Why would anyone fence in two trees and a trailer loaded with tires? The story is this:

the Plyler Trucking company of Farmington, which hauls sand and gravel, is having the

Pure Oil company install an underground gas storage tank for the trucking company's

34 SAFE GUNHANDLERS - There's no foolishness when these members of the Wixom Hawkeyes Junior Gun club get their hands on a firearm. They're holding certificates showing that they have been trained in the safe and correct use of firearms. The Hunter Safety Training program is sponsored by the Michigan Department of Conservation. Open to boys and girls between 11 and 19, they meet for 12 hours. A bill is pending in Legislature requiring those under 17 to have these certificates before they can get a hunting license. Lieut. D'Arcy Young, of the Wixom police force, is the club's moderator.
