When a car is this beautiful, you know Pontiac built it!

Who else but the builder of those front-running Wide-Track Pontiacs could bring out a car so freshly and finely styled! It's longer, with a crisp, low silhouette. It's distinctly Pontiac, with a new twin-scoop grille you can recognize a block away. Powered by the potent Trophy V-8, with 215 to 348 h.p. Beautifully poised on Pontiac's famous Wide-Track stance. We've even cut the turning radius as much as 31/2 feet to make handling easier. The result is a pride-pleasing new version of America's Number One Road Car. Come on in-and let a Pontiac show you its stuff while it's showing you off!

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church They are (1) For his own sake. (2) For his children's sake. (3)

For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan
