time and has worked no hardship upon any of the citizens of the City of Northville,  
Now, therefore, it is hereby resolved by the Council for the City of Northville that a Public Hearing shall be held on Monday, November 21, 1960, at 8:00 P.M. in the City Hall for the City of Northville, at which time there will be considered the adoption of a formal Resolution vacating that part of West Street in the City of Northville lying between the South line of West Main Street right-of-way and the North line of West Cady Street right-of-way.  
Be it further resolved that notice of the holding of said Public Hearing shall be published in the Northville Record.  
Motion by Canterbury and supported by Reed, that the above resolution be adopted.  
Yeas: Canterbury, Allen, Reed, Welch and Judy.  
Nays: None.  
(Signed) Mary Alexander, City Clerk

OFF TO ATOM CONFERENCE — Maureen O'Brien, daughter of Mr. and Mrs. William O'Brien of 1831 Beck road, is shown (second from top) with her fellow Detroit Edison-sponsored delegates to the Second National Youth Conference on the Atom, being held this week at the Museum of Science and Industry in Chicago. The two educators at the foot of the ramp are Edward Stowick, Department of Curriculum of the Detroit Catholic Schools and Miss Helen Mahoney, director of the science department at Deby high school. Maureen, a senior at Ludwody high school in Livonia, was named a delegate because of her interest and aptitude in mathematics, as evidenced by her award-winning exhibit at this year's metropolitan Detroit Science Fair. In Chicago, the Edison delegates join some 600 junior and senior high school students and teachers who are sponsored in attendance at the conference by 60 electric companies throughout the country. This year's program, which includes tours of Argonne National Laboratory and Dresden Atomic Power Plant, is cosponsored by the National Science Teachers Association and the Future Scientists of America Foundation.

JUNIOR RED CROSSERS — Eight Northville Junior and senior high school students were among those participating in the Detroit Chapter's Junior Red Cross leadership training program at Greenfield Village recently. Three members of the Northville schools' teaching staff were among the adult counselors. The week-end workshop included group, visual and oral presentations of information about Red Cross services and the part youth can play in these services. Pictured in the photo at left are: (l. to r.) Teacher-Sponsor John Hyde, Teacher Joel Seale and Junior High School student John Hillman (standing). Susan Rebeck, Catherine Usher, Ruth Ellen Carrington, Jean Louise Dwyer and Jill Rockafellow. In the photo at right are: (l. to r.) Teacher-Sponsor Mrs. Betty Selten, Susan Shager and Deby Stafford.

### Education Week Plans Set

"Everybody Goes to School" is the theme selected by Northville's teachers and P-TA to spark local school activities now being planned in conjunction with the nation's 40th annual observance of American Education Week, November 6-12.

Working to accomplish American Education Week's basic purpose — "to make every American aware of the important role education plays in a democracy and to help him realize that good schools are his personal responsibility" — a committee of teachers and P-TA members have been spearheading preparation for school open houses that week.

Local parents are invited to attend these gatherings to meet the teachers and administrators. Amerman and Main Street elementary school open houses are slated for Tuesday, November 8.

Individual room meetings beginning at 7:30 p.m. will be followed at 8:15 by a general tour through the Amerman building and at 9 p.m. parents will be invited to meet special education teachers in the school's multi-purpose room.

Times for the Thursday evening high school program will parallel Main Street elementary's Tuesday format.

### Obituary

**GEORGE WOODWORTH**  
George Woodworth, a lifetime Novice resident, died Monday (October 24) at his South Lake drive residence exactly one week following the death of his wife, Ina Wilson Woodworth. Funeral services were held yesterday from the Richardson-Bird Funeral home in Walled Lake. The Rev. John Miller, Walled Lake Methodist church, officiated. Mr. Woodworth, 84, was a retired farmer. He was born in Novi township on January 14, 1876, to George and Elizabeth Woodworth. He is survived by eight children, George Woodworth, Wesley Woodworth, Mrs. Charles Nelson, Mrs. Julius Nelson, Mrs. Emma Sweet, Mrs. Hugh Proctor and Miss Gertrude Woodworth.

**Fatal Heart Attack Claims Local Man**  
Funeral services will be held Tuesday for Arthur William Litsenberger, 65, who died at Community General hospital Saturday after suffering a heart attack Friday night.

Litsenberger, a retired Detroit Edison employee, had been a Northville resident for 50 years. He lived at 572 Randolph street with his wife, Bina, who survives him.

Born May 21, 1885 in Salem township, Litsenberger was the son of Sidney and Caroline (Parker) Litsenberger. He came to Northville around 1910 and was a member of the First Methodist church and Masonic Lodge 168 F.A.M. here.

In addition to his wife, Litsenberger is survived by four children, nine brothers and sisters and 14 grandchildren.

Sons and daughters are Mrs. Marjorie Straus, Northville; Mrs. Laura Jean Honey, Plymouth; Mrs. Marion Holdsworth, Birmingham; and John Litsenberger, Iron Mountain.

Mrs. Arthur Junod, Mrs. Alfred Sibley, Mrs. Gerald Taft, Mrs. Leonard Smith and Joseph, John and Robert Litsenberger are brothers and sisters surviving in Northville. Mrs. Elmore Whipple and Marcus Litsenberger, another sister and brother, live in Plymouth.

The Rev. Paul Cargo, First Methodist church, officiated at services from the Catherine Funeral home. E. M. Bogart, Horace Boyden, Norman Miles, David R. Calhoun and Wagnschutz and Thomas Worley were pallbearers.

Interment was at Rural Hill cemetery.

**Ex-Sessions Staff Chief, Dr. Font, Dies**  
Funeral services for Dr. Anthony Font, once chief of surgery at Northville's old Sessions hospital and consulting surgeon at the reorganized Community General hospital, were held Monday in Detroit.

He died October 20 after a short illness in Grace hospital. He was 66. Dr. Font was a well-known obstetrician and gynecologist. He was familiar to many Northville residents during his association with the Sessions hospital and continued to perform major surgery for patients of Dr. L. W. Snow of Northville.

Dr. Font had his offices at 76 West Adams.

He was born in San Juan, P.R., graduated at Loyola university and completed his internship at Grace hospital in 1917.

## 'Gifted Child' Report Submitted to Schools

In its latest report to the board of education last month, Northville's curriculum study committee submitted its findings on the gifted or "academically superior" child in the local school system.

Made up predominantly of lay citizens working with school personnel, the committee began the study several months ago guided by a two-fold purpose: (1) to survey the disposition of academically superior kindergarten through twelfth grade students and (2) to recommend specific steps that might be taken in regard to these students.

The subject of their study, they agreed, was a student with superior academic achievements or an above 120 I.Q. or both characteristics.

Committee members talked with teachers, consulted school administrators, examined student records, reviewed testing programs, listened to speakers, read pertinent publications and exchanged ideas with other schools.

In the final report, each sub-committee wrote a brief preface to recommendations for gifted students in the grade grouping which it was charged to survey.

The difficulty facing the entire committee as it sought to prepare sound recommendations to encourage achievement by the academically superior child was summed up in an observation made by the kindergarten to third grade sub-committee.

"Crucial problems are encountered in fully educating the gifted, and these are: (1) the lack of a one area and medicare or 'spare in others'."

