

SPEAKING for the Record

By Bill Sigler

Spring and next April may seem a long way off, especially as days become shorter, crisp and prospects of snow are in the air...

And with a national election just a dozen days away, it's unlikely that many residents are thinking of their April election.

Well they might, however, because spring—in terms of the April election—is only two months away for Northville.

Candidates for both city and township offices must declare themselves by the end of December.

In the township, where it is provided that if there is more than one candidate per party for any one office there will be a primary election in February...

But in the city a primary election is not held, regardless of the number of candidates running for the council.

Still the city attorney has ruled that Northville must abide by the state laws governing elections and efforts to exempt Northville from this unnecessary early filing have not been successful.

Therefore, any city resident interested in running for the council next April must file his petitions more than three months before the election.

It has long been our belief that more city residents should be interested in their government.

The job of conducting city business is becoming more complicated each year as our community grows and the cost of providing services increases.

A look at the record of business handled by the council in the past few years points up the outstanding job that has been done.

But many knotty problems remain. Next year, for example, the council will decide upon a new city hall; serious thought will undoubtedly be given to street paving; it's highly possible that more subdivisions will require expansion of sewer facilities...

I believe it is essential to good government that we have a good field of interested and capable candidates.

Why don't you file for our city council? Or, if you know of a well-qualified person, encourage him (or her) to offer their time and talent to the city.

Parties Split on Con-Con Amendment

THE PROS AND CONS OF Con-Con could fill a library. The issue of calling a Constitutional Convention to revise Michigan's 32-year-old basic law is the kind of a question that can make Republicans stand shoulder-to-shoulder with Democrats, or turn brother against brother—all for perfectly valid reasons.

Whether you're for it or against it, one thing that has to be remembered is—only two months away for Northville.

Candidates for both city and township offices must declare themselves by the end of December.

In the township, where it is provided that if there is more than one candidate per party for any one office there will be a primary election in February, it is reasonable that candidates must file early.

But in the city a primary election is not held, regardless of the number of candidates running for the council.

En Route Home - My first thought as I complete my six weeks away from the United States is that we and great Britain should hold together as a solid bloc and foundation for the free nations of which we are willing to put character and courage ahead of propaganda and selfishness.

Certainly deGaulle has done wonders for France. He, however, appears to be a very concerned man and knows little about economics.

The time is short. If you have read this far, then you are interested in your city.

Why don't you file for our city council? Or, if you know of a well-qualified person, encourage him (or her) to offer their time and talent to the city.

partly, led by Governor Candidate to force the question on the ballot. It would change the vote required to approve a vote-referendum from a majority to a majority-voting on the question. Courts have interpreted the existing Constitution to mean a majority-voting in the election must approve Con-Con to call one.

The chief reason behind the party opposition to the ballot proposal is that neither Republicans nor Democrats would be assured of a clear majority of delegates under its selection method.

Other opposition to proposal three ranges from doubts about the cost of a Con-Con (estimated at from \$2 million to \$3 million) to fear that special Constitutional protection would be lost.

There is also the predictable inclination in some quarters to cling to the status quo.

The only safe assumption at this point is that win or lose, proposal number three on the Nov. 8 ballot is only the first round of the battle over Constitutional revision by the convention method.

The 1950 cash crisis and trends in state government indicate that more money is needed to operate existing and proposed programs.

Democratic leaders say that a sales tax increase would hit too heavily at low and limited income groups. They say an income tax— or some call it "a tax based on ability to pay"— would be more equitable.

Both political parties are divided on the issue. The liberal wing of the Republican party, led by Governor Candidate Paul D. Hagwell, and certain segments of the Democratic party, led by Gov. G. Mennen Williams, say that immediate Constitutional revision is needed.

But the conservative wing of the party, led by Gov. G. Mennen Williams, says that immediate Constitutional revision is not needed, and the proposal on the ballot is the quickest way to get it.

Expect Biggest Vote Ever Here Tuesday Presidential Race Top Drawing Card

More voters than ever before are expected to trek to the polls Tuesday to cast ballots for officers ranging from the United States president to the Oakland county drain commissioner.

According to Novi Township Clerk Hadley Bachert, only about 78 percent of the registered voters need cast ballots Tuesday to break the 1956 record presidential turnout of 2,177.

An upsurge in registrations this month in both Novi and Wilson leads election officials to predict a huge turnout.

Approximately 2,532 Novi residents, many of whom have lived in the township several years but never have registered before, are qualified to vote Tuesday.

In Wilson, which was part of Novi at the time of the 1956 election, a total of 741 residents are registered or approximately 75 more than were registered for the August primary.

Falls in both communities will be open at 7 a.m. and close at 8 p.m. Persons in line at 8 p.m. will be permitted to vote.

The 1959 cash crisis and trends in state government indicate that more money is needed to operate existing and proposed programs.

Such foreign buying of U.S. stocks could hold the Dow-Jones Industrials up while earnings and possibly dividends decline. But I now believe that there is no reason for the purchase or sale of active stocks for capital gains or tax losses.

Of course, we will know much more after November 8th. We then, however, should not judge the true effect of the election by what happens to the stock market during the first 30 days, but should have patience to wait a few months.

P.S. - Reading over my notes, I see that I made no mention of Spain, in which we spent ten days. We liked Spain and the Spanish customs. The hotels are good, the prices are reasonable, and the people are heavenly.

Furthermore, an American cannot get loose from his cause every streetcar and bus appears to be named "Coca Cola."

Hospital Still Open Despite New Crisis

There were plenty of smiling faces in Novi this week as a result of an announcement that collections had soared over the house-to-house Torch Drive goal of \$1,400.

"I'm real thrilled," Novi Chairman Mrs. George Merwin said this week. "The women (volunteer workers) did a beautiful job."

In announcing that the goal had been topped, Mrs. Merwin explained that these collections are an accurate count of the house-to-house collections because money is still being collected in the amount of \$1,400.

In Wilson, where there is no special Torch Drive, residents have contributed more than \$200, Chairman Mrs. Victor Noel reported. Money collected in the Communities township section of Wilson became part of the Commerce collection.

This year, collections in Novi hit an all-time high of \$2,750.43. The goal last year, minus the schools collection, was \$2,715.

Adopting a plan of action, the board decided that the hospital would absorb the difference between the \$14 Blue Cross payment and the actual charges to the Blue Cross insurance-holding patient.

