OLY CHRISTMAS BAZAAR — Mothers' club bazaar workers Mrs. George P. Hanley, Mrs. Nell Suddendorf and Mrs. Dee Goto (l. to r.) will be able to show the fruits of many weeks' work this Saturday from 1-5 p.m. when the OLY Mothers' club opens its "Holiday House" bazaar in the church social hall. The mothers have been meeting every Tuesday evening to work on sale items such as those shown here.

Shopping Trip Reaps Gift Ideas

By Sharon Mazurek

CHRISTMAS SHOPPING — Still puzzling over just what to get each person on your Christmas gift list? Well, your reporter was in the very same quandry until she got out from behind the desk this week and went Christmas shopping right here in Northville.

The idea, to get ideas for "all sorts of things" to pass on to our readers. She set a \$10 limit and found a wealth of items that just might fill the bill for everyone on the typical shopping list — man, woman or child, young or old.

A NEW TWIST to the idea of glasses or glassware can be found in the wooden-handle Siesta Ware mugs or Thermo-Serve tumblers at Stone's Gable store. The mugs come in soft pastel tones, while the tumblers have novel caricatures and designs on them.

FOR REFRESHMENTS, there are inexpensive glass and California pottery chip 'n' dip sets, something the host or hostess might well need for holiday entertaining. Or a punch bowl complete with 12 cups is a thoughtful gift that's not out of your price range.

YOUNG ATHLETES go for equipment like the pros use, such as hockey gloves and shin guards or soccer sticks from Stone's well-stocked sporting goods department. Young graders will find plenty of gear for a regulation football and kicking tee.

YOU BUILD 'EM trains from the HO Hobby Train line give father and son a variety of railroad engines, cars and accessories that they build themselves.

OLD FRIENDS with whom you've weathered good times and bad can have the jump on the weather man with a three-way barometer that gives the temperature, humidity and barometric pressure.

FRUIT CAKES might be just the answer for the "little something" on your list. Sally Bell bakery has the one and two-pound sizes cheerfully wrapped in gay holiday bows.

LITTLE PEOPLE'S clothes from the shoppe named for the toddlers are cuter than ever. Sweaters run from infant to size 10 in button-ups and pullovers. Some are fashioned in soft pastels while the broad-striped bulky knits are a take-off on big people's sweaters and give the younger set the college look.

LOUNGING OUTFITS for little ladies with trim tapered pants and a saucy stock for come in colorful cottons and popular new shades in corduroy. They're priced from \$3.95 to \$7.95.

Even the wee-little pajamas have matching robes to go with them this year.

Two pair of mittens for the price of one is a special Christmas buy, especially when both pair are waterproof.

HOLIDAY HOSTESSES, young and old, will appreciate your thoughtfulness as expressed in brilliant red bouquets of roses or carnations or in a traditional Christmas poinsettia arrangement available at Lila's Flowers and Gifts.

IF YOU CARE about little remembrances for your wife, mother or grandmother, a holiday corsage of holly, greens and glittering tinsel is just the answer.

WALL PLAQUES to fit into every home's decorating scheme are also available. Mute but decorative are jazz musicians silhouetted against a contrasting background, or general oriental figures.

THE PERSONAL TOUCH can be achieved by having jewelry or silver pieces engraved. Charms and identification bracelets as well as your choice of silver-plated trays and serving pieces may be bought at Stone's Gable store.

Tweebury Jewelers and engraved with 24-hour service.

COLLEGE STUDENTS have to economize on time, so to help them you might consider a travel or alarm clock.

SOUNDS OF MUSIC in the strains of Christmas carols and other holiday tunes done by well-known artists are on sale at Ella Electronics. They have both long-playing monaural high fidelity or stereophonic LPs and 45's.

Popular cuts featuring vocalists, bands and Broadway musicals are available with about a dollar more for stereo.

THE SPECIAL MAN on your Christmas shopping list is in for a pleasant surprise if you choose your gift from such items as plaid corduroy vests, sport shirts in plaids, checks, prints and plain colors, or a smart pair of leather gloves.

Cliff links, tie bars and other jewelry are useful for young and older men. Or you might select a jewelry box for his accessories. And then again, maybe this is the year he'll be wanting a dapper, dark plaid fedora.

These are available at Freydl's Cleaners and Men's Wear.

CRYSTAL, the biggest splash in ladies' jewelry in a decade, spells the gift answer for many a weary male shopper. One, two and three-strand necklaces as well as combs, plectrums, bracelets and earrings made from shimmering crystal are available at Johnson's Jewelry and Gift Shop.

STOCKING FILLERS are plenty at Johnson's. For example, purse or wallet-size picture albums with colorful windows, key rings and chains, and a variety of inexpensive novelties.

SNACK SETS, the colorvision kind, made from plastic, are ideal for the so-called-watch-it set. Each comes with six plates and six cups.

Imported brass, copper and silver items are hard for the shopper to pass up.

FOR THE HOME, Schrader's has a rainbow of colored tone pillows to

TEACHER'S FAMILY — Posing before the plans in their new home at 4181 Quince drive, Orchard Hills, are Don and Bonnie Kuick and their girls, Rebecca, 11, Victoria, 3, and Deborah, 8. Kuick is an English teacher at Farmington's O. E. Dunkel Junior high school and is also vice president of the N.P.T.A.

Bonnie (Mrs. Don) Kuick has been shapless piece of yard goods into three daughters, Rebecca, 11; Deborah, 8; and Victoria, 3 — a new family in Orchard Hills. On August 1 they moved into the house at 4181 Quince drive.

During the six years Don Kuick taught at the Boys Republic in Farmington, they lived on school grounds. Now he's teaching English at Farmington's O. E. Dunkel Junior high school.

There are some aspiring musicians in the Kuick household. Rebecca and Deborah take piano lessons while Dad reads notes and plays the piano although he's never had any lessons or formal training.

Don and Bonnie Kuick belong to the Novi Parent Teachers association. He's vice president of the recently organized group.

They both have gone to college. Mrs. Kuick went to Central Michigan in Mt. Pleasant a year and her husband has his bachelor's and master's degree from Michigan State university. He also studied at the University of Michigan and the University of Detroit.

While at Michigan, Kuick went to Pasadena, California, with the university's 1949 Rose Bowl team.

KITCHEN DIARY

The Christmas season is a time for folks to get together, to strike up new friendships and to renew old ones. The flurry of informal entertaining during the holidays calls for informal refreshments like coffee, hot chocolate or hot cider paired with cake or cookies.

For a special Christmas cookie and another that's an all-year favorite, Mrs. I. Paul Terry, 825 Carpenter, has volunteered her recipes for Nut Bars and Princess Gems.

As she describes the cookies, the DATE BARS are such a hit you barely have time to whisk them from the oven to the cookie jar before they vanish. And the Princess Gems — well, eating them is like biting into a re-aid confection.

PRINCESS GEMS
1 cup shortening
1/2 cup butter
2 teaspoons ammonium carbonate
2 cups sugar
2 1/2 cups flour
1 cup shredded coconut
Cream shortening and butter; add ammonium carbonate and sugar gradually, creaming well. Add flour a little at a time, then coconut. Form small balls 1/2-inch in diameter between palms of hands. Place on cookie sheet one inch apart and bake in 325-degree oven 20-25 minutes, or until lightly brown. White cookies are still warm, roll in confectioners' sugar. Yields about 9 2 dozen. (Ammonium carbonate is available at drug stores. If purchased in lump form, buy six pounds and pound to powdered consistency.)

