

SPEAKING for the Record

by Bill Slinger

An army, they say, travels on its stomach. And even the age of missiles won't change this.

The same is true of the average teenager. For this reason I was not too surprised to receive a "letter to the editor" recently complaining about the quality of chow dished out at the high school cafeteria. It was signed only "The Fearsome Foursome".

Gripping about food is an irrevocable privilege of every red-blooded American soldier, and I presume, too, high schoolers who must eat daily in the same cafeteria.

Sometimes, as any veterans mess hall customer can recall, the griping is justified; frequently, it's the handiest target and the "catch-all" for a multiplicity of discomfets.

But not wanting to overlook our teenage readers (who should know that to get a letter published, it must be signed), I did a little investigating.

First, I talked the matter over with E. V. Ellison. And the same day (Tuesday), I wrapped a free lunch out of High School Principal Fred Stenick. I only gave him about two hours notice that I was coming, so don't think any special arrangements were made.

"Come to think about it, I felt something like an army general must feel when making a surprise inspection. I didn't wear white gloves to test the cleanliness of each dish, but I was extremely scrupulous and tested each mouthful with the care of a commissaire of fine foods.

To be perfectly honest, I'd have to rank the cafeteria lunch on a par—or perhaps a more higher—than a typical noon meal at the Slinger household. (And this may cost me my self-awarded general's ranking.)

For thirty-five cents (of Stefanik's money) we had sloppy joes on a bun, salad, cheese wedge, pineapple upside-down cake and milk.

Examples of other daily menus are: hot dog on a bun, cheese wedge, baked beans, tossed salad with dressing, hot gingerbread with whipped cream and milk, sloppy joes on bun, American fries, cheese wedge, relishes, pumpkin pie and milk; spaghetti with or without meat, rolls and butter, salad, canned peaches and milk. For 20 cents a student can have soup and a sandwich with the salad, dessert and milk.

"The Fearsome Foursome" suggested the government surplus food served at the cafeteria was not suitable for the foreign aid program and therefore shipped out to Northville high school. They also hinted that the quality of food had been cut to enable the cafeteria to operate at a profit.

Actually, all the food must meet state health standards and butters etc., be "grade A" quality. According to Ellison, the cafeteria is not self-supporting and never will be. It pays for a portion of the custodial help, and repair and replacement cost of equipment, but not the original investment for equipment.

Still, I respect everyone's right to gripe about the food. And I appreciate the fact that the "Fearsome Foursome" turned to the editor for help.

I fear that I believe that I have failed them. But I have another suggestion. I have turned the letter over to the student council—a body that I trust will give the matter fair consideration.

Further, I leave the "Fearsome Foursome" with this bit of advice. You will find that no matter where you eat—in a school, in the service, at a restaurant—no one can cook like mother; and no one heats the helpings so high.

Con-Con Delegates Winning Accolades

Voters in the state are sometimes often the subject of complaints. They are often the subject of complaints. They are often the subject of complaints.

Department officials have high hopes the great variety of voter in the state will have a favorable effect on federal opinion which to be proud. The delegates of Michigan as a place to build an electronic highway.

Michigan is one of several states being considered in Washington for the placement of a pilot project on electronic roadways.

"An electronic highway in Michigan would be tested through recovery is rolling along, though recovery is rolling along, though recovery is rolling along."

"There is, first, the indefinable sense of awareness on the part of the delegate that he is able to far more states than if the test were undertaken in a state where the seasonal weather changes are slight."

The department also views the project, where cars would travel at great speed under automatic control, as an immense tourist attraction.

"If we get it, it could be expected to bring observers from all over the world here," Macke said.

Money or the lack of it has plagued Michigan's lawmakers for three years running. There is little sign of relief from this problem.

Since 1959 the general lack of money, which built up a \$73 million deficit to the end of the last fiscal year, has been noted by the delegates and in the convention membership in the law profession. According to the major occupational groups often it has overshadowed the voices which so frequently said, "We need it most."

Among the loudest in the cheer of money seekers have been the spokesmen for higher education, and perhaps the most vocal.

The Michigan Council of State College Presidents has in recent years become the spokesman for colleges and universities having priority rights to Michigan tax money.

One of their arguments that Michigan's weather variations are often the subject of complaints. They are often the subject of complaints.

Old Man Winter Slides In
Slippery sidewalks and roads brought this first week of the new year to a close with a bang. An ice storm hit this area Saturday and Sunday, bringing a heavy load of snow and ice. The snow was piled up to a foot in some places, and the ice was as thick as a quarter of an inch. The storm caused a lot of trouble for motorists, and many accidents were reported. The snow was piled up to a foot in some places, and the ice was as thick as a quarter of an inch. The storm caused a lot of trouble for motorists, and many accidents were reported.