Specifically, the board of directors agreed upon two steps to follow:

1. Contact Peoples Community Hospital Authority (see adjoining story) for a possible joint use of an area hospital authority, but new (see adjoining story) fell, blunting their enthusiasm.

For nearly six months A. M. Allen, president of the Community General Board of directors, and Community Administrator Calvin Merrill have been negotiating a move with 14 area governmental units to form a hospital authority.

This authority would then provide hospital care to Novi residents of the participating communities.

Initially, the group—which has held meetings in Northville, Novi, South Lyon, Wilson and Milford sought to put the proposed authority plan on the November 6 ballot.

The question of guaranteeing joint use of the authority hospital by both M.D.'s and doctors of osteopathy will receive accreditation of the American Hospital Association located at a stumbling block, however, Milford, Wilson and Novi, served predominantly by D.O.'s were especially insistent of this guarantee.

Wixom Assn. Aims Millage

The Wixom Millage Association will have a heavy agenda to plow through next Wednesday during its annual election meeting.

At the election, members of the four-year-old organization will consider and vote on a proposal to levy a millage rate on Wixom.

According to Association President Herb Abrams, the group's executive board recently submitted a petition to the township board of directors asking that the millage rate be approved.

Currently, the charter calls for an eight-tenths millage rate, but the township board has refused to approve it.

The township board has refused to approve it because it is a full-time job to collect the millage.

Wixom residents who are interested in the millage proposal should contact the township board of directors at 120 W. Main Street, Wixom, Mich. 48394.

The township board of directors will meet at 7 p.m. on Wednesday, November 1st, at the Wixom Community Center.

Lake Subdivision Plan Moves Ahead

Construction of a \$20,000 model house, first dwelling in the 100-acre lake subdivision known as Lakeview, will be completed by the end of this month.

The subdivision is located on the northwest corner of Nine Mile and Meadowbrook roads, is expected to consist of 100 lots, each one-half acre.

According to Kenneth Wurm, subdivision coordinator for the Suburban Development Company of Detroit, the first to be built is the model house.

A total of 147 homes eventually will be built on the subdivision lots, which will be sold in lots of one-half to one acre.

Wurm said the model will be set to a date for a public hearing on the zoning change request.

To be called the Meadowbrook Lake subdivision, the development is shaped something like a flag with a short wide pole. The pole represents an entrance to the property from Nine Mile road. The flag extends along the west side of Meadowbrook more than one-half mile and extends nearly one-half mile west of Meadowbrook.

The lake itself will be part of the subdivision's recreational facility. It will be 100 feet wide, 1/2 mile long and will be surrounded by a walking trail.

Maintenance of subdivision facilities will be controlled by the subdivision's homeowners association.

about WOMEN

FROM—NURSERY SCHOOL—TO ADULT EDUCATION

EVERYBODY GOES TO SCHOOL. —As the poster held by American school teachers, Miss Karin Watia (left) and Mrs. Dorothy Smith (right) attest, students of all ages — "from nursery school to adult education" — will be sharing the limelight during American Education Week, November 6-12. Northville public schools will open their doors to parents Wednesday and Thursday evenings next week in open houses being planned by a P-TA and teachers' committee headed by Miss Watia and Mrs. Smith. (See Page 1 story.)

Club Women Slate Local Travel Team

Beatrice and Harold Putnam will gladly illustrate and contact with colored slides from their recently published book, "North to Adventure in Michigan's Upper Peninsula", at this Friday's meeting of the Northville Women's club.

The Putnams work as a writer-photographer team under the name of Putnam Feature Services of Detroit. This is the first book they have published entirely on their own.

They have also produced "We Fell in Love with Keweenaw", the illustrated story of Michigan's Copper country.

"Dynamic Detroit" was designed and written by Beatrice Putnam for a Detroit publisher. She has also done three editions of the South-eastern Michigan vacation guide.

The Women's club will meet at the public library Friday afternoon.

Roles Cast For Seniors' Class Play

That old refrain, "Oh, I'll never be able to memorize all these lines!" is filtering through the corridors of Northville high school once again as 22 seniors set their minds and memories to the dialogue of John Patrick's play, "The Curious Savage".

The hilarious, 3-act comedy chosen as this year's senior class play will be directed by Miss Florence Panantoni. It will be staged two evenings in early December.

Denny Tompkins, Laura Darrell and Janice Campbell are student directors.

"The Curious Savage" contrasts life in The Cloisters, a rest home for the mentally disturbed, with the money-mad life of the outside world. It is to be overshadowed by humorous incidents as the play's truly poignant moments when the patients' problems are revealed in a sympathetic vein.

Sharon Hensch and Corinne Bertoni have been cast as Mrs. Savage, Lily Belle, Tulus and Sammie. Mrs. Savage's three children, will be depicted by Barbara Rumley and Carolyn Langtry, Mike Adas and Dave Sprink and Gary Kohl and John E. Alexander. Portraying Florence will be Connie Springer and Sharon Johnson.

In other roles are — Sam Chizmar and Don Lawrence as Hamibal, Glendia Clarke and Racena Bailey as Lily Belle, Tulus and Sammie, Mrs. Sprague's three children, will be depicted by Barbara Rumley and Carolyn Langtry, Mike Adas and Dave Sprink and Gary Kohl and John E. Alexander. Portraying Florence will be Connie Springer and Sharon Johnson.

SCOUTING MEMORIAL — Some 150 Northville girl scouts and their leaders gathered at Cass Denon park Saturday afternoon for a three-fold scouting celebration capped by a special tribute to the late Mrs. Alex (Jeanette) Lawrence, an instrumental leader in local girl scouting. Accepting a framed girl scout sashette presented in the late Mrs. Lawrence's honor is her mother, Mrs. Belle McCall (center), who later presented the memorial to Mrs. George Zerbel (right) for keeping in the scout building, Mrs. George Chabot (left) also spoke. The occasion honoring the 100th birthday of Juliette Gordon Low — founder of the national scout movement — and local scouting pioneers also marked the beginning of a three-year Birthday Years celebration from 1960 to 1962.

KITCHEN DIARY

Baking Ideas Stand Test of Time

Raisin tarts and fudge cake, made according to her own special recipes, have given Mrs. E. C. Wellwood, 630 East, a lot of good service since they've been in her baking repertoire.

Her easy to prepare recipe for tart filling will make enough to brim from six to eight of your favorite tart pastry shells.

Mrs. Wellwood's rich-textured, chocolate fudge cake is at its best when topped with her own chocolate filling — icing, chopped nuts blended into the frosting process.