DATE BARS
Mrs. I. Paul Terry
1/2 cup shortening
1/2 cup brown sugar, firmly packed
1 egg white
1 teaspoon vanilla
1/2 cups flour
1/2 teaspoon salt
1 cup ground nuts
Mix shortening, butter, brown sugar, egg yolk and vanilla. Add flour and salt; pack on cookie sheet one-quarter inch thick. Spread on egg white; pour off excess sprinkle on nuts. Cut into bars before baking 30 minutes at 275 degrees.

To the Editor:
After reading over the statistics of the high school football team for the past season, I was quite pleased with the story, as far as it went. I don't believe it covered enough. Seems to me there was a defensive team on the field that did a very creditable job, but there were no statistics given for this team, such as interceptions, punt returns, etc. Or don't they keep defensive statistics?

It also seemed to me that in a defensive team on the field that would be better to reprint the story, giving credit where it is due? Yours truly, David Hay

EDITOR'S NOTE: This newspaper agrees with reader Hay, whose sentiments are listed among the effective letters in last week's statistics, that the defensive team did a very creditable job, and, of course, was instrumental in helping the Mustangs gain their second place in the W-V League. Mr. Taylor, the board has realized that it does not compile season defensive records.

Novi P-TA to Host 'Northville Bell Ringers'
Highlighting Tuesday's meeting of the Novi P-TA will be the appearance of the Northville Bell Ringers. The Bell Ringers, composed of 12 children between the ages of 12 and 16, produce some strikingly beautiful music using 50 bells. The group is under the direction of W.J. Williams.

Among the business matters to be discussed at the meeting will be a report by John Hood, chairman of the education committee.

Residents of Novi school children are urged to attend the meeting which will be held under way at 8 p.m. at Orchard Hill school.

Official Minutes of the Novi Board of Education

The regular meeting was called to order by the president, Mr. Heslop at 8:07 p.m. on Wednesday, October 12, 1960. Present were Mr. Heslop, Mr. Taylor, Mr. Erwin, Dr. Ambinder, Mr. MacBride and Mr. Ambinder. Also present were a number of parents and other interested persons.

Defends Defense
To the Editor:
After reading over the statistics of the high school football team for the past season, I was quite pleased with the story, as far as it went. I don't believe it covered enough. Seems to me there was a defensive team on the field that did a very creditable job, but there were no statistics given for this team, such as interceptions, punt returns, etc. Or don't they keep defensive statistics?

It also seemed to me that in a defensive team on the field that would be better to reprint the story, giving credit where it is due? Yours truly, David Hay

EDITOR'S NOTE: This newspaper agrees with reader Hay, whose sentiments are listed among the effective letters in last week's statistics, that the defensive team did a very creditable job, and, of course, was instrumental in helping the Mustangs gain their second place in the W-V League. Mr. Taylor, the board has realized that it does not compile season defensive records.

Novi P-TA to Host 'Northville Bell Ringers'
Highlighting Tuesday's meeting of the Novi P-TA will be the appearance of the Northville Bell Ringers. The Bell Ringers, composed of 12 children between the ages of 12 and 16, produce some strikingly beautiful music using 50 bells. The group is under the direction of W.J. Williams.

Among the business matters to be discussed at the meeting will be a report by John Hood, chairman of the education committee.

Residents of Novi school children are urged to attend the meeting which will be held under way at 8 p.m. at Orchard Hill school.

Holds Co-op Dinner
Alpha Nu chapter members of Delta Kappa Gamma met together for a turkey dinner Monday evening, November 14 at the home of Mrs. May Babbitt.

Mrs. Babbitt planned and served the cooperative dinner with the assistance of Mrs. Louella Reuss and Mrs. Maude Penhale, co-hostesses.

Dr. Ola Miller, immediate past president of Delta Kappa Gamma International, was the guest speaker at a business meeting following the meal. She related some of the highlights of the International convention held at Bal Harbour, Florida, in August.

The chapter was entertained after the business meeting by a program comprised of brief, individual skits, stories, songs and readings furnished by the chapter members.

An area resident since 1908, Mrs. Hanna Greer, died Monday, November 28, at St. Mary hospital in Livonia. Mrs. Greer had lived with her husband, Howard, who survives her, at 4601 West Grand River. Novi. Her daughter, Mrs. Betty Sarver, of Northville, and brother, William Tesch, of Northville, also survive, along with a granddaughter, Carla. Mrs. Greer was born in Chicago on October 30, 1889, to William and Johanna (Ball) Tesch. She belonged to the Northville branch of the National Farm and Garden association, the Farm Bureau and the First Methodist church. The Rev. Paul Cargo will officiate at services from the Castellan Funeral home today (Thursday) at 2 p.m. Entombment at the Rural Hill cemetery mausoleum will follow.

Correction
Mrs. Ellen (LaBass) Brown of Juniper drive, Pontiac, survives her husband, Forrest Jay Brown, 94, who died at Community General hospital Saturday, November 19.

Northville Pupils Star on TV

Five Northville Junior High School students were celebrities in their own right when they got to school Monday morning.

The five, Nancy Slattery, Nancy Shafer, Jean Downer, Mike Horner and Roxanne Horning, had gone to bat for their school on the television quiz program "Quiz 'em" Sunday morning and came out on top. Their prize, a brand new television set complete with a hi-fi speaker for educational Channel 50, will be delivered to the school by The Detroit News, sponsor of the quiz show.

The victors enjoyed a 150-point winning margin over their opponents from Dearborn's Hester Junior High School. The questions fired at the contestants were taken from articles in the previous week's newspapers.

"They were all ready," continued the teacher-coach, "even Mike Horner, the alternate, knew the paper inside and out, including answers to the two questions that stumped the regular team members."

What were some of the questions? "They ran all the way to the national affairs to whose on top in the National Hockey League," replied Kathleen Mastery, Northville Junior High teacher who coached the team.

"In fact," she added, "they included everything in the world." The teacher estimated the five had studied about four hours each day before facing the television cameras.

Their parents were a big help in preparing them for it," said Miss Mastery, and "it was team spirit and sportsmanship," she said, that sealed the victory.

"They were all ready," continued the teacher-coach, "even Mike Horner, the alternate, knew the paper inside and out, including answers to the two questions that stumped the regular team members."

WIN TV SET — Nancy Slattery, Jean Downer, Nancy Shafer, Roxanne Horning and Michael Horner, all students at Northville Junior High school, proved they knew the right answers when they won a portable television set for the school on "Quiz 'em" the television quiz program

2-In Memoriam

In cherished memory of Jennie B. Keller, who left us December 4, 1959.
Not a day do we forget you;
In our hearts you are always near;
God alone knows how much we miss you.
As this ends the second sad year,
Greatly missed by husband,
Peter Keller and Family.

LIGHTS ON—Mayor A. M. Allen pulled the switch that turned on Northville's Christmas lights in the business district last week end. The decorations are purchased, maintained and displayed by the Retail Merchants association with the city making an annual contribution to the fund. Shown with Mayor Allen are (l. to r.): Harry Sedan, chairman of the street lighting program, and Monte Ellis, president of the merchants group. For a look at the lights themselves, see page one.