Old Man Winter paid his after seeing an approaching vehicle sliding toward him," King said. He said none of the cars involved were damaged to badly that it couldn't be driven away. Northville's DPW used 24 tons of sand mixed with 30 tons of sand, reported City Manager Bruce Potthoff. This was spread Saturday and Sunday.

The biggest load came Sunday afternoon and evening when the three-man crew worked seven hours covering the entire city, he said. They also worked Saturday morning and evening, as well as early Sunday morning.

He said the DPW workers were able to handle Friday's icy conditions during their regular working hours.

Novi DPW crews worked around the clock from early Saturday morning to the wee hours Sunday, said DPW Director Robert Trumbly. He said that they spread about 105 tons of sand and chloride mixture, and about 70 tons of pure salt during their 32 hours of work.

Miller added that DPW workers spread 30 tons of just sand and chloride Friday. He said that wasn't needed because it wasn't raining and the sand held.

Wisom DPW Director Robert Trumbly said that between Friday morning and Sunday evening his crew used about 90 tons of sand mixed with about 20 tons of salt to keep roads clear.

He said each man worked 32 hours over the weekend end. Friday was a near-normal day.

Plan City Talk For Next Week

The next board of commerce-sponsored city incorporation meeting will be next Tuesday, said Mayor Diane Patricia Foley. She said the meeting will be held at 8 p.m. in the community center.

The board of commerce, sponsored city incorporation meeting will be next Tuesday, said Mayor Diane Patricia Foley. She said the meeting will be held at 8 p.m. in the community center.

Should File For Election, Says Clerk

Nominating petitions for persons interested in running for the three village council seats will be open at the regular March election may be filed beginning January 26 until February 10, says Village Clerk Mrs. Mable Ash.

Village Attorney Howard Bond added that the petitions for those who wish to run for positions on the city charter commission must be filed by January 22. He said council members could serve on the charter commission.

May Expand Community Building

Township Board Considers Use Of \$2,000 Equipment Bequest

The purchase of a heating plant and an addition for the Novi community building were considered by the township board Monday night as possible use for a \$2,000 gift from the estate of former township Supervisor Frank Clark that he had left to the township.

The bequest, designated for use in equipping the community building, was recently turned over after settlement of the Clark estate.

Township Supervisor Fraser Staman pointed out that heating is one of the biggest problems at the community building, and suggested the gift be used to purchase a new boiler. The building is now heated by part of the Novi school's heating system, which circulates hot water through the school's north wing and the community building.

Township Clerk Halley Dabert pointed out that the schools, which now pay for heating the building in return for their use of it, are presently having difficulties with the heat in the north wing. He suggested the board be asked whether they would consider to pay the heat bills if the township installed a separate water boiler of its own, thereby reducing the load on the school's heating plant.

Kenneth Bassett, a member of the recreation committee from the recent convention that governs the use of the building, suggested the addition be planned so it would be large enough to house several cars of folding chairs, if pointed out that the chairs are now stored in the cloak room, making it practically unusable.

The board decided to meet at the building Saturday afternoon to decide on specifications for the addition so that cost estimates can be sought.

The board also learned that W. B. Chase, owner of about 255 acres of land on the northeast corner of Eight Mile and Novi roads, does not wish to commit himself for any taps in the Novi sanitary sewer.

Staman said the county is going ahead with the sewer line, but he said it will take most of the 200 taps Wayne county is offering Novi in its new Rose Valley left-of-way line.

"But before plans go much farther," he said, "the township must decide whether it wants to commit itself for any of the taps."

He suggested that the township board consider purchase of 100 taps, spreading the purchases over 10 years, so that it would be paying for about seven taps a year. This, he said, would average out to an annual cost of about \$2,500.

STAMAN pointed out that even if Chase didn't want taps, he might at a later date. He added that there are also about 100 lots in Brooklyns Farms, and a number of other residences in the township area.

Predicting that as time goes on, there will be even more land in the township, Staman suggested that the board buy 100 taps to insure that there will be sewers available to township residents. He added that the village has more requests than it has taps available, and said that if the township couldn't sell its taps to township people, it could still dispose of them by selling to villagers.

BACHERT said he "was willing to have the township go into the sewer business," but he saw no reason for purchasing more than they would be able to sell.

FIRST BABY, 1962, in the Northville-Novi area was born at 12:38 a.m. January 3 to Mr. and Mrs. William Berger of 4039 Grand River in Novi. She's Kimberly Ann, a seven pound, 11 ounce girl born at St. Mary hospital.

Kimberly Ann Berger Wins First Baby Crown

Kimberly Ann Berger, daughter of Mr. and Mrs. William Berger of 4039 Grand River in Novi, is "First Baby 1962" for the Northville-Novi area.