Scout Leaders Meet

The Girl Scout Leaders' association will hold a workshop Wednesday, November 9 at the Scout building, from 9:30 a.m. to 2:30 p.m.

Mrs. Ken Collinson and Mrs. Clifford Larsh of Wayne will conduct the workshop.

Leaders planning to attend should bring a noon lunch. Coffee will be served.

FUDGE CAKE

- 1 cup sugar
- 2 tablespoons cocoa
- 1/2 cup butter or shortening
- 1 egg
- 1 teaspoon salt
- 1 teaspoon soda
- 1/2 cup buttermilk

RAISIN TARTS

Mrs. E. C. Wellwood

- 1 cup raisins
- 1 cup brown sugar
- 1 egg
- 1 tablespoon butter
- Nutmegs
- Flavoring (vanilla and cinnamon)

Cook raisins in a little water until soft; let cool. Combine eggs, flour, brown sugar, butter and nutmegs. Add raisin mixture. Fill tarts and bake at 350 degrees until filling bubbles.

Like so many who were at Van Cillburn's Monday evening concert, your reporter and spouse were prompted by curiosity, for the most part, to get tickets for the long-heralded performance.

Van Cillburn did play Liszt's B minor Sonata — in observance of the 100th anniversary of the composer's birth — as well as Samuel Barber's Sonata, Op. 26 and Rachmaninoff's Sonata, No. 2 in B-flat minor.

Van Cillburn's piano artistry has been favorably and not so favorably reviewed by American critics since he returned from his award-winning musical triumph in Russia to play before home-grown audiences.

We don't pretend to have any fair yardstick with which to measure the talents or techniques in his work; nevertheless, we were impressed by Van Cillburn's tremendous power and the way he contrasts his forceful interpretation of some notes and passages with the lightest, most delicate touch on others.

And his stage presence was unimpeachable. His first encore was expected, his second less so and the third appeal by audience applause caused the artist to relax his formal manner and rigid stance. He looked a little bewildered and then brought his hands slowly to his chest, hesitated, extended them to the still-clapping concert goers and rushed from the stage.

Hussell Pemberty, a former Northville resident now living in Wayne, was flown to Hollywood recently to appear on "About Face".

He was rushed to the West Coast television program to surprise his sister, Marge Diamond, who had not seen him in 16 years.

Pemberty is the son-in-law of Mr. and Mrs. Marvin Tibble of 5600 West Twelve Mile road.

Van Cillburn, a spinlyer, boyish-looking pianist who dominates a Steinway as though he had been born with one at his fingertips, gave the first of three area concerts in Ann Arbor's Hill Auditorium Monday night.

The six-foot plus musician complete with white tie and tails commanded applause from his eager audience the moment he swept through the door at the wings and onto the concert hall stage.

Little expression showed in the angular features of his slender face as he acknowledged the audience's plaudits by slight, bowing to the patrons out front and those seated in chairs around the back perimeter of the stage.

He took his place before the piano, his back rigidly straight and his hands poised over the keys. The murmurs of the audience grew silent.

The bushy-haired artist struck the opening chords of his first selection — the Lullaby, the first to hear the strains of Liszt's Sonata in minor, scrambled to his feet, first in his stance and then standing at silent attention.

Van Cillburn had caught his listeners off guard; he was playing the Rach Spanglied Bannier.

THEY LIKE SPORTS — Dr. and Mrs. Arthur Basel occasionally practice archery in the backyard of their home at 39710 Haggerty court. The Angus newcomers, pictured with their sons, Dean, 5, and Mark, almost 2, moved from Spring Lake near Lake Michigan. He is a resident psychiatrist at Northville State hospital.

Dr. and Mrs. Arthur Basel — a she hasn't dabbled in it recently for fear her youngest son might join her — with devastating results.

Although the Basels have for a long time thought the Northville locale pretty — they drove through the area when he was studying in Ann Arbor — their future home naturally depends on the opportunities open to Dr. Basel after his residency at the state hospital.

Wherever they finally settle, they hope there'll be a navigable lake or stream nearby, preferably with fish in it.

Scouts to Camp Out

A weekend campout has been slated by Boy Scout Troop 731 for this coming Friday, Saturday and Sunday. About 20 scouts will go to Ralph Ray's cottage at Sandy Bottom near South Lyon. Jake Morgan is the troop scoutmaster.

The canoeing, fly casting, sailing and archery enthusiasts were actively resubscribing to native American soil in East Lansing. They had just returned from a two-year sojourn in Japan while Dr. Basel was in the Army.

3 Arrested For Fighting In Novi Bar

Three Walled Lake men were arrested Saturday and charged with disorderly conduct as a result of a fight at Otto's Bar.

Arrested, jailed and later released on bond to appear in court today were Leonard McInosh and his sons, Edward and Elma.

According to police the three men were involved in a fight with Mr. and Mrs. Jack Fox of East Lake drive. Mrs. Fox and James Avuli, a bartender who attempted to break up the fight, suffered serious head cuts and were treated at Community General Hospital in Northville.

According to police, Edward McInosh suffered a hand fracture and was treated at Pontiac General Hospital.

Other police and fire department action last week included: A furnace motor fire at 46994 Mott shortly after 9 p.m. Monday; and a grass fire at 2919 Novi road Sunday afternoon.

Four complaints of hunters trespassing on private property while hunting Sunday. A complaint that pranksters Saturday night placed a table, chairs and a dog on the roof of a barn owned by Jack Anglin, 42750 Grand River.

According to Police Chief Lee BeGole, Halloween was the "quietest" I've seen in Novi for seven years. There were only a few scattered reports of minor vandalism, he said.

—FOR SALE—Real Estate
When I return in early 1961, soon after Robert Cole has completed his last round of removing your snow (a fine and economical program), I will continue to extend to you my services with that usual "ZIP" that you expect and receive from me as YOUR real estate man. I would just love to work for you in 1961. Please keep me in mind.

Again—Thank You and a pleasant good-bye.

Top State Democrats Rally Here Saturday

Northville will be visited by a full slate of the Democratic party's leading state candidates Saturday night - the first time either party has sent its complete roster of candidates to the community during the current campaign.

L. Gov. John B. Swainson, candidate for governor, will head the list that includes U.S. Senator Patrick V. McNamara, Congressman Martha Griffiths, State Senator Raymond Dzendzel and Harvey J. Beadle, in addition to most of the administrative board candidates.