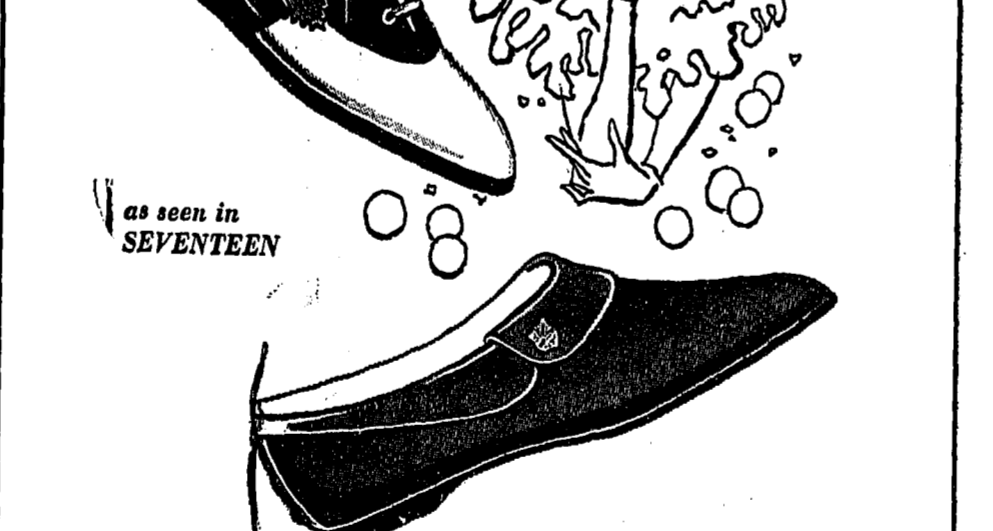

Following the program refreshments will be served. The rally, open to the public, will begin at 8 p.m.

**Some More Keys**  
Today we wish to add to the six keys for understanding your Bible better by giving you No. 7.

When the plain sense of the scriptures makes common sense, seek no other sense; but where there is a clear every word at its primary, ordinary, usual meaning, unless the facts of the context indicate clearly otherwise. No. 8 — Recognize the fact that language changes from generation to generation. Even the English language has changed considerably during the past few hundred years. Some words become obsolete, others change in meaning, different shades of meaning are given. For instance the word "alien" used today means the ability of a person to do a certain thing in the parallel in Matt. 23 means money of a certain value. Again the word "conversational" in our day does not talk one with another, while the word as used in Philippians means "citizenship". We should possess a good reference Bible to note such changes. Key No. 9 — We should recognize the dispensational aspect of the Bible. All the Bible is for us but not to us. Some things in the Bible were written specifically for the Jews. Some things directly to individuals. Some things were addressed to certain people under certain covenants that do not apply to us, anymore than the days of England apply to the citizens of America.

**GOING YOUR WAY . . .** They're available in a painter's palette of colors. Plaster Pal — a fringed kitten, Scotchguard treated to be a wash 'n' wear wonder in blunter pigskin. A little cubbed boot in suede or leather that laces up the back. Hobo . . . the patch saddle is now in black nylon velvet or smooth white leather. Have fun . . . choose one, choose all.

## Pony Excites Local Breeders The Appaloosa is a Lolla-paloosa!

**PONY VS. APPALOOSA** — One of the distinct differences between an Appaloosa and an ordinary pony — aside from the coloring — is size. The prize Shetland shown above is only 41 inches in height. Shetland height limitation is 47 inches. The Appaloosa, on the other hand, (below) is "in between" the size of a pony and that of a horse. For registration purposes he must be between 40 inches and 52 inches high. Both animals are stable on a Northville farm.

The Appaloosa, once considered a "freak," was known as the "Leopard Horse" of prehistoric Libya; and the "blood sweating horse" of ancient Persia.

Its popularity with the Indians started when the conquistadors brought them to Mexico in the 16th century. The Nez Percé Indians of the Northwest, an area called Pelee by the French, raised a herd of 3,000 horses, with nearly half of them oddly marked.

These spotted animals were so well identified with the area that settlers would refer to one as a "Palouse" horse. Nesters hated the animal because it mated with their plain horses and shot him at every opportunity.

When finally the Nez Percé Indians were confined to a reservation, the "Palouse" herds dwindled until they became almost extinct.

A few remained, however, and it is on these rare animals that horsemen are building their dreams. The Appaloosa, as he was so-called, is particularly attractive to horsemen because he has a strong gene, is a fine saddle horse, and is often more intelligent than other horses.

The Appaloosa pony, a breed in itself, is considered less than a horse because "they can grow with it." The pony is larger than a Shetland, smaller than a horse, thus "a growing child looks better and rides better on the Appaloosa," Mrs. Whitefield explains.

No two Appaloosas have the same markings. Some have black or red spots on white; some are white on black; some are completely spotted; and some have spotted "blankets" or small spotted areas. But all true Appaloosas have pink eyes, short ears and striped heads.

Another characteristic of the animal is that his colors may change; one year he may have fewer spots than the next; and he may have no markings at birth, but may acquire them later.

The Clark and Whitefield families are now raising Appaloosas, joined forces two years ago while living in Redford. A daughter wanted a horse, then a son.

"If we're going to have horses, we need a place to raise 'em," Clark told his children. So he bought a small, 30-acre farm at 4180 East Seven Mile road. Not long afterward his son-in-law and family joined them, buying a house right next door.

One pony led to another. Soon several were galloping around the pasture. They were ordinary ponies, mostly Welsh size.

Then something caught Clark's eye: a strange looking animal with spots on his body. That's when the two families decided to cultivate a business that would be handy about retirement time.

With western horsemen as excited as prospectors during the California Gold Rush, raising Appaloosas seemed like the next sure thing to an insurance policy so the families decided to buy one.

## The Appaloosa is a Lolla-paloosa!

Take an oversized handsome pony, toss an open bottle of black ink at him and the results are sure to be pretty staggering.

Specks of black, polka dots and large black blotches — all against a white blanket. It's odd, sure, but beautiful too.

Now add a few stripes to his hoofs, dab some pink on his eyes and nose and you'll have what probably the hottest animal on four feet. He's an Appaloosa, a 4,000-year-old pony that has started a stampede of excited horsemen.

Last spring there were only about 500 of these ponies registered in America. Since then, 600 more have been registered, with new registrations coming in every week.

Currently, the "Palouse fever" is concentrated mainly in the western sections of the United States. However, there are indications that the fever is spreading eastward.

There are still less than 15 of these ponies registered in Michigan — three of them in Northville on the Seven Mile road farm of Mr. and Mrs. Earl Whitefield and their daughter and son-in-law, Mr. and Mrs. George Whitefield.

The Appaloosa, once considered a "freak," was known as the "Leopard Horse" of prehistoric Libya; and the "blood sweating horse" of ancient Persia.

Its popularity with the Indians started when the conquistadors brought them to Mexico in the 16th century. The Nez Percé Indians of the Northwest, an area called Pelee by the French, raised a herd of 3,000 horses, with nearly half of them oddly marked.

These spotted animals were so well identified with the area that settlers would refer to one as a "Palouse" horse. Nesters hated the animal because it mated with their plain horses and shot him at every opportunity.

When finally the Nez Percé Indians were confined to a reservation, the "Palouse" herds dwindled until they became almost extinct.

A few remained, however, and it is on these rare animals that horsemen are building their dreams. The Appaloosa, as he was so-called, is particularly attractive to horsemen because he has a strong gene, is a fine saddle horse, and is often more intelligent than other horses.

The Appaloosa pony, a breed in itself, is considered less than a horse because "they can grow with it." The pony is larger than a Shetland, smaller than a horse, thus "a growing child looks better and rides better on the Appaloosa," Mrs. Whitefield explains.