As "first babies" go, Kimberly Ann was a late arrival. She was born at 12:38 a.m. January 3 at St. Mary hospital in Livonia. But her parents—experiencing a "first" themselves—didn't expect her until mid-January.

Kimberly Ann, who weighed in at seven pounds, 11 ounces, became the fourth "First Baby" in the area since 1957. She was born to a family of four children, including three other girls.

Kimberly Ann was born at 12:38 a.m. January 3 at St. Mary hospital in Livonia. But her parents—experiencing a "first" themselves—didn't expect her until mid-January.

Here's the list of prizes that went to "First Baby": a blanket from Brader's; a choice of books from The Little People Oakwood hospital in Dearborn; Shoppe; 24 cans of baby food from E.M.B. Market; a bottle of baby oil from Novi Recreation Strach of 418 East Main all Drug; a two-piece stainless steel, Northville, Livonia Jewellers; baby toiletries from Northville Drug company.

Although the Berbers live in half gallons of milk from Clover, Novi, mother and daughter are staying in Wixom for a few days at D & C Store; and a bouquet of flowers for mother Bert Deeney, 3333 Theodore, from Jones Floral.

The race for honors this year was close.

Two other January 3 births were reported—both just a few hours later than the Berbers.

Born at William Beaumont hospital at 5:50 a.m. January 3 was Elizabeth Tamara Ann Macdonald of 4340 Cottisford, who was born at 3:38 a.m. January 2, 1961.

Man Dies As Car Slides, Causing 12-Mile Collision

Dead despite nearly three hours of emergency treatment was a Keego Harbor man whose car slid into the path of another on 12 Mile road near Dixon road Friday night.

Slippery roads caused by freezing rains resulted in the death of a Keego Harbor man whose car slid into the path of another on 12 Mile road near Dixon road Friday night.

Witnesses to the accident told Novi Patrolman Richard Faulkner and Sergeant Vern Loeffler that Robinson's west-bound car skidded on icy pavement and began sliding sideways down the highway with its front end across the center line.

About 200 feet from Dixon road, they said, the cars collided with the left front of the Detkowski car hitting the passenger side of Robinson's car. The headlights blinded witnesses, the police said, but it appears that Robinson was hurt through his windshield and between the two cars.

The three Madison Heights men told police they had just left work at the Wixom Lincoln plant after the 11:30 p.m. shift change. Detkowski and Ball, 35, of Madison Heights, were chest injuries and cuts and bruises about the upper portion of their bodies. Loeffler said both are being treated at Pentac General hospital.

THREE BIG FACTORS YOU SHOULD CONSIDER WHEN YOU NEED JOB PRINTING...

- 1. PLANNING -**
Whatever your printing need, we are able to carefully plan and create the style of letterhead, business card, form, brochure or booklet that will do the most efficient job for you.
- 2. SERVICE -**
Our job printing orders receive the utmost in "speedy" service. If the occasion arises that you should need printing in an extreme rush... speed becomes even greater. Rest assured that quality is never sacrificed.
- 3. QUALITY -**
Our expert printers take great pride in their work. Job printing in our plant receives the careful attention of trained printers using modern equipment. This combination results in a better job for you—and a satisfied customer for us.

All three of these factors should be considered when you need job printing! Surprisingly... they cost no more. Why not call us the next time you need job printing and wish to get three extra services? Yes... we will be most happy to pick-up and deliver.

In Reed City Cansfield-Remenap Vows Read

St. Paul's Lutheran church in Reed City, was the setting for the December 27 marriage of Kay Francis Remenap, daughter of Mr. and Mrs. Howard E. Remenap, of Reed City, and William B. Cansfield, son of Mrs. William H. Cansfield, of West Dundee street, and the late Mr. Cansfield.

Mr. and Mrs. William B. Cansfield.

Questions regarding entrance requirements, expenses, school opportunities, curriculum and transportation will be answered by alumnae at individual tables during tea. Invitations to high school principals and counselors have been extended by Mrs. W. P. Harris, chairman of the day. All interested girls in the greater Detroit area and their parents are also invited.

Attending the former Miss Remenap were her three sisters, Mrs. William Borstler, mother of honor, and the Misses Mary Lou and Beth Remenap, bridesmaids. They were identified to the altar.

Junior Hi Cagers Have Good Start

Northville's seventh and eighth grade basketball teams have won five of their first six games, says Coach Bob Brown. The seventh graders have far outdistanced their opponents. At best, he said, having won all three of their games, while the eighth graders lost one.

The seventh graders first opened Brighton 18-15. Then they edged out Nankin Mills 28-21, and last week they blanketed West Bloomfield with a 17-15 win.

The eighth graders lost their opener to Brighton, 26-17. But they bounced back to give Nankin Mills an astonishing 23-8 drubbing. Last week they tallied it even closer than the seventh graders when they dominated West Bloomfield 13-12.

