for the Record

Last Wednesday evening Novi township's supervisor, Frazer Staman, brought a message to the Novi village board that may well be the forerunner to an era of home building he likes of which Novi has never before seen.

More accurately. Oakland county had sewer capacity brough the courtesy of Wayne county.

and really explains how the prospect of sewers for Novi

The sewer tans made available to Oakland county came from the allocations turned down by various Wayne county help newcomers. communities in the new Wayne county Rouge Valley sewage Already six states in the leave their native city and go new factories to provide em-

Wayne county has been halted entirely by order of the state have been drawn to protect the population growth for many Remember that today, when the area has solved some prob-

county can proceed on the Rouge Valley portion of the \$18

But some of the communities - like Northville township Livonia and Redford township - did not wish to buy the entire number of taps allocated to them. Meanwhile, Wayne county must guarantee the full cost

of the entire sewer - so it had to look around for communities that might want a larger allocation. Wayne county communities were given the first oppor-

tunity to buy additional capacity. Then, according to George R. Bingham, director of Wayne county department of public works, it became a questies within the county who cannot now afford to purchase their

full allocated share (like Northville township), or to permit Oakland county to purchase taps. Bingham admitted that there was a split opinion at th county administrative level. Some believed it would be better to save all the capacity for Wayne county; others thought it would be in the interests of inter-county cooperation to give Oakland county at least a portion of the extra capacity. The latter course was agreed upon - for more reasons

than just the sake of cooperation, however, First of all, most of Novi is the Rouge drainage basin Therefore, the answer to sewers for Novi had to come from

ty to purchase capacity in the Rouge Valley disposal system, plant just north and east of Northville. It would have emptied an active role in this plan.

Bingham admitted that Wayne county fild not look with favor on the idea of this kind of flowage through its park sys-

So Wayne county has offered Oakland county 2900 taps, about enough to service a population of 10,000. Oakland county in turn has offered the capacity to Novi At the same time Wayne county has reserved some of the capacity in the new system so that, Northville township

for example, can buy more taps if unforeseen development should take place in the next few years and more taps

Novi, which has looked forward to the day when it might tain its own business district, can now gain the one essen-

THE CHURCH FOR ALL...

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storchouse of spiritual values. Without a strong Church, neither democracy nor civilization can sur-vive. There are four sound reasons why every person

should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake. (3) For the sake of his community and nation, (4) For the sake of his community the children's sake is the Church itself, which needs his moral and material support. Plan to

go to church regularly and read your Bible daily.

NORTHVILLE

IN FREE ENTERPRISE was reached recently when Mr. and Mrs. Hugh T. Polson of Wichita, Kan., together became the 2,000,000th AT&T share owner.

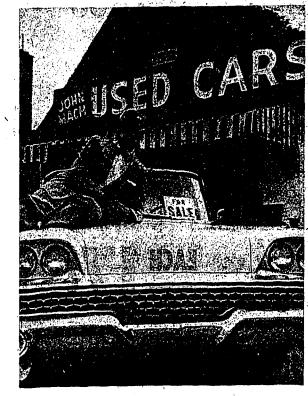

A SIGNIFICANT MILESTONE

Thus, the Bell System becomes the first privately owned business in history to be owned by so many people-people from all walks of life. This is a prime example of people's capitalism in action—a dramatic testimonial to the American economic systemdemocracy in action. Incidentally, just 10 years ago Mr. and Mrs. Brady Denton of Saginaw jointly became the 1,000,000th AT&T share owner.

WHEREVER YOU ARE this summer, chances are you'll be near a public telephonewhether it's an indoor booth or the familiar outdoor booth, or the handy new Walk-Up or Drive-Up variety. Any one of them—and there are more than 45,000 in Michigan—is your "phone away from

Lest a flameless <u>electric</u> water heater

Want a water heater that's "satisfaction guaranteed"? Here's all you do: Buy a flameless electric water heater that bears the $\rm H_2OT$ guarantee. Family-test it. Call on it for plenty of hot water day after day. Get all the hot water you need, or your money back!

What does "satisfaction guaranteed" mean? Just this—if at any time within one year after purchase of your flameless electric water heater you are dissatisfied with its performance, just let us know. We'll remove it and return the full purchase price, including any installation charge. This guarantee covers any Edison-approved electric water heater, sized according to the recommendations given at right, and installed in a dwelling of up to and including four-family in the Detroit Edison service area. This Edison satisfaction guarantee is in addition to the manufacturer's own warranty.

Where to buy? That's easy, too. At appliance dealers, plumbing contractors or Detroit Edison offices, where you see the H₂OT satisfaction guaranteed seal. Family-test a flameless electric water heater for yourself Get all the hot water you need or your money back!