Others candidates expected to attend the rally are Lesinski, Secretary of State James Hare, Treasurer Sanford Brown and Auditor General Ole M. Smith. Circuit Judges Theodore Souris, Nathan J. Kaufman and Judge of Probate James H. Lincoln will also be on hand.

While Swainson is expected to give the principle address, all candidates will speak. Informally will be the keynote with refreshments and music accompanying the rally. Master of ceremonies will be Dr. George Bennett, chairman of the Northville Democratic club.

New Planner Appointed At Wixom

Thomas Ludlum, 1550 Magnesser, in Wixom's Birch Park subdivision, was appointed to the Wixom city planning commission Thursday.

Ludlum, who was recommended by Mayor Donald Brooks and unanimously accepted by the council, replaces Del Bourgeois, who submitted a letter of resignation two weeks ago.

In other business Thursday, the council transferred \$1,579 from various department of public works funds to the road paving fund.

Originally, the road paving fund contained \$16,000. However, the recent transfer of \$6,000 left only \$10,000 - which was not sufficient to cover the summer road paving cost of \$13,669.

A portion of the next regular meeting of the Wixom council, to be held on November 21, will include a joint session with planning board members.

The meeting will begin at 7 p.m.

Blue Cross Reduces Aid

(Continued)
Both of the latter admitted that doctors had been less than efficient in keeping their medical records on patients but pledged that this could be improved immediately.

Members of the board attending the emergency session favored approving Peoples Authority first because administration there would solve financial problems and probably provide for future expansion to new, larger facilities.

For several months representatives from 14 area communities have sought to form a hospital authority.

OK's DO's

Last week it was announced by Peoples Community Hospital Authority - the organization after which the local proposed authority would be patterned - that after November 11 osteopaths will be permitted to practice in their hospitals.

The news was greeted by Allen and Monfils as the solution to their problem. Despite the set-back at Community General, it may well lead to a hospital authority vote in April and the long-range solution to area hospital needs, Allen and Monfils believe.

Action by the Peoples Authority recommending admission of D.O.'s was taken by the Medical Advisory committee last week. The board of directors of that authority (which includes Beyer, Annapolis and Outer drive hospitals) will meet November 11 to amend their medical staff by-laws.

Kenneth Gremore, executive director of the Peoples Authority explained the action:

"The Joint Commission on Accreditation of Hospitals recently adopted the requirements of the American Hospital Association which now makes it possible for hospitals to admit Doctors of Osteopathy to practice on the Medical Staffs of Hospitals that are already accredited," Gremore said. All Peoples Community Hospitals are accredited.

"What all this means," Gremore added, "is that after the board adopted the by-law change at the November 10 meeting applications will be taken from osteopaths to use our hospitals. These doctors will go through the same screening process as medical doctors. Their credentials will be thoroughly checked to see that they measure up to our standards. Once they are okayed, they will be granted the privilege of using Authority hospitals."

Although all stumped by the Blue Cross action this week, it is anticipated that Allen and Monfils will continue the authority plan effort.

If efforts to join the Peoples Authority fail (see other story), chances are the area authority plan will be continued. Area communities include South Lyon and Lyon township, the village of Milford and Milford township, the village of Novi and Novi township, the city and township of Farmington, the city and township of Northville, Plymouth, Salem, Wixom and Livonia.

Earlier in the day, the March of Dimes volunteers held reports on activities planned for the January drive.

George Kuhn, mayor of Berkley and chairman of the 1961 Oakland county March of Dimes drive, outlined to the group a series of activities which will include a "Telefund" bowlathon, teenage program and the Mothers' March January 31.

Penalties Handcuff Wolves As Mustangs Claim 7-0 Win

Northville to Host Trojans Tomorrow

Even after eating a steak and all its trimmings, little Willie Knox is still a midget among giants. But the pin-size Negro, who weighs only 126-pounds - 136 pounds lighter than his heaviest Clarkson teammate - demonstrated Friday night why Coach Tom Traylor handed him a starting backfield position. Flashing through the Northville defense like an electric blue streak, Knox almost single-handedly led the Wolves to the doorstep of victory. But fortunately for the Mustangs the Wolves were handcuffed by a mountain of penalties that cost them the victory. Northville was 7-0 in the final quarter as they dominated the Trojans in the second quarter. The Wolves were victorious in the first half of the game, but they were held to a 7-0 lead in the second quarter. In the second quarter Northville scored a touchdown on a 15-yard pass play by quarterback Tom Traylor to a wide receiver. The Wolves were held to a 7-0 lead in the second quarter. The Wolves were victorious in the first half of the game, but they were held to a 7-0 lead in the second quarter.

In Cross Country Race Jerome Wins Third Place To Qualify for State Meet

Northville's fleet-footed cross country star, Phil Jerome, finished third in a field of more than 100 runners in the regional meet last week to qualify for the state championship race at Eastland Saturday. The state meet will be held at Washburne Country club beginning at 10 a.m. Last week's contest, held at Farmington, included 185 runners from 15 Class B schools in the Metropolitan Detroit area. The Mustangs placed 12th. Finishing behind Jerome in order were five Northville runners: Ivan (Chips) Ely, Mike Adams, Mike Daleo and Dave Elkin. Jerome's outstanding performance in the regionals, capped a short but brilliant racing career at Northville who has been pleased with his team performance during these two "building" years, is quick to commend Jerome's hard work during practice sessions. Hard work obviously paid off too. For Jerome sped to first place in a triangular meet, first in both West Bloomfield matches, first against Clarenceville, first against Riverside and second in a field of 35 runners in the Wayne-Oakland league match. Although the Northville team's record this season has not been outstanding, it may be considered exceptional in light of the experience and strength of opposing squads.

Novi 11 Wins Over Dublin Here, 13-7

Maybe once in a season the home team pulls a game out of the fire. And sometimes when that happens, normally quiet fans shed all modesty and scream 'til their lungs hurt. Happily, that's just what happened at Novi last Thursday afternoon. Trailing a tough and heavy Dublin junior high eleven with less than 30 seconds to play, Novi recovered a fumble and raced to a 13-7 victory. "It was a terrific game," Novi's elated Coach Gail Perkins said afterwards. "The boys played a wonderful offensive game, even though they were still weak on defense."