3 Hurt As Cars Roll-over on Curve

Three persons were injured Saturday afternoon when a car in which they were riding careened off Novi road, rolled over and landed upside down some 50 feet off the pavement.

Kathy Dawson, 4383 12 Mile road, Walled Lake, and Robert Peck, 908 Laurier, Detroit, were treated for minor injuries at Community General hospital. The driver, Donald Calvin, 11609 Saxxon street, Detroit, was admitted to the hospital with a back injury, and was transferred on Monday to the Plymouth General hospital.

The mishap at the hairpin curve just north of the Eight Mile cut-off was almost a repeat of one earlier Saturday involving Robert Wilson of 440 Sparks lane, Walled Lake, Wilson escaped injury.

Both cars were traveling south on Novi road.

Although Northville Police Chief Eugene King blamed both on excessive speed, he pointed out that the absence of adequate road markers to warn drivers of the 90-degree curve increased the driving hazard there.

King said he had forwarded detailed reports of both mishaps along with an urgent plea for the county to post additional road markers to R. W. Osgood, traffic engineer with the Oakland county road commission.

Wilson, driver in the morning accident, was charged with negligent operation in court action Monday morning. A \$25 fine and court costs were levied following his conviction.

In explaining the cause of the mishap, Wilson said he had approached the curve at about 50 miles per hour and lost control of the car when he applied the brakes and they failed to hold. The car rolled over after skidding across the pavement, and stopped about 40 feet off the roadway.

Calvin, driver of the second car, will face a negligent operation charge in court next week.

Chief Eugene King reported that his detector tests had been administered to two unidentified suspects being questioned in a Wednesday night break-in at the Kruger super market, 251 East Main. King said entry to the store was made through a window at the northeast corner of the building.

Twenty-five cartons of cigarettes had been taken, he said, after the prowlers apparently failed to break open the store safe by smashing the handle and the face of the combination lock.

Births

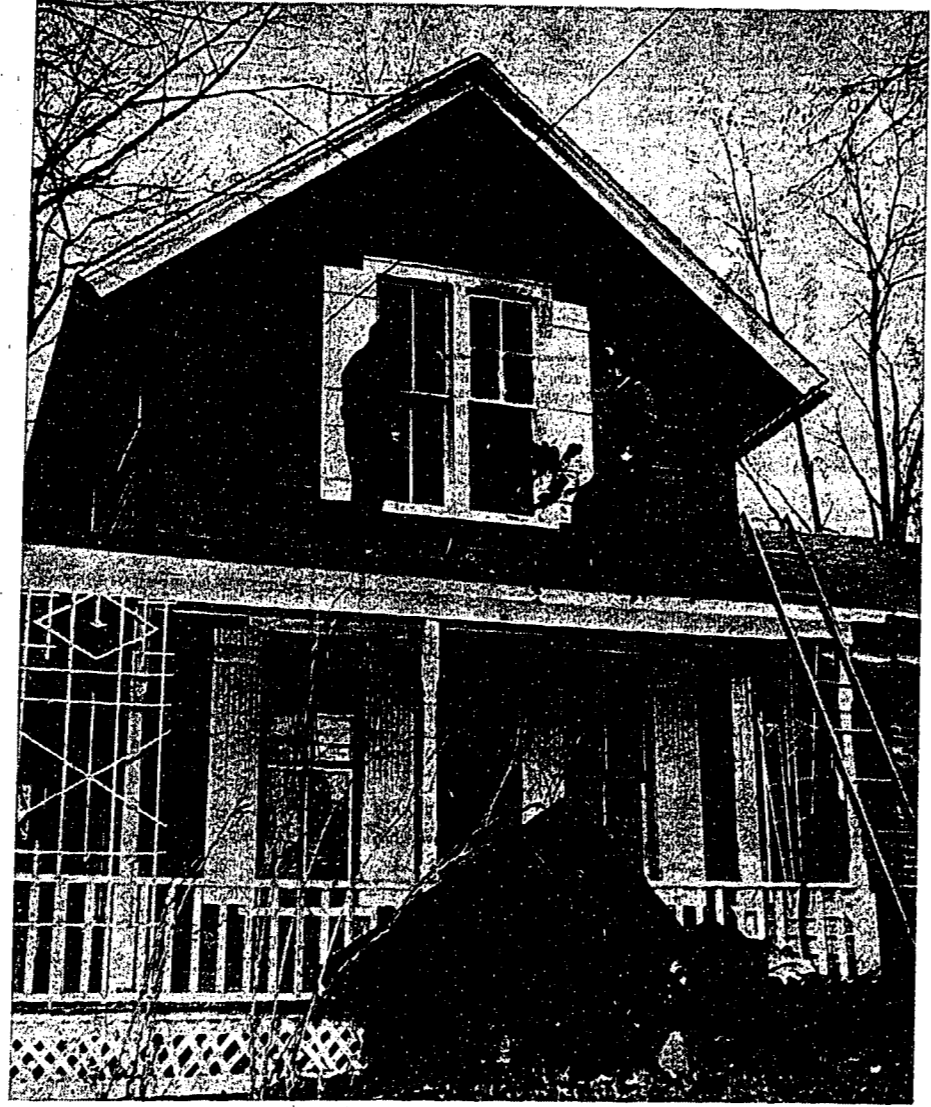

Mr. and Mrs. David Read, 410 East Main, are parents of a five pound, 14 ounce daughter, Dawn Christine, born November 12 at Garden City Osteopathic hospital. She is the Read's first child.

Grandparents are Mr. and Mrs. Fred Williams of Northville and Mr. and Mrs. Allen Reed of Plymouth.

A daughter, Rhonda Maria, weighing seven pounds, four ounces, was born November 26 at Mt. Carmel hospital in Detroit to Mr. and Mrs. Philis Russell of Boynton street.

Rhonda has two brothers, Ricker and Ronald.

Grandparents are Mr. and Mrs. Charles Buttermore of Northville and Mr. and Mrs. Pamphile Roselle of Dundee.

CLOTHING DESTROYED—A fire in an upstairs closet in the home of Parker Holden, 623 West Main, destroyed between \$1,500 and \$2,000 worth of clothing shortly after noon Friday. The fire was confined to the closet, although there was some smoke and water damage to the upstairs rooms and furniture. Had the fire occurred the night before, the smoke might have suffocated two of Holden's small grandchildren who slept in the room.

After 34 Years As Milkman

Don Miller Ends Career

They're grown now; most have children of their own. But they remember him, as do their children, a kind word for the youngsters who clamored around his truck.

And for 65-year-old Don Miller of 310 First street, who recently retired, these lasting friendships are among the greatest rewards of a long and laborious career.

Father of four children and grandfather of 10, Miller started delivering milk back in 1925 for the now defunct Ulrich Dairy located on Beck road near Six Mile.

Times were hard then, he recalls, and the unsteady work as a carpenter made raising a family next to impossible. So it wasn't so natural for a young man, who was raised on a Nine Mile road farm, to take a hard but steady job as a milkman. "People will always want milk," he said.

He delivered 16 quarts of milk on his first day out. When he retired last month, he was averaging close to 20,000 quarts each month.