No two Appaloosas have the same markings. Some have black or red spots on white; some are white on black; some are completely spotted; and some have spotted "blankets" or small spotted areas. But all true Appaloosas have pink eyes, short ears and striped heads.

Another characteristic of the animal is that his colors may change; one year he may have fewer spots than the next; and he may have no markings at birth, but may acquire them later.

The Clark and Whitefield families are now raising Appaloosas, joined forces two years ago while living in Redford. A daughter wanted a horse, then a son.

"If we're going to have horses, we need a place to raise 'em," Clark told his children. So he bought a small, 30-acre farm at 4180 East Seven Mile road. Not long afterward his son-in-law and family joined them, buying a house right next door.

One pony led to another. Soon several were galloping around the pasture. They were ordinary ponies, mostly Welsh size.

Then something caught Clark's eye: a strange looking animal with spots on his body. That's when the two families decided to cultivate a business that would be handy about retirement time.

With western horsemen as excited as prospectors during the California Gold Rush, raising Appaloosas seemed like the next sure thing to an insurance policy so the families decided to buy one.

But Appaloosa are rare and expensive — a champion stallion runs as high as \$20,000. And because these ponies are so rare and expensive, most raisers raise them in new fields by taking a solid color mare, with perhaps Welsh, Shetland or Arabian in her background, and mate her with an Appaloosa owned by someone else.

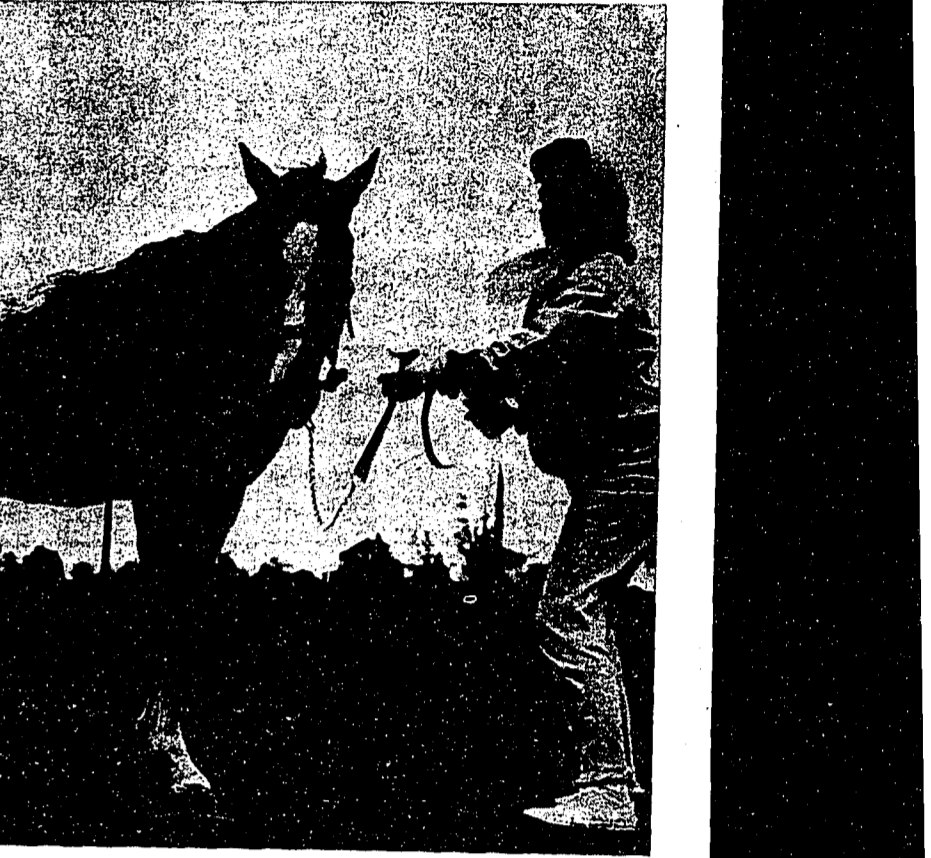

This is what the two Northville families did.

First attempts were almost successful. The first mating resulted in twins, a rare birth among horses. One colt, which had distinct markings of an Appaloosa, was born dead. The other, which might have "shown color" later in life, lived only a few days and died also.

About this same time, the families bought a young Appaloosa mare from an Ohio breeder. Mating of this pony produced a handsome colt — but without characteristic markings.

## THE NOVI NEWS

Thursday, October 27, 1960

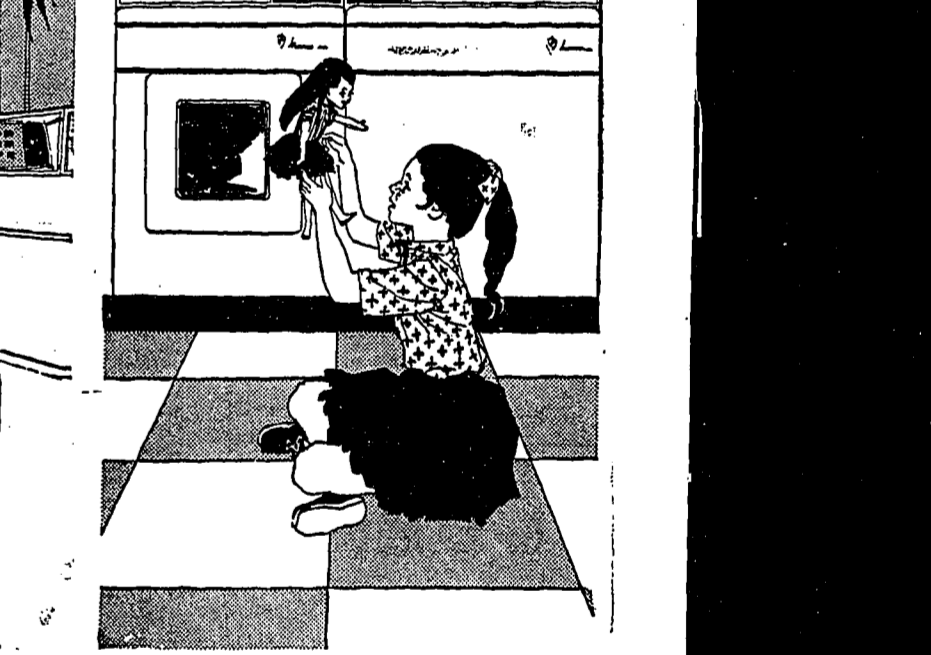

**SPOT CASH** — Appaloosa ponies, with their odd spotty coloring, are rare and expensive animals. It's no wonder then that this young stallion was appropriately named "Spot Cash". He was purchased by two Northville families from an Arizona breeder. Much of the families' hope to successfully raise Appaloosas is tied to "Spot Cash", held here by Gladis Clark of 4180 East Seven Mile road.

## ELECTRIC CLOTHES DRYER

**WHY A FLAMELESS ELECTRIC DRYER IS BETTER FOR YOUR WASHABLES.**  
Washes stay white, colors stay bright. There's never any sun fading or fume yellowing. Since it's electric, there are no products of combustion. Freshly washed clothes stay clean all the way. There are models which have a temperature for every fabric, from delicate synthetics and woollens to the heaviest work clothes. Detergent cycles make ironing unnecessary for much of today's laundry.

**TRULY A WORK-SAVING TEAM—AN ELECTRIC DRYER AND AN AUTOMATIC WASHER.**  
Proceeded, accurately controlled washing cycles and drying temperatures take the guesswork out of laundering. Gentle agitating and tumbling help fabrics last longer, stay fluffier. Drying the electric way is fast, too, because gentle radiant heat begins right away.