Grid Prize Finally Goes To Pro

Well, it was about to happen! The "amateur" football prize had to be beaten by the "professionals." And last week's winner of the football prize was Al Jones, athletic director at Northville high school, and a former head coach of the Mustangs C. R. Ely's. Jones enters every week and is always close, but this was his first win this year. Always loyal to his alma mater, Michigan State, he came out on top despite picking the Spartans to defeat Ohio State. Novi Fullback Tim Krug plunged through the Dublin line and crunched into the ball carrier, knocking the ball to the ground. Clark closed behind Hallback Mark Ross, who scooped up the ball and galloped 25 yards for the winning touchdown.

Colts Win Easily, 25-7 At Brighton

Northville's junior varsity eleven lost no time last week in demolishing the Brighton Bulldogs 25-7. Haliback Jim Jiggins launched the Colts' offensive attack by crashing over for a touchdown after his team had marched to the five-yard line.

In the second quarter quarterback Don Biery grabbed a Brighton punt and galloped 70 yards through a host of would-be tacklers to notch Northville's second touchdown.

The Northville quarterback came back in the third quarter with a brilliant 89-yard TD on a quarterback sneak.

To wrap up the attack and the victory Biery fired a pass to Haliback Gary Stobbe who raced unmolested for the touchdown.

Correction!

The Northville Colts defeated South Lyon two weeks ago, not West Bloomfield as reported last week.

Normally, Northville plays each of the WO league junior varsity teams on the Tuesday following the Friday varsity game. However, since West Bloomfield does not have a junior varsity team, the Colts played against South Lyon.

The Wolves moved 10 yards on the first play, but picked up their first 15-yard clipping penalty of the evening.

Then, forced to punt, Clarkston turned the ball over to the Mustangs and picked up another 15-yard penalty for pass interference. On the next play, Clarkston covered a Northville fumble and began a drive to the Northville 40. Then another 15-yard penalty, a punt, and Northville took possession on the 20.

Northville moved backwards to the 25 and finally punted.

Northville Fullback Joe Hoy intercepted the ball on the end of the first half - and after another 15-yarder against Clarkston. Then the Wolves intercepted, splattered backward to their own 30 and punted.

The Mustangs were crouched on the Clarkston 25 when the half ended.

Midway through the third period, after first losing the ball on a fumble and then taking it back on a Clarkston fumble, Northville moved to the Clarkston 46.

Then Northville End Jim Petrack grabbed a pass over his shoulder from Quarterback Steve Joday and galloped past the Clarkston defense for the lone score at the game. Fullback Bill Trotter booted the extra point.

Clarkston bounced back with its longest drive of the game. Starting from their own 36, the Wolves pushed to the Northville 5 with Fullback Knox leading the way. During this 59-yard drive, Clarkston was tagged with 15 yards in penalties, including a 15-yarder at the Northville 13.

Short of first down by only three yards, Clarkston lost the ball to Northville on the 5.

The Mustangs moved to the 17 and then kicked on third down, to the Clarkston 47. The Wolves' quarterback tried to save time and to catch Northville off-guard by calling plays from the line, but the maneuver failed and Northville took possession seconds before the game ended.

The Northville victory wrapped up the season.

DEFY GRAVITY - Clarkston Fullback Darrell Williams and an official seemingly defy gravity in the picture above. Williams picked up nearly 18 yards in this fourth quarter end run, but the play was nullified by an offside penalty.

OUT OF THE FOG

As the Clarkston-Northville game neared the end Friday, a heavy fog drifted across the field, hiding much of the gridiron action from the fans. In the picture above, Quarterback Steve Joday swept around end and out of the fog for a substantial gain. The Mustangs edged the Wolves 7-0.

TWO CITIZENSHIPS

The Christian is a citizen of two realms—the kingdom of God and the kingdom of man. By the acceptance of Jesus Christ as Savior and Master, the Christian establishes his allegiance to the Christlike God. He becomes a member of the fellowship which Jesus described as "the kingdom of God." Encumbent upon each member of this "kingdom" is the responsibility to follow God's commands, for He is the King.

Man is also a member of the kingdom of man. It is a commonly accepted fact that by virtue of his birth or naturalization a man is a citizen of a country. In this relationship he is subject to the rules and regulations of the government which is the object of his allegiance.

The kingdom of God receives its directives from God; the kingdom of man receives its directives from the consent of the governed. The kingdom of God, though in the world, is not of the world. The kingdom of man, on the other hand, is in the world and of the world. As a citizen of both kingdoms, this dual relationship presents the Christian with a perennial problem no matter of what nation he is a citizen. The responsibilities thereto are just as real and vital for citizens of "free" countries as for citizens of "enslaved" countries.

Jesus dealt with this problem when, in answer to those who sought to irritate Him by asking—"Is it lawful to pay taxes to Caesar, or not?" He replied, "Render unto Caesar the things that are Caesar's, and to God the things that are God's."

It is clear that Jesus recognized that man's "bondage" relationship—both with God and with man—involves responsibility. From his later encounters with the Roman government, we also know that He did not at all points agree with the government. In the presence of these differences, He neither compromised nor used any form of physical coercion to counteract the will of the government for His own advantage.

The power and procedure of the Christian witness in dealing with this problem of one's relationship with God and government has always been faithfulness in fellowship with the Christlike God and faithfulness to the ideals and motivations which stem from such relationship. We have no way of measuring the impact for good in the history of our own country if this Christian witness borne out in the selections made by the individual in the privacy of the polls and, in turn, in the decisions made by those elected to office. However, by faith, we have reason to believe that these witnesses, when borne, have helped greatly to make our country a champion of democratic freedom.

A Christian citizen, exercising his God-given franchise to vote in the coming elections, may do well to take with him to the polls a continuing conviction that one's relationship with God is of primary importance to one's relationship to government. That bigotry can only blind one to the fact that there is a difference between sectarianism and religion, and that the future of all we hold dear rests, as in the past, with the integrity of the individual in matters of selection and service.

EXPERIENCE COUNTS

RICHARD NIXON
 Eight years' experience in the President's Cabinet... in the National Security Council... in the United States Senate

HENRY CABOT LODGE
 Seven years' experience as United States Ambassador to the United Nations... "America's Voice to the World"

There is hardly a man alive with a better working knowledge of Communism and its threats than Henry Cabot Lodge. As America's highly respected spokesman at the U.N. for the past seven years, the Communist challenge has been his primary concern. And time after time, in his forceful and articulate manner he has thwarted Communist attempts at world domination.