Their schedule for the rest of the year is:

Jan. 12 at Milford
Jan. 24 Milford here
Feb. 2 at Dublin
Feb. 6 Nankin Mills here

Cager of the Week

DAN BROWN, last week's high scorer for the Northville Mustangs, takes one of his favorite hook shots. The tall (6'7") senior plays center for the Mustangs and has been the team's leading scorer this season averaging better than 15 points a game. Danny, who has also been a stand-out end on the football squad, is the son of Dr. and Mrs. Philip Brown, 3846 Hazycrest court. He is a member of the National Honor Society and has a little better than a "B" average.

Pucksters Win First

The Ely Oil Kings, Northville's entry in the Garden City adult men's hockey league, won their first game Tuesday night when they defeated the Bel-Temps of Garden City 4-3.

Art Carlson led scoring with two goals and just missed a shot at a three-goal "hat trick" when he drew the goalie off with a fake and had an open net.

The win was most gratifying to the Oilers' new coach, Joe Girardin, a former Northville resident who recently moved to Plymouth.

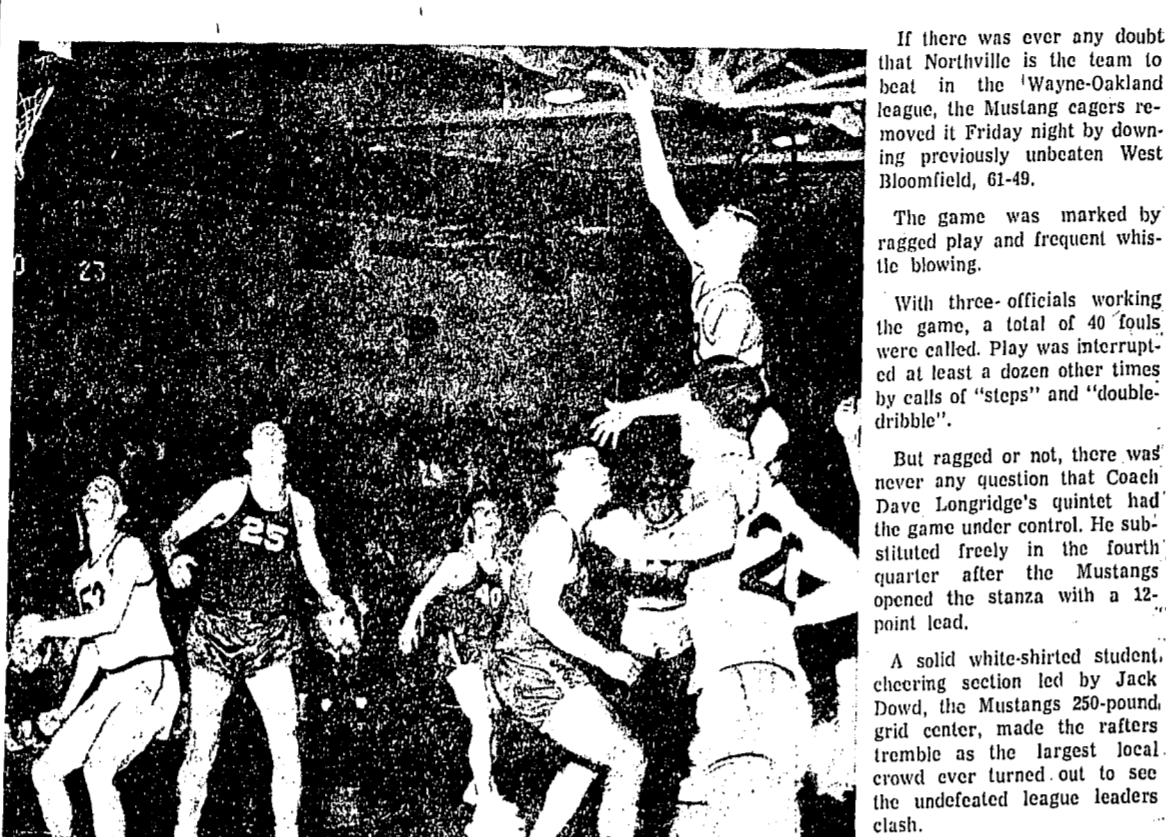

Girardin, who last week took over the reins from the two player-coaches Pete Gross and William St. Lawrence, said the team had improved a great deal over former games. Their main improvement, he said, was more teamwork.

The Oilers lost their first three games, but Girardin pointed out that they had not played together before as had the other teams in the league. Now that they're gaining experience, he said, they've a much better chance of climbing nearer the top of the league.

They lost their third game when they met Plymouth last Thursday, ending with a 6-0 score. Their next game will be January 18 at the league's arena at Wadsworth and Cherry Hill roads.