## Host Mustangs Friday

### Wolves Eye Third Place

Clarkston's unpredictable football record plays host to Northville tomorrow in a battle for third place in the Wayne-Oakland league.

A victory for either team would mean undisputed possession of third place, even though Northville currently holds down this berth with a 3-2 record.

Should Clarkston win tomorrow, the victory would give the Wolves the better of the two.

### Beller Wins 15 Winners

Football "followed the form" Saturday (but not Sunday) and consequently competition in the weekly grid contest was very keen.

But only one contestant managed to call 15 of the 16 games correctly.

Thirteen-year-old Bob Beller won the \$10 first prize. He missed only one game — the Lions upset A. Moore 235, A. Holcombe 234, 235, J. Petrucelli 233, D. Slesor, F. Robinson 227, A. Krizan 224, 202, 202-628, J. Ramsey 223, F. Nelson 216, 204-600, J. Wendland 215, A. Gadioli 213, 201, B. Hawley 213, P. Bernier 210, W. Himm 208, H. Stevens, L. LaFerre, D. Miller 204, A. Deporter 203, A. Bauer 202, F. N. Steltzer, D. Nitzel, R. Snow 201, H. Nelson 200.

Clarkston victory would help remove the smart from last year's 27-0 loss to the Mustangs here at Northville.

Clarkston Coach Tom Taylor admits that his team hopes to take over third place tomorrow night, but adds that "we're expecting a real battle. I've seen one of your games and I know Northville is a good team."

A Clarkston victory would help remove the smart from last year's 27-0 loss to the Mustangs here at Northville.

### Colts Gallop To 40-0 Win Over W. B.

"It just wasn't a contest," Junior Varsity Football Coach Al Callahan said, reviewing his team's latest game.

"And it wasn't because we were so good; they were the world's worst."

Whatever it was, the Colts bowled over the West Bloomfield junior varsity team with ease last week Tuesday, 40-0, on the opponent's gridiron.

The lopsided victory produced one salient conclusion: West Bloomfield's varsity eleven underfunded this season and well on its way to a league championship, may find itself scratching for recognition in the next year or two.

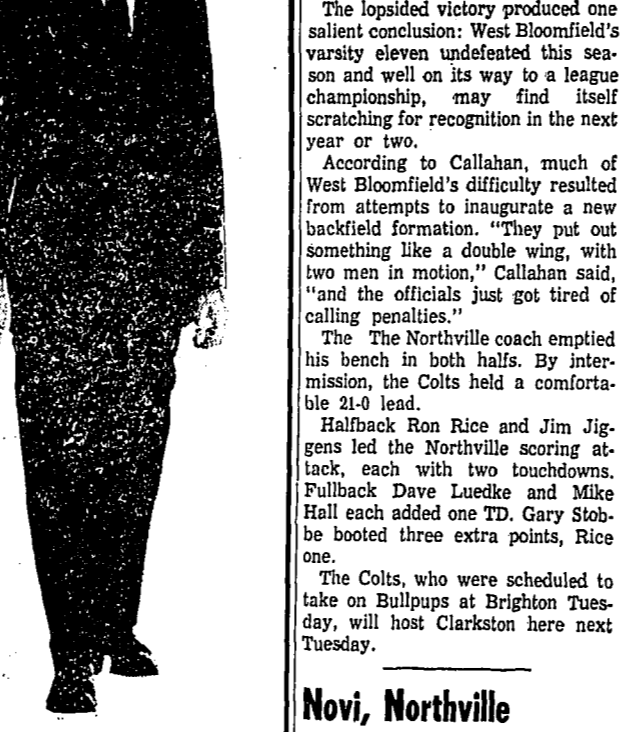

According to Callahan, much of West Bloomfield's difficulty resulted from attempts to inaugurate a new starting formation. "They put out something like a double wing, with two men in motion," Callahan said, "and the officials just got tired of calling penalties."

The Northville coach emptied his bench in both halves. By intermission, the Colts held a comfortable 21-0 lead.

Halfback Ron Rice and Jim Jiggins led the Northville scoring attack, each with two touchdowns. Fullback Dave Luedke and Mike Hall each added one TD. Gary Stobman boosted three extra points, Rice one.

The Colts, who were scheduled to take on Bulldogs at Brighton Tuesday, will host Clarkston here next Tuesday.

### ELECT RAY BAKER for State Representative

4th DISTRICT

REPUBLICAN

- EXPERIENCED IN MUNICIPAL GOVERNMENT
- ABLE TO DEVOTE FULL TIME TO THE JOB
- KNOWS AND UNDERSTANDS THE PROBLEMS OF THIS AREA
- BORN AND ALWAYS LIVED IN OAKLAND COUNTY WITH EXCEPTION OF COLLEGE YEARS
- CONDUCTED SUCCESSFUL BUSINESS (BAKER'S DRUG STORE) FOR PAST 27 YEARS

I believe that state fund accounting and fiscal controls should be re-examined.

I believe in control of education at the state and local levels and we must continue to face up to its problems.

I believe in "Pay as you go" financing of public services.

I believe in fair play for both business and labor in all its forms.

I believe the State of Michigan must be placed back on that high plane where it once stood among states of this nation.

I WELCOME SUPPORT and promise to represent all people.

Getting State Debt and Spending under control is no longer a question of argument, it is a crystal clear necessity.

# Mustangs Halt Brighton Threat To Win Here, 13-7

Synopsis: A powerful 64-yard drive for the opening touchdown in the first four minutes of play and a desperate defensive maneuver in the closing seconds of the game.

Simply expressed, this synopsis describes the both powerful and week Mustang eleven that dived off a Brighton threat late in the game to claim a narrow 13-7 victory at Ford Field Friday night.

The victory halted the Mustangs (3-2) to third-place in the Wayne-Oakland league while dropping the Bulldogs (1-4) to a two-way tie for last place.

Clarkston, who held third place last week with a 2-1 record, slipped to fourth by losing to the undefeated Lakers of West Bloomfield Friday 34-14. Holly strengthened its hold on second place (4-1) by dumping the fast-slipping Barons of Bloomfield Hills, 15-6.

In the other league contest last week, Clarenceville rolled over last place Milford 26-0.

According to Taylor, tomorrow's drive, a second-half touchdown interception, and an occasional defensive spark, Northville was far from impressive. Brighton was even less impressive.

Statistically, Northville led the ground attack, 217 yards to 157 yards. Brighton edged the Mustangs in the air, attempting nine passes, completing two, missing six and losing one by interception, while Northville fumbled on a completion on four pass attempts.

Northville picked up 12 first downs to Brighton's eight.

Not counting touchdown drives, Brighton invaded Northville territory four times, while Northville camped on Brighton's half three times.

### W-O League Standings

Brighton	1	4	0
Milford	1	4	0

## NOW FOR '61... 2 TOTALLY DIFFERENT TYPES OF CHEVY TRUCKS!

1. REAR-ENGINE CORVAIR 95's—THE TRUCKS THAT BEGAN WITH 4 WHEELS AND A FRESH IDEA!

Here are high-capacity haulers that offer the most accessible load space you ever saw. Think of up to 1,900 pounds of whatever you haul riding on a highly maneuverable 95-inch wheelbase. This design's a heavy-duty 4-wheel independent suspension, integral body-frame build, thrifty air-cooled rear engine—all kinds of fresh new ideas about truck efficiency and economy.