There can be no more important issue than world peace. And once again, because experience counts, Henry Cabot Lodge is Richard Nixon's perfect partner for peace.

VOTE for NIXON and LODGE:
 they understand what peace demands

Symphony To Sponsor Belafonte Night

Harry Belafonte will definitely be the man of the hour on Friday, November 18, when the Plymouth Symphony League sponsors "An Evening with Harry Belafonte" at the Riviera theatre.

His songs fall mainly into three categories: "Moods of An American Negro", which includes such favorites as John Henry and The Marching Saints; "In the Caribbean", calypso songs such as Day-O and Jamaica Farewell; and "Round the World", in which he sings Danny Boy, Shenandoah, Matilda and many others.

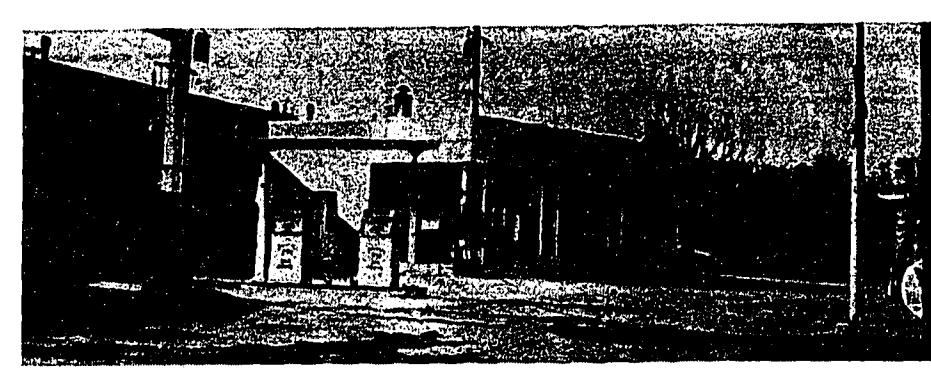

Tickets may be reserved by calling Mrs. William B. Covington (GL-3-2224), Mrs. Guy Stephens (GL-3-7084), or Mrs. Raymond Tyson (GL-3-6009). Choice seats are still available.

But Willses See Easier Times Ahead Pioneering is Back-Breaking Work

With nearly two years of back-breaking work behind them, Northville's pioneering Wills family are beginning to "see the light through the dark".

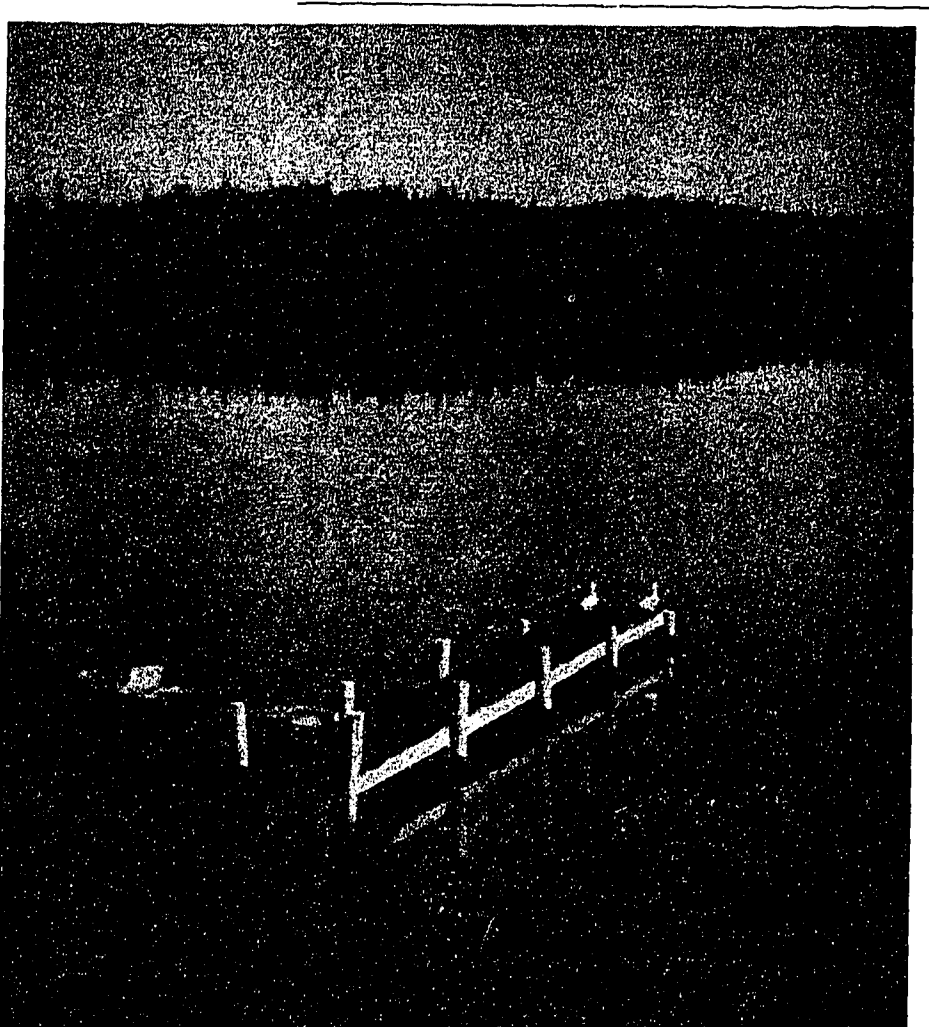

CROPS ARE GOOD - Although he is a transplanted factory worker by trade, young Jerre Wills quickly learned about farming when he and his family moved to Alaska. Here in the wilderness of the Kenai peninsula, family survival is dependent a great deal upon home-grown foods.

Completed, Mr. and Mrs. Jerre R. Wills and their four young children can look forward to a far less hectic winter.

The Wills and three of their children moved to Alaska early in 1959 with the now famous "Fifty Niners" caravan from Detroit. They soon parted ways with the main body of pioneers and settled on government-owned land near Kenai, on the lonely Kenai Peninsula.

This land will become the property of the Wills once they have cleared it off of trees and turned the virgin land into a productive farm. Not too far from their cabin and the little house trailer they moved to Alaska from Northville is a productive vegetable garden which supplies the family with much of its food throughout the year.

LAKE REFLECTION - Northville's pioneering Alaskan family have a large beautiful lake on their homestead property which they have appropriately named Lake Reflection. Because the negative was in color, the picture loses much of its quality when printed in black and white.