The Oilers tied the local club for last place with the Bel-Temps. Garden City leads the league with 10 points, while Plymouth now controls second place with 21.

Mustangs Roll Past Lakers to W-O Lead

LOOKING LIKE A GIANT, Northville center Dan Brown literally towers over teammates and opponents alike as he takes one of the shots that helped him lead his team to a 61-47 win over previously undefeated West Bloomfield.

Matmen Pin Win On Willow Run

Willow Run wrestlers became opponents to get the advantage twice last Thursday evening when the Mustangs pinned them. Kreiner added that one loss with a 20-15 loss. The local grapplers opened their season last November by defeating the Mustangs. Coach Jack Kreiner said he was happy with the win, and pointed out that four of the Northville representatives were on the reserve list, while a fifth, John Pemberton, was wrestling in a much heavier weight class than normal. "But we still shouldn't have lost any of the matches," he declared. "The boys who were pinned simply made a mistake or two, and allowed their opponents to get the advantage."

January 22 is the closing date for obtaining petitions and having them notarized for nomination for mayor or members of the council for the primary election which will be held February 20, 1962. Closing date for having petitions in the city hall is January 22. It is hoped that a number of citizens will show their interest in city government by filing for city offices. Petition blanks are available at city hall.

Sunshine Social Service group will hold a meeting Wednesday, January 17 at the home of Mrs. Delbert Geyer at 2 p.m.

Mr. and Mrs. John Docksey of Pontiac trail are the proud parents of a daughter born January 6 at St. Mary hospital, Livonia. The Dockseys have two other girls and one boy.

Mrs. Mac Decker has been confined to her home with the flu.

Loon Lake bowling league braved the ice and snow Saturday evening and bowled at Milford Lanes.

Mr. and Mrs. Cyril Abbott visited Rose City last week to be with Mrs. Abbott, Sr., who has been ill.

Hickory Hills Knitting club had their first 1962 meeting at the home of Mrs. Robert Vollmer Tuesday, January 9.

Mr. and Mrs. Lowell Travis and son, Brian, of Greendale, Wisconsin spent the Christmas holiday with Mrs. Travis' parents, the Lee Harrisons of Pontiac trail.

Mr. and Mrs. Herbert Abbott attended an open house at New Hudson hall honoring Mary Shear, who is retiring from the New Hudson post office.

Thursday evening, January 11 the Rosary Altar Society of St. William's church will hold its monthly and annual meeting with election of officers. Refreshments will be served and Father Raymond Jones will preside over the service.

It was at the free throw line that Northville made its best showing. They dropped 33 of their 44 charity attempts, while West Bloomfield could hit on only 11 of 23.

Center Dan Brown led all scorers with 15 points — seven of them free throws. Tom Swain also collected seven free throws for a total of 11 points, while Guards Craig Bell and Steve Judy hit for 10 points each.

Dave Heinrich led the Lakers with 11 points.

It was evident that neither coach was satisfied with the performance of their teams — and both had occasion to raise their voices in protest to the officiating.

Coach Longridge blamed the vacation lay-off and the tension created by the cheering crowd for the Mustang errors. "Our boys were too tight at the start of the game. They smoothed out some but never reached the peak of previous performances," Longridge stated.

One bright spot that brought special praise from Longridge was the play of Bill Challas. The junior forward entered the game in the final quarter and picked up six points in addition to rebounding well around the boards.

Friday night the Mustangs take their 5-0 league record to Holly, which stands at 2 won and 3 lost in league play. Holly dropped one-point decision to Clarkston and West Bloomfield and lost to Clareville. They defeated Milford and Brighton.

West Bloomfield's reserves took the measure of the Northville Colts in the opener Friday night, 49-41. Driscoll and Biery led the Northville scorers with 14 and 12 points, respectively. Aumaugher poured in 20 points for the winners.

LET'S TALK CARS...

Case Of The Experienced Shopper

Car buyers who insist on buying on price alone are running the risk of coming out second best in a battle of wits with a sharp dealer.

How this can happen, even to a buyer who has some experience with the "tricks of the trade" in price shopping, was illustrated once again recently in a case involving a traveling salesman.

When this particular buyer received an allowance quote on his used car some \$200 higher than competing dealers he was naturally pleased, though he suspected the figure might be a "highball." That's a fake high price allowance for his used car, offered in the hope of luring the shopper back to the dealer's premises after he has finished his shopping tour.

Cautiously, he had the salesman put the offer in writing.

He returned to the dealer some days later to pick up his new car after his price comparison tour convinced him that he was indeed getting a \$200 "bargain." It turned out the salesman had made a "mistake." The dealer couldn't possibly offer him that much, and, in any case, the offer hadn't been signed by the proper authority, they were sorry to say.

Meanwhile, our buyer had told his wife, friends and business associates how he had "saved" \$200 by over smart bargaining. Caught in the embarrassment of his own story, he bought the car at a price somewhat higher than a respectable dealer had offered him, rather than confess he had been outsmarted.

Overweight? Slim Down, Live Longer

Overweight is one of the health problems of many Americans. If you are one who is overweight, Dr. Joseph G. Molner, County health commissioner, suggests that you do something about it beginning with this new year.

In 1961 diseases of the heart and other parts of the circulatory system were responsible for approximately one-half of all deaths in Detroit according to the preliminary figures. In addition to these, other diseases which are aggravated by overweight include diabetes and high blood pressure.

1. Avoid the heavy meats and fats. 2. Eat more fruits and vegetables. 3. Omit adding sugar to your fruit or fruit juice. 4. Omit salad dressing or mayonnaise from sandwiches.

SNOW FLIES as a skier begins a turn at the start of Summit ski club's northern slope. The woods run in on the opposite side of Summit's 1,400-foot-long basin, the longest ski slope in southeastern Michigan.

A DOUBLE CHAIR LIFT at Mount Holly provides easy transport to the top of this ski area's largest slope. Holly has the only such lift in southeastern Michigan and boasts the most snow-making machinery in the middle west.

Area Ski Facilities Offer Near-by Fun

In the past few years, skiing has become one of America's most popular family sports. No longer is it necessary to spend a great deal of money traveling to far-away places in order to enjoy this winter sport.

Michigan boasts no fewer than 84 winter sports areas. Alpline also boasts four trails and many local residents are familiar with such popular resorts as Caberlet, Cadillac, Boyne Mountain, near Boyne Falls, Nib's Noh, near Harbor Springs, and the several resorts in the Gaylord-Grayling area.

Southeastern Michigan boasts a number of ski facilities, and several are within an hour's drive of this area. The closest of these, and the newest, is Alpline Valley, located off M-59, just four miles east of Millford road.

Alpline Valley, near its second year of operation, has nearly doubled its slope area since last year, says co-owner Joe Koulik. The addition of two new slopes has brought Alpline's total to seven, the longest of which is 1,300 feet.

Mount Holly also offers a complete ski school, rental equipment, and a new Swiss chalet and snack bar. Grampian Mountain, two miles east of Oxford, off M-24 on Lakeville road, offers a 30-meter jump for skiers who seek high adventure. It also has five slopes with a pomalift and eight rope tows.

TYPICAL FAMILY skiers are the Frank Angles, 501 North Rogers. They became interested in the sport four years ago and now are avid enthusiasts. In this area the Angles usually ski at Summit, but they prefer Caberlet at Cadillac where they have season tickets. They ski at least every other week end. Mr. and Mrs. Angles are looking forward to a special treat on February 18. They'll board a plane with a group of fellow skiers and spend 21 days at St. Anton, Austria in the Perlon Alpe. Pleared they'd dressed for action are: Frank and Joan Angles and their children, Chris, Beth, Jill and Wick.

Summit has night skiing, and is open from 10 a.m. to 11 p.m. except Monday during the day. It offers an American ski school, and has rental equipment and a snack bar. Mount Holly, located on the north side of the state, is also the largest snow making equipment in the middle west.

Six slopes, a brand new 7-bar lift and eight rope tows can provide skiing for as many as 1,500 skiers at Mount Holly, which is on US-10, just 12 miles north of the intersection of US-24. Mount Holly also offers a complete ski school, rental equipment, and a new Swiss chalet and snack bar. Grampian Mountain, two miles east of Oxford, off M-24 on Lakeville road, offers a 30-meter jump for skiers who seek high adventure. It also has five slopes with a pomalift and eight rope tows.

Dr. Mudd Replies

Consider Wife's Wish On Florida Move

Dear Dr. Mudd: I have worked at the same job and even went down to plant for 37 years and last Sep. bought a lot there. But now I was retired. I had/wife doesn't want to go.

All these years she said she'd go but now she doesn't want to go. I don't have too much money, but I have enough to get along these okay. My wife is the stubborn type, but before I could always talk her out of it. Now it seems it's no use - she just wants to stay up here in our own house and not go out for anything.

Dear L.C.S.: On first reading all of my sympathies were with you. This is only natural since you write to me not as a disinterested observer of some unfortunate occasion, but rather as one with a vested interest who wishes me to take sides with him.

On second reading, I'm amazed at the uniformity of your concern only with yourself and your feelings. Presumably you have taken no interest in which you write of her as being a "type". Of course this may be no more than literary consideration. Your wife may have more wisdom in her wish to live up here than you realize. To move at such a late time of life to a location of unknown difficulties and uncertainties is an undertaking not to be taken lightly.

In my experience, older people usually need families, places, and faces which are friendly and well known. This is particularly true if any degree of senility has set in so that the mind is not as sharp as alert as it once was. Old folks removed from an environment to which they have become accustomed over a period of years often the like fish out of water and sometimes almost "quickly".

You would be wise to heed your wife's views. Perhaps you could take her into a vacation in Florida rather than making a permanent move. This should please you and hopefully she would enjoy it too.

As for your comment that "now is the time to live", I'm afraid you're a little late, but perhaps others can learn from your experience to do differently for themselves than they presently plan.

Sender Mudd, M.D. "Dr. Mudd Replies" is written by a psychiatrist and is presented as a public service to the readers of this newspaper. The author remains anonymous in keeping with traditional medical ethics. All letters addressed to "Dr. Mudd" are delivered to him unopened for reply.

AMENDMENT TO PRIVATE RESIDENTIAL SWIMMING POOL ORDINANCE NO. 11
 An ordinance in the interest of public health, welfare and safety for the purpose of establishing standards governing the construction, installation, alteration, maintenance, operation and use of private residential swimming pools; providing for a method of administration and enforcement of its provisions and prescribing penalties for the violation thereof.
THE TOWNSHIP OF NORTHVILLE ORDINANCES PART I
 That the Private Residential Swimming Pool Ordinance of the Township of Northville is hereby amended by amending subsection (a) of Section 2.2 of Article II, to read as follows:
 Section 2.2.
 (a) A certificate of approval as provided in Section 5.1 of Article V hereof.
PART II
 VALIDITY. Should any section, clause or provision of this Ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof other than the part so declared to be invalid.
PART III
 CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of Ordinance in conflict herewith are hereby repealed.
PART IV
 EFFECTIVE DATE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public health, peace and safety and are hereby ordered to take effect thirty (30) days after the final enactment and publication.
 NORTHVILLE TOWNSHIP BOARD
 George L. Clark, Supervisor
 Marguerite Northup, Clerk
 I, Marguerite Northup, Clerk of the Township of Northville, do hereby certify that the above Ordinance was approved and adopted by the Northville Township Board at a regular meeting thereof duly called and held on the second day of January A.D. 1962 and was ordered to be given publication in the manner prescribed by law.
 Marguerite Northup, Clerk

School Bells Call Adults

BIG CUT — Dr. Georgine Moerk of Maybury sanatorium uses a hand saw in the high school wood shop to cut out window braces for a friend whose old home has rickety windows that do not stay up.

Adult education programs are booming all over the country, and Northville has been following suit. The school's adult program, now in its second year, will be starting an evening course next Tuesday evening. Registration is now open for the new session, said William Hensch, who directs the adult program. He said students may register either at the high school office during the day, or at the first session next Tuesday evening. Last semester, he said, there were about 60 adults participating in four courses. These were art (jewelry, making and pottery), shop (woodworking), sewing and typing. Advance registrations, he said, indicate that there will definitely be art and shop courses this next semester. He added that sewing and typing would be offered if enough interest is shown, but so far these two courses don't look too promising.

MESS'N' AROUND — Mrs. James Ripper concentrates as she "works-up" a pot during an adult education art class session at the high school. Adult students learn the "tricks of the trade" in pottery work and jewelry making in the art course. Another 12-week semester of Tuesday evening classes begins next week for interested adults.

Adult education programs are booming all over the country, and Northville has been following suit. The school's adult program, now in its second year, will be starting an evening course next Tuesday evening. Registration is now open for the new session, said William Hensch, who directs the adult program. He said students may register either at the high school office during the day, or at the first session next Tuesday evening. Advance registrations, he said, indicate that there will definitely be art and shop courses this next semester. He added that sewing and typing would be offered if enough interest is shown, but so far these two courses don't look too promising.

STICKY BUSINESS — That's one of the things you get into as a student in an adult education woodworking shop class. Here, Miss Harriet Gilbert, L.A. and Miss Ida Bickert are aided by wood shop instructor Arnold Anderson as they block up the legs and supports of a cabinet for glueing. Anderson, who also teaches mechanical drawing at the high school, instructs the adults in the proper use of materials and machinery in the wood shop. Registration is now open at the high school office for next semester's 12-week course, which begins Tuesday night. Interested adults may also register at the first class.

Still in Business
 The Waid Drilling Company, well known in this area for 27 years and now located at 4627 Goddard road, is continuing operations following the death of owner Charles A. Waid with the same personnel.
 Mrs. Waid stated that she would manage the company with her son, Norman (Joel). Mr. Waid died January 2 at the age of 57.
NO. 1 OF A SERIES
TAKE A BREAK... I HAVE TO GO "FISHING"!
 This well driller is going fishing, but not for fun! To the man who drill gas wells, fishing is not a pleasant pastime — it's a painstaking, tedious job. It means that the well driller has to take his large, heavy, cumbersome tackle (hooks and line) and fish out drilling tools that have become stuck or broken off deep in the earth. Consumers Power Company, too, has an important and expensive task — that of providing its customers with a dependable supply of natural gas during the cold winter months. To assure a sufficient reserve supply, it has underground storage fields near Marion, Michigan and elsewhere. Natural gas is put back in the earth under a pressure of hundreds of pounds per square inch and withdrawn as needed when gas consumption is highest.