2. TORSION-SPRING CHEVROLETS—WORTH MORE BECAUSE THEY WORK MORE!

You actually feel the advantages of independent front suspension in the almost total absence of lateral shimmy and wheel fight. The driver feels easy, the load's better protected, tires take less abuse, the whole truck is subjected to far less damaging road shock and vibration. Efficiency goes up.

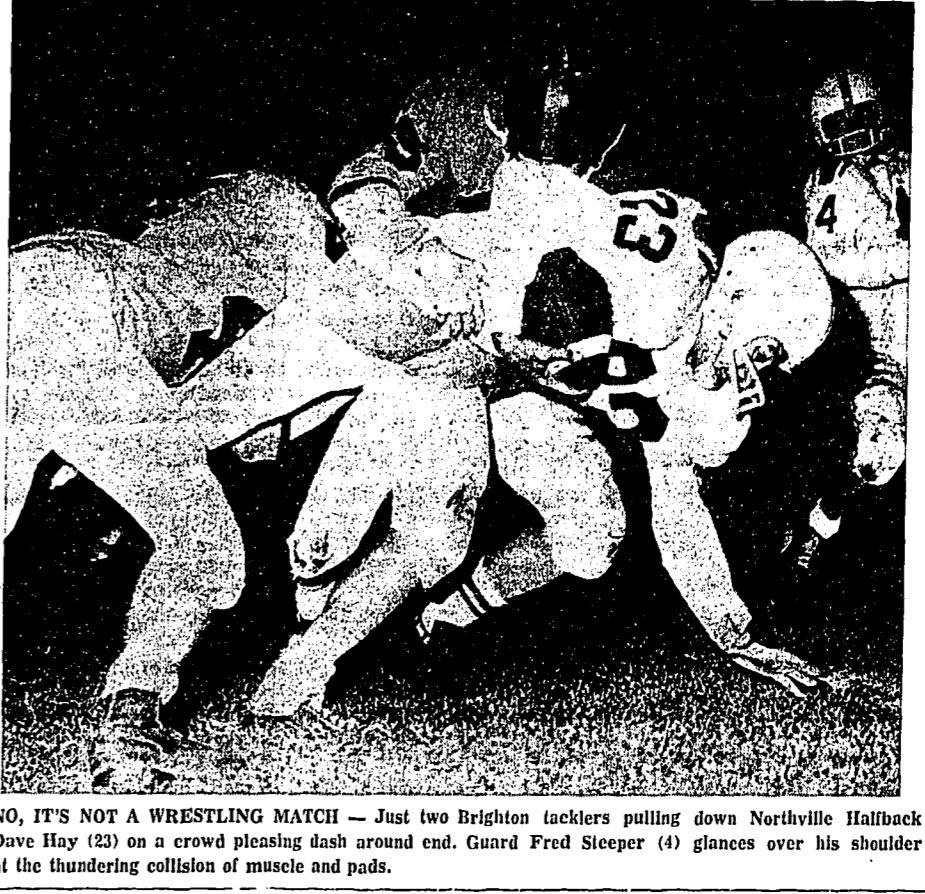

Profit follows. Look over the whole line—both types of Chevy trucks.

SEE THE GREATEST SHOW ON WORTH NOW AT YOUR LOCAL AUTHORIZED CHEVROLET DEALERS!

**CONFORING ASSURANCE OF THE FINAL DESTRUCTION OF ALL SIN WILL BE GIVEN IN THE LESSON-SERMON ENTITLED "Everlasting Punishment" to be presented Sunday at Christian Science church services.**  
 God's mercy will be emphasized in the scriptural selections from Psalms (130:7, 8): "Let Israel hope in the Lord; for with the Lord there is mercy, and with him is plentiful redemption. And he shall redeem Israel from all his iniquities."  
 The following is one of the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (1852): "Metals must gravitate Godward, their affections and aims grow spiritual,—they must near the broader interpenetrations—in order that sin and mortality may be put off."

**PHILOSOPHY OF DEATH TO BE SERMON TOPIC**  
 "A Philosophy of Death" will be the sermon topic of the Universalist Church of Farmington in the 11 a.m. service Sunday, October 30.  
 The Rev. Walter E. Kellison commented that some people feel hostility toward death, others resist to think about it until forced to do so, and "most of us try to hide death in the appearance of life. We surround death with flowers, soft light and muted colors, hoping to make of mortality an illusion."  
 "The suggestion will be made," he added, "that death is the logical completion of life, ending the greatest gift nature can give in a sensible, humane manner."  
 Discussion and music listening at 10 a.m. will precede the service, with church school classes and nursery from 10 to 12.

# from the PASTOR'S STUDY

By The Reverend Paul M. Cargy, First Methodist Church of Northville

The Apostle Paul wrote a good word to his spiritual "son," Timothy, "God did not give us a spirit of timidity, but a spirit of power and love and self-control." There's evidence of a timid soul here. Paul begs him to "rekindle the gift of God that is within you." If you, dear reader, are honest with yourself, you have known many times when your soul is timid. The gift of God within you has needed to be rekindled. The trio of virtues, as stated by Paul, can aid us.

Power stands for intensity of life. Our word "dynamic" comes from the Greek word for power. The early Christian church did not begin with timid souls, unsure of their footing. There were mountaineers to climb, seas to cross, a culture to topple, a world to save. There were so few of them to do it, but they set about the task with God-given power. Look at Acts 4:13 and you will see that the church was launched in daring and courage, not by the timid and cautious: "Now when they saw the boldness of Peter and John, they recognized that they had been with Jesus."

God has given to us love. God is love. The word in the New Testament is "agape." Over 250 times the New Testament uses it, and "agape" means nothing sentimental or primarily emotional at all; it means understanding, redeeming creative good will. A great preacher said, "To see all men near and far as sons of God, to practice understanding and creative good will to all men as human beings—that is the Christian ethic."

"Well, it won't work," people say. And I say, "It's never been fully tried." I have an idea that it's love that makes the world go round, and anything less than that is a monkey-wrench in the machinery of God.

Paul counseled "self-control." Without discipline we are like the mythical rider who jumps on his horse and rode furiously off in all directions. How many lives are wasted! How many are frittered away on trifles of no importance! What a soul-power waste there is in the world!

"God did not give us a spirit of timidity but a spirit of power and love and self-control." I Tim. o:17. Today there is a great need for courageous souls. Can you be one of them?

CHURCH BAZAAR—Members of the Novl Episcopal Mission have started plans for a church bazaar to be staged November 19, between noon and 7 p.m., at the Novl Community building. The mission has just recently been moved to the former Teen Town building, at the corner of 19 Mile and Meadowbrook roads. Above Mrs. Robert Garbin, 4076 Malott, (left) and Mrs. George Ames, 4102 Mooringside, begin decorations. The signs shown on the table, along with the "money tree" are being decorated, will be featured items at the bazaar.

A new type projector used in classroom work. Purchase was made possible by the school's participation in the National Defense Education Act. The Northville schools received \$8,000 worth of books and equipment for \$3,800. Pictured is Edward C. Nollens, social science teacher.