Pupils Learn Fundamentals By Conducting Own Election

Elections aren't just for adults! The future voters of our nation can become just as excited and enthusiastic about our democratic system of choosing leaders as their parents.

This was effectively proven at a "political" rally conducted at Arman elementary school last week when a slate of candidates for student council presented campaign speeches to their electorate.

But the program was more than fun. It helped the pupils with the fundamentals of voting.

Last week's rally was chairmaned by Jimmy Peterson, shown in the top picture below addressing the rally while the various "campaign managers" look on. In the lower picture the students "whoop it up" for their favorite candidates.

At right are the candidates and their managers with Miss Kerla Waila (center), fourth grade teacher and student council sponsor. It was Miss Waila's idea to conduct the election to give the youngsters actual experience in the activity.

Candidates for the student council officers were: Ted Budge, Glenn Deibert and Doug Dingwall, president; Donald Beller, Susan Jensen and Susan Murray, vice president; Bonnie McKinney, Mike Reed, Peggy Willis and Susan Wendehoff, secretary.

The election was held Tuesday. The pupils also cast ballots for their favorite candidates for President of the United States and Governor of Michigan. For results of their vote, a story appears elsewhere in this edition.

Michigan Mirror
Dick, Jack Eye State Vote

WHO WILL get Michigan's 20 electoral votes for president after the Nov. 8 general election?
Whether it's Republican nominee Richard M. Nixon or Democratic hopeful John F. Kennedy, the winner will have worked hard for the prize. Both have made Michigan a major target of campaigning — both in person and by delegation.
The political party's aim in an election is, of course, to elect as many of its nominees as it possibly can.
But since a cental ride on the popularity of a ticket-leading presidential candidate counts just as much as a win by personal voter getting power, the drums beat loudest for the man shooting for the White House.
A candidate for the Congress, governorship, legislature or any other office might, in other words, pick up votes through the appeal of a popular presidential candidate.
Rarely, if ever, would the reverse be true with the presidential hopeful picking up votes through the popularity of a local candidate.

At any rate, Michigan will have had a good look at both Kennedy and Nixon by election day. Each planned three or four visits to the state.
In addition, a flock of lesser lights from either party has made the Michigan tour.
Included in the prestige-laden group were United States senators of both political faiths, a fair number of U.S. representatives, several cabinet members and some relatives of the candidates.
Republican vice presidential nominee Henry Cabot Lodge missed out on being in the parade but, he was to appear later. Democratic Sen. Lyndon B. Johnson, Texas, who holds the nod for the number two spot on his party's ticket, had fallen to schedule a Michigan visit two weeks before the election.
The multitude of distinguished visitors was a mixed blessing to Capitol men.
They haven't lacked for news to cover, but on some occasions, they have needed to be in more than one spot at a time.
Local party workers also have had their problems. They're the ones responsible for turning out a crowd of the appropriate size when a party bigwig drops by.
Perhaps Henry Ford, the father of the assembly line technique and last known to the car that bears his name, should also get credit for inventing the supermarket.
This interesting observation has been offered by a pair of Michigan State university men in University publication.
Stanley C. Hollander and Gary A. Marple contend that Ford's "communitarianism" of the period of the 1920's incorporated many of the features of the modern super-

Council to Air Landfill Issue Here Tonight

Should a license be granted to the Wayne Disposal company for establishment of a landfill off 12 Mile, east of Novi road?
This is the question which will face members of the Novi village council tonight in a public meeting at the community building.
The meeting will get underway at 8 p.m.
If past meetings on this subject are indicative of things to come, two opposing forces are certain to generate plenty of heated demonstrations tonight.
On the one hand is the village council which is determined to establish a landfill — even if it must take the matter back into the court. On the other hand is a large group of 12-mile area residents equally adamant in preventing establishment of the landfill.
Although both groups probably will voice opinions tonight, the meeting is not intended to be a debate. It is a result of a request by the

Torch Drive Falls Short Of Total Goal

What hope officials of the local Torch Drive campaign had in toping both the house-hoouse and the commercial goals have been discarded.
Mrs. George Merwin, chairman of the Torch Drive campaign reported this week that there is little chance of meeting the total campaign goal of \$2,000.
With money still coming in, the total house-hoouse collection has spilled over the top of the \$1,000 goal by more than \$50. Mrs. Merwin stated, "But even with this significant gain, we have fallen short of the total goal because of a shortage in the commercial and industrial drive," she added.
Only \$533 of the commercial and industrial goal of \$1,000 has been collected.
Mrs. Merwin pointed out that two or three large businesses which had made generous donations last year were unable to make similar donations this year because of slow-ups in trade.
Nevertheless, the chairman indicated that she was pleased with the general response in these areas, particularly in small businesses.
And above all, she expressed a deep appreciation for the volunteers who helped her make the 1960 campaign at least a partial success.

VICTORY SMILE — Victory at the polls was on the mind of Governor-Elect John B. Swanson (left) when he finished this salute Saturday night at the Democratic rally in Northville. Councilman Anderson Praises Novi Blood Bank

"We will be eternally grateful to the Novi Blood Bank for the help they gave us last summer," said Councilman Philip Anderson this week in hopes of spurring interest and help for the upcoming blood bank program here.
Anderson's bouquet to the blood bank referred to the aid he received last summer when his wife suffered a hemorrhaging ulcer.
"I took my wife to the hospital at noon and the doctor said she needed blood right away. I called Mrs. Fried of the Novi bank and in just a few hours my wife was getting that blood."
"I can't say enough for the help they gave us — and for the speed in which they provided the blood when we needed it. We'd really like to donate blood ourselves but they say we are too old."
"Fortunately, residents of Novi who are unable to contribute blood are still able to use blood from the local bank," Mrs. David Fried pointed out.
But, she added, response to the call for donors during the blood bank drive next week Friday has not been good.
"We need blood desperately to build up our bank," Mrs. Fried said. "All persons who wish to contribute should call one of these people in their area: Willowbrook area, Mrs. Lester Ward, GR-4465; Clerk subdivision, Mrs. Paul Zielinski, FI-6097; Orchard Hills, Mrs. Robert Harvey, FI-6488; Echo Valley, Mrs. Albert Albertson, FI-6402; and all other areas, Mrs. Alvin Cline, chairman of the bank, GR-7231."
According to blood bank officials, any person in good health from the age of 18 through 59, and weighing at least 110 pounds is eligible to donate blood.
Persons between the ages of 18 and 21, except those who are married or in military service, are required to have the consent of parents or guardians.
To assist those persons who wish to contribute, a baby sitting service will be provided at the community building throughout the day-long bank drive. In addition, the Novi Cab company will provide free transportation for blood donors.
The bank drive will be conducted between 2 and 4 p.m. and 5 and 8 p.m.
A report by Village Attorney Howard Bond that the owner of property located at the southern edge of Novi road could legally and properly position the board of appeals to grant a variance in zoning to permit erection of a lumber yard depot.
A unanimous vote, upon the recommendation of the Novi police chief, to recommend to the Michigan Liquor Control commission that the name of Doris Johnson be dropped from the liquor license at Lakeview Grocery, leaving Morris Lappe as the sole owner.
Residents living along these streets and roads will be able to apply for gas service as soon as the lines are installed.