THE NORTHVILLE RECORD
 101 NORTH CENTER STREET

These Items Made Area News Years Ago

ONE YEAR AGO
 January 12, 1961
 — Northville city and township officials are awaiting revision to Wayne county contracts that call for an agreement between the county and 14 communities for financing construction of an \$18 million sanitary sewer. The contract, if approved by the 14 western Wayne communities, would be a \$1,000,000 220-bed hospital building, which will be completed soon after the 220-bed hospital building is started in October.
 — Tamara Ann Macdonald is the area's first baby for 1961. The tiny three-pound, 15-ounce lass was born early January 2 to Mr. and Mrs. Ian Macdonald of 4340 Cottford road in Brooklynn Farms.
 — Attorneys for Northville and Novi presented their oral arguments before the State Supreme court Tuesday in a case brought by the village in protest of the annexation of 12 acres by the city of Northville. A decision is not expected until next April.
 — The Novi village council and the planning commission voted at a joint public hearing Monday night to approve rezoning of the proposed Meadowbrook Lake subdivision property from agricultural to R-1-S. The 1954 record.
 — Wixom city officials rejected this week that they had turned down a proposal from the state highway department that a 70-acre parcel of property in the city be given to the city for a township park. The spot-owned land is located on the north side of the 190

FIFTEEN YEARS AGO
 January 10, 1947
 — The Northville school board spent several hours Monday evening discussing solutions to a prospective increasing enrollment extending for four or five years in the elementary grades. With heavy enrollments in kindergarten and first grades and with a school census projection of increased enrollments for the next several years, the board is faced with the problem of providing additional rooms and teachers.
 — A microwave relay system for beaming long distance telephone calls across the country by high frequency radio was explained to local Rotarians by Dana Rose, of Michigan Bell Telephone company. Tests said experiments are now being conducted to use the system to supplement present cable and wire systems.
 — Great interest by Northville citizens, especially in girls' basketball and bowling, and in leathercraft, is reflected in a recent Recreation committee report. The report said a total of 729 persons are participating in the 37 activities sessions the group has sponsored this winter.
 — A repeat diphtheria increase in this area, says Mary Woodren is being planned for Tuesday night. The second in the diphtheria series of injections will be given at the village hall.
 — Homemaking will take the spotlight when the 1947 Rural Progress Caravan is shown in Brook Lake subdivision property. The total number of this area, says Mary Woodren, home extension agent. She said the date of the local showing, which will feature displays in every phase of homemaking, will be announced later in the week.
 — In one of the season's best plays in every phase of homemaking, will be announced later in the week.
 — In one of the season's best plays in every phase of homemaking, will be announced later in the week.

rocks Tuesday evening. A full-house crowd watched the local club put on a last-quarter spurt that enabled them to come from behind for the win.
TWENTY-FIVE YEARS AGO
 January 8, 1937
 — The village council has rejected a proposal of reservoir contractor H. B. Culbertson to construct the inside of the village reservoir with an ironized planter. Village commissioners said the original contract for reinforcing the structure, and decided they wouldn't accept the alternate plan.
 — Northville schools have been placed on the University of Michigan's list of accredited schools. Superintendent Russell American was informed this week. The acceptance of the local high school for a two-year period followed an inspection conducted by outsiders. There were no witnesses.
 — Forty-seven radios, solicited by "Radio Jake" in the recent Detroit News Give-a-Radio campaign, have found their way to the bedsides of Maybury sanatorium patients.
 — A player piano is supplying music for roller skaters in the Methodist church house. The local youths, although some persons said it must have been done by outsiders. There were no witnesses.

So much car for so little money deserves a medal... (and that's just what it got!)

CHEVY II WINS AWARD FOR ENGINEERING EXCELLENCE!!!

The men who know cars best put Chevy II to the test. And, after they had compared it with the rest of the '62 crop, the editors of Car Life magazine picked Chevy II for their coveted Engineering Excellence Award. Why? Here are some of the reasons in the editors' own words: "The Chevy II, in either 4- or 6-cylinder form, represents an important development in the American automotive field. The car is maximum transportation at minimum cost... And throughout the editors' reports on the engineering and road testing you'll find accolades like "easy maintenance"... "long wearing ruggedness"... "simple elegance"... "reasonable size"... "delightful car to drive". Get the full story in the February issue of Car Life. Better yet, see your Chevrolet dealer. See for yourself why luxury and low price have never been more beautifully blended!