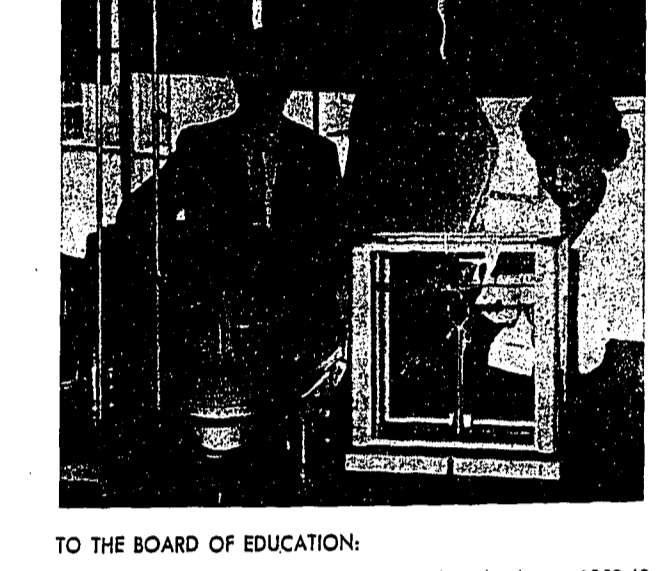

Elementary library resource centers are being developed in the American and Main street schools. Many books on science, mathematics and foreign language were obtained under the N.D.E.A. act and others were furnished by the P-T-A and Mothers' club. Pictured is Margaret Deitel.

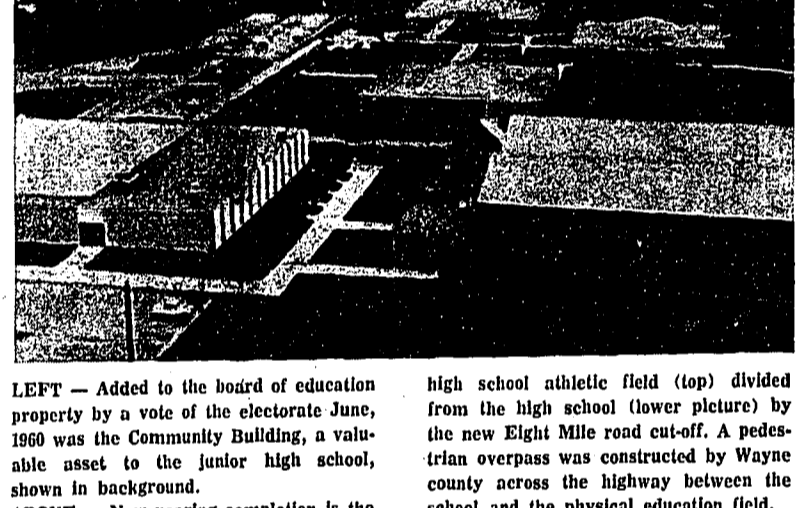

As a result of local and national studies, Northville high school has developed a science seminar to provide a new challenge for the talented students. The new equipment was obtained under the N.D.E.A. act. Pictured are LaGene Gray, science teacher, and students Carol Jones and Chris Gay.

LEFT - Added to the board of education property by a vote of the electorate June, 1960 was the Community Building, a valuable asset to the junior high school, shown in background.

RIGHT - Added to the board of education property by a vote of the electorate June, 1960 was the Community Building, a valuable asset to the junior high school, shown in background.

ABOVE - Now nearing completion is the high school athletic field (top) divided from the high school (lower picture) by the new Eight Mile road cut-off. A pedestrian overpass was constructed by Wayne county across the highway between the school and the physical education field.

**TO THE BOARD OF EDUCATION:**

A review of the accomplishments for the school year 1959-60 will bring into focus some of the activities of the school system. A study of the accompanying financial and statistical report will provide many of the details.

We have occupied our new high school and remodeled junior high school for one full year, thus relieving the overcrowded situation of the past. With the ownership of the Community Center completed we have virtually ended the building and equipment program which was started in 1954.

These splendid facilities and competent teaching staff have enabled us to provide a well-rounded educational program for every child in the system. Also, more attention has been devoted to curriculum matters, inservice training for teachers, adoption of many of the recommendations of the various curriculum study committees, counseling, testing, etc. Teachers have and are preparing excellent curriculum guides to assist the classroom teacher.

Important matters for future consideration which I should like to point out follow:

1. The Community College.
2. The ever present problem of finances.
3. Teachers' salary schedule.
4. Additional general office space.
5. Some form or more adequate budgeting and purchasing control on our system grows.
6. Teaching machines.
7. Educational television - especially the new airborne program.
8. Language laboratories.

Respectfully submitted,  
 R. H. Amerman, Superintendent

**Minutes of the Northville Board of Education**

Regular Meeting - October 10, 1960  
 The meeting was called to order by President Robert H. Shafer at 7:40 p.m.

Present: President Robert H. Shafer, Vice President William B. Crump, Secretary Donald B. Lawrence, Treasurer Waldo T. Johnson, Trustee Edward F. Angove, Trustee James F. Kipper, Trustee Wilfred C. Becker.

Absent: None.

Others Present: Assistant Superintendent Kenneth M. MacLeod, Principals Ellison, Kay and Smith, Messers. R. Rusche, J. Barnett, F. Gzaley, C. Strasz, Mrs. G. Weiss.

The minutes of the regular meeting of September 12, 1960 and the special meetings of September 27 and October 4 were read by the secretary, and there being no additions or corrections, they were approved as read.

The Board received one bid, from the Manufacturers National Bank of Detroit, to purchase our tax anticipation note in the amount of \$100,000, due June 1, 1961, tax rate, 2.10 percent.

It was moved by Mr. Crump and seconded by Mr. Angove that the bid of the Manufacturers National Bank be accepted. Carried unanimously.

Mr. James Littell presented all legal documents pertaining to the final purchase of the Community Center. Purchase was completed on September 28, 1960. Deeds have been properly recorded. All legal papers are in order.

Mr. Littell presented a petition to be presented to the City Council to vacate that portion of West Street, between Cady and Main Streets. This portion of West Street which runs between the Junior High School and the Community Center has been closed to traffic since the Community Building was erected. The petition will permit the City of Northville to service existing utilities in the affected area.

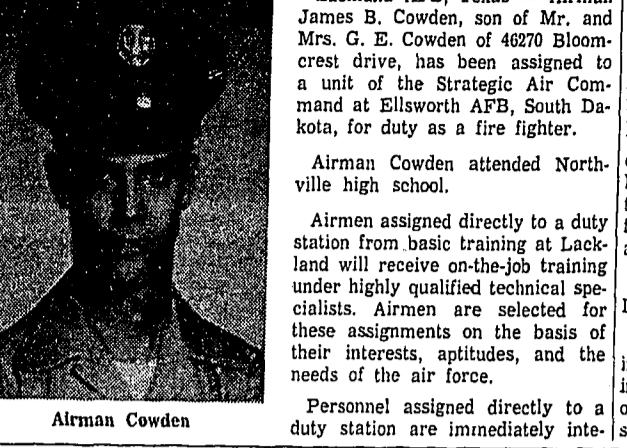

It was moved by Johnson and seconded by Becker that a petition be sent to the Northville City Council requesting that West Street, between Cady and Main Streets, be vacated for school purposes. Motion carried unanimously.

Mr. Littell reported on the matter of the Ely claim for fuel oil fees. He is working with Mr. Philip Ogilvie, attorney for the Ely Company, to try and resolve this matter.