For three years he delivered for Ulrich, then went into his own delivery business of his milk. After a lively business of his own. After about 10 years he joined Twin Pines and was associated with this firm until his retirement. At the time of his retirement he had been employed longer than any other Twin Pines employee and he had the company's largest route.

He owned his Northville Twin Pines route and his truck. Both were sold to Delbert Black of Northville upon his retirement.

During his 34 years as a milkman, Miller saw very few changes in the milk delivery business. But he has seen plenty of changes in the community he served over the years.

He started delivering milk with a Model-T truck, he recalls. It was an open cab truck as early as 2:30 a.m. pretty nearly turned a fellow into an icicle.

And of course driving along Northville streets 30 years ago — particularly in the spring — was not an easy task. Roads were either dirt or gravel.

Miller recalls that one of the hardest places to deliver milk was at Eastlawn, where on snowy or wet spring days, he was often forced to park his truck at the bottom of the hill and trudge up on foot.

Improvements of streets and sidewalks were probably the most welcomed change in the community to Miller.

Although children the country over seem attracted to the milkman, Northville children were particularly fascinated by Miller 30 years ago because of strange motor cars. Less than a decade earlier, milk was delivered only by horse and wagon. The truck was something new and exciting.

Parents will recall the fun of jumping onto the truck in the summertime and scooping up a handful of ice. "Snatching" ice this way was second in fun only to snatching from the ice wagon on truck.

Kids, dogs and muddy, impassable roads. All must have occasionally irritated Miller. But if they did, he has long since forgiven it today. Looking back over the years, only those enjoyable moments of a hard-working milkman find a place in his memory.

And if he had it to do over, would he become a milkman? No hesitation, no ifs, just a simple, "I sure would."

Don Miller, familiar to hundreds of Northville families during the past 34 years in his Twin Pines truck, has delivered his last bottle of milk. He retired and sold his route to Del Black.

Girls Cheer Patients At Hospital

Two Northville grade school girls, Linda Russell and Cindy Smith, took it upon themselves to brighten the Thanksgiving holiday of patients at Community General hospital.

The pair arrived at the hospital about 10:30 a.m. with 10 "Turkey apples" and a song ("Over the river and through the woods...") for the patients.

"Too young to present their gifts to each patient in person according to hospital regulations, the girls remained unattended. They entrusted the delivery of the turkey apples they had made — apples meticulously trimmed to resemble old Tom Turkeys — to the nurses, and worked up their best singing voices when the staff permitted them to stand at the end of the corridor and serenade the patients.

How did they get the idea for this small but significant volunteer project?

As they explained it, "We decided we might like to do something for the patients at Christmas time, and then we thought maybe we should do something for Thanksgiving, too."

Linda is the daughter of Mr. and Mrs. Fred Russell, 213 South Rogers. Cindy's parents are Mr. and Mrs. Stanley Smith, 500 West Cady.

It's A Party

The Exchange club dinner dance will open Northville's Christmas party season Saturday evening at Hawthorn Valley country club.

The event is an annual affair of Exchange and the highlight of the club's social activities.

Chairman of this year's dance is Dr. H. G. Godfrey. Dinner will be served at 7 p.m. and an orchestra will provide music for dancing following the dinner.

Scouts Elect Officers

Newly elected officers of Northville Scout Troop 223 are Susan Yoder, president; Lynn Tilkka, vice president; Maureen Pauli, secretary; and Cynthia Smith, treasurer.

Mrs. R. R. Yoder is the troop leader.

LIFE CAN BE CHRISTIANITY

Many times I have heard people say, "When I became a Christian, somehow everything was changed." Then in a variety of ways they testify how these changes have taken place.

Problems of the home were changed. The dreary and humdrum of everyday labors were changed. Despair of the future was changed to joyful anticipation. And in addition, the blessing of giving purpose to our present lives. The trouble with many people today, they have no purpose in living. Just to exist day after day is not enough to please God or bring satisfaction to the heart of man. God has placed us on this earth for a purpose. The first purpose is that we might bring glory to God. The second purpose and in line with the first is that we might accomplish something worthwhile for time and eternity. We can never get our sights straight until we have been to the Cross. When we see Christ, as our substitutionary sacrifice, redeeming us so that we might live to the glory of God, then our outlook is changed and life becomes worth living. Every aspect of our lives will be affected. We cannot be the same after accepting the work accomplished in Calvary. Have you been to the cross?

Northville Cagers Host Milford, Rocks In 1960-61 Openers

It'll be an uphill battle, but Northville's varsity cagers are determined to fight their way out of the league cellar — beginning with the 1960-61 league opener tomorrow with Milford.

Capping the week end opener will be a red-hot contest with arch-rival Plymouth in a non-league tilt here the following night.

Both games will begin at 8 p.m., following the junior varsity contest, at the high school gymnasium.

Although both Northville Coach Dutch Van Ingen and his squad confidently expect to climb out of the Wayne-Oakland league cellar, they cannot with equal certainty predict just how high the team will climb.

In last year's overall season, including non-league games, the Mustangs ended with a record of six wins and nine defeats. A 3-8 record pushed them into the basement of the eight-team W-O league.

Last year the Mustangs dropped both ends of a week and twirlball at the season opened. They bounced back from a humiliating 55-46 loss to Claremontville to dominate Plymouth through three periods before losing in the final minutes, 44-41.

Van Ingen blamed the Claremontville loss on his team's unsteady ability to miss the nets.

Another factor which led to many of Northville's league defeats last season was the apparent "let down" in the closing minutes of the games.

On many occasions Northville dropped games after leading or maintaining a close race throughout the first three periods.

These are just a few of the "problems" Coach Van Ingen hopes to avoid this season. And there's no better time to start than in the openers this week end.

According to Van Ingen, practice has shown this year's squad to be a better offensive team than defensive. "But we're still not in shape," he added cautiously.

Although the coach stated this week that he has only one sure starter — 6' 2" Danny Brown at center — it's a sure bet that he'll start Steve Judy, a hot cold forward from last year's varsity squad. Judy, incidentally, was elected captain of this year's team.

Other players who are expected to start are Dick Bathey and Tom Swain who are likely starters at the forward positions.

Tom Schwarz, Jerry Forbes and Craig Bell are top candidates for the guard positions.

But no matter who starts tomorrow, the lineup may be changed by the time Northville plays its third game next week with Brighton. Probably the first two ball games.

OLV Starts New Bowling League Here

Under the guidance of Angelo Gaddi, manager of Northville Lanes, a new Sunday bowling league has been established at his business place.

To be called Our Lady of Victory Church Bowling League, the new bowling club was started last Sunday and will continue for 15 weeks between 5 and 7:30 p.m.

All Catholic high school-age students are eligible to join one of the six teams composing the new league. Persons who have not yet been personally contacted are asked to call FI-9-1473.

After each bowling session, students will conduct an "open house" program in the OLV social hall between 7:30 to 8:30 p.m. The program will include dancing, table tennis and a card party.

Students need not be members of the bowling league to attend the open house each week.

Gun Club Scores Ready, Aim...

The Novi Sure Shots, a gun club sponsored by the National Rifle Association and the Department of Conservation, entered its sixth week of shooting Tuesday.

All League Choices

Two Northville graders were named to the 1960 Detroit News All-league squad this past week end.