Wixom Council Meets Tonight

Wixom councilmen will attack a piece of old business when they meet tonight at the city hall.
Among the old matters on tonight's agenda are:
— Speed limits on Potter road; a trash collection contract with Gus McCree; and a discussion concerning the fire and ordnance. New business included on the agenda includes:
A Bell Telephone representative will report on a telephone for the new city hall; John Emlyson, assistant to the mayor, will report on the installation of a general telephone at the new city hall; and a discussion and possible action on McCree's performance bond which is up for renewal.

Holy Cross Moves To New Location

Services for the Holy Cross Episcopal Mission will be held in a new location beginning Sunday morning.
The new location is the Novi community hall (formerly The Town) located at the northeast corner of Meadowbrook and 10 Mile roads. Previously, services were conducted in the Novi Middle school hall.
The Rev. G. Burton Hodgson, director of the department of Christian education for the Episcopal Diocese of Michigan, will be the guest minister Sunday. The junior choir of St. Andrew's Episcopal church of Livonia will perform.
Church services begin at 11 a.m. with church school at the same time. The school includes classes for all age groups.
It is the hope of the Mission families that these new and larger facilities will better enable them to serve the needs of the community.

3,098 Cast Ballots
Novi, Wixom Vote Sets New Record

Close to 90 percent of the qualified electors in both Novi and Wixom turned out Tuesday to shatter all voting records in the two communities.
In Novi, 2,433 of the 2,752 registered voters cast ballots, while 665 of the 741 registered voters in Wixom turned out for the election.
Politically, the presidential election failed to produce any significant trends in the two communities. The Republican stronghold in Novi ignored the state and national picture and supported every Republican on the ticket. Wixom, on the other hand, voted Democratic.
Probably the most surprised of the two parties were the Democrats, who had predicted the overthrow of the Republican fortress in Novi because of the record vote. Most Democrats felt that a heavy vote meant a swing to their banner.
As usual, Precinct 2 in Novi (that area lying north of 11 Mile road) produced the greatest number of Democratic votes — but the Republicans continued to hold the edge.
Precinct 2 voters gave Democrats a narrow edge in three races, secretary of state by 41 votes, attorney general by two votes, and state treasurer by a single vote. Republicans won all other seats in both precincts.
Democrats won all seats in Wixom. Of all the races, the most surprising probably was for state representative where Democratic incumbent S. James Clarkson lost in Novi to Republican newcomer Raymond L. Baker, 1,307 to 1,007. Clarkson was expected to pick up many Republican votes because of the part he played in securing a state park for Novi.
Vote results for both Novi precincts and for Wixom are shown below. Winning candidates appear in caps and first in each race.

Novi Council Rezones Taylor Land

A portion of the property owned by Dr. and Mrs. James W. Taylor at the southeast corner of Novi and 10 Mile roads was rezoned to a C-2 classification Monday night.
Under an agreement with the village, the county must return the road and bridge to village jurisdiction after Novi road is completed — and the road and bridge must be in as good a condition as it was when the county assumed control.
The zoning amendment, approved unanimously by the council Monday to become effective in 30 days, includes only 200'x165' of the corner parcel. The area was originally zoned R-1.
With this new zoning, the Taylor plan now to finance the construction of a gasoline station which their son will manage.
The rezoning was originally requested by the board of appeals and the plan was taken before the council members and the planners were unsure just what use the Taylor planned for the property.
Later Dr. Taylor stated the property would be used for a gasoline station. The planning board then recommended to the council that the entire 3½ acre parcel be rezoned.
However, the council contended that to rezone the entire area could possibly involve an undesirable business to establish on the property not used by the gasoline station.
Dr. Taylor agreed then to go along with the council's recommendation that only a portion of the property be rezoned. The property surrounding the newly rezoned land will remain the same.

Plan Gas Lines Along 25 Streets

Construction of gas lines along 25 Novi streets and roads is expected to get underway this winter, Village Coordinator Harold Ackley revealed Tuesday.
Ackley was to mail permits to Consumers Power company yesterday, giving that company permission to begin immediate construction of these lines. The Novi village council gave its approval Monday.
Among the areas scheduled for gas line installation is a 1,000-foot line along 11 Mile road west of Taff. The new artery will tap into the main line along Taff road this year.
All other lines will be installed in the Walled Lake area, stretching from East Lake drive at 14 Mile road to South Lake drive at Bufling. The streets include:
Novi road, 13 Mile road, Endwell East Lake drive, South Lake drive, Duane, Degross, Shanrock Hill, Crows, Shawwood, Austin, Charlotte Elm court, Bernstadt, Hamilton, LeMay, Eubank, Hennings, Ponticello, Walfington, Walford, Monticello, Partridge and Herburn.
Residents living along these streets and roads will be able to apply for gas service as soon as the lines are installed.

NO EXCUSES NOW! — Officials of the Novi blood bank announced this week that in addition to a free car and driving service, free transportation will now be provided for those persons who donate blood during the annual campaign next Friday. Mrs. Virginia Yerlang, whose husband owns the Novi Cab company, has offered the free transportation. Shown above with one of the cabs and some of the campaign posters are Mrs. David Fried and Mrs. Lester Ward.

THOSE GOOD OL' DAYS — With the celebration of Veterans' Day tomorrow, former servicemen throughout the nation probably will pause a bit to retrace the nostalgic past. Some, like John Cockburn of 4849 Grand River, takes might even be tempted to try on an old duds uniform for the family. And trying on an old uniform takes plenty of bravery. In many cases, vets will find that the uniforms have somehow shrunk so that their limbs figure seem strangely out of place.