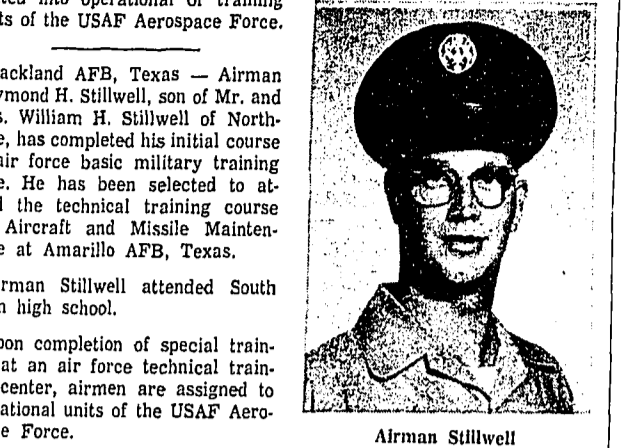

Communications:  
 1. Copy of an opinion prepared by the Attorney General regarding the governing of children in school by police officers.  
 Referred to Mr. J. Littell for an opinion in order that a Policy Statement might be prepared.  
 2. Letter from Northville Police Department regarding a reimbursement of \$161.31 (\$47 for the High School and \$114.31 for the Grade School). This amount was retained for damages and property caused by two boys last year.  
 3. Letter from a local bowling alley proprietor regarding High School Bowling Leagues during the school day.  
 It was agreed that bowling during the school day would be impractical and unwise to schedule.

Report of Superintendent:  
 1. Band Uniforms: Superintendent Amerman reported that he has received a check from Mr. C. Langfield for \$5,000 to apply toward the purchase of uniforms for the Northville High School Band. This gift is in memory of his father, Mr. E. C. Langfield, who organized the band when a member of the school board in 1927.  
 A discussion ensued regarding the raising of money and acceptance of gratuities to buy band uniforms. It is believed that money contributed in the name of the school will be deductible from the Federal Income Tax.  
 It was moved by Mr. Kipper and seconded by Mr. Becker that all unsolicited gratuities, gifts and monies collected or earned for the purchase of uniforms for the Northville High School be deposited in the Activities Fund in an account to be known as: Northville High School Band Uniforms Fund. Motion carried unanimously. The Superintendent reported that he had appointed a committee to act on the selection and purchase of band uniforms. A citizens committee of interested parents will also be formed. These committees will be directed to prepare rules and regulations to cover the situation.  
 2. Insurance: Mr. Amerman reported that he had investigated the possibility of buying burglary insurance.

**Men in Uniform**

Airman Cowden

Airman Stillwell

Lackland AFB, Texas - Airman James B. Cowden, son of Mr. and Mrs. G. E. Cowden of 4270 Bloomcrest drive, has been assigned to a unit of the Strategic Air Command at Ellsworth AFB, South Dakota, for duty as a fire fighter.

Airman Cowden attended Northville high school.

Airman assigned directly to a duty station from basic training at Lackland will receive on-the-job training under highly qualified technical specialists. Airmen are selected for these assignments on the basis of their interests, aptitudes, and the needs of the air force.

Personnel assigned directly to a duty station are immediately integrated into operational or training units of the USAF Aerospace Force.

Lackland AFB, Texas - Airman Raymond H. Stillwell, son of Mr. and Mrs. William H. Stillwell of Northville, has completed his initial course of air force basic military training here. He has been selected to attend the technical training course for Aircraft and Missile Maintenance at Amarillo AFB, Texas.

Airman Stillwell attended South Lyon high school.

Upon completion of special training at an air force technical training center, airmen are assigned to operational units of the USAF Aerospace Force.

# SPEAKING for the Record

By Bill Siler

Spring and next April may seem a long way off, especially as days become shorter, crisp and prospects of snow are in the air.

And with a national election just a dozen days away, it's unlikely that many residents are thinking of their April election.

Well they might, however, because spring — in terms of the April election — is only two months away for Northville.

Candidates for both city and township offices must declare themselves by the end of December.

In the township, where it is provided that if there is more than one candidate per party for any one office there will be a primary election in February, it is reasonable that candidates must file early.

But in the city a primary election is not held, regardless of the number of candidates running for the council.

Still the city attorney has ruled that Northville must abide by the state laws governing elections and efforts to exempt Northville from this unnecessary early filing have not been successful.

Therefore, any city resident interested in running for the council next April must file his petitions more than three months before the election.

It has long been our belief that more city residents should be interested in their government.

The job of conducting city business is becoming more complicated each year as our community grows and the cost of providing services increases.

A look at the record of business handled by the council in the past few years points up the outstanding job that has been done.

But many knotty problems remain. Next year, for example, the council will decide upon a new city hall; serious thought will undoubtedly be given to street paving; it's highly possible that more subdivisions will require expansion of sewer facilities; improvement of our commercial district is definitely a city council concern; our public library, more industrial base within the tax-paying limits of our school district — all of these, and many more, are problems our future councils will face.

I have no idea whether the present council members whose terms of office expire in April plan to run again. Two council seats and the mayor's post will be up for election.

But I believe it is essential to good government that we have a good field of interested and capable candidates.

The time is short. If you have read this far, then you are interested in your city.

Why don't you file for our city council? Or, if you know of a well-qualified person, encourage him (or her) to offer their time and talent to the city.

## Michigan Mirror

### Parties Split on Con-Con Amendment

THE PROS AND CONS of Con-Con could fill a library. The issue of calling a Constitutional Convention to revise Michigan's 20-year-old basic law is the kind of a question that can make Republicans stand shoulder-to-shoulder with Democrats, or turn brother against brother — all for perfectly valid reasons.

Whether you're for it or against it, one thing that has to be remembered is — only two months away for Northville.

Candidates for both city and township offices must declare themselves by the end of December.

In the township, where it is provided that if there is more than one candidate per party for any one office there will be a primary election in February, it is reasonable that candidates must file early.

What the ballot proposal would do is this: It would put the question, "shall a Constitutional Convention be called" before voters for their approval or disapproval at the 1961 Spring Election. Under existing provisions of the Constitution, the question would be put in the fall of 1958, would not go before voters again until 1974 — unless the Legislature voted to put it in the ballot again, or as they did this year.

There is also the predictable implication in some quarters to cling to the status quo.

The only safe assumption at this point is that win or lose, proposal number three on the Nov. 8 ballot is only the first round of the battle over Constitutional revision by the convention method.

Other opposition to proposal three ranges from doubts about the cost of a Con-Con (estimated at from \$2 million to \$3 million) to fear that special Constitutional protection would be lost.

There is also the predictable implication in some quarters to cling to the status quo.

# Expect Biggest Vote Ever Here Tuesday

## Presidential Race Top Drawing Card

More voters than ever before are expected to trek to the polls Tuesday to cast ballots for offices ranging from the United States president to the Oakland county drain commissioner.

According to Novi Township Clerk Hadley Bacher, only about 78 percent of the registered voters need cast ballots Tuesday to break the 1956 record presidential turnout of 2,177.

An upsurge in registrations this month in both Novi and Wixom leads election officials to predict a huge turnout.

Three state-wide propositions will appear on the presidential ballot Tuesday.

The propositions are: (1) Shall Article 10 of the Michigan Constitution be amended by adding a new Section 23, authorizing the state to borrow such amounts as required on its faith and credit for the purpose of making loans to school districts to pay certain school bonds issued before July 1, 1972; and authorizing the Legislature, subject to limitations, to prescribe the conditions of such loans; and authorizing the levy of taxes by school districts without limitation as to rate or amount for payment of school bonds and state loans?

(2) Shall Section 23, Article 10 of the Michigan Constitution be amended to increase the limitation on the maximum sales tax rate from 3 to 4 percent?