The two are Steve Judy, backfield, and Dave Hallam, guard.

Other members of the Wayne-Oakland all-league squad were: Tackle Dick Valentine, Clarkston; Guard Don McGee, Holly; Zaidi en, representing the Lakers were Jack Newton, back; Jim Randall, end; and Don Ackerly, center.

Although no Northville players were named to the News' All-Suburban eleven, Steve Judy received honorable mention for the News' Class "B" All-State squad.

Other W-O league players to draw honorable mention for the all-state squad were: Guard Zachary, Newton; and Jones.

News' was named by the News' All-Suburban second team, and Giacobazzi to the third team.

Last year four Northville players were honored by the major Detroit newspapers for football abilities. Topping the list was Bill Judy, a brother of Steve and now a student at Walled Lake. Bill was named to every mythical all-state squad published by the newspapers.

In addition to his selection to four all-state teams, Judy was named to two all-suburban and two all-league squads. Three other Mustangs received similar recognition. They were Halfback Larry Nitzel, Guard Fred Mitchell and Center Wade Deal.

Representing the Lakers were Jack Newton, back; Jim Randall, end; and Don Ackerly, center.

FORMER MUSTANG — High scoring Clayton "Cap" Peppers, 5'4" Carpealer, is one of the reasons why Lawrence Tech is looking forward to its most successful basketball campaign in several years. "Cap", a junior and co-captain, was the team's second high scorer last year with a 20.8 point per game average for 38 contests. The 6' 7" Peppers is rated as one of the greatest offensive players in LIT history and is expected to revivify many of the records before the end of his collegiate career. He and Co-Captain John Bradley will lead the Blue Devils in their home opener against Alma college today at Hackett Fieldhouse.

Champs, 67-44

The defending champs were handed a whopping defeat two weeks ago in the Inter-Lakes Church league basketball opener at Walled Lake junior high school.

With James Horien, Walled Lake high school basketball coach, leading the way, Walled Lake Methodist rolled over St. Matthew's Lutheran winner, 67-44.

Horien flipped in 25 points for the quints, while Jerry Long took scoring honors for St. Matthew's with 18 points.

In the other contest of the evening, St. William's Catholic lost to W. B. Baptist, 54-45. Harold Renter led the Baptist scorers stack, pouring a total of 31 points. Paul Carl and William Lang led St. William's under the net, each scoring 14 points.

None of the teams played last week because of the Thanksgiving holiday.

Tonight, St. William's will take on Walled Lake Methodist beginning at 7 p.m., and St. Matthew's will go against W.B. (Wilson and West Bloomfield) Baptist at 8:30.

"THE SPIRIT OF A CHILD"
The Christmas season is a joyous time for young and old people alike; but in a special way it is the holidays of children. It is difficult for us to comprehend that the Omnipotent God should, in St. Paul's words, "empty Himself" and become a helpless infant. God could have set the redemptive plan in motion in some other way. He could have appeared as a great King, and, in all splendor and glory, could have caused the world to fall to the ground in awe and fear.
But instead God chose to come through an earthly mother, dwelling in her womb for nine months. Then, as St. Luke warmly puts it, "The days for her to be delivered were fulfilled." But if God thus chose to become an infant, it is surely because He loves children.
The childlike spirit is characterized especially by humility and simplicity. Christ emphasized the need of this at various times as recorded in the Gospels. In St. Matthew's chapter 18, for example, it is recorded that the disciples once began to dispute among themselves as to which one would have the highest place in heaven. Thereupon "Jesus called a little child unto Him, set him in their midst, and said: 'Am I say to you, unless you turn and become like little children, you will not enter the kingdom of heaven. Whoever, therefore, humbles himself as this little child, he is the greatest in the kingdom of heaven.'" And St. Luke records (chapter 18) that when the disciples tried to send away the children who were beseeching Christ, He said: "Let the little children come to Me, and do not hinder them, for of such is the kingdom of God. Amen I say to you, whoever does not accept the kingdom of God as a little child will not enter into it."
Children were greatly loved by Christ, and He made it clear that His followers must share this love. "See that you do not despise one of these little ones, for I tell you, their angels in heaven always behold the face of My Father in heaven." "It is impossible that scandals should not come; but woe to him through whom they come! It were better for him if a millstone were hung about his neck and he were thrown into the sea than that he should cause one of these little ones to sin." (Lk. 17).
Children are important people. At the same time that we adults give them love and training and understanding may we capture their simplicity and humility, a real childlike spirit in preparation for the holy season to come.

— Out of the Past —

ONE YEAR AGO . . .

In a move which apparently caught both Northville and Novi officials by surprise, the Northville Estates Civic association announced this week that it will see annexation to the city of Northville.

C. Oscar Hammond, a member of Lloyd H. Green Post 17 of Northville since 1920, has been named "American Legion Veteran for 1960" by the Legion's 19th district.

With only a "handful" of Novi residents present, the mothers' war on the legislature last week was reduced to an enthusiastic skirmish. Approximately 50 Novi citizens joined with mothers and housewives in a boisterous rally to witness legislative snatching of state schools are faced with a five-year crisis.

When 17-year-old Bill Judov graduated in June he probably will find a red carpet stretching from his front door to college athletic buildings throughout the nation.

The Northville high school senior received state-wide recognition by being named as first string guard on four mythical all-state football teams.

An appeal to be filed in Oakland county circuit court this week in protest to a recent ruling granting permission for a landfill off 12 Mile road near the intersection of Homer Boyer, 2555 Taft road, was struck by a car on Grand River near Taft road late Friday and was seriously injured.

FIVE YEARS AGO . . .

Lucille Pullen and Rosemarie "Cookie" Willis were chosen this week as Northville's delegates to the National Senior Round-up of Girl Scouts to be held at Haven Hill, Highland, Michigan.

One of a city of approximately 1,500 qualified voters, seven persons attended the charter commission meeting Monday, November 29 in the Northville high school gym.

John Faulkner, longtime Novi and Walled Lake resident, died at an Ann Arbor hospital as a result of injuries suffered in an automobile accident on Novi road.

Novi Police Chief Lee DeGale was elected commander of the Novi AmVets Perry Post 76.

Because of an alleged " inadvertent mistake" in a legal description, a Novi farmer, Harold W. Witt and his wife, Eula, of 2908 Wixom road, were named defendants in a \$100,000 suit filed by Ford Motor company in U.S. district court.

The village flag flew at half-mast over the week end in honor of Pfc. James A. Reid, M.P., of Fairview road, who is reported to have died June 12 while on duty overseas.

Four members of one family are serving with the armed forces. They are Pvt. Gordon Killeen, S/Sgt. Alvin S. I/C George and Pfc. John Schultze out in the Clyde Schultze home, corner of Cady and First streets. The Northville fire department responded to the call and the flames were extinguished before they could spread throughout the front of the house.

Pfc. Bruce Turnbull arrived home last Wednesday to spend Thanksgiving with his wife and family.

Sgt. Benny Zayti, son of Mr. and Mrs. William Zayti of Garfield road, received his discharge from Camp Atterbury, Indiana.

Fred Walker, veteran of World War II, has been named adjutant in the W. A. Foreman place on West Seven Mile road. The furnace exploded, causing considerable damage.