(3) Shall Section 4, Article 17 of the Michigan Constitution be amended to provide for submitting the question of calling a Constitutional Convention at the biennial spring election in 1961 and each 10th year thereafter; and to provide that the question shall be decided by a majority of those voting on the question; and to provide for the election of one delegate for each state senator and one delegate for each state representative to which such district is then entitled, and for the time and place of meeting?

In Wixom, residents of both precincts will vote at the city hall located on Wixom road, one block north of the subdivision formerly known as Pontiac trail in Wixom are part of Precinct 2, while persons living north of this line are part of Precinct 1.

Unlike Novi and Wixom Precinct 2, residents of Wixom Precinct 1 are part of a different state congressional district (District 3) and hence will vote for a different state representative and county candidates are the same throughout both communities.

The candidates of the two major parties are:

**NATIONAL OFFICE**  
President: John F. Kennedy (R), Richard M. Nixon (D)

**U.S. SENATOR**  
Patrick V. McNamara (D), Alvin M. Bentley (R)

**U.S. REPRESENTATIVE**  
James E. Kojan (D), William S. Bromfield (R)

**STATE OFFICE**  
State Senator: S. Jerome Bronson (D), Farrell E. Roberts (R)

**State Representative**  
(Novi, Wixom, Precinct 2) S. James Clarkson (D), Raymond L. Baker (R)

**State Representative**  
(Wixom Precinct 1) James M. McNeely (D), Henry M. Hogan (R)

**Swanston**  
John B. Swanson (D), Paul D. Engvall (R)

**Clerk, Register of Deeds**  
D. John Lealaki (D), Clarence A. Reid (R)

**Secretary of State**  
James M. Hare (D), William E. Kregar (R)

**Attorney General**

# Hospital Still Open Despite New Crisis

## Torch Drive: Blue Cross Withdraws 1 Goal Down, 2nd to Go!

There were plenty of smiling faces in Novi this week as a result of an announcement that collections had soared over the house-to-house Torch Drive goal of \$1,400.

"I'm real thrilled," Novi Chairman Mrs. George Merwin said this week. "The women (volunteer workers) did a beautiful job."

In announcing that the goal had been topped, Mrs. Merwin explained that the goal was set at an accurate count of the house-to-house collections because money is still being collected in the amount of \$1,400.

## Blue Cross Withdraws Full Financial Aid

Community General hospital, struggling for existence and beset by a multitude of problems since its reorganization little more than a year ago, suffered a new and possibly final setback Monday.

The hospital was notified by Michigan Blue Cross that its temporary Blue Cross participating agreement would not be renewed.

The agreement terminated Monday. It means that Blue Cross patients admitted to Community General hospital in Northville are entitled to non-participating benefits only. These provide up to a maximum total of \$14 per day toward the charges for hospital services.

Local hospital authorities had not expected the action.

Meeting in emergency session Monday members of the board of directors voted to keep the hospital open and allow Blue Cross patients full benefits they would normally receive.

Adopting a plan of action, the board decided that the hospital would absorb the difference between the \$14 Blue Cross payment and the actual charge to the Blue Cross insurance-holding patient.

Specifically, the board of directors agreed upon two steps to follow:

1. Contact Peoples Community Hospital Authority (see adjoining story) for the possibility of that group taking over the local hospital.

2. If unsuccessful at Peoples, open negotiations with Blue Cross, terminate where Community General hospital can again qualify for participation under the Blue Cross plan.

In a letter to the local hospital authority, the director of the Blue Cross Hospital Affairs Division, said the committee recommendation and the board of trustees action voting not to renew the temporary participating agreement was based on the hospital's failure to comply with certain basic requirements laid down a year ago.

The requirements included: active engagement in the purchase of the physical properties of Community General hospital.

That there be definite improvement in the maintenance of medical records.

Also mentioned was the failure of the hospital to employ a certified public accountant to audit the books, the relatively high cost of operation and the failure to install a sprinkler system.

Community General has not had an easy time of it since coming into being a year ago.

The facility, formerly known as Seasons hospital and located at 230 West Main street, was purchased in the summer of 1959 by Dr. Howard Bergo of Northville and Abraham Parry.

Renamed and completely re-equipped, the hospital was deemed before it opened. Blue Cross public relations chairman for the county.

One of the main attractions of the program was an attractively decorated large birthday cake, baked by Mrs. Russell Taylor.

Mrs. Jennings and Mrs. Meyers led the group in song and all the girl scouts were presented with Juliette Law favors.

All girl scouts are wearing daisies this week in honor of their founder, Mrs. Low, whose nickname was "Daisy."

Members of the working committee of the hospital included: Mrs. Robert Skellenger, chairman; Mrs. Will Price, Mrs. Fred Loyne, Mrs. Martin Wilcox, Mrs. Edwin P. Geppert, Mrs. Andy Kosak, Mrs. Henry Harris and Mrs. Bernard Marchetti.

The hospital opened without funds and has had only \$2,044 in direct monetary donations since it was opened.

Despite this Administrator Calvin Montilla told the board members Monday that during its 11-month existence the hospital has "held its own." The patient average has been 13.7. The hospital's bed capacity is 23.

But board members recognize they are fighting an uphill battle. In their meeting Monday they admitted that no progress had been made toward purchase of the facility, although efforts have been made to negotiate.

The board is headed by A. M. Allen. Monday's meeting was attended by: Alfred Hill, Dr. L. W. Snow, Leland Smith, Russell Taylor and Walter Tucker. Dr. L. M. Hochstetler and Dr. H. L. Dyer, members of the hospital's medical staff, also attended. (Continued on Page 8)

## GOP, Dems Aren't Alone

In addition to the two major political parties, the Democratic and Republican parties will appear on the ballot Tuesday.

The additional parties and their presidential candidates are: Socialist Worker, Farrell Dobbs; Socialist Labor, Eric Haas; Tax Cut Party, Lar Daly; Prohibition, Dr. L. M. Hochstetler and Independent Party, no candidate but voters may vote in a name.

Other association officers are: Kull Johnson, vice president; Ed Dorsey, treasurer; and Mrs. DeLoe, secretary.

Elected to the board of directors were James Straus, Leon DeLoe, Frank W. Main, Gertrude Cruesse and Donald Matzke.

## Lake Subdivision Plan Moves Ahead

Construction of a \$20,000 model house, first dwelling in the 100-acre subdivision, is expected to get underway next month.

According to Kenneth Wurm, subdivision coordinator for the Suburban Development company of Detroit, this first-to-be-shown house will be constructed after the planning board has approved preliminary plans — but before the property has been changed from an agricultural to a residential classification and before the village has approved the subdivision plan.

The planning board decided Monday to meet with the developer on November 25, presumably to hear the village engineer's report on the proposed subdivision, to approve or reject preliminary plans.

Wurm said Monday that the long delay was a result of difficulties in obtaining and holding contractors for the development of the land.

However, this problem has been finally overcome, he said, and road beds have been cut into the land during the past few months. Road bed gravel, he added, probably will be laid this week or next, with possible construction of a blacktop road to the model next winter.

To be called the Meadowbrook Lake subdivision, the development is shaped something like a flag with a short wide pole. The pole represents an entrance to the property from Nine Mile road. The flag extends along the west side of Meadowbrook more than one-half mile and extends nearly one-half mile west of Meadowbrook.

The lake itself will be part of the subdivision's recreational facility. It will be stocked with fish, and will be deep enough to accommodate swimmers, sail boating and water skiing.

Maintenance of subdivision facilities will be controlled by the subdivision's homeowners association.

Wurm told the planners that the \$20,000 model will be representative of the types of