Yellow Pages Out

Michigan Bell Telephone company will begin delivery of its new area Yellow Pages in Northville and Novi and in four other communities next Tuesday, announced Hughes C. Bronaugh, manager here for the company.

The other communities receiving the new directory are Farmington, Garden City, Livonia and Plymouth. Approximately 85,000 copies of the Yellow Pages will be delivered in these communities, a growth of nearly 12,000 over last year.

"The new directory is the one which should be used when looking up classified headings and listings because it reflects the additions and changes which have occurred since the last area directory was issued," Bronaugh said.

He added that when the new directory arrives, the old one will be picked up.

ORDINANCE NO. 37-A

CITY OF WIXOM

AMENDMENT TO FIRE ORDINANCE (NO. 37)

AN ORDINANCE TO AMEND ORDINANCE NO. 37 OF THE CITY OF WIXOM, ENTITLED "FIRE ORDINANCE", BY AMENDING SECTION 2 OF ARTICLE I THEREOF AND BY ADDING TWO NEW SECTIONS TO ARTICLE I TO BE KNOWN AS SECTIONS 2-A AND 2-B.

SECTION I. That Ordinance No. 37 of the City of Wixom, entitled "FIRE ORDINANCE", be and the same is hereby amended by amending Section 2 thereof to read as follows:

Article 1, Section 2.

No person shall build or cause to be built any fires on any public street, alley, sidewalk or pavement.

SECTION II. That the said Ordinance No. 37 of the City of Wixom, entitled "FIRE ORDINANCE", be and the same is further amended by adding thereto two new sections as follows:

Article 1, Section 2-A.

No person shall build or cause to be built any fires on any field or other place where property is endangered without being so confined in a metal, wire, or other suitable container approved by the Fire Chief or Assistant Fire Chiefs or by the Police Chief or Acting Police Chief. PROVIDED, HOWEVER, that the said metal, wire or other container need not be used when the said fire is under complete and constant supervision of a suitable person who has obtained approval from the Fire Chief or Assistant Fire Chiefs or by the Police Chief or Acting Police Chief.

Article 1, Section 2-B.

A presumption shall exist that the owner or occupant of any house has commenced a fire or caused to burn any material on the land where a fire or smoldering fire has been left unattended.

SECTION III. All ordinances or parts of ordinances in conflict herewith, are hereby repealed.

The provisions of this Ordinance are hereby declared to be immediately necessary for the public peace, health and safety and are hereby ordered to take immediate effect after final enactment and publication.

CITY OF WIXOM

Donald Brooks, Mayor
Lillian Byrd, Clerk

I, Lillian Byrd, Clerk of the City of Wixom, do hereby certify that the above Ordinance was approved and adopted by the City of Wixom at the regular meeting thereof held on the 21st day of November, A.D. 1960, and was ordered to be given publication in the manner prescribed by law.

BIG CATCH — Young Daley Hill, son of Mr. and Mrs. C. D. Hill of Beck road, recorded the biggest sailfinn catch of the month at Acapulco last week. Vacationing with his parents and sister, Beverly, Daley landed this 19 foot, nine inch, 121-pound beauty after a 35-minute battle. The Hills returned home last week. The fish will soon adorn Daley's law office in Northville.

To Take Part In "Kismet"

Sixty-two University of Michigan students, including one from the Northville area, Judith A. Nauman, 21021 Concomers, are putting the final touches on the Muskel production of the Broadway musical, "Kismet".

Shows are scheduled for 8:30 p.m., November 29 through December 3, with a matinee at 2:30 p.m. on December seven.

With seven cast principals, a 45-member chorus, and 12 dancers, the Muskel (Michigan Union Show, Ken Eds) total will describe the meteoric rise to fortune of an Arab beggar-pot named Hajj. Occurring in a single day, his good fortune is not entirely free of dangers—such as the probability loss of one hand.

Backed by a 25-piece orchestra, largest assembled for a U-M production, the cast will present show tunes which include "Bubbles-Bang-les and Beads" and "Stranger in Paradise".

NEWS FROM THE American Legion

LOYD H. GREEN POST 147

John F. Gas, USN Post Reporter

Here is the answer to one of the many questions veterans ask when they are asked to join the American Legion: Give me a reason why?

1. Honorable Service: The button on your honorable service during World War I and II and the Korean conflict.

2. Rehabilitation: Every member helps toward providing adequate care and attention for the disabled of World War I and II and the Korean conflict.

3. Child Welfare: Every member helps in caring for the child welfare program through which the orphaned stands in place of the father in thousands of needy children.

4. Amusement: The leisurely recreation program which the organization maintains in place of the father in thousands of needy children.

5. National Security: Every member helps to help the organization in maintaining its role for an adequate national defense to insure the nation's national attack.

6. Comradeship with men and women from every branch of service and the removal of old friends.

To the members of Lloyd H. Green Post No. 147, it's up to you and the members of the American Legion to point out these facts to veterans and to let them know we want them as members of our post, tell them what we do. Make them want to be members of the American Legion.

Remember, membership is the backbone to every organization. Let's strengthen ours.

Ford's Christmas Fantasy at Rotunda

The Santa Claus residence at the North Pole, usually seen only in the dreams of good little boys and girls, is re-created at the eighth annual Christmas Fantasy which opened Saturday at the Ford Rotunda in Dearborn.

Elsewhere in the Rotunda are most of the other popular items in Santa's line of merchandise—dolls, bicycles, trains and Christmas cards from all over the world. Animated jungle animals are housed in mobile cages with peppermint sticks for bars. A live, 40-foot-tall Christmas tree glitters with 15,000 colored lights.

Among the dolls on display are 2,000 dressed by the Ford Girls club for distribution by the Goodfellows to underprivileged children.

As usual, cartoons are shown in the Rotunda auditorium during the Fantasy.

At the entrance to the Rotunda's center court, the mood changes to the religious theme of Christmas. A cathedral facade with carillon music ringing from 40-foot spires adorns the court's entrance. Inside is a Nativity scene with life-size figures of the Holy Family, the Wise Men and their camels, and shepherds with their sheep. A silhouette of the town of Bethlehem is in the background. An organ provides the Nativity scene alongside Christmas music.

Rotunda hours for the Christmas Fantasy are 8:30 a.m. to 9 p.m. daily. The special exhibition ends at 3 p.m. December 24, when the Rotunda will close for the Christmas holiday.

More than 651,000 persons saw last year's Christmas show, raising to almost 4,000,000 the total attendance for the seven Fantasy productions.

SPEAKING for the Record

By Bill Siger

It has been a general rule of the "Speaking" column to confine its comments to strictly local issues that by reason of direct contact a special knowledge has been gained to give qualification to our remarks.

This week, however, a release came to our desk that touched upon a subject close to our heart. It has no connection with any area organization.

But upon deeper consideration it is evident that this issue is local and as important to every single individual in the nation as it holds for the basic principles upon which our nation was built.

The release in part reads as follows:

The United States Catholic bishops have issued a statement after their annual meeting in Washington emphasizing the importance of the individual. The bishops say the great need of our country is to stress individual responsibility. The 227 Catholic leaders maintain that our national characteristics of individual responsibility and initiative are under heavy pressure. They say "uniformity of thought is too often encouraged and rewarded" in industrial corporations, labor unions, and political parties.

The bishops say a sense of personal responsibility comes from deep religious convictions. In appealing for action, the Catholic bishops ask the individual American to assume as his proud right the accomplishment of what he can do for himself and for others. Such an action — the bishops say — will cure the mental lethargy and inertia which permit organizations to usurp, mainly by default, the rights of their members.

These words "individual responsibility" and "initiative" — and "assume as his proud right the accomplishment of what he can do for himself" are terribly important. And I am heartened that Americans with the influence of these 227 Catholic bishops propose a program of action to restore virtues, which I fear have passed out of style.

I second their motion — and would call upon our political leaders at home, in Lansing and Washington, D.C., to conduct a "do for yourself" campaign with the same gusto the government has undertaken to sell its war, defense and savings bonds.

This is more important than all the money in the world; it just might ward off a decay from within that would leave us more horribly scarred and useless than the most deadly atomic bombs and missiles.

I cannot believe that we have become so helpless that both our major political parties must find it necessary to out-trump one another in social legislation to win our vote.

We have an obligation to help provide for those unfortunate who, for some reason or other, cannot provide for themselves. But it should not be our goal to build this minority into a majority and remove all desire or necessity for one to provide for one's self.

There are great areas in education, medical aid and research and assistance to under-developed countries where the federal government must play a key role and spend heavily.

But personal responsibility starts with the individual and should move from there to the head of the family, the employer, the local government, the state and finally the federal government.

I fear this order has been reversed.

And I cannot subscribe to the theory so often heard: "socialism is bound to come, there's nothing we can do about it."

As responsible individuals, we can fight it.

The State Issues

ANY NUMBER of issues could make the 1961-62 session of the Michigan Legislature the liveliest in years. Perhaps three stand out above the others:

From where in the state to elect the entire Congress Michigan becomes an issue and holding a one-seat edge in the state house of representatives, this is unlikely.

There is a possibility that a complete redistricting could be attempted to bring populations into line with each other among the districts. However, Republicans don't want to lose any of their 11 seats and would like to gain another. Democrats will insist they are entitled to their seven seats and should get the new one.

Another problem that could lead to bitter wrangling — both inter-party and intra-party — is the cash crisis.

Though a problem nearly every year, revenue for the state will be even more pressing in the upcoming session because of the aftermath of the cash crisis.

While Republicans may hold out for the four-cent sales tax and nothing else, there is considerable agitation among members of both parties to carry out total tax revision aimed at making the burden of taxes for government fall more equitably.

If the tax picture is touched up, the sales tax will still be the focus of attention.

Any adjustments would be made in the subsidiary and auxiliary taxes which are imposed on special groups or special types of transactions. This would mean special interest forces would fight hard for advantage.

CON-COM PROBLEMS can be expected to haunt lawmakers for some time to come.

Not only must they provide for the means of selecting the delegates to a Con-Com, they must make provision for a place to hold one and vote the money to pay for it — estimated at better than \$2 million.

The thorny question of whether to nominate candidates for Con-Com delegates in party convention, party primary or non-partisan caucus could be by itself be dramatic.

Recalcitrant lawmakers could, by dragging their feet, put a serious hitch in Con-Com plans even if voters give quick approval right down the line.

Many Democrats insist that some of the sparsely populated congressional districts of Michigan, now represented in Washington by Republicans, should be consolidated.

With the GOP dominating the state senate and holding a one-seat edge in the state house of representatives, this is unlikely.

FLAMES engulfed the huge storage barn of a West Eight Mile road farm adjacent to Northville Estates Sunday afternoon. Damage was estimated at \$9,000. Apple crates and farm equipment were stored in the scotch destroyed. Northville and Novi firemen saved a cold storage section of the barn (at left) in which several hundred bushels of apples were stored. The farm is leased as an orchard, but no one resides there. Hundreds of residents from the area drove to the scene to witness the blaze.

Fire Destroys Huge Apple Orchard Barn

Fire completely destroyed a huge portion of a storage barn on a West Eight Mile road apple farm Sunday afternoon with flames attacking residents from miles around to the site.

Authorities estimated damage at \$9,000. The 48-acre farm was formerly the property of the late Paul Bayless family, but is now owned by a real estate firm, Coventry Corporation, of Detroit. The orchard has been leased to Giuseppe Maiorana of Livonia and the barn was being used for storage of apples, crates and other equipment. No one resides on the farm.

Firemen from Northville and Novi fought the flames for nearly four hours after arriving at 4:30 p.m. Although the south end of the barn containing 6,000 apple crates, a tractor, grader, apple duster and compressor burned to the ground, the cold storage section

containing some 400 bushels of apples was saved. The farm is located on the north side of Eight Mile road just east of Northville Estates subdivision. It is a part of the 285-acre Novi area annexed to the city of Northville last spring.

Northville and Novi firemen were hampered somewhat in their task by hundreds of curious residents whose cars lined both sides of the highway for several hundred yards.

Because there are no fire hydrants at the site of the fire, the pumpers had to make several trips back to the city limits to re-load their tanks at the city hydrant on Randolph and return to the scene. Police worked at the scene directing traffic and maintaining clearance for the fire trucks.

Firemen were summoned by a neighbor in Northville Estates whose children noticed the flames from their backyard. Guess of the fire has not been determined. Northville high school, junior high school or Fire Chief William McGee is both.

Plagued by 'Land Grab' Maps Don't Last Long in Novi

Over the years, annexation, incorporation and disincorporation have reduced the map of Novi to a crazy patchwork of undulating boundaries.

And the "land grab" apparently is far from complete. The Novi village council learned that another local resident has petitioned the court for disincorporation from the village.

John Oslin has asked the court to disincorporate 189 acres of this property bordering on 13 Mile road, near East Lake drive. If he is successful he will become the fifth Novi resident to win disincorporation.

When property is disconnected from the village, it remains within the boundaries of Novi but only as a part of the township. And as a disconnected parcel, the property can be taxed by the township. Technically township services only are not entitled to village services.

Oslin, like the four other property owners who have won similar court suits, is seeking disincorporation under an old state statute which permits farm lands to be disconnected, provided the property meets the following requirements:

- the land is used for farming purposes only; - the land is located on the boundary of the municipality; - the land has not been subdivided or platted; - the land covers 10 acres or more. Properties which have been disconnected from the village under this statute are: 40 acres owned by Mrs. Clarence Welfare located at Beck road and Pontiac trail; 100 acres owned by John McGee on Higley near 13 Mile road; 150 acres owned by William Chase near Novi and Eight Mile roads; and 87 acres owned by Bert Welfare on 14 Mile

McCreey Gets 60-day Landfill OK

Landfill operator Gus McCreey grabbed up the "one last chance" offered him last week by the Novi village council and submitted a formal application Monday night to operate his 10 Mile landfill within the limitations set down by the village ordinance.

After lengthy discussion and deliberation punctuated by icy but generally polite conversation with the landfill operator — the council accepted the application and granted McCreey a limited license.

According to the minutes passed by the council, McCreey has exactly 60 days to bring his landfill up to standards specifically laid out in five points tacked on to the conditional license.

Howard Road, village attorney, dictated Councilman Walter Turck's motion to Village Clerk Mrs. Mable Ash, stating that McCreey:

— Continue his operations so that final elevation of his landfill conforms to the existing land contours of the area and permit water under the age. The final elevation includes the final two-foot packed cover as stated in the village's landfill ordinance.

— Bring his cell-type operation in conformance with the standards defined by the ordinance within 60 days and interpreted by an acting village administrator.

— Clear, cover, compact and seed the C&O railroad right-of-way as soon as weather permits.

— Complete at least the first 100 feet north of the southern boundary of the landfill within the 60-day term of the limited license.

— Be granted a conditional license which will be subject to the conditions set forth in the ordinance and will be limited by its compliance with the above provisions. A three-year license may be granted if he meets the conditions of the ordinance.

The council additionally requested McCreey to take out a \$10,000 performance bond.

Only Councilman Leineser dissented when the motion was brought to a vote.

ONLY 15 DAYS TILL CHRISTMAS

Meeting to Air Site Purchase

A report on the purchase of the C&O railroad right-of-way and the proposed subsequent use of the land will be made at the next regular meeting of the Novi school board Wednesday night.

Other matters on the agenda will include a report on the school libraries by Mrs. Verna Allen, school librarian, and information on tests for students. In addition bids are expected to be received for new lighting in the Novi school.

Representatives of an architectural firm are expected to be on hand to answer questions and provide details of the new school site. It has been suggested as a site for a new high school, junior high school or Fire Chief William McGee is both.

According to Brooks, the council favored the addition to original plans because (1) more room was needed to accommodate department of public works offices and Storage and (2) the cost per square foot of the addition was only about half of the cost of the basic building.

"I'm very proud of the size of our building and its efficiency, and I think we got a wonderful bargain with the addition."

This addition is approximately 328 1/2 feet in diameter. Part of it will be used for a conference room, part for a DPW office, and part for storage of DPW equipment.

The remainder of the building (the entire building is officially called a "municipal building") will contain five garage, fireman's office, fireman's quarters and offices for the police, clerk, treasurer and mayor.

Help for Novi's Needy Is Goodfellows' Goal

HELP FILL 'EM UP — Novi Goodfellows will sponsor their annual newspaper sale Friday and Saturday throughout the community. Proceeds from the sale of The Novi News, will be used to help fill baskets (left) for the needy. Mrs. Bernard Marchetti is chairman of the sale. Standing: Mrs. Frances Harris, Neil Galbraith, Leo Konenki and Les Begole; (kneeling) Thomas MacLusko, George Rahi, Leon Dochot, Fraser Stanton and Gordon Deming.

Wixom City Hall Nears Completion

A hold-up on the delivery of windows may postpone the opening of Wixom's new city hall until early January, Mayor Donald Brooks said last week.

However, city officials still are hoping that the windows will arrive in time so that the building can be opened by Christmas. The building is located off Pontiac and is about 100 feet long and 30 feet wide.

Although no arrangements have been made, a grand opening ceremony is planned for the new city hall.

Brooks said, "Presumably, the grand opening will be at least as important as the cornerstone laying ceremony which was conducted more than 20 months ago."

At that time hundreds of Wixom residents and area visitors were present, as were several prominent area municipal and industrial leaders.

The \$48,000 city hall, when completed, will be a modern one-story structure, constructed of concrete blocks, brick and aluminum, and porcelain exterior facing.

By utilizing an existing concrete children coop, the basic 100,000-foot structure has appreciably increased in size at a minimum of additional expense, Brooks said.

According to Brooks, the council favored the addition to original plans because (1) more room was needed to accommodate department of public works offices and Storage and (2) the cost per square foot of the addition was only about half of the cost of the basic building.

These leaders were selected because of their intense enthusiasm for the work of the March of Dimes and because they previously have displayed leadership activities in other civic activities. Said County Chairman George W. John, "These leaders were selected because of their intense enthusiasm for the work of the March of Dimes and because they previously have displayed leadership activities in other civic activities."

Chairman Kuhn explained that the top leaders serve in two capacities. The first team is the area chairmen. These people, he said, are responsible for general campaign planning, and also provide the initiative and follow-up required to see that plans are carried to completion.

The second, he added, is called the "Mother's" March chairman, whose responsibility is to build an organization which on January 31, will go door-to-door in a parish-style parade to accept contributions to the March of Dimes.

If a small, but determined corps of Goodfellows have their way there will be "No Child without a Christmas" in Novi this year.

Tomorrow and Saturday the Novi Goodfellows will shoulder their newbags and sell newspapers on as many corners as there are Goodfellows to go around.

"We need helpers — men who can spare even an hour Friday, Saturday or both to sell papers," Chairman Charles Wallace reported this week.

Some 3,000 special editions of The Novi News have been ordered and the goal will be to collect more donations than last year, when approximately \$700 was realized.

"There are more needy families this year and we expect to purchase more baskets," Wallace said.

Because the Goodfellows anticipate a greater demand for help this year, they are also planning a pancake breakfast — lunch at the community building on Sunday, December 18 from 7 a.m. until 2 p.m.

Adults will be charged \$1.00 and children 50 cents. All proceeds will be used for the Goodfellow charitable efforts.

The funds collected by the newspaper sale and the pancake breakfast will be used to purchase food baskets, clothing and perhaps a toy or two for a child who might otherwise spend a lonely, cold and even hungry Christmas day.

The slogan "No Child without a Christmas" is a real thing to Novi Goodfellows and they are still seeking information on any families in need of help.

They ask that persons with information regarding hardship cases contact Fraser Stanton at FI-9-2188. Names must be received by December 19 so that deliveries can be made on the 21st.

Anyone willing to donate his time to help sell papers can also contact Stanton or report to his insurance office on Novi road Friday or Saturday.

Of course, there's still another way you can help with the sale. Be sure to stop when you see the Goodfellow salesman and buy a paper.

Dig deep when you hand over your contribution. You'll be providing some youngster in your own community with a "Merry Christmas."

Novi Woman To Chairmen 'Dimes March'

Fifty-five top leaders in the Oakland county March of Dimes drive, including several from this area, were named this week for the county-wide solicitation next January.

Mrs. Bernard Marchetti, 2825 Novi road, was named to chairman both the Novi area campaign and the all-important Mothers' March committee.

Other area chairmen include Mrs. Vernon Vandiver, Commerce township, and Mrs. Virginia Letring, South Lyon.

These leaders were selected because of their intense enthusiasm for the work of the March of Dimes and because they previously have displayed leadership activities in other civic activities. "The latter group is the real work force of the March of Dimes," John said, in giving credit to the force of approximately 10,000 volunteers whose goal in January will be to contact 100 percent of the Oakland county homes.

The Novi post office will remain open, beginning Monday, December 19 through 23, until 9 p.m. The office will close at the regular time the following day, Saturday, December 24.

Postmaster Herbert Abrams of Wixom announced similar hours. His office will be open from 8 a.m. to 4 p.m. on December 18 and 19. Saturday, December 17, the office will be open until 5 p.m.

The Wixom office will be open from 8 a.m. to 5 p.m., December 18 through 22. Thereafter, regular office hours will resume.

Both postal officials reminded area residents that all post cards, sealed or unsealed, require 4-cent postage to Canada or Mexico. Cards sent to other countries require 6-cent postage for unsealed envelopes, 8-cent postage for sealed envelopes.
